BUSINESS—		

The corporation was originally organized in 1950 as an Ohio corporation with its principal place of business in Baltimore, Md. On June 30, 1953, the Ohio corporation was dissolved and the present corporation incorporated under the laws of the State of Maryland. Its principal place of business is now in Cockeysville, Md., in the northern suburbs of Baltimore.

The business of Aircraft Armaments, Inc. presently consists of research and development in the fields of aerodynamics, ballistics, electronics, ordnance and electro-mechanics, and the design, manufacture, and testing of electrical, electronic and mechanical devices. The principal portion of such business is under contracts with agencies of the U. S. Government, primarily the Department of Defense, and is subject to renegotiation. Clearance has been received from the Renegotiation Board through the fiscal year 1956 without refund. On June 30, 1958, the total dollar volume of contracts in work was approximately \$17,750,000. On the same date, the backlog of un-completed work under these contracts was approximately \$6,919,000.

The main plant of Aircraft Armaments, Inc. is located on a 27 acre tract, owned in fee.—V. 188, p. 441.

D. S. MacBride, President, stated that net earnings for the latest 12 months amounted to \$7,328,687, equal, after preferred dividend requirements, to \$1.69 per share on the 4,113,615 common shares now outstanding.

This compared with net earnings for the 12 months ended June 30, 1957, of \$8,746,792, equal to \$2.04 per common share based on the same number of shares.

Mr. MacBride stated that while sales and earnings declined in the latest 12 months, the company maintained its share of the market in each area served. It now appears that shipments for the final six months of 1958 will approximate those for the similar period of last year, he said.

The company's new plant at Clarkdale, Ariz. is scheduled for completion in October 1959.—V. 187, p. 2217.

### American Electronics, Inc.—Receives Large Order—

This corporation has received contracts totalling approximately \$1,350,000 for missile and aircraft electronic instruments and electro-mechanical devices, Phillip W. Zonne, Chairman, announced on Aug. 12.

The orders include guidance system instruments for the Polaris missile, guidance system components for the Falcon and Bomarc missiles; seat actuators for the Boeing B-52G and toll bridge equipment for the State of Washington.

The orders bring American Electronics' current backlog to approximately \$11,000,000 compared to \$8,000,000 a year ago.—V. 187, p. 1646.

In the first half of 1958, working capital increased by \$474,085 and amounted to \$13,421,331 or \$30.03 per share at the end of the period. Current assets at the end of June totaled \$19,215,213, while current liabilities were \$5,793,882, a ratio of 3.32 to 1. Stockholders' equity increased by \$529,050 in the first six months of 1958 to \$16,146,606, or \$36.13 per share. This is after payment of \$625,054 as dividend distributions.—V. 187, p. 2217.

### American Motors Corp.—Rambler Retail Sales Inc.—

Rambler retail sales in July topped the June record by 19% and were 155% above total deliveries in July a year ago, the company announced on Aug. 6.

Roy Abernethy, Vice-President of automotive distribution and marketing, reported that 17,679 Ramblers were sold in July, compared with 14,876 in the previous month and 6,930 in July, 1957.

Continuing the high level of retail sales which have resulted in Rambler deliveries exceeding year-ago results for 10 consecutive months, the company reported that sales in the fiscal year which began Oct. 1, 1957 now total 130,511 units, up 76% over the 74,561 Ramblers sold at this time a year ago.

During the first seven months of 1958 (January through July) American Motors had sold more Ramblers than it did during the entire calendar year of 1957, Mr. Abernethy said.—V. 188, p. 145.

### American Optical Co. (& Subs.)—Earnings—

Backlog continued to drop, as expected, and amounted to \$22,000,000 at June 30, 1958, as compared with \$28,000,000 at March 31, 1958. Further reductions in the rate of operations will be necessary during the last fiscal quarter and earnings will be lower than in the quarter just ended, the company said.

Charles C. Jarchow, President, stated: "We believe the current business recession has now 'bottomed out' and we expect our sales volume to be better in the quarter ending Dec. 31, 1958, than in the quarter ending Sept. 30, 1958."

Expenditures for property additions will exceed \$12,000,000 in the fiscal year ending Sept. 30, 1958. The principal items are two new steel wheel plants being built in the Kansas City area and in the Winnipeg area. "The company's financial position remains strong, which is important in the presently depressed economy," Mr. Jarchow said.—V. 187, p. 877.

### Ampal-American Israel Corp.—Registers for Debenture Offering—

The corporation filed a registration statement with the SEC on Aug. 8, 1958, seeking registration of \$3,289,100 of ten year debentures, series E. The debentures are to be offered at \$1,000, \$500, and \$100 in denominations (to be offered at \$610.27, \$305.14, and \$61.03, respectively). They will be priced to yield a return equal to compound interest at the rate of 5% per annum, compounded semi-annually. The price is payable in cash or in State of Israel Independence Issue or Development Issue bonds. Savings bonds will be accepted at their appreciated value on the date of subscription to the debentures. Coupon bonds will be accepted at their face value with all coupons unmatured on the date of subscription attached. No underwriting is involved.

The primary purpose of the debenture offering is to obtain, and make available, funds for the development and expansion of agricultural, industrial and commercial enterprises in Israel. Substantial amounts of the company's funds are said to have been used to meet the current sinking fund requirements of the presently outstanding issues of debentures, as well as for the purchase of large amounts of such debentures for future redemption. In the past funds have been made available to enterprises engaged in housing, agriculture, manufacturing of chemicals and fertilizers, foods, tires, shipping, oil drilling, water works and irrigation, automotive transportation, fish-canning, wall board manufacturing and others. It is expected that the proceeds derived from the sale of the new debentures will be made available to enterprises engaged in similar activities basic to the Israel economy.—V. 187, p. 2545.

**Anchor Hocking Glass Corp. (& Subs.)—Earnings—**

Earnings per com. share after pfd. dividends	\$2.48	\$2.50

Provision has been made for depreciation and all other charges, including Federal and Canadian income taxes. In addition, a reserve for contingencies of \$225,000 has been provided.—V. 187, p. 1886.

**Arizona Color Film Processing Laboratories, Inc., Scottsdale, Ariz.—Registration Statement Effective—**

The registration statement filed with the SEC on July 14, covering a proposed offering of 500,000 shares of common stock (par \$1) at \$2 per share, without underwriting, became effective Aug. 4. See also V. 188, p. 242.

**Armco Steel Corp.—Plant Capacity Enlarged—**

This corporation has expanded the capacity of its eight steel-producing furnaces at Ashland, Ky., without enlarging their dimensions.

Oxygen is doing the trick. Every day tons of high-purity oxygen are being blown into the open hearth furnaces of the Ashland Works, increasing the rate at which carbon is burned out of molten metal. This reduces the time required to make steel in the 175 ton capacity furnaces and, in effect, increases production.

The Ashland Works is receiving oxygen that is more than 99.5% pure from a new automatically-operated plant, J. M. Lobaugh, Works Manager, announced. The new facility was built and is being operated by the Linde Company Division of Union Carbide Corp.

In addition to supplying oxygen for steelmaking, Mr. Lobaugh said, the Linde Company plant provides the oxygen used to remove surface defects from hot slabs and for cutting, welding and other operations in maintenance work.

The oxygen-producing plant is capable of supplying about 80 million cubic feet of oxygen a month to Armco's furnaces and other facilities, Mr. Lobaugh explained. This amounts to approximately 115 tons of oxygen a day.

During periods of either scheduled or unscheduled shutdowns of the oxygen plant, the Ashland Works is still assured of its oxygen supply because the plant has a liquid oxygen storage and conversion system which, in essence, is a complete standby oxygen plant.—V. 187, p. 2790.

**Associated Artists Productions Corp.—New Offer to Be Made to Stockholders—**

See United Artists Corp. below.

**Partial Redemption—**

The corporation has called for redemption on Sept. 3, next, through operating of the sinking fund, \$200,000 of U. S. 4 1/2% 1958-1966 convertible debentures, due July 25, 1966 at 100% (U. S. currency). Payment will be made at any branch in Canada (far north excepted) of the Bank of Nova Scotia.

Debentures may be converted into common stock to Sept. 2, 1958.—V. 187, p. 2545.

**Associates Investment Co.—Earnings at Lower Rate—**

Consolidated net earnings of \$9,369,222 for the first six months of 1958 for the company and its subsidiaries were reported Aug. 13 by Robert L. Oare, Chairman of the Board.

This represented a decrease of 7.8% from the \$10,159,466 reported for the first half of 1957.

Net earnings for the major sales finance company after payment of preferred dividends equalled \$2.78 per share on 3,210,472 shares of common stock outstanding, compared with \$3.01 per share on the same number of shares in the like period last year.

"During the first half of this year," Mr. Oare said, "the automobile industry experienced a severe decline in sales of both new and used automobiles. This decline was principally responsible for the reduction of the incoming volume of finance business from \$851,447,082 in the first six months of 1957 to \$658,165,717 for the same period this year, a drop of 22.7%."

Total receivables outstanding at June 30, 1958, amounted to \$873,681,380 compared with \$941,730,897 at Dec. 31, 1957, the decline occurring in the retail and wholesale motor vehicle outstandings. Direct and personal installment loans and other diversified receivables, however, continued to show satisfactory growth.

Earnings of Emmco Insurance Co., the automobile insurance subsidiary of Associates, rose substantially from \$744,214 at June 30, 1957 to \$1,455,991 at June 30, 1958. The improvement resulted chiefly from better underwriting conditions reflected in somewhat higher premium rates, lower claim frequency, and lower average cost on collision losses. "Since outside forces beyond our control have so much to do with the operation of Emmco, it is difficult to forecast its future with any degree of accuracy. However, present indications seem to warrant a more optimistic outlook," Mr. Oare stated.

In the six month period ended June 30, 1958, the company opened eight new discount branches and 22 new direct and personal loan offices, raising the total to 172 discount branches and 239 direct and personal loan offices operating in 32 states, the District of Columbia and Ontario, Canada.

An increased volume for the company in the remainder of 1958 is predicted by Mr. Oare. "The 1958 motor vehicles remaining unsold at the time of the introduction of new 1959 models should not be excessive, and the new models should stimulate an upturn in sales of both new and used cars in the latter part of this year."

**To Increase Commercial Paper Rates—**

The company on Aug. 8 announced an increase in the rates paid for its commercial paper notes of 1/4 of 1% across the board to be effective Aug. 11, according to Robert L. Oare, Chairman of the Board.

The company also on Aug. 13 announced a further increase in the rate paid for its commercial paper notes, according to Mr. Oare, Board Chairman.

The new rates, effective Aug. 14, are up 1/4 of 1% across the board and are as follows: five to 29 days, 1 1/4%; 30 to 89 days, 1 1/2%; 90 to 179 days, 1 3/4%; 180 to 239 days, 1 3/4%; and 240 to 270 days, 1 3/4%.—V. 187, p. 1886.

**Bamm Corp.—Financing Completed—**Willis E. Burnside & Co., Inc. has completed an underwriting of \$300,000 6% five-year convertible sinking fund debentures (subordinated) due Jan. 1, 1963 and 30,000 shares of common stock of the Bamm Corp. The debentures and common stock were offered in units of \$100. Each unit, sold at par, consists of a \$100 debenture and 10 shares of common stock.

The Bamm Corp. is engaged in the manufacture and rental of commercial coffee brewing machines known as Koffeemysers.—V. 187, p. 674.

**Beech Aircraft Corp.—Makes Radar Installations—**

A standard model U. S. Army L-23D "Seminole" has become the first Army plane to be equipped with a weather avoidance radar system. It was announced jointly on Aug. 7 by this company and Radio Corp. of America.

Under a cooperative modification program, RCA, as prime contractor to the U. S. Army Signal Corps, furnished the system—the lightweight AVQ-50 airborne radar. As subcontractor to RCA, Beech performed the actual installation. The radar equipment is mounted inside the L-23D nose, behind a plastic radome.

The RCA AVQ-50 radar system is CAA-approved for both the Beechcraft Super 18 executive transport and the Beechcraft Twin-Bonanza business plane, commercial version of the Army L-23D. The L-23D was selected for weather radar evaluations because of its exceptional high performance, capacity and structural integrity.—V. 187, p. 2330.

**Bestwall-Gypsum Co.—Expansion in East—**

This company on Aug. 13 announced the start of its multi-million-dollar Atlantic Coast expansion program.

According to Rawson G. Lizars, President, construction of the first gypsum plant, to be built in Brunswick, Ga., at an approximate cost of \$7,500,000 began Aug. 15, 1958.

The entire expansion program will include construction of two other major gypsum board, lath and plaster manufacturing plants on the eastern seaboard.

The Brunswick plant, to be completed late in 1959, will have a capacity of 300 million square feet of gypsum board and lath products a year and will use up to 300 thousand tons of gypsum ore annually. The entire program is projected for completion within 3 1/2 years.—V. 186, p. 2046.

