#### Abbott Laboratories—Announces New Development—

A cherry-flavored oral solution of potassium penicillin V, providing higher, faster blood levels than other oral preparations of penicillin, has been developed by this corporation.

Clinical trials show that COMPOCILLIN-VK attains high blood levels faster than equivalent doses of potassium penicillin G and penicillin V acid. Also, blood levels often equal those of ordinary injection of penicillin and are higher than long-acting injectable preparations.

The new product is a companion item to COMPOCILLIN-V, the ready-mixed, banana-flavored penicillin V suspension.—V. 188, p. 541.

#### ABC Vending Corp.—Changes in Personnel—

Benjamin Sherman, Chairman, on Aug. 21 announced the election of Benjamin Smerling to succeed him as Executive Vice-President. Louis H. Klebenov, who served as Vice-President of the company and General Manager of the New England Division, was elected First Vice-President succeeding Mr. Smerling.—V. 188, p. 541.

#### Addressograph-Multigraph Corp.—Stock Offering—

The corporation plans to offer stockholders the rights to subscribe to additional common stock in a ratio tentatively set at one new share for each 20 shares held.

The offering would follow approval at a special meeting to be held on Sept. 9 of a previously announced three-for-one split.

The exact ratio and subscription price of the additional stock offering will be fixed later by the directors.

At the time the corporation announced its proposed stock split, the new financing was planned, but no details were then given. The company intends to register the additional stock offering with the SEC.

Smith, Barney & Co. was named as the principal underwriter of the proposed rights offering.—V. 186, p. 2789.

#### Air Reduction Co., Inc.—To Build New Plant—

Announcement was made on Aug. 14 by Air Reduction Sales Co., a division of Air Reduction Co., Inc., of the breaking of ground for construction of a new oxygen and nitrogen producing plant in the Armourdale district of Kansas City, Kansas.

The new plant, which is designed to serve users of industrial gases located within a 300 mile radius of Kansas City, will have a monthly capacity of five million cubic feet of oxygen. In addition, high purity nitrogen will also be produced at the plant.

Construction on the new facility, which will be built for Air Reduction by the Collins Construction Co. of Kansas City, will be started immediately and it is anticipated that work will be completed and the plant in operation during December 1958. Upon completion, the existing Air Reduction oxygen plant at 100 West 26th Street, Kansas City, Mo., will be closed and functions and personnel transferred to the new location in Kansas City, Kansas.—V. 188, p. 441.

#### Aircraft Radio Corp., Boonton, N. J.—Reports Highest Order Backlog Since 1954—W. F. Cassidy, Jr., President, on Aug. 8 said:

Sales for the first six months of 1958 amounted to \$5,221,102, which resulted in indicated net earnings of \$163,828 (53 cents per share) after taxes and reserves, and subject to normal year end adjustments and audit. During this period the order backlog rose from \$4,861,817 to \$8,671,000, the highest since 1954.

The forecast for the balance of 1958 is for higher sales volume and net earnings than those realized in the first six months. A military contract for a non-proprietary product accounted for approximately 20% of ARC's total sales for the first six months and was largely responsible for the relatively low overall profit for that period. That contract was 61% completed as of June 30; consequently its adverse effect on profits will decrease for the last six months of 1958. This factor, plus the forecasted increase in sales volume of proprietary items, will have a favorable influence on profits for the second half of the year.

The company's interim unaudited financial statement for the first six months shows a net working capital of \$4,999,443 and a net worth of \$4,272,445, as compared with \$5,015,383 and \$4,175,374 respectively on Dec. 31, 1957. Loans as of June 30, 1958 totalled \$3,700,000, of which \$2,000,000 represents term loans which were obtained in prior years for working capital purposes.

On May 1, 1958, Dr. Lewis M. Hull retired as Chairman of the Board and as an employee of ARC after nearly 30 years of illustrious and faithful service. The company is fortunate and happy that Dr. Hull will remain a member of the Board of Directors and will serve as a company consultant.

In May of this year, subsequent to the annual meeting, Rear Admiral G. H. DeBann, USN (Ret.), was elected to the board of directors. Admiral DeBann joined the staff of ARC in 1955 and currently is Administrative Director of Engineering.

Plant facilities will be expanded in 1958 by an addition to the engineering building of approximately 6,300 square feet and by three additions to the manufacturing buildings aggregating approximately 7,900 square feet.

There were 915 ARC stockholders of record at June 30, 1958. The next meeting of the board of directors has been scheduled early in September. This will permit board consideration of a third dividend for the year before the end of the third calendar quarter.—V. 187, p. 1645.

#### Algom Uranium Mines, Ltd.—Meeting Sept. 15—

Holders of stock purchase warrants of this company will, at a meeting on Sept. 15, consider a resolution designed to enable them to obtain share certificates in place of voting trust certificates of the company.

At the present time, a holder of share purchase warrants of Algom Uranium Mines Ltd., receives on the exercise thereof a voting trust certificate.

It is expected that arrangements will be made so that any person who has already exercised a warrant and received voting trust certificates will receive shares of the company upon surrender of the voting trust certificates.—V. 187, p. 2545.

#### Alscope Explorations, Ltd. (Canada)—Buys 32 Claims

This corporation on Aug. 21 reported the purchase of a group of 32 mineral claims in Highland Valley, southwestern British Columbia,

Canada—a 500 square mile area that since 1955 has been under active exploration and development by several major copper producers.

Alscope's acquisition lies immediately west of Kentucky Lake, 27 miles by road southeast of Merritt. The valley is located in a triangle between Ashcroft, Kamloops and Merritt.

Developments to date in the valley, according to Alscope, appear to qualify it as one of the leading prospective copper producing areas of North America. Alscope purchased the valley claims, it was stated, for 250,000 shares of its outstanding capital stock plus cash.

Alscope also reported that the first well now being drilled on its oil reservations in the Queen Charlotte Islands, B. C., was spudded in recently, and that drilling is presently two weeks ahead of schedule. The acreage consists of 861,937 acres pooled by Alscope and three other concerns, and farmed out to the Richfield Oil Corp. earlier this summer. Richfield is doing the drilling.

Alscope Explorations (traded on the Canadian Stock Exchange, Montreal) is an American-managed Canadian development and exploration company with oil, natural gas, lithium, uranium, silver, lead and zinc properties.

Its offices are located in the Birks Bldg., Vancouver 2, B. C., Canada, and at 663 Main Ave., Passaic, N. J.

#### American Cyanamid Co.—Perkins Elected Chairman

Thomas L. Perkins, a director of this company since 1951, has been elected Chairman of the Board of Directors and Gordon Wattles has been elected Chairman of the Executive Committee, replacing Mr. Perkins, who remains a member of the Committee.

Mr. Perkins is a senior partner in the law firm of Perkins, Daniels, McCormack and Collins of New York. He is a director and member of the finance committee of the Duke Power Co., a trustee of the Duke Endowment, and a director of Guaranty Trust Co. of New York and Electric Auto-Lite Co.

Mr. Wattles has been a director of American Cyanamid Company since 1952. He is President of American Manufacturing Co. and Webster Investment Co., and serves as Chairman of the Board of Directors for Mergenthaler Linotype Co. and Electric Auto-Lite Co. He is also a member of the executive committee of Crane Co. and St. Regis Paper Co.—V. 188, p. 45.

#### American Electronics, Inc.—Backlog Increases—

This corporation has received contracts totaling approximately \$550,000 from Convair division of General Dynamics Corp. and Hughes Aircraft Corp., Phillip W. Zonne, Chairman, announced on Aug. 19.

The Convair order is for spare parts for American Electronics ground power supply units used in connection with Convair's F-106 interceptors. The Hughes order is for computer instruments.

The orders bring the current backlog to in excess of \$11,000,000 compared with \$8,000,000 a year ago.—V. 188, p. 645.

#### American Express Co.—Acquires Credit Card Firm—

This company has acquired the Universal Travelcard, a credit card which is sponsored by the American Hotel Association and honored by more than 4,500 leading hotels throughout the United States, Canada and Mexico.

Announcement of the purchase of the Travelcard, which is used by 160,000 card holders was made on Aug. 17 by Ralph T. Reed, President of American Express; E. Leslie Sefton, President of the American Hotel Foundation, Inc., education and research arm of the A. H. A., and Seymour Weiss, President of the American Hotel Credit Card Corp., which operated the Travelcard for A. H. A. member hotels. American Express recently announced it will launch its own international credit card Oct. 1.

Mr. Reed predicted there will be one million American Express credit card holders by early next year.

Terms of the purchase include replacement of the Universal Travelcards now in circulation with new American Express credit cards without charge. Each new card will be renewable on the same date as its original.—V. 188, p. 541.

#### American Machine & Foundry Co.—Gets Iran Contract

The Government of Iran has concluded a \$4,000,000 contract with this company to expand the Teheran cigarette manufacturing facilities of the Iranian Tobacco Monopoly, it was announced on Aug. 19 by Morehead Patterson, Board Chairman.

The Monopoly's factory in Teheran which supplies cigarettes for the entire country will be enlarged to include a new building which AMP will equip throughout.

New equipment will also be installed in the existing factory to replace old and worn-out machinery. Included in the contract are AMF cigarette makers, packers, filter-tip attachments, pneumatic conveyors, tobacco separators, and machines from other companies for which AMP is the world distributor outside the U. S. and Canada, including Guardite vacuum moistening equipment and Scandia cellophane wrappers.

According to Mr. Patterson, this development program will enable the Iranian Tobacco Monopoly to replace all their obsolete equipment and will also boost the hourly production capacity by 185%.—V. 188, p. 242.

#### American Motors Corp.—Rambler Sales Climb—

The corporation on Aug. 15 reported that Rambler sales climbed to 5,095 units in the first 10-day period of August, more than doubling the sales level in the same period of 1957.

Roy Abernethy, Vice-President of automotive distribution and marketing, said Rambler sales total was up 124.8% over the year-ago level.

Rambler sales so far in the current fiscal year, which began Oct. 1, are 76.5% higher than for the comparable period of the preceding fiscal year—135,606, compared with 76,827.

Mr. Abernethy reiterated that Rambler deliveries so far this calendar year exceed total sales for the entire 12 months of 1957. Since Jan. 1, this year dealers have sold 104,677 Ramblers, compared with the 1957 total of 98,567.

#### Kelvinator Division to Concentrate Operations—

Kelvinator Division of American Motors Corp. on Aug. 15 announced plans for the concentration of all of its basic manufacturing at its main plant at Grand Rapids, Mich., and the ultimate expansion of its assembly facilities to regional plants strategically located throughout the country.

B. A. Chapman, Executive Vice-President, said all basic manufacturing, including major stampings and manufacture of principal mechanical components, will be performed at Grand Rapids. In addition to assembly at Grand Rapids, components produced there ultimately will be shipped to regional plants for final assembly to meet regional dealer requirements, as is done in the automobile industry.

Basic laundry equipment manufacturing, now performed at the Altorfer Bros. Co. subsidiary plant at Peoria, Ill., and refrigerator compressor manufacture, now performed at the Detroit Plymouth Road plant, will be concentrated at Grand Rapids. All product lines—Kelvinator, ABC and Leonard—will be manufactured in Grand Rapids, and field and dealer organizations are unaffected. The moves will be completed by the end of this year.—V. 188, p. 645.

#### American Petrofina, Inc.—Debentures Offered—White,

Weld & Co., Blyth & Co., Inc. and Hemphill, Noyes & Co., joint managers of an underwriting syndicate on Aug. 20 offered \$5,000,000 5½% subordinated convertible debentures, due Jan. 1, 1973, at 101% and accrued interest from July 1, 1958. This offering was quickly oversubscribed.

The debentures are convertible, unless previously redeemed, into class A common stock of American Petrofina, subject to adjustment in certain events, at \$12.50 per share through Jan. 1, 1963; \$15 per share through Jan. 1, 1968 and at \$17.50 per share thereafter. The debentures are redeemable at the option of the company, at any time, on 30 days' notice, at 110% and accrued interest.

PROCEEDS—None of the proceeds from the sale of the debentures will accrue to the company as the debentures are being sold for the account of Atlas Corp., which company acquired them earlier this year in partial consideration for the sale to American Petrofina of Petro-Atlas Corp., a former subsidiary of Atlas Corp.

\*Including \$3,000,000 maturing within one year. Not more than one-

half of the aggregate principal amount of such serial mortgage notes may be converted as such notes mature into class A common stock of the company at \$14 per share. \$750,000 principal amount of the serial mortgage notes was paid on July 1, 1958.

The notes mature at various dates from August, 1958 to May, 1969 and bear interest at rates varying from 4% to 5%, except for \$195,000 principal amount which is non-interest bearing, and are secured by various properties of the company or its subsidiaries consolidated.

Of which 375,000 shares were reserved for issuance upon conversion of the 5% serial mortgage notes (after payment of \$750,000 principal amount thereof July 1, 1958), 556,000 shares were reserved for issuance upon conversion of subordinated convertible notes or debentures and 161,313 shares were reserved for issuance upon exercise of outstanding stock options.

**BUSINESS**—Corporation and its subsidiaries are engaged within the United States in the acquisition, exploration and development of oil and gas properties and the production, purchase, transportation, refining and marketing of crude petroleum and products derived therefrom, including gasoline, jet fuel, naphtha, kerosene, liquefied petroleum gas, distillates, fuel oil and asphaltic products. Classified by source, operating revenues of the company and its subsidiaries for the first six months of 1958 were accounted for in approximately the following percentages: sales of refined products, 82%; sales of crude oil and condensate, 10%; and sales of natural gas, 3%.

**PROPOSED FINANCING PROGRAM**—The company has authorized an issue of \$20,000,000 principal amount of sinking fund first mortgage notes, to be secured by approximately 95% of the producing oil and gas leasehold interests and royalty interests of the company and American Petroleum Co. of Texas. The company has a preliminary undertaking with a group of banks to borrow \$5,000,000, such borrowing to be evidenced by \$5,000,000 principal amount of 4½% first mortgage notes due 1963, and with two insurance companies to sell an aggregate of \$10,000,000 principal amount of 5¼% first mortgage notes, of which \$5,000,000 principal amount, due 1969, would be sold in the near future and \$5,000,000, due 1970, would be sold prior to Aug. 1, 1959. It is expected that such \$5,000,000 borrowing and the sale of the \$5,000,000 principal amount of notes due 1969 will be consummated in September 1958. The proceeds of the \$5,000,000 borrowing and of the first \$5,000,000 sale are to be used to pay the \$5,000,000 short-term bank loans outstanding on July 31, 1958 and to refund \$3,483,000 of the \$6,273,459 principal amount of notes payable outstanding on July 31, 1958 and the balance of approximately \$1,000,000 will be added to the company's working capital. No allocation has been made of the proceeds of the \$5,000,000 to be sold prior to Aug. 1, 1959.

The company has no present plans for the sale of the remaining \$5,000,000 principal amount of the authorized \$20,000,000 principal amount of such notes. However, such remaining \$5,000,000 notes may not be issued before 1960 and may not have a maturity earlier than 1970.

**UNDERWRITERS**—The underwriters named below have severally agreed to purchase from Atlas Corp. the respective principal amounts of the securities offered and set forth opposite their names below:

White, Weld & Co.	\$1,050,000	W. C. Pittfield & Co.	165,000

#### American-South African Investment Co., Ltd.—SEC Permits Company to Make Public Offering

In a decision announced Aug. 13, the SEC granted an application of this company to register with the Commission as an investment company pursuant to provisions of the Investment Company Act, and to make a public offering of its securities in the United States.

The company was caused to be organized on June 12, 1958, by Charles W. Englehard, a United States citizen. It proposes to engage in business as a closed-end diversified management investment company, investing principally in the securities of South African companies engaged in gold mining and related activities. It may also invest, to a limited extent, in gold bullion.

Public offering of its stock would be made in the United States through an underwriting group managed by Dillon, Read & Co., Inc., to obtain at least \$30,000,000 for its investment purposes. The shares may be sold abroad although it is not contemplated that shares will be sold or transferred to residents of South Africa.

In granting the application, the Commission concluded:

"In the light of the arrangements and agreements which the applicant has entered into, and the special circumstances which prevail in this case, particularly the various provisions of the South African laws and their essential similarity with those governing domestic investment companies, we find that it is both legally and practically feasible effectively to enforce the law in this case, and that the issuance of the requested order will be consistent with the public interest and the protection of investors."

The Commission further stated:

"Our findings are not to be construed as either expressly or impliedly approving the investment merits of the proposed securities of the applicant. Similarly, our findings are not to be construed as indicating that, from an economic or political point of view, investment in South Africa will be attended by a greater degree of safety than investment in any other given foreign country."—V. 188, p. 145.

#### Arlington Books, Inc., Cambridge, Mass.—Files With Securities and Exchange Commission

The corporation on Aug. 7 filed a letter of notification with the SEC covering 16,000 shares of common stock (par \$1) to be offered at \$5 per share, without underwriting. The proceeds are to be used to defray the cost of inventory, for payments to authors and for salary of chief editor.

#### Associates Investment Co.—Again Increases Rates

The company on Aug. 19 increased the rate paid for its commercial paper notes by ½ of 1% across the board, according to Robert L. Oare, Chairman of the Board.

The new rate schedule effective immediately is: five to 29 days, 1½%; 30 to 89 days, 1¾%; 90 to 179 days, 1¾%; 180 to 239 days, 2%; and 240 to 270 days, 2¼%.—V. 188, p. 616.

#### Atlantic Mutual Life Insurance Co.—Reports Decline in Underwriting Profit—Records Set in Assets and Premiums Written

Underwriting profit of the Atlantic Companies (Atlantic Mutual Insurance Co. and Centennial Insurance Co.) for the first six months of 1958 was \$197,000 compared with \$270,000 for the first half of 1957. The decline was attributed primarily to continued adverse claims experience.

Dividends accrued amounted to \$1,502,000 for the 1958 six months compared with \$1,519,000 for the 1957 period.

Claims and claim adjustment expenses, after reinsurance, accounted for 62.60% of the earned premiums in the latest period as against 61.47% for the comparable 1957 six months. Expenses incurred were 36.30% of earned premiums compared with 36.87%.

Consolidated assets were at a record \$84,331,000, an increase of \$4,720,000 over \$79,611,000 reported at July 31, 1957. Net premiums written in the first half of 1958 totaled \$20,104,000, also a record,

an increase of 10.4% over the \$18,218,000 reported for the six months ended June 30, 1957.

Investment income for the period, including a gain of \$238,000 from the sale of securities, amounted to \$1,175,000.

At the end of the latest period policyholder's surplus stood at \$28,254,000 and unearned premium reserve at \$24,246,000 compared with \$27,040,000 and \$22,065,000 respectively at year end 1957.—V. 187, p. 1310.

#### Bendix Aviation Corp.—Gets Cooke Computer Contract

The corporation's Computer Division has been awarded a contract for the electronic computing unit of the missile impact prediction system at Cooke Air Force Base, Calif., it was announced on Aug. 18. Packard-Bell Electronic Corp., said Bendix Computer will supply equipment that translates the monitored information from a missile to determine its exact position at all times and the point of impact. The \$300,000 prediction system for the launching site was designed by Packard-Bell.

A G-15 digital computer and component equipment will be used to relay flight information to the safety officer on which he can base his decision to allow a missile to continue in flight or destroy it if it approaches a predetermined danger zone. As many as 23 equations on flight behavior may be solved within one-third of a second by using the computing system, Bendix said.—V. 188, pp. 346 and 442.

As of May 31, 1958 Benguet took over the gold production operations of Balatoc in which Benguet continues to hold a 64½% interest. Balatoc's operating profit for the five months ended May 31, 1958, before depletion, depreciation and income tax, amounted to only \$572,945 as compared to \$786,004 during the first six months of 1957. In spite of the better price for gold, earnings declined due to decreasing gold values in the ore mined and milled.—V. 187, p. 2546.

#### Blaw-Knox Co.—To Market Refractory Products

This company on Aug. 19 announced that it will begin the marketing on Sept. 1 of refractory products under its own name, expanding its line and services for the steel and metallurgical industries.

W. Cordes Snyder, Jr., President, said that Blaw-Knox has signed distributor agreements for refractory products manufactured by Wells-ville Fire Brick Co., Wellsville, Mo.; Cambria Fire Brick Co., Davis Fire Brick Co., Ohio Fire Brick Co. and Sivad Ceramics Corp., all of Oak Hill, Ohio. All five are long-established companies.

Major products to be handled by Blaw-Knox include high alumina and high grade fire and silica brick, including all special shapes, and a complete line of plastic cement and cement products.

