Airport Parking Co. of America — Class A Common Stock Offered—L. F. Rothschild & Co. and Murch & Co., Inc., on June 28 publicly offered 42,754 shares of Airport Parking Co. of America class A common stock (no par) at \$10 per share. Of the shares offered, 25,000 were issued and sold by the company and 17,574 were sold by certain stockholders of the company.

certain stockholders of the company.

BUSINESS—Airport Parking Co. of America, a Delaware corporation, was organized on April 27, 1960. On or prior to June 28, 1960, it acquired from Howard M. Metzenbaum and Alva T. Bonda and their associates all of outstanding capital stock of 19 corporations and all of their interests in five partnerships and assumed all of the liabilities of such partnerships. In addition Airport Parking Co. of America has taken over all of the financing and administrative functions for these partnerships and corporations.

The five partnerships and 19 corporations operated as of June 15, 1960, 47 parking facilities of which 32 are located at airports and 15 in commercial and business areas in 34 cities in 21 States. Messrs. Metzenbaum and Bonda have been engaged in the business of operating parking facilities and garages at airports and other places, for 12 years.

References herein to the "Company" relate to Airport Parking Company of America, its subsidiaries and the five partnerships, the business and properties of which have been acquired, unless otherwise indicated by the context.

The offices of the company are located at 1308 Prospect Ave., Cleveland, Ohio.

land, Onto.

In the future, the company hopes to acquire additional rights to operate parking facilities at airports and other places. Due to the nature of the business of operating parking facilities at airports and other places, the company will probably continue its practice of organizing new subsidiaries to operate one or more specific parking facilities.

he income of Airport Parking Co. of America will be derived prin-illy from the revenues received from the operation of the assets the partnerships acquired and management fees and dividends, if received from subsidiaries.

DIVIDENDS—On June 27, 1960, the board of directors declared a dividend on the class A common stock of 10 cents per share payable Sept. 1, 1960 to holders of record of Aug. 1, 1960, conditioned upon the sale to the underwriters of the stock offered. The shares offered will participate in such dividend.

The declaration and rate of future dividends will necessarily depend on general business conditions, the earnings and financial condition of the company, and such other factors as the board of directors may deem relevant.

deem relevant.

PROCEEDS—The company is obligated under outstanding lease commitments to make leasehold improvements of \$230,000 in the near future and is actively negotiating leases which if made will require an estimated additional \$35,000 for leasehold improvements. The net proceeds received from this offering, estimated at \$192,000, will be used to finance such improvements and as a result the present excess of the company's current liabilities over current assets will not be reduced. Such use will not avoid the borrowing of additional funds from banks to meet these commitments. At the present time no such loans are being negotiated.

Allied Chemical Corp.—New Plant—

Allied Chemical Corp.—New Plant—
Plans to locate a new fine-denier Caprolan nylon yarn plant at Irmo, S. C., were revealed July 6 by Kerby H. Fisk, Chairman of the Board and Chief Executive Officer of this corporation.
Construction of the multi-million dollar plant on the 500-acre Time site about 10 miles from Columbia, S. C., will begin immediately. Irms also plant, to be operated by National Aniline Division, will be Allied's pleted late in 1861 and will increase the company's overall nylon fiber capacity to more than 80 million pounds per year, Mr. Fisk added.
Announcement of the new plant construction follows Allied Chemical's recent declaration to enter the apparel nylon field through an

American International Bowling Corp.—Acquisition-

This corporation, operators of the largest chain of bowling alleys in the world, plans to enter the motor hotel field by acquiring the Executive Inn Motor Hotels Corp. of Cincinnati, it was announced or. July 1 by Bernard P. Birnbaum, Chairman of the Board of AIBC, and Fred C. Walters, President of Executive Inn.

Subject to ratification by Executive Inn shareholders at a meeting held on July 7, it was expected that the transaction will be consummated by the exchange of one share of AIBC stock for three shares of Executive Inn. Approximately 275,000 AIBC shares will be involved in the transaction.

be involved in the transaction.

Presently operating 15 bowling centers with a total of 530 lanes, AIBC has 850 more lanes under construction in 24 additional centers. During the balance of 1960 the company expects to add still another 600 lanes, making a total of 1,900 lanes to be in operation under its management at the year's end.

In addition to Fred C. Walters, the other principal shareholders of Executive Inn include John B. Walters of Cincinnati and Lawson Jaffe and Louis Jaffe of Dayton, Ohio.

Executive Inn operates 15 motor hotels having a total of 1,500 guest rooms located in Cincinnati, Dayton, Indianapolis, Louisville, Chicago,

and Norfolk. Commitments for the construction of an additional 1,600 guest rooms have been arranged by the company, including 200 to be opened in Dallas, Texas on Sept. 1; 140 in Tucson, Ariz. in December, 1960, and 200 in Albuquerque in April, 1961.

Along with its motor hotel business the company owns and operates Brentwood Plaza Shopping Center in Cincinnati; Atlas Supply Division and Sycamore Development Division. The company recently announced a \$13,000,000 development for Evendale, Ohio to be known as Executive Park. It will consist of a 500 room motor hotel, a bowling center, a drive-in bank, a medical center and clinic, two high-rise office buildings, a research center, and a complete auto service facility. The 24 acre site is located in the heart of the Millcreek Valley industrial complex on the interchange of the new Interstate No. 75 Expressway.—V. 189, p. 1125.

American Machine & Foundry Co.-Acquires-

American Machine & Foundry Co.—Acquires—
Robert Legg Limited, Great Britain's oldest manufacturer of tobacco machinery, has been acquired by American Machine & Foundry Co. as a new unit of AMF's International Group, it was announced on July 7 by Morehead Patterson, AMF board chairman. Terms of the transaction were not disclosed.

Founded in 1859 the Legg company, whose chairman is Adrian Legg, makes a broad line of tobacco cutting machines, leaf preparation equipment, dryers and coolers used by tobacco factories throughout the world. The company also manufactures green leaf cutters for the tea industry and hydraulic presses for the veneer and plastic industries.—V. 191, p. 2741.

American Metal Climax, Inc.-New Plant-

American Metal Climax, Inc.—New Plant—
The company will construct a new \$7 million plant in Vicksburg, Miss. to produce nitrate of potash and chlorine, Frank Coolbaugh, President, announced on July 8.

The new plant will make nitrate of potash available for the first time at prices in the range of presently used fertilizer chemicals. Employing a new process, the plant will be operated by Southwest Potash Corp., a division of American Metal Climax, Inc.
According to Thomas W. Childs, President of Southwest, the new process has been under development for five years and has been pilot-plant tested in association with Jacobs Engineering Co. and the Colorado School of Mines Research Foundation at Golden, Colorado. Mr. Childs said that engineering and construction of the Vicksburg facility will begin immediately, and that operations are scheduled to begin in October 1961. The plant will be located adjacent to the local operations of Spencer Chemical Co. and the main line of Illinois Central Railroad.—V. 190, p. 966.

American Refrigerator Transit Co.--Private Placement The company has placed \$4,300,000 of its conditional sales agreements with a group of institutional investors, it was announced on July 7 by The First Boston Corp., who negotiated the placement.

The company is owned 71% by the Missouri Pacific Railroad Co. and 29% by the Wabash Railroad Co. It furnishes refrigerator car service to the proprietary companies and other railroads. Maturing Oct. 1, 1965-75, these obligations are being sold in connection with financing approximately 79% of the purchase price of 400 new refrigerator cars, costing an estimated \$8,192,700.

American Seating Co.-New Plant-

American Seating Co.—New Plant—
Construction of a \$1,500,000 plant in Booneville, Miss., for the production of church furniture will start within a few weeks, James M. VerMeulen, President, announced on July 7.

The 150,000 square foot facility, which will be financed by bond issues of the City of Bonneville and of Prentiss County, will be leased to the company, world's largest manufacturer of institutional furniture. It is expected that American Seating will employ between 200 and 300 local people, mosty men, and will cooperate with Northeast Mississippi Junior College at Booneville in the training of personnel in various required manufacturing skills. The new plant will be equipped with the latest woodworking and other machinery.

The company's selection of Booneville was the result of a comprehensive effort to determine the most suitable location for production of its church line, Mr. VerMeulen said. Such factors as proximity to markets, availability of raw materials, shipping costs and other economic considerations influenced the decision.

American Seating, which produces school, theatre, auditorium, stadium, transportation and folding seats in addition to church pews and furnishings, recently announced its entry into the hospital furniture field as well. American Hospital Supply Corp. will handle this line for American Seating.—V. 191, p. 2514.

(K. W.) Anderson Co., Tulsa, Okla.—Acquired-See Yuba Consolidated Industries. Inc. below.

Anton-Imco Electronics Corp.—Acquired—

Applied Plastics Co., Inc.—Acquired-See Hexcel Products, Inc., below.

Arden Farms Co.—Securities Offered—The company via a prospectus, dated June 24, 1960, is presently granting to holders of its preferred stock (exclusive of that represented by stock scrip) rights to subscribe for 44,278 additional shares of its preferred stock (without par value) at \$52 per share, on the basis of one new share for each ten shares of preferred stock held on June 23, 1960. These rights expire on Sept. 16, 1960. The company in addition granted to holders of its common stock (exclusive of that represented by stock scrip or held in voting trust certificates or by certificates exchanged under a merger agreement) rights to subscribe for 149,511 shares of additional common stock (par \$1) at \$15 per

share, on the basis of one new share for each ten shares of common stock held on June 23, 1960; rights expire Sept. 16. Concurrently, the company is offering \$4,000,000 principal amount of its 6% subordinate debentures. series due July 1, 1990, convertible until July 1, 1970. These debentures are being offered at par (per \$100 principal amount of debentures) plus (after Sept. 30, 1960) accrued interest. No underwriting is involved. —V. 191, p. 2198.

Arizona-New Mexico Development Corp., Scottsdale, Ariz.—Files With SEC—

The corporation on June 28 filed a letter of notification with the SEC covering 12,000 shares of common stock (par \$4) and 48,000 shares of convertible preferred stock (par \$4) to be offered in units of one share of common and four shares of preferred at \$25 per unit. The offering will be underwritten by Preferred Securities, inc.

The proceeds are to be used to develop land as a tourist attraction.

Arrow Gas Service Co .- Acquires-

Arrow Gas Service Co.—Acquires—
This National Propane Corp. wholly-owned subsidiary has acquired the liquified petroleum gas distribution business of a wholly-owned subsidiary of El Paso Natural Gas Co. in the four-corners area of New Mexico, Utah, Colorado and Arizona. This was announced on July 7 by Harry N. Forman, President of National Propane.
The transaction involves El Paso's wholesale, industrial and commercial as well as its retail L-P gas distribution business. Annual propane gallonage involved approximates 8,500,000 gallons. Terms of financing of the transaction are private, but do not involve the Issuance of additional shares of Propane stock, Mr. Forman said.

This corporation, located at Shirley Highway, at Edsall Road, Alexandria, Va., filed a registration statement with the SEC on June 30.

1960 covering 29,600 shares of common stock to be offered to employees and officers under its Employee Restricted Stock Option Plan.—V. 191, p 2514.

Atlas Corp.-Order Issued-

The SEC has issued an order under the Investment Company Act granting an application filed by Atlas Corp., together with Petro-Atlas, Inc., its subsidiary, and Hidden Splendor Mining Co. an affiliate with respect to a proposed sale of assets by Petro-Atlas to Hidden Splendor. Under the proposal, Petro-Atlas will sell to Hidden Splendor certain oil, gas and mineral leasehold interests located in Ucah, N. M., and Kansas for \$1,300,000.—V. 191, p. 2742.

Automation Industries, Inc.-Licensing Deal-

Automation Industries, Inc.—Licensing Deal—

The Manhattan Beach. Calif. firm, on July 1, announced that contractual and licensing agreements were executed with The Halliburton Oil Well Cementing Co. through its Weiex subsidiary to enable Halliburton to ener the field of ultrasonic non-destructive testing in the oil and gas industry. The signing of the documents culminated over nine months of concentrated research and development on the parts of both Automation and Halliburton to adapt the ultrasonic techniques and equipment used by Automation in the aircraft and misslle industries to drill pipe and other oil and gas tubular products. Extensive field tests conducted during April and May in the Midland-Cdessa area on drill pipe proved the technical and economic feasibility of the process. Halliburton plans immediately to commence offering the inspection service on a production basis. Foreign, as well as domestic, markets will be sought.

The agreements between the two companies caused Automation to extend licenses on certain patents to Halliburton for use in the oil and gas industry on a world-wide basis. In addition, Automation transferred title on certain instrumentation and equipment. In exchange, Automation received \$102,000 in cash and will receive a royalty amounting to 5% maximum and 2½% minimum on Halliburton's ultrasonic inspection sales for the next 10 years.

The introduction of ultrasonics to oil and gas industry inspection represents a major technical "break-through." For the first time, drill pipe on a production basis can be accurately and positively inspection represents a major technical "break-through." For the first time, drill pipe on a production basis can be accurately and positively inspection specied for structural deficiencies. This capability not only greatly reduces the risk of drill pipe fallures in current drilling operations, but also permits the salvaging of literally millions of feet of used drill pipe which have been discarded and stored throughout the world due to the lack of an

Avco Corp. (& Subs.)-Net Up-News-

The corporation on June 28 reported a 24% increase in earnings and an 11% rise in sales for the first half of the fiscal year.

Consolidated net earnings for the six months ended May 31, 1960 rose to \$5,216,559 from \$4,202,187 for the same period of 1959, the

Earnings for the 1960 first half were equal to 51 cents per common stare based on 10,305,342 shares outstanding at the end of the period. In the same period the prior year earnings were equal to 41 cents per share based on a somewhat smaller number of shares outstanding. Pretax earnings in the first half of the current fiscal year were 37 in higher than a year ago.

Net sales amounted to \$164,846,003 in the first six months of fiscal 1960, compared with \$148,419,880 for the 1959 first half.

Avoc has prime contracts for research, development and production of nose cones, which are the complex re-entry vehicles, for the Titan and Minuteman intercontinental ballistic missiles. Avoc also is providing some of the nose cones for the Atlas ICBM.

In addition to producing these re-entry vehicles, the company manufactures important components for other missiles including the Polaris.

The company announced that its Avoc-Everett Research Laboratory facilities have been enlarged to accommodate expanded operations including sophisticated studies of space flight-systems and gas dynamics. One project being studied there, under contract with 10 leading public utility companies, is a system for generating commercial electricity by the magnetohydrodynamics (MHD) method. A s-cond experimental generator with sushtantially increased power output will be in operation this year.

Avoc's Lycoming Division this month announced a \$7,200,000 contract

De m operation this year.

Avco's Lycoming Division this month announced a \$7,200,000 contract for development and qualification of a 2,200 shaft horsepower T55 gas turbine engine which will power the Army's new three-ton, twin turbine "Chinook" helicopter. Frist deliveries of the new engine will be made in August.

be made in August.

Sales and earnings of Crosley Broadcasting Corp., a wholly-owned subsidiary of Avco, were the highest in any first half in its history and the company continues in the forefront in public service programming. Crosley owns and operates radio station WLW "The Nation's Station," Cincinnati, and five television stations, WLW-T, Cincinnati, WLW-D, Dayton; WLW-C, Columbus; WLW-A, Atlanta and WLW-I, Indianapolis.—V. 191, p. 2742.

