RAILROAD - PUBLIC UTILITY - INDUSTRIAL - INSURANCE - MISCELLANEOUS

Adam Consolidated Industries, Inc.—Hat Store Division to Be Operated by Management Firm—

This corporation has contracted with a management company to operate their Adam Hat Store division and undertake the entire financial, inventory and operational responsibility for the Adam Hat Store division on a perpetual basis, Harold Leitman, President, announced on Aug. 28.

"Under the arrangements," Mr. Leitman said, "Adam is guaranteed a profit in pepetuity by the newly formed Adam Management Corporation. It will enable Adam Consolidated to concentrate further on its diversification program which it has undertaken during the last two years. The arrangement will provide Adam with a source of continuing and perpetual guaranteed income while at the same time increasing its working capital and cash position, since it will no longer have to maintain large inventory positions in hat merchandise.

This is the third major development by Adam Consolidated Industries since Mr. Leitman assumed control in 1955, to re-vitalize the old Adam Hat Company and to improve its entire sales and merchandising structure. Other moves were the sale of the wholesale division and franchising of all Adam Hat stores.

"This move," Mr. Leitman explained, "will permit us to intensify our activities in our Inso division, which manufactures 'Fused-Film' wire, our exclusive process for insulating wire with teflon to give it insulation propertics never before possible. Based on tests and surveys, we anticipate Fused-Film wire will become an increasingly important part of the Adam Consolidated operations."

Mr. Leitman also pointed out that the company's Gemex subsidiary, a leading manufacturer of watch bands, has been constantly expanding and, under its new marketing plans, will make continued demands on the company's executives and resources. Removal of the hat store division will also permit greater concentration in this division.

The new management company will be headed by Joseph Kanner, who has been in the hat business for 35 years and also owns and operates the Joseph Kanner Hat Co., Inc., of South Norwalk, Conn., a hat manufacturer.—V. 185, p. 2321.

Affiliated Fund, Inc.—Asset Value Up 5%—

This company reports an increase of 29 cents, or about 5%, in the per share value of its capital stock for the first three quarters of its current fiscal year.

Net assets on July 31, 1957 were $374,272,904, equivalent to $5.98 a share. This per-share value, together with the 26-cent capital gain distribution paid in December 1956, is equivalent to $6.24, as compared with $5.95 on Oct. 31, 1956, end of the last fiscal year.—V. 185, p. 2553.

Ainsworth Manufacturing Corp.—May Be Acquired—

See Harsco Corp. below.—V. 179, p. 389.

Aircraft Radio Corp., Boonton, N. J.—To Sell Notes—

The stockholders in August approved the sale of $1,600,000 long-term notes to the Prudential Insurance Co. of America. The notes which will be used to refund short-term obligations, will carry 10,000 warrants to purchase the company's common stock at $3 per share above the market price as of Sept. 3, official date of issuance of the new notes. The notes mature in 1972, and repayment begins in 1962.—V. 185, p. 1629.

Akron, Canton & Youngstown RR.—June Earnings—

—V. 186, p. 209.

Alberta & Southern Gas Co., Ltd.—Organized—

Jack K. Horton, Vice-President of Pacific Gas & Electric Co., has been elected President and Chief Executive Officer of Alberta & Southern Gas Co., Ltd., a newly-organized company which will purchase surplus Canadian natural gas for the California market.

Formation of the company and election of its officers were announced on Aug. 27 as the first major step in recently announced plans for a $330,000,000 transmission project to augment California's gas supplies with Canadian gas, beginning in 1960.

Six Americans and seven Canadians were named to the board of directors of Alberta & Southern Gas Co. In addition to Mr. Horton they are: James B. Black, Chairman of the Board of PG&E who was named Chairman of the Board of the new company; S. M. Blair, of Toronto, President of Canadian Bechtel who was named Vice-Chairman; N. R. Sutherland, President and General Manager of PG&E; R. H. Gerdes, J. S. Moulton and P. E. Beckman, all PG&E Vice-Presidents; Ross MacKimmie, J. E. A. MacLeod, C. O. Nickle and R. L. Winton, all of Calgary, and H. R. Milner and D. K. Yorath, both of Edmonton.

The new company has established offices in the Natural Gas Building in Calgary, Alberta.

Alberta and Southern representatives are now engaged in negotiating contracts with gas producers in the Canadian fields. The proposed pipeline initially will deliver 400-million cubic feet of gas daily to the San Francisco Bay Area.

Construction will be started as soon as formal government clearances are obtained in Alberta, Ottawa and the United States.

Covering a 1300-mile distance, the line will originate in the Alberta foothills and follow a route west of Calgary spanning the Canadian Rockies and will traverse portions of Idaho, Washington, Oregon and Northern California, terminating at an existing PG&E station at Antioch.

Allegheny Ludlum Steel Corp.—Earnings Off—

Period End. June 30—	1957—3 Mos.	1956	1957—6 Mos.	1956
	$	$	$	$
Sales and revenues	72,415,439	79,012,940	153,710,065	153,787,605

Earnings per com. share	$0.77	$1.21	$2.01	$2.44

Sales and earnings for the second quarter of 1957 were below the levels of second-quarter 1956, but by early fall the company expects a decided improvement in its operations.—V. 186, p. 417.

Allied Paper Corp.—Makes Exchange Offer—

The corporation on Aug. 8 offered 21,000 shares of its common stock (par $8) in exchange for the outstanding shares of $5 par common stock of Allied-Albany Paper Corp. on the basis of one share of Allied stock for each 4²⁵/₃₅ shares of Allied-Albany stock. The exchange offer will expire on Sept. 6. Continental Illinois Bank & Trsut Co., 231 So. La Salle Street, Chicago 90, Ill., is exchange agent.

BUSINESS — Allied Paper Corp., formerly named Thor Corp., was incorporated in Illinois in 1506. Its principal executive offices are located at Prudential Plaza, Chicago 1, Ill.

Until 1955, Allied had been engaged principally in the manufacture of washing machines and other home laundry equipment under the trade name "Thor." However, new management elected early in 1955 decided it was not practicable for Allied to remain in this business and instituted a program involving the disposal of assets relating to the manufacture of home appliances and acquisition of other businesses.

Allied is now engaged principally in the manufacture of coated and uncoated book and specialty papers and a subsidiary, Allied-Albany Paper Corp., control of which was acquired on Jan. 15, 1957, is expected to commence commercial production of newsprint and lightweight groundwood catalogue and rotogravure paper within the next 60 days. The paper business accounted for 82% of the consolidated net sales of Allied for the year ended Dec. 31, 1956.

In addition to its paper business, Allied has four operating subsidiaries which are engaged in the manufacture of Christmas tree ornaments and electronic relays, solenoids and related products.

CAPITALIZATION GIVING EFFECT TO EXCHANGE OFFER

	Authorized	Outstanding
*5% note payable to bank, maturing June 30, 1962	$4,000,000	$4,000,000

Allied-Albany (subsidiary of Allied):		
First mortgage and collateral trust 20-year 5% sinking fund bonds, due April 1, 1966	1,800,000	1,158,250
4-4½% notes payable to bank, due to 1959	400,000	287,500
Cumulative preferred stock (par $50)	100,000 shs.	None
Common stock (par $8)	‡4,500,000 shs.	1,031,697 shs.

*In addition to the fixed annual payments, the loan agreement provides for annual contingent payments in amounts equal to the lesser of 50% of net profits in excess of $2,000,000 annually or $400,000.

‡Including 62,500 shares reserved for issuance under Allied's stock option plan.

Subsidiary Acquires Deltronic Corp.—

Phillips Control Corp., a subsidiary of Allied Paper Corp., on Aug. 19 announced it has entered the sub-miniature electrical relay field by purchasing the assets and business of Deltronic Corp., a subsidiary of Signal Oil & Gas Co. Sub-miniature relays are used in military production. Phillips now manufactures a full line of relays and solenoids for commercial use, including power, telephone and vending machine type relays.

The Deltronic sub-miniature relay, in development for three years, is fully covered by patents, according to Phillips' President, John W. Ayers. He said that the design, which is unique, has been approved for use in all military aircraft.

Phillips will continue to operate at the Deltronic plant in Los Angeles, Calif., according to Mr. Ayers, but larger production facilities for the new relay will also be established at the Phillips plant in Joliet, Ill.—V. 186, p. 725.

American Liberty Oil Co. was acquired as of Feb. 1, 1957. The results of operations of this wholly-owned subsidiary from Feb. 1 to June 30, 1957 are included in these consolidated statements. American Liberty Oil Co. was merged into American Petrofina, Inc. on June 30, 1957.—V. 185, p. 2442.

American President Lines, Ltd.—Revises Ship Building Plans—

Construction of two more fast new freight ships for this company's Round-World service will be undertaken at once as the result of current world trade developments, George Killion, President, announced on Aug. 28.

Bids for construction of the two ships will be invited not later than Sept. 30, and the two vessels will be under construction contracts not later than Dec. 31 of this year.

The need for a strong American freight service to and from the strategic areas on the APL round-world line has made it necessary to move rapidly to complete the fleet of fast freighters as soon as possible. As a result, the two combination type vessels designed to carry 120 passengers, which had earlier been planned for this service, have now been delayed for later construction. Final decision on these two combination vessels will be made in June, 1959, Mr. Killion said.

The company is also proceeding with the design and plans for a super passenger liner for the California to the Orient trade as part of its $325,000,000 construction program. This vessel has been scheduled by the Federal Government for construction in 1958.

The two new cargo liners on which bids will be invited this month (September) will be of an improved Mariner type and will cost about $14,000,000.

When the new cargo liners enter service the first about January, 1960, the second four months later—they will provide APL with Round-the-World fleet of fast, modern cargo ships.—V. 185, p. 1633.

American Stores Co.—Sales Show Gain—

†Earnings per share of common stock	Nil	$1.42

*Net income. †After deducting dividends on preferred stock (based on 411,935 shares outstanding June 30, 1957).

Net profit after taxes for the second quarter of 1957 totalled $27,732 on sales of $3,900,430. This compares with a loss of $90,895 (after giving effect to the tax loss carry-back) on sales of $3,747,777 in the first quarter.

The company's preparations continue for the consolidation of American Window Glass and Blue Ridge Glass Corp. under the agreement with Saint-Gobain of Paris, France. Pending governmental approval, we are continuing work on the engineering design and on the plant location survey for the new modern plate glass manufacturing facility that will be built by the new company.—V. 185, p. 1382.

Dividends paid	2,893,181	2,889,730
Earnings per share	$1.18	$1.11

Working capital at June 30, 1957 was $52,340,004 versus $45,813,095 last year, an increase of $6,526,909. Cash, governments, and commercial paper at June 30, 1957 aggregated $25,527,430.

At June 30, there were 17,776 shareholders and employment was 8,897.

Capital expenditures for the six months 1957 were $2,058,000, compared with $1,791,200 expended in the same period last year.—V. 185, p. 2210.

Applied Radiation Corp.—Build'g Electron Accelerator

Large sources of high-energy radiation for commercial processing of foods, chemicals, petroleum and plastics are now available to industry. Already a 20-million-electron-volt traveling-wave linear electron accelerator is being built by Applied Radiation Corporation for the Massachusetts Institute of Technology and Harvard University.

Although this accelerator will be used for research in high-energy physics, similar units are well adapted to commercial radiation processing and can be supplied by Applied Radiation. Penetrating electron and X-ray beams from linear accelerators catalyze chemical reactions, change the characteristics of plastics and preserve food without heat or refrigeration.—V. 186, p. 210.

Arkansas Louisiana Gas Co.—Proposed Purchase—

See Servel, Inc. below.—V. 185, p. 714.

Atchison, Topeka & Santa Fe Ry.—Earnings Off—

—V. 186, p. 109.

Atlantic Refining Co.—Debentures Sold—The offering to the public on Aug. 20 of $100,000,000 of 4½% convertible subordinated debentures, due Aug. 15, 1987, by Smith, Barney & Co. and associates at 100% and accrued interest was quickly oversubscribed. For details, see V. 186, p. 830.

Atlas Corp.—SEC Exempts Sale of Disney Stock—

The Securities and Exchange Commission on Aug. 27 announced the issuance of an exemption order permitting this corporation, to sell 400,000 shares of the common stock of Walt Disney Productions (see that company below) to an underwriting group headed by Goldman, Sachs & Co.; Lehman Brothers, and Kidder, Peabody & Co. These shares are to be offered for public sale at $21.75 per share, with an underwriting commission of $1.65 per share. Because one of Atlas' directors, Sidney J. Weinberg, is a partner of Goldman, Sachs, sale of stock to Goldman, Sachs is prohibited by the Investment Company Act in the absence of an exemption order by the Commission.

Atlas owns 403,153 shares of the common stock of Disney Productions, constituting approximately 27% of the shares outstanding. It also holds purchase warrants entitling it to acquire an additional 153,553 shares at a price of $22 per share at any time on or before Oct. 31, 1957. According to the application, Atlas intends to exercise the purchase warrants prior to the expiration thereof.

Merger of Five Major Uranium Companies Planned—

Plans to merge five major uranium companies to form the largest independent uranium mining company in the United States were disclosed on Aug. 28 by Floyd B. Odlum, President of Atlas Corp. The new company will have combined proven reserves having a value in place of over $100,000,000.

Included in the merger plans are The Hidden Splendor Mining Co., a 100% subsidiary of Atlas, Lisbon Uranium Corp. in which Atlas owns about 73% of the outstanding stock, Rio de Oro Uranium Mines, Inc., in which Atlas holds approximately a 53% interest, Mountain Mesa Uranium Co. and Radorock Resources, Inc.

Agreements on the proposed merger were reached following a series of conferences between Mr. Odlum, A. P. Kibbe, President of Lisbon; W. Rodney DeVilliers, President of Rio de Oro; H. O. English, President of Mountain Mesa and R. W. Neyman, President of Radorock. The merger is subject to approval by the stockholders of the companies involved and is subject to Securities and Exchange Commission requirements.

The surviving company in the merger will be The Hidden Splendor Mining Co. which, as a result of exchanges of stock, will become a publicly owned corporation having more than 23,000 stockholders, with Atlas Corp. owning a majority of the outstanding stock.

Mr. Odlum, President of Atlas, will also be Chairman and Chief Executive Officer of the merged company and A. P. Kibbe of Salt Lake City, now President of Lisbon, will be President. Headquarters of the new company will be in Salt Lake City.

Under the proposed merger plan the new Hidden Splendor Mining Co. will have about 8,000,000 shares of common stock outstanding. Atlas has agreed to take stock in the merged company at $7.5[illegible] per share, in exchange for some $6,000,000 of the $16,000,000 of the present Hidden Splendor notes which it now holds.

The stock of the merged company is to be exchanged for shares held by the present stockholders of the constituent companies on the following basis:

(a) 1 share of new company stock for one share of present Hidden Splendor; (b) 57/100th of a share of new company stock for one share of Lisbon; (c) 1 share of new company stock for 12½ shares of Rio de Oro; (d) 1 share of new company stock for 60 shares of Mountain Mesa; and (e) 1/6th of new company stock for one share of Radorock.

The major ore deposits of the companies parties to the merger will include 12 ore bodies in the Big Indian District of Utah, three ore bodies in the Ambrosia Lake area of New Mexico and an ore body in the Gas Hills area of Wyoming. It will also have a substantial number of other properties many of which are presently under exploration and development.

The merged company will have five operating uranium mines—Hidden Splendor's Almar mine, Lisbon's Ike and Columbia mines, Rio de Oro's Dysart mine and Radorock's Radon mine.

It will have interests in two uranium mills—the Uranium Reduction Co. mill at Moab, Utah and the Homestake-New Mexico Partners mill being constructed near Grants, N. M. Participation is contemplated in two additional mills now being planned, one in the Ambrosia Lake district and the other in the Gas Hills district of Wyoming.

Cash flow of the merged company is expected to approximate $12,000,000 in 1958. Ore production initially will be at the rate of about 35,000 tons per month.

It is expected that the merger will be consummated before the end of the year.

Terms of Interest in Shiprock Firm—

The terms of an agreement, announced earlier, whereby Atlas Corp. will buy about 40% of the stock of Shiprock Industries, Inc., were disclosed in an application under which Atlas was authorized to list 50,625 additional shares of its $1 par common stock on the New York Stock Exchange.

Under the agreement, Atlas is buying 570,000 Shiprock shares from John F. Sullivan for $112,500 cash and 50,625 new Atlas shares. Atlas Corp. said it "may be obligated to pay an additional $57,000 in cash in the event that development work to be performed on certain properties of Shiprock should result in the establishment on such properties of uranium ore body of a specified grade and size."

Shiprock's principal assets, according to the application, are oil and gas interests in New Mexico and Alaska, a uranium mining permit in New Mexico and unpatented uranium claims in Colorado.—V. 186, p. 72[illegible]

Audio Devices, Inc.—Sales and Earnings Rise—

For the six months ended June 30, 1957, the corporation reported net sales of $2,344,832 as compared with $1,818,181 for the same period last year, an overall increase of 29%. Net income, after provision for Federal income taxes was $157,762, as against $103,952 for the 1956 period. Net income was equal to 24 cents per share, an increase of 50% over the 16 cents per share earned in the comparable period of last year.—V. 183, p. 2894.

Automation Shares Inc.—To Sell Its Shares—

This new open-end investment company with an initial capitalization of 300,000 shares of capital stock, $1 par value each, has been organized in Washington, it was disclosed on Aug. 13. Public offering of the Fund's shares will commence immediately.

Dr. Herbert W. Robinson, former assistant to Lord Cherwell, personal scientific and statistical adviser to Prime Minister Churchill, and widely-known international economic authority, has been elected President and a director of Automation Shares, Inc.

Organized to invest its resources in companies participating in the manufacture, rental and installation of automation devices and equipment, the investment policies of the Fund are geared to take advantage of the steadily expanding demand for goods and services.

To aid in its investment analyses, Automation Shares, Inc., has retained as adviser the Council for Economic and Industry Research, Inc., Washington, D. C. The Council is a consulting and research organization specializing in the application of modern economic, mathematical and statistical techniques to government, business and financial problems.

The Riggs National Bank of Washington is custodian of the Fund's assets, while the First Pennsylvania Banking & Trust Co., Philadelphia, Pa., is the transfer agent.

The Fund will maintain headquarters at 734—15th Street, N. W. Washington, D. C.

National distribution of the fund will be directed by Theodore T. Ludlum, Vice-President of Automation Shares Management Corp., of the same address. Mr. Ludlum has long been identified in the mutual fund field here and was formerly head of his own firm specializing in mutual fund sales.

The directors of the new Fund include Arthur E. Burns, Dean of the George Washington University School of Government; John W. Kendrick, Associate Professor of Economics at GWU; Irving G. Rudd, general partner in the investment firm of Rudd, Brod & Co.; Emerson P. Schmidt, director of economic research for the Chamber of Commerce of the United States; James R. Sharp, attorney, and William H. Stead, industrial consultant and former Vice-President of the Federal Reserve Bank of St. Louis.

Other directors are: William W. Eaton, physicist; Dexter M. Keezer, Vice-President of McGraw-Hill Publishing Co.; J. Gordon Lippincott, industrial designer, and Peter V. Roberts, engineering consultant, all of New York City.—V. 185, p. 2094.

Avco Manufacturing Corp.—Shock Tube Research—

A major theoretical breakthrough on the 5000-mile inter-continental ballistic missile program has now been made, it was disclosed on Aug. 28 by the Air Force Ballistic Missile Division (ARDC) and Dr. Lloyd P. Smith, President of the Research and Advanced Development Division of Avco Manufacturing Corp.

Until the Avco Research Laboratory began its shock tube experiments, little was known about the field of super-speeds and super-temperatures. But creation of shock waves in the laboratory, to duplicate "re-entry" effects, has led to the theoretical shortcut that permitted nose cone design to go ahead rapidly before actual flight test information was available.

It was recently disclosed that Avco had been awarded a contract for $111,308,359 for development of the Titan nose cone.—V. 186, p. 110.

Axe-Templeton Growth Fund of Canada, Ltd.—New Name—

See Templeton Growth Fund of Canada, Ltd. below.

Babcock & Wilcox Co.—Receives $2,000,000 Order—

The company on Aug. 22 reported that it has obtained a contract of approximately $2,000,000 from the Defoe Shipbuilding Co. of Bay City, Mich., to furnish eight boilers for two guided missile-carrying U. S. Navy destroyers.

Automatic feedwater and combustion control systems for the destroyer boilers will be supplied by the Bailey Meter Co., a subsidiary.—V. 186, p. 522.

Baltimore & Ohio RR.—June Earnings Declined—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
	$	$	$	$

Net rev. from railway operations	$39,182	$94,827	$2,546,820	$3,136,099
Net ry. oper. income	177,517	262,873	1,740,576	2,200,676

—V. 186, p. 210.

Bankers Fire & Marine Insurance Co. — Statement Withdrawn—

The letter of notification filed with the SEC on April 25, last, covering a proposed offering to stockholders of 19,854 additional shares of common stock (par $5), was withdrawn as of Aug. 15, 1957. See also V. 185, p. 2211.

Barker Bros. Corp.—To Sell Its Stock—

The stockholders on Aug. 22 approved the issuance and sale for cash at $13 per share of: (a) 85,000 shares of presently authorized but unissued common stock of corporation to W. & J. Sloane (a New York corporation) and, (b) 207,690 such shares to Marshall-Wells Co. (a Delaware corporation). See V. 186, p. 314.

Barracuda Tanker Corp.—Notes Placed Privately—

This corporation, it was announced on Aug. 26, has entered into an agreement, negotiated by Dillon, Read & Co. Inc., for the private sale, subject to the terms of the agreement, of a maximum of $51,000,000 of promissory notes, delivery, in varying principal amounts, to be made from time to time prior to Oct. 1, 1960.

Basic Inc.—Another Banner Year Expected—

Howard P. Eells, President, on Aug. 22 announced that with the steadily increasing production anticipated by the steel industry throughout the remaining months of 1957, he expects Basic to have another banner year.

Mr. Eells announced that Basic Inc. spent more than $1,000,000 on plant expansion during the first six months of 1957, including $250,000 on their new plant to produce basic brick linings for the converters which use the new oxygen process for refining steel.

The company established new high records for net earnings and operating revenues for the first half of 1957. Mr. Eells said the net income of $887,754, or $1.10 per common stock share, on sales of $12,341,580, is higher than for any similar period in company history. —V. 186, p. 837.

Bausch & Lomb Optical Co.—Earnings Increased—

Six Months (26 Weeks) Ended—	June 28,'57	June 24,'56
Products sold	$26,944,586	$24,610,668

Shares of common stock outstanding	762,000	800,720
Earnings per share of com. stock outstanding	$0.75	$0.87
Book value per share of common stock outstanding at June 30	$27.00	$25.97

—V. 185, p. 2095.

(A. S.) Beck Shoe Corp. (& Subs.)—July Sales Up—

Period End. July 27—	1957—4 Wks.—1956		1957—30 Wks.—1956	
Sales	$3,382,973	$3,142,793	$32,279,249	$30,733,582

—V. 186, p. 314.

Bellanca Corp.—Stock Further Suspended—

The Securities and Exchange Commission on Aug. 22 announced the issuance of an order pursuant to the Securities Exchange Act of 1934, suspending trading on the American Stock Exchange in the $1 par capital stock of this corporation, for a further 10-day period, Aug. 23 to Sept. 1, 1957, inclusive.—V. 186, p. 726.

Beneficial Standard Life Insurance Co.—Dividend—

The directors on Aug. 22 declared a stock dividend of 2%, payable Oct. 10 and a cash dividend of 10 cents per share, payable Oct. 1. Both dividends will be payable to shareholders of record as of Sept. 13, 1957. Shareholders entitled to fractional shares will be paid in cash. —V. 184, pp. 2222 and 2322.

Bessemer & Lake Erie RR.—Earnings—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
Railway oper. revenue	$3,054,537	$3,044,848	$12,650,469	$13,302,207
Railway oper. expenses	1,596,501	2,009,660	9,274,012	10,889,057
Net rev. from ry. opers.	$1,458,036	$1,035,188	$3,376,457	$2,413,150
Net ry. oper. income	867,609	684,627	2,935,807	2,525,327

—V. 186, p. 2.

Boeing Airplane Co.—Reports Record Sales—Earn. Up

Sales for the six-month period ended June 30, 1957, totaled $651,890,419—highest for any comparable period in the company's history. Net earnings were $16,502,209, a return of 2.53% on sales and equivalent to $2.47 per share. Comparable figures for sales and net earnings in 1956 were $407,344,045 and $14,488,789, respectively.

Sales in the last half of 1957 are expected to be higher than those for the first six months. Earnings for the last half of the year are also expected to be somewhat greater; the increase, however, will not be in direct proportion to the gain in sales volume.

Profit margins have been reduced through increased writeoffs of expense applicable to the commercial program and the realization of gross margins on incentive-type fixed price contracts lower than those experienced in previous years.

Unfilled orders total $2,837,000,000 as of June 30. Of the backlog, 24%, or approximately $691,000,000, represents orders for commercial jet aircraft. These amounts are applicable only to 141 airplanes for which firm orders had been received as of June 30. Letters of intent under Government programs are included in the backlog only to the extent that funds have been allotted as of the end of June.—V. 185, p. 2911.

Bond Stores, Inc.—July Sales Off Slightly—

Period End. July 31—	1957—Month—1956		1957—12 Mos.—1956	
Sales	$4,922,416	$4,930,389	$89,551,433	$87,127,202

—V. 186, p. 314.

Borg-Warner Corp.—Unit Consolidates Operations—

Manufacturing and sales for all Byron Jackson "Standard Line" pumps are now headquartered in Lawrenceburg, Ind., according to an announcement by E. S. Dulin, President of the corporation's Byron Jackson Division. Previously, executive management for these pumps was centered in Los Angeles, Calif., with Lawrenceburg operating as one of several manufacturing plants. Now management, engineering, manufacturing and sales for all BJ deepwell turbine, submersible, irrigation, ditch and other standard water and process pumps will be consolidated in the Byron Jackson Indiana plant.

This remodeled plant is on a 10-acre site and offers more than 175,000 square feet of manufacturing facilities. Approximately 175 employees are employed at present. The plant boasts the newest in foundry facilities and techniques, including a Meehanite license foundry and its own hydraulic testing laboratory.—V. 185, p. 2911.