This company has announced plans to convert the foundry at its Buffalo Equipment Division, Buffalo, N. Y., to additional modern fabricating and manufacturing space. It has licensed the Black Clawson Co., internationally known producer of heavy machinery, to manufacture BUFLOKAST cast iron vessels at its facilities in Hamilton, Ohio.—V. 187, p. 2649 and 2790.

#### Bon Ami Co.—Change in Control

The acquisition of a controlling interest in this company was announced on Aug. 18 by R. Paul Weesner, President of Commercial International Corp.

Mr. Weesner stated that Commercial International, a company with diversified investment interests, had acquired 90,000 shares of class "B" common stock from The Baltic Investment Corp. for an undisclosed sum which included notes and cash.

Mr. Weesner also announced that he was being joined in his efforts at Bon Ami with Emil Morosini, Jr., New York attorney, and Philip A. Mann, Florida businessman. Mr. Weesner has been named President of Bon Ami Co.—V. 187, p. 2650.

#### Botany Mills, Inc., Passaic, N. J.—Sales Increased

An 11% increase in sales for the first six months of 1958 over 1957 was reported by this corporation on Aug. 19. Consolidated sales amounted to \$48,528,000 in 1958 and \$43,824,000 in 1957.

Consolidated net income for the six months of 1958 after provisions for certain amortization not completely applicable in 1957 was \$3,069,000 compared with \$3,344,000 in 1957. Operating profit for the six months of 1958 was \$3,731,000 from which approximately \$600,000 was deducted for these amortization charges.

Per share income after provision for cumulative preferred dividends for the first half of 1958 was \$1.60 on the 1,883,009 shares of common stock outstanding as of June 30, 1958. In 1957, the per common share income was \$2.12 on 1,513,663 shares then outstanding.

Included in the six-month statement is Botany subsidiaries. They are Botany Cottons, Inc., combed and corded yarn mills; Rolley, Inc., manufacturer of "Sea and Ski" sun-tan lotion; the Baltimore Luggage Co.; Glenoid Mills, Inc., producer of "Glenara" synthetic furlike pile fabric; Jos. H. Meyer Bros., and associated companies, men's pipe-rock men's retail clothing and jewelry store chain; Calvine Mills, a group of mills in the staple cotton field; Smartee, Inc., manufacturer of sportswear and beachwear; Premier Knitting, producer of medium-priced sweaters; Horsman Dolls, Inc., doll manufacturer; Moss-

Gordin Lint Cleaner Co., manufacturer of machinery used in upgrading cotton; and United Supply & Manufacturing Co., Inc., distributor of oil and gas well equipment and supplies.

Of these, Smartee was not included in the 1957 figures, having been acquired in November 1957. Because of the time of the becoming subsidiaries of Botany, United Supply reported for only three months in 1957, Premier Knitting and Horsman Doll for four months, and United Supply for five months.—V. 187, p. 1310.

#### British Petroleum Co., Ltd.—Expands in Canada

The company on Aug. 19 disclosed that BP Canada Ltd., its Canadian subsidiary, expects to have over 400 BP service stations in operation in Eastern Canada by the end of 1958. In the past 18 months, since the British Petroleum Group announced its entry into the Canadian market, BP Canada has built or purchased 300 service stations in Quebec and Ontario.

This expansion of marketing outlets is part of an overall program which includes the construction of a new 25,000 barrels-a-day refinery at Ville d'Anjou near Montreal. Work on the refinery, which is scheduled to come on-stream in mid-1960, is now underway. General contractor is The Lummus Company Canada Ltd. Located at the eastern end of Montreal Island, approximately three miles from the St. Lawrence River, the refinery is being laid out in such a way as to permit future expansion to double the original capacity.

This program represents the first venture of The British Petroleum Group into marketing and refining on the North American continent. The Canadian refinery is number 15 in the international BP Group.—V. 186, p. 2754.

#### (E. L.) Bruce Co.—Exchange Defers Action

The Board of Governors of the American Stock Exchange on Aug. 19 affirmed the action taken on Aug. 18, 1958 by its Committee on Floor Transactions ruling that, the closing out "off the Exchange" of contracts arising out of transactions made on this Exchange in the common stock of E. L. Bruce Co., be deferred until further notice. The Board made no determination with reference to whether a corner may exist. The Exchange has been unable, up to this time, to ascertain the floating supply of shares.

Following an appearance in New York State Supreme Court on Aug. 20 in response to an action brought by certain short sellers in the E. L. Bruce Co., common shares, the American Stock Exchange issued the following statement:

"In view of the fact that the Committee on Floor Transactions of the American Stock Exchange ruled, on Aug. 18, 1958, that the closing out off the exchange or contracts arising out of transactions made on the exchange in the E. L. Bruce Co. common stock be deferred until further notice, it was mutually agreed, by stipulation, by the parties to the action that the motion of the plaintiffs for a temporary restraining order against the exchange be withdrawn. This has the effect of terminating the restraining order issued by the court against the exchange should rescind its existing notice under Rule '783' right to renew their request for a similar court order in the event the exchange should rescind its existing notice under Rule '783'."—V. 186, p. 346.

Further details follow:

The company is a Delaware corporation organized on July 21, 1942. It is engaged solely in the business of owning and holding all of the outstanding stock of six operating companies engaged in the natural gas business. The subsidiaries (five of which were long affiliated prior to their acquisition by Consolidated in 1943) are: The East Ohio Gas Co., Hope Natural Gas Co., Lake Shore Pipe Line Co., New York State Natural Gas Corp., The Peoples Natural Gas Co. and The River Gas Co.

The subsidiaries constitute an interconnected natural gas system engaged in all phases of the natural gas business—production, purchasing, gathering, transmission, storage, and distribution, together with by-product operations.

New York State Natural, a pipe line company, supplies natural gas at wholesale to Peoples and East Ohio and also to non-affiliated utilities in New York and Pennsylvania. Lake Shore, a pipe line company, supplies natural gas at wholesale to East Ohio and the City of Painesville, Ohio. Hope supplies natural gas at wholesale to each of the other public utility subsidiaries, to New York State Natural and also to certain non-affiliated utilities in West Virginia.

In October 1957 East Ohio acquired the properties of The Lake

Shore Gas Co. and Consolidated acquired all of the capital stock of Lake Shore Pipe Line Co.

The System serves at retail 780 communities, including communities which were served by The Lake Shore Gas Co. prior to the acquisition of its properties in October 1957.

The System's principal wholesale market is in Pennsylvania and New York where New York State Natural sells gas to various utility companies. Such sales are made under a gas tariff and long-term service agreements on file with the Federal Power Commission. New York State Natural supplies all of the natural gas requirements of Niagara Mohawk Power Corp., for distribution in Syracuse, Utica, Albany, and other cities in New York. It supplies part of the natural gas requirements of New York State Electric & Gas Corp., for distribution in Ithaca, Cortland, Auburn, and other communities in western New York. It supplies natural gas to Rochester Gas & Electric Corp. for sale in the Rochester distribution area. It also sells gas under contracts covering part of the requirements of the following utilities, among others, operating in northern Pennsylvania and western New York: North Penn Gas Co., Penn-York Natural Gas Corp., Empire Gas & Fuel Co., United Natural Gas Co., Pennsylvania Gas Co., and Iroquois Gas Corp.

#### Continental Can Co., Inc.—Reports New Development

A new method of making metal cans at speeds of more than 750 a minute, 50% faster than previous production lines, has been successfully tested in commercial operation by this company, General Lucius D. Clay, Chairman of the Board, announced on Aug. 19.

The new "two-high" can line uses a technique of making can bodies in tandem and then separating them, along pre-scored lines, into individual units. General Clay said the line was developed in 1956 at Continental's Metal Research and Development Center in Chicago, and has now been in commercial operation for a year.

"We have delayed this announcement until now because we wanted to be fully satisfied that the new method is commercially feasible and will enable us to make economies in can manufacturing," General Clay explained. "The first commercial line has now proved fully effective, and additional lines are nearing completion."—V. 188, p. 647.

#### Convent & Academy of The Sacred Heart, Bloomfield Hills, Mich.—Bonds Offered—

B. C. Ziegler & Co. on Aug. 20 publicly offered \$1,000,000 of 4 $\frac{1}{4}$ %, 4 $\frac{1}{2}$ %, 4 $\frac{3}{4}$ % and 5% first mortgage bonds, series A, dated July 15, 1958 and due serially Jan. 15, 1960 to July 15, 1973, at 100% and accrued interest. A total of \$300,000 of these bonds may be allocated to dealers with concessions ranging from three-quarters of 1% to 1 $\frac{1}{4}$ %.

The bonds may be called for redemption by borrowed funds at 103% on or prior to July 15, 1960; thereafter and on or before July 15, 1962 at 102%; thereafter to an including July 15, 1963 at 101%; and thereafter at 100%; with accrued interest in each case. If un borrowed funds are used for redemption there shall be no premium.

The net proceeds from the offering are to be used to pay in part cost of erecting a completely new convent and academy.

#### Copperweld Steel Co.—To Increase Plant Facilities—

This company has approved an appropriation of \$1,325,000 for installation of new plant facilities at Glassport, Pa. to meet a rising demand for its new Aluminoweld wire and strand, James M. Darabek, President, announced on Aug. 14. The favorable acceptance of Aluminoweld has made this decision necessary.

A limited production of Aluminoweld commenced a few months ago following several years of extensive research and development.—V. 188, p. 443.

#### Cornucopia Gold Mines—SEC Orders Further Suspension of Trading in Stock—

#### Cott Beverage Corp.—Reports Record Sales—

Consolidated sales rose to a new high for the first half of 1958 despite unseasonably cool weather which cut into sales of the entire soft drink market during May and June, John J. Cott, President, reported on Aug. 20.

Sales of \$4,391,788 were racked up in the first six months of 1958 by Cott and its foreign and domestic subsidiaries including Mission of California, Inc., compared with sales of \$4,337,322 in the similar period of 1957.

Net income for the 1958 period amounted to \$113,962, or 21 cents per share on the 547,050 shares outstanding. No valid comparison can be made with figures a year ago, Mr. Cott pointed out, because non-recurring profit equivalent to nine cents a share from the sale of certain assets was included in the reported net income of \$162,234, or 30 cents a share, for the first half of 1957.—V. 184, p. 2324.

#### Crown Cork & Seal Co., Inc.—Modernizes Plant—

Modernization and relocation of closure manufacturing facilities of this company's Baltimore, Md., plant, its largest single manufacturing unit, is progressing ahead of schedule, it was announced on Aug. 18. The second phase of a three-year modernization program, which will cost more than \$4,000,000 when completed, will enable Crown to turn out in one square foot of operating space what formerly required three square feet. Production lines will be moved from old multi-story buildings to modernized single story structures using improved tandem-type production lines. This transition, like Phase 1 of the program completed last Fall, is being made while maintaining normal production schedules.

The modernization program utilizes three existing one-story buildings as its nucleus. By enlarging, and connecting all three buildings with a common roof, Crown will create a total of 306,000 square feet of processing space which was formerly used for storage purposes.

The first phase of the program, a \$1,000,000 project of transferring Crown production lines from older multi-story buildings to the new area, was begun early in 1957 and completed last Fall.

The second phase, which will cost \$2,300,000, involves all operations concerned with screw cap and Dacro production.—V. 187, p. 2650.

#### (S.) Curtis & Son, Inc., Sandy Hook, Conn.—Stock

Offered—The company recently offered to its common stockholders of record Aug. 12 the right to subscribe on or before Aug. 22 for 5,000 additional shares of common stock (par \$5) at \$20 per share on the basis of five new shares for each 17 shares held. The offering was underwritten by Smith, Ramsay & Co., Inc., Bridgeport, Conn., who will offer any unsubscribed stock at \$21 per share.

**PROCEEDS—**The net proceeds are to be used to finance additional buildings, machinery and equipment and working capital requirements.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING	Authorized	Outstanding
Mortgage loan bearing 5 $\frac{1}{4}$ % interest		\$275,000
6% cumulated preferred stock (par \$100)	750 shs.	750 shs.
Common stock (par \$10)	50,000 shs.	22,000 shs.

**PROPOSED MORTGAGE LOAN—**The company is at the present time negotiating with The Prudential Insurance Co. of America for a mortgage loan in the amount of \$275,000 bearing interest at the rate of 5 $\frac{1}{4}$ % per annum to be amortized over a 13 year period. This loan will be secured by a first mortgage on the land and buildings of the company. The proceeds of the loan will be used to retire existing mortgage indebtedness and other indebtedness at the present time totaling approximately \$130,000. The balance of the proceeds will be used to finance the construction of an addition to the plant of the company, the purchase of new machinery and equipment, and to furnish additional working capital.

**BUSINESS—**The business was established in 1845 as the Berkshire Co. manufacturing combs and buttons. The name was changed to S. Curtis & Son in 1870 and on June 1, 1924 it was incorporated as S. Curtis & Son, Inc.

The plant and office are located at Sandy Hook, Conn., and a branch sales office is maintained at 550 Fifth Ave., New York City. Combs and buttons made from cattle horn and hoof which the company originally produced became obsolete in the early 1900's, and production was converted to wooden handles and paper boxes. After the factory was destroyed by fire in 1920, the production of the new plant was devoted entirely to folding paper boxes.

Sales are primarily to manufacturers of nondurable consumers goods in New England, New York and New Jersey through its own salesmen.—V. 188, p. 443.

#### Delhi-Taylor Oil Corp.—Offering Common Stockholders

Rights to Purchase 575,869 Depositary Units for Houston Corp. Class A Stock—The Delhi-Taylor Oil Corp. is offering to its common stockholders of record May 23, 1958 the right to subscribe for 575,869 depositary units for class A stock of The Houston Corp., all of whose 515,123 shares of currently outstanding class A stock are owned by Delhi. Stockholders of Delhi are being offered primary rights to purchase 527,079 depositary units, at \$10.38 per unit, at the rate of one unit for each 10 shares of Delhi; and additional subscription rights to purchase 48,790 units, also at \$10.38 per unit. The rights will expire on Sept. 3, 1958. The offering is being underwritten by Lehman Brothers and Allen & Company.

Each depositary unit represents (a) a beneficial ownership of one share of Houston class A stock and (b) an irrevocable option to purchase, at \$3.41 per share, approximately nine-tenths of an additional class A share during a two-year period commencing Aug. 15, 1959.

Net proceeds from the offering will be used principally to purchase 575,869 additional shares of class A stock which Houston is currently offering to its stockholders. The Houston rights offering comprises part of an \$82,000,000 program to finance construction of a 1,500-mile natural gas pipeline to run from the Gulf Coast to Texas and Louisiana to markets in peninsula Florida.—V. 188, p. 245.

#### Diamond Alkali Co.—New Products Announced—

This company on Aug. 21 announced three more chlorinated xylene compounds. They are being produced on a pilot plant scale at Diamond's organic facilities in Painesville, Ohio.

One of these new products is derived from p-xylene, while the other two are m-xylene derivatives and represent the first chemicals to be offered by Diamond from this raw material.—V. 188, p. 647.

#### Dillard Associates, Ltd., Wichita Falls, Tex.—Registers Proposed Offering of Partnership Interests—

Arvin Ryan Dillard, Jr., Wichita Falls, Texas, filed a registration statement with the SEC on Aug. 14, 1958, covering 500 Limited Partner-

THE COMMERCIAL AND FINANCIAL CHRONICLE (Reg. U. S. Patent Office) William B. Dana Company, Publishers 25 Park Place, New York 7, N. Y., Editor 2-9570. Herbert D. **Ship Interests, to be offered at \$10,000 per unit, in Dillard Associates Ltd.** The latter is a limited partnership to be formed by Mr. Dillard, who will be the only general partner. The purpose of the partnership will be "to engage in the exploration for and development and operation of oil and gas properties in any State or territory of the United States." The prospectus states that each subscriber may be assessed up to a maximum of one-half of his subscription for the development fund of the partnership, in addition to the initial price of the partnership interest.

#### Dow Chemical Co.—Develops New Plastic Packing—

A new approach to the biological treatment of liquid wastes has been developed by this company in the form of a plastic packing material designed to improve the conditions under which microorganisms oxidize wastes.

The product, trademarked Dowpac, has been field tested extensively in the treatment of domestic sewage and wastes from metallurgical coke, kraft paper, ragmill, chemical and petroleum plants.

Dowpac is made up of many layers of corrugated sheets of Styron (Dow polystyrene) or saran, depending on the type of chemical resistance needed.—V. 182, p. 443.

#### Dresser Engineering Co., Tulsa, Okla.—Files With SEC

The company on Aug. 12 filed a letter of notification with the SEC covering an undetermined number of shares of common stock (par \$100), not to exceed an aggregate value of \$50,000 in any year, to be offered to employees at book value pursuant to an Employee Stock Purchase Plan. Stock will be purchased on the open market.

In addition company will contribute 25% of amount contributed by employees.

The company's office is located in Masonic Bldg., P. O. Box 2518, Tulsa, Okla.

#### Eastern Corp.—Merger Ratified—

See Standard Packaging Corp. below.—V. 187, p. 2225.

**Eastern Gas & Fuel Associates—Bonds Placed Privately—** Purchase agreements relating to the direct placement of \$17,000,000 of first mortgage and collateral trust bonds, third series (5½% series due 1978) were negotiated by The First Boston Corp., it was announced on Aug. 21.

The proceeds are to be used to retire bank loans incurred in connection with the company's modernization and improvement program.—V. 187, p. 2001.

#### Eastern Industries, Inc.—Earnings—

This corporation on Aug. 16 reported for the nine months ended June 30, 1938, sales of \$9,051,360. This compares with the 1937 nine months sales total of \$9,607,791.

Net income after Federal and State taxes for the nine months ended June 30, 1938, was \$805,656 equal after preferred dividends to 62 cents a common share, based on the 1,200,417 shares of common stock outstanding on that date. This compared with net income of \$815,556 in the 1937 period, equal to 65 cents a common share, and based on the same number of shares outstanding.

Results for the current fiscal year may fall somewhat below the record sales and earnings achieved in 1937, according to Eugene D. Stirling, President, since the company has not as yet experienced any significant increase in sales from the expanding Defense Program. He added, however, that the high level of sales inquiries could point to a resumption of the growth pattern in the Fall.

#### Partial Redemption—

The corporation has called for redemption on Sept. 12, next, 10,053 shares of its 70 cent cumulative convertible preferred stock at \$12.50 per share, plus accrued dividends of eight cents per share. Payment will be made at the Irving Trust Co., 1 Wall Street, New York, N. Y.

Preferred stock may be converted into common stock up to Sept. 11, 1938 inclusive.—V. 187, p. 2799.

**Elmer Corp., Salt Lake City, Utah—Notes Placed Privately—** Allen & Co. has placed privately with institutional investors \$5,000,000 promissory notes due Aug. 1, 1973 of the Elmer Corp.

Elmer is engaged primarily in the manufacture of Diesel and pneumatically-operated overhead, loading and excavating equipment used in highway construction, mining and off-the-road work, and in the production of filtration equipment used in water treatment. The company's principal plant is located at Salt Lake City and plants are also operated through subsidiaries in England, Italy and South Africa. A research and development laboratory is located at Palatine, Ill.

**Electric Power Door Co., Inc., Minneapolis, Minn.—Files With Securities and Exchange Commission—**

The corporation on Aug. 11 filed a letter of notification with the SEC covering 30,000 shares of class A common stock (par \$5) to be offered at \$6.50 per share, through Craig-Hallum, Inc., Minneapolis, Minn.

The proceeds are to be used for general corporate purposes.

**Electronic Specialty Co., Los Angeles, Calif.—Files With Securities and Exchange Commission—**

The company on Aug. 6 filed a letter of notification with the SEC covering an amount not in excess of \$300,000 aggregate value of common stock (par 50 cents) to be offered through Bateman, Eichler & Co., Los Angeles, Calif. The proceeds are to go to selling stockholders.—V. 186, p. 1738.

**Engelhard Industries, Inc.—Units Merge Operations—**

The American Platinum & Silver division (formerly the American Platinum Works) has merged its Platinum Laboratory Ware Department with that of the Baker Platinum Division (formerly Baker & Co., Inc.), it was announced on Aug. 20 by C. R. Berghner, Senior Vice-President.

In the future all platinum metal products will be manufactured in one plant located at 113 Astor St., Newark, N. J. Here in this new plant the latest in platinum metal product manufacturing facilities and technology will be maintained.

The Baker Platinum Division was one of the divisions formed early this year when nine companies were consolidated into Engelhard Industries, Inc. Other divisions are: Amerisil Quartz Division, Baker Contact Division, Baker Dental Division, Baker Setting Division, Chemical Division, East Newark Industrial Center, Hanovia Lamp Division, Hanovia Liquid Gold Division, Irvington-Baker Refining Division, D. E. Makepeace Division, National Electric Instrument Division, Research and Development Division, and H. A. Wilson Division.

