ACF-Wrigley Stores, Inc.—Sells Cleveland Stores—

Norman Hirschfield, President, on July 20 announced that an agreement has been reached for the sale of its 24 stores in the Cleveland, Ohio, area to Pick-N-Pay Super Markets, Inc., wholly-owned subsidiary of the Cook Coffee Co., of Cleveland.

"The company has operated stores in the Cleveland area since its organization roughly 3½ years ago," Mr. Hirschfield said, "but the results secured there have fallen short of expectations and of the performance achieved in other of our territories. Consequently, it has been deemed desirable to sell them. It is our intention to apply the cash received from the sale, together with the working capital freed by the elimination of the Cleveland operations, to expansion in other areas with greater potentials to our company, including those in the Southwest."

See also Cook Coffee Co. below.—V. 189, p. 2453.

Aid Investment & Discount, Inc.—Registers With Securities and Exchange Commission—

Aid Investment & Discount, Inc., 9 South Main St., Akron, O., Aug. 12 filed a registration statement with the SEC covering \$1,000,000 of capital notes, 1959 Issue, due Sept. 1, 1974, and 150,000 shares of common stock. These securities are to be offered for public sale through an underwriting group headed by Paine, Webber, Jackson & Curtis. The interest rate on the notes, and the public offering price and underwriting terms for both issues, are to be supplied by amendment.

The company is engaged in the automobile sales finance business. Net proceeds of the sales of the notes and common stock will be added to its general working funds, to be used for the expansion of the company's business through its present subsidiaries and offices and for the opening or acquisition of additional offices if favorable opportunities should arise.—V. 188, p. 1813.

Allied Chemical Corp.—Secondary Distribution—A secondary distribution of 34,608 shares of common stock (par \$18) was made on Aug. 10 by Dominick & Dominick and associates at \$125 per share, with a dealer's concession of \$2 per share. This offering was oversubscribed.

The offering was made "with dividend." The stock went ex-dividend on Aug. 11.—V. 190, p. 353.

Ambassador Oil Corp.—Completes Two Wells—

The corporation has announced completion of two important confirmation wells—one a southwest extension to the Richey Pool, McCone County, Mont., and the other a west offset to a discovery well in the Drumheller area of East Central Alberta, Canada.

The well extending the Richey Pool is the Ambassador-Texota No. 2 Schock, which flowed 20 barrels of 38-degree gravity oil per hour natural on initial flow tests. The No. 1 Schock was completed in June flowing 1060 barrels of oil per day. Operators are clearing location for a southwest diagonal offset to the No. 2 Schock, which will be the Ambassador-Texota No. 3. Jensen, Ambassador and Texota Oil Co. of Denver control approximately 5,000 acres of leases in the area and plan a continuous development program.

The other confirmation test was the Ambassador-Southern Minerals No. 15-7 Drum, located in the Drumheller area of Alberta. The well flowed 116 barrels of 33.6-degree gravity oil in six hours on 23/64-inch tubing choke natural—a calculated daily potential of 464 barrels. Ambassador and Southern Minerals Corp. of Corpus Christi, control more than 5,000 acres in the Drumheller block.—V. 190, p. 457.

American Airlines, Inc.—To Operate With Turbofans

A major engine modification program for American Airlines' fleet of 50 Boeing 707s from conventional Pratt & Whitney turbojet powerplants to newly developed and highly efficient P&W turbofan engines was announced on July 7 by C. R. Smith, President.

The program for operating exclusively with turbofans rather than turbojets is another jet-age first for American, which was the first airline to offer transcontinental turbojet service, today operates the largest volume of jet service in the country, and has the Free World's largest turbine-powered fleet on order.

The conversion program will start next year as soon as the turbofans are available, and 707s with the new improved powerplants will be in scheduled service in substantial numbers during the first quarter of 1961, Mr. Smith said.

Under the modification plan outlined by Mr. Smith, American's 25 long-range 707s and 25 intermediate-range 707s (also called the Boeing 720) will be equipped with the superior engines. Of the 50 airplanes, 35 will be modified at a later date. The remaining 15 of the smaller 707s will be delivered to the airline with the turbofan engine already installed.

American, which introduced the first jet service across the United States with the 707 earlier this year, now has 16 of the long-range airplanes in scheduled service. The remaining nine will be delivered by the end of October. The 25 smaller 707s are scheduled for 1960-61 delivery.

The conversion of the Boeing airplanes means that in 1962 the airline's complete fleet of 73 pure jet airplanes will be powered by the turbofan engines. American now has on order for 1961-62 delivery 25 Convair "600" jets for intermediate-range service powered by General Electric fanjet engines. These powerplants, though perfectly suited for the smaller Convair airplane, do not develop sufficient power for the 707s, Mr. Smith said.

Rounding out the airline's turbine-powered fleet of 110 airplanes in 1962 will be 35 Lockheed Electra turboprops for use over the shorter distances.

Reports Substantial Gains in Traffic Categories—

American Airlines' June passenger traffic, boosted by its highly popular Jet Fleet of 707 and Electra Flagships, surged to an all-time monthly record for commercial aviation, a total of 551,000,000 revenue passenger miles, the airline reported on July 13.

The new world high in revenue passenger miles, the yardstick by which transportation performance is measured, was 14% over the airline's June, 1958 figure of 486,000,000 revenue passenger miles.

American reported substantial gains in other traffic categories. Airfreight ton miles were up 11.7% over the same period last year to 8,869,000; express ton miles jumped 20.4% to 845,000 ton miles; surface mail ton miles rose 18.2% to 211,000, and air mail ton miles posted a 5.8% gain to 1,522,000.

Load factor (percentage of seats occupied to seats available) on the Boeing 707s, even with the addition of more schedules (a total of 22 daily), continued to hover at more than 90%. The Electra factor for the month was 84%, while on all its flights, American posted an over-all load factor of better than 30%, the airline said.—V. 189, p. 2886.

American Biltrite Rubber Co., Inc.—To Enter British Markets—

The company will invade the British floor tile market this Fall through an expansion of its Amtico Vinyl and Rubber Flooring Division, Robert G. Marcus, Vice-President and General Manager of the Amtico division, announced on July 22.

A line of Amtico's quality and scope has not previously been available in the British Isles.

Distribution will be handled by Humasco, Ltd., of 23 Old Baile, London-England. Humasco, Ltd. has been newly formed by A. V. Humphries, Ltd. and Mitchell Ashworth & Stansfield Co., two of Great Britain's foremost companies in the floor covering field.

American Biltrite, in addition to producing Amtico floorings, also is the largest producer of shoe soles materials for manufacturers and shoe repairers. The company is a leading manufacturer of industrial hose, conveyor belts, floor matting, garden hose, friction tape, V-belts and other industrial products.—V. 189, p. 2029.

American Enka Corp.—Reports Record Sales—

With sales setting a new high record for the first 24 weeks of this year, net income for the period rose sharply to \$3,484,000, or \$2.64 per share, compared with only \$4,700 for the same period in 1958. The company, which is observing its 30th anniversary this month, manufactures rayon yarns and fibers, TYREX viscose tire yarn and nylon.

William Gage Brady, Jr., Chairman and President, reported to shareholders that the company's consolidated net sales increased 81% to \$49,997,000, compared with \$27,587,000 in the first 24 weeks last year.

For the second 12 weeks, ended June 21, net sales totaled \$26,255,000, compared with \$12,103,000 a year ago. Net income for this period amounted to \$2,084,000, or \$1.59 per share, compared with a net loss of \$360,000 for the second 12 weeks of 1958.

"The company's rayon filament yarn and nylon plants are currently operating at capacity," Mr. Brady reported. "In order to meet strong customer demand, further increases have been made in the production of TYREX viscose yarn for tires, and efforts in this direction will be continued. Enka is now the largest supplier of this high quality yarn to the tire industry."

"Aside from high-volume operation, Enka's 1959 earnings have been favorably affected by moderate increases in the prices of rayon filament yarn. The firming of the price structure has compensated in some measure for past price cuts as well as substantially increased labor, material and overhead costs."

"The present outlook is for a continued good level of business

throughout the year, although percentage gains over last year's sales and earnings will probably not continue as high as for the first 24 weeks of 1959."—V. 190, p. 150.

American & Foreign Power Co., Inc.—Amends Registration Statement—

This company on Aug. 10 filed an amendment to its registration statement with the SEC covering the proposed offering of its convertible junior debentures.

The issue, amounting to \$15,000,000, will mature on Aug. 1, 1964 and will be fully convertible into common stock of the company commencing Dec. 1, 1959. The debentures will be non-redeemable prior to Aug. 1, 1961 and non-refundable, subject to certain qualifications, prior to Aug. 1, 1964.

The debentures are expected to be offered through a group headed by The First Boston Corp. and Lazard Freres & Co. on Aug. 19, 1959.—V. 190, p. 150.

American Hospital Supply Corp.—Statement Effective

The registration statement filed with the SEC on April 20 covering 20,810 shares of common stock (par \$2) to be offered in exchange for common stock of Massillon Rubber Co. on the basis of nine shares of American common for one share of Massillon common, became effective on July 29.—V. 189, p. 2346.

American Israeli Paper Mills Ltd.—To Get Listing on ASE—

This company's 2,098,794 American shares have been approved for original listing on the American Stock Exchange, it was announced on Aug. 13.

Company was organized in 1951 under the laws of the State of Israel. It is the principal producer of paper in that country. In the 12 months ended July 31, 1958, the company's mill produced 16,689 tons of paper, which was approximately 85% of the total amount of paper produced in Israel during that period and approximately one-third of the total amount of paper produced or imported into Israel during that time. The principal grades of paper it produces are printing and writing papers, newsprint, and wrapping, bag, shipping sack and packaging papers.—V. 190, p. 561.

American-Saint Gobain Corp.—Securities Offerings Completed—

This corporation announced on Aug. 13, in connection with the offering of \$11,172,600 of 5½% convertible subordinated debentures and 268,141 shares of common stock, that \$10,040,800 or 90% of the debentures and 220,104 shares or 82% of the common stock offered were subscribed for, including \$6,400,000 of debentures and 153,600 shares of common stock subscribed for the company's parent, Compagnie de Saint-Gobain of Paris, France. The offering was underwritten by a group of investment bankers headed by F. Eberstadt & Co.

During the subscription period the underwriters sold, on a when-issued basis, a total of \$700,000 principal amount of debentures and 59,079 shares of common stock. The balance of the offering—\$431,800 principal amount of debentures—has been taken up and sold by the underwriting group. Sales of shares of common stock on a when-issued basis were in excess of unsubscribed shares. For details, see V. 190, p. 437.

American Surety Co.—Possible Exchange Offer Terminated—

W. E. McKell, Chairman of the Board and President of American Surety Co., announced that conversations which had been held with Transamerica Corp. over the past several weeks concerning a possible exchange of stock of the two companies had been terminated by mutual agreement. Transamerica proposed a basis of exchange of stock which it was prepared to offer to stockholders of American Surety if the offer met the approval and had the recommendation of American Surety's board of directors. Mr. McKell stated that the board did not consider the proposed basis of exchange adequate and was unwilling to recommend it to stockholders.—V. 189, p. 1342.

Amphenol Borg Electronics Corp.—Earnings—

This corporation had net income of \$1,303,224 after taxes for the six months ended June 30, 1959, Arthur J. Schmitt, Chairman of the Board and President, reported on Aug. 13. This is 32% greater than the \$990,913 in the comparable 1958 period, which represented combined earnings of the two predecessor companies, Amphenol Electronics Corp., and The George W. Borg Corp.

Net income for the half year amounted to \$1.12 per share as against 85 cents per share for the comparable period in 1958, based on the shares of common stock outstanding at the end of the period.

Mr. Schmitt said net sales of \$27,923,936 for the six months ended June 30, 1959, were 25% greater than sales of \$22,413,703 for the same period in 1958.—V. 189, p. 2778.

Arapahoe Chemicals, Inc., Boulder, Colo.—Files With Securities and Exchange Commission—

The corporation on Aug. 3 filed a letter of notification with the SEC covering 13,300 shares of common stock (no par) to be offered at \$20 per share for subscription to stockholders of record, giving them the right to subscribe for one new share for each three shares held. Rights expire in 30 days. No underwriting is involved.

The proceeds are to be used for capital investment, research and development and working capital.

Armstrong Uranium Corp.—Statement Withdrawn—

The registration statement filed with SEC on Jan. 16, 1959 covering 3,000,000 shares of common stock (par one cent) has been withdrawn.

Aro Equipment Corp.—New Merchandising Program

A new merchandising program that will permit buyers of heavy-duty mobile lubricating rigs and vans, widely used for the field servicing of heavy construction equipment, to acquire the units on

long-term installment contracts was announced on July 17 by R. W. Morrison, Vice-President and Director of Marketing. The rigs are sold either separately, or as an installation in the buyer's truck, or as part of a complete factory-mounted lubricating van "package."

The financing program, said Marquard J. Anderson, President, was developed with C.I.T. Corporation, the nation's largest industrial financing firm and the largest single source of installment financing in the heavy construction field.

Under the time sales program, Mr. Anderson said, the units may be paid for in 36 equal monthly installments or in 72 graduated monthly payments geared to depreciation schedules. Normal downpayments, he explained, will range from 10% to 25%.—V. 190, p. 46.

Associates Investment Co.—Earnings, Volume Up— Consolidated net earnings of this South Bend, Ind., company for the six months ended June 30, 1959 totaled \$8,644,018, as compared with the adjusted figure of \$8,641,222 for the first half of 1958, according to Robert L. Oare, Chairman of the Board.

Net earnings after the payment of preferred dividends were equivalent to \$2.57 per share on the 3,210,472 shares of common stock outstanding; the adjusted earnings for the same period in 1958 amounted to \$2.55 per share.

"Earnings for 1958 have been adjusted downward in order to provide for additional retroactive income taxes on life insurance companies imposed by Congress on June 25, 1959 directly affecting the subsidiaries, Alanco Life Insurance Co. and the Capital Life Insurance Co.," Mr. Oare said.

"There has been a noticeable improvement in the company's operations during the first half of this year, the volume of finance business amounted to \$559,302,504, which was \$201,116,787 higher than that reported for the same six months last year, resulting principally from greater activity in the automobile industry as well as the continued development of diversified business on the part of the company," Mr. Oare stated.

"Rising employment and better economic conditions, supported by a more selective credit program on the part of the company have served to reduce past due accounts and sharply curtail collection losses," Mr. Oare said.

The net earnings of Emmco Insurance Co., which writes automobile insurance, declined from \$1,458,991 in the first six months of 1958 to \$949,897 for the same period this year. This decrease was due principally to a reduction in earned premium income. However, with automobile retail installment receivables again on the rise, premiums written are increasing.

The combined net income of the two life insurance subsidiaries totaled \$2,769,856 for the six months, an increase of \$553,016 over the adjusted figure for the first half of 1958.

With the prospect that automobile and other equipment sales will continue at a high level, the outlook for the year ahead is very favorable. In anticipation of rising receivables, the company registered on Aug. 12 a senior long-term debt issue of \$50,000,000 with the SEC which, it is contemplated, will be sold publicly in September.—V. 189, p. 2453.

Avco Corp.—Receives Air Force Contract—

The corporation's Nashville Division has been named a second tier subcontractor for the B-70 "Valley" 2000 mph-bomber for the U. S. Air Force. It was announced on July 17 by John Mihalic, President of the division.

The contract is with the Georgia Division of Lockheed Aircraft Corp., which is a first tier subcontractor to North American Aviation. North American Aviation designed the B-70 "Valley" and is the weapon system contractor for the Mach 3 bomber to the U. S. Air Force.

"The new contract means considerable additional business for the Nashville Division over the next several years," Mr. Mihalic declared, "and it also will mean new business for several other companies who will be supplying us with materials and talents." The exact dollar amount of the Nashville Division's contract with Lockheed was not stated.

The Nashville Division will make large-size panels of Avcomb stainless steel honeycomb which will be used in those sections of the bomber fuselage to be built by Lockheed's Georgia Division at Marietta, Ga. The panels will be made in a new brazing furnace now being installed and which will be in operation within 60 days. The high temperature unit will be used to produce both flat and contoured Avcomb panels up to seven feet wide and 25 feet long.

The Nashville Division has produced small size panels of stainless steel honeycomb for more than a year. The division also is working on another subcontract with a second company for stainless steel honeycomb parts for the B-70.

Avcomb brazed stainless steel honeycomb structures for aircraft, as developed by the Nashville Division, are as strong as steel and yet so light in weight that they float on water. Material with Avcomb's high strength-to-weight ratio and heat resistance is needed to withstand the high temperatures and stresses that will be encountered by such aircraft as the B-70.

Mr. Mihalic said the Nashville Division has invested over a half million dollars in specialized equipment for producing and testing Avcomb. He also pointed out that the division's metallurgy engineering staff now is working on new and more advanced techniques for producing stainless steel honeycomb.—V. 190, p. 552.

Azalea Mobile Homes, Inc.—Class A Common Stock Offered—Palombi Securities Co. Inc., of New York City, on Aug. 4 publicly offered 300,000 shares of class A common stock (par 10 cents) at \$1 per share, as a speculation.

PROCEEDS—The net proceeds will be used for the opening of one additional trailer sales lot, and in addition will be applied to the construction cost of a mobile home park.

BUSINESS—The corporation was organized under Virginia law on Aug. 14, 1956. Since its incorporation it has engaged in the sale of mobile homes (trailers), where it occupies, under lease, a paved lot of 730 feet by 390 feet at the intersection of Military Highway and Azalea Garden Road, Norfolk, Va.

Giving effect to the conversion of the class B stock and the exercising of the option, there will be a total of 765,000 shares of class A stock and the outstanding class B will be eliminated.—V. 189, p. 2670.		

BF Products, Inc., New Milford, N. J.—Files With SEC

The corporation on Aug. 7 filed a letter of notification with the SEC covering 40,000 shares of common stock (par \$1) to be offered at \$2.50 per share, without underwriting.

The proceeds are to be used for general working capital.

Barton Distilling Co.—Secured Notes Offered—Fulton Reid & Co., Inc. and associates on Aug. 6 publicly offered \$2,000,000 of 6% secured notes, due July 1, 1965 at 99% and accrued interest from July 1, 1959. These notes were quickly taken.

The \$2,000,000 principal amount of 6% secured notes are direct obligations of the company secured by whiskey warehouse receipts for not less than 2,500,000 original proof gallons of Kentucky bourbon whiskey produced by the company not earlier than Jan. 1, 1959. Interest is payable Jan. 1 to July 1. The notes are redeemable at a premium of 5% through Dec. 31, 1960, 3½% thereafter through June 30, 1961, 1½% thereafter through Dec. 31, 1961, and at their principal amount after that date to maturity.

PROCEEDS—It is intended that approximately \$1,500,000 will be used for the repayment of short-term loans from banks and other lenders, thereby releasing from pledge whiskey warehouse receipts for approximately 44,000 barrels of whiskey produced by the company. It is expected that such whiskey warehouse receipts will be reacquired simultaneously with the sale of the secured notes and that receipts for approximately 18,000 barrels of whiskey notes will be delivered to the trustee as a part of the collateral for such notes. The remaining collateral will consist of whiskey warehouse receipts now owned by the company and available for such purpose. The remainder of the net proceeds will be added to the general funds of the company and will be available for financing inventories of aged whiskey. The short-term loans which are intended to be repaid out of the net proceeds were incurred for the purpose of financing inventories.

BUSINESS—The company is one of the largest privately owned distilling companies in the United States. In the calendar year 1958 the company was the fifth largest producer of Kentucky whiskey. During such year, its production constituted approximately 4.40% of total whiskey production in the United States and approximately 6.34% of total Kentucky production. The present company was incorporated under the laws of Delaware on June 20, 1944. Its modern distilling plant, built in 1946, and its 22 warehouse buildings are at Bardonia, Ky., on a site used for a distillery since 1879. Executive offices are located at 134 North La Salle St., Chicago 2, Ill.

Exemption Granted by SEC—

The SEC has issued an order granting an application of this company under the Trust Indenture Act for a finding that trusteeship of American Bank & Trust Co. of Chicago under three outstanding indentures and a fourth indenture pursuant to which \$2,000,000 of 6% secured notes are to be issued, is not so likely to involve a material conflict of interest as to make it necessary to disqualify American from acting as Trustee under any one of the four indentures.—V. 190, p. 355.

Basic Materials, Inc.—Letter to Be Amended—

The letter of notification filed with the SEC on April 9 covering 1,200,000 shares of common stock (par 10 cents) is to be amended.—V. 189, p. 1923.

ESTIMATED CORPORATE FINANCING IN NEXT FOUR WEEKS

The volume of corporate debt and equity issues scheduled to reach the market in the four-week period Aug. 17-Sept. 11 aggregates \$487,779,000. This represents a sharp increment over the total of \$313,908,800 for the preceding period of Aug. 10 to Sept. 4. The bulk of the increase of approximately \$175,000,000 is in the area of debt issues, all of which, incidentally, is accounted for by the addition to the calendar of debenture issues of \$125,000,000 for General Motors Acceptance Corp. and \$50,000,000 for Associates Investment Co.

The table below breaks the data down for each week of the four-week period ahead classified in terms of bonds and stocks. The data are obtained by the Corporate Financing Department of the *Commercial and Financial Chronicle* from private and official sources. They deal with public sales and exclude private placements.

Corporate Demand for Capital

	Bonds	Stocks	Total
Aug. 17-21-----	\$71,650,000	\$60,715,000	\$132,365,000
Aug. 24-28-----	83,860,000	22,944,000	106,804,000
Aug. 31-Sept. 4----	*176,000,000	3,250,000	179,250,000
Sept. 7-11-----	850,000	68,510,000	69,360,000
Total-----	\$332,360,000	\$155,419,000	\$487,779,000

*Includes \$50 million Associates Investment Co. debentures which, according to present indications, may reach the market in that week.

Among the larger issues scheduled in the Aug. 17-Sept. 11 period are: 450,000 shares each of common and preferred stock of Coral Ridge Properties, Inc., and 500,000 shares of Magnuson Properties, Inc., both offerings slated for Aug. 17; \$35,000,000 bonds of Consumers Power Co. on Aug. 18; \$25,000,000 bonds of Houston Lighting & Power Co., and 327,942 common shares of Union Bag-Camp Paper Co., both on Aug. 19; \$65,000,000 bonds of Pacific Gas & Electric Co. and \$10,000,000 debentures of Broadway-Hale Stores, Inc., both on Aug. 25; \$125,000,000 debentures of General Motors Acceptance Corp. on Sept. 2; \$50,000,000 debentures of Associates Investment Co. on Sept. 3 (tentative); 2,000,000 common shares of Sottile, Inc., on Sept. 7; and 1,057,725 common shares (rights offering) of Union Electric Co.

A detailed description of the above corporate financing may be obtained from the "Securities Now in Registration" section of the Aug. 13 Thursday issue of the *Chronicle*, and of course the extensive "General Corporation and Investment News" in the Monday issue.

Belmont Oil Corp.—Stock Sale Fraud Charged by SEC

The SEC New York Regional Office announced Aug. 4, 1959, the filing of a complaint, seeking an injunction against sales of this corporation's stock in violation of anti-fraud provisions of the Securities Act by Belmont, James B. Boren and three other individuals, as well as Perle-New York, Inc., M. J. Reiser Co., H. G. Stolle and Co., and Carlton Securities, Inc. A motion for preliminary injunction was scheduled for court hearing Aug. 11, 1959.—V. 190, 255.

Bestwall Gypsum Co.—To Build New Plant—

The company on July 16 announced plans to start construction of a new, five-and-one-half million dollar, gypsum plant in New Orleans, La.

Rawson G. Lizars, President, said the plant will be the first industrial development along the new Mississippi River Gulf outlet.

Situated on a 30-acre site between the present Louisville & Nashville RR. tracks and the new Gulf outlet, the plant will process 200,000 tons of gypsum rock per year. Its products will include plaster, lath and gypsum board, with gypsum board production estimated at more than 150 million square feet annually. It will employ nearly 200 persons on a regular basis.

The plant is scheduled for completion by June 1960. It will serve the entire South Central United States.

The official dedication of the plant site was held on July 20.

This company, one of the country's largest manufacturers of gypsum building products, presently has seven plants operating throughout the United States and a plant in Canada. In 1958 the company embarked on an expansion program calling for the construction of several gypsum plants on the Eastern Seaboard and the Gulf Coast.

The first of these is nearing completion in Brunswick, Ga., and will go into operation in the Fall of 1959. In addition to the New Orleans plant, ground-breaking ceremonies for a new plant to replace the company's present facilities in Blue Rapids, Kansas, were recently held, and it is expected ground will be broken shortly for a further gypsum plant at Wilmington, Del.—V. 189, p. 2887.

