General Corporation and Investment News

RAILROAD - PUBLIC UTILITY - INDUSTRIAL - INSURANCE - MISCELLANEOUS

Aeronca Manufacturing Corp.—Forms Division—

Formalization of an Aerospace Division, located in Baltimore, Md., by this corporation was announced on Aug. 27 by John A. Lawler, President.

Mr. Lawler said that the division will incorporate and greatly augment the company's existing Electronics Research Division in Baltimore.—V. 190, p. 149.

Affiliated Fund, Inc.—Net Assets Rise—

During the first nine months of its fiscal year, from Nov. 1, 1958 to July 31, 1959, net assets of this large mutual fund increased to $592,402,211 from $477,785,334. For the period there was an increase in the per share asset value of $1.24 a share or 18%, after adjustment for a 24-cent capital gains distribution paid in December, 1958.

At the end of July 1959, net assets of the company were equivalent to $7.94 a share. This per-share value, together with the capital gains distribution is equivalent to $8.18, as compared with the Oct. 31, 1958 value of $6.94. There were 74,630,820 shares outstanding on July 31, 1959 and 68,816,582 on Oct. 31, 1958.

Mr. Prankard points out that 42,000 of Affiliated's shareholders, or 25% of the total, are participating in the company's Dividend Reinvestment Program.—V. 189, p. 2669.

Aid Investment & Discount, Inc.—Listing of Stock—

The Board of Governors of the American Stock Exchange has approved for original listing 1,173,504 common shares of this corporation, which was organized in 1936 and is engaged in the retail installment financing of new and used automobiles, the wholesale financing of dealers' inventories and the making of direct installment loans. In addition, Aid's subsidiaries are engaged in the writing of certain lines of insurance.—V. 190, p. 665.

Alleghany Corp.—Paying Agent Named—

The Chemical Corn Exchange Bank, New York, N. Y., has been named paying agent for $10,000,000 of 5% sinking fund debentures, series A, due Nov. 1, 1962 (not Nov. 1, 1952 as previously stated). —V. 190, p. 765.

American Beverage Corp.—Merger Voted—

The stockholders of this corporation, which produces Dr. Brown's Cel-Ray and other beverages in the New York area, voted 97.6% in favor of a proposed merger with the Golden Age group of soft drink bottling companies in Ohio and Texas, it was announced on Aug. 12. Benjamin Schrager, President of the American Beverage Corporation, presided at a special meeting of stockholders in Brooklyn, New York.

Included in the Golden Age holdings are Pepsi-Cola bottling franchises in Akron, Dayton and Youngstown, Ohio. The Golden Age group is one of the outstanding marketing organizations among Pepsi-Cola's more than 530 franchised bottlers.

Under the terms of the proposal, American Beverage, whose stock is traded on the American Stock Exchange, acquired all of the outstanding capital stock of the Golden Age companies in exchange for the issuance of 950,000 shares of the common stock of the corporation.

The stockholders also overwhelmingly voted on a proposal to increase the authorized common stock from 250,000 shares of a par value of $1.00 per share to 2,000,000 shares also $1.00 par value, and to amend the corporate charter in order to clarify and expand certain of the corporate objects and purposes.

The combined companies will be headed by the present Golden Age management, who own a majority interest in American Beverage Corp., after the acquisition. Principals in Golden Age are Julius Darsky, President of Akron, Dayton and Youngstown operations, and Joe Darsky, who heads the Golden Age plant in Houston.

Julius Darksy will become President of the new American Beverage Co.; N. H. Darsky, Chairman of the Board; Joseph Darsky, Executive Vice-President, Southwest operations; Benjamin Schrager, Executive Vice-President, New York operations; Bertram Lockshin, Treasurer, Herbert Paige, Secretary and Stuart Giller, Assistant Treasurer and Assistant Secretary.

The present American Beverage board of directors, with the exception of Benjamin Schrager, President, will resign, to be replaced by the members of the Golden Age management.

The combined volume of the Golden Age and American Beverage companies was substantially over $7,000,000 in 1958 with earnings in excess of $300,000.

Golden Age presently owns over 300,000 square feet of production, warehouse and garage space. American Beverage leases over 140,000 square feet. The total available space is well over 440,000 square feet with annual production capacity in excess of 10 million cases (24 bottles per case). In addition, Golden Age owns over 100,000 square feet of space for expansion purposes.

In the Akron, Dayton and Youngstown areas, the Golden Age plants produce Golden Age flavors and Get-Up, a lemon-lime beverage. In Houston, Golden Age, Get-Up and Schweppes Tonic are marketed while Golden Age is also canned for distribution in Texas, Oklahoma and Louisiana.—V. 190, p. 353.

American Broadcasting Co.—Reports Record Billings

Nearly $2,000,000 in new and renewed business was signed by the ABC Radio Network in July, the largest gross billings for the like period by the network in recent years, it was announced on Aug. 18 by Edward J. DeGray, President of the ABC Radio Network.—V. 177, p. 1149.

American Can Co.—Reports Record Number of Stockholders—Expands Bradley-Sun Division—

William C. Stolk, President, on Aug. 15 noted that the number of common stockholders has increased more than 10% during the past year and now totals 83,445.

In a message to stockholders Mr. Stolk reported on the extensive expansion and modernization of the manufacturing facilities of the company's Bradley-Sun Division—producers of extruded plastic tubes, squeeze bottles and collapsible metal tubes.

He said "re-engineering of the entire plastics operation at the Bradley-Sun Division's Maynard, Mass. plant and the installation of new high-speed automatic equipment has resulted in greatly increased production and lower costs."

Mr. Stolk stated "the future of the plastic tube and bottle is most exciting. Industry is clamoring for new ideas, new designs, and new styling in packages," and he said "research and development programs have been accelerated to meet this market demand."

Mr. Stolk pointed out that millions of pastel colored plastic squeeze bottles and tubes are now produced for a rapidly growing variety of products including specialty foods; such as macaroon mix, shampoos, sun tan lotions, powders, wave lotions, insect repellents, rose sprays, library paste, electric shaver lubricants, outboard motor grease.—V. 189, p. 2453.

American Electric Power Co.—Plans Stock Offer—

The sale of 1,200,000 additional shares of common stock at competitive bidding on Oct. 22 has been authorized by the directors of American Electric Power Company, Philip Sporn, President, announced on Aug. 26. This will be the first public sale of common stock of the company since June 1953. The company has currently outstanding 20,168,889 shares.

Mr. Sporn stated: "It is contemplated that, subejct to authorization by the Securities and Exchange Commission under the Public Utility Holding Company Act of 1935, the additional shares will be sold directly to underwriters at competitive bidding and that the proceeds will be used principally to retire the company's $52,000,000 of notes due 1959."

Mr. Sporn added that the directors believe that both the present as well as the future interests of the company and its shareowners would best be served by securing, at this time, this block of equity capital through a direct sale of the shares to the public.

This company (formerly American Gas & Electric Co.) is one of the nation's largest integrated electric utility systems, serving a population of more than 5,000,000 and 2,300 communities in parts of seven states: Indiana, Michigan, Ohio, Kentucky, Tennessee, West Virginia and Virginia—V. 190, p. 353.

American Enterprise Fund, Inc.—First Annual Report

The first annual report of this non-diversified open-end investment company whose shares are sold at net asset value, without sales load or commission added, indicates total net assets on June 30, 1959 of $423,657 and net asset value of $13.41 per share, an increase of 350% in net assets and a gain of 34% in asset value per share from Sept. 10, 1958 when the mutual fund was started, Phillip Goos, President, announced on Aug. 24. Total net assets at the start were $121,000 and assets per share amounted to $10, Mr. Goos pointed out.

The fund is managed by the firm of Edward A. Viner & Co., Inc., members of the New York Stock Exchange, which has been in the investment advisory business for thirty years, serving in that time various clients including business executives, retired persons, professionals and their families, and corporations.

Mr. Goos noted in his report that the majority of shareholders of American Enterprise Fund, Inc. have had their positions only for the short period starting March 18, 1959, when the fund's shares were first offered to the public. On that date, he said, total net assets were $157,297 and net asset value per share was $12.99.

Mr. Goos added. "It is management's decision to continue to offer shares without a sales charge." He also reported that net investment income to June 30, 1959, amounted to $2,215, equal to 7 cents per share on the 31,600 shares then outstanding. The fund's first dividend of 7 cents per share was paid July 15, 1959, and was made entirely from investment income.—V. 189, p. 913.

American & Foreign Power Co., Inc.—Debt Offering Canceled—This company on Aug. 26 decided to cancel the proposed offering of $15,000,000 6% convertible debentures because of the proposed law published in the Havana press about a week ago reducing electric rates for Cuban Electric Co., a subsidiary of the company.

The matter will be reconsidered upon clarification of the Cuban rate situation.

The First Boston Corp. and Lazard Freres & Co., heads of the underwriting group for the Aug. 18 offering, announced on Aug. 26 that the deal had been canceled.

Priced at par, the new issue sold quickly and went to a small premium. But on Aug. 26 the debentures were quoted around 91½ bid.

Cancellation of the offering was made under a provision of the underwriting agreement permitting such a step in the event of a development adversely affecting the company to an important degree.

For details of offering, see V. 190, p. 766.

American Founders Life Insurance Co.—Enjoined by Securities and Exchange Commission—

The SEC Denver Regional Office announced Aug. 18, 1959, that Judge Alfred A. Arraj (USDC, Denver) had signed a final judgment enjoining this Denver Company, its officers, directors, agents, employees and attorneys, from further violation of the Securities Act registration and anti-fraud provisions in the sale of stock of Founders or any other security. Founders consent to entry of the judgment. (Company counsel advised the Court that Founders had filed a registration statement relating to its common stock which became effective Aug. 7, 1959.)—V. 189, p. 41.

American Hardware Corp.—Registers With SEC—

This corporation, located at 102 Washington St., New Britain, Conn., filed a registration statement with the SEC on Aug. 26, 1959, covering 50,000 shares of common stock, to be offered under the company's Executive Incentive Stock Option Plan.—V. 189, p. 1341.

American Independent Reinsurance Co. — Secondary Offering—A secondary offering of 15,000 shares of common stock (par $1) was made on Aug. 18 by Goodbody & Co. at $4 per share, with a dealer's concession of 40 cents per share. The unsold balance was withdrawn on Aug. 21.—V. 189, p. 2562.

American Investors Corp.—New President—

Donald L. Connett, of Atlanta, Ga., was on Aug. 13 named President of this corporation.

In announcing the board action, Chairman Harry A. McDonald, of Washington, D. C., former Federal Securities and Exchange Commission Chairman, said Mr. Connett was selected because of his wide range of interests and background which is particularly suitable for the post in the $14.5 million-assets diversified financial holding company which is headquartered in Nashville, Tenn.

The two and one-half year old American Investors Corporation operates in the insurance and financial fields through the following wholly-owned subsidiaries:

American Investors Life Insurance Co., Houston, Texas; American Investment Life Insurance Co., Nashville, Tenn.; American Investment Life Insurance Co. of South Carolina, Columbia, S. C.; American Investment Life Insurance Co. of Maryland, Baltimore, Md.; Financial Life and Casualty Insurance Co., Columbia, S. C.; Southeastern Fund, Southeastern Fund of Texas and Southeastern Fund of Alabama, all of Columbia, S. C.; and the 11 various GWG Corporations, which make up the world's largest mobile home sales organization.

In addition to assuming the corporation Presidency, Mr. Connett was also elected Chairman of the Executive Committees of American Investors Corp. and the three American Investment Life Insurance companies. Turning over the latter posts to Mr. Connett, McDonald said the press of his other affairs had made it very difficult for him to devote the time required to fill the positions.—V. 190, p. 150.

American Investors Syndicate, Inc.—Stop Order Proceedings Instituted—

The SEC on Aug. 21 announced the institution of proceedings under the Securities Act of 1933 which challenge the accuracy and adequacy of disclosures in registration statements filed by American Investors Syndicate, Inc. and Oil, Gas & Minerals, Inc. ("O G & M"), both of 513 International Trade Mart, New Orleans, La.; and it has ordered a consolidated hearing to commence Sept. 2, 1959, on the question of whether stop orders should be issued suspending their effectiveness.

O G & M was organized in March 1958 and owns certain interests in oil properties in the Leeville Field, Lafourche Parish, La. It also owns the south side of the 3000 block of St. Charles Avenue, between 7th and 8th Streets, in New Orleans, which it has leased to American. The latter was organized in February 1959 and proposes to construct an apartment-hotel and related facilities on the St. Charles Ave. property. The principal promoters of both companies are James A. and Joseph D. Lindsay.

In its registration statement, O G & M proposed the public offering of 250,000 shares of common stock at $2 per share, plus an additional 10,000 shares to be sold by a selling stockholder. The offering was to be made on a best efforts basis by Lindsay Securities Corp., which was owned by the Lindsays, for which a 15% selling commission was to be paid. Net proceeds would be used to retire a $125,000 loan on the St. Charles Ave. property and for certain other purposes, $250,000 being "not allocated."

American's registration statement proposed the public offering of 600,000 shares of common stock and 200,000 shares of 6% preferred, in units consisting of 1 preferred and 3 common shares and at $12 per unit. This offering also was to be made on a best efforts basis by Lindsay Securities, for which a selling commission of $1.80 per

unit was to be paid. Net proceeds were to be devoted in large part ($2,000,000) to the construction of the apartment-hotel.

The Commission asserts with respect to each company that its prospectus fails to include "an introductory statement . . . summarizing in a clear, concise and understandable fashion a description of the speculative features of the registrant's business and securities." Concerning O G & M, for example, the order states that there was failure to point out that the company has operated at a loss since its inception and that there is no earned surplus available for dividends; that its stock was recently offered at $1 and the book value of the assets is about 67c per share as compared with an arbitrarily determined proposed $2 offering price of the new shares; and that there are restrictions on resale of O G & M stock which require a first offer to the corporation or other shareholders to sell at a price not to exceed book value per share.

With respect to American, there was an asserted failure to disclose the inexperience of management in the construction or management of apartment-hotels; that there is no assurance that the building will be constructed and that, if it is constructed, no substantial revenues can be expected until after January 1961, and the company currently has fixed expenses of $30,000 per annum rental plus taxes and other expense items; that if all the preferred shares are sold, net earnings of $108,000 per annum after taxes will be required to pay the annual dividend requirement and that there is no likelihood of such earnings until the building is completed and substantially rented; that the $1 per share offering price for the common has been arbitrarily set, since there is no market for stock, the company's operations have not been profitable, its book value per share as of June 15, 1959, was 20c, the company recently sold 100,000 shares to the public at 50c per share, and the promoters acquired 62,000 at 10c per share; and that the officers and directors to the two companies and the underwriter are the same, with a clear statement of the reason for dividing this real estate operation between the two companies.

The Commission also questions the accuracy and adequacy of various other informational disclosures contained in the prospectus of each of the issuing companies, including as to each the information with respect to the intended use of the proceeds of the stock sale; the company's business and leases; and the failure to disclose material facts with respect to the proposed apartment-hotel and the financial condition of the lessee company.—V. 190, p. 46.

American Israeli Paper Mills, Ltd.—Trading Starts—

The company principal producer of paper in Israel, and located at Industrial Zone, Hadera, Israel, is listing American Shares which represent its Ordinary Shares (including Series B Ordinary Shares) at the rate of one American Share for five Ordinary Shares. There are presently outstanding 6,000,000 Series B Ordinary Shares and 4,493,972 Ordinary Shares of the par value of One Israel Pound each. There can be a maximum of 2,098,794 American Shares available for trading, which started on the American Stock Exchange on Aug. 26. —V. 190, p. 766.

American Louisiana Pipe Line Co.—Construction—

The Federal Power Commission has granted temporary authorizations to this company, Mountain Fuel Supply Co. and Cities Service Gas Co., for the construction of natural gas facilities costing a total of about $8,425,200. The proposals are not related.

American Louisiana proposes to construct an 8,000-horsepower compressor station in Louisiana and a 10,000-horsepower station in Tennessee at a cost of approximately $6,081,000. American Louisiana claims the new facilities will add 3,000,000 cubic feet per day to the capacity of American Louisiana's pipeline system. The FPC, however, did not authorize operation of these facilities.

Mountain Fuel will build about 24.4 miles of 20-inch loop line, at a cost of about $1,527,200, in Summit County, Utah, and Uintah County, Wyo. The facilities will be used to meet the company's firm peak-load requirements for the 1959-60 winter season.

Cities Service proposes to build 8.43 miles of 20-inch loop line in Franklin County, Kans.; 1.78 miles of 20-inch loop line in Cass County, Mo.; 340 additional horsepower at its Knobnoster compressor station in Johnson County, Mo.; and 4.5 miles of 16-inch line in Johnson County, Mo., at a cost of about $817,000. The facilities will be used to meet increasing demands of its customers through the 1961-62 heating season.

The FPC temporarily authorized Mountain Fuel and Cities Service to operate their facilities. The Commission said that the temporary authorizations were without prejudice to such final determination of the applications for certificates as the records may require.—V. 188, p. 2241.

American-Marietta Co.—Proposed Acquisition—

A plan to pool the business and assets of Dewey Portland Cement Co., of Kansas City, Mo., with American-Marietta Co. has been approved by the board of directors of both companies and is being submitted to Dewey shareholders for approval, it was jointly announced on Aug. 21 by Grover M. Hermann, Chairman of American-Marietta and Waldo E. Tyler, President of Dewey. The combined operations will comprise one of the country's leading cement producers.

Terms of the plan call for an exchange of 8½ shares of American-Marietta common stock, resulting from the five-for-four stock split effected Aug. 1, 1959 for each ten shares of Dewey.

Dewey, a 53-year-old company with kilns and quarries at Davenport, Iowa and Dewey, Oklahoma, is a major producer of Portland Cement in its trade area. A third plant now under construction near Tulsa, Okla., will boost its annual capacity to 7,200,000 barrels.

Assets of Dewey include large reserves of limestone estimated to be adequate for about 65 years at Dewey, Okla., and for more than 100 years of operations at the other two plants, working capital as of June 30, 1959 of approximately $8,880,000, and claims for refund of Federal income taxes and adjustment of income tax accruals totaling about $5,500,000 plus accrued interest. Dewey's operations will continue as an independent Division under the active direction of its president, Waldo E. Tyler, with F. E. Tyler continuing as Chairman of the Division and Dewey's present operating and sales organization remaining intact. Waldo E. Tyler is slated to become a member of the board of directors of American-Marietta.—V. 190, p. 767.

American Motors Corp.—Appliance Sales Up 31%—

July sales of Kelvinator major appliances were up almost 31% over July of last year, marking the eighth consecutive month in which sales have increased significantly over the year ago period.

Announcement of the July dealer billings (wholesale sales) was made by Homer L. Travis, Vice-President in charge of sales for the corporation's appliance division.

Leading the July sales pace again were refrigerators and home laundry appliances, the two most important products in the appliance industry. Refrigerators were up 36% over July of 1958. Home laundry appliances, including automatic washers, clothes dryers and wringer washers, were up more than 33%. Free-standing ranges were up 24% over July of last year.—V. 190, p. 457.

American Mutual Fund, Inc.—Registers With SEC—

This Los Angeles, Calif., investment company filed an amendment to its registration statement on Aug. 24, 1959, covering 500,000 additional shares of capital stock.—V. 189, p. 477.

Anita Cobre, USA, Inc.—Common Stock Offered—Selected Securities, Inc., of Phoenix and Tucson, Ariz., on July 29 publicly offered 85,000 shares of common stock at par ($3.75 per share) as a speculation. Sales will not be made for less than 100 shares.

PROCEEDS—The net proceeds will be used to finance the exploration of a copper, gold and silver mine in Sonora, Mex.

BUSINESS—The company, with offices at 733 Security Bldg., Phoenix, Ariz., was incorporated under Arizona Law on Jan. 16, 1957. The company owns a controlling interest in Anita Cobre, S. A., a Mexican corporation, owning 51% of the issued and outstanding stock in that corporation. Anita Cobre, S. A. owns a copper, gold and silver property in Sonora, Mex.

Anita Cobre, S. A. owns six mining claims of approximately 550 acres. Mining property is held and owned outright by title direct from the Federal Mexican government.

The mining properties are in the foothills of the Sierra Madre Mts.

Appalachian National Life Insurance Co. — Common Stock Offered—Abbott, Proctor & Paine, of Knoxville, Tenn.; Cumberland Securities Corp.; Davidson & Co., Inc., and Investment Corp. of Fidelity on Aug. 26 publicly offered 806,667 shares of common stock ($1 par) at $3 per share. This stock will not be sold to New York residents. Also an additional 160,000 shares are reserved for option to employees and directors.

PROCEEDS— The net proceeds will be used to increase capital and surplus.

BUSINESS—The company was incorporated on May 14, 1959, to engage in the insurance business. The office of the company is at 1401 Bank of Knoxville Building, Knoxville, Tenn.—V. 190, p. 151.

Armco Steel Corp.—New Joint Venture—

A new Chilean corporation, Armco Chile S. A., of Santiago, has been formed by the Armco International Corp., of Middletown, Ohio, U. S. A. and Compania Electro Metalurgica S. A., of Santiago, Chile. This joint venture will produce grinding media to be used chiefly by the Chilean copper mines.

The new company has been capitalized at $2,400,000.

Armco Chile's new plant will be located on a ten acre site at Huachipato immediately adjacent to the well known integrated steel plant, Compania de Acero del Pacifico S. A., which will supply steel required in the manufacture of products made by the new enterprise. —V. 190, p. 354.

Atlanta Gas Light Co.—Partial Redemption—

The company has called for redemption on Oct. 1, next, through operation of the sinking fund, $174,000 of its first mortgage bonds, 5⅛% series due 1982 at 102.40%. Payment will be made at The Citizens and Southern National Bank, Atlanta, Ga.—V. 188, p. 1386.

Atlanta & Saint Andrews Bay Ry.—Earnings—

Period Ended July 31—	1959—Month	1958	1959—7 Mos.	1958

—V. 190, p. 666.

Auto Lube, Inc., Las Vegas, Nev.—Files With SEC—

The corporation on Aug. 13 filed a letter of notification with the SEC covering 250,000 shares of common stock to be offered at par ($1 per share), without underwriting.

The proceeds are to be used for administrative expenses during construction of a plant, plant construction, operating supplies and contingencies.

Avien, Inc.—Proposed Acquisition—

Discussions have been concluded looking to the acquisition of the Luther Manufacturing Co. by Avien, Inc. through an exchange of

ESTIMATED CORPORATE FINANCING IN NEXT FOUR WEEKS

Forthcoming public corporate offerings for the Aug. 31-Sept. 21 period are entering the market on a declining trend for about $318 million compared to last week's projection of about $100 million more for the Aug. 24-Sept. 18 period. Future stock issues now scheduled will show their greatest weekly total during Sept. 7-11 and lowest weekly amount in the last of the four projected weeks. This information, of course, is but one of many reasons which can cause subsequent changes in new issue offering dates. Whether Congress will continue to allow an OPA type of ceiling on Government bonds or what happens to the funds received by sellers of securities are but a drop in the bucket of the many factors working on issue dates and dollar volume.

The data regarding future corporate issues are obtained by the *Chronicle* from private and official sources. The following breaks the data down for each week of the four weeks ahead.

Forthcoming Corporate Financing

	Bonds	Stocks	Total
Aug. 31-Sept. 4	$57,420,000	$30,644,000	$88,064,000
Sept. 7-Sept. 11	5,500,000	64,176,250	69,676,250
Sept. 14-Sept. 18	55,250,000	42,998,902	98,248,902
Sept. 21-Sept. 25	52,200,000	10,000,000	62,200,000
Total	$170,370,000	$147,819,152	$318,189,152

July's Corporate Flotations

In turning from what might occur to what did occur we find that corporate private offerings and private placements in July tapped the market for about $786,270,590. This revised figure (See Tables I and II, below, for the breakdown of the data) is slightly higher than the preliminary one furnished Aug. 6 and is about $140 million less than that achieved in June—the high mark for the past quarter. [Ed. note—The date differs from those compiled by the SEC only in that they **do not** exclude investment companies and sale of foreign corporate issues, and the data are revised as offering dates are changed—as would be the case, for example, in the recent change of mind by American and Foreign Power Co.]

TABLE I

Some of the larger issues coming up in next four weeks are: $50 million Associates Investment Co. debentures on Sept. 2; 1,057,725 shares of Union Electric Co. common on Sept. 10; $24,115,000 Southern New England Telephone common on Sept. 14; $25 million Hooker Chemical debentures on Sept. 16; and $45 million New England Telephone & Telegraph debentures on Sept. 21.

Details may be found in the Monday and Thursday issues of the *Chronicle* regarding the corporate financing reviewed as well as non-corporate financing.

Aug. 27, 1959.

gitized for FRASER
tp://fraser.stlouisfed.org/

stock, it was announced on Aug. 17 by Leo A. Weiss, President of Avien, and Verne W. Patten, President of Lutner.

Avien, located in Woodside, Long Island, N. Y., is a designer and manufacturer of instrumentation systems in the fields of fluids, temperature and checkout equipment for missiles and aircraft. Luther Manufacturing Co., which is located in North Hollywood, Calif., is a specialist in the design and manufacture of electronic components including gyro and servo motors, synchros, resolvers and sub-miniature relays used in missile and aircraft systems instrumentation.

In its fiscal year ended Feb. 28, 1959, Lutner reported sales of over $500,000 and a net worth of approximately $100,000 with no long term debt outstanding. On July 31, 1959, the company had a backlog of more than $300,000, an increase of 90% as compared with July 31, 1958.

Mr. Weiss announced that present plans call for the exchange of Avien class A capital stock for all the present outstanding shares of capital stock of the Luther Manufacturing Co., subject to approval by the boards of directors and by stockholders of both companies.

Mr. Weiss reported that plans call for Luther to operate as an independent, wholly owned subsidiary of Avien.

Avien, which listed its class A stock on the American Stock Exchange in July, has announced that sales for the fiscal year ended June 30, 1959 will be approximately $7,500,000 with earnings per share of between 55 cents and 60 cents.—V. 190, p. 354.

Babcock & Wilcox Co.—Sign Nuclear Reactor Contract

C.A.M.E.N., Centra Autonomo Militare Energia Nucleare, an Italian Government-owned research and training agency, on Aug. 21 awarded a contract to The Babcock & Wilcox Co., to supply the core and nuclear hardware for Italy's third research reactor.

The reactor will be used for the training of Naval Academy and University of Pisa engineering students. Located midway between the Academy in Livorno and Pisa, the reactor will be of the pool type, and designed to operate at 5000 kilowatt capacity. The reactor will go into operation early in 1961, it was announced.

Architect-engineers for the reactor will be Vitro Italiana, the Italian subsidiary of Vitro International, New York.—V. 190, p. 767.

Baruch-Kenilind Oil Corp.—Buys Building—

A letter to stockholders dated July 31 said in part:

"Baruch-Kenilind through a wholly-owned subsidiary—The Columbine Building Corp.—has purchased a $2,600,000 building in Denver, Colo., known as the Columbine Building.

"The building is fully rented to such prime tenants as Shell Oil Corp., Carter Oil Co., General American Insurance Co., American Metals Climax, Inc., Pacific Mutual Life Insurance Co., Kansas City Title Co., and others. Financing was arranged through Equitable Life Assurance Society of the United States. The Central Bank & Trust Co. of Denver has been appointed to operate and manage the building. Gross rentals amount to $335,000 per annum and the estimated cash flow should result in the recovery of our investment in approximately four years or a return of about 25% per year. Baruch-Kenilind intends to open a western operations office in the building in the near future.

"Net production from our oil interests for the period Jan. 1, 1959 through June 30, 1959 totaled 87,882 net barrels as against a total of 95,495 barrels for the same period of 1958. The reduction resulted from the temporary shut down of several wells being re-worked. Total operating revenues for the same period were $240,124 as against $258,820 in 1958. For the past three months, production has been increasing each month.

"Baruch-Kenilind has undertaken a 10% participation with Chandler and Simpson of Denver, Colorado, a highly successful independent driller and operator. It is expected that 17 wells will be drilled during the balance of 1959. Operations will be conducted in the Nebraska and Colorado sections of the Julesburg Basin. Chandler and Simpson's operations have been particularly successful and in 1958 they completed 20 producing wells out of a total of 50 wells drilled—a success ratio which is well above the average for the area."—V. 186, p. 622.

Basic Inc.—Announces New Sales Organization—

Emphasizing the importance this corporation attaches to its expanding business in new markets, H. P. Eells, Jr., President, has announced a new department given over entirely to the company's activities in this field.—V. 189, p. 703.

