Abacus Fund—Net Asset Value Increased—

Net assets of Abacus Fund as at March 31, 1958 were $30,428,603, equal to $35.51 per share on the 856,718 common shares outstanding, according to unaudited figures released on April 8. This compares with $27,920,188, or $32.59 per share at Dec. 31, 1957, an increase of approximately 9%.

Net income from investments for the first quarter of 1958 totaled $238,622, equal to $28 cents per share. In addition, Abacus' wholly-owned subsidiary, Eastern New York Power Corp., had net earnings equal to 4 cents per share based on the 856,718 outstanding common shares of that company.

No comparative figures as at March 31, 1957 are available due to the fact that on June 24, 1957 the company's status changed from that of a Public Utility Holding Company—named International Hydro-Electric System—to that of a Registered Investment Company under its present name. Concurrently, accounting adjustments were made on the books of both the company and its subsidiary in compliance with orders of the SEC.—V. 187, p. 877.

(Louis) Allis Co., Milwaukee, Wis.—Files With SEC—

The company on March 27 filed a letter of notifcation with the SEC covering a maximum of 6,005 shares of common stock (par $10) to be offered to selected employees at the mean of the bid and ask prices on the over-the-counter market on the latest trading day preceding the day of subscriptions by the employees.

The proceeds are to be used to purchase the securities off the market.—V. 184, p. 913.

Aluminum Co. of America—Debentures Offered—An underwriting group headed by The First Boston Corp. on April 11 offered publicly an issue of $125,000,000 3⅞% sinking fund debentures, due April 1, 1983, at 99.60% and accrued interest, to yield 3.90% to maturity. This offering was oversubscribed and the books closed.

The debentures are entitled to a sinking fund sufficient to retire $5,200,000 in each of the years 1960 through 1982, or 95.68% of the debentures prior to maturity. They are redeemable at the option of the company at redemption prices ranging from 104.73% for those redeemed prior to April 1, 1959, to 100% for those redeemed on or after April 1, 1982. However, prior to April 1, 1963, the company may not redeem any debentures as part of a refunding operation where the refunding would have an interest cost to the company of less than 3.96% per annum.

PROCEEDS—Part of the proceeds from the sale of the new sinking fund debentures will be used to repay outstanding loans of $80,000,000 under a bank credit agreement; the balance of the proceeds will be used for capital outlays. The company's capital expenditures in the three-year period 1956-58 are currently estimated at $447,000,000. It is not expected that additional funds will be required in 1958, but if required, they will be obtained through bank borrowings.

BUSINESS—Company and its subsidiaries constitute an integrated producer of primary aluminum. Their principal operations include the mining and processing of bauxite, an aluminum-bearing ore; the production of alumina from bauxite; the smelting of aluminum from alumina; the making of aluminum alloys; and the fabrication of aluminum and aluminum alloys into semi-finished and finished products.

EARNINGS—Net sales, operating revenues and other income of the company in 1957 amounted to $875,461,000 and net income to $75,568,000, compared with $869,785,000 and $89,621,000 for the year 1956.

Aluminum Industries, Inc.—New Interests in Firm—

The election of Donald H. Teetor and William B. Prosser, Chairman of the Board and President, respectively, of Perfect Cirle Corp., to the Board of Aluminum Industries, Inc., was announced by Harrison O. Ash, President of the latter firm.

Mr. Ash also reported additional capital has been invested in the business by major stockholders of aluminum industries. The current expansion program will enable the Cincinnati firm to increase its inventories and to provide better service to its customers, Mr. Ash said.—V. 182, p. 1453.

American Can Co. — Debentures Offered — The first public offering of debt securities of this company since 1913 was made on April 9 by an underwriting group of 137 members headed by Morgan Stanley & Co. and Clark, Dodge & Co. The offering consisted of $80,000,000 30-year 3¾% debentures, due April 1, 1988, priced at 100% and accrued interest. Subscription books were closed the following day.

The debentures will have the benefit of an annual sinking fund beginning in 1962 which is designed to retire approximately 80% of the issue prior to maturity. For the sinking fund the debentures will be redeemable at 100% and accrued interest. They also are optionally redeemable at any time at prices commencing at 105% except that they may not be so redeemed prior to April 1, 1963, through funds borrowed at an interest cost of less than 3.79%.

PROCEEDS—Part of the net proceeds from the financing will be used by American Can to retire an aggregate of $40,000,000 outstanding long-term debt, and the balance of the proceeds will provide a portion of the funds required in 1958 for capital expenditures and additional working capital.

Gross property additions during the five-year period 1953-1957, inclusive, amounted to $301,804,880 including approximately $19,000,000 for facilities and equipment to process tinplate and steelplate from coils and $33,600,000 for the construction of a new pulp and paper mill in Naheola, Ala., expected to be completed about July 1, 1958. During this period property retirements aggregated $85,379,488. Capital expenditures in 1958 are expected to include approximately $10,000,000 for coil facilities and equipment, approximately $17,000,000 for the Naheola pulp and paper mill, and substantial amounts for numerous smaller projects.

BUSINESS—Company was incorporated in New Jersey on March 19, 1901. Its principal executive offices are located at 100 Park Avenue, New York 17, N. Y.

For many years the company has been the leading manufacturer of metal cans and has also been a principal manufacturer of paperboard milk containers and composite (metal and fibre) containers. In addition, the company is an important producer of can closing machinery for sale or lease to other companies.

In 1956 and 1957 the company broadened its operations through several acquisitions. The largest companies acquired were Marathon Corp. (December, 1957) and Dixie Cup Co. (June, 1957), both of which are now operated as divisions of the company. The Marathon Division manufactures paper wrappers, paperboard packaging and household paper goods; the Dixie Cup Division manufactures paper drinking and food cups. Other smaller companies acquired, now operated as subsidiaries of the company, are engaged in the manufacture of collapsible metal tubes, plastic squeeze tubes and bottles, and other products.

American Mutual Fund, Inc.—Proposed Acquisition—

This Los Angeles investment company, it was announced on April 3, has applied to the SEC for an order permitting the sale of its shares at a reduced offering price in connection with its proposed acquisition of substantially all the assets of Bareco Investment Co. of Tulsa, Okla.; and the Commission has given interested persons until April 21, 1958, to request a hearing thereon.

The proposal contemplates the issuance by American to Bareco of 515,448 shares of American stock in exchange for substantially all the assets of Bareco. The number of shares was determined by dividing the adjusted net asset value per share of American, or $7.34 per share, into the aggregate value of Bareco assets, or $3,783,391.63. The latter includes 25,520 shares (8%) of the common stock of Petroline Corp., valued at $85 per share, or $2,169,200.—V. 187, p. 985.

American Natural Gas Co.—Preferred Ordered Eliminated—

The Securities and Exchange Commission on April 8 announced the issuance of a decision directing this company, a New Jersey holding company with subsidiaries operating in Michigan and Wisconsin, to take appropriate steps to eliminate the $25 par value nonredeemable 6% cumulative preferred stock from its capital structure.

The Commission ruled that the voting power represented by this preferred stock, consisting of 27,481 shares having an aggregate par value and liquidating preference of $687,025 and representing 0.3% of the company's capitalization and surplus, is disproportionate in relation to that of the common stock, constitutes "an unfair and inequitable distribution of voting power" between the preferred and the common stocks which contravenes the corporate simplification requirements of Section 11 (b) (2) of the Holding Company Act.

A proposal of American to make purchases of its preferred stock from time to time was rejected by the Commission, which concluded: "Without a definite price and a fixed period within which the preferred stock is to be acquired, we are unable to find that the proposal is fair and equitable to all the preferred stockholders." American has indicated that, if its proposal were rejected and if the Commission ordered the elimination of the preferred stock, it will file a plan to accomplish this result. No such plan may be approved by the Commission unless it is found "fair and equitable" to the persons affected thereby.

In ruling that American's elimination of its preferred stock is required, the Commission pointed to the fact that, in contrast to the $687,025 aggregate par value and liquidation of the preferred, representing about 0.3% of the total capitalization and surplus of the company, American's outstanding 4,863,246 shares of $25 par common stock have an aggregate par value of more than $121,000,000 and a corporate book value, including capital surplus and earned surplus, of approximately $185,000,000. Despite this, under the company's charter the vote of the holders of one-third, plus one, of the preferred shares present and voting at stockholders' meetings may defeat the authorization of many important corporate acts which require the affirmative vote of the holders of two-thirds of the preferred stock.

In view of this, the Commission stated, "it is clear there is an unfair and inequitable distribution of voting power existing between American's preferred and common stock contrary to the standards of Section 11(b) (2) of the Act. Accordingly, compliance with that section requires the elimination of the preferred stock from the American system." It further observed that it is "highly unlikely" that the proposal to reacquire the American preferred would result in the complete elimination of the preferred and that this "piecemeal method of reducing the number of shares of outstanding preferred stock, if permitted, would aggravate rather than alleviate the existing unfair and inequitable distribution of voting power . . ."—V. 187, p. 1309.

Ampco Mfg. Co., Morristown, N. J.—Files With SEC—

The company on March 31 filed a letter of notification with the SEC covering $275,000 of 10-year 7% convertible debentures due May 1, 1968 and 27,500 shares of common stock (par 10 cents) to be offered in units of $100 of debentures and 10 shares of stock at $101 per unit, plus accrued interest on the debentures. The offering will be underwritten by Cortland Investing Corp., New York, N. Y.

The proceeds are to be used to increase working capital; for relocation of a new plant; leasehold improvements, and security deposits.

Arnold, Hoffman & Co., Inc., Providence, R. I.—Files With Securities and Exchange Commission—

The corporation on March 28 filed a letter of notification with the SEC covering 20,697 shares of common stock (par $10) to be offered to stockholders at $12.50 per share on the basis of one new share for each share held of record April 22, 1958. No underwriting is involved. The proceeds are to go to New York Life Insurance Co. and used for working capital.—V. 172, p. 2377.

Arvin Industries, Inc.—Stock Sold—

The secondary offering of 10,000 shares of common stock, made on March 31 by A. G. Becker & Co. Inc. at $27.25 per share, was oversubscribed. See V. 187, p. 1538.

Atlas Corp.—Uranium Mining Reserves Increase—Sale of Oil Division Detailed—

Uranium subsidiaries of this corporation mined and sold approximately 270,000 tons of uranium ore during 1957 for a total sales value in excess of $8,000,000, it was disclosed on April 10 in the annual report to shareholders.

Commercially minable reserves at the year end amounted to approximately 3,000,000 tons. This was higher than at the beginning of the year, notwithstanding the ore mined during the year, and resulted principally from extension of existing ore bodies.

"The affairs of the company's uranium subsidiaries progressed well during 1957," Floyd B. Odlum Atlas President, stated. Mr. Odlum expressed confilence in the future of uranium and in the profitableness of Atlas' present investment in the uranium industry.

The report disclosed that Atlas stands to realize close to $25,000,000 from the sale of its oil and gas subsidiary, Petro-Atlas Corp., to American Petrofina, Inc. Atlas received $6,295,000 in cash, $5,000,000 principal amount of 5½% Petrofina notes, and 500,000 shares of Petrofina class A stock having a market value of $6,125,000. In addition, Petrofina has through April 1958 to elect whether it will pay Atlas an additional $7,500,000, one-third in cash, one-third in Petrofina stock, and one-third in additional 5½% notes, or, as an alternative, transfer to Atlas a group of oil and gas properties located in the Four Corners area of Utah and New Mexico.

Pending this decision, as well as certain accounting determinations, the amount of book profit that Atlas will realize on the Petro-Atlas sale cannot be computed. The tax profit on the transaction is very substantial and will be fully offset by tax loss carry-forwards acquired in the 1956 merger.

Commenting on the company's recently announced intention to pay at least half of the 1958 common dividend in stock rather than in cash, Mr. Odlum pointed out that the ultimate cash proceeds from the sale of Petro-Atlas would not necessarily be immediately available for payment of cash dividends. A substantial portion of these proceeds, he said, will be used to reduce bank loans, and some will be used for the development of other subsidiaries.