BBM Photocopy Manufacturing Corp. — Plans Initial Contract-

In a joint statement made on June 23, David H. Cogan, Chairman of Victoreen Instrument Co. and its subsidiary, Federal Manufacturing and Engineering Corp., and James K. Malone, President of F. M. E., and Saul S. Weitzman, President of BBM Photocopy Manufacturing Corp., announced that F. M. E., has been designated by BBM to manufacture its electronic photocopy machine. According to the terms of the agreement, engineering prototypes of the recently developed drp copier are scheduled for sale demonstrations by the fall of this year.

year.

BBM expects the first units of the \$2,000.000 initial order to be on the market by early 1961.

Derigned to sell in the neighborhood of \$600, the table top model is slightly larger than an office electric typewriter and operates on the electrostatic principles of reproduction. The machine is completely dry, requiring no chemical solutions, and makes permanent copies from all printed and written matter including colors, inks, halitones and solid areas. In operation the originals are fed into the exposing slit and an accurate reproduction is available in a matter

Corporate and Municipal Financing Ahead

By SIDNEY BROWN

During the week of July 11-15, the agendum of corporate and municipal issues ex-During the week of July 11-15, the agendum of corporate and municipal issues expected to make their appearance consists of \$220 million in corporates and \$145 million in municipals. The former contain \$152 million in bonds and \$68 million in common and preferred stocks. Compared to last week's projection this reflects a pick up in the corporate flotation sector and a decline in municipals for the week. For the longer flotation period of issues with target dates provided, these are the estimated figures: estimated figures:

28-D	pay Visible Supply	Total from July 11 On
Corporates Municipals	\$582,511,950 251,597,000	\$1,314,402,950 266,497,000
Total	\$834.108.950	\$1 580 890 950

The four-week supply of corporates is up slightly by about \$23 million and municipals show a sharper decline of \$104 million compared to last week's four-week estimate. The total of all corporates with affixed dates from July 11 on remains approximately the same as last week's figure. Not so, however, the total of municipals with given dates from today on. They are down by about \$110 million.

The prospect for resumption of active municipal financing looks good. Pending issues for July, including the Chesapeake Bay Bridge and Tunnel \$210 million, add up to about \$292 million; in August, \$140 million are scheduled; and other authorized issues without even a month designated for their appearance come close to \$600 million. This suggests a gross total of \$1 billion already being groomed for the market.

And the prospects for corporates indicate that \$195 million are in registration without any estimated dates being given, awaiting SEC clearance, and a possible \$740 million prospective financing not ready for formal filing as yet.

CHANGES IN THE PAST WEEK

Corporate sales during the week of June 30 through July 6 consisted of about \$13.3 million in equities, \$54.6 in bonds, and \$68 million in private placements. Additions to the Chronicle's corporate calendar of issues with dates tentatively scheduled came to \$11.9 million in equities—not including an evaluation of Electro-Tec Corp. via Harriman Ripley & Co.—and \$70 million in bonds. Sales of municipals slackened in the past week to about \$50 million. Additions to the Chronicle's municipal calendar came to \$86 168 000 for the same week of June 30-July 6 inclusive dar came to \$86,168,000 for the same week of June 30-July 6, inclusive.

WHAT'S HAPPENING TO MUNICIPALS?

The impressive and discouraging way in which the municipal inventory has been built up to where it has now reached a record-breaking high foreshadows a markdown in price and a rise in yields unless the economy deteriorates from its high plateau in the fall, instead of improving itself, and the existing ease in credit is increased even further than it has been to date.

The shift in the Federal cash budget with the possibility of a small decrease in our public debt, the decline in mortgage and municipal financing compared to 1959, and the moderate pace in corporate new issue offerings compared to the substantial supply of funds seeking investment outlets may also check the inventory effect upon municipal yields. This summer will provide the answer as to the direction of yields and what municipal issuers propose to do.

Another factor bearing on the future course of municipal prices, that should not be overlooked, is what has happened to the ratio of municipal bond authorizations to the amount of those authorizations sold. The June, 1960, tabulation by the IBA Statistical Bulletin (Washington, D. C.) under the research direction of Frank E. Morris shows an increasing trend in the amount of authorized issues unsold:

		ant of authorized is	sues unsola:	3
1959-	To	tal Authorizations	Percent Unsold	
	Quarter	\$341,210,000	44.7	
2nd	Quarter	741,802,000	66.5	
3rd	Quarter	291,467,000	77.2	
4th	Quarter	1,517,817,000	the state of the s	
	1st Quarter	\$471,819,000	76.5	-
		Ψ111,013,000	85.8	

It might be added that the first quarter percentages for 1957 and 1958, respectively, are 16.5 and 18.9.

Bonds that are approved by the electorate and are authorized for sale and yet remain unsold add to bond price uncertainty. They do so just as much, if not more than, the other factors often considered first—such as the oncoming supply scheduled, trends in the competitive capital market and competing money market, the supply of investment funds and the inventory situation.

The table below contains data of what is now being prepared by the way of corporate and municipal offerings during the July 11-August 5 period. The information has been obtained from private and public sources and contain conservative estimates of what some of the equities may be able to tap the market for based on what the issues hope to accomplish and a projection of market and economic conditions. Details regarding the financings summed up in these dollar figures may be found in the Monday and Thursday issues of the *Chronicle*.

CORPORATE AND MUNICIPAL OFFERINGS

	Corporate	Corporate	Total		Total of Both
	Bonds	Stocks	Corporates	*Municipals	Financings

Designed for a pressure of 725 pounds per square inch, the unit will operate at a steam pressure of 600 psi and a temperature of 750 degrees Fahrenheit. During normal operation, it will generate 30,000 pounds of steam per hour while burning both oil and carbon monoxide, with 23,000 pounds of steam per hour while burning both oil and carbon monoxide, pounds of steam per hour.—V. 191, p. 1874.

Rell & Gossett Co.—Earnings—

Rell & Gossett Co.-Earnings-

Bell & Gossett Co.—Earnings—

This manufacturer of hot water heating, air conditioning and electronics equipment, on June 27 reported the highest net sales in the company's 44-year history for the six months ended May 31, 1960. Sales for the period totalled \$13,839,911, a 3½% increase over the \$13,373,863 reported a year ago. Last year's sales were also a record for the six-month period.

Despite increases in labor and raw material costs, the company's net earnings of \$762,738 were approximately the same as last year when they totalled \$762,288. Earnings per share were equivalent to 48 cents on the 1,572,944 shares of common outstanding. Last year's earnings per share were also 48 cents.

In a letter mailed to shareholders, R. E. Moore, President, said that the outlook for the remainder of the fiscal year is encouraging and predicted that sales will continue at the same high level for the last six months, ending Nov. 30.—V. 191, p. 1215.

Beryllium Resources, Inc.-Mexican Concession-

Beryllium Resources, Inc.—Mexican Confession—
Beryllium Resources, Inc. has negotiated an agreement with the Alomic Energy Commission of Mexico with the approval of President Adollo Lopes Mateos, of the Republic of Mexico, giving it the right to explore for, develop, mine and concentrate beryllium minerals on a cost-plus basis for the Mexican government.

The announcement was made on June 29 by Bruce W. Odlum, President of Beryllium Resources. He reports that beryllium is one of the three nationalized minerals belonging exclusively to the AEC of Mexico.

of the three nationalized minerals belonging exclusively to the AEC of Mexico.

Ordinary mining concessions are not granted on nationalized minerals. This agreement gives Beryllium Resources the specific right to mine and mill beryllium for and under the jurisdiction of the Mexican AEC, headed by Licenciado Ortiz Tirado.

Mr. Odlum further announced that Beryllium Resources, Inc. has negotiated in the same agreement for the rights to certain other minerals in specified areas in the Republic of Mexico, again within the jurisdiction of the Mexican AEC.

This agreement, and another agreement with the Brush Beryllium Co. of Cleveland, provides that when Beryllium Resources, Inc. has established adequate ore reserves, Brush Beryllium Co. and Beryllium Resources will join forces with the assistance of Mexico in construction, design and operation of a new beryllium metal extraction plant to be located in the Republic of Mexico. Brush Beryllium Co. is the chief supplier of fabricated beryllium metal and oxide parts for the government's nuclear and defense programs.

Mr. Odlum said a Mexican company has been formed, Beryllium Resources of Mexico, S. A. and that studies preliminary to full-scale geological work for Beryllium Resources will be directed by Dr. Norman C. Williams of Salt Lake City, Vice-President and chief geologist. Dr. Williams was formerly chief geologist for many years with the Brush Co. and also is a professor of geology at the University of Utah.

with the Brush Co. and also is a processor of geology at the Control of Utah.

"The agreement with Mexico will have far-reaching impact on the search for new sources of beryllium. This gives Beryllium Resources extensive opportunities in Mexico and furthers progress toward our goal of aiding the beryllium industry growth from a minor metal to a major metal industry," Mr. Odlum said.

Beryllium Resources, Inc., which has offices in Los Angeles and Salt Lake City, is owned jointly by Federal Resources Corp. and The Hidden Splendor Mining Co., a subsidiary of Atlas Corp.

A sister company, Dynamic Metals Corp, (also controlled by Hidden Splendor and Federal Resources), is proceeding with the perfecting of a flotation reagent capable of floating beryllium bearing minerals, under the guidance of E. Van Dornick.

Bertram Yacht Co., Inc.—Acquired—

See Motor Products Corp., below.

Bethlehem Lutheran Church, Lansing, Mich. — Bonds Offered—Francoeur & Co., of Chicago, Ill., on June 1 publicly offered \$175,000 of the Church's 5¼%, 5½%, 5¾% and 6% first mortgage serial bonds, at par, plus accrued interest from July 15, 1960. The bonds which are to be dated July 15, 1960, are due serially semi-annually from July 15, 1961 through July 15, 1972.

REDEMPTION OF BONDS—At the outlan of the borrower upon 30

REDEMPTION OF BONDS—At the option of the borrower upon 30 days' written notice to the Corporate Trustee, bonds in multiples of \$1.000 may be redeemed on any interest date by the payment of principal and interest and a premium as follows:

slow may be redeemed on any interest date by the payment of principal and interest and a premium as follows:

(a) Borrowed Funds. There shall be no redemption with borrowed funds on or prior to July 15, 1965. On redemption with borrowed funds after July 15, 1965 but on or prior to July 15, 1958 there shall be a premium of 4% and after July 15, 1968 there shall be a premium of 4% and after July 15, 1968 there shall be a premium on redemption with the use of borrowed funds of 3%.

(b) Non-Borrowed Funds. There shall be a premium of 3% on redemption with non-borrowed funds on or prior to July 15, 1963 and 2% after that date on or prior to July 15, 1966, and no premium on redemption with non-borrowed funds after July 15, 1966.

Redemption shall be divided evenly between the earliest and latest outstanding maturities except that the holders of the latest outstanding maturities may decline such redemption so long as other maturities are svailable for redemption in which case all such monies shall be used to retire the earliest outstanding maturities.

THE BORROWER—The congregation was chartered under the American Lutheran Church in September, 1924. In 1926 it was incorporated under the law of the State of Michigan. The present church building was dedicated in 1951, and is now entirely debt-free.

PURPOSE OF ISSUE—The total proceeds of this bond issue (\$175,—000) will be used as follows:

(a) To pay, together with funds supplied by the Borrower, for the costs of construction of a new educational building. The proceeds of

(a) To pay, together with funds supplied by the Borrower, for the costs of construction of a new educational building. The proceeds of this bond issue will not be disbursed until construction is completed. (Completion on or about July 15, 1960.) Construction financing has been provided by the church's bank.

(b) To retire mortgages totaling approximately \$15,000 now on the parsonage and residence adjacent to the church building.

There shall be no prior long-term indebtedness so long as bonds of this issue remain outstanding.

of this issue remain outstanding.

SECURITY—The first (closed) mortgage serial bonds, when issued, in the opinion of counsel for the underwriter, will be a valid and binding obligation of the borrower and will be secured by a first mortgage lien on the properties of the corporation as described in the Indenture as subject to the lien thereof. (While the majority of furniture, fixtures and equipment will be included in the lien of the indenture, the indenture will not be filed as a chattel mortgage.)

Bevis Shell Homes, Inc.—Additional Financing Details—Our July 4 issue reported the offering on June 30 of 200,000 units of this firm's securities at \$15.50 per unit. Additional financing details follow:

Cincinnati Enquirer, Inc.—Partial Redemption—

The corporation has called for redemption on Aug. 1 next, through operation of the sinking fund, \$199,000 of its 5% debentures due Aug. 1, 1967 at 100%. Payments will be made at the First National Bank, Cincinnati, Ohio.—V. 190, p. 256.

Citroen Argentine Co.—Buys Factory—

Citroen Argentine Co.—Buys Factory—

This company, a subsidiary of S. A. Andre Citroen, Paris, has purchased the Catita factory to manufacture 2 CV cars and vans.

The factory, now being readied, is due to start production in September. An annual output of 1,600 vehicles is planned for 1960, 4,500 units in 1961 and 25,000 cars about 1965.

Citroen is intentionally limiting production during the first few years so as to train workers and perfect the manufacturing process, Initially, the plant will use materials and parts from France but immediate plans call for making it nearly 100% independent of the parent European operations. This will make the Citroen Argentine company the most decentralized of all Citroen's overseas factories.

The total area of the Buenos Aires site is, approximately 760,000 square feet, with the factory comprising about 215,000 square feet.

The Citroen plant here is planned to correspond with the eventual establishment of a Common Market throughout Latin America.

Civic Finance Corp.—Financing Proposal—

Civie Finance Corp.—Financing Proposal—

This corporation, of 530 North Water St., Milwaukee, Wis. filed a registration statement with the SEC on July 6, 1960, covering \$650,000 of Capital Notes, Series due 1980 (subordinated), with warrants to purchase common shares, and 40,000 shares of common stock. The interest rate, exercise price of the warrants, and offering price of the notes (with warrants) and common shares and the underwriting terms are to be supplied by amendment. Robert W. Baird & Co., Inc., heads the list of underwriters.

The company is engaged in commercial financing and supplies funds to business concerns in Wisconsin and neighboring states. Net proceeds of this financing will be added to its general funds to provide additional working capital, as will the proceeds of some \$1,400,000 of 6½% Senior Notes due 1972 to be sold to two insurance companies. This will expand the capital base and the overall borrowing power of the company. Part of the proceeds may be used to temporarily reducebank borrowings.

bank borrowings.

In addition to various indebtedness, the company has outstanding 165,753 common shares, of which Gerald H. Nickoll, president, owns 16.5% and James Stein, vice-president, 13.7%.

Clinton Engines Corp.—Earnings—

This manufacturer of small general purpose air-cooled engines announced seles for the fiscal year ended Feb. 29, 1960, were \$37,744,309 as compared with \$35,067,171 for the previous fiscal year. Earnings for the fiscal year were \$13,108 as compared with \$295,356 last year.