Beech Aircraft Corp.—Executive Plane Now Available With Aerojet Standby Rocket Power—

Optional standby rocket power for the Beechcraft Twin-Bonanza executive plane has been approved by the Federal Aviation Agency, it was announced on Aug. 19.

Two lightweight Model 15NS-250 Aerojet-General solid fuel rocket engines, one mounted on each wing within the nacelle fairing, add a total of 200 hp to the Twin-Bonanza's main powerplants. They are available as factory-installed equipment or in kit form through authorized Beechcraft distributors and dealers.—V. 189, p. 2347.

Beckman Instruments, Inc.—Enters New Field—

Dr. William Shockley, Nobel prize winner and President of Shockley Transistor Corp., of Palo Alto (Calif.), a subsidiary, on Aug. 13 announced the company's entry into an additional field of semiconductors with the introduction of a new compensated avalanche diode to regulate voltages with extreme precision.

Dr. Shockley, inventor of the junction transistor, also pioneered the development of the four-layer switching diode two years ago.

The new compensated avalanche diode, Dr. Shockley stated, is a tiny, transistor-like device which employs a three-layer disk of silicon half as thick as a sheet of paper to utilize principles of molecular engineering in combining the functions of several components in a single unit. The diode's superior performance, he said, will benefit a variety of electronic equipment including missile control systems, scientific instruments, aircraft instruments and control systems, industrial controls, communications equipment and electronic computers.—V. 190, p. 355.

Bell & Howell Co., Chicago, Ill.—Files With SEC—

The company on Aug. 12 filed a letter of notification with the SEC covering 4,800 shares of common stock (par $5) to be issued as an award to directly franchised or authorized retail or wholesalers and their salespersons.—V. 189, p. 2031.

Berkshire Hathaway, Inc.—Offers to Buy Its Stock—

The corporation has made an offering to its shareholders to buy up to 150,000 common shares at $11.50 a share. It will receive the shares at the Old Colony Trust Co., Boston, until Sept. 11.

Shareholders of record Aug. 14 may deposit their shares, Seabury Stanton, President, said in a letter, without forfeiting the 12½-cent-a-share dividend payable Sept. 1.

Since Sept. 27, 1958, Berkshire Hathaway, Inc., has purchased 78,031 of its common shares in the open market at an aggregate cost of $820,514, equal to $10.52 a share, Mr. Stanton said.

On June 27, the company held 239,450 of the 2,294,564 shares issued.—V. 188, p. 1266.

Bessemer & Lake Erie RR.—Earnings—

*Deficit.—V. 190, p. 562.

Big Apple Supermarkets, Inc. — Common Stock Offered—Simmons & Co. on Aug. 26 offered 425,000 shares of common stock (par 10 cents) at a price of $2 per share.

The offering marks the first public sales of the supermarket chain's stock.

PROCEEDS—Net proceeds from the sale of the common shares will be used by the company for working capital and for a program of expansion to finance the opening of additional food supermarkets.

BUSINESS—This company, with its principal offices in Brooklyn, N. Y., operates three supermarkets in Brooklyn, and one in Bayside, Queens, and presently plans to open two additional markets, one in New Hyde Park, N. Y., in September, 1959, and another in Hewlett, N. Y., probably in January, 1960. Sites of these new supermarkets are located in Nassau County.

EARNINGS—For the 52 weeks ended Feb. 28, 1959, the company and its wholly-owned subsidiaries had consolidated sales of $5,577,643 and net income of $108,304.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
Sundry notes payable after one year		*$48,070
Common stock (par 10 cents)	1,500,000 shs.	1,062,500 shs.

*These notes are secured by chattel mortgages and conditional sales contracts, payable in monthly installments, covering some of the company's fixtures and equipment. They are self liquidating, maturing on various dates, and are now being reduced at the rate of $5,140 a month.—V. 190, p. 47.

(E. W.) Bliss Co.—Proposed Acquisition—

The company has made an offer to acquire all the assets and to assume all the liabilities of The Gamewell Co. The proposal has been approved by the boards of directors of both Bliss and Gamewell, and Robert Potter, President of Bliss, and William J. Carroll, President of Gamewell, in making the announcement, said they believe the proposed offer to be "in the best interests of the stockholders of both companies." Bliss already owns 109,400, or 30.56% of the 357,912 shares of Gamewell common stock now outstanding.

Under the terms of the proposal Bliss would offer one share of E. W. Bliss Co. common stock, plus one-half share of $1.80 cumulative convertible voting preferred stock for each share of Gamewell common stock outstanding. The preferred stock could be converted into 1.2 shares of Bliss common stock and would be redeemable at $31.50 per share.

A special meeting of Gamewell stockholders will be called to vote upon the proposal.

Bliss will call a special meeting of stockholders to approve the proposed acquisition and to vote on the authorization of additional capital stock, part of which would be available for the Gamewell offer.—V. 190, p. 255.

Bradco 1960 Associates—Registers With SEC—

This corporation, located in the Bank of the Southwest Building, Houston, Texas, filed a registration statement with the SEC on Aug. 24, 1959, covering $2,500,000 of participating interests under a participation agreement in Associates' Oil and Gas Exploration Program. The interests are to be offered for sale in units of $10,000 each. The offering is to be made on a best efforts basis by company officers and by 2338 Sales, Inc., an affiliate of Bradco, and W. H. Hendrickson, Board Chairman. 2338 Sales, Inc., will receive a cash commission of 2½% of sales and 5/64 carried interest out of the ¼ carried interest received by Bradco with respect to such participating interests; and Hendrickson a 2% cash commission and 4/64 carried interest.

Commitments of participants will be used for the acquisition and exploration of undeveloped oil and gas properties. Leasehold costs are expected to approximate 10% of expenditures under the exploration program, equipment costs 15%, administrative expenses 10% (including 9.5% of the aggregate commitment of participants payable to Bradco), and all other costs, including geological and geophysical services, drilling, testing and other expenditures, 65%. As agent for the participants, Bradco will during 1960 assemble or acquire for exploration or drilling, either alone or in conjunction with others, oil or gas properties in the United States, including offshore or tideland areas. Activities are to be concentrated in the Gulf coast of Texas and Louisiana, with primary emphasis upon discovery of new fields rather than extending the limits of old ones. The program will be managed and directed by Bradco, which has delegated certain functions to Bradco Oil & Gas Co. Bradco Oil is owned largely by International Investment Co., a partnership composed of Patrick W. Brady and J. T. Trotter, officers of Associates.

British American Oil Co., Ltd.—New Discovery—

A gas well in Alberta's Dick Lake field with four times the open flow potential of any of the five wells previously drilled in that field has been announced by this company.

The new B.A.-CPR Atlas 7-15 well, 55 miles south of Edmonton in the south half of the Dick Lake field operated by B-A, encountered a gross D3 pay section of 451 feet. The 7,645-foot well achieved an estimated absolute open flow potential of approximately 1.2 billion cubic feet of gas per day following a series of productivity tests.

The B.A.-CPR Atlas 7-15 well was drilled as a joint venture by B-A, California Standard, Phillips Petroleum and Husky Oil.—V. 190, p. 152.

Broadway-Hale Stores, Inc.—Debentures Offered—Blyth & Co., Inc. leads a group of underwriting firms which offered publicly on Aug. 26, $10,000,000 5% subordinated debentures, due Aug. 1, 1979, at 100% and accrued interest. The offering was oversubscribed and the books closed.

The debentures are convertible into common stock at $33⅓ per share through July 31, 1969. The issue is redeemable at an initial call price of 105% plus accrued interest through July 31, 1960, with decreasing premiums thereafter.

An obligatory sinking fund beginning Aug. 1, 1969 will redeem debentures at 100% and accrued interest.

PROCEEDS—The company has embarked on a three-year expansion program, involving construction of three new department stores and an addition to an existing store, which is expected to require an investment in land, buildings, fixtures, merchandise inventories and other working capital of approximately $20,000,000. The net proceeds from the sale of the debentures will be added to the general funds of the company and will be used in the expansion program. Additional financing of such program in an amount not to exceed $9,500,000 is available under present commitments for the sale and lease-back of such store properties after completion.

BUSINESS—The company was incorporated in Delaware in 1926 and maintains its principal executive offices at 401 South Broadway, Los Angeles, Calif.

The company is primarily engaged in the general department store business in California. The company operates nine department stores in the Los Angeles area and six department stores and five small appliance stores in Northern California. Three new department stores —one near Los Angeles and two near Sacramento—have been planned.

The company's 99.9%-owned subsidiary, Dohrmann Commercial Co., operates retail home furnishing stores and departments of department stores in a number of West Coast cities. Dohrmann's wholly-owned subsidiary, Dohrmann Hotel Supply Co., is a manufacturer and distributor of restaurant equipment and supplies in the 10 western states and Hawaii.

—V. 190, p. 459.

Brocklyn Union Gas Co.—Plans Stock Split—

The directors on Aug. 26 voted to recommend to stockholders that the stock of the company be split on a two for one basis.

After the split, which will require a favorable vote by the stockholders and approval of the New York Public Service Commission, the authorized stock of the company will be increased from 3,000,000 to 6,000,000 shares of $10 par value common stock.

The directors have authorized the call of a special meeting of stockholders Oct. 8, 1959, and directed the immediate filing of an application for approval of the split with the New York P. S. Commission.—V. 189, p. 2887.

Buckeye Tools Corp.—Advertising Agency Appointed

E. B. Meynard, Vice-President — marketing, has announced the appointment of Weber, Geiger & Kalat, Inc., of Dayton, Ohio, as the corporation's advertising agency.

Weber, Geiger & Kalat will handle the creation of all advertising effective immediately and will also serve as marketing and public relations counsel, according to Mr. Meynard and W. C. Koch, Buckeye's marketing manager.—V. 185, p. 2443.

California Eastern Aviation, Inc.—Unit Gets Contract

The corporation on Aug. 24 announced receipt by their subsidiary Land-Air, Inc., Chicago, Ill., of a contract of $3,000,000 for mathematical, data reduction and related engineering services at the Pacific Missile Range in California, according to Jorge Carnicero, Chairman of the Board.

The mid-year backlog of Land-Air is approximately $15,000,000 notwithstanding billings of $11 million in the first half of the year.—V. 190, p. 355.

Carrier Corp.—To Cool Britain's A-Sub—

Cooling equipment for air conditioning Great Britain's first atomic-powered submarine will be supplied by this corporation, it was announced on Aug. 18 by Charles V. Fenn, Vice-President.

H.M.S. Dreadnought, a sleek attack submarine modeled after the U. S. Navy's nuclear-powered submarine Skipjack, is being built in England by Vickers Armstrong.

The equipment to be furnished by Carrier is similar to that supplied the Skipjack class submersibles, whose nuclear propulsion plant the United States has authorized or transfer to the United Kingdom.

Carrier previously furnished refrigeration equipment for such submarines of the U. S. nuclear fleet as Nautilus, Seawolf, Skate and her three sister ships, Skipjack and six sister ships, and five Polaris-firing subs of the George Washington class.—V. 190, p. 667.

Carrtone Laboratories of Puerto Rico, Inc., Hato Bay, Puerto Rico—Files With SEC—

The corporation on Aug. 17 filed a letter of notification with the SEC covering 30,000 shares of common stock to be offered at par ($10 per share), without underwriting.

The proceeds are to be used to purchase a plant, construction and installation of electrical power distribution system and for working capital.

Caterpillar Tractor Co.—Registers With SEC—

This company, located at, 600 W. Washington St., East Peoria, Ill., has joined with five of its subsidiaries in the filing of a registration statement with the SEC on Aug. 21, 1959, seeking registration of 7,000 participations in the Employees' Investment Plan for eligible employees of the six companies, together with 150,000 shares of Caterpillar Tractor common stock which may be acquired pursuant thereto.—V. 190, p. 768.

Central Charge Service, Inc., Washington, D. C.—Debentures Offered—Auchincloss, Parker & Redpath on Aug. 25 offered publicly $500,000 of 5½% convertible capital debentures due Aug. 31, 1969, at 100% of principal amount.

PROCEEDS—The net proceeds are to be used to increase working capital, purchase accounts receivable and to reduce short-term indebtedness.

BUSINESS—The company was incorporated on Aug. 26, 1952 under the laws of the State of Delaware under its original name of Merchants Credit, Inc. On Dec. 12, 1958, its name was duly changed to Central Charge Service, Inc.

Operating in the greater Washington, D. C. area and surrounding territory, (1) it provides a retail charge account service for customers of Member Merchants, and (2) it assists retail merchants by purchasing from them, at a discount, customers' sales tickets (which it then collects for its reimbursement) for which the company has previously approved credit — thus providing the merchants with credit facilities.

The company is qualified to do business in the District of Columbia, Maryland, and Virginia, as well as in Delaware.

maturity of 90 days. The amount of these notes outstanding upon completion of the financing may be different from that stated above depending upon seasonal conditions and the needs of the company.

¶These debentures, offered hereby, are junior to the 6% subordinated participating debentures due Aug. 31, 1968, and senior to the 5% subordinated debentures due Feb. 28, 1977.

¶The preferred stock is callable at any time at $10 per share plus declared and unpaid dividends. The preferred stock is a new class of stock created from the former class A common stock by action of the stockholders on June 3, 1959. The former class A common stock was a $6 non-cumulative participating no par stock. As a result of this action 10 shares of preferred stock were issued for each share of class A common then held, the dividend of $6 per share was changed to 70c per share, and the participating feature of an additional $1 per share was eliminated. Dividends at the rate of $6 per share per year had been paid on the class A common stock since Aug., 1957.

$50,000 shares are reserved for conversion of the debentures now offered. 1900 shares of the authorized but unissued common stock are reserved for issuance to key employees.—V. 190, p. 355.

Ceco Steel Products Corp.—New Director—

Howard E. Buhse, partner in Hornblower & Weeks, 71-year-old investment banking and stock brokerage house, has been elected to the board of directors. He is the first outside director to be elected to the company's board.

Mr. Buhse is also a director of American Steel Foundries, National Aviation Corp. and Nationwide Food Service, Inc.—V. 190, p. 48.

Central Oils Inc., Seattle, Wash. — Stock Registration Suspended by Securities and Exchange Commission—

In a decision announced on Aug. 21, the Securities and Exchange Commission suspended a registration statement filed by this corporation, which proposed the public offering of 3,000,000 shares of common stock.

The Commission found that Central's registration statement and prospectus contains misleading statements of material facts and omits material facts required to be stated therein concerning (among other things) the intended use of the proceeds of the proposed offering and the description of Central's properties (including a geological report with respect thereto), and does not make plainly evident the speculative features of the business and securities of Central. In a stipulation filed in the proceeding, Central stipulated that such deficiencies existed and consented to the issuance of a stop order.

Central was organized in September 1956 to explore for oil and gas. It has outstanding 1,001,380 shares of stock. The promoters, A. R. Morris and H. C. Evans, were minority stockholders in Northwestern Oils, Inc., which formerly held oil and gas leases on the land now under lease to Central in Oregon, and on which Northwestern had drilled a well to a depth of 3,360 feet. Morris and Evans obtained the oil and gas leases after that company's operations ceased and its leases terminated, and assigned them to Central in return for a net of 800,000 shares. Central has conducted no drilling operations to date.

Based upon the stipulated facts, the Commission found that the registration statement was "materially deficient" in that the prospectus fails adequately to disclose that the greater part of the area on which the leases are located is covered with or underlain with some form of igneous rock formations and that Northwestern encountered such formations from 1,000 to 2,400 feet; fails to disclose that the presence of such formations is such an unfavorable factor as largely to preclude surface determination of geologic structural features underlying the igneous formations; fails to disclose the risks involved in drilling for oil and gas in the area; omits to set forth known geological data indicating the relative unlikelihood of oil and gas being found in commercial quantities; and fails to point out that the location of the proposed test well is in an area hundreds of miles from commercial production and was chosen without benefit of any appreciable amount of favorable scientific information. The prospectus also fails to disclose certain additional pertinent facts with respect to five test wells which have been drilled in the general area, determined to be dry holes and abandoned.

The geologist's report included in the prospectus strongly recommended exploratory drilling on the properties and indicated that such recommendation is based on observation of geological conditions of the surface and a study of samples taken from the well drilled by Northwestern, which were said to be very encouraging. This report was found by the Commission to be materially misleading for various reasons, including the failure to state that what might be considered favorable structural conditions determined from surface surveying are not indicative of favorable structural conditions in the sedimentary rock that might be found under the basalt cap. The drilled samples also "afforded very little basis for encouragement," the Commission stated.

As to the use of proceeds, the prospectus states that Central's primary objective is to drill a test well, which may consist of a new well or a deepening of the well drilled by Northwestern; and it notes that the management reserved the right to change the application of proceeds and priority thereof "as circumstances may prescribe or require." However, the Commission commented, the prospectus does not set forth the time when or the circumstances under which the management might make such change nor does it provide any indication concerning the nature of any such change; and it further fails to state the order of priority in which the proceeds would be used if only part of the proposed stock offering were sold.

Other deficiencies found by the Commission included the following: failure to disclose that the promoters hold oil and gas leases in areas contiguous to Central's leases and will benefit from successful exploration of Central's properties; failure to disclose the terms of an agreement for escrow of shares owed by officers and directors; and a failure to disclose material information concerning the principal occupations during the last five years of officers, directors and promoters, or to disclose adequately their remuneration, including compensation proposed to be paid during the next year.—V. 188, p. 1515.

Central Public Utility Corp.—SEC Approves Amendment to 1952 Reorganization Plan—

The SEC has issued an order approving an amendment to the 1952 plan for reorganization and recapitalization of this corporation, known as "Cenpuc." The plan provided, among other things, for cancellation of all of the outstanding securities of Cenpuc and the issuance of 1,000,100 shares of new $6 par value common stock to the holders of its 5½% income bonds, due Aug. 1, 1952. Court approval of the plan was obtained July 29, 1952.

At Aug. 17, 1959, $980,082 principal amount of the income bonds were outstanding. The holders thereof are entitled to receive not only Cenpuc stock but also dividend distributions thereon since 1952 and shares of Central Indiana Gas Co. common stock (plus dividends). Holders have until Aug. 31, 1960, to make the exchange; thereafter, all of their rights will be lost.

There is now pending a proposed consolidation of Cenpuc, Consolidated Electronics Industries Corp., and Philips Industries, Inc. into a new corporation to be named Consolidated Electronics Industries Corp. and into whose shares Cenpuc's capital stock will be converted on a share for share basis. Cenpuc has agreed that any of its stockholders who object to the consolidation will have the right to receive, without resort to any court, cash in the amount of $28 for each share of Cenpuc stock held by them.

Under the amendment to the 1952 plan, which is subject to court approval, any of the remaining holders of the old income bonds will be entitled to receive the same number of shares of the new consolidated company stock as the number of Cenpuc shares to which they are now entitled under the 1952 plan; or they may for a limited period elect to receive $28 per share in lieu of the new stock.—V. 190, p. 355.

Century Properties, Los Angeles, Calif. — To Offer Stock—

The directors have authorized the sale of 33,880 shares of capital stock. These shares will be offered to the stockholders on a basis of the right to purchase one share for each ten held as of Sept. 1, 1959, at a price of $4 per share. Subscription warrants will expire Oct. 1, 1959.

Transferable warrants representing the number of shares which each stockholder is entitled to purchase will be mailed to shareholders about Sept. 8, 1959 together with offering circular. The procedure for handling these warrants will be advised in a subsequent communication.

The company on Aug. 5 filed a letter of notification with the SEC covering 33,880 shares of common stock (par $1) to be offered for subscription by stockholders at $4 per share, without underwriting.

The proceeds are to be used to retire in part its current bank loans. —V. 189, p. 915.

Certain-Teed Products Corp. — Registers Stock Plan With Securities and Exchange Commission—

This corporation, located at 120 East Lancaster Ave., Ardmore, Pa., filed a registration statement with the SEC on Aug. 20, 1959, covering 75,000 shares of its common stock,, to be issued upon the exercise of options granted to officers and key employees of the company pursuant to its Incentive Plan for Officers and Key Employees.—V. 187, p. 1203.

Chicago, Burlington & Quincy RR.—To Sell Equipmts.

The company will accept bids for the purchase from it of $3,150,000 of equipment trust certificates. Such bids will be received by the company at its office, Room 205, 547 West Jackson Blvd., Chicago 6, Ill., up to noon (CDT) on Sept. 9, 1959.

The certificates, to be dated Sept. 1, 1959, will mature serially in 30 equal semi-annual installments from March 1, 1960 to Sept. 1, 1974, inclusive, and will be secured by equipment estimated to cost at least $3,937,500.—V. 190, p. 563.

Chrysler Corp.—Subsidiary to Build and Market 1960 Model Trucks in Argentina—

Chrysler International, S. A., a subsidiary, will immediately embark on a program of truck manufacturing, assembly and distribution in Argentina, it was announced on Aug. 25.

When the program is in full operation, it will represent an investment of more than $15,000,000.

Chrysler International will build and market two lines of trucks, starting with the new 1960 models. The program will be undertaken in conjunction with the Chrysler distributor in Argentina, Fevre y Basset.—V. 190, p. 762.

Cleveland, Cincinnati & St. Louis Ry.—Delisting—

The SEC has issued orders giving interested persons until Sept. 2, 1959 to request a hearing upon applications of the New York Stock Exchange to delist the preferred and common stock of this railroad and the common stock of Pittsburgh, Ft. Wayne & Chicago Ry. Co., most of the outstanding shares of which companies is held, respectively, by New York Central RR. Co. and Pennsylvania RR.—V. 190, p. 356.

Clinton Engines Corp.—Chairman Elected—

David B. Charnay on Aug. 17 was elected Chairman of the Board and Chief Executive Officer, succeeding Donald D. Thomas, President and General Manager, who will remain indefinitely in an advisory capacity.

Mr. Charnay is Chairman of the board of Highway Trailer Industries, Inc.

Harris J. Klein, Board Chairman of Ward La France Truck Corp., was elected a director and Chairman of the Executive Committee. —V. 188, p. 747.

Cohu Electronics, Inc.—Rights Offering to Common Stockholders—The company is offering to the holders of its common stock rights to subscribe at $5.25 per share for 353,535 shares of additional common stock at the rate of one share for each three shares held of record on Aug. 21, 1959. The subscription offering will expire at 3:30 p.m. (EDST) Sept. 9, 1959. The offering is being underwritten by a group of investment firms managed jointly by Hayden, Stone & Co. and Winslow, Cohu & Stetson, Incorporated.

PROCEEDS—The net proceeds will be used to reduce outstanding debt and to increase the company's working capital.

BUSINESS—The company designs, develops and manufactures electronic, industrial television and electro-acoustic equipment. Of the company's three operating divisions located in San Diego, Calif., Hingham, Mass. and Schenectady, N. Y., the Kin Tel devision on the west coast which manufactures electronic and television equipment accounted for 82.9% of the company's sales in 1958.

EARNINGS—Sales in 1958 were $5,628,698; for the five months ended May 31, 1959 sales were $3,665,500 and net income $409,130.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

—V. 190, p. 356, and V. 188, p. 2141.

Chicago District Pipeline Co.—To Build—

The Federal Power Commission has authorized this company to construct pipeline facilities, at an estimated cost of about $12,100,000, to enable it to receive and transport natural gas received from Midwestern Gas Transmission Co., of Houston, Texas.

Chicago District will build about 50.1 miles of 36-inch main pipeline paralleling its existing Joliet-Calumet lines to Chicago; approximately 2.3 miles of 30-inch lateral line; and additional control and measurement facilities. It will also lease about 6.4 miles of 36-inch pipeline to be built within the city limits of Chicago by its parent, Peoples Gas Light & Coke Co.

Midwestern will deliver up to 360,000,000 cubic feet of natural gas daily to Chicago District, at a point near Joliet, for the account of Chicago District's customers, up to the following peak day volumes (in cubic feet): Peoples, 100,000,000; Northern Indiana Public Service Co., 200,000,000; and Northern Illinois Gas Co., 60,000,000.

The facilities authorized will increase the maximum daily delivery capacity of the Calumet line by approximately 556,930,000 cubic feet. While this is in excess of the immediate requirements of the Calumet portion of Chicago District's system, the FPC stated, the construction of the 36-inch pipeline is reasonably required at this time to avoid the high cost of piecemeal construction in this highly industrialized and congested area, and will provide maximum long range benefits to the consumers in this area whose demand for additional supplies of natural gas is continually growing.—V. 189, p. 2455.

Collier Acres, Inc., Miami Beach, Fla. — Files With Securities and Exchange Commission—

The corporation on Aug. 17 filed a letter of notification with the SEC covering 300,000 shares of common stock to be offered at par ($1 per share), through Williams & Associates, Newark, N. J.

The proceeds are to be used to purchase properties, advertising and for working capital.

Columbia Gas System, Inc.—Partial Redemption—

The corporation has called for redemption on Oct. 1, next, through operation of the sinking fund, $760,000 of its 5% debentures, series I due 1982 at 100% plus accrued interest. Payment will be made at the Morgan Guaranty Trust Co. of New York, 140 Broadway, New York 15, N. Y.—V. 190, pp. 460 and 356.

Conde Nast Publications Inc.—Acquisition—

I. S. V. Patcevitch, Chairman of the Board and President, announced on Aug. 25 that Conde Nast had acquired all the outstanding stock of Street & Smith Publications, Inc., publishers of Mademoiselle, Living for Young Homemakers, Charm and several other magazines. He also stated that Street & Smith Publications, Inc., will be operated as a wholly-owned subsidiary of The Conde Nast Publications Inc., with Arthur Z. Gray continuing as President of Street & Smith.

Effective with the November issue, Charm will be combined with Glamour, one of the Conde Nast magazines. The operations and personnel of Mademoiselle, Living for Young Homemakers, and of the other Street & Smith publications will continue as before — V. 189, p. 2032.

Consolidated Gold Fields of South Africa, Ltd.—Conversion of 6% Unsecured Loan Stock—

Holders of loan stock are reminded that up to and including Dec. 31, 1961, they have the right of converting their holdings either as to the whole or as to any part thereof (not being less than £10 nominal) into fully paid £1 ordinary shares of the company. Holders of £10 stock or less may convert their entire holding. Any balance of stock representing a fractional entitlement to an ordinary share will be repaid in cash at par.

The rate of conversion during the remainder of the current calendar year is 39 £1 ordinary shares for each £100 of stock. During the two subsequent years the following rates will apply: 1960—37 £1 ordinary shares for each £100 stock; and 1961—35 £1 ordinary shares for each £100 of stock.—V. 184, p. 1120.

Construction Products Corp., Miami, Fla. — Registers With Securities and Exchange Commission—

This corporation, located at 6865 N. W. 36th Ave., Miami, filed a registration statement with the SEC on Aug. 25, 1959, covering 250,000 shares of its class A common stock and 10,000 shares of class B common stock. Of the class A common, 200,000 shares are now outstanding and are to be offered for public sale by the present holders thereof; and the remaining 50,000 shares are to be offered for sale for the account of the issuing company. The offering is to be made at $3 per share through an underwriting group headed by Clayton Securities Corp. of Boston, which will receive a commission of .345 cents per share. The company and the selling stockholders have agreed to pay Floyd D. Cerf Jr. Co. Inc., of Chicago a fee of 2% ($3,000 in the case of the company and $12,000 in the case of the stockholders) of the initial public offering price in consideration of advice and financial services. Morris B. Morris, one of the selling stockholders, also has agreed to sell to Clayton Securities and Cerf Jr. Co. 5,000 shares of class B common stock each at a price of 10 cents per share.

The company is engaged in the business of manufacturing and selling millwork products and building material specialties. It has outstanding 250,000 shares of class B common and 200,000 shares of class A common. Net proceeds to the company from its sale of the additional 50,000 class A shares, estimated at about $125,398, are to be used as follows: $90,000 to be applied toward the cost of equipping and stocking inventory for a new branch operation to be opened in the vicinity of Orlando, Fla.; and $35,398 for acquisition of new machinery in order to expand the pre-fabrication departments and to create additional production facilities.

The selling stockholders are Morris B. Morris, President, Herman W. Feldman, Vice-President, and Bernard Lash, Treasurer, who propose to sell all of their present holdings of 150,000, 40,000 and 10,000 shares, respectively, of the class A common stock. They will continue to own 187,500, 50,000 and 12,500 shares, respectively, of the class B common.

Controls Co. of America—New Plant—

This company has established a new production plant in Winamac, Ind., according to an announcement on Aug. 25 by Louis Putze, President.