The indicated asset value of the common stock at the year end equaled approximately $8.05 per share. This compares with an indicated asset value of $9.60 at the end of 1956 and represents a decline of slightly less than 10% after deducting 60 cents paid in common stock dividends during the year.

The report stated that for tax purposes the company had a profit on sales of assets of $3,674,259 as contrasted with a loss of $1,170,193 on sales of assets shown in the income statement. The company explained that because certain assets in the 1956 merger had a tax cost different from their book cost, tax profit and book profit in many instances do not coincide. Since it is tax profits rather than book profits that determine the extent to which dividends are taxable to shareholders, the company postponed further profit taking until 1958 in order to minimize the taxability of dividends paid in 1957. Deferment of profit taking was the principal reason for the book loss of $2,933,248 shown in the income statement, the report stated.

Earned surplus amounted to approximately $17,064,920 at Dec. 31, 1957 an has since increased as a result of the Petro-Atlas sale. Gross assets amounted to $111,628,483. Net assets after deduction for out-

gitized for FRASER

standing debt amounted to $90,759,745 at the year end, equal to more than six times the aggregate par value of the outstanding preferred stock.

During 1957, 560,625 shares were issued in acquisition of assets and 276,834 shares of common stock were issued through exercise of option warrants. Stockholders surrendered 79,596 shares of the company's preferred stock in connection with the exercise of warrants and $138,293 in cash was paid into the treasury in the same connection. —V. 187, p. 1202.

Canadian Javelin, Ltd.—Buys Control of NALCO—

The following is taken from The Montreal Gazette of April 3:—

"Premier Joseph Smallwood at St. John's, Newfoundland, on April 2 announced the sale of the Newfoundland government's controlling block of stock in Newfoundland & Labrador Corp. (NALCO), Crown-created company for the survey and development of natural resources in the province.

"The block of 900,000 NALCO shares, representing almost a 90% interest, was sold for $1,200,000 to Canadian Javelin Ltd., and four Canadian and U. S. iron and steel companies.

"The same companies—Steel Co. of Canada Ltd., Pickands Mather & Co. of Cleveland, Youngstown Sheet & Tube Co. and Interlake Iron Co.—are associated with Javelin in the large scale development of the Wabush Lake, Julian and other iron ore properties in Newfoundland.

"An agreement for future purchase of the NALCO stock was made last June at the time of conclusion of the deal for entry of the steel companies into development of Javelin's concession deposits at Wabush Lake.

"Javelin previously held 80,000 shares of NALCO. The Javelin-steel-firms group now holds 980,000 shares out of 1,080,000 shares outstanding. The remaining 100,000 shares are held by various firms and individuals, chiefly by Harriman, Ripley & Co. Inc., of New York and Wood, Gundy & Co. Ltd. and Wills, Bickle & Co., both of Toronto."

John C. Doyle, President, on April 7 said: "This is a further step in the integration of Canadian Javelin's future with that of the major steel companies who are associated in developing the Newfoundland-Labrador iron ore areas of Canadian Javelin.

"Final decision will soon be made as to the best method of exploiting Javelin's large Quebec iron ore properties south of the Mount Wright area and the Julian iron ore body.

"Javelin's management feels certain that increased impetus will be given to the development of NALCO by virtue of having these important partners, financially and technically. NALCO will now be an asset of tremendous increasing value and importance to Canadian Javelin Ltd."—V. 187, p. 1203.

Canadian Utilities, Ltd.—Acquires Yukon Firms—

This company, which is a subsidiary of International Utilities Corp., has acquired all of the outstanding capital stock of two electric companies which serve Whitehorse, capital city of the Yukon Territories of Canada. The city has a population of 5,500 and is the communication and transportation center of the Yukon.

Yukon Electrical Co. Ltd. operates a diesel generating plant with a capacity of 700 kilowatts and owns the distribution system serving 1,600 customers. The Yukon Hydro Co. Ltd. operates two modern hydro plants with a combined generating capacity of 1,600 kilowatts and sells power to the electrical company. Plans are underway for the Yukon company to supply power to the community of Haines Junction, 100 miles northwest of Whitehorse on the Alaska Highway. —V. 186, p. 2471.

Capitol Square Corp., Columbus, O. — Sells Certificates—

This corporation has sold through The Ohio Company, of the same city, an issue of $1,100,000 land trust certificates to Ohio investors, it was announced on April 9. These certificates represent 2,200 shares of equitable ownership in fee simple title to premises known as 40 and 50 south Third St., Columbus, O. The price was $500 per share, plus accrued rental.

Case Manufacturing Corp.—Private Placement—

This corporation, a subsidiary of Ogden Corp., has arranged to place privately $1,000,000 of secured sinking fund notes due 1968.

Central Electric & Gas Co.—Plans Bond Financing—

This company seeks an order disclaiming FPC jurisdiction in respect to any of its facilities and of a proposed $975,000 first mortgage bonds issue or, in the alternative, an order authorizing it to issue and sell the bonds. Central provides electric service in South Dakota and gas service in Nebraska and southeastern South Dakota. The applicant stated that more than 90% of its operating revenues are derived from the sale of gas.

In its application, Central said that it purchases some of its power requirements from the Bureau of Reclamation and that part of that power may be generated at Garrison Dam in North Dakota. The proceeds from the sale would be used to reimburse its treasury in part for amounts used to purchase common stock of its subsidiary, Central Telephone Company. Part of the proceeds may also be used for construction or improvement of its facilities.—V. 186, pp. 2574 and 1626.

Central Hudson Gas & Electric Corp.—Offer May 6—

It is tentatively expected that the offering by this company of $18,000,000 first mortgage bonds due 1988 will be made about May 6. This date is dependent upon completion of all necessary regulatory proceeds prior to that time. See also V. 187, p. 1539.

Central Maine Power Co.—To Increase Stock—

At the annual meeting to be held May 14, the stockholders will vote on a proposal to increase the number of shares of authorized common stock of the company by 500,000, bringing the total so authorized to 4,000,000. While the company has no immediate plans for financing of this type, favorable action is recommended at this time so as to provide a sufficient number of shares available for issue as needed in the future.

Net earnings for the 12 months ended February, 1958, were equivalent to $1.83 per share of the common stock. This compares with $1.87 per share for the corresponding period a year ago.

With the present Yarmouth project nearing completion, construction requirements for 1958 will be considerably lighter than last year and are estimated to require outside cash in the amount of about $6,500,000. There are no plans for permanent financing in the immediate future and bank credit will be used for supplying interim needs. As of March 31, 1958, the company had outstanding $9,000,000 of such loans.—V. 186, p. 1502.

Central RR. Co. of New Jersey—Tenders for Bonds—

The Hanover Bank, 70 Broadway, New York, N. Y. will until 1 p.m. (EST) on April 21, 1958, receive tenders for the sale to it of general mortgage 3¼% bonds, due July 1, 1987, to an amount sufficient to exhaust the sum of $50,147, at prices not to exceed 100%, plus accrued interest.

Chicago District Pipeline Co.—Private Placement—

This company, which is a wholly owned subsidiary of Peoples Gas Light & Coke Co., completed the sale on Feb. 5, 1958, of $5,500,000 of first mortgage sinking fund bonds, 4½% series C due 1978, at par to institutional investors.

The proceed from the sale of these bonds were used to repay $3,500,000 borrowed from Peoples Gas to temporarily finance a portion of the cost of completing its Howard Street extension and to provide treasury cash which will be available for financing a portion of the cost of its proposed third Calumet line.

Arrangements for the sale of these bonds were handled for Chicago District by The First Boston Corp.—V. 187, p. 774.

Cinerama, Inc.—Listing Authorized in New York—

The Board of Governors of the American Stock Exchange on April 3 approved for original listing 2,907,810 (of a total authorized 3,500,000) one cent par common shares of this corporation, which was incorporated in 1950 and is primarily in the field of engineering, designing, developing and producing equipment for use in the production of the Cinerama process. The process is an application of the theory that three-dimensional perception and perspective are obtained by peripheral vision. In the Cinerama process about six times the picture of conventional motion pictures is produced on the screen. The company leases equipment and grants licenses to others for the production and exhibition of motion pictures in the Cinerama process. —V. 177, p. 1151.

Citizens Utilities Co.—Acquisition—Financing Plans—

This company recently received rate increases for its North Sacramento and Guerneville, Calif., water properties and has acquired another property in Illinois, Richard L. Rosenthal, President, told The Los Angeles Society of Security Analysts on April 9.

The rate decisions of the California P. U. Commission for the North Sacramento and Guerneville plants do not provide adequate rate relief or an equitable determination on a number of issues, Mr. Rosenthal stated. As a result, a petition for re-hearing and re-determination was filed with the Commission on March 28, he advised.

Mr. Rosenthal also told the Analysts that the Illinois acquisition was the Bluett Water Supply Co., a privately owned water system serving an area close to Roselle, Schaumberg Township, Ill., part of the suburban Chicago area. Citizens acquired the Roselle properties in 1956. Mr. Rosenthal said that their expansion has materially exceeded Citizens' expectations at the time the purchase was consummated. He also said that the projected level of residential building in the Citizens' Illinois service area makes it likely that the properties will, in the next several years, grow to twice the size anticipated when the purchase was made.

Mr. Rosenthal also advised the Analysts that Citizens was currently in the midst of active negotiations involving acquisition of four water properties, three telephone properties, one electric property and four gas properties. Some of these potential acquisitions, he indicated, were in States in which Citizens does not now operate. He indicated that the combination of the continuing growth of Citizens' own properties, and the contributions which further acquisitions were expected to make to earnings in 1958, warranted the belief that the nationwide, diversified utility operating company would set its fourteenth successive new high in per share earnings in 1958. The company now provides electric, natural and manufactured gas, telephone and water service to over 250 communities in the states of Arizona, California, Colorado, Idaho, Illinois, Maine, Pennsylvania and Vermont.

Mr. Rosenthal also reviewed Citizens' prospective financing plans with the Los Angeles Analysts. He indicated that permanent financing in the perceivable future would be confined to the sale of debt alone. He stated that projected to the end of 1958, under Citizens' mortgage bond indenture, the company would have available $7,400,000 of first mortgage bonds to sell, compared with anticipated aggregate bank borrowings of $3,500,000 at the same date. Thus, he pointed out, the sale of such mortgage bonds would leave the company with a $3,900,000 cash availability after retirement of all bank loans. On the same basis, he stated, Citizens' equity ratio at Dec. 31, 1958, pro formed for such sale, would be 39% of total capital-

Consolidated Edison Co. of New York, Inc.—Offering Postponed to June 3—

This company on April 7, filed with the SEC an amendment to its registration statement covering the issue of $50,000,000 30-year first and refunding mortgage bonds, series O.

Originally scheduled to be awarded on April 22, 1958, the series will now be awarded at competitive bidding on June 3, 1958 and will mature on June 1, 1988.

Proceeds from the sale of the $50,000,000, principal amount of the bonds, will be applied to the payment of short-term bank notes, estimated to aggregate $12,000,000 at the date of sale of the bonds, issued in connection with the company's construction program.

The balance will be applied toward payment for additions to utility plant in the company's continuing construction program which will require expenditure of an estimated $200,000,000 during 1958 and approximately $800,000,000 through the next five years.—V. 187, p. 1091.

BUSINESS—Corporation was incorporated in Delaware on Aug. 19, 1957, and maintains its principal offices at 1500 Massachusetts Ave., N. W., Washington, D. C. The corporation is a successor to a Limited Partnership, the "Arkansas Mining Syndicate" and has acquired all of the assets of such partnership.

Prior to incorporation the limited partnership acquired through contract of purchase, certain mining properties in the "manganese belt" of the Batesville area in the State of Arkansas. Under the predecessor Syndicate, continued by Continental, manganese ore has been mined from these properties. It is the initial purpose of this offering to conduct exploratory work in the search for further minable ore deposits.