Boston Edison Co.—Gross Up—Net Off—

Six Months Ended June 30—	1957	1956
Operating revenues	$53,211,974	$51,197,523
Fuel expense (incl. purchased energy)	12,036,453	11,603,516
Other operation and maintenance expense	16,559,034	15,908,544
Depreciation	4,955,400	4,690,200
Taxes	12,654,275	11,796,534
Interest and other deductions	1,775,471	1,879,753
Net income	$5,231,341	$5,318,976
Preferred dividends	381,600	21,250
Balance available for common stock	$4,849,741	$5,297,726

—V. 185, p. 2661.

Boston Fund, Inc.—Asset Value Shows Gain—

This Fund reports total net assets of $149,404,338 at the end of the first six months of its current fiscal year on July 31, 1957, amounting to $16.15 per share. Adjusting for the capital gains distribution of 81 cents per share last Feb. 18, this is equivalent to $16.69 per share as compared with the figure of $15.25 per share on Jan. 31, when net assets were $135,440,283. During the half-year, shares outstanding increased from 8,397,447 to a new quarter-end high of 9,251,501.

The report shows that of the Fund's investments on July 31, bonds and notes represented 19.47%, preferred stocks 15.44% and common stocks 65.09%.—V. 185, p. 2911.

Boston & Maine RR.—June Earnings Lower—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
Railway oper. revenue	$6,743,618	$7,525,280	$43,664,825	$44,679,190
Railway oper. expenses	5,414,397	5,720,200	35,160,643	35,609,775
Net rev. from railway operations	$1,329,221	$1,805,080	$8,504,182	$9,069,415
Net ry. oper. income	431,558	709,846	2,647,866	2,438,264

—V. 186, p. 726.

Brad Foote Gear Works, Inc.—Sales Up 48%—

Net sales for the nine months ended June 30, 1957, increased 48% over the same period last year, it was announced by Gunnar E. Gunderson, President.

According to Mr. Gunderson, net sales of the company and its wholly owned subsidiaries—American Gear & Manufacturing Co., Lemont, Ill., and Pittsburgh Gear Co., Pittsburgh—totaled $7,444,900, as compared with $5,025,600 for the first nine months a year ago.

Mr. Gunderson said that net income for the nine month period totaled $224,200 after taxes, as compared with a net loss of $50,700 for nine months in 1956.

Earnings for the period were equivalent to 26 cents per share on the 849,000 shares of common stock outstanding, as compared with a loss of six cents per share last year.

In reporting on the financial condition of the company, Mr. Gunderson said that working capital rose from $1,465,000 to $1,649,300, an increase of $184,300, and the book value per share of common stock increased from $2.95 to $3.08. He added that the company's net quick assets showed an increase of $984,800.—V. 185, p. 1039.

Butler Bros. (& Subs.)—July Sales Lower—

Period End. July 31—	1957—Month—1956		1957—7 Mos.—1956	
Sales	$11,124,865	$11,381,023	$69,375,796	$66,311,690

—V. 186, p. 110.

California Electric Power Co.—Files Preferred Stock

This company on Aug. 23 filed a registration statement with the SEC covering 140,000 shares of its $50 par cumulative preferred stock, to be offered for public sale through an underwriting group headed by Merrill Lynch, Pierce, Fenner & Beane and Kidder, Peabody & Co. The dividend rate, public offering price, and underwriting terms are to be supplied by amendment.

Net proceeds of the sale of the preferred stock will be used to discharge a portion of the company's short-term bank loans payable to Bank of America National Trust and Savings Association amounting to $8,250,000. The borrowed funds were used for interim financing of property additions and improvements. The company estimates its construction expenditures at $22,600,000 for 1957 and $24,200,000 for 1958.—V. 186, p. 726.

Calumite Corp., New York, N. Y.—Files With SEC—

The corporation on Aug. 19 filed a letter of notification with the SEC covering 125,000 shares of common stock to be offered at par ($1 per share), without underwriting. The proceeds are to be used to pay current liabilities and for working capital.

In addition 175,000 common shares, or 35,000 shares of $5 preferred stock, are to be offered to creditors.—V. 181, p. 1074.

Carolina & North Western Ry.—Earnings Off Slightly

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
Railway oper. revenue	$303,500	$306,400	$1,853,474	$2,015,632
Railway oper. expenses	168,968	166,522	1,039,691	1,071,394
Net rev. from railway operations	$134,532	$139,878	$813,783	$944,238
Net ry. oper. income	60,777	63,359	335,352	412,786

—V. 186, p. 211.

Canada Wire & Cable Co., Ltd.—Profits Decline—

Six Months Ended June 30—	1957	1956
Profit from operations	$1,873,000	$2,860,000
Provision for depreciation	477,000	370,000
Provision for income taxes	685,000	1,245,000
Net profit	$711,000	$1,245,000

Olcott W. Titus, President, on Aug. 15 said in part:

"The substantial reduction in profits is due to inventory losses brought about by the reduction in price of copper of approximately seven cents per pound since Jan. 1, 1957.

"The company's expansion and decentralization program is being carried out on schedule, $1,595,000 having been spent this year to date, and a further $3,600,000 anticipated expenditures for the balance of the year.

"Construction of the new magnet wire plant at Simcoe, Ont., Canada, is proceeding rapidly and is expected to be in operation early next year.

"The old Calgary office and warehouse have been sold; a new building erected, and now in service.

"Fifteen acres of land have been purchased on Annacis Island, near New Westminster, B. C., to provide additional facilities to care for the West Coast market. A contract has been let to erect a new plant on this site, completion being scheduled for this year."—V. 182, p. 811.

City Investing Co. (& Subs.)—Earnings Lower—

Year Ended April 30—	1957	1956
Income from properties	$4,806,233	$4,670,974
Other income	612,009	748,757
Total income	$5,418,242	$5,419,731
Total expenses	4,660,393	4,557,738
Interest deductions	52,296	138,941
Provision for Federal income taxes	335,000	345,000
Net income before items set forth below	$370,553	$378,052
Profit on real estate and investments (less applicable taxes, $300,000 in 1957 and $460,000 in 1956)	728,528	1,381,148
Provision for loss of unconsolidated subsidiaries, less applicable reduction in taxes	Dr184,009	Dr498,347
Premium on 4% convertible sinking fund debentures reacquired ($254,000 principal amount in 1957 and $357,000 in 1956)	Dr5,391	Dr5,255
Net income	$909,681	$1,255,598

The total consolidated net income for the latest year amounted to $909,681, or 79 cents per common share after provision for Federal income tax.

The balance of the 4% convertible sinking fund debentures, due 1961, in the amount of $409,000 was retired on March 1, 1957. Payment of the original issue of $4,800,000 dated June 1, 1946 was anticipated by four years. The directors are giving consideration to the possible future issuance of debentures which could be used largely to acquire investments producing ordinary income as well as those with growth potentials.

Additional debt retirement included payments on first mortgages in the amount of $460,000 as well as repurchase and retirement of 745 shares of the company's preferred stock with a face value of $74,500. The total of these items is $943,500. New first mortgage positions and reduction of serial notes in the ordinary course of business are not included in this calculation.—V. 185, p. 934.

Clark Equipment Co.—Interest in German Firm—

This company announced on Aug. 22 the acquisition of a 30% equity interest in the West German manufacturing concern which has been producing Clark fork lift trucks under license since 1952.

The company, Ruhr Intrans Hupstapler G.m.b.H., is located at Mulheim-Ruhr on the industrial outskirts of Dusseldorf. The equity interest was obtained in exchange for 18,000 shares of Clark common stock (which has a present market value of approximately $1,000,000).

Ruhr Intrans, Clark's largest overseas licensee, will not only continue the manufacture of diesel and battery-powered fork lift trucks but will also start producing the "Michigan" line of tractor shovels this Fall, according to Walter E. Schirmer, Clark Vice-President in charge of international operations.

Acquisition of an equity interest in the West German fork lift truck manufacturer is part of a long-range expansion program that will provide Clark with manufacturing facilities in almost every industrialized market in the free world.—V. 186, p. 523.

Cleveland-Cliffs Iron Co. (& Subs.)—Earnings Off—

Period End. June 30—	1957—3 Mos.—	‡1956	1957—6 Mos.—	‡1956
Sales and oper. revenues	$39,716,043	$40,793,858	$43,983,927	$45,582,235

Net income	$4,544,569	$5,141,072	$5,415,562	$6,305,549
*Earns. per com. share	$1.82	$2.07	$2.01	$2.38

*After preferred dividend requirements. ‡The 1956 figures have been adjusted to conform to a change of policy with reference to depreciation and amortization adopted in 1957.

NOTES—Announcement was made of the large vote of consent given by the preferred shareholders earlier in the year to guarantee, up to a total of $25,000,000, loans which might be made by "partnership companies" in amounts proportional to our company's stock interest in such partnership companies.

The company has formed a corporate partnership with M. J. O'Brien Ltd., an old and reputable Canadian company, to explore some indicated iron ore reserves at Lac Albanel, Quebec, Canada. The Cleveland-Cliffs Iron Co. owns 55% of the common stock of this corporation, which is known at Albanel Minerals Ltd. It is anticipated that several steel companies will ultimately take an interest in developing these iron ore reserves.

The Humboldt Mining Co. expension and plans for financing it have been deferred pending further research on methods, design, choice of equipment, etc.—V. 185, p. 2096.

Columbia Broadcasting System, Inc. (& Domestic Subs.)—Earnings Show Gain—

26 Weeks Ended—	June 29,'57	June 30,'56
	$	$
Net revenues and sales	186,798,814	174,274,387
Income before Federal taxes on income	21,949,193	11,658,990
Provision for Federal taxes on income	11,750,000	6,350,000
Net income	10,199,193	*5,308,990
†Earnings per share	$1.33	$0.71

*As previously reported, the figures for 1956 include a provision, after applicable tax credits, of approximately 35 cents per share in connection with the discontinuance of the CBS-Columbia Division.

†Earnings per share are calculated on the average number of shares, 7,651,461 in 1957 and 7,487,337 in 1956, outstanding during the respective six-month periods.—V. 186, p. 4.

Columbia Coliseum Corp., Pasco, Wash.—Files With Securities and Exchange Commission—

The corporation on Aug. 20 filed a letter of notification with the SEC covering 2,773 shares of 5% participating preferred stock (par $20) and 7,600 shares of common stock (par 10 cents), both to be offered at par. No underwriting is involved. The proceeds are to be used to purchase a nine acre tract of land on which to erect a coliseum and sports arena.

Consolidated American Services, Inc., Culver City, Cal.

This corporation, engaged through subsidiaries in missile decontamination, precision machining and welding, and other highly technical phases of the missile program, has announced sales for the six-month period ending July 31 of $312,000. Net earnings, after provision for Federal income taxes, for the same period were $36,000.

Sales for February 1957 were $56,000 while sales in July 1957 amounted to $76,000, representing a 35% increase during the period. Net earnings for February of this year amounted to $2,300 while in July they were $7,800, showing a 239% increase.

"Comparative figures are not available since the company has only recently been incorporated," according to M. J. Ruland, President.

It was also announced that the net worth of the company at present is $307,000 while the current ratio is three to one.

Consumers Power Co.—Files Bond Financing Proposal

This company on Aug. 23 filed a registration statement with the SEC proposing the public offering, at competitive bidding, of $35,000,000 of first mortgage bonds, due 1987. In addition to the sale of the new bonds, the company proposes to offer to the holders of its common stock the right to subscribe for $35,156,700 aggregate principal amount of its convertible debentures due 1972. A registration statement with respect to this offering is to be filed later.

Net proceeds of the sale of the new bonds and the convertible debentures will be used for the acquisition of property, the construction, completion, extension or improvement of facilities, the improvement or maintenance of service, or for the discharge of lawful refunding of obligations, including short-term bank loans, or to reimburse the company's treasury for expenditures made for such purposes.

The company has made or proposes to make capital expenditures for property additions from Jan. 1, 1957, to Dec. 31, 1958, in an estimated amount of $188,000,000, of which approximately $93,000,000 is to be expended in 1957 and the balance in 1958. In order to carry forward and finance this program, the company presently expects to sell additional senior securities in 1958, the amount and type of which have not yet been determined

To Negotiate Underwriting of Convertible Debentures

The company on Aug. 28 announced that it has decided to negotiate the underwriting of its proposed issue of $35,156,700 convertible debentures with Morgan Stanley & Co.—V. 186, p. 524.

Contieca International Corp.—Statement Withdrawn—

The registration statement filed with the SEC on March 13, 1957, covering a proposed issue of 558,100 shares of class A common stock (par $1), was withdrawn on June 28. They were to have been offered through Shaw & Co., San Marino, Calif., at $5 per share, and the proceeds used to repay bank loans and other long term debt, purchase new equipment and for working capital. See salo V. 185, p. 1384.

Continental Electric Equipment Co.—Profits Higher—

This company reports net sales of $5,021,835 for the fiscal year ended June 20, 1957, an increase of $481,823 over the sales of $4,540,013 reported for the preceding fiscal year.

Net profit for the year amounted to $229,055, equal to $2.22 per share on the 103,314 shares of common stock presently outstanding, compared with $2,710, which was equal to three cents per share on the same basis for the fiscal year ended June 30, 1956. The amount of common stock now outstanding is after a 2-for-1 split, effective June 21, 1957.

J. B. Cottell, President, reports that the company's blacklog of unfilled orders amounts to approximately $3,000,000, the largest in its history.—V. 135, p. 2800.

Continental Oil Co.—Proposed Offering to Stkhldrs.—

See Hudson's Bay Oil & Gas Co., Ltd. below.—V. 186, p. 524.

Cowles Chemical Co.—Earnings at Higher Rate—

R. F. Huntley, President, recently announced that earnings for the first half of 1957 were 67 cents per share vs. 55 cents per share for the first half of 1956. At the same time, he predicted that the company's earnings for the second half of the year would show improvement over the first half.—V. 185, p. 2800.

Curtis Publishing Co. (& Subs.)—Earnings Higher—

Six Months Ended June 30—	1957	1956
Gross operating revenue	$100,501,789	$93,113,630
Earnings before Federal and State income taxes	8,724,457	8,119,795
Reserve for Federal income taxes	4,098,000	3,912,500
Reserve for State income taxes	430,949	404,154
Net earnings	$4,195,508	$3,803,141

While other costs also continued to rise, we are gratified that net earnings improved as indicated above, amounting to 95c per common share, compared with 71c for the first six months of 1956, after provision for dividends on the preferred stocks.—V. 184, p. 1580.

Davenport Hosiery Mills, Inc.—Reports Loss—

Six Months Ended June 30—	1957	1956
Net sales	$2,902,071	$2,452,840
Net loss before taxes on income	28,736	*22,984
Provision for taxes on income	Cr27,400	5,200
Net loss	$1,336	*$17,784

*Income

On April 30, 1957, the Tax Court of the United States allowed, in part, claims for refund of excess profit taxes for the years 1940-1945, which claims have been pending for some years. Computation of the amount of the net refund to be allowed by reason of the Tax Court's decision has not yet been agreed upon and agreement of this issue may be delayed for several months. It is believed that the amount of the eventual recovery will be between $200,000 and $260,000. —V. 167, p. 1149.

Delaware Fund, Inc.—Sale of Shares Increased—

Gross sales of this fund's shares in July, 1957, totaled $865,900—a 26% gain over gross sales of $687,570 in the same month a year ago.

Redemptions totaling $199,049 last month compare with $210,357 in July 1956. These redemption figures pushed the fund's net sales for July 1957 40% ahead of the corresponding month of 1956.—V. 182, p. 2128.

Federal income tax in each of the years is at 52% of net income.—V. 185, p. 2445.

Douglas Oil Co. of California—Drilling Program Started

This company has embarked upon an aggressive development drilling program in Santa Maria, East Anaheim and West Wilmington, Calif., it was announced on Aug. 28 by W. G. Krieger, President.

Through its recent acquisition of Apex Petroleum Corp., Ltd., Douglas Oil now has a joint interest in 66 wells completed in the West Wilmington field since development originally was started in April of 1956, the announcement said. Douglas Oil's operating interest varies in that field, but in general it has a one-third partnership with Morton & Dolley and F. E. Fairfield, each owning one-third.

In addition to the 66 wells, which are producing 2,200 barrels per day, one well currently is drilling and two more locations have been staked. Site clearances and permits are progressing on a number of additional locations and approximately 25 new drill sites are left for partnership to drill.

This same joint venture also has just redrilled and completed a well in the East Anaheim area, which currently is producing slightly over 100 barrels per day of 15 gravity oil. An offset location presently is drilling below 3,920 feet on this same structure.

The third major new development drilling activity is on 1,320 acres of land in the Cat Canyon area of the Santa Maria Valley. Douglas Oil Co.is the operator on this acreage and has graded a location to start a second well on the Porter Lease. Douglas owns 50% of this operating interest with Apex, Atlantic and Fairfield equally sharing the other half.

"This is an area of large potential production of heavy crude in the 11 to 12 gravity range," Mr. Krieger said, "but presents problems of sand and formation movement." The current completion with a rod-drill in March "has been so encouraging," he added, that the second trial now is being made. The company anticipates that a number of additional locations will be drilled in this area after only a short observation of the newest attempt.

Mr. Krieger also reported that over 90% of the common stock of Apex Petroleum Corp., Ltd., has been turned into Douglas Oil Co. in return for the 5½% 12-year convertible debentures offered to Apex shareholders recently.—V. 186, p. 524.

Provision for depreciation	16,248,280	15,763,322

*Based on 19,191,123 shares outstanding in 1957.

Over $8,500,000 was added to working capital in the first half of 1957, raising the total to $272,594,854. Cash and marketable securities amounted to $160,027,095, a decrease of approximately $67,500,000 in the first half of the year when cash requirements of the company are unusually heavy. Cash and securities are expected to increase substantially by the year end. The provision for depreciation in the first half amounted to $16,248,280.

About $25,900,000 was invested in the first half for additions and improvements to plants, processes, and equipment compared with $23,500,000 in the corresponding period last year. A total of $60,000,000 has been budgeted for capital improvements for all of 1957.

Inventories of products and materials, although up about $19,000,000 since the beginning of the year, are at satisfactory levels with no significant overstocks.—V. 136, p. 111.

—V. 186, p. 317.

El Paso Natural Gas Co. — Securities Offered — This company is offering to holders of its outstanding common stock (including common B stock) rights to subscribe for $60,000,000 of 5¼% convertible debentures due Sept. 1, 1977, at a subscription price of 100% of principal amount and on the basis of $100 principal amount of debentures for each 29 shares of common stock held of record on Aug. 26, 1957. Rights to subscribe will expire at 3:30 p.m. (EDT) on Sept. 11, 1957. White, Weld & Co. is manager of an investment banking syndicate which will underwrite the offering.

The debentures will be convertible into common stock through Aug. 31, 1967, unless called for previous redemption, at a conversion price of $35 per share of common stock, subject to adjustment in certain events. The debentures will be redeemable at optional redemption prices ranging from 105¼% to par plus accrued interest. They will also have the benefit of a sinking fund designed to retire on each March 1, and Sept. 1 beginning March 1, 1968, at par plus accrued interest, 5% of the principal amount of debentures outstanding at Aug. 31, 1967.

Simultaneously, public offering of 100,000 shares of 6.40% cumulative preferred stock, second series of 1957, at a price of $100 per share was made on Aug. 28 by White, Weld & Co. and associates.

The new first preferred stock will be redeemable for the sinking fund, beginning June 1, 1963, at $100 per share, and will also be redeemable at optional redemption prices ranging from $115 per share to $100 per share, plus accrued dividends in each case.

PROCEEDS—Net proceeds from the sale of the debentures and the preferred stock will be added to the general funds of the company and used with other funds to enlarge the capacity of El Paso's pipeline system, including the payment of bank loans in the amount of $60,000,000 incurred in substantial part in connection with the construction program.

BUSINESS—Company transports natural gas over its own pipeline system of approximately 7,000 miles for sale to customers in west Texas, New Mexico, Arizona and for delivery at the Arizona-California border to distributing companies in California.

Pacific Northwest Pipeline Corp., of which El Paso owns 99.8% of the common stock, transports natural gas from New Mexico, Colorado, Utah and Wyoming for deliveries to customers in Colorado, Utah, Wyoming and Idaho and in Oregon and Washington, including the Portland and Seattle-Tacoma areas. At May 31, 1957, the combined delivery capacity of El Paso and Pacific Northwest systems was placed at approximately 2,875,000,000 cubic feet of natural gas per day.

EARNINGS—For the five months ended May 31, 1957, El Paso Natural Gas Co. and its subsidiaries had consolidated operating revenues of $117,385,000 and consolidated net income of $15,502,000.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding

Electric Storage Battery Co.—Merger Planned—

C. F. Norberg, President of this company and D. W. Tyrrell, Chairman of the Board of Ray-O-Vac Co., on Aug. 26 announced that their boards of directors had agreed in principle, that the business and assets of the two companies should be combined, subject to results of checks and investigations now in progress and to such stockholder action as may be required.

If effected, the basis for the combination will be the issuance of one share of Electric Storage Battery stock for each two shares of Ray-O-Vac, the announcement indicated.

The operations of the two companies are complementary and not competitive, it was stated. The Electric Storage Battery Co. manufactures industrial and automotive storage batteries and Ray-O-Vac is primarily a manufacturer of flashlights and flashlight batteries.

For the 12 months ending June 30, 1957, Electric Storage Battery sales were $39,200,000 and Ray-O-Vac sales were $40,200,000.—V. 186, p. 213.

Fairchild Camera & Instrument Corp.—Reports Profit

This corporation changed a first quarter loss of seven cents per share into a second quarter operating profit of 63 cents per share, thus earning $266,000, or 56 cents per share, in the first half, John Carter, President, announced on Aug. 16.

This was the same operating profit the company reported for all of 1956, Mr. Carter said, adding, "Present forecasts indicate that 1957 operating profit will exceed last year's and that total reported earnings will compare favorably with 1956." Total earnings were $1.91 per share in 1956, including non-recurring earnings.

New orders booked by Fairchild increased from $13,700,000 in the first half of 1956 to $18,400,000 in the same period of this year. Net sales and rentals remained steady at $19,956,000. Bank indebtedness, under the corporation's $5,000,000 line of credit, was reduced from $4,600,000 at the close of 1956 to $2,000,000 as of this July 31, leaving an available credit balance of $3,000,000.—V. 186, p. 728.

Fairmont Foods Co.—Buys Milwaukee Firm—

Purchase by this company of the outstanding stock of the Wm. H. Heinemann Creameries, Inc., operators of the Heinemann-Kewaskum Dairy of Milwaukee, Wis., was announced on Aug. 18 by John A. Robins, President of Fairmont and Wm. H. Heinemann, President of the Heinemann company.

Fairmont, which processes and distributes dairy products, ice cream, poultry, frozen foods and specialty food items in 32 States east of the Rocky Mountains, also has a large dairy plant at Green Bay, Wis.

The Heinemann company processes and distributes milk, cottage cheese and related dairy products in an area including Milwaukee, Sheboygan, Fond du Lac and Oshkosh, Wis.—V. 186, p. 111.

Fall River Power Co., Colorado Springs, Colo.—Files Common Stock Financing Proposal—

The company filed a registration statement with the SEC on Aug. 23, 1957, covering 500,000 shares of its common stock. The company proposes to offer these shares for public sale at $2 per share. No underwriting is involved.

In addition to its hydro-electric facilities, water rights, and the Lucania transportation tunnel, the company owns certain mining properties. The power plant was last operated in 1945. The business intended to be carried on is that of a public utility and the operation of the mining properties. Mining development is said to be

Digitized for FRASER
http://fraser.stlouisfed.org/

in progress with the company reopening the Rara Avis Mine in Gilpin County, Colorado.

Immediately prior to the preparations for this issue of stock, Henry de Linde, Idaho Springs, Colo., owned all of the authorized stock of the company, or 2,000 shares of $100 par. He sold 422 shares for $150,000 to a new group of stockholders, and then sold 1,411 shares to the company in exchange for a $500,000 note, due and payable Dec. 1, 1957. The new management recapitalized the company to 3,000,000 shares of no par stock; and the stock was then split on a 597-for-1 basis.

The new group includes Mark H. Stepelton, President, of Colorado Springs, who owns 650,000 shares (or 49.206% of the reclassified shares); Roland L. Wisdom, Vice-President, of Belton, Mo., 118,876 shares; and Donald U. West, Secretary, of Richards-Gebaur AFB, Mo., 120,586 shares. Mr. Linde still owns 250,000 shares. Messrs. Stepelton, Wisdom, West and de Linde received 969,395 of these shares in exchange for certain properties. According to the prospectus, the combined cost of the stockholdings of the promotion group is $176,311.10 (including the $150,000 paid to Mr. de Linde) and properties worth in excess of $50,000.

Proceeds of the sale of the 500,000 shares to the public will be used as follows: $500,000 to pay off the de Linde note; $50,000 for equipment; $150,000 for milling facilities $25,000 for development work; $21,000 for certain miscellaneous expenses; and $224,000 as a reserve for acquisition of additional property, equipment and mining operations, and for other working capital.

Federal Machine & Welder Co.—Acquisition—

This company has acquired a controlling interest in Berkeley-Davis, Inc., Danville, Ill., according to A. S. Blagden, President.

Berkeley-Davis, Inc. has been in operation for several years as a builder of special machinery, specializing in automatic arc welding equipment. It has been owned and operated by John P. Berkeley and Charles Davis, who will continue with a substantial ownership and as the operators of the company. This company now owns and operates in a small modern industrial plant with a present capacity of approximately $500,000 annually, which can be increased from time to time, as conditions warrant.—V. 186, p. 524.

Financial General Corp.—Reports Increased Earnings

This corporation on Aug. 19 reported consolidated net income from operations (including equity in the earnings of subsidiaries) of 29c per share of common stock for the first six months of 1957. The comparable per share amount in the 1956 period was 18c. In addition, gains on the sale of securities, net after Federal income taxes, were realized in an amount equivalent to 12c per share, compared to a nominal loss a year ago.—V. 185, p. 1636.

Financial Industrial Fund, Inc.—Dividend—Assets—

On Sept. 16, 1957, the approximate 45,000 shareholders of this $78,000,000 investment company will receive $721,000 from FIF's 87th consecutive quarterly dividend, plus a capital gains distribution of $2,266,000, Charles F. Smith, President, announced on Aug. 13.

This dividend payment will amount to 3½ cents per share in investment income dividends and 11 cents per share in capital gains.

This Financial Industrial Fund has paid dividends to its shareholders every three months since the Fund began business late in 1935. During the current fiscal year, quarterly dividends declared amounted to approximately $2,567,000 at the rate of 14 cents per share, the largest dividend paid in any year of the Fund's history.