Mr. Putze said that this facility is designed to help take care of expanding operations at North Manchester, Ind., where the company's timers for home laundry appliances are manufactured.—V. 190, p. 668.

Coral Ridge Properties, Inc.—Securities Offered—An underwriting group headed by Cruttenden, Podesta & Co. and J. R. Williston & Beane on Aug. 26 offered to the public 450,000 shares of 60 cent cumulative convertible preferred stock ($8 par) and 450,000 shares of class A common stock (par 10 cents). The offering was made only in units of one share of preferred and one share of class A common, at a price of $10 per unit.

Each share of preferred stock is convertible into 2 shares of Class A common.

PROCEEDS—The company will use the proceeds to prepay a mortgage against the company and add the balance to general funds.

BUSINESS—This company with principal offices in Fort Lauderdale, Fla., is engaged in real estate and land development and sales.

Roman & Johnson	15,000		

—V. 190, p. 256.

Corn Products Co.—Buys Old Manse Trademark—

William T. Brady, President, on Aug. 27 announced the purchase of the trademark of Old Manse syrup from the Chicago firm of Oelerich & Berry, Inc.

A blend of cane and maple syrups, Old Manse is distributed principally in the Chicago area where it has been the leading maple blend syrup for many years. Old Manse will be packed by Corn Products at its Argo, Ill., plant.

Corn Products is nationally known in the syrup field as producers of Karo brand corn syrups since 1909. In business since 1898, Oelerich & Berry had recently made plans to wind up its syrup operation.—V. 189, p. 1464.

Cornell-Dublilier Electric Corp.—Reduces Dividend—

The directors on Aug. 24 declared a dividend of five cents a share on the common stock in addition to the regular quarterly dividend of $1.31¼ per share on the $5.25 preferred stock. Quarterly payments of 20 cents a share previously had been made on the common stock.

Octave Blake, President, said that the action taken on the common stock was dictated by the fact that Cornell-Dubilier is undertaking an extensive program of expansion in the electronics field and must conserve liquid resources to meet the requirements of this program. The program includes the establishment of a multi-million dollar laboratory for research and development in the Boston area, the building of a million dollar manufacturing plant near Providence for the production of mica condensers, the modernization of existing plants and equipment, the addition of new lines, and a fourfold expansion and complete recasting of the company's sales organization.

The proposed laboratory in the Boston area will be devoted to basic and applied research in the electronics field, with particular emphasis upon capacitors, resistors, new types of components—especially solid state devices—and the development of industrial electronics equipment systems. Initially, it is planned that this facility will employ about 100 physicists and engineers. It is contemplated that, eventually, the company's Cambridge plant, which develops automation equipment for the production of Cornell-Dubilier's components, will be consolidated with this modern research and development facility. This increased emphasis upon research and development, Mr. Blake said, is aimed at the broadening of the company's base.

The company recently negotiated with the Tokyo Shibaura Electric Co., Ltd., of Tokyo, Japan, an agreement affording Cornell-Dubilier sales representation in the United States and Canada for the Japanese company's semi-conductor products such as transistors, diodes and thermistors. This first venture into the solid state field is expected to provide valuable experience for the company's future endeavors.

Included in the expansion program also are the transfer of manufacturing operations from Indianapolis to Fuquay Springs, N. C., and the consolidation of operations at Hope Valley, R. I., with those in Providence. The company's facilities in Cleveland, now devoted exclusively to the manufacture of automobile antennas, will be sold.

At the conclusion of the program, Cornell-Dubilier will operate plants in New Bedford, Mass.; Providence, R. I.; Plainfield, N. J., and Sanford and Fuquay Springs, N. C., together with sales and engineering facilities on the West Coast. Facilities and inventories declared obsolete by this program—at Indianapolis, Hope Valley, Worcester and Cleveland—will be liquidated at some loss.

Mr. Blake also announced that the company planned to liquidate indebtedness owed it by Tobe Deutschmann Corp. in which it has a 70% common stock interest. Cornell-Dubilier has made substantial advances to and investments in this subsidiary and its facilities. The profit potential considered evident for the subsidiary a year or more ago failed to develop, and its recent operating results finally have demonstrated that the company cannot be developed into a profitable investment within the limits of the objectives of the Cornell-Dubilier management, he said. It is estimated that these actions will result in substantial losses which are reflected in the company's nine months' operating statement.

Mr. Blake reported that Cornell-Dubilier's financial position is excellent and will be strengthened substantially by tax refunds and by proceeds derived from liquidation of surplus assets, together with liquidation of advances to and investments in certain subsidiaries. This financial strength, plus confidence in the outlook, he said, influenced directors to declare a dividend on the common stock at this time in spite of substantial losses.

The company's sales for the nine months ended June 30, 1959, were $18,781,305, compared with $20,259,776 for the like period a year earlier. Net income from operations, before anticipated year end inventory write-offs, was $95,247, equal to 12 cents a share on the 512,390 shares of common stock outstanding at the close of the period, against net income of $25,319 the year before. However, the board of directors has deemed it prudent to set up at this time certain reserves, totaling $2,500,000 to cover the contingencies cited. These reserves result in a loss of about $2,400,000, which loss is offset by a tax refund of about $1,200,000, this bringing to approximately $1,200,000 the net loss for the period.

The five cent dividend declared on the common stock on Aug. 24 will be payable on Sept. 25 to stockholders of record Sept. 10, 1959. The $1.31¼ dividend declared on the $5.25 preferred stock is payable on Oct. 15 to stockholders of record Sept. 18, 1959.

In July, 1959, Louis W. Cole, Thomas M. Cole, Frank H. Roby and Edward Bierma were elected directors of the company. These new directors are officers of Federal Pacific Electric Co., and represent a 25% common stock interest in the company, and Octave Blake and his family represent a 16% common stock interest.—V. 190, p. 356.

Curtis Industries, Inc.—Secondary Offering—A secondary offering of 100,000 shares of outstanding common stock (no par) was made on Aug. 24 by Prescott, Shepard & Co., Inc., Cleveland, Ohio, at $6 per share. This offering was oversubscribed and the books closed.

PROCEEDS—The net proceeds will go to selling stockholders, and no funds will accrue to the company.

BUSINESS—Curtis Industries, Inc. was incorporated in Ohio in May, 1946, and acquired all of the assets of the partnerships known as Curtis Key Co. and Curtis Industries. The company continued the business of its predecessors which had commenced operations in 1932. From the inception of the business in 1932 until 1940 the company's predecessors manufactured and sold replacement keyblanks and key cutting machinery as its sole activity. In 1940 the company's predecessors established a second major line of activity which is the national distribution of automotive replacement parts utilizing a direct sales force servicing the automotive supply houses and garages throughout the country.

The executive offices of the company and of the predecessor partnerships have been and are now located at 1130 East 222nd St., Euclid, Ohio.

CAPITALIZATION AS OF AUG. 24, 1959

	Authorized	Outstanding
Common shares	*‡1,500,000	*550,000

*On July 8, 1959, the authorized number of common shares of the company was increased from 250 no par value shares to 1,500,000 no par value shares and the company's common shares were split on a 2200-for-1 basis.

‡Includes 25,800 shares reserved for issuance upon the exercise of options which have been granted under The 1959 Key Employees' Restricted Stock Option Plan.

Note: On Aug. 10, 1959, all of the 651 outstanding shares of the company's 4% cumulative preferred stock were redemed. On Aug. 18, 1959, the company's Articles of Incorporation were amended so that no preferred stock is presently authorized.—V. 190, p. 356.

Diana Stores Corp.—Acquires Chain—

This corporation on Aug. 20 announced that it had acquired Ralph H. Miller, Inc., a chain of 70 specialty shops and self-service discount stores. The purchase was made for an undisclosed amount of cash. No exchange of shares was involved.

S. D. May, President of Diana, said the acquisition of the 70 stores gave Diana 238 units as of July 31. Diana, which specializes in apparel for women and girls, had a volume of $39,011,486 for the fiscal year that ended on July 31. Miller has sales of about $15,000,000 a year.

The Miller chain is concentrated in the Midwest, South Central and Southern States, with all but 16 of the 70 stores in cities that do not have a Diana store.

Mr. May commented that "the increased size of our expanded operation is expected to provide profitable economies in the operation of both existing and future new units of the enlarged chain." He said about 30 new units would be opened in the next year, most of them in suburban shopping centers.—V. 190, p. 256.

Diebold Inc.—Denies Anti-Trust Violation—

Raymond Koontz, President, on Aug. 25 said that the proposed purchase by Diebold of the Herring-Hall-Marvin Safe Co., in the opinion of their counsel, is entirely lawful and in the best interests of customers, stockholders and employees.

On Aug. 24 at the Federal Court in Cincinnati, Ohio, the Department of Justice filed a civil anti-trust suit seeking to stop the proposed merger and it obtained a 10-day restraining order to block the merger which was scheduled to take place Aug. 28 or 31.

"The restraining order was sought and obtained without notice to Diebold and without an opportunity for a hearing," said Mr. Koontz, "therefore, we will oppose the motion of the Anti-Trust Division in order that the acquisition may be consummated."

Mr. Koontz's formal statement reads as follows:

"Earlier this year, Warren Mosman, President of Herring-Hall-Marvin Safe Co., requested Diebold to consider the purchase of his company. He explained to us that he could not find another satisfactory purchaser for the company's business—that he owned 85% of the stock of the company—and that he was concerned about his future problem of estate taxes. He offered to sell the assets, business and properties of his company to our company for a sum of $3,000,000 plus an employment agreement for Mr. Mosman with Diebold for a period of nine years. On June 16, 1959, after careful consideration of the business aspects of Mr. Mosman's proposal and after our attorneys had advised us that in their opinion the acquisition would not violate the anti-trust laws, the companies entered into an option agreement. As a result of this option, on July 17, 1959, an agreement of purchase and sale was entered into which provided for the sale of assets, business and properties of Herring-Hall-Marvin to Diebold for the sum of $3,000,000 cash, plus the assumption by Diebold of substantially all of the liabilities of the Herring-Hall-Marvin Safe Co.

"Diebold is convinced that this contract of purchase, in the opinion of their counsel, is entirely lawful and in the best interests of customers, stockholders and employees of both companies. The Department of Justice sought and obtained a temporary restraining order without notice to Diebold or an opportunity for hearing. This order runs for 10 days. Therefore, we will oppose the motion of the Anti-Trust Division for a preliminary injunction in order that the acquisition may be consummated as provided in the contract."—V. 187, p. 1893.

Dixon Chemical & Research, Inc.—Registers With SEC

This corporation, located at 1260 Broad Street, Bloomfield, N. J., filed a registration statement with the SEC covering 10,000 shares of 6% cumulative convertible preferred stock, $100 par, to be offered for public sale through Hardy & Co. and P. W. Brooks & Co., Inc. The public offering price nad underwriting terms are to be supplied by amendment.

The company is engaged chiefly in the sale of sulfuric acid manufactured at its plant in Newark, N. J.

Net proceeds of the preferred stock sale will become part of the company's general funds and as such may be used for any proper corporate purpose. It is contemplated that such proceeds, together with the proceeds of a $750,000 term bank loan, will be applied to: (1) construction of an aluminum sulfate ("alum") plant to cost about $1,350,000; (2) reimbursement of expenses incurred in modifying the mortgage indenture pursuant to which its 6% bonds due 1975 were issued ($37,500) and in connection with a prior financing program for the alum plant ($10,000); and (3) provide additional working capital. The alum plant is being constructed adjacent to the Newark sulfuric acid plant.—V. 188, p. 851.

Dr. Pepper Co.—Continues Expansion—

Distribution of Dr. Pepper in Minneapolis, Minn., got off to a big start the latter part of July when the Nesbitt Bottling Co. of Minnesota acquired a Dr. Pepper franchise for that heavily populated area which will be serviced with both the 6½-ounce regular and the 12-ounce kingsize Dr. Pepper.

The bottling firm will be known as the Dr. Pepper Bottling Co. of Minneapolis.

Distribution territory of the new Dr. Pepper Bottling Co. of Minneapolis includes all or part of 21 counties in the Minneapolis-Duluth area.—V. 190, p. 356.

Drake Associates—Registers With SEC—

This real estate partnership, located at 60 East 42nd St., New York, filed a registration statement with the SEC on Aug. 20, 1959, covering $5,905,000 limited partnership interests (590½ units) in Drake Associates. The latter is a partnership organized in August 1959 for the purpose of purchasing for investment the fee title to the Hotel Drake at 56th and Park Avenue, New York, including land, building, furniture, furnishings and equipment. The general partners are Peter I. Feinberg, Samuel Sockol, Louis Adler, Marvin Greenspan and Alfred Kaplan. Partnership interests are to be offered in units of $10,000.

Associates will not operate the hotel. The premises will be net leased to Zeckendorf Hotels Corp. which will erect in accordance with its lease obligations an addition to the hotel, which plans provide for a 16 story structure containing 176 guest rooms, plus six meeting rooms and offices, stores and hotel facilities on the first two floors.

The property is to be acquired from Webb & Knapp, Inc., for $9,000,000, payable $4,500,000 in cash and $4,500,000 by taking title subject to an existing Consolidated Mortgage in that amount. In addition the purchaser is required to make a loan of $1,000,000 to Zeckendorf Hotels Corp., which loan is to be satisfied by the construction of the addition. Messrs. Feinberg, Sockol, Adler and Greenspan have entered into a contract for the purchase of the property, and have agreed to assign the contract to Associates for $950,000 in subordinated partnership interests. These partners will also receive $500,000 and it is estimated that the costs and expenses to be borne by them will aggregate at least $500,000. The limited partnership interests will be offered through Domax Securities Corp. and Peter I. Feinberg Securities Corp. as agents of Associates. The general partners will contribute $85,000 in cash to the capital of the partnership; and an original limited partner has agreed to make a capital contribution of $10,000 prior to the public offering. Messrs. Feinberg, Sockol, Adler and Greenspan have deposited $350,000 under the purchase contract and are required to deposit an additional $50,000 on Sept. 15th and each month thereafter until the closing. The $6,000,000 to be received from the general partners' cash contributions and from the sale of limited partnership interests will be applied to the acquisition of title to the Hotel Drake, including the reimbursement of deposits and the various payments incident to the purchase. The capital of the partnership will consist of $85,000 in general partnership interests, $5,915,000 in limited partnership interests and $950,000 in subordinated general and limited partnership interests.

Dresser Industries, Inc.—To Move Turbodrill Plant—

The corporation's Turbodrill Division is to be moved from its present location on the grounds of The Guiberson Corp., one of the Dresser Industries, according to a statement released on Aug. 20 by J. B. O'Connor, Dresser President.

Mr. O'Connor said, "For nearly three years the Turbodrill Division has been engaged in intensive work aimed at improving the turbine mechanism of the turbodrill. Most of this work has been done at the plant of The Guiberson Corporation, which has large facilities for rubber molding. As is generally know, some of the essential parts of the turbodrill are of rubber construction.

"Now, however, we feel that the turbine has been improved and perfected to the point that it leaves little to be desired. Our principal difficulty now lies in developing a bit which can withstand the great speeds attained by the turbodrill. We are in the midst of an intense research and development program designed to bring drilling bits up to the standard required by the turbodrill.

"To this end, we are moving personnel and facilities of the Turbodrill Division to the Dallas plant of the Security Engineering Division. There, the turbodrill engineers will have the advantage of large metallurgical laboratories, heat treating facilities, and extensive testing devices that should aid considerably in the creation of a satisfactory turbo-bit."

During the time that the Turbodrill Division was located in South Dallas, many improvements were made in the turbine mechanism of the drill. A new rubber compound and bonding technique was developed, assuring more than 100 hours of service life on all turbodrill bearings. In addition, a number of other improvements were made in the rotors and stators which comprise the essential part of the turbine mechanism.

To date, Dresser's turbodrill has been successfully used by 11 major and principal oil companies and by 17 drilling contractors.—V. 190, p. 357.

Duluth, Missabe & Iron Range Ry.—Earnings—

Period Ended July 31—	1959—Month	1958	1959—7 Mos.	1958

Dynacolor Corp.—Acquires Kodachrome Facilities—

This corporation and Pathecolor, Inc. announced on Aug. 17 negotiations had been completed with respect to the sale to Dynacolor of the Kodachrome processing facilities and allied equipment formerly operated by Pathecolor in Bayonne, N. J.

Dynacolor plans to continue to operate the facility strictly as a Kodachrome processing plant and will sell its Kodachrome processing services only through qualified photofinishers in accordance with the company's established policy. Eventually all of Dynacolor's accounts in Metropolitan New York, New England and certain other areas which can best be served by air from New York will be shifted to the Bayonne plant.

The acquisition of the new plant represents a continuation of Dynacolor's planned program to provide local Kodachrome processing service in every section of the United States.—V. 190, p. 49.

East Tennessee Natural Gas Co.—Exchange Offer—

See Tennessee Gas Transmission Co. below.—V. 190, p. 770.

Echlin Manufacturing Co. of Connecticut, Inc.—Secondary offering of 3,000 shares of common stock (par $1) was made on Aug. 14 by Courts & Co. at $22.25 per share, with a dealer's concession of 75 cents per share. This offering was oversubscribed.—V. 189, p. 2241.

Eckert Packing Co., Defiance, O. — Debentures Offered—The Ohio Company, investment banking firm of Columbus, Ohio, on Aug. 23 announced the underwriting of a $550,000 issue of 10-year 6% sinking fund debentures for The Eckert Packing Company, Defiance, Ohio. The debentures, which are priced at $1,000 par value, plus accrued interest, are available in denominations of $500 and $1,000, and are being offered to Ohio residents only.

The securities will provide funds for consolidation of the company's long-term debt contracted in acquiring another packing firm.

Sales and earnings since the Eckert company's founding 15 years ago have shown a steady increase. Looking back only to 1953, sales have multiplied almost fourfold, to more than $26 million today. Net income for the year ended June 30, 1959, was more than 12 times the maximum annual interest requirement, and net current assets amount to $1,900 for every $1,000 debenture, according to Ewing T. Boles, President of The Ohio Co.

Ekco Products Co.—Purchases Berkeley Industries—

This company on Aug. 20 announced purchase of Berkeley Industries of Jersey City, N. J., manufacturer of closet accessories.

Robert Beggs, Ekco President, in making the announcement, said the company will be operated as a division of Ekco and all operating personnal will be retained.

Berkeley is a leading manufacturer of numerous closet accessory items, notions and display fixtures and has national distribution through wholesale distributors, department stores and chains.—V. 190, p. 257.

Electro-Sonic Laboratories, Inc., Long Island City, N. Y.—Files With Securities and Exchange Commission

The corporation on Aug. 14 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 10 cents) to be offered at $3 per share, through L. D. Sherman & Co., New York, N. Y.

The proceeds are to be used to retire outstanding bank loan; to increase inventories; for sales and promotional activities; to improve production facilities and to acquire new and improved tools and machinery; for development and research and for working capital.

ElectroVision Corp.—Acquisition—

Acquisition of 20 Robert L. Lippert Theatres by this corporation for an undisclosed amount of cash and notes was announced by Edwin F. Zabel, President, on Aug. 11.

Located in southern Oregon and throughout California, the theatres and land just obtained have increased ElectroVision's holdings to 34 motion picture houses and drive-ins, including five drive-ins in Fresno, Calif., acquired earlier. This was the second phase in the company's

gitized for FRASER
tp://fraser.stlouisfed.org/

purchase of 28 Lippert theatres. The final step is expected to be completed shortly after the first of the year, Mr. Zabel stated.

The theatres include: Buena Park; La Habra; Corbin (Tarzana); Crest (Westwood); and Motor Vu drive-in (El Centro) in southern California. Broadway and Drive-In (Yreka); Lake and Corcoran (Corcoran); Royal and Sanger (Sanger); and Alta, State and Midway drive-in (Dinuba) in central and nothern California. Varsity (Ashland); and Craterian, Esquire, Holly, Starlite drive-in and Valley drive-in (Medford) in southern Oregon.

Of the 34 theatres—now part of the company's EVC Theatre Division—10 are drive-ins, and of the total, 21 are held-in-free properties.

Robert L. Lippert, Chairman of ElectroVision's board of directors, informed shareholders the land upon which the drive-ins are located are valuable holdings totaling more than 100 acres. "We are presently investigating the possibilities of rezoning parts of some of the drive-ins to build shopping centers. The land, originally on the outskirts of the communities, is now in the heart of expensive residential and commercial areas, many of which do not have shopping centers." —V. 190, p. 357.

Equitable Leasing Corp.—Now Processing Leases—

This corporation, which formally opened its headquarters in the Equitable Office Building at 120 Broadway in New York City recently, currently is processing leases covering a wide range of equipment to be used here and abroad, Joseph Boneparth, President, announced on Aug. 26.

The leases, totaling several millions of dollars, all will be handled by the corporation under its exclusive new "Equilease" plan, which differs importantly and uniquely from all other present leasing arrangements because it is based on the lessee's own bank rate. Trade-in allowances, lease renewals or purchase options covering the leased equipment also are part of the new "Equilase" plan. Each "Equilease" is custom tailored to the needs of the individual lessee, Mr. Boneparth stated.

Throughout the free world, "Equilease" will cover all types of equipment, plant and machines, Mr. Boneparth said in detailing the scope of the corporation's operations. In fact, he pointed out, the leases which the company now is processing include such equipment as tugs and barges, jet aircraft, helicopters, bowling alleys, closed circuit TV systems, background music systems, a complete bottling plant, three supermarkets, a department store, automobiles and trucks.

The names of the individual lessees were not made public.

Equitable Leasing Corp. is a privately-owned company, chartered in Delaware. In addition to Mr. Boneparth, its President, the other officers and directors of the company are: Ezra K. Zilkha, Chairman; Jean Vautravers, Vice-President; Leo Gamow, Secretary and Treasurer; Sidney Wertheimer of the law firm of Weisman, Celler, Allan, Spett & Sheinberg, who serves as Equitable's General Counsel; Brigadier General Charles J. Hodge, partner in the banking firm of Glore, Forgan & Co. and Samuel D. Lunt, senior partner of the brokerage house of S. D. Lunt & Co.

"Equilease" is a new plan individually cut to the lessee's requirements. In adition to the new and exclusive feature which permits the lessee to use his own bank rate for the terms of the "Equilease," he also arranges with his supplier for the purchase of equipment according to his specifications. Equitable Leasing Corp. pays for the equipment.

The lessee uses and maintains the leased equipment as his own, paying taxes and normal standard insurance. At the same time, the lessee also retains all manufacturer's guarantees, warranties and service contracts applicable to the equipment.

Through "Equilease," the lessee also receives provision for the allowance of trade-in value on old equipment against new equipment. The new "Equilease" will be only for the net purchase price. Lease renewals and options also are available under this plan.

Original base leases are written by Equitable Leasing Corp. under an "Equilease" for a period of from two to ten or more years depending on the type equipment to be leased and the credit of the lessee.

Equity Annuity Life Insurance Co.—Hearing—

See Variable Annuity Life Insurance Co., below.—V. 189, p. 1027.

Eurofund, Inc.—Making Additional Investments—

S. Sloan Colt, Chairman, and J. Russell Forgan, President, on Aug. 10, in a letter to the stockholders, said:

"The initial public offering of shares of Eurofund, Inc. was made May 7, 1959. A total of 1,050,000 shares was issued and the net proceeds after organization expenses amounted to $18,952,302 equivalent to $18.05 per share. These proceeds were received by Eurofund, Inc. on June 1, 1959 and were invested immediately in United States Government obligations pending investment in foreign securities.

"Eurofund has been making investments in securities of companies within the European Common Market. Purchases have been principally in high grade equities but include several special situations. Purchase commitments aggregating approximately $6,300,000 have been made. Of these, $1,900,000 are in France; $2,200,000 in Germany; $1,000,000 in Italy; $600,000 in Belgium, and $500,000 in The Netherlands. The board of directors is presently in the process of making additional investments which will commit in excess of 50% of the total resources of Eurofund. The Fund has earned interest and dividends of approximately $107,000 and the market values of the existing portfolio of securities have appreciated approximately $337,000. The asset value of Eurofund, Inc. common stock as of Aug. 5, 1959 was $18.44 per share. The above figures are unaudited.

"Since the inception of Eurofund, Inc. steps have been taken to establish the operating and administrative organization and procedures. We are pleased to announce that Hunter S. Marston, Jr., a partner of Glore, Forgan & Co., investment bankers, has been appointed as Vice-President of the company and is presently in charge of the administration of the Fund. An office has been established with an address at Room 1516, 14 Wall St., New York 5, N. Y., where Messrs. Marston and Philippe Gutzwiller make their headquarters."—V. 189, p. 2241.

Fairchild Camera & Instrument Corp.—Affiliate Opens New Production Facility—Plans Additional Expansion—

Fairchild Semiconductor Corp., an affiliate, on Aug. 12 simultaneously announced the official opening of its new 68,000 square foot production facility at Mountain View, Calif., and plans for further plant expansion expected to reach 120,000 square feet by 1960.

Dr. Robert Noyce, Vice-President and General Manager of the company which was formed in October, 1957 with 13 employees, stated that the firm now employs 600 people and expects to have 2,000 on the payroll by 1960.

The new production facility is built on a 10-acre site to allow room for expansion. It houses complete facilities for transistor manufacture. The company's research and development laboratories have been expanded to occupy the entire facility at 844 Charleston Road in Palo Alto.

The company announced a new transistor at the Wescon Show in San Francisco, Aug. 18, which is a "radical improvement" in the transistor field. It is on the merits of this ultra fast transistor that the company is already considering additional expansion plans. The company's first products, silicon mesa transistors, were announced at the Wescon Show one year ago.—V. 189, p. 2564.

Faradyne Electronics Corp., Newark, N. J.—Statement Withdrawn on July 27—

The registration statement filed with the SEC on June 23, 1959 covering 220,000 shares of common stock (par five cents) was withdrawn on July 27.—V. 190, p. 669.

First Philadelphia Corp. (N. Y.)—Files With SEC—

The corporation on Aug. 21 filed a letter of notification with the SEC covering 100,000 shares of class A common stock (par 10 cents) to be offered at $3 per share, through its own organization, 40 Exchange Place, New York, N. Y. (Gross, 30 cents per share to brokers selling 2,500 shares or less and 45 cents to those brokers selling more than 2,500 shares).

The proceeds are to be used for working capital and general corporate purposes and to develop dealer relations.

The business of the corporation is a broker-dealer firm formed to underwrite and distribute new security issues.

Florida Water & Utilities Co.—Common Stock Offered

—Public offering of 86,000 shares of common stock (par $1) at $10.75 per share, was made on Aug. 28 by an underwriting group headed by Beil & Hough, Inc.

PROCEEDS—The net proceeds will be used to reduce outstanding indebtedness of the company, and to provide a portion of the funds for the completion of the company's 1959 construction program, for working capital, and other corporate purposes.

BUSINESS—The company is a corporation organized under the laws of State of Florida on May 4, 1954, under the name South Florida Public Service Co. It adopted its present name of Florida Water and Utilities Co. in December, 1957. It has its principal executive offices at 1491 N. W. 20th St., Miami, Fla., and a field operating office at 9740 Caribbean Boulevard, Cutler Ridge, Dade County, Fla., which is located in the area serviced by the company.

The company has had extensive business relations with its affiliated companies as follows:

During the past four years a substantial part of the company's construction work was performed by Cutler Ridge Construction Corp. and Cutler Ridge Building Corp. Both are affiliates of the company. Billings for the work performed during this period of time total approximately $1,658,291 and the cost to the affiliates was approximately $1,428,074. This constituted substantially all of this phase of the company's business. Cutler Ridge Construction Corp. is 65% owned by Joshua J. Segal and 33⅓% owned by David Blumberg. Cutler Ridge Building Corp. is 46⅔% owned by Mr. Segal and 23⅓% owned by Mr. Blumberg, and 30% owned by one Morris Fox, 830 Cremona Ave., Coral Gables, Fla.

Cutler Ridge Building Corp. built 501 homes and Cutler Ridge Construction Corp. built 288 homes in the Cutler Ridge area serviced by the company prior to June 30, 1958.—V. 190, p. 155.

Ford Motor Co. (Mich.)—Organizes Credit Firm—

This company on Aug. 24 announced the incorporation of a wholly-owned credit and financing subsidiary.

T. O. Yntema, Ford Vice-President—finance, said the new organization, a Delaware corporation, will be known as Ford Motor Credit Co. Mr. Yntema is Chairman of the Board of Directors of the new subsidiary.