Bigelow-Sanford Carpet Co., Inc.—Earnings Increased

Net sales for the six months ended June 27, 1959, were \$34,550,000, an increase of 10.8% over the \$31,193,000 for the six months ended June 28, 1958. Excluding the volume of the Sanford wholesale division, discontinued December 31, 1958, the increase in sales was 22.6% for the first half of 1959.

Net profit for the first half of 1959 was \$1,007,000 after charges for or in lieu of income taxes, equivalent to 94 cents per share on the 992,631 shares of common stock outstanding after providing for preferred stock dividends. The 1959 profit of \$1,007,000 compares with a loss of \$1,553,000 for the comparable period of 1958.

Lowell F. Weicker, President, pointed out that operating profit before income taxes was \$2,032,000 for the first half of 1959, an improvement of \$5,125,000 over the loss, before income taxes credits, of \$3,103,000 for the same period of last year.

Net sales for the second quarter of 1959 were \$17,714,000, an increase of 15.5% over the \$5,339,000 for the second quarter of 1958. Net profit for the three months ended June 27, 1959, was \$742,000, equivalent to 71 cents per common share. This compares with a loss of \$663,000 for the second quarter of 1958.

Mr. Weicker also reported that net working capital at June 27, 1959, was \$29,999,000, representing a ratio of 5.7% to 1. This reflects an increase of \$1,435,000 in net working capital since Dec. 31, 1958, during which period the company's long-term debt has been reduced by \$1,000,000. The company has been free of current bank borrowings since late in June, he added.—V. 189, p. 2239.

Black, Sivalls & Bryson, Inc.—Common Stock Offered

Of the common stock covered by a prospectus (dated July 29), 39,600 shares are issuable upon exercise of 39,600 warrants presently outstanding, which expire Dec. 31, 1961. Such warrants permit the holders thereof to purchase common stock at any time prior to their expiration date at a price of \$22 per share. If all of these warrants are so exercised, the company will realize gross proceeds of \$871,200. An additional 75,000 shares of common stock are issuable upon exercise of 75,000 warrants presently outstanding, which expire June 30, 1967. Such warrants permit the holders thereof to purchase common stock at any time prior to June 30, 1962 at \$27.50 per share and thereafter at any time prior to their expiration date at \$30 per share. If all of these warrants are so exercised, the company may realize gross proceeds ranging from a minimum of \$2,062,500 to a maximum of \$2,250,000. The remaining 37,500 shares of common stock are issuable upon the exercise of a like number of non-transferable restricted stock options to be granted to officers and key managerial employees of the company under the terms of a stock option plan heretofore adopted by the company's stockholders. The options are exercisable at \$27.50 per share to June 30, 1962, and thereafter and at any time prior to June 30, 1965 at \$30 per share. If all of the options are so exercised, the company may realize gross proceeds ranging from a minimum of \$1,031,250 to a maximum of \$1,125,000.

This prospectus has been prepared for delivery by the company to optionees at the time of the granting of options and with the certificates for shares of common stock issuable upon the exercise of warrants and options.

This prospectus has also been prepared for use by the holders of warrants who may wish to sell publicly warrants or shares of common stock issued upon the exercise of warrants, in the over-the-counter market or otherwise, at prices current at the time of such sales, in transactions in which such holders may be deemed underwriters within the meaning of the Securities Act of 1933, as amended. However, no holder of warrants is authorized to use this prospectus for any purpose unless such holder first obtains prior written consent of the company. In this connection, such holder of warrants shall transmit to the company such information in writing with respect to such proposed transactions as the company and its counsel may deem appropriate. If any such transaction contemplates marketing arrangements not contemplated by the above, the company will file such amendments or supplements to this prospectus as may be required to comply with the Securities Act of 1933, as amended.—V. 190, p. 562.

Booth Fisheries Corp.—Sales Off—Earnings Up—

Net earnings reached a new high with the fiscal year ended May 2, 1959, despite a dip in sales and revenues. R. P. Fletcher, Jr., President, said in the annual report to shareholders.

Sales and revenues for the year amounted to \$46,264,000, compared with \$48,550,000 in the previous fiscal year. Net income was \$889,155, equal to \$2.71 per share of common stock, compared with \$842,595, equal to \$2.56 per share, adjusted to reflect the stock dividend paid during the past fiscal year.

"Lower sales were the result of influences characteristic of supply and demand in the fish and seafood industry," said Mr. Fletcher. "Light landings of several important species caused rising prices which encountered consumer resistance," he declared. On the other hand, he added, "in the case of fish and seafood in adequate supply and governed by reasonable price levels, greater competition was encountered by a declining price level of other protein foods."

Mr. Fletcher noted that in addition to the regular cash quarterly dividends paid during the year, a 5% stock dividend was paid. He said in keeping with the company's announced intention of making similar stock payments each year, the directors will consider stock dividend action for the current year at their August meeting.

Major property acquisitions during the year included the purchase of a fish processing plant at Fortune, Newfoundland, and of the assets of the Fabet Corporation group of four companies in Gloucester, Mass. These properties, when fully utilized, will add more than 50,000,000 pounds to Booth's annual processing capacity of North Atlantic fish.

Commenting on the general outlook, Mr. Fletcher said Booth's position should be improved as a result of past and current expenditures for added facilities, improvement of existing plants, aggressive merchandising and introduction of new products.—V. 189, p. 2779.

Bostitch, Inc., East Greenwich, R. I.—Files With SEC

The corporation on July 28 filed a letter of notification with the SEC covering 10,400 shares of class A non-voting stock (par \$4) to be offered at \$26.50 per share to full time employees of the company and its subsidiaries, excluding directors and officers, with at least one year of service as of Sept. 15, 1959 and including employees on leave of absence. No underwriting is involved.

The proceeds are to be used for working capital.—V. 182, p. 506.

British Motor Corp.—Sales in U. S. Rise—

In the first seven months of this year more British Motor Corp. cars were sold in the United States than in the whole of 1958, according to Hambro Automotive Corp., BMC's representative in the U. S. The January-July total was 34,087 cars compared with 17,711 in the same period last year and 32,109 for all 1958. Hambro car sales this year have earned nearly \$70 million for Britain.

BMC, makers of Austin, Austin-Healey, MG, Magnette, Morris and Riley is the world's largest automobile manufacturer after the American big three.

Brown Co., Berlin, N. H.—Earnings Increased—

Net income of \$562,551, or 19c per share of common stock outstanding, was earned by this company during the first 28 weeks of its current fiscal year, according to an announcement made by A. E. H. Fair, President, to stockholders in the company's mid-year report, excluding 82,214 shares held as treasury stock, were 2,617,411.

Earnings for the corresponding period of 1958 amounted to \$43,235 or 2c per share; the announcement stated.

Net sales for the 28-week period were \$30,401,026, an increase of \$2,480,249 or 8.9% over previous year's figures, despite the curtailment of production in the first month of the 1959 fiscal year due to a 3-week strike at the company's Berlin and Gosham operations.

"Sales of paper and plywood led the upturn in operations in these departments presently running at capacity, supported by good order backlogs," the announcement said. "Onco products and Bermico pipe and conduit have also improved over last year. Sulphite pulp continues to show the effect of over-capacity in the industry, with depressed prices and production levels well below capacity."

"As a result of new developments in our product lines and generally improved business conditions, paper sales in the summer months are expected to hold up better than the normal seasonal trend," Mr. Fair reported to stockholders. He predicted continued improvement over last year for the third quarter of the current year, and said it was reasonable to expect similar results for the fourth quarter as well.—V. 189, p. 2031.

Bucyrus-Erie Co. — Buys World-Wide Wheel Excavator Rights—

This company has acquired the patents and patents for the Kolbe Wheel Excavator, the largest earth moving machine ever built in America. The announcement was made at the first public demonstration of the machine June 17 at the United Electric Coal Companies' Cuba Mine near Canton, Ill.

William L. Little, Board Chairman of Bucyrus-Erie, told the gathering of more than 200 industrialists brought to the mine by special train from Chicago that while Bucyrus-Erie is not unfamiliar with wheel excavators—having designed and built wheels of its own—Frank F. Kolbe, President of United Electric, pioneered the use of wheel excavators in this country. He said the machine may be used in large scale strip mining of uranium and other big earth moving jobs in addition to its present application in the coal fields. Undoubtedly, still other applications will be found for this revolutionary machine as time goes on, Mr. Little underlined.

Bucyrus-Erie now has work under way on another wheel excavator for the Peabody Coal Co. for use at its River King mine near Freeburg, Ill. This wheel will incorporate features covered by the Kolbe patents.—V. 189, p. 1019.

Builder's Mortgage Investment, Inc., Issaquah, Wash.—Files With Securities and Exchange Commission—

The corporation on July 29 filed a letter of notification with the SEC covering \$300,000 of 10-year 6% debentures to be offered at par (in denominations of \$100 each). No underwriting is involved. The proceeds are to be used to purchase real estate and for working capital.

Business Men's Assurance Co. of America—Sales Up—

New sales of life insurance by this company in the first six months of 1959 showed an increase of \$41,000,000 or 25% over the corresponding 1958 period to establish a record, J. C. Higdon, President, announced on July 9.

The volume of new paid-for life insurance reached \$204,419,739 in the six months, compared with \$163,467,344 a year earlier. Insurance in force increased at a rate 46% greater than last year, with the addition of \$102,133,834 in the six months in contrast to an increment of \$69,928,691 last year. Total insurance in force June 30 was \$1,629,621,074, compared with \$1,408,762,337 a year before. The increased volume of insurance written and larger investments producing a higher average yield provided BMA with a record income in the six months, Mr. Higdon said. Total income was \$30,166,360, compared with \$28,987,766 a year ago. Investment income rose 11.7% to a total of \$3,451,275; premium income gained 5.2% to a total of \$25,388,132.

Total payments to policyowners, including claims, dividends, and annuities, aggregated \$14,606,068 in the six months, compared with \$14,119,622 a year ago.

In 1958, the company set aside \$861,666 for Federal income taxes based on the 1942 tax law as amended, which was \$252,612 more than required by the Mills law which applied to the years 1955 through 1957. Under the new tax law recently enacted by Congress, BMA's tax is estimated at \$913,433 which is only \$21,767 more than was set aside in the company's statement for 1958.—V. 189, p. 479.

Capitol Products Corp.—Sales Up 85%—

Net loss for the 28-week period ended May 16, 1959, amounted to \$91,407, or 11 cents a share, as compared with a net loss of \$223,782, or 27 cents a share, for the same period last year. Sales for the first half of the current fiscal year ending Oct. 31 hit a record high of \$15,653,213, up 85% over the \$8,448,988 reported for the corresponding period in 1958.

During April, Capitol Products financed a \$2,500,000 10-year mortgage loan with a group of institutional investors.—V. 190, p. 255.

Carrier Corp.—Announces Navy Contract—

The U. S. Navy will use catapults powered by Carrier to launch heavy jet bombers from its new atomic aircraft carrier in a matter of seconds.

Four compact air compression plants providing the air needed to produce the propulsion force have been developed by this corporation, it was announced on July 30.

The systems duplicate a prototype model installed at the Naval Air Facility, Lakehurst, N. J. They are designed to catapult the largest bombers contemplated by the Navy in 30 second intervals. According to Charles V. Fenn, vice-president of Carrier's Machinery and Systems Division, each compression plant consists of three compressors for exerting a pressure of 1,500 pounds per square inch—more than 100 times normal atmospheric pressure.

The total of 15 compressors, one set of which is a spare for the four shipboard launchers, including their steam turbine drivers, will be furnished under an \$8,000,000 contract awarded Carrier by the Bureau of Ships. The equipment will be installed in the hold of the USS ENTERPRISE now being built at Newport News, Va.—V. 189, p. 2671.

(William) Carter Co.—Expands Production Plans—

This company, which was the first manufacturer to introduce a knitted fabric of Du Pont 80% "Orlon" acrylic fiber and 20% cotton

in infants' layette wear for fall selling, has expanded production plans to include children's knit underwear.

According to H. Horace Otway, Vice-President and Sales Manager of Carter's, twelve styles will be available for Oct. 25 delivery to stores. Introduction of Carter's knitwear of "Orlon" cotton will be launched by Du Pont in their largest promotion in the infants' wear field.—V. 189, p. 2779.

Casco Chemical Corp., Dallas, Tex.—New Directors—

James R. Cash, President, on July 10 announced the election of five new members to the board of directors and expansion plans for the company's foreign and domestic business.

New officials are: William J. Garrett, Dallas, Vice-President and director to head the firm's financial affairs; Rea H. Allison, New York City, director; Charles F. Smith, Dallas, director; Harvey Keyes, Fort Worth, director, and Charles McCreus, Dallas, Legal Counsel and director.

This two-year-old corporation last year enjoyed a sales volume of nearly \$4,000,000. The selling pace has been stepped up considerably, Mr. Cash said, as the company now is producing a new liquid antioxidant for the edible and inedible fats industries which should boost sales appreciably.

The concern deals in animal fats and oils, vegetable oils and related products. It operates a fleet of 28 tank-type trucks throughout the southwestern, midwestern and southeastern sections of the United States. About 20% of the company's sales are to large domestic consumers and about 30% of the sales are made abroad in Central and South America, Japan, Formosa, Norway, Pakistan, Egypt and Poland. The foreign market is being expanded rapidly.

Mr. Garrett, well known in Dallas financial circles, said Casco should do about \$10,000,000 in sales in 1959, basing his estimate on first quarter results. He said the new product the company is bringing out, given the trade name "Resistalox," is used in shortenings, cooking oils, and other fat-containing foods. It resists oxidation effectively and prevents rancidity. It is Mr. Garrett's opinion that the introduction of this new product in the current year will increase company sales over and above early estimates.

The Casco official family, in addition to J. M. Cash and others previously named, is made up of Roland D. Cash, Vice-President and director; Austin D. Cash, Secretary-Treasurer and director, and W. C. Boedeker, Dallas real estate and investment leader, a director.—V. 190, p. 355.

Central Cooperatives, Inc.—Notes Offered—The company on June 15 offered, principally to cooperatives, their directors, managers and patrons, \$250,000 of promissory notes at 100%. Of the total, \$50,000 are 4% six-year notes and \$200,000 are 5% nine-year notes. No underwriting is involved. This offering is being made in the States of Wisconsin, Minnesota, and Michigan.

PROCEEDS—The net proceeds are to be used for working capital. HISTORY AND BUSINESS—The company was organized Aug. 31, 1917 as a cooperative association under the laws of the State of Wisconsin. The former name of the company was Central Cooperative Wholesale but by resolution of the stockholders, effective April 1, 1957, the corporate name was changed to Central Cooperatives, Inc. It has been and still is chiefly engaged in the buying, processing, packaging, selling and distribution of commodities to its members, which are local cooperative associations functioning as retail stores. Those commodities are chiefly groceries, clothing and household articles, home appliances, commercial food supplies, building supplies, petroleum products and automotive supplies. As an incident to its business, the issuer warehouses and transports the commodities, and to some extent packages and processes them. The chief commodities packaged and processed are feeds, coffee, bakery goods. On Dec. 1, 1958, the issuer purchased the assets of the Cooperative Publishing Association, Superior, Wis., thereby adding a print shop operation and the publication of two weekly newspapers to its operations. The business has developed, particularly in the last 12 years; chiefly in the way of expansion of established lines rather than an addition of new lines of activities—gross sales increasing from \$8,711,975 in 1946 to \$15,652,964 in 1958.

Chemtron Corp.—New Instrument Announced—

A resuscitator described as the world's smallest has been developed to help save the lives of newborn babies who have trouble drawing their first breaths.

The new unit is so sensitive it gently forces air through an opening the size of a pinhole and automatically adjusts to lung capacity as small as that of a mouse, said officials of the corporation's National Cylinder Gas Division.

This "Handy OB" (obstetric) resuscitator is the first ever built especially for the artificial respiration of newborn babies," said Robert W. Burmeister, the division's medical sales manager. "Until this unit was developed it had been considered impossible to produce an automatic positive and negative resuscitator so small."

The cylindrical mechanism is three inches long, two inches in diameter and weighs only 7 1/2 ounces. NCG medical equipment engineers say it is rugged, reliable and easy to operate.

The resuscitator can be used in some cases of umbilical strangulation and when the infant's respiratory system may not function properly because of the effect of pain-relieving drugs administered to the mother during delivery, Mr. Burmeister said.

The Handy OB unit was built for NCG by the Stanton Scientific Co., Glendale, Calif. The National Cylinder Gas Division markets a complete line of inhalation therapy equipment and therapy gases.—V. 189, p. 2780.

Chesapeake & Ohio Ry.—Equipment Trust Certificates on Market—An underwriting group headed by Halsey, Stuart & Co. Inc., on Aug. 13 offered \$2,700,000 of 4% serial equipment trust certificates at prices to yield from 4.40% to 4.60%, according to maturity. The group won award of the certificates at public auction on Aug. 13 with a bid of 99.468%. One other bid of 99.3073% was received, also for a 4% coupon, from a Salomon Bros. & Hutzler group.

The certificates mature \$180,000 each June 1 from 1960 to 1974, inclusive and are offered subject to the approval of the Interstate Commerce Commission.

Other members of the underwriting group include: R. W. Pressprich & Co.; Freeman & Co.; and McMaster Hutchinson & Co.—V. 190, p. 563.

Chrysler Corp.—Sales 42% Ahead of Year Ago—

Dollar sales for the first six months of 1959 were \$1,531 million, or 42% more than the sale of \$1,075 million for the same period last year, L. L. Colbert, President, announced on July 23 in a report to shareholders.

First half earnings were \$58.0 million, equal to \$6.65 a share, compared with a net loss of \$25.2 million, or \$2.89 a share, for the first half of 1958.

"The financial results reflect the increase in second-quarter production schedules for cars and trucks, production having been curtailed in January and February by a prolonged strike at plants of our major glass supplier," Mr. Colbert said. He also noted that production volume was maintained at a relatively high level in the second quarter to provide adequate dealer inventories of cars and trucks in anticipation of the seasonal third quarter reduction in output due to plant changeovers to prepare for the introduction of new models in the Fall.

Mr. Colbert stated that the financial results for the final six months

of 1959 would be affected by the lower production schedules in the third quarter as well as the "unusually heavy non-recurring expenses for extensive plant rearrangements and the initial cost of building and introducing our completely new cars and trucks for 1960." These include the Valiant, a new economy car line, as well as a new Dodge Dart series of passenger cars.

The report disclosed that the company's defense business in the first half of this year amounted to \$165 million, compared with \$126 million in the same period last year.

Net current assets amounted to \$375 million as of June 30, 1959 compared with \$364 million at the end of last year. Cash and short-term marketable securities totaled \$422 million, compared with \$245 million at Dec. 31, 1958.

Capital expenditures for improvements and additions to land, buildings, machinery and equipment amounted to \$28.6 million in the first six months of 1959, compared with \$29.0 million in the first half of last year. Depreciation charges were \$38 million, compared with \$39 million in the first six months of last year.—V. 190, p. 460.

City Discount & Loan Co., Portland, Ore.—Files With Securities and Exchange Commission—

The company on July 30 filed a letter of notification with the SEC covering 120,000 shares of common stock (no par) to be offered at \$2.50 per share, through H. G. Williams & Co., Inc., New York, N. Y. The proceeds are to be used for working capital.

City Investing Co.—To Retire Common Stock—

The stockholders on Sept. 9 will consider amending the Certificate of Incorporation to authorize the Board of Directors to retire shares of common stock purchased or otherwise reacquired by eliminating such shares from the authorized capital stock.—V. 188, p. 2461.

Coastal Caribbean Oils, Inc., Panama City, Panama—Files With Securities and Exchange Commission—

The corporation on July 27 filed a letter of notification with the SEC covering American Voting Trust Certificates for 178,719 shares of common stock (par 10c) to be offered at the estimated market price of \$1.62½ per share. No underwriting is involved.

The proceeds are to be used for expenses incidental to exploring and producing of oil.

Coleman Engineering Co., Inc.—New Contracts—

This company has received two initial design and production contracts totaling about \$600,000 for missile ground handling equipment, signifying its entry into large scale manufacturing, T. C. Coleman, President, announced on July 15.

The orders bring Coleman's backlog to approximately \$4,200,000, double the \$2,100,000 at this time a year ago.

One contract is for lift and transportation trailers and workstands for North American Aviation's Hound Dog air-to-surface missile, and the other for a missile nose cone transportation trailer for Avco Corp.—V. 190, p. 356.

Colorado Fuel & Iron Corp.—Bond Financing Approved

A special meeting of stockholders of the corporation held in Denver on Aug. 6 approved issuance of \$40,000,000 of additional first mortgage bonds. The proceeds of the bonds will be used to finance a program of plant expansion and modernization and to simplify the corporation's debt structure by retiring existing bank loans and redeeming outstanding bonds of John A. Roebling's Sons Corp., a wholly-owned subsidiary.

The new bonds which will mature in 1979 will be sold privately to a group of institutional investors. The interest rate on the bonds will be 5¼%.

In addition to the new \$40,000,000 of bonds the corporation will also have outstanding \$20,000,000 of first mortgage bonds issued in 1951 which will mature in 1971. The stockholders at the special meeting also approved an increase in the interest rate on these old bonds from 4¼% to 5% which was necessary in order to secure consent of the holders of the old bonds to the new financing program.

Alwin F. Franz, President of the corporation, stated that \$21,000,000 of the proceeds of the new financing will be spent on plant expansion and modernization, the major portion being scheduled to improve facilities of the Corporation's Western Division. Among the projects to be undertaken is construction of a new oxygen steel converter with capacity of 50,000 ingot tons per month at the Pueblo, Colorado plant. Mr. Franz explained that the redemption of the Roebling bonds will permit merger of Roebling into The Colorado Fuel & Iron Corp., a step designed to improve operating economies and increase overall efficiency. The Roebling facilities will be operated as The John A. Roebling's Sons Division of The Colorado Fuel & Iron Corp. Roebling product lines, manufacturing, and sales policies will be continued.—V. 190, p. 564.

Columbus & Southern Ohio Electric Co.—Earnings—

The company earned net income of \$1,512,000 for the quarter ended June 30, 1959. This is equal after preferred dividends to 44 cents for each of the 2,651,360 common shares. The showing compares with the net income of \$1,328,000 earned in the corresponding 1958 period, or 37 cents a share on a similar number of common shares.

For the 12 months ended June 30, 1959, net income amounted to \$6,849,000, or \$2.08 a common share after preferred dividends, against net of \$7,246,000—\$2.28 a common share—earned in the preceding 12 months.

On July 31, 1959, the Ohio P. U. Commission granted the company rate increases applicable to the City of Columbus and unincorporated areas of Franklin County estimated by the company at \$3,400,000 per year on the basis of sales for the year 1957. The parties to the case have 30 days from the date of the order in which to file an application for a rehearing.—V. 189, p. 2888.

Community Credit Co.—Preferred Stock Offered—

Wachob-Bender Corp. of Omaha, Neb., on July 20 publicly offered 12,000 shares of 6.24% senior cumulative sinking fund preferred stock, series A, at par (\$25 per share). Of these shares, 8,624 shares were reserved for initial offering to the present holders of the company's 2,156 outstanding shares of class A 5½% cumulative sinking fund preferred stock which has been called for redemption on Aug. 24, 1959.

REDEMPTION FEATURES—The company may at its option redeem this stock, in whole or part at any time on 30 days' written notice at \$26 per share to and including Dec. 31, 1962; at \$25.75 per share from Jan. 1, 1963 to and including Dec. 31, 1965; and at \$25.50 per share thereafter in each case plus accrued dividends to date of redemption. If from sinking fund, this stock may be redeemed at \$25.50 per share plus accrued dividends to date of redemption.

SINKING FUND—Beginning Jan. 1, 1962 and annually thereafter from net earnings of the preceding fiscal year ended Oct. 31 after payment of dividends on this stock, the company will create a sinking fund for the purchase and redemption of 4% of the amount of this stock issued and outstanding.

PROCEEDS—The net proceeds will be used to retire the presently outstanding 2,156 shares of class A 5½% cumulative sinking fund preferred stock and to increase working capital.

BUSINESS—The company was organized on Feb. 14, 1939 with the opening of an office in Pueblo, Colo. The company is incorporated in Colorado but is domiciled to do business in Nebraska. The home office is located at 3023 Farnam Street, Omaha, Neb., with branch offices operated in Omaha and Grand Island, Neb.; Waterloo, Ottumwa and Cedar Rapids, Iowa and Pueblo, Colo. It is engaged in purchasing retail installment notes receivable arising from retail sales of automobiles and industrial and domestic equipment secured by chattel mortgages or conditional sales contracts.—V. 190, p. 48.