Total assets of the Fund on Aug. 12, 1957, were $78,692,845 representing an increase of $18,161,383 above the year-ago asset figure of $60,531,462.

The number of Fund shareholders increased over 40% during the past 12 months.—V. 186, p. 112.

Fireman's Fund Insurance Co.—Earnings Show Impvt.

This company and its subsidiary companies report a net operating gain of $50,000 for the first six months ended June 30, 1957. This compares with a net loss of $8,107,000 for the same period last year. The operating results include an underwriting loss of $5,542,000, net investment income of $5,527,000 and a gain of $65,000 on sales of investments. The earnings per share for the six months' period was 56 cents, after adjustment to eliminate realized gain in the investment portfolio but including equity in unearned premium reserve increase.

Premium writings for the six month period totaled $106,081,000, a 2.2% decrease over the corresponding period a year ago. Unearned premium reserves increased $4,857,000 and loss reserves declined $612,000 since Dec. 31, 1956.

As of June 30, 1957, Fireman's Fund reported total admitted assets of $454,144,000, reserve for unearned premiums of $181,058,000 and reserve for losses and loss expense of $105,323,000. Cash totaled $12,664,000. Securities totaled $370,216,000. Shareholders' equity, on the 3,000,000 shares outstanding as of June 30, 1957, including 35% of the unearned premium reserve, was $67.63 per share.—V. 185, p. 1385.

Flour Mills of America, Inc.—Reports Loss—

Although operations of this corporation in the fiscal year ended May 31 were "disappointing," conditions currently existing justify an "encouraging outlook for the future," J. R. Mulroy, President, stated on Aug. 15.

The company reported the loss for the latest fiscal year was due in part to unprofitable commercial feed business of a recently acquired subsidiary and, to some degree, to unfavorable market conditions.

Most of the loss occurred in the operations of Bewley Mills, which had been acquired during the year through the issuance of 71,067 shares of common stock of Flour Mills. The consolidated net loss was $703,014, of which $655,843 was produced by the Bewley division. In the previous fiscal year there was a net profit of $690,590, or $1.18 a common share, including income tax refunds and inventory adjustments totaling $115,659.

Consolidated sales and operating revenues totaled $69,268,760, up from $49,523,312 a year before.

The company's financial condition, Mr. Mulroy noted, remains sound. Total current assets May 31 were $10,766,246; including cash of $1,614,623; accounts receivable of $3,573,803 and grain inventories of $3,507,898. Total current liabilities were $7,770,485, including $5,375,000 of notes to banks under a revolving credit agreement and $1,000,000 of subordinated notes. Satisfactory credit lines have been arranged with banks and ample funds will be available to carry on a normal operation this year, he said.—V. 186, p. 525.

Food Machinery & Chemical Corp. (& Subs.)—Earnings Lower—

Forest Laboratories, Inc., Brooklyn, N. Y.—Proposes Common Stock Offering—

This corporation on Aug. 23 filed a registration statement with the SEC covering 200,000 shares of its capital stock, 10c par, to be offered for public sale at $2.50 per share. The public offering is to be made on a "best efforts" basis by Mortimer B. Burnside & Co., Inc., for which it will receive a selling commission of 50c per share. The issuer also will pay the underwriter $12,500 to reimburse it for expenses. In addition, the issuer is obligated to pay a finder's fee out of proceeds of $.0625 for each share sold.

This corporation was organized under Delaware law on April 11, 1956 for the purpose of acquiring the assets of Bonded Laboratories, Inc., a New York corporation. It is engaged primarily in the business of developing, manufacturing and selling various drugs and pharmaceutical products, as well as importing cosmetic compounds and preparations from foreign markets for sale in this country. Both the company and certain of its products are said to be in the development stage, and its operations have been conducted at a deficit arising from operational, organizational and development expenses. Bonded Laboratories, Inc., Hans Lowrey (the President and sole stockholder of Bonded Laboratories and also President of Forest Laboratories), Joseph H. Leeds and Anthony Leeds are listed as promoters. Bonded Laboratories owns 66,700 shares (37.3%) and Joseph H. Leeds, 23,000 shares (12.8%) of the outstanding stock of Forest Laboratories.

Of the net proceeds of the sale of the shares, Forest Laboratories proposes to use $140,000 for the expense of its sales force and promotion of the company's products; $73,000 for working capital; $60,000 for additional inventory and accounts receivable; $50,000 for research for development in respect of new products; $40,000 for stabilization of the market; and $12,500 as the finder's fee.

Gardner-Denver Co.—To Expand Plant Facilities—

Major part of an extensive expansion of foundry facilities at the main plant of this company at Quincy, Ill., has been completed, according to G. V. Leece, President.

The 50-by-280-foot building and equipment involved an outlay of some $500,000 and are part of a long-range program to increase production and improve efficiency, Mr. Leece said.—V. 186, p. 317.

General Electric Co.—Unveils New Power Transistor

This company on Aug. 20 unveiled its new 85-watt silicon power transistor for the first time publicly at the "Wescon" Show at San Francisco, Calif.

The new transistor is thought to have the highest power rating of any high temperature transistor available today.

The company is now sampling key military and industrial design engineers and expects to place the new silicon device in full production early next year. The transistor is already in acceleraetd pilot line production at the G. E. Semiconductor Products Department's Electronics Park plant, Syracuse, N. Y.

Receives Orders for Turbine-Generator Units—

Industria Columbia de Fertilizantes, S.A. of Columbia has ordered two 7,500 kw. gas turbine-generator units from General Electric Co.'s gas turbine department.

These units, which will use natural gas as a fuel, are of General Electric Co.'s simple-cycle, single-shaft design.

The 9,375 kva. air-cooled generator for attachment to the gas turbine will be manufactured by the company's medium steam turbine, generator and gear department at Lynn, Mass.

Gas turbine-generator units are scheduled for shipment late this year. The order was placed through International General Electric, the company's overseas marketing organization.—V. 186, p. 729.

General Plywood Corp.—Partial Redemption—

The corporation has called for redemption on Sept. 21, next, 12,000 shares of 5% convertible preferred stock (par $20) at $21 per share and accrued dividends. Payment will be made at the Citizens Fidelity Bank & Trust Co., Louisville, Ky.

Each share of said preferred stock is convertible into three common shares prior to the close of business on Sept. 20, 1957.—V. 186, p. 213.

General Telephone Co. of California—Preferred Stock Offered—Paine, Webber, Jackson & Curtis and Mitchum, Jones & Templeton on Aug. 28 jointly made a public offering of 500,000 shares of 5½% cumulative preferred stock at par ($20 per share).

The 5½% cumulative preferred stock is redeemable in whole or in part (selected by lot) at the option of the company, upon not less than 30 days' notice, through Aug. 31, 1962 at $23, and thereafter at $22 per share plus accrued dividends.

PROCEEDS—Net proceeds from the sale of the new preferred will be used by the company to repay short-term bank loans and to finance, in part, the company's continuing construction program. Capital expenditures for the six months ending Dec. 31, 1957 are expected to be approximately $30,000,000 and for the 12 months ending Dec. 31, 1958, expenditures will reach nearly $75,000,000.

BUSINESS—Company, formerly Associated Telephone Co., Ltd., was incorporated in California in 1929. It provides local telephone service through 66 central offices in southern and central California. The number of telephones served by the company has increased from 522,316 in 1952, to 865,626 in 1957. Approximately 99% of the company's system is dial operated. The company's executive offices are in Santa Monica, Calif.

General Tire & Rubber Co.—To Split Stock, Etc.—

The stockholders on Sept. 5 will consider: (a) amending the articles of incorporation to change the authorized number and par value of the shares of the common stock from 2,500,000 shares, $2.50 par value to 7,500,00 shares, 83⅓ cents par value, and to change each issued share of common stock, $2.50 par value, into three shares of common stock, 83⅓ cents par value; (b) and, if approved, amending charter to give cumulative preference stock right to one-third vote per share jointly with common as a single class, at elections of directors and on all other matters submitted to shareholders.

New Urethane Synthetic Rubber Developed for Wide Range of Uses—

A new synthetic rubber, capable of outwearing any known rubber, has been developed by this company, it was announced on Aug. 26.

The new synthetic, a polyurethane rubber called Genthane "S," is completely oil and ozone resistant and can be stored indefinitely without deteriorating.

"We expect Genthane initially to make major inroads into an estimated 200-million-pound annual market, with the field broadening considerably as more extensive and diverse usage is developed," said W. O'Neil, President.

"With a myriad of applications in mechanical goods and industrial products," he said, "it will find use in the automotive, military, communication and appliance industries."

Immediate uses for Genthane will be in valves, gaskets, oil hose, O-rings, oil seals, pumps, wire and cable insulating covers, vibration absorbers and a multitude of others, among which an outstanding usage is lightweight shoe soling.—V. 186, p. 626.

General Transistor Corp.—Elsin Becomes a Subsidiary

Herman Fialkov, President, on Aug. 26 announced that Elsin Electronics Corp., Brooklyn, N. Y., has become a subsidiary of General Transistor Corp.

Elsin has been in existence since 1904 manufacturing a wide variety of special order electronic, mechanical and electro-mechanical equipment for government and industry.

Allan Easton, President of General Transistor Distributing Corp., a subsidiary merchandising transistors to electronic wholesalers, has announced the opening of G. T. Distributing's new sales offices at 95-27

Sutphin Blvd., Jamaica, N. Y. Executive offices will remain at 91-27 138th Place, Jamaica, N. Y.

"The rapid growth of our distributor program necessitated moving this subsidiary to larger quarters," Mr. Easton stated. "To date, over 50 of the finest electronic jobbers in the U. S. and Canada have become authorized G. T. distributors. All now have General Transistor products in stock and are ready to offer immediate nation-wide delivery."—V. 186, p. 420.

General Waterworks Corp.—Semi-Annual Earns. Off

This corporation reports net income of $479,793 for the six months ended June 30, 1957, equal after preferred dividends to 40.2 cents a share on an average of 845,698 common shares outstanding. This compares with a net income of $476,018 in the like 1956 period equal after preferred dividends to 47.5 cents a share on an average of 778,748 common shares then outstanding. The 1957 net income includes a profit of $25,598 on sale of property.

For the 12 months ended June 30, 1957, net income amounted to $1,215,152, equal after preferred dividends to $1.16 a share on an average of 824,897 common shares outstanding. This compares with $1,048,738 for the 12 months ended June 30, 1956, equal after preferred dividends to $1.10 a share on an average of 766,558 common shares then outstanding. The 12-month figures include profits on sales of properties of $139,002 and $68,536 respectively.—V. 186, p. 214.

Genisco, Inc., Los Angeles, Calif.—Files With SEC—

The corporation on Aug. 16 filed a letter of notification with the SEC covering 3,500 shares of common stock (par $1) to be offered at the market through Lester, Ryons & Co., Los Angeles, Calif. The proceeds are to go to a selling stockholder.—V. 185, p. 44.

Genung's Inc.—Securities Sold—The public offerings made on Aug. 21 of $500,000 of 6½% convertible debentures, due Aug. 1, 1977, at 100% and accrued interest and of 20,000 shares of common stock at $8.87½ per share, through P. W. Brooks & Co. Inc., have been completed. For details, see V. 186, p. 839.

(G. M.) Giannini & Co., Inc.—Reports Record Sales—

Sales of $5,558,387, the highest volume ever experienced by this corporation in a six months period were reported on Aug. 19 by Gabriel M. Giannini, President.

Net earnings for the period, the first 26 weeks in 1957, were $206,503, equal to 58 cents per share after preferred dividends, on the 306,543 common shares outstanding at June 30.

No exact earnings comparison with last year can be made since the corporation's accounting procedure was then based on 13 four-week periods, Dr. Giannini stated. However, net earnings for the first 28 weeks of 1956 were $134,535, equal to 61 cents per share on the 300,000 shares outstanding after giving effect to the 200% stock dividend paid December 1956. No dividends were paid on the preferred stock since it was not issued until June 1956. Sales for the first 28 weeks of 1956 were $4,700,000.

In the first half of this year holders of 4,638 shares of 5½% cumulative convertible preferred stock, series A, exercised conversion rights resulting in an increase of 6,543 common shares.

Total sales for 1957, Dr. Giannini said, are expected to approximate $11,000,000 and an improvement in the profit margin is anticipated in the latter half of the year.—V. 185, p. 1886.

Gibbs Automatic Moulding Corp., Henderson, Ky.—Debentures Offered—Cook Enterprise, Inc., Terre Haute, Ind., on Aug. 8 publicly offered $1,000,000 of 6% convertible debentures, due March 31, 1967, at 100% and accrued interest.

The net proceeds are to be used to increase the company's activities and for working capital.—V. 186, p. 729.

Giddings & Lewis Machine Tool Co.—Earnings Higher

This company on Aug. 11 reported increases of 56% in earnings and 19% in sales for the six months ended June 30, 1957.

Ralph J. Kraut, President, said earnings were $1,124,085 after taxes, equal to $2.67 a share on 422,750 shares of common stock outstanding, compared with $719,108 and $1.70 a share on the same number of shares in the 1956 first half.

Sales amounted to $19,025, 393 in the first six months, of which 13.7% represented export shipments. Sales were $15,988,779 in the corresponding period a year ago.

Working capital at mid-year 1957 was $10,824,704, compared with $10,106,964 a year ago, an increase of $717,740. Long term debt at June 30, 1957 was $3,612,285, a reduction of $356,000 from the figure at June 30, 1956. Stockholders' equity increased from $29.25 per share to $31.70.—V. 185, p. 2098.

Glen Alden Corp.—Sales and Earnings Rise—

For the first six months of 1957 consolidated net sales for all operations totaled $36,872,000 compared with $35,481,000 for 1956. Consolidated net earnings were $1,527,000 compared with $777,000 in 1956. These earnings are before Federal taxes and after depletion and depreciation charges of $917,000. Because of the corporation's tax position, there will be no Federal taxes.

During the first six months of this year, the company purchased 31,800 shares of its own common stock on the open market, bringing the total number of shares bought since the acquisition of The Mathes Co., Inc. to 81,000. When Mathes was acquired, 100,000 shares of Glen Alden stock were issued to them in part payment.

F. O. Case, President, on Aug. 9 further stated:

"Earnings for the second half of 1957 are expected to show, as in previous years, an improvement over the first half. Coal prices will be higher and shipments are expected to equal the first half. Mathes commitments for heat pumps for the balance of the year should more than offset the reduction in small window unit sales.

"Ward LaFrance Truck Corp., Elmira, N. Y., has been operating profitably for several months, and its increased volume is the result of the great amount of work that has been done to improve the operations of that company."—V. 186, p. 625.

(B. F.) Goodrich Co.—Announces Turnpike Tire—

A new high-speed six-ply tubeless passenger tire that "provides maximum safety at top turnpikt speeds and yet gives long wear at regular speeds" was announced on Aug. 22 by E. F. Tomlinson, President of the B. F. Goodrich Tire Co.

To develop this tire, the "Silvertown 125," BFG engineers tested hundreds of tires with different cord angles, cord fabrics and tread designs on a test track "at speeds far faster than any motorists can safely travel," Mr. Tomlinson said.—V. 186, p. 729.

Working capital at June 30, 1957 amounted to $448,059,051 and the ratio of current assets to current liabilities was 4.4 to 1

Acquires New Curing Method—

Patent rights and trademarks covering manufacture and distribution of a new curing method for retreading tires have been purchased by this company from Gibbs Research & Manufacturing Corp., of Jamesville, Wis., it was announced on Aug. 26 by Victor Holt, Jr., Goodyear Vice-President, who said the transaction also includes purchase of equipment for manufacture of the new curing method.

The Gibbs Electronic Speed Cure is a method of applying heat to the inside of a tire casing while it is in the mold for retreading. At the same time heat is applied from the mold itself.

Use of the system, said Mr. Holt, will cut average curing time of retread tires about 50% while assuring more uniform cures which result in longer tread wear. Another advantage is the substantial increase in retread production made possible without costly additions of floor space and equipment.

Manufacturing equipment and production of the new items will be transferred to Goodyear plants and the bands and control units will be made available to retreaders through the Goodyear sales organization.—V. 186, p. 420.

Grain Elevator Warehouse Co.—Reports Profit—

Operations of this company during its first fiscal year of operation, the 12 months ended June 30, 1957, showed net income of $123,435, or 99 cents per share on the 123,528 shares of common stock outstanding, it was announced on Aug. 19 by W. A. Donnelly, President, in the first annual report mailed to shareholders. The income was after special credits, charges and provisions for taxes.

This company was formed last year to construct and acquire storage facilities for agricultural products and for the acquisition of securities of other corporations.

Shortly after the company was organized, it acquired grain elevator storage facilities at Garden City, Kan., with initial capacity of 792,000 bushels. Mr. Donnelly stated that the company will more than triple its storage capacity during the current fiscal year, pointing out that it already has completed a warehouse on President's Island, Memphis, Tenn., with capacity of 792,000 bushels, and that construction is currently under way on a grain storage warehouse having capacity of 889,000 bushels at Wales Road, Toledo, Ohio. It is anticipated that this plant will be completed by the end of this month.

With capacity more than tripled during the current year, Mr. Donnelly predicted that earnings of Grain Elevator during the fiscal year which just started will be more than adequate to provide for interest charges, depreciation, thus showing a profit for the common stock. It is anticipated that the full benefits of the added facilities will become increasingly reflected in the earnings of Grain Elevator later in the current year after normal non-recurring start-up expenses are out of the way. The company, therefore, looks forward to a successful operating year, he concluded.—V. 185, p. 719.

Grand Trunk Western RR.—Reports Loss—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956

Great Lakes Natural Gas Corp.—Offering Postponed—

The proposed offering of 779,393 shares of common stock of this corporation to common stockholders of Great Lakes Oil & Chemical Co. at $1.25 per share has been postponed. It had been intended to offer said shares to stockholders of record Aug. 16, 1957 on the basis of one Natural Gas share for each four Oil & Chemical shares held (with an oversubscription privilege). Subscription rights were to have expired on Aug. 30. These dates do not now apply. See also V. 186, p. 318.

Great Lakes Oil & Chemical Co.—Offer Delayed—

See Great Lakes Natural Gas Corp. above.—V. 186, p. 318.

Grumman Aircraft Engineering Corp.—Navy Contract

This corporation's transonic fighter-trainer, the F9F-8T Cougar, will be ordered by the Navy to fulfill fleet requirements for that type aircraft, according to an announcement issued by the Navy on Aug. 21. Overall dollar value of the contract was not disclosed, nor was the total number of airplanes to be ordered. A Grumman spokesman, however, said the contract would "probably be a substantial one." The announcement also said that no changes would be made in the current contract for the firm's supersonic F11F-1 Tiger, and that small initial production quantity was planned for a new version of Grumman's S2F Tracker, an anti-submarine airplane. The F9F-8T, a two-seat version of the Cougar jet fighter, is in service with the Navy as an operational fighter-trainer.

Also in current production or development at the Bethpage plant for the Navy are the TF-1 Trader, cargo-passenger airplane, the WF-2 Tracer, an early-warning airplane, and the F9F-8P photo-recon jet. The Albatross amphibian is also in service with the Navy, as well as with the Air Force and the Coast Guard. In addition to military aircraft production, the firm is developing a turbo-prop executive transport airplane scheduled for delivery in May of 1958.—V. 186, p. 525.

CONSOLIDATED STATEMENT OF EARNINGS

Six Months Ended June 30—	1957	*1956
Sales and other income	$90,603,052	$89,687,485
Income before taxes	4,408,469	8,494,543
Provision for Federal income taxes	‡2,285,000	4,400,000
Net income	$2,123,469	$4,094,543
Shares outstanding	2,200,000	2,200,000
Earnings per share	$0.97	$1.86

*Does not include subsidiaries. ‡Includes provision for renegotiation.

Backlog at June 30, 1957 amounted to $230,950,000. Actually, during the second quarter a reduction of approximately $27,600,000 occurred because target prices were substantially below the letters of intent approximations carried in previous backlogs. Early in July the corporation received an amendment to a letter of intent increasing the quantity of a model in current production; this will add $20,000,000 to its backlog.—V. 186, p. 525.

—V. 186, p. 112.

Gulton Industries, Inc., Metuchen, N. J.—To Produce Laminagage Under General Motors License—

This corporation has been awarded a license for the production of a Laminagage, under patent rights held by the General Motors Corp., it was announced on Aug. 30 by Dr. Leslie K. Gulton, President.

The Laminagage is a production tool used for the checking of platings and coatings on metals and other electrically conductive materials. In use on the production or assembly line, the instrument measures thickness of enamel or ceramic coatings and metal platings to extremely fine tolerances, and can detect pinholes and flaws in production line items not readily seen by inspectors. Such other applications as the testing of skins and vital engine parts in supersonic and hypersonic aircraft, guided missiles and rockets, against corrosion and damage due to plating or coating irregularities, are also foreseen.

The Laminagage operates on the eddy current absorption principle using a sweeping high frequency oscillator.

The licensing agreement between the two companies is non-exclusive.

Announces New Brochure—

"From Raw Materials to Complete Systems" is the title of a new facilities brochure issued by this corporation.

Detailed and descriptive, the new brochure was designed to acquaint industrialists with the extensive research and development program for industry conducted by Gulton Industries, Inc.

The eight-page, illustrated brochure highlights the company's activities in the areas of materials research, component development, data instrumentation, ultrasonic and acoustic research, medical instrumentation, underwater sound, ordnance development and nuclear research.—V. 186, p. 729.

Gurries Mfg. Co., San Jose, Calif.—Files With SEC—

The company on Aug. 20 filed a letter of notification with the SEC covering 12,000 shares of common stock (par $10) to be offered to a restricted group of named individuals (minimum sale 500 shares) at $12.50 per share. Hooker & Fay are the underwriters. The proceeds are to be used to pay current indebtedness and for working capital.

The business of the company is the manufacturing of land forming farm equipment.

Hammermill Paper Co. (& Subs.)—Sales & Earns. Off

26 Weeks Ended—	June 30, '57	July 1, '56

*Earnings per share of common stock	$1.08	$1.70

*After preferred dividends and based on 1,067,521 common shares outstanding at June 30, 1957, and 1,017,194 shares outstanding at July 1, 1956.—V. 183, p. 2417.

Harbison-Walker Refractories Co.—Research Center—

Construction of an integrated modern Research Center has begun by this company on a 21-acre suburban site south of Pittsburgh, Pa. When completed next year, the million dollar project will house all of the company's extensive research activities. Employing approximately 100, the Research Center will provide expanded facilities and staff for the study of highly refractory materials and the development of processes for converting them into industrial products. Ample provision is being made for future expansion.

The Research Center, having total floor space of 45,000 square feet, will be comprised of two major structures connected by a reception area—a fine instruments building and a pilot plant building.—V. 185, p. 525 and V. 184, p. 2215.

Digitized for FRASER
http://fraser.stlouisfed.org/

Harley Patents, Inc., New York, N. Y.—Files With SEC

The corporation on Aug. 16 filed a letter of notification with the SEC covering 200 shares of 5% cumulative preferred stock (par $100) to be offered in exchange for $20,000 of 4% notes now outstanding on the basis of one preferred share for each $100 of notes.—V. 181, p. 1776.

Harsco Corp.—To Acquire Ainsworth—

The directors of this corporation (formerly Harrisburg Steel Corp.) and of Ainsworth Manufacturing Corp. have approved the acquisition of Ainsworth by Harsco on a basis of one share of Harsco common stock four four shares of Ainsworth, Joseph T. Simpson, President of Harsco, and James F. McDonnell Jr., President of Ainsworth, announced on Aug. 19. The board action is subject to the approval of Ainsworth stockholders. Under the proposed plan Harsco will acquire all of the assets and assume all of the liabilities of Ainsworth.

The Ainsworth corporation had sales of $18,936,872 for the first six months of 1957. Net profit, after taxes, for the half-year period was $539,516, equal to $1.29 per share on the 417,362 shares of common stock currently outstanding.

Ainsworth manufactures door ventilator window assemblies, window frame assemblies, door frames, garnish mouldings, windshields and windshield regulators, metal stampings, electrically welded steel tube products, steering column and transmission gear shift assemblies, and tubular seat frames for the automotive industry; and various items for defense production.

Harsco Corp. produces seamless steel gas cylinders, recovers metal from steel slag, and manufactures non-ferrous die castings, seamless steel pipe couplings and a variety of other products. Its sales are currently at the rate of $90,000,000 annually and net income of $7,200,000.

Also Acquires Standard Die Set Manufacturers, Inc.—

Mr. Simpson also announced that Harsco Corp. has acquired Standard Die Set Manufacturers, Inc., of Rhode Island, and its subsidiaries, Standard Die Set Manufacturers of Pennsylvania, Inc. (Paoli, Pa.), Surface Grinding of Michigan (Detroit, Mich.), Standard Die Set Manufacturers of Michigan and Standard Bushings Manufacturers, Inc. (Providence, R. I.).

Standard Die, whose main office is at Providence, R. I., manufactures die sets and drill bushings. Annual sales are in excess of $3,000,000.—V. 184, p. 1122.

Heyden Newport Chemical Corp. — Introduces New Product—

New standards of health protection for painted surfaces will be made possible by Nuozene, a unique, self-sanitizing paint additive with strong, long-lasting killing action against both fungi and common, disease-producing bacteria, which Nuodex Products Co., a division of Heyden Newport Chemical Corp., introduced last week.

Arthur Minich, Vice-President in charge of Nuodex operations, who reported that the new self-sanitizing additive is effective in most types of paint formulations, lasts for the life of the paint and requires no special precautions in handling.—V. 185, p. 342.

Hidden Splendor Mining Co.—Proposed Merger—

See Atlas Corp. above.

Holiday Inns of America, Inc.—Stock Sold—The public offering of 120,000 shares of common stock made on Aug. 20 by Equitable Securities Corp. and associates at $9.75 per share has been oversubscribed. For details, see V. 186, p. 840.

Home Insurance Co. (N. Y.)—Stock Increased—

The stockholders on Aug. 26 approved a proposal to increase the authorized common stock from 4,000,000 to 5,000,000 shares and to set aside 100,000 shares (free of preemptive rights of stockholders) for sale to key personnel under a stock option plan.—V. 186, p. 421.

Homestake Mining Co.—Files for Two Debenture Offerings—

This company filed a registration statement with the SEC on Aug. 22, 1957, covering (1) $7,000,000 of 12-year sinking fund debentures, due Sept. 1, 1969 and (2) $5,000,000 of 15-year subordinate convertible debentures, due Sept. 1, 1972. Homestake proposes to offer these securities for public sale through an underwriting group headed by Eastman Dillon, Union Securities & Co. The interest rate, public offering price and underwriting terms for each debenture issue are to be supplied by amendment.

