Admiral Corp.—Record Orders—

Admiral Sales Corp. booked orders for more than 350,000 pieces of television, stereophonic phonographs, radios and advance 1961 appliances at its recently concluded series of six meetings for more than 4,000 dealers held in Miami Beach and Las Vegas, Carl E. Lantz, President, announced on June 27.

"We are back-ordered through August on all products," Lantz said. "These meetings were the most successful ever conducted by Admiral and topped last year's orders by a very substantial margin. Production and shipment of new merchandise already has begun but peak shipments will not be reached until early August.—V. 191, p. 1873.

Aluminum Co. of America—Plant Expansion—

The company on June 23 announced plans to expand and modernize its two major sheet mills at Davenport, Iowa, and Alcoa, Tenn., at a cost in excess of $18,000,000.

Alcoa said the investment was being made in anticipation of a sharp rise in demand for aluminum sheet products predicted by company marketing experts.

Lawrence Litchfield, Jr., executive vice-president in charge of operations, said the two-year construction program would involve expenditures approximating $10,000,000 at Davenport, and in excess of $8,000,000 at Alcoa. Initial spending for new buildings and equipment will begin this summer.

This newest phase of Alcoa's continuing capital improvement program is being launched with the dual purpose of achieving greater rolling capacity, and improved production methods through the utilization of recent technological advances, Mr. Litchfield said.

Many of the additions and improvements will be aimed at enhancing Alcoa's ability to roll lighter gauges of sheet at greater speeds and in larger volume. This product line, possessing a tremendous market potential, already is enjoying record demands for use in such building products as siding, roofing, and gutters and downspouts; in appliances; and in automotive applications.

The program will center on the huge North Plant mill at the Alcoa Works, world's largest aluminum sheet rolling operation, and at the equally impressive Davenport Works. The North Plant has been operating since World War II when it was rushed to completion to supply sheet for aircraft for the U. S. and its allies. Davenport began operations in 1948.

Both mills have since been expanded and revamped on a number of occasions, and the 1960-62 program is designed to make them the most efficient producers of high-quality sheet and plate in existence.

Besides the equipment program, the project will involve a major expansion of plant warehousing facilities at both Alcoa and Davenport. The added storage space will contribute to efficiency by making feasible high volume mill runs beyond immediate customer requirements. It also will permit quick deliveries of sheet products to customers, since many orders can be drawn immediately from substantial plant inventories.

Prominent among new equipment scheduled for Davenport is a tandem four-high cold rolling mill, and auxiliary equipment to complement this installation.

At Alcoa, where trial runs are underway on a multi-million-dollar four-high, four-stand rolling mill installed as part of an earlier modernization program, additional new fabricating and supporting equipment will be added.

Mr. Litchfield said the company regards this project as merely a prelude to additional expansions and equipment improvements during the 60's. All sales department predictions of aluminum demand and market growth indicate they will be needed to meet customer requirements.—V. 191, p. 2409.

Ambassador Oil Corp.—Appointments—

The First National City Bank of New York has been appointed co-transfer agent and The First National City Trust Co. has been named co-registrar for 3,769,549 shares of common stock, $1 par value, of the corporation.—V. 191, p. 1873.

American Bleached Goods Corp.—Acquired—

See Kendall Co. below.

American Hospital Supply Corp.—Files for Secondary

This corporation of 2020 Ridge Avenue, Evanston, Ill., filed a registration statement with the SEC on June 24 covering 80,000 outstanding shares of common stock. These shares may be offered from time to time by the present holders thereof, at prices related to the prevailing price of the stock on the New York Stock Exchange.

In addition to certain indebtedness, the company on May 10, 1960, has outstanding 2,571,934 shares of common stock. The 80,000 additional shares are to be issued in exchange for all the outstanding stock of Canadian Laboratory Supplies Limited, consisting of 2,595 shares of class A nonvoting stock and 865 shares of class B voting stock. The Canadian company is a distributor throughout Canada of laboratory supplies, equipment and chemicals. The prospectus lists 18 selling shareholders.—V. 191, p. 1981.

American-International Aluminum Corp. — Common Stock Offered — Public offering of 400,000 shares of the corporation's common stock at a price of $5 per share was made on June 30 by Hardy & Co. and Filor, Bullard & Smyth and associates. The offering was oversubscribed and the books closed.

PROCEEDS—Net proceeds from the sale of the common shares will be used by the company in connection with the establishment of a new plant in San Jose, Cal., and for expansion and improvement of its operations. The balance of the proceeds will be added to the company's working capital and used for general corporate purposes.

BUSINESS—The corporation is primarily a producer of aluminum extrusions (or extruded shapes) which are produced in specified lengths and sizes. The company at present has in operation in its two Miami, Fla. plants five extrusion presses, together with substantial other essential equipment, giving the company a capacity to produce about 4,000,000 pounds of extrusions per month. It is the company's intention to consolidate all of its Miami operations at Plant 1 in which its executive offices are also located, and subsequently lease its Plant 2.

At the proposed San Jose, Cal. plant, the company will produce its own billet aluminum, which it purchases at present from a supplier. Substantially all of the company's sales in the fiscal year ended Feb. 27, 1960 consisted of aluminum extrusions, which are used by fabricators of various items used in building construction.

EARNINGS—For the fiscal year ended Feb. 27, 1960, the company had net sales of $10,771,966 and net income of $326,384.

CAPITALIZATION—Upon completion of the current financing, outstanding capitalization of the company will consist of 1,130,000 shares of common stock, and 5,000 shares of 6% cumulative convertible preferred stock.—V. 191, p. 2410.

American Oil & Minerals, Inc.—Assessments Susp'd—

The SEC has issued orders temporarily suspending Regulation F exemptions from registration under the Securities Act of 1933 with respect to two assessments on outstanding shares levied by American Oil and Minerals, Inc. ("AOM"), of 613 Dooly Bldg. and/or 1405 Walker Bank Bldg., Salt Lake City.

Regulation F provides a conditional exemption from registration in respect of the levying of assessments not exceeding $300,000 in amount on outstanding assessable stock. In a notification filed with the Commission on Oct. 9, 1959, AOM proposed an assessment of 2 cents per share on its 2,750,000 outstanding shares of stock (aggregating $55,000 in amount); and a similar assessment was proposed in a notification filed March 31, 1960. According to the Commission's suspension orders, certain of the terms and conditions of Regulation F were not complied with by AOM; sales material filed in connection therewith by AOM is false and misleading in respect of certain material facts; and the assessments violated or would violate Section 17 (the anti-fraud provision) of the Securities Act. Each of the orders provides an opportunity for hearing, upon request, on the question whether the respective suspensions should be vacated or made permanent.

Concerning the Oct. 9th offering, the Commission's order asserts that the AOM sales material failed to disclose (1) that certain persons, including management officials, had been or would be given preferred treatment on their assessments; (2) that a portion of the proceeds of the assessment would be used to pay the salary of the President; (3) a violation of state law concerning the levying of and collection of assessments and the contingent liability resulting therefrom; and (4) a contingent liability resulting from the sale of securities in violation of the Securities Act. The order with respect to the March 31st order contains similar charges. The orders further state that the terms and conditions of the Regulation were not complied with in that AOM used sales material in respect of the first assessment which had not been filed with the Commission and which failed to comply with requirements of the Regulation; its first notification failed to make proper disclosure of the intended use of the proceeds of the assessment and from forfeiture sales; both notifications failed to make proper disclosure concerning unregistered securities theretofore issued or sold; and the second notification failed to reflect accurately the total amount realized from prior assessments and sales within the past year.

American Research & Development Corp.—Registers Common—

This corporation, 200 Berkeley St., Boston, filed a registration statement with the SEC on June 28 covering 350,000 shares of common stock to be offered for public sale through an underwriting group headed by Lehman Brothers. The public offering price and underwriting terms are to be supplied by amendment.

The company, a registered investment company, is said to be a financial vehicle through which individuals and institutions may participate in a wide range of venture capital enterprises. It has outstanding 1,185,000 common shares. Net proceeds of the sale of additional stock will be added to the general funds of the company and will be available for investment in accordance with its investment policies, as the management may approve, (a) in new projects and (b) in company in which the company has already invested funds.

The prospectus lists Georges F. Doriot as President. Principal stockholders are Carson & Co., 6.2% (of record only); John Hancock Mutual Life Insurance Co., 5.1%; and Massachusetts Investors Trust, 5.6%.—V. 191, p. 2197.

Companies Removed From Canadian Restricted List

The Securities and Exchange Commission has issued a revised, up-to-date list of Canadian companies whose securities the Commission has reason to believe recently have been, or currently are being, distributed in the United States in violation of the registration requirements of the Securities Act. The May 1959 revision included the names of 191 Canadian companies, and since that date 80 companies were added to and eight dropped from the list. In the current revision, an additional 54 companies (set forth below) are being dropped, giving a net of 209 companies comprising the current list.

Associated Oil & Gas Co.—Exchange Plan—

This company, of 1410 Bank of the Southwest Building, Houston, Texas, has filed a registration statement with the SEC on June 28, 1960, covering 658,434 shares of capital stock. The company proposes to offer this stock to stockholders of Gulf States Development Corp., a Texas corporation, on the basis of (a) one share of Associated stock for two shares of Gulf States class A common (b) one such share for two shares of Gulf States class B common, and (c) five shares for eight shares of Gulf States preferred. Said offer is subject to the conditions that the company's stockholders shall have approved the increase of authorized capital stock from 4,000,000 to 8,000,000 shares; a majority of the company's stockholders, other than officers and directors, shall have voted in favor of such exchange; and more than 90% of the outstanding shares of each class of common stock of Gulf States shall have been tendered for exchange. In addition, the company proposes to offer shares of its capital stock in exchange for the interest of Allan P. and Fred M. Kirby in oil and gas properties owned by them as non-operators under a 1958 drilling program of Gulf States.

According to the prospectus, the purpose of the exchange offers is to facilitate the expansion of the operations of the company as a producer of hydrocarbons. It is said that the acquisition and integration of the said properties into the operations of the company will afford opportunity for increased exploration, development and production on an economic and profitable basis.

The company is also registering 62,500 shares of capital stock owned by L. M. Fischer, being part of 162,500 shares issued to Fischer and H. J. Mosser, in exchange for all the outstanding capital stock of South-Tex Corp. and 40,000 shares of capital stock to be issued to H. G. Sutton in exchange for $400,000 face amount of demand notes of Timberland Exploration Co. At the time of this South-Tex exchange in December, 1959, Mosser and Fischer were directors of Associated and Mosser was board chairman. Fischer has since resigned and Mosser still serves as board chairman. Mosser owns about 25% of the outstanding stock; Walter N. Maguire, Vice-Chairman, about 15.5%; and officers and directors as a group 48.58%.—V. 190, p. 967.

Atlantic Bowling Corp.—Registers Common—

This corporation, of 100 Medway St., Providence, R. I., filed a registration statement with the SEC on June 27, 1960 covering 250,000 shares of common stock, to be offered for public sale through a group of underwriters headed by Sutro Bros. & Co., and McDowell, Dimond & Co. The public offering price, underwriting terms will be supplied by amendment. In addition to a payment to the underwriters of up to $10,000 for expenses, the company has agreed to sell to the underwriters, for $250, 5-year warrants to purchase 25,000 shares of common, and to sell to two of the underwriters 37,500 shares for $1.00 per share.

The company was organized under Delaware law in September, 1959 as The Melmar Corp. and assumed its present name in March, 1960. It is engaged in operating two tenpin bowling centers in Rhode Island with a total of 108 lanes, and plans to open during 1960 an additional center in Rhode Island and five centers in Massachusetts, with a total of 268 lanes. The net proceeds of the stock offering will be used to furnish and equip the additional centers, including the repayment of any temporary indebtedness so incurred, and for working capital. Any balance will be used for general corporate purposes, which may include equipment of additional bowling centers, or the purchase of such centers from others, and the reduction of indebtedness.

In addition to certain indebtedness, the company has outstanding 212,500 shares of common stock, of which 53,125 shares (25%) are owned by Melvin T. Berry, President; 31,875 shares (15%) each by Sidney A. Kane, Vice-President, and Maurice Fox, Treasurer; and 155,125 (73%) by the company's officers and directors as a group. According to the prospectus, the company sold $1,000,000 of debentures and 62,000 common shares to various friends and business associates of Berry and the other two promoters and to Kane and a partnership of which he is a member, for $1,062,000; and it sold 58,000 shares to Berry, Kane and Fox for $1 per share. The 120,000 shares were reclassified in March, 1960 into the 212,500 shares now outstanding. The stock interest in one of the centers was acquired by Atlantic from Berry for $135,000, or $100,000 in excess of Berry's cost. Berry, Kane and Fox assigned to Atlantic their interests in a contract to purchase, for $350,000, a parcel of real estate in East Providence, in consideration of their right to purchase the 58,000 shares above referred to. In March, 1960, Atlantic determined to dispose of its real estate interests and to limit its activities to the operation of bowling centers, which resulted in the formation of The Melmar Investment Corp. with stock interests identical to those of Atlantic. Melmar purchased from Atlantic at the latter's cost of $1,027,532, all of Atlantic's real estate and related holdings. These properties include the East Providence site, and stock and indebtedness purchase by Atlantic from affiliated interests in 1959 at a total cost of $345,300. Concurrently, Atlantic redeemed at par $500,000 of the debentures, and the proceeds of such redemption were invested by the recipients in similar debentures of Melmar.

Atwood Vacuum Machine Co.—Subsidiary Acquired—

See Automatic Canteen Co. of America, below.

Augsburg College and Theological Seminary, Minneapolis, Minn.—Bonds Offered—B. C. Ziegler & Co., of West Bend, Wis., on June 28 publicly offered $750,000 of first mortgage serial bonds of Ausburg College & Theological Seminary, of Minneapolis, Minn. This 15-year issue, dated June 1, 1960, and due serially and from Sept. 1, 1961, through June 1, 1975, carries the following interest rates and prices as follows:

Sept. 1, 1961 through June 1, 1964, 5% to par; Sept. 1, 1964 through June 1, 1968, 5¼% to par; Sept. 1, 1968 through June 1, 1970, 5½% to 100½; Sept. 1, 1970 through June 1, 1972, 5½% to par; Sept. 1, 1972 through Dec. 1, 1973, 5¾% to 100½, March 1, 1974 through June 1, 1975, 5¾% to par. Accrued interest to be added.

The $750,000 of first mortgage serial bonds are being issued under an indenture dated as of June 1, 1960, executed by Augsburg College and Theological Seminary, Minneapolis, Minn. (herein sometimes referred to as the "Corporation"), a Minnesota non-profit corporation afiiliated with the Lutheran Free Church and more commonly known as Augsburg College, to Midland National Bank of Minneapolis, Minneapolis, Minn., corporate trustee.

REDEMPTION OF BONDS—At the option of the corporation and upon not less than fifteen (15) days' published notice, bonds of a maturity or maturities selected by the corporation, may be redeemed in whole or in part on any quarterly payment date by the payment of principal, accrued interest and a premium as follows:

(a) If unborrowed funds are used for redemption, the premium shall be 2% if redemption be effected on or prior to Dec. 1, 1962; 1% if redemption be effected after Dec. 1, 1962 and on or prior

Corporate and Municipal Financing Ahead

By SIDNEY BROWN

Slippages in both corporate and municipal offerings are in prospect for the next four weeks and indicate that last year's lull in July's financing is to be repeated. This week's (July 5-8) bond corporates set to appear amounts to $90 million of which one issue alone accounts for $50 million—indicated below. The corporate bond total could be made larger by $19,800,000 if we had included the District of Columbia Armory Board bid solicitation set for July 7 in the corporate total instead of the municipal column. Though this issue is not tax-exempt from U. S. taxes, it is exempt from the District's taxes, which should make it desirable for investment funds there.

Equity issues, though numerous, come to about $75 million for this week—providing they all materialize on the dates set. This is hardly to be expected in view of the logjam still prevailing in the SEC and the need for a breather in the market. Last week's four-week projection for corporates was about $66 million higher than this week's. Municipals remain strong for the first two weeks coming up and, as seen now, they veer off sharply.

The following aggregates the demand for capital posed by corporate and municipal issues with *posted sales dates:*

	28-Day Visible Supply	*Total from July 5 On*
Corporates	$559,284,100	$1,329,011,100
Municipals	355,004,000	375,804,000
Total	$914,288,100	$1,714,815,100

PAST WEEK'S CHANGES

Corporate securities with offering dates *added* to the *Chronicle's* new issue calendar during the week of June 23-29 inclusive adds up to $47,257,400 of which $25,945,000 are in bonds. Municipal additions amount to $82,014,000 for issues of $1 million or more. Railroads in the calendar number three and they all offer equipment trust certificates. They are Atlantic Coast Line, $4,815,000, Southern Pacific, $6,000,000 and Seaboard Airline, $3,030,000.

Surprisingly, in view of this month's large scale municipal financing, modestly strong pace of corporates compared to its performance this year up until June, and the large scale note financing that has been going on, was the extent of sales last week (June 23-29 inclusive). Corporate stocks for this period tapped the market for $60,422,880, bonds raised $124,898,600 and secondaries $11,664,440. This does not include the Wallace Properties' $12 million debentures and $2,880,000 stocks, nor the $10 million Franklin Corp. common and other issues for the last day of June.

The dollar volume of municipals that made their appearance during the June 23 through 29 week came to $170,769,000. This included the $75 million—out of $93 million—State of California issues.

A LOOK AT PENDING TOTALS

Corporate issues set for July that are without any specific week or day indicated as yet, amount to $4 million, and for August they comprise $16,745,000 in stocks and a $5 million bond issue.

Corporates registered with the SEC and without any indication of dates are estimated at about $150 million. Other possible non-registered financing in the offing signal a need for $683 million. The additional totals of $25 million for July and August and $833 million added to our total of corporate issues with tentative dates from July 5 on, make a grand total of slightly over $2.3 billion in prospect between now and the end of this year.

Pending issues in municipals present an encouraging front. There is a sizable lot expected for July and August and there is an impressive number of pending issues without any affixed calendar date. Our tabulation shows that they amount to a little over $900 million. A spurt in public construction, induced by the recent Administration's attempt to help the business cycle, may reverse this year's downward trend in State-local financing. The lack of robustness in the economy is attributed in part to what has happened to government construction at all levels. Much depends upon how the eased credit situation affects building financing. One construction economist believes it will be helpful, and another sees no ease with regard to cost of borrowings for construction. Of course there is always the question as to how long education and other public works can be postponed in the face of issuer-rebellion against interest cost.

Arrayed below are the anticipated dollar value of the common and preferred stocks and corporate bonds, as well as State and local government debt obligations, scheduled for the next four weeks. The dollar value of stocks is based on offering prices and when this information is unavailable are conservatively discounted from current market price. If anything, the stock totals should underestimate what will transpire unless there is an unexpectedly sharp market drop. These totals, of course, are revised each week and can be expected to be more applicable to the first than to the last of the four weeks recapitulated. New issues for those companies that do not have any stock outstanding are only included in the total if acceptable indications are obtained. Preferred issues and debt securities are based on par value except where discounts from par are part of the offering.

FOUR-WEEK CORPORATE-MUNICIPAL OFFERINGS

	Corporate Bonds	*Corporate Stocks*	*Total Corporates*	**Municipals*	*Total of Both Financings*
July 5-July 8	$90,000,000	$74,945,000	$164,045,000	†$171,181,000	$336,126,000

† *Includes $19,800,000 District of Columbia Armory Board Bond which is only tax exempt in Washington, D. C.*

LARGER ISSUES IN THE CALENDAR

Among the larger forthcoming issues for the period July 5-July 28 there are:

Week of July 5: 125,000 shares of Control Data Corp. common; $6 million Farrington Mfg. Co. debentures; 660,000 shares of Futterman Corp. class A; 210,045 shares of Obear-Nester Glass Co. common; 100,000 shares of Garrett Corp. common; $50 million Illinois Bell Telephone Co. bonds; 130,063 shares of Papercraft Corp. common; $3.5 million Sierra Pacific Power Co. bonds; $5 million preferred and $5 million bonds of Gulf Power Co.; $24 million Mississippi River Fuel Corp. debentures; 243,600 shares of Laclede Gas Co. and during the week of July 11 will accept bids for $10 million in bonds; and in municipals—$10,695,000 North Carolina; $19 million Salt River Project Agricultural Improvement & Power District, Ariz.; $37 million Chicago, Ill.; $79,800,000 District of Columbia, Armory Board; $5 million St. Petersburg, Fla.; $4,536,000 Yorktown, New Castle & Cortlandt Central School District No. 2, N. Y.

Week of July 11: 200,000 shares of American Rubber & Plastics Corp.; 150,000 shares of American Sterilizer Co. common; $5 million Aviation Employees Corp. common; $50 million Commercial Credit Co. notes; 30,000 units of Liberian Iron Ore Ltd.; $10 million Pauley Petroleum Inc. debentures; $10 million Central Illinois Electric & Gas Co. bonds; $40 million American Can Co. debentures and in addition, on July 15, 264,000 shares of common and 12,000 shares of preferred; 216,645 shares of Varian Associates, capital; and in municipals—$14,150,000 Anne Arundel County, Md. & Anne Arundel County Sanitary Commission, Md.; $4.8 million Montebello Unified School District, Calif.; $35,596,000 Nassau County, N. Y.; $6.2 million New Orleans, La.; $8,750,000 Redondo Beach, Calif.; $6 million Sacramento, Calif.; $16,598,000 Santa Ana School District, Calif. & Santa Clara County, Calif.; $5 million University of Texas; $5,440,000 University of Puerto Rico.

Week of July 18: 300,000 shares of American Electronics, Inc. common; 150,000 shares of common and $2 million convertible debentures of Avnet Electronics Corp.; $5 million New Jersey Power & Light Co. bonds; $4,815,000 Atlantic Coast Line RR. equipment trust certificates; $6 million Southern Pacific Co. equipment trust certificates; and in municipals—$25 million Eugene, Ore.; $4 million Broward County, Fla.

Week of July 25: 500,000 shares of Florida Capital Corp. common; 1 million shares of Variable Annuity Life Insurance Co. of America common; $38,101,600 Consumers Power Co. bonds; 1,140,000 shares of El Paso Natural Gas Co. common; bids to be accepted on $22 million in bonds of Southern Counties Gas Co.; bids to be accepted on $3,030,000 equipment trust certificates of Seaboard Air Line RR.; and in municipals—$5.6 million Lake County Special Tax School District No. 1, Florida.

June 30, 1960

Digitized for FRASER

to June 1, 1965; there shall be no premium if redemption be effected after June 1, 1965; provided, however, that bonds of not to exceed $75,000 in principal amount may be redeemed each year, without the payment of any premium, not cumulative.

(b) Bonds may be redeemed with borrowed funds after June 1, 1965 without the payment of any premium, but may not be redeemed without borrowed funds prior to June 1, 1965.

Automatic Canteen Co. of America—Acquires—

The Chicago, Ill., company has acquired ABT Manufacturing Co., Rockford, Ill., manufacturer of electronic control devices for coins and currency, it was announced on June 23 by Nathaniel Leverone, Canteen chairman. ABT is a wholly-owned subsidiary of Atwood Vacuum Machine Co., Rockford.

The purchase is an exchange of stock transaction. Details were not disclosed.

Leverone said the acquisition of ABT "rounds out Canteen's Electronics Division, and marks another step in Canteen's program of integrating its manufacturing operations. It also provides Canteen with the electronic coin-and-bill-changing components and control devices which are essential parts of today's modern vending machines," he said.

"In addition, ABT brings to Canteen prototype models for several important new vending machines," Leverone stated.

ABT, which will become part of Canteen's Electronics Division, is a pioneer in the development and manufacture of changemakers, totalizers and sophisticated electronic coin and currency handling equipment.

The ABT "Bill Changer," the only commercially-proved currency changer on the market, has been in constant field use by Automatic Canteen and other firms for two years. It can be designed to handle any denomination U. S. or foreign currency, including $1, $5, $10 and $20 bills.

Leverone pointed to a growing need for currency-changing devices which will allow vending machines to accept currency and return a purchased product plus the correct change. "Vending of higher-priced consumer goods, including complete meals, requires use of proved currency handling equipment. Canteen now has such equipment in ABT's electronic Bill-Changer," Leverone said.

The "heart" of the Bill-Changer is adaptable for many other currency handling jobs, including tote machines at race tracks and far several banking operations, Leverone added.

Automatic Canteen is the largest company in the automatic vending field. Sales and other income in the fiscal year 1959 amounted to $140,509,948, with net earnings reaching an all-time high of $4,470,997.

In addition to the Electronics Division, which includes ABT, AMI (Automatic Music, Inc.) and Tonomat Co. in Frankfort, Germany, Automatic Canteen operates Food and Vending divisions. The company's manufacturing subsidiaries include AMI, one of the world's largest manufacturers of coin-operated record player and background music equipment; and Rowe Manufacturing Co., producer of vending machines and equipment. Recently the company established Rowe-AMI Sales Co. to coordinate Rowe and AMI sales in the United States and Canada.