Earned per com. share outstanding—\$0.82 \$1.80

During the first quarter of 1958 the company's Aer-a-sol Division was sold for cash. No fixed assets were involved in this transaction. It is estimated that non-recurring income after providing for taxes and expenses in connection with the sale, will be \$363,000 or 24 cents per common share. This income has not been included in the results of the first six months shown above. Including this non-recurring income with the net income for the period shown above, the earnings per share would be \$1.06.

The company reports for the three months ended June 30, 1958 consolidated net income of \$887,958 after income taxes, as compared to \$564,617 in the three months ended March 31, 1958. This is equivalent (after provision for dividends on the 4 1/2% preferred stock) to a profit of 52 cents per common share for the second quarter of 1958, as compared to 30 cents per common share for the first quarter of 1958.—V. 187, p. 2115.

**Budget Finance Plan (Calif.)—Merger Approved—**

Charles S. Offer, President, and Albert Behrstock, Chairman of the Board of Directors, have announced that at a special meeting of shareholders held Aug. 5, the shareholders voted to approve the proposed merger of this company with Signature Loan Co., Inc. of New York.

It is expected that the merger, having been approved by shareholders of both companies will be consummated during the early part of September, 1958. Estimates show that the resources of the merged company will be approximately \$42,000,000 and that annual volume of business should be well in excess of \$60,000,000.

The headquarters of the combined companies will be located in Los Angeles, Calif., with a regional headquarters office maintained in New York City. The newly merged nationwide consumer finance company will be the nation's 12th largest engaged primarily in the small loan business.

Budget Finance Plan will now have 93 offices operating in 15 states and the Territory of Hawaii.—V. 188, p. 442.

**Butler Manufacturing Co.—Borrowings Approved—**

The stockholders on Aug. 11 approved the issuance to institutional investors of \$12,000,000 15-year 5 1/4% notes. The proceeds would be used to retire \$8,000,000 5 1/4% notes and for working capital.

The largest amount—\$9,750,000—went to New York Life Insurance Co.—V. 188, p. 442.

**Cador Production Corp., Far Hills, N. J.—Registers Proposed Offering—**

This corporation filed a registration statement with the SEC on Aug. 7, 1958, covering 1,003,794 shares of its \$1 par class A stock and 150,569 shares of its 60 cents par class B stock. The class A

stock is to be offered in exchange for oil and/or gas properties, each subscription thereof representing a firm commitment on the part of the subscriber to deliver to Cador Production merchantable title to a working interest in an oil or gas property and to accept class A shares in payment thereof. The number of shares would be determined by negotiation as to the fair market value of the property with Cador Production stock being taken at par.

Cador Inc. will act in the capacity of underwriter of the subscriptions on a "best efforts" basis, serving as agent in locating properties to be acquired. For such services it will receive commissions in an amount equal to 9% of the agreed fair value of the properties purchased; but it may receive payment in class B stock at the rate of 15 shares of class B stock for each 100 shares of class A stock issued for properties.

Cador Production has outstanding 156,206 shares of class A stock and 46,909 shares of class B stock. It owns various fractional undivided interests in oil and gas properties located in Oklahoma, Texas and New Mexico, acquired by exchange for all its outstanding class A stock. The purpose of this offering is to acquire additional properties in exchange for stock. The prospectus lists Charles S. Dewey, Jr., and Allan B. Grady as President and Executive Vice-President, respectively. They are also principal officers of the underwriter, and together own 50% of its stock.—V. 187, p. 879.

**Chemtron Corp.—Building Liquid Oxygen Plant—**

Ground-breaking for a \$1,750,000 liquid oxygen, nitrogen, and argon plant in Los Angeles, Calif., to expand its West Coast industrial gas production has been announced by the National Cylinder Gas Division of Chemtron Corp.

Similar plans to extend NCG liquid oxygen production to the East Coast were announced in May when the company began construction of a new plant at Philadelphia, Pa.

Division President J. L. Adank said in Chicago that the new Los Angeles area plant will be built in Compton adjacent to facilities now producing NCG oxygen, nitrogen, hydrogen and acetylene in gaseous form.

Production is scheduled for early 1959. Production capacity will exceed 30 tons of liquid oxygen, nitrogen and argon per day, and the plant is designed for expansion as demand increases. Mr. Adank said. The liquid gases will be distributed throughout the Western region by rail and highway transport.

Mr. Adank said the expansion plans result from steadily increasing need for high-purity industrial gases by West Coast industries, notably aviation, electronics, petroleum, metals and power. He pointed out that a 70% expansion of the NCG hydrogen plant at Compton was completed less than a year ago.—V. 188, p. 244.

J. H. Dunn, President, on July 31 said in part: "Earnings for the six months ended June 30, 1958 were \$365,996 or 75 cents per share on the 485,481 shares of capital stock outstanding at that time. Earnings for the first half of 1957 were \$450,514 or 93 cents per share on the 483,620 shares outstanding on June 30, 1957. "In June the company completed the purchase of 9,600 acres of timberlands adjoining the lands already owned in Louisiana. The purchase included a saw mill and auxiliary equipment, but the company was primarily interested in the timberlands. Total cost was \$500,000. "Four producing wells have been completed on the company's property this year under leases with others, in which the company has an interest. Under similar arrangements, drilling of four additional wells is in progress and another should be started soon. These leases are all for limited acreage, but in all instances the company has considerable adjacent property."—V. 187, p. 2797.

**Chrysler Corp.—To Recall 42,000 Employees—**

This corporation will today (Aug. 18) begin recalling approximately 42,000 employees for production of its 1959 model cars and trucks. All automobile and truck operations are scheduled to reach full production by mid-September.

Of the total employees to be recalled, 31,000 are in the Detroit area.

Production of 1959 Dodge, De Soto, Chrysler and Imperial cars in Detroit plants will begin Aug. 18, with Dodge truck production, also in Detroit, following in mid-week.

The corporation's regional assembly plant in Los Angeles in scheduled to start 1959 car production on Aug. 25, and a week later new model car production will begin in the Evansville, Ind., and Newark, Del., assembly plants.

Plymouth assembly plants in Detroit—the last to build out 1958 models—will begin recalling employees Sept. 2.

Some 1959 production is already under way in supporting operations at various plants in Michigan, Indiana and Ohio, where basic component parts are being produced in advance of car production to build up sufficient stocks for the car and truck assembly plants.

**Forms Simca Sales and Service Organization—**

Formation of a nation-wide sales and service organization for Simca imported cars was announced on Aug. 9 by Byron Nichols, Group Vice-President—Automotive Sales, of Chrysler Corp.

The move follows the announcement earlier in August that Chrysler is buying a substantial interest in Simca and, as part of a world-wide market development program, is becoming sole distributor of Simca products in the United States.

Field sales operations for Simca will be handled by the corporation's general sales office under E. C. Quinn, Vice-President and General Sales Manager.

Parts and accessories will be available through the company's MoPar

division, which handles the corporation's parts and accessory sales and distribution, Mr. Nichols said.

**Coastal Caribbean Oils, Inc.—Drilling Agreement—**

Benjamin W. Heath, Vice-President, on Aug. 1 said: "The California Company has announced the exercise of its option to go forward with the initial drilling operations on the Florida leases of Coastal's wholly-owned subsidiary, Coastal Petroleum Co. Under the terms of the Aug. 12, 1955 agreement, The California Company was required not later than Aug. 1, 1958 to elect to drill a minimum of 21,000 feet of hole on Coastal's State of Florida Drilling Leases 224-A, 224-B and 248, or relinquish all its rights under the contract.

"This important announcement in part confirms the Coastal company's confidence in the thorough and intelligent manner in which this Standard Oil Company of California subsidiary has conducted its exploration work on the Coastal properties since the agreement was negotiated. Broadly speaking, The California Company will have earned a 50% interest in the 4,500,000 acres covered by the three leases when it has spent \$10,000,000 in carrying out the program of exploration and drilling, or has conducted it through 1966, whichever first occurs. During this period, the costs of the drilling program, including the payment of lease rentals, are borne solely by The California Company.

"The agreement calls for a total of 81,000 feet of offshore drilling on the leases by 1966, the first 21,000 feet of which must be completed by March 27, 1961. Should oil be discovered by The California Company at any time as a result of this drilling, the contract provides for the delineation of 100,000-acre blocks surrounding each discovery. Such drilling blocks would be jointly-owned 50% by each company and operating costs shared equally thereafter.

"Although The California Company has the right to withdraw from the contract under specified circumstances before 1966, in such cases it must have complied with certain rental and drilling obligations in advance, or pay specified cash penalties.

"Should a final decision regarding ownership of the leases beyond the three-mile limit not have been rendered on or before July 1, 1959, Coastal and The California Company have agreed that any proportionate deferment, abatement or suspension of drilling or rental requirements established as to the leases may be enjoyed by The California Company."—V. 188, p. 244.

**Commercial Solvents Corp.—To Produce Caprolactam**

This corporation on Aug. 13 announced that it will begin production and marketing of caprolactam in commercial quantities on or before Dec. 1, 1958.

Caprolactam is used in the production of nylon 6, a recently developed plastic material which has superior qualities of impact, molding and flexion. Nylon 6 is used to make molding resins, extrusion compounds, tire cords, synthetic fibers for floor coverings and other textile products.

W. W. Jackson, Sales Vice-President, stated that the company is now accepting orders for caprolactam. Shipments in tankcar quantities will begin in December, he said.—V. 187, p. 2446.

**Consolidated Foods Corp.—Sales Satisfactory—**

Addressing a luncheon meeting of the Security Analysts of San Francisco today (Aug. 7) in the St. Francis Hotel, Nathan Cummings, Chairman of the Board, on Aug. 7 said that "the level of sales for our first quarter beginning July 1 continue to be most satisfactory, and we have no immediate reason to believe that both sales and earnings for the year ahead will not reflect steady improvement in our performance."

In reviewing the ten-year performance record of Consolidated, Mr. Cummings pointed out that "sales have grown from \$151,404,175 in 1949 to more than \$350,000,000 for our fiscal year ended last June 30. During this same period, earnings of the company have advanced 143% from \$2,506,032 to over \$6,000,000. With the exception of three years, the earnings curve has shown a continuous upturn; these three years reflecting price ceilings and normal growing pains. "During the year, the long-term debt of the corporation was reduced from \$15,203,968 to \$13,480,000. This debt has increased only \$1,330,000 since 1949.

"Net worth of the corporation increased about \$10,000,000 during the year and now stands at close to \$96,000,000 compared with \$21,776,796 in 1949."—V. 188, p. 443.

**Consolidated Freightways, Inc.—Gross Shows Gain—**

J. L. Snead, Jr., President, reported that consolidated gross revenue was \$45,583,668 for the seven accounting periods ended July 12, as compared to \$38,685,576 for the same period of last year. Net earnings after provision for income taxes were \$852,483, amounting to 60 cents per share on the average number of shares outstanding during the period. The comparable 1957 earnings were \$778,052, or 61 cents per share on the average number of shares then outstanding. The company issued 270,416 additional shares as of May 21, 1958, as a result of a subscription offering to stockholders.

Mr. Snead pointed out that the 1958 earnings were affected by a four-week strike at the Freightliner Corp. factory which was settled July 24.—V. 187, pp. 2548 and 2446.

**Consolidated Gas Utilities Corp.—Bonds Sold Privately**

This company, it was announced on Aug. 11 has arranged to place privately, through White, Weld & Co., an issue of \$3,750,000 4% first mortgage bonds, due March 1, 1978.—V. 185, p. 2912.

**Consolidated Natural Gas Co.—Debentures Offered—**

An underwriting group headed jointly by Morgan Stanley & Co. and The First Boston Corp. and composed of 69 investment firms on Aug. 14 offered publicly a new issue of \$45,000,000 4% debentures due Aug. 1, 1983 at a price of 101.142% and accrued interest—a yield of 4.30% to maturity. This offering was oversubscribed and the books closed. The debentures were awarded to the group at competitive sale on Aug. 13 on its bid of 100.1599%.

Halsey, Stuart & Co. Inc., bid 100.91 and White, Weld & Co. and Paine, Webber, Jackson & Curtis (jointly) bid 100.799, both for the debentures as 4 1/2s.

A sinking fund for the debentures provides for annual retirements beginning in 1963 of \$1,800,000 principal amount, and is calculated to retire 80% of the issue prior to maturity. The sinking fund redemption prices range from 101% to the principal amount during the last year. Optional redemption prices range from 105.52% prior to Aug. 1, 1959, and decreasing annually to the principal amount on or after Aug. 1, 1962.

PROCEEDS—The company proposes to use the net proceeds from the sale of the debentures to finance a part of its consolidated system construction program for 1958 which calls for expenditures of \$65,000,000.