Net proceeds of the sale of these securities will be applied in part to repayment of short-term loans to the company by The Chase Manhattan Bank (the amount of authorized borrowings is $7,000,000; but the amount of actual borrowings to be repaid is to be supplied by amendment). These borrowings were used in financing the development of the properties of the Homestake-Sapin Partners and the Homestake-New Mexico Partners. The remainder of the proceeds will be added to the company's general funds and will be available for certain designated uranium projects, for possible acquisition of interests in additional mining properties, and for such other corporate purposes as the company may determine.

According to the prospectus, the company is the general partner of the limited partnership called the Homestake-Sapin Partners, formed Dec. 6, 1956. Sabre-Pinon Corp. is the limited partner. The interests of the partners in the net profits and losses of the partnership are 75% for Sabre-Pinon and 25% for the company. The partnership was formed for the development and mining of certain uranium properties contributed by Sabre-Pinon and for the construction and operation of a uranium mill. The company is also the general partner of the limited partnership called the Homestake-New Mexico Partners, formed Sept. 21, 1956. United Western Minerals Company, J. H. Whiteney & Co., White, Weld & Co., San Jacinto Petroleum Corp., Clyde Osborn and Rio de Oro Uranium Mines, Inc., are the limited partners, with a 75.75% participation in the net profits and losses of the partnership as against 24.25% to Homestake. This partnership also was formed for the development and mining of certain uranium properties and ores to be contributed by Homestake and the limited partners and for the construction and operation of a uranium mill.—V. 186, p. 840.

Honolulu Oil Corp. (& Subs.)—Earnings Increased—

Hudson's Bay Co.—Offering to Be Made Stockholders

See Hudson's Bay Oil & Gas Co., Ltd. below.—V. 186, p. 526.

Hudson's Bay Oil & Gas Co., Ltd., Calgary, Canada—Proposes Stock Offering—

This company on Aug. 27 filed a registration statement with the SEC covering 1,750,000 shares of its $2.50 par capital stock. The company proposes to offer this stock for subscription by stockholders of Continental Oil Co. and by holders of ordinary shares of The Governor and Company of Adventurers of England Trading into Hudson's Bay ("Hudson's Bay Co."). The subscription price is to be supplied by amendment. No underwriting is involved.

The offering to stockholders of Continental Oil is to be at the rate of one share of Hudson's Bay stock for each 15 shares of Continental Oil stock held of record Sept. 16, 1957. The offering to holders of the ordinary shares of Hudson's Bay Company is to be at the rate of one and one-sixth shares of Hudson's Bay stock for each 15 ordinary shares held of record Sept. 3, 1957. A contract has been entered into whereby Continental Oil and Hudson's Bay Co. have agreed to purchase 75% and 25%, respectively, of the shares which shall not be subscribed for by the offerees. All of the outstanding capital stock of Hudson's Bay Oil is owned by Continental Oil, of Houston, Texas, and Hudson's Bay Company, of London, in the respective amounts of 75% and 25%.

The primary purpose for which the issuer's funds, supplemented by the proceeds of this issue, will be used is to meet the continuing expense of finding reserves and developing production. The company's expenditures for these purposes in the years 1955 and 1956 were approximately $27,000,000 and $28,000,000, respectively, and it is estimated that such expenditures for 1957 will be of the same magnitude but the nature of the operations involved is such that the actual expenditures may vary substantially from this estimate.—V. 186, p. 526.

Hutchinson Telephone Co., Hutchinson, Minn.—Files With Securities and Exchange Commission—

The company on Aug. 21 filed a letter of notification with the SEC covering 1,697 shares of common stock to be offered for subscription by common stockholders on the basis of one new share for each five shares held as of Aug. 20, 1957 at par ($10 per share). No underwriting is involved. The proceeds are to be used for expansion of plant, etc.

Net ry. oper. income	61,571	229,478	362,168	729,799

—V. 186, p. 113.

Indian Head Mills, Inc.—Proposed Merger—

Final terms of the agreement of merger between this corporation and J. L. Stifel & Sons, Inc. have been approved by the directors of both companies, it has been announced by James E. Robinson, President of Indian Head, and W. Flaccus Stifel, President of Stifel. Special meetings of stockholders of both companies to vote on the merger have been called for Sept. 12, 1957.

After the merger agreement is approved by stockholders of both companies, the merged business will be conducted under the name of Indian Head Mills, Inc. The present officers of Indian Head will hold corresponding offices. In addition to the present board of directors of Indian Head, A. C. Stifel, Jr. and W. Flaccus Stifel, who are presently directors and officers of Stifel, and Jay T. McCamic, presently a director of Stifel, will become directors of the combined company.

An Aug. 6, 1957, the Stifel board declared a stock dividend of one and two-thirds shares of its capital stock on each one share of the then outstanding 307,440 shares of capital stock ($5 par value). This results in a new total of 819,840 outstanding shares of Stifel capital stock.

Under terms of the merger, each share of the $1.25 cumulative preferred stock and each share of the presently outstanding common stock of Indian Head Mills, Inc. will continue on the same basis as shares of the combined company. Each share of Stifel capital stock will become one-fourth of one share of new voting $20 par cumulative preferred stock of the combined company with a $1.50 annual dividend rate. The new $1.50 preferred stock will be junior to the $1.25 preferred stock and will have a liquidating and call price of $25 per share. This $1.50 stock will be serviced by a sinking fund into which Indian Head Mills, Inc. would make an initial payment of a cash sum equal to 4% ($204,960) of the aggregate call price of the stock on Nov. 1, 1957 and 1% ($51,240) of the aggregate call price quarterly thereafter.

Each share of the presently outstanding $1.25 cumulative preferred stock and each share of the presently outstanding common stock of Indian Head Mills will continue as a share of $1.25 preferred stock and common stock respectively of the combined company.

Thus, upon effectiveness of the merger, Indian Head Mills, Inc. will have outstanding 194,116 shares of $1.25 preferred stock (including shares held for retirement in the sinking fund), 204,960 shares of $1.50 preferred stock and 229,000 shares of common stock.

The combined company will have assets of more than $15,200,000 and a total sales volume of about $25,000,000.

Executive and principal sales office will be at 1407 Broadway, New York City.

Introduces New Line—

This corporation has introduced a new line of curtain prints, 35/36 inches wide, on soft-filled sheetings, designed both for curtain manufacturers and the over-the-counter piece goods field.

Known as "Curtina Cotton" (Reg. U. S. Trademark) the fabric is styled to take advantage of cafe curtain applications.—V. 186, p. 214.

Industrial Enterprises, Inc.—Earnings Increased—

Net earnings for the first six months of 1957 ended June 30 rose to $544,140, equal to $1.77 a common share, from $486,031, equal to $1.58 a common share, for the similar period of 1956, on a pro forma basis, Walter E. Bronston, President, reported on Aug. 16.

Net sales and operating revenues for the six months ended June 30, 1957, advanced to $8,141,331 from $7,555,338 in the same period a year earlier, pro forma.

Mr. Bronston pointed out that net earnings for the six months were diminished by provision of $85,000 in the second quarter for the Incentive Compensation Plan. This sum represented compensation plan deductions for the entire six months, but deductions were not made until after stockholder approval during the second quarter.

The profit for the six months ended June 30, 1957, reflects the change from a "completed contract" basis to a "percentage of completion" basis in accounting for sales and profits of contract production in the Milwaukee Crane Division and The Vincennes Steel Division.—V. 185, p. 2803.

International Business Machines Corp.—New Product

Development of a super high speed "memory" device, which responds in a hundredth of a second, was announced by this corporation on Aug. 28. The device, which utilizes a miniature printed circuit of metallic lead at temperatures close to absolute zero is believed to hold great promise for use in high speed, high capacity electronic computers of the future.

The new memory cell is based on the unusual properties of special superconducting materials which offer no resistance to the flow of electric current at extremely low temperatures. Even after the source of electricity is removed, current will continue to flow without diminution. An additional advantage of the device is that it requires only about a third of the current needed to drive the ferrite memory units now widely used in electronic computers, while providing an increase in speed of about a hundred times.—V. 186, p. 526.

International Glass Corp.—Merger—Change in Name

The stockholders on Aug. 23 supported another step in the company's program of divisional growth and corporate expansion by approving the acquisition through merger of Cascade Research Corp., Los Gatos, Calif., Benjamin B. Smith, President, has announced.

The shareholders also voted to accept Monogram Precision Industries, Inc. as the new name of the corporation, effective upon approval of the California Secretary of State.

The two electronic concerns will be housed in a new building in Campbell, Calif.

Terms of the merger call for a ratio of exchange of 2½ shares of International Glass stock for each Cascade class A share, and one share for 3½ shares of Cascade class B stock. The exchange involves 94,580 shares of International Glass stock.

International Glass will have approximately 4,500 stockholders with 1,192,899 shares outstanding.

Other International Glass divisions are engaged in optics, industrial clamps, and fabricated electronic and missile components.

An additional building in the Culver City, Calif., area is being leased to handle the increased missile and electronic fabrication work, Mr. Smith told the stockholders. See also V. 186, p. 840.

International Insurance Investments, Inc.—Statement Withdrawn—

The registration statement filed with the SEC on June 10, last, covering a proposed issue of 118,140 shares of common stock (par $1), with warrants to purchase 354,420 additional shares, was withdrawn on July 15. These securities were to have been offered in units of one common share and three warrants to buy three common shares at $3.75 per unit through American Underwriters, Inc., Englewood, Colo. (See also V. 185, p. 2803.)—V. 186, p. 730.

International Nickel Co. of Canada, Ltd. (& Subs.)—Earnings Show Decline—

Period End. June 30—	1957—3 Mos.	1956	1957—6 Mos.	1956
	$	$	$	$
Net sales	113,543,000	114,378,000	223,471,000	225,026,000
Costs and expenses	69,638,000	67,020,000	135,959,000	128,535,000
Operating earnings	43,905,000	47,358,000	87,512,000	96,491,000
Other income	1,634,000	1,250,000	3,247,000	2,273,000
Total income	45,539,000	48,608,000	90,759,000	98,764,000
Taxes based on income	16,107,000	16,352,000	30,624,000	32,981,000
Depreciation & depletion	4,998,000	4,965,000	10,064,000	9,888,000
Retire. system reserves	2,087,000	1,883,000	3,970,000	3,623,000
Self-insurance reserves	250,000	250,000	500,000	500,000
Net earnings	22,097,000	25,158,000	45,601,000	51,772,000
Earns. per com. share	$1.51	$1.69	$3.12	$3.48

Capital expenditures of $20,916,000 were made during the first six months, compared with $11,968,000 for the first six months of 1956. The increase in capital expenditures was occasioned primarily by the development of the Manitoba project and also by the expansion of facilities in the Sudbury District.
—V. 185, p. 2448.

International Rys. of Central America—July Earns. Up

Period End. July 31—	1957—Month	1956	1957—7 Mos.	1956

—V. 186, p. 421.

Interstate Department Stores, Inc.—Sales Off—

Period End. July 31—	1957—Month	1956	1957—6 Mos.	1956
Sales	$4,528,299	$4,536,233	$29,512,749	$29,755,582

—V. 186, p. 319.

Iowa Southern Utilities Co.—Bonds Sold—The offering to the public of $5,000,000 5¾% first mortgage bonds due Aug. 1, 1987, on Aug. 22 at 100.71% and accrued interest, through White, Weld & Co. and associates, was quickly oversubscribed. For details, see V. 186, p. 840.

(F. L.) Jacobs Co.—Registration Statement Withdrawn

The registration statement filed with the SEC on Oct. 4, 1956, covering a proposed issue of $3,000,000 6% convertible debentures due 1966, at par through McLaughlin, Cryan & Co. and Gearhart & Otis, Inc., was withdrawn on May 10, last.—V. 185, p. 2803.

Jefferson Lake Sulphur Co. — Proposes Offering to Stockholders—

This company filed a registration statement with the SEC on Aug. 27, 1957 covering a maximum of 150,000 shares of its $1 par common stock. The company proposes to offer this stock for subscription by holders of its outstanding common stock of record Sept. 19, 1957 at the rate of one additional share for each five shares then held. Subscription warrants will be mailed to stockholders on Sept. 20. The public offering price and underwriting terms are to be supplied by amendment. Hornblower & Weeks and Robert Garrett & Sons are listed as the principal underwriters.

Net proceeds from the sale of the additional common shares will be added to the general funds of the company and will be used for general corporate purposes (including additional working capital found necessary due to the company's expansion) and for the development of new projects in the United States and Canada (including exploration and development of the company's gas reserves in the East Calgary field in Alberta).

The second phase of the drilling program for developing the 80,000-acre area of interest in the East Calgary field will require the drilling of four wells at an estimated total cost of $1,000,000. In order to make available enough gas for meeting pipeline requirements and for supplying the sulphur plant with enough hydrogen-sulphide gas to enable the plant to operate at capacity, the company intends to undertake additional development of the field. A portion of the net proceeds may be used for these purposes.

The total investment by the company in gas processing and sulphur recovery plants in the East Calgary field and in the Savanna Creek area of Alberta may come to about $15,000,000. A part of the net proceeds may be used for such purposes in the event that the funds required for the plant investments are not raised in full directly by the company or through a subsidiary.—V. 186, p. 840.

Jewel Tea Co., Inc.—Establishes New Records—F. J. Lunding, Chairman of the Board, and G. L. Clements, President, on Aug. 28, said in part:

New records were again established in sales and earnings during the first 28 weeks of 1957. Net earnings were $3,550,092 or $2.35 per share of common stock, a gain of 18.4% from comparable figures a year ago. Retail sales were up 8.8% and totaled $219,591,235. These results and comparisons with last year include the operations of Eisner Grocery Co., acquired on March 12, 1957 through the exchange of 142,000 Jewel common shares. A new Eisner central office and

Digitized for FRASER

warehouse in Champaign, Ill., has just been completed and will be in full operation shortly.

Seven new supermarkets were opened in the first half of the year and eight smaller stores were closed, with the number of units in operation totaling 226 on July 13, 1957—186 for Jewel and 40 for Eisner. In the second half of this year it is expected that approximately 10 modern supermarkets will be opened and that four outmoded stores will be closed.

The new Jewel bakery at Melrose Park, Ill., began operation in March and is now showing a substantial saving over former purchase costs. Operations of our soluble coffee plant at Barrington, Ill., also has been very satisfactory

COMPARATIVE STATEMENT OF RETAIL SALES

Period End. July 13—	1957—4 Wks.	—1956	1957—28 Wks.	—1956

—V. 186, p. 113.

Kern County Land Co.—Earnings Show Gain—

Consolidated net earnings of this company and its subsidiaries were $5,790,000 for the first six months of 1957, Geo. G. Montgomery, President, reported on Aug. 15. This compares with $5,571,000 for the same period of 1956. The gain in earnings results from increased oil royalties and improved cattle prices.

Mr. Montgomery pointed out that because of the seasonal nature of the company's agricultural activities, the first half figures are not necessarily representative of the year as a whole.—V. 186, p. 319.

(G. R.) Kinney Co., Inc.—July Sales Increased—

Period End. July 31—	1957—Month	—1956	1957—7 Mos.	—1956
Sales	$3,972,000	$3,325,000	$30,227,000	$27,058,000

—V. 186, p. 319.

"Koor" Industries & Crafts Co., Ltd., Haifa, Israel—Registers Preferred Stock Issue—

This company filed a registration statement with the SEC on Aug. 26, 1957, covering 30,000 6½% cumulative participating preferred shares (IL 180—$100 par), to be offered for public sale at $100 per share. No underwriting is involved. The purchase price is payable in cash or up to certain limits in State of Israel Independence Issue Bonds and State of Israel Development Issue Bonds.

Organized in 1944 by Solel Boneh, Ltd. of Haifa, Koor has functioned as the industrial arm of Solel Boneh in the management and further development of manufacturing and related enterprises.

Koor intends to use the net proceeds of the sale of the preferred shares to provide its subsidiary and affiliated companies with funds for extensions, additions and improvements of their plants. The proceeds of this offering will not form a substantial part of the funds required for the development program already undertaken, which funds will be provided mainly from other sources.

(E. J.) Korvette, Inc.—Opens Store in Pennsylvania—

This corporation on Aug. 29 opened a 100,000 square foot department store in Springfield, Pa., it was announced by William Willensky, President.

The new Korvette store contains 56 departments on the main floor and in the basement.

The Springfield store is Korvette's first in the Philadelphia (Pa.) area. A second is expected to open next year. By Christmas department stores will be opened in Hartford, Conn., and North Brunswick, N. J. Seven additional department stores are planned for the next 18 months in New York, New Jersey, and Pennsylvania. A supermarket is also planned in Paramus, N. J.—V. 186, p. 840.

Period End. July 31—	1957—Month	—1956	1957—7 Mos.	—1956
Sales	$4,254,745	$3,792,447	$40,470,763	$37,271,720

—V. 186, p. 320.

(R. G.) LeTourneau, Inc. — Tender-Type Platform Ordered—

Another "first" in the field of offshore oildrilling was announced on Aug. 21 by this corporation.

This time it was in the form of a world's first "miniature" mobile platform designed specifically for use with a platform tender.

Buyer of the new-type unit is Arabian American Oil Co. of New York. When completed, it will be towed across the Atlantic to work in the Persian Gulf off Saudi Arabia.

R. L. LeTourneau, Vice-President of the LeTourneau firm, said the agile job-hopper sold for less than $750,000—relatively small change in an industry where even permanent-type platforms often cost over $1,000,000.

Also he said that, due to simplified construction, the unit is scheduled for five-month delivery.

Mr. LeTourneau emphasized, however, that the diminutive size and bargain-basement price are due to the fact this unit will be used only with a platform tender.—V. 186 p 626.

Lehigh & Hudson River Ry.—Earnings Higher—

Period End. June 30—	1957—Month	—1956	1957—6 Mos.	—1956
Railway oper. revenue	$350,676	$292,516	$1,836,206	$1,658,669

Lehigh Spinning Co., Allentown, Pa.—Files With SEC

The company on Aug. 16 filed a letter of notification with the SEC covering $245,000 of 6% subconvertible debentures due 1972 to be offered in exchange for shares of its outstanding preferred stock on the basis of $100 of debentures for each share of preferred stock. Any debentures not so issued will be offered to the public at $100 per unit. Warren W. York & Co., Inc. of Allentown, Pa. has been named as underwriter. The proceeds are to be used to redeem any unexchanged preferred stock.

Lehigh Valley RR.—June Earnings Down—

Period End. June 30—	1957—Month	—1956	1957—6 Mos.	—1956

—V. 186, p. 113.

Loew's, Inc.—Court Bars Two Directors—

Louis Nizer, special counsel for Loew's, Inc., on Aug. 26 issued the following statement:

"The Court has upheld Loew's position in every detail. The victory is the stockholders. The Court has declared Louis B. Mayer and Samuel Briskin to be invalidly elected by the rump Tomlinson group. The Court enjoins them from pretending to act as directors. Also, all resolutions adopted by the Tomlinson rump meeting are declared illegal. Furthermore, the Court has forbidden Tomlinson group to implement the resolutions, one of which attempted to repudiate the special stockholders' meeting called by President Joseph R. Vogel. The entire attack of the Tomlinson-Meyer-Mayer faction has been rejected by the chancellor and the entire position of Mr. Vogel and the executive management has been upheld. We are confident that the owners of Loew's will support Mr. Vogel's administration."—V. 186, p. 626.

LogEtronics Inc.—Distributor Agreement Concluded—

This corporation on Aug. 27 announced the appointment of Agencia Comercial Unanue S. A. of Lima as its exclusive distributor in Peru for LogEtronic equipment.

LogEtronics Inc. is the developer and sole producer of electronically controlled photographic printers by means of which photographic negatives are made automatically to reproduce their full detail in the print. The great value of this patented, new technique brings revolutionary improvement to such fields as aerial survey and photogrammetry; medical and industrial radiography and photography; technical and commercial photography; the graphic arts; and to other general photographic fields.—V. 185, p. 2216.

Long Island Lighting Co.—Changes in Personnel—

Edward F. Barrett has resigned as Chairman of the Board, but will continue as a Director and Chairman of the Pension Investment Committee. Mr. Barrett was Chairman since 1953 and President of the company from 1937 to 1953.

Errol W. Doebler, President of the company since 1953, has been elected Chairman of the Board and continues as Chief Executive Officer. Prior to 1953 Mr. Doebler was Vice-President in Charge of Electric and Gas Operations, Engineering and Construction.

John J. Tuohy, Vice-President in Charge of Sales, Employee Relations and Publicity, has been elected a director and President. Mr. Tuohy began his career with the company as an attorney, following which he served as Assistant to the President.

Robert G. Olmsted, Vice-President in Charge of Finance and Purchases, has been elected Vice-Chairman of the Board. Mr. Olmsted, in this newly created post, will assume direction of overall staff activities, planning and control, and will continue in charge of finance and purchases.—V. 186, p. 526.

Maine Insurance Co., Portland, Me.—Proposed Stock Offering Registered With SEC—

This company filed a registration statement with the SEC on Aug. 22, 1957, covering 52,500 shares of its $3 par capital stock.

The company has reserved 11,000 shares for sale at $5.3125 per share to stockholders of record July 1, 1957, at the rate of one additional share for each share then held. Any such shares not subscribed by stockholders will be purchased by Burton M. Cross, company President.

The remaining 42,500 shares are to be offered at $5.625 per share to directors, employees and agents of the company for a period of 14 days after the effective date of the registration statement. The prospectus names First Maine Corp. as underwriter; and the underwriter will receive $0.3125 per share for each share purchased by these associates of the company. Unsubscribed shares will be offered for public sale at $6.25 per share; and as to these shares the underwriting commission will be $0.9375 per share. In addition, the underwriter will receive $10,000 for expenses.

Net proceeds of the sale of the 53,500 shares will approximate $284,218.75 (assuming all shares are sold) which, together with $65,986.39 received from prior sales of 13,500 shares, will give the company a combined capital and surplus of $350,205.14. This will be more than sufficient to permit the company to engage in business under Maine insurance laws; and any balance will be added to the general funds of the company. The company was founded and organized primarily by Burton Cross; and it proposes to write various types of insurance, except life insurance and annuities.

Mangel Stores Corp.—July Sales Rise—

Period End. July 31—	1957—Month	—1956	1957—6 Mos.	—1956
Sales	$2,631,769	$2,129,035	$17,691,608	$14,755,832

—V. 186, p. 320.

Maplehurst Farms, Inc.—Tenders for Bonds—

The City Securities Corp., Indianapolis, Ind., will up to Sept. 3, 1957, receive teenders for the sale to it of first mortgage 5¼% sinking fund bonds due Aug. 1, 1961 to an amount sufficient to exhaust the sum of $20,006 at prices not to exceed 100% and accrued interest to Oct. 1, 1957.—V. 178, p. 1274.

Marks Oxygen Co., Inc., Augusta, Ga.—Securities Offered—The corporation, it was announced on Aug. 23, has placed privately, through Courts & Co., an issue of $600,000 ten-year subordinated 6% debentures and 60,000 shares of common stock (par 50 cents).

McCrory Stores Corp.—July Sales Up—

Period End. July 31—	1957—Month	—1956	1957—7 Mos.	—1956
Sales	$8,674,748	$8,666,667	$56,761,278	$56,531,062

—V. 186, p. 320.

(J. Ray) McDermott & Co.—Debenture Subscriptions—Of the $20,292,000 of 5% convertible subordinated debentures due 1972, recently offered by the company for subscription by common stockholders of record, Aug. 6, 1957, at 100% of principal amount, $20,086,700 principal amount were subscribed for, and the remaining $205,300 debentures were taken up by the underwriters headed by Dominick & Dominick and Kidder, Peabody & Co. See also V. 186, p. 627.

McDonnell Aircraft Corp.—Stock Increased—

The shareholders on Aug. 22 approved an increase in the authorized number of shares of $5 par value common stock from 1,700,000 to 2,000,000 shares. A total of 1,525,086 shares are now outstanding.

J. S. McDonnell, President, stated that the only present purpose of the increase in shares is to provide for possilbe future stock dividends. It is presently contemplated that the board of directors will declare a 4% stock dividend payable on Jan. 1, 1958.—V. 186, p. 841.

Minneapolis-Honeywell Regulator Co.—Expands Into Production of Plastics—

Entry into full-scale production of plastics by this company was announced on Aug. 27 by James H. Binger, Vice-President.

The company is producing four epoxy casting and potting compounds designed especially for the electronics industry, Mr. Binger said. Manufacturing operations are centered in the company's main plant in Minneapolis, Minn.

[Epoxy compounds is a technical term indicating the presence of oxygen attached to two different atoms in a chain.]

This new diversification for Honeywell, which currently produces more than 13,000 different products in the field of automatic control, grew out of eight years of development. The research program was started originally to satisfy precise potting requirements of the firm's Aeronautical division, Mr. Binger explained.—V. 186, p. 841.

—V. 186, p. 215.

National Airlines, Inc.—Gross Up—Net Off—

This corporation earned net profit equal to $3 per share in fiscal 1957, the 12 months ended June 30, it was reported on Aug. 15 by G. T. Baker, President and Chairman.

Net income was $3,133,499 after all charges compared with $4,300,143 in the same period a year ago, Mr. Baker said.

"Operating cost increases due principally to steadily mounting labor and material costs are still the major problem," Mr. Baker stated. "However, an increase of 31.9% in depreciation charges this year to $6,003,567 is also a factor in the comparison."

Total operating revenue was up $1,354,623 to $56,823,471 while total operating expense increased $4,537,631 to $50,815,430, according to Mr. Baker.

Gain in National's net worth this year, resulting in shareholder equity of $25.54 per share in 1957 compared to $23.51 per share last year, was also reported by Mr. Baker.

Delivery begins on eight DC-7B Super H. Constellation aircraft next month, Mr. Baker pointed out, which will provide more than 2,000 additional seats daily on National flights.—V. 186, p. 627.

National Aviation Corp. — To Purchase Sperry Rand Debentures—

This New York investment company, it was announced on Aug. 28, has applied to the SEC for an exemption order permitting its acquisition of not to exceed $750,000 of Sperry Rand Corporation debentures; and the Commission has given interested persons until Sept. 9, 1957 to request a hearing thereon.