David B. Sharnay, Chairman of the Board and Chief Executive Officer of the new management which assumed direction of the company in the latter part of the fiscal year, said in a letter to shareholders:
"As a result of an extended review of the records, initiated by your present management, substantial adjustments, including inventory revaluations, were made at year end and the profits were thereby lower than those anticipated earlier in the year. Coincidentally, we have been able to inaugurate improved administrative, sales and production procedures designed to make sizable contributions to future earnings."

—V. 191, p. 1004.

Columbia Technical Corp.—Common Stock Offered-Diran Norman & Co., Inc. (managing underwriter) in association with V. S. Wickett & Co., Inc., and Cortlandt Investing Corp., on June 30 publicly offered 100,000 shares of Columbia Technical Corp. common stock (par 10¢) at \$3 per share.

PROCEEDS—The estimated proceeds to be realized by the company from the sale of the securities offered will be approximately \$223,000 after payment of the underwriters commission and expenses and of the company's own expenses of the offering estimated to \$7,000. It is anticipated that such proceeds will be applied as follows:

(a) approximately \$25,000 for the purchase of additional test and oduction equipment for delay lines, including air conditioning

facilities;

(b) approximately \$35,000 for the purchase of additional test and production equipment for coatings and other products;

(c) approximately \$35,000 to engage additional engineering and technical personnel for research and development;

(d) approximately \$50,000 for sales and promotion, including the employment of an electronics sales engineer and the initiation of a promotional campaign

(e) approximately \$15,000 to cover the expenses of moving the company's facilities to larger premises and

(f) the sum of \$63,000 representing the balance of proceeds, to be added to the general working capital of the company.

to be added to the general working capital of the company.

BUSINESS—Columbia Technical Corp. was organized under New York State law on Feb. 28, 1950. It maintains its executive offices and manufacturing facilities at 61-02 31st Ave., Woodside, Long Island, N. Y.

The two principal facets of the company's business are the design, manufacture and sale of electronic delay lines and providing technical consultation services to and acting as sales representatives for Western European incustries and others. In addition, the company manufactures protective coatings for electronic applications and has currently under development a number of other products.

Cracker Barrel Supermarkets Inc.-News-

This Long Island chain store organization reports a highly profit-ble second quarter of their fiscal year, according to John Elkin,

president.

"The margin of profit is even greater than the previous period, which had showed an outstanding increase," declared Elkin.

"Negotiations are underway for the acquisition of a unit in Manhattan as well as a merger with a ten store chain," reported Elkin.

Cracker Barrel's offices are at 84-16 Astoria Blvd. The chain, in operation for six years, will open its sixth store in September. Located at Astoria Blvd, and 37th Ave., the streamlined supermarket will offer "many new features in customer conveniences."—V. 191, p. 4.

Dallons Laboratories, Inc., Los Ang., Calif.—Acquired See International Rectifier Corp., below

DeVilbiss Co .- Files Stock Plan-

The company, of 300 Phillips Ave., Toledo, Ohio, filed a registration statement with the SEC on July 5, 1960, covering 30,000 common shares, to be offered under its 1960 Key Employee Restricted Stock Option Plan.

Di Giorgio Fruit Corp.—Registrar Appointed—

The First National City Bank of New York has been appointed a registrar for 1,317,605 shares of the \$2.50 par value common stock of the corporation.—V. 189, p. 1020.

Directomat, Inc.—Hearing Ordered—

At the request of Directomat, Inc., New York City, the Commissi has scheduled a hearing for July 12, 1960, in its Washington Officent on the question whether to vacate, or make permanent, the May 1960, order of the Commission temporarily suspending a Regulation exemption pursuant to which Directomat made a public offering 240,000 shares of common stock at \$1 per share. The May 11 suspession order asserted that Directomat's offering circular was false a misleading in respect of certain material facts.—V. 191, p. 2201.

Duffy-Mott Co., Inc.-Private Placement-This New York food processor announced on July 6 the placement by Kidder Peabody & Co., Inc., of 125,000 shares of the company's authorized but unissued common stock. The shares were placed privately with several institutions purchasing for investment.

The sale was in conjunction with the recent purchase of the Pratt-Low Preserving Corp. of Santa Clara, Calif., packers of fruits and vegetables and a nationally distributed dietary line. The acquisition gives Duffy-Mott, processors and distributors of Mott's apple products, Sunsweet Prune Juice and Clapp's baby food, its first plant on the West Coast.—V. 191, p. 2744.

East-Central Racing & Breeders Ass'n, Inc.—Registers

This association, of Randall, Montgomery County, N. Y., filed a registration statement with the SEC on July 5, 1960, covering 200,000 units of 200,000 shares of capital stock and 200,000 warrants to purchase capital stock. Each unit will consist of one share and one warrant for the purchase of an additional share exercisable within 12 months. The units will be offered for public sale at \$3.50 per unit. No underwriting is involved.

The company was organized under New York law in January 1959 for the purpose of constructing and operating training and racing facilities for harness horses at a plant to be known as "Trotterdale" at Randall in the town of Root, about 36 miles northwesterly from Albany. Management intends to develop "Trotterdale" into a facility for harness horse training and racing which will supply area demands of professional and amateur sportsmen and the general public, with training facilities available on a year round basis. Certain preliminary grading and other work on the property has been commenced. The first step in the management's program, if this financing is successful and after allocating \$10,000 to finishing a training track surface and \$25,000 to property improvement and maintenance, is the construction of about 15 stables to accommodate 32 horses each, at an estimated cost of \$22,500 each. An additional \$200,000 has been allocated for construction of a building covering an indoor training track, and \$74,400 for working capital.

The prospectus lists Frank J. Campagna as President and record

The prospectus lists Frank J. Campagna as President and record owner of 266,875 shares (62%) of the outstanding stock. He and other promoters and officials now own or control a total of 286,295 shares, or 67%; and six of the promoters, three of whom are officers, own options expiring on Jan. 26, 1964, to purchase an additional 60,000 shares at \$1 each. If said options are excerised, the management-

promoter group will own 346,295 shares at a cost of \$89,052.50. During the 12-month period ending Feb. 11, 1960; the company sold 103,715 shares to about 1,100 shareholders at \$1 per share under an assumed intra-state exemption from the registration requirements of the Securities Act. However, by reason of "certain inadvertent sales" of part thereof to 23 non-residents of New York, the company may have a contingent liability with respect to the sale of the 103.715 shares.

Edo Corp.-Awarded Contract-

The U. S. Navy has awarded to this College Point, L. I., manufacturer of electronic equipment a contract for the design and development of a True Ground Speed Meter which will record the speed of vehicles over the ground or, in the case of ships, over the bottom. This is one of a series of contracts, with a total value of \$1,000,000, awarded to Edo during the first half of June, it is announced by A. M. Brown, Vice-President—Sales.

The True Ground Speed Meter described as a gas magnetic leaf

A. M. Brown, Vice-President—Sales.

The True Ground Speed Meter, described as a geo-magnetic log, is a device which will electronically determine true velocity in relation to the earth's surface. Edo's geo-magnetic log will, for the first time, provide the ship or aircraft navigator with instantaneous and continuous indication of actual true speed, unaffected by currents, in the case of ships, or by wind, in the case of aircraft.

The corporation is a manufacturer of electronic and mechanical equipment for surface ships, submarines and aircraft. Numerous Edo-

designed and manufactured components, including complete so systems, are in use aboard Navy surface ships and submarines, be nuclear-powered and conventional. Edo also manufactures the Airbo Loran that is basic long-range navigation equipment abroad tra oceanic jet airliners, and is the world's leading manufacturer aircraft floats.—V. 189, pp. 2673 and 2564.

Electro-Tec Corp.-Offering and Secondary-

Electro-Tec Corp.—Offering and Secondary—
Electro-Tec Corp., 10 Romanelli Ave., South Hackensack, N. J., filed a registration statement with the SEC on July 1, covering 135,000 shares of common stock, of which 75,000 shares are to be offered fro public sale for the account of the issuing company and 60,000 shares, being outstanding stock, by the present nolder thereof. The public offering price and underwriting terms are to be supplied by amendment. Harriman Ripley & Co. is listed as the principal underwriter.

The company is engaged in the design, development, manufacture and sale of slip ring and brush block assemblies, switching, devices and relays for electronic equipment. The net proceeds of the stock sale will be added to the company's general funds and used for general corporate purposes. In addition, approximately \$750,000 will be used for construction of a new plant in New Jersey to replace leased facilities in South Hackensack, and approximately \$750,000 will be used for additional tooling of relay production facilities. The company has outstanding 6,000 shares of \$100 par preferred stock and \$92,500 shares of common stock, of which 445,025 shares (88.6%) are owned by George J. Pandapas, President; 32,000 shares (84.%) are held by Pandapas in trusts for the benefit of members of his family and 10,000 shares are owned by his wife. By agreement with the company Pandapas will receive 15,000 shares in return for the assignment to the company of all his foreign patent rights and his license agreement with LD.M. Electronics Ltd. Pandapas is the single selling stockholder. After the sale by the company and Pandapas of the shares to be offered, and his acquisition of the said 15,000 shares, Pandapas will hold 400,025 shares (67.5%) of the then outstanding common stock.—V. 191, p. 2305.

Executive Inn Motor Hotels Corp.—To Be Acquired— See American International Bowling Corp., above

Fastoff Crown Corp., Rockville, Ind.—Files With SEC The corporation on June 28 filed a letter of notification with the SEC covering 2,669 shares of common stock to be offered at par (\$100 per share), without underwriting.

The proceeds are to be used for a plant and equipment, etc.

Flick-Reedy Corp.—Securities Offered--This company on May 20 commenced the offering of \$691,800 of its registered subordinated debentures, 6%, due Feb. 1, 1972, and 69,180 shares of its \$1 par value common stock, being offered only in units consisting of one \$100 principal amount debenture and ten shares of common stock, or in multiples thereof. Per unit price is \$115. No underwriting is involved. These securities are qualified only for sale in Illinois and Wisconsin.

writing is involved. These securities are qualified only for sale in Illinois and Wisconsin.

DESCRIPTION OF DEBENTURES—The debentures are to be issued under an indenture dated as of Feb. 1, 1957 between the company and Chicago National Bank, Chicago, Ill., as trustee.

A total of \$504,900 of principal amount of debentures, out of the \$1,200,000 of principal amount of debentures authorized to be issued under said indenture, have previously been issued. Of the amount previously issued, \$23,800 of principal amount of debentures were purchased or redeemed in November, 1959, by the Trustee and cancelled pursuant to the sinking fund provisions of the Indenture, leaving a principal amount of \$481,100 of debentures outstanding as of Dec. 31, 1959.

The debentures are direct obligations of the company, but are not secured. Each debenture is to be dated as of the first day of the month in which it is authenticated by the Trustee and the debentures are to mature Feb. 1, 1972, and are to bear interest at the rate of 6% per year from the date thereof, payable semi-annually on Feb. 1 and Aug. 1, commencing Aug. 1, 1957. Principal, premium, if any, and interest are payable at the office of the Trustee. The debentures are to be fully registered debentures in denominations of \$100, \$500 or \$1,000 each. Debentures will be transferred only on presentation at the office of the registrar of such debentures accompanied by written instrument of transfer executed by the person in whose name the debentures are registered or by his authorized agent and thereupon new debentures of like amount shall be issued and registered in the name of the transferee. The principal amount of the debentures is under the Indenture is limited to \$1,200,000, of which \$504,900 have been previously issued as of Dec. 31, 1959, as stated above, and the debentures are to be authenticated and delivered upon the written order of the company upon receipl of the money payable therefor.

(a) REDEMPTION PROVISIONS—The company, at its option, on 30 days' notice may a

redemption:

105% if redeemed on or before Feb. 1, 1962.

104½% if redeemed thereafter and on or before Feb. 1, 1963.

104½% if redeemed thereafter and on or before Feb. 1, 1964.

103½% if redeemed thereafter and on or before Feb. 1, 1964.

103½% if redeemed thereafter and on or before Feb. 1, 1966.

102½% if redeemed thereafter and on or before Feb. 1, 1966.

102½% if redeemed thereafter and on or before Feb. 1, 1968.

101½% if redeemed thereafter and on or before Feb. 1, 1968.

101½% if redeemed thereafter and on or before Feb. 1, 1969.

101½ if redeemed thereafter and on or before Feb. 1, 1971.

100½% if redeemed thereafter and on or before Feb. 1, 1971.

The debentures are also subject to redemption through the operation the sinking fund, upon payment of the principal amount thereof d interest thereon accrued to the date fixed for redemption and thout premium.

without premium.

(b) SINKING FUND PROVISIONS—The company is required to establish a sinking fund for the redemption and retirement of the debentures: Payments into the sinking fund, which are made to the Trustee, commenced with the fiscal year of the company ended June 30, 1959, and shall continue each year thereafter until all debentures are redeemed. The amount of the sinking fund payments shall be the equivalent of 5% of the aggregate principal amount of the debentures or low of the net income of the company for the fiscal year, after taxes, but not more than an equivalent of 10% of the aggregate principal amount of the debentures; whichever is the greater, if permitted by

the terms of the "superior indebtedness," as that term is defined in the Indenture. The company may credit against the shiking fund re-quirements the principal amount of any desentures purchased by the company.

company.

(c) RESTRICTION ON DIVIDENDS—No dividends may be declared or paid on the capital stock of the company by the terms of the Indenture if a default shall have occurred and be continuing under the terms of the Indenture or the superior indebtedness.

terms of the Indenture or the superior indebtedness.

COMMON STOCK TRANSFER AGENT—The Chicago National Bank,
120 South La Sale Street, Chicago 3, Ill.

BUSINESS—Flick-Reedy Corp. was incorporated under the laws of
Illinois on Jan. 27, 1954, as Miller Fluid Fower Co. and on Feb. 1,
1954 acquired most of the assets and succeeded to the business of
the partnership Miller Motor Co. The present corporate name was
adopted in January, 1956. The predecessor business, conducted by
Miller Motor Co. as a partnership, was controlled and managed by
Messrs. Frank Flick and William J. Reedy, President and Secretary.
Treasurer of the company respectively, from 1941 to Feb. 1, 1954. The
general offices of the company are at 7NO15 York Road, Bensenville
Illinois.

Illinois.

The company is engaged primarily in the manufacture and sale of hydraulic and pneumatic cylinders of machine tool grade. These cylinders and related boosters and accumulators are used principally for actuating or controlling straight-line motion in machinery and transfer equipment. To further broaden its product line, the company in 1956 introduced the "Tru-Seal" fitting used for sealing pipe threads.

equipment. To further broaden its product line, the company in 1956 introduced the "Tru-Seal" fitting used for sealing pipe threads.

PROCEEDS—The net proceeds to be received by the company if all of the \$691,800 of debentures and 69,180 shares of common stock offered hereby are sold, as to which there is no assurance since the offering is not being underwritten, will amount to approximately \$771.

\$570 after deducting estimated expenses. From such proceeds the amount of \$500,000, or any lesser amount if all of the debentures and shares of common stock offered hereby are not sold, is intended to be used to reduce outstanding accounts payable of the company, and any balance of such proceeds is intended to be used to reduce the indebtedness to James Talcott, Inc., under the \$1,150,000 installment note dated Nov. 12, 1959. As of Dec. 31, 1959, the company's current liabilities of \$2,461,604 exceeded its current assets of \$1,678,529 by \$783,075 and even if the proceeds of this offering amount to as much. as \$500,000 and are applied to reduce the accounts payable as above set forth, the then current liabilities of \$1,961,604 would still exceed the current assets by \$283,075.