In 1959, Automatic Canteen launched a widespread expansion program abroad, and today the company has large and growing operations in England, Germany, Sweden and Italy, as well as in Canada. Additional steps are now being taken to greatly accelerate this position in the foreign field.—V. 191, p. 1215.

Bal-Tex Oil Co., Inc., Denver, Colo.—Files With SEC—

The corporation on June 17, 1960 filed a letter of notification with the SEC covering 300,000 shares of class A common stock to be offered at par ($1 per share), through L. A. Huey Co., Denver, Colo.

The proceeds are to be used for expenses incidental to the development of oil properties.

Bausch & Lomb Inc. — Rights Offering — Bausch & Lomb Inc. is offering to the holders of its common stock rights to subscribe for an issue of $7,038,600 of 4¾% convertible subordinated debentures due 1980 at the rate of $100 principal amount for each 13 shares of common stock held of record on June 28, 1960. The subscription price is 100%. The subscription offer expires at 3:30 p.m. (EDT), on July 13. The debentures are convertible until maturity, unless previously redeemed, into common stock at $56 per share.

PROCEEDS—The company, one of the world's largest producers of ophthalmic products and scientific optical instruments, will use $5,000,000 of the proceeds from the sale to construct new facilities at Rochester, N. Y. where the company has its principal manufacturing plants and the balance will provide additional funds for working capital.

BUSINESS—The company is the only fully integrated manufacturer of optics, producing substantially all of its own glass requirements and the component parts of its many products, as well as designing and making a large part of the specialized production and testing equipment used in its operations.

REDEMPTION—The debentures are redeemable under a sinking fund at 100% beginning July 1, 1970 and for regular redemption at prices ranging from 104.75% to the principal amount.

EARNINGS—The company reported net sales and other income of $15,806,158 and net income of $556,112 for the 13 weeks ended March 25, 1960 compared with $14,117,531 and $508,158 for the corresponding period of the preceding year.

CAPITALIZATION—Capitalization of the company as adjusted to reflect the sale of the debentures consists of $19,747,272 of funded debt, 50,000 shares of preferred stock of $100 par and 915,019 shares of common stock of $10 par.

UNDERWRITING—The company has agreed to sell to each of the underwriters named below, and each of the underwriters has severally agreed to purchase, the percentage set opposite its name of such of the debentures as are not subscribed for on the exercise of the warrants:

Beckman Instruments, Inc.—Receives Contract—

Beckman Instruments, Inc., has received an $800,000 contract from the AETRON Division of Aerojet-General Corp. for two high-speed, analog-digital data handling systems for use in the Army's Pershing Missile program, it was announced on June 22.

A spokesman for Beckman's Systems Division, Anaheim, Calif., said the first of the two systems will be delivered this October to the Army Ballistic Missile Agency at the Redstone Arsenal, Huntsville, Ala.

He said the systems, which operate at the rate of 5,000 samples a second, will record uncorrected data on-line (while a test is taking place), and edit, correct and tabulate off-line (after the test is completed), the missile test information by means of a directly connected digital computer.

The systems will record information on magnetic tape for further processing in larger digital computers, he said.

The Pershing Missile is a mobile, surface-to-surface, solid propellant ballistic missile developed for the field army. It has a 400-mile range.

This company, has also received a $225,000 Navy contract for nine Mark IV atmosphere analyzers for the United States' nuclear submarine fleet, it was announced on June 28.

At the same time, the Navy awarded Beckman a $48,000 developmental contract for additional research on a prior Mark series order, according to Max D. Liston, director of the company's Special Projects Division.

Delivery of the new units, which will be installed on craft now under construction, will begin in September, 1961, Liston said.

An earlier model of the atmosphere analyzer, the Mark III, now is standard equipment oboard all U. S. nuclear subs. As such, it had an important role in the recent globe-circling underwater cruise of the U. S. S. Triton, and in other historic voyages of the nuclear fleet.

The equipment monitors air supplies to prevent dangerous concentration of impurities and guarantees safe oxygen content, a vital function in confined areas where the same air is reused over long periods of time.

The Mark IV is smaller than the Mark III, analyzes more gases, has a higher degree of stability and accuracy, and operates entirely electronically without moving parts, Liston said. The new unit monitors for carbon monoxide, carbon dioxide, oxygen, freon and six security-classified gases.

The Mark series was developed by the combined efforts of scientists and engineers from Beckman, the U. S. Bureau of Ships, and the Naval Research Laboratory, Washington, D. C.—V. 191, p. 2635.

Bell & Howell Co.—Files for Offering—

Bell & Howell, of 7100 McCormick Road, Chicago, Ill., filed a registration statement with the SEC on June 27 covering 12,000 shares of common stock, to be awarded to those of its directly franchised retail or wholesale dealers, in the United States and its territories and possessions, who accumulate specified numbers of points through purchases of specified products.—V. 191, p. 198.

Beneficial Finance Co.—Buys 47% of Western Auto—

O. W. Caspersen, Chairman of the Board and President of this company, announced on June 27 that the board of directors had authorized the purchase of about 1,400,000 shares, or approximately 47% of the outstanding common stock, of Western Auto Supply Co. The purchase was made from Gamble-Skogmo, Inc.

Western Auto, which has been in business for more than 50 years, is a nationwide merchandising chain operating through more than 400 company-owned stores and about 3,700 franchised dealer stores. Sales volume of the company in 1959 was in excess of $265 million, and net income amounted to $8,958,000, equivalent to $2.92 per common share. The company paid dividends continuously since 1928, and its common shares are listed on the New York Stock Exchange.

Beneficial Finance Co. and its subsidiaries constitute the Beneficial Finance System, which has more than 1,240 affiliated consumer finance offices located in 47 States of the United States, including Alaska and Hawaii, in all 10 provinces of Canada and one office in London, England.

Beneficial's investment in Western Auto Supply Co. will be about $50 million.—V. 191, p. 1107.

Benson-Lehner Corp.—Offering and Secondary—

This corporation, of 1860 Franklin St., Santa Monica, Calif., filed a registration statement with the SEC on June 27, 1960 covering 75,000 shares of common stock, of which 67,500 shares are to be offered for public sale by the company and 7,500 shares, being outstanding stock, by the present holders thereof. The public offering price and underwriting terms are to be supplied by amendment. The prospectus lists Bear, Stearns & Co. as the principal underwriter.

The company is engaged in the development, manufacture and sale of data processing equipment, research and service in the field of information retrieval, and the development, manufacture and sale of scientific cameras. Of the net proceeds of the stock sale, $950,000 will be used to repay short-term bank loans the proceeds of which were used for working capital, $100,000 will be advanced to subsidiaries as working capital, and the balance will be added to the company's working capital.

In addition to certain indebtedness, the company has outstanding 347,260 shares of common stock, of which 58,900 shares (17%) are owned by Bernard S. Benson, President; 51,160 shares (14.7%) by Bear, Stearns & Co., and 26,000 shares (7.5%) by Leonard M. Sperry, a director. The company's officers and directors as a group own, beneficially, 107,190 shares (31%), and options to purchase 4,500 shares. The prospectus lists the selling stockholders as Mortimer Taube and Eugene E. Miller, selling 4,500 and 3,000 shares, respectively, or one-half of their present holdings.—V. 191, p. 1730.

—V. 191, p. 2303.

Bevis Shell Homes, Inc. — Securities Offered — G. H. Walker & Co., Beil & Hough, Inc., and associates offered on June 30, 200,000 units of securities of Bevis Shell Homes, Inc., at $15.50 per unit. Each unit consists of five shares of common stock, one $8 par 9% subordinated sinking fund debenture and one 1962 warrant and one 1964 warrant.

PROCEEDS—The major portion of the net proceeds from the sale of the units will be used by the company's subsidiary to increase its holdings of mortgages placed on the "shell" homes sold by the company. The balance of the proceeds will be added to working capital and used for general corporate purposes.

BUSINESS—Bevis Shell Homes, Inc., Tampa, Florida, is engaged principally in the construction of "shell" homes, which are residences constructed of wood or in some cases concrete block. The homes are completely finished on the outside with doors, windows, screens, trim and outside painting, but without gutters, drain spouts, flashing material, chimneys, or flu systems. Only in isolated cases does the company finish and complete any of the homes it constructs. Operations of the company are carried on in Alabama, Arkansas, Florida, Georgia, Mississippi, North Carolina and Tennessee.

PRIVILEGE—The 1962 warrants and the 1964 warrants expire Dec. 31, 1962 and Dec. 31, 1964, respectively, and entitle the holders to purchase as a unit, at any time prior to their expiration dates, one share of common stock and one $8 par 9% subordinated sinking fund debenture, at a unit price of $9.50 plus accrued interest on the debenture. The debentures will be redeemable at the company's option at redemption prices ranging from 110% to par, and for the sinking fund at the then current redemption price, plus accrued interest in each case.

SALES—For the year 1959, the company and its subsidiary had consolidated sales of $2,795,000.

CAPITALIZATION—Upon completion of the current financing, outstanding capitalization of the company will consist of $2,346,000 of indebtedness and 1,420,000 shares of common stock.—V. 191, p. 1563.

Birtcher Corp. — Debentures Offered — Quincy Cass Associates on June 24 headed a group of investment firms which commenced the public offering of $500,000 of 6% convertible subordinated debentures of Birtcher Corp. These debentures which are due April 30, 1975, were offered in $1,000 units at par, plus accrued interest from April 30, 1960, to date of delivery and payment.

CONVERSION—The conversion price is $5 per share of capital stock to and including April 30, 1963, $6 per share thereafter to and including April 30, 1966, and $7 per share thereafter, subject to adjustment. The price of the capital stock was quoted on the Los Angeles over-the-counter market from Jan. 1, 1959 to Dec. 31, 1959 at a low of ⅞ bid, 1⅛ asked to a high of 7 bid, 7¼ asked, adjusted where appropriate for the 2% stock dividend paid in Dec. of 1959. From Jan. 1, 1960 through June 20, 1960 the price of the capital stock was quoted at a low of 3⅛ bid, 3½ asked and a high of 6⅜ bid, 6⅝ asked, and the closing quotation on June 20, 1960 was 3¼ bid, 3⅜ asked.

PROCEEDS—Of the net proceeds to be received by the company from the sale of the debentures, it is expected that approximately $225,000 will be used to retire presently existing short-term loans from Union Bank, Los Angeles, which were incurred for the purpose of augmenting working capital; $20,000 will be spent for additional production machinery for Baldwin Products Corp.; approximately $15,000 will be spent for quality control and laboratory test equipment; and approximately $20,000 will be spent for machinery and appurtenances for the production of transformers for use in the company's electronic, medical and surgical products. In addition, approximately $90,000 will be used for the carrying of increased inventories of the company's line of electro-surgical, ultrasonic and cardiographic instruments, and approximately $60,000 will be used to finance the company's new program of leasing its major products. With the possible exception of short-term bank loans which may be incurred from time to time for working capital, the company does not anticipate that additional financing will be required in the near future.

BUSINESS—The Birtcher Corp. was incorporated under the laws of the State of California on Jan. 12, 1938 and shortly thereafter succeeded to the business of C. J. Birtcher, Inc., which had been formed on Feb. 7, 1936.

The company is engaged primarily in the manufacture and sale of electronic medical and surgical equipment, electronic diagnostic equipment and various accessories thereto. The company also is engaged in the sale of locking, heat dissipating clamps used to hold in place and cool electronic tubes, semiconductors and other components incorporated in military electronic equipment. These clamps are manufactured for the company by its wholly-owned subsidiary, Baldwin Products Corporation.

The company's executive offices and principal manufacturing plant are located at 4371 Valley Boulevard, Los Angeles 32, Calif. Additional sales offices and warehouses are located in Oakland, Calif., Boston, Mass., and Birmingham, Ala.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
6% conv. subord. debs. due 1975	$500,000	$500,000
Capital stock (par $1)	2,000,000 shs.	706,080 shs.

UNDERWRITERS—Quincy Cass Associates and the underwriters associated with it have made a firm commitment, subject to the terms and conditions of the underwriting agreement to purchase from the company the respective principal amounts of debentures set forth below:

	Amount		Amount
Quincy Cass Associates	$300,000	Marache, Dofflemyre & Co.	$45,000
Hill Richards & Co.	50,000	Denault & Co.	30,000
J. Barth & Co.	50,000	Davis, Skaggs & Co.	25,000

—V. 191, p. 1430.

Black Hills Power & Light Co.—Rights Offering—

This utility, of 621 Sixth St., Rapid City, South Dakota, filed a registration statement with the SEC on June 28 covering 32,842 shares of common stock, to be offered initially for subscription of holders of outstanding common stock on the basis of one new share for each 12 shares held. The record date, offering price and underwriting terms are to be supplied by amendment. Dillon, Read & Co. Inc., heads the list of underwriters.

The company is engaged in the generation, transmission, distribution, sale, and interchange of electric energy. It is negotiating the private sale of $1,000,000 5⅜% first mortgage bonds due August, 1990. The net proceeds of the sale of the bonds and stock, together with available funds on hand, will cover the remaining cost of its fiscal 1960 construction program, including the repayment of interim bank loans obtained for such purpose. Expenditures for such construction are estimated at approximately $5,077,600.

In addition to various indebtedness, the company has outstanding three series of preferred stock and 394,095 shares of common. The prospectus list J. B. French as Board Chairman and Neil G. Simpson as President.—V. 191, p. 2199.

Blackstone Valley Gas & Electric Co.—Borrowings—

The SEC has issued an order under the Holding Company Act authorizing increased bank borrowings by this company, of Pawtucket, R. I. The company now has outstanding some $1,700,000 of short-term notes; and to meet its construction requirements through Dec. 31, 1960, it will need an estimated additional $1,000,000, including some $350,000 for propane-air gas plant for standby and peak-shaving purposes. It proposes to make additional bank borrowings during the remainder of 1960 in amounts not to exceed $2,700,000 outstanding at any one time.

Boston Fund, Inc.—Seeks Order—

This Boston investment company has applied to the SEC for an exemption order under the Investment Company Act with respect to its proposed acquisition of the assets of The Groton Company; and the Commission has issued an order giving interested persons until July 12, 1960, to request a hearing thereon.

Groton is a personal holding company with less than 100 shareholders. Boston Fund proposes to acquire substantially all its cash and securities, having a value of about $7,500,000 as of Dec. 31, 1959, in exchange for shares of Boston Fund at their net asset value. Frederick Ayer, the President and a Director of Groton, is a member of Boston Fund's advisory board. In addition, members of his family have interests in Groton; and as co-trustee with others under various trusts he controls or holds with power to vote more than 5% of Groton's stock.—V. 188, p. 2739.

Bristol Dynamics, Inc.—Offering and Secondary—

This corporation, of 219 Alabama Ave., Brooklyn, N. Y., filed a registration statement with the SEC covering 124,000 shares of common stock, of which 69,000 shares are to be offered for public sale for

the account of the issuing company and 55,000 shares, being outstanding stock, by the present holders thereof. The shares are to be offered for sale at $6 per share through William David & Co., Inc., on an all-or-none basis, for which 72 cents per share commission is payable (plus $27,500 for expenses). The company also has agreed to issue five-year warrants at $.001 each to four officers of the underwriter, representing the right to purchase 20,000 common shares at $6 per share. Also included in the registration statement are 17,500 common shares issuable under the company's restricted stock option plan.

The company is in the business of designing, engineering, manufacturing, producing and selling electrical and mechanical assemblies, electronic and missile hardware components and special tools and fabrications. It now has outstanding 180,000 common shares. Net proceeds to the company from its sale of additional stock will be used as follows: $100,000 for expansion and further modernization of the company's plants and equipment; $100,000 for research and development of new products; and the balance (about $123,000) for working capital and other corporate purposes.

The prospectus lists Melvin D. Douglas as President and owner of 126,000 common shares (70%). He proposes to sell 10,000 shares of his holdings. An additional 9,000 each are being sold by Shirley A. Douglas, Secretary-Treasurer, and four Douglas family trusts.

Broad Street Investing Corp.—Seeks Orders—

This New York investment company has applied to the SEC for an exemption order under the Investment Company Act with respect to its proposed acquisition of the assets of M.E.W. Corporation; and the Commission has issued an order giving interested persons until July 12, 1960, to request a hearing thereon.

M.E.W. is an investment company with two stockholders. In an agreement between it and Broad Street, the latter proposes to acquire substantially all of the cash and securities of M.E.W., with a total value of $1,073,449 as of May 9, 1960, in exchange for shares of Broad Street stock at their net asset value.

The company, has also applied to the SEC for an exemption order under the Investment Company Act with respect to its proposed purchase of the assets of Morey Humm & Warwick, Inc.; and the Commission has issued an order giving interested persons until July 12, 1960, to request a hearing thereon.

Morey-Humm is an investment company with six stockholders. Broad Street proposes to purchase substantially all its cash and securities, with a total value of $499,001 as of April 30, 1960, in exchange for shares of Broad Street stock at their net asset value. —V. 191, p. 2743.

Brockway Glass Co., Inc.—Common Stock Offered—

Public offering of 162,000 shares of common stock of Brockway Glass Co., Inc. (Brockway, Pa.) was made on June 29 by an underwriting group managed by Lehman Brothers and Blyth & Co., Inc. The stock was priced at $38 per share.

PROCEEDS—Of the shares offered, 130,000 shares represent new financing by the company, which will apply net proceeds from sale of the stock toward the cost of building and equipping a new glass container plant at Rosemount, Minn. The remaining shares are being sold on behalf of stockholders.

CAPITALIZATION—Upon issuance of the new shares capitalization of the company will comprise $3,825,000 long-term debt, 60,959 shares of $50 par value preferred stock, and 1,257,852 shares of common stock.

SALES—Consolidated net sales during the fiscal year ended Sept. 30, 1959 totaled $50,786,000 and net income after taxes applicable to common stock amounted to $3,382,000. The company has paid cash dividends on the common stock for 34 consecutive years and in addition has paid stock dividends from time to time.

BUSINESS—Brockway manufactures glass containers, glass tubing, vials, ampules and other products fabricated from tubing. The glass containers are used in the packaging of food; medicinal, chemical, household and toiletry products; beverages, beers, liquors and wine.

Plants are located at Brockway, Crenshaw and Washington, Pa.; Muskogee, Okla.; Lapel, Ind.; Freehold, N. J., and Parkersburg, W. Va. The plant under construction at Rosemount, Minn., approximately 15 miles south of Minneapolis and St. Paul, is expected to commence operations in June 1961.

UNDERWRITERS—In the underwriting agreement, the several underwriters, represented by Lehman Brothers and Blyth & Co., Inc., have agreed severally to purchase from the company and from the selling stockholders the respective numbers of shares of common stock set forth below opposite the underwriters' names:

	Shares		Shares

Brown-Forman Distillers Corp.—Annual Report—

A new sales record, topping the $100 million mark, was set by this Louisville, Ky., corporation for the fiscal year ended April 30, 1960, according to that distiller's annual report published June 28.

The report, which reviews the activities of the Louisville firm for the fiscal year which started May 1, 1959, shows consolidated net sales of $101,696,943, up 10% over the last year's total sales of $92,445,460. Profits for this fiscal year totaled $4,407,761, up 24% over profits of $3,567,472 for the fiscal year ended April 30, 1959. Covered in the annual report are the products produced and sold by Brown-Forman—Old Forester Kentucky Bourbons, Early Times Bourbon, and King Elended Whisky—as well as those produced, imported and marketed by the company's divisions and subsidiaries.

The annual report showed a record net worth of $41,139,171 for the company, and reported earnings of $1.18 per share of common stock. Stockholders' equity per share of common stock was reported at $8.82.

The annual report also reported consummation of a new credit agreement during the fiscal year, which provided for long-term loans of $27,000,000 from 10 banks and an insurance company. Proceeds of that loan, the report notes, were used to retire the company's previous long-term indebtedness and to purchase $8,400,000 in notes owed by the Jack Daniel Distillery, a wholly owned subsidiary, to its former stockholders.

A final decision by the Tax Court of the United States on a pending excess profits tax case involving Brown-Forman was handed down in January.

Terms of the decision required payment to the government of $4,595,000, representing excess profits taxes previously withheld, and interest, both of which had been fully provided for in the company's accounts in previous years.—V. 190, p. 1416.

Budget Finance Plan—Exchange Offer—

At a special meeting of shareholders held in Los Angeles on June 24, the shareholders approved an amendment to the Articles of Incorporation clearing the way for an exchange offer of subordinated capital income debentures, 6% series A, to holders of 6% serial preferred shares.

Holders of 6% serial preferred shares who accept the exchange offer will receive the following benefits:

(a) The debentures will have priority over all classes of stock in respect of principal, interest and sinking fund requirements;

(b) Interest on the debentures will be mandatorily payable when earned, whereas dividends on the 6% serial preferred shares are payable in the discretion of the board of directors;

(c) Commencing with the year 1975 the debentures will have the benefit of an annual sinking fund, whereas there is no sinking fund applicable to the 6% serial preferred shares; and

(d) The debentures will be redeemable (otherwise than through operation of the sinking fund) on or before July 1, 1974 at a premium, whereas the 6% serial preferred shares are redeemable at par.

The maximum number of 6% serial preferred shares that may be exchanged under this offer is 250,000 (out of 651,775 shares outstanding) and the offer, unless extended, will expire on July 22, 1960.

At the same meeting, all members of the board of directors were re-elected. Louis Himelstein, President of construction and engineering companies in Phoenix, Aiz., was added to the board to fill an existing vacancy.

Budget Finance Plan, a nationwide consumer finance company, presently operates 96 offices serving 16 states. The company recently opened new offices in Seattle, Wash., and San Bernardino and Riverside, Calif. Assets now exceed $46,000,000 compared with $42,000,000 a year ago. —V. 191, p. 2411.

California Life Insurance Co., Oakland, Calif.—Files With Securities and Exchange Commission—

The company on June 14 filed a letter of notification with the SEC covering 8,766 shares of class A stock (par $5) and 4,168 shares of common stock (par $1) to be offered for subscription by stockholders as follows: for class A stock, $28.55 per share; for common stock, $5.71 per share, on the basis of 0.147 share may be purchased for each share of class A held and the same amount of common stockholders. No underwriting is involved.—V. 189, p. 703.

Certified Credit & Thrift Corp.—Securities Offered—

Commonwealth Securities Corp., of Cleveland, Columbus and New Orleans, on June 17 publicly commenced an offering of 250,000 shares of class A common stock and 250,000 shares of class B common stock. These securities were offered in units of one share of each class of stock, at $20.20 per unit. Dealer's concession for the units is $2.10, re-allowance $1.80.

The class A common stock is entitled to receive a non-cumulative dividend of $1.20 per year before the payment of any dividends on class B common stock, and, after the payment of an annual dividend of 60c per share on the class B common stock, is entitled to share in any additional dividends, dollar for dollar and share for share, with the class B common stock. Payment of any dividends necessarily depend upon earnings, the financial condition of the corporation and other factors and there is no assurance dividends will be paid.

PROCEEDS—Of the net proceeds of the offering, estimated at $4,292,500, $1,610,500 will be applied to pay the unpaid balance of the cash purchase price of the Beggs Building and the balance, estimated at $2,682,000 will be used to pay the initial expenses of opening loan offices and to supply working capital for their business.

BUSINESS—The corporation was incorporated under Ohio law on Sept. 5, 1959 for the purpose of engaging in the consumer finance and small loan business and in the business of investing in special situations such as the purchase of the Beggs Building (located at 21 East State Street, Columbus, Ohio).—V. 191 ,p. 503.

Checker Motors Corp.—To Increase Common Stock—

The stockholders on July 20 will consider increasing the authorized common stock and providing for cumulative voting in the election of directors.—V. 188, p. 2461.

Chematomics, Inc.—Offering and Secondary—

Chematomics, Inc., 122 East 42nd Street, New York, N. Y., filed a registration statement with the SEC on June 24, 1960, covering 188,300 shares of common stock, of which 175,000 shares are to be offered for public sale by the company and 13,300 shares, being outstanding stock, by the present holders thereof. The public offering price will be $3.00 per share. The offering will be underwritten on a best efforts basis by Pleasant Securities Company, which will receive a selling commission of 45c per share. In addition to $26,995 for expenses, the underwriter will receive at the conclusion of the sale 9,000 shares of common from the company and a nontransferable option from the company's President to purchase, at 10c per share, all or part of an additional 9,000 shares of common at the rate of 1 share for each 19 shares sold for the account of the company.

The company was organized under Delaware law in February, 1960 to manufacture and market high heat resistant ion exchange resins, which are compositions of matter through molecular configuration able to attract and hold impurities in liquids; other resins and polymers suitable for the manufacture of adhesives and bindings, synthetic crystals, and associated operations. The company has not yet engaged in business, but is in the process of obtaining an option to lease manufacturing space in South Amboy, N. J., negotiating licensing and research agreements and generally preparing for operation. Of the net proceeds from the company's stock sale, $175,000 will be used to purchase and install machinery and equipment, $50,000 to develop a sales force, promotion and advertising, $75,000 for research and development, and $136,250 for working capital for administration, product cost, raw materials and labor.