000. The balance of funds required for the 1958 construction program will be supplied from treasury funds of the system.

CAPITALIZATION—Giving effect to this sale the company will have a total consolidated long-term debt of \$246,769,000. Also outstanding are 8,212,552 shares of capital stock of \$10 par value.

BUSINESS—Consolidated Natural Gas owns all of the outstanding stock of six operating companies engaged in the natural gas business.

The company's six subsidiaries constitute an inter-connected natural gas system engaged in all phases of the natural gas business. The principal cities served at retail are Cleveland, Akron and Youngstown. They also serve other cities in Ohio, Pennsylvania and West Virginia. Natural gas is also supplied in wholesale to non-affiliated utilities in New York, Pennsylvania and West Virginia.

EARNINGS—For the 12 months ended June 30, 1958 the company reported total operating revenues of \$296,245,000 and gross income before income deductions of \$36,424,000. For the 1957 calendar year operating revenues were \$280,484,000 and gross income \$34,430,000.—V. 188, p. 543.

**Dividend Shares, Inc.—Net Assets Up 13.3%—**

Total net assets were \$229,768,663, or \$2.72 per share on June 30, 1958 as compared with \$199,479,202, or \$2.40 per share on Dec. 31, 1957. Hugh Bullock, President, announced: "The dividend of 2 1/4 cents a share was payable Aug. 1, 1958 to shareholders of record July 10. The company's investments have not only enabled it to pay larger dividends for the year to date than in 1957, but have produced an increase in the net asset value per share of 13.3% in the six months ended June 30, 1958, Mr. Bullock said.—V. 187, p. 2225.

**Dover Corp.—New Acquisition Announced—**

This corporation has arranged to purchase the business and assets of Shepard Warner Elevator Co., Cincinnati, Ohio, for a combination of cash and 10,000 shares of Dover common stock it was announced on Aug. 11 by Fred D. Durham, President. The transaction, whose

closing date is scheduled for Oct. 1, 1958, was negotiated by G. L. Olmstrom & Co., investment bankers, New York City.

Stemming from an enterprise founded 98 years ago, Shepard Warner is an important manufacturer of geared and cable elevators for both freight and passenger use. Sales at a current annual rate of about \$5,000,000 are the highest in the company's history.

Upon consummation of the transaction, Mr. Durham said, the business will be operated as the Shepard Elevator Division of Dover and its Cincinnati plant will continue to manufacture its full line of freight, passenger and residential traction elevators, dumbwaiter equipment and elevator accessories with present personnel and management.

The alliance with Dover, whose operating division, the Rotary Lift Co. of Memphis, Tenn., also is a builder of elevators, makes the Shepard-Rotary combination the nation's third largest manufacturer of passenger and freight elevators.

Shepard Warner will now be known as the Shepard Elevator Co., Division of Dover Corp. The name "Warner" will no longer be a part of the business name.

The Shepard Warner Elevator Co. was formed in 1955 after a merger of Shepard Elevator Co. and Warner Elevator Manufacturing Co., both of Cincinnati, Ohio.

Rotary Lift Co. will continue to manufacture their Oldrairie elevators at Memphis, Tenn.—V. 187, p. 1541.

#### Eastman Kodak Co.—Canadian Unit to Expand—

Construction of a new two-story building by Canadian Kodak Co., Ltd., at a cost of more than \$1,000,000 has been announced by its President, Donald C. Kerr. When ready for use in the summer of 1959, the building will house all finishing operations in the production of photographic paper.

Canadian Kodak Co., Ltd., is an affiliate of the Eastman Kodak Co. "This new project," Mr. Kerr said, "will complete a five-year \$5,000,000 expansion program in Canadian Kodak's photographic paper manufacturing facilities. It is part of Canadian Kodak's continuing program of investment in additions, improvements, and replacements for its plants, processes, and equipment."

The new building, the tenth major one to be constructed on Canadian Kodak's 45-acre site in northwestern Toronto since the company moved there some 40 years ago, will increase total floor area by 50,000 square feet to 674,000 square feet. It will not only provide increased capacity for the manufacture of photographic paper products, but will also enable additional expansion for other manufacturing departments. The main building contract has been let to the Foundation Co., of Ontario Ltd.—V. 188, p. 544.

#### Ebasco Services, Inc.—Acquisition Approved—

The SEC has issued an order permitting this corporation, a subsidiary of Electric Bond & Share Co., to purchase 100 shares of the common stock of a newly-organized Ebasco Overseas Corp., at \$10 per share. Ebasco Overseas was formed by Ebasco Services to afford a vehicle through which to undertake contracts to perform engineering, general construction, construction supervision, and related services in countries of the Middle and Far East.—V. 188, p. 444.

#### El Paso Natural Gas Co.—Plans New Gas Deliveries—

The company announced on Aug. 4 that it has entered into contracts to purchase 400 million cubic feet of gas per day, over a period of 20 years, to meet the rising needs of its California markets.

The contracts call for purchase of 200 million cubic feet of gas per day from Colorado Interstate Gas Co. and of 200 million cubic feet per day from Pacific Northwest Pipeline Corp., with delivery at Rock Springs, Wyo. El Paso will deliver the gas to the Southern California Gas Co. and the Southern Counties Gas Co. of California at a point on the California border southwest of Las Vegas, Nevada.

Paul Kayser, President, announced that a new 34-inch, 400-mile pipeline will be built by El Paso Natural Gas Co., from the point on the California-Nevada border to a point south of Salt Lake City, Utah, and that Colorado Interstate will build a 140-mile line from there to Rock Springs, Wyo.

The pipeline, which will have a capacity in excess of 700 million cubic feet per day, will also be capable of moving 150 million cubic feet of gas per day from Alberta sources to the American market, Mr. Kayser said. Westcoast Transmission Co. has pending applications before the Canadian government for authority to export this gas. The contract with Pacific Northwest provides for the delivery of this Canadian gas whenever its export is authorized by the Canadian government.

Construction of the pipeline, Mr. Kayser said, is a modification of a plan announced earlier by the company to build a line from Twin Falls, Idaho, to the California border southwest of Las Vegas.

Applications to the Federal Power Commission for the necessary authority to construct the pipeline are now being prepared by El Paso Natural Gas Co. and Pacific Northwest Pipeline Corp. and will be promptly filed with the Federal Power Commission.

The El Paso Natural Gas Co. has entered into a sales contract with the Southern California companies covering the 400 million cubic feet per day purchased from Pacific Northwest and Colorado Interstate, as well as the 150 million cubic feet per day from Canada.—V. 188, p. 544.

#### Equitable Life Assurance Society of the United States—To Build New Headquarters Building—

This company on Aug. 11 broke ground for a new headquarters building in New York City that is designed as the world's largest single-occupancy office structure under private ownership. Rapid growth of the Society makes the new building imperative.

It will be a 42-story tower structure and, according to estimates, will cost \$58,000,000. Completion is scheduled for late 1961. The cornerstone will be laid next July at ceremonies marking the Society's 100th anniversary and completion of a year-long centennial sales campaign.

Turner Construction Co. is the general contractor.—V. 187, p. 938.

#### Equity Corp.—Reports Increased Asset Value—

The consolidated statements of this corporation and its wholly-owned subsidiary, Equity General Corp., at June 30, 1958, show net assets at that date equivalent to \$288.24 per share of \$2 convertible preferred stock (preference in liquidation \$50 per share), and \$4.71 per share of common stock.

The above amounts give effect to the payment on June 10, 1958 of an extraordinary dividend in shares of common stock of Financial General Corp. at the rate of 13/100ths of a share of such stock for each share of The Equity Corp. common stock held on the record date of April 25, 1958.

If, for purposes of comparison, net assets at June 30, 1957 were restated to give effect to the extraordinary dividend, relative amounts to those set forth above would be \$285.56 per share of preferred stock currently outstanding and \$4.65 per share of common stock.—V. 188, p. 444.

#### Exploration Service Co., Ltd., Far Hills, N. J.—Registers With SEC—

This company and Ankirk Petroleum Corp. (latter of Fort Worth, Texas) filed a registration statement with the SEC on Aug. 11, 1958, covering \$400,000 of working interests (non-producing) in Sisu Valley Project, to be offered for public sale in \$12,500 units (of which \$8,000 is payable in cash and \$4,500 is to be represented by promissory notes). The interests are to be offered for public sale on a "best efforts basis" by Cadon Inc. of Far Hills, for which a \$750 per unit selling commission will be paid. According to the prospectus, the Service company, by contract with Ankirk, has the right to acquire an undivided 80% beneficial interest in a certain concession granted by the Republic of Colombia for the search for and production of oil and/or gas, covering approximately 37,319 acres (known as Floresano 11) located in the Sisu River Valley of Colombia, South America, now held in the name of Ankirk. The funds obtained by this offering will be employed by Service company to exercise its right to acquire the 80%

interest from Ankirk and to conduct an exploratory program on the concession which will include the drilling of two exploratory wells.

Ankirk was organized in February 1958 and will be the operator of the concession. All its stock is owned by Ambassador Oil Corp. of Fort Worth. Its President is P. Kirk Johnson. The Service company is a limited partnership organized in April with Exploration Management Corp., of Delaware, as general partner and James B. Crawley as a limited partner. Charles S. Dewey, Jr. is President and Allan B. Crady is Vice-President and Treasurer of Exploration Management; and they each own 50% of the latter's outstanding stock.—V. 187, p. 2116.

Robert H. Morse, Jr., President, on July 28 said:

"New orders booked during the second quarter showed an increase of approximately 8% over the first quarter. This increase brought new orders substantially into balance with shipments for the first time in more than a year."

"Indications are that bookings will continue to increase during the third quarter. Meanwhile, all categories of expense are receiving careful evaluation and control consistent with current levels of business activity."

"The company's financial position continues strong, and early in July bank loans were reduced to \$4 million, the lowest level in several years."—V. 185, p. 2913.

#### Fairmont Foods Co.—Expands in Oklahoma—

This company has announced plans for a new processing building and an extensive remodeling program at its Lawton, Okla., branch.

Plans call for a new 100-by-130-foot brick building on the present site of a frame structure used in conjunction with the main plant. The main plant itself will be extensively remodeled and used for cottage cheese and ice cream processing. Refrigerated storage space, a new bottling room and automated facilities for handling milk and ice cream will be included in the new structure.

Bids will be advertised in early September and completion of the construction is scheduled for June 1, 1959.—V. 187, p. 2799.

#### Federal Pacific Electric Co.—Awarded Power Contract

This company has been awarded a \$2,690,365 contract by the Power Authority of the State of New York to supply 58 oil circuit breakers for the Niagara Power Project, it was announced on Aug. 13.

Thought to be the largest single oil circuit breaker package ever obtained under one contract, the award calls for the company to supply 153 kv circuit breakers rated at 10 million kva and twenty-four 230 kv circuit breakers rated at 20 million kva.

The equipment will be manufactured by the company's Pacific Switchgear Division in its San Francisco and Santa Clara plants.—V. 188, p. 348.

#### Federation Chemicals, Ltd.—Notes Placed Privately—

This corporation, it was announced on Aug. 12, has placed privately, through Glove, Forgan & Co., \$8,200,000 series A subordinated notes due Jan. 1, 1974, and £1,000,000 series B subordinated notes due 1967-1968.

#### Fibercraft, Inc., North Miami, Fla.—Files With SEC—

The corporation on Aug. 4 filed a letter of notification with the SEC covering \$165,000 of its 12-year 6% convertible debentures to be offered at par in denominations of \$500 and \$1,000 each and 80,000 shares of common stock (par 10 cents) to be offered at \$1.25 per share. Debentures are convertible on or after Aug. 1, 1960 and prior to maturity as follows: \$1.37 1/2 per share through July 31, 1962; \$1.50 through July 31, 1968; and \$2 thereafter. The offering will be underwritten by Dayton Co., South Miami, Fla. The proceeds are to be used to reduce outstanding debts, to purchase equipment and for working capital.

#### Fidelity Bankers Life Insurance Corp., Richmond, Va.—Stock Offered—Willis, Kenny & Ayres, Inc., also of Richmond, on Aug. 1 publicly offered 300,000 shares of common stock (par \$1) at \$7 per share. The shares are not qualified for sale in New York State.

PROCEEDS—The net proceeds are to be used to increase paid-in capital and paid-in surplus. It is the present intention to use such funds for investment in accordance with the investment laws of the States in which the company operates.

BUSINESS—Corporation is currently licensed to do business in Virginia, Delaware, Florida, Kentucky, Louisiana, Maryland, North Carolina, South Carolina, Tennessee and West Virginia. It is engaged in selling all forms of ordinary life insurance, employer and employee group and associated group life, as well as specialized forms of credit life insurance. It also accepts certain reinsurance risks from other companies. The company on April 30, 1958 had more than \$87,000,000 of insurance in force.

#### Ford Motor Co. (Mich.)—July Output Lower—

The company produced 98,171 passenger cars and trucks during July for a year-to-date total of 805,091.