The proceeds which the company received from the \$1,150,000 installment note were used to discharge indebtedness then outstanding to James Talcott, Inc., under first mortgage note and chattel mortgage note in the total amount of \$540,500, and the balance was used for reduction of the amount of accounts payable outstanding and for payment of other current findebtedness.—V. 191, p. 1217.

Flintkote Co.—Plans Acquisition—

Flintkote Co.-Plans Acquisition-

Flintkote Co.—Plans Acquisition—

The Flintoke Co. has entered into an agreement for acquisition of the assets of The M. J. Grove Lime Co. of Frederick County, headquartered at Lime Kiln, Md., some five miles south of Frederick, it was announced on June 29 by I. J. Harvey, Jr., Flintkote Chairman of the Board and Chief Executive Officer, and W. Jarboe Grove Fresident of Grove Lime.

Under the agreement, approved by directors of both companies but subject to approval of the Grove stockholders, Flintkote would issue in a tax-free reorganization of Grove 100,800 shares of new \$2.25, series B no-par convertible second preferred in exchange for the assets of Grove, subject to the liabilities.

The new preferred would be convertible into Flintkote common at any time at \$45 per share, the equivalent of 10 shares of Flintkote common for nine shares of the preferred. It would be subject to redemption after five years from date of issuance at \$52.50 per share. There are presently 31,700 shares of Grove common stock outstanding Founded et Lime Kiln, Mr. in 1958, Grove is a major supplier of lime products, crushed stone, concrete block, concrete pipe, and ready-mix concrete in the Northern Virginia and Southern Maryland area. It also is engaged in street and road construction. Plants are located at Lime Kiln, and Frederick, Ind., and Middletown and Stephen City, Va. Sales are in excess of \$6 million annually. In 1959 Flintkote's net sales reached \$221,075,187.

Mr. Harvey said the proposed acquisition will enable Flintkote to extend our limestone resources" as part of the company's planneed.

Mr. Harvey said the proposed acquisition will enable Flintkote extend our limestone resources" as part of the company's plant program of expansion and diversification.

Mr. Grove joined Mr. Harvey in explaining that plans call for ontinuance of Grove Lime's management and personnel. Grove fould be operated as a Flintkote division.

On June 21 Flinkhote announced merger plans, subject to approve of stockholders, with Diamond Portland Cement Co. of Middle Brand Ohio. This proposed merger calls for issuance of one share of the state of the state of the state of the state of Diamond common outstanding. There are present 300,000 shares of Diamond common issued and outstanding.

300,000 shares of Diamond common issued and outstanding.

It is anticipated that a special stockholders meeting will be called in the near future for Flintkote shareowners to authorize the \$2.25 series B convertible second preferred stock.

Mr. Harvey said Flintkote's plans provide for "continuous broaden ing of our operations in lime, cement and gypsum—products expecte to contribute substantially to the encouraging future of the company.

In addition to lime, cement and gypsum. Flintkote manufacture

In addition to lime, cement and gypsum, Flintkote manufacture paper products, including corrugated containers; floor coverings an adhesives; pipe and conduit; asphalt paving products and othe industrial items, as well as the broadest line of building product in the United States. Flintkote has 85 plants and mills in th United States, and in Canada, England and France.—V. 191, p. 2745.

Franklin Corp. — Additional Financing Details — Our July 4 issue reported the offering on June 30 of 1,000,000 shares of this firm's common stock at \$10 per share. Additional financing details follow:

Gateway Sporting Goods Co.—Registers Common—

Gateway Sporting Goods Co.—Registers Common—
This company of 1321 Main Street, Kansas City, Mo., filed a registration statement with the SEC on July 7 covering 70,000 shares of common stock, to be offered for public sale through a group of underwriters headed by Stern Brothers & Co. The public offering price and underwriting terms are to be supplied by amendment.
The company was organized under Delaware law in May, 1960, to acquire all of the outstanding capital stock of 17 artiliated corporations which comprise a tusiness originally founded in 1918 by Louis A. Comonow, Board Chairman and President. The corporations were so acquired in June, 1960 as wholly owned subsidiaries. The various phases of the business are conducted through the subsidiaries operating as independent and separate units. The company is principally a retail organization specializing in sporting goods, photographic equipment, toys, wheel goods, luggage and related recreational lines. The net proceeds from the stock-sale, together with the proceeds from an anticipated \$700,000 loan from an insurance company, will be used to retire a \$425,000 bank loan and to finance the company's expansion program. Such expansion includes the operation of an aggregate of 17 clicensed departments in four closed-door membership department stores scheduled for openings in 1960, at an estimated cost of \$175,000, and one additional retail store in a Kansas City shopping center which is scheduled for openings in 1960, at an estimated cost of \$175,000, and one additional retail store in a Kansas City shopping center which is scheduled for openings in 1960, at an estimated cost of \$175,000, shows of class B common stock, of which, 32,100 shares (26.75%) are owned by Louis A. Comonow; 29,700 shares (24.75%) by Dorothy Comonow; 30,000 shares (25%) by Edward Comonow, Vice-President; and 111,110 shares (93%) by the company's officers and directors as a group.

General Atronics Corn.—Additional Financing Details Our June 27 issue reported the offering on June 24 of 155,660 shares of this firm's common stock at \$3.50 per share. Additional financing details follow:

General Tire & Rubber Co. (& Subs.)-Earnings-

The consolidated sales of this company for the six months ended May 31, 1960, were \$350,752,897, it was announced on June 28 in a report to stockholders by William O'Neil, Chairman, and M. G. O'Neil, Procedent

May 31, 1960, were \$350,752,897, it was announced on June 28 in a report to stockholders by William O'Neil, Chairman, and M. G. O'Neil, President.

Consolidated sales for the comparable 1959 six-months period were \$305,339,274.

Estimated earnings for the first six months of 1960 were \$11,236,964.

This is equivalent to \$2.01 per share of common stock outstanding. For the same 1959 period, General Tire reported an estimated earnings of \$13,929,809.

The joint statement to the stockholders in referring to the first six months' results said: "Although tire sales increased, several factors contributed to lower earnings than a year ago. The principal factors were: the increased cost of crude rubber, which is now more than one-third-higher than it was during the first six months of 1959 price weakness in the replacement tire field, increased by the industry's highly competitive bidding for business. Since our Mayfield tire plant is still under construction, we are incurring expenses without compensating production."

In the other divisions of our company, the report concluded, profits were above those of 1959.—V. 191, p. 2638.

Glass Magic Boats, Inc. — Securities Offered -Glass Magic Boats, Inc. — Securities Offered — R. A. Holman & Co., Inc. offered, pursuant to an offering circular, dated June 14, 76,500 of this firm's 6½% convertible debentures due July 1, 1965, together with 102,000 shares of its 10¢ par value common stock. These securities were offered only in units each consisting of \$51 principal amount of debentures and 68 shares of common stock at \$102 per unit.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING 61/4 conv. debs., due July 1, 1965 750,000 shs. 422,000

Not including options to purchase 30,000 shares at \$.75 per sl
which may accuse to the underwriter under this offering, and including 51,000 shares reserved for issuance upon conversion of debentures.

debentures.

DESCRIPTION OF DEBENTURE—The debentures have been authorized in the principal amount of \$76,500. They will bear interest at the rate of 6½% per annum, will be dated July 1, 1960, and will be due July 1, 1965. There are no debt securities for the company, that heave a priority over the debentures. There is no prohibition against the issuance of other securities having priority over the debentures. The issuance of securities having such priority over the debentures is neither planned nor contemplated by the company at the present time.

To protect against dilution, the conversion price is subject to adjustment in certain cases, including the issuance of common stock at a price below the conversion price, subdivisions and combinations of outstanding common stock including those occurring in connection with a recapitalization, merger or consolidation except that no adjustment is required to be made in connection with the issuance of common stock pursuant to options that may accrue to the underwriter under this offering. offerin

this offering.

Unless called for previous redemption, the debentures will be convertible into common stock at any time prior to maturity, on not less than 30 days' prior notice, at the conversion price of \$1.50 per share. On and after July 1, 1960, the debentures will be redeemable at the option of the company in whole or in part, on at least 30 days' prior notice, at the following redemption prices (expressed in percentages of the principal amounts):

To and incl Thereafter	to	and	including	July	1	1962	103
Thereafter							102
Thereafter ,	to	and	including	July	1,	1964	101 100

together, in each case, with accrued interest to the date fixed for

together, in each case, with accrued interest to the date for redemption.

DESCRIPTION OF COMMON STOCK.—The company has only one class of stock authorized, its \$0.10 par value per share common stock. Holders of common stock are entitled to one vote per share and are entitled to such dividends as may be declared by the board of directors out of available funds. Holders of common stock have no preemptive or subscription rights and there are no redemption provisons applicable thereto. The shares of common stock included in the units, when issued, will be fully paid and non-assessable. In the event of liquidation or dissolution, the holders of the common stock are entitled to share ratably in the assets of the company available for distribution. There is no provision for cumulative voting for directors.

PROCEDS—In the event that all the units of debentures and common stock offered are sold, the estimated proceeds to the company will be approximately \$128.520 after payment of the underwriter's commission and expenses. It is anticipated that such proceeds will be utilized substantially as follows, in order of priority, as listed:

(a) Approximately \$5,000 for expenses of the offering to be borne

tilized substantially as follows, in order of priority, as listed:

(a) Approximately \$5,000 for expenses of the offering to be borne by the company.

(b) \$45,680 to pay off current accounts payable due to various suppliers of raw material.

(c) \$15,000 for the purchase of raw material in carload lots.

(d) \$20,000 for the expansion of the company's production facilities and purchase of equipment.

(e) \$42,840 to be added to working capital.

None of the proceeds will be used to pay salaries, or to repay sums due or owing, or that may become due or owing, to officers and directors of the company.—V. 191, p. 200.

Glasspar Co.—Expands—
The establishment of a sixth manufacturing plant by this manufacturer of fiber glass outboard boats was announced on June 28 by President L. J. Nieger.

by President L. J. Nieger.

The new plent, to be located at Sturgis, Mich., will serve the Ohio, Michigan and Indiana area. It will contain approximately 47,000 square feet and will be built by the Improvement Association of Sturgis, Mich., a non-profit civic corporation. Glasspar will occupy the building under a 15-year lease. Construction on the plant will begin immediately. Production from the Sturgis plant is expected to commence in the Fall of this year.

Glasspar's other manufacturing plants are located in Santa Ana, Calif.; Nashville, Tenn.; Sherman, Texas; Petersburg, Va., and Olympia, Wash.—V. 191, p. 604.

Gray Pantograph Engraving Co., Poteau, Okla.-Files

With Securities and Exchange Commission—
The company on June 22 filed a letter of notification with the SEC covering 1,000 shares of 5% cumulative, preferred stock to be offered at par (\$100 per share), without underwriting.
The proceeds are to be used to finance inventory and accounts receivable.

Great Western Oil Co .- Offering Suspended-

The SEC has issued orders temporarily suspended—

A the SEC has issued orders temporarily suspending Regulation A temporarily suspending Regulation A temporation from registration under the Securities Act of 1933 with respect to public offerings of stock by the following:

(1) Great Western Oil Co., Las Vegas, Nev. Offering, pursuant to notification filed in September, 1958, of 290,000 common shares at \$1 per share.

per share.
(2) Holiday Mines, Inc., Bremerton, Wash. Offering, pursuant to notification filed in December, 1958, of 100,000 common shares at \$1

per share.

(2) Holiday Mines, Inc., Bremerton, Wash. Offering, pursuant to notification filed in December, 1958, of 100,000 common shares at \$1 per share.

(3) Market Improvement Co., Miami, Fla. Offering, pursuant to notification filed in January, 1959, of 222 shares of class A and 1,663 shares of class B common at \$100 per share.

(4) Realty & Theatre Ventures, Inc., New York, N. Y. Offering, pursuant to notification filed in November, 1958, of 2000,000 common shares at \$1.50 per share.

Regulation A provides a conditional exemption from registration with respect to public offerings of recurities not exceeding \$300,000 in amount. The Commission's suspension orders with respect to Holiday Mines asserts that it failed to cooperate with the Commission in connection with its proposed offering and refused to respond to letters as to mendment of its notification and offering circular; and to Market Improvement that it failed to file semi-annual reports of stock sales pursuant to the exemption.

Concerning Great Western and Theatre Ventures, the Commission's orders assert that they failed to comply with certain terms and conditions of the Regulation; that each company's offering circular is false and misleading in respect of certain material facts; and that their offerings violate Section 17 (the anti-fraud provision) of the Securities Act. The alleged misrepresentations in the Great Western Oil offering circular relate to the intended use of the proceeds of the offering, the company's intended business operations, and the failure to disclose the acquisition of new properties and the chandonment of proposed operations on existing properties. Regulation A was not compiled with by reason of the ccmpany's failure to file semi-annual reports of stock sales pursuant to the exemption, the failure to file certain sales material, and the failure to file, a revised offering circular, as well, as the sale of shares without the use of an offering circular, with respect to Theatre Ventures, the alleged misrepresentations, in i

Greer Hydraulics, Inc.—Debentures Sought—Burnham & Co. announced on July 6 that it is offering to purchase \$84,000 principal amount of the 5% convertible subordinated sinking fund debentures of Greer Hydraulics, Inc., due Sept. 1, 1965, with coupons Sept. 1, 1960 attached. Payment will be made against delivery, subject to acceptance of the price on tenders received, until such

time as there shall have been accepted tenders up to an aggregate in principal amount of \$54,000, but not beyond July 15, 1960.—V. 191, p. 702.

(M. J.) Grove Lime Co .- To Be Acquired-See Flintkote Co., above.

Gulf Power Co .- Securities Offered -- Halsey, Stuart & Co. Inc. heads an underwriting group which offered on July 8 an issue of \$5,000,000 or company's first mortgage bonds, 5% series due July 1, 1990, at 101% and accrued interest, to yield 4.935%. The group won award of the bonds at competitive sale on July 7 on a bid of 100.15%. Other bids for the bonds, all naming a 5% coupon, came from Merrill Lynch, Pierce, Fenner & Smith Inc.; Salomon Bros. & Hutzler and Drexel & Co., jointly, 99.3199; Equitable Securities Corp., 99.34, and Kidder, Peabody & Company, and White, Weld & Co., jointly, 99.319. In addition, an underwriting group managed jointly by Eastman Dillon, Union Securities & Co. and Salomon Bros. & Hutzler offered for public sale on July 8, 50,000 shares of 5.16% preferred stock, \$100 par value, of Gulf Power Co. The shares, entitled to cumulative dividends from July 1, 1960, are priced at \$102.178 per share to yield 5.05%. The underwriters bought the issue at competitive sale on July 7 by naming the 5.16% rate and Co. Inc. heads an underwriting group which offered on petitive sale on July 7 by naming the 5.16% rate and bidding \$100.129 per share. There were two other bids for the preferred stock, both naming a 5.20% dividend, as follows: Equitable Securities Corp., \$100.61 a share, and Kidder, Peabody & Co. and White, Weld & Co.,

piontly, \$100.32 a share.