Community Public Service Co.—Registers Preferred Stock With Securities and Exchange Commission—

This company filed a registration statement with the SEC on Aug. 7, 1959, covering 30,000 shares of cumulative preferred stock series A, \$100 par, to be offered for public sale at competitive bidding. Net proceeds will be used to pay bank loans of \$2,500,000 incurred for property additions and improvements made in 1959 and for construction in progress. Construction expenditures are estimated at \$4,200,000 in 1959.—V. 189, p. 2032.

Consolidated Electrodynamics Corp.—Subsidiary Contract—

Consolidated System Corp., a wholly-owned subsidiary, has received a \$98,600 contract from the Goddard Space Flight Center of the National Aeronautics and Space Administration for development of miniature mass spectrometers that will be placed in orbit within a satellite to analyze and measure the elements of the exosphere, the uppermost region of the atmosphere.

Telemetered data from the analytical instruments are expected to give scientists accurate information on makeup of the exosphere in a region between 150 and 600 miles above the earth.

The satellite, about 35 inches in diameter, will be launched in 1961 with two of the mass spectrometers aboard, according to the NASA. Several of the instruments will be tested in rocket firings prior to the launching.—V. 190, p. 256.

Consolidated Foods Corp.—To Redeem Preferred Stock

The corporation has called for redemption on Sept. 4, 1959, all of its outstanding 5½% cumulative convertible preferred stock to be offered at \$50.25 per share, plus accrued dividends of \$48.125 per share. Payment will be made at the Continental Illinois National Bank & Trust Co., Chicago, Ill.

Preferred stock may be converted into common stock at \$17.48 per share to Sept. 3, 1959, inclusive.—V. 190, p. 153.

Consolidated Gas Utilities Corp.—New Secretary—

Anthony M. Lampert on Aug. 12 was elected Secretary of this corporation. It was announced following a meeting of the company's board of directors. Mr. Lampert replaces Kenneth E. Ryan.—V. 188, p. 1153.

Consumers Power Co.—Bids Aug. 12—

The company will accept bids up to 11 a.m. (EDT) on Aug. 18 at the offices of Commonwealth Services, Inc., 300 Park Ave., New York 22, N. Y., for the purchase from it of \$35,000,000 of first mortgage bonds due Aug. 1, 1989.—V. 190, p. 460.

Continental Airlines, Inc.—Sets New Traffic Record—

Inauguration of nonstop Golden Jet Boeing 707 flights between Chicago and Los Angeles enabled Continental Airlines to chalk up a 61% increase in revenue passenger miles for June, it was reported on July 14 by Marvin L. Davis, Vice-President—sales. July traffic is showing an even greater improvement, he said.

Last month the company operated an estimated 60,249,000 revenue passenger miles, a new one-month company record, compared to a June, 1958 total of 37,395,000, Mr. Davis said.

Air cargo (air freight, mail and express) climbed 15% to 340,000 ton miles from 298,000 ton miles in June last year, he reported.—V. 189, p. 2781.

Controls Co. of America—Common Stock Offered—

Public offering of 191,703 shares of common stock (\$5 par value) at a price of \$32.375 per share was made on Aug. 12 by an underwriting group jointly managed by Merrill Lynch, Pierce, Fenner & Smith Inc. and Lee Higginson Corp. This offering was oversubscribed and the books closed.

Of the total number of shares offered, 50,000 shares are being sold for the account of the company and 141,703 shares for certain selling stockholders. The company's common stock is currently listed on the Midwest Stock Exchange and it is the company's intention to apply for listing of the stock on the New York Stock Exchange.

PROCEEDS—Net proceeds from the sale of its 50,000 shares of stock will be added to the general funds of the company and used for various corporate purposes, including the acquisition of a plant in St. Thomas, Ont.; a plant addition in Polcroft, Pa.; acquisition of property and equipment for a plant in Arizona; the retirement of existing mortgage notes, and advances to a subsidiary to finance proposed manufacturing operations abroad, principally in South America. The balance of the proceeds will be used as working capital.

BUSINESS—Company manufactures controls and control systems for home laundry equipment; valves, switches, igniters, thermostats and other controls and control systems for home heating, commercial refrigeration and air conditioning, including automobile air conditioning; and electric motors for use in refrigeration, air conditioning ventilating, home laundry and heating equipment, and other various applications. Principal executive offices and plant are located in Schiller Park, Ill., and other plants are located in Wisconsin, Ohio, Indiana, Michigan, Arkansas, Ontario, Canada, Pennsylvania and California.

EARNINGS—The company and its subsidiaries in the five months ended May 31, 1959 had consolidated net sales of \$21,675,956 and consolidated net income of \$1,147,039 equal to \$1.07 per common share.

Cook Coffee Co.—Unit to Expand—

This company, through its wholly owned subsidiary, Pick-N-Pay Super Markets, Inc., has entered into a contract to purchase the Foodtown Super Market chain's Cleveland area operations in a cash transaction involving more than \$4,000,000. Included in the purchase from ACF-Wrigley Stores, Inc. are 24 stores, 20 of which are in Cuyahoga County, and the lease on Foodtown's 130,000 square-foot warehouse and office building on Rockside Road, Maple Heights. This was built three years ago on an 18-acre site within a block of Pick-N-Pay's modern 200,000 square-foot warehouse and bakery.

Max Freedman, Cook Coffee President, said that these stores include 12 which will take Pick-N-Pay into major shopping areas where it has not been represented.

"With the addition of these stores, we expect the total volume of Cook Coffee's business in 1959 to exceed \$95,000,000," Mr. Freedman said. "Our projected sales for 1960, including new stores being built by Pick-N-Pay, have been set at \$120,000,000." (The company reported total sales of \$79,665,015 for the 53 weeks ended Jan. 3, 1959).

It is contemplated that all Cook Coffee headquarters activities and Pick-N-Pay office operations will be located at 3515 Chester Avenue to Rockside Road where existing air conditioned offices in the former Foodtown building could be expanded by converting present warehouse space. The company is also planning a 15,000 square-foot addition to the 27,000 square-foot Pick-N-Pay bakery which was opened less than a year ago.

The firm of Ulmer, Ernie, Laronge, Glickman & Curtis represented Cook Coffee in the negotiations with Norman Hirschfield, ACF-Wrigley President.

See also ACF-Wrigley Stores, Inc. above.—V. 178, p. 665.

Cubic Corp.—Common Stock Offered—Hayden, Stone & Co. heads a group of underwriters which publicly offered on Aug. 14 105,000 shares of capital stock at \$12 per share.

PROCEEDS—Of the total, 100,000 shares represents new financing by the company, the proceeds from which will be used to repay about \$400,000 of bank loans, build up inventories by about \$300,000, purchase about \$70,000 of equipment; the balance will be added to working capital. The remaining 5,000 shares are being sold for the account of a company officer (Robert V. Weiner).

Officers and directors of Cubic will continue to own an aggregate of 397,372 common shares, or about 79% of the 504,800 shares which will be outstanding on completion of this offering.

BUSINESS—Cubic was established in 1949. Principally, the company develops and manufactures complex electronic systems for precision tracking of missiles and aircraft. The bulk of sales have been of electronics systems which were under prime contracts to U. S. Government agencies. Backlog of orders on June 30, 1959 was approximately \$3,800,000.

EARNINGS—Sales in the five months ended May 31, 1959 were \$1,956,000 and net income was \$91,000, as against \$1,027,000 and \$34,000, respectively, in the similar 1958 period. In the full year 1958 sales totaled \$3,669,000 and net income, including \$60,000 of non-recurring profit, came to \$113,000.

Desert Inn Associates—Registers With SEC—

This company, located at 60 East 42nd Street, New York, filed a registration statement with the SEC on Aug. 7, 1959, covering \$3,025,000 of Participations in Partnership Interests in Associates, to be offered for public sale in units of \$25,000 each.

Associates is a partnership consisting of Lawrence A. Wien and William P. Purcell which has contracted to purchase the resort hotel,

Wilbur Clark's Desert Inn, in Las Vegas, Nev. The purchase price is \$9,375,000, of which \$2,875,000 is payable in cash, and the balance will be represented by mortgages. A deposit of \$300,000 has been made under the purchase contract. In addition to the purchase price, Associates will make disbursements of \$200,000 in connection with the transactions.

Each of the two partners will contribute \$25,000 to the partnership capital and is offering Participations of \$1,512,500 in his partnership interest. The total partnership capital will thus be \$3,475,000. This will be used to reimburse the partners for the \$300,000 deposit, to pay the \$2,875,000 cash balance due under the purchase contract, and to defray the disbursements incident to the acquisition and pay the expenses of the offering.

Associates will not operate the property. The purchase will be subject to a 20-year renewable net lease. The lessee will be a corporation affiliated with the seller of the property, and the premises will be operated, under sublease, by a corporation controlled by the principal owners of the seller (United Resort Hotels, Inc.)

(W. S.) Dickey Clay Mfg. Co.—Plans Expansion—

Major expansion plans announced by this company include large scale projects in St. Louis, Mo., and Bessemer, Ala.

Completion of both projects in 1960 will coincide with Dickey's Diamond Jubilee Celebration, marking the company's 75th year as one of the leaders in the industry.

Contracts have been let for construction of a new straight line tunnel kiln in St. Louis. The complete unit, building and kiln will be completed and in operation early in 1960. This expansion, which augments a recently completed St. Louis plant addition, will increase the production of Dickey's St. Louis operation by 30,000 tons annually.

At Bessemer, Ala., plans for a new multi-million dollar plant have been finalized, and contracts have been awarded so that actual construction can begin in July, according to Mr. Thomas L. Howard, District Manager. When the plant is completed in 1960, it will have a capacity of 50,000 tons annually. The new plant will include one of the world's largest continuous kilns. Production of vitrified clay sewer pipe and other products should begin in early Summer of 1960.

Mr. Howard explained that the Bessemer plant has been designed for future expansion that would double its capacity.

The company also owns and operates vitrified clay pipe plants in Chattanooga, Meridian, San Antonio, Texas, and St. Louis and Pittsburg, Kansas, with principal offices in Kansas City, Mo.

Dixie Natural Gas Corp., New York, N. Y.—Files With Securities and Exchange Commission—

The corporation on July 30 filed a letter of notification with the SEC covering 277,000 shares of common stock (par one cent) to be offered at \$1 per share, without underwriting.

The proceeds are to be used for expenses incidental to developing leases in West Virginia.

Dorr-Oliver Inc.—Private Placement—This company, through Dominick & Dominick on Aug. 10 negotiated the private placement of \$4,000,000 of 5½% notes due July 1, 1974.

The net proceeds are to be used to refund a term bank loan and for general corporate purposes.—V. 189, p. 2782.

There were 199,081 holders of common stock, and 21,026 holders of preferred stock as the first half of 1959 ended. These figures include 5,830 holders of more than one kind of stock.—V. 189, p. 2136.

Dynex, Inc.—Registers With SEC—

This company, with offices at 123 Eileen Way, Syosset, N. Y., filed a registration statement with the SEC on Aug. 5 covering 120,000 shares of common stock. The stock is to be offered for public sale at \$5 per share. The offering is by Dynex, Inc., a subsidiary of E. I. du Pont de Nemours & Co., which is to receive a commission of 75¢ per share; and the company also will issue to the underwriter 12,000 common stock purchase warrants for \$120, each warrant entitling the holder to purchase one common share for \$5 per share within a four-year period.

The company is engaged in the development and/or manufacture of (a) quantity precision electronic components and instrumentation designed to customer specification and (b) various photographic products designed both for customer and military use. To date it has emphasized the development of proprietary items for others on a fee basis, but proposes also to engage in the manufacture and sale of products designed and developed by it. The company was organized in November 1958 under the name Foto Development Corp., to succeed to a business founded by Robert Nicolosi and Max Kotler as a partnership in January 1957. The partnership's net assets amounted to \$36,268; and the two partners each received 50 shares of Dynex stock. An additional \$30,000 was received in May 1959 through the sale of 50 shares to Max Fabrikant. Thereafter, the 150 shares were recapitalized into 180,000 shares. Nicolosi, Kotler, and Fabrikant are directors and serve as president, executive vice-president, and vice-president, respectively.

Net proceeds of the sale of additional stock are to be used (a) to finance the research and development of new products intended for consumer, industrial and military use; (2) to purchase additional equipment necessary for the manufacture and production of proprietary products; and the fulfillment of subcontracting production contracts; and (c) to expand the scope of the business and permit expenditures for additional personnel, the carrying of inventories, and sales production and advertising.

Edison Brothers Stores Inc.—New Lease—

This corporation has signed a long term lease for a Baker's Quality shoe store in Brooklyn, N. Y., it has been officially confirmed by Elmer L. Jeffreys, New York area regional manager for the firm. The new Baker's store will occupy the former premises of Russek's on the northwest corner of Fulton and Bridge Streets in Brooklyn. The property is a five-story and basement building fronting 45 feet on Fulton Street and having a depth of 132 feet.

Irving Feist of Feist & Feist, Realtors, Newark, N. J., represented all parties in the transaction which included the Elser Realty Corp., owners of the property, and Russek's, which subleased the building to Edison Brothers.

Construction on the new Baker's store, under the direction of Bernard Bloom, architect for the firm, will start Aug. 15, the date Russek's will close. Officials estimate that the new store will be ready to open in late Fall.—V. 190, p. 257.

Empire Financial Corp.—Registers With SEC—

This corporation located at 13547 Van Nuys Blvd., Pacoima, Calif., filed a registration statement with the SEC on Aug. 6, 1959, covering 260,000 shares of common stock, of which 25,000 shares are to be offered for public sale for the account of the issuing company and 235,000 shares representing outstanding stock, for the account of the present holders thereof. Dempsey-Tegeler & Co. is listed as the principal underwriter; and the public offering price and underwriting terms are to be supplied by amendment.

The company was organized under Delaware law in March 1959 for the purpose of acquiring outstanding guarantee stock of Empire Savings & Loan Association, and it now owns about 97% of such stock, for which it issued 517,280 shares of the presently outstanding 537,280 shares of Empire Financial stock. An additional 10,000 shares were issued to Samuel Oschin for all the outstanding stock of Pacoima Bond & Insurance Agency, and 10,000 shares have been issued to

Dempsey-Tegeler for \$10,000 cash. The net proceeds of the company's sale of the additional 25,000 shares will be used to provide it with working capital to be used in the conduct of its business and in payment of its operating expenses.

The 225,000 shares are owned by Samuel Oschin, president and board chairman, Irving Oschin, vice president and treasurer, and certain other of the present stockholders, and are to be offered for sale through the underwriters by said holders.

The probable offering date for the above mentioned securities is about the first week of September, 1959, at a price of \$6 per share.

Empire Millwork Corp.—Statement Withdrawn—

The registration statement filed with the SEC on April 17 covering 95,000 shares of common stock (par \$1) was withdrawn on July 20.—V. 190, p. 564.

Equitable Life Assurance Society—New Building—

Another chapter in Pittsburgh's architectural renaissance was written July 15 with the erection of the first stainless steel mullion on the No. 4 Gateway Center Building at the apex of the Golden Triangle.

The new \$16,000,000 structure, scheduled for completion in 1960, is the fourth Gateway office building financed by the Equitable Life Assurance Society.

When their installation is completed, the mullions will form straight vertical lines up the building sides, accentuating the stainless steel architectural form and height of the 22-story building.

Fabrication of the outside stainless steel mullions in panels by the Limbach Company of Pittsburgh makes the structure an almost completely local operation—from the manufacture of the steel to its final erection.

Crucible Steel Co., Jones & Laughlin Steel Corp., and United States Steel Corp. are among the firms which furnished structural and stainless steel for the building.

It will contain 400,000 square feet of floor space.—V. 188, p. 648.

Fedders Corp.—Quarterly Earnings Up—

Continuing a trend that has persisted throughout the current fiscal year, third quarter earnings of the Fedders Corporation again above those for the comparable 1958 period, with the result that net income, after taxes, for the months ended May 31, 1959, was 27.0% above that of a year earlier, Salvatore Giordano, Chairman and President, said on July 9 in his report to stockholders. The gain in earnings, Mr. Giordano reported, "was achieved despite a 2.5% decline in overall sales caused entirely by the elimination of our contract air conditioner business by the expiration of our agreement with a customer at the close of June, 1958.

For the nine months ended May 31, 1959, net sales of the company were \$38,342,688 as compared with \$39,321,559 a year earlier. Profit before taxes was \$4,267,568 as against a pre-tax profit of \$3,328,903 for the corresponding period of fiscal 1958.

Net income, after taxes, totaled \$1,940,963 and was equivalent to \$1.00 per share on the 1,905,128 shares of common stock currently outstanding after provision for preferred dividends. This compares with a fiscal 1958 nine months net income of \$1,528,703, or 78 cents per common share, calculated on the same basis.

Sales for the fiscal 1959 third quarter amounted to \$15,028,569 as against \$14,733,038 for the same months of a year ago. Profit before taxes was \$2,003,752 as compared with a fiscal 1958 third quarter pre-tax profit of \$1,676,299.

Net income, after taxes, was \$914,647, or 46 cents per common share on the currently outstanding stock, after preferred dividends, as against net earnings of \$761,399 for the same months of fiscal 1958, or 40 cents per share, calculated on the same basis.—V. 189, p. 2783.

Federal Petroleum Carriers Ltd. — \$8,000,000 Tanker Financing Arranged—This company announced on Aug. 10 that it has executed agreements for the private sale of \$6,740,000 of first ship mortgage bonds and \$1,260,000 of secured notes. F. Eberstadt & Co. arranged the private placement.

The funds will provide the long-term financing for the Federal Monarch, a 40,500-ton tanker being constructed at the Davie Shipyard, Lauzon, Quebec for long-term charter to Imperial Oil Limited. Upon completion, it will be the largest ship built in Canada.

Federal Petroleum Carriers is a wholly-owned subsidiary of Federal Tankers Ltd. which is controlled by Federal Bulk Carriers, Inc. and Bessemer Securities Corp.

Filbert Corp.—Change of Status Approved—

The SEC has issued an order under the Investment Company Act granting an application of Filbert Corp., of Minneapolis, Minn., for a declaration that it has ceased to be an investment company within the meaning of that Act. According to the application, the 500 shares of Founders (voting) stock of Filbert are owned by two stockholders, B. C. Gamble (278 shares) and B. C. Gamble Charitable Trust (222 shares); and its 150,000 outstanding shares of common (non-voting) stock are held by 88 stockholders. The company further states that it is not making and does not presently propose to make a public offering of its securities.—V. 189, p. 1129.

Finance Co. of America at Baltimore—Private Placement—It was announced on Aug. 12 that the company, through Kidder, Peabody & Co., Inc., has placed privately an issue of \$500,000 5½% subordinated notes, due Aug. 3, 1974.

—V. 187, p. 1541.

Firestone Tire & Rubber Co.—Makes Gift—

The California Institute of Technology has received from this company a gift of \$1,050,000 for the construction of a new aeronautics laboratory. It was announced on July 22 at Pasadena, Calif., by L. A. DuBridge, President of the Institute.

To be known as the Firestone Aeronautical Research Laboratory, the new facility will make possible a major expansion of Caltech's already extensive aeronautics program. The Institute is this country's chief producer of advanced-degree scientists and aeronautical engineers.

The Firestone Aeronautical Research Laboratory, according to Caltech officials, will be devoted chiefly to studies of: Missile and aircraft structures at hypersonic speeds; design criteria for solid propellants of the sort used in missiles, rockets and space vehicles; flow problems at hypersonic speeds such as those experienced by vehicles operating within or passing through the earth's atmosphere; heat transfer, including melting of surfaces exposed to hypersonic gas streams; theoretical fluid mechanics, aimed at the discovery of fundamental laws applicable to large classes of high-speed flow problems.

The new laboratory will house several kinds of advanced research equipment including plasma jets, shock tubes, electric-arc wind tunnels, and hypersonic tunnels operating at speeds up to the equivalent of 12,400 m.p.h.

In addition to working laboratory space where theories are tested,

the proposed five-story, 30,000 square foot building will have space where individual staff members may evolve the theories themselves—offices where the equipment is usually no more than a blackboard; but where much of the critical part of scientific and engineering research is always done. Finally, there will be classrooms and lecture rooms for 80 to 100 graduate students, two-thirds of whom will be doing original research.

In addition to industrial manufacture and production of rubber, metal, plastic and textile products, synthetics and chemicals, the Firestone company maintains a guided missile production plant in Los Angeles and a weapons systems engineering laboratory in Monterey, Calif.

Caltech officials said it is hoped that ground will be broken for the new building in the next few months.—V. 190, p. 257.

Florida Palm-Aire Corp.—Registers With SEC—

This corporation, located at 4800 N. Federal Highway, Pompano Beach, Fla., today filed a registration statement with the SEC covering 1,010,000 shares of common stock.

The company proposed to offer 445,000 shares for public sale at \$4 per share. The principal underwriters include Hardy & Co., Goodbody & Co., Allen & Co., and five other firms, who are to receive a commission of 52¢ per share. Three of the organizers of the company have granted three-year options to the underwriters to purchase an aggregate of 40,000 shares from the organizers at \$4 per share.

The company was organized June 23, 1959, for the principal purpose of engaging in the purchase and sale of undeveloped real property. Its organizers were Paul E. Fitzpatrick, Board Chairman, Harold L. Broliar, President, and George O. Palmer, Secretary, who, with other persons, will own a majority of the shares of the company to be outstanding after this offering. The company acquired from the organizers approximately 770 acres divided into seven tracts located in the eastern sections of Broward County and Palm Beach County, Florida. The organizers transferred to the company the said property having a net equity at cost of \$949,528 and paid to the company as cash or advances the sum of \$550,471. In consideration thereof, the company issued to these persons (1) an aggregate of 485,000 common shares and (2) \$100,000 principal amount of 6½% unsecured debentures due in 1965; in addition (3) the company has assumed \$400,000 of preexisting loan indebtedness of Palm-Aire Construction, Inc., a transfer of the real properties. The company may from time to time purchase or take options on other tracts of land in Florida.

The general procedure to be employed will be the acquisition of prime acreage in Florida and the development of this acreage as saleable building lots. In addition to the 485,000 outstanding common shares, the company now has outstanding various indebtedness aggregating \$2,175,385. The total development program of the company during the next two years is estimated to cost \$2,407,065 and debt amortization will be \$1,084,000, or a total of \$3,491,065 to be spent during this period. This amount could be increased by \$600,000 (less amounts received from the membership of the country club) if the construction of a golf course on the Cypress Creek tract is undertaken by the company instead of the company's lessee. The total proceeds of the offering of the company, and cash on hand prior to the offering is estimated to be \$550,000, or a total cash position after the financing of about \$2,050,000. To the extent that the funds are insufficient to carry out the development program and debt amortization, the company intends to obtain additional funds from the sale of property in the ordinary course of its business, from loans to be secured upon the signing of commercial leases for space in a shopping center, and from rentals.

In addition to the 445,000 shares to be offered for public sale, the registration statement includes the 485,000 shares issued to promoters and 80,000 shares subject to issuance under the company's incentive stock option agreements and its stock option incentive plan. **Funds For Business, Inc.—Class A Stock Offered—**Joseph Mandell & Co., Inc. and Seymour Blauner Co., both of New York City, on Aug. 3 publicly offered 500,000 shares of class A stock (par 50 cents) at \$1.50 per share, on a best efforts basis. **PROCEEDS—**The net proceeds will be added to the general funds of the corporation and will be available for general corporate purposes incident to carrying on and expanding its business. **BUSINESS—**The corporation was incorporated in New York in November 1955 and maintains offices at 120 East 41st St., New York 17, N. Y. The corporation is engaged principally in commercial installment financing. The bulk of its portfolio consists of negotiable paper acquired from manufacturers, distributors and dealers covering sales of income-producing equipment and machinery. **CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING**

Gamewell Co.—To Amend Articles of Incorporation—

The stockholders on Aug. 18 will consider amending Articles of Organization to provide for the fixing of a record date or closing of transfer books for a period of not more than sixty days in lieu of not exceeding thirty days for payment of dividend, stockholders meeting or last day on which consent or dissent of stockholders may be effectively expressed; also repealing present By-laws and enact a (new) code of By-laws.—V. 189, p. 1129.

General Aquamatics Corp.—Securities Offered—This

company on July 30 publicly offered \$100,000 of 6½% six-year bonds and 50,000 shares of common stock (par \$1). The debentures are being offered at par (\$500 per debenture) and the common stock is being offered at par (\$1 per share). No underwriting is involved.