In addition, Continental is planning to engage in oil and gas exploration and development operations. The corporation has no oil properties at this time and does not plan to acquire any with the proceeds of this offering. However, if an opportunity to purchase oil property favorable to Continental's interest is presented, the matter will be determined at that time in the light of Continental's best interests.

Continental owns two manganese properties in fee. These are known as the Melton and Sharp properties. The company plans to lease a yard in Batesville, Ark., for storing prior to shipment of any ore or concentrates produced.—V. 186, p. 2756.

Domestic Finance Group Inc., Greensboro, N. C.—Files With Securities and Exchange Commission—

The corporation on April 3 filed a letter of notification with the SEC covering 30,000 shares of 70-cent cumulative preferred stock, series A, to be offered at par ($10 per share). The offering will be underwritten by United Securities Co., Greensboro, N. C. and McCarley & Co., Asheville, N. C. The proceeds are to be used for general corporate purposes.

Douglas Aircraft Co., Inc.—Debentures Offered—Offering of $60,000,000 5% sinking fund debentures, due April 1, 1978, was made on April 10 by an underwriting group headed by Merrill Lynch, Pierce, Fenner & Smith and Kuhn, Loeb & Co. The debentures were priced to the public at 100% and accrued interest.

The debentures will be redeemable through April 1, 1961 at 106% and thereafter at receding prices to par, but the debentures will not be refundable at a lower interest cost for five years. An annual sinking fund commencing in 1963, will provide for retirement of approximately 93% of the issue one year prior to maturity. Sinking fund redemption of the debentures will be at par.

PROCEEDS—Net proceeds from the sale of the debentures will be added to the company's working capital for among other things to (a) repay, or partially repay, short-term bank loans; (b) meet increased cash requirements resulting from increased investment in inventories; (c) keep the company in a position to accept orders or undertake projects for the government; (d) maintain its financial ability to further advance the company's position in the development and production of commercial aircraft, particularly its jet transport program; and (e) for additions and improvements to its properties and facilities.

BUSINESS—Company is engaged in the design, manufacture and sale of aircraft, missiles, and spare parts, and in related activities.

EARNINGS—For the year ended Nov. 30, 1957, the company reported net income of $30,666,000 on net sales of $1,091,366,000.

Duke Power Co.—Proposed Acquisition—

The company has asked the FPC for authority to acquire the electric distribution facilities and transmission line of Carolina Mountain Power Corp. of Wilmington, Del. Carolina is a small public utility company which operates in parts of Henderson, Rutherford and Polk Counties, N. C. The company plans to retain only ts hydroelectric plant near Lake Lure, N. C. If the merger plans are approved, Duke has agreed to purchase the entire output of this hydro plant for 25 years.

Duke would pay $105,000 for Carolina's facilities, the application says. After the merger the facilities would continue to be used for the same service now rendered. Duke said that the merger would not impair its service to areas already served, and that its acquisition of Carolina's system would result in lower rates to customers in the present Carolina distribution area. Duke is a public utility operating in North and South Carolina.—V. 186, p. 2473.

Duquesne Light Co.—Bonds Offered—Public offering of $15,000,000 3¾% first mortgage bonds, due April 1, 1988, was made on April 10 by an underwriting group headed by White, Weld & Co. at 100.179% and accrued interest, to yield 3.74%. The group was awarded the bonds at competitive sale April 9 on a bid of 99.4599%.

The bonds are redeemable for sinking fund purposes at prices ranging from 100.18% to 100%, and at the option of the company at prices ranging from 103.93% to 100%, depending upon the year of redemption.

Other bids for the bonds as 3¾s were received as follows: Halsey, Stuart Co. Inc., 99.4099; The First Boston Corp., 99.33; and Kuhn, Loeb & Co., Eastman Dillon, Union Securities & Co., A. C. Allyn & Co., Inc., and Landenburg, Thalmann & Co. (jointly), 99.131. Bids for a 3⅞% rate were as follows: Glore, Forgan & Co.; 100.799, Harriman Ripley & Co. Inc., 100.729; and Drexel & Co. and Equitable Securities Corp. (jointly), 100.7199.

PROCEEDS—Net proceeds from the offering will be used, together with other funds of Duquesne Light, to finance the company's construction expenditures, including the payment of short-term bank loans incurred or to be incurred for construction purposes. Projected growth of the company's business indicates that if the general level of business in 1958, 1959 and 1960 is not very substantially below the level of 1957, Duquesne Light may expend on construction approximately $25,000,000 in 1958, $35,000,000 in 1959, and $35,000,000 in 1960.

EARNINGS—Operating revenues in 1957 totaled $98,637,000 and net income amounted to $19,130,000.

BUSINESS— Company distributes electricity in an 817 square mile area in Pennsylvania. The area embraces the City of Pittsburgh and surrounding municipalities and has a population of approximately 1,550,435 persons, of whom 676,806 reside in Pittsburgh.

Eastern Gas & Fuel Associates—Seeks Exemption—

This company has applied to the SEC for an order under the Holding Company Act declaring it not to be an electric utility company within the meaning of that Act; and the Commission has given interested persons until April 24, 1958, to request a hearing thereon.

Eastern is said to be engaged (among other businesses) in the mining and distribution of coal, the operation of coal and gas manufacturing plants and in steamship and towing operations. It has one public-utility subsidiary, Boston Gas Company, which is a gas utility company and an electric utility company which serves natural and mixed gas in Boston and environs, electricity in

Federal Pacific Electric Co.—Enters New Field—

This company will enter the protective relay field, it was announced by T. M. Cole, Executive Vice-President, on April 10.

The new relays, to be manufactured in Newark, N. J., under the terms of a license agreement with English Electric Co. Ltd., are expected to be available for delivery within the next three months. With this step, Federal Pacific becomes the third American company engaged in the production of these highly specialized switchgear control devices, used by electric utilities and industrial firms.—V. 187, p. 1091.

Federated Mortgage Corp. of Delaware, Port Chester, New York—Files With SEC—

The corporation on April 3 filed a letter of notification with the SEC covering $299,000 of 8% 10-year convertible subordinated debentures to be offered in denominations of $500 and $1,000. The debentures will have a provision for a sinking fund and limitation of dividends; interest payable monthly; and will be convertible into a maximum of 199,334 shares of class B common stock. No underwriting is involved.

The proceeds are to be added to the general funds of the corporation and used for working capital.—V. 186, p. 728.

Fibreboard Paper Products Corp.—To Expand Mill—

Major expansion of diversified productive capacity at the corporation's Antioch Board Mill was announced on April 3 by Ralph P. McDonald, General Manager of the Paperboard Division.

Installation of a new, $500,000 dollar off-machine coater, one of the few of its kind in the United States, will be undertaken at the Antioch plant this Spring.

The new machine will be capable of applying a wide variety of coatings to paperboard in widths as great as 92 inches and at speeds up to 1,000 feet a minute.—V. 187, p. 45.

First Backers Co., Inc., Clifton, N. J.—Registers Proposed Note Offering With SEC—

The company on April 7 filed a registration statement with the SEC covering $1,000,000 principal amount of 12% notes, payable nine months after issue. The notes are to be offered for public sale in units of $100, and at 100% of principal amount. No underwriting is involved.

First Backers was organized under New Jersey law on Feb. 27, 1958, for the purpose of purchasing notes and other evidences of indebtedness issued in payment for home improvements, and secured by mortgages or other liens upon the improved properties and, as subcontractors, to supply materials and equipment for home improvements. On March 5, 1958, it acquired all the assets of Backers Discount and Finance Co., Inc. These assets, valued at $736,316, consist mainly of notes secured by mortgages, other liens on private dwellings, aggregating $716,896 (less unearned discounts of $94,472.84) and cash and U. S. securities totaling $55,038.37. The company assumed the liabilities of Finance Co., aggregating $481,608.71, of which $477,085 are evidenced by certificates of indebtedness of Finance Co. under the terms of which the latter agreed to pay the holders interest at the rate of 12% per annum, payable monthly. No maturity is fixed in these certificates. First Backers has issued 3,100 shares of its 8% Cumulative Preferred Stock, $100 par, to Finance Co. for all of such assets, subject to the liabilities, which have been assumed.

Net proceeds of the sale of the Notes by First Backers will be used solely for the purchase of notes and other indebtedness issued in payment for improvements on homes and secured by mortgages or other liens upon the improved properties. The prospectus lists James Sorce, Jr., of Nutley, N. J., as president and owner of 994 of the 1,000 outstanding shares of First Backers. Mr. Sorce donated to the company 2,500 shares of the 8% Cumulative Preferred Stock which he acquired from Finance Co. as a dividend on his common stock holdings in that company.

Hammond Organ Co.—Sales Reach New High—Earnings Slightly Lower—Stanley M. Sorenson, President, in a speech delivered before the Boston Security Analysts Society on April 7, said in part:

The company's five plants in Chicago now cover 565,000 square feet of floor space. This represents an increase of 214% over the manufacturing area that was available to us at the close of the war, and 47% greater than what it was in April, 1955.

Book value of Hammond property, plant and equipment has more than doubled since April, 1955. As of Feb. 28, this value, less depreciation, stood at $5,136,000. For insurance purposes, these assets have a replacement value of more than $10,000,000.

We now employ approximately 1,425 men and women, an increase of 30% in the number that were on our payroll 36 months ago.

We operate on a cash basis with our dealers. Recently, the Hammond Organ Co. and Commercial Credit Corp. announced creation of a program that enables our dealers to purchase organs under a wholesale floor plan. The financing arrangement also includes a retail customer time-payment plan.

For the year ended March 31, 1955, our sales amounted to $18,158,000. We enjoyed a sizable increase the following year when volume reached $23,828,000. For the year ended March 31, 1957, our sales were up again to $27,636,000. Sales for the fiscal year just ended amounted to $27,875,000, subject to final audit, for another record high.

Based on the current number of shares outstanding, earnings also have increased. In the 1954-55 fiscal year, we reported a profit of $2.05 a share. The figure for 1955-56 was $2.99, while 1956-57 showed net earnings of $3.27. For the year ended March 31, 1958, we estimate that our after-tax margin on sales will be approximately one-half per cent under last year, which will result in per share earnings slightly below fiscal 1956-1957.

Stockholders now number 4,300, up 43% from the approximately 3,000 of three years ago. The present stock outstanding is 1,496,016 shares and the average holding is 348 shares.

Net worth of the company has increased steadily since 1955 when it was $9,680,000. For the year ended March 31, 1956, our net worth had risen to $11,277,000, while 1957's figure was $12,769,000. Net worth has again increased, standing at $14,788,000 as of Feb. 28, 1958.

Our domestic retail outlets now number 450, an increase of 12% over three years ago.

Distribution elsewhere in the Western Hemisphere, outside the continental limits of the United States, is handled by the Hammond Organ Western Export Corp., a wholly owned subsidiary. Sales of this division have increased 70% in the past three years, and we look for increased future growth.

Hammond Organ Studios are being organized across the country in secondary markets and in peripheral locations of primary markets. Our company owns one studio in a Chicago suburb solely for the purpose of pre-testing retail merchandising ideas. We have no plans for extending our operations in the retail field beyond this single test studio, because such plans would put us in competition with our dealer organization.

The large bulk of our sales, in the past, has been to homes and it will continue that way in the future. This market is growing with each passing year.

We have sold over 40,000 organs to churches throughout the world.

Merely for the sake of the record, let me say that our appearance here today is not in anticipation of financing. As many of you know, our company has operated profitably each year since the introduction of the Hammond Organ 23 years ago. As of Feb. 28, our working capital was $10,108,000, and our inventory was very closely controlled. —V. 187, p. 776.

Hardrock Mining (Nev.)—Syndicate Withdraws Request for Hearing—

This syndicate, it was announced on April 7, has withdrawn its request for a hearing on the question whether the Commission should vacate, or make permanent, its order of Jan. 29, 1958, temporarily suspending a Regulation A exemption from registration under the Securities Act with respect to a public offering of 6,000,000 shares of Hardrock Mining stock at 5 cents per share pursuant to a Regulation A notification filed June 16, 1955. The hearing, scheduled to commence April 28, 1958, in the Los Angeles Branch Office of the Commission, has been cancelled.