The selling stockholders are Henry Schlachter and Arrowhead Petroleum Corp. owners of 4,150 shares each, and Isobelle W. S. Rogers, owner of 5,000 shares. The prospectus also lists Richmond Lisle-Cannon as President and owner of 102,000 shares (64.906%), and John S. Rogers as Secretary-Treasurer and owner of 18,500 shares (11.772%). The May 31, 1960, book value of outstanding shares was $0.283 per share.

City Gas Co.—Registers Common—

This company, of 955 East 25th St., Hialeah, Fla., filed a registration statement with the SEC on June 27, 1960 covering 120,000 shares of common stock, to be offered for public sale through a group of underwriters headed by Kidder, Peabody & Co. The public offering price and underwriting terms are to be supplied by amendment.

The company and its subsidiaries distribute gas through underground distribution systems in the Miami area which are in the process of conversion from liquefied petroleum gas to natural gas systems. Two subsidiaries conduct bottled gas businesses in portions of Dade County. Upon completion of said conversion, in July, 1960, the company will sell to an institutional investor $600,000 principal amount of first mortgage bonds, 5¾% series due 1979. In addition, the company has obtained preliminary commitments for the sale of $2,000,000 of 6% sinking fund notes due 1980 to two institutional investors. Of the net proceeds from the said financing and from the stock sale, $2,800,000 will be used to repay bank loans which are expected to exist in such amount at the time of closing the stock financing, $500,000 to complete the company's conversion and construction program, and the balance for general corporate purposes. The expenditures required for construction of mains and installation of services for new customers are estimated to be $1,200,000.

In addition to certain indebtedness, the company has outstanding 700,000 shares of common stock, of which 76,220 shares (10.9%) are owned by S. F. Danels, Board Chairman, and 131,300 shares (18.8%) by S. W. Langer, President.—V. 191, p. 2131.

Columbia Gas System, Inc.—Order Issued—

The SEC has issued an order under the Holding Company Act authorizing certain transactions by the New York holding company and certain of its subsidiarie, said to be an integral part of a program of Atlantic Seaboard Corp. to activate and operate an underground storage pool for natural gas in the Terra Alta field in Portland and Union Districts of Preston County, W. Va. Under the proposals, Cumberland and Allegheny Gas Co., another subsidiary, will sell, and Seaboard will acquire certain oil and gas leases and related properties, at their depreciated original cost which amounted to $3,429,619 at July 31, 1957. In payment therefor, Seaboard will issue and sell to Cumberland not in excess of $3,429,000 of notes, the balance of $619 to be paid in cash. Thereupon, Cumberland will sell, and Columbia will acquire, the notes of Seaboard in prepayment of an equal face amount of Cumberland's notes owing to Columbia.

In addition, Consolidated Natural Gas Co., a non-affiliated holding company, will indirectly sell, and Seaboard will acquire, certain oil and gas interests owned by Hope Natural Gas Co., Consolidated's subsidiary, for a cash consideration of $2,640,000. To finance such acquisition and obtain funds to defray a major portion of the cost of activating the Terra Alta storage project during 1960, estimated at $11,579,400, Seaboard proposes to issue and sell to Columbia $10,540,000 of long-term installment notes.—V. 191, p. 2636.

Computer Equipment Corp., Los Angeles, Calif.—Files With Securities and Exchange Commission—

The corporation on June 17 filed a letter of notification with the SEC covering 150,000 shares of common stock (no par) to be offered at $1 per share, through Holton, Henderson & Co., Los Angeles, Calif.

The proceeds are to be used for working capital and research.

Consolidated Cigar Corp.—Files Stock Plan—

This corporation, of 529 Fifth Avenue, New York, filed a registration statement with the SEC on June 24 covering 50,000 shares of its common stock, to be offered pursuant to its Officers' and Key Employees' Stock Options and its Restricted Stock Option Plan.—V. 190, p. 1292.

Consumers Water Co., Portland, Me.—Files With SEC

The company on June 21 filed a letter of notification with the SEC covering 3,500 shares of common stock (par $1) to be offered at $28.25 per share, through H. M. Payson & Co., Portland, Me.

The proceeds are to go to a selling stockholder.—V. 190, p. 49.

Continental Boat Corp., North Miami, Fla.—Files With Securities and Exchange Commission—

The corporation on June 15 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 10 cents) to be offered at $3 per share, through J. E. Coburn Associates, Inc., New York, N. Y.

The proceeds are to be used to purchase raw materials, advertising and for working capital.

Continental Capital Corp.—Appointments—

The First National City Bank of New York has been named co-transfer agent and The First National City Trust Co., co-registrar for 250,350 shares of the $10 par value capital stock of the corporation.—V. 191, p. 1771.

Coyle's Voting Machine Co., Columbus, Ohio — Files With Securities and Exchange Commission—

The company on June 17 filed a letter of notification with the SEC covering 21,629 shares of common stock (no par) to be offered at $10 per share, without underwriting.

The proceeds are to be used to build an inventory of machines and for working capital.

Crestliner, Inc.—Manufacturing Operation—

Their new subsidiary of Bigelow-Sanford, Inc., Crestliner, Inc., manufacturer and distributor of outboard motor boats, is establishing a fourth manufacturing operation in Thompsonville, Conn.

Lowell P. Weicker, President of Bigelow-Sanford, also announced that Edson P. Williams, President of Crestliner, and his top executive organization will move their general headquarters from Little Falls, Minn., to Thompsonville.

Little Falls will continue to be a major Crestliner manufacturing operation and its existing organization, except for the headquarters executives going to Thompsonville, will continue without major change. Crestliner's other plants are in Strasburg, Va. and Morrilton, Ark.

The Thompsonville plant will produce complete lines of fibreglass and aluminum boats for distribution in the North Atlantic and Central Atlantic Coast areas. Thompsonville real estate and buildings now under lease to Bigelow and not currently occupied will be used for this boat manufacturing operation.

Mr. Weicker said that the transfer of Crestliner's headquarters and the establishment of a fourth manufacturing unit are part of Bigelow's previously announced plan to expand manufacturing and marketing facilities into a more complete and effective nationwide marketing operation.

He said that the Thompsonville operation would enable Crestliner to better serve its growing business in the Atlantic seaboard area, where important numbers of new dealers are being established. —V. 191, p. 1564.

District Wholesale Drug Corp. of Washington—Stock Offered—

This corporation on June 1 publicly offered 50,800 shares of its class A common stock (no par) at $5 per share, without underwriting.

PROCEEDS—The net cash proceeds received by the company from the sale of 50,800 shares of its class "A" common stock will be used to provide additional working capital and to expand the company's business operations through servicing more retail drug stores within a larger area. It is expected that the additional working capital will be applied to maintain additional inventory, to meet company obligations promptly and to obtain the benefit of purchase discounts. No allocation of proceeds among these purposes is possible at this time, but it is expected that increased working capital will also reduce the need for short-term bank loans.

BUSINESS—District Wholesale Drug Corp. of Washington, a full line service wholesale drug company, was incorporated in Maryland on Jan. 2, 1947 as a result of a merger of District Wholesale Drug Corp. and District Wholesale Corp. The company is a continuation of a wholesale drug business founded in Washington, D. C. on April 1, 1930.—V. 191, p. 1321.

Divco-Wayne Corp.—Earnings—

Sales and earnings increased substantially for the second quarter and half-year periods ended April 30, 1960, Newton Glekel, President, announced on June 28.

For the first six months, sales rose to $16,481,016, or 6.92% more than the $15,414,385 registered during the corresponding period a year ago. Profits climbed 16% to $834,950, equal to $1.09 a share, from $719,672, or 94 cents a share.

Quarterly sales were $10,093,817, up 8.13% from the $9,334,487 for 1959's second quarter. Profits and per share earnings were $596,299 and 78 cents respectively, compared with $521,642 and 68 cents.

Divco-Wayne, listed on the New York Stock Exchange, is a manufacturer of multi-stop delivery trucks, school and adult buses, ambulances and funeral coaches.

Mr. Glekel, in a letter to shareowners, credited the profit increases to "product development—as reflected both in the creation of new products and the continuing refinement of existing products for different markets." He referred specifically to the company's newly-developed Bantam and Superamic Transit buses, the Guardian disaster-ambulance and the insulation and refrigeration models.

"In view of gains realized through the first six months," Mr. Glekel said, "the company expects its automotive divisions to make up the $3.8 million in sales recorded last year by the electronics division, since eliminated."—V. 190, p. 383.

Doak Pharmacal Co., Inc.—Stock Offered—Ross Securities, Inc., of New York City, on June 24 publicly offered 100,000 shares of Doak Pharmacal Co., Inc. common stock (par 10 cents) at $3 per share as a speculation.

BUSINESS—The company, J. Doak Company, Inc., was incorporated in Ohio on Nov. 19, 1929 to acquire the outstanding stock of a New York corporation of the same name wholly-owned by Menly and James Ltd., also a New York corporation. The New York Doak had an exclusive contract at that time for the marketing in the United States of the products of a leading European manufacturer of parenteral pharmaceuticals, Chemistches Werk Dr. Klopfer, G.m.b.H. Dresden-Leubitz, Germany.

The Ohio company took over this agreement and continued to promote these products during the 1930's. Meantime it changed its name to The Doak Co. on Jan. 5, 1932, and then to a new corporation called Doak Co., Inc., on Oct. 29th, 1937.

The company continued to operate out of Cleveland, Ohio, under its original management until 1950. At that time, however, its President, leading organizer and majority stockholder, having reached an advanced age, retired and sold his interest in the company to a younger associate. This man was planning on expanding the business when he unexpectedly died after only 18 months as its head.

On Nov. 12, 1952 the present management organized a new New York corporation under the name of Doak Pharmacal Co., Inc. and purchased all of the stock of the Ohio corporation known as Doak Co., Inc. The Ohio corporation was dissolved on March 26, 1954.

The corporation is devoted to the development, acquisition, promotion and distribution of dermatological specialties for the medical profession. The corporation, as a consequence of devoting almost its exclusive efforts to the dermatologists for the past almost one-third of a century, has developed an exceptionally fine rapport with this specialty segment of the medical profession. It operates under the commonly accepted method of manufacture in the pharmaceutical industry referred to as "private labeling." This type of manufacturing setup contemplates the use of facilities of much larger and more specialized organizations and eliminates the need for the maintenance of extensive manufacturing facilities and the consequent involvement of significant amounts of capital.

In 1953 the entire business was moved to New York City from Cleveland, Ohio, where it had been located since 1929. The management immediately set to work, first to cull out of date items from the then quite long line (about 50 products), then to reformulate the better items along more modern lines and finally, to set up a research program dedicated to developing the latest types of therapy for the physician to use, particularly in its specialized field of dermatologicals.

PROCEEDS—After payment of the underwriter's commissions, the net proceeds to the corporation will be $255,000 and will be applied as follows:

Underwriter's expense allowance, $15,000; estimated expense of issue, $15,000; advertising and promotion, $150,000; on account of retirement of preferred stock with accrued interest, $6,700; on account of retirement of existing liabilities, $17,500; inventory purchase, $15,000; research program, $25,000; and working capital for general corporate purposes, $10,800.

If the full issue is not sold the proceeds will be applied pro rata to the above items.—V. 191, p. 1984.

Dwyer-Baker Electronics Corp., Miami, Fla. — Files With Securities and Exchange Commission—

The corporation on June 20, 1960 filed a letter of notification with the SEC covering 100,000 shares of common stock (par 10 cents) to be offered at $3 per share, through Frank B. Bateman, Ltd., Palm Beach, Fla. and Hardy & Co., New York, N. Y.

The proceeds are to be used to pay current maturity of mortgage and notes and for working capital.

Dynamic Center Engineering Co., Inc., Norcross, Ga.—Files With Securities and Exchange Commission—

The corporation on June 20, 1960 filed a letter of notification with the SEC covering 37,450 shares of common stock (par $1) to be offered at $4 per share, through Gaston-Buffington-Waller, Inc., Atlanta, Ga.

The proceeds are to be used to promote the sale of new products, purchase of additional equipment and for working capital.

Dyna-Therm Chemical Corp.—New Research Lab—

Completion of a new $100,000 research laboratory by Dyna-Therm Chemical Corp. of Culver City, Calif., was announced in New York on June 29, by Herbert H. Clarke, Jr., company President.

The new facility, located at the company's Plas-Kem division in Burbank, Calif, is headed by Elbert C. Davis, Vice-President for research and development.

"This modern facility, with its testing and evaluating equipment, will stimulate our growth in the fields of high temperature coatings, plastics, paints and plastisols," Clarke asserted.

A revolutionary high temperature coating material, Dyna-Therm 65, capable of withstanding temperatures of 6,000 degrees F., which had been successfully tested on missile launching pads, was announced by the company last March in New York.

The new laboratory will also enable the company to quickly formulate new products tailored to the needs of individual customers, Clarke added.

Noting that the $100,000 investment represents a substantial outlay for a company with current sales running at a rate of $1,500,000 annually, Clarke said Dyna-Therm expects the heavy research emphasis to deliver dividends in terms of new products and new applications within a relatively short time.—V. 191, p. 2637.

Eastview Racquet Club, Inc., Hackensack, N. J.—Files With Securities and Exchange Commission—

The Corporation on June 22 filed a letter of notification with the SEC covering 4,900 shares of common stock (no par) to be offered at $10 per share, without underwriting.

The proceeds are to be used for general corporate purposes.

(Ralph H.) Eaton Investments, Inc.—Stock Offered—This company on June 3 offered 30,000 shares of its capital stock at par ($10 per share). Although technically a public offering, Mr. Eaton announced on June 22 that most of the stock had "already been committed to friends and associates.

PROCEEDS—The net proceeds will be primarily devoted to real estate investments.

BUSINESS—Ralph H. Eaton Investments, Inc., a real estate investment and development corporation, was incorporated on March 18, 1960 under Arizona law. Its temporary office is located at 2202 West McDowell Road, Phoenix, Ariz.

The corporation was organized by Ralph H. Eaton and business associates of his as incorporators for the primary purpose of acquiring, developing and/or operating industrial, business and commercial real estate properties and to provide risk capital therefor. Such businesses and enterprises may be developed and operated in the name of the corporation, through wholly or partially owned subsidiaries, affiliated corporations and under management agreements.—V. 191, p. 2305.

Elco Corp.—Additional Financing Details—Our June 27 issue reported the offering on June 23 of $1,000,000 of this firm's 6% convertible subordinated debentures, due June 1, 1975, at par, plus accrued interest from June 1, 1960. Additional financing details follow:

Under the terms and subject to the conditions contained in the Underwriting Agreement, the underwriters named below, for whom S. D. Fuller & Co. is acting as Representative, severally agreed to purchase the principal amount of debentures, set forth opposite their names:

	Amount		Amount
S. D. Fuller & Co.	$585,000	Penington, Colket & Co.	$100,000
Woodcock, Moyer, Fricke & French, Inc.	100,000	Ernest M. Fuller & Co.	50,000

Equitable Gas Co.—New Facilities—

The Federal Power Commission has authorized Equitable Gas Co. of Pittsburgh, Pa., to construct and operate approximately 58 miles of natural gas pipeline at a cost of about $5,384,070. This announcement was made on June 16.

Equitable will build about 31.7 miles of 16-inch and 26.75 miles of 20-inch pipeline in West Virginia and Pennsylvania. The facilities, which will be built during the period 1960-62, will increase Equitable's over-all system capacity by 76,000,000 cubic feet daily.—V. 191, p. 1321.

Equity Corp.—Seeks Order—

The New York investment company has applied to the SEC for an exemption order under the Investment Company Act with respect to certain transactions incident to the proposed merger of Development Corp of America ("DCA") into Equity; and the Commission has scheduled the application for hearing on July 12, 1960.

According to the application, Equity owns 2,399,503 shares (99.9%) of the outstanding DCA common stock. DCA also has outstanding 285,789 shares of $1.25 cumulative convertible preferred stock, each of which is convertible into four shares of DCA common upon payment of $5.50 in cash prior to June 30, 1960, and $6.50 in cash thereafter. The DCA preferred has been called for redemption on July 13, 1960. It is proposed that if, on July 15, 1960, Equity owns 90% or more of the then outstanding common stock of DCA, it will on that date merge DCA into itself. In connection therewith the DCA common stockholders, other than Equity, will be paid in cash the value of their shares, unless they exercise their rights to demand an appraisal under Delaware law. If the merger provisions under Delaware law are then not available because Equity does not own 90% or more of the DCA common, then an amendment will be filed to this application either proposing such merger on other terms and conditions or the dissolution and liquidation of DCA, prior to Aug. 15, 1960. Such merger or dissolution of DCA is required under the terms of a court decree directed to Equity in an action filed by the Commission.—V. 191, p. 2088.

Erie RR.—Earnings—

Evergreen Gas & Oil Co., Opportunity, Wash.—Files With Securities and Exchange Commission—

The company on June 20, 1960 filed a letter of notification with the SEC covering 2,000,000 shares of common stock (par five cents) to be offered at 12½ cents per share, through Standard Securities Corp. and Pennaluna & Co., Spokane, Wash. and Herrin Co., Seattle, Wash.

The proceeds are to be used for expenses incidental to the development of oil and gas properties.—V. 188, p. 545.

Faultless Caster Corp.—Common Stock Offered—Public offering was made on June 29 of 200,000 shares of common stock of this corporation at a price of $10 per share. The offering was underwritten by a nationwide group of investment firms managed by Hayden, Stone & Company. The offering sold quickly at a premium.

PROCEEDS—The 200,000 shares are being sold by members of the Noelting Family, which has owned and managed the company since its founding in 1889, who are retiring from the business. Other members of the family will continue to own 200,000 shares, or 50% of the company's outstanding common stock after the sale.

BUSINESS—Faultless Caster, located in Evansville, Ind. is the nation's second largest caster manufacturer. It produces industrial and commercial casters used for home and office furniture and for industrial and materials handling equipment. The company also manufactures metal handles, knobs and other trims for furniture.

EARNINGS—For the year ended Dec. 31, 1959, the corporation reported net sales of $9,865,431, and net income of $338,010, equal to 82 cents per share of common stock, based on the 400,000 shares presently outstanding. Comparable figures for the year ended Dec. 31, 1958 were $7,999,762; $216,178 and 52 cents per share, respectively.

DIVIDENDS—A dividend of 15 cents per share has been declared on the common stock payable Sept. 15, 1960 to stockholders of record on Sept. 1, 1960.—V. 191, p. 2201.

Fiber Glass Industries, Inc., Amsterdam, N. Y.—Files With Securities and Exchange Commission—

The corporation on June 22, 1960 filed a letter of notification with the SEC covering 40,000 shares of class A common stock (par one cent) to be offered at 25 cents per share, without underwriting.

The proceeds are to be used for general corporate purposes.—V. 186, p. 2851.

Fischbach & Moore, Inc.—Registers Secondary—

This corporation of 545 Madison Avenue, New York, filed a registration statement with the SEC on June 28, 1960, seeking registration of 300,000 outstanding shares of common stock, to be offered for public sale by the present holders thereof through a group of underwriters headed by Allen & Company. The public offering price and underwriting terms are to be supplied by amendment.

The company is engaged principally in conventional electrical contracting, primarily on office buildings and industrial plants. It also installs electrical facilities in power plants, generating stations, transmission lines and substations, and installs control systems and electric power systems used at rocket and missile launching facilities and radar installations. In addition to certain indebtedness, the company has outstanding 726,300 shares of common stock, of which 212,900 shares (29%) are owned by H. F. Fischbach, board chairman, and President; 137,600 shares (19%) by Allen D. Fischbach, executive Vice-President, and 265,000 shares (36.5%) by Bayou Interests, Inc., a Delaware corporation. The prospectus lists 31 selling stockholders, whose present holdings aggregate 650,500 shares. H. F. and Allen D. Fischbach propose to sell 100,000 and 50,000 shares, respectively, of their holdings. Other amounts being sold range from 500 shares to 25,000 shares.

Fitchburg Paper Co.—Offering and Secondary—

This company of Fitchburg, Mass. filed a registration statement with the SEC on June 28, 1960, covering 325,000 shares of class A common stock, of which 217,000 shares are to be offered for public sale, probably in late July, for the account of the issuing company and 108,000 shares, being outstanding stock, by the present holder thereof. The public offering price and underwriting terms are to be supplied by amendment. The prospectus lists White, Weld & Co. as the principal underwriter. In addition, the company is registering 30,000 shares of class A common stock for issuance pursuant to its Employee Stock Option Plan.

The company is engaged in the development, manufacture, conversion and sale of fine papers, technical papers and allied products. According to the prospectus, the company has entered into an agreement with the New England Mutual Life Insurance Co. for its purchase in November, 1960 of $2,000,000 principal amount of 6% notes of the company due 1974. The net proceeds of the sale of the notes and stock will be used to purchase and retire the outstanding preferred stock of the company at a cost of not in excess of $114,000; to pay in full the oustanding 5¾% notes held by New England Mutual, the unpaid principal amount of which at June 1, 1960 was $787,500; $1,400,000 for construction of a new and larger plant for the Decotone Products division and $450,000 for completion of a new office building; and the balance for additional working capital.

In addition to certain indebtedness, the company has outstanding 966 shares of 7% preferred stock, 108,000 shares of class A common and 658,182 shares of class B common. The prospectus lists George R. Wallace as Board Chairman and owner of 108,000 shares (100%) of class A common and 519,682 shares (79%) of class B common; and George R. Wallace, 3rd, as executive Vice-President and Treasurer and owner of 138,500 shares (21%) of class B common. The senior Wallace is the single selling stockholder, selling 108,000 shares (100%) of class A stock.

Franklin Corp.—Common Stock Offered—An underwriting group headed by Blair & Co. Inc. offered on June 30, 1,000,000 shares of the common stock of the corporation at $10 per share. The shares were offered as a speculation and were sold quickly at a premium.

PROCEEDS—Net proceeds from the offering will be used by the company to provide long term capital, technical assistance and advisory counselling services to companies defined as small business concerns under the Small Business Investment Act. The corporation intends to specialize its investments in companies which in its judgment are engaged in businesses and industries of growth and further development.

BUSINESS—The corporation, incorporated in New York on July 28, 1959, is a registered closed-end and non-diversified management investment company under the Investment Act of 1940 and is a Federal licensee under the Small Business Investment Act of 1958. Main office of the Franklin Corporation will be located at 3 West 57th St., N. Y. C.

Officers are: Arthur T. Roth, chairman of the board; Herman E. Goodman, president; Paul E. Prosswimmer, vice president, and George H. Becht, treasurer.

CAPITALIZATION—The capital stock of the corporation consists of one class, common stock, having a par value of $1. All shares have equal voting rights and will participate equally in the payment of dividends. Authorized capitalization consists of 2,000,000 shares of the $1 par value common stock, and upon completion of the current financing there will be outstanding 1,071,000 shares of the stock.—V. 191, p. 1878.

Freeman Electric Construction Co., Inc. — Offering Suspended—

The Securities and Exchange Commission his issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of stock by Freeman Electric Construction Co., Inc., of 45 West 45th St., New York.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding $300,000 in amount. In a notification filed in November, 1957, Freeman Electric proposed the public offering of 100,000 common shares at $3 per share. The Commission's order asserts (1) that certain terms and conditions of Regulation A were not complied with by Freeman Electric; (2) that its offering circular is false and misleading in respect to certain material facts; and (3) that the stock offering is being and would be made in violation of Section 17 (the anti-fraud provision) of the Securities Act. The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

The alleged misrepresentations in Freeman Electric's offering circular relate to the reference to Harris Securities as underwriter whereas such firm withdrew as underwriter in July 1958; the failure to disclose a $56,944 Federal Tax lien against the company recorded in New York City in June 1959; the failure to disclose a $1,397 judgment against the company in New York County in March 1959, and in favor of 45 West 45th St. Corp.; and the failure to disclose a $1,852 judgment filed against the company in New York County in May 1959 and in favor of the State Tax Commission. Non-compliance with Regulation A involved the failure to file semi-annual reports of stock sales and failure to file a revised offering circular. —V. 187, p. 1894.

General Acceptance Corp.—Exchange Plan—

This corporation, of 1105 Hamilton St., Allentown, Pa., filed a registration statement with the SEC on June 27, 1960 covering 82,000 shares of voting preference stock 60-cent convertible series (no par). It is proposed to offer these shares in exchange for shares of the class A common stock; Series One, class A common stock; Series Two and common stock of Southern General Insurance, of Atlanta, Ga., at the ratio of 0.548 shares of the said preference stock for each share of the class A Series One and each share of class A Series Two of Southern and 0.025 shares of the preference stock for each share of common stock of Southern.