Ford announced earlier this year that it planned to enter the automotive sales financing field.

Mr. Yntema said that Robert S. Olson, formerly director of Ford's dealer financing office, has been named President of the new organization.—V. 190, p. 357.

Fyr-Fyter Co., New York, N. Y.—Files With SEC—

The company on Aug. 12 filed a letter of notification with the SEC covering 3,300 shares of 6% cumulative preferred stock to be offered at par ($30 per share), without underwriting.

The proceeds are to go to selling stockholders.—V. 189, p. 45.

Gamewell Co.—Assets May Be Acquired—

See E. W. Bliss Co. above.—V. 189, p. 669.

Kennametal Inc. (& Subs.)—Earnings Rise—

Fiscal Year Ended June 30—	1959	1958
Sales and other income	$18,883,243	$17,359,806
Taxes on income	1,830,000	479,000
Net income	1,449,136	314,895
Number of shares	598,825	599,225
Net income per share	$2.42	$0.53
Dividends paid per share	$1.20	$1.15

—V. 189, p. 2458.

General American Oil Co. of Texas—New Directors—

Rushton L. Ardrey of Dallas, William L. Kistler, Jr. of Tulsa, and Charles W. Lewis of New York have been elected new directors.

Mr. Ardrey is a Senior Vice-President of the Republic National Bank of Dallas and has been closely associated with the company's financing activities for a number of years.

Mr. Kistler, a former partner in the firm of Merrill Lynch, Pierce, Fenner and Smith, is an independent oil operator and has been associated with General American in operating a number of properties for over 20 years.

Mr. Lewis is senior partner in the law firm of Townsend & Lewis of New York, counsel for the company since incorporation in 1936.

The new directors will increase the board to 17 members.

General Aniline & Film Corp.—Increases Capacity—

The acetylene derivatives plant at Calvert City, Ky., is being re-engineered to increase rated capacity by incorporating into existing units the most recent technological advances in design by the corporation's Dyestuff and Chemical Division.

The contract for modifying the design of certain special units has been awarded to the Lummus Company.

The decision to make these alterations was brought about by increasing demand for polyvinylpyrrolidone (PVP) and the various intermediates required in its synthesis.

All products from this plant are now in adequate supply and the construction work has been scheduled in a manner to avoid interference with production.

The original plant, completed three years ago, was the first plant for full-scale commercial production of high-pressure acetylene chemicals built in the U. S. A.—V. 189, p. 2565.

General Contract Finance Corp.—Registers With SEC

This corporation, located at 901 Washington Ave., St. Louis, filed a registration statement with the SECC on Aug. 24, 1959, covering 200,000 shares of convertible preferred stock, series A, $20 par, to be offered for public sale through a group of underwriters headed by G. H. Walker & Co. The dividend rate, public offering price and underwriting terms are to be supplied by amendment.

The company was organized in October 1958 for the purpose of acquiring from General Bancshares Corp. (formerly General Contract Corp.) all of the directly held shares of stock owned by Bancshares in its non-banking subsidiaries of which Bancshares was to divest itself of ownership pursuant to provisions of the Bank Holding Company Act of 1956. At the close of business Dec. 31, 1958, Bancshares transferred to the company all shares of stock owned by Bancshares in its 22 non-banking subsidiaries, consisting of loan, finance, insurance companies and insurance agencies. In consideration therefor, the company issued to Bancshares 2,327,544.3 shares of its $2 par common stock. The company participates through its subsidiaries in the purchase of installment obligations (principally on the sale of cars, mobile homes, farm implements, etc.); lending of money to dealers to finance the purchase of automobiles; the operation of insurance companies (chiefly engaged in insuring against risks of loss or damage to automobiles and damage to buildings); and the operation of a credit life and disability insurance company.

Net proceeds of the preferred stock sale will be used to aid in the expansion of the company's loan and finance company subsidiaries. —V. 190, p. 670.

General Mills, Inc.—New Research Center—

The corporation on Aug. 20 announced the awarding of contracts for construction of its new Research Center in Golden Valley, Minn., suburban community west of Minneapolis and home of the company's general office.

Construction, General Mills said, began last week. The building, which will provide approximately 75,000 square feet of laboratory space for food research, is expected to be ready for occupancy in 1960.

Expandable in design, the central unit will be complete in itself. Wings may be added later as need and circumstances may warrant. —V. 190, p. 770.

General Motors Acceptance Corp.—Debentures Offered

—A nationwide underwriting group headed by Morgan Stanley & Co. and comprising 226 investment firms placed on the market on Aug. 26 an issue of $125,000,000 21-year 5% debentures, which mature on Sept. 1, 1980. They were priced at 100% and accrued interest. This issue represents the first public financing by GMAC since Feb. 19, 1958.

The new debentures are not redeemable before Sept. 1, 1964. On and after that date the company may, at its option, redeem the debentures at 103½% if redeemed before Sept. 1, 1965, and thereafter at prices decreasing to the principal amount on and after Sept. 1, 1975. There is a special redemption privilege providing for reduced premiums in the event of stipulated declines in GMAC United States retail receivables.

PROCEEDS—The net proceeds from the sale of the debentures will be added to the general funds of the company and will be available for maturing debt or for the purchase of receivables. Such proceeds may be applied initially to the reduction of short-term borrowings.

BUSINESS—GMAC finances the distribution of new products manufactured by General Motors to dealers for resale, and finances such dealers' retail insalment sales of new products as well as used units of any make. Financing related to automotive vehicles comprised 98% of the dollar volume of receivables purchased in the first six months of 1959.

Notes and bills receivable, after deducting unearned income and loss reserves, held by the company at June 30, 1959, amounted to $4,248,959,000, compared with $3,670,656,000 at Dec. 31, 1958.

CONTROL—All of the outstanding capital stock of GMAC is owned by General Motors Corp. Total capital stock and surplus at June 30, 1959, amounted to $315,866,000.

General Oil & Industries Co., Inc.—Violations Charged By Securities and Exchange Commission—

The Securities and Exchange Commission has scheduled a hearing for Sept. 14, 1959, in its New York Regional Office in the proceedings under the Securities Exchange Act of 1934 to determine whether Phoenix Securities Corp., 39 Broadway, New York City, violated the registration and anti-fraud provisions of the Securities Act of 1933 in the offer and sale of common stock of General Oil & Industries Co., Inc., and, if so, whether it is in the public interest to revoke its broker-dealer registration and/or to suspend or expel it from membership in the National Association of Securities Dealers, Inc.

In its March 6, 1959, order authorizing the proceedings, the Commission charged that, in the offer and sale of General Oil stock, Phoenix Securities and two of its officers (a) violated the Securities Act registration requirement and (b) "engaged in transactions, practices, and a course of business which would and did operate as a fraud and deceit upon the purchasers" of such stock, by reason of false and misleading statements or the omission of material facts with respect to General Oil and its stock.

At the Sept. 14 hearing, inquiry will be conducted into the foregoing matters for the purpose of determining whether the Securities Act was violated in the respects indicated and, if so, whether a revocation, suspension or expulsion order should be issued.—V. 189, p. 2034.

General Realty & Utilities Corp.—Calls Debentures—

The corporation has called for redemption on Sept. 30, 1959 all of its outstanding 4% cumulative income debentures due Sept. 30, 1969 at the redemption price of 100% and accrued interest to that date. Payment will be made by Bankers Trust Co., New York City. —V. 190, p. 358.

General Time Corp.—Debenture Offering Completed—

—Of the $6,197,900 of convertible subordinated debentures offered to common stockholders, a total of $6,049,000 principal amount of debentures were subscribed for through the exercise of rights and the remaining $148,900 of debentures were purchased and sold by the underwriters headed by Kidder, Peabody & Co. (for details, see V. 190, p. 670).—V. 190, p. 770.

Georgia Power Co.—Registers Bonds With SEC—

This company, located in the Electric Building, Atlanta, Ga., filed a registration statement with the SEC on Aug. 21, 1959, covering $18,000,000 of first mortgage bonds, due 1989. The company proposes to offer these bonds for sale at competitive bidding.

The Commission has given interested persons until Sept. 4, 1959, to request a hearing thereon.

The company contemplates expenditures of about $49,511,000 during 1959 for property additions and improvements. Net proceeds of the sale of the bonds, together with cash on hand derived from internal sources and from common stock financing undertaken in February 1959, will be used to finance this program.—V. 188, p. 1791.

Gob Shops of America, Inc.—Violations Charged—

The Securities and Exchange Commission has ordered proceedings under the Securities Exchange Act of 1934 to determine whether Bruns, Nordeman & Co. ("Respondent"), 52 Wall Street, New York, violated the anti-fraud and anti-manipulative provisions of the Federal Securities Laws in connection with the purchase and sale of stock of Gob Shops of America, Inc., in 1956 and 1957 and, if so, whether Respondent's broker-dealer registration should be revoked and/or whether it should be suspended or expelled from membership in the National Association of Securities Dealers, Inc., or the American and New York Stock Exchanges.

According to the Commission's order, information developed in an investigation conducted by its staff tends if true to show that, during the period September 1956 to January 1957 Respondent and Harold S. Coleman and Laurence H. Lubin, its general partners, "engaged in acts, practices and a course of business which operated as a fraud and deceit upon certain persons" in violation of the said provisions of law in that, in connection with the purchase and sale of, and in effecting transactions in, and while distributing the Gob Shops common stock,

(1) Respondent, aided and abetted by Mr. Coleman and Mr. Lubin, published bids for and purchased such stock at successively higher prices determined by the firm for the purpose of creating an apparent market in and raising the price of said stock and inducing the purchase of said stock by others;

(2) Respondent, Mr. Coleman and Mr. Lubin solicited and induced certain persons to purchase Gob Shops stock at the successively higher prices to which they had raised the price of said stock, without disclosing that the market price therefor had been artificially raised by Respondent's acts; and

(3) Respondent, Mr. Coleman and Mr. Lubin solicited and induced certain persons to purchase Gob Shops stocks by means of false and misleading representations concerning, among other things, the operations and prospects of Gob Shops, dividends, sales of unregistered stock by directors of Gob Shops, and the market price of the stock.

A hearing is to be held, at a time and place later to be announced, for the purpose of taking evidence on the foregoing matters for the purpose of determining whether the laws have been violated in the respects indicated and, if so, whether it is appropriate in the public interest to revoke the broker-dealer registration of Bruns, Nordeman & Company and/or to suspend or expel the firm from the NASD or the two Exchanges.—V. 189, p. 2137.

(B. F.) Goodrich Co.—Opens Europe Sales Office—

Establishment of a European sales office for B. F. Goodrich Chemical Co. to be located in The Hague, Holland, has been announced by Robert P. Kenney, Director of the company's international department.

The Holland office will be European sales headquarters for plastics materials, special-purpose rubber and general chemicals, and will also supply technical service information.—V. 190, p. 771.

(W. T.) Grant Co.—New President Elected—

The election of Louis C. Lustenberger as President of this company was announced on Aug. 25 by Edward Staley, Vice-Chairman of the Board. Prior to his election, Mr. Lustenberger was Executive Vice-President and General Manager of the company. Mr. Staley, former President and Vice-Chairman, will continue as Vice-Chairman of the Board and Chief Executive Officer.—V.190, p. 671.

Griffith & Co., Inc., Fayetteville, Ark.—Files With SEC

The corporation on Aug. 17 filed a letter of notification with the SEC covering 1,000 shares of common stock (par $1) to be offered at $2 per share and 4,000 shares of 6% cumulative preferred stock (par $5) at $5.75 per share. No underwriting is involved.

The proceeds are to be used for working capital.

Guarantee Mortgage, Inc., Portland, Ore.—Files With Securities and Exchange Commission—

The corporation on Aug. 14 filed a letter of notification with the SEC covering $100,000 of 10-year 6% sinking fund debentures (in denominations of $1,000 each) to be offered at 90% without warrants. Each debenture may be purchased with 100 warrants to buy one share of class A common stock (par $10). The right to purchase class A common stock by way of warrants will terminate Dec. 31, 1969. No underwriting is involved.

The proceeds are to be used for investment purposes.

Guerdon Industries, Inc.—Registers With SEC—

This corporation, located at 3782 South Van Dyke Road, Marlett, Mich., filed a registration statement with the SEC on Aug. 21, 1959, covering 400,000 shares of class A common stock, to be offered for public sale through an underwriting group headed by Blair & Co., Inc. The public offering price and underwriting terms are to be supplied by amendment.

The company was organized under Delaware law on June 29, 1959, as Trailer Homes, Inc., to acquire all of the issued and outstanding stock of its principal predecessor, Guerdon Industries, Inc., a Michigan corporation, manufacturer of mobile homes, and the stock of five corporations affiliated with the latter. Its name was changed to Guerdon Industries, Inc., on Aug. 5, 1959; and upon the subsequent liquidation of the predecessors (except one supply company), the company acquired the business and properties of such predecessors. Net proceeds of the sale of the class A stock will be applied in part to the reduction of a bank indebtedness from $4,920,000 to $1,420,000 and to pay off $2,500,000 of notes. This indebtedness was incurred in connection with the acquisition of the stock of predecessors.

The company now has outstanding 780,000 shares of common stock and 10,000 shares of $100 par preferred stock. According to the prospectus, the partners of Ladenburg, Thalmann & Co. own 430,500 shares of the common stock; and the balance of the common shares are owned by associates and relatives of the partners, three employees of the firm, and two private investors. The 780,000 common shares were acquired for an aggregate consideration of $78,000. Ladenburg, Thalmann & Co. and certain of the holders of the common stock also acquired the 10,000 shares of preferred stock for $1,000,000 and loaned the company the $2,500,000, which loan is to be paid off with proceeds of this financing.

H and B American Corp.—New Name—

See H & B American Machine Co., Inc. below.

H & B American Machine Co., Inc.—Changes Name—

Change of the name of this corporation to H and B American Corp. has been approved by the stockholders, David E. Bright, Chairman, announced on Aug. 12.

"The 'Machine' designation no longer is applicable to the company's activities," Mr. Bright said.

H and B listed on the American Stock Exchange, operates four divisions: Willard Woodrow Construction Co., a large national home builder active in Florida, California and the Washington, D. C. area; Big Boy Manufacturing Co., the nation's largest manufacturer of outdoor barbecue equipment; General Trading Co., a large upper Midwest wholesaler of automotive and industrial parts and supplies; and Quick Way Truck & Shovel Co., Denver. The latter is a joint venture with Fairbanks-Whitney Corp.

At the same time, Mr. Bright announced that stockholders had approved the sale of the assets of the company's aircraft division to United States Chemical Milling Corp., Manhattan Beach, Calif. —V. 190, p. 51.

(J. W.) Hancock Inc.—Securities Sold—Kenneth Kass, heading an underwriting group, which included Palin Securities, Nassau Securities Service and David Barnes & Co., Inc., on Aug. 19 publicly offered 200,000 shares of 6% cumulative convertible preferred stock (par $2) and 100,000 shares of common stock (par 10 cents). The 200,000 shares of preferred stock were offered with 50,000 shares of the common stock in units consisting of four shares of preferred stock and one share of common stock at the offering price of $8.50 per unit. This offering has been completed, all of the said shares having been sold.

The remaining 50,000 shares of common stock were offered to the holders of the corporation's 4% subordinated debentures at the rate of one share for each 50c face amount of such debentures surrendered for cancellation (no interest to be paid on the debentures so surrendered). The corporation reserved the right to discontinue this offering to debenture holders at any time after all of the above-described units have been sold, without notice to such debenture holders.

Each two shares of preferred stock are convertible into one common share. The preferred stock is subject to redemption at the option of the Board of Directors, in whole or in part, at any time or from time to time on and after July 1, 1962 at a price of $2.50 per share, plus an amount equal to dividends accrued and unpaid on such preferred stock up to and including the date fixed for redemption, whether or not earned or declared, upon not less than 30 nor more than 60 days' notice prior to the date fixed for redemption. It may also be purchased for retirement at the option of the Board of Directors by public or private purchase at prices not in excess of $2.50 per share when dividends are not in arrears.

PROCEEDS—The net proceeds will be added to the general funds and working capital of the corporation.

BUSINESS—The corporation was incorporated under the laws of the state of Delaware on March 13, 1959 for the purpose of engaging in the general construction business, with emphasis on institutional construction, i. e. schools, hospitals and the like, subdividing and developing unimproved land, and construction of residential housing projects and shopping centers.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
4% sub. debs. (due April 15, 1964)	$25,000	*
Common stock (par 10 cents)	1,000,000 shs.	*250,000 shs.
6% cumulative convertible preferred stock (par $2)	500,000 shs.	200,000 shs.

*This assumes that all debentures are to be exchanged for common stock (if all are not exchanged and the debentures not so exchanged are redeemed for cash out of the proceeds of the offering, the number of shares to be outstanding will be a minimum of 200,000 and up to 250,000 depending on the amount of debentures redeemed or exchanged).

This does not include the 150,000 shares of common stock reserved for issuance to John W. Hancock in connection with his agreement with the corporation for sale of all of the outstanding shares of Hancock Investment Co., nor does it include the 100,000 shares reserved for issuance on the conversion of the preferred stock.—V. 190, p. 51.

Harmon Glass Co., Inc., Minneapolis, Minn. — Files With Securities and Exchange Commission—

The corporation on Aug. 17 filed a letter of notification with the SEC covering 35,000 shares of common stock (par $1) to be offered at $6.40 per share, without underwriting.

The proceeds are to be used to pay off short-term indebtedness, working capital and equipment and stock.

Hathaway Industries, Inc.—Changes Name—

The name of this company has been changed to Seaboard Allied Milling Corp.

Accordingly, beginning Aug. 13, transactions were recorded under the new name.—V. 190, p. 671.

Helio Aircraft Corp.—Makes Sales Arrangement—

This corporation has made its first overseas licensed sales arrangement with The SAAB Aircraft Co. of Sweden, it is announced by Lynn L. Bollinger, President of the Helio company which makes the only STOL (Short Take-off and Landing) planes manufactured in the United States. Under this contract, signed in July, the Helio Courier will be the first STOL-plane to be distributed in Scandinavia. —V. 184, p. 426.

(Walter E.) Heller & Co.—Private Placement—This company announced on Aug. 27 the private placement with institutional investors of $13,450,000 of senior notes due 1974. An additional $1,550,000 of the notes will be taken down Oct. 1, this year. F. Eberstadt & Co. and Dean Witter & Co. negotiated the transactions.

Heller, a major commercial financing and factoring organization, will use the net proceeds from the private sale to expand general funds, enabling the company to increase its general volume of business. In six months ended June 30, 1959 the company had gross income of $10,698,179 and net income of $2,058,727, both record figures.

Heller, founded in 1919, has its headquarters in Chicago, maintains offices in New York and Atlanta, and has subsidiaries in Chicago and Los Angeles.—V. 190, p. 462.

Hera Eploration Co. — Stock Offering Suspended by Securities and Exchange Commission—

The SEC has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of stock by this company, located at 115 Seventh Avenue, Renton, Wash.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding $300,000 in amount. In a notification filed on April 29, 1958, Hera proposed the public offering of 620,000 common shares at 15c per share pursuant to such an exemption. The Commission asserts in its suspension order that it has reasonable cause to believe that a Regulation A exemption is not available to Hera because of the pendency of an action for a Federal Court order enjoining Clinton Mining & Milling Co., an affiliate, and William H. Billatos, an officer, promoter and principal stockholder, from engaging in certain conduct or practices in connection with the sale of securities; that certain terms and conditions of Regulation A have not been complied with, including the failure to use an offering circular in connection with the offering of Hera stock and the use of certain sales literature which was not filed with the Commission; that Hera's offering circular contains false and misleading representations of material facts; and that the offering was made and would be made in violation of Section 17 (the anti-fraud) provision of the Securities Act. The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

The false and misleading statements charged by the Commission pertain to the failure to disclose Hera's relationship with Clinton Mining; the failure to disclose all material transactions between Hera and Clinton Mining; the failure to disclose all material transactions of directors, officers and controlling persons with Hera and with Clinton Mining; the failure to disclose adequately the results of work on Hera's properties; and the quotation". . . It is estimated that 50,000 tons of ore reserves containing about 2½% copper is available . . . ," in view of the fact that Hera stated that no body of commercial ore is known to exist on its property.

(In the injunction action referred to, pending in the U. S. District Court, Spokane, Washington, the Commission's complaint charges that the Securities Act registration requirements have been violated in the offer and sale of Clinton Mining stock.)—V. 187, p. 2117.

gitized for FRASER
ttp://fraser.stlouisfed.org/

Heublein, Inc.—Registers With SEC—

This corporation, located in Hartford, Conn., on Aug. 21 filed a registration statement with the Securities and Exchange Commission covering the proposed sale of 425,000 shares of its common stock (par value $5). Of the total, 300,000 shares are being sold by the company and 125,000 shares by certain selling stockholders.

Glore, Forgan & Co. will be the principal underwriter.

Net proceeds from the sale of the 300,000 shares by the company will be added to its general funds to be used to reduce short-term borrowings and augment working capital for use in financing additional inventories and accounts receivable and for the general expansion of the company's business. No part of the proceeds from the sale of the 125,000 shares by the stockholders will accrue to the company.

Of the outstanding stock, The Connecticut Bank & Trust Co., as Trustee under the will of Arthur C. Heublein, Hartford, Conn., holds 276,934 shares (23.17%); John G. Martin of Hartford, President, owns 254,030 shares (21.25%); and Terry and Co. (c/o the said Bank) holds 207,234 shares. Of the shares held by Terry and Co., Helen M. Martin, the President's sister, is the beneficial owner of 197,859 shares. Directors and officers as a group own 455,296 shares (38.09%). Information with respect to the selling stockholders and the amount of stock to be sold by each is to be supplied by amendment.

Hooker Chemical Corp.—Registers With SEC—

The corporation on Aug. 21 filed with the Securities and Exchange Commission a registration statement covering a proposed offering to its common stockholders of $25,000,000 (maximum amount) of convertible subordinated debentures due Sept. 15, 1984. Subject to consent of the stockholders at a meeting on Sept. 10, 1959 and to the registration statement becoming effective, the debentures are to be offered to common stockholders of record on Sept. 15, 1959 in the ratio of $100 principal amount of debentures for each 30 shares held on that date. Subscription rights will expire on Sept. 30, 1959. The offering will be underwritten by a group headed by Smith, Barney & Co.

The proposed indenture under which the debentures will be issued provides for a sinking fund, commencing in 1969, designed to retire approximately 70% of the issue prior to maturity. Offering price, interest rate and conversion price of the debentures will be determined shortly before the offering date.

Net proceeds of the sale of the debentures will be added to the general funds of the company and will be aavilable for general corporate purposes. These funds, including retained earnings and depreciation allowances, will be used for the financing of the company's expansion program, for additional working capital and for such other corporate purposes as the management may determine. The company presently anticipates that its capital exepnditures during the years 1959-1963 will approximate $100,000,000; and it is indicated that the proceeds of the present financing, together with retained earnings and depreciation allowances, will be sufficient to meet the cost of the program.—V. 190, p. 565.

Horace Mann Fund, Inc.—Registers With SEC—

This Springfield, Ill., investment company filed an amendment to its registration statement on Aug. 24, 1959, covering 300,000 additional shares of capital stock.—V. 186, p. 113.

Income Foundation Fund, Inc.—Assets Up 31%—

This balanced mutual fund recorded a 31% increase in total net assets in the first seven months of 1959.

As of July 31, last, the Fund reported total net assets of $11,256,267 as compared with $8,488,186 on Dec. 31, 1958.

Record gross sales of shares for the period of $2,664,917 and a 5.2% appreciation in net asset value accounted for asset increase. —V. 189, p. 706.

Industrial Plywood Co., Inc.—Securities Offered—Public offering of 60,000 shares of 6% cumulative preferred stock ($10 par), together with common stock purchase warrants, was made at par ($10 per share) by an underwriting group headed by Standard Weiss & Co. and Irving Weiss & Co., and including J. A. Winston & Co., Inc., Netherlands Securities Co., Inc. and Bruno-Lenchner, Inc. This offering was oversubscribed and the books closed.

Attached to the preferred stock is one "A" warrant and one "B" warrant entitling holders to purchase one share of comomn stock for each two "A" warrants at $12 per share up to June 30, 1961 and two "B" warrants at $14 per share up to June 30, 1962. The warrants are detachable and exercisable 60 days after issuance.

The preferred stock is convertible up to 1964 into common stock on a share for share basis, and thereafter to 1969 on the basis of three-quarters of a share of common for each preferred share.

PROCEEDS—The net proceeds which are estimated at $483,350, will be used for the reduction of about $100,000 of short-term bank loans obtained principally to carry inventories and accounts receivable, $50,000 to liquidate long-term debt, and the balance of approximately $333,350 remaining is to be used for additional working capital.

LISTING—The common stock is listed on the American Stock Exchange.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
Long-term debt including amounts due within one year		$25,182
Sundry indebtedness		300,000
Common stocks (par 25 cents)	*1,000,000 shs.	379,601 shs.
6% cumul. pfd. stock, $10 par value (with com. stock purchase warrants attached)	60,000 shs.	60,000 shs.
Common stock purchase warrants	165,000wts.	162,375 wts.

*Of which 13,118 shares are reserved for issuance upon exercise of warrants received by underwriters as part of an offering made in December 1955. In addition, 90,000 shares are reserved for issuance upon exercise of detachable warrants to the preferred stock together with the warrants which wil lbe issued to the underwriters upon completion of the financing, as additional compensation." In addition, 60,000 shares are reserved for issuance upon conversion of the preferred stock.

DIVIDENDS—The company has not paid a cash dividend since it became a public company but did pay a 6% stock dividend on its common stock in October 1956.

REDEMPTION—The preferred stock is subject to redemption at the option of the Board of Directors in whole or in part, at any time or from time to time, at the then redemption price, plus accrued and unpaid dividends thereon to the redemption date, upon at least 30 days' previous notice. The redemption price per share shall be $10.60 if redeemed prior to Sept. 1, 1960 and thereafter shall be reduced by six cents during each yearly period thereafter until Aug. 31, 1969, and thereafter at $10 per share. If less than all of the outstanding shares are to be redeemed, the shares to be redeemed shall be selected in such manner and by such method as the Board of Dirctors may determine. Redeemed shares of preferred stock may be retired and cancelled at any time by the Board of Directors.

BUSINESS—The company's principal place of business is located at 105-15 180th St., Jamaica, New York, where it also maintains its executive offices. Although it was organized in 1946 it was inactive until Feb. 1, 1954 when it acquired and continued the partnership business of Industrial Plywood Co. started in 1953. In December, 1955 Industrial Plywood Co., a New Jersey corporation organized in 1953, engaged in a similar business in New Jersey, became a wholly-owned subsidiary of the company through a donation to it of all of the outstanding stock of the subsidiary which was owned by Bernard Hewitt, Albert Hersh and Leon Hersh, the three founders of the company. In May, 1957 the company organized Industrial Plywood of Conn., Inc., a Connecticut corporation, as a wholly-owned subsidiary to expand its operations to Connecticut. About the same time it organized another wholly-owned subsidiary, Wholesale Plywood Co., a New Jersey corporation, which is presently inactive and an insignificant subsidiary. In June, 1958 the company organized Plywood Finishing Corp. as a wholly-owned subsidiary to manufacture prefinished plywood panels, in Brooklyn, N. Y., under the registered trade name "Ply Gems."—V. 190, p. 51.

Industrial Vinyls, Inc.—Registers With SEC—

This company, located at 5511 N. W. 37th Ave., Miami, Fla., on Aug. 20, 1959 filed a registration statement with the SEC seeking registration of 200,000 shares of common stock, to be offered for public sale at $2.50 per share through an underwriting group headed by The Robinson-Humphrey Co., Inc., and Clisby & Co., who will receive a commission of 30c per share.

The company's principal activity is the custom extrusion of thermoplastic materials, primarily vinyls, for its customers. It now has outstanding 200,000 shares of common stock, held in equal amounts by George W. Cornell, President, and W. Elder Cornell, Jr., executive Vice-President. Net proceeds of the sale of additional stock will be used as follows: About $300,000 for the purchase of machinery and equipment to expand the company's facilities for blending, extruding and molding thermoplastics; $35,000 to reduce current bank borrowings; and the balance for working capital and other general corporate purposes.

International Telephone & Telegraph Corp.—Develop.

This corporation has developed an infrared tracker that detects and follows the faint heat from earth-launched satellites as they hurtle through space thousands of miles above the earth, it was announced on Aug. 19.