Thunderbird production in July was 5,524 units for a seven-month total of 28,930. Comparable 1957 Thunderbird figures were 1,293 and 11,158.

In addition, tractor production for the month was 1,050 units, bringing the 1958 total to 28,133.

The breakdown follows:

Period End, July 31—	1958—Month—1957	1958—7 Mos.—1957
Ford passenger	72,879	127,749
Mercury	7,899	20,982

#### Fred Astaire Dance Studios (Metropolitan New York), Inc.—Files—

The corporation on Aug. 7 filed a letter of notification with the SEC covering 299,940 shares of common stock (par 10 cents) to be offered at \$1 per share, through Willis E. Burnside & Co., Inc., New York, N. Y. The proceeds are to be used for constructing and furnishing new dance studios.

#### Frito Co.—Buys Ohio Concern—

The company announced on Aug. 12 that it had purchased the Num Num Potato Chip Co. of Cleveland, Ohio. The agreement was revealed as a cash transaction, with the purchase price not disclosed.

The Num Num Co. operates in Ohio, Pennsylvania and Western New York. State and its sales last year exceeded \$3,500,000. The company was founded in 1919 by the Noss family. Its plant is very new with facilities for the production of both potato chips and pretzels.

Num Num will continue to be operated as a separate corporation and will provide for increased distribution facilities in the area. Num Num's new 90,000 square foot plant in Cleveland will increase considerably the company's production facilities in this important marketing area.—V. 188, p. 545.

#### Funeral Directors Manufacturing & Supply Co., Louisville, Ky.—Stop Order Proceedings—

The Securities and Exchange Commission has ordered "stop order" proceedings under the Securities Act of 1933 against a registration statement filed by this company.

The Commission's order challenges the accuracy and adequacy of informational disclosures contained in the company's registration statement and prospectus and schedules a hearing in Washington on Aug. 22, 1958, for the purpose of taking evidence with respect to the question whether the registration statement fails in material respects to comply with the disclosure requirements of the Securities Act and, if so, whether a stop order should be issued suspending its effectiveness.

The registration statement, filed in November, 1954, and effective on March 24, 1955, proposed the public offering of 199,907 shares of \$100 par common stock at par. The company was organized in October, 1954 by Stanley Maas (President) and a group of other Louisville funeral directors to manufacture and sell plastic grave vaults, plastic caskets, aluminum caskets and a combination plastic-aluminum casket. The plans and patent application rights to these products and the results of Maas' development work thereon had been acquired from Maas for a commission of 2% on the gross sales of all products.

At the hearing, inquiry will be conducted into the question of the adequacy and accuracy of statements in the company's prospectus (a) under the captions "Introductory Statement" and "Description of Products," with regard to molds for an adult-size plastic grave vault, development, engineering, preliminary tool investigation, tooling, master program and production procedures; and (b) under the caption "Transactions with Promoters," with regard to rent paid by registrant for its offices and expenditures made by registrant for meals furnished to its employees by its President.—V. 180, p. 1976.

#### General Electric Co.—Develops New Rubber—

A new kind of rubber discovered by General Electric research combines oil resistance with the ability to maintain strength and usefulness at temperatures ranging from a sub-arctic 100 degrees below zero (F.) to the 500-plus degrees required for modern jet aircraft.

Nitrile silicone rubber was described here today as "a major advance in chemistry that will offer industry—particularly the automotive and aircraft industries—a unique combination of important properties never before available in a single material."

Dr. Charles E. Reed, General Manager of the company's Silicone Products Department, stressed that the new nitrile silicone rubber can be processed in ordinary rubber fabricating equipment. He said it will be basically a less expensive material than other rubbers which offer oil- and heat-resistance only at the sacrifice of other important properties.

"We believe that the uses for nitrile silicone rubber will be almost unlimited," Dr. Reed said. "The Air Force and the aircraft industry have long sought a material of this type. Many O-rings, seals, and gaskets in aircraft engines and hydraulic systems are in constant contact with fluids. As aircraft speeds continue to increase, many of the materials now used for these parts will not be adequate to meet the increased temperature requirements."

"The many hoses and couplings that carry fuel, oil, or hydraulic fluids must resist both high and low temperatures as well as the fluids they carry. The aircraft industry has prepared a target specification for a sealant for integral fuel tanks which must withstand temperatures from minus 65 to plus 350 degrees F. So far, to my knowledge, no material has qualified under this specification, but we believe nitrile silicone rubber will do the job."

One of the most important automotive applications will be in automatic transmission seals where nitrile silicone rubber will "eliminate the need for compromise" between marginal oil resistance with some materials and marginal heat resistance with others. Differential seals, crankshaft seals, rubber brake parts, and gaskets also promise to be automotive applications, Dr. Reed said.

Other industries cited as potential users of the new material include electrical apparatus, railroads, oil-well operations, and many other kinds of lubricated industrial equipment that use gaskets and seals.

It was emphasized that the current announcement was primarily of a research discovery, but Dr. Reed indicated that nitrile silicone rubber would be available as a product before the end of 1958. The introductory price is expected to be in the vicinity of \$15 a pound.—V. 188, p. 546.

#### General Motors Corp.—To Recall 100,000 Employees—

This corporation will recall more than 100,000 hourly rate employees to their jobs by mid-October, Harlow H. Curtice, President, announced on Aug. 8.

The recalls will be on a gradual basis, starting with the Buick Motor Division in Flint, Mich., on Aug. 18, and spreading to the

other General Motors automotive divisions as they complete change-overs and start volume production on 1959 passenger cars, Mr. Curlice added.

"Additional thousands of employees will be recalled in early November under our present plans," Mr. Curlice said.

It is anticipated that hourly rate employment for General Motors in the United States will reach 325,000 by mid-November, according to Mr. Curlice.

#### July Car Production Off—

This corporation produced 203,023 passenger cars and trucks in the United States and Canada during July, as compared with 278,530 during July, 1957. It was announced on Aug. 1.

Of the total vehicles produced by GM during July 173,231 were passenger cars and 29,792 were trucks.

#### (B. F.) Goodrich Co.—New Plant in Production—

Production is now underway at the newly completed Goodrich glacial acrylic acid plant of B. F. Goodrich Chemical Co. in Calvert City, Ky. The new plant brings glacial acrylic acid into quantity production for the first time in this country, according to John R. Hoover, President. The new unit has a capacity of several million pounds per year.

"Use of this versatile, highly reactive monomer in small quantities imparts increased adhesion and curability to many resins and plastic materials," Mr. Hoover said. "When polymerized alone or as the major ingredient with other monomers, Goodrich acrylic acid results in water-soluble resins with a wide range of useful properties." These resins are used as textile sizes, sand core binders, latex thickeners, and flocculating agents.—V. 188, pp. 444; 349; 246 and 147.

#### Goodyear Tire & Rubber Co., Akron, O. — Joseph B. Hall Elected a Director—

Election of Joseph B. Hall, President of the Kroger Co. of Cincinnati as a director of the Goodyear company, was announced on Aug. 11 by Edwin J. Thomas, President of Goodyear. Mr. Hall succeeds B. A. Polsky, Akron department store pioneer, who retired after 11 years' membership on the Goodyear board.

Mr. Hall is also Chairman of the Board of Selective Insurance Co., President of the Selective Fire Insurance Co., and a director of the Federal Reserve Bank of Cleveland, the Cincinnati and Suburban Bell Telephone Co., Crosley Broadcasting Corp., Robert A. Cline, Inc., and Little Miami RR. and Transit Casualty Co. He is a member of the Business Advisory Council of the United States Department of Commerce.—V. 188, p. 349.

#### Gruen Watch Co.—Halts Sales to Discount Houses—

The company has taken aggressive action to protect its retailers from the competition of discount houses and other off beat jewelry sales outlets, Edward H. Weitzen, President, announced on Aug. 10.

To accomplish this objective, Mr. Weitzen disclosed, Gruen has set up a newly formed association of wholesale jewelry distributors which will decide what retail establishments are to carry the Gruen Guild seal, and the Gruen high style line of quality watches.

The move to take Gruen watches out of discount and catalog houses began last April when these outlets were advised by the company that it was discontinuing the sale of its product to them.—V. 172, p. 108.

#### Gulton Industries, Inc.—Develops Accelerometer

Development of two new series of self-generating, high-sensitivity accelerometers, was announced on Aug. 14 by Abraham I. Dranetz, Vice President.

Produced by the company's Glennite Instrumentation Division, the new A-380 and A-395 Series of accelerometers are credited with bringing a new dimension to the measurement of shock and vibration, particularly in the aircraft and missile field.—V. 188, p. 546.

The company on July 30 filed a letter of notification with the SEC covering 22,404 shares of common stock (par \$1) to be issued upon exercise of common stock purchase warrants at \$10.59 per share. These warrants must be exercised by Jan. 1, 1959 to be good at this price. No underwriting is involved. The proceeds are to be used for working capital.—V. 186, p. 112.

#### Holland Furnace Co.—To Appeal FTC Order—

The company on Aug. 7 flatly denied the findings of the Federal Trade Commission and charged that the Commission has put its stamp of approval upon hazardous repair practices in the heating industry which could expose innumerable people in private homes, public schools and other buildings to the gravest of risks.

The company announced it will appeal to the Federal courts from an FTC cease and desist order which it said charged misrepresentation by the company largely because of Holland's policy of recommending replacement of deteriorated and unsafe furnaces, rather than making temporary and unreliable repairs.—V. 188, p. 49.

#### Home Finance Group, Inc., Charlotte, N. C.—Places Notes With Insurance Companies—This corporation, it was announced on Aug. 11 has placed a \$2,000,000 note issue due 1970 with four insurance companies. Participants were the Mutual Life Insurance Co. of New York, Phoenix Mutual Life Insurance Co., Home Life Insurance Co. and Security Mutual Life Insurance Co. The financing was arranged by R. S. Dickson & Company acting as agent for the borrower.

Proceeds will be used to reduce bank loans. Home Finance Group has been in the sales finance and personal loan business since 1943. The company operates 83 branch offices, located in North Carolina, South Carolina, Kentucky, West Virginia, Georgia, Tennessee and Virginia.—V. 186, p. 1050.

#### Intermountain Petroleum, Inc.—Stock Listing Suspension Ordered by SEC—

In a decision announced on Aug. 12, the Securities and Exchange Commission ordered a 60-day suspension of the listing and registration on the Salt Lake Stock Exchange of the common stock of this company. Failure to file corrected reports with the Exchange and the Commission within the 60-day period will result in permanent withdrawal of the stock from listing and registration.

The Commission's reaction was based on the company's failure to make timely filings of current (monthly) reports required by the Securities Exchange Act of 1934, as well as the inclusion in such reports of misleading statements and the admission of material facts.

Intermountain has outstanding 531,034 shares of \$1 par stock, held by 1,997 shareholders. Austin B. Smith, Secretary-Treasurer and controlling person, owns the largest block, about 9%. Since February 1955 the company's principal activities have consisted of the purchase and sale of oil and uranium properties and its annual reports show no income from the operation of properties. In April 1957 the company effected a reverse split of one for ten of the outstanding common shares and changed the par value from 10c to \$1 per share.

According to the Commission's decision, Intermountain on July 27, 1955 acquired certain uranium and oil leases in Wyoming from General Oil & Uranium, Inc. and Powder River Lease & Minerals Co., for which 1,400,000 shares were issued. Both selling companies were represented by one Charles Gurney. 1,200,000 shares were issued to Mr. Gurney, but were cancelled the same day and re-issued in July and August 1955 to some 90 shareholders of General Oil and Powder River. The remaining 200,000 shares were issued to Austin B. Smith Brokerage Co., of which Mr. Smith was sole proprietor, and were then transmitted to Mr. Gurney. On April 6, 1956, Intermountain issued a total of 274,500 shares to 58 shareholders of Aztec Uranium Co. for 12 oil and gas leases which were owned of record by General Oil and Powder River. Mr. Gurney again represented the selling corporations and negotiated with Mr. Smith, who was the controlling person of Aztec but who did not receive any of the 274,500 shares. On May 8, 1956, Mr. Smith transferred to Intermountain 60 uranium claims for 461,538 shares. A current report for August 1955 was not filed until Sept. 19, 1955, and reports for April and May 1956 were not filed until March 20, 1957. The delay in filing these reports violated the reporting requirements of the law, which calls for reports within 16 days after the close of a month in which there occurs an acquisition of a significant amount of assets or a significant increase in outstanding securities.

Moreover, these reports when filed contained false and misleading statements regarding the availability of exemptions from registration under the Securities Act, the recipients of stock issues, and the value of mining and oil claims. The record did not establish Intermountain's claim to an exemption with respect either to the 1,400,000-share block or the 274,500-block, the Commission ruled. There was also a failure to disclose, with respect to the issuance of the 274,500 shares for oil and gas leases acquired from General Oil and Powder River that the shares were issued directly to 58 stockholders of Aztec, which had advanced funds to the other two companies in connection with the leases.