According to the prospectus, it is contemplated that Southern will be operated as a subsidiary of General Acceptance. Three stockholders of Southern connected with the management of that company have agreed to the exchange of their shares of Southern on the basis indicated. For their holdings of Southern stock, they will receive General Acceptance preference stock, as follows: John Hay Whitney, 74,355 shares; Rutherford L. Ellis, 5,487; and Walter B. Elcock, Jr., 423. The three individuals have indicated they may offer the preference stock for public or private sale.—V. 191, p. 2305.

General Appraisal Co., Seattle, Wash.—Files With SEC

The company on June 20 filed a letter of notification with the SEC covering 2,500 shares of common stock (par $10) to be offered to certain key employees at $32.52 per share, without underwriting.

General Drive-In Corp.—Common Stock Offered—A group headed by Paine, Webber, Jackson & Curtis offered on June 30, 180,000 shares of common stock of General Drive-In Corporation. The stock was priced at $12.50 per share.

PROCEEDS—Of the shares offered, 50,000 shares represent new financing by the company and 130,000 shares a secondary offering by certain substantial stockholders of part of their investment. Net proceeds received by the company from the sale of the 50,000 shares will be used mainly to finance a proposed expansion program involving the acquisition of additional theatres and bowling centers.

BUSINESS—The corporation, one of the larger open-air theatre chains, operates open-air drive-in theatres located principally in the Midwestern, Atlantic and New England States, together with indoor theatres located principally in New England and Florida. In addition the company owns 50% of the capital stock of other corporations operating open-air and indoor theatres. It is also constructing a modern bowling center in suburban Boston which is expected to open during July, 1960—V. 191, p. 1985.

General Mills Inc.—Net Lower—

While details are not complete and the public auditors have not yet finished their review and analysis of General Mills' earnings for the fiscal year which ended May 31, it would appear that the company's earnings will approximate $11,500,000, or $1.46 per share. This is substantially less than the all-time record high of last year of $16,817,000 and $2.26 per share. The decline of earnings in the 12 months' period amounts to 31.5%. At the end of the first six months it was 43%.

Three major factors contributed to this situation. Margins over cost in the price of flour were severely hit; the feed market suffered from overproduction and low prices, particularly for broilers and eggs; and extremely heavy competitive advertising and promotion in the cake mix field brought about by additional entries in the market added to the cost and reduced the profit in that area.

General Mills has earned and paid regular dividends on its common stock without reduction since the company was founded. This includes the increased dividend established last fall, and, according to the firm, "there is nothing in the present situation to jeopardize the company's dividend record."—V. 191, p. 2518.

General Steel Castings Corp.—Acquires—

General Steel Castings Corp. purchased effective June 30, the name, physical assets and business of St. Louis Car Co., a major supplier of railroad and rapid transit equipment, it was announced by C. P. Whitehead, President of General Steel, and Edwin B. Meissner, Jr., President of St. Louis Car. The transaction, approved by boards of directors of both companies, is to be on a cash basis and involves a total consideration of approximately $8,300,000.

The acquisition is an important step, Mr. Whitehead said, toward diversification by General Steel, which is a major producer of intricate large steel castings for railroads, electric power generating, road building and general industrial equipment, of cast armor for military tanks and, through its National Roll and Foundry Division, of iron and steel rolls for the steel industry.—V. 191, p. 2518.

General Testing Laboratories, Inc., Moonachie, N. J.—Files With Securities and Exchange Commission—

The corporation on June 22, 1960 filed a letter of notification with the SEC covering 100,000 shares of class A stock (par five cents) to be offered at 50 cents per share, without underwriting.

The proceeds are to be used for general corporate purposes.

Gulf Oil Corp.—Acquisition—

This corporation on June 28 announced that it had acquired several weeks ago the Wilshire Oil Co. of California, an independent marketer and refiner, headquartered in Los Angeles.—V. 191, p. 1006.

Gulf Power Co.—Financing Cleared—

The SEC has issued an order under the Holding Company Act authorizing Gulf to issue and sell at competitive bidding $5,000,000 of first mortgage bonds due 1990 and 50,000 shares of $100 par preferred stock. Net proceeds of this financing will be used for property additions and improvements and for the payment of bank loans incurred for such purposes. The construction program for 1960 is estimated at $17,115,931.—V. 191, p. 2638.

Gulf States Utilities Co.—Bonds Offered—Lehman Brothers heads an underwriting syndicate which offered on June 28, $17,000,000 of the company's 4⅞% first mortgage bonds due July 1, 1990, at 100.867% and accrued interest, to yield 4.82%. The group won award of the bonds at competitive sale on June 27 on a bid of 100.1099%. There are four other bids for the bonds, all naming a 5% coupon, as follows: Stone & Webster Securities Corp., 101.71; Merrill Lynch, Pierce, Fenner &

Digitized for FRASER

Smith Inc., and White, Weld & Co., jointly, 101.66; Salomon Bros. & Hutzler and Eastman Dillon, Union Securities & Co., jointly, 101.641, and Halsey, Stuart & Co. Inc., 101.56.

PROCEEDS—Net proceeds from the financing will be used by the company to pay off short-term notes due Dec. 31, 1960 and which were incurred in connection with the construction program. The balance of the proceeds will be used for construction costs and for other corporate purposes. It is presently estimated that construction expenditures for the years 1960-61 will total about $97,000,000.

REDEMPTION — The new bonds will be redeemable at regular redemption prices ranging from 105.75% to par, and at special redemption prices receding from 100.90% to par, plus accrued interest in each case.

BUSINESS—The company is engaged principally in generating, transmitting, distributing and selling at retail electric energy in an area in southeastern Texas and in south central Louisiana comprising about 28,000 square miles extending over 350 miles along the Texas-Louisiana coast. The company also conducts a steam products business and sells natural gas in the Baton Rouge, La. area.

REVENUES—For the 12 months ended March 31, 1960, the company had total operating revenues of $80,485,900 and net income of $16,647,468.

PURCHASERS—The purchasers named below have severally agreed, to purchase from the company the respective principal amounts of new bonds set forth below:

	Amount		Amount
Lehman Brothers	$2,945,000	John B. Joyce & Co.	$165,000

Hadley-Brown Co.—Sells Division—

See McGraw Edison Co., below.

Hamilton Cosco, Inc.—Stock Offered—

An offering of 300,000 shares of common stock of Hamilton Cosco, Inc. (Columbus, Ind.) was made on June 29 by an underwriting group headed by Smith, Barney & Co. Inc., and City Securities Corp. The stock was priced at $21.25 a share.

PROCEEDS—The offering does not represent new financing by the company but a sale by the Hamilton family, founders of the company, of a part of their substantial holdings of Hamilton Cosco stock.

BUSINESS—The company manufactures a broad line of products in the housewares field, including folding card tables and chairs; juvenile products such as high chairs, play pens and cribs; metal kitchen stools; utility tables and serving carts. It also manufactures an extensive line of office chairs, metal frame upholstered furniture and occasional tables for home and commercial use. Plants are located at Columbus, Ind. and Weirton, W. Va.

Sales during 1959 totaled $25,414,949 and net income was $2,206,263, equal to $1.27 a share on the 1,738,551 common shares presently outstanding.

DIVIDENDS—Quarterly cash dividends have been paid on the common stock since 1948; in addition the company has paid stock dividends of 20% in 1956 and 10% in 1957 and 1958.

UNDERWRITERS—The underwriters have severally agreed to purchase from the selling stockholders an aggregate of 300,000 shares of common stock of the company, each underwriter agreeing to purchase the total number of shares set opposite its name below:

Harcourt, Brace & Co., Inc.—Files Secondary—

This firm, of 750 Third Ave., New York, filed a registration statement with the SEC on June 28, 1960 covering 493,425 outstanding shares of common stock, to be offered for public sale by the present holders thereof through an underwriting group headed by White, Weld & Co., Inc. The public offering price and underwriting terms are to be supplied by amendment.

The company is engaged in the publication and sale of junior high school, high school and college textbooks, workbooks, related materials, as well as general trade books. It has outstanding 1,760,850 shares of common stock in addition to certain indebtedness. The prospectus lists nine selling stockholders, whose aggregate holdings amount to 1,552,500 shares. The largest blocks are held by the Estate of Donald C. Brace, 486,000 shares, and Hastings Harcourt, 355,500 shares; and they are selling 145,800 and 81,000 shares, respectively. Management officials own an aggregate of 412,875 shares; and three of the selling stockholders are directors who propose to sell an aggregate of about 130,000 shares.

Harnischfeger Corp.—Transfer Agent—

The First National City Bank of New York has been appointed transfer agent for the 70,000 shares of the 6% Series, convertible preferred stock $100 par value, of the corporation.—V. 191, p. 2745.

Harvey Aluminum (Inc.)—Appointments—

The First National City Bank of New York has been appointed registrar for 750,000 shares of class A common stock and The Chase Manhattan Bank has been appointed transfer agent of the class A common stock (par $1) of the corporation.—V. 191, p. 2746.

Hawaiian Pacific Industries, Inc.—Financing Proposal.

Hawaiian Pacific Industries, Inc., 912 Ala Moana Blvd., Honolulu, Hawaii, today filed a registration statement with the SEC on June 29 covering $1,350,000 of 6½% convertible subordinated debentures due September, 1970 and 100,000 shares of common stock, to be offered for public sale through an underwriting group headed by Bosworth, Sullivan & Company, Inc., and Lowell, Murphy & Co., Inc. The debentures are to be offered for sale at 100% of principal amount; and the offering price of the common stock and underwriting terms for both issues are to be supplied by amendment.

The company was organized in December, 1958, under the name Seaside Estates, Inc., and adopted its present name in April, 1960. It became an active corporation on May 1, 1960, when the assets and business of 17 corporations were transferred to the company in exchange for 400,000 shares of its common stock. The assets of 12 of these corporations were transferred to another subsidiary, Island Construction Co., Inc. The 17 companies had been engaged in various phases of the construction and real estate business; and they had constructed and sold homes in tract developments and had built, owned and operated apartments and hotels. The successor company, Hawaiian Pacific, is engaged primarily in such activities, with its present operatings being conducted in five general areas on Oahu.

The net proceeds of this financing will be used to meet expenses of construction presently under way in various subdivisions, to purchase additional equipment, to retire indebtedness of the predecessors in acquiring income producing property and contruction equipment now owned by the company and to assist the company in financing new undertakings. The largest amount, $765,000, is allotted to the construction of the off-site improvements and the purchase of construction inventory at the Enchanted Lake Subdivision.

In addition to some $2,082,000 of indebtedness, the company has outstanding 400,100 shares of common stock. Principal stockholders are Joseph R. Pao, President, 145,403 shares; Michael T. Scarfone, Treasurer, 36,899; James W. Y. Wong, executive Vice-President, 28,279; and James W. Y. Wong and Michael T. Scarfone, as trustees, 17,748.

Hazel Bishop, Inc.—Files for Secondary—

Hazel Bishop, Inc., 415 Park Ave., New York, filed a registration statement with the SEC on June 28, 1960, covering 1,157,200 outstanding shares of common stock, to be offered for public sale by the present holders thereof. The shares may be offered from time to time by the holders thereof through brokers on the American Stock Exchange, in the open market, or otherwise, at prices current at the time of sale. No underwriting is involved.

The company distributes, under the advertised name "Hazel Bishop," nine principal cosmetic products. In addition to certain indebtedness, it has outstanding 1,894,775 shares of common stock, of which 611,350 shares (32%) are owned by management officials as a group. Of the outstanding shares, 489,200 shares (25%) are owned by Raymond Spector, a director and former board chairman. Of Spector's holdings, 463,000 shares are under option to others at $4 to $6 per share, including 300,000 under option to Dovan Enterprises, Inc., which is owned by Daniel Van Dyk, board chairman, and 100,000 shares which are held by Banque de Depots in its name as collateral for a loan of Spector in the amount of $450,000 (Banque de Depots also has an option to purchase such shares). In connection with his employment by the company, Van Dyk also received from certain stockholders proxies (irrevocable until July 1, 1961) with respect to an aggregae of 775,000 common shares. Accordingly, Van Dyk has the right to vote 789,000 shares, including 75,000 shares owned indirectly by him, or about 41% of the outstanding stock. However, Van Dyk in March, 1960, granted to David B. Charnay and Julius Epstein, who were then directors, each the right to vote one-third of the shares with respect to which he had proxies. Among the shares to be offered for sale by the selling stockholders are 714,000 shares subject to such irrevocable proxies. Consent to the release of such irrevocable proxies will be required prior to any sale by the holder of such shares. Of the 611,350 shares held by management officials, 587,500 are subject to this voting agreement.

The prospectus lists some 70 selling stockholders, the largest blocks being 443,376 held by Spector; 75,000 shares held by Dovan Enterprises, Inc.; 45,824 shares held by Raymond Enterprises, whose stock is owned by Spector; 40,000 shares by Banque de Depots (in the profits of which Charnay and three others have an interest); 30,600 shares held by Charnay; 35,000 shares held by Hayden Stone & Co.; 53,500 shares held by A. Mitchell Liftig; and 25,000 shares held by Karl W. Mueller.—V. 188, p. 565.

Helicopter Corp. of America—Exchange Plan—

This corporation, of 815-15th St., N. W. Washington, D. C., filed a registration statement with the SEC on June 28, 1960, covering 79,644 shares of common stock. The company proposes to offer this stock in exchange for the outstanding common stock of Hoppi-Copters, Inc., on the basis of one share of Helicopter stock for each ten shares of of Hoppi-Copters stock.

Helicopter was organized under Maryland law in February, 1956. It has no offices, manufacturing facilities and no employees. Its general counsel, Robert Sheriffs Moss, furnishes the company with office space and meeting room at the Bowen Building in Washington. It proposes to engage in the further development, manufacture and sale of a one-man coaxial helicopter, known as the Hoppi-Copter, the original prototypes of which were developed by Hoppi-Copters, Inc., of Seattle. The company holds an exclusive license dated February, 1956 to use, manufacture and sell the Hoppi-Copter and to make use of and sell certain patented inventions applicable thereto. Hoppi-Copters, Inc., was organized in December, 1945 under sponsorship of Horace T. Pentecost, its promoter, primarily for the purpose of completing the development work of, and the manufacture and sale of the Hoppi-Copter.

In the event that all the holders of the outstanding stock of Hoppi-Copters, Inc., accept the exchange offer, they will have acquired 32.98% of the then outstanding stock of Helicopter in exchange for 796,431 shares of Hoppi-Copters stock which was originally issued in exchange for patents property and services and $30,882 in cash. Present stockholders of Helicopter stock will own 67.02% of the outstanding stock originally issued in exchange for services and contracts to acquire a license to manufacture and sell the Hoppi-Copter and for $24,332 in cash. If the required number of stockholders of Hoppi-Copters accept the offer, Helicopter proposes to file a further registration statement for a public offering of 222,000 common shares at $2.25 per share, the net proceeds of which would be used to re-engineer and re-design the Hoppi-Copter, to construct prototypes thereof for test flights, and to manufacture and sell the Hoppi-Copter.

Honey Dew Food Stores, Inc., Teaneck, N. J. — Files With Securities and Exchange Commission—

The corporation on June 24 filed a letter of notification with the SEC covering $300,000 of 7½% convertible debentures due July 1, 1970 to be offered at 100%. The debentures are convertible through June 30, 1965 into capital stock at $2.50 per share to and including June 30, 1962 at $3.33½ per share from July 1, 1962 to June 30, 1964 inclusive and at $4 per share from July 1, 1964 to June 30, 1965 inclusive. The offering will be underwritten by Vickers, Christy & Co., Inc., New York, N. Y.

The proceeds are to be used for general corporate purposes.

Hudson Vitamin Products, Inc.—Registrar Appointed

The Irving Trust Co. has been appointed registrar of the common stock of the corporation.—V. 191, p. 2746.

Hupp Corp.—Files With SEC—

This company on June 9 filed a letter of notification with the SEC covering 32,000 shares of its $1 par value common stock to be offered at $9.375 per share to stockholders of Gibco, Inc., in exchange for its common stock. If 12,116 or less shares of Gibco common are offered by stockholders before July 18, 1960, they will receive 2.6412 shares of Hupp common for each share of Gibco, and if more than 12,116 shares are offered, stockholders will receive the number of shares obtained by dividing the number offered into 32,000 shares. The office of the company is 1135 Ivanhoe Rd., Cleveland, Ohio. —V. 191, p. 2090.

Hydrocraft, Inc., Huntington Beach, Calif.—Files With Securities and Exchange Commission—

The corporation on June 20 filed a letter of notification with the SEC covering 180,000 shares of common stock to be offered at par ($1 per share), through Wedbush & Co., Los Angeles, Calif.

The proceeds are to be used to purchase inventory, increase plant capacity by adding additional molds and jigs, research and development and for working capital.

Hyster Co.—Offering and Secondary—

Hyster Co., 2902 N. E. Clackamas St., Portland, Ore., filed a registration statement with the SEC on June 27, 1960 covering 130,000 shares of common stock, of which 50,000 shares are to be offered for public sale by the company and 80,000 shares, being outstanding stock, by the present holders thereof. The public offering price and underwriting terms are to be supplied by amendment. The prospectus lists Blyth & Co., Inc., as the principal underwriter.

The company is engaged in the business of manufacturing and marketing materials handling equipment. Its principal products include lift and other industrial trucks of various designs and capacities, auxiliary tractor equipment and heavy duty trailers for hauling equipment such as tractors. No part of the net proceeds of the sale of additional stock by the company has been allocated to any particular purpose. Such proceeds will be added to the company's general funds to be available for general corporate purposes, and it is anticipated that a portion thereof may be utilized in connection with property expenditures of approximately $3,000,000.

In addition to various indebtedness and an issue of preferred stock, the company has outstanding 57,628 shares of class A common stock which were issued to employees, and 1,001,630 shares of common, of which 105,050 shares (10.49%) are owned by Ernest G. Swigert, President. In addition, ESCO Corp. of Portland owns 340,397 shares (34%) and Guy F. Atkinson Co. (San Francisco) owns 124,799 shares (12.46%). The company's directors and officers as a group own, beneficially, 201,064 shares (20.07%). According to the prospectus, Swigert and various members of the Swigert family own nearly 34% of the outstanding stock of ESCO, and management officials own nearly 35% of such stock. The company purchases castings and other materials from ESCO, which is the company's industrial truck dealer in Hawaii.

The selling stockholders are ESCO, Swigert, and Harvey N. Black (an officer), who propose to sell 50,000, 20,000 and 10,000, shares, respectively.

Incorporated Income Fund—Seeks Order—

The Boston investment company has applied to the SEC for an exemption order under the Investment Company Act with respect to its proposed purchase of the assets of A. E. Dick Contracting Co.; and the Commission has issued an order giving interested persons until July 12, 1960, to request a hearing thereon.

The said Dick Contracting Co. is an investment company with 25 shareholders. The Fund proposes to acquire substantially all its securities and other assets, having a March 31st value of $2,900,000, in exchange for shares of the Fund at their net asset value.—V. 189, p. 1467.

Indian Trail Ranch, Inc.—Financing Proposal—

Indian Trail Ranch, Inc., Southern Blvd., West Palm Beach, Fla., filed a registration statement with the SEC on June 28, 1960, covering $585,000 of 6% convertible promissory notes due 1965; 171,600 warrants to purchase the said notes; and 57,200 common shares issuable upon conversion of the notes. The company proposes to offer its common stockholders rights to subscribe to the notes at the rate of $5 principal amount of notes for each share of common stock held. Each stockholder is entitled to one subscription right for each share held; and three rights are required to subscribe for one note in the amount of $15, the minimum subscription.

The company was organized in April 1951 with the acquisition of about 63,000 acres of unimproved land in Palm Beach County west of Palm Beach, Fla., and was authorized to engage in a general farming and ranching business. In 1957 some 11,709 acres were transferred to a subsidiary, Big Mound Trail Corp., whose stock was subsequently distributed to Indian Trail stockholders. In May 1959 the stockholders of Big Mound sold 3,784 acres of its undeveloped property to Lefcourt Realty Corp. in exchange for 750,000 shares of Lefcourt's common stock pursuant to an agreement of November 1958. Said agreement also provided that, after consummation of such sale, Lefcourt have options to purchase the remaining 7,750 acres owned by Big Mound and all the property owned by the company, consisting of about 44,000 acres. The option price of the Indian Trail options is between $650 and $900 per acre, depending on when the options are exercised. The purpose of this financing is to enable the company to obtain the necessary funds required to meet various financial commitments in connection with its bank loans, mortgage payments and carrying charges with respect to the said 44,000 acres.

The prospectus lists Samuel Friedland as President and Board Chairman. He owns 18,081 of the 171,600 outstanding common shares and Blance B. Cohn, a director, 4,650 shares. Friedland owns of record an additional 74,086 shares held in a voting trust.

Insurance Securities Inc.—Seeks Exemption Order—

This Oakland, Calif., sponsor of Insurance Securities Trust Fund, a registered open-end diversified investment company, has applied to the SEC for an exemption order under the Investment Company Act with respect to certain proposed transactions; and the Commission has issued an order giving interested persons until July 7, 1960, to request a hearing thereon.

Among the portfolio securities of the Trust Fund are 309,741 shares of Continental Casualty Insurance Company stock (comprising 5.29% of its outstanding voting securities), 50,000 shares of stock of National Fire Insurance Co. of Hartford (10%); and 47,370 shares of Continental Assurance Co. stock (2.36%). The Trust Fund portfolio as of April 30, 1960, contained shares of 94 companies and had a net asset value in excess of $413,000,000. It is proposed that the 50,000 shares of National be sold to Continental Casualty at $141 per share, and that Continental Casualty sell to the Trust Fund 20,000 shares of Continental Assurance at $144 per share.

As of Dec. 31, 1959, Continental Casualty owned 351,001 shares (70%) of National and 648,590 shares (32%) of Continental Assurance. —V. 190, p. 2449.

International Finance Corp.—S. A. Investment—

Robert L. Garner, President of the International Finance Corp. (IFC), announced on June 27 the corporation's first commitment to invest in an Argentine enterprise. The company is Papelera Rio Parana S. A., a pulp and paper enterprise whose shares are listed on the Buenos Aires Stock Exchange. Its plant in Campana, Buenos Aires Province, has been in operation since 1950. IFC's commitment is for U. S. $3 million to help finance a new sulphite mill to produce dissolving pulp for rayon and cellophane manufacture, and bleached sulphite pulp for paper production. The company's own plantations in Entre Rios Province will supply an increasing part of the pulping wood required for a new mill.

The new expansion will raise the company's pulp production capacity from approximately 6,000 to about 17,400 metric tons annually. The increased output will result in a substantial saving of foreign exchange by replacing current imports. The dissolving pulp production will supply the local market. A substantial portion of the bleached sulphite pulp will be consumed by Papelera Rio Parana's own paper mill, the remainder being sold to other paper manufacturers.

The total cost of the project is U. S. $5.3 million equivalent, of which $1.1 million has already been financed. In addition to IFC's investment, the remaining U. S. $1.2 million equivalent will be provided by: the undisbursed balance (U. S. $190,000 equivalent) of a loan from the Banco Industrial de la Republica Argentina; a public stock issue (U. S. $318,000 equivalent); an equity investment (U. S. $292,000 equivalent) by a leading Swedish pulp producing firm, Mo Och Domsjo, who will also provide technical assistance to the company; and retained earnings (U. S. $400,000 equivalent).

The IFC investment will be repayable in U. S. dollars over the period from 1962 to 1971, and will bear fixed interest at the rate of 7% per annum and additional interest subject to deferment depending on profits. In addition IFC will receive an option to purchase Papelera Rio Parana shares.

IFC's commitment is subject to completion of the necessary legal formalities.

Interstate Finance Corp.—Common Stock Offered—

An underwriting group headed by Goldman, Sachs & Co. offered publicly on June 29, 150,000 shares of this firm's common stock at $16.50 per share.

BUSINESS—Interstate Finance, with executive offices at Evansville, Ind., is engaged primarily in making instalment loans direct to borrowers, in purchasing retail instalment sales obligations originating with dealers and in the wholesale financing of dealers' inventories. At March 31, 1960, total receivables outstanding were $74,787,913. Operations are conducted through 119 branch offices in 102 cities in the states of Indiana (37 offices), Illinois (32), Kentucky (22), Kansas (9), Virginia (8), Missouri (4), Tennessee (3), Oklahoma (3) and Nebraska (1).

PROCEEDS—Net proceeds of the sale will be added to the company's general funds as working capital. It is expected that approximately $2,000,000 of the net proceeds will be applied to reduce short term indebtedness.

EARNINGS—For the six months ended March 31, 1960, net earnings of the company were $689,794, compared to net earnings of $535,701 for the like period of 1959. Net earnings per share for the six months ended March 31, 1960 amounted to 83 cents, compared to per share earnings of 62 cents for the comparable period of 1959.