The tracker, developed at ITT Laboratories' San Fernando, Calif. facility for the Air Force Cambridge Research Center at Bedford, Mass., uses a 19-inch concave mirror to collect the infrared energy given off by satellites. These "heat waves," caused partly by friction between a satellite and the thin atmosphere, or by rocket motor exhaust, are then focused on an extremely sensitive detector specially designed to measure infrared radiation. To improve response, the detector is chilled to a temperature lower than minus 300 degrees Fahrenheit.

Infrared tracking, while still in the experimental stages, promises to have advantages over existing visual and radar systems because it does not depend on radio signals or reflected sunlight.

The tracker was developed for the Air Force to answer complex technical questions on the nature of infrared radiation emitted by orbiting satellites. These questions are vital to space vehicle aerodynamics, atmospheric physics, space vehicle navigation and communication and space medicine.

The tracker also may have applications in missile-detection systems if field tests show that missiles generate detectable infrared radiation. —V. 190, p. 771.

Jack & Heintz, Inc.—Changes in Personnel—

The directors on Aug. 25, following the recent sudden death of President Frank R. Kohnstamm, elected H. Chapman Rose and Chester A. Thompson to the positions, respectively, of Acting Chairman of the Board and Acting President. Both were first elected directors of Jack & Heintz in 1948.

Both of these are interim appointments pending the selection of a permanent successor to Mr. Kohnstamm as President.

Mr. Rose, who is a partner in the law firm of Jones, Day, Cockley & Reavis and a director of the Cleveland Trust Co., Clevite Corp. and other companies, served as Assistant Secretary and then as Undersecretary of the Treasury from 1953 to 1956.

Mr. Thompson is Chairman of the Board of Universal Incorporated, whose local plants are suppliers to the automotive industry, with subsidiaries engaged in the electrical and materials handling fields, and is President of the Otto Konigslow Manufacturing Co.—V. 189, p. 1023.

Jamaica Development Co., Inc. — Common Stock Offered—This company is offering to the holders of its common stock (par $1) the right to subscribe to 105,000 additional shares of common stock (par $1) at $10 per share, on the basis of 2⅓ new shares for each share held of record Aug. 20, 1959; rights will expire on Sept. 20, 1959. Unsubscribed shares will then be offered to the general public at $10 per share. No underwriting is involved.

PROCEEDS—The net proceeds will be used for the purchase of land, cattle, machinery and equipment, fishing lodge, development expenses, and for additional working capital.

BUSINESS—The company was incorporated under the laws of the State of Indiana on Dec. 20, 1957. Since its organization, the company has been engaged in agricultural testing, development and research in the island of Jamaica, West Indies Federation. The company's original authorized capital now comprises 45,000 shares, sold for an aggregate price of $300,000. Net proceeds to the company were $255,377.

The company owns a contract to purchase a tract of land known as Font Hill plantation, at White House, St. Elizabeth Parish, on the south coast of Jamaica. The contract price for Font Hill plantation is £175,000, ($493,500), of which $141,000 has presently been paid on the contract. The contract provides for the following payments £50,000 ($141,000) due Dec. 31, 1959; and four equal payments of £18,750 ($52,875) due Dec. 31, 1960; Dec. 31, 1961; Dec. 31, 1962; and Dec. 31, 1963. The contract bears interest at 5% from Jan. 1, 1959 on the unpaid balance. It provides that lots may be sold from Font Hill land free and clear of the mortgage, on application of 50% of the selling price of the lot to the reduction of the mortgage. Registered title to Font Hill will pass to the company on payment of the Dec. 31, 1959 payment.

Font Hill plantation comprises 2939 acrse, and includes 16,000 feet of sandy beach fronting on the Caribbean sea and approximately 6,000 feet of rocky beach, also fronting on the Caribbean sea.

DIVIDENDS—No dividend has been paid on the common stock of the company, and it is not contemplated that any cash dividend will be paid in the immediate future. The investment is considered to be of a capital gains nature, and dividends, when and if payable, will be payable in stock.—V.189, p. 2785.

Jamaica Public Service Co., Ltd.—Sells Deb. Stock—

The company on Aug. 11 announced it sold in London, England, 1,250,000 pounds sterling ($3,512,500 U. S. dollars) of 6½% first mortgage sinking fund debenture stock. Morgan Grenfell & Co., Ltd., acted as underwriters.

The utility, whose properties are in Jamaica, B.W.I., said the proceeds would be applied against bank loans incurred for expansion. —V. 186, p. 1630.

Johns-Manville Corp. — High Efficiency Insulations Play Vital Role in Freeport Sulphur's $30,000,000 Mining Venture in Gulf of Mexico—

Early next year when Freeport Sulphur Co.'s $30,000,000 off-shore mine starts to pump molten sulphur from 2,000 feet below the floor of the Gulf of Mexico, heat engineers will be relying on the low thermal conductivity of Thermobestos to keep the sulphur from freezing. Without protection from Thermobestos, one of the most advanced of the calcium silicate insulations which is bringing about a virtual revolution in the insulation industry, the sulphur would freeze in the line in less than 48 hours even at a five-foot depth in the mud bottom, according to Freeport's test engineers.

Thermobestos is the development of Johns-Manville, 100-year-old asbestos pioneer which just a year ago came up with a scientific advance for the U. S. missile and rocket program with Min-K, an insulation that performs better the higher it flies. In fact, Min-K is also playing an important part in Freeport's 7-mile pipeline which stretches out to the mine from Grand Isle, La., a squall-swept island 110 miles southwest of New Orleans. It is also the first time this product goes below the earth's surface to fight heat problems.

The deposit is the third largest sulphur deposit in the United States. Freeport's offshore venture, also known as Grand Isle, is the sulphur industry's first and Freeport's spectacular bid for increased production capacity.

Developed for the most rugged industrial service—and the Freeport job certainly must be regarded as the toughest assignment for the J-M product to date—Thermobestos is a superior high temperature pipe and block insulation. It is especially recommended for use in the power generation and process industries on indoor and outdoor piping and equipment operating at temperatures up to 1,200 F. It has the lowest "k" factor of all insulations in general use in these industries.

Repeated wettings have no permanent effect on Thermobestos. It is light enough for easy handling and fast application, and its unusual structural strength resists breakage and will withstand unusual service abuse. Because it will not burn or carry flame, Thermobestos is ideal for use in the presence of inflammable gasses and liquids. It is rated one of the best of the calcium silicate insulations by pipe engineers. Thirteen freight carloads of the material were required for the Grand Isle job.

Although a comparatively new product, it has already received wide acceptance in the petroleum, chemical, power generation, marine and other industries where its unique combination of properties means excellent temperature control as well as practically unlimited service life.

In Min-K, Johns-Manville research scientists, after years of testing, developed a shaped insulating material with a thermal conductivity well below the molecular conduction of air or the so-called "conductivity of still air." Min-K is a bonded structure reinforced with fibrous media and contains appreciable quantities of particulate matter.—V. 190, p. 362.

Kaiser Aluminum & Chemical Corp.—New Affiliate to Build Plant in India—

This corporation and the Birla interests in India, headed by G. D. Birla, Indian industrialist, have completed plans to establish integrated aluminum producing facilities in India, according to Edgar F. Kaiser, Chairman.

Kaiser Aluminum and Birla have organized Hindustan Aluminum Corp., Ltd., as a joint venture to build and operate a 20,000-metric-ton aluminum production plant at Rihand, in Uttar Pradesh province of Central India, together with related bauxite and alumina facilities, Mr. Kaiser said.

Total cost of the project is estimated by Kaiser at about $30,000,000.

Kaiser Aluminum, based in Oakland, Calif., will hold about 27% of Hindustan Aluminum's ordinary shares, with the remainder being owned by Birla interests and the public in India. Preference shares in the company will be subscribed in India. Hindustan Aluminum has applied to the U. S. Export-Import Bank for long-term dollar and rupee loans totaling $15,750,000 to help finance construction of the project.

The Kaiser Engineers division of Henry J. Kaiser Co., a subsidiary of Kaiser Industries Corp., will build the Hindustan facilities, which are expected to start operation in 1962. Power for the Hindustan alumina refining and aluminum production plants will come from the Rihand Dam, in Central India, and bauxite supplies will be obtained from the relatively nearby Amarkantak area, the announcement said. —V. 190, p. 360.

—V. 190, p. 566.

Kimberly-Clark Corp.—New President—

William R. Kellett, Executive Vice-President has been elected President, succeeding John R. Kimberly, who continues as Chairman and Chief Executive Officer.

G. Kenneth Crowell, Vice-President and Secretary, has been elected Executive Vice-President. Two Vice-Presidents, Lewis E. Phenner and Andrew G. Sharp, were named Senior Vice-Presidents.

William J. French becomes Sales Vice-President for consumer products, and William W. Cross became Sales Vice-President for industrial products. Roger A. Baird, Assistant Secretary, was named Secretary. —V. 190, p. 52.

Kittanning Telephone Co.—Registers With SEC—

This company, located in Kittanning, Pa., filed a registration statement with the SEC on Aug. 24, 1959, covering 14,000 shares of common stock, to be offered for public sale at $25 per share. No underwriting is involved. The stock is to be offered for subscription by holders of outstanding common stock (at about 0.212 new shares for each share held, but a fractional interest will entitle the holder to purchase one whole share). The prospectus states that K. B. Schotte, Jr., general manager, holds 4,300 common shares and has agreed not to exercise his subscription rights, to the extent necessary to provide additional fractional shares to enable the company to issue a full share to any subscribing shareholder entitled to a fractional interest in a share. Employees will be entitled to purchase up to an aggregate of 1,000 shares.

The company now has outstanding 66,000 common shares (in addition to preferred stock and certain indebtedness). Net proceeds of the sale of additional common stock will be applied by the company to repay in part a $450,000 bank loan. This loan represents borrowings to provide funds for the purchase of new equipment and material necessary to the company's modernization, improvement and expansion program.—V. 173, p. 1173.

Lee Transportation Co., St. Louis, Mo.—Files With SEC

The company on Aug. 18 filed a letter of notification with the SEC covering 5,000 shares of preferred stock to be offered to employees at par ($10 per share), without underwriting.

The proceeds are to be used for general operating funds.

Leeds Travelwear, Inc. — Stock Offering Oversubscribed—Mention was made in our Aug. 24 issue of the public offering on Aug. 20 of 262,500 shares of class A common stock (par $1) at $5.75 per share, by an underwriting group headed by Auchincloss, Parker & Redpath and G. H. Walker & Co. This offering was oversubscribed and the books closed. Further details follow:

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
Current bank borrowing		$125,000
Common stock A—$1 par	*1,000,000 shs.	350,000 shs.
Common stock B—$1 par	600,000 shs.	400,000 shs.

* 10,000 shares of common stock A are reserved for issuance upon the exercise of transferable warrants for the purchase of common stock A.

DIVIDENDS—To date the management of the company has deemed it advisable to retain all available earnings for the expansion of business and reduction of debt. No dividends have been declared on the common stock of the company or its subsidiaries. It is the present intention of the directors of the company to declare an initial dividend of 8¾ cents per share of common stock A to be paid to holders of record on a date between Oct. 15, 1959 and Nov. 1, 1959. There is no assurance as to future dividends, however, since they are

Ling-Altec Electronics, Inc.—To Redeem Debentures And Preferred Stock—

The corporation has called for redemption all of its outstanding 5¾% subordinated convertible debentures due Dec. 1, 1970, and all of its $1 par value 6% cumulative convertible preferred stock as of the close of business Sept. 30, 1959.

The debentures, of which $574,000 principal amount are outstanding, are redeemable at 100% and accrued interest, and the 699,236 shares of preferred stock are redeemable at 105% of par, plus accrued dividends. Interest on the debentures will cease to accrue from and after the redemption date. Redemption of both securities issues will be made through Mercantile National Bank, Dallas, Texas.

The right to convert the debentures and preferred stock into common stock ends at the close of business Sept. 30, 1959. The conversion price for debentures is $13 per share of common, and the stock conversion ratio is one share of common for 10 shares of preferred.—V. 190, p. 772.

Lithium Corp. of America, Inc. — Terminates Quebec Lithium Contract—

This corporation on Aug. 24 announced that it had informed Quebec Lithium Corp. that the raw materials purchase contract between the two companies has been terminated and that it would not accept any further deliveries of spodumene ore concentrates from Quebec Lithium Corp. The company stated that it intends to resume the mining and use of its own North Carolina ore in 1960, when its present inventories of concentrates and raw ores will have been exhausted. Large deposits of lithium-bearing ore, located within a 15 mile radius of its Bessemer City, N. C., plant, are owned or controlled by Lithium corporation.

On Aug. 6, 1959, Lithium corporation announced the intention of moving its St. Louis Park, Minn. production facilities, research and development laboratories, and pilot plant to Bessmer City, and of moving its executive offices to the eastern seaboard. At that time it estimated that the savings resulting from these moves would amount to about $500,000 in 1960 and more thereafter. The company on Aug. 24 stated that preparations for the move are proceeding on schedule, that the construction of the new facilities at Bessemer City is underway, and that production from these new facilities is expected to begin about Jan. 15, 1960.—V. 190, p. 672.

Maytag Co. — 12,000,000th Home Laundry Appliance

Production of its 12-millionth home laundry appliance—a record unchallenged in the industry—has been attained by this company, it was announced on Aug. 4.

G. M. Umbreit, Executive Vice-President and Treasurer, speaking at a luncheon program following manufacture of the historic appliance —a deluxe electric clothes dryer—said he was "certain that well over half" of Maytag's 12-million appliances "are still in regular use in homes throughout America."

"I wonder," he added, "if perhaps that isn't the greater achievement."—V. 190, pp. 53 and 262.

Meeker's Chemical & Ore Supply Works, Inc., Laguna Beach, Calif.—Files With SEC—

The corporation on Aug. 12 filed a letter of notification with the SEC covering 300,000 shares of common stock to be offered at par ($1 per share), without underwriting.

The proceeds are to be used for equipment, production, processing, payroll, working capital, etc.

Mercantile Acceptance Corp. of California, San Francisco, Calif.—Files With SEC—

The corporation on Aug. 13 filed a letter of notification with the SEC covering $91,000 of 15-year 6% capital debentures to be offered at par, thorugn Guardian Securities Corp., San Francisco, Calif.

The proceeds are to be used for working capital.—V. 189, p. 2459.

Mesta Machine Co.—Awarded Contract—

This company has been awarded a contract covering the design and manufacture of a 132 in. Four-High Reversing Plate Mill and auxiliary equipment for Republic Steel Corp. at Gadsden, Ala. —V. 189, p. 1024 and V. 184, p. 220.

Miami Window Co.—SEC Challenges Financial Data—

The Securities and Exchange Commission on Aug. 24 announced proceedings under the Securities Act of 1933 which challenge the adequacy and accuracy of certain financial information contained in a registration statement filed by this corporation. A hearing for the purpose of taking evidence on the question whether the statement is deficient in the respects charged and, if so, whether a "stop order" should be issued suspending its effectiveness, is scheduled for Sept. 4, 1959, in the Commission's Washington Office.

The Miami Window registration statement was filed Feb. 25, 1959, and proposed the public offering of $3,500,000 of 15-year 6½% sinking fund debentures (with attached warrants) and 150,000 shares of 70 cents cumulative convertible preferred stock, $8 par. These debentures were to be offered for public sale at 100% of their principal amount, with a 9¾% commission to the underwriters; and the preferred stock was to be offered for sale at $10 per share, with a $1.20 per share commission. The statement became effective March 24, 1959, and (it is understood) the securities were sold. Net proceeds of the sale of the securities were to be used by the issuing company to pay off certain loans, advances and accounts payable and for other purposes. The company manufactures and sells aluminum-frame windows, doors, kitchen equipment, wrought aluminum furniture and other products.

The Commission asserts that the registration statement appears false and misleading with respect to Miami Window's financial condition and operating results, as set forth in the prospectus under the heading "Summary of Earnings" and as presented in accompanying financial statements, particularly with respect to (1) The amounts at which cost of goods sold, selling, general and administrative expenses, net income, and earnings per share are stated for the nine months ended Nov. 30, 1958 as set forth under the heading "Summary of Earnings"; (2) The amounts at which cost of goods sold, selling, general and administrative expenses, and net income are stated in the Consolidated Statement of Income for the nine months ended Nov. 30, 1958; (3) The amounts at which inventories, prepaid expenses, and fixed assets are stated in the Consolidated Balance Sheet as at Nov. 30, 1958; (4) The amount at which earned surplus is stated in the Consolidated Statement of Earned Surplus for the nine months ended Nov. 30, 1958.

The Commission also questions the adequacy and accuracy of the accountants' certificate accompanying the financial statements, more particularly the representations concerning the auditing standards and procedures followed by the accountants and the representations that the financial statements present fairly the consolidated financial position of Miami Window and its subsidiaries at Nov. 30, 1958, and the results of their operations for the nine months ended that date, and that the summary of earnings summarized fairly the net income, all in conformity to generally accepted accounting principles applied on a consistent basis during the period under review.—V. 190, p. 773.

Mile High Hockey, Inc.—Common Stock Offered—

Copley & Co. on Aug. 14 publicly offered 220,000 shares of common stock (par 50 cents) at $1 per share.

PROCEEDS—The net proceeds will be used for expenses incidental to starting up a team for the International Hockey League, for working capital and other corporate purposes.

BUSINESS—The company was incorporated under Colorado law on Aug 8, 1958. The office and present address of the company is Suite 222 Majestic Building, Denver, Colo.

The principal purpose of the company is to engage in the business of developing and promoting ice hockey, and the company has been granted a franchise from the International Hockey League to organize an ice hockey team. The company plans on commencing its program for the 1950-1960 season and expects to have a team ready for the Oct. 30, 1959 opening.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
Common stock (par 50 cents)	499,000 shs.	297,144 shs.

—V. 190, p. 773.

Minute Maid Corp.—Probable Consolidation—

This corporation and Tenco, Inc., of Linden, N. J., manufacturer of soluble coffee products, have been holding discussions looking toward the possible consolidation of the two companies, according to a joint statement released on Aug. 27. The statement said: "Up to the present time, however, no agreement has been reached and no contract has been signed."—V. 190, p. 773.

—V. 190, p. 566.

Motor Products Corp.—Plans Stock Split—

Ray Nigro, President, said that the directors at their August meeting will give consideration to authorizing a two for-one stock split, which would be subject to approval of the stockholders at the annual meeting to be held in New York City on Nov. 4. He said that the directors, if the split were approved, would also consider raising the quarterly dividend rate to 25 cents a share on the new stock, which would be equivalent to increasing the present dividend from 40 cents to 50 cents quarterly.

"This dividend increase," Mr. Nigro said, "is justified by the earnings of our operating divisions for the fiscal year which ended June 30, apart from the earnings which will be added by our recent acquisitions."

The corporation in July acquired Braden Winch Co. and Arrow Gear Co., manufacturers of truck and tractor winches, power take-offs and gears. Sales of the two companies were said to approximate $4,000,000 a year, with pretax earnings equivalent to about $2.50 a share of Motor Products stock.

Bond Steel & Storage Co., which furnishes a specialized industrial warehousing service in the Detroit area, was acquired in June. A month earlier, Motor Products acquired an 80% interest in Trionics Corp., a research and development firm specializing in design of advanced electronics components and new materials for electronics applications. Trionics is also reported to be developing commercial applications of basic processes for which it holds patents.—V. 190, p. 673.

Mycalex Corp. of America—Publishes House Organ—

The first issue of its house organ, the Mycalex News, has just been published by this corporation. Its appearance marks the 40th anniversary of the invention of glass-bonded mica, which electrical insulating material, known under the trademark name "Mycalex" is the company's principal product.

In addition to news of the activities of the company, of its affiliates and of its division, the Synthetic Mica Co., the inaugural issue features the first of a four-part series on the development of synthetic mica, giving the story of the lengthy research leading to the successful synthesis of this strategic material and to its development from a laboratory curiosity to large-scale commercial production. The first article in the series, "The Origin of Synthetic Mica," is by P. S. Hessinger, Acting Director of Research and Development.

The Mycalex News is being published periodically with the objective of contining news of the company's activities and developments in the field of high temperature insulation which will be of interest to engineers in the electrical, electronics and allied industries. The publication is distributed to personnel and selected customers of the company. However, the company has announced that engineers who wish copies of the first and succeeding issues may address their requests to: the Mycalex News, Mycalex Corp. of America, Clifton, N. J.—V. 190, p. 463.

Narda Ultrasonics Corp.—Announces Expansion—

The corporation has just expanded into a second building in the New Cassel area of Westbury, L. I., N. Y. The new building is a 10,000 square foot, one-story structure adjacent the main Narda plant.—V. 190, p. 567.

Nation-Wide Securities Co., Inc.—Asset Value Up—

Total net assets were $34,432,757 on July 31, 1959 as against $30,211,261 on July 31, 1958. Net asset value per share on July 31, 1959 was $24.01 as against $19.16 on July 31, 1958.—V. 189, p. 1024.

National Bellas Hess, Inc.—Opens Center—

Government Employees Exchange, Inc., a huge one-stop buying center for government employees and affiliated groups, officially opened in Oklahoma City, Aug. 27.

Government Employees Exchange, known as G.E.X., is a subsidiary of National Bellas Hess, Inc. It is not affiliated with any governmental agency. The 70,000 square foot store is the first of several similar membership-retail stores planned by National Bellas Hess.

In addition to offering members merchandise carried by conventional Department Stores, G.E.X. will offer its members such unusual departments as Drugs, Prescriptions, New Cars, Gasoline and Insurance.

G.E.X. is a member of the National Association of Consumer Organizations, Beverly Hills, Calif., an organization composed of 28 similar membership-retail stores across the nation.—V. 188, p. 2508.

National Biscuit Co.—Sale of Property—

The company took back a $5,000,000 purchase money mortgage in the recent sale of its plant on West Fourteenth Street in New York City to the Glickman Corp. An additional $2,000,000 in cash was deposited by the buyer in escrow for property improvements.

Title has been taken in the name of a syndicated partnership headed by Louis J. Glickman.

The total investment by the partnership in the property amounts to $9,500,000. Of this amount, $4,500,000, which includes the escrow money, will be used by the Glickman Corporation of Nevada as net lessee of the entire property to develop the property under the name of the Manhattan Industrial Center. ("New York Times").—V. 185, p. 614.

National Research Corp.—New Missile Contracts—

The corporation has announced receipt of contracts in the missile field amounting to $483,000 since May 1.

All of the contracts, which involve solid propellant fuels and high-temperature metals, are the result of self-sponsored research conducted by the company during the past year, according to company spokesmen. —V. 190, p. 361.

National Theatres & Television, Inc.—New Name—

See National Theatres, Inc. above.—V. 190, p. 263.

National Theatres, Inc.—Change in Name Approved—

The stockholders on Aug. 25 voted at a special meeting to change the name of the corporation to National Theatres & Television, Inc.

President John E. Bertero stated that the new name appropriately reflects the additional activities in which NT&T is now engaged. In addition to a continuation of its theatre exhibition activities, he said, NT&T through subsidiaries is now engaged in the production of programs for television, the distribution to others of motion pictures and filmed series and tape shows for telecasting, and in the operation of TV and radio stations.—V. 190, p. 263.

Navco Electronic Industries, Inc., Santa Monica, Calif. —Files With Securities and Exchange Commission—

The corporation on Aug. 18 filed a letter of notification with the SEC covering 142,800 shares of common stock (par $1) to be offered at $2 per share, through Aetna Securities Corp., New York, N. Y.

The proceeds are to be used to purchase a plant, equipment, material, inventory and for working capital.

New Haven Water Co.—Partial Redemption—

The company has called for redemption on Oct. 1, next, $17,000 of its general and refunding 3¼% bonds, series B, due Oct. 1, 1975 at 104½%. Payment will be made at the First New Haven National Bank, New Haven, Conn.—V. 190, p. 567.

New York, Chicago & St. Louis RR.—Orders Box Cars

The Nickel Plate Road has placed orders for 500 50-ton all-steel box cars with General American Transportation Corp., Chicago, at at estimated cost of $6,000,000, F. S. Hales, President announced on Aug. 12. Subject to the availability of steel, delivery is scheduled to commence in the fourth quarter of 1959.—V. 190, p. 567.

New York & Harlem RR.—Stock Trading Suspended—

The Board of Governors of the New York Stock Exchange on Aug. 20 voted to suspend trading, effective at the opening of the market Aug. 31, in the common stock of this company and the Mahoning Coal RR. Co.

Application will be made to the Securities and Exchange Commission to delist the issues.

The number of shares of each of these issues available for the market has been so reduced that the Board considered the issues to be no longer suitable for trading in the Exchange's market. The Board normally considers delisting a "guaranteed" railroad stock when the shares outstanding, exclusive of concentrated holdings, amount to 10,000 shares or less.

Both the New York & Harlem RR. Co. and the Mahoning Coal RR. Co. are operated under lease by the New York Central RR. Co.

New York Central holds 163,439 common shares of New York & Harlem, leaving only 9,682 shares publicly held by 174 stockholders. Three listed New York & Harlem bond issues are not affected by the Board's action of Aug. 20.

New York Central holds 24,006 common shares of Mahoning Coal RR., leaving only 5,994 shares publicly held by 279 stockholders. —V. 162, p. 2647.

Nielsen-Tupper Instruments, Inc., Seattle, Wash.— Files With Securities and Exchange Commission—

The corporation on Aug. 19 filed a letter of notification with the SEC covering 29,399 shares of class A common stock to be offered at par ($1 per share), through Crawford Goodwin Co., Seattle, Wash.

The proceeds are to be used to purchase machines, tools, office equipment, furniture, drafting adn printing equipment and for working capital.

Northland Chemical Co., East Grand Forks, Minn.— Files With Securities and Exchange Commission—

The company on Aug. 19 filed a letter of notification with the SEC covering 1,163 shares of class A common stock to be offered at par ($100 per share), without underwriting.

The proceeds are to be used to construct an additional steel storage building and for working capital.—V. 186, p. 1378.

Northern Indiana Transit, Inc.—To Redeem Bonds—

The corporation has called for reedemption on Oct. 1, 1959, all of its outstanding first and general mortgage 5% income bonds, series A and B, due April 1, 1964 at 100% plus accrued interest. Payment will

gitized for FRASER
ttp://fraser.stlouisfed.org/

be made at the Harris Trust & Savings Bank, 115 W. Monroe St., Chicago, Ill.—V. 183, p. 2766.

Northwest Defense Minerals, Inc., Keystone, S. D.—Common Stock Offered — Caldwell Co., of New York City, on Aug. 20 publicly offered 300,000 shares of common stock (par 10 cents) at $1 per share.

PROCEEDS—The net proceeds will be used for exploring and recovering strategic materials and producing same.

BUSINESS—The company mines beryllium.—V. 189, p. 2569.

Norton Portland Corp.—Stock Offering Suspended by Securities and Exchange Commission—

The Securities and Exchange Commission has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of stock by this corporation, located at 98 Exchange St., Portland, Maine, because it appears that the company's offering circulars are false and misleading in respect of certain material facts.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding $300,000 in amount. In a notification filed Aug. 19, 1958, Norton Portland proposed the public offering of 29,265 shares of its class B non-voting common stock at $10 per share. The Commission's suspension order asserts that, by reason of the false and misleading representations in the company's offering circulars, the offering and sale of its stock has been made and would be made in violation of Section 17 (the anti-fraud provision) of the Securities Act. A hearing will be held, upon request, on the question whether the suspension order should be vacated or made permanent.

The representations in the Norton Portland offering circulars challenged by the Commission pertain to the following: (1) statements in reference to the company's Wonsover machines that "These machines are being offered for sale by reputable farm machinery dealers throughout the world"; (2) statements that "In the United States, such companies as American Chain and Cable Co., Inc., American Bosch Arma Corp., . . . have expressed an interest in the manufacture and/or distribution of the CARBON MONIXIT"; (3) statements concerning the interest shown in the company's Carbon Monoxit by the Los Angeles Air Pollution Control District; and (4) a statement concerning the interest shown in the company's Carbon Monoxit by the New York Department of Air Pollution Control.

The company is primarily engaged in research and development of specialized machinery and equipment for the agricultural and automotive industries, including a soil conditioning apparatus known as the Wonsover machine which would perform all crop planting functions in one pass over the land and an apparatus to remove carbon monoxide from the exhaust of internal combustion engines under the name "Carbon Monoxit."—V. 188, p. 1047.