In its order temporarily suspending the offering by Hardrock Mining, the Commission asserted that the company had failed to file the required semi-annual reports of stock sales and that its notification and offering circular were false and misleading in respect of various material facts.—V. 187, p. 1091.

Hartford Electric Light Co.—Tenders for Debentures—

The Old Colony Trust Co., Boston, Mass., will until the close of business on April 15, 1958, receive tenders for the sale to it of 3% sinking fund debentures, due April 1, 1967, to an amount sufficient to exhaust the sum of $70,577, at prices not to exceed 100%, plus accrued interest.—V. 187, p. 145.

Hartford Fire Insurance Co.—Secondary Offering—A secondary offering of 16,000 shares of capital stock (par $10) was made on April 7 by The First Boston Corp. and Cooley & Co. at $162 per share, with a dealer's concession of $4.50 per share. The offering was being continued at time of going to press.—V. 185, p. 1886.

(Walter E.) Heller & Co.—Stock Offered—A public offering of 125,000 shares of common stock (par $1) was made on April 9 by an underwriting group headed by F. Eberstadt & Co. and Dean Witter & Co. at $20.50 per share. This offering was oversubscribed and the books closed.

PROCEEDS—Net proceeds will be added to the general funds of the company and will permit an increase of the company's volume of business.

BUSINESS—Company provides working funds for industry by financing the sales and other operations of manufacturers and distributors of various products. Its customers include mills and wholesale and retail merchants in various lines, other finance companies and small loan companies, concerns performing services and distributors and independent producers of motion pictures and television films.

During 1957 the company's volume of receivables was in excess of $780,000,000 and its net income amounted to $3,192,000.

DIVIDEND—A regular quarterly dividend of 30 cents per share has been declared, payable March 31, 1958, to stockholders of record March 20. The company, organized in 1919, has paid 148 consecutive quarterly dividends on its common stock since March, 1921.

Hercules Powder Co. Inc.—New Development—

The early commercial availability of a new polyethylene-carbon black plastic composition with greatly improved properties was indicated on April 9 in a joint announcement by this company and Godfrey L. Cabot, Inc.

The two companies said that they have undertaken a joint development program on the chemical cross-linking of polyethylene and carbon black compounds. The results to date indicate the cross-linking procedure will provide industry with a new economical, efficient material for insulating and jacketing wire and cable, forming pipes and tubes, and for compression and transfer molder products.—V. 187, p. 1433.

Hershey Chocolate Corp.—To Redeem Preferred Stock

The corporation has called for redemption on May 15, 1958, all of its outstanding 4¼% cumulative preferred stock, series A, at $51.50 per share, plus accrued dividends of 53⅛ cents per share. Prepayment will be made commencing April 14, 1958.—V. 181, p. 108.

Houghton Mifflin Co., Boston, Mass.—Files With SEC

The company on April 1 filed a letter of notification with the SEC covering 434 shares of common stock (par $100) to be offered to stockholders of record March 12, 1958 at $115 per share. No underwriting is involved. The proceeds are to be added to the general funds of the company.—V. 176, p. 1377.

Howell Electric Motors Co., Howell, Mich.—Merger—

This company and The Ohio Electric Mfg. Co., Cleveland, Ohio, are now conducting merger negotiations, according to A. C. Flood, Howell President and Chester Bland, President of Ohio Electric. Preliminary merger terms have been established and approved by directors of both firms.

The merger plan will be submitted to common stockholders of both companies at special shareholders' meetings to be held shortly after May 15, the announcement said.

If approved, the merger will result in formation of a new company with combined annual sales, based on 1957 figures, of in excess of $12,000,000. Assets will exceed $5,000,000. The new corporation will operate as the Howell Electric Motors Co., but will retain the Ohio, Kingston-Conley and Howell tradenames. Mr. Flood, Howell, President, since 1938, will be President and Mr. Bland, Chairman of the Board. —V. 180, p. 626.

Hughes Tool Co.—Consent Judgment—

Maynard E. Montrose, Vice-President in Charge of Sales, on April 4, made the following statement concerning the consent judgment entered into between the anti-trust division and the company in New York.

"The suit filed in the Southern District of New York against this company, which has its main office in Houston, Texas, claimed that certain license agreements with German nationals for the manufacture and assembly in West Germany of certain drilling equipment and the sale thereof in the Eastern Hemisphere violated Section I of the Sherman Act. Such agreements, related to activities and operations outside the United States, were encouraged by the government of West Germany as substantial contributions to the economic welfare of that country and of other countries in the Eastern Hemisphere with currency conversion problems.

"The company sincerely believes that the only effect of these agreements upon American commerce has been the promotion of our foreign trade.

"Nevertheless, the costs of defending an anti-trust suit are large, both in dollars paid out and in the disruption of normal business activities occasioned by drains on the time of key personnel, so it was decided to negotiate with the anti-trust division to terminate the New York litigation by a consent judgment. Such procedure is followed in more than 75% of the suits brought by the anti-trust division where there is no intention on the part of the company to place any unlawful restraint on commerce among the several states and between the United States and foregin nations."—V. 186, p. 626.

Lockheed Aircraft Corp.—Large Japanese Contract—

Lockheed Aircraft Service-Overseas, Inc., and the U. S. Navy Bureau of Aeronautics have signed a contract under which LAS-O will provide technical assistance and material for the manufacture, in Japan, of an undisclosed number of P2 V-7 Neptune anti-submarine patrol aircraft, it was announced on April 8 by J. Kenneth Hull, LAS-O President.

The approximate value of the contract is $22,000,000.

The agreement follows negotiations of a mutual security pact between the U. S. Government and the Government of Japan signed Jan. 15 in Tokyo. The Kawasaki Aircraft Co., Gifu, Japan, was selected by the Japanese Government to implement the P2V-7 manufacturing program.

This marks the third type of technical assistance provided by the U. S. Government to the Government of Japan for its defense forces to be implemented by the Lockheed Aircraft Service organization. In January, 1953 the first such program of assistance utilizing a civilian contractor was started in Japan on Lockheed T-33's, F-80's and F-94 jet aircraft. Since then, Kawasaki has overhauled more than 500 aircraft with technical assistance from the LAS-O organization.

A later contract for technical assistance in the manufacture of Lockheed T-33 jet trainers by Kawasaki signalled the return of Japan to the aircraft manufacturing field. Up to Dec. 1, 1957, more than 128 such aircraft has been delivered.

LAS-O is a subsidiary of Lockheed Aircraft Service, Inc., aircraft overhaul and repair chain, owned by Lockheed Aircraft Corp.—V. 187, p. 989.

Long Island Arena, Inc., Commack, N. Y.—Registers Financing Proposal With SEC—

This corporation on April 7 filed a registration statement with the SEC covering $750,000 of 6% debentures due April 1, 1970, and 75,000 shares of its 10 cents par common stock. The company proposes to offer these securities for public sale in units consisting of $100 principal amount of debentures and 10 common shares. The offering price is to be $100 per unit. The offering is to be made by Dunne & Co., on a "best efforts" basis, for which a $16.66 per unit selling commission is to be paid. The company also has agreed to pay expenses of the underwriter in the amount of $30,000 and legal expenses of counsel for the underwriter in the amount of $2,500, and to grant the underwriter warrants to purchase 5,000 shares and extend for one year the maturity of warrants to purchase 63,718 shares at $1.50 per share. Warrants for the 63,718 shares were heretofore issued to Dunne & Co. and Vickers Brothers, and may be offered to securities dealers who participate in this offering and to others, either for cash at prices presently undetermined or as an inducement to participate in the offering.

Organized in 1954, Long Island Arena is building and intends to operate an indoor Arena (in Commack) for sports events, entertainments, civic and commercial events and recreational activities. Work on the Arena was begun in December, 1955 and was carried on until the Spring of 1957, but has been almost suspended since then because of lack of funds. The company anticipates that about four months additional work will be necessary before the Arena will be ready for operation.

Net proceeds of this financing will be added to the company's general funds and will be available for its general corporate purposes, including construction of the Arena. The overall cost of construction of the Arena to the point where a certificate of occupancy can be secured and of equipping it for operation, including parking facilities but excluding the cost of the land, is estimated at about $1,250,000, of which $500,000 had been paid prior to Feb. 28, 1958, and $750,000 is still to be paid. Net proceeds of this offering, assuming all the securities are sold, will be about $625,000. The company is indebted to persons who have furnished labor and materials for the construction of the arena in the amount of about $290,000, all of which is included in the above estimate of the portion of the cost of completing the Arena still to be paid.

The prospectus lists William H. Linck as president and treasurer and Thomas F. Lockhart as secretary and general manager. They hold 57,500 and 60,000 shares, respectively, of the 928,287 outstanding common shares. Linck received 50,000 shares for services rendered and paid 10 cents per share for the remaining 7,500 shares; and Lockhart received 50,000 shares for services and paid 10 cents per share for the remaining 10,000 shares. All officers and directors as a group own 133,930 shares, representing 14% of the class outstanding.—V. 183, p. 1111.

Long Island Lighting Co.—Registers Financ'g Proposal

This company on April 8 filed registration statements covering $20,000,000 of first mortgage bonds, series J due 1988, and 691,027 shares of its $10 par common stock. The bonds are to be offered for public sale at competitive bidding; and the common shares are to be offered for subscription by holders of outstanding common at the rate of one additional share for each 10 shares held on April 29, 1958. The subscription price and underwriting terms for the common stock offering are to be supplied by amendment; and Blyth & Co., Inc., The First Boston Corporation, and W. C. Langley & Co. are listed as principal underwriters for this offering.

Net proceeds of this financing will be used for construction of utility plant and to pay short-term bank loans. Construction expenditures for the period March 1, 1958, to Dec. 31, 1959, are estimated at $87,000,000. This program is expected to require an additional $40,000,000 of future financing.—V. 187, p. 1315.

(P.) Lorillard Co.—Sales and Earnings Increase—

Continuing the growth pattern set so decisively in 1957 (when it recorded highest sales and earnings in its 198-year history), this company in the first two months of 1958 recorded earnings up over 400% and sales increase of more than 120% over the first two months of 1957, shareholders were advised on April 8 by Lewis Gruber, President, who also said he is "quite sure our sales in the first quarter this year will exceed those for the final quarter of 1957," (which, he noted, is "particularly gratifying" since first quarter cigarette industry sales are traditionally lower than fourth quarter figures). First quarter earnings are expected to be "fractionally lower" than 1957's fourth quarter due to "heavy first quarter promotion, advertising and break-in costs incurred in marketing our products."

After 45 years at the same address, the company will this Summer move its headquarters offices to the new building at 200 East 42nd St., New York City, which, upon completion, will be called the P. Lorillard Building.

Proposals to amend Lorillard's incentive compensation by-law and for a restricted stock option plan were approved by the shareholders. —V. 187, p. 329.

Marchant Calculators, Inc.—Proposed Merger—

See Smith-Corona, Inc. below.—V. 187, p. 1208.

Mayfair Markets, Los Angeles, Calif.—Files With SEC

The company on March 24 filed a letter o fnotification with the SEC covering 5,000 shares of 6% cumulative preferred stock (par $50) and 5,000 shares of common stock (par $1) to be offered in units of one share of preferred and one share of common stock at $60 per unit. No underwriting is involved. The proceeds are to be used for working capital.—V. 185, p. 1638.

Mayflower Finance Co., Las Vegas, Nev.—Files With Securities and Exchange Commission—

The company on March 31 filed a letter of notification with the SEC covering 200,000 shares of common stock to be offered at par ($1 per share), without underwriting. The proceeds are to be used to purchase additional sales contracts.