The bonds shall be superior to the common stock but subordinate to all other creditors with respect to claims against the assets of the corporation. Bonds pay 6½% annually. Bonds are fully convertible into common stock at the following prices: 50 cents per share prior to Jan. 1, 1960; \$1 per share prior to Jan. 1, 1961; \$1.75 per share prior to Jan. 1, 1962; \$3 per share prior to Jan. 1, 1963; and \$5 per share prior to Jan. 1, 1965. Bonds are fully protected against dilution of the common stock during conversion period. Bonds are non-assessable. Bonds cannot be recalled during the conversion period unless the cor-

poration shall be superior to the common stock but subordinate to all other creditors with respect to claims against the assets of the corporation. Bonds pay 6½% annually. Bonds are fully convertible into common stock at the following prices: 50 cents per share prior to Jan. 1, 1960; \$1 per share prior to Jan. 1, 1961; \$1.75 per share prior to Jan. 1, 1962; \$3 per share prior to Jan. 1, 1963; and \$5 per share prior to Jan. 1, 1965. Bonds are fully protected against dilution of the common stock during conversion period. Bonds are non-assessable. Bonds cannot be recalled during the conversion period unless the cor-

poration pays a double-interest penalty for the full remaining life of the bond.

PROCEEDS—The net proceeds are to be used to repay loans, for equipment and working capital, and for other general corporate purposes.

BUSINESS—The corporation was incorporated under the laws of the State of Washington on March 19, 1959. The principal offices are located at Room 409, 245-4th Street Building, Bremerton, Wash.

The corporation is successor to the General Aquamatics Co., a partnership organized on May 11, 1956, at Venice, Calif. On Feb. 14, 1957, R. E. Van Der Maas discontinued his association with the partnership and continued the General Aquamatics Co. as a sole proprietorship, assuming all outstanding debts of the former partnership. There were no patented items developed for production during the life of the partnership.

On Feb. 7, 1958, the company was moved to Bremerton, Wash., and a license attesting thereto was issued to R. E. Van Der Maas. At the present time the affairs of the corporation are being conducted solely by the President and Secretary-Treasurer.

The corporation is engaged in the production, distribution, and sale of AQUA-BELLS. The AQUA-BELL is a polyethylene plastic dumbbell which can be filled with water to weigh five pounds, with sand to weigh eight pounds, or left empty to act as a swimming aid or float for adults and children in the pool or at the beach.

At the present time the AQUA-BELLS are being manufactured in volume in Japan. The corporation owns the molds and controls production volume. The first delivery of AQUA-BELLS was on Jan. 1, 1959, on which date 700 units (350 pairs) arrived in Seattle from Yokohama, Japan. As soon as equipment can be purchased, production will be set up in the United States inasmuch as a much better profit margin will accrue to the corporation from production in this country. —V. 190, p. 461.

General Contract Finance Corp.—To Amend Articles of Incorporation—

The stockholders on Sept. 15 will consider amending the Articles of Incorporation to authorize 250,000 shares of preferred stock (par \$20) and an additional 2,000,000 shares of common stock (par \$2). —V. 189, p. 1129.

General Electric Co.—Contract With Con Edison—

The General Electric Atomic Power Equipment Department (APED) has been selected to design and manufacture the equipment for the nuclear instrumentation and safety systems for Consolidated Edison Co.'s Indian Point Nuclear Power Station, APED General Manager, George White, announced on Aug. 5.

Final negotiations for the equipment are being conducted with the Bailey Meter Co., which is supplying the major portion of the plant instrumentation and control equipment. In addition to handling the general engineering, Consolidated Edison is constructing the plant and will operate the completed station.

Babcock and Wilcox has the contract for nuclear design and research and will furnish major items of nuclear equipment, including the core. Vitro Engineering is a nuclear consultant and furnishes design-drafting services.

Completion of the station is scheduled for early 1961.

The Indian Point Plant, located 24 miles from New York City on the Hudson River, will have an ultimate electrical capability of 275 megawatts, 163 megawatts from its nuclear reactor, and 112 megawatts from two oil-fired superheaters.

Awarded Large Order—

A \$14,000,000 order for ten 87,500 KVA hydro-generators was received on July 16 by the company's Large Motor & Generator Department for the Wanapum Project of Public Utility District No. 2 of Grant County, Wash.

Delivery of the ten units is scheduled to begin the latter part of 1960 with one unit to be delivered every two months. Each of these units will be 40 feet in diameter and weigh 1,900,000 pounds. —V. 190, p. 461.

General Merchandise Co.—Building New Warehouse

A giant new warehouse equipped with electronically controlled conveyor systems that "think" is nearing completion at 11800 W. Burleigh St., Wauwatosa, Wis.

The 546,000 square foot structure, claimed to be the largest one stock warehouse in Wisconsin, will replace 608,000 square feet of warehouse space now occupied by General Merchandise at six multi-story buildings scattered throughout Milwaukee, according to Stanley Krizlik, Secretary of the company.

Cost of the new warehouse will be \$4,500,000—including \$3,000,000 for the building and \$1,500,000 for equipment and fixtures, Mr. Krizlik said. General Merchandise will lease the warehouse from the Klefsat Engineering Co., Chicago, which is putting up the building.

The move into the new building is expected to be completed by Sept. 1, Mr. Krizlik said. The company will continue to maintain its offices at 207 N. Milwaukee St. —V. 189, p. 1573.

General Mills, Inc.—Announces Joint Venture—

A joint venture agreement for the production and marketing of an isolated soybean protein of unique properties has been announced by the J. R. Short Milling Co., of Chicago and General Mills' Oilseeds Division of Minneapolis. This announcement was made jointly by Charles H. Bell, President of General Mills, Inc., and J. R. Short, Jr., President of the J. R. Short Milling Co.

"The process for producing this unique pure protein was developed after many years of research," Mr. Short said. "It is our opinion that our isolated protein has superior qualities which will be of interest to the food industry. We intend to introduce this product to the baking trade as well as other food markets."

S. D. Andrews, Vice-President of General Mills and General Manager of the Oilseeds Division, said the agreement is effective at once. "Production on a limited scale will start as soon as possible, and future plans call for a commercial plant at one of the company's soybean plants. General Mills' Oilseeds Division has soybean plants at Belmond, Iowa, and Rossford, Ohio, which produce soybean flakes, the primary raw material for manufacturing this unique isolated protein. Soybean meal is 44% protein, but this new process developed by the J. R. Short Milling Co. produces a 100% protein."

Acquires English Firm—

This corporation has acquired the business of Latham Foods, Ltd., a food processing company at Bromborough, Cheshire, England, President Charles H. Bell announced on July 31.

Latham is a name well known in Britain as the manufacturer of Cracka-Jack Corn Flakes and Cakeoma Cake Mixes. It has been one of the leaders in the development of the cake mix market in Britain. Its history dates back to 1884, and Latham introduced one of the world's first cake mixes, Cakeoma, to British consumers in 1903.

The acquisition marks the first General Mills venture into the grocery products business outside the North American continent, Mr. Bell said.

Latham Foods, Ltd., will operate as a wholly-owned subsidiary of General Mills. —V. 190, p. 461.

General Motors Acceptance Corp.—Registers With Securities and Exchange Commission—

This corporation on Aug. 11, 1959, filed a registration statement with the SEC covering \$125,000,000 of twenty-one year debentures due 1980, to be offered for public sale through an underwriting group headed by Morgan Stanley & Co. The interest rate, public offering price and underwriting terms are to be supplied by amendment.

The net proceeds from the sale of the debentures will be added to the general funds of the company and will be available for maturing debt or for the purchase of receivables. Such proceeds may be applied initially to the reduction of short-term borrowings. —V. 190, p. 565.

General Motors Corp.—Registers Stock Option Plan With Securities and Exchange Commission—

This corporation filed a registration statement with the SEC on Aug. 5, 1959, covering 361,056 shares of its common stock, to be pursuant to the company's Stock Option Plan. —V. 190, p. 353.

General Steel Castings Corp.—Earnings, etc.—

Net sales during the three months ended June 30, 1959, increased to \$10,802,006 from \$9,645,883 in the corresponding period of last year, Charles P. Whitehead, President, reported on July 17.

Sales for the first half of the year were \$19,603,159 compared with \$21,394,598 in the six months ended June 30, 1958. The gain in the second quarter continues the uptrend which set in during the first three months of this year.

Net profit after income taxes for the three months ended June 30, 1959, amounted to \$695,876, equal to 86 cents a common share, on 812,720 shares outstanding, compared with \$572,990, equal to 71 cents per common share on 810,000 shares for the three months ended June 30, 1958.

Net profit after income taxes for the first six months of 1959 amounted to \$1,138,471, equal to \$1.40 per common share, compared with \$1,333,861, equal to \$1.65 per common share, for the first six months of 1958.

James K. Ebbert has been elected a member of the board of directors of General Steel Castings Corporation, Mr. Whitehead also announced.

Mr. Ebbert is a Vice-President of the Mellon National Bank & Trust Co. of Pittsburgh, Pa.

His election fills the vacancy caused by the resignation of Ira Guidden, who had been director of General Steel Castings Corporation since 1953. —V. 189, p. 1928.

General Time Corp.—Offers Common Stockholders Rights to Subscribe for Debentures—The corporation is offering its common stockholders rights to subscribe for \$6,197,900 of 4½% convertible subordinated debentures, due 1979, at 100% at the rate of \$100 principal amount of debentures for each eight shares of common held of record Aug. 7, 1959; rights will expire at 3:30 p.m. (EDT) on Aug. 10. A group headed by Kidder, Peabody & Co. will underwrite the offering.

The debentures are convertible into common stock at any time prior to maturity, unless previously redeemed, at \$96 per share, subject to adjustment under certain conditions. They are redeemable at the option of the company at optional redemption prices ranging from 104.75% for those redeemed prior to Aug. 1, 1960, to 100% for those redeemed on or after Aug. 1, 1978; and for the sinking fund at 100% and accrued interest on or after Aug. 1, 1970. The sinking fund is calculated to retire 60% of the debentures prior to maturity.

PROCEEDS—The net proceeds from the sale will be added to the general funds of the company. A major portion of the proceeds will be used over the next few years to finance the production and marketing of its electronic "Transactor," a new automatic data-gathering system, developed by its Stromberg subsidiary. The balance of the proceeds will provide additional working capital which may be necessary to carry increased receivables and inventory resulting from expanding sales of the company's other products.

BUSINESS—The company was incorporated in 1930 for the purpose of acquiring the business and assets of Seth Thomas Clock Co., founded in 1813, and Western Clock Co., founded in 1885. As a result of expansion and additional acquisitions, the company and its subsidiaries have become one of the leading and most diversified manufacturers of time pieces and timing equipment in the United States. They also manufacture time recording equipment, electronic data-handling systems, industrial time devices, electric motors, and a wide variety of special timing mechanisms. Through other subsidiaries, the company manufactures watches and clocks in Canada and Scotland and clocks in Brazil.

In 1958, approximately 72.7% of the company's sales were of consumer products principally clocks and watches, 21.9% industrial products and other timing devices, including automobile clocks, and 5.4% defense products.

Goodyear Tire & Rubber Co., Akron, O.—Sales Up—

A 19% sales gain for this company's packaging films over the first six months of 1958 was reported on Aug. 5.

E. H. Dours, Manager, Packaging Films Sales Department, said second quarter sales volume was up 24% over the corresponding period last year. Previously reported was a first quarter gain of 15%.

Marketing three major lines of packaging films, Mr. Dours credited film diversification and production expansion of approximately 25% as major factors for the increased sales. —V. 190, p. 461.

Gould-National Batteries, Inc.—Profits Down 5.4%—

For the fiscal year ended April 30, 1959, sales by this corporation and its subsidiaries were slightly above those of the previous year, and profits were down 5.4%, according to Albert H. Daggett, President. Consolidated net sales amounted to \$66,330,892, which is \$136,183 above the previous year and only 5.8% below the company's highest annual sales figure. Consolidated net income after taxes was \$2,792,072.

Earnings for the year amounted to \$3.29 per share on the 848,000 shares of common stock outstanding on April 30, 1959. This compares with the previous year's earnings of \$3.72 per share on the 793,000 shares of common stock outstanding on April 30, 1958. Mr. Daggett reported that both sales and profits were affected by a reduction in the company's industrial battery business which had resulted from the general decline in business activity throughout the country which began in 1958. He stated that late in the fiscal year, industrial business turned upwards again.

On April 30, 1959 the company's net current assets amounted to \$20,310,031 and earnings retained for use in the business amounted to \$26,226,643.

Shareholders equity or net worth of the company as of April 30, 1959 amounted to \$33,636,575 or \$39.66 per share on common stock outstanding at the end of the year.

During the year, Gould-National's purchases of property, plant and equipment amounted to \$4,305,452. This amount includes the net plant assets of the subsidiary companies purchased.

The subsidiary companies referred to are White Machine Works of Eau Claire, Wis., and its subsidiaries, and Gillett & Eaton, Inc. of Lake City, Minn., and its subsidiaries. These companies are engaged in the manufacture of castings, pistons and other engine and compressor parts for automotive, transportation and industrial uses. Mr. Daggett stated that the purchase of these subsidiaries represents Gould-National's first substantial investment outside of the battery manufacturing field.

Stock Increased—

The stockholders on Aug. 4 voted to increase the number of shares authorized by the company's charter. Previously 1,000,000 shares of common stock and 35,000 shares of preferred stock had been authorized. Action of the stockholders increases the number of authorized shares to 2,000,000 common shares and 100,000 preferred shares. Stockholders were told that at present the directors of the company have no plans for issuing any of the additional shares.

Albert H. Daggett, President, stated that the company's profits for the first fiscal quarter which ended on July 31, 1959 were expected to be "more than 50%" above the 62c per share which was earned during the corresponding quarter a year ago. He also stated that orders received for industrial type batteries during the quarter were up "about one-third" above similar orders in last year's corresponding quarter.

"Our opening fiscal quarter which ended July 31, 1959 showed a substantial improvement over the same quarter of 1958," said Mr. Daggett. "In our opening quarter last year, we earned 62c per share on the 793,000 shares of common stock outstanding at the end of the period. For the quarter which just closed, we expect our profits per share will be more than 50% greater than this. Also, the increased profit per share will be earned upon a larger number of shares. As of July 31, 1959, we had 843,800 shares outstanding. The increased profits result, to a large extent, from the pick-up in industrial battery orders which accompanied the improvement in general business in recent months," said Mr. Daggett. —V. 190, p. 352.

(W. R.) Grace & Co.—Exchange Offer—The company,

according to a prospectus dated July 24, is acquiring the business and substantially all the assets of the Hatco Chemical Company. Concurrently the company is delivering to Hatco 126,000 shares of the company's common stock and is assuming certain of Hatco's liabilities and obligations. The company is also to deliver to Hatco or Hatco's stockholders in 1960-1966 such additional shares of the company's common stock as may be required by the acquisition agreement. Hatco and its stockholders have agreed that Hatco will be promptly dissolved and its assets (mainly the above-mentioned 126,000 shares and the right to receive such additional shares) distributed to the Hatco stockholders in dissolution.

In the view of the SEC, Mr. William Hackman (who is a Hatco stockholder acquiring 125,832 of such shares) may, if he is acquiring said 125,832 shares with a view to the distribution thereof, be deemed to be an "underwriter" (as that term is defined in the Securities Act of 1933) of any said 125,832 shares which he may publicly offer for sale. Mr. Hackman has not advised the company that he is acquiring said 125,832 shares for investment and without a view to distribution and has advised the company that he does not know if and when he will distribute all or any part of such shares.

The above mentioned 126,000 shares are listed on the New York Stock Exchange on notice of issuance. The Hatco stockholders have agreed that they will not offer or sell any of said shares (or cause or permit the same to be offered or sold) to the public in the United States otherwise than in transactions on the New York Stock Exchange (regular way, by special or secondary offering or otherwise on such Exchange), unless (1) all information with respect to such public offering or sale, which is under the control of Hatco or its stockholders and which is required by the Securities Act of 1933 or the rules or regulations of the SEC thereunder, shall have been furnished to the company, and (2) the company and the Hatco stockholders shall have complied with all requirements of such Act and rules and regulations insofar as necessary for such offering or sale and there shall be no pending or threatened stop order or other proceeding initiated by the SEC with respect thereto. The company will receive no part of the proceeds of any sales of the above mentioned shares by the Hatco stockholders. The expenses in connection with the issue of the above-mentioned 126,000 shares are to be borne by the company and are estimated at \$43,887. The expenses in connection with any later sale or transfer will be borne by the seller or transferor and are not presently determinable. —V. 189, p. 2890.

Grand Union Co.—Opens Two Supermarkets—

New Grand Union supermarkets were opened in New Britain, Conn., and in Alexandria, Va., on July 21.

With the opening of these newest markets, the 32nd and 33rd since the beginning of the year, the company is operating 442 stores in 11 Eastern States, the District of Columbia and Puerto Rico. —V. 190, p. 259.

(W. T.) Grant Co.—To Open 12 New Stores in August

This company on Aug. 5 announced plans for the opening of 12 new stores in 10 States in the month of August, bringing its total number of stores in operation to 770. All but two of the new stores are located in Shopping Centers. During the past 5 years, the company's continuing expansion program has seen the opening of between 60 and 70 new stores each year.—V. 190, p. 259.

Great American Publications, Inc.—Registers With Securities and Exchange Commission—

This corporation, located at 41 East 42nd St., New York, filed a registration statement with the SEC on Aug. 11, 1959, covering 260,000 shares of its common stock. The prospectus was submitted by Burnside & Co., Inc., as underwriter. The underwriter proposes to make an offering of 195,000 shares on a best efforts basis in behalf of the company, the underwriter having an option to acquire said shares at \$1.60 per share, exercisable for a period of 66 business days after the effectiveness of the registration statement. The shares will be offered for public sale by the underwriter at the prevailing market price for outstanding shares at the time of offering. The underwriter also has the right to purchase, at 10¢ per share, 150 additional shares for each 975 shares purchased and paid for under the option, or an aggregate of 30,000 shares for \$3,000, which may be disposed of by the underwriter after expiration of the option. In addition, if the option on the 195,000 shares is exercised in full by the underwriter, the company will sell to the underwriter at a price of one mill per warrant share, warrants representing rights to purchase a total of 50,000 additional shares at exercise prices beginning at \$4 per share during the first two years of the life of the warrant and rising to \$5 per share during the fourth and fifth years. Furthermore, the underwriter is entitled to receive from the company an expense allowance at the rate of 9½¢ per share on the first 150,000 shares and 10¢ per share on the remaining 45,000 shares purchased and paid for pursuant to the option, plus \$1,500 as reimbursement for traveling expenses.

The company is engaged in the publication of magazines, principally monthly magazines in the automotive and related fields. The first proceeds of its stock sale to the extent of \$103,000 will be used for needed additional capital for present and contemplated operations; the next \$25,000 to discharge a bank loan; and the balance for promotion and development of the "Saint" mystery magazine and other publications recently acquired.

According to the prospectus, the company now has outstanding 505,500 common shares, of which Mrs. Scharf, of Rye, N. Y., owns 117,140 shares, or 23.1%. An additional 165,000 shares (32.2%) are owned by Management House, Inc., wholly-owned by Mrs. Scharf. Mrs. Scharf proposes to sell in the market an aggregate of 35,000 shares now owned by her upon the expiration of 91 business days after the effective date of the registration statement.—V. 189, p. 1022.

(M. A.) Hanna Co.—Earnings Increased—

Net profit in the first half of 1959 was \$6,082,857, equal to \$1.97 a share, as compared with \$5,150,504, or \$1.67 a share, a year ago. During the first six months, sales and other revenues totaled \$14,287,294, including dividends of \$6,231,004. This compares with \$13,532,810 a year ago, when dividends were \$5,593,465.

Federal income tax provision during the first half was \$876,400 as compared to \$462,300 in 1958. Charges for depreciation, depletion and amortization were \$108,882, as compared to \$122,560 a year ago.—V. 188, p. 2029.

Hanna Mining Co.—Reports Gain in Profits—

The company on July 23 reported net profit in the first half of 1959 of \$2,995,432, equal to \$2.09 a share on the 1,430,165 shares outstanding. Last year, net profit in the first six months was \$2,098,170, or \$1.87 a share on the 1,118,080 shares then outstanding.

Sales and operating revenues during the first half this year totaled \$34,509,355, as compared to \$31,710,096 a year ago.

The company, an independent company in which The M. A. Hanna Co. holds substantial minority interest, made provision for Federal income taxes during the first half of \$1,472,700, as compared to \$1,200,868 in 1958. Depreciation, depletion, amortization and development charges were \$1,466,762, as compared to \$475,671 a year ago.—V. 189, p. 1347.

Hartford Electric Light Co.—Partial Redemption—

The company has called for redemption on Sept. 1 next, through operation of the sinking fund \$126,000 of its 3¼% debentures due Sept. 1, 1971, at 100% and accrued interest. Payment will be made at the Old Colony Trust Co., Boston, Mass., or the Hartford National Bank & Trust Co., Hartford, Conn.—V. 188, p. 2246.

Hatco Chemical Co.—Exchange Offer—

See (W. R.) Grace & Co. above.

Hathaway Industries, Inc.—Statement Effective—

The registration statement filed with the SEC on June 9 covering 300,000 outstanding shares of common stock, became effective on July 27. These shares are part of the 672,990 shares (53.43%) held by Seaboard Allied Milling Corp. Seaboard plans to offer 100,000 shares for sale to the business associates and employees of Hathaway Industries at \$6 per share. In addition, Seaboard may wish to sell publicly the remaining 200,000 shares, or a portion thereof, on the American Stock Exchange, or otherwise, at prices current at the time of such sales.—V. 189, p. 2676.

Hertz Corp.—Rent a Car Service in Portugal—

Robley H. Evans, Executive Vice-President of Hertz American Express International, Ltd., said rent a car service has been established through company representatives in Lisbon, Porto and Coimbra, Portugal's three key tourist centers.

Hertz International, a jointly-owned subsidiary of The Hertz Corp. and American Express Co., conducts rent a car operations outside the United States in 313 cities in 39 foreign countries.

Expands Rent a Car Service—

Rent a car service is now available for the first time in Monterrey, Mexico, it was announced on July 14 by Hertz American Express International Ltd.—V. 190, p. 461.

Highway Trailer Industries, Inc.—Rights Offering to Stockholders—The company issued to its shareholders of record at the close of business on Aug. 12, 1959, transferable warrants evidencing the right to subscribe to 1,110,052 additional shares of its common stock (par 25 cents) for \$4 per share at the rate of one share of additional stock for each two shares of common stock so held of record. The shareholders shall have the privilege of subscribing for the shares of additional stock not subscribed for upon the exercise of rights, subject to allotment. The closing price of the common stock on the American Stock Exchange on Aug. 12, 1959 was \$5 per share. The warrants will expire at 3:30 p.m. (EDT) on Aug. 28, 1959. The company has employed Van Alstyne, Noel & Co. and Allen & Co. to act as its agents to assist the company's stockholders in exercising and forwarding their rights.

The registration statements also included 170,000 outstanding shares owned by certain selling stockholders. Said outstanding shares may be sold by the holders thereof in the open market, through brokers of the American Stock Exchange, or otherwise, from time to time, at prices current at the time of sale. It is contemplated that commissions, if any, in connection with sales by the selling security holders will not be in excess of the usual and customary brokerage commissions. The company will receive no part of the proceeds of any such sales. In the event of such sales the selling security holders may be the underwriters within the meaning of the Securities Act of 1933, and any difference between the cost of these securities to them and the proceeds from their sale may be deemed to be underwriting commissions.

PROCEEDS—In the event that all of the shares are sold, the company's net proceeds will be approximately \$4,013,208, of which approximately \$250,000 will be used for new equipment and plant improvements; approximately \$2,000,000 will be used for the inventory and production requirements of the Hazelton, Pennsylvania, plant and the increased production at the Edgerton, Wis. plant; approximately \$750,000 will be used to discharge a short-term bank loan which was made for the purpose of increasing inventory and meeting the start-up expenses of the Hazelton, Pa. plant. The balance of the funds will be devoted to general corporate purposes.

BUSINESS—The company was incorporated in 1914 under the laws of the State of Delaware as United Profit-Sharing Corp. Under such name it was engaged in several enterprises wholly unrelated to its current activities until Sept. 30, 1958, when it consummated an Agreement of Purchase and Sale dated April 28, 1958, for the purchase of all of the outstanding stock of Highway Trailer Co. (Highway), a Delaware corporation, from Trans Continental Industries, Inc., a Michigan corporation. Concurrently, it divested itself of all its other assets except \$250,000 in cash, for the considerations referred to below.