Nuclear-Chicago Corp. — Announces a Program of Custom Synthesis of Carbon-14 Compounds—

This corporation has announced a new program to provide custom synthesizing of chemical compounds labelled with radioactive carbon-14. This program is designed to offer the biomedical or industrial researcher a new source for unusual and "non-stock" carbon-14 compounds.

Request for custom synthesis may be directed to any Nuclear-Chicago branch office or to the home office. Included should be information on total radioactivity, specific activity, and position of labelling desired. An evaluation normally requires 30 days, at which time the customer is advised concerning production feasibility, price, and delivery.

All custom synthesized compounds are subjected to a series of analytical tests designed to insure chemical and radiochemical purity.—V. 190, p. 674.

Oil, Gas & Minerals, Inc.—Stop Order Proceedings—

See American Investors Syndicate Inc. above.—V. 189, p. 1797.

Pacific Gas & Electric Co.—Bonds Offered—Blyth & Co., Inc. headed an underwriting syndicate which offered publicly on Aug. 26 a new issue of $65,000,000 first and refunding mortgage bonds, 5% series EE, due June 1, 1991, at 100% and accrued interest. The underwriters bought the bonds at competitive sale Aug. 25 by bidding 99.36% for the indicated coupon.

The First Boston Corp. and Halsey, Stuart & Co. Inc. (jointly) bid 99.31999%, also for a 5% coupon.

The series EE bonds are redeemable at general redemption prices and sinking fund redemption prices ranging from 105% to the principal amount.

PROCEEDS—The net proceeds from the sale will be used by the company for costs of additions to its properties. Initially Pacific Gas and Electric plans to repay $30,500,000 of short-term bank loans incurred for such additions. Costs in the full year 1959 for extending and enlarging facilities are expected to amount to $156,000,000.

BUSINESS — The company, an operating public utility, provides electric and gas service throughout most of northern and central California. The territory served has a population of about 6,310,000 and inclues 1,877,000 electricity customers and 1,584,000 gas customers.

EARNINGS—Total gross operating revenues in the 12 months ended June 30, 1959 were $556,669,000 and net income before interest and other income deductions was $115,205,000, compared with $534,778,000 and $110,638,000, respectively, in the calendar year 1958.

Pacific Finance Corp.—Registers With SEC—

This corporation, located at 621 South Hope St., Los Angeles, filed a registration statement with the SEC on Aug. 24, 1959, covering 160,000 shares of common stock, to be offered for public sale through an underwriting group headed by Blyth & Co., Inc., and Hornblower & Weeks. The initial public offering price will be related to the current price of outstanding shares on the New York Stock Exchange at the time of offering; and the underwriting terms are to be supplied by amendment.

The company, directly or through subsidiaries, is engaged primarily in automobile sales financing, direct lending to consumers on automobiles and other personal property, and the writing of insurance. It now has outstanding 1,250,000 common shares (in addition to other securities and indebtedness).

Net proceeds of the sale of additional stock will be added to the working capital of the company and may initially be applied to the reduction of short term notes.

According to the registration statement, the board of directors has expressed its intention to increase the quarterly dividend on common stock to 65c per share, payable Dec. 1, 1959, when that dividend is declared. Dividends of 60c per share have been paid quarterly since June 1, 1957.

To Redeem Preferred Stock—

The corporation has called for redemption on Sept. 30, 1959 all of the outstanding shares of its preferred stock, 5% series ($100 par value), at the applicable redemption price, to wit: $104 per share plus accrued dividends from Aug. 1, 1959 to Sept. 30, 1959 in the amount of 83⅓ cents per share, or a total of $104.83⅓ per share.

Such redemption price shall become payable on Sept. 30, 1959 at the office of California Bank, 629 South Spring St., Los Angeles 54, Calif., upon surrender of the certificates representing such shares. No prepayment will be made prior to Sept. 30, 1959.—V. 189, p. 1132.

Pantex Manufacturing Corp.—New Officers, etc.—

Daniel Hickey, President of Caldwell & Co. Inc., New York, on Aug. 11 was elected Vice-Chairman of the Board and Frank Ginberg, President of Strauss Ginberg & Co., Inc., is Chairman of the Executive Committee.

New directors on the Pantex board are Irving Foster and Harry Schwartz. They replace Lewis Gerber, who was elected Secretary, and Jerome Kline, who becomes Assistant Secretary. Mr. Foster is President of I. D. Foster Sportswear Co., Inc., New York. Mr. Schwartz is president of Automatic Cafeterias, Inc., Camden, N. J.

Michael Brodsky, who was the corporation's Secretary, continues as a director and as President of Spinform, Inc., a Pantex wholly-owned subsidiary in Attleboro, Mass.—V. 184, p. 2785.

Peabody Coal Co.—Partial Redemption—

The company has called for redemption on Oct. 1, 1959, $1,950,000 principal amount of its 5¼% sinking fund debentures due 1976. Payment, at the principal amount plus accrued interest, will be made at The First National City Bank of New York, trustee, New York City. —V. 190, p. 774.

Peoples Gas Light & Coke Co.—Work Progresses—

A tunnel being dug under the Calumet River for a natural gas pipeline under construction between Joliet and Chicago is nearing completion, the company announced on Aug. 17.

Workmen are excavating earth on remaining segments and pouring concrete for the outer shell of the tunnel, the 75-foot shafts on the north and south bank of the river having been completed. The top of the tunnel is about 60 feet below the water surface. The tunnel, estimated to cost $481,000 when completed, is designed to accommodate a second line for future expansion.

The 60-mile pipeline, estimated to cost $17,000,000, is being constructed by Peoples Gas and Chicago District Pipeline Co., a subsidiary. Work on the project, known as the Third Calumet Line, was begun June 1. The pipeline is expected to be completed and placed into operation in early Fall.

When completed, the line, with a design capacity of 557 million cubic feet per day, will transport gas supplies for residential, commercial and industrial customers of gas utilities serving Chicago and surrounding areas. It also will provide flexibility for future growth of gas supplies in the Chicago area.—V. 189, p. 2722.

Perkin-Elmer Corp.—Secondary Offering—A secondary offering of 28,000 shares of $1 par common stock (giving effect to 2-for-1 stock split on Sept. 1) was made on Aug. 26 by Blyth & Co., Inc., at $28.50 per share, with a dealer's concession of 85 cents per share. This offering is being continued.—V. 190, p. 362.

Pioneer Finance Co.—Debentures Sold—Mention was made in our Aug. 24 issue of the public offering on Aug. 19 of $1,000,000 6% subordinated capital debentures due Aug. 1, 1971 (with warrants to purchase 75,000 shares of common stock) at 100%, plus accrued interest from Aug. 1, 1959, by an underwriting group headed by White, Weld & Co. and Watling, Lerchen & Co. This offering was oversubscribed and the books closed. The offering was made in units, each consisting of a $1,000 debenture with warrants entitling the holder thereof to purchase 75 shares of common stock at $11 per share on and after Oct. 1, 1959, and through Aug. 1, 1964. Further details follow:

*85,000 shares are reserved against exercise of warrants and options, of which 10,000 shares as of June 30, 1959, are for restricted stock options held by directors and officers; and 75,000 shares are issuable in connection with warrants attached to the debentures now being offered.

UNDERWRITERS—The underwriters named below, through their representatives, White, Weld & Co. and Watling, Lerchen & Co., have severally agreed to purchase from the company the following respective principal amounts of debentures:

White, Weld & Co.	$213,000	Kenower, MacArthur & Co.	$25,000
Watling, Lerchen & Co.	217,000	Manley, Bennett & Co.	70,000
Baker, Simonds & Co., Inc.	50,000	Mullaney, Wells & Co.	50,000
Campbell, McCarty & Co., Inc.	25,000	Wm. C. Roney & Co.	70,000
First of Michigan Corp.	80,000	Rotan, Mosle & Co.	70,000
Hayden, Miller & Co.	50,000	Smith, Hague & Co.	50,000
		Hudson White & Co.	25,000

See also V. 190, p. 774.

Pittsburgh, Ft. Wayne & Chicago Ry.—Delisting of Stk.

See Cleveland, Cincinnati, Chicago & St. Louis Ry. above.—V. 190, p. 362.

Pittsburgh & Lake Erie RR. — Equipment Trust Certificates Offered—Salomon Bros. & Hutzler and associates on Aug. 27 offered $3,150,000 of 4⅝% non-callable equipment trust certificates maturing annually, Sept. 15, 1960 to 1974, inclusive. The certificates, priced to yield 4.75% for the 1960-1969 maturities and 4.70% for the 1970-1974 maturities, were awarded to the group on Aug. 26 on its bid of 98.722%.

Halsey, Stuart & Co. Inc. bid 98.43% for the certificates, also as 4⅝s.

The issue is to be secured by 500 all-steel self-clearing hopper cars, estimated to cost $4,150,000.

Associates in the offering are: Drexel & Co.; Eastman Dillon, Union Securities & Co., and Stroud & Co., Inc.—V. 190, p. 674.

Powell River Co., Ltd. — Registers Exchange Offer With Securities and Exchange Commission—

This company, located at 1204 Standard Building, Vancouver, B. C., Canada, filed a registration statement on Aug. 20, 1959, with the SEC covering 4,500,000 ordinary shares. Powell River proposes to offer these shares (and additional shares in Canada), as constituted following a two-for-one subdivision of the shares in September 1959, to holders of, and in exchange for, outstanding class "A" and class "B" shares of MacMillan & Bloedel Limited, on the basis of seven shares of Powell River stock for three shares of MacMillan & Bloedel stock, whether class "A" or class "B."

Powell River has entered into an agreement in and for the United States with White, Weld & Co., Wood, Gundy & Co., Inc., and Greenshields & Co. (N. Y.) Inc. (the U. S. Dealer Managers) and in and for Canada with Wood, Gundy & Co., Limited and Greenshields & Co., Inc. (the Canadian Dealer Managers) whereby such companies have agreed to use their best efforts to solicit acceptances of the exchange offer.

On consummation of the exchange, the name of Powell River is to be changed to "MacMillan, Bloedel and Powell River Limited." The board of directors of Powell River is to be increased and the vacancies filled by the directors in such manner that the Board shall contain equal representation of Powell River and MacMillan & Bloedel with the Hon. J. V. Clyne appointed as an additional Director and Chairman with a casting vote. Upon consummation of the exchange the present shareholders of MacMillan & Bloedel will hold a majority of the shares of Powell River. The plan has been approved by the Board of Directors of MacMillan & Bloedel and by the Board of Directors and the shareholders of Powell River. All the directors and principal shareholders of MacMillan & Bloedel have advised that they propose to accept the exchange offer.—V. 189, p. 813.

Precision Industries, Inc., Minneapolis, Minn. — Files With Securities and Exchange Commission—

The corporation on Aug. 13 filed a letter of notification with the SEC covering 250,000 shares of common stock (par 10 cents) to be offered at $1.15 per share, without underwriting.

The proceeds are to be used for acquisition of electronic checking equipment and machine tool equipment and for working capital.

Provident Management Corp., Philadelphia, Pa.—Files With Securities and Exchange Commission—

The corporation on Aug. 14 filed a letter of notification with the SEC covering 456,667 shares of non-voting class A common stock (par 50 cents) to be offered at 60 cents per share, without underwriting.

The proceeds are to be used for working capital, investments and acquisitions.

Puget Sound Power & Light Co.—To Sell Bonds—

This company expects to call for public bids Oct. 28 on its proposed $20,000,000 first mortgage bond issue, according to J. H. Clawson, Vice-President. Provisions are not yet completed but the first-mortgage issue "probably will be 30-year bonds," Mr. Clawson said.

The company is preparing to file its registration statement with the Securities and Exchange Commission. The statement is expected to be filed "fairly early in September," said Mr. Clawson.

Proceeds of the sale will be used to reduce bank loans.—V. 189, p. 2354.

Radiation, Inc.—Plans Expansion—

Homer R. Denius, President, on Aug. 13 announced details on the formation of Radiation's Space Communications Division at Mountain View, Calif., the company's present activities, future growth and backlog.

The Florida Division is presently undergoing a long-range $4,000,000 building expansion program at Port Malabar, of which $1,100,000 is under construction. The Division includes plants in Melbourne, Pinecastle, and Orlando—all three adjacent to Patrick Air Force Base and Cape Canaveral.

Location of the Space Communications Division at Mountain View is due to the vital activity, both present and potential, that exists in the San Francisco area within the avionics and related industries. The new Division is in addition to both the national and West Coast

NATIONAL LIST OF OVER-THE-COUNTER SECURITIES

Quotations for Friday August 28

The following bid and asked quotations are obtained from the National Association of Securities Dealers, Inc., and other selected sources. They do not represent actual transactions. They are intended as a guide to the range within which these securities could have been sold (indicated by the "bid") or bought (indicated by the "asked") at the time of compilation. Origin of any quotation furnished on request. The "National" list is composed of securities which have a wide national distribution.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Aug. 29, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 12.5% above those of the corresponding week last year. Our preliminary totals stand at $22,815,058,322 against $20,286,500,730 for the same week in 1958, at this center there is a gain for the week ending Friday of 14.6%. Our comparative summary for the week follows:

CLEARINGS—RETURNS BY TELEGRAPH

Week Ending August 29—	1959	1958	%
New York	$11,363,314,161	$9,913,645,778	+14.6
Chicago	1,196,630,620	1,087,089,125	+10.1
Philadelphia	1,020,000,000	943,000,000	+ 8.2
Boston	76,824,139	639,835,846	+10.5
Kansas City	449,010,074	420,558,566	+ 6.8
St. Louis	353,300,000	322,400,000	+ 9.6
San Francisco	704,256,000	676,454,078	+ 4.1
Pittsburgh	413,411,675	430,702,887	— 4.0
Cleveland	561,100,529	530,496,461	+ 5.8
Baltimore	347,806,708	330,687,195	+ 5.2
Ten cities, five days	$17,115,653,906	$15,294,869,936	+11.9
Other cities, five days	4,757,838,680	4,159,692,325	+14.4
Total all cities, five days	$21,873,492,586	$19,454,562,261	+12.4
All cities, one day	941,565,736	832,938,469	+13.0
Total all cities for week	$22,815,058,322	$20,286,500,730	+12.5

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended Aug. 22. For that week there was an increase of 12.2%, the aggregate clearings for the whole country having amounted to $24,837,500,683 against $22,127,822,320 in the same week in 1958. Outside of this city there was a gain of 14.7%, the bank clearings at this center showing an increase of 9.7%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals record a gain of 9.5%, in the Boston Reserve District of 8.9% and in the Philadelphia Reserve District of 8.6%. In the Cleveland Reserve District the totals register an improvement of 14.8%, in the Richmond Reserve District of 10.2% and in the Atlanta Reserve District of 18.9%. The Chicago Reserve District shows an expansion of 22.5%, the St. Louis Reserve District of 13.4% and the Minneapolis Reserve District of 14.7%. In the Kansas City Reserve District the totals are larger by 13.0%, in the Dallas Reserve District by 15.3% and in the San Francisco Reserve District by 17.0%.

In the following we furnish a summary by Federal Reserve Districts:

SUMMARY OF BANK CLEARINGS

Week Ended August 22—	1959 $	1958 $	Inc. or Dec. %	1957 $	1956 $

GENERAL CORPORATION AND INVESTMENT NEWS

(Continued from page 10)

operations of Levinthal Electronic Products Inc. of Palo Alto, a wholly-owned subsidiary of Radiation. Merger of these two firms took place in April of this year.

Radiation's present backlog stands at $14,000,000 against $6,000,000 at this time last year. Sales for the present fiscal year ending Aug. 31 is expected to reach approximately $13,000,000, compared to $8,641,288 for the previous year.

Mr. Denius predicts that within five years, total San Francisco area employment will reach at least 2,500, the level expected at the Florida Division by the same year. Present employment at the Florida Division stands at 1,050, while on the Peninsula 130 are employed, with an expected rise to 350 within one year.

The Space Communications Division, in operation since April, is housed in a handsome glass- and mosaic-facaded building located in "Space Industrial Park," Mountain View. Square footage is 18,000 with an available 36,000 sq. ft. for further expansion.

Several other significant contracts have recently been awarded to Radiation. Among them, a $5,900,000 contract with Boeing for an airborne and ground digital telemetry system for the Minuteman Missile Program will represent the first time that the digital process has been applied to an operational missile. This contract is roughly half the dollar size of the company's total sales last year.

Only a few weeks ago Radiation was selected along with Philco and IT&T as the three-company team for developing an advanced communications satellite system called "Project Courier." Radiation received a $1,500,000 contract for their portion of this program.—V. 190, p. 265.

Radio City Products Co., Inc., Easton, Pa.—Files With Securities and Exchange Commission—

The corporation on Aug. 17 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 25 cents) to be offered at $3 per share.

The proceeds are to be used for machinery and electronic test equipment, environmental testing equipment, placing accounts payable on a discount basis, trade notes, retiring loans outstanding, research and development and for working capital.

Railway Express Agency, Inc. — ICC Urged to Act Quickly on Long Delayed Parcel Post Rate—

The corporation has formally asked the Interstate Commerce Commission to approve "promptly" long overdue parcel post rate increases, for which the Post Office first petitioned in April 1957 and then delayed filing of rate schedules, and to find that such increases are inadequate under law to cover the Government's out-of-pocket cost of providing the service.

The requested action, the company said would accomplish three things:

(1) It would quickly reduce taxpayer-borne parcel post deficits by $88 million a year.

(2) The way would be paved for prompt Post Office Department petitions to the I. C. C. for further parcel post rate increases which would be required by law in order to eliminate the remaining $78 million of the current $166 million annual taxpayer losses.

(3) The express company, along with other private transportation enterprises, would be able to "compete more effectively with the Post Office Department for the package traffic available for transportation."—V. 190, p. 464.

Real Estate Investment Trust of America, Boston, Mass.—Listing of Stock—

The Board of Governors of the American Stock Exchange has approved for original listing 753,696 capital shares of this company, which was organized in 1955. The company acquires, manages and leases and otherwise deals in real estate of any type and description including the buildings situated thereon. The company also was organized to purchase, sell, exchange and in any manner deal in stocks, bonds and other securities of corporations, partnerships or trusts.

Resistoflex Corp.—Western Division Enlarged—

The corporation's Western Division will move into new and expanded facilities at Anaheim, Calif., in September of this year.

The larger facilities (20,000 sq. ft.) will permit installation of additional processing equipment for increased production of Fluoroflex-T hose and hose assemblies of Teflon for the aircraft and missile markets. New processing equipment will also be added to provide the 11 western states with Fluoroflex-T piping and components used in highly corrosive, high temperature chemical processing.

G. G. Bell, General Manager of the Western Division indicated the expansion will more effectively serve the growing demand for Fluoroflex-T products.—V. 189, p. 814.

Reynolds Metals Co.—Aluminum Housing Program—

Plans for New York's and the nation's biggest aluminum housing program were announced on Aug. 21.

Aluminum homes will be offered in the $42 million North Point project which will open on Long Island, N. Y., in September, according to the joint announcement made by the Osias Organization, one of New York's largest development firms; the Clinton G. Bush Construction Company, of Huntington Station, L. I., nationally known home manufacturers; and Reynolds Metals Co.

The program, devised after two days of talks among officials of the three firms, calls for the immediate design and construction of an aluminum model home in the 2400-unit development, largest since Levittown.

Plans to introduce aluminum homes in other Osias developments also were discussed during the session. The organization is planning housing developments in four states along the Eastern seaboard on properties which could accommodate a projected 20,000 homes.

The Osias Organization is now constructing three other model homes in Huntington. Construction of the fourth model, featuring the maintenance-free advantages of aluminum, is expected to be completed in late September or October. The homes will be in the $16,000 to $18,000 price range.—V. 190, p. 774.

Richman Brothers Co.—To Acquire Stein's Chain—

This company has completed negotiations to acquire Stein's Stores Inc., a large chain of men's wear stores, George H. Richman, President, announced on Aug. 11. The acquisition will be presented to Richman shareholders for action at a special meeting to be called as soon as practicable.

Included in the Stein's chain are 91 retail stores, located mainly in the south and southwest. Richman's present chain includes 118 stores in the northern part of the country. Both chains are exclusively for the direct sale of men's clothes. Richman would also acquire at the same time a factory at Knoxville, Tenn., which produces men's wear for Stein's and is owned by interests affiliated with Stein's.

No change in the name of Stein's Stores is contemplated, and the Stein organization will be held intact, the announcement said.—V. 183, p. 1114.

Rubbermaid, Inc.—New President—

Donald E. Noble, Executive Vice-President, has been elected President and General Manager to succeed Forrest B. Shaw, who recently resigned.—V. 189, p. 1134.

(F. C.) Russell Co.—Expands West Coast Operation—

In an expansion move on the West Coast, the company on Aug. 24 announced that its subsidiary, the Rusco Window Co. of Los Angeles, Calif., has changed its name to the Rusco Window Co., Inc., Pacific Coast.

William A. Russell has been appointed President of the western organization, replacing Charles P. Culbert, who has retired.

Frank C. Russell, President and Board Chairman of the parent company, said that plans have been completed to increase manufacturing facilities at the Los Angeles plant. Stepped up manufacturing will enable the company to extend its distribution to every market along the Pacific coast, Mr. Russell stated.—V. 190, p. 464.

Ryan Aeronautical Co.—Development Contract—

A $500,000 research and development contract for design and construction of a special type jet engine tailpipe to help provide unusual performance capability for the new Navy A2F-1 carrier-borne attack plane, has been awarded this company by Grumman Aircraft Engineering Corp.

Through an ingenious arrangement, details of which were not disclosed, the tailpipe will enable the plane to make extremely short take-offs and landings. Ryan is a pioneer in this field, having successfully developed for the Air Force the revolutionary Ryan X-13 Vertijet, world's first jet vertical take-off and landing (VTOL) aircraft, and the Model 92 Vertiplane now being developed for the U. S. Army and the Office of Naval Research as a short take-off and landing plane (STOL).

Ryan's new high energy forming facilities, in which dynamite is used for instantaneous forming of parts, will be employed in the fabrication of one of the major components of the tailpipe.

To meet Grumman's specifications, the tailpipe will be one of the

gitized for FRASER
p://fraser.stlouisfed.org/

lightest steel alloy structures of its kind ever built, requiring extremely careful design and stress work.

Testing of the first unit built under the contract will get underway soon in Ryan's vertical jet engine test cell, with the use of a Curtiss-Wright J-65 turbo jet engine. Eventually, it will be used with the exhaust of a Pratt & Whitney aircraft J-52 engine, the power plant for the A2F-1.

The A2F-1 research and development order has the potential for expanding into volume production contract, on completion of satisfactory performance tests, the announcement said.—V. 190, p. 464.

St. Louis-San Francisco & Texas Ry.—Earnings—

Period Ended July 31—	1959—Month—1958		1959—7 Mos.—1958	
Railway oper. revenue	$446,208	$435,294	$3,063,966	$2,581,919

Net railway oper. inc.	53,724	54,008	406,976	133,766

—V. 190, p. 265.

San Diego Imperial Corp.—Further Expansion—

The corporation on Aug. 27 broadened the scope of its operations by the purchase of Equitable Savings and Loan Association in Fort Worth, Texas.

Equitable, with assets of about $32 million, becomes the holding company's seventh Texas association and the thirteenth owned by SDIC. It is one of Fort Worth's oldest and largest associations, with two offices in that city.

T. Franklin Schneider, President of San Diego Imperial, said that all of Equitable's capital reserve stock was purchased for $3,000,000 through Texas Imperial Corp., a wholly-owned subsidiary.

The acquisition of Equitable increases San Diego Imperial's assets to more than $330,000,000, he added.

Within the last week, San Diego Imperial also has announced the acquisition of Commercial Savings and Loan Association, Wichita, Kan., the first to be acquired by a savings and loan holding company in the mid-West.

Simultaneously, it was announced that the company's fourth California savings and loan association, investors, in Pasadena, had been purchased. Other SDIC-owned California associations are South Bay, in Chula Vista; Suburban in San Diego, and Imperial in El Centro.

The corporation also owns Silver State Savings, Denver, Colo., and the following Texas associations in addition to Equitable; American, Dallas; Amarillo, Amarillo; First, Corpus Christi; Gibraltar, Houston; Grand Prairie, Grand Prairie, and Midland in Midland.—V. 190, p.716.

Seaboard Air Line RR.—Equipment Trust Certificates Offered — Halsey, Stuart & Co. Inc. and associates on Aug. 25 offered $4,470,000 of 4½% equipment trust certificates, maturing annually, July 1, 1960 to 1974, inclusive. The certificates, second and final instalment of an issue aggregating $8,940,000, are scaled to yield from 4.50% to 4.65%, according to maturity. They were awarded to the group on Aug. 24 on its bid of 98.15%.

Salomon Bros. & Hutzler bid 98.054% for the certificates, also as 4½s.

Issuance and sale of the certificates are subject to authorization of the Interstate Commerce Commission.

The entire issue of the certificates will be secured by 1,000 all-steel box cars estimated to cost $11,187,366.

Associates in the offering are: Dick & Merle-Smith; R. W. Pressprich & Co.; Hemphill, Noyes & Co.; Freeman & Co.; McMaster Hutchinson & Co.; and Shearson, Hammill & Co.—V. 190, p. 816.

Seaboard Allied Milling Corp.—New Name—

See Hathaway Industries, Inc. above.

Seaboard Finance Co.—Unit Launches Credit Card—

International Charge, Inc., a subsidiary, on Aug. 24 launched its multi-purpose credit card in California, Nevada and Arizona after a successful six-months pilot operation in Hawaii, William A. Thompson, Chairman of Seaboard, announced.

Over 10,000 merchants began honoring the International Credit Card held by approximately 500,000 cardholders in the three-state area. A portion of the credit cards were issued through cooperating banks.

The number of cardholders is expected to increase at an average rate of 15,000 per month in the area now covered. By the time the credit card becomes national, it will be in the hands of a minimum of 1,500,000 cardholders, Mr. Thompson estimated.

The consumer credit card covers daily expenses of the average family, emphasizing such outlets as department stores, clothing stores, garages and personal services. Thus, its primary purpose differs widely from credit cards which principally serve businessmen and the traveling public. No charge is made to either cardholder or merchant for the use of the card, Mr. Thompson noted.

The company will soon branch out into other western states. By Nov. 1, it also plans to put the card into operation in the Midwest out of the Chicago control center, and in the Canadian province of Ontario, out of the Toronto control center. The card will become national by Jan. 1, 1960, as it will be operated in the Atlantic coast states through a Philadelphia control center. Thus, the credit card will be honored nationally only nine months after Seaboard Finance initially indicated its intention of going into the field, which is an accelerated schedule over the original two-year estimate, Mr. Thompson pointed out.

In the Spring of 1960, International Charge will take steps to expand the credit card on an international scale by entering Europe and the Far East.—V. 188, p. 652.

Seagraves Mining Co., Inc., Portland, Ore.—Files With Securities and Exchange Commission—

The corporation on Aug. 5 filed a letter of notification with the SEC covering 300,000 shares of common stock (par 10 cents) to be offered at 80 cents per share for subscription by stockholders of record and the unsubscribed shares to the public at $1 per share. No underwriting is involved.

The proceeds are to be used for exploration and mining operations.

Security Title Insurance Co.—Split Voted—

The 3-for-1 stock split has been approved by stockholders and the additional shares will be distributed on Sept. 3 to stockholders of record Aug. 19, William Breliant, Chairman of the Board, reported on Aug. 21.

The directors declared an initial quarterly dividend on the split shares of 12½ cents per share, payable Oct. 1 to stockholders of record Sept. 10. This is a 25% increase over the quarterly rate paid prior to the split, Mr. Breliant pointed out.—V. 190, p. 816.

Seeburg Corp. — Reports Record Earnings — Makes Two New Acquisitions—Receives Navy Contract—

Net income for the first nine months of the current fiscal year set a new high record, Delbert W. Coleman, President, announced on Aug. 18.

In addition to the record earnings, Mr. Coleman also announced the acquisition of two new companies in the vending machine industry, a revolutionary and exclusive new development by Seeburg in the background music field which is expected to open entire new sales markets to it. He also reported on a new contract which Seeburg has received from the Navy.

"Because the new Seeburg background music unit is compact and completely self-contained, it needs only an electric outlet to make it play," and Mr. Coleman predicts "it will open up entire new sales markets for the company, particularly those in country areas where the cost of line charges from a central studio tend to make this type of background music system prohibitive in cost for both the subscriber and the operator." Seeburg expects that about 50% of its new background music business will come from these urban areas.