Some of the products manufactured by the other divisions are: atomic-reactor components, nuclear instruments, aircraft and missile parts, dental and medical devices, and equipment for the petroleum, chemical, pharmaceutical, plastics, automotive, jewelry, ceramics and electrical industries.—V. 187, pp. 2659 and 144.

#### (L. M.) Ericsson Telephone Co.—Group Gets Contract

The Ericsson Group, worldwide telecommunications organization with headquarters at Stockholm, Sweden, on Aug. 18 announced the receipt of a contract totalling more than \$2,000,000 for telephone equipment involving several automatic exchanges in Bogota, Colombia. The equipment will provide service for 14,000 additional subscribers in that city, bringing the total number of lines served by Ericsson equipment there to approximately 100,000.

The Ericsson Group is composed of the parent company, L. M. Ericsson Telephone Co., and subsidiary and associated companies in 26 different countries. One of these subsidiaries, Cla Ericsson Ltda., is located in Bogota.

The first Ericsson telephone exchange installed in Colombia was in Ibague in 1932, and serviced 1,500 lines. Today 26 Colombian exchanges

utilize more than 165,000 lines of Ericsson equipment. In 1937 alone, the Group installed equipment for 21,000 lines throughout the country.

#### Sale of Interest in Mexican Firm Confirmed—

This company on Aug. 19 confirmed published reports that Ericsson and International Telephone & Telegraph Co. are completing the sale of their jointly-held interest in Telefonos de Mexico to private investors in Mexico. Each firm has recently held a 37% interest in the Mexican company. The transfer of shares was scheduled to become effective on Aug. 20.

Sven T. Aberg, Ericsson President, emphasized that the sale was part of the Swedish telecommunications firm's pattern of curtailing the company's interest in the operation of telephone systems. Earlier in the year, he pointed out, Ericsson negotiated the sale of an Italian operating company, in which L. M. E. had a substantial interest, to the Italian Government.

"We are primarily a manufacturer and worldwide distributor of communications equipment," Mr. Aberg said.

Ericsson has three remaining operating companies, two in Argentina serving about 70,000 subscribers, and one in Peru.

Ericsson and ITT will continue their joint ownership and operation of a Mexican telephone equipment factory, Industria de Telecomunicacion, S. A. de C. V., and each will continue to maintain a sales company in Mexico.—V. 188, p. 545.

#### Fairchild Camera & Instrument Corp.—Acquisition—

Purchase by this corporation of the assets of the Acme Electronics Division of NEA Service, Inc., of Cleveland, Ohio, has been disclosed by John Carter, Fairchild President, and Herbert W. Walker, President of NEA Service.

Acme Electronics' telephoto, facsimile transmitting equipment and color scanning device will be apportioned among three Fairchild Divisions to insure the broadest market, maximum utilization and technological advancement of the equipment, Carter stated.

Acme Electronics has designed and manufactured all of the telephoto and facsimile transmitters used by United Press International and NEA Service, produced similar equipment and special devices for the military and undertaken a program of leasing facsimile transmitters to industry, Carter said. He added that its color scanner is presently in operation.

Responsibility for further development of the color scanner and the utilization of photo-transmission facilities by press services and news media will be assumed by the Fairchild Graphic Equipment Division, which developed the Scan-A-Graver and Scan-A-Sizer electronic engraving machines and earlier this year acquired Teletypesetter from an A. T. and T. subsidiary.

The Acme assets purchased by Fairchild include manufacturing, inventory and equipment, and equipment leased or held for lease. Certain items already in production for United Press International will be completed by Acme Electronics, after which all equipment and operations will be integrated in the Fairchild Long Island, N. Y., facilities. Price was not disclosed.

This corporation has also announced delivery to Westinghouse Electric Corp. of pitch and roll compensating instruments for use in nuclear propulsion plants. The first installation of the compensating instrument will be in the U. S. Navy's Skipjack for which Westinghouse is designing and developing the nuclear plant under the direction of and in technical cooperation with the Naval Reactors Branch, U. S. Atomic Energy Commission. The Skipjack is the forerunner of a class of high speed, high performance attack type nuclear powered submarines now scheduled by the Navy.

The pitch and roll compensating instrument is the first production unit of the contract between Fairchild and Westinghouse calling for 11 such instruments for use in the Skipjack class of submarines.—V. 188, p. 545.

**Fall River Exploration & Mining Co., Colorado Springs, Colo.—SEC Lifts Stop Order—**

The Securities and Exchange Commission on Aug. 14 announced that it had vacated a "stop order" issued June 4, 1938, which suspended the effectiveness of a registration statement filed by this company (then called Fall River Power Co.).

The registration statement proposed the public offering of 500,000 shares of Fall River common stock at \$2 per share. The Commission's stop order was based upon false and misleading representations in the registration statement concerning the company's properties, the value ascribed to the business to be conducted, the use of property valuation appraisal figures in the financial statements, and the intended use of the proceeds of the financing. The company had consented to entry of the stop order.

In lifting the stop order, the Commission ruled that the registration statement had been amended to meet the objections cited in its June 4 decision. The amendments include various revisions of Fall River's prospectus, including the following: (1) a change in the corporate name to more closely conform to the business to be conducted; (2) inclusion of an introductory statement pointing out that the company "is an exploratory mining venture and no assurance can be given the prospective investor that commercial ore bodies will be discovered," comparing the cash cost per share to the promoters and the price at which shares are to be offered for public sale, and reflecting that the company owes \$500,000 to a former owner of all the company's stock, that 90% of the first proceeds of the offering will be used to repay this obligation, and that if less than 50% of the stock is sold, the major portion of the proceeds will be paid to the former owner who would still have a claim secured by a mortgage against certain properties for the unpaid balance; (3) deletion of representations that the business to be conducted is that of a public utility and operation of mining properties; (4) inclusion of a statement to the effect that the management has no present intention to make any use of the company's water rights and hydroelectric facilities since there is no evidence of any demand for power; (5) inclusion of a statement that a sample of uranium oxide taken from the properties "is known to be no more representative of any substantial amount of vein material exposed in the mine workings"; and (6) deletion of the appraisal valuation figures.

#### Fibercraft, Inc., North Miami, Fla.—Securities Offered

Dayton Co., South Miami, Fla., on Aug. 15 offered \$165,000 of 6% convertible debentures due Aug. 1, 1970 at 100% plus accrued interest, and 80,000 shares of common stock (par 10 cents) at \$1.25 per share, on a best efforts basis.

The debentures are convertible into common stock at any time on or after Aug. 1, 1960 and prior to maturity at the following prices: \$1.375 through July 31, 1962; \$1.50 through July 31, 1965; \$1.75 through July 31, 1968; and \$2 thereafter.

The debentures are to be redeemable at any time on or after Nov. 1, 1960 at the option of the company, all or in part, at the following respective percentages: On Nov. 1, 1960 and thereafter and on or before July 31, 1962 at 106%; thereafter and on or before July 31, 1964 at 108%; thereafter and on or before July 31, 1966 at 104%; thereafter and on or before July 31, 1967 at 103%; thereafter and on or before July 31, 1968 at 102%; thereafter and on or before July 31, 1969 at 101%; and thereafter to maturity at 100%; with accrued interest in each case.

PROCEEDS—The net proceeds will be applied to the extent thereof in the following order of priority: (a) Approximately \$25,000 to reduce accounts payable; (b) approximately \$25,000 to reduce bank loans; (c) approximately \$2,500 to retire second mortgage on plant; (d) approximately \$25,000 to make improvement to the 79th Street Leasehold (including the construction of a bulkhead as required by the lease); (e) approximately \$10,000 to purchase additional delivery equipment; (f) approximately \$2,500 to purchase sales automobile; (g) approximately \$10,000 to be set aside to be used for product research; (h) the balance in the amount of approximately \$135,435 for general corporate purposes, including the carrying of accounts receivable, the carrying of inventories, the payment of operating expenses and the providing of general working capital in connection with the company's growth in business.

BUSINESS—The company was incorporated in Florida on Aug. 24,

1933. Its principal place of business and executive offices are located at 1820 N. E. 146th Street, North Miami, Fla.

The company is engaged in the manufacture and sale of laminated fiberglass products, the major products being fiberglass boats. These are sold principally in Florida. Since its inception the company has been in commercial production and has been continuously active in research, experimentation and development of laminated fiberglass. The company also sells outboard motors, boat trailers and other marine items, manufactured by others.

The business of the company is presently conducted through the company and its 100% owned subsidiary, Fibercraft Marine, Inc., a Florida corporation, incorporated on April 27, 1936.

EARNINGS—The company reported net sales of \$364,115 for the ten months ended May 31, 1938 and a net profit after Federal income taxes of \$12,361.

#### CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
6% conv. debentures due Aug. 1, 1970	\$165,000	\$165,000
Common stock (par 10 cents)	750,000 shs.	324,000 shs.

Prior to May 31, 1938 the authorized capital stock of the company consisted of 100 shares of no par value common stock, of which amount five shares were issued and outstanding. On May 31, 1938 a certificate of amendment of the certificate of incorporation of the company was filed with the Secretary of State of Florida authorizing the common stock capitalization as above set forth. On May 31, 1938 the company issued 74,000 shares of common stock, par value 10 cents, to Thomas C. Bennett, Jr., the President of the company, in exchange for his equity in the plant, the assignments of his leasehold, and the cancellation of obligations in the amount of \$29,876 due him from the company.—V. 128, p. 648.

#### Fields Hotels, New York City—Acquisitions—

Herman Fiedelbaum, Founder and Chairman, on Aug. 12, announced that he had completed negotiations with Morris Becker, for the outright purchase of the latter's 50% interest in the Biscayne Terrace and Biscayne Plaza Hotels located in Miami, Fla. Both hotels were taken off the market and will be operated by Fields Hotels, which comprises a coast-to-coast chain of first class hotels.

Mr. Fiedelbaum stated that the acquisition of the entire stock of the two Biscayne Hotels represents activation of an over-all expansion program which was planned last year and is now being put into full swing. The chain is planning to add more well-known hotels throughout the country very shortly.

Fields Hotels presently operates and owns the following hotels: Holiday Inn Motel, Birmingham, Ala.; Green Hotel, Pasadena, Calif.; Buena Vista Gardens, San Diego, Calif.; Biscayne Plaza Hotel, Miami, Fla.; Biscayne Terrace Hotel, Miami, Fla.; Clinton Hotel, Clinton, Ia.; Lafayette Hotel, Clinton, Ia.; Chieftain Hotel, Council Bluffs, Ia.; Tallcorn Hotel, Marshalltown, Ia.; Belmont Motor Hotel, Baton Rouge, La.; Algonquin Hotel, Cumberland, Md.; Beaconsfield Hotel, Brookline, Mass.; Commander Hotel, Cambridge, Mass.; Bancroft Hotel, Worcester, Mass.; Elms Hotel, Excelsior Springs, Mo.; Oaks Hotel, Excelsior Springs, Mo.; Coronado Hotel, St. Louis, Mo.; Evans Hotel, Columbus, Neb.; Capital Hotel, Lincoln, Neb.; Lincoln Hotel, Lincoln, Neb.; Madison Hotel, Norfolk, Neb.; Rome Hotel, Omaha, Neb.; Lincoln Hotel, Scottsbluff, Neb.; Granada Hotel, Brooklyn, N. Y.; Buckingham Hotel, Brooklyn, N. Y.; and Clinton Hotel, New York, N. Y.; Woodstock Hotel, New York, N. Y.; and Pfister Hotel, Milwaukee, Wis.

Fields Hotels are also involved in the operation of the Penn Sherwood in Philadelphia; Arms Hotel in Cincinnati; the Cape Fear Hotel in Wilmington, Delaware; and the Hotel Chatham in New York City.

#### Financial General Corp. (N. Y. C.)—Enters New Field

Major General Olmsted, U. S. A. R., President of this corporation, New York City, and President of International Bank, Washington, D. C., on Aug. 14 announced the entrance of the Financial General Corp. into the field of large-scale aircraft equipment lease financing. The project contemplates joint participation by certain large banks, insurance companies, pension and trust funds. The new operations will be conducted through the company's subsidiary, Intermediate Credit Corp.—V. 186, p. 444.

#### Firstamerica Corp.—Plans Acquisition—

The corporation plans to offer to exchange 3.5 of its shares for each of the outstanding shares of California Bank, Los Angeles, Calif. It is also proposed that First Western Bank & Trust Co., the only California banking subsidiary of Firstamerica, be merged or consolidated with California Bank. The proposal contemplates that the head offices of Firstamerica and the combined bank would be in Los Angeles and that the present President of California Bank would be the chief executive officer of both organizations.

The offer will be made to shareholders of California Bank only if Firstamerica receives favorable action in connection with certain required governmental clearances. These include Federal Reserve Board approval of Firstamerica's acquisition of the California Bank shares, Internal Revenue Service confirmation of the tax free nature of the exchange, and approval by the California Commissioner of Corporations of the fairness of the exchange offer.—V. 188, p. 147.

#### Fischer & Porter Co.—Anticipates Stock Dividend—

The directors anticipate payment of a stock dividend Nov. 30, 1938. This stock dividend will be in lieu of cash dividends previously paid. The decision to pay a stock dividend stems from the company's fast-growth policy and will conserve improved earnings for the tooling and production of the great number of new products and developments announced by F&P during the last fiscal year.

Earnings for the first quarter of the new fiscal year have shown substantial improvement. Earnings for July are up 13.6% over June and earnings for June were up 33.7% over May, 1938.

#### Introduces New Indicator—

This company's new Ratosight Flow Rate Indicator is a rugged low cost flow measuring device that is especially suitable for measuring lubrication flows to bearings, coolant flow to electrical devices, and similar services. The meter is available with a vibration-proof flow alarm switch for high and/or low flows, thereby offering positive insurance against expensive failures caused by the accidental loss of flow of cooling water, lube oil, etc. The Ratosight Flow Rate Indicator makes use of O-Ring construction to seal the metering tube and a one piece bronze body provides greatest strength with least weight. Extreme simplicity of design and rugged construction virtually eliminate the need for operating adjustment and maintenance. Maximum mounting flexibility is assured by pipe connections suitable for vertical or horizontal mounting, or a combination of both. Only three meter sizes are required to cover flow ranges from a fraction of a gallon per minute to 26 gallons per minute of liquid, or 65 standard cubic feet a minute of gas.—V. 187, p. 573.

#### Flintkote Co.—To Acquire Container Firm—

An agreement has been reached between this company and The Hankins Container Co. calling for a merger of the latter company into Flintkote, it was announced jointly on Aug. 18 by I. J. Harvey, Jr., Chairman of the Board and Chief Executive Officer of Flintkote, and W. L. Davis, President of Hankins Container.

The agreement, subject to approval of the boards of directors and stockholders of the two companies, calls for an exchange of stock on the basis of 1.234 shares of Flintkote \$5-par common stock for each of the 267,458 shares of Hankins \$10-par capital stock.

Flintkote, which has been in the container manufacturing business on the West Coast through its Pioneer Division, would become a national factor in the container manufacturing field through the proposed acquisition, the announcement pointed out.

Hankins, with headquarters in Cleveland, Ohio, has a string of corrugated container plants located in Little Rock, Ark.; Chicago, Ill.; Elmira, N. Y.; and Union, N. J.; and Miamisburg, O.; as well as Cleveland.

Under the proposal, the identity of the Hankins Container Company would be maintained.

Hankins Container, formed in 1933, reported for the fiscal year ended Sept. 30, 1937, total sales of \$27,033,236, a record high, on which was realized a net profit of \$1,237,327 or \$4.67 per share on the shares then outstanding. For the fiscal year ended Dec. 31, 1937, Flintkote reported sales of \$116,249,878 and net of \$4,049,848, or \$3.63 a common share.—V. 187, pp. 2906; 2799 and 2333.

**Florida National Development Corp., Miami Beach, Fla.—Files With Securities and Exchange Commission—**

The corporation on Aug. 7 filed a letter of notification with the SEC covering 300,000 shares of common stock (par one cent) to be offered at \$1 per share, through James Anthony Securities Corp., New York, N. Y. and Schwerin, Stone & Co., Great Neck, N. Y. The proceeds are to be used for development of land, promotion and sale of existing properties, payment of mortgage and working capital.

**Florida Power & Light Co.—Plans Stock Financing—**

The company plans to sell 300,000 shares of new common stock in October, said McGregor Smith, Chairman of the Board.

Present plans are said to call for a negotiated and underwritten offering.

The proceeds (about \$20,000,000) are to be used to help finance the company's construction budget of \$153,000,000 in 1958-59, a spokesman said. The company now has 6,300,000 shares outstanding.

**Food Fair Stores, Inc.—Acquires Setzer Chain—**

Acquisition by this corporation of Setzer Super Stores Inc., southern supermarket chain, was announced on Aug. 19 by Samuel Friedland, Chairman, and Louis Stein, President.

The Setzer chain operated 38 supermarkets in central Florida and southern Georgia with an annual rate of sales in the neighborhood of \$60,000,000. Mr. Stein said, "This purchase brings the total Food Fair supermarkets to 345 in nine states from Connecticut to Florida and increases to 109 the number of units in our southern division. Included in the transaction are a 160,000 square foot warehouse in Jacksonville, Fla., a large bakery and a wholesale grocery operation."—V. 187, p. 2549.

**Ford Motor Co. (Mich.)—New Tractors & Franchise—**

An entirely new line of Ford industrial tractors and matching high-capacity loading and digging equipment was revealed at Birmingham, Mich., on Aug. 20 by the company's Tractor and Implement Division. Announcement also was made that a separate industrial franchise will be available to new and existing dealers.

The new line was unveiled to the Division's distributors, key dealers from industrial areas, and a select press group.—V. 188, p. 648.

**Formfit Co.—Moving Into New Plant—**

The company has begun moving into its new 21,000 square foot, \$200,000 air-conditioned plant, in Beatrice, Neb., Sigmund W. Kunstadter, President, said on Aug. 13.

The plant, which is located on a four acre site, will begin limited production immediately. Mr. Kunstadter said, and plans are being made for a formal opening in September.

Construction on the new Beatrice factory was begun last Fall. It is a 130 x 160 foot one-story structure.

Formfit, which has been occupying a small plant in Beatrice, plans to expand its present working force from approximately 100 to 200 workers in the near future.—V. 185, p. 1992.

**Fremont Valley Inn, Los Angeles, Calif.—Files With Securities and Exchange Commission—**

The company on Aug. 7 filed a letter of notification with the SEC covering 300,000 shares of common stock to be offered at par (\$1 per share), through Oscar G. Werner & Co., Pasadena, Calif. The proceeds are to be used to erect and operate an activities building, comprising a restaurant, cocktail lounge and coffee shop.

**Gamewell Co.—Large Holders Sell Investment—**

William L. Less, of the firm of D. H. Ellis & Co., has purchased for investment a substantial portion of the common stock of The Gamewell Co., manufacturers of fire alarm, traffic signal, fire extinguishing and electronic equipment. It was announced on Aug. 18. No change in management or operation is contemplated, Mr. Less said. The company had sales of \$22,357,745 and net income of \$931,048 in the fiscal year ended May 31, 1958.

The stock, which was bought from Business Statistics Organization, Inc. and from Roger W. Babson at \$31 per share, amounts to approximately 110,000 shares, about 30% of the company's common stock.—V. 186, p. 525.

**Gas Service Co.—Secondary Offering—**A secondary offering of 2,500 shares of common stock (par \$10) was made on Aug. 14 by Blyth & Co., Inc., at \$30.25 per share, with a dealer's concession of 50 cents per share. The offering was completed.—V. 187, p. 2799.

**General Contract Corp.—Reorganization Plan Approved**

The Federal Reserve Board has approved this corporation's reorganization plan under the Bank Holding Act of 1956 providing for two holding companies, one for banks and one for non-banking operations, and for the elimination of preferred stock. Arthur Blumeyer, President, announced on Aug. 15.

"Under this plan of reorganization the holders of the present corporation's common stock will receive at year-end an equal number of shares in the new company, which will be named General Contract Finance Corp.," Mr. Blumeyer pointed out. "General Contract Finance Corp. will own Securities Investment Co., the insurance companies, the small loan companies and the insurance agencies and will put into operation the long-promised credit life insurance company, which should prove a lucrative addition to the new corporation's operations."

"The present corporation, re-named General Bancshares Corp., will continue to own the eight banks."

"It is planned to list the stock of both companies on the New York Stock Exchange."

"The directors on Aug. 15 called all of the three issues of preferred stock for redemption on Oct. 1, 1958. No new preferred stock is contemplated in either of the holding companies which will be operative under the plan of reorganization."