PROCEEDS—Net proceeds from the sale of the bonds, together with proceeds from the simultaneous sale of 50,000 shares of 5.16% preferred stock, and other funds, will be applied by the company toward the cost of its construction and expansion program. It is anticipated that the company's construction program will involve expenditures of approximately \$35,659,197 during 1960, 1961 and 1962.

PRINTENDATION.—The new hords are the redeemable at regular re-

REDEMPTION—The new bonds are to be redeemable at regular re-demption prices ranging from 106% to par, and at special redemption prices receding from 101% to par plus accrued interest in each case. The new preferred stock is redeemable at redemption prices ranging from \$107.338 per share if called on or prior to July 1, 1965, down to \$103.468 on or after July 1, 1975.

to \$103.468 on or after July 1, 1975.

BUSINESS—The company, an affiliate of The Southern Company, supplies electricity to 64 communities, as well as rural areas, within the northwestern portion of Florida. It also sells electricity at whole-sale, for resale, to a non-affiliated utility and four rural electric cooperative essociations. Territory served directly and indirectly by the company has an area of about 7,400 square miles and population estimated at 419,000 at Dec. 31, 1959.

REVENUES—For the 12 months ended March 31, 1960, the coad total operating revenues of \$21,763,000 and net income

CAPITALIZATION—The company's March 31, 1960 capitalization, adjusted to reflect sale of the preferred stock and bonds, consisted of: \$45.642,000 in first mortgage bonds; 101,026 shares of \$100 par value preferred stock; and 827,717 shares of common stock.—V. 192, p. 6.

Halliburton Oil Well Cementing Co.-Licensing Deal-See Automation Industries, Inc., above.-V. 186, p. 1263.

(C. M.) Hall Lamp Co., Detroit, Mich.—Files With SEC The company on June 23 filed a letter of notification with the SEC covering not to exceed \$50,000 of common stock (par \$21 to be offered to employees pursuant to employees stock purchase plan at the market. No underwriting is involved.—V. 190, p. 1295.

Hardfacing Alloys, Inc.—Securities Offered—Reich & Co., of New York City, on June 29 publicly offered 15,860 shares of Hardfacing Alloys, Inc., 7%, 10 par, convertible preferred stock and 79,300 shares of its common stock (par \$1). These securities were offered in units of one share of 7% convertible preferred stock and five shares of common stock at a per unit price of \$15.

The underwriter is reserving 800 units for sale at the public offering price to certain of the company's officers. These units are of a speculative nature. An additional 3,200 issued and outstanding shares of 7%, \$10 par. convertible preferred stock and 16,000 issued and outstanding shares of \$1 par value common stock, all or part of which securities may be offered and sold by management-promoters in 3,200 units for a net aggregate total of \$48,000. The company will pay all commissions of this offering including commission of \$4,800 on the units offered for the account of management-promoters.

Transfer Agent—Nevada Agency & Trust Co., Reno., Nevada.

PROCEEDS—The net proceeds of this offering estimated at \$107,310.

Transfer Agent—Nevada Agency & Trust Co. Reno., Nevada.

PROCEEDS—The net proceeds of this offering estimated at \$197,310 will be used as follows: (1) to liquidate current labilities of Canadian Subsidiary incurred by management-promoters and assumed by issuer in the amount of approximately \$97,000 (2) approximately \$25,000 to be used to purchase additional machinery and equipment and defray production start up costs; (3) the balance approximately \$75,000 for working capital of the company, and the operation of the wholly-owned Canadian subsidiary. . which includes the payment of salary to Messrs. Eytchison and Turner of \$18,000 per year.

The foregoing is only an estimate based on the present plans of the company. No assurance is given that such application will ensure the success of or profitability of the company's program, or the company's ability to enter into any market or to compete with other organizations offering like products. The company reserves the right to modify or change the foregoing estimate and allocation, or to vary the purposes or amount of net proceeds to be applied thereto if it appears advisable to do so.

BUSINESS—Hardfacing Alloys, Inc., was organized under the laws

to do so.

BUSINESS—Hardfacing Alloys, Inc., was organized under the laws of the State of Nevada on July 13, 1959, principally for the purpose of engaging in the manufacture and fabrication of metal allovs and the development and exploration of the art of metallurgy, principally as it pertains to hardfacing techniques and processes.

The company's domiciliary office is Two Ryland Street, Reno, Nev. Its California office is 530 West 6th Street, Suite 1225, Los Angeles 14, Calif. The company presently intends to concentrate its activities in Canada through a wholly-owned subsidiary.

The following general statements are applicable to this offering:

(a) The company has never engaged in actual operation, has no operating history, and can make no representation that, upon completion of this public offering it will be able to engage successfully in the business contemplated by the company and described herein.

(b) No funds are available for payment of dividends on the 7% obvertible preferred stock and such dividends will be in arrears untitach time, if any, as profits are available to the company and a diviend declared; and there can be no assurance that profits will ever a realized.

(c) The price at which the units are being offered hereby is a figure determined by the board of directors of the company, all of whom may be considered promoters, and agreed to by the underwriter and does not necessarily bear any relationship to the value of the units.

(d) The public, by purchasing the units, will contribute all of the working capital of the corporation and will own approximately 36% of the voting stock. The management-promoters have contributed all of the stock of a Canadian corporation valued at \$48,000, based on the cash investment and costs of the management-promoters. In addition, the management-promoters shall purchase 108,642 shares of common stock in consideration of the execution and delivery of five-year promissory notes in the aggregate principal amount of \$98,642 and their transfer to the corporation of certain technical information, plans,

formulae and know how, and will have the right to purchase a number of shares of common stock equal to the number issued upon conversion of the preferred stock. The \$48,000 investment of the management-promoters will be repaid to them from the proceeds of the 3,200 units being offered for their account as part of this offering.

(e) As at March 31, 1960, the current liabilities of the company's Canadian subsidiary exceeded its current assets by \$32,100.70. Management does not expect that this situation will cause the company any difficulty, prior to the payment of its current liabilities from the proceeds of this offering.

I D Precision Components Corp., Jamaica, N. Y .-Files With Securities and Exchange Commission-

The corporation on June 29, 1960, filed a letter of notification with the SEC covering 200,000 shares of common stock (par 10 cents) to be offered at \$1 per snare, through R. A. Holman & Co., Inc., New York, N. Y.

The proceeds are to be used for general corporate purposes.

Infrared Industries, Inc.—Registers Common-

The Weltham, Mass., firm filed a registration statement on July 6, 1960 with the Securities and Exchange Commission covering a proposed public offering of 125,000 snares of common stock without par value, 100,000 snares or the company and the balance for the account of certain stockholders. Lehman Brothers will manage the

account of certain stockholders. Lehman Brothers will manage the underwriting.

The company will apply its proceeds for the following: approximately \$700,000 will be used to construct and equip the Santa Barbara, California plant for which the company has recently acquired acreage; \$450,000 will be used to discharge indebtedness of the company and a subsidiary, and the balance will be used for general corporate purposes including working capital.

Inirared lidustries, Inc., a primary source of infrared detectors, produces infrared detectors for most of the infrared systems under procurement by the Armed Forces of the United States, including the Midas satellite and the Sidewinder and Redeye missile programs. The company has also developed civilian applications for detectors, and has developed and is marketing related products utilizing infrared principles such as an infrared unit for highway traffic control, a line of infrared automation controls and a low cost infrared detector designed primarily for the commercial and industrial market.—V. 190, p. 972.

International Rectifier Corp.—Acquires—

International Rectifier Corp.—Acquires—
Acquisition of Dallons Laboratories, Inc. of Los Angeles, was announced on June 30 by International Rectifier Corp., of El Segundo, developers and manufacturers of semi-conductor devices.

The transaction involved an exchange of authorized but unissued International Rectifier stock, the number of shares representing less than 1% of the total outstanding company stock, for 100% of the snares outstanding of Dallons Laboratories, Inc.

Dallons Laboratories is c supplier of specialized medical electronics equipment and is currently producing aero-space medical instrumentation for the Project Mercury astronaut program.

The Los Angeles company has an extensive background in glass and quartz crystal technology. It also produces semi-conductor devices and specialized equipment for their production.

According to Eric Lidow, President of International Rectifier, Dallons Laboratories will operate as an autonomous, wholly-owned subsidiary, with Dr. Oscar Dallons continuing as President, Franz Dallons as Vice-President in Charge of Production, and Paul Dallons as Vice-President in Charge of Glass and Vacuum Technology.

Mr. Lidow further stated that the semi-conductor equipment and

Mr. Lidow further stated that the semi-conductor equipment and activities will be consolidated in International Rectifier facilities.

Lifetime Pools Equipment Corp.—Files for Offering-

Lifetime Pools Equipment Corp.—Files for Offering—
This Renovo, Pa., firm filed a registration statement with the SEC on July 1, 1960, covering 100,000 shares of common stock, to be offered for public sale through First Pennington Corp. on a besi efforts basis. The public offering price and underwriting terms are to be supplied by amendment. In addition to the selling commission, the underwriter will receive an unspecified sum per share of stock sold for expenses. The underwriter may also purchase, for 1 cent each, five-year warrants to purchase one share of common stock for each 10 shares sold. The company was organized under New York law in August, 1958 by Lancer Industries, Inc., a Florida corporation engaged in the manufacture and selling of fiber glass swimming pools. It was formed for the purpose of furnishing a controlled source of supply for Lancer as well as selling swimming pools equipment to independent pool manufacturers, installers and distributor on a nationwide scale. The original capitalization of the company consisted of 200 shares of common stock without par value. Between Aug. 4, 1958 and Dec. 15, 1953, Lancer paid \$5.000 cash and transferred to the company title to inventory, equipment and molds having a net book value of \$52.200, and, in return, the company issued the said 200 shares to Laucer. On Dec. 22, 1958, Lancer sold all of said shares to Patrick Cherch, for the sum of \$57.300, evidenced by the latter's promissory note. Under a subsequent reorganization in December, 1558, the company's authorized capital of 200 shares of common stock was changed to 500,000 shares. In addition, each share of stock was reclassified into 780 shares or a total of 156,000 shares. In January, 1959, Peter A. Cattano, Sr., President and Treasurer of the company, purchased all of the company's outstanding stock from Cherch for \$57,300. In August, 1959, the company soutstanding stock from Cherch for \$57,300. In August, 1959, the company soutstanding stock from Cherch for \$57,300. In August, 1959, the company p

According to the prospectus, the proposed maximum public offering price of the 100,000 additional shares being registered for public sale, thosed on the registration fee), is \$4.75 per share. Of the net proceeds from the stock sale, \$125,000 will be used to purchase machinery and equipment; \$200,000 to purchase raw materials, parts and components; \$40,000 for sales and advertising promotion; \$30,000 for engineering and development; and the balance will be added to working capital.

—V. 191, p. 1113.

Lionel Corp.-To Acquire-

Lionel Corp.—To Acquire—

The Lionel Corp. is increasing its participation in the electronics field through the acquisition of the assets of Anton-Imco Electronics Corp., it was announced on July 1.

Dr. Nicholes Anton, Chairman of Anton-Imco Electronics Corp., announced that 1 to June 30 its board of directors had approved the sale of its assets to The Lionel Corp. Lionel is a manufacturer of model railroad trains, sporting goods, and electronic components.

The acquisition of Anton-Imco by Lionel will be effected on the basis of 1½ shares of Lionel for a share of Anton-Imco. Prior to this action, Lionel with some 40,000 shares had become the largest shareholder of Anton-Imco. Lionel's presently outstanding common stock is 720,000, and there are 1,600,000 shares authorized. Anton-Imco as 248,841 outstanding shares of common stock. The terms of the acquisition will be submitted to shareholders of both companies for approval at special meetings.

Anton-Imco operates primarily in electronics, nucl-onics and missile production and research. It comprises Anton Electronics Laboratories of Brooklyn, N. Y., and Intercontinental Manufacturing Co. with plants in Garland and Brady, Texas.

Intercontinental is a prime contractor for the sustainer motor casing of the Nike-Hercules missile and a subcontractor for components of the Honest John missile. Intercontinental is one of the facilities in the nation which fabricates solid fuel rocket engine casings up to the largest size planned for the missile program.

Alton Electronics produces radiation counter and ionization chamber components for satellites, manu actures printed circuits, rack and produces specialized nuclear instrumentation. Anton electrical Allen belt of radiation around the earth, and have been utilized in all United States satellites.

In the first querter of 1960, Anton-Imco showed earnings after large of \$124,090, equal to 50 cents a share, compared with \$5,692 or 2 cents 2 the produces in the like period of 1959.—V. 191, p. 1323.

Maine Public Service Co. (& Sub.)-Net Up-

Maine Public Service Co. (& Sub.)—Net Up—
Consolidated earnings were \$1.50 per share for the 12 months ended May 31, 1960 based on the presently outstanding 486,608 common shares. This compares with earnings of \$1.47 per share in the comparable period in 1959 based on the then outstanding 476,500 shares of common stock.

Water conditions at the company's hydro sites have been excellent during the first five months of 1960 and were about normal during the month of June.

Construction of a new transmission circuit from Flo's Inn substation in Presque Isle to the West Presque Isle substation was started last month. A new 6,000 KVA substation will be constructed and connected from a tap, to this circuit to serve the entire electrical requirements for the new mission of the Presque Isle Air Porce Base. When this construction is completed in August the base will become one of the company's largest customers.

Negotiations are nearing completion for a new potato processing plant to be located in Presque Isle. Land for the plant site has been purchased and it is anticipated that construction will be started in the near future. The plant is expected to have an initial load of approximately 1,200 kw and it is anticipated that-future expansion will increase the load to about 3,000 kilowatts.—V. 189, p. 1930.

Massachusetts Investors Trust-Seeks Order-

This Boston investment company has applied to the SEC for an exemption order under the Investment Company Act with respect to its proposed acquisition of the assets of Edgemont Securities Corp.; and the Commission has issued an order giving interested persons until July 15, 1960, to request a hearing thereon. Edgemont is a personal holding company with 11 stockholders. MIT proposes to acquire substantially all of its cash and securities, with a total value of about \$10,600,000 as of April 30,1960, in exchange for MIT shares at their net asset value.—V. 191, p. 2306.

Mechanical Enterprises, Inc., Arlington, Va. - Files

With Securities and Exchange Commission—
The corporation on June 23, 1960, filed a letter of notification with the SEC covering 7,000 shares of common stock (par 50 cents) to be offered at \$6 per snare, without underwriting.
The proceeds are to be used for current expenses, tooling, a plant, fixtures, machinery and working capital.

Mid-America Pipeline Co.—Private Placement—Bear, Stearns, & Co. and White, Weld & Co. have negotiated the private sale of \$42,000,000 first mortgage pipe line bonds, due 1975, and a \$3,000,000 convertible promissory note; due 1975, of this company, both issues being purchased for investment by The Prudential Insurance Co. of America, it was announced over the July 4 week-end. The convertible note and \$15 million of the bonds have been delivered, and the balance of the bonds is to be delivered from time to time pursuant to a purchase agreement.

agreement.