In exchange for the Highway stock the company agreed to issue to Trans Continental Industries, Inc. 1,650,000 shares of the company's common stock, \$.25 par value, and 165,000 shares of the company's \$10 par value preferred stock on a graduated basis, namely: 1,350,000 shares (subject to a downward adjustment of 40,000 shares) of said common stock and 165,000 shares of said preferred stock at the closing; 150,000 more shares of said common stock when Highway shall have, after the closing, attained earnings totaling \$500,000 before taxes; 75,000 more shares of said common stock when Highway shall have, after closing, attained earnings totaling \$750,000 before taxes; and 75,000 more shares of said common stock when Highway shall have, after the closing, attained earnings totaling \$1,000,000 before taxes. Earnings, in the sense used in the Agreement, are defined generally as earnings before taxes in any year or cumulated from year to year. The said 165,000 shares of preferred stock and 1,310,000 shares of common stock were delivered to Trans Continental Industries, Inc. on Sept. 30, 1958, in accordance with the provisions of the Agreement; and in March, 1959 an additional 150,000 common shares were issued to Trans Continental Industries, Inc., the earnings requirements in connection with such issuance having been attained. The remaining 150,000 shares of common stock will be issued from time to time when and if the conditions precedent to delivery are satisfied. Trans Continental Industries, Inc. has distributed to its stockholders all of the preferred shares (except for 7,500 shares which it holds) and 1,278,366 of the common shares received by it. In addition, it transferred 50,000 common shares to Mr. Jerry Re as a finder's fee, and 14,000 shares to Albert and Edward Whalen, as required by the provisions of the Agreement. Trans Continental Industries, Inc. also transferred 4,250 common shares to Bergman & Lefkowitz Insurance Agency and 2,128 common shares to Samuel N. Bergman in cancellation of overpayments previously made to Trans Continental Industries, Inc. in connection with certain sales by it of its common stock and debentures, which overpayments were discovered subsequent to the closing of said transactions. The aforesaid shares of common stock of Highway Trailer Industries, Inc. represented the equivalent value of said shares of common stock and debentures of Trans Continental Industries, Inc. presently owns 111,250 common shares. Overpayments. In consideration of the transfer of said shares of Highway Trailer Industries, Inc., the obligation of Trans Continental Industries, Inc. upon said overpayments were cancelled. Trans Continental Industries, Inc. presently owns 111,250 common shares.

Highway currently manufactures a line of telephone and power line construction equipment, and maintenance truck bodies, telephone installation truck bodies, pole and cable reel trailers, earth boring machines, winches and power take-offs, most of which are sold to construction, electric and telephone companies.

In September, 1958, Highway commenced the manufacture of steel and aluminum cargo containers for the movement of all types of dry freight, such as household goods, personal belongings, bulk materials and pre-packed goods by truck, trailer, ship or airplane. The line of cargo containers manufactured by Highway is designed for handling by all methods, including overhead cranes and fork-lift trucks and includes special containers for the transportation of refrigerated cargo and perishable commodities. Sales of such cargo containers were not significant in 1958, but during the first four months of 1959 such sales constituted 9.6% of the company's total sales.

Highway has at various times sold substantial amounts of its products to various departments or branches of the United States Government.

On Aug. 14, 1958, the company entered into a temporary lease agreement for a plant in Hazelton, Pa., which provided that it would subsequently be converted to a purchase agreement. Such purchase agreement was signed on Oct. 31, 1958. Pursuant to the terms of the purchase agreement the company expects in the near future to receive legal title to this property and to pay therefor a total purchase price of \$1,210,000. The purchase money will be financed by three mortgages on the property, securing appropriate mortgage bonds: a first mortgage to The People's Savings & Trust Co., Hazelton, Pa., as trustee for \$605,000, with interest at 4½% per annum; a second mortgage to the Pennsylvania Industrial Development Authority for \$363,000, with interest at 2½% per annum; and a third mortgage to the Greater Hazelton Community-Area New Development Organization, Inc. for \$242,000, with interest at 3½% per annum. The mortgages will be payable in monthly installments over a period of 14 years and 9 months, payable during the first ten years on the basis as though the amortization were on a 20-year schedule both as to principal and interest, and over the remaining four years and nine months in monthly installments sufficient to pay the balance of principal and interest over that period. The company is currently in possession of the plant and has begun making monthly payments of principal and interest on the above mortgages as though the mortgages were in effect.

As at May 31, 1959 the company's wholly-owned subsidiary, Highway Trailer Co., was indebted to Old Highway in the amount of \$2,725,983.

As at April 30, 1959 Highway Trailer Co. owed \$125,181 under 5½% and 6% equipment mortgages and \$44,888 under a 5½% note payable. As at the same date the company was obligated under notes payable to banks in the amount of \$1,043,454, which is due within one year.

offered 200,000 shares of common stock (par 25 cents) at \$5 per share. 125,000 shares are being sold for the company, and 75,000 additional shares are offered for the account of certain stockholders. This offering was oversubscribed and the books closed.

PROCEEDS—Hudson plans to use part of the sale proceeds for acquisition of additional inventory, reduction of obligations and retirement of a bank loan. Unallocated funds will be added to working capital for possible sales promotion, expansion of market distribution outlets and other related activities in the company's best interests.

BUSINESS—Incorporated in 1944, the company is engaged primarily in wholesale and retail sales of electronic components and retail sales of high-fidelity equipment. It has three wholly owned subsidiaries in New York and New Jersey and operates three retail stores, two in Manhattan and one in Newark, N. J.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

Capital stock (par 25 cents)	1,000,000 shs.	499,970 shs.

*Includes 100,000 shares of stock reserved for sale and issuance to officers and key employees of the company other than Mr. Ormont at not less than \$4.75 per share or 95% of the market price prevailing at the time of the issuance of the options, whichever is higher.

NOTE: As of July 20, 1959, the company had outstanding bank loans maturing within one year evidenced by notes aggregating the principal sum of \$50,000.—V. 189, p. 2676.

Illinois Central RR.—Equipment Trust Certificates Offered—

Salomon Bros. & Hutzler and associates on Aug. 11 offered \$2,820,000 4½% non-callable, equipment trust certificates maturing semi-annually March 1, 1960 to Sept. 1, 1974, inclusive, at prices to yield 4.40% to 4.65%. The group submitted a bid of 98.393% for the certificates at competitive sale on Aug. 11. A group headed by Halsey, Stuart & Co. Inc. submitted a bid of 98.93% for a 5½% coupon. Issuance and sale of the certificates are subject to authorization of the Interstate Commerce Commission.

The issue is to be secured by 500 all-steel box cars estimated to cost \$3,875,000.

Associates in the offering are: Drexel & Co.; Eastman Dillon, Union Securities & Co.; and Stroud & Co., Inc.—V. 190, p. 565.

Independent Telephone Corp.—Securities Offering—

The company is presently offering 806,793 shares common stock (\$1 par value) and 13,080 shares 5% cumulative convertible preferred stock, series A (\$10 par value) and warrants to purchase 50,000 shares of common stock.

80,000 shares of common stock are offered to nine payees of the non-assignable convertible notes of the corporation, outstanding in aggregate principal amount of \$500,000, for conversion of the principal of such notes into shares of the common stock of the corporation at a conversion price of \$6.25 per share. No underwriting discounts or commissions are payable by the Corporation in connection with such conversions or the issuance of said shares.

13,080 shares of 5% cumulative convertible preferred stock, series A, and 8,175 shares of common stock are hereby offered in exchange for the outstanding 327 shares of common stock of Farmers Union Telephone Co., a New Jersey corporation, held by seven individuals (among whom J. Denton Armstrong holds 39.5% and R. D. Ayers holds 38.2% of the outstanding shares), on the basis of 40 shares of such series A preferred stock and 25 shares of common stock of the corporation for each one share of common capital stock of Farmers Union Telephone Co. No underwriting discounts or commissions are payable by the Corporation in connection with such exchange or the issuance of such shares. For the purposes of such Exchange Offer, the Board of Directors of the corporation have determined that the value of the common capital stock of Farmers Union Telephone Co. to be acquired by the corporation is \$556.25 per share. The corporation is offering 96,604 shares of its Common Stock to the holders of its outstanding Common Stock of record at the close of business on June 30, 1959, on the basis of one share for each two shares of the Common Stock then held, with privilege of over-subscription, subject to allotment, at a subscription price of \$6.25 per share. This offer of subscription to holders of outstanding shares will expire at 3:30 P.M., New York time, on Aug. 31, 1959. No underwriting is involved.

Hallgarten & Co. has purchased from the corporation warrants to purchase an aggregate of 50,000 stock units (each unit consisting of one share of the common stock of the corporation as presently constituted), exercisable after Feb. 1, 1960 and on or prior to July 31, 1969 at a purchase price of \$6.25 per unit with respect to 30,000 of such units and \$8.25 per unit with respect to 20,000 units. The warrants and common stock issuable upon exercise of the warrants have been registered under the Securities Act of 1933 and may be sold at some future time or times, in whole or in part. If any such securities are offered for sale under circumstances where the seller would be an "underwriter" as defined in that Act, and any profits from such sales might be considered "underwriting commissions" for the purpose of that Act, 50,000 of the shares of Common Stock now offered are reserved for the exercise of such warrants.

Of the remaining 572,014 shares of common stock, a portion (presently amounting to 13,080 shares) are issuable at any time upon conversion of shares of the 5% cumulative convertible preferred stock, series A, now offered and 2,400 shares are issuable under a stock purchase option held by an officer of the corporation. The balance (556,534 shares) may be issued from time to time in the acquisition of additional businesses or may be offered for sale for cash. It is anticipated that such last-mentioned shares will be issued at prices current at the time of such transactions (but not less than \$6.25 per share) and without payment of any underwriting discounts or commissions. In connection with the offer of any such shares, the corporation will file such amendments or supplements, if any, as may be required to comply with the Securities Act of 1933, as amended.—V. 190, p. 51.

Independent Telephone Corp., Dryden, N. Y.—Offers

Stock—This corporation on Aug. 11 offered 96,604 shares of its common stock to the holders of its outstanding common stock of record at the close of business on June 30, 1959. The offer was made on the basis of one share for each two shares of the common stock then held. The subscription price is \$6.25 per share.

Concurrently Independent disclosed at its headquarters here Aug. 11 that it plans to acquire an additional operating telephone company, Farmers Union Telephone Co., of Sussex, N. J. Independent already has seven operating telephone company subsidiaries in New York, Michigan and West Virginia.

Permission to acquire control of Farmers Union Telephone Co. already has been granted Independent by the New Jersey Board of Public Utilities Commissioners and the New York P. S. Commission. Additionally, as the prospectus filed with the Security and Exchange Commission also reveals, the holders of more than 80% of Farmers' common stock already have approved the proposal.

Independent Telephone Corporation was set up as a holding company in September, 1955. It provides specific services to its operating subsidiaries and to affiliated operating companies. These services, rendered at cost to the operating companies, include the preparation of subscribers' bills, performed on automatic business machines, preparation and maintenance of accounts, together with continuing property records and related work order procedures, also processed on automatic business machines, executive services, engineering services, including the planning, purchase and installation of indoor and outdoor telephone plant equipment and maintenance of telephone plant, and financial assistance.—V. 190, p. 51.

International Business Machines Corp.—To Establish Datacenters in Major Cities—

Computers by the hour will be available to businesses across the nation in 1960.

The corporation, in a radical departure from its traditional monthly leasing policy for data processing equipment, on Aug. 3 announced that it would establish 25 to 30 Datacenters in major cities.

A Wall Street Datacenter will be established in New York City's financial district next March. In April a Chicago Datacenter will be opened and in May a Los Angeles facility. They will be established by IBM's Data Processing Division.

These metropolitan Datacenters will each house a million dollar IBM 7070, the most advanced transistorized commercial data processing system to be developed. They will be open to all businesses regardless of whether they have been IBM customers in the past. Datacenter customers may buy as little as fifteen hours of computing time a month.

IBM Datacenter users will supply their own programmers (people who develop instructions for computers) and their own operators. The rate for the 7070 system will be under \$300 an hour.

Marketing services now offered to full-time IBM data processing customers will be available to Datacenter customers without cost. However they will be completely in charge of their own work on the computer during the hours for which they have contracted.—V. 190, p. 566.

International Opportunity Life Insurance Co.—Common Stock Offered—Columbine Securities Corp., of Denver, Colo., via an amended prospectus dated May 21, 1959 offered 1,000,000 shares of common stock (par \$1) at \$5 per share.

This company commenced a public offering of 1,000,000 shares of its stock on Sept. 18, 1958, pursuant to a registration statement filed with the Securities and Exchange Commission. Of the 1,000,000 shares offered, a total of 117,963 shares have been sold and fully paid for, and 110,353 shares have been subscribed for. The subscriptions are not binding on the persons subscribing. It has been reported by the underwriter that no stock has been issued or sold under the \$5 offering price. No orders will be accepted for these securities after Aug. 31.

PROCEEDS—The net proceeds will be used to increase capital and surplus, for reserve for construction of home office building, acquisition and recruiting of Agency force and expansion into all Territories and States of the United States, and for contingent fund and working capital.

BUSINESS—The company was organized under and by virtue of the laws of the State of Colorado on March 13, 1958. The principal office of the company is Suite 806, Central Bank Building, Denver, Colo.

The company was organized to make insurance or re-insurance upon the lives of any persons and to generally write accident, sickness and health insurance of every kind and nature whatsoever and to engage in the issuance of annuities. Effective May 21, 1959, The Insurance Department of the State of Colorado issued a Certificate of Authority to International Life Insurance Co. which permits the company to commence business.—V. 188, p. 1434.

International Telephone & Telegraph Corp.—Announces New Developments—

An all-digital communication and switching system that automatically by-passes battle-damaged lines and re-routes messages over the fastest available path, was unveiled on Aug. 3 by this corporation at the annual meeting of the Association of the U. S. Army.

Called DIGICOM (Digital Communication System), the ultra-reliable switching facilities handles information from computers, radar, analog signals, teletypewriters, tape-readers, voice and teletexting systems.

The new system was designed by ITT Laboratories, Nutley, N. J., in cooperation with the U. S. Army Signal Research and Development Laboratory, Ft. Monmouth, N. J.

A versatile radio relay set that provides soldiers in combat areas with virtually every kind of two-way communication service has also been developed for the U. S. Army Signal Research and Development Laboratory by the corporation. The set, developed by ITT Laboratories, Nutley, N. J., can be delivered quickly by light truck or helicopter to forward combat areas where non-technical personnel can operate it. It can provide multichannel telephone service, handle signals for operating teletypewriters facsimile machines, combat radar and television systems and other services. It handles up to 96 voice communication channels simultaneously and reflects the latest principles of human engineering to permit operation and maintenance by non-specialized personnel in the field. The latest advances in reliability, engineering and transistorization have reduced the number of tubes from 135 to 41. Designated as AN/GRC-66, the set consists of five basic units and can be transported by men in combat areas. Total weight is 332 pounds.

An aircraft direction-finding system capable of measuring with near-perfect accuracy the direction from which a radio signal is being transmitted was demonstrated by the corporation on July 30. A ground operator using the equipment can then immediately transmit the direction information to any aircraft equipped with a standard communications receiver. By the use of two direction finders at different locations, the pilot can be told both his position and the direction in which the aircraft is heading. Seated in the auditorium of ITT Laboratories, Nutley, N. J., defense experts and airline officials watched the "Communicated-Antenna Direction Finder," developed by Standard Telephones and Cables Ltd., London, England, an ITT subsidiary, in use.—V. 190, p. 359.

Investors Variable Payment Fund, Inc.—Registers Additional Shares With SEC—

This Minneapolis investment company filed an amendment on Aug. 10, 1959, to its registration statement covering an additional 15,000,000 shares of capital stock.—V. 190, p. 261.

(F. L.) Jacobs Co.—Suspension Continued—

The SEC has issued an order suspending trading in the common stock of this company on the New York and Detroit Stock Exchanges and in the over-the-counter markets, for a further ten-day period Aug. 10 to Aug. 19, 1959, inclusive.—V. 190, p. 566.

ANTITRUST SUIT—The Department of Justice has filed suit in the Federal Court for the Southern District of New York charging that Kennecott violated the Clayton Act when it acquired The Okonite Co., a wire and cable manufacturer, last November.

This suit is being brought under Section 7 of the Act, which prohibits acquisitions where the effect "may be substantially to lessen competition, or tend to create a monopoly." The government specifically charges that the acquisition of Okonite may substantially lessen competition in the production and sale of copper, and of copper and copper-content products, including copper wire and cable. The government asks that Kennecott be forced to divest itself of Okonite and be enjoined from acquiring any other company engaged in the production, fabrication or sale of copper or copper-alloys or related products for such period as the court may direct.

"We are confident that we did not violate the law in acquiring Okonite and that the trial will so demonstrate," said C. R. Cox, President.—V. 189, p. 2785.

Lease Plan International Corp.—Common Stock Offered—An underwriting group headed by Hayden, Stone & Co. on Aug. 13 publicly offered 140,000 shares of common stock at \$11.50 per share. This offering was oversubscribed and the books were closed.

Of the shares offered, 70,000 represent new financing, the proceeds from which will be used by the company for expansion of its business. The remaining 70,000 shares are being sold for the account of certain stockholders and no proceeds thereof will be received by Lease Plan.

BUSINESS—The company's finance lease division presently leases to large corporations about 7,600 cars and trucks and quantities of other equipment on which it does not provide maintenance or insurance; the truck leasing division currently has about 800 vehicles which it leases to companies on a long-term basis and on which it performs a wide variety of services; the contract carrier division, with about 300 vehicles, operates a truck haulage service, primarily in the New York City metropolitan area.

EARNINGS—Operating revenues of the 13 companies which were acquired in 1959 to form Lease Plan International totaled \$4,107,000 in the first four months of this year, against \$2,844,000 in the comparable 1958 period. Net income was \$175,000 and \$46,000 respectively. In the year 1958 the figures were \$8,810,000 and \$132,000.

CAPITALIZATION—Giving effect to this sale, there will be 550,000 shares of \$1 par value common stock outstanding. On June 30, the company had outstanding equipment obligations totaling \$20,114,000.

Lehigh Coal & Navigation Co.—Tenders for Bonds—

The First Pennsylvania Banking & Trust Co., Philadelphia, Pa., will until 3 p.m. (EDT) on Aug. 27, 1959, receive tenders for the sale to it of 3½% mortgage bonds, series A, due Oct. 1, 1970, to an amount sufficient to exhaust the sum of \$300,000, at prices not to exceed 101½% plus accrued interest.—V. 188, p. 2353.

(James) Lees & Sons Co.—Private Placement—This company, through Morgan Stanley & Co., has negotiated the private placement of \$5,000,000 of 5¼% promissory notes, due July 1, 1979, with a group composed of four institutional investors, it was announced on Aug. 11.

The net proceeds of this private placement will be used for general corporate purposes.—V. 188, p. 2744.

Lincoln Telephone & Telegraph Co.—Registers With Securities and Exchange Commission—

This company, located at 1342 M St., Lincoln, Neb., filed a registration statement with the SEC on Aug. 6, 1959, covering 30,000 shares of 5% convertible preferred stock, \$100 par. The company proposes to offer this stock for subscription by common stockholders of record Aug. 27, 1959, at the rate of one preferred share for each nine common shares then held. To permit the offering on such basis one common stockholder has waived its right as to 5,004 shares of common stock. The subscription price and underwriting terms are to be supplied by amendment. Dean Witter & Co. is listed as the principal underwriter.

Net proceeds of the preferred stock sale will be applied to the reduction of bank loans incurred in connection with the financing of the company's construction expenditures, expected to amount to \$3,210,000 by Aug. 31, 1959. After giving effect to the sale of the preferred stock and to funds from internal sources, approximately \$1,810,000 of additional money will be required to complete the company's 1959 construction program. The company expended \$6,242,589 for construction in the year ended June 30, 1959, and expects to spend about \$6,272,000 for construction in the year ending June 30, 1960.—V. 188, p. 2031.

Lithium Corp. of America, Inc.—To Move Minnesota Plant and General Offices—

This corporation on Aug. 5 announced a decision, termed by company officials "one of the most dramatic in the company's history," to move the Minneapolis general offices to the east coast, and to move its St. Louis Park, Minn., manufacturing facilities, research and development laboratories, and pilot plant to Bessemer City, N. C., where the company owns large ore reserves and operates a \$7,000,000 lithium chemical plant.

The joining of the Minnesota operations with those in North Carolina will provide the company with an integrated manufacturing and research operation without parallel in the lithium industry. Increased operating efficiency and reduced freight and raw material costs are expected to provide savings in 1960 of more than \$500,000, exclusive of the cost of the move, with increased amounts realized in succeeding years. The general offices will include the company's eastern regional sales office.

The company has budgeted approximately \$800,000 for the move, including the cost of construction of the new research laboratories. More than 50% of the capitalized portion of the cost of the new facilities is expected to be offset by liquidation of land and buildings at St. Louis Park. Process and equipment improvements, representing advances based on more than 15 years experience in lithium chemistry at St. Louis Park, will be incorporated in the new facilities.

Deliveries to customers will not be interrupted in any way during the move. Inventories of the entire product line will be built up and carried in strategically placed warehouses. Production at St. Louis Park will cease about Oct. 15 while output of all products will be resumed at Bessemer City around Jan. 15.

The new research and development laboratories are scheduled for completion in April, 1960, while the move of the general offices is scheduled to take place in June.

The company stated that the decision was made following an exhaustive investigation conducted by its own staff and by outside consultants, in which optimistic immediate and long-range goals were established. It stated further that the move became feasible as a result of a modification of its Atomic Energy Commission contract, received in May, according to which the uninterrupted operation of its Bessemer City plant in 1960 and thereafter was made practicable. The company noted that its financial condition was the best in its history, with an improvement of about \$1,000,000 in net working capital since Jan. 1, and that no equity financing was now contemplated.—V. 190, p. 156.

Lockheed Aircraft Corp.—Awarded Slick Order—

An initial order for six giant Lockheed prop-jet Super Hercules air freighters, to cost approximately \$22,000,000 was disclosed on July 21 by Earl F. Slick, Chairman of the Executive Committee and of the Board of Slick Airways, Inc., a certificated transcontinental all-cargo carrier. The first Super Hercules air freighter will go into operation on Slick Airways' routes in early 1962.

The Super Hercules will be powered by four advanced prop-jets with a major power increase developed by the Allison division of General Motors. The 230,000-pound gross weight air freighter will be capable of transcontinental non-stop flights carrying 77,000 pounds—38½ tons—on the long haul across the American continent.

"The Lockheed GL-207 design," Mr. Slick pointed out, "will operate from air fields anywhere in the world. The big prop-jet also has the flexibility and low operating cost to enable highly profitable schedules for intermediate and short-haul points on Slick's nation-wide route system."

With a planned fleet of 11 Super Hercules planes, Slick Airways estimates that it would carry 500,000,000 ton miles of cargo per year—almost twice as much as carried by the domestic industry in 1958.—V. 190, p. 566.

Magma Copper Co.—Operations Suspended—

Operations of Magma Copper Co. and of its subsidiary, San Manuel Copper Corp., were suspended today due to strikes of employees rated by the International Union of Mine, Mill and Smelter Workers, its was announced by W. P. Goss, President of Magma.

Magma and San Manuel together produce about 8,000 tons of copper per month from mines and plants in Arizona.—V. 189, p. 151.

Marshall Industries—Sells 100,000 Common Stock Shares—100,000 shares of Marshall Industries common stock with a par value of \$1 have been sold at the public price of \$2.50, Gordon S. Marshall, President, announced on Aug. 6. D. A. Lomasney & Co. of New York was the underwriter.

The offering was made, Mr. Marshall declared, for the dual purposes of providing additional funds to aid in financing anticipated growth in the company's business, and to establish a market for its common stock.

Marshall Industries is principally engaged in sales representation for manufacturers of electronic instruments and components, and in the design, development manufacture and sale of its own proprietary line of electronic products, primarily specialty transformers.

The stock was offered under an exemption from registration with the SEC. For additional details, see V. 190, p. 262.

Metallurgical Processing Corp., Westbury, L. I.—Files With Securities and Exchange Commission—

The corporation on Aug. 6 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 10 cents) to be offered at \$3 per share, through Netherlands Securities Co., Inc., New York, New York.

The proceeds are to be used to retire debts; to acquire new equipment for processing metals and to expand its overall capacity; to move its facilities and new equipment into a new building and for further development and expansion.