For the nine months ended July 31, 1959—the first three quarters of the company's fiscal year—the new net income peak established by Seeburg amounts to $1,610,000, including elimination of Federal income taxes due to carry-forward of losses from previous years. The record net profit is equal to $1.37 a share on the 1,179,946 outstanding shares of $1 par value capital stock. This compares with net income of $398,000, equal on the same basis to 34 cents a capital share earned in the first nine months of the previous fiscal year.

Mr. Coleman pointed out that Seeburg's third quarter results included the "start-up costs for both the company's new background music development and a newly designed electric cigarette vending machine. In addition," he said "the costs of our two new acquisitions and the charges for moving their operations to Seeburg's headquarters in Chicago also are reflected in the third quarter figures."

Mr. Coleman also notes that "Seeburg's record earnings for the first nine months of the current fiscal year do not include any results from either the company's new hot or cold drink vending machines or from the new background music system and, reflect only one month of production on the company's new electric cigarette vending machine. Also, he points out, "the company's vacation period occurred in the month of July."

In his review of the company's financial picture, Mr. Coleman noted that on July 21, last, stockholders were offered the right to subscribe to $5,130,200 of new 20-year 5¼% convertible debentures. At the closing on Aug. 4, 95% of this issue was subscribed to at $100 par by the stockholders and the balance was placed quickly by the underwriters. The debentures are convertible into common stock at $17 a share up to July 31, 1964, and at $20 a share thereafter until maturity.

Proceeds from the sale of the debentures will be used to retire both the $2,562,500 balance of a five-year 5% bank note outstanding as of July 1, 1959 and the $791,667 principal amount of a 7% note payable outstanding on the same date. The balance of the proceeds will be used for general corporate purposes, including additional working capital for Seeburg's operations.

Newly acquired as a Seeburg division is The Bert Mills Corp. of St. Charles, Ill., which manufactures hot coffee and hot chocolate vending machines. Seeburg will continue the manufacture and, through its distributors, the sale of these machines under the Seeburg name. Seeburg also recently acquired the assets of Lyon Industries, Inc. of New York City, which makes cold drink vending machines. Seeburg now also will make and sell, through its distributors, a line of coin-operated cold beverage vendors.

Seeburg acquired all of the outstanding stock of Bert Mills through the exchange of 45,000 shares of Seeburg's common stock. The acquisition of the inventory, tools, dies and patents of Lyon Industries, Inc. was accomplished through a combination of 2,500 shares of Seeburg common stock and cash.

Seeburg, which is the largest manufacturer of self-contained equipment used in background music, now has developed and is introducing an exclusive and compact new completely self-contained record playing mechanism and a 16⅔ RPM library of records which, for the first time, truly provides "custom tailored music" to meet the individual needs of a wide variety of subscribers.

Seeburg's Industrial Music libarary has been designed primarily for installation in factory or plant-type locations. The music selections, especially produced and programmed by Seeburg, vary in tempo from medium to medium-fast, with emphasis on popular music. The Mood Music library is designed for prestige locations, such as dining rooms, salons, department stores, restaurants, country clubs, motels, cocktail lounges, etc. Its music tempo is set at medium to medium-slow, with a predominance of large orchestras emphasizing stringed instruments and show tunes, the great standards and waltzes. The Basic Music library serves the middle ground between the other two. Here, the tempo blends medium-slow and medium-fast. It is especially designed for offices, banks, supermarkets, airports and other public locations.

Rounding out his review of the company's operations, Mr. Coleman said that Seeburg has received a new contract from the Navy Bureau of Ordnance amounting to $582,184 for telemetering devices for the Navy's Sidewinder missile.—V. 190, p. 717.

Service Life Insurance Co.—Registers With SEC—

This company, located at 400 West Vickery Blvd., Fort Worth, Texas, filed a registration statement with the SEC covering 25,000 outstanding shares of its common stock, to be offered for public sale by the present holder thereof through Kay and Company, Inc., of Houston. The stock is to be offered for sale at $20 per share with a $2.50 per share commission to the underwriter.

The company is engaged in the writing of life, group and, to a limited extent, accident insurance policies. It was organized in 1947. It has outstanding 500,000 common shares (in addition to certain indebtedness). Fred B. Dicket, board chairman and president, is listed as the owner of 440,091 shares of the stock (88.02%), of which he proposes to sell 25,000 shares.—V. 190, p. 94.

Servo Corp. of America — Private Placement — The $1,000,000 of 6% promissory notes due July 1, 1974, placed privately with the Mutual Life Insurance Co. on Aug. 17, was negotiated by Ira Haupt & Co., it was announced on Aug. 24.

For other details, see V. 190, p. 816.

Files Suit Charging Patent Infringement—

This corporation filed a three-pronged suit on Aug. 25 in the U. S. District Court for the Western District of Virginia, Charlottesville, Va., for $3,000,000 against the General Electric Co. for patent infringement, unfair competition and violation of the Sherman Anti-Trust Act.

Servo charged in its complaint that G. E. willfully copied Servo's patented infrared hot box detection system now used on more than 20 major railroads. The infrared device spots overheated journal boxes on railroad cars, a major cause of derailment.—V. 190, p. 816.

Silver Creek Precision Corp.—Common Stock Offered Maltz, Greenwald & Co. on Aug. 26 offered 1,600,000 shares of common stock (par 10 cents) at a price of $2.75 per share. Of the total shares offered, 200,000 are being sold for the company, and 1,400,000 shares are being offered for the account of three selling stockholders.

PROCEEDS—Net proceeds from the sale of stock offered for the company will be used for modernizing plant and equipment at Silver Creek, N. Y.; for acquiring and installing die-casting facilities; for reducing obligations and redeeming all outstanding 10 year convertible 6% debentures; and for development and promotion of The North Orlando Company, a wholly-owned land development company in Florida.

BUSINESS—Products of Silver Creek Precision Corp. include intricate and high grade non-ferrous aluminum and brass castings, and a full line of fog generating and dispensing machines. The latter units are made in various sizes, and are used primarily for insect control, odor replacement and defoliation. The company also makes a special purpose outboard motor for quiet operation which is powered by a heavy duty automobile battery.

The North Orlando Co., acquired last year, owns about 3,640 acres in Seminole County, Florida, where it is planning and developing the incorporated community of North Orlando. The company does not intend to build but will confine its effort to developing and selling lots and acreage tracts.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
‡Notes payable		$379,481
Mortgages payable		157,367
Common stock (par 10 cents)	9,000,000 shs.	*5,072,851 shs.

*Does not include 20,000 shares of common stock held in treasury of the company but includes 118,000 shares issued for the purpose of acquiring certain assets of Field Force Mfg. Co., Inc. delivery of which has not yet been consummated, the matter being in dispute and the subject of litigation. Does not include 934 shares of common stock reserved for conversion of the company's 10-year convertible 6% debentures, due June 30, 1965.

‡Represents current indebtedness as follows: notes payable to banks, $214,520; notes and loans payable to others, $164,961.—V. 189, p. 1578.

Simpson's Ltd.—Offers Debentures—An issue of $10,000,000 of new 5½% 20-year convertible debentures have been placed on the market at par by Wood, Gundy & Co., Ltd., Toronto, Canada.

The new 5½s will be convertible into common stock on the basis of one share for each $38.46 principal amount of debentures until Sept. 15, 1963, and thereafter at higher prices for the common stock. —V. 183, p. 1619.

Solar Aircraft Corp.—To Sell Des Moines Facility—

The company on Aug. 19 announced plans to sell its facilities in Des Moines, Ia., where it produces jet-engine components.

Herbert Kunzel, President, said key personnel at the Iowa plant would be shifted to San Diego, Calif., where construction will start immediately on a 62,000-square-foot building.

Mr. Kunzel reported consolidated sales for the first fiscal quarter ended July 31 were $13,235,100. Net income of $10,900 was down from $366,800, or 52 cents a share, the year before, when sales were $15,383,100.

The decline was attributed to the "rapid changes in products and markets as major programs in the jet-engine field were concluded and as new projects in the missile and gas-turbine fields were started."

Mr. Kunzel said Solar's backlog of orders on July 31 was $26,807,300. —V. 189, p. 2832.

Southern Bell Telephone & Telegraph Co.—Plans to Issue of $70,000,000 of Debentures—

The company on Aug. 24 announced plans for the sale at competitive bidding of $70,000,000 35 year debentures. Bids will be opened Oct. 20.

A registration statement will be filed with the Securities and Exchange Commission late in September, the company said. The company last sold $70,000,000 of debentures in December 1958.

Wachovia Bank & Trust Co. has been designated trustee for the issue.

Southern Bell will use the net proceeds for its construction program. —V. 190, p. 266.

Southern California Gas Co.—Registers With SEC—

This company, located at 810 South Flower St., Los Angeles, filed a registration statement with the SEC on Aug. 24, 1959, covering $30,000,000 of first mortgage bonds, series D, due 1984, to be offered for public sale at competitive bidding. Net proceeds will be used, to the extent required, to repay in full the company's short-term indebtedness to its parent, Pacific Lighting Corp., which is expected to approximate $3,000,000 as of Oct. 1, 1959. The indebtedness represents advances made to the company to provide temporary funds for construction costs. The balance of the net proceeds will be used to finance in part the costs incurred or to be incurred in connection with the company's construction and expansion program.—V. 189, p. 1717.

Southern Gulf Utilities, Inc.—Registers With SEC—

This corporation, located at 7630 Biscayne Blvd., Miami, Fla., filed a registration statement with the SEC on Aug. 24, 1959, covering 135,000 shares of common stock, to be offered for public sale through an underwriting group headed by Jaffee, Leverton, Reiner Co. The public offering price and underwriting terms are to be supplied by amendment. The underwriting is on an all or nothing basis. In addition, the company will sell the principal underwriter 67,250 negotiable warrants for an aggregate price of $6,725; and each warrant will entitle the holder for a five-year period to purchase a share of common stock at $4.60 per share.

The company was organized under Florida law in August 1958. Its principal activity is the acquisition, construction, ownership and operation of water-treatment and sewage-disposal plants and water-distribution and sewage-collection systems, located in suburban areas of Florida; and it is also engaged in land development and in the construction of houses to be connected to its water-distribution and sewage-collection system in the South Vero Beach area of Indian River County. The company now has outstanding 488,847 shares of common stock (and certain indebtedness) of which stock 276,928 shares (56.6%) are held by management officials.

Net proceeds of the sale of additional stock will be added to the company's general funds. An increase in such funds is said to be advisable in view of its expanding operations. Under present contractual commitments, about $500,000 will be required during the next three years for construction and acquisition of new water-treatment and sewage-disposal plants and systems (a portion of which will eventually be recovered through aid-in-construction payments from land developers). In addition, the company is said to be negotiating for the expansion of its activities through the acquisition of companies engaged in similar lines of business and the further construction of water and sewage systems.—V. 189, p. 919.

Southern New England Telephone Co. — Registers With Securities and Exchange Commission—

This company, with offices at 227 Church St., New Haven, Conn., on Aug. 24 filed a registration statement with the SEC covering 689,000 shares of its $25 par common stock. The company proposes to offer this stock for subscription at $35 per share by stockholders of record Sept. 8, 1959, in the ratio of one new share for each 10 shares then held. American Telephone and Telegraph Co., which owns 21.3% of the presently outstanding shares, intends to sell, as a whole, at competitive bidding, the 1,467,120 rights which it will acquire. Ten rights are required to subscribe for one additional share.

Net proceeds of the stock sale are to be used by the company for repayment of advances from the parent company, which are expected to approximate $20,000,000, any balance to be used for general corporate purposes. Advances from the parent are obtained in conformity with an established practice of borrowing, as the need therefor arises, for general corporate purposes, including property additions and improvements.—V. 190, p. 717.

Southern Pacific Co. — Equipment Trust Certificates Offered—Halsey, Stuart & Co. Inc. headed an underwriting group which on Aug. 28 offered $6,000,000 of 4¾% equipment trust certificates, maturing annually, Aug. 1, 1960, to 1974, inclusive. The certificates, priced to yield 4.85% for all maturities, were awarded to the group on Aug. 27 on its bid of 98.583%.

Salomon Bros. & Hutzler bid 98.176% for the certificates, also as 4¾s.

Issuance and sale of the certificates are subject to authorization of the Interstate Commerce Commission.

The issue will be secured by 14 Diesel freight locomotive units; 218 box cars; 35 covered hopper cars and 50 flat cars, estimated to cost $7,529,325.

Participating in the offering are: Dick & Merle-Smith; R. W. Pressprich & Co.; Baxter & Co.; Hemphill, Noyes & Co.; Freeman & Co.; Ira Haupt & Co.; McMaster Hutchinson & Co.; Wm. E. Pollock & Co., Inc.; Shearson, Hammill & Co.—V. 190, p. 816.

Southwestern Drug Corp.—Common Stock Offered—Public offering of 87,818 shares of common stock (par $1) was made on Aug. 19 by an underwriting group headed by The First Southwest Co., of Dallas, Tex., at $18.75 per share. This offering has been completed, all of the said shares having been sold.

PROCEEDS—The net proceeds will be used to reduce short-term notes payable incurred originally to provide working capital for the carrying of inventories and accounts receivable, and for additional working capital.

BUSINESS—At the time of its incorporation in 1929, the company succeeded to the established businesses of wholesale drug firms located in Dallas, Houston, Waco, Fort Worth and Amarillo, Texas. The distribution centers in these cities became divisions of the company, each having its own sales organization, offices and warehouse. Four additional divisions have since been established in Texas, the Wichita Falls Division in 1949, the Corpus Christi Division in 1950, the Midland Division in 1952 and the Beaumont Division in 1957, bringing the company to its present complement of nine divisions. The company's general offices are located in Dallas at 8000 Empire Freeway.

The company operates principally in the Southwest, and is one of the largest wholesale drug concerns in the United States, ranking third in net sales volume. The concern ranking first has a net sales volume approximately 16 times larger than the net sales volume of the

gitized for FRASER
tp://fraser.stlouisfed.org/

company, and the net sales volume of the concern ranking second is approximately twice as large.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
3¾% note payable $65,000 semi-annually to Feb. 1, 1968		$1,220,000
Short-term notes, bearing interest at rates ranging from 3¾% to 4½%		400,000
First preferred stock, $5 cumulative, (no par)	22,351 shs.	22,331 shs.
Common stock (par $1)	1,500,000 shs.	500,000 shs.

DIVIDENDS—The company has paid cash dividends on its common stock in each of the last 18 years. During each of the years 1949 through 1954, the company paid regular quarterly dividends on its common stock then outstanding in the amount of 30c per share and, in addition, an extra dividend of 30c per share, for a total annual dividend of $2 per share. During each of the four years ended May 31, 1959 the company paid regular quarterly dividends of 50c per share on its common stock then outstanding, being an annual regular dividend of $2 per share; and in the fiscal year ended May 31, 1958 the company paid an extra dividend of 25c per share and a 10% stock dividend.

On July 28, 1959 each share of common stock was reclassified into three such shares, and at a meeting of the directors on the same date a quarterly dividend of 19c per share, as reclassified (equivalent to 57c per share on shares outstanding prior to the reclassification), was declared on the common stock payable Aug. 15, 1959 to stockholders of record on July 31, 1959.

UNDERWRITERS—The underwriters named below have severally agreed to purchase the number of shares of common stock set forth opposite their respective names:

	Shares		Shares
First Southwest Co.	17,818	Fridley & Frederking	2,000

Southwestern Investment Co.—Merger Consummated

R. Earl O'Keefe, President and Chairman of the Board, on Aug. 11 announced that the merger into this company of Southwest Acceptance Co., Inc. of San Antonio was consummated July 31. The transaction was completed when S.I.C. acquired all the assets and outstanding liabilities of SWAC, Inc. in exchange for 210,000 shares of S.I.C common stock.

This new division of the company will be known as the Southwest Acceptance Company division. Nelson D. Miller, Sr., President of SWAC, will continue as head of that division. Mr. Miller has been elected to the board of directors of Southwestern Investment Co., and is now a Vice-President of S.I.C.

As a result of this acquisition, S.I.C.'s outstanding receivables now stand at $105,163,000. Capital funds total approximately $27,822,000 as of Aug. 1, 1959.

S.I.C., with General Offices located in Amarillo, Texas, was founded in 1930. The firm operated 40 branch offices throughout Texas, New Mexico, Arizona and California before this acquisition and is active in both the discount and loan fields. S.I.C. operates two subisidiary insurance companies, Commercial Insurance Co., a casualty company, and Western National Life Insurance Co. of Texas.

SWAC was established as a corporation in 1954, and operated prior to that time for eight years as a partnership. In addition to its Home Office in San Antonio, SWAC operated branch offices in Victoria and Alice. S.I.C. now operates 43 branch offices and employees 770 people.—V. 190, p. 609.

Specialty Electronics Development Corp.—Contract—

An ultra-sensitive radiation detector giving instantaneous readings of gamma ray sources has just been placed in production by this corporation. Thousands of the Radiac Survey Meter, Model 27F, will be produced under several contracts totaling $1,250,000 with the Navy, according to H. Russell Cammer, President.

Mr. Cammer also announced that Specialty Electronics has completed research and development on an improved personal dosimeter, a phosphate glass device about the size of a silver dollar that records exposure to radiation cumulatively. It is worn about the neck like a pendant. The company expects to turn out five million of these for the Armed Forces in two years.—V. 190, p. 403.

—V. 190, p. 816.

(A. E.) Staley Manufacturing Co.—New Director—

Paul W. Atwood, President of the UBS Chemical Co., was named a member of the board of directors. The Cambridge, Mass., chemical company was acquired by the Decatur, Ill., corn and soybean processor June 30.

Mr. Atwood was elected to a board vacancy, and will succeed Dr. R. E. Greenfield, who retired as Vice-President, manufacturing, early this year but has continued on the Staley board since. In addition to his new position as a member of the Staley board of directors, Mr. Atwood will continue as President of the UBS Chemical Co., now a division of Staley's.—V. 190, p. 199.

Standard Brands Inc. — Plans Stock Split — Contemplates Higher Dividend—

The directors on Aug. 20 proposed a 2-for-1 split of the common stock and an increase in the number of authorized shares from 5,000,000 to 10,000,000 Joel S. Mitchell, President, announced. This action would increase issued shares from 3,290,119 to 6,580,238.

The directors called a special meeting of stockholders to vote on the proposal on Oct. 6, 1959. The additional shares resulting from the split, if approved, will be distributed early in November to common stockholders of record Oct. 13, 1959.

Mr. Mitchell stated that, if the stockholders approved the split, the directors, at the regular October board meeting, intend to increase the fourth quarter dividend to 37½c on the split shares. This increased rate is equivalent to $1.50 per annum on the new shares, or $3.00 per annum on the present shares, compared with the current quarterly rate of 65c per share or $2.60 per annum.—V. 190, p. 266.

Stavid Engineering, Inc.—To Redeem Pfd. Stock—

The corporation has called for redemption all of its outstanding 6% preferred stock at $110 per share, plus accrued dividends of $1.50 per share. Immediate payment will be made.—V. 190, p. 609.

Steak 'n Shake, Inc.—Registers With SEC—

This corporation, located at 1700 West Washington St., Bloomington, Ill., filed a registration statement with the SEC on Aug. 24, 1959, covering 65,505 shares of common stock. The company proposes to offer this stock for subscription by common stockholders of record Sept. 15, 1959, on the basis of 1 new share for each 9 shares then held, the subscription price to be $4.62½ per share. Mrs. Edith L. Belt, Board Chairman, who owns 190,089 shares of outstanding stock, and trustees of trusts holding an additional 229,582 shares for the benefit of members of the Belt family, have waived any privilege they might have to participate in this offering of stock on the basis of their present holdings. (An additional 104,418 shares are owned by William H. Belt, Mrs. Belt's son.) Shares not subscribed for by stockholders will be offered for public sale at $5 per share through White & Co., of St. Louis. The underwriter is to receive 9¼c per share on the entire offering as a standby commission, plus an additional 37½c per share for each share sold to the public.

The company operates a chain of restaurants, principally drive-ins, in Illinois, Missouri, Indiana, Florida and Arkansas. It now has outstanding 1,086,875 shares of common stock. Net proceeds of the sale of additional stock will be added to the general funds of the company and will be available for capital expenditures and increased working capital required by the expansion of the company's activities in acquiring and developing new restaurant locations. It is contemplated that about one-half of the proceeds will be required to develop and put into operation three Florida drive-ins on company-owned building —V. 176, p. 466 and V. 173, p. 2613.

Stone Container Corp.—Acquisition—

Norman H. Stone, President and Chairman of the Board, on Aug. 25 announced the purchase of the Delmar Paper Box Co., Cincinnati, Ohio, 34-year-old manufacturer of set-up and folding boxes, for an undisclosed cash figure.

The business of the Delmar Paper Box Company will continue under the management of Ralph Pirman, as a division of Stone Container Corp.—V. 189, p. 2613.

Street & Smith Publications, Inc.—Acquired—

See Conde Nast Publications, Inc. above.—V. 167, p. 2139.

Studebaker-Packard Corp.—Secondary Offering—Bear, Stearns & Co. on Aug. 18 made a secondary offering of 550 shares of $5 convertible preferred stock (par $100) at a price of $310 per share, less an allowance of $10 per share to members of the National Association of Securities Dealers, Inc. This offering was oversubscribed.

The shares were sold following effectiveness of a registration statement, originally filed on July 1, 1959 covering 165,000 shares of $5 convertible preferred stock (par $100) and 5,500,000 shares of common stock (par $1). The 5,500,000 shares are reserved for issuance upon conversion of the preferred stock on and after Jan. 1, 1961, at the conversion price of $3 per share (taking the preferred at $100 per share).

The preferred stock was originally issued by the company in October 1958, to 20 banks and three insurance companies pursuant to a corporate reorganization. The largest blocks of preferred stock are now held by two insurance companies—the Metropolitan Life Insurance Co. and the Prudential Insurance Co. of America. The filing was made in order to provide a prospectus for use by the preferred shareholders who may wish to offer or sell shares of the preferred and/or common stock.

Dividends on the convertible preferred stock become cumulative on and after Jan. 1, 1961. The issue may be redeemed after Dec. 31, 1963 at $100 per share and accrued dividends.—V. 190, p. 717.

Summers Gyroscope Co.—Receives Contract—

This company has received orders from McDonnell Aircraft Corp. for additional guidance sub-systems and various parts for the GAM-72 "Quail" missile totalling more than $1,750,000, it was announced on Aug. 25.

Deliveries under these orders are expected to continue well into 1960.—V. 190, p. 403.

(James) Talcott, Inc.—Plans Private Financing—

The stockholders on Aug. 27 approved increasing the number of authorized shares of $50 par preferred stock to 300,000 from 150,000 shares; approved increasing the number of authorized shares of $9 par common stock to 2,500,000 from 1,500,000 shares, and authorized the board of directors, before the issuance of each series of preferred stock, to fix the terms and conditions, if any, upon which shares of such series shall be convertible into shares of any other class of stock.

The stockholders also approved the issuance of up to $10,000,000 of convertible subordinated notes or debentures, and authorized the board of directors to set the terms and conditions upon which such debentures may be convertible.

The company reported its intention of issuing to institutional investors 80,000 shares of a new series of cumulative convertible preferred stock and $2,000,000 of convertible subordinated debt in the immediate future so it may secure additional funds to take advantage of increasing business. These securities are not being offered publicly.—V. 190, p. 817.

Technical Materiel Corp.—Registers With SEC—

This corporation, located at 700 Fenimore Road, Mamaroneck, N. Y., filed a registration statement with the SEC on Aug. 20, 1959, covering 85,000 shares of common stock. The company proposes to offer 80,000 shares for public sale through underwriters and 5,000 shares to employees. The public offering price and underwriting terms, as well as the price to employees, are to be supplied by amendment. Kidder, Peabody & Co., Inc. is listed as the principal underwriter.

The company designs, manufactures and sells components and complete systems of high frequency radio communications. It has outstanding 465,000 shares of common stock (in addition to certain indebtedness), of which 405,000 shares are held by Ray H. dePasquale, President, and 60,000 shares by William J. Galione, executive Vice-President. Net proceeds of the sale of additional stock will be added to the company's working capital to carry additional inventories and accounts receivable which the company believes will be required because of its expected increase in business volume.

Tennessee Gas Transmission Co.—Registers With SEC

This company, located in the Tennessee Building, Houston, Texas, filed a registration statement with the SEC on Aug. 21, 1959, covering 473,167 shares of common stock. The company proposes to offer this stock in exchange for the common stock of East Tennessee Natural Gas Co. at the rate of one share of Tennessee Gas stock for 2.75 shares of East Tennessee common. Stone & Webster Securities Corp. and White, Weld & Co. have agreed to form and act as managers of a group of dealers, including themselves, which is to solicit exchanges. The exchange offer is subject to the condition, among others, that all of the 5.20% cumulative preferred stock, $25 par, of East Tennessee shall have been purchased or redeemed and cancelled. East Tennessee is presently negotiating for the sale of $5,800,000 of 11-year 5¾% debentures, contingent upon consummation of the exchange offer, $4,568,785 of the proceeds of which will be applied to the redemption of its 5.20% cumulative preferred stock.

The Cumberland Corp., a wholly owned subsidiary of Tennessee Gas, now owns about 12% of the outstanding common stock and about 38% of the outstanding preferred stock of East Tennessee. Tennessee Gas wishes to acquire all the outstanding common shares. East Tennessee's principal business is the ownership and operation of a pipe line system for the transmission and sale of natural gas. East Tennessee has contracted to purchase all of its natural gas requirements from Tennessee Gas.

New Construction Authorized—

The Federal Power Commission has authorized this company and United Gas Pipe Line Co., to construct natural gas pipeline facilities at a combined cost of about $5,972,642. The two proposals are not related.

Tennessee Gas was authorized to construct facilities costing up to $5,000,000 during calendar year 1959, with the cost of any single project limited to $500,000. The company said the budget-type proposal will enable it to act with reasonable dispatch in contracting for and connecting to its pipeline system new supplies of natural gas in various producing fields in the area of its existing system.

United Gas was authorized to build about 8.4 miles of 16-inch lateral supply pipeline and appurtenant facilities, at a cost of $972,642, to enable it to transport additional volumes of natural gas purchased from various producers in the Lapeyrouse area of Terrebonne Parish, La.—V. 190, p. 817.

Tool Research & Engineering Corp., Compton, Calif.—Stock Offered— Shields & Company on Aug. 26 offered 250,000 shares of common stock (par $1) at $4 per share. This offering was oversubscribed and the books closed.

PROCEEDS—Net proceeds from the sale will be used in this manner: $400,000 to provide working capital to finance company sales; $170,000 to pay in full a Small Business Administration loan; $130,000 to repay outstanding bank loans; and $150,000 to purchase additional tooling and equipment.

BUSINESS—Company is engaged in fabricating production tooling and developing and constructing high precision equipment and machinery for the aircraft and other industries.

The operations of Tool Research Co., a co-partnership, were assumed by Tool Builders Co., Inc., and Tool Research Engineering Corp. on Oct. 31, 1956. The latter two companies, along with Research Machinery Corp., were merged with Tool Research and Engineering Corp. in July, 1959.

EARNINGS—Net sales for the combined predecessor corporations for the fiscal year 1958, ended Oct. 31, were $2,628,561, and net earnings totaled $36,318. For the six months ended April 30, 1959, net sales were $711,414, and a net loss of $77,868 was registered.

Trans Central Petroleum Corp.—Common Stock Offered—Barnett & Co., Inc., of New York City, on Aug. 3 publicly offered 1,000,000 shares of common stock (par one cent) at 10 cents per share. These securities are being offered as a speculation.

PROCEEDS—The net proceeds are to be used for expenses incidental to the exploration and development of oil and gas, and for working capital.

BUSINESS—The company was incorporated under the laws of the State of Delaware on March 18, 1959 for the purpose of exploring for gas and oil and development of likely gas and oil property.

The office of the company is 2 Park Avenue, New York 16, N. Y. and the company intends to conduct operations initially in the State of Kentucky It is presently the intention of the company to contract all drilling work, and the company does not presently intend to buy or own any drilling equipment.

Transocean Air Lines, Inc.—Inaugurates Far East Flight

Inauguration of one of the world's longest scheduled through plane airline operations—an 11,000 mile twice weekly flight linking New York and Okinawa—was announced on Aug. 13 by this company.

Flown with Boeing 377s, intermediate stops are made at Chicago, San Francisco, Honolulu, Wake and Guam, and connections are made at Okinawa for Japan, Taiwan, the Philippines and Asian points.