**To Redeem Preferred Stock—**

The Midwest Stock Exchange has received notice from this corporation that it will call for redemption on Oct. 1, 1958 its \$10 par 6% series preferred stock. The redemption price is \$11.50 per share, plus the quarterly dividend of 15¢ (total per share \$11.65). The redemption agents are St. Louis Union Trust Co. and The Chase Manhattan Bank of New York.

The stock is convertible through Sept. 30, 1958 at the rate of 0.7803 shares of common for each share of preferred. However, if any of the preferred stock is presented for conversion after Sept. 5, it will be too late for the resulting common shares to receive the common dividend of 20¢ per share, payable Oct. 1, 1958 to holders of record Sept. 5, 1958.—V. 188, p. 545.

**General Development Corp.—Earnings—Acquisition—**

Frank E. Mackle, Jr., President, in an address before a meeting of The New York Society of Security Analysts on Aug. 4, said in part:

"In the first half of this year ended June 30, 1958, gross sales were \$21,508,470, which created a net profit before taxes of \$6,528,649. After deducting Federal income taxes, this left a net profit of \$3,684,672, or \$1.61 a share, compared with 92 cents per share earned during the entire year of 1957."

"During the period, gross sales consisted of 21,430 lots amounting to about \$20,000,000, and completion of 162 homes approximating \$1,500,000."

"There is currently a backlog of more than 600 homes now under construction."

"At the end of June, accounts receivable amounted to \$28,474,891. Against this the company has set up a reserve for loss on collection period expenses of \$5,697,360. As in many time payment plans, there are some slow pay or delinquent accounts. It is significant to note that as of this time management has under consideration the writing off of a maximum of \$300,000 against the reserve of \$5,697,360. This figure amounts to little more than 1% of accounts receivable. Actually, the reserve of \$5,697,360 provided out of income is about equal to the total earnings reported for all of 1957 and the six months of 1958."

"In mid-May, Standard Products Co. commenced pilot plant production in its specially-constructed plant in Cleveland, Ohio. This work is progressing satisfactorily. Currently, management is about to conclude formal contracts with the Jervis Corp. of Grandville, Mich., for the use of General's chrome process on die-cast aluminum. Although contributions to income from this source are not expected to be of any consequence in the last half of this year, we believe that this process eventually may develop into a substantial producer of income."

"General Development Corp. has agreed to purchase a 25% interest in Florida Home Insurance Co."—V. 187, p. 1894.

**General Dynamics Corp.—Building Ninth Atomic Sub**

The keel for the nuclear-powered attack submarine Scorpion (SSN 589) was laid without ceremony on Aug. 20 in the south yard of this corporation's Electric Boat Division.

Scorpion is a sister ship to the shark-shaped Skipjack now being fitted out for sea trials at Electric Boat's dock.

Scorpion is the ninth atomic sub to be built by General Dynamics. The others are Nautilus, Seawolf, Squalo, and the killer sub Tullibee. Ballistic missile subs as yet unnamed, and the killer sub Tullibee. The first three are now operating ships of the Atlantic Fleet.

**Dedicates New Facilities—**

Two new industrial gas installations, valued at more than \$2,500,000, were dedicated on Aug. 14 in the San Francisco Bay area by the corporation's Liquid Carbonic Division.

The installations, at Oakland and San Carlos, Calif., raise the Liquid Carbonic Division's capital investments in the area to more than \$6,000,000. The Oakland plant will produce oxygen, nitrogen and argon. The San Carlos plant will produce hydrogen.—V. 188, p. 444.

**General Mills, Inc.—To Borrow Next Spring—**

Last year General Mills spent \$15,858,000 for plants and equipment. Company requirements for fixed facilities and working capital were financed by \$6,737,000 of reinvested earnings, \$6,300,000 depreciation charges and \$10,000,000 borrowed from Prudential Insurance Co. of America. Another \$10,000,000 will be borrowed from Prudential next Spring, under terms of a loan agreement negotiated on March 1, 1957.

Harry A. Bullis, Chairman, and Charles H. Bell, President, on Aug. 19 indicated the company's expanded and consistent capital investment program is expected to improve earnings in the years ahead. Though the needs for new funds will continue to be sizable, General Mills may be able to finance more of its future capital needs through reinvested earnings, they said.—V. 187, p. 1649.

**General Portland Cement Co.—Storey Chairman—**

Smith W. Storey has been elected to the newly created office of Chairman of the Board. Mr. Storey continues as President and Chief Executive Officer of the company. In a further action the board elected E. L. Gibson as Executive Vice-President. Mr. Gordon had been Vice-President in charge of engineering and operations.—V. 188, p. 348.

**General Precision Equipment Corp.—Unit Expands—**

Expansion of the products and services of a major subsidiary of this corporation and a name change to reflect the expansion were announced on Aug. 18 by Edwin A. Link, President. Effective at once, GPE Controls, Inc., will be the name of the former Askania Regulator Co.

GPE Controls will offer a broader line of engineering services and products for automatic process control to industry through expansion of its own products and services and by integration with certain products and technical services of three other GPE subsidiaries, Mr. Link said. The companies in this group are Librascope, Inc., of Glendale, Calif.; Link Aviation, Inc., Binghamton, N. Y.; and Kearfott Co., Inc., Little Falls, N. J.

Shand and Jurs Co., another General Precision subsidiary, will continue to serve the petroleum and pipe line industry. Compatibility of the products of Shand and Jurs and of GPE Controls is assured under the new program, Mr. Link said.

Products and services of GPE Controls will include the pneumatic, hydraulic, and electro-hydraulic process control systems formerly offered by Askania. In addition, through its liaison with the other GPE subsidiaries, the line will include analog and digital process control computers; data logging equipment; flow computers and integrators; analog-digital converters; and precision mechanical, electronic, and hydraulic components and subsystems.—V. 187, p. 2447.

**General Tire & Rubber Co.—New Truck Tire—**

A versatile new truck tire, constructed to function successfully under all the extremes of weather and road conditions, was announced on Aug. 22 by this company.—V. 188, p. 444.

**Genesys Corp., Los Angeles, Calif.—Expands Facilities**

This corporation which manufactures advanced control computer systems for the petroleum and chemical process industries, announced on Aug. 16 the completion of its Los Angeles facilities. The new modern brick structure contains 10,000 square feet of floor area.

Completion of the facilities will allow the corporation to expand its activities in the fields of control computer systems and allied proprietary products for both commercial and military applications.

**Gold Crown Mining Corp., Allegheny, Calif.—Hearing to Be Held on Suspension of Stock Offering—**

Pursuant to a request for hearing filed by this company, the Securities and Exchange Commission has ordered a hearing on Sept. 3 for the purpose of determining whether to vacate, or make permanent, an earlier order of the Commission temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 for a public offering of 40,000 shares of common stock at \$5 per share.

In its earlier suspension order, the Commission asserted, among other things, that the offering circular of the company contained false and misleading representations of material facts. At the hearing, inquiry will be conducted into these and related matters with a view to determining whether the suspension orders should be vacated or made permanent.—V. 187, p. 2906.

**Golden Hills Motor Hotel, Inc., Pendleton, Ore.—Files With Securities and Exchange Commission—**

The corporation on Aug. 11 filed a letter of notification with the SEC covering 1,600 shares of common stock to be offered at par (\$50 per share), without underwriting. The proceeds are for working capital.

**Great American Realty Corp., N. Y.—Registers With Securities and Exchange Commission—**

The corporation on Aug. 18 filed a registration statement with the SEC covering 484,000 shares of its 10c par class A stock. Of this stock, the company proposes to offer 400,000 shares and certain selling stockholders 40,000 shares, the remaining 44,000 shares being subject to option to be offered for the account of the underwriters. Public offering of the shares is to be made on a best efforts basis by an underwriting group headed by Joseph Mandell Co. and Louis L. Rogers Co. The public offering price and underwriting terms are to be supplied by amendment.

The company and its predecessor have been engaged, through wholly-owned subsidiaries, in the ownership and management of rental-income real estate in New York. They now own seven apartment buildings in New York.

Net proceeds to the company from its stock offering will be added initially to the company's working capital and, as opportunities present themselves from time to time, are intended to be used for the acquisition of additional rental-income properties.

The prospectus lists Arthur H. Baum as President and Treasurer, and Leonard Baum as Vice-President and Secretary. The selling stockholders are their wives, each of whom is selling 20,000 class A shares (13.1%). Mrs. Arthur H. Baum will continue to own 522,500 class B shares (47.5%); and Mrs. Leonard Baum will continue to own 150 class A and 425,000 class B shares (38.9%). The underwriters have an option to purchase 40,000 class A shares from the issuer and 4,000 shares from the selling stockholders at 10c per share.

**Great Northern Life Insurance Co., Fort Wayne, Ind.—Files With Securities and Exchange Commission—**

The company on Aug. 12 filed a letter of notification with the SEC covering 31,011 shares of common stock (par \$1) to be offered to stockholders on the basis of one new share for each seven shares, at \$3 per share. Warrants expire Sept. 20, 1958. Unsubscribed shares are to be offered to stockholders until Oct. 20, 1958, then to the public through Northwestern Investment Inc., Fort Wayne, Ind. The proceeds are for general funds to be used for expansion.—V. 187, p. 775.

**Gulf States Utilities Co.—Registers With SEC—**

The company filed a registration statement with the SEC on Aug. 14, 1958, covering \$17,000,000 of first mortgage bonds Series A, due 1988, to be offered for public sale at competitive bidding.

Net proceeds of the sale of the new bonds, together with cash on hand, will be used by the company to redeem and retire \$17,000,000 principal amount of first mortgage bonds, 4% series due 1987, callable at 106.20%, plus accrued interest. The company is said to be engaged in a construction program which will involve expenditures estimated at \$110,000,000 for the years 1958-59.—V. 188, p. 445.

**(C. M.) Hall Lamp Co.—Makes Acquisition—**

This company on Aug. 20 announced that it has purchased certain manufacturing assets of the Knight-Morley Corp. and has arranged to lease that firm's factory at Richmond, Mich.

Established in 1937, Knight-Morley is a manufacturer of automotive mirrors and other accessories. Its main office is in Detroit, Mich.

The financial details of the transaction were not disclosed but Harry D. Hirsch, Hall Lamp President, said that they did not involve the issuance of Hall Lamp company capital stock.—V. 187, p. 2334.

**Hanna Coal & Ore Corp.—Makes Investment—**

This corporation on Aug. 14 announced that it has purchased common stock of The M. A. Hanna Co. from the Hanna Fund, a charitable organization established by the late Leonard C. Hanna, Jr., and from the Cleveland Museum of Art, which received its stock as residuary beneficiary of Mr. Hanna's estate, for approximately \$21,000,000.

The purchase includes 40,600 shares of M. A. Hanna class A common stock, at \$113 per share, and 54,300 shares of M. A. Hanna class B common stock, at \$116 per share, from the Hanna Fund, and from the Museum of Art, at the same prices, were purchased 60,000 shares of class A stock and 30,000 shares of class B stock.

The M. A. Hanna Co. is concurrently offering to its stockholders the right to sell any of their "A" or "B" shares in The M. A. Hanna Co. at the same prices as paid for the stock from the two charitable organizations, and appropriate notices were mailed to them on Aug. 14.

The Hanna Fund continues to hold 50,000 shares of class A stock and 25,000 shares of class B stock. The Museum of Art continues to hold 20,000 shares of class A stock and 10,000 shares of class B stock.

The stock involved is part of that left by Mr. Hanna, who died in October, 1957. His estate was largely bequeathed to charitable and public purposes.

**Hercules Powder Co., Inc.—Film From "Pro-Fax"—**

Ludlow Papers, Inc., of Needham Heights, Massachusetts, announces the first commercial availability of polypropylene film, as well as several other new unsupported thermoplastic films resulting from new processing techniques. This marks the company's full-scale entry into the film market.

Ludlow's technique, called the "FLEX-I" process, introduces "PRO-PLANE," a film made from "PRO-FAX," Hercules Powder Co.'s polypropylene.—V. 188, p. 246.

**Home Finance Group, Inc.—Notes Sold Privately—**

The company has arranged to place privately, through R. S. Dickson & Co. Inc., an issue of \$2,000,000 promissory notes due July 1, 1970, it was announced on Aug. 18.—V. 188, p. 649.

**Hoover Ball & Bearing Co.—New President of Unit—**

Clarence A. Price has been named President of Unifloy, Inc., a subsidiary of Saline, Mich., effective Aug. 1, according to an announcement by Clifford H. Simmons, President of Hoover Ball & Bearing Co., the parent.

Mr. Price was formerly Vice-President of Unifloy Corp., and General Manager of its Unit Products Division.

Unifloy, Inc. manufactures tools, dies and special machinery. Included

in the fields served with their complete engineering and development facilities are the Die Casting and Balls and Bearings industries.—V. 188, p. 445.

### Hotel Corp. of America—Not Selling Hotels—

In answer to persistent rumors reporting the sale of hotels, the directors on Aug. 15 stated that no units in the company are presently in the market.

Specifically the board refused an offer of \$20,000,000 for the Plaza Hotel in New York from a leading hotel operator.

The high cost of construction of major downtown hotels, a field in which the corporation intends to stay, was given as the reason for the decline of the proposal.

The Plaza Hotel, while owned by HCA, is under lease to Hilton Hotels until March 1960.

### Announces Major Expansion Program—

A major expansion program featuring motor hotels throughout the U. S. was also announced on Aug. 15 by the corporation which announced its first moves into Canada and Puerto Rico.

The program involves nine units, either in new construction or in expansion of present or of facilities under construction. A total of 1,150 rooms, plus specialty restaurants, meeting rooms and other deluxe appointments at a cost of over \$15,000,000 are included.

Five of the units are new deluxe Charterhouse Motor Hotels. One is a partly opened deluxe motor hotel which will be converted to Charterhouse operation. A new Charterhouse Motor Lodge is also planned in Nyack, N. Y. Increase in size of the presently operating Charterhouse Motor Hotel in Newton, Mass., and the addition of more public facilities to the Royal Orleans Hotel now under construction in New Orleans, La., complete the new development.

The new Charterhouse Motor Hotels in the United States will be located in Alexandria, Va., a suburb of Washington, D. C.; in Buffalo, N. Y.; Anaheim, Calif., at the entrance to Disneyland; and in a suburb of Cleveland.

Another Charterhouse Motor Hotel is planned for Montreal, the first corporation unit in Canada. San Juan, Puerto Rico also will be the site of a new Charterhouse Motor Hotel, the first outside continental North America.

The five new Charterhouse Motor Hotels will be built by local syndicates and operated by Hotel Corp. of America on long term leases. The leasing arrangements generally provide for a 20-year basic period and three ten-year renewals.

Facilities at the Alexandria Charterhouse Motor Hotel include 234 rooms, restaurants, and a cabana club and swimming pool. The unit will be completely air conditioned and is scheduled for completion around Oct. 1. Funds for the Motor Hotel were arranged by Republic Funding Corp. for the owners, the Bren-Mar Hotel Co., Inc.

The Charterhouse Motor Hotel in Buffalo, N. Y., will be a unit of 100 rooms. It is being erected by a local syndicate.

The Anaheim, California Charterhouse Motor Hotel will have 200 rooms. In addition to the basic Charterhouse facilities, the new unit will also include specialty shops and meeting rooms.

The 160 room unit in a suburb of Cleveland will be a Charterhouse Motor Hotel, which will supplement the previously announced 150 room Charterhouse Motor Hotel in the same City.

The Canadian entry is a 100 room Charterhouse Motor Hotel in Montreal, Canada.

The 200 room San Juan Charterhouse Motor Hotel will include a specialty restaurant and swimming pool as part of the facilities.

Nyack, New York is the site of the 100 room Charterhouse Motor Lodge.

The presently operating 60 room Charterhouse Motor Hotel in Newton, Mass., a suburb of Boston is to be enlarged by 48 rooms. The Motor Hotel is now operating at more than 97% of capacity since its opening March 15.

Roger P. Sonnabend, Vice-President and General Manager of the Hotel Division, said that the new program is another major step forward in the corporation's plan to have 50 Charterhouse units operating throughout the country by 1960. It is part of the company's expansion into the big market for deluxe tourist facilities convenient to urban areas.

The Hotel Corporation of America is presently operating three motor hotels. The Queen City Motor Hotel in Bangor, Maine, is a unit of 103 rooms. The Charterhouse Motor Hotel in Newton has far exceeded expectations and is being expanded under the plan announced on Aug. 15. Vail's Motor Lodge in Kittery, Maine, has been having a very good summer.

Projects presently under construction include a 152 room Motor Hotel on New York Avenue in Washington, D. C. It is expected to open Oct. 1. A 100 room unit in Waltham, Mass. is to be opened in February 1959. A Motor Lodge of 70 rooms will soon go under construction in Annapolis, Md.

A Charterhouse Motor Lodge in Portland, Maine is in the planning stage. It is to have 70 rooms. Also in the planning stage is the Charterhouse Motor Hotel in Cleveland of 150 rooms.

The Charterhouse Motor Hotel in Hartford, Conn. has been indefinitely delayed.

Further Charterhouse Motor Hotels are under consideration in Indianapolis, Ind., Syracuse, N. Y., Dallas, Texas and Cambridge, Mass., and in Westchester County, N. Y.—V. 187, p. 574.

**Houston Corp.—Debentures and Stock Offered—Public offering of \$36,188,000 of 5% subordinated debentures due Aug. 1, 1968, and 1,809,400 shares of common stock (par \$1) was made on Aug. 20 in the form of units by an underwriting group headed jointly by Blyth & Co., Inc.; Lehman Brothers; Allen & Co., and Scharff & Jones, Inc. Each unit consists of \$100 debentures and five shares of common stock. The price per unit is \$150. This offering was oversubscribed and the books closed.**

The company is also selling at \$10 per share, through rights to its present shareholders, 818,333 shares of common stock and 575,869 shares of class A stock.

The company's pipeline subsidiaries, Coastal Transmission Corp. and Houston Texas Gas & Oil Corp., are selling at par to institutional investors an aggregate of \$107,400,000 principal amount of first mortgage pipeline bonds; 5½% series due 1979, viz.: \$68,200,000 by Houston Texas and \$39,200,000 by Coastal. This financing was also arranged by the four abovementioned underwriters.

**PROCEEDS**—These are the principal steps in a financing program designed to provide capital fund for the construction of a 1,500-mile natural gas pipeline system from the Gulf Coast producing areas of Texas and Louisiana to markets in peninsular Florida, the last major population area in the United States without natural gas service. The initial pipeline system will have a daily average delivery capacity to the Florida markets of approximately 282,000 mcf, designed for expansion with additional compressor facilities to a daily average delivery of approximately 411,000 mcf. The estimated cost of the initial facilities is approximately \$161,666,000 based on present costs, and the expansion to 411,000 mcf daily capacity is expected to cost around \$41,000,000.

**BUSINESS**—The Houston Corporation, which was incorporated in March, 1957, owns all of the stock of Coastal Transmission Corp. and Houston Texas Gas & Oil Corp. Coastal and Houston Texas have been authorized by the Federal Power Commission to construct and operate the pipeline facilities. The Houston Corp. has contracted to acquire at least 80% of the outstanding common stock of Jacksonville Gas Corp., which distributes manufactured gas in Jacksonville and is also acquiring the existing gas distributing systems serving Miami, Lakeland, Orlando and Winter Park. Houston will convert these distribution systems to serve natural gas as soon as the pipeline system is in operation.

### Houston Texas Gas & Oil Corp.—Bonds Placed Privately—

See Houston Corp. above.—V. 188, p. 148.

### Indiana & Michigan Electric Co.—Proposes Borrowings

This company has applied to the SEC for authorization to issue \$21,000,000 of unsecured promissory notes to a group of 10 banks; and the Commission has given interested persons until Sept. 4, 1958, to request a hearing thereon. The company has already borrowed \$2,500,000 and states that it may borrow an additional \$10,100,000 under an exemption from SEC approval. It seeks approval of the balance of the proposed borrowings. The funds will be used to pay part of the cost of the company's construction program, which is estimated to involve \$35,300,000 of expenditures during the last nine months of 1958.—V. 187, p. 882.

### Institutional Income Fund, Inc.—Registers With SEC

This New York investment company filed with the SEC an amendment on Aug. 19, 1958 to its registration statement covering an additional 3,000,000 shares of common stock, 1¢ par value.—V. 187, p. 1207.

### International Telephone & Telegraph Corp.—Sells Interest in Mexican Phone Firm—

### Koehring Co.—New Products Announced—

Emphasizing the out-door circus theme, this company will introduce 21 new pieces of equipment valued at more than \$1,000,000 during the Koehring New Products Show at the company's Test Area and Proving Grounds, on Sept. 9 and Sept. 10, Julien R. Steelman, President, has announced. The 140 acre tract, located 30 miles west of Milwaukee, Wis., will be used in its entirety in displaying the new equipment. On Sept. 8, prior to the two-day showing for distributors,

there will be a preview of all the machinery for investment bankers and the press.