Michigan Bell Telephone Co.—Debentures Offered—
Halsey, Stuart & Co., Inc. is manager of an underwriting syndicate which offered on Aug. 12 an issue of \$30,000,000 35-year 4½% debentures, due Aug. 1, 1994, at 102.122% and accrued interest, to yield 4.75%. The group won award of the issue at competitive sale on Aug. 11 with a bid of 101.4599%. The debentures are to be redeemable at optional redemption prices ranging from 107.622% to par, plus accrued interest. Morgan Stanley & Co. and associates bid 101.322 for a 4½% coupon.

PROCEEDS—Net proceeds from the sale of the debentures will be used by the company to repay advances from its parent organization, American Telephone & Telegraph Co., and for general corporate purposes.

BUSINESS—The company is engaged in furnishing telephone service in the State of Michigan. On June 30, 1959, the company had 2,816,053 telephones in service, of which about 53% were in Detroit and vicinity and about 25% were in other cities having a population of 50,000 or more. Other services furnished by the company include teletypewriter use, for the transmission of radio and television programs and for other purposes.

EARNINGS—For the six months ended June 30, 1959, the company had total operating revenues of \$145,201,637 and net income of \$17,852,628. At June 30, 1959, share owners' equity in the company amounted to \$438,657,472; the company's funded debt was \$145,000,000 and advances from the parent company were \$27,200,000. At Dec. 31, 1953 these figures were \$291,172,959; \$75,000,000 and \$3,800,000, respectively.—V. 190, pp. 361 and 566.

Minnesota Mining & Manufacturing Co. — Awarded Contract—

This company, it was announced on July 17, has been awarded a one year research contract by the National Institutes of Health for work on the synthesis of new compounds to be evaluated as possible cancer chemotherapy agents.

Herbert P. Buetow, President, said that in addition to synthesizing a number of new compounds, his firm will also supply additional quantities of compounds submitted by 3M previously which have shown some promise in cancer experiments conducted by the National Institutes of Health on laboratory animals. While results of these first experiments were inconclusive, these compounds will undergo further investigation in the hope that clinical trials for their use in the treatment of cancer patients will ultimately be justified.

In making the announcement, Mr. Buetow pointed out that a number of firms are doing similar work for the National Institutes of Health and added, "We are not as yet certain whether these new compounds can be made, let alone whether they will prove at all effective in cancer treatment. This is strictly a chemical synthesis research contract."

Most of the 3M compounds are members of a new group of alkylating agents which have been under development at 3M for several years. A number of other possible applications for related compounds are under investigation and development.

The \$97,650 contract is on a no fee basis, which means it covers only the actual cost of the new research work. The work is being carried out as a joint effort on the part of 3M's Chemical Division and the Central Research Laboratory.—V. 190, p. 53.

Minnesota Mining & Manufacturing Co.—New Plant—

Plans for the construction at Decatur, Ala., of a \$4,500,000 chemical plant were announced on July 20 by Herbert P. Buetow, President.

C. P. Pesek, Vice-President in charge of engineering and staff manufacturing, said the plant will be completed early in 1961 and should be in full operation by the end of the year. Site preparation will begin as soon as all essential local arrangements have been completed, Mr. Pesek said.

The plant is to be built on a 500-acre tract bordering on the Tennessee

river, will be primarily a producer of fluorochlorochemicals, but it will also produce specialty and modified chemicals for internal 3M use.—V. 190, p. 53.

Monarch Marking System Co.—Registers With SEC—

This corporation, located at 216 South Torrence St., Dayton, O., today filed a registration statement with the SEC covering 100,000 shares of common stock, of which 50,000 shares are to be offered for public sale for the account of the issuing company and 50,000 representing outstanding stock, for the account of the present holders thereof. The public offering price and underwriting terms are to be supplied by amendment. McDonald & Co. is listed as the underwriter.

The company specializes in merchandise price marking equipment and tickets, tags and labels. It now has outstanding 350,000 common shares in addition to 25,164 shares of \$25 par preferred and \$1,754,593 of mortgage notes. Net proceeds of its sale of the additional 50,000 common shares will be added to the company's general funds and used to provide additional working capital said to be necessary for its increasing volume of business.

The prospectus lists Edward L. Kohnle as President and Lowell P. Rieger as Senior Vice-President. John E. Kohnle as Vice-President and General Manager, and Frederic L. Reiger as Vice-President of Engineering and Product Development. It also lists eleven selling stockholders, all members of the Rieger, Edward L. Kohnle and Robert C. Kohnle (deceased) families. The present holdings of the three groups amount to 83,809, 87,066, and 88,816 shares, respectively; and they propose to sell an aggregate of 16,709, 16,667, and 16,624 shares, respectively.

Montana-Dakota Utilities Co.—Earnings Up—

The company on Aug. 3 reported net earnings of \$2,726,694 after taxes in the six months ended June 30, compared with \$2,492,965 in the first half of last year.

After preferred dividend requirements, the latest period's earnings amounted to \$1.19 a share on 2,000,258 shares of common stock, as against \$1.08 a share on the same basis a year ago.

Operating revenues increased to \$16,807,285 from \$15,048,148. Of the total, gas revenues represented \$10,182,752, up 16½% from \$8,738,916 in 1958. "This substantial increase was due mainly to near normal heating weather this year, as compared with unseasonably warm weather during the first half of 1958," said R. M. Heskett, Board Chairman. Electric revenues were \$6,500,850, up from \$6,195,631.

Operating expenses, depreciation and taxes for the six months increased to \$13,063,918 from \$11,802,410. The rise in operating expenses, totaling \$549,807, was in line with the company's increased production and sales volume, Mr. Heskett said. A substantial portion of the \$395,523 increase in depreciation and general taxes was brought on when the company's new electric generating plant at Sidney, Mont., was placed in operation late in 1958, he said.

Oil income is accruing on production from fields in which the company has an interest and is expected to be approximately 22c a share after taxes for 1959, Mr. Heskett said. Oil production in these areas currently is running more than 950,000 barrels a month as compared with approximately 900,000 barrels a month during the first quarter.

The company's gas and electric service area covers the western Dakotas and large sections of eastern Montana and northern Wyoming.—V. 190, p. 463.

Motor Products Corp.—Announces Two Acquisitions—

This corporation has contracted to purchase Braden Winch Co. and Arrow Gear Co., it was jointly announced by Motor Products President Ray Nigro and John E. Mabey, President of Braden Winch and Arrow Gear.

Braden Winch and Arrow Gear, located in the Greater Tulsa Area at Broken Arrow, Okla., manufacture truck and tractor winches, hoists, speed reducers, power takeoffs, special transmissions and gear boxes. These products are distributed nationally through a network of more than 200 dealers, according to Mr. Mabey.

Mr. Nigro said that the two companies will be operated as divisions of Motor Products. Mr. Nigro said that average annual sales of the two companies approximate \$4 million, and that their pre-tax earnings are equivalent to about \$2.50 a share of Motor Products' stock.—V. 190, p. 54.

Motorola Inc.—To Enter Closed Circuit TV—

Motorola is entering the closed circuit television business, demonstrating its new product line for the first time Aug. 3, at a communications convention in Denver, Colo.

In announcing the new endeavor, Arthur L. Reese, Vice-President, Communication & Industrial Electronics Division, said, "Motorola's entrance into this growing field is another move to widely diversify the electronic product lines of the division. While the industrial division has concentrated in the past on a variety of radio communications products, especially two-way mobile radio and microwave relay systems, the introduction of closed circuit television, and the recent inauguration of a test instrument line have further diversified its interests."

Unlike most manufacturers in the closed circuit television field, he said, "Motorola will handle all distribution through a nationwide factory sales organization, enabling complete system design, engineering and maintenance service."—V. 190, p. 361.

Nafi Corp., Oakland, Calif.—Acquisition—

This corporation has purchased Oregon Television, Inc., which operates Television Station KPTV in Portland, Ore., and, subject to the approval of the Federal Communications Commission, is negotiating to acquire KCOF Television, Inc., which operates Station KCOF in Los Angeles, Calif. John C. Bannister, President, announced on Aug. 5.

The Federal Communications Commission approved the Oregon Television purchase on July 23.

It is contemplated that the two television stations will be operated as wholly-owned subsidiaries of the corporation, and that they will contribute materially to the company's earnings.

"We consider the broadcasting business, like the oil and gas business, a growth opportunity and expect to increase our investment in this field to attain greater efficiency in operations," Mr. Bannister said. "Several other additional TV and radio properties are currently being considered for purchase."

The corporation paid approximately \$3,800,000 for all of the issued and outstanding shares of stock of Oregon Television, Inc. Of this, approximately \$800,000 represented NAFI's own cash, the balance being obtained through a five-year loan agreement, on which NAFI will be personally liable only to the extent of \$1,000,000, Mr. Bannister said.

Harry L. (Bing) Crosby, Jr. will be Chairman of the Board and Kenyon Brown, President of the two television subsidiaries. Both have been active in television as owners of KCOF.—V. 189, p. 2353.

National Lead Co.—Exchange Offer—

On June 23, 1959 National Lead Co. entered into an Exchange Agreement providing for the acquisition by National subject to the requisite approval of the stockholders of Goldsmith Bros. Smelting & Refining Co., of the assets of Goldsmith in exchange 28,863 shares of common stock (par \$5) of National, and the dissolution and liquidation of Goldsmith. On July 7, 1959 the stockholders of Goldsmith, at a special meeting thereof, approved such exchange and authorized such dissolution and liquidation. Upon such liquidation the stockholders of Goldsmith are to receive such Common Stock of National.

In the view of the Securities and Exchange Commission, certain of these stockholders who are in a control relationship to Goldsmith, and since they have advised National that they may publicly offer for sale all or part of such common stock of National they receive (directly or indirectly) on such liquidation, the selling stockholders may be deemed to be "underwriters" (as that term is defined in the Securities Act of 1933) of any such Common Stock so offered. The Common Stock of National to be received (directly or indirectly)

by the selling stockholders on the liquidation of Goldsmith is hereinafter called the "Registered Stock."

The Registered Stock is listed, or listed on notice of issuance, on the New York Stock Exchange. The selling stockholders have agreed that they will not offer or sell (or cause or permit to be offered or sold) any of the Registered Stock to the public in the United States prior to the effective date of the registration statement (Aug. 4) and that within the period of two years after such effective date they will not so offer or sell any of the Registered Stock to the public in the United States otherwise than in transactions on the New York Stock Exchange (regular way, by special or secondary offering or otherwise on the Exchange). National will receive no part of the proceeds of any sales of the Registered Stock by the Selling Stockholders.

The closing price of the common stock of National on the New York Stock Exchange on June 23, 1959 was \$122½ per share. This exchange offering has been completed.—V. 190, p. 54.

National Malleable & Steel Castings Co. — Receives Order—

The company on July 16 announced receipt of the first large volume order from the Grace Line, Inc., for its recently announced National Speedloader System of containerized cargo handling.

National Speedloader equipment involved in the purchase includes corner castings for 1,500 containers being produced by Highway Trailer Co., Edgerton, Wis., and lifting spreaders for use on ship gantry cranes, the latter being manufactured by Pacific Coast Engineering Corp., Alameda, Calif. Anchor castings for securing containers to ship decks are being supplied to Maryland Shipbuilding & Drydock Co.

Conversion of two Grace Line ships, the "Santa Eliana" and the "Santa Leonor," to the National Speedloader System of lift-on containerization is being performed in the Baltimore yards of Maryland Shipbuilding & Drydock Co. Each ship will carry 476 containers. Containers are 17 x 8 x 8 feet, each with a capacity of over 40,000 lbs. for dry cargo.—V. 190, p. 54.

National Packaging Corp.—Common Capital Stock Offered—First Securities Corp., of Fort Wayne, Ind., on Aug. 3 publicly offered 32,800 shares of common capital stock (par \$1) at \$5 per share.

PROCEEDS—The net proceeds will be used for machinery and equipment, stock molds and patterns, raw materials, finished inventory, leasehold improvements, office furniture and equipment, and for working capital.

BUSINESS—The company was incorporated under Indiana law on June 25, 1959. The company's plant and offices are located on leased premises at 3002 Brooklyn Avenue, Fort Wayne, Ind. The company will be engaged in the manufacture, sales and distribution of functional and decorative inserts to be used in the packaging industry.—V. 190, p. 263.

National Securities & Research Corp.—Registers With Securities and Exchange Commission—

This corporation filed a registration statement with the SEC on Aug. 8, 1959 covering \$5,000,000 of National Growth Investment Plans for the accumulation of shares of the Growth Stocks Series of National Securities Series, an investment company.—V. 190, p. 263.

National Teleplex, Inc., New York, N. Y.—Files With Securities and Exchange Commission—

The corporation on Aug. 4 filed a letter of notification with the SEC covering 100,000 shares of common stock (par one cent) to be offered at \$3 per share, through Chanucey, Walden, Harris & Freed, Inc., 580-5th Avenue, New York, N. Y.

The proceeds are to be used for acquisition of film properties; for prints equipment, machinery and supplies and working capital.

National Vulcanized Fibre Co.—New Division—

The formation of a new operating division known as the Growth Products Division has been announced by Eugene R. Perry, President.

Mr. Perry announced that the new division will be responsible for the company's plans that may involve exploitation of new products and acquisitions or mergers of new production services or facilities. "Its primary responsibility," Mr. Perry said, "will be directed toward the growth operations that are developed in the company." Mr. Perry stated that the immediate activity of the division will include National's fabricating operations at Chicago, Los Angeles and Toronto, Canada, and the Lestershire Spool and Bobbin plant in Johnson City, New York.—V. 190, p. 54.

Naturizer Co.—Debentures Offered—The company on July 9 publicly offered \$250,000 of 6% convertible debentures due July 1, 1964 and convertible into units of common stock at \$40 per unit. (Each unit consists of one share of class A, voting, with three shares class B, non-voting. No underwriting was involved).

REDEMPTION FEATURES—At any time after July 1, 1960, upon 30 days' written notice to the registered owner, the company can recall all or a part of the debentures sold under this offering. During the 30-day period after notification the owner may choose to convert his debenture into units of common stock or to be paid 105% of the principal plus interest accrued to 30 days following the date of notification of recall.

These debentures shall be subordinated to all indebtedness or liability of the company to any creditor for money borrowed or money advanced, whether secured or unsecured, and to claims of general creditors. However, these debentures shall take priority over the claims of common shareholders of the company.

PROCEEDS—The net proceeds will be used for retirement of present mortgage notes, working capital, and for general corporate purposes.

BUSINESS—This company, whose address is P. O. Box 775, Norman, Okla., is the inventor and originator of the Naturizer Process of waste disposal.—V. 189, p. 2678.

Niagara Fire Insurance Co.—Two New Directors—

Louis S. Cates, Chairman of the Board of Phelps Dodge Corp. and Dale E. Sharp, President of Morgan Guaranty Trust Co., have been elected directors.

Mr. Cates has been a director of The Continental Insurance Co. of the Group since 1942. He is also a director of Phelps Dodge Copper Products Corp., Phelps Dodge Mercantile Co. and Phelps Dodge Refining Corp.

Mr. Sharp is a director and Chairman of the executive committee of The Yorkshire Insurance Co. of New York and the Seaboard Fire & Marine Insurance Co., member companies of the American Fire Loyalty Group. He is also a director of Wilson & Co., Inc., Chicago; Standard Accident Insurance Co., Detroit; Planet Insurance Co., Detroit; and Pilot Insurance Co., Toronto.—V. 189, p. 49.

Olson Construction Co.—Debentures Offered—Ellis-Holyoke & Co. on Aug. 4 publicly offered \$300,000 of 6% subordinated debentures dated July 1, 1959 and due July 1, 1964. The debentures are being offered in 300 units of \$1,000 each, at par plus accrued interest.

REDEMPTION PROVISIONS—The debentures are redeemable at the option of the company, in whole or in part, at any time, or from time to time prior to maturity, in the order of their respective serial numbers (from 1 to 300, inclusive), upon at least 30 days' notice as provided in the indenture, upon the payment of 102% of the principal amount with accrued interest to date of redemption.

PROPOSED PRIVATE PLACEMENT—The company has carried on preliminary negotiations for the private placement of \$200,000 of its senior notes. No commitment for purchase of such notes has been received by the company. If such notes are issued, the debentures offered hereby will be junior and subordinated to such senior notes.

PROCEEDS—The net proceeds will be used for reduction of short-term bank borrowings, and for financing construction in process, principally the Gateway Shopping Center at Lincoln, Neb.

BUSINESS—The company was founded by Charles J. Olson in 1934 in Lincoln, Neb. It was incorporated in 1944 by Charles J. Olson and C. Henry Meyer. Since its founding the company has continuously been engaged in the construction and remodeling of commercial institutional and governmental buildings.

Ozark Air Lines, Inc.—Rights Offering to Stockholders—The company offered pre-emptive rights to the holders of its class A and class B common (not including class B common stock held by voting trustees) and holders of voting trust certificates for class B common stock, on the basis of one share of general common stock (par \$1) for each nine class A and B common, or voting trust certificates held of record July 6 at a subscription price of \$4.25 per share. The rights offering expired at 3 p.m. (EDT) on July 20.

This offering was underwritten by a group headed by Newhard Cook & Co. and Yates, Heitner & Woods, both of St. Louis, Mo. Of the general common stock offered, 10,292 shares were subscribed for by shareholders at a price of \$4.25 per share for total proceeds to the company of \$43,741. The remaining 122,652 shares were purchased by Newhard Cook & Co. and Yates, Heitner & Woods on July 27 at a price of \$4.50 per share, with a dealer's concession of 35 cents per share.

PROCEEDS—The net proceeds will be used for purchase of ground support equipment, extension, development and introductory costs of new F-27 aircraft and equipment and for working capital.

BUSINESS—The company was incorporated under the laws of the State of Missouri on Sept. 1, 1943. It engages in the scheduled air transportation of persons, property and mail in interstate commerce as authorized by a Certificate of Public Convenience and Necessity issued by the Civil Aeronautics Board. Its principal offices are located at Lambert Field, St. Louis, Mo.

ACQUISITION OF NEW FLIGHT EQUIPMENT—The company has contracted with the Fairchild Engine & Airplane Corp., Hagerstown, Md., to purchase three Model F-27 Friendship propeller aircraft. As part of this acquisition program, it has agreed to purchase four Rolls-Royce RDA-6 Dart Engines for use as spares from Capital Airlines, Inc., Washington, D. C., radio communications and navigation equipment from Lear, Inc., Santa Monica, Calif., and plans to order additional propellers and other spare parts in the near future.

Pacific Clay Products—Earnings 32% Higher—

Sales for the first half of 1959 increased 18% over the same period a year ago, while earnings rose 32%. John D. Fredericks, President, announced on July 15 in an interim report to shareholders.

For the six months ended June 30, 1959, net sales and other income totaled \$5,277,989 compared with \$4,459,333 for the like period of 1958. After all charges, net income in the first half of this year amounted to \$655,636, equal to \$1.02 per share based on 645,321 shares of capital stock outstanding on June 30, 1959. Net income for the corresponding months of 1958 totaled \$497,526, or 77 cents per share on 645,355 shares, after adjustment for the 25% stock dividend paid on April 21, 1959.

Second quarter sales were \$3,178,004 compared with \$2,583,792 in the like period a year earlier, while net income increased to \$438,850 or 68 cents per share from \$329,131 or 51 cents a share in 1958.

Capital expenditures for the current year will approximate \$1,000,000, it is announced.—V. 189, p. 1470.

Pacific Outdoor Advertising Co.—Registers With SEC

This company, located at 995 North Mission Road, Los Angeles, Calif., on Aug. 10, filed a registration statement with the SEC covering \$850,000 15-year 6% subordinated debentures, due Sept. 1, 1974, with attached warrants for the purchase of 30,600 shares of common stock, together with 50,000 shares of common stock. The company proposed to offer the debentures (with warrants) and 40,000 common shares for public sale through Lester, Ryons & Co. and Wagnerseller & Durst, Inc. The remaining 10,000 common shares are to be offered for public sale by the present holders thereof. The public offering price and underwriting terms of each issue is to be supplied by amendment. Warrants covering 11,988 common shares will be issued to the underwriters without payment of additional consideration.

The company and its subsidiaries are primarily engaged in the ownership and operation of billboards in Southern California.

Net proceeds of its sale of debentures and stock will be used for purchase of advertising structures and poster panels, payment of principal installments on purchases of two poster and outdoor advertising companies, the purchase of motor trucks, the payment of certain indebtedness, and the payment of Federal and state tax liabilities.

The principal stockholders are American Home Products Corp. (16,584 shares); Hal W. Brown, Board Chairman (20,493); Hal W. Brown, as Trustee for his two children (41,024); and Wagnerseller & Durst Securities Corp. (27,040). They propose to offer for public sale 1,658, 1,536, 4,102 and 2,704 shares, respectively. Approximately 39% of the stock of Wagnerseller & Durst Securities Corp. is owned by minority stockholders of Wagnerseller & Durst, Inc.—V. 186, p. 1153.

Pan American Sulphur Co.—Production Increased—

This company produced its three millionth ton of sulphur from its Jalisco, Veracruz, mine on June 23, 1959, according to Harold H. Jaquet, President of Azufre Panamericana, S. A. de C. V., its Mexican subsidiary.

Formal production was initiated early in 1955 and has been increased year by year. Anticipated production during 1959 should exceed 800,000 tons.

Pan American Sulphur Co. became the third largest producer and marketer of sulphur in 1956, its first full year of production and sales.—V. 190, p. 159.

Pan American World Airways, Inc.—Debenture Rights Offering 95.8% Subscribed—

This corporation received subscriptions for \$45,020,500 principal amount of 4½% convertible subordinated debentures due 1979, or 95.8% of the total of \$46,971,000 debentures offered to holders of the capital stock under rights which expired Aug. 12, 1959. The unsubscribed balance of the debentures was purchased by the underwriting group headed by Lehman Brothers and Hornblower & Weeks and placed with investors.—V. 190, p. 464.

Pacific Gas & Electric Co.—Bidding Date Announced

It was recently announced that the company will receive bids up to 8:30 (PDT) on Aug. 25 at the office of the Vice-President and Treasurer of the company, 2nd Floor, 245 Market St., San Francisco 6, Calif., for the purchase from it of \$65,000,000 of first and refunding mortgage bonds, series EE, due June 1, 1991.—V. 190, p. 563.

Pan-Alaska Corp.—Registers With SEC—

This corporation with offices at 539 Texas National Bank Building, Houston, Texas, filed a registration statement with the SEC on Aug. 7, 1959, covering 2,612,480 shares of common capital stock.

Pan Alaska was organized under Texas law in 1959. It was organized for the purpose of prospecting for and obtaining oil, gas, or other minerals and to engage in the general oil and gas business by buying, selling, and otherwise trading in mineral leases, lands, and/or the products or by-products of mineral lands. In May, 1959, the Alaska Company was merged into Pan-Alaska, in connection with which 199,840 shares of Pan-Alaska stock were issued for the Alaska Company stock. The Alaska Company was organized in 1956 to acquire options on oil and gas leases in Alaska, and it held options on certain leases covering Federal land in Alaska received in exchange for its stock. These options have since been exercised.

Marine Drilling, Inc., which is engaged in the drilling business in the Gulf of Mexico area and has oil interests in undeveloped acreage in Texas, Louisiana and Tennessee, owns 680,000 shares of Pan-Alaska stock acquired at 10 cents per share; and it also has options to acquire an additional 2,660,000 shares at 10 cents per share. The

World Credit Corp., of New Orleans, also owns 500,000 shares, purchased at 10 cents per share. Marine Drilling proposes to issue to its stockholders, rights to purchase two shares of Pan-Alaska common at 20 cents per share for each share of Marine Drilling stock held. Marine Drilling plans to sell 250,000 shares of Pan-Alaska stock now held in an exercise of options to acquire sufficient additional stock to cover sales pursuant to this offering. Public offering of unsubscribed shares is to be made at 20 cents per share by Crierie & Company and Clark, Landstreet & Kirkpatrick, Inc., for which they will receive a discount of two cents per share sold. The underwriters also will receive options from Marine covering 260,000 shares, exercisable at 20 cents per share. Frank H. Crierie has received 50,000 shares for services rendered.

The proceeds of the sale of 250,000 shares now owned by Marine Drilling will be retained by it. The balance of the net proceeds will be paid to Pan-Alaska for the exercise of options and as a contribution to capital. The funds will be used by Pan-Alaska for delay rentals, the acquisition of additional oil and gas leases, the development of such leases and leases presently held, and for operating expenses.

The prospectus lists W. S. Wallis as President. He is also an officer of Marine Drilling. Management officials own 176,668 of the outstanding shares of Pan-Alaska stock.

Parke-Davis & Co.—Earnings Up 2½%—

This company reported net sales for the first half of this year totaled \$90,792,160, up 9% over the \$83,211,363 reported at mid-year in 1958.