Mead Corp.—To Increase Common Shares—

The stockholders on April 29 will consider: (a) Employees' Stock Plan; and (b) increasing authorized common shares from 5,000,000 to 12,000,000.—V. 187, p. 777.

Midland Enterprises, Inc.—Plans Bond Financing—

The company plans to issue $3,200,000 of first preferred mortgage bonds on or before Dec. 31, 1958.

These bonds will contain substantially the same terms as the company's presently outstanding issue of $7,500,000 of first preferred mortgage bonds, payable 1960 to 1966, except that a lower interest rate and longer terms may be obtainable than were available when the presently outstanding bonds were issued. The proposed issue of bonds will be secured by a first preferred mortgage covering river transportation equipment having an estimated book value of $4.3 million.

Of the proceeds of the bond issue, $500,000 will be added to the working capital of the company and the remaining proceeds will be used to repay a part of the 1959 maturities of the bank loan and all of the final maturities due in 1960. The bank loan agreement has been amended to permit this bond issue.

A special meeting of stockholders may be required later in the year to satisfy certain legal requirements in connection with authorizing and issuing the proposed bonds in the event that these requirements cannot all be met at the regular annual meeting.

National Cylinder Gas Co.—To Change Name—

This company announced on April 2 that the directors had voted that the company name be changed, because it has been "outgrown," and are asking stockholders to approve the name "Chemetron Corporation."

Charles J. Haines, President, said the 24-year-old "National Cylinder Gas Company" name had been satisfactory while the firm produced only industrial gases and equipment using gases, but that addition through the years of many new product lines and services had made it "too restrictive."

The company and its subsidiaries have 81 plants located in 31 States, and 14 plants in other countries.

"A new name was necessary also to eliminate confusion," Mr. Haines said. "We now have an NCG Division. When the new corporate name becomes official, that division can be called the 'National Cylinder Gas Division'."

The company expects to begin using the name "Chemetron Corp." following the annual stockholder meeting on May 6, Mr. Haines said. —V. 187, p. 1545.

New England Electric System—Offering Cleared by Securities and Exchange Commission—

The Securities and Exchange Commission it was announced on April 4, has issued an order authorizing this company to issue and sell 968,549 additional shares of its $1 par common stock by means of a rights offering to its stockholders. The offering is to be made on the basis of one additional share for each 12 shares held on the record date, April 3, 1958. The proposed stock offering will be underwritten; and NEES proposes to select the underwriters pursuant to competitive bidding.

NEES proposes that the net proceeds of the stock sale will be added to its general funds and applied in furtherance of the construction programs of its subsidiaries, either through loans or the purchase of additional shares of their common stocks, any balance to be used for general corporate purposes.—V. 187, p. 1545.

New Jersey Power & Light Co.—Hearing on Financing

This company has applied to the SEC for an order authorizing the issuance and sale, at competitive bidding, of $7,500,000 of first mortgage bonds, due May 1, 1988; and the Commission has given interested persons until April 25, 1958, to request a hearing thereon.

As previously reported, the company contemplates expenditures of $4,350,000 for proposed construction during 1958. The net proceeds of the sale of the bonds will be used as follows: $4,300,000 for repayment of short term bank loans and the balance for application to the construction program, including the reimbursement of the company's treasury for construction expenditures.—V. 187, p. 1545.

New York Central RR.—1957 Earnings Declined—

Advantages gained by the Central's continuing capital improvements program, Alfred E. Perlman, President, said, were more than overcome in 1957 by a combination of adverse national, state and municipal transportation policies in areas where the railroad operates, and effects of the current economic recession and inflation.

As a result, the Central reported a drop in operating revenues from $780,434,916 in 1956 to $741,571,672 last year. Net railway operating income fell from $58,320,739 to $29,532,356 and net income dropped from $39,104,259 in 1956 to $8,423,078 in 1957. The report pointed out that the Central's rate of return from its railway operations was only 1.5%.

Once again, the company in 1957 failed to earn its fixed charges from railroad operations, Mr. Perlman said. Income from the hotels and the Central's other investments made up the difference and provided the meager profit of $1.30 per share, compared with $6.02 in 1956. Mr. Perlman commented:

"Unhappily, this is nothing new on the Central. Since 1930, the company has shown a profit from railroad operation in only 10 years. Seven of the 10 were war years, and two of the three profitable peacetime years were 1955 and 1956.

"In the 28 years to 1957, the company's fixed charges amounted to $1,378,000,000 but, in this same period, the net railway operating income came to only $1,230,000,000. It was the 'other income' of the Central, $581,000,000, which made up the difference and provided the total net income for the period of $433,000,000. We have not neglected the improvement of this phase of the company's business."

The annual report's 1957 financial review noted that State and local taxes paid by the Central during the year amounted to $39,293,220, the highest total of such taxes paid by any railroad in the United States. Taxes of over $21,000,000 were paid to the State of New York and its municipalities alone—an all-time record for any railroad in the state. Since such taxes represent fixed charges which cannot be adjusted in the face of declining traffic, the levies place a tremendous burden on the railroad.

During the year the Central collected and paid to the Federal gov-

Oil Inc., Salt Lake City, Utah — Registers Proposed Stock Offering With SEC—

This corporation filed a registration statement with the SEC on April 4, covering 597,640 shares of its $1 par common stock. The company proposes to offer these shares for subscription at $1.75 per share by common stockholders of record March 24, at the rate of 1¼ new shares for each share then held. Officers and employees will be entitled to purchase 50,000 shares not subscribed by stockholders. The balance of the shares will be offered for public sale at $2 per share, such offering to be on a "best efforts" basis by Harrison S. Brothers & Co. and Whitney & Co., both of Salt Lake City, for which a selling commission of 20 cents per share will be paid.

The company has been engaged since 1946 in various phases of the oil business. More recently it branched into the field of uranium exploration.

Net proceeds of the sale of stock are to be used as follows: $19,400 for expenses incident to the stock offering; $358,324 for use as Operator, Joint Venturer and Working Interest owner in the so-called Westwater Joint Venture, Grand County, Utah, as represented by a 53% interest therein; $98,280 for purchase of an additional 10% working interest in said Venture and as a contribution to its for general, administrative and field expenses; $21,500 for wildcat financial responsibility for certain stages of such venture; $117,900 drilling in Colorado; $408,000 for a 51% participation in a natural gasoline plant to be located near the town of Mack, Mesa County, Colo.; and $22,464 for working capital and contingencies.—V. 170, p. 791.

Olen Co., Inc., Mobile, Ala.—Registers With SEC—

The company filed a registration statement with the SEC on April 1, 1958, covering 100,000 shares of its $1 par class A common stock, to be offered for public sale through an underwriting group headed by R. S. Dickson & Co. The public offering price and underwriting terms are to be supplied by amendment.

The company and its subsidiaries operate a chain of retail stores in the Southeastern States.

Net proceeds of this financing are to be added to the general funds of the company and will be used to reduce short-term trade obligations, to finance the opening of new units (several of which are currently planned) and to increase the inventories of existing stores. Any remaining proceeds will be added to working capital.—V. 187, p. 1545.

One William Street Fund, Inc., New York—Registers With Securities and Exchange Commission—

Lehman Brothers announced on April 8 the formation of this new open end investment company which will be sponsored and managed by the firm. The new company will be a fully managed, diversified fund designed to provide an investment program for both individual and institutional investors.

The new Fund filed on April 7 a registration statement with the Securities and Exchange Commission covering a proposed public offering of 3,000,000 shares of common stock (par $1) at $12.50 per share. Lehman Brothers will manage the underwriting and will form a nationwide underwriting group. At the outset the Fund will be a closed end company but will become an open-end company after the termination of the underwriting.

Upon completion of the initial offering, it is anticipated that the Fund will acquire, in exchange for shares of the Fund, the assets valued at approximately $36,000,000 of Aurora Corp., a private investment company, whose portfolio was selected with the aid of Lehman Brothers and consists of securities appropriate to the investment policy of The One William Street Fund, plus a substantial quantity of short-term U. S. Government securities representing cash awaiting investment.

According to the registration statement, "the Fund's investment policy is based on its confidence in the long-term expansion and prosperity of American business and industry. It will seek growth of capital as well as a reasonable current return. As a fully-managed company, as distinguished from a balanced fund or a strictly common stock fund, the Fund will retain freedom of action to include in its portfolio varying amounts of senior securities when such a course is deemed timely and prudent.

"Since equity securities normally afford shareholders the greatest opportunity to participate in the growth of American business, it is anticipated that the Fund's portfolio will generally consist of such securities. There may, however, be periods during which the Fund may deem it desirable to invest a portion of its assets in fixed income securities, awaiting favorable conditions for long-term equity investments."

The President of the new Fund will be Dorsey Richardson who has been, for many years, a Vice-President and a director of The Lehman Corp. Mr. Richardson has been prominently identified with the investment company business, having been Chairman of one or other governing bodies of the National Association of Investment Companies. Edward B. Burr will be Executive Vice-President. He is now Executive Director of the National Association of Investment Companies.

As soon as possible after the termination of the initial offering period, The One William Street Fund will commence operations as an open-end company. Its shares will be continuously offered by William Street Sales, Inc., of which Richard D. Gibson will be Vice-President and General Sales Manager, and of which Mr. Richardson will be President.

Among the directors of the new Fund will be: Paul M. Mazur, Joseph A. Thomas, Paul E. Manheim and Philip Isles, who are partners of Lehman Brothers. Other directors already chosen are: Ernest R. Breech, John S. Bugas, Lewis D. Crusoe, William T. Gossett, Delmar S. Harder, Fred Lazarus Jr., Francis C. Reed, Dorsey Richardson, and Edwin L. Weisl. It is expected that two additional directors will be elected to the board shortly, raising its membership to 15.

122 East 66th Street, Inc. (N. Y.)—Files With SEC—

The corporation on April 4 filed a letter of notification with the SEC covering $100,000 of 3½% 15-year bonds to be offered at par in units of $100, $500 and $1,000 only to members of Cosmopolitan Club. No underwriting is involved.

The proceeds are to be used to remodel certain portions of the clubhouse.—V. 163, p. 3142.

Osborne Electronic Sales Corp., Portland, Ore.—Files With Securities and Exchange Commission—

The corporation on March 31 filed a letter of notification with the SEC covering 9,680 shares of common stock (no par) of which 8,580 shares are to be offered by the company and 1,100 shares by a selling stockholder. Of the 8,580 shares, 2,000 shares are to be offered to employees at $17 per share. The public offering price is $20 per share. No underwriting is involved. The proceeds are to be used to increase cash reserves and to retire current and long term debt.

Pacific Finance Corp., Los Angeles, Calif. — Reports New High Records—Net income for 1957 was $6,407,915, the highest in the company's history, and loans and discounts at the end of the year were $366,595,114, also an all-time high, according to an announcement by Maxwell C. King, President. The record earnings were equal to $5.17 per share on the average number of shares of common stock after provision for preferred dividends. Net income for 1956 was $4,962,536, equal to $4.28 per common share.

Dividends of $2.30 per share were paid on common stock during the past year, the quarterly dividend rate having been increased from 50 to 60 cents per share beginning with the June 1, 1957, payment.

In commenting on the outlook for 1958, Mr. King stated, "A decrease in automotive production is anticipated this year, and we recognize that the slackening in the general economy will have some effect on our business activities. We believe, however, that the company can maintain a favorable level of operations during 1958."

The volume of loans and discounts acquired by the company in 1957 was $552,339,298, compared with $527,975,911 for 1956. Of this total, $222,174,036 was accounted for by retail instalment sales obligations. In this category, 78% represented automotive financing, 13% mobile home financing and 9% other retail financing.

The 1957 year-end level of loans and discounts outstanding compared with $330,826,053 reported at the end of 1956.

During 1957, Pacific Finance increased its capital funds by $18,611,422, which included $6,133,377 derived from a public sale in June of 164,604 shares of common stock.—V. 187, p. 1436.