Koehring Division distributors will see in operation for the first time seven recently developed machines. Leading off will be the "SKOOPER" which is a full revolving, free-swinging 2-yard loader expected to revolutionize the digging and loading industry. This will be followed by the 545 "SPRAWLER" a lift crane able to lift 14½ more than its own weight, up to 90,000 pounds, and an increased capacity version of the Koehring "Dumpror" the new model 100. Also scheduled for introduction are the new 30 and 35-ton truck cranes and a 3-axle "Cruiser" crane that lifts 25 tons and can travel 18 m.p.h. For concrete finishing, Koehring Division has added a transverse finisher to its paving chain.

In addition to this new equipment 18 current model machines, some recently placed in production, will be on display.

Kwik-Mix, Koehring Co.'s Port Washington, Wis., Division, will, at the same time, introduce and demonstrate to its distributors five new products consisting of (1) its recently acquired line of Ka-Mo earth boring tools; (2) a fork lift able to reach and lift 22 feet above the ground; (3) its improved model R-18 Moto-Bug and (4-5) two new 6 cubic feet and 9 cubic feet plaster-mortar-terrazzo mixers.

The new utility model 77 "Trenchliner" and improved model 310 "Trenchliner" will be demonstrated to their distributors by Parsons Co. as that Division's contribution to the Koehring "constant improvement" program. Also on hand will be model 150 and 155 "Trenchliners".—V. 188, p. 445.

### Expansion in Texas Announced—

Merger of the retail food chain operating as Wyatt Food Stores and Evans Food Marts in the Dallas-Fort Worth, Texas, area with The Kroger Co. was announced on Aug. 19 by Joseph B. Hall, Kroger President. There are 38 Wyatt stores and 6 Evans stores, which will continue to operate under the Wyatt and Evans names.

All of the stores are modern supermarkets with ample parking space. There are 24 stores in Dallas and 8 in Fort Worth, with the remainder in the following Texas communities: 2 in Grand Prairie, 2 in Arlington, and one each in Denton, Waxahachie, Garland, Richardson, Farmer's Branch, Irving, Gainesville, and Wichita Falls. At present these stores are serviced from the Wyatt warehouse and offices in Dallas.

Construction is scheduled to start early next year on a modern distribution center in nearby Irving, Texas, to replace the present headquarters.—V. 188, p. 350.

### Ling Electronics, Inc.—To Redeem Debentures—

The corporation has called for redemption on Sept. 30, 1958 all of its outstanding \$359,100 6½% convertible debentures due Dec. 1, 1966, at 105% plus accrued interest. Payment will be made at the Mercantile National Bank, Dallas, Texas.

Debentures may be converted into common stock at \$3.75 per share until the close of business Sept. 30.—V. 188, pp. 547 and 50.

### Lockheed Aircraft Corp.—Unit Awarded Contract—

Trans Caribbean Airways, Inc. has awarded Lockheed Aircraft Service-International a new \$2,000,000 contract for the maintenance and overhaul of the TCAI fleet of DC-6B and DC-4 aircraft at the LASI New York International Airport base.

Covering maintenance of two DC-6B and one DC-4 aircraft, the contract is for a period of five years. A third DC-6B will be integrated into the operation in September.—V. 188, p. 446.

### (M.) Lowenstein & Sons, Inc.—Unit to Halt Operations at New Bedford Mill—

Donald B. Tansil, President of Wamsutta Mills, a subsidiary, announced on Aug. 19 that operations at its plant in New Bedford, Mass., will be discontinued some time during the latter part of the year. Production will be continued and expanded at affiliated plants in the south that have been manufacturing Wamsutta products.—V. 187, p. 2550.

### Lucky Stores, Inc., San Leandro, Calif.—Merger—

The directors of this corporation and Hiram's, Inc., of Los Angeles County, have approved an agreement to combine the operations of the two food chains, it was announced on Aug. 18.

When negotiations are completed, it is planned to operate Hiram's as a subsidiary, apart from the Jim Dandy Division of Lucky, which has 10 supermarkets in Los Angeles County. The addition of Hiram's to the Lucky Group will raise sales volume to an annual rate in excess of \$180,000,000.

The agreement has received the unanimous approval of Hiram's stockholders.

Hiram's, Inc. was founded in 1939 and its sales currently are running at a rate of more than \$25,000,000 a year in six supermarkets. They are located in some of the largest new residential areas in Los Angeles, including Lynwood, Lakewood, Lakewood Plaza, West Covina and La Mirada. Several additional locations are under consideration. When the Hiram's stores are linked to the chain, Lucky stores will operate 110 supermarkets from Seattle to San Diego. The most recent addition to the Lucky Group was the Big Bear Markets in the Seattle-Tacoma area.—V. 186, p. 1630.

### Macomber, Inc., Canton, O.—Expansion—Sells Notes

Expansion plans, to extend manufacture, sales and service of Macomber's famous V-line of structural steel products in the heavily industrialized mid-continent area, were announced by Robert Macomber, President, on Aug. 20.

The company has purchased the assets of Rock Island Bridge and Iron Works, Inc., located at Rock Island, Ill. on the Mississippi River. The purchase was made through Macomber's new wholly-owned subsidiary, the Rock Island Steel Co. The plant will be adapted to include manufacture, sales and service of Macomber products and the manufacture of bridge and other steel building products will be continued.

To finance the purchase of the assets, Macomber Incorporated is issuing \$1,000,000 of 10-year 6% notes with nondetachable stock purchase warrants. The securities will be offered, to Ohio residents only, by The Ohio Company, Columbus, Ohio investment banking firm.

The notes, priced at \$1,000 per \$1,000 note, plus accrued interest, will be offered in \$500 and \$1,000 denominations, to yield 6% annually. Holders of the notes will be entitled to buy Macomber common stock on the basis of 50 shares per \$1,000 note. Price per share, up to May 1, 1960, will be \$17.75; thereafter to Nov. 1, 1962, the price will be \$20.50 per share.

Pro forma sales and earnings of Macomber and Rock Island, combined, show that net sales have increased approximately 3½ times from 1952-1957; net income before taxes have more than doubled in the same period.

Robert Macomber is Chairman of the Board of the new subsidiary and Charles R. Roberts, President of Rock Island for many years, is President of the new company. Stanley Macomber, founder of the steel fabricating company which bears his name, and designer of many of its patented products, is Chairman of the Board of Macomber Incorporated.—V. 186, p. 1849.

### Martin Co.—New Space Flight Division Created—

Creation of a new Space Flight Division of this company to direct a six-company team developing the Air Force Dyna-Soar boost-glide aircraft was announced on Aug. 12 by George S. Trimble, Jr., Vice-President, who will serve as general manager of the division with headquarters in Baltimore.

Dyna-Soar is America's first vehicle designed for long periods of uncontrolled space flight; its intended mission being to circle the earth non-stop one or more times as a reconnaissance or bombing craft before landing at any suitable airport selected by the pilot. It will be propelled by a combination of rocket engines which are expected to enable it to operate from ground level to space altitudes.

Members of the Martin Dyna-Soar team are Bell Aircraft, Bendix Aviation Corp., Minneapolis-Honeywell Regulator Co., Goodyear Aircraft Corp., American Machine & Foundry Co., and The Martin Co. The presidents of the six member companies form a special consulting and advisory board on the project.

The Dyna-Soar development contract, awarded to the Martin team last June, is being managed jointly by the Air Force and the National Advisory Committee for Aeronautics (NACA). A similar, competitive

contract was let at the same time to a second industry team headed by the Boeing Airplane Co. and an Air Force-NACA choice between the two programs will be made—probably within a year—as to whose version of the Dyna-Soar goes into production.

Bell, a pioneer investigator in the boost-glide field, will design and build the airplane portion of the vehicle.

Bendix will work on communications systems, telemetry systems, hydraulics, electrical power conversion, cabling and electric connectors.

Goodyear will develop the crew-escape capsule system and radar system, including special materials for the radomes (coverings which protect the delicate radar equipment yet permit it to operate properly).

Minneapolis-Honeywell has the task of developing guidance and navigation systems that will keep Dyna-Soar on course and constantly supply position and velocity information visually to its crew.

American Machine and Foundry's role in the program is to design and manufacture ground-handling and launching equipment for the vehicle.

Martin will establish the configuration and design of the rocket boosters, carry out an experimental aerodynamic program for the complete vehicle and assemble a full-scale mockup.

The name Dyna-Soar is a contraction of the words "dynamic soaring" and indicates that the vehicle will use a combination of centrifugal force, such as is employed to put artificial satellites in orbit, and conventional aerodynamic or airplane lift to stay aloft in its controlled globe-girdling flights.

Unlike the currently planned "lunar probes" and certain satellite rockets—which have used or modified "off-the-shelf" components—Dyna-Soar is the first American space project of new basic design to receive an official go-ahead since the launching of the first Soviet Sputnik in October, 1957. It is also the first announced project specifically designed to make possible prolonged pilot-controlled space flight.—V. 188, p. 446.

#### Mason Mortgage & Investment Corp., Washington, D. C.—Registers Proposed Financing—

This corporation filed a registration statement with the SEC on Aug. 20, 1958, covering \$6,000,000 of warranty and repurchase agreements and 5,000 shares of cumulative preferred stock, 6% dividend series, \$200 par.

The principal business of the company is the purchase for resale of whole second mortgage notes secured by mortgages on improved real estate. In connection with each mortgage note it sells, the company will offer a warranty and repurchase agreement. Such agreement, which runs for an initial period of three years, provides in substance that if a default on a mortgage note covered thereby continues for 45 days, the company will repurchase such mortgage note for the full amount of the holder's investment, less any principal payments received, the holder retaining all interest payments received prior to default. These agreements will be offered only in connection with the sale of mortgage notes.

The 5,000 shares of preferred stock will also be offered, at \$200 per share, principally to holders of whole mortgage notes and related warranty agreements, although the company reserves the right to offer such stock to others. Net proceeds of the sale of the preferred stock and from the sale of mortgage notes with accompanying warranty agreements will be added to the general funds of the company and used principally for the purchase of additional mortgage notes for resale to others. The company was organized under Delaware law in 1954. Edward Mason is listed as President and principal stockholder.—V. 182, p. 2131.

#### McLean Industries, Inc.—Warrant Agent Appointed—

City Bank Farmers Trust Co., New York, N. Y., has been appointed Agent in connection with the exercise of warrants to purchase 180,000 shares of A common stock (1 cent par value) of McLean Industries, Inc., and 80,000 shares of capital stock (\$1 par value) of Coastal Ship Corp., commencing Sept. 1, 1958. Warrants expire on Feb. 28, 1967.—V. 187, p. 2842.

#### Mexico Refractories Co.—To Build New Plant—

Construction of a complete new \$2,000,000 refractories plant near Stockton, Calif., was authorized by the directors on Aug. 16. The board also announced that a \$1,000,000 modernization of its Mexico, Mo., plant would be completed by the end of 1958.

Second quarter earnings of 34 cents per share, compared with 23 cents for first quarter, show quite an increase and the outlook, depending upon the percent of increase in steel production, is for additional improvement in the second half of 1958.—V. 185, p. 2334.

#### Minute Maid Corp.—Reports Profit—

The corporation on Aug. 18 reported consolidated earnings of \$3,102,722 after taxes, for the first nine months of its current fiscal year which ends Oct. 31, 1958. Per share earnings for the period were \$1.95 on 1,594,504 shares of common stock outstanding. During the corresponding period of its preceding fiscal year the company incurred a net loss of \$894,897 from its consolidated operations.

Sales during the nine months totaled \$77,022,177 as compared with sales of \$83,219,713 for the like 1957 period.

Earnings before taxes for the 1958 period amounted to \$6,467,722 and provision for taxes was \$3,365,000. This compares with a loss of \$1,814,897, before giving effect to a tax credit of \$920,000, for the first nine months of 1957.

John M. Fox, President, said the remaining inventories of the company's line of Snow Crop fruits and vegetables were being liquidated much faster than anticipated. Minute Maid, on Nov. 1, 1957, franchised its Snow Crop frozen fruits and vegetables to Seabrook Farms, Inc. Minute Maid will use \$5,642,500, representing a portion of the proceeds from this liquidation, to repurchase and retire \$11,285,000 face value of its 4% debentures prior to the end of the current fiscal year on Oct. 31, 1958.—V. 188, p. 351.

#### Missile Oil Corp., Los Angeles, Calif.—Hearing to Be Held on Suspension of Stock Offering—

Pursuant to a request for a hearing filed by this company, the Securities and Exchange Commission has ordered a hearing on Sept. 4 for the purpose of determining whether to vacate, or make permanent, an earlier order of the Commission temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 for a public offering of 300,000 shares of common stock at \$1 per share.

In its earlier suspension order, the Commission asserted, among other things, that the offering circular of the company contained false and misleading representation of material facts. At the hearing, inquiry will be conducted into these and related matters with a view of determining whether the suspension order should be vacated or made permanent.—V. 188, p. 351.

#### Mississippi River Fuel Corp.—Registers With SEC—

The corporation filed a registration statement with the SEC on Aug. 15, 1958, covering 337,052 shares of its \$10 par common stock, to be offered pursuant to the company's Restricted Stock Option Plan to certain officers and key employees of the company and its subsidiaries.—V. 187, p. 2842.

#### Mohasco Industries, Inc.—Earnings Higher—

This corporation on Aug. 20 announced increased earnings for the first six months of 1958 compared with the similar 1957 period despite an approximate 15% decline in sales. The improved earnings resulted from decreases in raw material prices and from a continuing program of cost reduction.

Net sales totaled \$44,128,697 compared with \$51,642,878 in the similar 1957 period.

Net earnings totaled \$2,015,840 or 60 cents per share of common stock after deducting preferred stock dividends, compared with \$1,321,709 or 37 cents per share in the similar 1957 period.

Herbert L. Shuttleworth, 2nd, President, reported that short term bank loans were reduced to \$8,000,000 at the end of June as compared to \$13,000,000 at year end. He further stated that since June 28 \$3,000,000 more has been paid on these notes, bringing the present balance to \$5,000,000.—V. 186, p. 2051.

#### Motorola, Inc.—Announces New Products—

Another step towards the wrist radio concept of personal communications has been accomplished in the new "Handie-Talkie" Pocket

Receiver, and accompanying "Handie-Talkie" Pocket Transmitter, introduced by this corporation.

A gigantic step towards a completely transistorized two-way mobile radio has also been achieved by Motorola in its new MOTRAC radio-telephone, a mobile radio more advanced than any other ever developed.—V. 188, p. 650.

#### National Steel Corp.—Registers With SEC—

The corporation filed a registration statement with the SEC on Aug. 15, 1958, covering 93,000 shares of its capital stock, to be offered pursuant to the company's Stock Investment Plan for Salaried Employees to eligible employees of the company and subsidiaries.—V. 188, p. 651.

#### National Union Insurance Co.—Reports Improvement—

Operations of National Union Insurance Companies for the first six months of 1958 showed a profit of \$159,443 before income taxes, William MacLean, President, revealed on Aug. 18. This compared with an operating loss of \$261,648 for the first half of 1957.

Net investment income in the latest period was \$1,200,191, compared with \$1,145,389 for the 1957 period.

A statutory underwriting loss of \$1,959,533 for the first half of 1958 compares with a loss of \$2,126,118 for the 1957 first six months. Mr. MacLean stated that "results for the first quarter were disappointing due in large measure to the severity of weather conditions experienced in the early part of the year." He added that results improved considerably in the second quarter which he said was "better than any quarter of 1957."

Net premiums written amounted to \$22,740,732 in the 1958 first half as against \$22,149,344 for the comparable 1957 period.

The ratio of losses and loss expenses to premiums earned was 65.3% for the 1958 period as against 64.8% a year ago. Underwriting expenses were 43.4% of premiums written, compared with 42.2% for the 1957 period.

Policyholders' surplus at June 30, 1958 stood at \$25,457,915 compared with \$24,353,930 at the end of 1957. Total consolidated assets were \$85,534,578 at the end of the 1958 first half, an increase of \$2,400,501 over the year-end figure of \$83,134,077. Liquidating value was \$64.67 per share at June 30, 1958 as against \$61.69 per share at the end of 1957.—V. 140, p. 2192.

#### New England Telephone & Telegraph Co.—Action on Refunding Proposal Postponed—

Erskine N. White, President, on Aug. 20 stated that in view of present market conditions the company has decided not to proceed with its plan for sale of \$40,000,000 of 34-year debentures and for the redemption of its \$40,000,000 first mortgage 4½% series B bonds. Bidding on the debenture issue had been scheduled for Aug. 20.—V. 188, p. 651.

#### New York State Electric & Gas Corp.—Earnings Higher—

This corporation on Aug. 21 reported that the balance of net income available for common stock was equivalent to \$3.55 a share for the 12 months ended July 31, 1958, as compared to \$2.98 a share for the 12 months ended July 31, 1957. Such net income per share includes 36c and 26c, respectively, as a result of reduction of Federal income taxes attributable to the use of accelerated depreciation for Federal income tax purposes.

Pending determination by the New York P. S. Commission of the accounting to be followed with respect to the reduction in Federal income taxes resulting from the use of accelerated depreciation in computing such taxes, the company is using the amount of such reductions to further its current construction program.

The earnings per share are calculated on the basis of 3,337,475 shares of common stock outstanding at the end of both periods.

Gross revenues were \$94,129,202 for the 12 months ended July 31, 1958, as compared to \$85,682,223 for the 1957 period.

Net income after fixed charges and before dividends on preferred stock was \$13,430,295 for the 12 months ended July 31, 1958, as compared to \$11,547,492 for the previous 12 months' period.—V. 188, p. 651.

Norfolk & Western Ry.—Equipment Trust Certificates Offered—Salomon Bros. & Hutzler and associates offered on Aug. 21 \$2,310,000 of 3½% equipment trust certificates (non-callable), due semi-annually Oct. 1, 1958 to April 1, 1973, inclusive. The second and final installment of an issue aggregating \$7,080,000, the certificates were scaled to yield from 2% to 4.10%, according to maturity. They were awarded to the group on Aug. 20 on its bid of 98.397%.

Halsey, Stuart & Co. Inc. bid 98.32% for the certificates, also as 3½s.

Issuance and sale of the certificates are subject to authorization of the Interstate Commerce Commission.

The entire issue of certificates is to be secured by 30 Diesel-electric locomotives and 420 hopper cars, estimated to cost \$9,440,770.

Associates in the offering are: Drexel & Co.; Eastman Dillon, Union Securities & Co.; and Stroud & Co. Inc.—V. 188, p. 548.

#### Norris-Thermador Corp.—Awarded Military Contracts

Kenneth T. Norris, President, on Aug. 13 announced the receipt of contracts in excess of \$1,600,000 for ammunition and missile products. The awards include contracts for Navy cartridge cases which exceed \$1,200,000, and a contract for tooling of a cartridge case plant to be established on Formosa by the U. S. Government.—V. 188, p. 447.

#### North American Resources Corp., Reno, Nev.—SEC Orders Delisting of Stock—

In a decision announced on Aug. 21, the Securities and Exchange Commission ordered the withdrawal of the common stock of this corporation from listing and registration on the Salt Lake Stock Exchange for failure to file a report concerning a 6,750,000-share transaction and for filing a proxy statement containing materially false and misleading information.

North American Resources stock was listed and registered on the Exchange in 1935 (when it was called Miners' Gold Mining Co.). According to the Commission's decision, Arthur L. Damon, Sr., acquired control of the company in April or May, 1956, through the purchase with certain associates of approximately 300,000 common shares of the 2,000,000 shares then authorized and outstanding. The company was then dormant. At a special stockholders meeting on Oct. 12, 1956, the authorized shares were increased to 10,000,000 shares and the present name was adopted. In December 1956, 6,750,000 of the newly authorized shares were issued in exchange for the assets of Reno Mines, Inc., a company which had been organized by Mr. Damon, consisting of two properties in California known as the Garnet Hill and Eldorado mines. Failure to report this material transaction violated the Commission's reporting requirements.

The Commission also ruled that information concerning this transaction contained in the proxy statement filed in September 1956 seeking stockholder approval of the increase in authorized common shares was false and misleading. This proxy statement stated that a portion of the new shares would be traded or exchanged for oil and gas leases, royalties and mining properties. In this connection it stated: "However, no negotiations in this respect have been undertaken and the Board of Directors does not presently have in mind any specific properties for acquisition. In addition, there have been no plans, agreements or discussions concerning the present program of expansion or acquisitions in which the company or its officers and directors or any prospective officer or director have been or are now engaged."