DIVIDENDS—Cash dividends have been paid on the company's common stock in every year since 1930. On June 27, 1960 a quarterly cash dividend of 20 cents per share was declared, payable June 30, 1960 to holders of record on June 27, 1960. This dividend will not be paid on the shares currently being offered.—V. 191, p. 2090.

Jerrold Electronics Corp.—Calls Debentures—News—

The Philadelphia, Pa. corporation, on June 28, 1960 announced to stockholders that a call has been issued for the redemption of Jerrold 6% convertible subordinated debentures, due June 1, 1975.

This, Milton J. Shapp, President, said, will free the company of all long-term debt only five years after the issue of $2,750,000 convertible debentures and is an indication of the company's increased financial strength.

As of June 24, a total of $400,000 Jerrold convertible debentures were outstanding. These bonds may be redeemed at the redemption price of 105% of the principal amount or they may be converted at the conversion price of $5.75. Thus, each bond of $1,000 denomination may be converted into 173 shares of Jerrold common stock.

Shapp also told stockholders that first quarter (three months ended May 31, 1960) sales are running at approximately last year's level. He cited several major installation contracts for cable television distribution systems which were received by the company during the first quarter. These include contracts for the construction of community antenna systems in Munising, Mich.; Chippewa Falls, Wis.; and Salisbury, Md. Jerrold also was awarded contracts for the installation of large master antenna systems at Grand Forks Air Force Base, North Dakota; Fort Lee, Virginia, and an extension of the educational closed circuit television system in Ellensberg, Wash.

These so-called "turn key" installation contracts include both equipment sale and construction responsibility. Jerrold's current backlog of such contracts, stockholders were told, exceeds $1,000,000.

Shapp also told stockholders he just returned from the National Community Television Association's annual convention where Jerrold introduced a series of "drop-in" amplifiers designed to add extra television channels to existing community antenna systems. Development of this equipment, he said represents a unique engineering solution to the industry's need for added service since it permits the community antenna system operator to carry additional television channels on his system without replacing current equipment.—V. 191, p. 1112.

Kendall Co.—Acquires—

The Kendall Co. and the American Bleached Goods Co. have entered into a contract for the joining of the business operations of the American Bleached Goods Co. with Kendall's Textile Division effective July 1, N. Ross MacCallum, President of the American Bleached Goods Co., and John L. McConchie, director of sales for the Kendall Company's Textile Division, announced.

Paul T. Chave, Executive Vice-President of the American Bleached Goods Co., will head the American Bleached Goods Department of Kendall. Associated with him will be James A. Fisher, a Vice-President of Bleached Goods, and other Bleached Goods personnel.

The American Bleached Goods Department of the Kendall Company will continue the operation of the business at the present American Bleached Goods Company offices at 401 Fifth Ave., New York City.

No exchange of stock is involved in the transaction.—V. 191, p. 2639.

Landers, Frary & Clark—Government Contracts—

Two government contracts have been awarded to Landers, Frary & Clark in New Britain, Conn., it was announced on June 27 by Harry T. Silverman, President.

The first of these contracts is with the U. S. Navy, utilizing the recently expanded engineering research facilities of Landers, Frary & Clark. This project provides for the application of the Landers' engineering skill to a classified national defense research and development project.

The second government contract is for the manufacture of aluminum food containers for the U. S. Army Quartermaster, amounting to $530,381.

In April of this year Landers completed a similar contract for food containers in the amount of $866,492. With this new contract, the total government food container business in the past year will exceed one million dollars.

These containers will be manufactured in New Britain, Conn., at the company's recently streamlined "Stanley" division at the Ellis Street plant. The item is a double wall aluminum container with three separate inserts. While it is used by the armed services primarily for hot meals on field training maneuvers, the container is adaptable for use with cold items or beverages. —V. 191, p. 1774.

Lasco Industries — Common Stock Offered — Holton Henderson Co., on June 24 publicly offered 150,000 shares of common stock (no par) at $2 per share.

PROCEEDS—The net proceeds to the company from the sale of the shares to the underwriter will be approximately $247,000. Of this amount it is proposed to use approximately $100,000 to help pay for a new building; approximately $10,000 for the cost of moving to the new building; approximately $40,000 for new manufacturing equipment; $16,600 to retire a Small Business Administration loan; $7,000 to retire a private loan; and the balance for additional working capital.

BUSINESS—Lasco Industries, originally called Lynch Asbestos Co., was incorporated Dec. 13, 1948 under the laws of the State of California. The company manufactures and distributes products used by the construction industry, appliance manufacturers, farms, municipalities, schools, golf courses, utilities, home owners, etc.— V. 191, p. 2090.

Lassiter Corp.—Merger Proposed—

See Riegel Paper Corp., below.—V. 191, pp. 1323 and 103.

Lee Electronics Inc., Philadelphia, Pa. — Files With Securities and Exchange Commission—

The corporation on June 14 filed a letter of notification with the SEC covering 135,000 shares of common stock (par 10 cents) to be offered at $2 per share, through Atlantic Equities Co., Washington, D. C.

The proceeds are to be used to expand its operations.

Lee Motor Products, Inc.—Stock Offered—Public offering of 167,000 shares of Lee Motor Products, Inc. class A common stock at a price of $3 per share was made on June 29 by Godfrey, Hamilton, Magnus & Co. Inc. and associates.

PROCEEDS—Net proceeds from the financing will be used by the company to repay existing bank loans incurred for general corporate purposes, and to finance expansion of physical warehouse facilities. The balance of the proceeds will be added to the company's general funds and utilized as required for working capital and other corporate purposes.

BUSINESS—Lee Motor Products, Inc., orginally organized as a partnership in 1932, was incorporated under Ohio law and adopted its present name in February, 1955. Since its organization, the company has been engaged principally as an independent warehouse distributor of functional automotive components. The company distributes a wide range of product lines at wholesale levels to jobbers and distributors, who in turn service the requirements of ultimate consumers for automotive replacement parts. Among the product lines distributed by the company are exhaust systems, ignition systems and engine components, suspension systems, and braking systems.

SALES—Sales of the company for the three months ended March 31, 1960 aggregated $570,506. For the year 1959 sales were $2,533,274.

CAPITALIZATION—Upon completion of the current financing, outstanding capitalization of the company will consist of $38,933 of sundry debt; 182,000 shares of class A common stock, $1 par value; and 300,000 shares of class B common stock, $1 par value.—V. 191, p. 2090.

Lindly & Co. Inc.—Forecasts Rise—

Sales and earnings of these manufacturers of electronics process and quality control equipment will gain in the first six months of 1960 and probably result in record figures for any comparable period in the company's history, according to Howard C. Lindemann, President.

"Net sales for the first quarter were 29% higher than the corresponding 1959 quarter, and indications are this upward trend will continue," he added.

Mr. Lindemann estimated sales for the year would be approximately $600,000, or 35% above the $459,000 reported in 1959.

The company, Mr. Lindemann said, has reorganized its marketing set-up, a move that resulted in better coverage at lower cost, especially in the textile industry.

Both foreign and domestic sales to the textile industry are holding up well, Mr. Lindemann said. "To serve West Germany, Italy, France, Holland and Belgium, we now have Europe-based technical service. This will open new markets in smaller textile mills which do not have the required technical personnel to install and service the electronic automatic control equipment we manufacture."

Mr. Lindemann expects a substantial increase in already high West European sales as a result of this move.—V. 190, p. 261.

Litton Industries, Inc.—Acquires Interest—

Litton Industries, Inc., has purchased a majority interest in Fritz Hellige & Co., GmbH, West German manufacturer of advanced electronics equipment.

In making the announcement, Charles B. Thornton, president of Litton, and Franz Morat, managing director of Hellige, said the acquisition of the stock interest was for an undisclosed amount of cash.

The company is located at Freiburg-im-Breisgau in southwestern Germany.

Organized originally in 1895, the company today is known throughout Germany and Europe as an outstanding company in medical and industrial electronics.

With annual sales of more than $2,000,000, Hellige's development and sales emphasis have been in industrial and medical recording equipment and in optical instruments.

In addition to the present work and future expansion of the company in its present areas of electronics, Hellige will produce Litton products for the German market. Among these will be advanced air navigation systems.

The Hellige plant is housed in a modern, five-story building of 85,000 square feet. There are 420 employees.

Mr. Morat will continue as managing director and it was announced the current management staff will be retained.—V. 191, p. 2519.

"Love Me Little Co."—Suspension Vacated—

The Commission has vacated its order of May 13, 1960, temporarily suspending a Regulation A notification covering the proposed offering of $180,000 of preformation limited partnership interests by Alexander H. Cohen as "Love Me Little Co.," of 40 W. 55th Street, New York.

The suspension order was based upon the issuer's failure to file a definitive offering circular as required by the Regulation, failure to cooperate with the Commission in its conduct of an investigation into the offering, and sales in jurisdictions not listed in the notification. Subsequently, copies of definitive offering circulars were filed together with an accurate report of sales pursuant to the offering; and no further offering is being made. Under the circumstances, the Commission concluded that it was appropriate to vacate the suspension order.—V. 191, p. 2203.

Marine Midland Corp.—Exchange Plan—

This corporation, of 241 Main St., Buffalo, N. Y., on June 28 filed a registration statement with the SEC covering 251,000 shares of common stock. The company, which functions primarily as a bank holding company, proposes to offer this stock in exchange for all the issued and outstanding capital stock of The First National Bank of Poughkeepsie, on the basis of 5 shares of Marine Midland common for each one share of First National. The exchange offer is subject to its acceptance by the holders of not less than 40,160 shares (80%) of the stock of First National Bank.—V. 191, p. 1567.

Masonite Corp.—Earnings—

The firm had a net income of $1,123,651 after all charges, or 72 cents a share on the 1,560,070 shares of common stock outstanding, for the third quarter ended May 31. This compared with net income of $1,204,083, or 77 cents a share, for the same quarter a year ago. The comparative net sales amounted to $18,273,036 for the current quarter and $18,176,474 a year ago. Net income for the first nine months this year totaled $3,407,269, compared with $3,285,759 the previous year, or respectively $2.18 and $2.11 a share. Net sales for the comparative periods were $52,275,658 and $51,545,341.—V. 191, p. 103.

McCormick Selph Associates, Inc.—Stock Offered—

Wilson, Johnson & Higgins on June 23 headed a group of investment bankers, which publicly offered 130,000 shares of McCormick Selph Associates, Inc. capital stock (without par value) at $6 per share. Of the 130,000 shares offered, 100,000 shares were offered for the account of the company and 30,000 shares were offered for the accounts of certain selling stockholders.

PROCEEDS—Of the net proceeds from the sale of the shares offered by the company approximately $275,000 will be used immediately to retire existing indebtedness to a bank and $90,000 to reduce supplier's accounts payable. The balance will be added to the general funds of the company and will be used primarily to carry larger inventories and trade receivables. It is presently anticipated that the retirement of bank indebtedness will be temporary as the company will require additional bank loans from time to time. None of the proceeds of the 30,000 shares offered by the selling stockholders will be received by the company.

BUSINESS—The company was incorporated on April 3, 1951 under California law. Its principal office is located at 2308 San Felipe Road, Hollister, Calif. The company is engaged in research and development work and the manufacture and sale of various products in the field of explosive ordnance.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
*Capital stock (without par value)	‡1,000,000 shs.	362,500 shs.

*Effective March 21, 1960 the company's authorized capitalization was changed from 7,500 shares, without par value, to 1,000,000 shares, without par value, and each outstanding share was split into 35 new shares.

‡Of which 25,000 shares are reserved for issuance to employees pursuant to a stock option plan.

UNDERWRITERS—The underwriters, severally, have made a firm commitment to purchase from the company and the selling stockholders, the respective numbers of shares of capital stock set forth below:

Name	From Company	From Selling Stockholders
Wilson, Johnson & Higgins	23,077	6,923

Hannaford & Talbot, a corporation	15,385	4,615
Henry F. Swift & Co.	7,692	2,308

—V. 191, p. 1775.

McGowen Glass Fibers Corp.—Stock Sold—Simmons, Rubin & Co., Inc. announced on June 28 that their offering of 150,000 shares of McGowen Glass Fibers Corp. common stock at a price of $2 per share has been oversubscribed and the books closed. The shares were offered as a speculation.

PROCEEDS—Net proceeds from the sale of the common stock will be added to the general funds of the company and will be advanced to its two subsidiaries to be used for expansion and improvement of their facilities and operations, and for working capital.

BUSINESS—McGowen Glass Fibers Corp., with its offices and plant in Elizabeth, New Jersey, carries on its business through two subsidiaries, McGowen Manufacturing Company, Inc., which operates a Boat Division, and Wyndmoor Knitting Mills, Inc., which operates a Textile Division. The company's Boat Division is engaged in designing, manufacturing and selling a line of fiberglass boats, with four basic models having the same hull design, and being called the "Bahama," "Fish & Ski," "Run-about," and "U-Drvie" models. Boats manufactured by the Boat Division are sold principally in the areas of the Eastern seaboard. The company's Textile Division is engaged in manufacturing and selling an extensive line of children's and ladies' knitted headwear and accessories, such as stoles, scarves, hats, gloves and mittens. Men's knitted sweaters are also made by the latter division.

Giving effect to completion of the current financing, outstanding capitalization of the company consists of 340,910 shares of common stock.—V. 191, p. 1986.

McGraw-Edison Co.—Acquisition—

The company announced the acquisition of the Alretic Division of the Handley-Brown Co., in Jackson, Mich., effective June 30.

The new unit will operate as a McGraw-Edison Division under the direction of Harold Handley, who is currently President of Handley-Brown. He will be President and general manager of the Alrectic Division.

Included in the purchase is the Jackson plant and Alrectic patents. Products of the Division, formed by Handley-Brown in 1957, include prefabricated substation structures employing aluminum extrusions designed and developed especially for this purpose. More recently new Alrectic lattice poles for high-voltage electric distribution and

transmission systems were introduced and the development of an octagonal pole for street lighting was announced.

"These products," Mr. Bersted said, "will supplement those produced by our Line Material Industries in Milwaukee, producers of distribution transformers, switchgear and other power-distribution equipment, street lighting, fibre pipe and conduit."—V. 191, p. 2639.

Mercantile Discount Corp.—Registers Common—

This corporation, of 110 South Dearborn Street, Chicago, Ill., filed a registration statement with the SEC on June 29 covering 128,000 shares of common stock, to be offered for public sale through a group of underwriters headed by Rodman & Renshaw and H. M. Byllesby & Co. The public offering price and underwriting terms are to be supplied by amendment.

The company is engaged in purchasing and making loans and in general commercial financing activities, financing and discounting retail installment plans, advancing funds to automobile dealers, and the consumer finance business. The net proceeds from the sale of stock will be added to its capital funds to allow for expansion of its business and to increase its borrowing capacity. Part of the proceeds may be used temporarily to reduce bank borrowings. In addition to various indebtedness, the company has outstanding three series of preferred stock. In addition, in June, 1960 the company's class B stock was redesignated "common stock," the number of authorized shares was increased to 1,000,000, the par value was changed from $10 per share to $2, and each of the 38,273 outstanding shares of such stock was changed into five shares of common stock. Of the outstanding common stock, 155,430 shares (81.21%) are held in a voting trust for the family of the late Hyman N. Kohn, and 3,325 shares (1.74%) are owned by LeRoy L. Kohn, President.

Microwave Associates, Inc.—Invests—

Mr. Charles W. Creaser, Jr., President of Antenna Systems, Inc., Hingham, Mass., and Mr. Dana W. Atchley, Jr., President of Microwave Associates, Inc., Burlington, Mass., jointly announced an agreement between the two companies. The agreement provides for a long-term loan (five year) by Microwave Associates to Antenna Systems in return for which Microwave Associates receives rights to purchase up to 28% of the outstanding common stock. It is a continuing agreement which can provide additional financing and technical cooperation in the future.

Antenna Systems, Inc., founded in December, 1959, now has over 70 employees. The company has developed a new type of low-cost 30-foot reflector suitable for accurate tracking to over 10,000 Mcs (megacycles) and is now in production of a complete tropospheric scatter antenna system. The proceeds of the Microwave Associates' loan will be used to finance future expansion in the growing large antenna field.

Mr. Atchley stated that his company, in addition to supplying financial assistance to Antenna Systems, is currently providing microwave engineering and production assistance and jointly the two companies have combined talents in the development of a radically new diplexer for tropospheric scatter use.—V. 190, p. 2450.

Mid-West Business Development Corp.—Formed—

A new corporation, designed primarily to stimulate the growth of small business, is being formed in the St. Louis area, it has been announced jointly by William A. McDonnell, Chairman of the First National Bank in St. Louis and Elliot H. Stein, an officer of Sherck, Richter & Co., an investment firm in St. Louis.

The newly organized Mid-West Business Development Corp. will begin with an initial capital of $500,000 of which $200,000 has been subscribed by the First National Bank in St. Louis and the balance by a small group of individuals.

In announcing the new corporation, the first of its kind in the area, McDonnell, former President of the Chamber of Commerce of the United States, said: "There are many small businesses which lack area, McDonnell, former President of the Chamber of Commerce of equity capital despite their capable management and potential for growth and development. Because of their size the normal equity markets are not available to them on practical terms.

"The purpose of this new corporation is to fill the gap and supply this need. The basis of the operation of the Mid-West Business Development Corp. will be through furnishing loans and equity capital to businesses coming under the provisions of the Small Business Investment Act passed by Congress in 1958.

"There is, in our opinion, considerable room here in this area for growth of small firms and companies with ideas, inventions and products."

Midwestern Indemnity Co.—Common Stock Offered—

This company is presently offering 15,832 shares of its common stock (par $5) for subscription, to holders of its common stock at the close of business on March 4, 1960, in the ratio of one share for each three then held. Subscription rights must be exercised on or before July 22, 1960, after which they will become void. The underwriter for the issue is W. D. Gradison & Co., Cincinnati, Ohio.

PROCEEDS—The proceeds of the proposed offering will be used to increase the company's capital and surplus in relation to net premiums written, therefore enabling the company to write a larger net volume of business. To the extent that shares are subscribed for and sold under the underwriting, this purpose will be accomplished. No arrangements have been made for the return of funds to subscribers if all the securities to be offered are not sold.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
Common stock (par value $5)	*47,520	‡63,327

*On March 4, 1960, the shareholders authorized issuance of an additional 22,480 shares, raising the total number of shares authorized to 70,000. It is from this additional authorization that the sale of the 15,832 shares offered hereby will be made.

‡ Assuming all securities will be sold but there is no assurance that they will be.

Long term debt—Home office building mortgage at 5% interest $130,043.31.

DIVIDENDS—Cash dividends have been paid for eight consecutive years. Payments were inaugurated on the $5 par common stock in 1953 with a payment of 5 cents per share; the 1954 dividend at the same rate. During each year 1955-1959 dividends of 25 cents per share were paid. In 1959 a 10% stock dividend was distributed. A cash dividend of 30 cents per share was paid in February, 1960. Future dividends will be dependent upon future earnings, the financial condition of the company, and other factors not presently determinable, and the company makes no representation as to such dividends.

BUSINESS—The company was organized under the laws of Ohio on Jan. 31, 1947, and was licensed July 12, 1947, beginning business on the same date. The company is an insurance carrier, presently licensed to conduct mulitiple line underwriting in accordance with Section 3941.02, divisions (A), (B), (C), (D), (E), (F), and (G) of the Revised Code of Ohio. Multiple line underwriting was initiated in 1955 when fire and allied lines were added to general casualty insurance forms of coverage. Automobile insurance is the largest part of the company's business. All business is developed through agents in the State of Ohio.—V. 191, p. 1568.

Miles Laboratories, Inc.—Rights Offering—

Miles Laboratories, Inc. is offering the holders of its outstanding common stock of record June 24, 1960, rights to subscribe at 100% for $8,255,000 of 4¾% convertible subordinated debentures, due 1980, in the ratio of $100 principal amount of debentures for each 16 shares of common stock then held. The subscription offer, which will expire July 11, 1960, will be underwritten by a group headed by The First Boston Corp.

CONVERSION—The new debentures, which will be convertible into common stock at a conversion price of $75 per share until maturity, unless previously redeemed, will be entitled to an annual sinking fund commencing July 1, 1966, sufficient to retire approximately 93% of the debentures prior to maturity.

PROCEEDS—The net proceeds from the sale of the debentures will be used to repay short-term debt of the company, which presently totals $6,900,000. A major portion of this indebtedness was incurred in the purchase of Dome Chemicals, Inc. The balance will be added to the general funds of the company to provide additional working capital.

The company, which operates four manufacturing plants in the United States, produces and sells home remedies, professional pharmaceutical products and fine chemicals. Alka-Seltzer and One A Day (Brand) Vitamins are the company's most important products.

EARNINGS—For the three months ended March 31, 1960, net sales of the company and its subsidiaries amounted to $20,712,000, and net income to $865,000. Net sales in 1959 were $72,189,000 and net income $4,398,000.

CAPITALIZATION—Giving effect to the sale of the new convertible subordinated debentures, capitalization of the company and its subsidiaries as of March 31, 1960 was: $10,076,000 in long-term debt; 18,634 shares of cumulative preferred stock, par $25; and 1,319,077 shares of common stock, par $2.

UNDERWRITERS—The underwriters named below have severally agreed to purchase from the company at the subscription price, in the respective percentages set forth below, such of the debentures as are not subscribed for pursuant to the subscription offer.

Monsanto Chemical Co.—Stock Option Plan—

This company, of 800 North Lindbergh Blvd., St. Louis, Mo., filed a registration statement with the SEC on June 29, 1960, covering 100,000 shares of common stock, to be offered to employees under the company's Employee Stock Purchase Plan.—V. 191, p. 2417.

Montgomery Ward Credit Corp.—Debentures Offered—

Public offering of $50,000,000 of the corporation's 4⅞% debentures, due July 1, 1980, was made on June 28 by a nationwide underwriting group managed by Lehman Brothers. The debentures are priced at 99½%, plus accrued interest.

BUSINESS—The corporation was organized in February 1960 for the purpose of financing deferred payment accounts of Montgomery Ward & Co., Inc., one of the world's large retail merchandising organizations with net sales of over $1,000,000,000 in the fiscal year ended Feb. 3, 1960. The latter company owns all of the outstanding stock of Montgomery Ward Credit Corp., representing an investment of $25,000,000.

PROCEEDS—The net proceeds from the offering of debentures will be added to the general funds of Montgomery Ward Credit Corporation and will be available for the purchase of deferred payment accounts from the parent company. Until so employed, the proceeds may be used in whole or part temporarily to reduce bank loans incurred to finance the purchase of such accounts.

REDEMPTION—The debentures are not redeemable prior to July 1, 1968. On and after that date they will be redeemable at prices ranging from 102½% to 100%, plus accrued interest.

CAPITALIZATION—Capitalization of Montgomery Ward Credit as of May 2, 1960, adjusted to give effect to the sale of the debentures, comprised the $50,000,000 debentures offered today and 250,000 shares of common stock, par value $100 per share. Also outstanding on May 2 were short-term bank loans aggregating $40,800,000 and commercial paper in the principal amount of $18,336,000.

UNDERWRITERS—The underwriters, for whom Lehman Brothers is acting as representative, have severally agreed to purchase from the company all the debentures, in the principal amounts set forth below opposite their respective names.

(Philip) Morris Inc.—Earnings Forecast—

Joseph F. Cullman 3rd, President of Philip Morris Inc., delivered a highly optimistic report on the outlook for the tobacco industry and for Philip Morris over the next five years to a luncheon meeting of the New York Society of Security Anaylsts held in New York on June 28.

Mr. Cullman predicted 1960 will bring a new peak in sales for Philip Morris Inc. topping last year's record high volume. He also estimated higher earnings this year for Philip Morris Inc., which manufactures Marlboro, Parliament, Alpine, Benson & Hedges and Philip Morris brand cigarettes.

"I firmly believe tocacco stocks should be considered growth stocks and are deserving of a higher price-earnings ratio," he said.

He then pointed out that the increase of 40% in Philip Morris earnings per share in the five year period from 1955 through 1959 was higher than all but 5 out of 26 companies which together comprise the Chemical Industry Stock Price Index and the Electronic Industry Stock Price Index. Almost all of these companies enjoy prices well over 20 times their 1959 earnings whereas Philip Morris is selling at less than 14 times its 1959 earnings.

He estimated that for the first six months of 1960 net income of Philip Morris Inc. will be about $2.60 per share or about 6% above 1959. This is after giving effect in both years to financial consolidation of A.S.R. Products, acquired this year, and the Philip Morris foreign subsidiaries.

"I anticipate record high sales in excess of $500,000,000 for all of 1960 and earnings per share in the neighborhood of $5.30 to $5.50," Mr. Cullman said. For 1959 Philip Morris Inc. reported net income equal to $5.01 a common share and its consolidated net sales last year amounted to $460,494,749, not including A.S.R. Products or Philip Morris' foreign subsidiaries.