Pacific Petroleums Ltd.—Debentures Offered—Eastman Dillon, Union Securities & Co. headed an underwriting group which on April 10 offered for public sale an issue of $30,000,000 (U. S.) 5½% sinking fund debentures due April 1, 1973 (with common stock purchase warrants attached) at 102.05% and accrued interest, to yield about 5.30% to maturity.

Each $1,000 debenture will have an attached warrant entitling the holder, on and after Nov. 1, 1958, to purchase 20 shares of the company's $1 par value (Canadian) common stock at $19 (U. S.) for a 10-year period.

A sinking fund for the debentures with payments commencing April 1, 1962 is designed to retire the entire issue by maturity. Sinking fund redemption prices begin at 101.65% and scale downward. General redemption prices start at 107.50% and range downward thereafter.

PROCEEDS—The company proposes to apply the net proceeds from the sale of the debentures to the repayment of certain long-term and short-term obligations, and to the acquisition of interests in, and exploration and development of oil and gas lands and development of the company's existing properties, such expenditures being estimated at about $7,000,000 for the current year. Extension of the company's refining and marketing facilities will require the expenditure of an additional $1,500,000.

BUSINESS—The company, a Canadian corporation, is engaged in the production of oil and natural gas in the provinces of Alberta and British Columbia. It also holds leases and reservations in Saskatchewan and Manitoba and has interests in the United States through subsidiaries of Merrill Petroleums Limited, whose assets were acquired as of Jan. 1, 1958. In association with certain major U. S. companies, Pacific Petroleums has interests in oil and gas concessions in Venezuela and at Dec. 31, 1957 held approximately 27% of the capital stock of Westcoast Transmission Co.

THE COURSE OF BANK CLEARINGS

Bank clearings this week show a decrease compared with a year ago. Preliminary figures compiled by us, based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, April 12, clearings from all cities of the United States from which it is possible to obtain weekly clearings will be 0.8% below those for the corresponding week last year. Our preliminary totals stand at $20,038,826,036 against $20,196,381,077 for the same week in 1957. At this center there is a gain for the week ended Friday of 3.1%. Our comparative summary for the week follows:

CLEARINGS—RETURNS BY TELEGRAPH

Week Ending April 12—	1958	1957	%

Other cities, five days	4,006,387,088	4,109,283,835	— 2.5
Total all cities, five days	$19,297,548,620	$19,374,524,313	— 0.4
All cities, one day	741,277,416	821,856,764	— 9.8
Total all cities for week	$20,038,826,036	$20,196,381,077	— 0.8

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results for the week previous — the week ended April 4. For that week there was a decrease of 1.2%, the aggregate of clearings for the whole country having amounted to $22,585,660,385 against $22,852,846,878 in the same week in 1957. Outside of this city there was a decrease of 7.8%, the bank clearings at this center having registered a gain of 4.9%. We group the cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York Reserve District (including this city) the totals show an improvement of 4.4%, but in the Boston Reserve District the totals register a diminution of 4.9% and in the Philadelphia Reserve District of 35.3%. In the Cleveland Reserve District the totals record a loss of 4.7%, in the Richmond Reserve District of 7.9% and in the Atlanta Reserve District of 3.4%. The Chicago Reserve Dist. suffers a decline of 11.1% and the St. Louis Reserve Dist. of 1.3%, but the Minneapolis Reserve Dist. has to its credit an improvement of 7.0%. In the Dallas Reserve District the totals are smaller by 3.3%, but in the Kansas City Reserve District the totals are larger by 0.6% and in the San Francisco Reserve District by 0.8%.

Peoria Service Co.—Tenders for Bonds—

The National City Bank & Trust Co., Chicago, Ill., will until April 18, 1958, receive tenders for the sale to it of 5% sinking fund bonds, series A, due Dec. 1, 1959 (as extended) to an amount sufficient to exhaust the sum of $2,260.

Tenders should specifiy the amount of bonds offered and price asked.—V. 185, p. 1891.

Peruvian Corp., Ltd.—$15,000,000 Loan to Railways—

The World Bank on April 3, made a loan equivalent to $15,000,000 for the rehabilitation and modernization of Peru's most important railway systems, the Central Railway and the Southern Railway.

The New York Trust Co. and Grace National Bank of New York are participating in the loan, without the World Bank's guarantee, to the extent of $400,000 representing parts of the first two maturities which fall due on Feb. 15 and Aug. 15, 1961.

The loan was made to the Peruvian Corp. Ltd. This company is incorporated in the United Kingdom and, as a result of a reorganization in 1956, became a wholly-owned subsidiary of the Peruvian Transport Corp. Ltd., a new, privately-owned Canadian company. Subsequently the Peruvian corporation undertook a three-year program to improve the services of the Central and Southern Railways which it owns and operates.

The modernization program is scheduled to be finished in 1960 and will cost a total equivalent to $20,000,000, of which $19,000,000 will be in foreign exchange. The Bank's loan will cover three-quarters of the total cost and the corporation will finance the remainedr from its own resources.

The loan is for a term of 15 years and bears interest of 5½% per annum, including the 1% commission which is allocated to the Bank's Special Reserve. Amortization will begin Feb. 15, 1961. The loan is guaranteed by the Government of Peru. The Government is entering into agreements with the Bank and with the corporation regarding adjustments of railway tariffs and is also setting up an independent railway tariff commission which will keep it informed, and make recommendations, on matters affecting tariffs.

This is the Bank's ninth loan in Peru and brings the total lent there to $56,000,000. The other loans were for improvements at the Port of Callao, agricultural development, irrigation, highway maintenance, and for the construction of a cement plant.

Peruvian Transport Corp. Ltd.—Annual Report—

This corporation, the Canadian parent company of Peruvian Corp., Ltd., which early in April received a long term re-equipment loan of $15,000,000 from the World Bank, issued for publication its annual report for the year ended June 30, 1957. The report shows gross revenues of $13,126,387. Net profit for the year was $1,063,845. These earnings are equivalent to 68.5c per class A share outstanding and 13.7c per class B share outstanding. The results for the year are not directly comparable with prior years due to changes in accounting practices.

Due to strikes on the railroads during the 1958 fiscal period and to a serious landslide near the port of Matarani which paralyzed the Southern Railway for several weeks, the results for the 1958 fiscal year are not expected to equal the 1957 results, the report said.

In addition to the railways, the corporation, through a subsidiary, owns 1,250,000 acres of land in the fertile region of Peru ,east of the Andes. Part of this land is presently used in cultivation of 2,500,000 coffee trees. Planting of other crops suitable to the area is under study. Peruvian Transport Corp. also has interests in industrial and trading companies in Peru.

The London banking firm of S. G. Warburg & Co., Ltd. acted on behalf of Peruvian Corp., Ltd. in negotiating the $15,000,000 re-equipment loan with the World Bank.—V. 184, p. 155.

Philadelphia Electric Co.—Registers With SEC—

This company filed a registration statement with the SEC on April 3, 1958, covering $40,000,000 of first and refunding mortgage bonds, due 1988, to be offered for public sale at competitive bidding.

A portion of the net proceeds from the sale of the bonds will be used to repay bank loans obtained for the interim financing of construction, of which $23 million were outstanding at March 31, 1958; and the balance will be used for the company's expansion program. Gross property additions amounted to $363,821,298 for the five-year period ended Dec. 31, 1957; and expenditures for expansion of plants and facilities are estimated at $134 million for 1958, $112 million for 1959, and $86 million for 1960.—V. 186, p. 1958.

A secondary offering of 3,000 shares of common stock (par $7.50) was made on April 1 by Blyth & Co., Inc., at $25.25 per share, with a dealer's concession of 45 cents per share. It was completed.—V. 187, p. 1209.

Potomac Electric Power Co.—Registers Proposed Debenture Offering With SEC—

This company on April 4 filed a registration statement with the SEC covering $19,700,000 of convertible debentures due May 1, 1973. The company proposes to offer the debentures for subscription by its common stockholders of record April 22, 1958, at the rate of $100 of debentures for each 30 shares then held. The interest rate, subscription price and underwriting terms are to be supplied by amendment.

R. Roy Dunn, President, stated that the company expects that any of the debentures not subscribed for will be sold to an underwriting group which will include the following firms: Dillon, Read & Co. Inc.; Johnston, Lemon & Co.; Auchincloss, Parker & Redpath; Alex. Brown & Sons; Folger, Nolan, Fleming-W. B. Hibbs & Co. Inc.; Merrill Lynch, Pierce, Fenner & Smith; Ferris & Co.; Jones, Kreeger & Hewitt; Mackall & Coe; Rouse, Brewer & Becker; Robinson and Lukens; and Birely & Co.

Net proceeds of the sale of the debentures, together with $7,250,000 remaining from the net proceeds of the sale in March, 1958, of 300,000 preferred shares, will be used to reimburse the company's treasury for a portion of the construction expenditures heretofore made and to provide for a portion of the company's construction program. Gross property additions for 1958 are estimated at $60,000,000.

Gross and Net at Higher Rate—

Gross additions to property and plant during the 12 months ended Feb. 28, 1958, amounted to $30,611,000.

In March, the directors authorized additional construction projects amounting to $3,264,300, including $2,946,900 for transmission and distribution facilities and $278,400 for customer extensions and services.

Total operating revenue for the 12 months ended Feb. 28, 1958, amounted to $69,349,300—an increase of $4,993,000 or 7.8% over the 12 months ended Feb. 28, 1957.

Total operating costs amounted to $53,897,400—an increase of $3,445,000 or 6.8%.

Net income for the 12 months ended Feb. 28, 1958, was $10,081,600, and for the same period ended in 1957 was $9,657,900.

For the 12 months ended Feb. 28, 1958, earnings per share of common stock were $1.57 compared with $1.56 for the corresponding period ended in 1957. Earnings per share for both periods are stated on the basis of 5,910,135 shares.—V. 187, p. 1546.

Quinby & Co., Inc.—Registers With SEC—

This company filed with the SEC an amendment on April 7, 1958 to its registration statement covering an additional $1,000,000 Quinby Plans for Accumulation of common stock of Eastman Kodak Co.—V. 184, p. 9.

The corporation on March 31 filed a letter of notification with the SEC covering 2,000 shares of 6% cumulative preferred stock, series A (par $40) and 10,000 shares of common stock (par $1) to be offered at $100 per unit in units of two shares of preferred and 10 shares of common stock. No underwriting is involved. The proceeds are to be used to refund bank loans and for working capital.

Reichhold Chemicals, Inc.—New Synthetic Resin—

A new synthetic resin called 9425 Acripol which will make possible floor waxes with greater scuff resistance, gloss, and spreadability than ever before, is being put on the market by this corporation, it was announced on April 9.

This is the second floor-polish component RCI has put on the market within six months. The first was a modified alkyd called Waterez designed to replace shellac in such products. Used together as recommended by RCI, the two materials would constitute 85% by weight of the typical household floor-polish formulation.—V. 187, p. 1437.

Richfield Oil Corp.—Annual Meeting Adjourned—

The annual meeting of the stockholders called to be held on April 17, 1958, will be adjourned to April 24, 1958, to consider approving and adopting Restricted Stock Option Plan for certain officers and key employees and to waive pre-emptive rights to 200,000 shares of common stock to be issued under said plan.—V. 187, p. 1546.

S & M Mining & Exploration, Worland, Wyo.—Stock Offering Temporarily Suspended by SEC—

The Securities and Exchange Commission, it was announced on April 7 has issued orders temporarily suspending Regulation A exemptions from registration under the Securities Act of 1933 with respect to public offerings, of securities by the following: (a) S & M Mining & Exploration, in its Regulation A notification, filed Sept. 14, 1955, proposed the public offering of 745,000 common shares at 20 cents per share; and (b) Universal Mining & Milling Co., Albuquerque, N. M. proposed in its Regulation A notification, filed July 5, 1955, the public offering of 5,000 common shares at $20 per share.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities net exceeding $300,000 in amount. The suspension orders with respect to S & M Mining and Universal Mining assert that the respective companies failed to comply with a condition of the Regulation requiring the filing of semi-annual reports of stock sales and that their offering circulars omit certain material facts. The orders provide an opportunity for hearing, upon request, on the question whether the suspensions should be vacated or made permanent.