However, according to the Commission's decision, shortly after Mr. Damon purchased the stock of North American Resources and well in advance of the date when the proxy statement was distributed, he formulated a plan for the acquisition by North American Resources of the Garnet Hill and Eldorado mines. These were ultimately culminated in October 1956, shortly after the stockholders voted to approve the increase in authorized shares. Instead of having the properties transferred directly to North American Resources, Mr. Damon caused them to be first transferred to Reno Mines, which prior to that time was a corporate shell with no properties and no outstanding securities. Reno Mines thereupon transferred the mines to North American Resources for 6,750,000 shares of the latter's stock. These shares then were distributed to Reno Mines' stockholders, including Mr. Damon and

members of his family and E. J. Gunther, an associate of Mr. Damon's in the latter's purchase of North American Resources stock and who had lent Mr. Damon \$10,000 to finance his purchase of such stock. Failure to disclose this and related information in the North American Resources proxy statement violated its proxy rules, the Commission stated.

#### Ohio Power Co.—Proposes Borrowings From Banks—

This company has applied to the SEC for authorization to issue \$40,000,000 of unsecured promissory notes to a group of ten banks; and the Commission has given interested persons until Sept. 4, 1958 to request a hearing thereon. The company has already borrowed \$13,000,000 and states that it may borrow an additional \$3,700,000 under an exemption from SEC approval. It seeks approval of the balance of the proposed borrowings. The funds will be used to pay part of the costs of the company's construction program which, it is estimated, will amount to \$22,000,000 for the last six months of 1958 and \$30,000,000 for the first six months of 1959.—V. 186, p. 2477.

#### Pacific Automation Products, Inc., Glendale, Calif.—Registers With Securities and Exchange Commission—

The company filed a registration statement with the SEC on Aug. 19, 1958, covering 125,000 shares of its \$1 par capital stock, to be offered for public sale through an underwriting group headed by William R. Staats & Co. The public offering price and underwriting terms are to be supplied by amendment.

Organized in 1955, the company is engaged primarily in the manufacture and sale of custom electronic cabling, in the design and production of complete cabling systems for missile launching and testing sites, and in the installation of such systems and related instrumentation.

Net proceeds of this financing will be added to its general funds. The company expects to apply some \$274,500 of the proceeds to retire outstanding short-term bank loans incurred for the purpose of providing working capital needed for its recent growth. In addition, the company expects either to lend up to \$200,000 of the proceeds or to guarantee bank loans of up to that amount for the purpose of financing in part the operations of its 80% owned subsidiary, Space Electronics Corp. The balance of the proceeds will be used for general corporate purposes.

#### Pennsalt Chemicals Corp.—New Rocket Fuel Oxidizer

This corporation is now able to disclose the utility of perchloryl fluoride as a rocket fuel oxidizer, it was announced on Aug. 14. It is the industry's first oxidizer specifically designed for rocketry, and offers important advantages in storability, stability, and superior performance.—V. 187, p. 2909.

#### Pennsylvania Power Co.—Bond Financing Cleared by Securities and Exchange Commission—

The SEC has issued an order authorizing this company to issue and sell, at competitive bidding, \$3,000,000 of first mortgage bonds, with 30-year maturity. Net proceeds, together with treasury funds, as required, will be applied to the redemption of the \$8,000,000 of presently outstanding first mortgage bonds, 5% series due 1987, at the redemption price of 105.78% of principal amount if redeemed on or before Sept. 30, 1958, or at 105.58% if redeemed thereafter.

This company at the office of Commonwealth Services, Inc., 300 Park Ave., New York 22, N. Y., will subsequent to Aug. 26 receive bids for the purchase from it of \$8,000,000 first mortgage bonds.—V. 188, p. 588.

#### Peoples Gas Light & Coke Co.—Rights Offer to Be Underwritten—

An underwriting group managed jointly by Glore, Forgan & Co. and The First Boston Corp. will conduct the previously-announced public offering of about \$17,000,000 of additional capital stock.

An initial offering of subscription rights is expected to be made to stockholders in October. The price will be set at a later date.—V. 188, p. 588.

#### Peruvian Oils & Minerals Ltd. (Canada)—Stock Offered—Doolittle & Co., Buffalo, N. Y., and Davidson Securities Ltd., Toronto, Canada, on Aug. 18 publicly offered 200,000 shares of capital stock (par \$1) at \$1.12½ per share (Canadian currency).

PROCEEDS—The net proceeds from the sale of the shares will be added to the general funds of the company, which had net current assets as of April 10, 1958, of approximately \$325,500. This increase is considered desirable in order to provide funds to defray expenses (including taxes) of keeping the company's concessions in good standing, and the cost of exploration and development work such as geophysical surveys, and drilling. The company estimates that its expenses for a period of one year from the date hereof to keep the concessions in good standing, to pay its portion of the cost of seismographic surveys and other geological work to be carried out in the Oriente Zone, and to maintain its Toronto, Ontario and Lima, Peru offices, will be approximately \$217,000. An additional \$35,000 will be required to purchase a 46.7% interest in a company to be organized in Peru.

BUSINESS—The company was incorporated on May 8, 1952 as a limited company under the laws of the Province of Ontario, for the purpose of engaging in exploration for oil and minerals, particularly in Peru, and has acquired concessions from the Republic of Peru for the exploration and exploitation of oil. These concessions are located in the Oriente Zone east of the Andes, in localities believed to have oil possibilities. Scientific exploration of these concessions was begun in 1955. The company previously held concessions in the Secura Desert in the Coastal Zone of Peru which were abandoned at the end of the three year exploratory period.

In 1957 the company organized Marchant Mining Co. Ltd., at present 56.5% owned, to conduct mining operations in Canada. This subsidiary acquired mining claims containing a substantial tonnage of nickel ore. In view of current market conditions for nickel ore, the company's interest in Marchant is not at present considered material in relation to its total assets.

The company has also agreed to purchase for \$35,000 a 46.7% interest in a company to be organized under the laws of Peru to explore

mineral concessions in the Perene Colony in Central Peru. Peruvian Transport Corp. has also agreed to purchase 50% of the stock of this company.

**Prairie Fibreboard Ltd., Saskatoon, Saskatchewan, Canada—Registers With SEC**

The company filed a registration statement with the SEC on Aug. 18, 1958, covering 209,993 shares of \$1.50 par common stock. It is proposed to offer this stock for public sale at \$3 per share. 65,907 shares have been reserved for sale at \$3 per share. The offering is to be made in Canada by Allied Securities Ltd., promoter of Prairie Fibreboard, and United Securities Ltd., both of Saskatoon. The offering in the United States is to be made only in North Dakota; and this offering is to be made by United Securities. The underwriting commission is to be 60¢ per share.

The company was organized in 1956. It proposes to engage in the business of manufacturing pulp and paper products from various kinds of pulp including wood and straw. The prospectus indicates that 3,105,914 shares of its stock have been subscribed for. 650,000 shares are to be issued to Allied Securities in exchange for properties, of which amount 492,500 shares are presently held in escrow. Net proceeds of the sale of stock, the subject of this offering, are to be used to pay for the erection of a plant for the manufacture of fibreboard for building purposes, the total estimated cost of which is \$2,970,000. Due to higher construction and machinery costs the management anticipates additional capital expenditures of \$540,000 over and above this estimated cost. The use of the proceeds of the present offering will be to continue the construction program, and provide working capital.—V. 187, p. 1694.

**Producing Properties, Inc. (Tex.)—Notes Placed Privately**—The company is reported to have sold \$1,000,000 of long-term promissory notes due 1969 to a large investment company.—V. 187, p. 1898.

**Provident Security Life Insurance Co., Phoenix, Ariz.—Files With Securities and Exchange Commission**

The company on Aug. 12 filed a letter of notification with the SEC covering 93,259 shares of common stock (par \$1) to be offered at \$2 per share, without underwriting. The proceeds are to be used for expenses incidental to the operation of an insurance company.—V. 180, p. 2740.

**Public Service Electric & Gas Co.—Bonds Offered**—The First Boston Corp. and associates on Aug. 21 offered an issue of \$60,000,000 first and refunding mortgage bonds, 4 1/2% series, due Aug. 1, 1988, at 102.046% and accrued interest to yield 4.50% to maturity. The group was awarded the issue at competitive sale Aug. 20 on a bid of 101.1699%.

Halsey, Stuart & Co. Inc. bid 100.9599 for the bonds, also as 4 1/2%. The new bonds are redeemable at the option of the company at regular redemption prices ranging from 106.55% for those redeemed prior to Aug. 1, 1959, to 100% for those redeemed on or after Aug. 1, 1957; and at special redemption prices ranging from 102.05% for those redeemed prior to Aug. 1, 1959, to 100% for those redeemed on or after Aug. 1, 1957.

**PROCEEDS**—Net proceeds from the sale of the new bonds will be added to the general funds of the company and applied to the payment before maturity of \$10,000,000 of unsecured bank loans and to the payment of a portion of the cost of its current construction program, which is expected to total \$290,000,000. Of this amount, the company estimates that about \$96,000,000 has been or will be expended in the last seven months of 1958.

**BUSINESS**—Company is an operating public utility company engaged in the electric and gas business in New Jersey. In addition, it owns all the outstanding capital stock of Public Service Coordi-

nated Transport, which operates a comprehensive mass bus transportation system that serves areas in New Jersey and extends into New York City, Philadelphia and Wilmington.

**EARNINGS**—During the 12 months ended May 31, 1958, total operating revenues of the company amounted to \$332,866,588 and net income to \$34,565,993, compared with total operating revenues of \$322,488,939 and net income of \$34,384,882 for the calendar year 1957.

**CAPITALIZATION**—Giving effect to the sale of the new bonds, capitalization of the company will be \$623,326,000 in long-term debt; 999,995 shares of cumulative preferred stock, par \$100; 2,534,415 shares of \$1.40 dividend preference common stock, no par value; and 12,209,728 shares of common stock, no par value.

**PURCHASERS**—The purchasers named below have severally agreed to purchase from the company the following respective principal amounts of the new bonds:

**Radio Corp. of America—Develops Portable Color TV System for Closed-Circuit Uses**

A fully transistorized portable color television system using so little power that it can be operated from automobile-type storage batteries has been developed experimentally by scientists of this corporation. Dr. V. K. Zworykin, Honorary Vice-President of RCA, announced on Aug. 11.

The laboratory system, contained in two compact units weighing a total of only 65 pounds, uses 75 watts less power than the sealed-beam headlights of an automobile and can be run either with batteries or a fixed power supply.

The system is designed for closed-circuit applications in industry, defense, education and research.—V. 188, p. 448.

**Reliance Stores Corp.—Reports Earnings**

This corporation and subsidiaries for the six-months ended July 31, 1958, report net sales of \$10,933,820, compared with \$12,734,746 in the corresponding 1957 period. Net earnings in the current six months amounted to \$74,667, equal to 13¢ per share, compared with 12¢ per share of common stock currently outstanding, compared with \$311,766, or 52¢ per share in the 1957 period, based on the 596,601 shares then outstanding.

Net sales in the 1958 July quarter were \$6,017,157, compared with \$6,927,499 a year earlier. Net earnings in the respective quarters were \$102,258, or 17¢ per share, and \$200,692, or 34¢ per share.—V. 187, p. 2844.

**Reliance Insurance Co., Philadelphia, Pa.—Acquisition**

The company had purchased over 95% of the outstanding stock of The Hoosier Casualty Company. It was stated that Reliance has also offered to purchase the remaining shares outstanding and they are in process of contacting the shareholders of The Hoosier Casualty Co.

The Hoosier Casualty Co. was organized in 1907, incorporated in 1920, and is presently engaged in the casualty business in eleven states. Currently the company has assets in excess of \$8,000,000, with policyholders' surplus of over \$3,500,000. Net premium volume in 1957 was \$8,350,000.

It is not contemplated that The Hoosier Casualty Co. will be merged with either the Reliance Insurance Co. or its wholly-owned subsidiary, General Casualty Co. of Wisconsin.—V. 186, p. 1307.

**Remington Arms Co., Inc.—Earnings Lower**

This company announced on Aug. 11 that its consolidated net income for the six months ended June 30, 1958, after provision for Federal income taxes, was \$1,940,000. This compares with net income of \$2,789,000 for the same period of last year.

After dividends on preferred stock, net income on common stock was 25 cents a share, compared with 36 cents per share for the same period last year.—V. 187, p. 927.

**Republic Aviation Corp.—Works on Space Engine**

Initial development of a revolutionary outer-space engine designed to propel men beyond the moon to the planets was revealed on Aug. 18 by this corporation.

Scientist Alfred Kunen said that his company has completed preliminary work on a "magnetic pinch plasma engine" for space ships. He said the first experimental apparatus is already in operation at the firm's laboratories.

"We have concluded basic theoretical investigations and design of this engine," Mr. Kunen said, "and are now running laboratory tests. Completion of this experimentation would lead naturally to detailed design of an operating powerplant."

The "plasma pinch" engine under development at Republic, and for which patents are pending, would use a heavy gas like liquid oxygen and turn it into a plasma—a fourth state of matter evolving from gases in which the molecules are broken into electrons and positive ions. This provides tremendous power for a comparatively small amount of fuel, he said.

Secret of the plasma engine is a method of compressing and accelerating a fluid in a cylindrical magnetic field and shooting plasma out the rear at tremendous velocities. Unlike the proposed ion engine which accelerates ions and negative particles in separate streams, the plasma engine utilizes the intermingled particles in a single jet thrust. It can also operate on fuels more readily available than those required for the ion engine and attains greater thrust, Mr. Kunen said.

The space ship would be accelerated through the earth's atmosphere and into orbit around the earth with either conventional or nuclear rockets. Once in orbit, the space ship's plasma engine would become active, propel the craft out of orbit and into an inter-planetary flight path. The space ship at this point becomes a man-made powered planet, affected like other planets only by the gravitational pull of the sun.

Republic's engine would continue to operate intermittently, propelling the space ship on a proper path, allowing it to coast for thousands of miles, then providing another power spurt.

Final phase of the journey would be to orbit around Mars, scanning the planet and relaying data to Earth.

Alexander Kartveli, Vice-President for research and development, said that the plasma engine project and the problems of space vehicles and re-entry are part of the \$35,000,000 research program which the company has embarked on to advance man's entry into space. He said the program includes a \$14,000,000 research and development center with specialized space equipment to tackle just such problems as these.—V. 188, p. 448.

**Retall Drug Co.—Acquires California Concern**

The purchase by this company of the Chemtrol Co. of Lynwood, Calif., has been announced by Justin W. Dart, President.

"Chemtrol manufactures a complete line of plastic, non-corrosive valves. These plastic valves together with plastic pipe and fittings manufactured by the Kraloy Plastic Pipe Co., also a subsidiary of Retall, will complete a well rounded line," Mr. Dart stated.—V. 188, p. 589.

**(R. J.) Reynolds Tobacco Co.—To Redeem Preferred**

The company has called for redemption on Oct. 1, 1958 all of the outstanding 260,000 shares of its 4 1/2% preferred stock at \$101 per share, which includes the premium of \$1 per share. Payment will be made at The Chase Manhattan Bank, 43 Exchange Place, New York 15, N. Y.—V. 187, p. 1838.

**(I.) Rokeach & Sons, Inc.—Proposed Acquisitions**

This corporation has signed an agreement to acquire from Exquisite Form Brassiere, Inc., a leading manufacturer of ladies' undergarments, the latter's option to purchase Sif Skin, Inc., of New York and Island Industries, Inc., of Puerto Rico, which manufacture and sell patented seamless women's girdles.

In announcing the agreement, which is subject to approval by Rokeach shareholders at a stockholders' meeting to be held for its ratification, Ben C. Wheeler, Rokeach President, said on Aug. 18 that the option would be acquired in exchange for a to-be-determined number of new class B shares, as a result of which Exquisite Form would be the largest single holder of voting stock. While both classes of stock will have full voting rights, existing Rokeach common stock, of which there are about 600,000 shares outstanding, will be redesignated as class A shares, and will have a priority over the B stock as to both assets and dividends. The class B stock will be convertible into class A stock on a share-for-share basis, convertibility to be conditional upon retained earnings equivalent to, and at the rate of, \$1.50 for each share of class B stock to be converted.

Mr. Wheeler stated that Sif Skin and Island Industries' United States market is supplemented by royalty arrangements on patents licensed to manufacturers in foreign countries.

Van Alstyne, Noel & Co. acted as advisors and assisted in the negotiations.—V. 186, p. 2315.

**Sabre-Pinon Corp.—Commercial Uranium Production**

Production of commercial uranium oxide by the Homestake Sapin Partners mill near Grants, New Mexico, was begun this month, according to Richard D. Bokum II, President.

The partnership was formed in December, 1956, between Sabre-Pinon and Homestake Mining Co., for the construction and operation of the mill and development of extensive uranium properties held by Sabre.

Sabre-Pinon's annual report to stockholders for the year ended June 30, 1958, states that more than 72,000 tons of ore were in process and in stockpile early in August. The stockpile will eventually be built up to 200,000 tons, or about four months' supply for the 1,500 ton-per-day mill. The ore yields about four pounds of uranium oxide per ton, for which the partnership has a purchase contract with the Atomic Energy Commission.

The annual report dealt principally with progress in developing the mines and completion of the mill. Under the partnership, Homestake provides financing and operates the properties, receiving 25% of profits. No earnings will be distributed until development and construction costs have been amortized.

The partnership balance sheet reflects assets of \$14,202,214, including \$2,252,668 in cash and ore inventory carried at cost. Plant and equipment, including mines, mill, and employee housing is carried at \$11,347,321.78.

Liabilities consist almost entirely of bank loans, guaranteed by Homestake, for working capital, plus development and construction costs advanced by Homestake.

Mr. Bokum also reported that Sabre-Pinon has leased 50,000 acres of potential oil land in Alaska for future exploration.—V. 188, p. 652.

**Scandinavian Airlines System, Inc.—Reports Huge Boost in Air Freight Revenue**

This System's dollar revenues from eastbound transatlantic air freight traffic during July climbed 42% above the figure of a year ago, reports Anker Palvig, Cargo Sales Manager for SAS, Inc.

"SAS also recorded a substantial hike in air freight dollar revenues during June with a 26% increase over the comparable month of 1957," said Mr. Palvig.

"The combined dollar revenue from SAS' eastbound transatlantic air freight movements during the June-July period accounted for an overall 34% increase from a year ago," he said.

The SAS figures were based on the global carrier's eastbound air freight traffic across the Atlantic from New York and the airline's polar route to Europe from Los Angeles.—V. 187, p. 928.

# THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Aug. 23, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 4.3% above those of the corresponding week last year. Our preliminary totals stand at \$22,072,728,231 against \$21,172,804,455 for the same week in 1957. At this center there is a gain for the week ending Friday, of 7.0%. Our comparative summary for the week follows:

\*Estimated.

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended Aug. 16. For that week there was an increase of 4.8%, the aggregate clearings for the whole country having amounted to \$22,111,683,517 against \$21,104,283,915 in the same week in 1957. Outside of this city there was a loss of 5.0%, the bank clearings at this center showing an increase of 15.3%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals record an improvement of 14.1%, but in the Boston Reserve District the totals register a falling off of 2.4%, and in the Philadelphia Reserve District of 4.1%. In the Cleveland Reserve District the totals show a decline of 14.6%, in the Richmond Reserve District of 1.4% and in the Atlanta Reserve District of 3.0%. The Chicago Reserve District suffers a loss of 5.9%, the St. Louis Reserve District of 5.3% and the Minneapolis Reserve District of 0.8%. In the Kansas City Reserve District the totals are larger by 5.5%, in the Dallas Reserve District by 0.8% and in the San Francisco Reserve District by 2.8%.

In the following we furnish a summary by Federal Reserve Districts:

## General Corporation and Investment News

(Continued from page 8)

writing terms are to be supplied by amendment. Teh company intends to make application for listing of the debentures on the New York Stock Exchange.

Net proceeds to be received by the company will be added to the general funds of the company to be available as increased working capital for corporate purposes, except that the company expects to make an additional capital contribution of \$50,000,000 to its wholly-owned subsidiary, Allstate Insurance Co. It is anticipated that the balance of the proceeds will be retained in working capital and used in the first instance for the repurchase from banks, at the amount then owing thereon by customers, of a portion of installment receivables previously sold to them by Sears. Funds are also expected to be required in the next few years to continue the expansion of the company's business including the construction and enlargement of retail stores and the carrying of larger merchandise inventories. To the extent required, additional funds are expected to be available from operations and from the sale of installment receivables.—V. 188, p. 652.