Discussing the dividend outlook, Mr. Cullman noted that Philip Morris in January, 1960, increased the annual common stock dividend payment rate from $3 to $3.60 a share, or by 20%. "We have no immediate plans to increase the dividend but will consider it when earnings and corporate plans permit," he added.

As he reviewed domestic and international tobacco operations and the results of the cigarette company's diversification program, Mr. Cullman stated that "as to our combined operations, 1955 through 1959, Philip Morris Inc.'s sales have increased 36% and per share earnings 40%. This," he said, "is approximately a 7% annual compounded rate of increase for sales and a 9% annual rate of increase for net income per share."

He announced that Benson & Hedges (Canada) acquired in 1958, expects to begin making cigarettes next year in a new factory built to service the entire Canadian market. This company previously made cigars only. Philip Morris' wholly-owned English subsidiary, which serves the Commonwealth and the European Free Trade Area, will move into enlarged modern facilities in London this summer.

Sales of Philip Morris (Australia) increased 56% and pre-tax profits

Digitized for FRASER

77% in fiscal 1959 over 1958 with moderate increases expected for fiscal 1960. Philip Morris Inc. has a 72% interest in the Australian company which was established in 1954.—V. 191, p. 1670.

Naess & Thomas Special Fund, Inc.—Order Issued—

The SEC has issued an order under the Investment Company Act granting an application of Naess & Thomas Special Fund, Inc., of Baltimore, for an exemption from provisions of the said Act requiring stockholder approval of an investment advisory contract, the election of directors, and ratification of the selection of an independent public accountant until the Feb. 20, 1961, meeting of stockholders.—V. 191, p. 2640.

National Gypsum Co.—Exchange Plan—

This company of 325 Delaware Avenue, Buffalo, N. Y., on June 30 filed a registration statement with the SEC covering 584,289 shares of common stock. The company proposes to offer this stock in exchange for all (but not less than 95%) the 1,156,750 outstanding shares of class A and class B common stock of Allentown Portland Cement Co., a Pennsylvania corporation, on the basis of 0.505112 of a share of National Gypsum for each one share of class A common and for each one share of class B common stock of Allentown. According to the prospectus, Allentown shall be operated as a subsidiary corporation with its present organization to manufacture and sell portland cement of various types and masonry cement.—V. 191, p. 1437.

Needham Packing Co., Inc.—Registers Common—

This company, of 1911 Warrington Road, Sioux City, Iowa, filed a registration statement with the SEC on June 28, 1960, covering 200,000 shares of common stock, to be offered for public sale through a group of underwriters headed by Cruttenden, Podesta & Co. The public offering price and underwriting terms are to be supplied by amendment. The company was organized under Delaware law in March, 1960. In June, 1960, the company paid $3,240,500 in cash and 19,443 shares of its 6% cumulative convertible preferred stock for the assets of Sioux City Dressed Beef, Inc., an Iowa corporation, and assumed, in general, all of the liabilities, obligations and commitments. Since such acquisition, Needham has continued that company's business of processing beef in slaughtering facilities located in Sioux City. Funds for said cash payment were obtained by (a) the borrowing of $2,000,000 from two banks (b) the sale, at par, of $1,000,000 principal amount of 6% subordinated debentures due 1970, and (c) the sale, at $2 per share, of 120,250 shares of common stock. Such debentures and common stock were sold to eleven persons including Blair & Co., Inc., New York investment bankers, which purchased $100,000 principal amount of debentures and 75,250 shares of common. In addition, upon organization, the company issued 100,000 shares of common to Lloyd L. Needham, President, in exchange for 344 shares of Sioux City common. During July, 1960, after the said transactions, the outstanding common shares of the company aggregating 220,250 were reclassified into twice such number of shares. The net proceeds of the company's sale of the additional 200,000 common shares will be applied to the payment of the $2,000,000 bank loan referred to above. In addition to various indebtedness, the company has outstanding 19,443 shares of 6% cumulative convertible preferred stock and 440,500 shares of common, of which, 200,000 shares (45.4%) are owned by Needham; 124,000 shares (28.2%) by Blair & Co.; and 220,984 shares (50.2%) by the company's directors and officers as a group.

Northern Illinois Gas Co.—Annual Meeting—Earnings

Record-breaking achievements continue the utility's President, Marvin Chandler, stated on June 28.

Operating revenues in 1959 reached the $100 million mark for the first time in NI-Gas' history, Chandler recalled, while earnings per share of common stock were $1.80. Stockholders learned that revenues for the 12 months ended May 31 were over $121 million and earnings for the same period climbed to a record $2.13 per share.

Principal reasons for the higher operating revenues and earnings, Chandler said, were the increased supply of natural gas, which permitted NI-Gas to add 78,000 house heating customers the past year, and colder weather.

Since the first of the year NI-Gas has been able to connect all residential space heating customers, without waiting, and issue gas heat permits for any new building. The only waiting list left is for large existing buildings. The company hopes the restriction on these will be removed in 1960.

Chandler told stockholders the company has on order a total of 144 million cubic feet per day from its three suppliers (61 million from the Peoples Gas System, 43 million from the Midwestern Gas Transmission Company, and 40 million from the Northern Natural Gas Company) which will then make NI-Gas' daily pipeline supply 662 million cubic feet. This is about double the daily pipeline supply NI-Gas had two years ago.

In addition to daily pipeline supplies next winter, NI-Gas will be able to meet peak cold day requirements by withdrawing up to 210 million cubic feet per day from the Herscher underground storage reservoir and about 100 million cubic feet daily from the company's own storage reservoir near Troy Grove (about 75 miles southwest of Chicago). The Troy Grove reservoir, which has been under development for nearly three years, will be used next winter for the first time.

Chandler emphasized the importance of underground storage facilities being found and developed in or near the company's 20-county service area in northern Illinois to meet the still increasing demands for natural gas, particularly for space heating.

"We are testing another possible storage area at Troy Grove," he said, "and we think this can be developed, too. We are also investigating a possible storage site near Crescent City (Ill.), approximately 25 miles south of Kankakee. It seems promising now. If all goes well, it could go into operation as early as the 1961-62 heating season.

"Naturally, we are continuing to look elsewhere, too, for other storage facilities."

Chandler told stockholders the increase from the $180 million five-year (1960-64) construction budget to $200 million was due to the accelerated underground storage program and the need to increase the capacity of the company's distribution system to serve the growing space heat load, especially of commercial customers.

About $38 million is expected to be spent for storage, including approximately $10 million for a pipeline from the Troy Grove storage reservoir to NI-Gas' present distribution system near La Grange. This nearly 75-mile, 30-inch pipeline is now under construction and will be completed in September.

New capital requirements for this $200 million five-year program are estimated at about $140 million. About $15 million was raised in January by the sale of preferred stock. In July, NI-Gas plans to sell $30 million of 25-year first mortgage bonds through competitive bidding. Chandler indicated that no further public financing is planned for 1960.

Commenting on the growth of the company's service territory, Chandler recalled that the population in this area has increased nearly 60% since 1950. The total number of natural gas customers is now about 700,000, an increase of more than 80% during the past decade. Residential space heat customer totals during this same period jumped from about 68,000 to 388,000. The average annual therm use per residential customer has risen from 547 to about 1,300 in 10-years.—V. 191, p. 2418.

Northwest Natural Gas Co.—Preferred Stock Offered

—Public offering of 60,000 shares of the company's 5.72% preferred stock, par value $100 a share, was made on June 29 by an underwriting group managed by Lehman Brothers. The stock was priced at $100 a share plus accrued dividends from July 7, 1960.

BUSINESS—The company, which operates a natural gas distribution system in parts of Oregon and southwestern Washington, with a service area population of more than 900,000, will use part of the proceeds from the offering to retire $5,000,000 bank loans incurred to finance part of its construction program, and will apply the balance of the proceeds to construction expenditures.

CAPITAL OUTLAYS—Construction expenditures for 1960 are estimated at $8,200,000. The expenditure will be made for expansion of the company's distribution system in connection with the lateral Willamette Valley line being constructed by El Paso Natural Gas Co., from which Northwest obtains natural gas; for mains, meters, and services to serve new customers; and for betterments to the existing gas distribution system.

REVENUES—Operating revenues of the company in 1959 totaled $20,381,000 and net income was $2,070,000.

CAPITALIZATION—Outstanding capitalization as of March 31, 1960, adjusted to reflect completion of the current financing, consisted of: long-term debt, $28,769,500; notes payable to bank, $2,000,000; preferred stock (par value, $100 a share), 50,000 shares of 5.75% stock and the 60,000 shares of new 5.72% stock; and 1,367,502 common shares.

UNDERWRITERS—In the underwriting agreement, the several underwriters, represented by Lehman Brothers, have agreed, subject to the terms and conditions therein set forth, to purchase all of the new preferred at $100 per share.

Lehman Brothers, as representative of the several underwriters, has advised the company that sales of new preferred to certain dealers may be made at concessions not in excess of $1 per share and that the underwriters may allow and such dealers may re-allow a concession not in excess of 25 cents per share to other dealers.

The names and addresses of the several underwriters and the respective numbers of shares of new preferred to be purchased by them are as follows:

	Shares		Shares
Lehman Brothers	7,800	Lazard Freres & Co.	2,500

Occidental Petroleum Corp.—Registers Common—

This corporation, of 8255 Beverly Blvd., Los Angeles, filed a registration statement with the SEC on June 28 covering 282,000 shares of common stock.

According to the prospectus, these shares were sold between Nov. 25, 1959, and May 25, 1960, to 12 individual sand firms (private purchasers). Of these shares, 170,000 were sold, pursuant to the exercise of options, between Nov. 25 and Dec. 29, 1959, at the price of $4 per share; and 112,000 shares were sold between April 18 and May 25, 1960, at $5 per share. The said private purchasers may wish to dispose of the shares; and, accordingly, the company is seeking to register them. The company's prospectus may be used in connection with such sale, and in connection with sales of stock by those who purchase an aggregate of 312,094 shares in connection with the company's rights offering to its stockholders which commenced Jan. 8, 1960. The 312,094 shares were purchased by the underwriting group at $4 per share. The largest block to be sold by this group, 62,419 shares, is part of the holdings of 82,419 shares by Stanley H. Rosenweig of Washington, D. C., and the next largest block to be sold by this group, 52,015, is part of the holding of 182,698 shares of M. A. Moss of Memphis, Tenn. Moss also proposes to sell an additional 100,683 shares acquired under options at $4 per share and 30,000 so acquired at $5 per share.—V. 191, p. 800.

Old Empire, Inc.—Acquisition—

The acquisition of Welton Laboratories, Inc., by Old Empire, Inc., of Newark, N. J., manufacturer of cosmetics, chemical specialties, and aerosols, was announced on June 24 by John A. de Elorza, President of Old Empire, Inc. Welton Laboratories, Inc., produces a diversified line of several hundred pharmaceutical products, Mr. Claude S. Welton, President, reported. The merger followed a four-and-one-half-month period of study during which the two companies operated together under a financial affiliation agreement.

The two firms reported plans to combine their research and production facilities. An expansion of Welton's sales organization is planned for the immediate future and the addition of this pharmaceutical business could result in an increase in Old Empire's sales of approximately 40%, Mr. de Elorza stated.

Old Empire's sales for the first quarter of its fiscal year ended April 30, 1960, were over 70% above the comparable 1959 quarter, Mr. de Elorza said, with an improvement in profit margins.

A public offering of 240,000 shares of Old Empire stock was recently underwritten by Laird, Eissell & Meeds.—V. 191, p. 1115.

Olivetti Corp. of America—Acquired—

See Underwood Corp., below.—V. 190, p. 976.

One William Street Fund, Inc.—Acquires—

The One William Street Fund, Inc., has acquired substantially all of the assets of The W. & W. Investment Co., it was announced on June 29 by Dorsey Richardson, president of One William Street.

The W. & W. Investment Co., an Ohio investment company, transferred to the Fund assets aggregating approximately $1,280,000 receiving in exchange 101,400 of its shares. These shares have been distributed to the W. & W. Investment Co.'s shareholder.

Mr. Richardson referred to the acquisition by the Fund this past December of the assets of Mutual Properties Corp., aggregating approximately $2,300,000 and stated that "the officers of the Fund have been discussing similar acquisitions with representatives of several other companies but that negotiations had not progressed to a point where any public announcements could be made."—V. 191, p. 1325.

(A. J.) Parker Co.—Common Stock Offered—An investment banking group headed by Metropolitan Securities, Inc. offered publicly on June 29 a new issue of 100,000 shares of no par common stock of this company at a price of $3 per share.

BUSINESS—The A. J. Parker Co., with headquarters at 1238 Belmont Avenue, Philadelphia, is engaged primarily in the development, manufacture and sale of chemical compounds, proprietary (non-prescription) drugs, pharmaceutical and ethical drugs.

PROCEEDS—Proceeds of the offering will be used to repay bank loans, expand sales personnel, for the advertising program, expansion of the research department, development of a new package for the company's deodorant (PDC) and for general working capital.—V. 191, p. 2308.

Piper Aircraft Corp.—Acquires—

The Lock Haven, Pa., corporation announced on June 28 the purchase of the Aero Signal Laboratories, manufacturers of electronic equipment. Howard Piper, Vice-President in charge of research and development, stated that the Aero Signal Laboratories, previously located in Phoenix, Ariz., is being transferred to Vero Beach, Fla., where

Digitized for FRASER

Piper has an Engineering and Development Center and is currently constructing a branch factory for the manufacture of airplanes.

Four of Aero Signal Laboratories' key employees have already moved to Vero Beach. They are: Peter H. Roebeck, the General Manager, who was formerly with Telefunken in Germany and Motorola in Phoenix, Ariz.; Richard Beaulieu, Production Engineer; James Wooten, Development Engineer, and Paul Glees, Test Engineer.

The Aero Signal Laboratories have been manufacturing several electronic items, its principal product being a low frequency Radio Direction Finder. Piper plans to continue the manufacture of this radio equipment, which it will call the AutoNav. It will be optional equipment on all single engine Piper models. The AutoNav's lightweight, low cost and extreme usefulness are expected to make it a popular accessory. It will home on and point to not only the aviation LF radio station but all commercial broadcast stations. For this reason it is expected to give wider navigation usefulness to those aircraft using the many thousands of airports with no aviation radio navigational aids now installed.—V. 191, p. 2308.

—V. 191, p. 2418.

Puerto Rico Telephone Co.—Rights Offering—

This company of 261 Tanca Street, San Juan, Puerto Rico, filed a registration statement with the SEC on June 23, 1960, covering 100,000 shares of common stock, to be offered for subscription of holders of outstanding common stock on the basis of one new share for each five shares held. The offering price and record date will be supplied by amendment.

International Telephone and Telegraph Corp., holder of 399,495 outstanding common shares (79.899%), has agreed to exercise its right to subscribe for 79,899 of the new shares. In addition, it has agreed to purchase at the subscription price any shares offered to other stockholders and not purchased on exercise of their subscription rights.

Certain institutional investors have agreed to purchase $8,000,000 principal amount of debentures and 40,000 shares of $100 par 6¾% preferred stock. The net proceeds of said financing, together with the net proceeds of the sale of the additional common stock, will be added to the general funds of the company, which will be used in furtherance of a five-year expansion and improvement program initiated in 1959 and to repay indebtedness to banks and ITT incurred for the purchase of materials and equipment used or to be used for said program. The construction and improvement program calls for expenditures of approximately $70,600,000 during the six-years 1959-1964. Approximately $7,600,000 had been expended as of April 30, 1960.—V. 191, p. 1568.

Radio Corp. of America—Redemption—

The corporation issued the following statement on June 29 after a special meeting of the Board of Directors:

"The Radio Corp. of America is calling for redemption on Aug. 3, 1960, its 3½% convertible subordinated debentures, due Dec. 1, 1980. The redemption price will be 104¾%, plus accrued interest to the date set for the redemption.

"The debentures may be converted into common stock at any time up to the close of business on July 19, 1960, at a conversion price of $49.04 per share.

"To minimize any effect which the redemption might have on the corporation's cash position, RCA has entered into an agreement with a group of investment bankers headed by Lehman Brothers and Lazard Freres & Co. Under the agreement, the banking group will purchase all debentures offered through July 19 at a price higher than the redemption price, and convert such debentures into common stock.

"RCA common stock closed Wednesday at $66 on the New York Stock Exchange. With the market price above $51.91—which is equivalent to the price the investment bankers have agreed to pay for debentures tendered to them—those who convert debentures will receive RCA common stock plus cash which together will have a greater value than they would receive by redemption of the debentures or by tendering them to the bankers.

"The reason for calling the debentures for redemption is to encourage conversion of these securities into common stock, thus broadening the corporation's equity base to provide greater flexibility in financial planning for RCA's accelerating growth in electronic data processing and other promising areas.

"Debentures may be surrendered for conversion, sale, or redemption at Irving Trust Co., Corporate Trust Division, 1 Wall Street, New York 15, New York.—V. 191, p. 2749.

Ramo Investment Co.—Secondary Offering—The First Trust Company of Lincoln, Neb., on June 24 made a secondary offering of 9,600 shares of common stock (par $1) at $31 per share.

PROCEEDS—The proceeds of this offering went to selling stockholders, and no funds will accrue to the company.

BUSINESS—The company was organized under Delaware law in 1925 as National Baking Co. Its name was changed to Omar, Inc. in 1938. From 1925 to 1958, it was continuously engaged in the baking business and the selling of bakery and other food products to retailers, and to the public directly through residential deliveries and its own retail stores. In November, 1958, the company sold its business, for cash, to Continental Baking Co. and changed its corporate name from Omar, Inc. to Ramo Investment Co. At the present time, the company is not an operating concern, owns no properties and maintains its offices in leased space at 8401 Building, Omaha, Neb. William J. Coad, Jr., President and Treasurer, has been the only full-time active participant in the company since the sale of its baking business in November, 1958, the company's business during such period being the investment and reinvestment of government securities of the proceeds received from the sale of its business and the investigation of possible acquisitions. The company is qualified as a domestic corporation under Nevada law.

Acquisition—Exempted—

The company has signed a contract to purchase all the assets of the Peanut Corp. of America and its processing division, Peanut Products Co. of Des Moines, Iowa, and its plant properties, announced W. J. Coad, Jr., Ramo President, and David R. Miller, Peanut Products President, in a joint statement. The purchase became effective on June 27.

Purchase price was not disclosed but assets of Peanut Products Company and its plant properties are in excess of $2,500,000.

Peanut Products Co. is one of the nation's largest processors of nut products, doing business in all parts of the country except the West Coast. Its products are sold under the Buster Brand trademark to supermarket chains, bakeries, food distributors, wholesale grocers, vendors, candy jobbers and government commissaries. In addition to the Des Moines plants, there are also plants in Indianapolis, Ind., and Cranford, N. J. The company also sells to and packages nuts for girl scout fund raising activities in all 50 states, Puerto Rico and Guam.

This is the first investment Ramo has made since Continental Baking Co. bought Omar in 1958. At the time of the sale, Omar was one of the nation's largest bakery operations. Peanut Products Co. net sales for the 44 weeks ending April 30, 1960, were $8,652,908.

Peanut Products Co. was formed in 1931 by David Miller, his brother, Harry, and Jack Levensky. All officers and personnel will be retained. Mr. Miller will become a Ramo board member and continue as head of the Peanut Products Division. W. J. Coad, Jr., will continue as President of Ramo, and W. J. Coad, Sr., as Chairman. Directors in addition are Dale Clark, Chairman of the Board, Omaha National Bank, and James J. Fitzgerald, Jr., Omaha attorney.

The SEC has issued an order under the Investment Company Act declaring that this company, of Omaha, has ceased to be an investment company.—V. 191, p. 2684.

Reichhold Chemicals, Inc. — Private Placement — The White Plains, N. Y., corporation announced on June 29 that it had recently completed a private placement of $10,000,000 worth of additional debenture financing. The conclusion of this placement will bring the corporation's total debentures outstanding to $25,000,000.

The group involved in this new placement is the National Bank of Detroit, the Fidelity Mutual Life Insurance Co., the Massachusetts Mutual Life Insurance Co., the New England Mutual Life Insurance Co., the Prudential Insurance Co. and Sun Life of Canada. With the exception of the Prudential Insurance Co., all the other companies have been involved in previous private placements with Reichhold Chemicals.

Reichhold Chemicals stated that the new financing was for increasing the general corporate fund.

Agreement—

The White Plains, N. Y., firm plans to manufacture vinyl acetate monomer under a license agreement which has been signed with Wacker Chemie G. M. B. H. of Munich, Germany, Henry H. Reichhold, President, announced on June 28.

The production of the chemical will be handled by a new plant which will have an initial capacity of 50 million pounds with planned expansion to 100 million pounds annually. Location of the new plant in the United States, to be announced later, will depend upon negotiations presently under way with several acetylene suppliers.

According to John G. Penniman, Manager of RCI's emulsion division, this expansion is made necessary by the corporation's substantial and increasing sales of polyvinyl acetate emulsions to the paint, adhesive, textile and paper industries, plus additional outlets it was not yet ready to disclose.—V. 191, pp. 2094 and 1922.

Riegel Paper Corp.—Merger—

An agreement proposing the merger of the Lassiter Corp. into Riegel Paper Corp. has been signed by the boards of directors of the two companies. This was announced in New York on June 29 jointly by Frederick S. Leinbach, President of Riegel and J. Hanes Lassiter, founder and President of Lassiter.

Both companies will convene special stockholders' meetings on or about Sept. 28 to vote on the merger proposal.

Lasiter has outstanding 54,592 shares of class A and 92,551 shares of class B common stocks. Under the terms of the merger proposal Riegel would exchange for each of the class A and B shares .975 shares of Riegel common stock, or a total of 143,464 Riegel shares. Riegel's common stock is listed on the New York Stock Exchange and there were 1,386,871 shares outstanding on June 17, 1960. Lassiter has about 240 stockholders.

Riegel is a leading producer of flexible packaging materials, bleached paperboard, pulp, folding cartons, and specialty papers. Lassiter, of Charlotte, N. C., is the largest independent converter of packaging films, specializing in the soft goods field. They also manufacture folding cartons, labels and laminates for many industrial applications.

Mr. Leinbach indicated that following stockholder approval and consummation of the merger, Lassiter would be operated as a division of Riegel and would continue under its present management. He further indicated that J. Hanes Lassiter is to be a Vice-President and a director of Riegel Paper Corporation.

He also noted that with the Lassiter merger and a similar proposed merger with Bloomer Bros. Co., announced on June 21, Riegel would be producing a much broader range of packages and packaging materials. "We would have folding cartons using our solid bleached board and manila-lined board; flexible packaging using glassine and greaseproof papers, films and foils, and laminates of various types; as well as a variety of converting equipment to turn these materials into showcases for products of all kinds. In short, we would be offering more types of packages to serve more of the mass markets of the country," he explained.

Earlier this year Riegel acquired Bartelt Engineering Co., Rockford, Illinois, specialty packaging equipment manufacturer.

Lassiter Corp. employs about 400; plants are at Charlotte and Greensboro, N. C.; Atlanta, Ga.; Danville, Va.; Cheltenham, Pa.; and Paterson, N. J.

Lassiter's sales have increased in each of the last ten years to a total of $8,963,000 in 1959. Sales for the first quarter of 1960 were $2,792,000.

Riegel, with headquarters in New York City, has other plants at Milford, Hughesville, Riegelsville, and Warren Glen, N. J.; Acme, N. C.; Edinburg, Ind.; and Atlanta, Ga. The company currently employs about 3,000.

In 1959 Riegel's sales were $69,359,388 and net income was $2,623,467, equivalent to $1.97 per share on the 1,329,517 shares outstanding at the year end. In the first quarter of 1960 Riegel reported sales of $19,810,082 and net earnings of $725,468 or 52 cents per share on the 1,386,571 shares of common stock outstanding at the end of the period.—V. 191, p. 2749.

Rochester Gas & Electric Corp.—Annual Meeting—

The annual meeting of holders of common stock and a special meeting of holders of preferred stock were held simultaneously on May 18 and were personally attended by over 300 shareholders. Robert E. Ginna, Chairman of the board and Chief Executive Officer, presided. More than 83% of the outstanding shares of common stock and 85% of the outstanding shares of preferred stock were voted either in person or by proxy at the meetings.

The principal items of business transacted included the re-election of the 15 members of the board of directors by a vote of 83% of the shares of common stock. A proposal presented to the holders of both common and preferred stock to authorize an additional 300,000 shares of preferred stock was adopted by an affirmative vote representing 79% of the common and 85% of the preferred shares. A proposal to authorize the company to carry on its operations in any county in New York State was adopted by 82% of the common shares outstanding.

At a subsequent organizational meeting, the board of directors re-elected Robert E. Ginna as Chairman of the board and Chief Executive Officer; Ernest J. Howe as President, and Leo H. East as Executive Vice-President. Harold S. Weatherby was elected Vice-President and Controller, having formerly been Secretary and Controller, and Paul W. Briggs was elected Secretary, having previously served as Assistant Secretary. All of the other officers were re-elected, and in addition, the directors elected as Assistant Vice-Presidents Schuyler F. Baldwin, Francis E. Drake, Jr., George H. Fiedler and Frederick J. Pfluke, each of whom has been employed by the company for many years.—V. 191, p. 1988.