PROCEEDS—Proceeds from the financing will be used by the company in ..e construction of its pipeline system, which began this spring. The system is now about ore-third completed and is expected to be in operation by the close of 1960. The 1,749-mile pipeline will transport propane, butane and natural gasoline from sources in New Mexico. Texas and Oklahoma. The company will deliver butane and natural gasoline to refiners in the McPherson, Kansas area, and propane to delivery points in the McPherson, Kansas through two lines extending north from McPherson, one terminating in the Minneapolis-St. Paul area, and the other near Madison, Wis. Bear, Stearns & Co. and White, Weld & Co. also managed the underwriting group which offered to the public \$20.5 million of subordinated debentures due 1980 and 1,435,000 shares of the company's common stock on March 30, 1960.—V. 191, p. 2204.

Mississippi River Fuel Corp.—Debentures Offered-Eastman Dillon, Union Securities & Co. and associates offered for public sale on July 7 a new issue of \$24,000,-000 of the corporation's 20-year 5\% % sinking fund de

000 of the corporation's 20-year 5%% sinking fund debentures priced at 99.70% and accrued interest to yield approximately 5.40% to maturity.

PROCEEDS—The proceeds from the sale will be applied to the payment of \$24,000,000 outstanding bank loans. The company, incorporated in 1928, has two operating divisions, namely the Pipe Line Division and the Gas and Oil Division, and a wholly-owned subsidiary, Milwhite Mud Sales Co., which manufactures and markets oil and gas drilling additives.

REDEMPTION—The sinking fund for the debentures, commencing July 1, 1965 is calculated to retire more than 66% of the issue prior to maturity. The sinking fund redemption prices is 100%. Optional redemption prices range from 105.08% to the principal amount. The issue is non-refundable for five years.

BUSINESS—The company owns and operates a natural gas line

BUSINESS—The company owns and operates a natural gas line system connected with United Gas Pipe Line Company which distributes gas in the greater St. Louis area. The Natural Gas and Oil Company engages in exploration, development, production and sale of crude oil, natural gas, and condensate in Louisiana, Texas, Kansas and other states.

CAPITALIZATION—The company's consolidated capitalization as adjusted to give effect to the sale of the debentures and payment of bank loans shows long-term debt of \$60,597,000 and 3,596,565 shares of common stock of \$10 par outstanding.

REVENUES—For the three months ended March 31, 1960 the company reported revenues of, \$21,679,000 and income before interest expense of \$19,010,000 compared with \$21,633,000 and \$19,322,000 for the corresponding period last year.—V. 191, p. 2417.

Motor Products Corp.—Acquires—

Motor Products Corp.—Acquires—
The corporation has entered the rapidly-growing pleasure boat industry by purchasing for cash the stock of the Bertram Yacht Co., Inc., of Miami, Florida, Ray Nigro, president, announced July 7. The price was not disclosed.

Bertram Yacht Co., Inc. will be operated as a subsidiary of Motor Froducts Corp. The president of the subsidiary is Richard H. Bertram, yacht broker and powerboat and sailing expert.

The Bertram Yacht subsidiary, said Mr. Nigro, "is already commencing production on a line of 30-foot powerboats in fiberglass. The hull of a boat called 'Moppie,' a 20-foot powerboat which in April under the guidance of Mr. Bertram, Sam Griffith and Carleton Mitchell won the grueling 185-mile open sea Miami-Nassau powerboat race, will serve as the prototype for a mold enabling the production of this craft in fiberglass, the unique new material currently having a tremendous impact on the entire boating industry."

In addition to the new Bertram Yacht subsidiary, Motor Products has the following divisions: Aermotor, Chicago, makers of home and farm water systems; Duncan Parking Meter, also Chicago; Braden Winch and Arrow Gear, both of Broken Arrow, Okla.; Trionics, Madison, Wis., engaged in advance electronic and research work; and Bond Steel and Storage, Detroit, industrial warehousing.—V. 191, p. 2204.

Narda Ultrasonics Corp.—Acquires—

Narda Ultrasonics Corp.—Acquires—
The Narda Ultrasonics Corp., of Westbury, N. Y., has acquired the firm of Clyde W. Bridge, Inc., 11 Niagara Ave. Freeport, New York, custom precision fabricator of sheet metal, Dr. John C. McGregor, Freedent of Narda, announced Narda Ultrasonics is the nation's leading volume producer of ultrasonic cleaning equipment.
Dr. McGregor said that Briggs would be operated as a division of Narda, and that there would be no operational charges except for consolidation of certain administrative functions with Narda's.
Clyde W. Briggs, President, and other management personnel will continue with the Briggs organization, Dr. McGregor said.
Terms of the acquisition were not disclosed.
"Narda now has its own sheet metal facility with modern, first class equipment for at least part of its cabinet work," Dr. McGregor said. "However, we shall not interfere with Briggs' own business commitments and Briggs will continue to serve its own customers as in the past."

the past."

The Briggs facility specializes in all types of sheet metal fabricating, including stampings for industry and cabinet work for electronics and aircraft components. It does complete sheet metal work, from blue print to finishing stages, and it is certified by the Air Force for all types of welding. print to finis types of weld The 15,000

types of welding.

The 15,000 square foot Briggs plant employs 50 persons. Dr. McGregor said the Briggs division's annual volume is expected to reach \$500,000 this year, an increase of about 25% over 1959.—V. 190, p. 1423.

National Tea Co.—Partial Redemption—

The company has called for redemption on Aug. 1 next, through operation of the sinking fund, \$378,000 of its 5% debentures due Aug. 1, 1977 at 100% plus accrued interest. Payment will be made at the Morgan Guaranty Trust Co. of New York, 140 Broadway, New York 15, N. Y.—V. 191, p. 1987.

Natural Gas Pipeline Co. of America-Files for Off'g

Natural Gas Pipeline Co. of America—Files for Off'g
This company, of 122 South Michigan Avenue, Chicago, Ill., filed
a registration statement with the SEC, on July 1 covering \$25,000,000
of first mortgage pipeline bonds due 1980 and 150,000 shares of
cumulative preferred stock, \$100 par. The bonds are to be offered
& Co. Inc., and Halsey, Stuart & Co. Inc., and the preferred shares
by a group headed by Dillon, Read & Co. Inc. The interest and
dividend rates, public offering price and underwriting terms are to
be supplied by amendment. Net proceeds will be applied in part to
the payment of outstanding bank loans and the balance used for
construction requirements. The company proposes to take over, in
July, under a plan of reorganization, the assets and operations of
Peoples Gulf Coast Natural Gas Pipeline Company, successor to Texas
Illinois Natural Gas Pipeline Co.; and as part of such reorganization
the company will issue \$78,750,000 of bonds in two series, maturing
in 1970 and 1975 and b aring 3¼% and 4¼% interest, respectively,
in exchange for bonds of the same maturities originally issue by
Texas Illinois and now constituting a lien on the pipeline system of
Peoples Gulf.—V. 191, p. 1220.

New Jersey Natural Gas Co.-Tenders for Preferred-

The Marine Midland Trust Co., 120 Broadway, New York 15, N. Y. will until 11 a.m. (EDT) on July 20, 1960, receive tenders for the sale to it of 6% cumulative preferred stock at a price not exceeding par (820 per share) to an amount sufficient to exhaust the sum of \$42,400, plus accrued dividends to Aug. 1, 1959.—V. 191, p. 2092.

New Jersey Power & Light Co .- Proposes Sale

New Jersey Power & Light Co.—Proposes Sale—
This company, of Denville, N. J., has filed a proposal with the SEC under the Holding Company Act for the sale to The Singer Manufacturing Co., for \$751,000, of the land and its present office and service building thereon located at 400 East Main St. in Denville; and the Commission has issued an order giving interested persons until July 19, 1960, to request a hearing thereon. The company is in the process of transferring its general office to a building in Convent, N. J., being built for it and an affiliate, Jersey Central Power & Light Co.—V. 191, p. 2640.

(A. C.) Nielsen Co. (& Subs.)-Net Up-Stock Split-

(A. C.) Nielsen Co. (& Subs.)—Net Up—Stock Split—
A. C. Nielsen, Jr., President, on June 30 reported that the consolidated sales of the parent and subsidiary companies for the nine month period ended May 31 were \$22,886,094, representing an increase of 16% over last year.

Net earnings for the period were reported up 97.7%, totalling \$1,-693,586 on an unaudited basis and equivalent to \$2.97 per common share as compared with \$1.50 for nine months of fiscal 1959.

The earnings increase reflects generally improved operating results both at home and abroad, in addition to the elimination of losses incurred by the British subsidiary in television audience measurement during the corresponding period of 1959.

Based on this continued progress, directors, at their meeting today, declared a querterly dividend of 25 cents per share and an extra dividend of 50 cents per share payable Aug. 1, 1960 to common stockholders of record July 11, 1960, and approved a 3-for-1 split of the company's capital stock, together with an increase in the authorized common stock to 2,250,000 shares. The action of the directors is subject to approval by the stockholders at a meeting to be held Aug. 1, 1960.

1, 1960.

Assuming favorable action by the stockholders, it is expected that the close of business on Friday, Aug. 5 will be the record date for determining the stockholders entitled to receive the split common shares. Outstanding share certificates will not be required to be surrendered, and additional certificates for the split shares will be mailed as soon as practicable after the split becomes effective.

The directors indicated that it is their present intention, subject to the usual conditions influencing dividend policy such as business conditions, earnings and the financial condition of the company, including its capital expenditure requirements, to pay quarterly dividends on the split common shares at the rate of 12½ cents. This would be equivalent to 37½ cents on the existing common shares.—

V. 188, p. 2509.

Northern Illinois Gas Co.—To Develop Storage Reservoir

This company on July 1 sought Illinois Commerce Commission ap-roval to develop an underground storage reservoir in the Crescent ity (Ill.) area.

to develop an underground storage reservoir in the Crescent City (III.) area.

The approximate 7,500 acre storage site located about 25 miles south of Kanakee, was first probed for oil with no success. NI-Gas was an interested partner in the oil drilling operations. Boring down to the 3,500 foot level at the John Taden farm, about 2 miles southeast of Crescent City, the rock strata was cored at the same time and sent to the laboratory for minute inspection. Study of the cores indicated the porous St. Peter sandstone found at the 1,200 foot level is suitable for natural gas storage.

M. G. Markle, Vice-President in charge of engineering for the gas company, said studies show that the inverted saucer-shaped St. Peter sandstone stratum at Crescent City, covered by 600 feet of solid rock, can be developed into a successful natural gas storage reservoir.

Northern Illinois Gas is placing a similar storage reservoir it developed at Troy Grove (III.) north of LaSalle into operation this winter.

winter.

Mr. Markle said the company will be able to draw about 100 million cubic feet of natural gas daily from the Troy Grove reservoir for use by NI-Gas' nearly 700,000 customers.

Natural gas stored in the summer, he said, will be used during cold weather when customer demands, especially for space-heating, exceed the available pipeline supply the company receives from the southwest.

exceed the available pipeline supply the company receives from southwest.

Preliminary study indicated the Crescent City storage reservoir will provide about the same daily supply. It is planned to have the Crescent City reservoir ready by the 1961-62 heating season.

In its ICC request, NI-Cas reported that it had taken preliminary steps to obtain a supply of natural gas from the Midwestern Gas Transmission Co. for injection into the Crescent City storage sands. It has an option to buy about one acre of the Clarence Medendorp farm northerst of Gilman (25 miles southwest of Kankakee) for a tap station site. Midwestern's big Portland, Tenn, to Joliet pipeline, which trensports gas to the Chicagoland area, is adjacent to the Medendorp farm.

If the ICC approves the project, Markle explained, NI-Gas plans to

Medendorp farm.

If the ICC approves the project, Markle explained, NI-Gas plans to construct an approximate 11-mile pipeline this summer easterly from the Midwestern tap to the Crescent City storage area. The company hopes to start injecting natural gas into the storage sandstone early

this fall.

Drilling operations now are concentrating on getting eight wells to the storage sandstone completed. Three of these will be used for injecting and withdrawal; the others will be used for observation.

Mr. Markle emphasized that Northern Illinois Gas will continue its search for additional underground storage sites to help meet the increasing demands for natural gas in its service area which has witnessed a population growth of nearly 60% during the past 10 years.

—V. 192, p. 10.

Northern Natural Gas Co.-Expansion-

This company, of Omaha, revealed on June 30 its 1960 expansion plans for the State of Minnesota calling for a \$10 million construction

plans for the State of Minnesota calling for a \$10 minion consequence, program.

"The additional pipeline facilities resulting from this program will enable Northern to make natural gas available this year to distribution utilities in 19 more Minnesota communities and four in Wisconsin," said W. A. Strauss, executive vice president of Northern Natural. In addition to the 19 Minnesota and four Wisconsin towns announced June 30. Northern last week revealed plans to make gas available this year to 34 more Iowa communities.

"Construction of the pipeline extensions will begin during July," Mr. Strauss explained, "and we anticipate completing this year's entire program in time to make natural gas available to the utility companies for distribution in these towns prior to the coming 1980-61 heating season."

season."

This \$10 million program comes on top of the \$24 million expended by Northern in 1959 on new Minnesota facilities including mainline extension from the twin cities to the Duluth-Superior area. The 19 Minnesota communities in the 1960 construction program are Cambridge, Coates, Crosby, Deerwood, Glencoe, Goodview, Hutchinson, Ironton, La Crescent, Lakeville Township, Litchfield, Little Falls, Princeton, Prior Lake, Sartell, Twin Lakes, Waconia, Willmar, and Winona.

The four Wisconsin communities are French Island, La Crosse, Ona-laska and Shelby.

Completion of this current construction program will bring to 501 the number of cities connected to Northern's transmission system, including the 166 in Minnesota.—V. 191, p. 1115.

Nu-Era Corp.—Leases Plant—

Nu-Era Corp. of Rochester, Mich., a monufacturer and distributor of autro-otive replacement gears, has agreed to lease a modern factory which the New Bedford Industrial Development Commission will build for it in the city's new Industrial Park, it was fointly announced or July 1 by Mayor Francis J. Lawler and Phillip S. Chapnick, Nu-Era President.

Nu-Era President.

The new plant, a one-story building covering an area of 50,000 square feet will be erected on a 12-acre sits and will be the largest yet built within the 500-acre Industrial Park. All the Nu-Era gear production currently being carried on in Boston, Mass., and Rochester, Mich., will be transferred to the New Bedford plant which is expected to be completed sometime in November.

Nu-Era will lease the premises for 21 years with an option to purchase it at stated intervals. The site allows for an additional 50,000 square feet of floor space when needed.

About 300 persons are expected to be employed in the new building then it is in operation.

Nu-Era Corp. is also a manufacturer of replacement compon for automotive exhaust systems and is considering a number projects which would take it into other fields.—V. 191, p. 1882.

Obear-Nester Glass Co.-Common Stock Offered-An underwriting group headed by Merrill Lynch, Pierce, Fenner & Smith Inc. offered on July 7, 210,045 shares of no par value common stock of this company at \$33.50 per share. The shares offered are all outstanding and no proceeds from the sale will be received by the company.