### Sentinel Manufacturing Co. (N. Y.)—New Product—

The company has announced a new product—"Safety Sentinel"—a traffic control safety device used whenever a vehicle is inoperative, due to flat or faulty operation.

We are all aware of the safety campaign that is being waged against traffic accidents. Our device would contribute greatly in reducing accidents, by marking off a safety zone. How many times do we see disabled cars blocking traffic, and the owner trying to wave off cars on the highway . . . a dangerous procedure to say the least.

The company has announced the development of a new traffic control device, "Safety Sentinel" for exclusive use of car owners. The makers claim a "pair of Safety Sentinels" will save a person's life and limbs. The Safety Sentinel sells for 99 cents each.

### Silvray Lighting, Inc.—Forms New Division—

A special process and miniature lamp division has been formed by this corporation, James M. Gilbert, President, announced on Aug. 13. The new division will be concerned with the development and sale of reflectorized lamps that precisely control light direction and give desired patterns of light.—V. 188, p. 392.

### Simplicity Pattern Co., Inc.—Registers With SEC—

The company filed a registration statement with the SEC on Aug. 15, 1958, covering 42,500 outstanding shares of its \$1 par common stock. These shares constitute a 10% holding (70,610 shares, or 9.5%) of Joseph M. Shapiro. Mr. Shapiro proposes to offer the 42,500 shares for sale from time to time to specific persons, firms and corporations in off-the-floor sales either at the market or at a price within a range not less than the bid price and not higher than the asking price quoted on the New York Stock Exchange at the time of such offering. The shares will also be offered from time to time on such Exchange at a price within the foregoing range. No part of the proceeds of sale will be received by the company.—V. 187, p. 2338.

### Smith-Douglass Co. Inc.—Notes Placed Privately—The

company, it was announced on Aug. 14, has placed privately, through F. Eberstadt & Co., an issue of \$7,300,000 4½% notes due Sept. 1, 1971.

These notes represent a refunding of loans issued or guaranteed by the company.—V. 185, p. 2377.

### Socony Mobil Oil Co., Inc.—Secondary Offering—A

secondary offering of 106,150 shares of common stock (par \$15) was made on Aug. 19 at \$48.25 per share, with a dealer's concession of 90 cents per share, by Kidder, Peabody & Co.; Goldman, Sachs & Co.; and Francis I. duPont & Co. It was oversubscribed.—V. 188, p. 250.

### Sorg Paper Co., Middletown, Ohio—Files With SEC—

The company on Aug. 6 filed a letter of notification with the SEC covering not in excess of \$100,000 aggregate value of common stock per year to be issued pursuant to employee stock purchase plan. No underwriting is involved. The proceeds are to be used to purchase shares on the open market.—V. 175, p. 1226.

### South Carolina Electric & Gas Co.—Registers Proposed

Bond Offering—  
This company filed a registration statement with the SEC on Aug. 12, 1958, covering \$10,000,000 of first and refunding mortgage bonds, due 1988, to be offered for public sale at competitive bidding. Net proceeds thereof will be used to finance in part the company's 1958 construction program and to repay short-term bank loans, which it is estimated will aggregate \$4,000,000 or \$5,000,000 at the time of the sale of the new bonds, the proceeds of which were used to provide funds for such program. Construction expenditures of the company and its subsidiaries for the years 1957 to 1956 inclusive, are estimated at \$73,700,000, of which \$16,600,000 were expended during the first six months of 1958.—V. 188, p. 449.

### Southeastern Fidelity Fire Insurance Co., Atlanta, Ga.

Files With Securities and Exchange Commission—  
The company on Aug. 12 filed a letter of notification with the SEC covering 8,981 shares of common stock (par \$10), of which 2,000 shares are to be offered to stockholders at \$20 per share and 6,981 shares to the public at \$26 per share. All stock not subscribed for by present stockholders not exercised by Sept. 1, 1958 will be offered to the public at \$26 per share. No underwriting is involved.  
The proceeds are to be used to expand the operations of the company and to meet the statutory requirements to enter other states and eventually to add other lines of insurance.

### Spencer Chemical Co.—To Market Polypropylene—

This company on Aug. 20 announced plans to commence marketing polypropylene under a four-year sales agreement with the Enjay Co., Inc., of New York. The agreement provides that Enjay will supply Spencer with polypropylene for sale throughout the United States. Enjay will also begin marketing polypropylene which has been described as the "most exciting new material in the plastics field."

Kenneth A. Spencer, President of the chemical company, said that market development quantities of polypropylene will be available from a ton-a-day pilot plant very soon and that commercial quantities will be produced early in 1960. Enjay will be supplied polypropylene from a plant to be constructed and operated by the Humble Oil & Refining Co. with an initial capacity of 40 million pounds a year.

Mr. Spencer said that polypropylene will be a complementary addition to Spencer's polyethylene and nylon plastics. Polypropylene falls somewhat between polyethylene and nylon in many physical properties which determine large end-use potentials; thus expanding and filling out Spencer's line of basic thermoplastics.

"Poly-Pro," an exclusive trademark of Spencer Chemical Company for polypropylene, is the newest plastic to be made from refinery gases. It will be used for molded articles such as housewares, films and sheetings, tank linings, fibers, electrical insulation, paper coating, pipes and plastic containers.

This company has also added a line of non-pressure direct application solutions to its nitrogen products. Trademarked URA-GREEN, the liquid nitrogen fertilizer will be produced at the company's Vicksburg, Miss., works and Henderson, Ky., works. At Henderson a 100-ton-per-day plant for both liquid and solid urea is in the final stages of construction.—V. 188, p. 392.

### Standard Financial Corp.—To Sponsor Investment

Firm—  
This corporation is the first New York financing institution to announce that it will sponsor a Small Business Administration Investment Company. Theodore H. Silbert, President of Standard Financial Corp., will serve as the new company's President. He said that other local public-spirited citizens, representatives of commercial banking and financing companies, and credit experts will be invited to participate in the formation of the new company.

Capitalization for the company has not yet been determined but will exceed the required minimum of \$300,000. It will be organized in New York City under the terms of the Small Business Investment Act of 1958 to provide venture capital for small and growing businesses. Wendell B. Barnes, Administrator of the Small Business Administration, has already been advised of the tentative plans. Mr. Silbert stated. The law, which was passed recently by both Houses of Congress and is now awaiting President Eisenhower's signature, requires that each investment company have at least 10 investors.

Mr. Silbert said that, "the main purpose of the Small Business Investment Company will be to assist small and expanding businesses to obtain risk capital and management assistance from experienced financial executives. The Small Business Investment Company will be able to satisfy the requirements of long term credit needed by small businesses thereby helping to bridge the gap in the economy's need to preserve opportunities for small businesses to grow under the private enterprise system."

Mr. Silbert said that as soon as full regulations are issued by the Small Business Administration, steps will be taken by Standard Financial to obtain approval of the organization of the Small Business Investment Company.

Small businesses are presently defined to include manufacturers who employ 250 or fewer workers, retailing and service organizations which gross less than \$1,000,000 annually, and jobbers and wholesalers with annual sales under \$5,000,000.—V. 187, p. 2845.

### Standard Oil Co. (New Jersey)—Exchange Offer Ef-

fective—The company on Aug. 19 offered shares of its capital stock in exchange for shares of capital stock of Humble Oil & Refining Co. in the ratio of 1¼ shares of Standard Oil for each Humble Oil share. The offer expires on Oct. 14.

Standard Oil Co. (New Jersey) now owns 88% of Humble's issued shares. For further details, see V. 188, p. 590.

### Standard Packaging Corp.—Merger Approved—

R. Carl Chandler, Chairman of the Board, has announced that the stockholders have approved the plan to merge with Eastern Corp. of Bangor, Me.—V. 188, p. 290.

### Stevens Markets, Inc., Miami, Fla.—Registers Proposed

Preferred Stock Offering—  
This company filed a registration statement with the SEC on Aug. 14, 1958, covering 46,642 shares of its cumulative convertible preferred stock, \$25 par, to be offered for public sale through an underwriting group headed by R. S. Dickson & Company of Charlotte, N. C. The dividend rate, public offering price and underwriting terms are to be supplied by amendment.

The company operates three large supermarkets.

Net proceeds of the sale of the preferred stock will initially become a part of its general funds and as such may be applied to any corporate purposes. It is presently intended that such corporate purposes will include the use of some \$400,000 for opening and equipping a fourth supermarket in 1959, the balance of the funds to be used for additional working capital.—V. 185, p. 2036.

### Suburban Gas Service, Inc., Upland, Calif.—Registers

showed aggregate open flow potential of 16 million cubic feet of gas a day, it was announced on Aug. 21 by Morton A. Sterling, President. The well was selectively perforated from 6,333 feet to 6,492 feet, 79 feet open; each of three intervals were tested to obtain the total open flow potential.

The company is marketing approximately 2 million cubic feet of gas a day from the discovery well under contract to Southern Union Gas Co.; about 40 barrels a day of distillate are also being sold. With the completion of the step-out well, Mr. Sterling announced that full-scale development of the field has been programmed on 320 acre spacing.

Sunset International holds approximately 5,745 acres in the Fulcher Kutz Field.—V. 188, p. 652.

#### (James) Talcott, Inc.—Unique Three-Way Partnership Formed to Help Finance Puerto Rican Business—

A unique three-way partnership involving the Government of Puerto Rico, private Puerto Rican investors and a large American commercial finance company, was formed on Aug. 19 to provide credit to fast-growing small business in the Commonwealth and to smooth the way for expanded industrial production there.

At the same time, its sponsors said the plan establishes a pattern that can be followed in other countries seeking to encourage and enlarge manufacturing and business activity.

The partnership was announced Aug. 19 at a joint press conference held by the Puerto Rican Economic Development Administration and James Talcott, Inc. Talcott, one of the nation's oldest and largest commercial financing and factoring organizations, has agreed to provide management know-how, manpower and technical assistance to the newly formed National Credit Corp., the island's first commercial and industrial financing firm.

National Credit, organized with capital supplied by private Puerto Rican investors, will be headed by Luis Martinez and Julio C. Morales. The Puerto Rican Government, through EDA's financial arm, the Puerto Rico Industrial Development Co. (PRIDCO), will also supply funds.

National Credit will supply revolving working funds to manufacturers, dealers and distributors through the financing of accounts receivable, inventory and machinery and equipment. Previously, this type of financing was available only in limited amounts from local banks or branches of U. S. banks.

Of National Credit's original capital of \$650,000, a group headed by Messrs. Martinez and Morales contributed \$400,000 with the Puerto Rican Government investing \$250,000.

#### Amato Elected President of Subsidiary—

Joseph A. Amato, Vice-President of James Talcott, Inc., was elected President of Hamilton Factors Corp., a wholly-owned subsidiary, and was also named to head the factoring division of the parent company, according to an announcement by James Talcott, Chairman of the Boards of both firms. The factoring division is the oldest and second largest division of James Talcott, Inc.—V. 188, p. 693.

#### Tectum Corp., Newark, Ohio—Opens New Plant—

This corporation, which manufactures building materials, has begun production at its new \$3,500,000 plant at Arkadelphia, Ark.

First shipments of Tectum, a structural wood fiber board, from its new automated operation, were announced by Murray D. Lincoln, President. The new plant, capable of producing over 60,000,000 board feet of material a year, will serve the southern and western market areas. Tectum operates a parent plant in Newark, Ohio.

Addition of the Arkansas facility increases Tectum's productive capacity over 100%, according to Donald E. Kramer, Vice-President and General Manager. He pointed out that the first shipment was made slightly over a year after the ground was first broken for the plant, which occupies a 40-acre site and contains over 130,000 square feet.

The new plant was constructed to meet the rapidly expanding demand for the material by the construction industry. Sales so far this year are running nearly 50% ahead of last year's record-setting figure.—V. 185, p. 688.

#### Telefonos de Mexico, S. A., Mexico City, Mexico—Control Passes to Mexican Interests—

Mexican interests on Aug. 20 purchased 75% of the stock of this company. The transaction, involving approximately \$25,000,000, took place in the offices of the First National Bank of Jersey City, N. J.

International Telephone & Telegraph Corp. and Telcel Inc. (a wholly owned subsidiary of L. M. Ericsson, Sweden), each owning approximately 37% of the Telefonos de Mexico stock, signed the final documents giving possession of the shares to Mexican interests. The latter were represented by Eloy Vallina of Chihuahua, Mexico, and Carlos Trouyet of Mexico City.

The balance of the stock is publicly held in Mexico. Thus the acquisition of the shares on Aug. 20 makes Telefonos de Mexico the first privately-owned utility in Mexico to be entirely controlled by Mexican nationals.

Messrs. Vallina and Trouyet headed a group of leading Mexican businessmen in the purchase. Many of them are principal stockholders of the Banco Comercial Mexicano, S. A., of which Mr. Vallina is President. It is the third largest bank in Mexico, with 69 branches and affiliates.

Mr. Vallina is also President of Celulosa de Chihuahua S. A. He has large holdings in lumber, mining, steel, cement and plywood companies.

Mr. Trouyet heads Mexico's largest investment company, Carlos Trouyet S. A. He is active in many enterprises in Mexico in association with American capital, among them General American Transportation Co. of Mexico, Lock Joint Pipe Co. of Mexico, A. P. Green Firebrick Co. and Sanborn's, a department store organization which is associated with Walgreen's.

#### Tennessee Gas Transmission Co.—Enters Ecuador—

This company has acquired an oil and gas concession of nearly 1,500,000 acres in west central Ecuador, Ralph C. Graham, Senior Vice-President, announced on Aug. 18.

Located about 20 miles north of Guayaquil, Ecuador's largest city and chief seaport, the concession encompasses approximately 1,445,000 acres. It is in an area known geologically as the Daule Basin.

Operator on the concession will be Tennessee Gas, S. A., a wholly-owned Tennessee Gas subsidiary. Contract for the concession was signed by representatives of the Government of Ecuador and of Tennessee Gas at a meeting in Quito. Consideration was not disclosed.

Field operations are expected to get underway around June 1, 1959, at the beginning of Ecuador's dry season.

Ecuador has had oil production since about 1914. But it has been confined to the Santa Elena Peninsula where, centuries ago, ship captains discovered and utilized oil seeps while seeking caulking for their vessels.

The entry of Tennessee Gas into Ecuador represents an extension of the company's interests in South America. A wholly-owned subsidiary, Chaco Petroleum, S. A., recently began exploratory drilling operations on a 900,000-acre Bolivian lease in which it holds a 35% interest. Another subsidiary, Tennessee-Venezuela, S. A., has a 15% interest in a Lake Maracaibo, Venezuela, concession on which six successful oil wells have been drilled.

#### Registers Proposed Bond Offering With SEC—

This company filed a registration statement with the SEC on Aug. 20, 1958, covering \$50,000,000 of first mortgage pipe line bonds, due 1979, to be offered for public sale through an underwriting group headed by Stone & Webster Securities Corporation, White, Weld & Co., and Halsey, Stuart & Co. Inc. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

Part of the net proceeds of the sale of the bonds will be applied on the payment of the company's outstanding short-term notes issued under its revolving credit agreement; the proceeds of which were used by the company in its expansion program; another unspecified portion will be used from time to time as the company's expansion program progresses; and the balance will be added to the general funds of the company. The cost of completing construction programs now in progress aggregates \$99,000,000; and applications pending before the Federal Power Commission propose additional facilities estimated to cost \$20,000,000.—V. 188, p. 590.

#### Texas Eastern Transmission Corp.—New Terminal—

The turn of a switch on Aug. 16 started the first flow of petroleum products into a new \$2,000,000 delivery terminal constructed by this

corporation a few miles north of Lebanon, Ohio. The new facility is the easternmost terminal on Texas Eastern's Little Big Inch Pipeline System.

Millard K. Neptune, Senior Vice-President, said that the first shipment, 50,000 barrels of premium gasoline, is destined for delivery to Socony Mobil Oil Co. Socony will distribute the gasoline from its own delivery facility located on the Texas Eastern terminal site, he said.

Texas Eastern has constructed seven large steel storage tanks at the terminal to receive and store the various types of petroleum products to be distributed from the Lebanon facility. In addition, the company has installed complete equipment to control operation of valves and pumps regulating incoming and outgoing shipments.

Operation of the Lebanon terminal will make available new supplies of gasoline and fuel oil for distribution in the vast consuming area in southern Ohio. The terminal is linked via the Little Big Inch Pipeline to vast refining areas of the Gulf States, Arkansas and Oklahoma where large supplies of petroleum products are available for shipment to the growing consuming areas of the Midwest.

#### Registers Proposed Bond Offering With SEC—

This corporation on Aug. 21 filed a registration statement with the SEC covering \$35,000,000 of first mortgage pipe line bonds, due 1978, to be offered for public sale through an underwriting group headed by Dillon, Read & Co., Inc. The interest rate, public offering price, and underwriting terms are to be supplied by amendment.

Net proceeds of the financing will be added to corporate funds, and substantially all of such proceeds will be used in connection with the construction programs of Texas Eastern and its subsidiary, Texas Eastern Penn-Jersey Transmission Corporation, involving expenditures estimated at approximately \$82,000,000 in 1958.—V. 188, p. 694.

#### Texas Instruments, Inc.—Introduces New Products—

The largest group of new semi-conductor products ever announced at one time by this corporation was introduced at the annual Western Electronic Show and Convention which opened on Aug. 19.

Included are a "Sensistor" silicon temperature probe with a positive temperature coefficient which enables it to measure accurately minute temperature variations, and a high-frequency high-power diffused base germanium transistor—the 2N1046—designed for computer core driving and CRT deflection applications.

Demonstrated to show visitors will be a transistorized fully-portable television set and two palm-size radio transceivers designed and built by TI's Semiconductor-Components division to illustrate advanced applications made possible with the new semi-conductor devices being introduced at the show.

The tiny transceivers are used to broadcast information between the exhibit booths of the Semi-conductor-Components division and TI's Apparatus and Industrial Instrumentation divisions. Special license has been granted by the Federal Communications Commission for their operation as station KB-7184 during the show's duration.

Featured in the Apparatus division's exhibit are schematic displays of transistorized missile telemetering systems with production components in place. Among these components are a new crystal controlled uncooled transmitter and two new subcarrier oscillators. The oscillators each are but 4.9 cubic inches in size, the transistorized model weighing but 4½ ounces and the vacuum tube model but 5½ ounces.

On display in the Industrial Instrumentation division's exhibit are six accessories to the Single and Dual "recti-riter" which greatly expand the range and usage of these rectilinear galvanometric recorders.—V. 188, p. 694.

#### Thompson-Ramo-Wooldridge Products Co.—Brochure

A new two-color four-page brochure is available on digital computer control and data logging, the company announced. Included in the reference bulletin is a description of the RW-300 Digital Control Computer as well as comprehensive discussions of process control, data logging, pilot plant, and test facility applications for computer control systems.

Detailed specifications are listed for the transistorized RW-300, the first digital computer engineered specifically for automatic on-line control of industrial processes. The computer, which incorporates analog-digital conversion equipment, can handle up to 1,024 analog inputs and up to 128 analog outputs. It can also operate with a wide range of digital input and output equipment, including automatic typewriters, paper tape and punched card readers, paper tape and card punches, and on-off devices.—V. 188, p. 190.

#### Tishman Realty & Construction Co., Inc.—New Skyscraper Under Construction—

This company has under construction at Superior Avenue and East Ninth Street in downtown Cleveland, Ohio, a new 21-story building, according to John Tishman, Vice-President. It will be a 300,000 square foot skyscraper.

The East Ohio Gas Co. has already signed and announced a 25-year lease on a major portion of the office building.

Initial occupancy is scheduled for January, 1959.—V. 188, p. 291.

#### Toledo Terminal RR.—Partial Redemption—

The company has called for redemption on Oct. 1, next, through operation of the sinking fund, \$80,000 of its first mortgage 4½% bonds due Oct. 1, 1962 at 100%, plus accrued interest. Payment will be made at the Toledo Trust Co., Toledo, Ohio.—V. 186, p. 1780.

#### Treasure Hunters, Inc., Washington, D. C.—Registers Proposed Stock Offering With SEC—

This corporation filed a registration statement with the SEC on Aug. 14, 1958, covering 1,946,499 shares of its 1-cent par common stock, to be offered for public sale at \$1 per share. No underwriting is involved, the sale to be made by the company at a cost estimated at 3 cents per share.

According to the prospectus the company was organized under the laws of Nevada "primarily to engage in the search for, and exploitation of, buried and sunken treasures, lost mines, sunken cargo ships, and commercial mineral deposits."