With respect to S & M Mining, the order alleges a failure to disclose in the offering circular the status of performance of assessment work on the company's unpatented mining claims, and the significance thereof. The order with respect to Universal Mining charges, a failure to show (1) the status of performance of assessment work on thec ompany's unpatented mining claims, and the significance thereof, and (2) that the company's vice-president resigned on or about April 13, 1956. Use of such offering circulars without appropriate disclosure of such facts, the Commission stated, would operate as a fraud and deceit upon purchasers of the securities of the respective companies.—V. 182, p. 1224.

Scout Lake Mines, Inc., Bremerton, Wash.—Files With Securities and Exchange Commission—

The corporation on March 28 filed a letter of notification with the SEC covering 275,000 shares of common stock (par 10 cents) to be offered at 20 cents per share, without underwriting. The proceeds are to be used for expenses incidental to mining operations.

(Joseph E.) Seagram & Sons, Inc.—Debentures Offered

An underwriting syndicate managed by Harriman Ripley & Co., Inc. on April 9 offered an issue of $40,000,000 25-year 4¼% debentures, due April 1, 1983, at 98% and accrued interest, to yield 4.38%.

Principal of and interest on the debentures are to be payable in currency of the United States. The debentures will be unconditionally guaranteed as to principal and interest by Distillers Corp.-Seagrams Ltd., of which Joseph E. Seagram & Sons, Inc. is a wholly-owned subsidiary.

The debentures will be redeemable at optional redemption prices ranging from 105% to par, and a sinking fund, beginning in 1963, will retire 92½% of the issue prior to maturity. The debentures will not be redeemable prior to April 1, 1963 through proceeds of a debt refunding operation having an interest cost to the company lower than 4.38%.

PROCEEDS—During the 2½ years ended Jan. 31, 1958, the company's working capital was reduced by the expenditure of approximately $32,000,000, representing the major portion of the cost of constructing, on land previously acquired, its new 38-story office building at 375 Park Ave., New York City. The net proceeds of the sale of the debentures will be added to the company's general funds to restore this amount to working capital, and the balance will be used for other corporate purposes, including to a large extent the completion of the new office building. The augmented working capital will be used for the financing of inventories and accounts receivable, the expansion and improvement of the product line and for other corporate purposes. It is expected that the company will incur short-term borrowings as needed to meet seasonal requirements in 1958 and later years.

BUSINESS — The company was incorporated under the laws of Indiana in 1933. Its principal executive offices are located at 375 Park Ave., New York 22, N. Y. The company is a wholly-owned subsidiary of Distillers Corp.-Seagrams Ltd., a Canadian corporation, with offices at 1430 Peel St., Montreal, Canada.

The company and its subsidiaries are engaged primarily in the production and sale of alcoholic beverages in the United States. DC-SL, through its Canadian and foreign subsidiary companies, is engaged principally in producing and marketing alcoholic beverages in Canada and overseas and in exporting alcoholic beverages to the United States for sale by a subsidiary of the company.

Sierra Pacific Power Co.—Proposed Financing—

This company proposes to issue $3,000,000 of first mortgage bonds (due 1988) and 57,362 shares of common stock, par value $7.50 per share. The company proposes to sell the bonds at competitive bidding on April 23 but requested that the stock issue be exempted from the Commission's competitive bidding requirements. The stock would be offered to present common stockholders on the basis of one share for each 12 shares held. The company said it proposed to have Kidder, Peabody & Co. underwrite the stock issue.

Proceeds from the sales would be used by Sierra Pacific to pay bank loans, to reimburse its treasury for prior construction expenditures and to finance additional construction. Sierra Pacific provides electric service in California and Nevada.—V. 187, p. 1437.

Smith-Corona, Inc.—Proposed Merger—

The directors of this corporation and of Marchant Calculators, Inc., have agreed in principle upon a merger of the two companies, according to a joint announcement by Elwyn L. Smith, President of Smith-Corona, and Walter Kassebohm, Executive Vice-President and General Manager of Marchant Calculators.

The directors of the two companies have authorized the preparation of a formal merger agreement for submission to the boards and shareholders of both companies.

Shareholders of Marchant would receive 1¼ Smith-Corona shares in exchange for each Marchant share. There are currently 851,969 Smith-Corona shares and 622,767 Marchant shares outstanding.

Mr. Smith and Mr. Kassebohm stated that they consider the proposed merger to be in the best interests of both companies for the following reasons:

1. The proposed merger would combine two companies having an aggregate sales volume in 1957 of approximately $85,000,000, creating a major new marketing factor in the office equipment industry.
2. The merger would provide a more diversified base of operations.
3. The products of the two companies complement one another, particularly as they apply to the field of data preparation and processing. The electric typewriter, teleprinter, and calculator, individually and as a group, have important applications in this new field.

Smith-Corona is a leading manufacturer of portable and business typewriters, full keyboard adding machines, cash registers, and office supplies. Through Kleinschmidt Laboratories, Inc., a subsidiary, it is a prime supplier of printed communications equipment to the United States Signal Corps and United States Air Force.

Marchant, founded in 1910, is a major manufacturer of electric desk calculators with subsidiaries in Los Angeles, Toronto and Hamburg. It introduced a 10-key adding machine last year, and has made important progress in the development of data preparation and processing equipment.—V. 186, p. 2478.

Solar Aircraft Co.—Sells Ground Support Units—

Sale of two Solar Jupiter gas turbine ground support units for servicing the Convair 880 jet airliner was announced on April 2 by C. D. Oberg, Director of Sales.

Delivery of these units is slated for this Summer. The 300- to 3000-mile range 880 is scheduled for its maiden flight early in 1959.

The Jupiter engine is in volume production at Solar and is used for ground support for a number of military jet airplanes, including the Douglas RB-66 reconnaissance bomber, the Martin P6M SeaMaster and the Convair B-58 Hustler bomber.—V. 187, p. 1437.

Southern Electric Generating Co.—Borrowings Cleared

The SEC has issued an order authorizing this company a subsidiary of Alabama Power Co. and Georgia Power Co., to borrow up to $10,000,000 from 13 banks between now and Oct. 1, 1958. The funds will be applied to the construction of Southern Electric's, steam-electric generating plant near Wilsonville, Ala., to developmental work on a coal mine in the Warrior coal field, to continued explorations in the Cahaba coal field, to acquire additional coal reserves, and for other corporate purposes.—V. 187, p. 1210.

Southern Nevada Power Co.—Granted Rate Relief—

This company has been authorized by the Nevada P. S. Commission to increase electric rates by an average of 10½%.

Based on 1957 revenues, this would amount to $766,000 annually.

The increase represents about three-quarters of the 13.8% increase, approximately $1,060,000 annually, which the company requested in its petition to the Commission last September.—V. 186, p. 577.

Southern Utah Power Co.—Proposed Merger—

This company and California-Pacific Utilities Co. seek an FPC order authorizing the merger of Southern Utah into California-Pacific, with California-Pacific to be the surviving corporation under its present name. Southern Utah sells electricity at wholesale and retail in three counties in Utah and at retail in one Arizona county. California-Pacific is engaged in electric, gas, water and telephone service in California, Oregon, Nevada, Idaho and Wyoming.

The stockholders of California-Pacific will vote April 14 on the merger.

The proposed merger agreement provides for the conversion of each share of Southern Utah common stock, par value $10, into two-thirds of a share of California-Pacific common stock, par value $10. Each share of Southern Utah's 5% preferred stock, par value $100, would be converted into five shares of a newly created series of 5½% cumulative convertible preferred stock, par value $20, of California-Pacific. Pursuant to an agreement with the holders of Southern Utah's long-term debt securities, such securities will be exchanged for an equal principal amount of first mortgage bonds of California-Pacific.—V. 187, p. 1481.

Sovereign Investors, Inc., Philadelphia, Pa.—Registers With Securities and Exchange Commission—

This Philadelphia, Pa. investment company, filed with the SEC an amendment on April 1, 1958 to its registration statement covering an additional 100,000 shares of capital stock, $1 par value.—V. 187, p. 779.

Standard Oil Co. (New Jersey)—Revenues, Production, Sales Set Records in 1957—Earns. Show Slight Dip

Gross revenues, production and sales volume of petroleum products in 1957 were the highest ever achieved by this company and its

affiliated companies. Although events in the last six months adversely affected earnings, results for the year were close to the record amount earned in the previous year, the company reported on April 9.

In a letter which accompanied the 1957 annual report being mailed to 473,000 shareholders, Eugene Holman, Chairman, and M. J. Rathbone, President, pointed out that Jersey Standard's consolidated earnings for 1957 were $805 million, or $4.08 per share, slightly less than the all-time record of $809 million, or $4.11 per share earned in 1956.

They also reported that the decline in profits took place in the last part of 1957 which was marked by a failure of sales volumes to rise as anticipated, by excessive inventories, and by a decline in prices.

Factors contributing to these conditions included the unseasonably mild weather, some lag in making necessary supply adjustments necessitated by the reopening of the Suez Canal, and the decline in general business activity.

Jersey Standard affiliates invested $1,376,965,000, the largest sum in the company's history for property, plant and equipment and in the search for oil and gas. This sum compares with $1,083,000,000 spent for these purposes in 1956.

Income and operating taxes, together with import duties, consumer taxes, and other payments to the United States and foreign governments, totaled $2,300,400,000 in 1957, compared with $2,171,400,000 in 1956. These payments to governments were equivalent to $11.66 per share in 1957—more than five times the dividend payments to shareholders and more than double the employee payroll and benefit costs for the year.

Jersey affiliate expenditures for research, constituting one of the world's major industrial scientific undertakings, rose to $55,500,000 in 1957, from $44,000,000 in 1956 and the number of Jersey people engaged in research increased from 2,930 in 1956 to 3,370 last year. Significant research advances were made in the fields of oil exploration and production as well as in the petrochemical and refining methods fields.

Commenting on the Jersey financing of last November, Mr. Holman and Mr. Rathbone said that "in keeping with our expectations of continued growth, Jersey took steps to obtain additional capital. For some years rapid growth has resulted in increasing financial requirements for the affiliates.

"The choice of equity rather than borrowing as a form of financing," they added, "has kept the company's debt at a conservative level in relation to total capital. This means that Jersey has improved its financial flexibility for meeting future needs and opportunities as they arise."—V. 187, p. 928.

United Air Lines, Inc.—Sets New High Record—

Passenger traffic of United Air Lines in March set a new company high for that month, according to estimated figures reported by Robert E. Johnson, Senior Vice-President-sales and public relations.

United's revenue passenger miles for the month totaled 387,743,000, a gain of 9% over March, 1957. Revenue airplane miles increased 2% to 10,516,000. Freight and mail volumes also exceeded previous March levels.

Freight ton miles at 4,933,000 were up 22% from the same month a year ago, and mail (including first class) was up 12% to 2,734,000-ton miles. Express was off 11% for 826,000 ton miles.—V. 187, p. 780.

United States Ceramic Tile Co.—Listing—

The company's stock has been listed on the American Stock Exchange and trading in the stock on that Exchange commenced on April 7.

Universal Marion Corp.—To Purchase Scullin Steel—

The stockholders on April 8 approved the corporation's acquisition of Scullin Steel Co., St. Louis, Mo. Shareholders of Scullin will vote April 14 on the sale of their company to Universal Marion.

Under terms of the purchase agreement previously approved by directors of both companies, Scullin stockholders will receive 1¾ shares of Universal Marion capital stock for each share of Scullin common held.

James Mullaney, President of Universal Marion, told the meeting the corporation currently is completing its formal application for listing of its shares on the New York Stock Exchange. Subject to approval of the purchase agreement by the required number of Scullin stockholders, and contingent on favorable action by the New York Stock Exchange, he said it was reasonable to expect that "Big Board" listing could be accomplished within a matter of days after formal closing of the agreement. At present, Universal Marion and Scullin shares are listed on the American Stock Exchange.