The Commission also pointed out that the report for August 1955 stated that the "appraised value agreed upon by officials of the companies" for the leases acquired by Intermountain was \$3 per acre for the uranium property and \$5 per acre for the oil property, although there had been no geologic appraisal of the properties and no exploratory holes drilled. The report for May 1956 stated that Intermountain had acquired from Mr. Smith 60 uranium claims "valued at \$500.00 per claim." But the claims involved were unworked and unpatented claims of unknown value.

Intermountain claimed that there had been no intent to mislead or withhold information, and that the deficiencies in its reporting were the result of a lack of understanding of the requirements and the failure to consult counsel. While this did not excuse the company's failure to comply, the Commission observed that the violations "did not stem from any plan or intent to defraud investors and that the company now fully appreciates its obligations and has exhibited a willingness to file accurate information." Accordingly, the Commission gave the company 60 days from Aug. 11 within which to file complete and accurate reports, failing which the Intermountain common would be permanently withdrawn from Exchange listing and registration.—V. 186, p. 1253.

#### International Harvester Co.—Unit to Expand—

See Link-Belt Co. below.—V. 187, p. 2660.

#### International Products Corp.—Receives Devel. Loan—

Charles A. Koons, President, on Aug. 11 announced that the Development Loan Fund of the United States has made a commitment to loan \$2,600,000 to this corporation. Proceeds of the loan will be used to improve and expand the cattle ranch, packing house, quebracho and other operations of the corporation in Paraguay.

The loan commitment of \$2,600,000 is made in two parts. \$2,100,000 is to be loaned at an interest rate of 5.25% repayable over five years in ten semi-annual installments of which the first three repayments will be \$25,000 each and the balance in seven equal installments. \$500,000 is in the form of six-year convertible debentures which the Development Loan Fund has the right to convert into 50,000 shares of the corporation's common stock at \$10 per share. The debenture agreement will provide that the Development Loan Fund shall not exercise its right of conversion during the first two years. Thereafter, in the event the Development Loan Fund should elect to sell its right of conversion, it is agreed that the corporation will have priority to acquire such rights.

Proceeds of this loan will enable the corporation to increase the capacity of its meat packing plant with modern facilities for processing and canning its corned beef and other products and for the more efficient rendering of its by-products. The loan will also be employed to further expand the use of scientific breeding to improve and substantially increase the size of the corporation's herd on its million-acre ranch. In addition, the funds will provide for expanded capacity in the corporation's quebracho department.

Charles A. Koons, President of International Products Corp., has announced the election of Rear Admiral Arthur A. Agaton, U. S. N. (Ret.), as a member of the board of directors. From 1954 to 1957, Admiral Agaton served as U. S. Ambassador to Paraguay.—V. 186, p. 1504.

#### International Resistance Co.—New Products—

The following new products will be introduced by this company at the 1958 Instruments & Automation Show, Philadelphia, Pa., Sept. 15-19.

Compu-Tran Variable Reference Differential Pressure Transmitter—This new unit measures differential, absolute, or gauge pressures.

Compu-Tran Pressure Transmitter—Designed for low cost application in the process industries and ground environment testing; for indication, multiple pressure scanning, and alarm systems.

**Kern County Land Co.—Earnings Decline—**

Consolidated net earnings of this company and its subsidiaries for the first six months of 1958 were \$5,592,000, or \$1.41 per share, Geo. G. Montgomery, President, reported on Aug. 11. This compares with \$5,882,000, or \$1.47 per share, for the same period of 1957. The decrease is attributable to a decline in oil royalties from company lands in California.

Mr. Montgomery pointed out that because of the seasonal nature of the company's agricultural activities, the first half figures are not necessarily representative of the year as a whole.

The company on Aug. 7, 1958 reported gross oil royalties from its lands in California for the first six months of 1958 of \$9,882,000, down from the gross of \$11,096,000 for the same period of last year. Royalties for the month of June were \$1,614,000, compared with \$1,709,000 for June, 1957.—V. 188, p. 350.

**Keystone Custodian Funds, Inc.—Keystone Tax Exempt Bond Fund Registered for Public Offering—**

Keystone Tax Exempt Bond Fund (The Keystone Custodian Fund, Series B-1) on Aug. 7 filed with the Securities and Exchange Commission an amendment to its registration statement covering a proposed public offering of 1,250,000 shares of capital stock of the fund at \$20 per share. The financing is contingent upon passage of legislation which permits an investment company whose assets are almost exclusively in tax-exempt securities (more than 95% of its gross income must be derived from such securities) to distribute tax free to shareholders, its net income from tax free securities. Such legislation is presently pending before Congress and it is anticipated will be enacted prior to the adjournment of the present session.

Lehman Brothers will manage the underwriting and will form a nationwide underwriting group.

The fund is open-ended and the shares covered by the registration statement will be offered at the fixed price of \$20 a share, subject to adjustment for quantity discounts, during the period of the underwriting. The fund is a continuation of Keystone Custodian Fund, Series B-1, in operation since 1935 as an open-ended diversified investment company. For many years it has followed the policy of investing its assets, which currently exceed \$9,000,000, exclusively in obligations of the U. S. Government, or its agencies, and in other high grade bonds. Stockholders of Keystone Custodian Fund, Series B-1, in anticipation of the new legislation have approved amendments to the trust agreement to make it possible for the fund to operate as a tax exempt fund. Prior to the closing the fund will distribute to its present stockholders such of its portfolio of non-tax exempt bonds so as to permit its operation as a tax exempt fund.

It will be the policy of the fund to confine all its investments to tax exempt obligations, except that, pending investment in tax-exempt securities, assets may be held in cash or temporarily in obligations of the United States Government.—V. 188, p. 247.

**Litton Industries—New Division to Expand—**

Expansion of the ferrite development and manufacturing program of the Altron, Inc. division of Litton Industries was begun on Aug. 11 as first sections of this activity moved into a new 100,000 sq. ft. plant in Morris Plains, N. J. Both the ferrite manufacturing portion of Altron's Linden, N. J. facility and its development group from Cambridge, Mass. laboratories began the move. A leading producer of microwave transmission components and equipment, Altron, Inc. has pioneered the development of ferrite devices for microwave applications in advanced missile, aircraft, and defensive ground installations. With the installation of over \$100,000 in new manufacturing and test equipment, the Morris Plains plant will be in full operation by the first of the year. At the outset approximately 300 persons will be employed there.

General headquarters for Litton's Altron division will remain in Linden, N. J. See also V. 188, p. 547.

**New York State Electric & Gas Corp.—Earnings—**  
This corporation has reported that the balance of net income applicable to the common stock was equivalent to \$1.02 per share for the three months ended June 30, 1958 and to \$3.45 per share for the 12 months ended June 30, 1958.  
Net income per share of common stock for the quarter and for the 12 months ended June 30, 1958 includes 10 cents and 35 cents respectively, as a result of reduction in Federal income taxes attributable to the use of accelerated depreciation for Federal income tax purposes.  
Pending determination by the New York P. S. Commission of the accounting to be followed with respect to the reduction in Federal income taxes resulting from the use of accelerated depreciation in computing such taxes, the company is using the amount of such reductions to further its current construction program.  
The earnings per share are calculated on the basis of the 3,337,475 shares of common stock outstanding at the end of each period.  
Net income after fixed charges and before dividends on preferred stock was \$3,810,251 for the three months ended June 30, 1958 as compared to \$2,913,316 for the three months ended June 30, 1957. Such net income for the 12 months ended June 30, 1958 was \$13,107,800 as compared to \$11,636,623 for the 12 months ended June 30, 1957.—V. 188, p. 447.

#### North American Car Corp.—To Redeem Pfd. Stock—

#### North Star Oil & Uranium Corp., Hamilton, N. Y.—SEC Defers Order That Stock Offering Be Temporarily Suspended—

In a decision announced on Aug. 8, the SEC gave this corporation 30 days within which to submit documentary evidence supporting its title to certain mining claims, failing which the Commission would order the permanent suspension of a Regulation A exemption from registration under the Securities Act of 1933 with respect to a stock offering by that company.

Pursuant to a Regulation A notification filed Oct. 23, 1953, North Star proposed the public offering of 600,000 shares of stock at 50 cents per share (of which all but 50,000 shares were sold). Part of the proceeds thereof were to be used to exercise options held by a subsidiary on 69 mining claims in Canada and to explore and develop such claims. Subsequently, a revised offering circular dated Sept. 10, 1954, was filed which stated that the subsidiary had exercised options on and acquired 39 of the mining claims located in the Lake Athabasca area of Canada, consisting of 21 claims known as the Stan claims, nine named the Eileen group and nine known as the GE group. The Commission thereafter ordered the temporary suspension of the exemption from registration, charging that the company's offering circular contained false or misleading statements regarding the ownership of certain mining claims and the work done with respect to such claims. On request of the company, a hearing was held.

According to the Commission's decision, abstracts of Saskatchewan records showed that the Stan claims had lapsed on May 9, 1954, and the Eileen claims on Sept. 7, 1954, apparently for failure to perform the required work thereon. The company, however, produced evidence showing that upon the lapse of the Stan claims it arranged and paid for the re-staking of such claims and that such claims were restaked under new names and transferred to it prior to Sept. 10, 1954. Accordingly, the Commission ruled that the evidence did not show an absence of ownership by the company on Sept. 10, 1954.

No such evidence was produced, however, with respect to the Eileen claims, and North Star did not explain its failure to produce such evidence which would normally be available to it if it had arranged for and effected re-staking of the Eileen claims. A company witness, who produced the documentary evidence with respect to the re-staking of the Stan claims, stated that subsequent to Sept. 10, 1954, he had made an investigation which satisfied him that the abstracts of title and the transfers of title, followed by the re-staking of the claims, showed that North Star or its subsidiary had good title as of Sept. 10, 1954. The evidence is not clear, however, that he meant to include more than the 21 Stan claims as to which he had produced evidence of title.

Lacking such evidence, the Commission stated, North Star had not met the burden of proof that all the claims had been reinstated or re-staked. "In the absence of such proof," the Commission said, "we must find that the revised offering circular was materially false and misleading in stating that respondent owned such claims and that the temporary suspension of the exemption should be made permanent." However, "in order to preclude the possibility of unfairness to respondent," the Commission concluded, "we shall withhold the entry of an order for a period of 30 days to afford respondent an opportunity to submit documentary evidence of re-staking of the Eileen claims similar to that presented with respect to the Stan claims. If such documents are submitted within such period, we shall enter an order vacating the suspension order, if not we shall make the suspension permanent."—V. 185, p. 2561.

#### Northern Natural Gas Co.—Partial Redemption—

The company has called for redemption on Oct. 1, next, 9,300 shares of its 5 1/2% cumulative preferred stock at \$100 per share, plus dividends of \$1.37 1/2 per share. Shares are to be drawn from stock of record Aug. 21, 1958.—V. 188, p. 352.

#### Olin Mathieson Chemical Corp.—Earnings, Etc.—

Sales and operating revenues in the United States and Canada in the second quarter of 1958 totaled \$148,006,000, an increase of 16% over sales in the first quarter of this year and a decline of 4.3% from sales of \$154,700,000 in the second quarter of 1957 according to an announcement made by Thomas S. Nichols, Chairman, and Stanley de J. Osborne, President.

Net profits were \$5,329,000, or 41 cents a share, an increase of 24% over earnings of 23 cents a share in the first quarter. Profits were reduced by \$2,620,000, or 20 cents a share, by costs incurred for new operations in aluminum, high energy fuels and solid propellants and by idle plant costs of the Morgantown, W. Va., nitrogen plant. Second quarter profits in 1957 were \$9,705,000, or 73 cents a share.

The report to shareholders noted that "the established operations of the company experienced only a moderate reduction in sales, while profits before start-up losses held up better than expected, considering the effects of the recession on heavy industry generally."

In the first six months of 1958, sales totaled \$275,631,000, a decline of 5.3% from sales of \$291,044,000 in the first half of 1957. Net profits for the first half of this year were \$9,801,000, or 74 cents a share, after absorbing \$4,479,000, or 34 cents a share, of start-up losses and idle plant costs. Profits in the first half of 1957 were \$19,715,000, or \$1.48 a share.

The directors on Aug. 8 declared a quarterly dividend of 25 cents per share for the third quarter, payable Sept. 10 to stockholders of record Aug. 13.

The action was taken to conserve cash during completion of the corporation's expansion program. Mr. Nichols and Mr. Osborne explained that "every means is being employed to control the outflow of cash until all new plants are in production on a profitable basis, until the present dip in the economy ceases to affect earnings of the established operations and until capital expenditures are more nearly provided by funds created by depreciation."

The report noted that a whole new aluminum business in which more than \$550,000,000 is being invested by Olin Mathieson and its associates here and abroad is being established. Rapid progress was made during the second quarter toward bringing the new domestic aluminum plants into production. "Quality, quantity and efficiency all exceeded specifications," the report stated, "and we feel certain that full production will be achieved successfully by December, 1958."—V. 188, p. 588.