Rochester Telephone Corp.—Asks Bond Issue O. K.—

The corporation on June 24 petitioned the New York State Public Service Commission for permission to issue and sell on Sept. 1, 1960 a first mortgage bond issue totaling $12,000,000.

The proceeds of the sale would be used to repay bank loans used for construction and extension of facilities in service by the date of the proposed sale, leaving the debt ratio approximately the same.

The bonds, termed "series E," will be sold by competitive bidding and the company proposes that they will mature in 33 years, on Sept. 1, 1993.—V. 190, p. 2244.

Satellite Time Corp.—Offering Suspended—

The Securities and Exchange Commission has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a public offering of stock by this corporation, of New York City.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding $300,000 in amount. In a notification filed Aug. 11, 1958, Satellite Time proposed the public offering of 4,950,000 common shares at 1 cent per share, 50,000 warrants to purchase 100 common shares at 1 cent per warrant, and 5,000,000 common shares to be issued at 1 cent per share upon the exercise of warrants. The Commission's suspension order states that a Regulation A exemption is not available by reason of a court order enjoining an undisclosed affiliate and promoter of the company from violating the registration and anti-fraud provisions of the Securities Act. It is further asserted that certain terms and conditions of the Regulation were not complied with; that the company's offering circular is misleading by reason of its failure to include certain material facts; and that the stock offering was made in violation of Section 17 (the anti-fraud provision) of the Securities Act.

According to the Commission's order, the company's notification failed to set forth the full name and complete address of each affiliate of the company and of each of its promoters, as required by Regulation A; and its offering circular failed to disclose the name and address of a promoter and controlling stockholder as well as the direct and indirect interests of each officer, director, affiliate and promoter of the company and material transactions between such persons and the company. The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.—V. 188, p. 589.

Seneca Manufacturing Corp., Inc., Salt Lake City, Utah—Files With SEC—

The corporation on June 23, 1960 filed a letter of notification with the SEC covering 150,000 shares of common stock (par 10 cents) to fered at $5 per share, through Continental Securities Corp., Salt Lake City, Utah.

The proceeds are to be used to repay unsecured notes, for inventory, purchase of additional machinery and to increase capital surplus.

Simmonds Precision Products, Inc.—Registrar App'd—

The Chemical Bank New York Trust Co. has been appointed sole registrar for the common stock of the corporation.—V. 191, p. 2522.

Singer Manufacturing Co.—Stock Plan—To Acquire—

The company of 149 Broadway, New York, on June 30 filed a registration statement with the SEC covering 185,000 shares of common stock, to be offered pursuant to its officers' and employees' Purchase Plan and Restricted Stock Option Plan.

This company has signed an agreement to buy all of the stock of Cobble Brothers Machinery Co., Inc. and Cobble Brothers Sales Co., Inc. of Chattanooga, Tenn. The purchase price was not disclosed. Super Tufter Machinery Co. of Fort Oglethorpe, Ga., Gowin Machinery Co. of Dalton, Ga., Southern Machine Co. of Chattanooga, and Cobble Brothers Machinery Co., Ltd. of Blackburn, Lancashire, England are wholly-owned subsidiaries of Cobble Brothers Machinery Co., Inc.

Cobble and its subsidiaries are engaged in the manufacture and sale of tufting machines and allied equipment used in the production of carpets, rugs, bath mats, bedspreads and other articles. Approximately 90% of Cobble's sales are to manufacturers of soft floor covering. Tufted broadloom carpets presently account for nearly 60% of all broadloom carpet shipments in the United States.

Cobble will operate as a subsidiary of The Singer Manufacturing Co. under the direction of Singer's Special Products Division. Lewis Card, who has served as Cobble's treasurer and general manager for a number of years, will continue active direction of the business when the acquisition is completed.

Cobble's consolidated sales and machine rental income in 1959 exceeded $5,000,000. Singer's sales in 1959 were $496,146,000.

The acquisition of Cobble is Singer's third diversification move. In 1958 it acquired Haller, Raymond & Brown, Inc. (now HRB-Singer, Inc.), State College, Pennsylvania research and development firm specializing in infrared reconnaissance systems and communications and in May of this year purchased the assets of Fidelity Machine Co., Inc. (now Singer-Fidelity Inc.) of Philadelphia, Pa., manufacturer and distributor of knitting machines for the textile, clothing, wire and rubber industries.

Singer is actively pursuing a program of diversification.—V. 191, p. 2248.

Slick Airways, Inc.—To Acquire—

Slick Airways announced June 24 the signing of an agreement to purchase for cash all the assets, subject to liabilities, of the Illinois Shade Cloth Corp., the second largest manufacturer of window shades in the United States, with plants at Chicago Heights, Illinois and Saginaw, Michigan, and nation-wide distribution facilities. In 1959 Illinois Shade Cloth reported net earnings after taxes of over $500,000 on sales of approximately $8,000,000. This purchase by Slick is a part of its plan of diversification announced some time ago.

The business of Illinois Shade Cloth will be continued as a division of Slick Airways, and there will be no change in the management or operation of the window shade plants or distribution methods.

This purchase was authorized by Slick's board of directors and has been accepted by the Illinois Shade Cloth board. The Illinois Shade Cloth stockholders will meet on July 6 to ratify the transaction. It is anticipated that the necessary transfers will be completed about Aug. 1, effective as of June 30.—V. 187, p. 991.

Softol, Inc., Irvington, N. J.—Files With SEC—

The corporation on June 17, 1960 filed a letter of notification with the SEC covering 150,000 shares of common stock (par 10 cents) to be offered at $2 per share, through Harwyn Securities, Inc., New York, N Y.

The proceeds are to be used for general corporate purposes.

Son-Mark Industries, Inc.—New Directors—

The election of Nathan A. Baily, Dean and Profesor of Business Administration and Finance, School of Business Administration, American University, Washington, D. C., and Harry W. Crandall, retired U. S. Army Major General and former Chief of Army Finance, to the board of directors, Son-Mark Industries, Inc., has been announced by Abe E. Goldman, Son-Mark president and board chairman.

Baily, widely known as an educator, also is active in business circles and has served as consultant and lecturer for various business firms.

Digitized for FRASER
http://fraser.stlouisfed.org/

Prior to joining the faculty at American University, Baily previously taught at the Advanced School of Retail Management, Rutgers University. Other teaching assignments were as an instructor at the Washington Chapter, American Institute of Banking, as a member of the Economics Department of City College of New York, and as an instructor at the New York Fashion Institute of Technology and Design.

He is a member of the Editorial Advisory Board, International Classics Press and serves as a consultant to the U. S. Armed Forces Institute and to the Commission on the Accreditation of Service Experiences of the American Council on Education.

Crandall, a veteran of both world wars, is a graduate of the U. S. Military Academy. He retired from active military service in 1958 following his tour of duty as Chief of Army Finance.

Southern Counties Gas Co. of California — Registers Bonds—

This company, 720 West Eighth Street, Los Angeles, filed a registration statement with the SEC on June 23, 1960, covering $23,000,000 of first mortgage bonds due 1985, to be offered for public sale at competitive bidding. The net proceeds of the bond sale will be used to repay in full the company's short-term indebtedness to its parent, Pacific Lighting Corp., which is expected to approximate $14,000,000 as of Aug. 1, 1960. Said indebtedness represents advances made to the company to provide temporary funds for construction and expansion. The balance of the net proceeds will be used to finance in part the costs incurred, or to be incurred, in connection with such program and to reimburse money actually expended from income or from other money in the treasury of the company for similar purposes in 1960 or any prior year. The company's 1960 construction expenditures are estimated at $23,560,000.—V. 187, p. 1938.

Steck Co.—Offering and Secondary—

The company, of 205 W. 9th Street, Austin, Texas, filed a registration statement with the SEC on June 24 covering 60,000 shares of common stock, of which 30,000 shares are to be offered for public sale by the issuing company and 30,000 shares are now outstanding and are to be offered by the present holders thereof. The offering is to be made through Rauscher, Pierce & Co., Inc., on an all or none basis; and the public offering price and underwriting terms are to be supplied by amendment.

The company is engaged in the printing and publishing business and in the sale of office supplies and equipment. Its stock has been closely held by a small number of individuals consisting of employees and members of their families. The purpose of this offering is said to be to create a public market for the common shares and to supply funds for working capital to the company. Net proceeds of its sale of the additional 30,000 shares, estimated at $475,000, will be so used.

According to the prospectus, the company now has outstanding, in addition to certain indebtedness, 30,000 common shares and 201,890 class B common. The class B shares are convertible share-for-share into common, subject to certain conditions, including a 20% limitation per year. The prospectus lists E. W. Jackson as Board Chairman and R. H. Porter as President; and Jackson owns 23,460 shares (78%) of the common stock and 28,250 shares (14%) of the class B, while management officials as a group own 97,800 shares (48%) of the class B stock. Jackson and 12 other stockholders are selling all of their common shares and will continue to hold an aggregate of 40,550 class B shares.

Sterling Transformer Corp.—Expansion—

Sterling has recently completed a three-fold expansion of its plant area and production facilities by moving to a new plant.

The new plant, located at 510 Driggs Ave., Brooklyn, New York, contains 18,000 square feet, in contrast to the 6,000 square feet it formerly occupied elsewhere in Brooklyn. This expansion was necessitated by the rapid growth in sales of transformers for military and industrial equipment, according to Victor Gross, President.

Gross states further that, "the additional facilities will enable us to handle customer requirements faster and more efficiently while, at the same time, providing increased facilities for internal growth and product development."

Sterling produces a variety of transformers for military and industrial applications.

Sunbury Milk Products Co., Sunbury, Pa.—Files With Securities and Exchange Commission—

The company on June 20, 1960 filed a letter of notification with the SEC covering 20,000 shares of common stock (par $5) to be offered at $15 per share, through Hecker & Co., Philadelphia, Pa.

The proceeds are to be used to liquidate short-term bank loans and for working capital.

Tampa Electric Co.—Bonds Offered—Halsey, Stuart & Co. Inc. and associates offered on June 29 an issue of $25,000,000 of the company's first mortgage bonds, 5% series due July 1, 1990, at 102.518% and accrued interest, to yield 4.84%. The group won award of the issue at competitive sale on June 28 on a bid of 101.739%. Other bids for the bonds, also as 5s, came from: Merrill Lynch, Pierce, Fenner & Smith Inc., 101.673; Stone & Webster Securities Corp., 101.659, and Goldman, Sachs & Co., 101.6399.

PROCEEDS—Net proceeds from the sale of the bonds will be used by the company to pay its outstanding bank loans, incurred for construction purposes. The balance of the proceeds will be applied to the 1960 construction program, which, it is estimated, will require expenditures of approximately $25,000,000.

REDEMPTION—The new bonds will be redeemable at regular redemption prices ranging from 107.55% to par, and at special redemption prices receding from 102.55% to par, plus accrued interest in each case.

BUSINESS—The company is engaged in the generation, purchase, transmission, distribution and sale of electricity. The territory served as an area of about 1,700 square miles on the west coast of Florida, including virtually all of Hillsborough County and parts of Polk, Pasco and Pinellas Counties, with an estimated population of 500,000.

REVENUES—For the 12 months ended March 31, 1960, the company had operating revenues of $37,566,081 and net income of $2,514,652.

Taylor International Corp.—Registers Common—

Taylor International Corp., 420 Lexington Avenue, New York, filed a registration statement with the SEC on June 29, 1960, covering 117,306 shares of common stock. This stock is reserved for issuance upon exercise of outstanding stock purchase warrants. Such warrants evidence the right to purchase one share of stock at $6.80 to and including Jan. 1, 1965 and $7.77 from Feb. 1, 1965 to Feb. 1, 1971. Also included in the registration statement are $750,000 principal amount of 6% subordinated serial debentures which were privately sold in January 1959. The warrants were attached to, but detachable from the debentures on and after Feb. 1, 1960.

The company is engaged in the construction and building industry, primarily in the resort hotel field. The net proceeds from the issue of the common stock will be used for general corporate purposes. In addition to various indebtedness, the company has outstanding 517,441 shares of common stock, of which 205,909 shares (40%) are owned by Morry M. Mason, Board Chairman and President, and 247,178 shares (48%) by the company's officers and directors as a group.—V. 189, p. 2725.

Techno Fund, Inc.—Files for Offering—

Techno Fund, Inc., 50 West Gay Street, Columbus, Ohio, filed a registration statement with the SEC on June 24, 1960 covering 400,000 shares of common stock, to be offered for public sale at $12.50 per share through a group of underwriters headed by The Ohio Company and Merrill, Turben & Co., Inc. The underwriting commission will be $1.20 per share. The company was organized under Ohio law in January, 1960 as a closed-end, nondiversified management investment company. It is a Federal Licensee under the Small Business Investment Act of 1958. The net proceeds from the stock offering will be used to provide investment capital to small business concerns, and to render management and consulting services to such concerns. Clyde E. Williams is listed as President and owner of 3,611 shares of the company's 13,894 outstanding shares of common. Management officials own 67.4% of the outstanding stock.

Tekoil Corp.—Annual Report—

The Dallas firm set new records for the company in oil production, sales, cash flow and oil reserves in the fiscal year ended March 31, 1960, W. H. Davison, President, said in the annual report to the stockholders.

The company, which specializes in secondary recovery of oil, produced 860,117 barrels of oil for a 21% increase over the 711,492 barrels produced the previous fiscal year. Average daily oil output was 2,356 barrels, compared with 1,949 barrels.

In spite of this increase in production, Tekoil's reserves went up substantially during the fiscal year, Mr. Davison noted. Proven developed reserves of oil, and gas stated as equivalent barrels of oil, totaled 8,732,330 barrels at year end, compared with 8,087,000 barrels a year earlier.

In addition Tekoil had at year end additional probable reserves of 7,456,350 barrels for a total of proven and probable reserves of 16,188,680 barrels. This was 19% over the comparable reserves of a year earlier.

Mr. Davison said in the report the increases in reserves stemmed from the company's development work on older properties plus acquisition of increased interests in certain properties and purchase of interests in other leases.

Tekoil's gross income from sale of oil and gas for the fiscal year was $2,541,499, up 14.7% over the $2,215,969 of the previous year. Net loss, after inclusion in costs and expenses of depreciation, depletion, amortization and leasehold abandonments, amounted to $686,297. This was slightly less than the net loss of $691,745 reported in the fiscal year ended March 31, 1959.

However, Mr. Davison told shareholders cash flow "was again at a record high of $896,008 for a 29% gain over the $694,629 recorded the previous year. On a per share basis, cash flow was equal to 76 cents, compared with 59 cents a year earlier."

Cash flow, Mr. Davison pointed out, is the actual cash generated by the business which may be used for acquiring additional producing properties, developing properties already held for greater income, or for other corporate purposes.

"Further increases in sales of oil and gas in the current fiscal year, plus continued improvements in operating efficiency, are expected to result in improved operating results in the current fiscal year," the Tekoil President said. "We have been utilizing all available funds to build reserves through acquisition and development and we expect to continue this practice."

Tekoil Corp. is one of the few publicly-owned producing companies which specializes in secondary recovery of oil—principally by use of the waterflood technique. It has executive offices in Dallas, operations offices in Oklahoma City, and regional offices in Midland, Texas.—V. 190, p. 1228.

Teleregister Corp.—Appointments—

The Marine Midland Trust Co. of New York has been appointed registrar for 2,972,578 shares of the common stock without par value of the Teleregister Corporation.—V. 191, p. 2565.

The Irving Trust Company has been appointed transfer agent of the common stock of the corporation.—V. 191, p. 2565.

Tenney Corp.—Exchange Plan—

This firm, of 20 East 41st Street, New York, filed a registration statement with the SEC on June 29, 1960 covering 1,932,880 shares of class A stock and 300,000 shares of class B stock. The company was organized in April 1960 under Delaware law, and proposes to engage in the general real estate business. Jerry M. Tenny, President, of Scarsdale, N. Y., is the originator of the plan for the formation of the company. The company intends to acquire the interests of the partners or their assignees in certain limited partnerships, of security holders in certain corporations and a fee and two leasehold interests from two limited partnerships and a corporation. Of the class A stock, 1,142,810 shares are to be offered by the company in exchange for the interests of partners or their assignees in certain limited partnerships; 354,750 shares for securities of Glen-Par Corp. on the basis of 1,375 shares for each original $10,000 unit consisting of 1,290 shares of preferred stock and $8,710 of notes of Glen-Par; 81,000 shares for 100% of the stock of Sular Realty Corp.; and 6,000 shares for 100% of the stock of Holiday Lodge. An additonal 28,620 class A shares are to be offered to Treasure Island Realty Company, a partnership, to acquire from it the fee to the Treasure Island Beach Motel in Daytona Beach, Fla. (including furnishings), subject to a $392,000 mortgage; 50,000 shares and a purchase money 25-year standing mortgage on the leasehold in the sum of $2,000,000 to Madison-54th Realty Company, a partnership, to acquire from it the leasehold on the building located at 527 Madison Ave., New York, subject to a sublease held by Sular Realty Corp.; and 62,500 shares to be offered to Waverly Industrial Terminal Corp. to acquire the leasehold interest created by a sublease covering all the land and buildings located at 829 Newark Ave., Elizabeth, N. J.

According to the prospectus, 292,500 shares of class B stock were issued to Tenney, Robert Reale and associates for which they paid 50c per share, all the stock of Lasro Corp. was acquired from Tenney, his wife, and Mrs. Shirley Tenney, Robert Reale, and H. Roy Penzell for 142,200 class A shares, and there were sold to certain persons 65,000 class A shares for $10 per share and 6,500 class B shares for 50c per share for an aggregate of $653,250. These securities are also included in the registration statement.

Upon consummation of the purchase and exchange offer, Tenney will own 173,655 shares of class A stock and 275,000 shares of class B stock; his wife, will own 41,238 shares of class A stock; and Robert Reale will own 15,720 shares of class A stock and 9,150 shares of class B stock. Assuming the acquisition by the company of 100% of the interests to be acquired upon exchange, Tenney, his wife, and Reale will own 8.98%, 2.13% and .81%, respectively, of the outstanding class A stock. In any event, Tenney and Reale will own 92% and 3%, respectively, of the class B stock, which they purchased for 50c per share. No other consideration was given for such class B stock. The cash cost of the class A stock to be owned by Mr. and Mrs. Tenney and Reale was $37,533.

Terminal Electronics, Inc.—Offering and Secondary—

Terminal, of 236-246 17th Street, New York, filed a registration statement with the SEC on June 24 covering 166,668 shares of capital stock, of which 83,334 shares are to be offered for public sale for the account of the issuing company and the balance for the account of William Filler, President. The offering is to be made at $6 per share through J. A. Winston & Co., Inc., and Netherlands Securities Co., Inc., on an "all-or-nothing" basis for which they will receive a 96c per share commission plus $29,99 for expenses. In addition, Winston & Co. and the President of Netherlands will purchase 20,850 shares each at $1.30 per share from Filler.

According to the prospectus, Terminal has entered into an agreement whereby Hudson Radio & Television Corp., of 37 W. 65th Street, New York, will be merged with and into Terminal, subject to approval of the merger by Hudson stockholders and the successful consummation of this financing. Upon effectiveness of the merger, the name of Terminal will be changed to Terminal-Hudson Electronics, Inc. Under the merger agreement, each of the 499,970 outstanding shares of Hudson common will be converted into the same number of shares of the surviving corporation.

The two companies are said to be engaged in largely similar types of business involving principally the wholesale and retail distribution of electronic parts and components. Of the net proceeds to be received by Terminal from its sale of additional stock, $190,000 is to be used to pay the remaining balance of its obligation incurred in connection with the purchase of Terminal stock from the Estate of Frank Miller; $100,000 to repay a bank loan; and the balance for general purposes, including the obtaining and equipping of an additional retail outlet.

Terminal now has outstanding 380,000 common shares, which will be increased by 499,970 upon merger with Hudson. An additional 100,000 are reserved for issuance to officers and key employees of Hudson (other than Daniel H. Ormont, President), at $4.75 per share. Of the 380,000 outstanding shares, 79.5% is owned by William Filler, who is to be Board Chairman of the surviving company. He proposes to sell 83,334 shares of his holdings to the public. He also has agreed to sell 41,700 shares to Winston & Co. and the President of Netherlands, and will continue to own 18.4% of the outstanding shares after these transactions are consummated. Mr. Ormont, President and principal stockholder of Hudson, and to-be-president of the surviving corporation, together with Filler, will own 46% of the outstanding stock, of which the underwriters may acquire 45,000 shares under option granted to them by Ormont in 1959. Purchasers of this public offering will own about 17.3% of the to-be-outstanding shares, and another 20.8% will be held by the public as a result of a previous offering of Hudson stock.

Texas Gas Transmission Corp.—Gas Storage Reservoir

An application by Texas Gas Transmission Corp., of Owensboro, Ky., proposing the development of the West Greenville gas field as a natural gas storage reservoir has been accepted for filing, the Federal Power Commission announced on June 21.

Texas Gas proposes to construct approximately 29.5 miles of 12-inch pipeline from the West Greenville field in Muhlenberg, Ky., to its main line facilities near Slaughters, Ky.; a 1,760-horsepower compressor station; a dehydration plant; and a meter station. The cost of the proposed facilities is estimated at about $2,506,000. The rights and interests to the West Greenville field to be purchased from Western Kentucky Gas Co., of Owensboro, bring the total cost to $3,561,527.

Texas Gas plans to later develop the storage pool to an estimated peak-day deliverability of 85,000,000 cubic feet. Upon development of 21,500,000 cubic feet of peak-day withdrawal capacity, Texas Gas proposes to abandon, by sale to Western Kentucky, all the rights and interests of Texas Gas in the Hickory School and Grandview storage fields. These two storage fields have a combined peak-day withdrawal capacity of 21,500,000 cubic feet.—V. 191, p. 2462.

NATIONAL LIST OF OVER-THE-COUNTER SECURITIES (Quotations for Friday, July 1)

The following bid and asked quotations are obtained from the National Association of Securities Dealers, Inc., and other selected sources. They do not represent actual transactions. They are intended as a guide to the range within which these securities could have been sold (indicated by the "bid") or bought (indicated by the "asked") at the time of compilation. Origin of any quotation furnished on request. The "National" list is composed of securities which have a wide national distribution.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, July 2, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 2.2% above those of the corresponding week last year. Our preliminary totals stand at $28,207,500,006 against $27,593,897,204 for the same week in 1959. At this center there is a gain for the week ending Friday of 1.4%. Our comparative summary for the week follows:

CLEARINGS—RETURNS BY TELEGRAPH

Week Ended July 2	1960	1959	%
New York	$14,788,767,106	$14,584,143,427	+ 1.4
Chicago	1,319,674,617	1,412,148,724	— 6.6
Philadelphia	1,201,000,000	1,296,000,000	— 7.3
Boston	918,317,621	882,641,867	+ 4.0
Kansas City	463,430,502	492,535,429	— 5.9
St. Louis	419,300,000	423,000,000	— 0.9
San Francisco	766,658,000	771,097,823	— 0.6
Pittsburgh	508,951,730	563,122,812	— 9.6
Cleveland	*700,000,000	674,993,367	+ 3.7
Baltimore	423,885,700	338,640,047	+25.2
Ten cities, five days	$21,509,985,276	$21,438,323,436	+ 0.3
Other cities, five days	5,581,262,275	5,129,644,805	+ 8.8
Total all cities, five days	$27,091,247,551	$26,567,968,241	+ 2.0
All cities, one day	1,116,252,455	1,025,928,963	+ 8.8
Total all cities for week	$28,207,500,006	$27,593,897,204	+ 2.3

* Estimated.

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended June 25. For that week there was an increase of 17.4%, the aggregate clearings for the whole country, having amounted to $29,345,658,294 against $24,998,984,424 in the same week in 1959. Outside of this city there was a gain of 8.9%, the bank clearings at this center showing an increase of 25.8%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals show an expansion of 24.8%, in the Boston Reserve District of 21.4% and in the Philadelphia Reserve District of 1.6%. In the Cleveland Reserve District the totals record an improvement of 5.5%, in the Richmond Reserve District of 7.8% and in the Atlanta Reserve District of 22.8%. The Chicago Reserve District has to its credit a gain of 3.8%, in the St. Louis Reserve District of 12.0% and in the Minneapolis Reserve District of 14.3%. In the Kansas City Reserve District the totals are larger by 3.1%, in the Dallas Reserve District of 7.2% and in the San Francisco Reserve District by 6.7%.