Acquisition of Scullin, Mr. Mullaney said, gives the corporation a broader and more diversified scope of operations. Universal Marion, through its Marion Power Shovel Co. division, manufactures diesel and electric excavators in sizes ranging up to 75 cubic yards capacity; through the Southern Pipe and Supply division it distributes flanges, weld fittings, irrigation pipeline and plumbing equipment. Purchase of Scullin will give it a division manufacturing steel castings used in the construction of all railroad cars other than passenger cars.

Mr. Mullaney estimated net earnings of Universal Marion for the first quarter of 1958 to be in the neighborhood of $900,000, exclusive of any non-recurring items which may add to the earnings. In the initial three months of 1957, net earnings on the same basis were $1,000,000.

He told stockholders that he will recommend that the board of directors declare a dividend of 40 cents per share on the capital stock for the second quarter of 1958. A like amount was paid for the first quarter of this year.

Universal Marion presently has a backlog of $9,000,000 in unfilled orders, Mr. Mullaney stated.—V. 187, p. 929.

Victoreen Instrument Co.—Listing in New York—

The common stock of this company was admitted to trading on March 31 on the American Stock Exchange.

Founded in 1931, Victoreen is known as the world's pioneer nuclear company. The firm manufactures and distributes a broad line of medical research industrial and military radiation measuring instruments, monitor and reactor control systems and electronic component parts. In addition to its Cleveland plant, Victoreen operates a west coast division, Jordan Electronics, in Alhambra, Calif.

Victoreen's 1957 net profit was $303,292, highest in the company's history. Sales were $3,173,177, also an all-time high. Present backlog is approximately $3,000,000, according to David H. Cogan, President and Chairman of the Board.

The company, as of Dec. 31, had approximately 3,500 stockholders with 671,688 common shares outstanding.—V. 187, p. 1254.

West Virginia Pulp & Paper Co.—Expansion—

Planning beyond a temporary period of depressed business, this company is continuing its long-range building program while placing greater emphasis on distribution and the development of new and improved products, David L. Luke, President, told members of teh New York Society of Security Analysts on April 8.

Mr. Luke reported that the company is investing $50,000,000 in current capital improvements, has added more than 100 men to its direct sales force, is broadening end-use distribution of its products by expanding its converting operations and is investing at a rate of more than $2,500,000 a year in research projects close to the market place and the cash register.

Because of the long lead time required before new paper machines are fully adjusted to the optimum rate of operation, West Virginia is moving forward with a $50,000,000 rebuilding program at the Luke, Md., mill, which will add 750 tons a day to the capacity of that plant within the next five years.

"We are spending millions of dollars several years in advance of the time when a full rate of return will flow from our investment," Mr. Luke sand, "but when this building has been completed, our Luke mill will be one of the most modern and low-cost fine paper mills in the world."

By 1965, he noted, when the industry should attain a position of balance between supply and demand, the company's capacity to produce pulp, paper and paperboard will be more than double that with which it started in the immediate postwar period.

He pointed out that $150,000,000 already invested should by that time increase the productive potential of the company's mill at Charleston, S. C., to 1,500 tons per day, equal to the total production of all the company's mills 10 years ago, and bring the capacity of the Covington, Va., mill close to 1,000 tons per day.

The Charleston mill manufactures krapt paper and paperboard, including the new CLUPAK stretchable paper, which is now being produced on a third machine, installed recently at a total cost of $25,000,000. The Covington mill is a major producer of bleached board, in wide use for food and other containers.

In addition to improving these paper-making facilities, West Virginia is continuing to expand its chemical business, add building boards to products made at its Tyrone, Pa., operation, and develop new paper products at its Mechanicville, N. Y., mill, Mr. Luke said.

To capitalize fully on its investment in new plant, West Virginia is building a new system for the distribution of its paper and paperboard, based on greater emphasis on marketing, market research and analysis and more intensified sales activity.

The company has added 50% to the capacity of its H&D Division, a leading producer of shipping containers and other corrugated products, since acquiring The Hinde & Dauch Paper Co. in 1953, and now is in good position to benefit from a better balance between supply and demand in paperboard which should follow the present recession, Mr. Luke stated.

Fortified by its new CLUPAK stretchable paper, Mr. Luke noted that the company in January started its own grocery bag manufacturing operation and sales organization in Charleston, S. C., and had further solidified its market position in the bag business by its recent acquisition of Fulton Bag & Products Co. of New Orleans, a multi-wall sack manufacturer.

Supported by new coated paperboards recently brought to market, Mr. Luke said the company hoped to expand the operations of its subsidiary, Virginia Folding Box of Richmond, Va., into fields beyond thet obacco industry. Acquired by West Virginia in November, Virginia Folding Box Co. is a leading producer of folding boxes and cartons for the tobacco industry.—V. 187, p. 1361.

Western Union Telegraph Co.—Quarterly Earns. Off—

In discussing earnings for the first quarter, Walter P. Marshall, President, pointed out that, despite a drop in public message revenues of about $4,300,000 compared with the same period in 1957, the company earned about $1,900,000 for the first three months this year. He emphasized that, because of rigid budgetary control measures, earnings were only $1,000,000 less than for the first quarter of 1957, despite the drop of more than $4,000,000 in public message revenues. —V. 187, p. 498.

White Motor Co.—New Ordnance Contract by Reo—

The company's Reo division has been awarded a new contract for 900 more of the 2½ ton 6 x 6 "Eager Beaver" trucks for the U. S. Army, it has been announced by J. N. Bauman, President. The $5,345,100 contract was released through the Detroit Ordnance District. A new contract was finalized in March. Production will be at the company's Lansing, Mich., plant and will begin upon completion of present production of the same type motor truck which Reo has been building for the army.—V. 187, p. 1587.

Willer Color Television System, Inc., Yonkers, N. Y.—Files With Securities and Exchange Commission—

The corporation on April 2 filed a letter of notification with the SEC covering 72,035 shares of common stock (par $1), of which 10,000 shares are to be offered to stockholders at $2 per share and the remaining 62,035 shares are to be publicly offered at $3 each. The offering will be underwritten by Edwin Jefferson, 39 Broadway, New York, N. Y.

The proceeds are to be used for general corporate purposes.—V. 182, p. 2405.

Yale & Towne Manufacturing Co. — Sells Tri-Rotor Pump Business—

This company's Yale Lock and Hardware Division has sold all the assets of its Tri-Rotor pump business to a newly formed company, Tri-Rotor Inc., which will henceforth continue the manufacture and sale of these pumps under the Tri-Rotor trademark at new plant it has acquired at Torrington, Conn. In making this announcement, Leo J. Pantas, Vice-President of Yale & Towne, did not disclose the amount for which the pump business was sold.

Leo S. Nikora of Greenwich, Conn., is President of Tri-Rotor Inc.—V. 187, p. 1588.

Yankee Atomic Electric Co.—Proposed Borrowings—

This company, it was announced on April 7, has joined with its stockholder companies in the filing of an application with the SEC in which it seeks authorization to borrow $4,000,000 from such companies; and the Commission has given interested persons until April 21, to request a hearing thereon.

Of the 11 stockholder companies, the largest interest (30%) is held by New England Power Company and the second largest (15%) by The Connecticut Light and Power Company. These companies now hold an aggregate of $4,000,000 par value of Yankee Atomic stock; and they propose to purchase a like principal amount of its promissory notes in the same proportions as their stockholdings. According to the application, the Atomic Energy Commission on Nov. 4, 1957, issued a construction permit to the company with respect to its contemplated 134,000 Kw net electrical capacity nuclear power plant and this plant is scheduled for completion in 1960.—V. 187, p. 1588.

Young Spring & Wire Corp.—Sells Division—

This corporation on April 7 announced it has sold the manufacturing facilities of its Star Service Hanger Division for $125,000 to M & B Metal Products Co. of Birmingham, Ala., a garment hanger manufacturer.

Thomas Couper, General Vice-President of Young, said the company's hanger operation had been unprofitable. Young manufactured the garment hangers at Leeds, Ala., and Chicago, Ill.—V. 186, p. 2523.

Yucca Mining & Petroleum Co., Inc.—New Well—

Melvin E. Richards President, has officialy reported that an oil well in Olney, Tex. just came in, providing 3½ barrels per hour. On a 24-hour test, the well is a possible 30 to 35 barrels per day producer, according to Mr. Richards, and an off-set well has been started.

This company also disclosed that three major companies in the mining field will spend almost $1,000,000 to block out uranium ore on San Mateo Dome in the Grants area of New Mexico.

The three major companies are Lisbon Uranium, Longyear & Co., and Minerals Project Ventures B. A total of 15,000 acres was recently leased out to the triumvirate by Yucca, according to Mr. Richards.

Lisbon is a subsidiary of Atlas Corp. Longyear is one of the world's leading geophysical firms. Minerals Project Ventures B is an eastern syndicate.

Mr. Richards disclosed that these companies had already spent $600,000 blocking out ore. He was recently informed by executives of the companies that they have been granted DMEA loans and that they will spend an additional $200,000 to block out ore.

Yucca owns 22 sections on San Mateo Dome and holds a 10% royalty on most of the acreage. In addition, Yucca owns another 20,000 acres in the Grants area, a portion of which has been leased to Phillips Petroleum Co.—V. 187, p. 930.

California (State of)

Financing of Southern Crossing of San Francisco Bay Deemed Unfeasible at This Time—Sale at this time of approximately $250,000,000 revenue bonds to finance construction of a complete crossing of San Francisco Bay or of approximately $180,000,000 to finance a minimum crossing is not feasible, according to a report prepared by Smith, Barney & Co., New York investment banking firm, for the State of California Department of Public Works. Smith, Barney & Co. earlier this year was retained as financial consultant to the State of California to make a study of the financial feasibility of the proposed Southern Crossing of the bay.

The report states that "it appears clear that anticipated revenues at a basic toll rate of 25 cents for passenger automobiles is inadequate to meet the market requirements" for a $250,000,000 bond issue to finance construction of a complete crossing.

The report also said that the feasibility of construction by stage financing appears extremely doubful at this time under the restrictions which have been imposed upon the California Toll Bridge Authority; it noted in this connection that "the investment banking firms which we have consulted were generally unreceptive, under prevailing legislative and money market conditions, to the suggestion of a public offering of $180,000,000 of the Authority's bonds to finance the initial stage of the construction of a Complete Southern Crossing together with the proposed reconstruction of the San Francisco-Oakland Bay Bridge."

The California Department of Public Works announced, after receipt of the report, that with the facts, assumptions and data considered "indicating as they do the marginal financial position of the Southern Crossing project, the abnormally long time that would be required to complete it, the financial burden that would be imposed on the users of the San Francisco-Oakland Bay Bridge, the inordinately high costs that would be incurred have all been given careful consideration. They have led to the conclusion that the public interest would not be served by proceeding with the issuance and sale of bonds in the form of successive issues or series for the construction of the Southern Crossing at this time. The Smith, Barney report definitely states that the issuance and the proposed sale of bonds for the entire project is not feasible at this time. The Department of Public Works therefore respectively recommends that the project not be undertaken and therefore that the Authority take no action thereon."

SHE WAS too weak to speak . . . this child of eight. But the words were plain to see in her eyes: *"Can't you make me well again, Doctor?"*

It's terribly hard . . . even for a doctor who sees tragedy enough . . . to watch a child fade from the sunlight of life—a victim of cancer.

We *had* succeeded in prolonging her life by many months—thanks to recent advances in the treatment of leukemia.

But that's not enough! Cancer is a disease that ranks today as the Number 1 disease-killer of children. We can . . . we must . . . find ways to battle it, and *win over it*

Research, supported by the American Cancer Society, is striving towards that goal.

Let's give...boldly, generously to the American Cancer Society Crusade . . . and help eliminate this mortal enemy which will take the lives of more than 250,000 Americans this year alone.

Send your gift to CANCER, c/o your local post office.