#### Peerless Insurance Co., Keene, N. H.—Reports Loss—

Preliminary and unaudited figures indicate an operating loss for the first six months of 1958 of \$439,593, according to Dudley W. Orr, President. Earned premiums for the first six months of 1958 were \$7,855,540 against \$6,839,625 for the corresponding period of one year ago. Against this figure the company had incurred losses of \$4,250,433 with loss expenses incurred for the six months of \$722,523. The company's surplus at June 30, 1958, was \$9,059,751.

The company further announced that rate increase, acquisition cost reductions as well as reductions in controllable expenses should produce more favorable results for the balance of the year assuming that loss ratios for the year are similar to what they were for the first six months of the year.—V. 186, p. 2373.

#### Pioneer Natural Gas Co.—Plans Expansion—

This company on Aug. 11 announced plans for the construction of 62 miles of high-pressure 10-inch natural gas transmission line, 20 miles of smaller-size gathering lines and a 4,000 h.p. compressor station at a total cost of \$4,500,000. Construction will begin immediately, said C. I. Wall, President.

This line will be constructed from near Pampa in Gray County, Texas, to connect with the company's main transmission system near Canyon in Randall County, Texas.

Mr. Wall, in outlining the project, said: "The new line will add more than 25,000,000 cubic feet-per-day of new gas supply to the present transmission system and will also connect the cities of Pampa and Panhandle, Texas to Pioneer's main transmission system. In addition to Pampa and Panhandle, the new line will add to the supply of natural gas for Amarillo and the entire West Texas area served by Pioneer. The addition of this new source of natural gas is in keeping with Pioneer's long-range planning to provide adequate supply of natural gas for its service area through either company-owned reserves or reserves controlled through long-term purchase contracts."

"While the immediate project provides an additional 25,000,000 cubic feet-per-day, the company's long-range planning anticipates increasing the capacity of this particular project to more than 50 million cubic feet-per-day and the ultimate construction of a processing plant."—V. 187, p. 990.

#### Polymer Corp.—Reports for First Half of 1958—

Louis L. Stott, President, on Aug. 12 announced that consolidated sales in the first half of the year 1958 aggregated \$2,086,178, compared with \$2,751,734 for the like period of 1957, a decline of about 24%. He reported: "This substantial decrease in sales, in combination with major expenses incurred in our 'Whirlwind' coating process development program, plus the costs of starting up new plants in England and in California, resulted in a drop of net profits after taxes to \$11,339 for the first six months this year, compared to \$299,494 in the first half of 1957."

From the standpoint of shipments and orders received, the low point was reached in February. Since that time, however, Mr. Stott said, there has been a gradual upward trend in monthly sales, and the volume of incoming orders, particularly in recent weeks, reflects an improved situation. And in spite of the vacation period, it now appears that orders from customers in August will exceed, by a fair margin, the value of business received in the same month a year ago.

Mr. Stott reported that at June 30, 1958, the company's working capital totaled \$1,661,989, just about double the figure a year ago and only slightly below the peak of \$1,793,377 at the end of 1957.—V. 187, p. 1546.

#### Ponce de Leon Trotting Association, Inc., Bayard, Fla.—Registers Proposed Stock Offering With SEC—

This corporation filed a registration statement with the SEC on Aug. 7, 1958, covering 400,000 shares of its 1 cent par common stock. The stock is to be offered for public sale at \$1.50 per share on a "best efforts" basis by Robert L. Ferman Co. Inc., of Miami, for which it will receive a selling commission of 2 1/2% cents per share plus an additional 7 1/2% cents per share for expenses.

The company was organized under Florida law on May 19, 1958. On June 3, 1958, it acquired all the assets and assumed the liabilities of Ponce de Leon Race Way, Inc., which operated a racetrack midway between Jacksonville and St. Augustine. In consideration of such acquisition, the company issued 1,050,000 shares of its common stock and assumed the predecessor's liabilities aggregating \$236,800. Prior thereto, the company had entered into an agreement with Leo Blank, its President, under which it issued to him 850,000 common shares in consideration of his loaning to the company \$100,000 without interest. The sum of \$100,000 is repayable to Blank only in the event that there is raised from this stock offering more than \$350,000 after payment of all expenses and commissions. The company has a right, exercisable after Jan. 21, 1959, to repurchase for \$12-3/7ths shares of the 850,000 shares issued to Mr. Blank for each dollar less than \$350,000 net after expenses and commissions obtained from this offering.

Net proceeds of the stock offering are to be used as follows: \$75,000 for payment of current liabilities; \$75,000 for new construction; and \$325,000 for working capital.

### Profile Mines, Inc., Boise, Ida.—Stock Offering Permanently Suspended by SEC—

In a decision announced on Aug. 11, the Securities and Exchange Commission ordered the permanent suspension of a Regulation A exemption from registration under the Securities Act of 1933 with respect to a stock offering by this company for violation of the anti-fraud and other provisions of the Federal Securities Laws.

The violations included material misrepresentations with respect to the speculative nature of the Profile Mines stock, the company's prospectus, and the status of its property.

Profile Mines was organized by William Schierding, its President. Its properties consist of three groups of mining claims located in Idaho. Under its Regulation A notification, filed in January 1957, the company proposed the public offering of 2,000,000 common shares at 70¢ per share.

In a letter mailed to some seven or eight thousand prospective investors in June, 1957, describing the offering and inviting requests for the offering circular, Profile Mines stated: "Here is the Opportunity for Money to Make Money. Thousands of cautious investors are doing it successfully year after year." And further on, "Do not compare this with playing-the-stock market, which is pure gambling and has nothing, whatsoever, to do with this Enterprise." The letter describes the company's properties as "already explored and partly developed by 3,000 ft. of tunnels, crosscuts, drifts, raises, shafts, etc., which have proven the presence of Gold, Silver, Tungsten, Lead and various other minerals, some of high grade quality." It also declares that the properties "are located in one of Idaho's foremost and extensive mineral belts, with enormous productive possibilities."

These representations, the Commission ruled, were materially misleading. In fact, according to the decision, "as Mr. Schierding admitted," all the properties are in the exploratory stage, and represent only prospects. No ore of commercial value has been disclosed and there are no reports by a qualified mining engineer or geologist to indicate that Profile Mines' properties have any productive possibilities.

The Commission also ruled (1) that Profile Mines violated the provisions of Regulation A by distributing this letter without its prior filing with the Commission and without accompanying or preceding it by an offering circular and (2) that statements in its offering circular concerning Schierding's knowledge and experience in the mining business and disclaiming his control of the company were misleading. —V. 186, p. 733.

### Public Service Electric & Gas Co.—Bids Aug. 20—

Bids for the purchase as a whole of an issue of \$60,000,000 first and refunding mortgage bonds due 1988 will be received by the company at 80 Park Place, Newark 1, N. J., up to 11 a.m. (EDT) on Aug. 20. See also V. 188, p. 448.

### Reynolds Metals Co.—Expands on West Coast—

A major expansion and diversification of this company's West Coast production facilities for aluminum foil packaging was announced on Aug. 11.

With the completion of expansion programs at two California locations, Reynolds by the year-end will be manufacturing aluminum foil containers and foil-laminated cartons on the West Coast for the first time, according to Paul Murphy, Vice-President of Reynolds Aluminum Sales Co.

At a new foil plant now nearing completion at Torrance, Calif., Mr. Murphy disclosed, Reynolds will manufacture round and rectangular "cook-in" pans for pies, frozen foods, prepared cake mixes and other food products.

Four container presses now being installed will turn out approximately 100,000 aluminum foil containers per shift.

The Reynolds expansion program at Torrance also includes installation of a new high-speed laminator especially designed to laminate foil to board stock in order to service West Coast folding box manufacturers, as well as a five-color flexographic press for production of aluminum foil gift wrap and other specialized packaging materials.

At the same time, Reynolds is installing a new 8-color Champlain press at its Vernon, Calif., foil printing facility, together with complete carton-making and laminating equipment, Mr. Murphy said. —V. 188, p. 589.

### Robertshaw-Fulton Controls Co.—New Plant—

This company will build a \$2,500,000 plant for production of thermostat control devices for home appliances and industry near Youngwood, Pa.

T. T. Arden, President, said the new plant will replace present manufacturing facilities operated at Youngwood and at nearby Scottsdale by the firm's Robertshaw Thermostat Division. The company has a foundry at Scottsdale and manufactures the control devices here.

Principal reasons for the building program, Mr. Arden said, are to provide room for expansion of the facilities and to incorporate more efficient manufacturing techniques. He said that there is no room for expansion at the plant in Youngwood.

### Arco Division Starts Manufacturing Electrical Relays

This company has entered into the manufacture of electrical relays, it was announced on Aug. 12 by A. D. Uetlich, General Manager of the Arco Division.

Arco Division, Columbus, Ohio, will handle the manufacture and sales of the company's new line of relays, which are vital components in the remote control of electrical circuits.

Marking the expansion into a new field, the company is offering two new relay developments. The two relays are believed suitable for a large percentage of all non-military applications, Mr. Uetlich said.

"They also are lower in price and smaller in size than relays we've been able to locate and test," he added. —V. 188, p. 589.

### Ronson Corp., Newark, N. J.—Files With SEC—

The corporation on Aug. 1 filed a letter of notification with the SEC covering 25,000 shares of common stock (par \$1) to be offered to the wholesale district of Ronson Electric Shavers and direct retail accounts of the company at \$8 per share. There will be no underwriting. The proceeds are to be used for working capital. —V. 188, p. 249.

### Sabre-Pinon Corp.—Mill Goes on Stream—

The Homestake-Sapin 1,500-ton-per-day uranium processing mill at Grants, N. M., produced its first uranium concentrate on Aug. 1. After a brief break-in period and minor alterations, the mill placed one 750-ton-per-day unit in continuous operation on Aug. 8.

Homestake-Sapin Partners is a limited partnership with the Homestake Mining Co. and the Sabre-Pinon Corp. Homestake Mining Co. is the general partner with a 25% interest, and Sabre-Pinon the limited partner with a 75% interest. Ore for the new mill is being supplied from the partnership's properties in the rich Ambrosia Lake area.

Mining developments on these properties during recent months indicate that previous estimated production will be substantially increased.

Richard D. Bokum II, President of Sabre-Pinon, recently authorized the release of custom ore purchases for the new mill.

Mr. Bokum said, "In view of the increased tonnage of its own ores now available, Sabre-Pinon Corp. considers that the purchase of custom ore is not necessary for the operation of the Homestake-Sapin Partners mill." —V. 187, p. 2119.

### St. Regis Paper Co.—Makes Exchange Offer—

This company on Aug. 11 announced that it is making an offer of exchange to the stockholders of Growers Container Corp. in which St. Regis holds an interest of approximately 31%. The basis of the offer of exchange is one share of St. Regis common stock for each 18 shares of Growers' outstanding capital stock.

The offer will be declared effective if 64% of the outstanding shares of Growers' capital stock is deposited for exchange, resulting in St. Regis holding 95% of the stock. However, should St. Regis elect to do so, it could declare the offer effective if a lesser per cent but not less than 49% is so deposited, resulting in St. Regis holding approximately 80% of these shares. The offer of exchange will expire Aug. 30, 1958 at 3 p.m. (EDT).

If the offer of exchange is declared effective, Growers business will be conducted as a division of St. Regis, designed as Growers Container Co.

Growers Container manufactures corrugated shipping containers for fresh fruits, vegetables, beverages, canned goods, frozen foods, and industrial commodities. Its three plants are located at Salinas and Fullerton, Calif., and Jacksonville, Fla. The area served includes California, Oregon, Washington, Idaho, Nevada, Arizona, and the Gulf Coast and southeastern states. St. Regis supplies the linerboard for Growers Jacksonville plant from its adjoining kraft pulp, paper and board mill. Growers had sales of \$12,226,553 in 1957.

St. Regis Paper Company manufactures lumber and plywood; kraft pulp, paper and board; printing, publication and converting papers; glassine and greaseproof papers; bread wrappers and waxed paper products; corrugated, folding and set-up boxes; multi-wall bags; packaging machinery; and plastics. —V. 188, p. 250.

### Schenley Industries, Inc.—Sale of Blatz Investment—

Lewis S. Rosenthal, Chairman and President, on Aug. 5 said in part: "On July 30, 1958 our subsidiary, the Blatz Brewing Co., sold its assets to the Pabst Brewing Co."

"Blatz had a single brewery and to assure its continued growth would have called for considerable expenditures in fixed assets and the construction or purchase of regional plants. At the same time Schenley has an expanded program in the international and domestic fields. Pabst has breweries in several distributing areas."