CAPITALIZATION—Total outstanding capitalization of the company n April 1, 1960 consisted of 898,500 shares of no par value mmon stock.

common stock.

BUSINESS—The company manufactures and sells a diversified line f machine-made glass containers in flint (clear) and amber glass. It principal manufacturing plant and executive offices are located a Lancoln, Illinois, representation of the company's productive capacity as not been adequate to meet the demand for its products. The langement has had under consideration methods of expansion and itends to go forward as promptly as possible with the program to herease capacity by approximately 20% to 25%.

EARNINGS—For the eight months ended Feb. 29, 1960, net sales amounted to \$11,982,000, and earnings per share were \$1.40 compared with net sales of \$10,603,000, and \$1.10 per share for the like eight months a year earlier.—V. 191, p. 1776 and V. 182, p. 1913.

Officers Automotive Assistance Association, Inc., Fort

Worth, Texas—Files With SEC—

The corporation on June 27 filed a letter of notification with the SEC covering 5,000 shares of common stock (no par) to be offered at \$20 per share, without underwriting.

The proceeds are to be used for general corporate purposes and working capital.

One-Hour Valet, Inc .- To Acquire-

One-Hour Valet, Inc. —To Acquire—
One-Hour Valet, Inc. is negotiating the acquisition of Sayve Corp. of America. Revealing this on June 28 Albert E. Lichtenstein, President of One-Hour Valet, said that he hoped to announce the successful completion of regotiations in a few weeks.

The union of Sayve and One-Hour Valet will concentrate in one company two systems with extensive facilities for setting other people up in business. One-Hour Valet, whose basic business consists of a rapidly growing chain of dry cleaning stores now numbering around 80, has a new program to franchise and lease its smaller units to owner-operators. Now only in its initial stage, this development is expected to lead to a great expansion of the company's operations over the next few years.

Sayve's business is the construction, equipment and sale of mobile business units. These are buildings 47 feet long by 10 feet broad, equipped as self-contained dry cleaning stores or coin-operated laundries. Sayve sells its units outright or through financing plans within the first five years. One-Hour Valet leases its units for an initial five-year period. Both provide continuing services in maintenance and promotion.

One-Hour Valet was founded in 1947 when Mr. Lichtenstein and Sam J. Heimen vice-president and exerctions.

one-thour Valet was founded in 1947 when Mr. Lichtenstein am J. Heiman, vice-president and secretary opened their first querice dry cleaning store in Jacksonville, Fla. In the past dene number of stores grew from five to over 80 as the chain sparoughout the eastern United States. At the same time sales cased from less than half a million dollars to more than sulface.

In the fiscal year ended Oct. 3, 1959, One-Hour Valet reported sales of \$5,249,957 and net income of \$456,557 amounting to 85 cents on each of the approximately 353,240 shares outstanding. The company is owned by approximately 1,500 shareowners and has paid regular quarterly dividends of 7½ cents a share since 1958.

regular quarterly dividends of 7½ cents a share since 1958.

Sayve Corp. of America was set up in May, 1959, by William R. Wallens, 47, fornerly an executive of the American Laundry Machinery Co. About the time that Lichtenstein and Heiman were getting started in One-Hour Valet, Mr. Wallens developed independently a quick service dry cleaning system which he called Martinizing and set up a franchise organization to exploit it. When the American Laundry Machinery Co. acquired the Martinizing process and organization in 1952 he became head of the division in charge of it.

All stock in Sayve Corp. is presently held by Mr. Wallens, his son, Gerald, and top executives of the company. When the acquisition is complete, Sayve Corp. will be a wholly-owned subsidiary of One-Hour Valet headed by Mr. Wallens.—V. 191, p. 1264.

Organ Corp. of America, West Hempstead, N. Y.—Files With Securities and Exchange Commission-

The corporation on June 28, 1950, filed a letter of notification with the SEC covering 100,000 shares of class A common stock (par 10 ents) to be offered at \$3 per share, through J. A. Winston & Co., no. and Netherlands Securities Co., Inc., New York, N. Y.

The proceeds are to be used for general corporate purposes.

Our Lady Queen of Heaven Congregation, Inc., Wisconsin Rapids, Wis.—Notes Offered—Keenan & Clarey, Inc., of Minneapolis, Minn., on June 28 publicly offered 1138,000 of the Congregation's 5%. 5¼%. 5½% and 53%% serial coupon notes, dated June 1, 1960, and due serially from June 1, 1961 through June 1, 1970, inclusive, at par and accrued interest from June 1, 1960. Notes are being offered in \$1,000 and \$500 denominations. Principal and semi-annual interest is payable at the main office of First National Bank of Minneapolis, Minn. Notes of the \$500 denomination are in the 1970 maturity columns. of the \$500 denomination are in the 1970 maturity only.

TRUSTEE—First National Bank of Minneapolis, Minn.

SECURITY—The notes of this issue are a direct obligation of Our Catholic Church Corporation in the Diocese of LaCrosse and are secured by a Trust Indenture to the First National Bank of Minneapolis, The notes are signed by His Excellency, Bishop Treacy, as President of the corporation.

PURPOSE—This issue of coupon notes has been authorized to finance maturing first mortgage bonds and a short-term bank lo made to finance the parish share of cost of Assumption High Sche PREPAYMENT—Any one or all of the notes of this issue may prepaid at par and accrued interest on any interest paying date up 30 days' written notice to the Trustee, First National Bank Minneapolis.

Pacific Coast Co.—Agreement Approved—

Pacific Coast Co.—Agreement Approved—
On June 24 the stockholders met and approved (by a vote of 500,397 shares in favor, 47 shares against) the sale of timberland and certain related manufacturing facilities owned by the company and a wholly owned subsidiary. Over 92% of shareholders entitled to vote were represented at the meeting. On June 27, title to these properties was transferred and payment received in the form of cash and notes as described in the proxy statement. This transaction's importance can be summarized as follows:

(1) A profit in excess of \$2,000,000 will be realized. At the same time, the sale eliminates heavy carrying charges which have restricted the scope of our activities.

(2) The resulting financial position of your company is strong. In round numbers, cash or equivalent has increased from \$3,000,000 as of Dec. 31, 1953 to about \$10,000,000 as of June 30, 1950 and total liabilities have been reduced from \$7,400,000 to under \$1,000,000. Book value per share including certain reserves has increased from \$14 to \$20.

(3) The sale makes available approximately \$9,000,000 or the equivalent of more than \$20 per common share for investment in new activities.

Pall Corp.—To Redeem Debentures-

The corporation has called for redemption on Aug. 1, 1960, all of its outstanding 5½% 15-year subordinated convertible debentures due July 1, 1974 at 105% plus accrued interest amounting to \$4.67 per \$1.000. Payment will be made at The Franklin National Bank of Long Island, 199 Second St., Mineola, L. I., N. Y.

Debentures may be converted at any time up to and including, ut not after, the close of business on Aug. 1, 1960, into class A stock

Debentures may be converted at any time up to and including, but not after, the close of business on Aug. 1, 1960, into class A stock at \$16.67 per share.

The company has entered into an agreement with certain investment bankers the "Purchasers") headed by L. F. Rothschild & Co. whereby the Purchasers have severally agreed to purchase debentures with all coupons appertaining thereto maturing after July 1, 1960 tendered to them by the holders thereof at any time prior to 5 p.m. (EDT), on Aug. 1, 1960 for the sum of \$1,060, flat (less Federal transfer taxes of 50 cents per \$1,000 principal amount if not furnished by the debenture holder) for each \$1,000 principal amount of debentures tendered. Please take notice that this price, after deduction of transfer taxes, exceeds the price (including accrued interest) obtainable by surrendering debentures for redemption. The Purchasers have agreed to convert the debentures tendered into class A stock, The company will pay the Purchasers a commission for their undertaking. Debentures to be tendered to the Purchasers should be delivered to L. F. Rothschild & Co., 120 Broadway, New York 5, N. Y. prior to the close of business on Aug. 1, 1960, together with all urmatured coupons appertaining thereto.—V. 190, p. 2713.

Para Pharmacal Products, Inc., Salem, Ore. — Files With Securities and Exchange Commission-

The corporation on June 22 filed a letter of notification with the SEC covering 1,000 shares of common stock to be offered at par (\$25 per share), without underwriting.

The proceeds are to be used to increase merchandise stock, operations expenses, machinery and equipment, and for a reserve fund.—V. 185, p. 980.

Phelan Finance Corp., Atlanta, Ga.—Files With SEC-

The corporation on June 27 filed a letter of notification with the SEC covering \$250,000 of five-year 6% to 8% variable subordinated debentures to be offered at par in denominations of \$500 and \$1,000. No underwriting is involved.

The proceeds are to be used to reduce bank loans and for working capital.

Pierce's Proprietaries, Inc.-Acquired-

Pierce's Proprietaries, Inc., of Buffalo, N. Y., a family-owned company that has been manufacturing proprietary medicines for over 85 years, has been purohased by the Roberts orothers. Alfred and Bernard, who already own several other companies in the drug as well as cosmetic fields. The firm is known for "Doctor Pierce's Golden Medical Discovery" which is described as "a tonic for the tired and run-down."

run-down."

Other products manufactured by companies owned by the Roberts brothers are: Sofskin Hand Cream, Lydia O'Leary Covernark and Spotstik, Dr. C. J. Moffett's Teethina, A-G Marin Ethical Pharmaceuticals, and Davis-Roberts Mentol Davis, which is widely distributed in South America.

Place Gas & Oil Co. Ltd.—Third 1960 Well-

Place Gas & Oil Co. Ltd.—Third 1960 Well—

Clifford R. J. Smith, President, reports that Place Walpole No. 20 gas well offshore Lake Eric near Selkirk, Ontario, has obtained an open gas flow of approximately 1,100,000 cubic feet of gas per day. Of great significance in this latest well was the flow of gas from both the Red Medina and Thorold formations with total effective pay zones of 31 feet. This is the third successive successful gas well drilled this year by Place on their acreage in the eastern sector of Lake Eric. In the Port Dover and Walpole areas, Place now has a total of 15 commercial gas wells of which 12 are on stream to an extensive gathering system, while the first and second wells drilled this year are currently being connected to the gathering system. This pipe line system ties in to the retail outlet of Union Gas Co. on shore. The current market price paid to Place is 45 cents per thousand cubic feet. The Place Walpole No. 20 well is located one mile south of Walpole No. 8 and therefore has added substantial gas acreage to the company's holdings in this area.

In the western sector, offshore from the important Colchester oil field the Place Colchester No. 4 well is currently drilling at 1600 feet. Place Colchester No. 1 which was drilled last year is now on production as the tank battery facilities have been completed.—V. 191, p. 2308.

Potlatch Motel Co., Sitka, Alaska-Files With SEC-

The company on June 22, 1960, filed a letter of notification with the SEC covering 6,000 shares of common stock and 1,500 shares of 7% participating preferred stock to be offered at par (\$40 per share), without underwriting.

The proceeds are to be used for construction of a building and operating capital.

Producing Properties, Inc.—Acquisitions-

Producing Properties, Inc., national independent oil and gas producing company, has completed acquisition of a major interest in 16 oil and four gas wells, respectively in the GMK San Andres and GMK Yates Fields of Gaines County, Texas, it was disclosed in Dallas on July 1 by Robert J. Bradley, PPI Board Chairman and Chief Executive Officer.

Interest in the 20 wells, acquired at a cost of \$1,350,000, was formerly owned by the GMK Oil Co., and C. V. (Cap) Lyman, of Midland, Texas. The transaction was consummated in Albuquerque, New Meyic

Mr. Bradley said that in the opinion of PPI engineers, the company acquired an estimated 1,230,000 net barrels through purchase of these properties.

This was the second major purchase negotiated recently by PPI in the same general area. Last November, the company acquired the interest of J. C. Williamson and ot ers in the Reeves San Andrews Field in Yoakum County, Texas, for \$1,200,000.

Mr. Bradley also revealed that PPI had finalized sale of the company's working interest in approximately 63 oil and gas wells in the Ringwood Pool of Major County, Oklahoma, for a cash consideration of \$650,000. The property was sold to the Livingston Oil Co. Tulsa, Okla., he said.—V. 191, p. 1568.

Progress Manufacturing Co.-Merger Effective

The merger of Reading Tube Corp., Reading, Pa., into Progress Manufacturing Co., Inc., Philadelphia, became effective on July 2. At a special meeting on June 29, stockholders of Reading approved the merger; stockholders of Progress gave their approval the previous day.

day.

Reading stockholders will receive 6/10ths of a share of Progress common stock for each share of Reading common stock. The transaction will involve the issuance of 438,138 Progress shares. In addition, Reading debentures, preferred stock and common stock purchase warrants will become securities of Progress. Progress' common stock is listed on the American and Philadelphia-Baltimore Stock Exchanges; Reading's common stock is listed on the American Stock Exchange.

In a joint statement, Bernard F. Stolinsky, new Progress Chairman and formerly Chairman of Reading, and Maurice M. Rosen, who continues as Progress President, said that the merger combines two companies whose total assets are in excess of \$33,000,000. Combined sales in 1959 were \$48,533,000.

Progress, outgrowth of a business founded in 1909, is the largest domestic manufacturer and distributor of incandescent and fluorescent lighting equipment for the home.—V. 191, p. 2418.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities
of the country, indicate that for the week ended Saturday, July 9, clearings for all
efficies of the United States for which it is possible to obtain weekly clearings will be
7.1% above those of the corresponding week last year. Our preliminary totals stand
at \$23,284,910,440 against \$21,746,572,466 for the same week in 1959. At this center
there is a gain for the week ending Friday of 17.8%. Our comparative summary for
the week follows:

CLEARINGS-RETURNS BY TELEGRAPH

Week Ended July 9—	1960	1959	%	
	\$12,611,280,709	\$10,702,910,107	+17.8

Other cities, five days	4,120,653,524	4,536,493,395	- 9.2	
Total all cities, five days	\$22,254,747,059	\$20,839,273,783	+ 6.8	
All cities, one day	1,030,163,381	907,298,683	+13.5	
Total all cities for week	\$23,284,910,440	\$21,746,572,466	+ 7.1	

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended July 2. For that week there was an increase of 0.2%, the aggregate clearings for the whole country, having amounted to \$27,652,971,248 against \$27,593,897,204 in the same week in 1959. Outside of this city there was a loss of 1.1%, the bank clearings at this center showing an increase of 1.4%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals record a gain of 1.8% and in the Boston Reserve District of 1.2%, but in the Philadelphia Reserve District the totals register a loss of 8.3%. In the Cleveland Reserve District the totals are smaller by 4.5%, but in the Richmond Reserve District the totals are larger by 6.9% and in the Atlanta Reserve District by 7.4%. The Chicago Reserve District shows a falling off of 2.4%, the St. Louis Reserve District of 0.7% and the Minneapolis Reserve District of 8.0%. In the Kansas City Reserve District there is a decline of 5.6%, in the Dallas Reserve District of 3.2% and in the San Francisco Reserve District of 1.1%.