The flights originate at New York's Idlewild Airport at 8 a.m. local time Tuesdays and Fridays and at Okinawa, west of the International Date Line, at 4 p.m. on Mondays and Fridays.

Transocean, the only airline providing direct service to Okinawa, also has inaugurated a third weekly flight from the Pacific Coast to accommodate students of the Pacific Islands and the Far East returning to colleges in the United States. The third flight originates at Los Angeles at 9:30 p.m. on Sundays and at Okinawa at 4 p.m. on Wednesdays, providing the first direct scheduled service between the Los Angeles area and the Far East gateway. Honolulu, Wake and Guam stops are made en route.

The New York-Okinawa fare is first class, $545.50 one way, $1,003 round trip, and, standard or tourist, $463.30 one way, $849.94 round trip.—V. 187, p. 617.

Trans World Airlines, Inc.—New Jet Service—

The corporation will inaugurate Boeing 707 jet flights between Miami and St. Louis with continuing through service to Los Angeles on Sept. 27, it was announced on Aug. 24 by E. O. Cocke, Senior Vice-President and System General Manager.—V. 190, p. 465.

Truax-Traer Coal Co.—To Sell West Virginia Properties

This company on Aug. 26 announced the sale for cash of all the physical properties in its West Virginia Division to Oglebay Norton Co. of Cleveland, Ohio, subject to the approval of its stockholders at a special meeting scheduled for Sept. 28.

The West Virginia Division of Truax-Traer comprises nine operating mines with coal preparation plants at Kayford and Ceredo, together with substantial reserves of metallurgical coal. The properties are located in Boone, Kanawha, Raleigh and Wayne Counties, W. Va. The large capacity preparation plant at Ceredo, located on the Ohio River, includes rail-to-water loading facilities. Oglebay Norton Co. will also take over in the transaction the Cincinnati sales office of Truax-Traer.

The Truax-Traer Co. is objectively expanding its strip mining operations in the Midwestern area. The proceeds of the sale will conitribute to the further development of large coal reserves in Illinois and North Dakota to serve the increasing demand for utility and industrial steam coals. The company is actively pursuing development of mines to serve large thermal generating stations located at the mine site.

Oglebay Norton Co. owns and operates deep coal mines in West Virginia and Ohio producing steam, domestic and by-product coal. It also acts as sales agent and broker for mines producing coal in Ohio, West Virginia, Pennsylvania and Kentucky.

Acquisition of the Truax-Traer West Virginia properties will supplement Oglebay Norton Co.'s coal reserves and operations to provide a long-range and diversified supply of prepared coals.

In addition to its coal mining operations, Oglebay Norton Co. operates a large fleet of lake vessels comprised of self-unloading, crane-equipped and bulk units. Other activities of the company include C & D Hot Tops, Great Lakes dock operations, iron ore mining and sale of raw materials to steel, ceramic, chemical and other industries.—V. 189, p. 2833.

Union Electric Co. (Mo.)—Proposed Rights—

The Midwest Stock Exchange has received notice from this company that, subject to effective registration under the Securities Act of 1933, stockholders of record Sept. 10, 1959, will receive rights to subscribe for one additional share of common stock for each 10 shares held. It is expected that rights will expire Sept. 30, 1959.

The Exchange rules that the common stock be not quoted ex-Rights until further notice, and that certificates delivered after Sept. 9 bea companied by a Due-Bill for the rights.—V. 190, p. 818.

Union Tank Car Co.—Acquisition—

This company recently acquired the assets of The Lindsay Co., St. Paul, Minn., through the assistance of Blunt Ellis & Simmons, Chicago, Ill.—V. 190, p. 818.

United Air Lines, Inc.—New Peaks Reached—

New peaks for July in passenger and cargo traffic were reached by United Air Lines last month, according to estimated figures released by Robert E. Johnson, Senior Vice-President-Sales and public relations.

The airline operated 504,071,000 revenue passenger miles, up 2% from the same month a year ago, while flying 11,662,000 revenue airplane miles, off 7%.

Air freight at 6,403,000 ton miles was up 21% over July, 1958; express gained 17% to 1,004,000 ton miles, and mail (including first class) increased 11% for 2,764 ton miles.—V. 190, p. 610.

United Artists Corp.—$115,000,000 Product Investment Backs Long-Range Program—

The corporation now has a product investment of $115,000,000 in features completed and ready for release, about to go into production or in active preparation, it was announced on Aug. 14 by Max E. Youngstein, Vice-President.

Arnold M. Picker, Vice-President in charge of foreign distribution, declared that the company is increasing its manpower in the overseas areas to back its finest concentration of blockbuster attractions. He announced that the enlarged promotional budgets and staffs were part of the company's program to merchandise important product on a concerted world-wide scale.

In announcing the company's mammoth product line-up, Mr. Youngstein said that the program involves a greater concentration of double A features than ever before released by United Artists. In the years immediately ahead, Mr. Youngstein pointed out, UA will place particular emphasis on blockbuster attractions of big grossing potential. In addition to the heavy concentration of big-budget product, the company will supplement its program with "idea" pictures. He said these smaller budget films dealing with important dramatic themes have proven financially successful in the past. In this connection, the UA Vice-President cited Hecht-Hill-Lancaster's "Marty" and "Take A Giant Step," a forthcoming H-H-L production for UA release.

Mr. Youngstein stated that UA is going all out, in terms of money, manpower and creative planning, to maintain the company's leadership as "the best promotional outfit in the industry."

"The plans we are making for the coming years," he said, "will keep us in the Number One position in the distribution and merchandising of films made by the industry's leading independent producers and star-producers."—V. 190, p. 610.

U. S. Transistor Corp.—Stock Offered—The corporation on Aug. 25 offered 180,000 shares of common stock at $2 per share, solely to residents of New York State.

The company was activated recently following receipt of a license from Western Electric Co., Inc., to manufacture patented transistors. The firm will produce a complete line of germanium alloy junction and silicon transistors for use in computers, communications devices and military components.

U. S. Transistor Corp. has acquired the sales organization and marketing facilities of Super Electronic Corp., distributor of electronics equipment here and abroad.

Offices of the company are at 125 Fifth Avenue, New York City. In September, its manufacturing facilities will be established in a new 10,000 sq. ft. plant in the Syosset Industrial Park, 51 Eileen Way, Syosset, Long Island, N. Y.

Joseph Rosen, who has an administrative post with the Veteran's Administration in Detroit, is President of U. S. Transistor Corp.; Charles B. Shipman, formerly Controller of General Transistor Corp., New York, is Vice-President and Treasurer; Benjamin Arfin of Benjamin Arfin Co., broker for Government agencies in the field of military equipment, is Vice-President and Secretary; Sydney Simon, formerly President of Creative Electronics, is Vice-President and Director of Engineering, and Edward Waldman, CPA, is a director. All officers are also directors.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
Common stock (par 10 cents)	2,000,000 shs.	480,000 shs.

PROCEEDS—The net proceeds will be used as security deposit under a lease due on or about Sept. 20, 1959; payment on account of manufacturing equipment; additional machinery, equipment, furniture, fixtures and leasehold improvements; advertising and printing technical data, etc.; repayment of loan to Super Electronic Corp.; repayment of loan to Joseph Rosen; and for working captial. —V. 190, p. 818.

Universal Match Corp.—Names Wilson President—

John L. Wilson has been named President and Chief Executive Officer, it was announced on Aug. 17. Presently Executive Vice-President of Anheuser-Busch, Inc., Mr. Wilson will assume his new post on Oct. 1, 1959. He will continue to serve as a director and member of the executive committee of Anheuser-Busch.

Mr. Wilson is aslo a director of the First National Bank in St. Louis; General American Life Insurance Co.; St. Louis Public Service Co.; National City Lines; Liberty Loan Corp.; Missouri Portland Cement Co., as well as of the Universal Match Corp.—V. 189, p. 858.

Universal Winding Co.—To Pay Cash Dividend—

The directors on Aug. 21 declared a dividend of 12½ cents per share on the common shares, Robert Leeson, President, announced. The dividend is payable Sept. 10, 1959 to shareholders of record at the close of business Aug. 31, 1959.

This is the first cash dividend to be paid by the company since April, 1952. On June 5, of this year, it paid a 100% stock dividend following the retirement of its convertible preferred stock in March and April of this year.

The dividend reflects the improved sales and earnings of the company in the past year, Mr. Leeson said.

He reported that net sales of the company for the fiscal year ended June 30, 1959 amounted to $18,240,196, compared with $14,412,472 in the 1958 fiscal year.

Net income before taxes for the 1959 fiscal year was $2,506,744, compared with $159,289 in 1958.

After provision for taxes, net income for fiscal 1959 amounted to $1,227,623, compared with $68,594 earned after taxes last year. Earnings for the 1959 fiscal year, after preferred dividends, were equal to $1.56 per share on the 770,648 common shares outstanding as of June 30, 1959, compared with 12c per share, after preferred dividends, on the 309,162 common shares outstanding at the end of fiscal 1958. The convertible preferred stock was retired on April 30, 1959.—V. 190, p. 405.

Variable Annuity Life Insurance Co. of America—Hearings Scheduled on Applications of Two "Variable Annuity" Companies—

The SEC has scheduled hearings for Sept. 9 and 10, 1959, respectively, upon applications filed by this company ("Valic"), and The Equity Annuity Life Insurance Co. ("Ealic"), both of Washington, D. C. for exemption from certain specified provisions of the Investment Company Act of 1940.

Valic was organized in December 1955 and Ealic in July 1956 under the Life Insurance Act of the District of Columbia; and both are engaged in the issuance and sale of "variable annuity" contracts together with term life insurance and disability insurance in combination contracts. In the March 23, 1959, decision of the U. S. Supreme Court, the variable annuity contracts were held to constitute securities within the meaning of the Investment Company Act and the Securities Act of 1933. Each of the companies, for the purpose of compliance with the Investment Company Act, proposes to change certain of its methods of operation so as to operate in the manner outlined below.

Each company proposes to issue and sell variable annuity contracts which will provide, in substance, that the purchaser will make either a single payment, or periodic payments of fixed amounts over a period of years, such period of years being hereinafter referred to as the "pay-in" period. In return for such payments the purchaser will be credited with so-called "accumulation units" representing the purchaser's pro-rata share of the assets of the company. Since the purchaser's payments are constant in amount the number of accumulation units credited to the purchaser's account will depend upon the value of a single accumulation unit at the time of each payment. Until the so-called "maturity date" which is selected by the purchaser, he has the right, at any time, to redeem the accumulation units at their then current value and terminate the contract, and in the event of death prior to the maturity date such redemption and termination are mandatory, although various settlement options are available for the payment of the proceeds to a designated beneficiary.

As to Valic, in the event of voluntary redemption prior to maturity Valic reserves the right to impose a charge not to exceed 2% of the redemption value. Prior to maturity the purchaser also has the right, subject to deferment by Valic for a period of six months, to redeem all or part of the accumulation units standing to his credit without terminating the contract, and upon payment to Valic of a service charge of 3% per annum, he may repay such withdrawn amount, which repayment will be used to provide accumulation units at their current value at the time of repayment, without deduction for sales and other charges discussed later.

As to Ealic, prior to maturity the purchaser also has the right to redeem all or part of the accumulation units standing to his credit without terminating the contract, and upon payment to Ealic of a stipulated service charge, he may repay such withdrawn amount, which repayment will be used to provide accumulation units at their current value at the time of repayment, without deduction for sales and other charges discussed later.

With respect to each company, at the maturity date, generally speaking, the contract holder may elect to have the accumulation units standing to his credit, converted into so-called "annuity units" which also represent a proportionate interest in the assets of the company, and to receive periodically the value, as it may vary, of a specified number of such annuity units for either (i) the balance of his life, or (ii) a fixed period of years plus the balance of his life if he survives. The contract holder, in the alternative, may elect to have the value of such units paid throughout the life of the last survivor of himself or another person. The period over which each will make payments to the contract holder or his survivor is hereinafter referred to as the "pay-out" period. The number of annuity units, the proceeds of which the contract holder is entitled to receive periodically, is determined by reference to a life annuity table, and is dependent upon the sex of the contract holder, age at the maturity date and the type of pay-out elected. Annuity units may not be redeemed and the contract holder is entitled only to receive the payments during the particular pay-out period which he has elected.

With respect to each company, also, the value of accumulation units and annuity units will be determined at the end of each month. The valuation will reflect the investment experience of the company's "investable assets" other than non convertible debt securities, which will consist, in the main, of common stocks meeting the requirements of the Life Insurance Act. The valuation of these units will also reflect the deduction of a charge not to exceed 0.15% monthly (1.8% annually) of the unit value, which deduction will enure to the common stockholders of the company to cover, in part, administrative, management and other expenses, income taxes, contingency reserves liabilities, and profit. To reflect the investment experience of the investable assets their current value will be determined, to which there will be added realized gains or losses incurred, and dividend or interest income received, since the last preceding valuation, and the figure thus obtained less deductions will be expressed as a percentage of the last preceding comparable figure and applied to the last preceding unit value to obtain the current unit value.

The Valic application states that the sales load applicable to periodic payment variable annuity contracts sold to individuals is 50% of the first twelve monthly payments, or their equivalent, and 5% of the next 132 monthly payments or their equivalent. The sales load applicable to single payment variable annuity contracts is stated to be 5% of the payment. In addition to these deductions from payments a further deduction is made to cover issuance and administrative costs and premium taxes which in the case of periodic payment plans sold to individuals is equal to 2% of the first year's payments, 6% of the next 11 years' payments and 8% thereafter; in the case of single payment contracts this deduction will be 5% if the pay-out period commences immediately and 7% if it is deferred.

In its application, Ealic states that the sales load applicable to periodic payment variable annuity contracts sold to individuals is 40% of the first twelve monthly payments, or their equivalent, and 5% of the next 108 monthly payments or their equivalent. The sales load applicable to single payment variable annuity contracts is stated to be 5% of the payment. In addition to these deductions from payments a further deduction is made to cover issuance and administrative costs which in the case of periodic payment plans sold to individuals is equal to 10% of the first years payments, 7% of the next nine years payments and 8% thereafter; in the case of a single payment contract this deduction is equal to 5% of the payment.

Each company states that it is required under the Life Insurance Act to reflect in its accounts, as reserve liabilities, all liabilities to which it is subject arising out of its variable annuity contracts and life and disability insurance contracts. It is further required to maintain admitted assets equal in value to such liabilities as well as the par value of its common stock and surplus. In addition to these legally required reserve liabilities and assets, each has undertaken and represented in connection with its application, that it will establish a contingency reserve equal to 25% of its liability to variable annuity contract holders during the pay-out period, and to maintain additional admitted assets of like amount in value. Each has further undertaken and represented in connection with this application to reinsure wih other insurance companies all liabilities under life and disability contracts.

Each of the companies seeks an exemption from certain provisions of that Act, as follows: Section 17(a)(3), to permit advances to general agents and sales employees (and, as to Valic, to permit loans to contract holders who may be affiliates under certain circumstances); Section 17(d) and Rule 17d-1 thereunder, to permit bonus payments or additional compensation to agents and employees based upon sales volume; Section 17(f) and Rule 17F-2 thereunder, with respect to the custody of securities and investments as may be required by Washington, D. C., or state insurance laws; Section 18(f)(1), to the extent that the sale of variable annuity contracts may be construed as the sale of an evidence of indebtedness or a security having priority over outstanding stock; Section 18(i), as to voting rights of contract holders, to the extent necessary to comply with a provision of the Life Insurance Act that, where contracts are issued to a group of employees, the employer is deemed to be the policy holder and shall be limited to one vote; Section 22(d), to the extent necessary to permit the sale of group variable annuity contracts on a negotiated basis varying the sales load and other expense deductions from the contract holders' payments; Section 22(e), to the extent necessary to permit postponement upon contracts tendered for redemption during the pay-in period for a period of not more than 7 days after the next ensuing monthly valuation date of its accumulation units; Section 24(d), to the extent necessary to permit the sale of conventional insurance policies or contracts, either alone or in combination with variable annuity contracts, without the necessity for registration of the said conventional policies or contracts; Section 27(a), to the extent necessary to permit sales load deductions varying in certain particulars from that permitted under this provision; Section 27(c)(2), to permit the proceeds of the sale of variable annuity contracts sold on a periodic payment basis to be treated as part of general corporate assets and income, without creation of a separate custodianship or trusteeship with respect thereto; and Section 7(b), so as to provide a complete exemption for such separate trust or fund as may be deemed creatd by payments made by contract holders which are held for their benefit. Valic also seeks an exemption from Section 9(a) of the Act to the extent necessary to remove any disqualification resulting from the Supreme Court decision above referred to.—V. 189, p. 1973.

Varian Associates—New Chairman Elected—

Dr. Edward L. Ginzton has been elected Chairman of the Board to fill the vacancy left by the recent death of Dr. Russell H. Varian.

Like his predecesor, Dr. Ginzton was one of the original founders of Varian Associates, and has served as a member of the board of directors and of key committees since the company's inception in April, 1948. For the past several years he also was assistant to the late Chairman of the Board, Dr. Varian.—V. 190, p. 505.

Ventures Ltd.—Partial Redemption—

The corporation has called for redemption on Oct. 1, next, through operation of the sinking fund, $450,000 of its 4½% debentures, due Oct. 1, 1959 at par plus accrued interest. Payment will be made at the Toronto branch in Canada of The Canadian Bank of Commerce or The Canadian Bank of Commerce Trust Co., 20 Exchange Place, New York, N. Y.—V. 189, p. 647.

Virginian Ry.—Earnings—

Period End. June 30—	1959—Month—1958		1959—6 Mos.—1958	
Railway oper. revenue	$4,358,092	$4,551,019	$24,032,916	$25,422,466
Railway oper. expenses	2,305,680	2,090,305	13,711,422	13,269,472
Net rev. from ry. ops.	$2,052,412	$2,460,714	$10,371,494	$12,152,994
Net railway oper. inc.	1,321,274	1,386,143	6,680,821	6,770,979

—V. 190, p. 308.

Vulcan Materials Co.—Acquires Three Firms—

This company has completed acquisition of three companies in the general-construction field through an exchange of shares valued in all at about $9,000,000. The three companies are Ralph E. Mills Co., Frankfort, Ky., and Talbott Construction Corp. and Talco Constructors, Inc., of Winchester, Ky.—V. 190, p. 718.

Wabash RR.—To Sell Equipments—

The company will accept bids for the purchase from it of $1,500,000 of series J equipment trust certificates. Such bids will be received by the company up to noon (EDT) on Sept. 2, 1959, at the office of the company, 44 Wall St., New York 5, N. Y.

The certificates, to be dated Sept. 1, 1959, will mature in 15 equal annual installments, and will be secured by equipment with an estimated present cost of $5,818,134.

EARNINGS FOR JULY AND FIRST SEVEN MONTHS

Period End. July 31—	1959—Month—1958		1959—7 Mos.—1958	
Railway oper. revenues	$10,420,702	$9,177,447	$70,995,286	$63,160,309
Railway oper. expenses	8,314,178	7,757,355	57,421,254	52,520,992
Net ry. oper. income after Fed. inc. taxes	504,616	390,833	3,489,731	2,272,050
Net income	263,864	164,354	2,343,703	1,028,833

—V. 190, p. 405.

Wayne Manufacturing Co. — Correction — Mitchum, Jones & Templeton and Schwabacher & Co. on Aug. 20 publicly offered 90,000 shares of $1 par capital stock (not 100,000 shares are previously reported) at $12.50 per share. Each underwriter severally agreed to purchase from the selling stockholders 45,000 shares of said stock. This offering has been completed, all of the said shares having been sold. For other details, see V. 190, p. 818.

West Virginia Pulp & Paper Co.—Earnings Up 50%—

The company on Aug. 25 reported record sales for the three months ended July 31 and third quarter earnings from operations 50% above those of the same period last year.

David L. Luke, President, said the company's third quarter earnings from operations amounted to $3,207,000, equal to 61 cents a share, as compared to $2,137,000, or 39 cents a share for the corresponding period in 1958.

For the first nine months of this year the company reported earnings from operations of $8,682,000, equal to $1.63 a share, as compared to $6,820,000, or $1.26 a share, for the same period in 1958, an increase of 27%.

The third quarter results were achieved on sales of $58,956,000, the highest recorded in any previous quarter in the company's history. The quarter brought net sales for the first nine months of 1959 to $171,670,000, an increase of 14% over sales of $150,263,000 reported for the first nine months of the previous year.

In addition to earnings from operations, Mr. Luke reported an extraordinary gain of $11,775,000, equal to an additional $2.29 a share on the company's sale last June of its majority stock interest in the Hinde & Dauch Paper Co. of Canada, Ltd., to the St. Lawrence Corp., Ltd., of Montreal.

The net proceeds from this sale gave West Virginia total earnings of $20,457,000, or $3.92 a share, for the first nine months ended July 31.—V. 190, p. 202.

Western Decalta Petroleum Ltd.—New Venture—

Western Decalta, Dome, Westburne and Sohio on Aug. 11 announce the drilling of a D-3 Deconian test in the South Sturgeon Lake Field area. This new venture, Decalta Dome Stur. L. S., is located on Drilling Reservation No. 523, purchased by the group in April, 1959, for a cash bonus of $254,950. Interests in the well and lands are as follows: Western Decalta Petroleum Ltd., 40%; Dome Petroleum Ltd., 25%; Westburne Oil Development Ltd., 10%; and Sohio Petroleum Co., 25%.

The drilling contract has been awarded to General Petroleums of Canada Ltd.—V. 189, p. 2835.

Western Heritage Life Insurance Co.—Registers With Securities and Exchange Commission—

This company, located at 533 East McDowell Road, Phoenix, Ariz., filed a registration statement with the SEC on Aug. 26, 1959, covering 500,000 shares of its common stock, to be offered for public sale at $2 per share. On shares sold by officers and directors of the company no commissions are to be paid; and on shares sold by salesmen employed by the company or by registered broker-dealers commission will not exceed 17%, or $0.34 per share.

During the period July 1958 and ending May 31, 1959, the company was engaged in completing its organization and in the sale of an initial offering of stock. It now has outstanding 203,875 common shares. It now is engaged in the sale of life insurance on a standard legal reserve basis; although authorized to write health and accident insurance, it has no present plans to do so. Initial operations have been conducted at a loss. A special low premium whole life insurance program is being offered to military personnel. Construction of a new home office building in Phoenix began in July 1959, estimated to cost $50,418. Net proceeds of the sale of additional stock will be added to capital and surplus of the company, such increase in capital and surplus being deemed necessary in order to permit expansion of the company's direct mail program, for the expansion of its agency operations and for the purchase of insurance business written by other companies in the event it is determined that such purchases would be in the best interest of Western Heritage.

Of the 203,875 outstanding common shares, 36,000 shares are owned by June Wood, President.—V. 188, p. 795.

Western Pacific RR. Co.—Earnings—

Period End. June 30—	1959—Month—1958		1959—6 Mos.—1958	
Railway operating rev.	$4,721,872	$4,288,000	$27,120,085	$24,066,027

Net railway oper. inc.	19,543	16,779	110,801	97,520

—V. 190, p. 308.

Weyerhaeuser Timber Co.—Secondary Offering—The secondary offering of 42,000 shares of capital stock (par $7.50) which was made on Aug. 19 by Blyth & Co., Inc., at $46 per share, with a dealer's concession of $1 per share, has been completed.—V. 190, p. 818.

Wilson Brothers—Plans New Plant—

This holding company and Parallite Manufacturing Co., Pittsburgh, Pa., on Aug. 14 jointly announced the acquisition of a 10-acre industrial site at Export, Pa., where the construction of a new pilot plant is well under way. According to Dr. Albert H. Lasday, President of Parallite, the plant will be completed by Oct. 1, 1959, and will be devoted to specialized research and product development with new materials expected to achieve extremely high strength and lightweight characteristics of glass-fiber reinforced plastics.

Wide use of these new materials in products for numerous diverse industries is foreseen, with special emphasis on high-pressure pipes and tanks, and aircraft and missile components.—V. 190, p. 505.

Legality approved by Caldwell, Marshall, Trimble & Mitchell, of New York City.

Florida State Turnpike Authority (P. O. Fort Lauderdale) Fla.

Revenue Rise Sustained in July—With the Sunshine State Parkway, Florida's Turnpike, as a barometer, the summer tourist-vacation season has almost reached peak mid-winter levels.

Thomas B. Manuel, Chairman of the Authority, said a tremendous increase in traffic and income for the Parkway during the summer months has boosted Turnpike records close to the February-March pattern.

"July traffic and gross income was the fourth largest in the 30 month history of the Sunshine State Parkway," Manuel said.

He pointed out that February and March of this year and March of 1957 were the only months to exceed July records.

July net income of $339,904.15 was 27% ahead of the same month a year ago and gross income of $451,509.98 was $65,152.42 or approximately 17% ahead of July, 1958.

For the first four months of the fiscal year which began April 1, net income of the Turnpike was $1,270,600.31 for an increase of $233,993.93 or approximately 23% ahead of the same period a year ago. Gross income for that period in 1959 showed a gain of 14%.

Total traffic of 312,952 vehicles last month was 55,298 ahead of the same month a year ago for a gain of 21%. Mileage of 17,590,314 was up 18%.

For the first seven months of the year, the Parkway has fatality rate of 1.7 per 100,000,000 vehicle miles compared to the national Turnpike average of 2.8 last year and a rate of 5.6 on the free roads of the nation.

Since the Turnpike opened Jan. 26, 1957, a total of 8,951,307 vehicles carrying an estimated 26,853,921 passengers have travelled 438,903,418 miles.

St. Petersburg, Fla.

Certificate Sale—The $2,650,000 gas plant revenue certificates offered Aug. 27—v. 190, p. 719—were awarded to a syndicate headed by the First Boston Corp., as 5s, at a price of 100.319, a net interest cost of about 4.98%.

Other members of the syndicate are: Wertheim & Co., Dominick & Dominick, R. S. Dickson & Co., J. C. Bradford & Co., Fahnestick & Co., Stern Brothers & Co., Allan Blair & Co., Walter, Woody & Heimerdinger, and Vincent, Newman & Co.

Tallahassee, Florida

Bond Offering — George C. White, City Auditor and Clerk, will receive sealed bids until noon (EST) on Sept. 16 for the purchase of $4,500,000 municipal office building revenue bonds. Dated March 1, 1959. Due on March 1 from 1963 to 1992 inclusive. The bonds are callable. Principal and interest (M-S) payable at the City Treasurer's office, or at the Chemical Corn Exchange Bank, of New York City. Legality approved by Caldwell, Marshall, Trimble & Mitchell, of New York City.

Additional Offering—Mr. White also will receive sealed bids at the same time for $1,100,000 municipal airport revenue bonds. Dated Sept. 1, 1959. Due on Sept. 1 from 1961 to 1976 inclusive. The bonds are callable. Principal and interest (M-S) payable at the City Treasurer's office or at the Chem-Corn Exchange Bank, New York City. Legality approved by Caldwell, Marshall, Trimble & Mitchell, of New York City.

GEORGIA

Atlanta, Ga.

Bond Offering—R. E. Landers, City Comptroller, will receive sealed bids until Sept. 15 for the purchase of $12,510,000 various purpose bonds.

Savannah, Ga.

Bond Sale—The $400,000 water and sewer revenue bonds offered Aug. 25 — v. 190, p. 720 — were awarded to a group composed of Blair & Co., Inc., E. F. Hutton & Co., and Spencer, Zimmerman, Pound & Co., Inc., at a price of 100.05, a net interest cost of about 4.03%, as follows:

$104,000 4½s. Due on June 1 from 1960 to 1967 inclusive.

Massachusetts Turnpike Authority (P. O. Boston), Mass.

July Revenues Increase — The Authority reports total revenues of $1,462,401 for the month of July, the largest month in its history so far. This compared with $1,252,487 in the same month a year ago. Operating expenses and maintenance were down to $237,969, as against $275,660 a year ago.

The balance available for interest charges amounted to $1,224,431, compared to $976,826 in the same month last year, an increase of 25.3%. Monthly interest charges are $657,250.

Commercial vehicle revenue in July 1959, increased 24.5% and passenger vehicle revenue was up 15.2% over a year ago.

For the first seven calendar months of 1959 net earnings, after operating expenses and maintenance available for interest charges were $4,648,904, an increase of $1,227,380, or 37.9% over the comparable period in 1958.

As a result of continuing month-to-month improvement in the net revenues of the Turnpike, operations are now equal to 106.4% of interest charges on the funded debt for the last 12 months, the report said.