"The sale price (in addition to the assumption by Pabst of liabilities) was over \$11,000,000 in cash, plus \$3,500,000 in Pabst 5% serial debentures payable at the rate of \$500,000 per annum, beginning Aug. 1, 1959, with 6-year detachable purchase warrants for 350,000 shares of Pabst common stock. These permit the purchase of shares at \$10 for the first five years and \$12.50 for the next three years. We also received 200,000 shares of Pabst common stock."

"Pabst has an authorized issue of 6,000,000 shares of common stock, of which there were outstanding 4,152,412 shares (including 40,035 shares held in Pabst treasury) not including the shares involved in this transaction."

"Frank Berbest, former Chairman of the Board of our Blatz company, becomes President of the newly formed Pabst subsidiary, Blatz Brewing Co. of Delaware, and James C. Windham, formerly President of Blatz becomes President of Pabst Brewing Co." —V. 188, p. 589.

### Seaboard Finance Co.—Notes Placed Privately—This

company, it was announced on Aug. 11, in July arranged to place privately, through The First Boston Corp., an issue of \$10,000,000 5% subordinated notes due July 1, 1978, with the following institutional investors: New York Life Insurance Co., \$5,500,000; Mutual Life Insurance Co. of New York, \$2,000,000; John Hancock Mutual Life Insurance Co., \$1,000,000; New England Mutual Life Insurance Co., \$1,000,000; and National Life Insurance Co. of Vermont, \$500,000.

The proceeds are to be used to retire short-term bank debt and to provide for expanded loan volume. The new funds will serve as a basis for additional senior financing and thus provide for a further expansion of receivables.

### Stock Offered to Employees—

It was also announced on Aug. 11 that the company has offered its employees, other than higher paid executives, 50,000 shares of treasury common stock (par \$1) at \$18.90 per share. The proceeds are to be used to increase working capital. —V. 188, p. 151.

### Sears, Roebuck & Co.—July Sales Up—

Per. End. July 31—	1958—Month—1957	1958—6 Mos.—1957
Sales	\$315,358,365	\$308,537,642

—V. 188, p. 590.

### Selected American Shares, Inc.—Assets Higher—

On Aug. 8, 1958, the total net assets of the corporation exceeded \$75,000,000, for the first time since inception of the fund in 1933, according to Edward P. Rubin, President.

Total net assets of \$75,314,398 and 8,640,561 shares outstanding on Aug. 8, compare with \$59,805,980 assets and 8,001,847 shares outstanding as of Dec. 31, 1957.

This growth in total assets came from expanded sale of the fund's shares, as well as the rise in value of the portfolio holdings. The per share net asset value was \$8.71 on Aug. 8, contrasted with \$7.47 at the year end. In addition to this increase in asset value, a capital gain distribution of 26 cents was paid in January. —V. 187, p. 2338.

### Servair, Inc., Shaker Heights, Ohio—Files With SEC—

The corporation on Aug. 1 filed a letter of notification with the SEC covering 2,800 shares of 6% cumulative preferred stock (par \$100) and 2,800 shares of class B common stock (no par) to be offered in units consisting of one share of each class of stock at \$101 per unit. No underwriting is involved. The proceeds are to be used for initial costs of operation, acquisition of equipment and working capital.

### Servomechanisms, Inc.—New Product Announced—

A new Barometric Altitude Controller, designated SMI Type BAC 501-2, has been designed by this corporation. This precision instrument, which is sensitive to minute variations in static pressure, maintains an aircraft at a constant barometric altitude. The controller operates in the range of from minus 1,000 feet to plus 60,000 feet. —V. 187, p. 2338.

### (W. A.) Sheaffer Pen Co.—Foreign Sales Inc. 5%—

International sales of this company for the fiscal year ended Feb. 28, 1958, were 5% greater than in the preceding year. It was announced on Aug. 8 by John D. Sheaffer, Vice-President for international operations.

All phases of the company's foreign business showed greater activity than in the preceding year, Mr. Sheaffer said. Greatest sales increase was shown by the W. A. Sheaffer Pen Co. of Australia Ltd. Total sales of the Australian subsidiary were up 49%.

Sheaffer supplies the European market through exports from its United States plants in Iowa, exports from the Canadian subsidiary in Goderich, Ontario; a large English sales subsidiary and through a

Dutch operation in Utrecht. The last produces primarily for the West European market. The Dutch plant, Jade-Drake Writing Materials N. V., operates under a licensing agreement. —V. 187, p. 2845.

### Shetland Co., Inc., Lynn, Mass.—New Product—

The company on Aug. 7 announced that it is now introducing in stores across the country its new Floorsmith, a floor polisher that automatically dispenses scrubbing water, wax and rug shampoo. It is said to be the first such machine made in the United States.

### Standard Coil Products Co., Inc.—Reports Profit—

This corporation on Aug. 5 reported that both sales and net earnings in the second quarter of 1958 were up sharply from the June quarter of 1957.

James O. Burke, President, said that sales in the latest quarter were \$16,347,671 as compared with sales of \$13,427,473 in the comparable quarter last year. Latest net earnings totaled \$291,352, he said, compared with a loss of \$38,556 in the second quarter last year.

Mr. Burke said that backlogs in both the television tuner and defense segments of the company's business were at new highs. He added that operations for the full year 1958 are expected to be substantially better than in 1957.

Mr. Burke, while noting that the improved second quarter operations more than overcame a deficit which the company sustained as a result of a strike at a major subsidiary in January and February of this year, pointed out that the improvement in tuner business was in the face of continued depressed conditions generally in the television industry. —V. 187, p. 2845.

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results for the week previous—the week ended Aug. 9. For that week there was an increase of 14.5%, the aggregate of clearings for the whole country having amounted to \$22,178,082,276 against \$19,375,927,734 in the same week in 1957. Outside of this city there was an increase of 2.8%, the bank clearings at this center having registered a gain of 27.7%. We group the cities

#### Tax Exempt Bond Fund, Inc.—Offer Soon Expected—

Newton I. Steers, President, stated on Aug. 13 that passage by the United States Senate on Aug. 12 of the Technical Amendment Act of 1958 permits the Tax Exempt Bond Fund to proceed with plans for offering its shares as soon as the legislation finally becomes effective. Passage of the bill is estimated for the first part of this week. One of the provisions of the bill would permit an investment company whose assets are almost exclusively in tax-exempt securities to pass along to shareholders the tax-exemption of municipal bonds.

The Tax Exempt Bond Fund, Inc. plans a public offering of 500,000 shares of capital stock at \$25 a share. The underwriting group organized to sell the shares of the new open-end tax-exempt bond fund will be managed by Equitable Securities Corp.—V. 188, p. 2093.

#### United Artists Corp.—To Make New Offer for A. A. P. Stock—Suits Dropped—

It was announced on Aug. 11 that all law suits arising out of the dispute among National Telefilm Associates, Inc., United Artists Corp. and Louis Chesler and Maxwell Goldhar have been discontinued and the controversy amicably adjusted.

National Telefilm Associates, Inc. has sold its contract for the purchase of \$20,000 shares of A.A.P. stock for \$2,000,000.

It was also announced by United Artists that the purchase price of the company with 12 former stockholders of A.A.P. from whom it purchased 700,000 shares of A.A.P. stock has been modified so as to provide for a flat payment of \$11 in cash per share instead of \$6 in cash and \$5 debentures per share.

It was also announced by United Artists that as a result of negotiations with other substantial stockholders of A.A.P. it is now contemplated that a new offer will be made to all A.A.P. stockholders of a flat sum of \$11 in cash per share in substitution for the previously contemplated plan to offer \$6 in cash and a five-year \$6 debenture.—V. 186, p. 393.

#### United-Greenfield Corp.—Sales and Earnings Off—

Sales of \$18,840,100 and net income of \$712,100 after taxes were reported by this corporation and consolidated subsidiary companies for the six months ended June 30, 1958.

Konstantin Kronwall, President, and Donald G. Millar, Chairman of the Executive Committee, said these operating statistics are on a pro forma basis which gives effect to the Feb. 14, 1958 merger of United Drill & Tool Corp. and Greenfield Tap & Die Corp.

These latest earnings, after preferred dividends, are equal to 38 cents per share on 1,602,471 shares of common stock outstanding. #### United States Rubber Co.—New Italian Affiliate—

This company and the Rumianca Co. of Turin, one of Italy's largest chemical firms, announced on Aug. 12 that they would jointly form a new company in Italy to manufacture and sell a line of chemical products developed and manufactured by the rubber company's Naugatuck Chemical division.

The new company, to be called Naugatuck-Rumianca, S.p.A., will have its headquarters in Turin and its manufacturing plant in Borgaro Torinese, a suburb of Turin. Among the products it will make and sell are accelerators and antioxidants for the rubber industry, a group of agricultural chemicals and a series of chemical specialties.

The products, patented by Naugatuck Chemical, will be made and sold on an exclusive basis in Italy, and sold on a nonexclusive basis in several other countries.

Until the new firm's manufacturing plant is erected, Naugatuck-Rumianca plans to import and sell in Italy all of Naugatuck Chemical products. The rubber company's chemical division, which operates seven plants in the United States, is the country's largest producer of rubber chemicals. Among its other products are plastic materials, agricultural chemicals and synthetic rubber.

Rumianca has been a chemical producer for more than 40 years. Its products include heavy chemicals, industrial chemicals and fertilizers. The products to be made and sold by the new firm will supplement Rumianca's present line, and enable it to provide a full selection of chemicals for Italy's growing rubber industry and also chemicals for Italy's agriculture.

Ownership of the new firm will be jointly divided between Rumianca and U. S. Rubber.—V. 188, p. 590.

#### U. S. Vitamin Corp.—Sales 5½% Higher—

Record six months net sales of \$6,917,480 were reported by this corporation for the period ended May 31, 1958, according to an announcement by H. Boris Burns, President. The 1958 net sales represented an increase of 5½% over the \$6,556,530 in the corresponding period of 1957.

Net income after taxes for the May 31, half year, totaled \$823,128 which was equal to 87 cents a common share based on the 951,455 shares outstanding at that time and compared with net income after taxes in the 1957 fiscal period of \$822,289 or 87 cents a common share based on the 948,955 shares outstanding on March 31, 1957.—V. 187, p. 1033.

#### Utah Power & Light Co.—Bond Offering Postponed—Redemption of 5¼% First Mortgage Bonds Deferred—

Due to adverse conditions in the bond market, the company has deferred its refunding plans and did not deposit funds for redemption of the outstanding 5¼% first mortgage bonds due 1987 on Aug. 15, 1958 with the Guaranty Trust Co. of New York, corporate trustee, and previous notice of intention to redeem said bonds will be of no effect. They will continue to bear interest on and after Aug. 15, 1958 in accordance with their terms.

As a result of the company's decision to put off a \$20,000,000 offering of new first mortgage bonds, Sept. 9 has been selected as the new sale date for this issue, which originally had been scheduled for Aug. 11.—V. 188, p. 489.

This corporation has acquired the assets of Tuttle Silver Co., Inc., of North Attleboro, Mass., it was announced on Aug. 11 by H. S. Eione, Jr., President of Wallace Silversmiths and Mrs. Arthur F. Smith, President of Tuttle Silver Co.

Tuttle Sterling will henceforth be manufactured in Wallingford, Conn., in the Tuttle Division of Wallace Silversmiths.

For more than 50 years Tuttle Silversmiths have produced exceptionally fine sterling silver products.

#### Warner Bros. Pictures, Inc. — Unit to Enter Record Market on Sept. 4—

Warner Bros. Records, Inc., formed six months ago as a wholly-owned subsidiary of Warner Bros. Pictures, has completed the organization of its entire sales and distribution network in the United States, Canada and Hawaii and will enter the record market with 12 new albums on Sept. 4. It is announced by James B. Conkling, President.

The initial releases, of which the titles will be announced shortly, will be produced stereophonically and minirally.

The new company will maintain its own branch sales offices in New York, Chicago and Los Angeles. Regional warehouses in the same three areas already have been opened to provide services to distributors in the east, midwest and west, respectively.

Distribution companies have been appointed by Hal B. Cook, Vice-President and Director of Sales, to handle Warner Bros. Records in 33 other key markets.—V. 188, p. 92.

#### Ward Industries Corp.—Acquisitions Announced—

This corporation will acquire from Isbrandtsen Co., Inc., all outstanding stock of the three Amerind Corporations, which act as freight or berth agents for several foreign ships and shipping lines, it was announced on Aug. 8 by R. Weininger, Chairman, and T. J. Stevenson, Jr., President, in a letter to Ward's stockholders. Ward will pay Isbrandtsen \$750,000 at the time of closing plus additional amounts over a five year period based on earnings of the Amerind Corporations, the total payments not to exceed \$2,000,000.

It was stated also that Ward's board of directors has approved a plan of reorganization under which a holding company will take over Ward's shareholdings in two Dominican Republic subsidiaries, and the holding company shares will in turn be distributed to Ward's common stockholders of record Sept. 10, 1958, on a pro rata basis.