Sperry Rand has proposed the public offering of $110,000,000 of sinking fund debentures due Sept. 1, 1982. The underwriting group is expected to include Paine, Webber, Jackson & Curtis and Hornblower & Weeks. Stuart R. Reed, a director of National, is a special partner of the Paine-Webber firm; and Charles S. Sargent, another director, is a partner of Hornblower & Weeks. Because of this intercompany affiliation, purchase of Sperry Rand debentures by National is prohibited by the Investment Company Act unless an exemption order is issued by the Commission.—V. 185, p. 2101.

National Cylinder Gas Co.—Files Debenture Issue—

This company on Aug. 28 filed a registration statement with the SEC proposing the public offering of $17,500,000 of subordinated debentures due Sept. 1, 1977 (convertible on or before Sept. 1, 1967). The company proposes to offer the debentures for public sale through an underwriting group headed by Merrill Lynch, Pierce, Fenner & Beane. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

Net proceeds from the sale of the debentures will be added to the cash funds of the company to be available for general corporate purposes. The company plans to use a part of such proceeds to retire $6,000,000 of bank notes and $1,365,000 of other indebtedness. The company plans to use the balance of the proceeds for expansion of facilities and to increase working capital for the growing needs of the company. According to the prospectus, proceeds of the bank notes were used for working capital; and the proceeds of the other indebtedness were used in connection with the purchase of a plant in Louisville, Ky., production facilities in Detroit, Mich.; the assets of a medicinal oxygen company in Pittsburgh, Pa.; and the welding inventory of a dealer in Colorado Springs, Colo.—V. 186, p. 731.

National Gas & Oil Corp. (& Subs.)—Earns. Higher—

Twelve Months Ended July 31—	1957	1956
Gross operating revenues	$4,773,488	$4,675,341
Net earnings for common stock	805,507	661,575
*Earnings per common share	$1.74	$1.47

*Based on 463,722 shares in 1957; 448,572 shares in 1956.—V. 186, p. 731.

National Security Insurance Co., Elba, Ala.—Files With Securities and Exchange Commission—

The company on Aug. 19 filed a letter of notification with the SEC covering 23,400 shares of common stock (par $1) to be offered at $6 per share, without underwriting. The proceeds are to be added to the company's surplus account and provide funds to enlarge its mortgage loan department.

National Shirt Shops of Delaware, Inc.—Sales Up—

Period End. July 31—	1957—Month	1956	1957—7 Months	1956

—V. 186, p. 321.

National Tea Co.—Current Sales Up—

Period End. July 13—	1957—4 Wks.	1956	1957—28 Wks.	1956
Sales	$50,769,069	$47,526,665	$342,714,757	$327,161,683

—V. 186, p. 528.

National Telefilm Associates, Inc.—Enters New Field

This corporation has purchased the controlling interest in television station KMGM-TV, Minneapolis-St. Paul, Minn., Ely A. Landau, NTA President, and Sy Weintraub, KMGM-TV President, said on Aug. 26 in a joint statement. The terms of the transaction were not disclosed. The sale is subject to the approval of the Federal Communications Commission.

National Telefilm Associates will acquire 75% of the stock of United Television, Inc., the present owner and operator of the television property. Loew's Inc. retains its 25% ownership in the station.

KMGM-TV will operate as a completely autonomous and self-contained company. A new corporation will be organized to handle the broadcasting activities of NTA.

KMGM-TV one of the leading independent stations in the country, began operations on Jan. 9, 1955 as KEYD-TV. Its present owners bought the property from the Family Broadcasting Corp. last year. The FCC approved the sale on May 23, 1956. It operates on Channel 9 with authorized power of 316-kw. visual and 158-kw. aural.

National Telefilm Associates has a feature film library that represents one of the largest and most diversified groups of motion pictures featuring top marquee names in the industry. The company is the exclusive distributor of all feature film made available for TV showing by 20th Century-Fox. NTA's library also includes 23 film series and 1,450 short subjects and cartoons.

In addition to feature film distribution, NTA produces film series in conjunction with Desilu Productions and TCF, Inc., the television film division of 20th Century-Fox Film Corp.

NTA is also half owner of the NTA Film Network, the first film network operating on a commercial basis in this country. The remaining 50% of the network, which began commercial operations April 1, 1957, is owned by 20th Century-Fox Film Corp.

Other NTA divisions include NTA Pictures, Inc., a theatrical releasing company, and Famous Films-Programs For Television, a division dealing in re-runs.

NTA, which has assets in excess of $30,000,000, became a publicly-owned corporation in June 1955 when the company offered 312,500 shares of common stock for sale.

In July 1957, NTA had a public offering of $5,000,000 of 6% sinking fund subordinated notes with common stock purchase warrants attached and 350,000 shares of common stock. The total underwriting amounted to approximately $7,500,000.—V. 186, p. 215.

National Theatres, Inc. (& Voting-Controlled Subs.)—Earnings Maintained at Same Level—

39 Weeks Ended—	June 25, '57	June 23, '56
Theatre admissions & miscell. theatre income	$40,909,966	$40,020,265
Rents from tenants and other income	2,481,077	2,636,198
Total income	$43,391,043	$42,656,463
Operating and administrative expenses	37,272,839	36,183,778
Depreciation	2,519,425	2,805,827
Contributions to employees' retirement plan	278,000	330,000
Interest	493,987	579,685
Provision for Federal income taxes	1,440,000	1,340,000
Portion of net income applicable to minority interests	20,972	38,199
Net income	$1,365,820	$1,378,974
*Earnings per share	$0.51	$0.51

*Based on the 2,699,426 shares of stock outstanding.

Net income from operations amounted to $1,251,000, or 46 cents per share, as compared to $961,000, or 36 cents per share, in the like 39 weeks of last year. Net income from dispositions of real estate and other capital assets was $115,000, or 5 cents per share, as compared to $418,000 or 15 cents per share, in last year's 39 week period.

In the quarter ended June 25, 1957 net income from operations was $163,000, or 6 cents per share, as compared with $239,000, or 9 cents per share, last year. However, dispositions of capital assets resulted in net income of only $15,000, approximately 1 cent per share, as compared with net income of $216,000, or 8 cents per share, last year. As a result, consolidated net income for the quarter was $178,000, or 7 cents per share, as compared to $455,000, or 17 cents per share, last year.—V. 184, p. 2785.

Neisner Brothers, Inc.—Sales Improve—

Period End. July 31—	1957—Month	1956	1957—7 Months	1956

—V. 186, p. 321.

New Jersey Bell Telephone Co.—Bids Sept. 11—

The company, at Room 2315, 195 Broadway, New York, N. Y., will, up to 11 a.m. (EDT) on Sept. 11 received bids for the purchase from it of $30,000,000 36-year debentures, due Sept. 1, 1993. See also V. 186, p. 842.

New Orleans & Northeastern RR.—Earnings Decrease

Period End. June 30—	1957—Month	1956	1957—6 Mos.	1956
Railway oper. revenue	$1,160,207	$1,238,511	$6,186,432	$6,644,258
Railway oper. exepnses	720,853	673,663	4,163,397	3,807,934
Net rev. from ry. opers.	$439,354	$564,848	$2,023,035	$2,836,324
Net ry. oper. income	161,756	203,200	728,745	1,084,972

—V. 186, p. 215.

New York Central RR.—Equipment Trust Certificates Offered—Halsey, Stuart & Co. Inc. and associates on Aug. 27 offered $3,555,000 of 5% equipment trust certificates, maturing annually, Sept. 16, 1958 to 1972, inclusive. The certificates, scaled to yield from 4.75% to 5.25%, according to maturity, were awarded to the group on Aug. 26 on a bid of 98.06%.

Salomon Bros. & Hutzler bid 98.67% for the certificates with a 5⅛% coupon.

Issuance and sale of the certificates are subject to the authorization of the Interstate Commerce Commission.

The issue is to be secured by 665 all steel self-clearing hopper cars, estimated to cost $4,555,250.

Associates in the offering are—Dick & Merle-Smith; R. W. Pressprich & Co.; Baxter & Co.; Freeman & Co.; New York Hanseatic Corp.; Wm. E. Pollock & Co., Inc.; Shearson, Hammill & Co., and McMaster Hutchinson & Co

EARNINGS FOR JUNE AND FIRST SIX MONTHS

Period End. June 30—	1957—Month	1956	1957—6 Mos.	1956
	$	$	$	$
Railway oper. revenue	60,105,607	66,762,504	379,788,431	397,092,762
Railway oper. expenses	51,059,737	53,798,789	316,633,573	319,564,907
Net rev. from ry. opers.	9,045,870	12,963,715	63,154,858	77,527,855
Net ry. oper. income	1,738,794	5,870,994	19,415,132	31,962,703

Net income of $247,465, equal to four cents a share for the month of July, 1957, was reported on Aug. 27 by this railroad. This compares with $1,330,744, or 20 cents a share for July, 1956.

Alfred E. Perlman, President of the Central, said the July figures showed the effects of the continuing inflationary spiral of wage and material costs. In addition, he pointed out, there was an extension in July of the generally lower business activity which characterized most major freight commodity groups during the year. Of specific damage to the Central's traffic were several serious strikes in indsutries on its line.

He also pointed out that spending for the railroad's heavy physical improvement program had not been reduced during the month.—V. 186, p. 215.

Niagara Mohawk Power Corp.—Filed Bond Financing

This corporation on Aug. 27 filed a registration statement with the SEC covering $50,000,000 of general mortgage bonds, due Sept. 1, 1987, to be offered for public sale at competitive bidding.

Net proceeds from the sale of the bonds will be used by the company for the payment of outstanding bank loans ($15,000,000 at Aug. 31, 1957, incurred to meet construction costs), to reimburse the company's treasury and to finance in part the company's construction program. The construction program of the company and its subsidiaries is expected to require about $95,000,000 in 1957.—V. 186, p. 528.

Northeastern Steel Corp.—Reorganization Plan Held Unfair by SEC—

The Securities and Exchange Commission on Aug. 27 announced the filing with the U. S. District Court for the District of Connecticut, of an Advisory Report of the Commission, pursuant to The Bankruptcy Act, on a proposed plan of reorganization for this corporation which is a non-integrated steel producer in Bridgeport, Conn. The plan of reorganization proposed by J. William Hope and Richard Joyce Smith, Trustees, is based on an offer by Carpenter Steel Co., a New Jersey corporation which manufactures specialty steel products.

In general the plan provides for the recapitalization of Northeastern so that it would have outstanding the present $6,000,000 principal amount of first mortgage bonds with defaults cured and 1,000,000 shares of new common stock. The 1,000,000 shares of stock would be issued to Carpenter in exchange for shares of Carpenter's own common stock, the specific number to be determined by formula, with a minimum of 40,000. The Carpenter stock will be distributed to a bank with a claim of $250,000, to holders of general unsecured claims, and to debenture holders in satisfaction of their claims on the basis of a formula. To the extent cash is available after satisfaction of prior claims, it will be used to discharge the note held by the bank. The plan does not provide for the participation of stockholders, warrant holders or option holders.

The Commission's report concludes that the plan of reorganization is unfair in that the consideration offered by Carpenter in shares of its common stock does not represent fair compensation for the interest in the assets and facilities being acquired by it. Moreover, the Commission concluded that the plan, in order to be fair should be amended to eliminate the discriminatory formula for determining the distribution and allocation of the Carpenter stock. However, the Commission reported that the exclusion of stockholders, warrant holders and option holders from participation was fair since the indicated value of the debtor is less than the full claim of the creditors. As to feasibility, the Commission's report concludes that in view of Carpenter's debt-free capitalization and working capital position, the plan is feasible.

A hearing is to be held in the U. S. District Court in New Haven, Conn. before Judge Robert P. Anderson, the Judge in charge of the reorganization proceeding, on Sept. 3, 1957, to consider whether the Court should approve the plan.—V. 185, p. 2451.

Northern Natural Gas Co.—Plans Expansion—

The Federal Power Commission has authorized this company to construct and operate natural gas facilities in Hansford County, Tex., at an estimated net cost of about $1,651,332.—V. 186, p. 115.

Northern Pacific Ry.—June Earnings Drop—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
Railway oper. revenue	$14,751,697	$16,065,932	$88,171,056	$89,398,175

—V. 186, p. 216.

Northern States Power Co. (Minn.)—Expansion—

A $25,000,000, 150,000-kilowatt unit will be added to this company's Black Dog generating plant south of the Twin Cities in 1960, officials announced on Aug. 28. Construction of the giant new unit will start this Fall.

Cost of the new Black Dog unit is equivalent to 72% of all construction permits for buildings of all types granted in Minneapolis last year. It will bring NSP's investment in the Black Dog plant to more than $65,000,000. The plant now includes three units having a combined generating capability of 300,000 kilowatts. This will be boosted to nearly 500,000 with the addition of unit No. 4.

A similar unit is now being added to NSP's High Bridge plant in St. Paul and is expected to be in operation in 1959. Each will have rated capacities of 150,000 kilowatts but will be capable of producing 170,000 kilowatts. These will be the largest generating units on the NSP system and among the most efficient in the nation.

Black Dog plant is one of the 66 plants serving NSP customers in more than 500 communities in Minnesota, Wisconsin, North and South Dakota. The plant is located on the Minnesota River.

The company's total generating capability is now nearly 1,500,000 kilowatts. In 1959 the new High Bridge unit will bring this total to more than 1,600,000 and the following year the company's generating capability will exceed 1,775,000 kilowatts.—V. 186, p. 842.

Net rev. from ry. opers.	$405,709	$498,424	$1,810,803	$2,245,664
Net ry. oper. income	127,956	130,420	314,437	398,243

—V. 186, p. 216.

Northwestern Public Service Co.—Bids Sept. 4—

The company will receive bids up to 10 a.m. (CDT) on Sept. 4, at the offices of Messrs. Dallstream, Schiff, Hardin, Waite & Dorschel, Room 1705, 231 So. La Salle St., Chicago 4, Ill., for the purchase from it of $1,500,000 first mortgage bonds due 1987.—V. 186, p. 628.

Ohio Oil Co.—Plans to Construct Pipe Line—

The Panama-Williams Construction Co. of Houston, Texas, will construct the Ohio Oil Co.'s products pipeline from Robinson to Champaign, Ill., John R. Donnell, Vice-President and Manager of Supply and Transportation, has announced.

The contract was signed after Ohio Oil received from the Illinois Commerce Commission a Certificate of Public Convenience and Necessity to construct and operate as a common carrier a petroleum products pipeline between the two cities.

The first 54 miles of the 85-mile 12-inch line has been delivered, and 31 miles is expected by Oct. 1, Mr. Donnell Said.

Completion of the line is targeted for December this year. The line will transport products from Ohio Oil's refinery at Robinson, as well as products of other companies, to a terminal under construction near Champaign. The line will have an ultimate capacity of more than 90,000 barrels of products daily.

CONSOLIDATED STATEMENT OF EARNINGS

Six Months Ended June 30—	1957	1956
	$	$
Net sales and other income	146,938,504	140,718,062

Shares of common stock outstanding	13,126,753	13,126,753
Net income per common share	$1.69	$1.62
Cash dividends paid (per share)	$0.80	$0.80

—V. 186, p. 628.

Olin Mathieson Chemical Corp.—Buys Plant—

This corporation has purchased a site near Montville, Conn., where it will erect a small plant for the assembly of nuclear reactor cores, Edward Hartshorne, General Manager of the Nuclear Fuels Division, New Haven, has announced. Montville is north of New London, Conn.

Components for the reactor cores will continue to be made in the company's New Haven plant.

At this time no date has been set for the beginning of construction, but plans call for the plant to be completed in the Spring of 1958, and for the eventual construction of a larger plant in addition to the initial facility at the site, Mr. Hartshorne said.

At the time of the formation of the Nuclear Fuels Division in 1956, it was pointed out that the company had moved into the field because it believed that power from nuclear fuels was destined to play a vital part in the future growth of the nation's economy.

The company also produces high-energy liquid fuels and high-energy solid fuels. Announcement was recently made of the beginning of construction of a $36,000,000 plant to make boron-based, liquid high-energy fuels near Niagara Falls, N. Y. The company has also made known that it was starting a four-year program to develop and produce high-energy solid propellants for rocket engines at its Ordill Works near Marion, Ill.—V. 186, p. 842.

Pacific Telephone & Telegraph Co.—Stock Offered—

The company is offering to its stockholders of record Aug. 28 the right to subscribe on or before Sept. 30 for 1,822,523 additional shares of common stock at par ($100 per share) at the rate of one share for each six shares of common and/or preferred stock held. The offering is not underwritten. The American Telephone & Telegraph Co., the parent, will receive rights to subscribe for 1,633,128 of the shares and intends to subscribe for such shares.

The offering to the public of $90,000,000 23-year 5⅛% debentures, due Aug. 1, 1980, made on Aug. 21 by Halsey, Stuart & Co. Inc. and associates at 102.387% and accrued interest, was quickly completed.

PROCEEDS—The net proceeds from the sale of the stock and of $90,000,000 debentures in August are to be used to repay advances from the parent company and toward the cost of Pacific's construction program.

EARNINGS FOR JUNE AND FIRST SIX MONTHS

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
	$	$	$	$
Operating revenues	71,109,661	64,919,552	418,769,189	380,987,099
Operating expenses	46,823,240	42,190,094	279,428,026	259,329,725
Federal income taxes	7,551,000	7,650,431	43,417,000	38,188,484
Other operating taxes	6,073,794	5,029,176	37,355,878	32,221,047
Net operating income	10,661,627	10,049,851	58,568,285	51,247,843
Net after charges	9,157,045	8,696,107	49,436,402	42,906,234

—V. 186, p. 842.

Paragon Electric Co., Two Rivers, Wis.—Note Placed Privately—

This company, it was announced on Aug. 28, has placed privately, through Loewi & Co., Inc. of Milwaukee, Wis., a $500,000 12-year unsecured note.—V. 185, p. 1047.

Pato Consolidated Gold Dredging Ltd.—Output—

Period End. June 30—	1957—3 Mos.—1956		1957—6 Mos.—1956	
Yardage dredged	6,192,000	6,812,000	12,395,000	13,407,000
Ounces fine gold	19,594	53,721	49,814	100,910
Value at $35 U. S. per ounce	$685,790	$1,880,235	$1,743,490	$3,531,850
Value per yard in U. S. cents	11.08c	27.60c	14.07c	26.34c

The net profit for the six months ended June 30, 1957, is estimated at $650,000, or 18½c per share. This compares with a net profit of $1,294,000 (37c per share) for the same period last year.—V. 184, p. 2785.

Pemberthy Instrument Co., Inc., Seattle, Wash.—Files With Securities and Exchange Commission—

The corporation on Aug. 15 filed a letter of notification with the SEC covering 78,480 shares of class A non-voting common stock (par $2.50) and 8,720 shares of class B common stock (par $2.50) to be offered in units of nine shares of class A stock and one share of class B stock as follows: For class A stock, $3 per share; and for class B stock, $3.50 per share. The proceeds are to be used for purchase of new equipment and working capital.

The business of the corporation is research and production of heavy lead glass, etc.

Penn-Texas Corp.—Omits Common Stock Dividend—

The directors on Aug. 26 voted the regular quarterly dividend of 40 cents per share on the $1.60 cumulative convertible preferred stock, payable Sept. 30, 1957, to holders of record Sept. 16, 1957. No action was taken on the company's common stock.

According to an announcement by the board of directors, it was decided to pursue a waiting policy with regard to common stock dividends. This action was based upon the fact that the 4½% in stock dividends paid thus far in 1957 represented a total market value of 51 cents on the dates of declaration, while earnings for the first six months were 49 cents on the common stock.

Sales for the first half year were announced as better than $69,000,000. The corporation's backlog of orders is approximately $65,000,000.—V. 185, p. 2917.

(J. C.) Penney Co.—July Sales Increased—

Period End. July 31—	1957—Month—1956		1957—7 Months—1956	
Sales	$91,148,985	$85,750,063	$631,725,149	$627,466,709

—V. 186, p. 322.

Pennsalt Chemicals Corp.—Forms Canadian Subsidiary

This corporation has announced the formation of a wholly-owned subsidiary in Canada. The new component will be known as Pennsalt Chemicals of Canada, Ltd. "Through this new subsidiary," William P. Drake, President, stated, "Pennsalt will be able to provide improved customer service for its expanding chemical specialties markets in Canada."—V. 186, p. 529.

Pennsylvania RR.—Earnings—

Period End. June 30—	1957—Month—1956		1957—6 Months—1956	
	$	$	$	$
Railway oper. revenue	83,679,677	85,823,220	501,984,700	499,640,215

—V. 186, p. 9.

Pennsylvania Reading Seashore Lines—Reports Loss—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
Railway oper. revenue	$755,516	$822,806	$4,511,340	$4,603,011
Railway oper. expenses	908,342	867,617	5,387,134	5,197,390
Net def. from ry. opers.	$152,826	$44,811	$875,794	$594,379
Net ry. oper. deficit	423,991	292,748	2,471,498	2,005,356

—V. 186, p. 216.

Peoples Drug Stores, Inc.—July Sales Up—

Period End. July 31—	1957—Month—1956		1957—7 Months—1956	
Sales	$5,260,375	$4,814,388	$36,670,337	$33,845,555

—V. 186, p. 322.

Permutit Co.—To Vote on Merger—

See Pfaudler Co. below.—V. 186, p. 216.

Personal Industrial Bankers, Inc.—Securities Placed Privately—

This corporation, it was announced on Aug. 21, has placed privately, through Reynolds & Co., $1,500,000 of senior debentures, series A, and $1,000,000 subordinated debentures, series A, both due Aug. 1, 1968. —V. 183, p. 3014.

Pfaudler Permutit, Inc.—To Be Surviving Company—

See Pfaudler Co. above.—V. 186, p. 217.

Pfaudler Co., Rochester, N. Y.—Proposed Merger—

The stockholders of this company and of the Permutit Co. will have special meetings Sept. 16 to vote on the merger of the two firms under the name Pfaudler Permutit Inc.

Voting will be limited to stockholders of record at the close of business on Aug. 14. Approval by the holders of two-thirds of the outstanding shares of stock is necessary to form the consolidated corporation. There are 249,242 outstanding shares of Pfaudler stock and 220,000 shares of Permutit.

The directors of both companies unanimously expressed their approval of the plan at meetings early in July. At the same time, announcement was made that Pfaudler had purchased approximately 25% of the outstanding shares of Permutit stock from Ward Industries Corp.

The merger would be accomplished by an exchange of common stock on a basis whereby each Pfaudler shareholder would obtain 1.429 shares in Pfaudler Permutit Inc. for each Pfaudler share owned. Permutit stockholders would receive one share of Pfaudler Permutit Inc. for each Permutit share owned.

Henry W. Foulds, Chairman of the Board and President of Permutit and Ranlet Miner, Board Chairman of Pfaudler, would become Chairman and Vice-Chairman, respectively, of the board of the combined companies. Pfaudler President Mercer Brugler would be President and Chief Executive Officer and Donald A. Gaudion, Pfaudler Executive Vice-President, would be Executive Vice-President of the merged firms.

Pfaudler had total domestic sales of $22,039,012 in the fiscal year ended May 31, 1957, while Permutit had sales of $13,909,810 in the fiscal year ended Dec. 31, 1956.

The shareholders' equities in the two companies show a relationship similar to the relative sales volumes. Pfaudler had a net worth of $9,782,648 as of May 31, 1957; Permutit's net worth amounted to $5,495,580 on June 30, 1957.

Backlog of unfilled Pfaudler orders at May 31, 1957 was $9,319,755. Permutit's unfilled orders on June 30, 1957 totalled approximately $6,500,000.—V. 186, p. 884.

Philadelphia Electric Co.—Proposes Bond Issue—

This company on Aug. 22 filed a registration statement with the SEC covering $40,000,000 of first and refunding mortgage bonds, due 1987, to be offered for public sale at competitive bidding.

Net proceeds of the sale of the bonds will be used for the company's expansion program and to repay a portion of the $23,000,000 in bank loans which were obtained for the interim financing of construction. It is expected that additional funds to finance this program during 1957 will be obtained through further bank loans and from internal sources.

In order to continue its expansion program to provide for increasing demands for service, it is estimated that approximately $460,000,000 will be required for the period 1957-1961, of which about $260,000,000 is expected to be obtained from the sale of new securities (including

Digitized for FRASER
http://fraser.stlouisfed.org/

the $22,000,000 of common stock sold in June of this year and the $40,000,000 of new bonds), the rest of the funds being provided from internal sources to the extent available.—V. 186, p. 423.

Philadelphia Suburban Transportation Co.—Earns. Up

Six Months Ended June 30—	1957	1956
Total gross income	$421,713	$390,091
Interest charges	43,551	59,027
Amortization debt discount	2,063	949
Provision for income taxes	202,467	178,541
Net income to surplus	$173,632	$151,574
*Earnings per common share	$0.68	$0.58

*After preferred dividends and on the basis of presently outstanding shares.—V. 186, p. 322.

Piasecki Aircraft Corp.—Backlog of Orders Rise—

Total unfilled orders for new development projects and other programs of this corporation at the present time approximately double those shown on June 30, 1956, it was disclosed on Aug. 27 by F. N. Piasecki, President. He reported that the company had made progress during the year despite some unforeseeable developments that affected anticipated improvement in operations. The combination of increased orders on hand, together with prospects for decreased non-recurring and non-productive expenses, should result in profitable operations during the current fiscal year, he stated.

Sales for the year ended June 30, 1957, increased to $1,200,357 from the $45,015 shown in the previous fiscal year. During that period, the company was in production only in the last four months.

In November, 1956, Piasecki Aircraft acquired the 334-acre site, plant and manufacturing facilities of the Aircraft Division of Bellanca Corp. at New Castle, Del. Acquisition of this plant resulted in heavy non-productive expenses due to unpredictable labor difficulties which resulted in an operating loss of $508,437 for the 1957 fiscal year. This compares with a loss of $283,119 in the previous fiscal year. —V. 186, p. 628.

Piedmont & Northern Ry.—June Earnings Down—

Period End. June 30—	1957—Month	1956	1957—6 Mos.	1956
Railway oper. revenue	$367,912	$419,626	$2,687,770	$2,902,127
Railway oper. expenses	217,871	220,619	1,308,582	1,312,807
Net rev. from ry. opers.	$150,041	$199,007	$1,379,188	$1,589,320
Net ry. oper. income	37,013	60,134	419,476	518,239

—V. 186, p. 217.