The company intends to use the proceeds of this stock offering "to finance its program of research, exploration, and, it is hoped, recovery of buried and sunken treasure and exploitation of lost mines and other mineral deposits. The bulk of any funds received will be used to defray direct operating expenses." The prospectus further indicates that the possibility that "the funds from the sale of this issue may be supplemented by funds from the sale of movie, television, and magazine coverage rights."

The prospectus lists Commodore Robert E. Robinson, Jr., U. S. N. (Retired), as Board Chairman and Daniel Stack as President.

#### Tricon, Inc., Greenwich, Conn.—Files With SEC—

The corporation on Aug. 8 filed a letter of notification with the SEC covering 150,000 shares of common stock (par \$1) to be offered at \$2 per share, through Sano & Co., New York, N. Y. The proceeds are to be used to pay expenses and cost of plant option, first years payment on installment purchase contract for land and improvements, construction of plant, tools and equipment, advertising and working capital.

#### Tungsten Mountain Mining Co., Seattle, Wash.—Files With Securities and Exchange Commission—

The company on Aug. 11 filed a letter of notification with the SEC covering 100,000 shares of common stock (par \$1) to be offered at \$1.50 per share, through H. P. Pratt & Co., Seattle, Wash. The proceeds are to be used to extinguish present indebtedness, and for reserve for contingencies and working capital.—V. 183, p. 49.

#### Union Pacific RR.—Purchases New Passenger Cars—

Purchase of 30 new passenger train cars at a cost of more than \$4,900,000 was announced on Aug. 12 by Arthur E. Stoddard, President.

The order includes 15 coaches, 10 lunch counter-cafe lounge cars and five postal-storage mail cars, all to be built by the St. Louis Car Co., St. Louis, Mo.

Delivery of the new cars is scheduled for mid-1959, Mr. Stoddard said.—V. 188, p. 694.

#### United Cities Gas Co.—Private Financing Arranged—

New Dividend Policy Announced—Arrangements have been completed for the sale of \$550,000 of additional first mortgage bonds and a \$300,000 note issue. This financing should be consummated by Sept. 4, 1958, funding some \$620,000 of property additional made last year and providing funds for a portion of construction costs contemplated during the remainder of this year.

In view of the improved earnings and working capital position of the company, the directors on Aug. 13, 1958 discontinued the policy of paying dividends partly in cash and partly in stock and adopted a new dividend policy by declaring an initial all-cash quarterly dividend of 16¢ per common share payable Sept. 15, 1958 to shareholders of record Sept. 5, 1958.

On Sept. 15, 1955, a regular quarterly dividend policy on common shares was inaugurated consisting of 3¢ per share on cash and 1¢ in stock. Twelve regular quarterly dividends have been distributed on the same basis. This combination of cash and stock dividend distribution was adopted to conserve cash during a period of the company's rapid growth and development and contributed materially to the financial progress it has made during the past three years.

#### United Life & Accident Insurance Co., Concord, N. H. Files With Securities and Exchange Commission—

The company on Aug. 8 filed a letter of notification with the SEC covering 410 shares of capital stock (par \$20) to be offered at \$375 per share, without underwriting. The proceeds are to be used to be invested in bonds and real estate mortgage loans and will be credited to the company's paid up capital and unassigned surplus.

#### U. S. Industries, Inc.—New Pres. of Operation—

Frank H. Erdman has been named President of Kett Technical Center, Inc., research and development center of U. S. Industries, Inc., John I. Snyder, Jr., Chairman and President of U. S. I. announced on Aug. 8.

Mr. Erdman succeeds Mr. Karl Schakel as President of this U. S. I. operation. Mr. Schakel resigned as President of Kett so that he could pursue other business interests.

The U. S. Industries technical center, located in Pompano Beach, Fla., operates as a research and technical center for U. S. Industries, Inc., and its divisions. In addition, it conducts similar operations for the military and other commercial organizations.—V. 187, p. 2953.

#### U. S. Land Development Corp., Fort Lauderdale, Fla.—Registers Proposed Stock Offering With SEC—

This corporation on Aug. 15 filed a registration statement with the SEC covering 1,200,000 shares of its \$1 par common stock, to be offered for public sale by an underwriting group headed by Palm Beach Investment Co., Inc. The public offering price and underwriting terms are to be supplied by amendment.

The company was organized under Florida law in 1958 for the purpose of acquiring and developing real property. It now owns Pineda Island near Mobile, Ala. The officers and directors of the company, Robert S. Gordon, President, Charles E. Hoy and Andrew T. Manno, purchased Pineda Island for \$1,500,000 and they are obligated to pay that amount by virtue of their joint promissory note given to the vendors. They have conveyed the island to the company in exchange for 1,500,000 shares of its stock; and the company intends to develop the island for commercial and waterfront homesites. Development operations have been commenced.

Net cash proceeds of the stock sale will be added to the company's general funds and used to develop the island.

#### United States Rubber Co.—Stockholders Rise—

Common stock ownership of this company has broadened rapidly in the past year. As of July 31, the company had 29,072 common shareholders, an increase of 10% over the 26,392 on record a year earlier.

The number of common shareholders increased by more than 2,000, or 7½% in the first seven months of 1958. In recent weeks new shareholders have been put on the company books at the rate of about 300 a week, compared with a previous rate of about 100 a week.

Preferred shareholders numbered 8,499 on July 31, bringing to 37,571 the combined total of common and preferred shareholders.—V. 188, p. 694.

#### Universal Cyclops Steel Corp.—Offering Postponed—

Postponement of a proposed public offering of \$22,500,000 of sinking fund debentures because of unsettled conditions in the bond market was announced on Aug. 20.

The issue was slated to be brought to market on Aug. 26 through a syndicate headed by A. G. Becker & Co. No new offering date for the issue has been selected.—V. 188, p. 590.

#### Universal Securities, Inc., Bismarck, N. D.—Offerings Suspended—

The Securities and Exchange Commission, it was announced on Aug. 20, has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a proposed public offering of securities by this company. The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding \$300,000 in amount. In its Regulation A notification, filed July 22, 1958, Universal proposed the public offering of 20,000 shares of class A common at \$7.50 per share and 1,500 shares of preferred stock at \$100 per share. In its suspension order, the Commission asserts that it has reasonable cause to believe that (1) the terms and conditions of Regulation A have not been complied with, in that the company's notification and offering circular fail to set forth certain required information; and (2) the offering circular is false and misleading.

In respect of various material facts and its use in the offering and sale of Universal securities would violate the anti-fraud provisions of the Securities Act of 1933.

Among other things, the Commission charges a failure to disclose in the offering circular (a) the background and past experience of Sam Parker Pandolfo, who is named as promoter, principal stockholder, President, Treasurer and director of Universal and the underwriter of its stock offerings; (b) the book value of the Class A shares and its relationship to the offering price thereof; (c) adequate information as to the person in whose name the securities were issued and the name of the offering; (d) the purposes and circumstances under which Pandolfo was named as underwriter; (e) the extent, nature and scope of Universal's past and prospective business operations; (f) the fact that neither Universal nor Pandolfo is registered with the Commission as a broker-dealer; (g) the background and experience of Universal's promoters and officers; and (h) the contingent liabilities incurred by Universal as a result of stock purchases and sales. The order also charges a failure to make adequate disclosure in the offering circular of the terms, conditions, and scope of Universal's exclusive insurance agency agreement with Union Reserve Life Insurance Company and the interests of Pandolfo and Great Northern Investment Company in Union Reserve. Furthermore, according to the order, the notification and offering circular fail to disclose, among other things, required information with respect to Universal's affiliates and the location and general character of physical properties held or to be acquired, and concerning the interest of officers, directors and promoters in Universal or its affiliates.—V. 188, p. 489.

#### Verdi Development Co.—Sec Orders Stock Withdrawn From Listing—

In a decision announced on Aug. 18, the Securities and Exchange Commission ordered withdrawal of the common stock of this company from listing and registration on the San Francisco Mining Exchange for failure to comply with the reporting requirements of the Securities Exchange Act of 1934.

According to the Commission's decision, during the period July, 1956 to February, 1957, Verdi disposed of various assets, was involved in material legal proceedings, defaulted upon senior securities, and granted options to purchase significant amounts of securities. No current reports were filed as to any of the 1956 events and Verdi did not report them until May 2, 1957, after institution of the Commission's proceedings, when it filed its annual report for 1956. Furthermore, Verdi did not file current reports for January and February, 1957 until May 8, 1957. Under the Commission's rules, current reports are due within ten days after close of the month during which significant events occurred. (Trading in Verdi's stock was suspended by the Exchange on April 22, 1957, following the institution of the Commission's proceedings three days earlier.)

Among the events for which timely current reports should have been filed were three dispositions of admittedly significant amounts of assets. In September, 1955, Verdi leased its tungsten properties for a minimum monthly rental of \$750, which constituted one of its few items of income at that time. In October, 1956, Verdi entered into a ten-year joint venture agreement with Nuclear Industries, Inc., under which Nuclear Industries would operate Verdi's uranium mill and pay Verdi half of the net operating proceeds. Nuclear Industries reported until May 2, 1957. In February, 1957, Verdi sold for \$40,000 its reserved royalty interest resulting from its sale of an oil leasehold, on which the unpaid balance receivable was approximately \$85,000. At that time the company was in urgent need of cash, and the sale of the royalty interest, the Commission observed, assumed particular importance under the circumstances. But the sale was not reported until May 8, 1957.

Verdi also failed to make timely filings with respect to (a) a suit filed against it in July, 1956, by an engineering company claiming \$21,000 for services rendered (which was not reported until May 2, 1957, by which time the suit had been settled for \$7,000); (b) two 1956 defaults in interest payments on outstanding debentures, which defaults were not reported until May 2, 1957, and have not been cured; and (c) action of Verdi's board of directors in October, 1956, authorizing and directing the issuance of options for 160,000 shares each to Mitchell C. Kovaleski, President, and two other individuals, an option for 10,000 shares to a fourth individual, and an option for 500,000 shares to Nuclear Industries in connection with the joint venture agreement with that company. Although the option agreements with others than Kovaleski were later canceled or the claims thereunder relinquished, this did not excuse the failure to report them, the Commission stated.

Verdi urged certain mitigating circumstances, including the difficulties faced by the new management which assumed office in September, 1956, in acquainting itself with the company's affairs and the absence of a secretary or attorney whom the company could not afford to engage, as a basis for its plea that the suspension or withdrawal of its stock from exchange registration is not necessary. The Commission observed, however, that as a result of Verdi's violations of the reporting requirements, "investors were deprived of current information on material transactions, including, among other things, the disposition of Verdi's most significant assets. The pressures which the management may have been subject to at the time it came into office did not absolve it of the obligation to file current reports; in fact, the transition into a nonoperating company which Verdi was undergoing made it particularly important that information regarding material events be made currently available to present and prospective investors." The Commission also noted that the financial statements included in its 1956 annual report were not certified, as required, and that no financial statements were included in its 1957 annual report. "Thus," the Commission concluded, "there is little basis for believing that the pattern of failure to comply fully with our reporting requirements will be corrected." Under all the circumstances, the Commission ruled that "the protection of investors requires that the registration of the Verdi common stock on the Exchange be withdrawn."—V. 185, p. 2038.

#### Vitro Corp. of America—Unit Signs Contracts—

Thieblot Aircraft Co., a division of Vitro Corp. of America, has signed contracts in excess of \$1,600,000 with The Martin Co., Baltimore, Md., for production of flaps for the P6M-2 SeaMaster aircraft, it was announced on Aug. 19.

The project, which employs 235 Thieblot personnel, will extend through August, 1959. It includes rework of tooling and fabrication of 24 shipsets of SeaMaster flaps.

The Vitro division has been working on the project since December 1956, and the first set of flaps has already been delivered, according to Armand J. Thieblot, Division President.

Work is being performed at Thieblot's new production facility at the Municipal Airport at Martinsburg, W. Va.—V. 188, p. 694.

#### Washington General Insurance Corp. (N. Y.)—Files With Securities and Exchange Commission—

The company on Aug. 15 filed a letter of notification with the SEC covering 3,000 shares of common stock (par \$5) to be offered at \$10 per share, without underwriting. The proceeds are to be used for working capital and general corporate purposes.—V. 185, p. 993.

#### Washington Natural Gas Co.—Registers With SEC—

The company filed a registration statement with the SEC on Aug. 18, 1958, covering 100,000 shares of its \$10 par common stock, to be offered for public sale by Dean Witter & Co. The public offering price and underwriting terms are to be supplied by amendment.

Net proceeds of the financing will be applied to the partial payment of bank loans incurred for construction purposes which now aggregate \$5,500,000. The company expects to spend \$4,400,000 for construction in 1958, of which \$1,682,000 was expended in the six months ended June 30, 1958. It anticipates \$5,000,000 of construction expenditures in 1959.—V. 188, p. 293.

#### Western Associated Mining News Inc., Salem, Ore.—Files With Securities and Exchange Commission—

The corporation on Aug. 11 filed a letter of notification with the SEC covering 18,354 shares of common stock (no par) to be offered at \$1 per share, without underwriting. The proceeds are to be used to repay loan, for business expansion, working capital, etc.

#### Western Development Co., Santa Fe, N. M.—Registers Proposed Debenture Offering With SEC—

This company on Aug. 15 filed a registration statement with the SEC seeking registration of \$3,500,000 of convertible debentures due 1970, to be offered for public sale through an underwriting group headed by W. C. Langley & Co. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

Organized in May, 1954, the company is engaged in the acquisition and development of oil and gas properties and it intends to continue in that business. Its principal properties are located in New Mexico and West Texas.

Of the net proceeds of this financing, \$1,950,000 will be used to refund all existing term and current debt of the company, such debt having been incurred for the purpose of financing the acquisition and development of the company's properties. The balance of the proceeds will be added to the general funds of the company and will be available for the development of its present properties and the acquisition and development of additional oil and gas properties.—V. 186, p. 1380.

#### Western Heritage Life Insurance Co., Phoenix, Ariz.—Files With Securities and Exchange Commission—

The company on Aug. 8 filed a letter of notification with the SEC covering 150,000 shares of common stock (par 50 cents) to be offered at \$2 per share, through First American Investment Corp. The proceeds are to be used for expenses incidental to operating an insurance company.

#### Wigton-Abbott Corp.—Awarded Contract—

This corporation, engineers and constructors of Plainfield, N. J., has been awarded the contract for the design and construction of a new one-story 16,000 square foot air-conditioned executive office building for the Wallerstein Co., Inc., pharmaceutical and drug company, at 150 Granite Ave., Mariner's Harbor, Staten Island, N. Y. Construction is to begin immediately with completion scheduled for April 1959.—V. 187, p. 1540.

#### Wisconsin Electric Power Co.—Earnings—

Consolidated net income of this company and its subsidiaries for the 12 months ended June 30, 1958, was \$12,458,759. According to G. W. Van Derzee, Chairman of the Board, this is 7.9% less than net income for the 12 months ended a year ago, excluding for that period the effect of non-recurring tax adjustments in the amount of \$665,000. Net additions and improvements to property and plant

during the 12 months ended June 30, 1958, amounted to \$37,101,200, bringing the total of such investment to \$468,070,168.

After preferred dividends of \$1,203,048, consolidated earnings for the 12 months ended June 30, 1958, were equal to \$2.21 per share of common stock outstanding at the end of the period. This compares with earnings of \$2.42 per share for the previous 12 months, excluding additional earnings in that period of 13 cents per share, resulting from non-recurring tax adjustments. Earnings for the second quarter of 1958 were 49 cents per share compared with 60 cents per share for the second quarter of 1957. There were no non-recurring tax adjustments in either quarter.—V. 187, p. 1587.

#### Wizard Boats of Tennessee, Inc., Dickson, Tenn.—Files With Securities and Exchange Commission—

The corporation on Aug. 11 filed a letter of notification with the SEC covering 150,000 shares of common stock (par one cent) and 75,000 common stock purchase warrants to be offered in units of one share of common and one-half stock warrant due Aug. 31, 1963 at \$2 per unit. Warrants are not exercisable until Sept. 1, 1959 and gives holder the right to purchase one share of common at the following prices: \$2 between Sept. 1, 1959 and Aug. 31, 1960; \$2.50 between Sept. 1, 1960 and Aug. 31, 1961; and \$3 between Sept. 1, 1961 and Aug. 31, 1962. The offering will be underwritten by Clark, Landstreet & Kirkpatrick, Inc. and W. N. Estes & Co., Inc., both of Nashville, Tenn.

The proceeds are to be used for research and development of subsidiary, to repay an open note, purchase of raw materials and supplies; and for working capital, etc.

#### Worldmark Press, Inc., New York—New Publication—

A new weekly mass media publication was announced on Aug. 20 by this corporation.

The magazine, "Screenbill," will begin publication this Fall with an opening minimum circulation of two million per week.

The publication will be distributed by a controlled circulation technique with the help of the nation's motion picture theatres. This involves about 50% distribution within the theatres to their audiences and the balance mailed by theatre management to potential audiences and distributed by them in local restaurants, hotels, super markets, department stores, etc. The potential theatre audience circulation alone is 46,500,000 per week.—V. 187, p. 1588.

#### Worth Fund, Inc.—Simonds Elected to Board—

Robert L. Huffines, Jr., President, on Aug. 19 announced that Clarke Simonds has been elected a director of this Fund.

Clarke Simonds is a managing partner of G. H. Walker & Co., investment bankers, of Providence, R. I. He is closely identified with trust management situations and is a trustee of Memorial Drive Trust; Market Square Trust; Troquois Trust; and several others. Mr. Simonds is also a director of Arthur D. Little, Inc., Cambridge, Mass.; Texas Butadiene & Chemical Co., Houston, Texas; Plantations Bank of Providence; and several other utility and chemical companies.

The Worth Fund is a closed-end, non-diversified management investment company (free to change to a diversified status). Organized in July, 1957, its primary purpose is to seek out investment situations in and out of the textile industry with a reasonable likelihood of capital appreciation and long-term capital gains.—V. 187, p. 2273.

#### Wurlitzer Co.—Reports Loss for Quarter—

Net sales for the first quarter (April, May and June) were \$5,835,397, compared with \$7,063,053 for the same period a year ago.

Net loss for the quarter was \$81,067 compared with net earnings of \$18,050 for the same period a year ago.

R. C. Roling, President, on July 31 said: "The low volume of sales during the first quarter was directly responsible for the loss. During the past few weeks, however, there have been definite indications that business activity has improved, and if this continues our results for the full year should be satisfactory."—V. 186, p. 365 and V. 187, p. 1940.

#### Yale & Towne Manufacturing Co.—New Product—

A major addition to Yale & Towne's broad range of key-in-the-knob type locksets is the new 5280 line of Yale residential locksets, developed to reduce installation time and cost for residential builders and at the same time to provide them with a choice of designs in moderately priced locksets unprecedented in the lock and hardware industry. It was announced on Aug. 13 by James D. Young, General Sales Manager of the Yale Lock and Hardware Division.

Now in national distribution, the 5280 line incorporates many new labor saving features which are the result of extensive experimentation and testing at Yale & Towne's research center in Valley Forge, Pa. To simplify installation, the basic construction of 5280 locksets consists of only three preassembled units, and outside knob and rose, an inside knob and rose, and a latch case. Preattachment of knobs and roses is accomplished by means of a True-Arc steel spring retainer which insures against any loosening of the unit. No knob screw is required to fasten the knob to the spindle.

To facilitate use of this line in combination with other Yale locksets, the boring and backset installation dimensions of the 5280 series are completely interchangeable with those of Yale 5207 and 5237 locksets and 5300 series locks.—V. 188, p. 190.

#### Zale Jewelry Co., Inc.—Reports Increased Sales—

Net sales for the first quarter (April, May and June) for the first three months of its fiscal year, the period ended June 30, 1958, Ben A. Lipshy, President, announced on Aug. 18. These sales compare with sales of \$8,400,000 in the corresponding period of 1957, he added.

Mr. Lipshy announced that net income after taxes was slightly above that of a year ago.

Mr. Lipshy said that the company has opened or planned to open 18 new stores since the beginning of the new fiscal year, April 1, 1958.

"We have," he continued, "greater working capital, a larger staff and additional stores in which to do an expanded volume of business."—V. 188, p. 489.

#### California (State of)

**Postpones \$100,000,000 Bond Sale**—Ronald Button, State Treasurer, announced that the State has decided to postpone until Dec. 3 the sale of \$100,000,000 school bonds. The financing was originally scheduled for October but, as explained by Mr. Button, the change was decided on because of the possibility of approval of a proposal at the Nov. 4 election which "has raised serious questions in investors' minds about the State's financial future." So-called Proposition No. 17, if approved, would cut State revenues by \$50,000,000 annually, he added, and to sell the bonds before the outcome of the voting is known, as was the original plan, "would necessitate abnormally high interest costs," according to Mr. Button.