Earnings were up 2½% to \$13,737,388 for the initial six months of 1959, equal to 93 cents on each of the 14,819,673 common shares outstanding. This compares with 1958 first half earnings of \$13,405,132 or 91 cents a share calculated on the basis of the three-for-one stock split effected in November, 1958.

During the second quarter of 1959, the company had net sales of \$45,942,090 and earnings of \$6,835,400 against \$40,340,269 in sales and \$6,265,485 in earnings for the second three months of 1958. Parke-Davis previously reported 1959 first quarter sales of \$44,850,070 and earnings of \$6,901,988.

The company will pay an estimated income tax of \$14,141,000 on first-half operations this year, as compared with \$13,748,000 for the comparable period in 1958.

Parke-Davis, which has made a profit every year since 1876, will pay its 28th consecutive dividend on July 31 to approximately 33,000 stockholders. The payment, 25 cents a share, will exceed \$3,700,000.—V. 190, p. 159.

Philips Electronics, Inc.—Earnings Up 170%—

Net sales for the first half year ended June 30, 1959, totaled \$9,917,648, an increase of 45% over sales for the first half of last year. Arne Vernes, President, disclosed on Aug. 10 in an interim report to stockholders.

Net income after all charges totaled \$1,058,676, or 170% ahead of the same period last year. On a per-share basis, earnings equaled \$1.17 for the first half of this year, as compared with 43 cents for the comparable period of last year.

Stockholders were reminded in the report of the recent announcement that the company is planning a three-way merger which will include the Anchor Scrum Co., of St. Joseph, Mo.; and The Islands Gas & Electric Co. This merger, which is subject to stockholders' approval by the three companies concerned, will mark the initial step of Philips Electronics, Inc. into the increasing and expanding fields of medicines, pharmaceuticals and associated fine chemicals.

The resultant corporation is to be known as Philips Electronics & Pharmaceutical Industries Corp. Mr. Vernes told the stockholders that it is expected that the new company will be substantially larger than the present Philips Electronics, Inc. and "will be, we believe, in a position to accelerate our policy of growth and expansion."—V. 189, p. 2793.

*1959 earnings include \$4,857,000 resulting from: (1) non-recurring profit of \$7,857,000, after provision for income taxes, realized from the sale of partial interests in certain oil and gas leases, and (2) an increase of \$3,000,000 in provision for Federal income taxes due to changing accounting policy to record taxes deferred by using declining-balance depreciation in the determination of taxable income.

Cash and government securities totaled \$113,000,000 at June 30. Capital expenditures were \$55,000,000 in the first six months and are estimated to total \$135,000,000 for 1959, approximately the same as for 1958. During the first half of 1959 long-term debt was reduced by \$13,000,000, including a \$10,000,000 prepayment on Phillips Chemical Co.'s term bank loan. No bank borrowing is contemplated for 1959.

Phillips is selling to North American Aviation, Inc., its interest in Astrodyne, Inc., formed jointly by the two companies in January 1958 to conduct solid rocket fuel activities at Air Force Plant 66 near McGregor, Texas. This sale will not terminate the company's interest in research in its own laboratories on fuels relating to petroleum raw materials and on energy sources of advanced types. Development of mechanical equipment and mass production of rockets and missiles engines, however, has become less closely aligned with Phillips general fields of activity.—V. 190, p. 159.

THE COURSE OF BANK CLEARINGS

Bank clearings this week show an increase compared with a year ago. Preliminary figures compiled by us, based on telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, August 15, clearings from all cities of the United States from which it is possible to obtain weekly clearings will be 4.3% above those for the corresponding week last year. Our preliminary totals stand at \$23,065,393,650 against \$22,111,683,517 for the same week in 1958. At this center there is a gain for the week ended Friday of 2.2%. Our comparative summary for the week follows:

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above, the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give the final and complete results of the week previous — the week ended Aug. 8. For that week there was an increase of 8.0%, the aggregate of clearings for the whole country having amounted to \$23,963,493,668 against \$22,179,351,299 in the same week in 1958. Outside of this city there was an increase of 13.0%, the bank clearings at this center having registered a gain of 3.5%. We group the cities

according to the Federal Reserve Districts in which they are located and from this it appears that in the New York Reserve District (including this city) the totals register a gain of 3.7%, in the Boston Reserve District of 12.0% and in the Philadelphia Reserve District of 10.3%. In the Cleveland Reserve District the totals are larger by 18.3%, in the Richmond Reserve District by 8.5% and in the Atlanta Reserve District by 13.6%. The Chicago Reserve District has to its credit an increase of 19.7%, the St. Louis Reserve District of 9.1% and the Minneapolis Reserve District of 8.5%. In the Kansas City Reserve District the totals record an improvement of 8.3%, in the Dallas Reserve District of 17.3% and in the San Francisco Reserve District of 1.4%.

GENERAL CORPORATION AND INVESTMENT NEWS

(Continued from page 10)

Polarad Electronics Corp.—Receives Contract—

This corporation on July 17 announced the receipt of \$2,194,000 in contracts in the closing days of its fiscal year which ended on June 30. Included were Air Force contracts for a specialized electronic countermeasures receiving system to be developed under a "quick reaction contract," a contract for continued production of automatic ground checkout equipment for the B-58 "Hustler" bomber, a contract for classified vacuum tube research, and a Navy production contract for a series of microwave signal generators.

The contract for vacuum tube work is in line with the company's program of expanding its tube effort particularly with respect to microwave tubes and tubes using ceramic envelope techniques.—V. 189, p. 2880.

Polycast Corp., Stamford, Conn.—Files With SEC—

The corporation on July 29 filed a letter of notification with the SEC covering 99,000 shares of common stock (par \$2.50) to be offered at \$3 per share, through Lee Co., New York, N. Y.

The proceeds are to be used for modification of plant facilities and for working capital.

Porce-Alume Co., Alliance, Ohio—Files With SEC—

The company on July 31 filed a letter of notification with the SEC covering 300,000 shares of common stock (par 10c) to be offered at \$1 per share, through Pearson, Murphy & Co., Inc., New York, N. Y.

The proceeds are to be used to purchase a plant site, for construction, erection of an enameling furnace, equipment and for additional working capital.

Public Service Co. of North Carolina, Inc.—Private Placement—This company has placed directly with institutional investors \$3,000,000 of first mortgage bonds, 5½% series due Feb. 1, 1977. The First Boston Corp. acted as agent in the negotiation, it was announced on Aug. 12.

The proceeds of the sale of these bonds will be used to retire present bank loans and to provide additional funds for the company's construction program.—V. 183, p. 1618.

Queenstown Gardens, Inc.—Statement Effective—

The registration statement filed with the SEC on June 5 covering 140 units, each unit consisting of 700 shares of class B nonvoting common stock, became effective on July 28.—V. 189, p. 2723.

Radinsky Investment Co.—Common Stock Offered—Amos C. Sudler & Co. and Purvis & Co., on Aug. 3 publicly offered 100,000 shares of common stock (par \$1) at \$2 per share. These shares were offered for sale to residents of Colorado, Wyoming, Utah, and Ohio only. Each purchaser of five shares of common stock is to receive one stock purchase warrant entitling the holder to acquire one share of common at two for a period of 18 months.

PROCEEDS—The net proceeds will be used for working capital.

BUSINESS—The company was organized to engage in the financing of hotels and motel furniture and fixtures. A new company, at the outset it will acquire exclusively commercial paper resulting from sales made by A. D. Radinsky & Sons, a partnership in existence since 1892 and whose business includes the sale of furniture, carpets, mattresses, linens and affiliated products to hotels, motels, hospitals, schools and industrial concerns. Incorporated in February of this year, Radinsky Investment Co. will operate from offices located at 2000 W. Colfax Ave., Denver, Colo.—V. 189, p. 2570.

Republic Aviation Corp.—Expands Research Facilities

The technique of "hiding" vehicles in outer space was described on July 23 as one of the advanced research projects scheduled for this corporation's new multi-million dollar Research and Development Center.

This was disclosed in an announcement by the company reporting the awarding of contracts totaling \$273,165 to five firms for specialized test equipment required in the expansion of the company's research and development facilities.

The "hiding" of space vehicles would be done by making them non-reflective, and studies of this technique will be made in an anechoic (anti-echo) chamber whose complex model mounts will be built by ANTLAB, Inc., Worthington, Ohio. The chamber will be part of the company's new Electronics Laboratory.

Contracts were also placed for major units for two of the other seven new laboratories, the Advanced Fluids Laboratory and the Re-Entry Simulation Laboratory, plus the company's existing \$1,500,000 transonic and supersonic wind tunnel facility.

Flight Support, Inc. of Metuchen, N. J. will supply both high temperature pneumatic and high temperature hydraulic test equipment for the Advanced Fluids Laboratory. They will be capable of conducting tests simulating hypersonic flight or re-entry conditions of pressures up to 5,000 pounds per square inch and temperatures up to 1,500 degrees F.

The design work for the proposed hypersonic wind tunnel, to supplement the new Re-Entry Simulation Laboratory, will be performed by General Applied Science Labs., Hempstead, N. Y. The hypersonic tunnel will have the capability of testing space vehicle shapes and materials at speeds of Mach 20, or twenty times that of sound (15,000 miles an hour).

A joint contract has been awarded to Dynamics Corp., Burlington, Mass. and Fluidyne Engineering Corp., Minneapolis, Minn. for equipment to expand the capability of the existing supersonic wind tunnel facilities. Special test sections will be incorporated increasing the test capability to speeds up to Mach 4, or 2,300 miles an hour.

The company's new \$14,000,000 Research and Development Center, now under construction, is scheduled for completion early next year.—V. 190, p. 93.

Roadway Express, Inc.—Earnings Increased—

The corporation reports revenue for the six periods (24 weeks) ended June 20 of \$29,004,017 and net income of \$1,185,003 after taxes. In the comparable periods last year, revenue was \$22,569,063, with net income of \$566,426.

Calvin J. Roush, President, stated these earnings are equal to \$2.13 per share on 555,571 class A shares or \$1.04 per share on 1,138,191 shares of class A and common stock combined, now outstanding. Comparative figures for 1958, adjusted for the number of shares now outstanding, are \$1.02 and 50 cents respectively.

Operating on a 13 four-week period calendar, the company's first three quarters consist of three periods each, with four periods in the fourth quarter.—V. 189, p. 2245.

Robbins Floor Products, Inc., Tusculum, Ala.—New Plants in Canada and France—

According to an announcement made Aug. 3 by Poncet Davis, Jr., President, a new corporation formed for the manufacture and distribution of Robbins Vinyl and Rubber Tile in Canada, and the con-

struction of manufacturing facilities in France. The Canadian firm, known as Robbins Floor Products of Canada, Ltd., will be located in Granby, Ontario, where a manufacturing plant and offices are presently under construction. The new plant is expected to go into operation about Oct. 1.

In cooperation with the Ste Chimique de Gerland of Paris, one of the largest manufacturers of resilient floor coverings in France, a new manufacturing plant for the purpose of producing Robbins Vinyl and Rubber Tile is being constructed at Lyons and is scheduled for early fall completion. The complete Robbins line of high style flooring will be produced and distributed throughout France and other European countries (participating in the European community tariff agreement).

The Robbins company has European distributors in France, Belgium, West Germany, Switzerland, England, and Greece. In Asia and the Far East the company's products are sold through distributors in Japan, Hong Kong, Ceylon, and the Philippine Islands. In the Western Hemisphere the company has distributors in Puerto Rico, British West Indies, Bahamas, Panama Canal Zone, Argentina and Venezuela.

Robertshaw-Fulton Controls Co.—Earnings—

Net earnings for the six-month period ended June 30, 1959, were the highest in the past nine years and net sales were the highest in the history of the company, T. T. Arden, President, reported in a preliminary statement on July 21.

Net sales for the six months ended June 30, 1959, amounted to \$40,058,838, an increase of 21.5% compared with \$32,966,796 in the same period of 1958.

After provision of \$3,464,000 for Federal and State income taxes, net income for the first half of 1959 amounted to \$3,085,114, equal after preferred dividend requirements to \$1.85 per share on the 1,658,187 common shares outstanding on June 30, 1959.

This compares with net earnings after income taxes for the six months ended June 30, 1958, of \$1,437,506, equal after preferred dividend requirements to 86 cents per share on 1,653,957 outstanding common shares.—V. 189, p. 1798.

Rold Gold Foods, Inc., Wilmington, Del.—Files With Securities and Exchange Commission—

The corporation on Aug. 3 filed a letter of notification with the SEC covering 250,000 shares of common stock to be offered at par (\$1 per share) to selected employees and associates of the company, its affiliates, Rold Gold, Inc., and its subsidiary and members of the families of such persons. No underwriting is involved.

The proceeds are to be used in connection with the acquisition of the assets of Rold Gold, Inc.—V. 190, p. 464.

Ruberoid Co.—Net Rises 74% Over Last Year—

Net sales for the six months ended June 30, 1959, were the largest for any first half in the company's history, while net income for the same period was the second largest, E. J. O'Leary, Chairman and President, announced on July 21.

Net sales for the 1959 first half totaled \$43,125,400, a gain of 13% over net sales of \$38,263,188 for the six months ended June 30, 1958. Net income for the first six months of this year amounted to \$2,539,539, equal to \$1.58 per share on 1,608,977 average number of shares of capital stock outstanding during the period. This is an increase of 74% over 1958's first half earnings of \$1,459,946, or 91 cents per share on 1,602,632 average number of shares outstanding.

Net income for the quarter ended June 30, 1959, Mr. O'Leary reported, exceeded any previous second quarter, amounting to \$1,527,898, or 95 cents per share on 1,610,230 average number of shares outstanding during the quarter. This is a gain of 23% over the second quarter of 1958 when net income was \$1,243,000, or 77 cents per share on 1,603,136 shares. Net sales for the 1959 second quarter totaled \$23,035,951 compared with \$23,394,871 in the corresponding period last year.

All figures for the 1958 periods have been adjusted to give effect to the pooling of interests of The Ruberoid Co. with those of The Funkhouser Company and R. J. Funkhouser & Co., Inc., which Ruberoid acquired on Dec. 31, 1958.—V. 190, p. 193.

Rye Tankers Corp.—Private Placement—This company, through Ladenburg, Thalmann & Co., has arranged to place privately \$10,900,000 20-year notes secured by a first preferred ship mortgage. Principal and interest insured by the United States of America under Title XI of the Merchant Marine Act, 1936, as amended.—V. 190, p. 464.

St. Joseph's Hospital, St. Paul, Minn.—Direct Obligation Serial Notes Offered—B. C. Ziegler & Co., of West Bend, Wis., on July 6 publicly offered \$3,000,000 of 5%, 5½%, 5¾%, and 5½% direct obligation serial notes dated June 1, 1959, at 100% and accrued interest. The notes mature semi-annually from Aug. 1, 1962 to Feb. 1, 1965; thereafter the notes mature quarterly to May 1, 1974. In the opinion of counsel for the underwriter these notes are legal for trust funds in the State of Wisconsin. In the opinion of counsel for the corporation these notes are legal for trust funds in the State of Minnesota.

These notes may be redeemed at the option of the corporation and upon not less than 15 days' published notice, in whole or in part on any quarterly payment date after May 1, 1964 at 100%, but may not be redeemed with borrowed funds prior to May 1, 1964; if un borrowed funds are used for redemption, the notes will be redeemed at 102% on or before Nov. 1, 1961; at 101% on notes redeemed after Nov. 1, 1961 and on or before May 1, 1964; and at 100% if redeemed after May 1, 1964; plus accrued interest in all cases.

PROCEEDS—The net proceeds of the notes now being issued, after payment of financing expenses and the repayment of any temporary loans made in anticipation of this issue of notes, will be used toward the cost of constructing and equipping a new six-story addition to St. Joseph's Hospital, St. Paul, Minn., and the remodeling and furnishing of certain other hospital facilities.

St. Regis Paper Co.—Exchange Offer—The company via a prospectus dated Aug. 4 is offering a maximum of 20,000 shares of its authorized and unissued common stock in exchange for outstanding shares of the class A

common stock of Chemical Packaging Corp. on the basis of one share of St. Regis common stock for each 5½ shares of common stock of Chemical.

The offer of exchange may be accepted by stockholders of Chemical by forwarding their stock certificates to Savannah Bank & Trust Co., Depositary and Exchange Agent, 4 East Bryon Street, Savannah, Ga., with a properly executed Letter of Transmittal and Acceptance, not later than Aug. 31, 1959. The offer of exchange will expire at 3 p.m., Savannah Time, on Aug. 31, 1959, unless such date is extended by the company.

Stockholders of Chemical who deposit their shares in acceptance of the offer of exchange will be billed for Federal stock transfer taxes applicable to the transfer of their shares to St. Regis.

No fractional shares of St. Regis common stock will be issued in the offer of exchange. Each stockholder of Chemical who deposits a number of shares of Chemical stock which, when divided by 5½, does not result in an even number of St. Regis shares, will have the right to direct the Depositary and Exchange Agent, on his behalf either to sell a fractional interest in a share of St. Regis or to purchase a fractional interest sufficient to entitle him to one additional full share.

St. Regis will declare the offer of exchange effective if 95% of the outstanding shares of Chemical common stock are deposited for exchange, and may elect to do so if a lesser percent, but not less than 80%, of Chemical shares, are so deposited.

Registers With Securities and Exchange Commission—

The company announced on Aug. 13 that it had filed a registration statement with the Securities and Exchange Commission for the issuance of 453,731 shares of common stock. The shares would be offered in exchange for the 667,251 capital shares of the Cornell Paperboard Products Company, Milwaukee, Wis.

The St. Regis shares would be offered on the basis of 68/100th of a share for each share of Cornell stock. On the New York Stock Exchange Aug. 13, St. Regis closed at 53¼, up 1¼. Based on the closing price, the proposed exchange would involve stock with a value of \$24,152,185.—V. 190, p. 94.

Saginaw Financing Corp., Saginaw, Mich.—Files—

The corporation on July 24 filed a letter of notification with the SEC covering \$250,000 of 6½% capital notes to be offered at par (in multiples of \$100 each). No underwriting is involved.

The proceeds are to be used for working capital.

Salant & Salant, Inc.—Registers With SEC—

This corporation, with headquarters at 330 Fifth Ave., New York City, filed a registration statement with the SEC on Aug. 7, 1959, covering 100,000 outstanding shares of its class A capital stock, to be offered for public sale by the present holders thereof through an underwriting group headed by Kidder, Peabody & Co. and Jesup & Lamont. The public offering price and underwriting terms are to be supplied by amendment.

The company produces men's, boys' and juvenile popular-priced utility and sports shirts, utility pants and casual slacks. It has outstanding 100,000 shares of class A stock and 625,856 shares of class B stock. The 100,000 class A shares are owned by Robert S. Salant, president (75,000) and by a trust created under the will of Gabriel Salant (of which Robert S. Salant is one of three trustees). Robert S. Salant also owns 58,962 class B shares (9.42%); the G. Salant Trusts own 138,740 class B shares (22.17%); and Mayfair Securities Corp. owns 308,676 class B shares (49.32%). The stock of Mayfair Securities is owned by Bessie L. and Robert S. Salant and the Ethel S. Rodgers Trust.

The company's sales in 1958 were \$21,361,000, and net income came to \$633,000. About 50% of the 1958 volume was from sales to national chain stores and mail order houses.—V. 167, p. 1156.

Salem-Brosius, Inc.—Partial Redemption—

The corporation has called for redemption on Aug. 30, next, through operation of the sinking fund, \$153,500 of its 5½% convertible subordinated debentures due July 1, 1973 at 100%. Payment will be made at the Mellon National Bank & Trust Co., Pittsburgh, Pa. or at The Marine Midland Trust Co. of New York, 120 Broadway, New York 15, N. Y.

The debentures may be converted into common stock at \$16.66 per share to Aug. 31, 1959 inclusive.—V. 189, p. 153.

(Howard W.) Sams & Co., Inc., Chicago, Ill.—Proposed Merger—

Howard W. Sams, Board Chairman of this corporation, The Waldemar Press, Inc., and The Howard Co., Inc., on Aug. 10 announced plans to merge the three companies under the corporate name of Howard W. Sams & Co., Inc.

An exchange of common stock is contemplated on the basis of two shares of the new stock for one each of Waldemar Press and the original Sams stock, and five shares of the new stock for one share of the Howard company stock.

The total number of outstanding shares will be doubled under the merger plan, for a total of 365,000 shares.

A stockholders' meeting has been called for Aug. 18 in Indianapolis to ratify the merger, Mr. Sams said.

Sales and earnings are at an all-time high for all three companies, he added. The Sams, Waldemar and Howard companies produce technical electronics and general publications and maintain research facilities for industry.

The new Books Merrill Co., Inc., book publishers, remains a subsidiary of Howard W. Sams & Co., Inc.

Mr. Sams reported that the three companies now being merged showed net sales of \$5,202,098 for the year ended June 30, compared with \$4,430,678 for the year ended June 30, 1958.

Holders of preferred stock in the original Sams company and Waldemar Press may elect to exchange their present stock for the new common stock on the basis of two shares of the new common for each \$50 par value Waldemar Press preferred and four shares of the new common stock for each share of the old Howard W. Sams & Co. \$100 par value preferred. If all preferred holders exercise the option to exchange into common, an additional 16,566 shares of the new common will be issued for this purpose.

Preferred shareholders who do not elect to receive common stock in exchange will receive preferred stock of Howard W. Sams & Co., Inc., on the same dollar basis and terms and conditions as the presently outstanding preferred stock, on a \$50 par value basis, Mr. Sams said. Provision is made for one share of the new preferred for each present \$50 share of the Waldemar Press and two shares of the new preferred for each share of the present preferred of Howard W. Sams & Co., offering holders the option of preserving their present fixed return preferred position or obtaining equity stock in the company.

Initially the new board of directors will consist of all directors serving the three companies, with realignment of officers to follow the merger. The operating functions of the three companies will be continued as divisions of the merged corporation, Mr. Sams said.

The merger plan was approved by the directors of each company.

San Diego Imperial Corp.—To Redeem Preferred Stock

A resolution providing for the redemption of all outstanding shares of preferred stock was adopted by the directors on Aug. 3. Redemption date is Sept. 23, T. Franklin Schneider, President, said.

There are presently about 50,000 such shares outstanding, according to Mr. Schneider. They are held by 161 preferred shareholders. The original issue of preferred was 70,000 shares, issued in September, 1958.

"Inasmuch as the market price of the preferred is considerably more than the redemption price, we are recommending that the holders of these shares convert them to the common stock of the

corporation." Mr. Schneider said, "The ratio of conversion is five shares of common for one of preferred."

Conversion may be effected at any time prior to 5 p.m., Sept. 18, 1959, upon surrender of the preferred stock certificates to the Union Bank, Los Angeles, according to Mr. Schneider.

"However, shares of preferred stock not converted prior to the close of business on Sept. 1 will earn the regular quarterly dividend of 13¢ per share, payable Sept. 23," Mr. Schneider said.—V. 190, p. 402.

Security General Insurance Co., Sioux Falls, S. C.—Files With Securities and Exchange Commission—

The company on Aug. 4 filed a letter of notification with the SEC covering 2,000 shares of common stock (par \$10) to be offered at \$25 per share, without underwriting.

The proceeds are to be used for working capital.

Seeburg Corp.—Debt Offering Completed—Of the \$5,130,200 of 5¼% convertible subordinated debentures offered to common stockholders, \$4,871,000 principal amount of the debentures were subscribed through the exercise of rights and \$259,200 principal amount of unsubscribed debentures were purchased by the underwriters, headed by White, Weld & Co., pursuant to the underwriting agreement.—V. 190, p. 402.

Servo Corp. of America—Reports Record Sales—

This corporation achieved record sales of \$2,352,400 for the six months ending June 30, 1959, compared to \$1,338,600 for the same period of 1958. "This is a 75% increase," President Henry Blackstone announced.

Open orders stood at \$6,226,300 at the end of the first half of this year.

Net earnings for the six months ending June 30, 1959, totaled \$101,000, amounting to 15 cents per share on 660,995 shares outstanding. This compares to a loss of 4 cents per share in the first six months of 1958.—V. 190, p. 265.

Southern Frontier Finance Co.—Registers With SEC—

Southern Frontier Finance Co., Raleigh, N. C., filed a registration statement with the SEC on Aug. 11, 1959, covering 1,300,000 shares of common stock, to be offered for public sale at \$1 per share. No underwriting is involved, the offering to be made by company officials; but the company may pay a 10% commission to dealers in connection with their sale of the shares.