Pioneer Investment Co., Taos, N. M.—Files With SEC

The company on Aug. 15 filed a letter of notification with the SEC covering 100 shares of common stock (par $100) and $100,000 of 7% subordinated debenture notes (payable in one, two or three years from date) to be offered at par. No underwriting is involved. The proceeds are to be used to retire bank lines of credit and to increase outstanding loans receivable.

Pittsburgh & Lake Erie RR.—June Earnings Off—

Period End. June 30—	1957—Month	1956	1957—6 Mos.	1956
Railway oper. revenue	$3,827,149	$4,029,075	$22,915,073	$22,763,778
Railway oper. expenses	3,341,117	3,046,207	19,890,275	18,055,358
Net rev. from ry. opers.	$486,032	$982,868	$3,024,798	$4,708,420
Net ry. oper. income	884,970	893,120	4,844,615	5,764,907

—V. 186, p. 424.

Pittsburgh & West Virginia Ry.—June Earns. Declined

Period End. June 30—	1957—Month	1956	1957—6 Mos.—1956	
Railway oper. revenue	$841,103	$818,492	$5,053,474	$4,749,308
Railway oper. expenses	604,220	601,729	3,665,182	3,480,201
Net rev. from ry. opers.	$236,883	$216,763	$1,388,292	$1,269,107
Net ry. oper. income	154,250	114,849	810,181	689,254

—V. 186, p. 115.

Plymouth Fund, Inc., Miami, Fla.—Statement Effective

The registration filed with the SEC on Feb. 5, last, covering a proposed issue of 500,000 shares of capital stock (par $1), through Plymouth Bond & Share Corp., Miami, Fla., was declared effective on Aug. 1. See also V. 185, p. 723.

Portland General Electric Co.—Earnings Increased—

Seven Months Ended July 31—	1957	1956
Total operating revenues	$21,493,154	$20,227,996

Earnings per share based on average shares outstanding	$1.08	$1.03
Total shares of common stock outstanding at July 31	3,300,000	3,000,000
Earnings per share based on total shares outstanding at July 31	$1.03	$1.03

—V. 186, p. 732.

Postman Co. (N. Y.)—SEC Issues Order Vacating Order of Suspension—

The Securities and Exchange Commission on Aug. 22 announced that, at the request of [illegible] Hayman, of New York, who proposed the formation of a limited New York partnership under the name The Postman Co., the Commission has vacated its order of March 22, 1957, temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of $25,000 of pre-formation limited partnership interests.

The March 22nd suspension order was based upon non-compliance with the terms and conditions of Regulation A, by reason of the failure to file the required semi-annual reports reflecting the amount of securities sold. Subsequently, a report of sales was filed, accompanied by an affidavit that the prior failure to file had been due to inadvertence. Under the circumstances, the Commission determined to vacate the suspension order.—V. 185, p. 1519.

Procter & Gamble Co.—Record Sales and Earnings—

Record figures for both sales and earnings were reached by this company during the past fiscal year, it was announced in the annual statement sent to the company's 56,000 shareholders.

For the 1956-57 fiscal year P&G's net sales totaled $1,156,389,726, highest ever in the company's 120-year history. P&G passed the billion dollar sales mark for the first time last year with total sales of $1,038,290,374.

Consolidated net earnings reached a record high of $67,807,376. Earnings in the 1955-56 fiscal year totaled $59,316,471.

Earnings equaled $3.44 per share on the average number of common stock shares outstanding, an increase of 39 cents over last year's earnings of $3.05 per share.

During the fiscal year, P&G acquired various parts of the Duncan Hines business in August, 1956, the Charmin Paper Mills, Inc. business in January, 1957, and reached agreement with Clorox Chemical Co. in April, 1957, to acquire Clorox properties and business. The transaction was completed Aug. 1.

The statement also reported completion of two new plants in the U. S. and another in Belgium, the beginning of construction of a new plant in Canada, completion of a new research center in England and expansion of the company's cellulose pulp mill in Florida.—V. 186, p. 733.

Public Service Co. of Indiana, Inc.—May Sell Bonds Privately—

This corporation cancelled plans to sell publicly $35,000,000 of first mortgage bonds and applied to the Indiana P. S. Commission for permission to sell the securities to private investors. The 30-year 4⅛% first mortgage liens would be sold to a group of institutional investors.

The company has originally listed the public sale of these bonds in 1956, then set the date forward to Oct. 9, 1957. "We had a chance to make a private deal in line with what we think is the present market, and at least as good as we expect the market to be Oct. 9," commented Robert A. Gallagher, President.—V. 186, p. 529.

Public Service Electric & Gas Co.—Bonds Offered—

The First Boston Corp. and associates on Aug. 29 offered publicly an issue of $60,000,000 first and refunding mortgage bonds, 4⅞% series due Sept. 1, 1987, at a price of 101.026% and accrued interest to yield 4.81%. The group was awarded the bonds on Aug. 28 at competitive bidding at 100.27999% for the indicated coupon.

Other bidders for the bonds as 4⅞s were: Kuhn, Loeb & Co. and Lehman Brothers (jointly), 100.159%; and Halsey, Stuart & Co. Inc., 100.109%.

The bonds will not be redeemable prior to Sept. 1, 1962 out of proceeds of any refunding operation involving a cost of money in excess of the company's annual cost of money for these bonds, but are otherwise redeemable at the option of the company at regular redemption prices ranging from 106.03% for those redeemed prior to Sept. 1, 1958, to 100% for those redeemed after Aug. 31, 1986; and at special redemption prices ranging from 101.03% for those redeemed prior to Sept. 1, 1958, to 100% for those redeemed on or after Aug. 31, 1986.

PROCEEDS—Net proceeds from the sale of the bonds will be used by the company for payment before maturity of $60,000,000 of unsecured short-term bank loans incurred in June, 1957 primarily for construction purposes. The company's current construction program approximates $271,000,000, of which approximately $70,000,000 has been or will be expended in the last six months of 1957, and the remainder in subsequent years. As of June 30, 1957, the company had construction commitments aggregating about $87,000,000. It is anticipated that in order to finance its current construction program the company will sell $25,000,000 par value of its cumulative preferred stock in the fall of 1957 or in 1958, if market conditions are considered satisfactory, as well as other securities in 1958 and subsequently.

BUSINESS—The company is an operating public utility engaged in the electric and gas business in New Jersey. In addition, its own all the outstanding capital stock of Public Service Coordinated Transport which operates a comprehensive mass bus transportation system that serves areas in New Jersey and extends into New York City, Philadelphia and Wilmington.

EARNINGS—For the 12 months ended June 30, 1957, total operating revenues of the company amounted to $311,671,345 and net income to $33,498,285. This compares with total operating revenues of $299,884,485 and net income of $32,035,326 for the calendar year 1956.

CAPITALIZATION—Giving effect to the current financing, capitalization of the company consists of: $508,561,000 in long-term debt; 749,995 shares of cumulative preferred stock, par value $100; 2,536,283 shares of $1.40 dividend preference common stock, no par value, and 12,208,327 shares of common stock, no par value.

PURCHASERS—The purchasers named below have severally agreed to purchase from the company the following respective principal amounts of the new bonds:

The First Boston Corp.	$7,100,000	C. F. Childs & Co., Inc.	$300,000
Dick & Merle-Smith	2,500,000	Crowell, Weedon & Co.	300,000
Eastman Dillon, Union Securities & Co.	2,500,000	Elkins, Morris, Stokes & Co.	300,000
Carl M. Loeb, Rhoades & Co.	2,500,000	Glover & MacGregor, Inc.	300,000
Merrill Lynch, Pierce, Fenner & Beane	2,500,000	Henry Herrman & Co.	300,000
R. W. Pressprich & Co.	2,500,000	Hill Richards & Co.	300,000
Salomon Bros. & Hutzler	2,500,000	Joseph, Mellen & Miller, Inc.	300,000
Wertheim & Co.	2,500,000	Shuman, Agnew & Co.	300,000

Puritan Fund, Inc.—Net Assets Up 21%—

For the fiscal year ended July 31, 1957, this Fund reported a further substantial increase in net assets, shares outstanding and number of shareholders, all obtaining new highs. Net assets totaled $33,463,105, compared with $27,703,921 as of July 31, 1956, an increase of 21%. Number of shares outstanding increased to 5,268,746 from 4,100,804. Number of shareholders increased to 14,000 from 11,060.

During fiscal year just ended, income distributions totaled 39 cents a share, a new high compared with 38 cents a share a year ago and 35 cents a share two years ago. On Aug. 1, 1957, the Fund also declared distribution of six cents a share payable Sept. 3, 1957 from long-term capital gains realized during the fiscal year.—V. 183, p. 1114.

Radio Corp. of America—Navy Research Contract—

The corporation has been awarded a research contract of approximately $1,500,000 by the U. S. Navy's Bureau of Ships for a development study of an ultra-high-speed electronic computing system, it was announced on Aug. 26 by Theodore A. Smith, Executive Vice-President, RCA Industrial Electronic Products.

Mr. Smith said the study, designated as "Project Lightning," will be conducted by RCA's Bizmac electronic data-processing system department, with assistance from the David Sarnoff Research Center of RCA and the RCA Electron Tube Division.

The research study, he said, will focus on the design of an ultra-high-speed electronic data-processing system, incorporating random access memory and high-density tape recording, which will exceed by far the speed capabilities of any presently available comparable system. —V. 186, p. 733.

Radorock Resources, Inc.—Proposed Merger—

See Atlas Corp. above.—V. 186, p. 733.

Reading Co.—June Earnings Show Gain—

Period End. June 30—	1957—Month	1956	1957—6 Mos.	1956
Railway oper. revenue	$11,154,262	$10,989,049	$71,011,288	$69,563,998

—V. 186, p. 884.

Ray-O-Vac Co., Madison, Wis.—Merger Planned—

See Electric Storage Battery Co. above.—V. 186, p. 424.

Reserve Oil & Gas Co.—Earnings Decline—

This company on Aug. 16 reported gross income of $1,250,978 for the first six months of 1957, as compared with $1,685,672 for the comparable period in 1956.

The decrease was due, the company explained, to lower rates of oil production. Flush production from recently completed wells prevailed in early 1956 and declined through the remainder of that year and into 1957. This decline has been halted and production rates are now increasing with stepped up development of the company's properties.

The company reported that net daily production averaged 1,964 barrels for the first six months of 1957 and 2,822 barrels for the same period in 1956. July, 1957 production was in excess of 2,000 barrels a day.

Unaudited book net income for the six months of 1957 (before income taxes, if any, but after allowance for dry holes and book charges for depreciation and depletion) amounted to $344,275, compared with $586,293 for the like period in 1956. Based on the 1,181,870 shares presently outstanding, this represents 29 cents a share and 50 cents a share, respectively.

The company pointed out that increased operating costs and increased rates of depreciation and depletion as well as decreased rates of production accounted for the decline in net income.

Working capital at June 30, 1957 was $1,313,702, including $1,027,000 in cash and U. S. Treasury certificates. The company has no bank loans or funded indebtedness.—V. 185, p. 1519.

Rexall Drug Co.—Sales Up—Earnings Lower—

Consolidated net earnings for the six months ended June 30, 1957, after provision of $1,310,000 for Federal income taxes, were $1,537,998, equivalent to 47 cents per share, based on 3,269,921 shares of capital stock outstanding. This compares with net earnings of $1,729,216, after provision of $1,873,000 for Federal income taxes, equivalent to 52 cents per share, based on 3,335,099 shares of capital stock outstanding, for the first half of 1956.

Consolidated net sales for the six months were $73,031,120 as compared with $71,986,023 for the same period in 1956.

SIGNIFICANT BALANCE SHEET ITEMS AT JUNE 30

	1957	1956
Cash and short-term securities	$8,415,572	$10,966,440
Inventories	40,610,966	38,448,631
Receivables	15,324,542	14,365,395
Total current assets	$64,351,080	$63,780,466
Total current liabilities	20,482,419	17,044,385
Working capital	$43,868,661	$46,736,081
Total long-term debt	20,860,455	22,332,861

Seasonal requirements during the first half of 1957 have necessitated the borrowing of $3,500,000 at June 30, 1957, on short-term bank loans. No similar loans were required during the first half of 1956.

Present indications are that earnings for the last six months of 1957 will be in excess of the 83 cents per share earned in the same period of 1956, according to Justin Dart, President.—V. 186, p. 529.

Reynolds Metals Co.—President of Unit Named—

W. G. Reynolds, Vice-President and a director of this company, on Aug. 22 was named President of Reynolds International, Inc., in a move by the aluminum firm to strengthen its overseas operations. He will also be responsible for Reynolds exports from the United States.

Reynolds International has two plants in Columbia, and one each in Canada, the Philippines and Mexico. Two additional units are under construction in Cuba. Sales offices are maintained in principal cities throughout the free world. W. G. Reynolds succeeds his brother, J. Louis Reynolds, as head of Reynolds International, Inc. The latter is Executive Vice-President of Reynolds Metals Co.—V. 186, p. 530.

Richfield Oil Corp.—Earnings Decline—

—V. 186, p. 217.

Rio de Oro Uranium Mines, Inc.—Proposed Merger—

See Atlas Corp. above.—V. 182, p. 2360.

Rockwell Manufacturing Co. (& Subs.)—Earnings Up

Six Months Ended June 30—	1957	*1956
Net sales	$61,129,000	$53,656,000
Net income	4,743,000	4,332,000
†Earnings per share	$2.15	$2.02
Dividends paid per share	$1.10	$1.10
Book value per share	$29.17	$26.65
Net working capital	42,619,000	34,876,000
Ratio—Current assets to current liabilities	4.4 to 1	4.1 to 1

*1956 figures have been restated from those originally released to include a 4% stock dividend paid in December, 1956. †Based on average number of shares outstanding during each period.

Orders, shipments, and earnings for the second quarter of 1957 all exceeded first quarter 1957 and second quarter 1956 results, setting new highs for both the quarter and the first half. Orders averaged just under $11,000,000 per month, portending continuing high shipment volume for the ensuing months.

Second quarter earnings of $1.20 per share raised the six-month total to $2.15, compared with $2.02 a year ago, adjusted to reflect the 4% stock dividend paid in December, 1956. Profit ratios, however, declined slightly from a year ago reflecting extraordinary expenses in connection with recent acquisitions and the current modernization and expansion program, plus increased material and labor costs. Higher selling prices for some of our products, plus continuing cost reduction efforts, should combine to restore normal ratios for the year as a whole.

The new plants at Porterville, Calif., and Knox, Indiana, were dedicated in June, adding 140,000 sq. ft. of plant area. The new 160,000 sq. ft. valve plant at Kearney, Neb., is progressing on schedule, and should be in limited production by the end of the year, it was announced.—V. 186, p. 530.

Roxbury Carpet Co. (& Subs.)—Reports Earnings—

26 Weeks Ended June 29—	1957
Net sales	$8,610,311
Income (before provision for income taxes)	698,829
Provision for Federal and State taxes on income	141,089
Net income	$557,740
Net income per share	$1.14

For the second quarter net sales were $3,686,300 and net income $149,726.

In order to facilitate transfers of stock now that the common stock of the company is listed on the American Stock Exchange, the Guaranty Trust Co. of New York City has been appointed as transfer agent and the Chase Manhattan Bank of New York City as registrar, effective July 1, 1957.—V. 185, p. 2851.

itized for FRASER

Royal McBee Corp.—To Build New Plant—

This corporation on Aug. 14 announced plans to build a portable typewriter manufacturing plant in Springfield, Mo.

Philip M. Zenner, President, said the new plant was part of a long-range program to implement the company's expanding business and marketing plans in all its product lines, including data processing equipment and electronic computers.

Construction and preparation for production will require about two years, and the plant will provide employment for about 1,000 persons, Mr. Zenner said.

The company's main facilities for the manufacture of electric, standard and portable typewriters are in Hartford, Conn. Production of Royal typewriters is now running at a rate of more than 500,000 units a year.

The Springfield site, Mr. Zenner said, will provide important advantages in transportation of the portable machines to the more than 7,000 Royal dealers located in almost every community in the United States.

The corporation recently announced plans to expand its product development activity with the building of a new two million dollar research and development center in the Hartford area.—V. 186, p. 525.

(F. C.) Russell Co.—To Lend-Lease Tools—

This company, a manufacturer of windows and doors, has disclosed plans to put manufacturing tools in the hands of the Combination Window Division distributors.

Frank C. Russell, newly returned to the President's post of the company, said: "We have designed special tooling which we are going to provide our distributors on a lend-lease basis, so that they can manufacture our complete line of Rusco products at the local level."

According to Mr. Russell, distributors will purchase semi-finished materials from the Russell company for converting and final assembly into sizes and styles ordered by customers.

In pointing out some of the many advantages to this lend-lease program, Russell stated, "It will expedite delivery to customers; eliminate inventory of finished windows; effect a considerable saving in capital structure; make possible a lower selling price and permit flexibility in quickly and easily processing all orders, regardless of size or style."

He said that, in effect, the lend-lease program will add 70 small manufacturing outlets throughout the country, in addition to the three large company factories, which will continue to operate in Columbiana, Cambridge and Pandora, Ohio.

Special equipment has been designed by the Russell company, which will be sold for small down payments to distributors.—V. 186, p. 884.

Russell Reinforced Plastics Corp.—Files With SEC—

The corporation on Aug. 21 filed a letter of notification with the SEC covering 12,884 shares of class B stock (par five cents) to be offered at market (around $1.25-$1.50 per share), through Aetna Securities Corp., New York, N. Y. The proceeds are to go to three selling stockholders.—V. 180, p. 2400.

Rutland Ry.—June Earnings Down—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956

Net ry. oper. income	*21,512	22,618	164,529	200,436

*Deficit.—V. 186, p. 217.

Ryan Aeronautical Co.—20% Stock Dividend—

A 20% stock dividend on the outstanding shares of common stock was declared on Aug. 23 by the board of directors.

The board fixed a value of $34 per share to be transferred from earned surplus to capital for the shares to be issued as a dividend. This amount was determined in the light of various factors, including the current selling price, as the approximate fair market value of the shares.

This is the first time that Ryan has declared a stock dividend. It will be issued Oct. 30 to stockholders of record Oct. 4, subject to approval by the California State Corporation Commissioner of an application for permission to issue the additional shares.

The dividend will be distributed on the basis of one share for each five shares held. As no fractional shares will be issued, payment of the dividend applicable to such fractions will be made in cash. At the present time, there are 419,393 shares outstanding of an authorized capitalization of 1,000,000 shares of common stock.

It is the present intention of the board that the extra year-end cash dividend will not be declared as in recent years.

To fill the vacancy on the board created by the resignation of Harrison G. Sloane, directors named Robert C. Jackson, Los Angeles business executive. Mr. Jackson is Vice-President and General Manager of the West Shore Co., an investment company, and head of other business enterprises in the Los Angeles area. Mr. Sloane will continue as Ryan's corporate General Counsel.—V. 185, p. 2851.

Ryder System, Inc.—Acquires 3-Truck Leasing Firm—

The acquisition by this corporation of three truck leasing companies has been announced by James A. Ryder, President of Ryder System, Inc., parent company of Ryder Truck Rental and the Great Southern Trucking Co.

The Lincoln Truck Rental Co. of Buffalo and Syracuse, N. Y.; Monumental Truck Rental of Baltimore, Md., and Barnett Truck Leasing Company of Detroit, Mich., are the latest additions to the Ryder System. Total purchase price was $1,575,000, according to Mr. Ryder.

The new leasing companies added 887 trucks to the approximately 7,000 vehicles now operated by Ryder System's national leasing divisions.

The purchase by Ryder System of the Goldston Motor Express of Spray, N. C., was approved on Aug. 9 by the ICC, effective Sept. 19. This acquisition has a stock value of $200,000, Mr. Ryder said.

Pending before the ICC are the acquisition of five additional motor carriers: Cooper Motor Lines of South Carolina; Loo-Mac Freight Lines of Memphis and Atlanta; Miller Motor Lines of North Carolina; Emmott-Valley Transportation Co. of Uxbridge, Mass., and the Moffett Transit Line, Macon, Ga.—V. 186, p. 628.

Sabre-Pinon Corp.—Mining Partnership Launched—

Active mining of uranium ore deposits in New Mexico originally discovered by this corporation has been commenced by Homestake-Sapin Partners, a limited partnership of Homestake Mining Co. and Sabre-Pinon Corp.

Sabre-Pinon President, Richard D. Bokum II, said the agreement included provision for a $17,000,000 program of mining and mill construction. Homestake has advanced $7,500,000 cash to the partnership, and has arranged additional credit of $9,500,000 through The Chase Manhattan Bank of New York.

Mr. Bokum said these funds are adequate to build a 1,500-ton-per-day processing mill in Valencia County, N. M., near Grants, and to carry forward the mining of ore bodies already delineated in Sections 15, 23 and 25 of McKinley County.

Mill construction has already begun, with a completion target date of April, 1958. A contract has been executed with the Atomic Energy Commission for the purchase of uranium concentrates produced. Shaft work has started on each of the sections, and further exploration is scheduled on the remainder of the properties.

Mr. Bokum said that the mill will be capable of producing approximately 2,000,000 pounds of uranium oxide a year, operating at capacity, and that it would handle ores from properties owned by the Westwater Corp. as well as the output of the Homestake-Sapin mines. Westwater Corp. is a wholly-owned subsidiary of Sabre-Pinon, stock in which is to be distributed share-for-share to Sabre-Pinon stockholders of record Sept. 27.

Mr. Bokum said Sabre-Pinon will receive three-fourths of the profits of Homestake-Sapin Partners and Homestake Mining Company one-fourth, after loans to the operating partnership for mining and construction have been repaid.—V. 186, p. 116.

Sacramento Northern Ry.—Reports Loss—

Period End. June 30—	1957—Month—1956		1957—6 Mos.—1956	
Railway oper. revenue	$120,785	$144,746	$990,487	$992,248

Net railway oper. inc.	59,644	70,065	328,527	325,495

—V. 186, p. 217.

Schering Corp.—Proposed Merger—

Final terms for the proposed merger of this corporation and White Laboratories, Inc., were announced on Aug. 19 by Francis C. Brown, President of Schering, and James C. DeCesare, President of White Laboratories, Inc.

Culminating discussions opened more than a year ago, the merger proposal has now been approved by the two boards of directors. Proxy material will be mailed early this week to stockholders of both companies for special meetings on Sept. 19.

Under the terms of the merger agreement (1) Schering stock would be split two-for-one with an increase in the number of authorized shares. Schering common, presently authorized at 2,250,000 shares, 15 cents par value, would be converted into 6,000,000 new shares with a $1 par value. On the basis of 1,760,000 shares now outstanding, the two-for-one split would put 3,520,000 shares in the hands of present holders. (2) Schering would create 278,983 shares of a new class of stock to be designated "5% cumulative preferred stock," par value $30.

(3) White shareholders would receive 1½ shares of new Schering common stock plus one share of the new preferred stock in exchange for each share of White class A or class B now held by them. White has a total of 274,593 shares of the two classes now outstanding.

(4) The remaining authorized stock of Schering would be held for future capital needs and would be issued at such time and under such conditions as determined by the board of directors.

(5) The companies, including White's wholly-owned subsidiary, Pharmaco, Inc., would continue to be operated under the present names and management.

Mr. Brown stated that the Schering board had also expressed the intention to declare a 30-cent quarterly dividend on the new Schering common stock after completion of the merger.

White Laboratories was founded in 1922. For the fiscal year ended June 30, 1957, its sales were $12,756,000 and net profit after taxes totaled $1,654,000. Together with its subsidiary, Pharmaco, Inc., it serves both the ethical and proprietary market. Proprietary drugs are those advertised nationally to the public. Some of its well-known proprietary products include "Feen-a-Mint," a laxative chewing gum, "Chooz," an antacid, "Medigum," for the treatment of coughs, and "Regutol," a non-laxative regulator. Its trade-marked ethical drugs include a variety of vitamins and nutrients, "Mol-Iron," a hematinic, and "Aspergum," an aspirin-treated chewing gum. It is the principal producer of medicated gums.

White has extensive modern air-conditioned production facilities, located on a 105-acre plant site which is adjacent to the Garden State Parkway at Kenilworth, N. J., and three miles from Schering's main plant at Union, N. J. White is a closely-held corporation with approximately 230 stockholders.

On the basis of Schering's closing price on the New York Stock Exchange on Aug. 16 ($81), the value of White Laboratories is estimated at approximately $25,000,000.—V. 185, p. 2918.

Scott-Atwater Manufacturing Co.—New Model—

An all-new 22-horsepower model that offers big motor performance at modest cost, and further improvements in colorful styling and quiet, economical operation are features of the 1958 Scott-Atwater outboard motors, it was announced on Aug. 28.

The new line includes 10 models and a complete range of sizes, from the lightweight 3.6-horsepower "Scotty," suitable for prams, dinghies or canoes, to the 40-horspower "Royal Scott" luxury motor.

H. B. Atwater, President, said that the trend to more power in outboards is continuing stronger than ever. He said that, since his company stepped up the horsepower of its biggest motor from 33 to 40 last year, sales of the top models have more than doubled. He said that the new 22-horsepower model is being introduced this year to meet continuing public demand for a modestly priced model that meets modern big motor standards.—V. 185, p. 655.

Sears, Roebuck & Co.—Sales Down—

Per. End. July 31—	1957—Month—1956	1957—6 Months—1956
Sales	$308,537,642 $276,029,590	$1,783,570,877 $1,686,225,706

—V. 186, p. 324.

Servel, Inc.—To Sell Business of Two Divisions—

The stockholders on Sept. 11 will consider: (a) authorizing sale of business, property and assets of company's all-year air conditioning division and defense division plant, pursuant to an agreement dated July 26, 1957, between company and Arkansas Louisiana Gas Co.; (b) sale of all, or any part of, company's other business, property and assets upon such terms and conditions as board shall deem expedient, provided sales in (b) are consummated not later than Oct. 31, 1958, and are for price or prices aggregating not less than the book value recorded on the books of the company less any reserves for depreciation or amortization thereagainst, except that any property sold at public auction may be sold for the highest bid price received at such auction whether it be more or less than book value.—V. 184, p. 1396.

Shoe Corp. of America (& Subs.)—July Sales Up—

Period End. July 27—	1957—4 Weeks—1956	1957—30 Weeks—1956
Sales	$5,883,306 $5,352,719	$43,637,255 $40,461,794

—V. 186, p. 324.

Siegler Corp.—Sales Over 100% Higher—

Sales for the fiscal year ended June 30 rose to a record high level of $32,719,078, approximately doubling the $15,375,034 total of the previous year, according to John G. Brooks, President.