It was also announced that the Weininger and Stevenson families, the principal stockholders of Ward, have agreed with Jakob Isbrandtsen, who, with his family, owns all the common stock of the Isbrandtsen company, to sell the bulk of their Ward holdings to a corporation in which Mr. Isbrandtsen and his associates own a substantial interest.

The letter reports Ward's operating results in the second quarter of 1958 improved over those of the first quarter and over those of the June quarter of 1957.

In the three months ended June 30, 1958, net income was \$34,450. This compares with a net loss of \$223,047 in the preceding quarter and with a net loss of \$48,765 in the three months ended June 30, 1957.

Sales for the second 1958 quarter were \$3,482,289, against \$3,371,414 in the first quarter this year and \$5,349,593 in the second quarter of 1957.

For the first six months this year, Ward sustained a net loss of \$188,597 on sales of \$6,853,703. Net income of \$248,819, or 20 cents a share, was earned on sales of \$10,841,933 in the like period last year.—V. 187, p. 2496.

Sales for the fiscal year ended June 28, 1958 were \$588,587,014, compared with \$513,549,316 for the previous year. The company has set a goal for the current fiscal year of \$650,000,000 plus.

Management estimates that net earnings for the fiscal year ended June 28, 1958 will amount to approximately \$1.93 per common share which would compare with \$1.71 per share for the previous fiscal year.

At the fiscal year the company had 473 retail units in operation. During the year 32 newly constructed supermarkets were opened, six existing stores in new trade areas were acquired, and 27 obsolete stores were closed.—V. 188, p. 489.

#### (Alan) Wood Steel Co.—Sells Certain Facilities—

This company on Aug. 8 announced that it has sold its cut steel nail-making facilities at Conshohocken, Pa., to Wheeling Steel Co. for an undisclosed sum. Alan Wood will discontinue shipments of cut nails on Oct. 21, 1958, and orders will be accepted only until Oct. 5, 1958.

Harleston R. Wood, President, said that the sale is in line with the company's policy of concentrating its efforts on products which are more closely allied to its long-range program of expansion and diversification. He pointed out that cut nail production has been insignificant in comparison to the company's overall operation.—V. 187, p. 1229.

#### Los Angeles, Calif.

**Dynamic Growth Pattern Envisaged**—Continued population increases and higher personal incomes are among the highlights of an optimistic forecast for the future of the Los Angeles metropolitan area released July 9, by Union Bank.

The study which was prepared by Dr. Robert R. Dockson, professor in the school of commerce at University of Southern California and Union Bank consulting economist, looks ahead through 1975.

Following are excerpts from the study:

#### Population Trends

(1) One of the major reasons why markets have mushroomed in the Los Angeles Area has been the rapid increase in population.

(2) It is expected the Los Angeles Area will have a population approximating 7,700,000 by 1965, 8,700,000 by 1970, and 10,300,000 by 1975.

(3) For the most part, (approx. 85%) the population explosion in the Los Angeles Metropolitan Area has been due to in-migration rather than to an increase in births.

(4) In-migration is expected to continue in large numbers and a large number of the in-migrants will be in the child-bearing age bracket between 20 and 35 years.

(5) The sections in the Metropolitan Area with the greatest amount of undeveloped land (such as East San Gabriel Valley, North Los Angeles County, West San Fernando Valley and Orange County) will absorb a large part of the new in-migrants.

#### Employment

(1) Those who endeavor to challenge the economic stability of the Los Angeles Metropolitan

Area often base their contentions upon an alleged imbalance in the area's economy.

(2) The distribution of the Los Angeles Metropolitan Area's non-agricultural employment compares favorably with the distribution of such employment in the entire United States.

(3) The Los Angeles Metropolitan Area has a smaller share of it wage and salary workers employed by all levels of government than does the United States as a whole. On the other hand, it has a larger share of the non-agricultural employment in the manufacturing and service industries than does the entire country. The differences in the distribution of employment are minor and have little economic significance, and therefore tend to discredit the statement that the Los Angeles economy is out of balance as compared to the nation, as a whole. When compared with non-agricultural employment found in other metropolitan areas, a more meaningful comparison, the Los Angeles Area appears to fit the pattern of the entire country as well, if not better, than many of the other centers.

(4) If and when the day arrives that international tensions have been eased to the extent that defense expenditures can be drastically reduced, the problem of maintaining full employment in the absence of such expenditures will be a problem of the nation as a whole, not of the Los Angeles Metropolitan Area alone.

#### Personal Income

(1) Since 1950, personal income in the Los Angeles Area expanded at the rate of approximately 2% for each 1% change in Gross National Product.

(2) For the entire period from 1935 through 1957, personal income in the Los Angeles Area increased, on the average, 1.6% for every 1% change in the national output.

(3) It can be expected that business activity in the metropolitan area will be accelerated at a faster rate than G.N.P. during periods of an upturn in the national economy and it will decline more slowly than G.N.P. when the national economy is experiencing a downturn.

(4) Total personal income in the Los Angeles Metropolitan Area is likely to increase from approximately 120% to 148% over the next 17 years.

(5) A rise in income of the magnitude projected will mean more money available for spending and, thus, increased sales of durables, non-durables and services in the Metropolitan Area. Average personal income in the Los Angeles Area can be expected to increase from the 1957 level of approximately \$2,500 before taxes to a range of \$3,300 to \$3,800 by 1975.

(6) Homes, appliances, swimming pools, recreational facilities and new automobiles will enjoy even more of the mass market by 1975. In addition, this increased income will mean opportunities to sell on a large scale new products that are still in the research and development stage.

#### New Businesses

The type of growth described in this report is filled with promise and opportunity beyond the imagination of most of us. Although no one can foresee all the different types of new tech-

nological advances and new products that will reach the marketable stage prior to 1975, it is relatively certain that many innovations will be forthcoming. The fruits of the billions of dollars that have been invested in research and development work over the past 10 years will take the shape of new producer and consumer products. If these are to come into general use, new businesses will have to be developed and many new jobs filled. For spending to keep pace with the higher levels of income, it can be expected that billions of additional dollars will go for products and services currently unknown to the average consumer.

#### Use of Automobiles

While it is not expected that the per capita use of automobiles in the Los Angeles Area will greatly increase, it is estimated that the total number of cars using the streets by 1975 will be around 4,800,000 compared to an estimated 2,800,000 in 1957, an increase of 71%.

#### General Observations

(1) The projections presented in this report might appear unduly optimistic but yet they are, when compared to past performance, deliberately conservative.

(2) The future of the Los Angeles Metropolitan Area offers all kinds of business opportunities to those who are alert to take advantage of change and those who are sufficiently bold to develop and market new ways of doing things as well as new and improved products and services for consumers and businesses.

(3) In the author's opinion, the Los Angeles Area is well on its way to becoming the number one metropolis of the world. Whether this is accomplished in this century or the next will depend upon the accumulated contributions of each generation.

**Note Sale**—Comptroller Lawrence E. Gerosa has awarded \$45,000,000 of tax anticipation notes to 20 banks and trust companies participating as members of The City of New York short-term financing group. The awards consisted of an authorized issue of \$35,000,000 dated Aug. 12, 1958, payable Nov. 5, 1958, subject to redemption on or after Oct. 27, 1958; and an authorized issue of \$10,000,000 to be dated Aug. 20, 1958, payable Nov. 5, 1958, subject to redemption on or after Oct. 27, 1958. The notes bear interest at the rate of 1½% per annum and are subject to redemption at the option of the Comptroller upon notice given five days prior to such redemption date.

The participating banks and the Notes allotted are: The Chase Manhattan Bank \$9,869,000; The First National City Bank of New York \$9,463,000; Chemical Bank \$4,104,000; Manufacturers Trust Co. \$4,086,000; Guaranty Trust Co. of New York \$3,794,000; Bankers Trust Co. \$3,735,000; Irving Trust Co. \$2,430,000; The Hanover Bank \$2,299,000; J. P. Morgan & Co. Inc. \$1,264,000;

The New York Trust Co. \$1,116,000; The Marine Midland Trust Co. of New York \$769,000; The Bank of New York \$729,000; Grace National Bank of New York \$261,000; Empire Trust Co. \$238,000; United States Trust Co. of New York \$216,000; Sterling National Bank & Trust Co. of New York \$176,000; Federation Bank and Trust Co. \$176,000; The Amalgamated Bank of New York \$117,000; Kings County Trust Co., Brooklyn, N. Y. \$104,000; Underwriters Trust Co. \$54,000.

**New York City, N. Y.**

**Comptroller Warns on Debt Financing**—Comptroller Lawrence E. Gerosa on Aug. 14 reported the city's gross funded debt at \$4,033,320,000, an increase of \$263,543,000 over the last fiscal year. Commenting on the rise, Gerosa said, "This amplifies my repeated warnings on the necessity to curb capital spending."

The report showed that while the Comptroller had succeeded in redeeming almost \$245 million of old obligations, the city had taken on over \$503 million in new debt. Gerosa again urged the Board of Estimate to follow his recommendations of keeping authorizations for capital needs within \$250 million per year until both the expenditures and the redemption of debt are brought into balance.

The statement was made in the chief fiscal officer's mid-August report to the Board of Estimate, the City Council, the City Planning Commission and the Director of the Budget in which the Comptroller is required by the City Charter to comment in detail upon the city's financial condition and to advise as to the maximum amount and nature of debt which the city may soundly incur for capital projects during each of the six succeeding calendar years.

Comparing 1957 and 1958 capital budgets, Gerosa pointed out that estimated costs of certain unfinished projects had risen substantially over the estimates of the same projects made a year earlier and declared, "If projects already started are going to use up available funds in this way, we may soon reach a point where there will be no funds available for new projects."

Special emphasis was put on school construction expenditures which since 1954-1955 have risen 71% compared to 37% for all capital and assessable improvements.

Said Gerosa: "While I feel strongly that all school children should have first-class accommodations, the accelerated building program instituted by the Board of Education has proven costly to the city. Conformed drawings have been required to be issued subsequent to the awarding of contracts and change orders running into the hundreds have been issued in some schools. This has necessitated the hiring of private consulting engineers to process these change orders before permitting payment to the contractors. A thorough study of the education building program may show that slower, less costly construction may be made within the funds available, making the proposed \$500,000,000 of exempt funds unnecessary."

The Comptroller's report indicated the city's credit is good as evidenced by the rate of interest obtained on municipal borrowings but it was pointed out that excellent credit does not mean unlimited wealth. Gerosa compared the city with many families "who must do without the latest styles and the newest gadgets to live within their income. New York City is a collection of such families," Gerosa said.

An over-all projection of amounts available from now through the next six years was estimated by Gerosa at more than \$2,600,000,000 for all capital and assessable improvements. "Surely this sum should be sufficient to meet our needs and maintain our vital and dynamic city," the Comptroller said.

**New York State Power Authority (P. O. New York City), N. Y.**

**\$700,000,000 Niagara Power Project Authorized**—Chairman Robert Moses announced Aug. 7 that the Authority has obtained the necessary consents from two-thirds of its bondholders to proceed with the permanent financing of the Niagara Power Project. The Authority received a license from the

Federal Power Commission after years of legislative controversy and litigation on Jan. 30, 1958 and immediately arranged a temporary loan from commercial banks of \$100,000,000 to get construction under way.

The estimated cost of the Niagara Project, which includes a high tension transmission connection, land acquisition, related improvements, interest during construction and all other costs is approximately \$700,000,000. The Authority's consulting engineers have certified that in order to obtain maximum firm power potential it will be advantageous to have the St. Lawrence and Niagara Power Plants interconnected by a transmission tie line so that power can be interchanged between the two plants and their operations completely integrated.

The Authority will not market the entire \$700,000,000 bond issue at one time, but series of bonds will be issued from time to time in lesser amounts. The first series will be marketed in the near future as market conditions permit.

The Power Authority is now producing power at St. Lawrence and about 50,000,000 kw hours of secondary energy were delivered to Niagara Mohawk during the month of July. Beginning on Aug. 15, 1958, firm power will be delivered to Niagara Mohawk and on Sept. 1, firm power will be delivered to Alcoa and to the State of Vermont.

The St. Lawrence Project is ahead of schedule and we have every assurance that it will be completed within the \$335,000,000 original bond issue. Large claims including the claim for excavation of glacial till by most of the large contractors on the project and the claim by Niagara Mohawk for land rights have been settled by the Authority. The Niagara Mohawk settlement was for \$2,000,000.

At Niagara the Authority has awarded \$350,000,000 worth of work and construction is proceeding on all phases of the project. As to land rights the Authority has reached an agreement with Niagara University and with Niagara Mohawk Power Corporation and agreements with virtually all other holders of land have either been reached or are in the process of final negotiation. The Authority is still in litigation concerning the Tuscarora Indian Reservation, but its right to acquire the land has been confirmed by the United States Court of Appeals.