The company was organized under Delaware law in November 1957 and "domesticated" in North Carolina in March 1958. It is engaged in the operation of a finance business, purchasing negotiable notes, secured by conditional sales contracts, chattel mortgages and similar security instruments covering the sale or financing of consumer goods, including the financing of leased equipment and in financing the sale of "shell homes." The latter involves the purchase of contracts evidencing the delayed payments due by buyers on partially completed residences.

The company has outstanding 829,959 shares of stock. Net proceeds of the sale of additional stock will be added to its working capital and used for the purchase of commercial paper covering the installment financing of consumer products and other types of financing in which the company is engaged or may engage.—V. 187, p. 2338.

Sperry Rand Corp.—Registers Employee Stock Option Plan With Securities and Exchange Commission—

This corporation filed a registration statement with the SEC on Aug. 7, 1959 covering 1,500,000 shares of its common stock to be offered pursuant to the company's Incentive Stock Option Plan for Key Employees.—V. 190, p. 199.

Spiegel, Inc.—Plans Stock Split—

The Midwest Stock Exchange has received notice from this corporation that, subject to approval by stockholders on Sept. 18, 1959, of the change in par value and reclassification of shares, stockholders of record Sept. 23 will receive one additional share for each two shares held to effect a three-for-two split-up. Par value will be changed from \$2 to no par. Additional certificates will be mailed Oct. 1, 1959. Fractional shares will not be issued. Order Forms will enable holders to buy or sell fractional interests to round out full shares through the Exchange Agent, The First National Bank of Chicago, until Nov. 6, 1959.—V. 190, p. 199.

Sta-Rite Products, Inc.—Registers With SEC—

This Delavan, Wis. company filed a registration statement with the SEC on Aug. 7, 1959 covering 118,270 shares of common stock, of which 52,109 shares are to be offered for public sale for the account of the issuing company and 66,170 shares, representing outstanding stock, by the present holder thereof. The public offering price and underwriting terms are to be supplied by amendment. Loewi & Co., Inc., is listed as the principal underwriter.

Sta-Rite Products is engaged principally in the manufacture of residential and commercial pumps and domestic water systems and their sale at wholesale directly or through subsidiary companies. It has outstanding 228,640 common shares in addition to certain other securities. Net proceeds of the sale of additional stock by the company will be added to its general funds to replenish working capital depleted by payments for the new Delavan plant, and to provide funds to complete equipment at the new plant. A major portion of such proceeds will be applied toward reduction of short-term bank loans incurred to carry seasonal increase in accounts receivable and to temporarily finance a portion of the cost of the new plant (\$1,360,000).

The prospectus lists the W. C. Heath Trust as the selling stockholder. The trust now holds of record 101,800 shares (44.52%). Beneficiaries under this trust are the wife of H. S. Lauterbach, board chairman, and Mrs. Q. E. Bittle, of Atlanta, Ga.

Standard Forgings Corp.—Earnings—

Earnings for the six months ended June 30, 1959 totaled \$446,247, equivalent to \$1.45 a share on 307,230 shares of common stock outstanding. Roy W. Clansky, President, reported on July 28. This compared with a net loss of \$22,845 for the corresponding period of 1958. Net sales for the initial six months of 1959 totaled \$1,383,755, compared with \$7,018,030 for the 1958 period.—V. 189, p. 920.

Standard Oil Co. (New Jersey)—Earnings Up—

Consolidated earnings estimates of this company released July 27 by Eugene Holman, Chairman, showed a 27% improvement for the first half over comparable earnings results for the first half of 1958. Consolidated results for the six months ended June 30, 1959, were estimated at \$315 million, or \$1.47 per share based on 214,890,000 shares currently outstanding. Comparable earnings for the same period a year ago, after adjustment for the increased Venezuelan income taxes retroactive to Jan. 1, 1958, were \$249 million, or \$1.22 per share on the 203,649,000 shares then outstanding.

Total revenues from sales and investments were estimated at \$3,056,000,000 for the first half of 1959, as compared with \$3,720,000,000 for the same period of 1958. Reaching a new all-time high for any half year period, product sales volumes for the first six months of 1959 were up about 9% over the first half of last year. Nevertheless, crude and product prices continued to show weakness.

Capital and exploration expenditures by consolidated companies for the first half were estimated at \$426,000,000. This compares with expenditures of \$532,000,000 in the comparable 1958 period. Of the total 1959 outlay, \$335,000,000 was for property, plant and equipment, while other expenditures made in the search for oil and gas and charged to current income were \$91,000,000.

Income and operating taxes, together with import duties, consumer taxes and other payments to the United States and foreign governments amounted to \$1,208,000,000 compared with \$1,102,000,000 for the same period of last year.—V. 190, p. 266.

Studebaker-Packard Corp.—Acquisition—

This corporation on Aug. 5 announced acquisition of C.T.L. Inc., of Cincinnati, Ohio, a plastics research and manufacturing organization, which has pioneered in solution of ultra-high temperature problems faced in space travel. This is the second plastics company brought into Studebaker's diversification program.

The new division has to its credit production of the heat shielding for the first U. S. missile nose cones to successfully re-enter the atmosphere from outer space. It was one of these that on May 28, 1959, brought back to earth unharmed the monkeys Able and Baker, this country's first round-trip space travelers. Among its current assignments is development of heat shielding for the Mercury missile being designed for human travel into space—the Astronaut program.

The acquisition was negotiated for an undisclosed amount between Studebaker-Packard and the owner-stockholders of C.T.L., Elmer P. Warnken and Meldin N. Korolitz, President and Vice-President, respectively, who founded the predecessor Cincinnati Testing and Research Laboratories in 1946. It was a cash transaction.

Earlier this year Studebaker-Packard similarly acquired Gering Products, Inc. of Kenilworth, N. J., which now is the Gering Plastics Division. As with Gering, the new unit, to be known as the CTL Division, will continue to be managed by its founders.—V. 190, p. 609.

Superior Window Co.—Additional Financing Details—

Mention was made in our Aug. 10 issue of the offering by an underwriting group headed by Crutenden, Podesta & Co. on Aug. 6 which offered publicly 50,000 shares of 70 cent cumulative convertible preferred stock (\$8 par value) at \$10 per share. In addition, offering was made of 125,000 shares of class A common stock (par value 10 cents) at a price of \$4 per share. These offerings were oversubscribed. Additional financing details follow.

The proceeds are to be used for expenses incidental to mining operations.

(James) Talcott, Inc.—To Amend Certificate of Incorporation—

The stockholders on Aug. 27 will consider amending the Certificate of Incorporation so as to (a) increase the authorized preferred stock from 150,000 to 300,000 shares; (b) increase authorized common stock from 1,500,000 to 2,500,000 shares; (c) authorize board to fix terms and conditions of each series of preferred stock including convertibility, if any, before issuance; (d) empower board to authorize issuance of subordinated notes or debentures, up to \$10,000,000 in aggregate principal amount and that such notes or debentures, when issued, shall be convertible into common stock.—V. 190, p. 266.

TelePrompTer Corp. — Closed-Circuit Television to "Conduct" Government Surplus Auction—

Closed-circuit television will be used for the first time in history to promote competition among prospective purchasers of Federal surplus property and thus increase financial returns to the Government under a plan announced jointly today by the Department of Defense and by the corporation's Group Communications Division.

An experimental "TV auction," designated to test the feasibility of the plan, will be conducted on Oct. 7, 1959. It will involve surplus property located at three widely separated military supply installations and prospective bidders gathered in six major U. S. cities.

Under the new plan, prospective buyers in all six cities will be able to see and bid simultaneously on surplus items at these three military installations through a combination of large screen closed-circuit TV and two-way radio circuits.

The auctioneers, who will be employed by TelePrompTer Corp., will be located both in the depots and in the receiving (bidding) locations. The chief auctioneer will conduct the sale by audio circuit until the sale has been completed by recognition of the bidder.—V. 190, p. 95.

Television Shares Management Corp.—Common Stock Offered—Public offering of 206,500 shares common stock was made on Aug. 11 at \$25.50 per share by a group headed by White, Weld & Co. The shares are being sold for the account of certain selling stockholders and none of the proceeds will accrue to the company.

BUSINESS—Television Shares Management is the management service company and sales agent for Television-Electronics Fund, Inc., which is one of the 15 largest open-end investment companies in the United States. Television Shares manages the business affairs and investment portfolio of the Television-Electronics Fund and distributes the shares of the Fund. It also makes investments in securities and has a small investment portfolio.

EARNINGS—For the six months' period ended April 30, 1959, Television Shares reported net income of \$284,111, equal to 27 cents per share.

DIVIDENDS—During the past four years the company has paid dividends semi-annually in May and November. The most recent dividend of 15 cents was paid on May 15, 1959.

Texas Gas Transmission Corp.—Proposed Expansion—

This corporation has been authorized by the Federal Power Commission to expand its facilities to serve a substantial new market, W. M. Elmer, President, announced on Aug. 10. Texas Gas has been granted a certificate for a major expansion program estimated to cost \$40,000,000. The Commission authorized a plan to gather and transport up to 100,000,000 cubic feet daily through the Texas Gas system for the account of Hope Natural Gas Co., a subsidiary of the Consolidated Natural Gas Co. Included in the certificate is per-

mission to construct about 246 miles of pipeline and to add 15,760 horsepower to the existing Texas Gas system.

"The Consolidated Natural Gas system supplies the ever increasing gas requirements of more than 1,000 cities and communities," Mr. Elmer said, "and its addition as a high load factor customer through its subsidiary, Hope Natural Gas Co., is one of the most important market developments to Texas Gas since it began operations."

Financing plans are under consideration, but have not been finalized at this time.

When the new facilities are completed, delivery will be made to Texas Gas in the producing fields. The company will gather and transport the gas from the South Louisiana area and deliver it for the account of Hope Natural at an interconnection of the facilities of Texas Gas and Texas Eastern Transmission Corp. near Lebanon, Ohio. From that point the gas will be transported by Texas Eastern to existing delivery points for the account of Hope Natural Gas Co. and the affiliated companies of the Consolidated Natural Gas system.

To serve Hope Natural, Texas Gas will construct and operate approximately 165 miles of 30-inch diameter loop lines and about 81 miles of 26-inch loop lines in Louisiana, Arkansas, Mississippi, Tennessee, Kentucky, Indiana and Ohio. Included in the 26-inch mainline construction is one underwater crossing of the Green River in Kentucky. Gathering facilities consist of 93 miles of supply lines, all in Louisiana and adjacent offshore areas.

Compressor station construction will consist of one new 1760 horsepower compressor station near Lafayette, Louisiana, and the addition of an aggregate of 14,000 horsepower to existing compressor stations at Columbia, La.; Covington, Tenn.; Kenton, Tenn.; Calvert City, Ky.; Slaughter, Ky.; and Hardinsburg, Ky. This totals 15,760 additional horsepower to be installed on the Texas Gas system.

All materials are available and construction of the facilities is scheduled for completion in time to commence service for Hope Natural this winter.—V. 190, p. 306.

Union Bag-Camp Paper Corp.—Earnings Increased—

Net income, after provision for taxes, for the second quarterly period ended June 30, 1959 was \$4,685,746 or 64 cents per share, an increase of 39% as compared with \$3,369,354 equal to 46 cents a share for the second quarter of 1958. For the six months ended June 30, 1959 net income was \$9,580,109 or \$1.30 per share, an increase of 41%, against \$6,742,547 equal to 92 cents a share for the same period in 1958, on the 7,379,388 shares outstanding at June 30, 1959.

Net sales for the second quarter of 1959 amounted to \$45,252,279, an increase of 23% over the net sales of \$36,863,994 for the comparable period of 1958. Six months' net sales to June 30, 1959 were \$88,315,078 which was a record high for any prior comparable period of the company, and a 20% increase when compared with \$73,722,195 for the same period in 1958.

On April 7, 1959, The Eastern Box Co., located at Baltimore, Md., a manufacturer of corrugated containers, was purchased for cash. This acquisition enables the company to provide better service along the Eastern seaboard.—V. 190, p. 504.

Union Electric Co.—Registers Rights Offering With Securities and Exchange Commission—

This company filed a registration statement with the SEC on Aug. 7, 1959 covering 1,057,725 shares of common stock, to be offered for subscription by stockholders of record Sept. 10, 1959, on the basis of one new share for each 10 shares then held. The company also will

offer to its employees and those of its subsidiaries shares not deliverable under the offering to stockholders and 21,123 shares now held in the treasury. The company will specify the subscription price; and the underwriting of the offering will be by means of competitive bidding.

Net proceeds of the stock sale will initially become part of the general funds of the company, through reimbursement of its treasury for capital expenditures heretofore made. Such funds will be used (a) to retire \$28,000,000 of bank loans incurred to meet in part the company's 1958 and 1959 construction costs; (b) to finance the cost of continuing additions to its property and plant; and (c) for other corporate purposes. Approximately \$49,115,000 of construction expenditures are budgeted for the year 1959; of which \$20,839,000 had been expended to June 30, 1959; and for the two years 1959 and 1960 construction expenditures are expected to approximate \$116,555,000.—V. 190, p. 307.

United Fuel Gas Co.—To Increase Facilities—

This company has applied to the Federal Power Commission for authority to construct and operate 4.8 miles of pipeline and 8,400 horsepower in compressor capacity on its natural gas transmission system near Huntington, W. Va.

The project, estimated to cost \$3,568,300, is part of the company's over-all plan to replace portions of a low pressure transmission system between its Kenova compressor station on the west to the Lewis and Cobb stations on the east, all in West Virginia. The company said the system is now approximately 50 years old and its condition and the growing cost of its maintenance make the replacements necessary. No new markets are proposed to be served by reason of the construction.—V. 190, p. 404.

United Improvement & Investing Corp.—To Get Listing on ASE—

This company's 1,239,094 shares of common stock have been approved for original listing on the American Stock Exchange, it was announced on Aug. 13.

This company, incorporated in 1958, is engaged in mortgage origination, mortgage servicing, title insurance and development of the Town of Margate, Fla. The town presently occupies an area of 3,773 acres north of Fort Lauderdale and is being developed as a planned community including utilities, business district, shopping center, churches, schools and recreational facilities.—V. 189, p. 2614.

United Rayon Manufacturing Corp.—Profit Rises—

Net income of \$1,500,000, equal to 66c per American Share on 2,292,194 American Share equivalents outstanding, was reported for the second quarter ended June 30, 1959 by Allgemeine Kunstzijde Unie N. V. (A. K. U.—United Rayon Manufacturing Corp.), Arnhem, The Netherlands. This represented a rise of 61% from net income of \$950,000, or 41c per American Share, on 2,263,074 American Share equivalents outstanding, in the same period last year.

For the first half of 1959 net income of \$2,440,000, or \$1.07 per American Share, was reported, an increase of 29% from the \$1,890,000, or 82c per American Share, earned in the initial half of 1958.

Second quarter results reflect a rise in sales of 34.5% from \$12,600,000 to \$17,200,000 which with well-controlled operating expenses permitted net operating income to rise by 67% to \$2,000,000 from \$1,200,000.

Each American Share is equivalent to 1/20th of an Ordinary Share of Hfl. 1,000 par value.—V. 189, p. 2398.

U. S. Polymeric Chemicals, Inc.—Rights Offering Completed—

All of the 56,080 shares of Common Stock offered by the company for subscription were subscribed for through the exercise of rights. Dominick & Dominick, as representative of the underwriters, has advised the company that prior to the expiration of the rights the underwriters sold at the price of \$21.50 per share the 15,000 shares of common stock offered by selling stockholders, and in addition: (a) purchased 183,909 rights at 33 1/3 cents per right; (b) sold 75 rights at 33 1/3 cents per right; (c) subscribed for an aggregate of 30,639 shares of Common Stock through the exercise of rights; and (d) sold 30,646 shares of common stock at \$21.50 per share.

As a result of the foregoing, the net proceeds to the company from the sale of 56,080 shares offered for subscription will be \$1,058,352.60, after deducting underwriting compensation aggregating \$35,207.40, but before other expenses. For details see V. 190, p. 405.

United States Communications, Inc., East Atlantic Beach, New York—Files With SEC—

The corporation on Aug. 5 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 10 cents) to be offered at \$2.25 per share, through Heft, Kahn & Infante, Inc., Hempstead, N. Y.

The proceeds are to be used for plant and equipment; for the purchase and construction of research and development test equipment and laboratory and operating capital.

United States Plywood Corp.—To Build Eastern Board Plant—

Plans for construction of a new particle board plant—annual capacity, 60 million square feet (¾ in. basis)—were announced on July 23 by Gene C. Brewer, President.

Mr. Brewer said the plant will be one of the most modern and highly automated in the forest products industry, utilizing the latest American and European techniques in wood and chemical technology. The plant, to supplement West Coast production of U. S. Plywood's Dan River, Novoply, will be located in South Boston, Va., on the of Southern pine, from which the plant will draw its raw material.

Mr. Brewer said the new plant will enable U. S. Plywood to expand its sales in the rapidly-growing Eastern markets for particle board. U. S. Plywood's West Coast Novoply plant at Anderson, Calif., he said, is now operating at capacity. The principal markets it serves are for sliding and bifold closet and cupboard doors, underlayment for floors, dinette and table tops, wall panels, partition panels and store fixtures.

Mr. Brewer said construction of the new plant is scheduled to start before the end of 1959. A year later is target for start-up of production. The plant will embrace 80,000 square feet of floor space on a tract of 40 acres. It will employ about 150 people.

Mr. Brewer pointed out that particle board to be manufactured in Virginia will be unusual in that it will be manufactured from "round wood"; that is, from cut logs. Conventionally, most particle board is manufactured from residues of plywood and lumber operations. The Virginia plant will require about 50,000 cords of "round wood" per year. A perpetual supply of wood for the plant is assured, said Mr. Brewer, because the tree farms of Halifax and surrounding counties, among the first established in the nation, are among the nation's best operated.—V. 189, p. 2937.

United States Printing & Lithograph Co.—Notice of Special Meeting of Shareholders—

Notice is hereby given that a special meeting of the holders of common stock of The United States Printing & Lithograph Co., will be held at the principal offices of the company, Beech and Robert-

son, Norwood, Cincinnati, Ohio, on Sept. 14, 1959, at 9:30 o'clock a.m. EST, for the following purposes:

(1) To consider and act upon the approval of the reorganization agreement and plan dated July 30, 1959, between Diamond Gardner Corp. and your company, pursuant to which there will be a merger with Diamond Gardner Corp., by transfer of the assets of the company to Diamond Gardner Corp. in exchange for common stock of Diamond Gardner Corp., the dissolution and liquidation of the company and the distribution of the assets of this corporation in complete liquidation; (2) to transact such other business as may properly come before the meeting, or any adjournment thereof.

Each shareholder shall be entitled to a vote for each share of common stock registered in his name on the books of the company as of the close of business on the 10th day of August, 1959.—V. 190, p. 610.

Universal Marion Corp.—June Quarter Net Up—

A sharp improvement in June quarter earnings over the March quarter enabled this corporation to show increased net profits for the six months ended June 30, 1959, as compared with the corresponding 1958 period, James Mullaney, President, reported today.

He announced that the corporation had a first half net income of \$2,285,631, equivalent to \$1.31 per share on 1,740,477 outstanding shares, against \$1,926,866, or \$1.11 per share, in the initial six months of 1958.

For the June quarter, there was a net income of \$1,865,150, or \$1.07 per share, as compared with only \$420,481, or 24 cents a share in the March quarter, when the company was still feeling the after-effects of a five-month strike at the Marion plant of the Marion Power Shovel division, which came to an end in early January, 1959. In the second quarter of 1958, Universal Marion had a net income of \$1,005,870 or 58 cents a share on 1,740,477 outstanding shares.

Net sales for the six months aggregated \$22,307,290 against \$22,242,780 in the year-ago period, while June quarter volume totaled \$13,365,020 compared with \$8,942,270 in the March quarter and \$13,133,411 in the 1958 June quarter.

The corporation recently announced it plans further diversification by entering the Florida real estate development business through the purchase of a 12,000 acre tract of land in Hillsborough County, Fla. The land is located about 16 miles south of Tampa, and has about 6 1/2 miles of paved U. S. Highway No. 301 frontage, and six miles of paved State Road No. 674 frontage.—V. 190, p. 505.

Voss Oil Co.—Offering Completed—The recent public offering of 1,000,000 shares of class A common stock (no par) at \$1 per share, by an underwriting group headed by Hill, Darlington & Co. has been completed, all of the said shares having been sold. For additional details, see V. 190, p. 610.

Vulcan Materials Co.—Statement Effective—

The registration statement filed with the SEC on June 29 covering 10,000 shares of 6 1/4% cumulative preferred stock and 550,000 shares of common stock, to be offered to the stockholders of Ralph E. Mills Co., Talbot Construction Corp. and Talco Constructors, Inc., in exchange for all the outstanding capital stock of these three corporations, and to the owner of Sherman Concrete Pipe Co., Chattanooga, Tenn., for the business and assets of that company, became effective on July 20.—V. 190, p. 201.

The stockholders on Oct. 5 will consider increasing authorized shares of all classes of stock from 921,439 to 2,303,598 shares to effect a two-and-one-half-for-one split-up of all classes by increasing the following: (1) 7% 1st preferred stock from 6,514 shares, \$100 par value to 16,285 shares, \$40 par value; (2) 5% 1st preferred stock from 177,420 shares, \$30 par value to 443,550 shares, \$12 par value; (3) 4% second preferred stock from 59,280 shares, \$100 par value to 148,200 shares, \$40 par value; (4) common stock from 678,225 to 1,695,563 shares.—V. 190, p. 610.

York Research Corp., Stamford, Conn.—Registers With Securities and Exchange Commission—

This company filed a registration statement with the SEC on Aug. 10, 1959, covering 150,000 shares of class A stock, to be offered for public sale at \$3 per share. The offering is to be made by Myron A. Lomasney & Co., which will receive a commission of 45 cents per share sold. The company also will sell the underwriter 15,000 class A stock purchase warrants at 1 cent per warrant; each warrant entitles the holder to purchase one share of class A stock at any time prior to August, 1964.

The company was organized under Delaware law in May, 1959, and is said to be principally engaged in commercial testing of institutional, industrial and consumer products, in electronic and environmental testing of military equipment, and in market research. In July, 1959, it acquired the business and assets of York Research Corp., of Connecticut, Inc., subject to its liabilities, in exchange for which 300,000 shares of class B stock of the company were issued to Warren C. Hyer, Board Chairman and President, and his wife. No other shares are now outstanding.

Net proceeds of the sale of additional stock are to be used as follows: Payment of a \$50,000 outstanding loan obtained to finance the purchase of equipment used in the business, and discharge of a \$3,625 balance due on an installment loan; establishment of a new testing laboratory in the New England area at a cost estimated at \$75,000; purchase, for an estimated \$127,000, of additional testing equipment, and installation of such equipment at a cost of about \$25,000; and the balance for general corporate purposes.

Zapata Off-Shore Co. — Secondary Offering — G. H. Walker & Co., on Aug. 11 managed a syndicate distributing registered secondary of 229,585 shares of common stock at \$9.50 per share, with a dealer's concession of 70 cents per share. This offering was oversubscribed and the books closed.

PROCEEDS—The net proceeds went to selling stockholders, and no funds will accrue to the company.

BUSINESS—From its inception the Zapata Off-Shore Co. has engaged in drilling operations in the off-shore area, principally off Louisiana and Texas both as a contractor for others and for its own account. The company owns and operates two types of drilling equipment; self-contained, mobile drilling platforms and a recently converted self-contained, floating drilling vessel that has recently drilled exploratory wells in the Gulf of Mexico to depths of 9,000 and 11,500 feet.

New York (State of)

Taxes Analyzed—State Comptroller Arthur Levitt on Aug. 10 announced the publication of the 1959 edition of the brochure on local property and non-property taxes and their relation to real property values in New York State.

The booklet, the fifth in its series, lists the taxes imposed locally by each community in the State and relates such taxes to the real property values of the community. Statistics are broken down between taxes for school purposes, for other purposes, and for special assessments.

The data for the fiscal year ending in 1958 shows that local governments in this State, including county, city, village, town, school districts and other districts raised a total of \$2.35 billion in taxes and assessments. Real property taxes accounted for more than 80% of the total, while non-property taxes accounted for the remainder. One-third of all locally raised revenue was devoted to school purposes.

In relation to population, local tax revenue amounted to \$141.00 per person for 1958. Local taxes for school purposes increased from \$13.81 per \$1,000 of full valuation of real property for the school year ended 1958 to \$14.56 per \$1,000 for the school year ended 1959.

Revenue figures for school purposes are available for the fiscal year ended in 1959, and have, therefore, been included.

Copies of the brochure may be obtained by writing to the Public Information Office of the Department of Audit and Control in Albany.