Following heavy research and development expenditures during the first nine months of the year, net income improved during the final quarter and reached a total for the year of $1,036,681, equal to $1.36 per share on the 761,087 shares outstanding, compared with $1,053,059, or $1.50 per share on 700,696 shares outstanding in the previous year.

For the final quarter of the past year—the three months ended June 30—earnings of $289,254 showed a rise of more than 85% over the profit of $156,783 for the comparable period of the previous year, Mr. Brooks pointed out. Sales for these quarterly periods amounted to $10,050,136 and $3,655,452, espectfvely.—V. 186, p. 734.

(L.) Sonneborn Sons, Inc. (N. Y.)—To Expand—

Expansion of its microcrystalline wax plant at Petrolia, Pa., to include facilities for the manufacture of oxidized microcrystalline type waxes was announced on Aug. 28 by this corporation, which is a petroleum refiner and a leading manufacturer of microcrystalline waxes.

These hard waxes which function as replacements for natural or vegetable waxes, are primarily intended for use in the manufacture of emulsion polishes.

A pilot plant for limited production of oxidized waxes has been in operation for some time, according to Sonneborn officials, while construction on its new plant addition is expected to begin shortly.

Southern California Edison Co.—Bonds Offered—

Halsey, Stuart & Co. Inc. headed an underwriting group which on Aug. 28 offered publicly $40,000,000 of 4⅞% first and refunding mortgage bonds, series J, due Sept. 1, 1982, at 101.085% and accrued interest to yield approximately 4.80%. The group won award of the issue Aug. 27 on its bid of 100.385%.

Other bids for the bonds with the same coupon were received as follows: Kuhn, Loeb & Co. 99.8399; The First Boston Corp. and Dean Witter & Co. (jointly), 99.8099, and Blyth & Co., Inc., 99.80.

Prior to Sept. 1, 1962, the new bonds will not be redeemable for refunding at a lower effective interest cost. Aside from this limitation the bonds may be redeemed at prices ranging from 106.09% to 100%, plus accrued interest.

UNDERWRITERS—The underwriters named below have severally agreed to purchase from the company the respective principal amounts of the new bonds set forth below:

—V. 186, p. 629.

South American Gold & Platinum Co.—Earnings Up—

Record first half profit double that of a year ago was earned by this company, Lewis B. Harder, President, reported. Earnings rose to $1,939,985, or 99 cents a share, in the six months ended June 30, from $972,484, or 50 cents on each of the 1,961,750 shares outstanding.

Gold production was more than double at 74,946 ounces of fine metal, compared with 32,389 a year earlier, while platinum output was 6,659 ounces, against 11,798.

Neither earnings nor production for the first six months of 1956 include the operations of Frontino Gold Mines, Ltd., which was acquired after that date, and which is now a wholly-owned subsidiary.

Operating profit before depreciation, depletion and income taxes was $3,229,615 for the latest period, against $1,497,201. Net earnings before taxes were $2,904,985, against $1,333,484 in the first half of 1956.—V. 185, p. 2918.

Southern California Gas Co.—Gross on Board—

Election of Courtlandt S. Gross, President of the Lockheed Aircraft Corp., as a director of the Southern California Gas Co., was announced on Aug. 20 by President F. M. Banks.

Mr. Gross also is a director in Pacific Finance Corp. as well as the Lockheed companies.—V. 186, p. 5.

Southern New England Telephone Co.—Earnings—

Southwestern Public Service Co.—Secondary Offering

—A secondary offering of 20,400 shares of common stock (par $1) was made on Aug. 21 by Merrill Lynch, Pierce, Fenner & Beane at $29.12½ per share, with a dealer's concession of $1 per share. It was oversubscribed and the books closed.—V. 186, p. 464.

Sperry Rand Corp.—New Electric Typewriter—

A new electric typewriter, called the Remington Statesman, that proportionally spaces each letter of the alphabet according to its width—the only machine of its kind yet developed that retains both the operating ease and mechanical reliability of conventional typewriters—has just been announced by Remington Rand.

Issues New Furniture Catalog—

The new Remington Rand "Dream Office" Furniture Catalog, containing 26 pages and colorfully illustrated, tells how dramatic color tone has taken the leading role in all office scenes. —V. 186, p. 884.

Spiegel, Inc. (& Subs.)—July Sales Improved—

Period End. July 31—	1957—Month—1956		1957—7 Months—1956	
Net sales	$6,519,471	$6,199,102	$56,239,652	$59,726,379

—V. 186, p. 464.

Standard Financial Corp.—To Raise Dividend Rate—

The directors have announced their intention of increasing the regular quarterly dividend on the common stock to 10 cents per share commencing with the last quarter of 1957, and of increasing the annual dividend rate from 36 cents to 40 cents per share if earnings permit, Theodore H. Silbert, President, stated on Aug. 28.

Net earnings for 1957 are estimated by Mr. Silbert to be the best in the company's history, and are expected to exceed the 52 cents per share earned in 1956. Cash dividends paid on the common stock in recent years were: 1955—32½ cents, 1956—34½ cents.

Profits for the first six months of 1957 increased approximately 20% over the same period last year. Net income for the first half of 1957 amounted to $306,984, or 25 cents per share, compared with earnings in the first half of 1956 of $259,452, equal to 21 cents per share.—V. 186, p. 530.

Spokane, Portland & Seattle Ry.—June Earnings Off—

	1957	1956
Current assets	$23,531,000	$19,156,000
Current liabilities	9,042,000	8,388,000
Net working capital	14,489,000	10,768,000
Property and other fixed assets (net)	22,298,000	18,115,000
Long-term debt	2,400,000	5,695,000
Net worth	*35,159,000	23,672,000

*Includes $7,450,000 new equity capital from sale of common stock.

H. Thomas Hallowell, Jr., President, said that total incoming business exceeded shipments in the first half of 1957, bringing the company's backlog of unfilled orders to a new all-time high. "We are looking forward to an active second half year and believe that 1957 will be an outstanding year in company's growth," he stated.—V. 186, p. 864.

Standard Shares, Inc.—Seeks Holding Company Act Exemption—

This corporation, it was announced on Aug. 26, has applied to the SEC for an order under the Holding Company Act declaring that it has ceased to be a holding company; and the Commission has given interested persons until Sept. 17, 1957, to request a hearing thereon.

Standard Shares (formerly Standard Power & Light Corp.) registered as a holding company in 1938. It now owns approximately 45.6% of the common stock of Standard Gas & Electric Co. which, in turn, owns 100% of the common stock of Philadelphia Co. The latter two holding companies are subject to Commission orders requiring them to liquidate and dissolve, and they are now in the final stages of liquidation.

In February, 1956, the Commission approved a proposal of Standard Shares to transform itself into an investment company. Its only remaining public-utility interest consists of its stock holdings in Duquesne Light Co., which has been reduced to 4.58% of the outstanding shares; and it proposes to sell an additional 9,000 such shares. An additional 1.2% of Duquesne stock is held by Standard Gas and Philadelphia. Standard Shares has outstanding only common stock and a $1,250,000 bank loan.—V. 186, p. 629.

Stanley Drug Products, Inc.—Registers in Oregon—

Registration in the State of Oregon of the proposed offering of 1,000 shares of 6% preferred stock at $100 per share and 4,000 shares of common stock at $25 per share is pending, according to an announcement by the company. See also V. 186, p. 734.

Staten Island Rapid Transit Ry.—June Net Off—

Net ry. oper. deficit	92,332	52,885	530,785	388,454

*Deficit.—V. 186, p. 218.

Statham Instruments, Ltd., Los Angeles, Calif.—Files Common Stock Offering—

This corporation on Aug. 27 filed a registration statement with the SEC covering 200,000 shares of its $1 par common stock, of which 100,000 are to be offered for public sale for the account of the company and 100,000 by certain "selling stockholders." The public offering price and underwriting terms are to be supplied by amendment. Blyth & Co., Inc., is listed as the principal underwriter.

Net proceeds to the company from its sale of 100,000 shares will be added to the general funds of the company. The company expects to apply an amount at least equal to such net proceeds to the purchase of land and the cost of construction of a new plant in Los Angeles County, Calif., which will replace buildings occupied by the company at five different locations in Los Angeles. The company has obtained an option on 23 acres of land north of Santa Monica at a cost of $390,000. Plans for the construction of the new plant are in preparation, and the estimated cost thereof is $1,000,000. Part of the proceeds are expected to be obtained from the sale of its present plant in Los Angeles.

The company now has outstanding 838,000 shares of common stock, of which officers and directors own 526,038 shares. The prospectus lists nine selling stockholders, including Louis D. Statham of Beverly Hills, the company's President, who owns 345,409 shares (41.22%) and proposes to sell 41,218 shares. The only large block is to be offered by Anna Statham, who owns 303,646 shares and proposes to sell 36,235 shares.

Stauffer Chemical Co. (& Subs.)—Earnings—

*Based on 3,461,787 shares outstanding.—V. 186, p. 324.

Steel Improvement & Forge Co.—Stock Offered—An underwriting group headed by Fulton Reid & Co., Inc., on Aug. 28 made a public offering of 77,000 shares of common stock (par $1) at $18 a share. Of these shares, 60,000 are being sold by the company and 17,000 by shareholders not in management.

PROCEEDS—The net proceeds of the 60,000-share sale will be used by the company to pay indebtedness and provide working capital for its newly acquired subsidiary, Custom Tool & Manufacturing Co., Minneapolis; to finance the moving of certain Steel Improvement operations into space recently leased adjoining its main plant in Cleveland; and to provide working capital.

BUSINESS—The company, which operates two plants in Cleveland producing standard and precision forgings for the aircraft, machinery, missile and other industries, has pioneered many forging applications of specialty metals such as heat-resisting alloys, titanium and molybdenum for use in jet and turbine engine components.

EARNINGS—Net sales in the fiscal year ended Sept. 30, 1956, were $24,616,000 and after-tax earnings were $886,000. In the nine months ended June 30, 1957, sales were $24,620,000 and earnings were $855,000.

DIVIDENDS—On July 26, 1957, a cash dividend of 10 cents per share and a 1% stock dividend were declared, payable Sept. 30, 1957, to shareholders of record Sept. 23, 1957. These dividends will accordingly be paid on the shares now offered. As long as the company's cash requirements for expansion continue, it is the intention of the company to pursue a policy of combining stock and cash dividends.

Dividends per share in the ten years and nine months ended June 30, 1957, adjusted for the three-for-one stock split, were: 1947, 5 cents; 1948, 5 cents; 1949, 5 cents; 1950, 13 cents; 1951, 13 cents; 1952, 20 cents; 1953, 13 cents; 1954, 27 cents, 1955, 7 cents; 1956, 27 cents; nine months ended June 30, 1957, 20 cents.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
90-day promissory notes issued under credit agreement	*$5,500,000	$4,500,000
†Bank note, due Feb. 11, 1959	85,000	85,000
Capital stock common (par $1)	‡600,000 shs.	385,500 shs.

*The company has a credit agreement with two banks dated June 1, 1956, providing for a revolving credit of a maximum of $5,500,000 at any one time outstanding, each borrowing to be evidenced by a 90-day promissory note bearing interest at a rate of 1¼% above the prime commercial rate but not less than 4% nor more than 5% which is the current rate. The credit agreement is guaranteed by the Department of the Air Force under a V-Loan Guarantee Agreement and expires Dec. 31, 1957.

†Life insurance policies in the amount of $1,000,000 have been assigned as collateral. This note bears interest at the prime commercial rate from time to time (currently 4½%) with a maximum of 4½% and a minimum of 3½%.

‡After three-for-one stock split in July, 1957.

UNDERWRITERS—The names of the underwriters and the respective numbers of common shares which each has severally agreed to purchase are as follows:

	Shares		Shares
Fulton, Reid & Co., Inc.	16,000	Bacon, Whipple & Co.	5,000
Goldman, Sachs & Co.	16,000	Robert W. Baird & Co., Inc.	5,000

Sterchi Bros. Stores, Inc.—July Sales Decreased—

Period End. July 31—	1957—Month—1956		1957—5 Months—1956	
Net sales	$1,447,587	$1,543,024	$7,692,524	$7,718,219

—V. 186, p. 363.

Sterling Precision Corp.—Reports Loss—

The annual report for the fiscal year ended April 30, 1957, shows a loss for the 12-month period of $1,329,796, James F. Connaughton, President, announced on Aug. 28. Of this amount, $343,965 represents operating loss on net sales of $36,659,418, and the remainder is made up of other charges. As a conservative measure, the company has also written off to deficit account for its fiscal year ended April 30, 1957, a number of special items totaling $1,334,223, representing largely costs of certain intangibles and developmental work.

Mr. Connaughton states that action has been taken to eliminate further operating losses by curtailing substantially the operations of the company's Instrument Division and by discontinuing its Plastics Division. Although these measures could not be completed in time to show their full effect in the first quarter of the company's current fiscal year, operations for the three months ended July 31, 1957, have produced consolidated net income of $241,166, Mr. Connaughton reveals.

American LaFrance Corp., a leading manufacturer of fire fighting apparatus and fire prevention equipment, and Yawman & Erbe Manufacturing Co., producers of steel desks and office equipment, to two principal and profitable subsidiaries of the company, are continuing to make progress, Mr. Connaughton states. He reports that American LaFrance is scheduled to commence delivery in the last quarter of the current fiscal year under an $8,000,000 U. S. Air Force contract for crash trucks and that the company's sales of fire fighting apparatus and fire prevention equipment are growing. At the same time, Yawman and Erbe's products are enjoying a widening market, Mr. Connaughton states. He points out that these two subsidiaries produced a profit of $2,188,968 during the past fiscal year.

No provision is being made for Federal income taxes on current earnings of subsidiaries because on a consolidated basis no tax has accrued due to the availability of loss carry-forwards from prior years, Mr. Connaughton states.—V. 186, p. 218.

NATIONAL LIST OF OVER-THE-COUNTER SECURITIES

Quotations for Friday, Aug. 30

The following bid and asked quotations are obtained from the National Association of Securities Dealers, Inc. and other selected sources. They do not represent actual transactions. They are intended as a guide to the range within which these securities could have been sold (indicated by the "bid") or bought (indicated by the "asked") at the time of compilation. Origin of any quotation furnished on request. The "National" list is composed of securities which have a wide national distribution.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Aug. 31, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 6.2% above those of the corresponding week last year. Our preliminary totals stand at $21,581,122,689 against $20,322,930,142 for the same week in 1956. At this center there is a gain for the week ending Friday of 6.5%. Our comparative summary for the week follows:

CLEARINGS—RETURNS BY TELEGRAPH

Week Ended Aug. 31—	1957	1956	%
New York	$11,036,910,787	$10,363,219,322	+ 6.5
Chicago	1,058,418,790	1,019,791,394	+ 3.8
Philadelphia	971,000,000	1,138,000,000	—14.7
Boston	636,886,582	615,896,057	+ 3.4
Kansas City	367,883,925	346,292,134	+ 6.2
St. Louis	332,700,000	319,200,000	+ 4.2
San Francisco	637,343,000	580,633,393	+ 9.8
Pittsburgh	495,187,387	413,011,131	+17.5
Cleveland	553,953,229	530,682,651	+ 4.4
Baltimore	318,907,075	350,034,715	— 8.9
Ten cities, five days	$16,399,190,775	$15,676,760,797	+ 4.6
Other cities, five days	4,268,276,595	3,871,807,790	+10.2
Total all cities, five days	$20,667,467,370	$19,548,568,587	+ 5.7
All cities, one day	913,655,319	774,361,555	+18.0
Total all cities for week	$21,581,122,689	$20,322,930,142	+ 6.2

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended Aug. 24. For that week there was an increase of 2.0%, the aggregate clearings for the whole country having amounted to $21,172,812,422 against $20,767,798,046 in the same week in 1956. Outside of this city there was a gain of 4.3%, the bank clearings at this center showing a decrease of 0.6%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District (including this city) the totals record a decline of 0.2% and in the Philadelphia Reserve District of 18.9%, but in the Boston Reserve District the totals register an improvement of 3.9%. In the Cleveland Reserve District the totals show a gain of 7.9%, in the Richmond Reserve District of 5.4% and in the Atlanta Reserve District of 7.6%. The Chicago Reserve District has to its credit an increase of 7.8%, in the St. Louis Reserve District of 7.9% and in the Minneapolis Reserve District of 18.0%. In the Kansas City Reserve District the totals are larger by 8.1%, in the Dallas Reserve District by 2.9% and in the San Francisco Reserve District by 6.5%.

In the following we furnish a summary by Federal Reserve Districts:

SUMMARY OF BANK CLEARINGS

Week Ended Aug. 24—		1957 $	1956 $	Inc. or Dec. %	1955 $	1954 $
1st Boston	12 cities	805,946,725	775,329,141	+ 3.9	631,203,594	628,622,326

Industrial loan commitments	1,918	+ 79	— 588

Condition Statement of Member Banks

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended Aug. 21: Increases of $253 million in commercial and industrial loans, $207 million in loans to brokers and dealers for purchasing or carrying securities, $741 million in Treasury bills, and $1,700 million in U. S. Government deposits; and decreases of $201 million in demand deposits adjusted and $601 million in demand deposits credited to domestic banks.

Commercial and industrial loans increased $163 million in New York City, $40 million in the San Francisco District, and $33 million in the St. Louis District. Changes according to industry appear in another press release.

Holdings of Treasury bills increased in all districts, largely reflecting a new tax anticipation issue. Holdings of Treasury certificates of indebtedness decreased $73 million.

Demand deposits adjusted decreased $141 million in the San Francisco District, $59 million in the New York District outside New York, $32 million in the Philadelphia District, and $25 million in the Richmond District.

Borrowings from Federal Reserve Banks increased $187 million, and borrowings from others decreased $180 million. Loans to banks decreased $140 million.

A summary of assets and liabilities of reporting member banks follows:

	Aug. 21, 1957	Increase (+) or decrease (—) since Aug. 14, 1957	Aug. 22, 1956
	(In millions of dollars)		
ASSETS—			
Loans and investments adjusted†	86,973	+1,105*	+1,116
Loans adjusted†	54,064	+ 414*	+2,837
Commercial and industrial loans	31,790	+ 253*	+3,066
Agricultural loans	427	— 1	— 31
Loans to brokers and dealers for purchasing or carrying securities‡	1,755	+ 207*	— 314
Other loans for purchasing or carrying securities	1,132	— 4	— 111
Real estate loans	8,682	— 3	— 55
Other loans	11,337	— 38*	+ 476
U. S. Government securities—total‡	25,303	+ 657*	—1,556
Treasury bills	1,918	+ 741*	+1,292
Treasury certificates of indebtedness	1,582	— 73	+ 322
Treasury notes	3,655	— 3	—2,120
U. S. bonds	18,148	— 8	—1,050
Other securities‡	7,606	+ 34	— 165

Reserves with Federal Reserve Banks	13,017	+ 199	— 431
Cash in vault	973	— 44	+ 20
Balances with domestic banks	2,556	— 122	— 12
LIABILITIES—			
Demand deposits adjusted	54,482	— 201	— 525
Time deposits except U. S. Government	23,610	— 4	+1,671
U. S. Government deposits	3,306	+1,700	— 922
Interbank demand deposits—			
Domestic banks	10,301	— 601	+ 154
Foreign banks	1,786	+ 32	+ 197
Borrowings—			
From Federal Reserve Banks	582	+ 187	— 103
From others	808	— 180*	— 194

† Exclusive of loans to banks and after deduction of valuation reserves; individual loan items are shown gross.

‡ Beginning Aug. 21, 1957, banks were requested to report holdings of securities acquired under resale agreements as loans, rather than as securities owned as heretofore; some banks began reporting on the new basis at earlier date. Published figures for prior dates have not been revised, but the effect of the new reporting on prior dates would be to decrease holdings of securities and to increase loans to banks and loans to brokers and dealers.

* Aug. 14 figures revised.

Redemption Calls and Sinking Fund Notices

Below will be found a list of corporate bonds, notes, preferred and common stock called for redemption, including those called under sinking fund provisions. The date indicates the redemption or last date for making tenders, and the page number gives the location in the current volume (except where otherwise indicated) in which the details were given in the "Chronicle."

General Corporation and Investment News

(Continued from page 14)

Tappan Stove Co.—Earnings Show Gain—

Sales for the first six months of 1957 were at virtually the same level as a year ago, while earnings per share increased from 96 cents to $1.66, according to a statement by Alan P. Tappan, President.

Incoming orders are continuing at a very satisfactory rate, according to Mr. Tappan.—V. 185, p. 1680.

Templeton Growth Fund of Canada, Ltd. — Changes Name—

This three-year-old Canadian growth fund on Aug. 30 became the fifth member of the Axe family of mutual funds when shareholders of Templeton Growth Fund approved a decision by the board of directors to join with the Axe organization.

The Fund has been renamed Axe-Templeton Growth Fund of Canada, Ltd. and the addition of the $4,000,000 investment company lifts the total assets of Axe-sponsored funds to approximately $140,000,000.

Axe-Templeton Management, Ltd., is the Fund's new investment adviser and Axe Securities Corp. is the general distributor of its shares. Templeton, Dobbrow and Vance, Inc., the former investment adviser, is under contract to supply statistical and other information regarding Canadian industries and securities.

Emerson W. Axe, President of E. W. Axe & Co., is the Fund's Board Chairman and John M. Templeton remains as President. Mrs. Ruth H. Axe, President of Axe Securities Corp., is Vice-Chairman. Carl H. Rankin and Everett H. Seymour, Templeton's Vice-Presidents, also will remain.

Mr. Axe and Mr. Templeton are Chairman and President respectively of Axe-Templeton Management. Mrs. Axe is Vice-President.

In voting to join with the Axe organization, the Templeton directors and shareholders also approved the continuous offering of shares to the public.

The announced objective of the Axe-Templeton Fund is long-term capital growth through concentration of investment in securities believed to represent expanding values in Canadian enterprises and the retention of all earnings at low tax cost.

The Fund offers investors cumulative purchase advantages and an investment plan for the accumulation of shares through periodic purchases.—V. 183, p. 2542.

Texas Eastern Transmission Corp.—Gas From Mexico

Special ceremonies were held on Aug. 22 near Reynosa, Mexico, marking the commencement of operations of a new natural gas pipeline that for the first time in history will carry major quantities of Mexican gas into the United States.

Antonio J. Bermudez, Director General of Petroleos Mexicanos, the decentralized oil and gas agency of the Mexican Government, opened the valve that connected facilities of Petroleos Mexicanos (Pemex) with a new pipeline into the United States constructed by Texas Eastern Transmission Corp.

Initially some 126,000,000 cubic feet of natural gas will flow across the international border into the United States each day. This gas will be transmitted through Texas Eastern's 5,900-mile long natural gas system that extends through the Central United States and terminates on the Eastern Seaboard near New York.

The gas being imported will come from the Brazil, Trevino and Lomitas fields located in Northeastern Mexico. The gas will be processed at the natural gas processing plant of Pemex, located at Reynoas, Mexico, just acress the border from McAllen, Texas. The gas will be delivered from the plant into Texas Eastern's system at the border on the Rio Grande.

The pipeline was constructed by Texas Eastern at a cost of approximately $44,000,000. With the addition of this new line to Texas Eastern's system, daily authorized delivery will be increased approximately 1,634,000,000 cubic feet per day

Files Bond Financing Proposal—

This corporation on Aug. 22 filed a registration statement with the SEC covering $30,000,000 of first mortgage pipe line bonds, due 1977, to be offered for public sale through an underwriting group headed by Dillon, Read & Co., Inc. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

Net proceeds of the sale of the bonds will be used in connection with the company's gas expansion programs and reconversion program. According to the prospectus, Texas Eastern and its subsidiary, Texas Eastern Penn-Jersey Transmission Corporation, are currently constructing facilities under a gas expansion program to increase the system capacity by 250 million cubic feet of gas per day. Those facilities which are not yet completed, consisting principally of a 30-inch pipeline from Beaumont, Texas, to the Rio Grande River near McAllen, Texas, which is currently being tested, will be in full operation for the winter heating season. The cost of this program, including the cost of certain completed facilities now in operation, is currently estimated to be approximately $147,000,000, of which Penn-Jersey's portion is approximately $8,000,000. The company is also currently reconverting to service as a common carrier of petroleum products the portion of the Little Big Inch line between Beaumont and a point on the Ohio River near Moundsville, W. Va., and is constructing pumping, lateral and terminal facilities. Included in the program is the construction of a 14-inch lateral from Seymour, Ind., through Indianapolis to the Chicago area. The operation of such petroleum facilities will be subject to regulation by the Interstate Commerce Commission. The total cost of the reconversion program is currently estimated at $96,000,000.—V. 186, p. 885.

Texas Mexican Ry.—June Earnings Higher—

Therm-O-Disc, Inc., Mansfield, Ohio—Earnings Up—

The corporation has reported net earnings of $201,883 for the quarter ended July 31, 1957, the first quarter of its fiscal year, or 45 cents per share on the common stock. This is an increase of 28% over net earnings of $157,609 or 35 cents per share in the same quarter of last year. The increase in net sales was approximately 8%.

John S. Bolesky, President, states that the curernt quarter will probably be one of the best in the company's history and that with the recent improvement in the appliance industry the outlook for the full fiscal year ending April 30, 1958, is excellent.

Thermal Power Co., San Francisco, Calif.—Files With Securities and Exchange Commission—

The company on Aug. 16 filed a letter of notification with the SEC covering 99,999 shares of common stock to be offered to stockholders on the basis of one new share for each two shares held at par ($1 per share). No underwriting is involved. The proceeds are to be used to complete drilling of test wells commenced to determine ultimate volume of steam available for commercial use.

Thompson Products, Inc.—Debenture Rights Offering 98.6% Subscribed—It was announced on Aug. 28 that $19,455,400 principal amount of subordinated debentures, or 98.6% of the $19,729,500 debentures offered, was subscribed for under rights which expired on Aug. 27.

The unsubscribed balance of $274,100 principal amount has been taken up by the underwriting group headed by Smith, Barney & Co. and McDonald & Co.—V. 186, p. 776.

—V. 186, p. 52.

Transcontinental Gas Pipe Line Corp.—Files Application With FPC to Add New Purchases to Reserves—

This corporation on Aug. 27 filed an application with the Federal Power Commission for a certificate to add to its reserves new purchases of natural gas recently contracted for in seven Louisiana fields near New Orleans.

E. Clyde McGraw, President, said that the new supplies of natural gas will be added to the company's system as soon as a certificate is received and then construction completed on the proposed facilities. This corporation is the main source of supply for New York City, as well as for New Jersey, the Philadelphia metropolitan area and southern states along the Eastern Seaboard.