In the following we furnish a summary by Federal Reserve Districts:

SUMMARY OF BANK CLEARINGS

Week Ended June 25—		1960 $	1959 $	Inc. or Dec. %	1958 $	1957 $
1st Boston	12 cities	1,182,873,494	974,491,104	+21.4	922,426,184	923,619,063

Condition Statement of Member Banks

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended June 22: Decreases of $236 million in loans adjusted, $178 million in holdings of U. S. Government securities, $358 million in balances with domestic banks, $229 million in U. S. Government demand deposits, and $880 million in demand deposits credited to domestic banks.

Commercial and industrial loans increased in nine districts for a total increase of $93 million. Loans to brokers and dealers for purchasing or carrying U. S. Government and other securities decreased $310 million.

Holdings of Treasury bills decreased $208 million.

Demand deposits adjusted decreased $177 million. Time deposits other than interbank increased $126 million, of which $112 million was in deposits of individuals, partnerships, and corporations.

Borrowings of weekly reporting member banks from Federal Reserve Banks increased $316 million but borrowings from others decreased $82 million. Loans to domestic commercial banks decreased $87 million.

General Corporation and Investment News

Continued from page 12

$8,133,000 with properties carried at original cost. Construction in progress as of that date is reported at $1,342,000.

Thorncliffe Park, "city within a city" under construction in mid-Toronto, is a residential and business community on a site of approximately 400 acres. Of the 15 apartment buildings now sited, President Smith states, four now building are company-owned with nearly 50% of available suites already leased. The first section of the planned shopping centre is operating and the balance under construction.

Mr. Smith was elected President in June following the resignation of D. Hubert Cox who remains on the board. R. L. Brockington has been appointed general manager.—V. 190, p. 1229.

—V. 191, p. 2462.

Townsend Investment Co., Townsend, Tenn. — Files With Securities and Exchange Commission—

The corporation on June 20, 1960 filed a letter of notification with the SEC covering $300,000 of 6% first mortgage bonds and 3,000 shares of common stock (par $5) to be offered at $1,000 per unit consisting of one $1,000 bond and 10 shares of common stock. The offering will be underwritten by Davidson & Co., Knoxville, Tenn.

The proceeds are to be used to pay off a mortgage and for working capital.—V. 189, p. 1717.

Trane Co.—Plant Addition—

This La Crosse, Wis., manufacturer of air conditioning, heating, ventilating and heat transfer equipment, plans the construction of a 120,000 square foot addition to its manufacturing plant at Clarksville, Tenn., President D. C. Minard announced on June 24. The addition to the plant, which manufactures Trane Residential and small Commercial Air Conditioners, comes only 2½ years after its initial construction and will nearly double the plant's production capacity. The addition is scheduled for completion next February, at an estimated cost of $1,200,000, including new machinery and equipment.

With the addition, the total area of the plant will exceed 270,000 square feet, a space increase of about 80%. Of the added 120,000 square feet, 115,000 square feet will consist of manufacturing and storing facilities.

Construction of the Clarksville plant in 1958 coincided with the entry of The Trane Company into the field of packaged air conditioning products in addition to its lines of air conditioning, heating, and ventilating for large buildings.—V. 189, p. 2833.

Transitron Electronic Corp.—Awarded Contract—

The corporation has been awarded a contract for approximately $2,500,000 for the development of high-reliability diodes and silicon transistors for the guidance systems in the Air Force's Minuteman intercontinental ballistic missile.

The contract was awarded by Autonetics, a Division of North American Aviation, Inc. Autonetics is the associate prime contractor responsible for development of the missile's guidance and flight control systems.

This development contract is in conjunction with a previously-awarded contract from Autonetics for more than $200,000 under which Transitron is providing high reliability diodes to Autonetics.

From the development work undertaken by Transitron with the new contract, Autonetics will be provided with diodes and transistors of a reliability never before reached. Both the diodes and transistors will be produced at Transitron's Wakefield plant.

The Minuteman missile is a three-stage, solid fuel- propelled ICBM which will be capable of carrying a nuclear warhead. It will represent major savings in ballistic missiles because its simplicity will greatly reduce ground-support facilities and manpower requirements.—V. 191, p. 2139.

Trav-ler Radio Corp.—Sales and Net Soar—

Preliminary operating figures for the fiscal year ended April 30, 1960, showed sales of $21,400,000 as compared to $14,806,000, for the previous fiscal year.

Net profit before federal income taxes for the fiscal year ended April 30, 1960 was approximately $1,400,000, compared to $312,000 before federal income taxes in the preceding fiscal year.

Net profit after taxes for fiscal year ended April 30, 1960 will approximate $700,000 equivalent to approximately 81 cents per share on 863,061 shares outstanding. This compares to $304,000 net income after federal taxes, or 40 cents per share on 770,495 shares outstanding at the close of the preceding fiscal year.—V. 182, p. 1161.

Trustors' Corp.—Financing Proposal—

This corporation, of 5400 Wilshire Blvd., Los Angeles, on June 27 filed a registration statement with the SEC covering the following: $20,000,000 of 7% guaranteed participation certificates representing undivided interests in specific first trust deed or first mortgage notes; $20,000,000 of 7% participation certificates and interim receipts; $10,000,000 of 10% participation certificates representing undivided interests in specific second trust deed or second mortgage notes; $6,000,000 of whole notes secured by second trust deeds or second mortgages offered under the company's 10% whole note plan; and 60,000 shares of 6% cumulative preferred stock, $5 par (with exchange feature). The 7% participation certificates (without guarantee) are to be sold only in certain states in which the guarantee certificates may not be sold.

The certificates and notes are to be offered for sale at their principal amounts and the preferred shares at par. The offering will be made through officers and employees, who may receive commissions of 2½% of the sales price in the case of the certificates and 4% in the case of the whole notes. The preferred shares will be offered chiefly to the owners of participation certificates or whole notes acquired under one of the plans, and are intended chiefly as a medium whereby such investors may through the reinvestment provisions of such plans invest their returns with the company pending the purchase of additional certificates or notes.

The company was organized under Delaware law in July, 1959, to succeed to the business of a California corporation of the same name. The management and control will be identical with that of the predecessor, the business of which has been the acquisition of second trust deeds on California real estate and the resale of the whole trust deed notes on a basis, according to the prospectus, "calculated to provide the purchaser with a return of 10% on his invested capital." The predecessor did not sell undivided interests or participation certificates in such trust deeds; and the successor company proposes to expand its activities and will acquire or negotiate both first and second trust deed obligations of various amounts, secured by residential or commercial property in California (and later, perhaps, in other states). The company proposes to sell undivided interests in such trust deeds or mortgages, or to sell the entire interest therein through its 7% guaranteed participation plan, its 10% participation plan (without guarantee), and its 10% whole note plan. Net proceeds of the sale thereof will be used for investment purposes under the plans.

The company proposes to issue 10,000 common shares in exchange for the assets of the predecessor (and subject to its liabilities). The prospectus lists Denny Denison as President and General Manager and Jack P. Marsh as Vice-President. They own or will own 5,000 and 3,000 shares, respectively, of the 10,000 outstanding common shares.

Underwood Corp.—Acquisition—

Purchase of the Olivetti Corp. of America for 1,200,000 shares of Underwood common stock was approved on June 29 at a special meeting of Underwood Corp. stockholders. The stock will be given to Olivetti Corp. of America in exchange for substantially all of its assets including the long term exclusive sales franchise for Olivetti office machines in the United States and Canada, and contractual rights to financial and technical assistance from Olivetti of Italy. Also ratified at the meeting was a proposal by the directors to increase the number of authorized shares of Underwood common stock from 1,500,000 to 3,000,000. Olivetti will dissolve and transfer the 1,200,000 shares to its sole stockholder, Olivetti of Italy, who will own, upon completion of the transaction on July 1, 1960, 69% of outstanding Underwood shares. Olivetti had previously owned 39% of outstanding shares, including 34% purchased through an agreement between Underwood and Olivetti last October.

At the meeting more than 86% of all outstanding Underwood stock was represented through attendance of stockholders or by certificates of proxy, and 99.6% of the shares which were voted on the proposed acquisition were in favor of the Underwood directors' recommendation to purchase the Olivetti Corp. of America.—V. 190, p. 2498.

Union Pacific RR.—Earnings—

—V. 191, p. 2463.

Union Texas Natural Gas Corp.—Exempted—

The SEC has issued an order under the Holding Company Act exempting Union Texas Natural Gas Corp., of Houston, from the Holding Company Act. Union is successor by merger to Texas Natural Gasoline Corp. and Union Oil & Gas Corp.; and Texas Natural Gasoline previously was granted a similar exemption.—V. 191, p. 2565.

United Industrial Corp.—Expansion—

United Industrial Corp., diversified manufacturer of electronic equipment, industrial machinery and other products, on June 23 announced adoption of a program designed to promote expansion of certain of its subsidiaries, and at the same time to further its own plans for acquisition and development of additional new enterprises.

Two United subsidiaries, Aircraft Armaments, Inc., and U. S. Semiconductor Products, both manufacturers of electronic equipment, systems and instrumentation, will be brought into the program immediately, B. F. Gira, President of United said, following a meeting of the company's board of directors held on June 23. He stated that both companies have attractive opportunities for expansion.

Under the program, as outlined in a letter being mailed to the company's stockholders, a certain number of shares of each of the two subsidiaries will be distributed as dividends to the common stockholders of the parent company, who will later be given an opportunity to acquire additional shares of such subsidiaries, with the parent company continuing to retain working control of each of the subsidiaries.

"Similar programs may be extended to other United subsidiaries when their operations, their performance records and the desires of their managements indicate the advisability of such action," the letter states.

The company's three objectives in launching the program, as set forth in the letter to its stockholders are:

(1) To promote autonomous expansion of subsidiaries which by the nature of the industries in which they are engaged, the record of their management and their operational experience, are ready for a measure of public participation in their expansion;

(2) To enable the stockholders of the parent company to participate in the equity ownership of such subsidiaries; and

(3) To make available to the parent company funds with which to further its plan — initiated during the current year — for the acquisition and development of new enterprises.

U. S. Semiconductor Products, with plants and headquarters in Phoenix, Ariz., manufactures solid state electronic devices such as diodes, rectifiers and capacitors for both military and industrial applications. This subsidiary is a wholly-owned operating division of United. Aircraft Armaments, Inc. of Cockeysville, Md., a Baltimore suburb, is engaged primarily in research for the U. S. Department of Defense and in development and manufacture of equipment used in the missile and space exploration programs. Its capital stock is 80% owned by United, the remaining 20% by members of its personnel and a few other individual shareholders.

Descriptive leaflets accompanying the letter trace the history and progress of the two subsidiaries. Aircraft Armaments, Inc. shows an increase in sales volume of more than 713% since 1951. U. S. Semiconductor Products, acquired in June, 1959, produced a sales volume during the first three months of 1960 approximately four times that of the corresponding period last year, the history reveals.

Stockholders will be notified regarding the first dividends to be distributed under the program as soon as necessary corporate action has been taken, the letter states.

Other wholly-owned subsidiaries of United are Micro Path, Inc., industrial automation systems, and U. S. Science Corp., avionics, both of Los Angeles; American Engineering Co., of Philadelphia, marine equipment, combustion and materials handling machinery; Detroit Stoker Co., industrial and utility stokers and municipal incinerator equipment; Southern Pacific Milling Co., Ventura, Calif., contractors and processors of construction materials; and Perry Rubber Co. of Massillon, Ohio, disposable supplies for hospitals and medical use.—V. 191, p. 2353.

United Research Inc., Cambridge, Mass. — Files With Securities and Exchange Commission—

The corporation on June 17 filed a letter of notification with the SEC covering 30,000 shares of common stock (par $2) to be offered at $10 per share, through Smith, Barney & Co., New York, N. Y.

The proceeds are to be used to retire bank loans and for general corporate purposes.—V. 189, p. 1069.

Uranium Reduction Co.—Additional Financing Details —Our June 27 issue reported the offering of 190,000 shares of this firm's common stock at $6.50 per share. Additional financing details follow:

UNDERWRITERS—The total number of shares of underwritten

Digitized for FRASER

Van Waters & Rogers, Inc.—6 Months' Earning Report

The Seattle, Wash., firm reported sales for the six months' period ending May 31 totalled $42,854,000, up 5.3% from the $40,854,000 figure for the corresponding period in 1959. Net earnings after taxes were $623,000, or $1.27 per share. This compares with $678,000 for the first six months last year, which was $1.38 per share on the 491,340 shares currently outstanding.

Non-recurring expense in connection with moving into five new plants, located in Denver, Houston, Sacramento, El Paso and Boise, was reported as an important factor in the reduced earnings.

"As the second half of the year is traditionally stronger for us, we expect 1960 to be another satisfactory year for the company," Geo. Van Waters, board chairman, stated.—V. 191, p. 429.

Varo Manufacturing Co., Inc., Garland, Tex. — Files With Securities and Exchange Commission—

The corporation on June 17 filed a letter of notification with the SEC covering 35,000 shares of capital stock (par $5) to be offered at $6.90 per share, without underwriting.

The proceeds are to be used for working capital.—V. 188, p. 591.

Venture Capital Corp. of America—Registers Common

This firm of 375 Park Avenue, New York, filed a registration statement with the SEC on June 29, 1960, covering 275,000 shares of common stock, to be offered for public sale at $7.50 per share through Filor, Bullard & Smyth, Hardy & Co., Sprayregen, Haft & Co. and Bregman, Cummings & Co. The underwriters will receive a 90 cents per share commission plus an estimated $52,795 for expenses.

The company was organized under New York law in February, 1960 as Eastern Small Business Fund, Inc., a closed-end non-diversified management investment company. It is licensed under the Small Business Investment Act of 1958 and intends to provide investment capital to small business concerns through the purchase of equity securities of such small business concerns and by the granting of long-term loans to such concerns. According to the prospectus, it has not engaged in any business activities since its organization. The net proceeds from the stock sale will be used to fulfill the $300,000 minimum capital requirements of the Small Business Investment Act. The company has outstanding 31,740 shares of common stock, of which 5,000 shares each are held by Stanley J. Love and Herbert Zimmerman, Treasurer. The prospectus lists Robert B. Bregman as Board Chairman, President, and owner of 2,205 shares.

—V. 191, p. 2463.

Wallace Properties, Inc.—Securities Offered—Public offering of 480,000 units of Wallace Properties, Inc. $12,000,000 principal amount, 6½% convertible subordinated debentures, due June 1, 1975, and 360,000 shares of common stock, was made on June 30 by Harriman Ripley & Co., Inc. and associates. Each unit, consisting of $25 principal amount of debentures and three-quarters of a share of common stock, is offered at $31, plus accrued interest on the debentures from June 1, 1960.

PROCEEDS—Net proceeds from the financing will be added to the general funds of the company and used from time to time for various corporate purposes. It is presently estimated that within the first 12 to 18 months of the company's operations about $8,000,000 of the proceeds from the financing will be used in interim construction loans and the balance in the acquisition of land for residential, industrial or commercial development, and to purchase or construct income producing properties such as commercial office buildings, industrial buildings, shopping centers, warehouses, parking garages or other structures.

BUSINESS—Wallace Properties, Inc., with executive offices at 1111 Hartford Bldg., Dallas, Texas, was incorporated under the laws of Delaware on March 7, 1960. The company was organized to take advantage of the opportunities believed to be available to a diversified real estate company having adequate working capital for large scale land development and for construction financing and having at the same time income producing properties to carry overhead and to contribute to debt service. It is contemplated that the company and its subsidiaries will engage in substantially all phases of real estate activity, including management of 29 properties to be acquired in exchange for shares of its common stock, making of interim construction loans; and the purchase development, operation, leasing and selling of other real property. The company holds and presently plans to exercise an option to purchase 2,373 acres of land lying within the city limits of Los Angeles, Calif.; and about 1154 acres of land approximately one-third of which are located in the city limits of Richardson, Texas, a suburb about 13 miles north from downtown Dallas.

CONVERSION—The 1975 debentures will be convertible into common stock of the company on and after Dec. 1, 1960 to and including June 1, 1975 (unless previously redeemed) at the rate of three shares for each $25 principal amount of debentures, subject to adjustment in certain cases. A sinking fund, commencing in 1967, is calculated to retire approximately 75% of the debentures prior to maturity. For the sinking fund the debentures will be redeemable at par, and at the option of the company, at redemption prices ranging from 105% to par, plus accrued interest in each case.

CAPITALIZATION—Upon completion of the current financing, outstanding capitalization of the company and its subsidiaries will consist of $24,333,168 of mortgage debt; $15,000,000 of 6½% convertible subordinated debentures, due June 1, 1975; and 2,139,913 shares of common stock, $2 par value.—V. 191, p. 1609.

(Jim) Walter Corp.—Sales Up—

The Tampa (Fla.)-based corporation, the nation's largest builder of shell homes, reported record construction and sales for the week ending June 17. In that period 333 homes were completed and delivered to their owners. This compares with 283 homes completed during the corresponding week a year ago.

Sales of new homes more than kept pace with construction, it was also reported by James O. Alston, Executive Vice-President in charge of sales and construction. The week ended June 17 saw 412 homes sold compared with 328 in the corresponding week a year ago.

Unit sales and construction volumes of the corporation are running 27.5% ahead of 1959, while dollar volume is up 44%.

The Jim Walter Corp. operates branches in 87 U. S. cities, ranging from Richmond, Va., to Phoenix, Ariz.—V. 189, p. 2834.

Warner Electric Brake & Clutch Co.—Files Secondary.

This company, of 449 Gardner Street South Beloit, Ill., filed a registration statement with the SEC on June 28, 1960, covering 154,916 outstanding shares of common stock, to be offered for public sale by the present holders thereof through a group of underwriters headed by Blunt Ellis & Simmons and Bacon, Whipple & Co. The public offering price and underwriting terms are to be supplied by amendment.

The company is a manufacturer of electric brakes and clutches. Its three principal product categories are electric brakes and clutches used in industrial equipment and machinery, electric wheel brakes, and electric compressor and fan clutches used in automotive air conditioning and cooling systems. In addition to certain indebtedness, the company has outstanding 427,048.50 shares of common stock, of which, 76,623 shares (18%) are owned by Steven P. J. Wood, President, and 56,955 shares (13.33%) by Helen J. Wood, of Sarasota, Fla. The selling stockholders are Alonzo A. Neese, Elbert H. Neese, Jr., and Elizabeth Neese Teague, who propose to sell 100% of their holdings of 62,418, and 30,080 shares respectively.—V. 188, p. 190.

Waterman Products Co., Inc.—Proposes Offering—

Waterman, of 2445 Emerald Street, Philadelphia, filed a registration statement with the SEC on June 24, 1960 covering 100,000 shares of common stock, to be offered for public sale at $5 per share through an underwriting group headed by Stroud & Co., Inc., which will receive a commission of 50c per share. In addition the company has agreed to issue to Stroud & Co. five-year warrants to purchase 5,000 common shares at $5 per share.

The company is engaged in the design, manufacture and sale of electronic equipment including cathode ray tube oscilloscopes, industrial cathode ray tubes and associated electronic devices, and other electronic equipment used in conjunction with autopilots for jet and piston engine aircraft. It also engages in defense production and defense research and development contracts dealing with electronic countermeasure equipment, precise navigation instruments and other electronic items. In addition to certain indebtedness, including accrued salaries, it has outstanding 155,000 common shares. Net proceeds of the sale of additional stock are to be used primarily to accelerate the development of the company's proprietary items for the purpose of expanding its commercial business. It is estimated that $100,000 will be allocated to research and development costs for new proprietary items of electronic equipment; and $150,000 will be used to acquire components for the manufacture of new electronic equipment presently under development. A part of the funds will be used to increase sales personnel and the balance for general corporate purposes.

The prospectus lists William Waterman as President and owner of 86,250 shares (55.6%) of the outstanding stock. An additional 45,500 shares are owned by Morris Cooper who, with Waterman, owns certain properties leased to the company.

Welton Laboratories, Inc.—Acquired—

See Old Empire, Inc., above.

West Ohio Gas Co. — Rights Offering — The company upon its effectiveness of its registration statement with the SEC, is presently offering 43,048 additional shares of its $5 par value common stock to the holders of its common stock of record at the close of business on June 6, 1960, the right to subscribe for these shares at the rate of one new share for ten shares held of record at the close of business on the record date and the further privilege of oversubscribing, subject to apportionment, at $17.50 per share, for additional shares not in excess of the number of shares to which such shareholder may originally be entitled to subscribe, to the extent that such additional shares may become available for oversubscription by reason of the expiration of the rights. The rights represented by the warrants expire at 2:00 p.m. (EST), July 22, 1960.

PROCEEDS—The offering of common stock is not underwritten. The net proceeds will be added to the general funds of the company and will be used for the improvement or maintenance of its service and/or for the acquisition, construction, completion, extension or improvement of its facilities. No particular amount of the proceeds has been allocated to any one purpose; nor do any of the purposes for which such funds will be used have any priority.

In addition to the proceeds to be received by the company from the sale of the common stock and funds available from earnings and depreciation accruals, it is presently anticipated that the company, in order to carry out its 1960 construction program, will consummate long term financing during the year to provide additional funds in the approximate sum of $400,000.—V. 191, p. 2353.

Western Maryland Ry.—Equipment Trust Certificates Offered—Salomon Bros. & Hutzler and associates offered on June 30 for public sale, subject to approval of the Interstate Commerce Commission, an issue of $3,735,000 Western Maryland Railway 4½% equipment certificates at prices to yield from 4% for July 15, 1961 maturities to 4.50% for certificates maturing 1965-1975.

The group was awarded the certificates on its bid on June 29 of 99.3947% for the 4½% coupon. Halsey, Stuart & Co. Inc. and associates bid 99.6173 for a 4¾% rate. The certificates are non-callable and will mature $249,000 each July 15 from 1961 to 1975. They will be secured by new equipment estimated to cost $4,669,170.

Other members of the underwriting group are: Drexel & Co.; Eastman Dillon, Union Securities & Co.; Stroud & Company, Inc.

Williams Brothers Co.—New Contracts—

This Tulsa, Okla., company in a joint venture has signed a contract with the Panama Canal Co., an agency of the U. S. Government, for the widening of a portion of the Panama Canal.

Announcement of the contract signing was made by John H. Williams, President, in a quarterly report to stockholders. Williams said the work to be done by Williams Brothers is in the Empire Reach area, and entails the removal of about 7,300,000 cubic yards of earth and rock.

Williams also announced that the firm has signed a contract with the Peace River Oil Co. for construction of approximately 37 miles of 8⅝-inch pipe in Canada.

Williams Brothers also are sponsors in a joint venture that has a contract with the Alberta Gas Trunk Line Co., for engineering, design, material procurement and construction supervision of approximately 100 miles of natural gas pipelines in various diameters up to 24-inch, all in the province of Alberta, Canada.

Another newly announced contract is with the Manufacturers Light & Heat Co. for the installation of approximately 70 miles of 20-inch natural gas pipeline extending from Bethel Township, Fulton County, Pa., to Abbottstown Boro, Adams County, Pa. Williams Brothers is opening a field office at Gettysburg, Pa., and construction has begun on this project.—V. 189, p. 647.

Tennessee Valley Authority (P. O. Knoxville), Tenn.

420 New or Expanded Plants in Valley Area—An informal survey by TVA indicates 187 new industrial operations were located in the Tennessee Valley region during the calendar year 1959, and that 233 existing plants announced plans for expansion.

The survey is based on information in local and national publications, state and local development agency reports, and reports from various TVA units.

Of the 420 new or expanded plants, investment of $209,594,000 was reported for 326 plants; this figure was adjusted for non-reporting plants to an estimate of $223,277,000. In addition to these investment estimates was the $199,692,000 in electric plant completed during the year by TVA and distributors of TVA power.

Reports on electric power requirements were available for 266 companies, or 63%, with demand totaling 168,000 kilowatts. Adjusting this figure for the remaining plants, the estimated demands of the new or expanded plants comes to about 200,000 kilowatts.

The reported new employment amounted to 26,250 jobs; adding to this an estimate for the companies for which figures were not reported indicates a total increased employment of over 27,000.

The TVA survey said: "New industrial plants in the TVA area during 1959 and expansions of existing plants reflected national economic trends. The year 1959 was a period of recovery. This recovery was especially pronounced for textiles and related products. While this area does not have the concentration of basic textiles that is characteris-

http://fraser.stlouisfed.org/

tic of southern Atlantic coastal states, it did show up well in the financial textile products group. Apparel and finished fabric products led in the number of new plants with 25 and, also expansions with 37.

"The rapid recovery in consumer durable goods was reflected in the fabricated metal products industry. The group was second highest in number of new plants with 23 and well up among the leaders in expansion with 17. Other leaders in growth were furniture, lumber and wood products, and food.

"While these leading growth industries show a great deal of diversity, they are closely related to consumer markets and thus should provide more and more stability to the company of this area. There was solid growth in the more basic industries during the year, but the over-all result is viewed as a continuation of the trend toward diverse activities in the high-value finished goods section."

Tullahoma, Tenn.

Bond Sale—The $203,000 school bonds offered on June 21—v. 191, p. 2571 — were awarded to The First National Bank of Memphis.