The new contracts provide for a minimum purchase of 68,000,000 cubic feet of gas daily during the first year. However, capacity of the supply system to be constructed will be 222,000,000 cubic feet daily. Substantial undeveloped reserves exist in the area and anticipated additional volumes of natural gas dictate the extra line capacity. The supply system which Transco proposes to construct will cost slightly more than $14,000,000.

Mr. McGraw said that 65 miles of 24-inch lateral will extend almost due south to the Mississippi River from a point of connection with Transco's main line in St. Helena Parish on the Louisiana-Mississippi state border. The 24-inch-diameter line will span St. Helena, Livingston, Ascension and St. James Parishes. A multiple crossing will be built under the Mississippi River near the town of Convent.

South of the Mississippi River, 22 miles of additional 24-inch lateral is planned. Smaller laterals, 10 inches and six inches in diameter, will extend into the seven fields. Construction is planned to start in early 1958.

Gas fields containing reserves under contract to Transco in the Parishes of Lafourche and St. Charles are North Thibodaux, Thibodaux, Raceland, Bayou Des Allemands, Lucy, Lac Des Allemands and Hahnville. A total of nine purchase meter stations will be built by Transco at these fields.—V. 186, p. 570.

Transocean Air Lines, Inc.—Receives Navy Contract—

This corporation has received and inaugurated service on a U. S. Navy domestic cargo contract involving more than 2,000,000 miles of flying, it was announced on Aug. 15.

Won in bid competition with other major airlines, the contract is for the U. S. Navy's "Operation Quicktrans" which calls for daily scheduled flights in each direction, five days a week over a 7,500 mile circuit linking Naval centers from coast to coast. The terminals of the operation are Alameda and Boston, with stops scheduled at Providence, Philadelphia, Washington, Norfolk, Charleston, South Caroline, Jacksonville, Florida, Midland, Texas and San Diego.

Effective for the fiscal year started July 1, the contract has a monetary value of in excess of $2,500,000.

The corporation has assigned a fleet of Douglas Cargomasters to the operation and they are expected to log more than 20,000,000 ton miles during the year.—V. 186, p. 570.

Truax-Traer Coal Co.—Quarterly Sales Higher—

This company and its subsidiaries report for the three months ended July 31, 1957, the first quarter of the company's fiscal year, consolidated net income of $415,235 after Federal income taxes, equivalent after preferred dividend requirements to 26 cents a share on 1,377,250 shares of common stock outstanding. This compares with net of $419,729 for the corresponding quarter a year ago, equivalent to 26 cents a share on 1,357,972 shares of common stock then outstanding.

A total of 1,648,716 tons of coal was produced during the quarter, compared with 1,707,121 tons for the same quarter of last year.

Net sales for the quarter totaled $10,579,851 against $9,696,783 for the same period a year ago, an increase of 9.1%.—V. 186, p. 260.

U B S Chemical Corp., Cambridge, Mass.—Files Common Stock Issue—

This corporation on Aug. 23 filed a registration statement with the SEC covering 59,400 shares of its $1 par common stock. Of this stock, 34,000 shares are to be issued and sold by the company and 25,400 by certain selling stockholders. G. H. Walker & Co. is listed as the underwriter; and the public offering price and underwriting terms are to be supplied by amendment.

Net proceeds to the company from its sale of 34,000 shares will be added to its cash resources and will be used to the extent needed for capital expenditures, as working capital, and to retire the outstanding 565 prior preferred shares at the redemption price of $103 per share plus accumulated dividends. The balance, if any, will be added to the general funds of the company. The principal capital expenditures now contemplated are the purchase of equipment at the Cambridge plant for the manufacture of polymers for which funds are presently available. The company is considering the acquisition or construction and equipment of one or two manufacturing plants elsewhere for which some of the proceeds from the sale of shares hereby offered by the company may be used.

The names of the selling stockholders, and the number of shares being sold, are as follows: Bost and Co., 4,542 shares; Frederick B Day, 9,200 shares; Roland D. Earle, 10,000 shares; Gerrish & Co., 858 shares; and Ruth L. Renshaw and Lincoln L. Renshaw, 800 shares.

Unified Funds, Inc.—Files Additional Shares With SEC

This Indianapolis investment company on Aug. 28 filed a registration statement with the SEC covering an additional 270,000 shares of its $2 par common stock.—V. 183, p. 714.

Union Carbide Corp.—New Petrochemicals Unit—

Plans to erect a plant at Fawley, England, for the manufacture of ethylene oxide derivatives were announced on Aug. 20 by Morse G. Dial, President. The plant's output will contribute to the expanding activities of Union Carbide Ltd., a British affiliate. Fawley is located on the southwest shore of Southampton Water, seven miles southeast of Southampton.

Esso Petroleum Co., Ltd., which currently operates a refinery nearby, is to supply the new plant with ethylene. This, in turn, will be converted into a number of ethylene oxide derivatives. Operations are scheduled to begin in 1959, with production capacity of 45 million pounds annually. Manufacturing facilities will include installations for the production of ethylene oxide; ethylene glycols; polyethylene ethers; ethanolamines; glycol ethers, and specialized products including polyglycol ethers, polyglycol esters, and other surface-active agents. Provision has been made for the storage of large quantities of finished products, and extensive transportation facilities are planned to speed incoming and outgoing shipments.

Plans call for a total site area of 58 acres. The initial facilities will cover 25 acres, thus leaving room for substantial future expansion. The most modern specialized chemicals processing equipment permitting a high degree of automation is a feature of the installation. Engineering studies have been completed and plant design is now in final stages, thus permitting an early start on construction. When completed, the unit will employ over 150 people.

The Fawley plant is the second major petrochemicals facility in the United Kingdom under construction by the Union Carbide organiaztion. The first, a 24-million-pound-per-day polyethylene plant at Grangemouth, Scotland, is scheduled for completion in October of this year.

Starts Operation of Van De Graaff Accelerator at Sterling Forest Nuclear Laboratory—

Scientists at Union Carbide's laboratory in Sterling Forest, N. Y., have begun investigating the properties of various materials bombarded by high-energy particles from a million-volt Van de Graaff accelerator installed there last week. The accelerator, fabricated by High Voltage Engineering Corp. of Burlington, Mass., will also serve as an aid for training new personnel in various radiation chemistry techniques and in health physics.

Union Carbide Nuclear Co. and Union Carbide Ore Co. are the two Divisions of Union Carbide Corp. that will undertake this research work at the laboratory. Both Divisions will conduct extensive experiments in geophysics and geochemistry using the accelerator as a primary research tool. Various models of the latest analytical equipment such as an emission spectrograph and an X-ray fluorescent spectrograph have been installed, which will materially assist scientists in their research investigations.—V. 186, p. 776.

United Fruit Co.—Starts Petroleum Activities—

Kenneth H. Redmond, President, on Aug. 20 announced that during the past week this company has contracted to acquire the rights to a concession granted by the Republic of Panama to explore for petroleum over an area of more than one million acres.

The concession is situated in the Province of Chiriqui on the Pacific Coast of Panama, where United Fruit has been doing business for many years and where some of the company's finest banana plantations are located.—V. 186, p. 260.

United Utilities, Inc.—Offers Common Stock—The corporation is offering holders of its common stock rights to subscribe for 312,583 shares of $10 par value common stock on the basis of one new share for each six shares held of record on Aug. 28, 1957. The subscription price of the offering, which commenced on Aug. 30, is $19.25 per share. Kidder, Peabody & Co. is manager of the underwriting group which will purchase any unsubscribed shares upon expiration of rights at 4 p.m. (CDT) Sept. 13, 1957.

PROCEEDS—Continued internal growth plus a program of modernization and improvement have led to the largest construction requirements in the company's history estimated at $21,000,000 for 1957. Net proceeds of this common stock offering will be used primarily to make investments in and/or advances to the company's operating subsidiaries to defray a portion of the cost of this program. The balance will be supplied from internal sources and from debt financing by the parent and subsidiary companies.

BUSINESS—The telephone subsidiaries of United Utilities comprise the second largest independent telephone system in the United States, serving over 422,000 telephones in 14 states. Approximately 87% of consolidated operating revenues are derived from these telephone operations. The balance is obtained from subsidiaries engaged in the electric, gas, water and LP gas businesses.

EARNINGS—Consolidated operating revenues and net income for 1956 reached new highs, increasing 10% to $30,778,064 and $2,841,208, respectively, over 1955. For the 12 months ended May 31, 1957, earnings on the average number of shares outstanding amounted to $1.73 per share. Cash dividends are currently being paid at the annual rate of $1.20 per share.

UNDERWRITERS—Among the other underwriters are: Hornblower & Weeks; Dean Witter & Co.; W. C. Langley & Co.; Bache & Co.; McDonald & Co.; and The Ohio Co.—V. 186, p. 777.

Universal Marion Corp.—Proposed Acquisition—

The shareholders will meet on Sept. 19 to act on the company's acquisition of Southern Pipe & Supply Co., it was announced on Aug. 27 by James Mullaney, President.

Under terms of an agreement reached between the two companies, Universal Marion will obtain the assets, properties and business of the now privately-owned Southern Pipe & Supply and its subsidiary, Van Duyne Co., Inc., in exchange for 188,235 shares of capital stock. Approval of the holders of the majority of shares represented at the meeting is required to make the acquisition effective.

Southern Pipe & Supply Co. is a supplier of irrigation equipment and supplies, and pipe, valves, fittings and plumbing fixtures. The company has a national sales organization and maintains divisions at Orlando and Tallahassee. Warehouse operations at Houston (Texas), Charlotte (N. C.), and Indianapolis (Ind.) facilitate deliveries to customers in those areas. Van Duyne, which deals in similar products, is located at Winter Haven, Fla.

Consolidated sales of Southern Pipe and Van Duyne in the fiscal year ended Sept. 30, 1956, totaled $10,437,406. Consolidated net earnings for the year were $335,000 after taxes and special contributions.

Universal Marion, which manufactures power shovels and cranes and allied equipment, reported sales of $24,168,074 and net income of $2,973,041 for the six months ended June 30, 1957.—V. 185, p. 1932.

Upper Peninsula Power Co.—Net Income Lower—

12 Months Ended June 30—	1957	1956
Operating revenues	$5,301,600	$4,819,265
Operating expenses and taxes	4,336,664	3,853,202
Utility operating income	$964,936	$966,063
Other income (loss)—net	*Dr*7,767	*Dr*13,679
Gross income	$957,169	$952,384
Income deductions	299,429	266,256
Net income	$657,740	$686,128
Preferred stock dividend requirements	90,684	91,000
Balance applicable to com. stock and surplus	$567,056	$595,128
Earns. per share of com. stock (275,625 shs.)	$2.06	$2.16

Quarterly dividends paid on the common stock during the year ended Aug. 1, 1957, aggregated $1.60 per share compared with $1.55 for the previous annual period. For the first six months of this year, earnings per share were $1.05 compared to $1.09 for the same period in 1956.

Work progresses satisfactorily on the construction of the 25,000-kw power plant by the City of Escanaba which will be operated by the company. Beginning early in 1958, this plant will serve the City of Escanaba and will supplement the generating resources of the company. The addition of this plant to the system will tend to reduce the cost of electric energy.—V. 185, p. 2263.

Utah Power & Light Co.—Files Financing Proposal—

This company on Aug. 22 filed a registration statement with the SEC proposing the public offering, at competitive bidding, of $15,000,000 of first mortgage bonds, due 1987, and 400,000 shares of common stock, $12.80 par.

Net proceeds of the sale of these securities will initially become part of the company's general funds and as such may be applied to any of its corporate purposes, which include capital expenditures for construction. As presently planned, the construction program of Utah Power and its subsidiary, The Western Colorado Power Co., for the years 1957-59, inclusive, will require approximately $46,000,000, divided approximately $21,800,000 in 1957, $12,200,000 in 1958, and $12,000,000 in 1959.

Utah Power has borrowed $21,000,000 from 17 lending banks to carry forward its construction program. A part of the proceeds of the sale of the bonds and common stock will be available for and will be used to pay such notes. The remainder of the proceeds, together with other available cash, will be used to carry forward the construction program.—V. 186, p. 777.

Van Raalte Co., Inc.—Earnings Up Slightly—

Six Months Ended June 30—	1957	1956

Vitamin Council, Inc., St. Paul, Minn.—Files With SEC

The corporation on Aug. 19 filed a letter of notification with the SEC covering 500 shares of class B common stock to be offered to selected pharmacists (purchases to be limited to five shares per subscriber) at par ($100 per share). No underwriting is involved. The proceeds are to be used for working capital, including additional inventory.

The business of the corporation is to purcahse in bulk lots vitamins, etc. for packaging in various sizes for sale to drug stores.—V. 185, p. 2145.

Walt Disney Productions—Stock Offered—A nation-wide group of underwriters headed by Goldman, Sachs & Co., Lehman Brothers and Kidder, Peabody & Co. on Aug. 28 offered 400,000 shares of common stock (par $2.50) at a price of $21.75 per share.

Floyd B. Odlum, President of Atlas Corp., and a director of Walt Disney Productions, has indicated that Atlas presently intends to remain the largest stockholder of the company next to the Disney family, through the exercise of warrants to purchasee 153,553 additional shares of common stock prior to Oct. 31, 1957.

PROCEEDS—The 400,000 shares are being sold for the account of Atlas Corp. and do not represent company financing.

LISTING—The offering is expected to considerably broaden public ownership of the common stock, and the company has stated that it intends to apply for listing of its shares on the New York and Pacific Stock Exchanges.

BUSINESS—Walt Disney Productions, pioneers in the development of the animated cartoon, produces and distributes motion pictures for world-wide exhibition in theatres and for television exhibition, exploits and markets characters and music arising from its motion pictures, and owns a 65½% interest in Disneyland, an exhibition and amusement park located near Los Angeles, Calif. The company is currently producing three or four feature length action or nature films annually and one feature length animated cartoon every three or four years. Many of the 497 theatrical motion pictures in the company's library have fresh interest to each succeeding generation and continue to have a substantial value. The company plans to reissue Snow White and the Seven Dwarfs for the third time in early 1958.

CONSOLIDATED CAPITALIZATION AS OF AUG. 1, 1957

	Authorized	Outstanding
Company and its wholly-owned domestic subsidiaries—		
5% secured promissory notes, due April 30, 1959	$428,901	$428,901
5½% secured demand note	*$3,500,000	5,875,698
Common stock ($2.50 par value)	‡3,000,000 shs.	1,492,843 shs.
Disneyland, Inc.—		
3.6% secured promissory note due March, 1962	$500,000	$400,000
5% unsecured notes due April, 1962	3,600,000	§3,600,000
5% advances due April, 1962	1,280,000	¶$1,280,000
5% secured demand note	750,000	$750,000
Common stock (no par value)	30,000 shs.	**14,500 shs.

*If no demand for the payment of this note, issued under a bank loan agreement dated Feb. 1, 1957, is made by Dec. 31, 1957, it thereupon becomes due.

‡Includes 185,889 shares reserved for issuance upon exercise of purchase warrants for common stock at $22 per share expiring Oct. 31, 1957.

§The payment of principal and interest on these notes and advances, all of which represent loans made by the two stockholders of Disneyland, Inc. to it, was by their terms subordinated and deferred until the payment, on July 30, 1957, of certain other indebtedness of Disneyland. At June 30, 1957 accrued interest amounted to $352,096 on the 5% unsecured notes, $95,432 on the 5% advances, and $53,595 on the 5% secured demand notes. Of the then outstanding principal amounts and accrued interest on these notes and advances, the company was owed $2,358,800 principal and $232,989 accrued interest on the 5% unsecured notes; $838,600 principal and $69,505 accrued interest on the 5% advances; and $491,400 principal and $39,372 accrued interset on the 5% secured demand notes.

¶Payable until November, 1960, only to the extent of the net income before depreciation and income taxes of one of the rides at Disneyland Park. Any unpaid portion of these advances and accrued interest at Nov. 1, 1960 is to be converted to 5% notes maturing April 16, 1962.

**9,500 shares (65.52%) are owned by the company and the balance by American Broadcasting-Paramount Theatres, Inc.

The company expects to apply any proceeds which it may receive from the exercise of its outstanding purchase warrants toward payment of its 5½% secured demand note, and to the extent such note is not paid before Dec. 31, 1957, to negotiate a new bank loan agreement and note with the same lenders as has been done periodically. The company does not know how many purchase warrants will be exercised prior to their expiration on Oct. 31, 1957, but if all of the 185,889 purchase warrants outstanding on Aug. 1, 1957 are exercised, the company will receive the gross proceeds thereof amounting to $4,089,558.

DIVIDENDS—On April 1, 1957 and July 1, 1957 the company paid cash dividends of 10 cents per share. The directors have declared a further cash dividend of 10 cents per share payable on Oct. 1, 1957 to stockholders of record on Sept. 13, 1957 and a 3% stock dividend payable on Nov. 25, 1957 to stockholders of record on Nov. 1, 1957; purchasers of the stock above offered who are stockholders of record on such record dates will receive these dividends.

UNDERWRITERS—The selling stockholder has agreed to sell to each of the underwriters named below, and each of the underwriters, for whom Goldman, Sachs & Co., Lehman Brothers and Kidder, Peabody & Co. are acting as representatives, has severally agreed to purchase the number of shares of common stock set opposite its name below:

(Jim) Walter Corp.—Securities Offered—Carl M. Loeb, Rhoades & Co. and Prescott, Shepard & Co., Inc. on Aug. 26 offered $1,250,000 of 9% subordinated, unsecured bonds, due Dec. 31, 2000, and 50,000 shares of 50¢ par value common stock. The bonds and stock are being offered in units, each consisting of one bond of $25 principal amount and one share of common stock. The units are priced at $48.50 each. The bonds and stock will be separable immediately. This offering represents initial public financing for the company.

PROCEEDS—The net proceeds to the corporation will be added to its general funds and will be available for any corporate purposes. The corporation intends to apply such proceeds in arranging for credit sales of additional shell homes constructed by it.

BUSINESS—The corporation sells and constructs standardized models of shell homes, providing from one to three bedrooms. The smallest model sells on a cash basis, for $995 and the largest for $2,895. Sales are made through 35 branch and subdivisional offices, all of which report to the main office in Tampa, Fla. Since the company's incorporation on Sept. 1, 1955, the number of homes sold has increased from 109 in September, 1955 to as high as 758 in the month of June, 1957. Through subsidiaries, the corporation handles financing and insurance coverage in connection with shell homes constructed by it.

EARNINGS—For the nine months ending May 31, 1957 the corporation's earnings, on a pro-forma basis, were $8.30 per share on the stock outstanding at the end of the period, which is equivalent to $5.13 per share on stock to be outstanding upon completion of this financing. Present dividends are at the rate of $1.20 per share per annum.—V. 186, p. 465.

* After giving effect to retroactive adjustments for depreciation and pan, tray and crate expense made in the last quarter of 1956.

Faris R. Russell, since 1941 Chairman of the Board and Executive Committee and from April 1956 until January 1957 President of the Ward Baking Co., retired as Chairman and General Manager of the company on June 30, 1957, but will continue as a director; as a member of the executive committee; and will serve the company in a consulting and advisory capacity. As of the same date, Lee T. Melly retired as Vice-Chairman and director. On Mr. Russell's recommendation, the board of directors abolished the offices of Chairman and Vice-Chairman. R. Arnold Jackson, who was, on the nomination of Mr. Russell, elected President of the company in January of this year, becomes the chief executive and operating officer.—V. 185, p. 2962.

Washington General Insurance Corp., New York, N. Y. —Files With Securities and Exchange Commission—

The corporation on Aug. 16 filed a letter of notification with the SEC covering 4,500 shares of common stock (par $5) to be offered at $10 per share, without underwriting. The proceeds are to be used for working capital.

(J.) Weingarten, Inc.—Debentures Offered—Mention was made in our issue of Aug. 12 of the offering to bona fide residents of Texas of $5,000,000 of 6% subordinate income debentures due June 15, 1987 at 100% and accrued interest through a group of underwriters headed by Moroney, Beissner & Co. This was subject to a preferential offering of about $2,500,000 of said debentures in exchange, par for par, for the outstanding preferred stock; this offer expired on Aug. 6. Further details follow:

The company intends to redeem all preferred stock not exchanged for debentures, at the fixed redemption price of $51.50 per share, provided at least 40,651 shares of preferred stock were exchanged for debentures; and provided further that unless $428,100 or more in principal amount of debentures is sold, the preferred stock held by the Weingarten Employees' Profit Sharing and Retirement Plan may not be so redeemed.

The debentures may be redeemed on or before June 15, 1967 at 105%; and thereafter, but before maturity, at 103%; plus accrued interest in each case. They may also be redeemed through a sinking fund at 101% and accrued interest.

PROCEEDS—Assuming the sale or exchange of the entire $5,000,000 principal amount o. the debentures being offered and the redemption of all preferred stock (at $51.50 per share) not surrendered for exchange, it is estimated that the net cash proceeds of the offerings of the debentures after the redemption of all preferred stock will range from $1,685,000 to $1,805,000, depending on the number of shares of preferred stock exchanged and other factors. Such proceeds will be added to the company's general funds to be used principally to purchase sites for new stores, to carry the cost of new stores during construction, to purchase fixtures and equipment for new stores, to carry the increased inventories which are expected to result from the company's current expansion program and to replenish working capital expended for the purchase of the common stock of Food Center of Tennessee, Inc.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
4% notes due June 1, 1969	$4,076,000	$4,076,000

5% installment notes due 1958-62	-------	500,000
6% subordinate income debentures, series 1957	5,000,000	5,000,000
Common stock (no par value):		
Class A, non-voting	260,000 shs.	*218,008 shs.
Voting	301,000 shs.	300,999 shs.

*Exclusive of 11,600 shares reserved for issuance under Employee Restricted Stock Option Plan.

UNDERWRITERS—The underwriters named below severally agreed, subject to the surrender prior to the expiration of the Exchange Offer of not less than 40,651 shares of preferred stock for exchange for debentures and subject also to certain other conditions set forth in the purchase agreement, to purchase from the company debentures in an aggregate principal amount equal to $4,032,550 minus the aggregate principal amount of debentures issued in exchange for preferred stock pursuant to the Exchange Offer. Since the Exchange Offer was made to holders of approximately 49,574 shares of preferred stock, the aggregate principal amount of the underwritten debentures may range from a minimum of $1,553,850 to a maximum of $2,000,000. The respective percentages of the total amount of underwritten debentures which the underwriters have severally agreed to purchase are as follows:

	%		%
Moroney, Beissner & Co.	20.00	Magill, Wareing & Co.	1.00

Leon & Co.	4.00	Underwood, Neuhaus & Co.	5.00
	0.50	White, Masterson & Co.	2.50

Shoppers in the 36 Weingarten Texas supermarkets purchased $712,150 worth of 6% subordinate income debentures during the first nine days of the "across the counter" sale, Robert E. Moroney reported on Aug. 20 following final tabulations.

It was the first time in financial history that investment bankers sold debenture bonds in grocery stores. Mr. Moroney, President of Moroney, Beissner & Co., managing underwriter for the syndicate of 21 Texas banking firms participating, said the remainder of the $5,000,000 debenture issue against the mammoth food store chain is expected to be sold in a week. More than $4,500,000 has already been sold or exchanged.

Mr. Moroney emphasized that debentures were sold only by prospectus to bona fide residents of Texas.

The 36 stores are continuing the sale of debentures.

Much of the revenue from the debentures will be used to expand the Weingarten operation. The addition of six or seven supermarkets to the 44-store chain (eight of the stores are outside Texas) is expected by the end of 1958. See also V. 186, p. 670.

—V. 186, p. 365.

Wisconsin Natural Gas Co. — Files Bond Financing

This company filed a registration statement with the SEC on Aug. 22, 1957, covering $2,500,000 of first mortgage bonds, due 1982, to be offered for public sale at competitive bidding.

Net proceeds of the bond sale will be used to retire $1,000,000 of outstanding bank loans; to reimburse the company's treasury for capital expenditures previously made; and to finance in part the cost of continuing property additions and improvements. Substantially all of the construction expenditures of the company from July 1, 1957, to June 30, 1958, budgeted at approximately $3,200,000, will be for gas mains and other gas distribution facilities.—V. 182, p. 1847.

Wisconsin Public Service Corp.—Registers With SEC

This corporation filed a registration statement with the SEC on Aug. 27 covering a proposed offering to stockholders of rights to subscribe for 253,494 shares of common stock (par $10) on the basis of one new share for each 10 shares held of record Sept. 20, 1957. The offer, which is to expire Oct. 8, 1957, will be underwritten by a group headed by The First Boston Corp.; Merrill Lynch, Pierce, Fenner & Beane; Robert W. Baird & Co., Inc. and William Blair & Co.

The company plans to use the net proceeds from the sale of the new common stock to pay for current construction or to pay a portion of its outstanding short-term bank loans incurred for construction purposes of which about $8,000,000 will be outstanding at the termination of the common stock offer.

Subject to market conditions, the company also expects to sell approximately $7,000,000 of first mortgage bonds late in 1957 to pay its bank loans and to provide money, in addition to funds from depreciation provisions and retained earnings, for the remainder of the 1957 construction program. Expenditures for construction are expected to total $12,000,000 in 1957 and $19,500,000 in 1958.

The corporation is engaged principally in the production, transmission, distribution and sale of electricity and in the purchase, distribution and sale of gas in a territory of approximately 10,000 square miles in north central and northeastern Wisconsin and an adjacent part of Upper Michigan with a population of about 545,500. Retail electric service is furnished to 278 communities, retail gas service to 19 communities, and wholesale electric service to nine communities.

For the 12 months ended July 31, 1957, total revenues of the company amounted to $31,406,000 and net ncome to $5,494,000 compared with total revenues of $30,273,000 and net income of $5,325,000 for the year 1956.—V. 185, p. 2854.

Yard-Man Inc.—Orders Increase—Stock Option Plan—

In its new fiscal year, this corporation has received contracts and letters of committal from its principal customer, Sears, Roebuck & Co., covering more than $7,700,000 of its lawn mower products, Russell Bengel, President, told stockholders at the annual meeting held on Aug. 27. "This is considerably more than received this early in any prior year," Mr. Bengel stated.

The stockholders approved a restricted stock option plan for key employees. Under terms of the plan 48,000 shares of common stock are available to the board of directors for the purpose of granting options to employees at an option price of 95% of the then market price.—V. 186. p. 777.