In the following we furnish a summary by Federal Reserve Districts:

Radio Corp. of America-To Redeem Debentures

Radio Corp. of America—To Redeem Debentures—
The corporation has called for redemption on Aug. 3, 1960, all of its outstanding 3½% convertible subordinated debentures, due Dec. 1, 1980 at 104½% plus accrued interest. Payment will be made at the Irving Trust Co., 1 Wall St., New York 15, N. Y.

The debentures may be converted into common stock at \$49.04 per share at any time up to and including, but not after, the close of business on July 19, 1960.

The corporation has entered into an agreement with Lehman Brothers and Lazard Freres & Co. as representatives of themselves and others (hereinafter referred to as the Purchasers) under which the Purchasers have agreed to purchase at a flat price of \$1,058.50 for each \$1,000 principal amount (less Federal transfer taxes if not furnished by the debenture holder) all debentures, with all coupons

appertaining thereto maturing after June 1, 1960, tendered to them at any time up to the close of business on July 19, 1960. This price is slightly more than that payable upon redemption as described above. The Purchasers have agreed to convert the debentures so purchased into common stock. The corporation has agreed to pay the Purchasers a commission for their undertaking. The agreement between the corporation and the Purchasers provides that the Purchasers may, in addition, purchase debentures on the open market, convert such debentures into common stock, and sell such shares of common stock, and that they may effect transactions in the common stock on the New York Stock Exchange or otherwise for the purpose of stabilizing or maintaining the price of the common stock. Debentures, together with all coupons appertaining thereto, maturing

Debentures, together with all coupons appertaining thereto, maturing after June 1, 1960 may be surrendered for sale to the Purchasers at Irving Trust Co., Corporate Trust Division, 1 Wall Street. New York 15, N. Y., accompanied by instructions to that effect.—V. 192, p. 11.

Republic Corp.—Earnings—

Republic Corp. net income for the 26 weeks ending April 30, 1960, rose to \$1,003,077, or 50 cents a share on the 2,004,190 shares outstanding after \$1,250,000 in Federal taxes and before payment of \$200,000 ror preferred stock dividends.

or s200,000 for preferred stock dividends.

This is nearly double net earnings of \$532,137, or approximately 26 cents a share after Federal taxes but before preferred stock dividends for the comparable 26 weeks of 1959. Republic earned 40 cents a share for the first six months of 1960 after Federal taxes and after preferred stock dividends compared to approximately 16 cents a share after taxes and preferred dividends for the comparable 1959 period.

Victor M. Carter, President, attributed increased earnings during the period to the continued economies and sales instituted by present management.

management.

Gross revenues from all divisions and subsidiaries for the first six months of 1960 totaled \$14,016,422, compared with \$13,172,995 for the corresponding period a year ago.

Republic's steadily improving outlook prompted the board of directors to put the common stock on a regular basis for the first time in the company's 33-year history. The first quarterly dividend of 15 cents a share was paid for the May-June-July period, totaling \$300,629. Another dividend is planned for the last quarter, representing a pay-out of 30 cents a share for the current fiscal year ending Oct. 31, 1960. Thereafter Republic's common stock dividend will amount to 60 cents annually.

Mr. Carter and his associates assumed management of the former.

amount to 60 cents annually.

Mr. Carter and his associates assumed management of the former Republic Pictures Corp. Isas July. Shareowners approved the new corporate title April 5 as better reflecting the company's diversified film processing, plastics manufacturing, distribution and studio rentals.

Mr. Carter said Consolidated Film Industries' Ft. Lee, N. J. and New York film processing laboratories, operating at a loss when new management took over, joined the successful Hollywood lab in showing second-quarter profits. The two Eastern units foresee annual earnings of \$500,000 by year's end.

Republic's plastics subsidiary, Consolidated Molded Products Corp., reported net Pearnings of \$50,000 in March alone, Mr. Carter said. The company's other major sources of revenue included Hollywood Television Service, Republic Pictures Distribution, Republic International, and Republic Productions.

Hollywood Television Service, subsidiary releasing Republic's 850-

Hollywood Television Service, subsidiary releasing Republic's 850-feature library to television, with more than \$4 million in contracts, has acquired distribution of the "Leave It to Beaver" and "Red Ryder" TV series, Mr. Carter added.

Republic, which does not plan to resume flim production, is currently financing two TV series and two motion pictures under a guarantor plan that includes use of the company's facilities.

Mr. Carter revealed the 30-acre undeveloped area north of the Studio City main lot will be reserved for planned development as real estate. He described the acreage as a valuable parcel in the heart of San Fernando Valley growth.—V. 191, p. 1672.

Republic Graphics, Inc.—Common Stock Offered—Theodore Arrin & Co. Inc.; T. M. Kirsch Company and Robert A. Martin Associates Inc., all of New York City, on June 24 publicly offered as a speculation, 75,000 shares of Republic Graphics Inc. common stock (par 10¢)

at an offering price of \$4 per share.

PROCEEDS—Of the net proceeds, \$140,000 will be used for the acquisition of additional machinery and equipment; and \$90,000 for working capital.

sition of additional machinery and equipment; and \$90,000 for working capital.

BUSINESS—The company was incorporated under the laws of the State of New York on Sept. 14, 1959, for the purpose of consolidating the business in the printing and graphic arts iteld of three companies known as York Litho Co., Jim Jones Advertisers Service, Inc. and Salzer & Co. It maintains its principal office and plant at 134 Spring Street, New York City. As a result of this merging, the company owns and operates a completely integrated lithography plant together with the necessary facilities for originating and producing designs and art work to provide for its customers a complete service from the origination of the design to the completion of the finished product. It maintains its own modern full color camera laboratory in which it processes its own work, thus avoiding the necessity of subcontracting this phase of lithography to an outside contractor.

The company specializes in serving large corporations and national advertisers which constitute approximately 57% of the company's sales. Among these customers are the following well-known national advertisers who furnish the company with 50% of its sales: Bulova Watch Co., Inc.; Dorothy Gray Cosmetics; W. T. Grant Co.; International Nickel Co., Lane Bryant; McGregor-Doniger, Inc.; G. C. Murphy Co.; J. C. Penney Co., Inc.; Scott Paper Corp.; Schenley Industries, Inc. In servicing and selling these and other companies, emphasis is placed on providing the customer with an idea for its advertising need, producing the necessary art work and design for the display or package which is needed, and then, throw hits own facilities, following the Job through to final production and shipping.

From time to time when the company's business is sub-contracted to other

From time to time when the company's orders exceed its productive capacity, some of the company's business is sub-contracted to other firms in the field and it is estimated that such sub-contracting does not exceed 10% of the company's business. This sub-contracting in the normal course of events, permits the company to make a profit without the investment or use of any of its funds, equipment or labor and does not adversely affect the net profit of the company. In any event, this does not constitute a significant phase of the company's business.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

Roliton Corp., Denver, Colo.—Files With SEC—
The corporation on June 28 filed a letter of notification with the SEC covering 175,000 shares of common stock (par 50 cents) to be offered at \$1 per share, through Copley & Co., Colorado Springs, Colo. The proceeds are to be used for training, advertising, salaries and fees, travel expenses and working capital.

Sachar Properties, Inc.—Financing Proposal-

Sachar Properties, Inc.—Financing Proposal—
Sachar Properties, Inc., 598 Madiscn Ave., New York City, filed a registration statement with the SEC on July 6, 1960, covering \$300,000 of 8% subordinated installment convertible debentures due 1970, 150,000 shares of common stock, and 30,000 common stock purchase warrants. It is proposed to offer these securities at \$200 per unit, each unit to consist of \$100 principal amount of debentures, 50 common shares, and 10 warants exercisable at \$2 per share until 1965. Ross, Lyon & Co., Inc., and Globus, Inc., are listed as the principal underwriters. Also included in the registration statement are 75,000 five-year warrants sold to a limited group, including Globus and certain stockholders of both underwriting firms, at 10 cents per share, exercisable at \$2 per share and warrants to purchase 45,000 common shares, in units consisting of one such warrant and a share of common stock, which were sold to 14 subscribers, including certain directors of the company.

The company was recently organized under Delaware law and

snare of common stock, which were sold to 14 subscribers, including certain directors of the company.

The company was recently organized under Delaware law and intends principally to deal in and with unimproved real property, to sell parcels as building sites, to subdivide and improve parcels and sell same as building sites, and to obtain or prepare building plans and financing arrangements in respect thereof. Louis Sachar is President and principal promoter. It now owns various properties in Riverdale, Bridgehampton, and Sagaponack, N. Y., and has contract to purchase property in New Rochelle and an option to purchase from Louis and Frances Sachar their interest in the premises Nos. 1571-1579 Second Ave. and 240-250 E. 82nd St., New York. Certain of the properties are subject to mortgage indebtedness. Net proceeds of this financing will be used as follows: \$200,000 to purchase the Second Ave. and E. 82nd St., properties; \$51,000 to purchase the New Rochelle property and the balance for working capital.

In addition to mortgage and other indebtedness, the company has outstanding 295,000 common shares, of which 60% is owned by Louis Sachar and 26% by Frances Sachar.

St. Mary's Hospital & Home, Inc., Winsted, Minn.—Notes Offered—Keenan & Clarey, Inc., of Minneapolis, Minn., on July 1 publicly offered \$50,000 of the Hospital's 5¾% coupon notes, at par and accrued interest from June 1, 1960. These notes, which are dated June 1, 1960, mature June 1, 1970. The notes are being presently offered in \$1,000 and \$500 denominations. Principal and semi-annual interest is payable at the main office of the First National Bank of Minneapolis, Mi All the notes bear interest from June 1, 1960.

SECURITY—The hospital and home is administered by the Sisters of St. Paul's Priory, St. Paul, Minnesota under a lease. The lease payments by the Sisters are more than sufficient to pay the principal and interest on this issue and on a \$1,100,000 bond issue dated Dec. 1, 1958. When the debt is paid, the title to St. Mary's Hospital and Home will be deeded to the Sisters.

PURPOSE—The notes of this issue have been authorized to finance the completion of furnishing the hospital and home.

PREPAYMENT—All the notes of this issue may be prepaid at par and accrued interest on any interest paying date upon 30 days' written notice to Keenan & Clarey, Inc.

Seabrook Farms Co .- Partial Redemption-

The company (formerly Derfield Packing Corp.) has called for redemption on Aug. 1, next, through operation of the supplementary fixed sinking fund, \$120,000 of its 3% debentures, due Feb. 1, 1962 at 100½% plus accrued interest. Payment will be made at The Marine Midland Trust Co. of New York, 120 Broadway, New York 15, N. Y.—V. 191, p. 1569.

Servo Corp. of America-Contracts-

The corporation has received three contracts totaling \$1,300,000, it was announced by Henry Blackstone, president.

A \$1,300,000 contract from the Rome Air Materiel Area embodies new ruggedized UHF Doppler Finding equipment for military use to be produced over an 18-month period. This equipment fixes the exact position of an aircraft coming in for a landing and relays the information via radio to the pilot within seconds.

Other awards are for Dead Reckoning Tracer Test Set equipment for the Aviation Supply Office, Philadelphia, and for advanced Research and Development work on Air Traffic Control equipment for the Army Signal Supply Agency, Fort Monmouth, N. J.

Servo specializes in the Air Traffic Control field and claims to be "a pioneer in infrared systems vital to the nation's defense."—V. 191, p. 2095.

Sierra Electric Corp.—Common Stock Offered—Public offering of 100,000 shares of this corporation's common stock was made on July 7 by an underwriting group headed by Marron, Sloss & Co., Inc. The stock was priced at \$9 per share. Of the offering 80,000 shares were offered for the account of the company and the remaining 20,000 shares for the account of a selling stockholder.

PROCEEDS—The company will use the proceeds from the sale of the 80,000 shares to reduce bank loans, to increase working capital and to acquire certain tools, machinery and equipment.

BUSINESS-The company was incorporated in 1951 and is engaged in the manufacture of electrical wiring devices, plastic products and electronic components. Its main plant and executive offices are in Gardena, California.

EARNINGS-For the five months ended Dec. 31, 1959 the company reported net sales of \$1,622,425 and net income of \$95,264 compared with \$1,344,141 and \$76,695 in the corresponding period of the preceding year.

CAPITALIZATION-Giving effect to the sale of the 80,000 shares for the company there will be 380,800 shares of common stock of \$1 par value outstanding .- V. 191, p. 1439.

Sierra Pacific Power Co. - Debentures Offered - An underwriting group headed by Halsey, Stuart & Co. Inc. offered on July 7 an issue of \$3,500,000 of the company's 5%% debentures due July 1, 1985, at 101.687% and accrued interest, to yield 5.50%. The group won award of

debentures at competitive sale on July 6 on a bid of 100.19%. Salomon Bros. & Hutzler bid 100.111 for 5 3/4; Kidder, Peabody & Co. and White, Weld & Co., 100.10 For 5%s; and Stone & Webster Securities Corp. and Dean Witter & Co. jointly, 100.03 for 5%s.

PROCEEDS—Net proceeds from the sale of the debentures will be used by the company to pay its outstanding bank loans, incurred for construction purposes, and for additional construction expenditures. The company expects construction costs in 1960 to approximate \$6,888,900.

REDEMPTION—The new debentures will be redeemable at regular redemption prices ranging from 107.35% to par, and at special redemption prices ranging from 101.70% to par, plus accrued interest in each case.

in each case.

BUSINESS—Sierra Pacific Power is engaged principally in furnishing electricity in the west central portion of Nevada, where it services Reno, Sparks and Carson City, and in adjacent communities in California, among which are Lake Tahoe Resorts, the cities and towns of Portola, Loyalton and Markleeville, and Antelope Valley in Mono County. It also renders water and gas service in Reno and Sparks, Nevada, and environs.

Southern Union Gas Co. — Debentures Offered — A group of investment firms headed by A. C. Allyn & Co., Inc., and Snow, Sweeney & Co. Inc., on June 29 publicly offered \$12,000,000 of Southern Union Gas Co. 5½% sinking fund debentures due 1985, in \$1,000 units at par plus accrued interest from June 1, 1960.

DESCRIPTION OF DEBENTURES—The issuance of the debentures as been authorized by the Arizona Corporation Commission, The Public Utilities Commission of the State of Colorado and the New Mexico ablic Service Commission.

Public Service Commission.

The debentures are to be dated as of June 1, 1960, are to mature June 1, 1985, and are to bear interest at the rate of 5½% per annum, payable semi-annually on June 1 and Dec. 1. The debentures are to be issued in coupon form in the denomination of \$1,000. Registered debentures, without coupons, may be issued in denominations of \$1,000 or multiples thereof. In the manner and upon payment of the charges prescribed in the indenture, debentures will be interchangeable at the option of the holder, coupon debentures for registered debentures and registered debentures for coupon debentures.

REDEMPTION PROVISIONS—The debentures are to be redeemable at any time and from time to time, on not less than 30 nor more than 60 days' prior notice, in whole or in part at the option of the company, at the following redemption prices (expressed as a percentage of the principal amount), in each case plus accrued interest to the date fixed for redemption:

Provided, however, that prior to June 1, 1965, the company shall not be permitted to redeem any debenture if such redemption is made solely or primarily, directly or indirectly, for the purpose of refunding all or part of the debentures at a lower rate of interest. Any Certified Resolution delivered to the Trustee providing for the redemption of all or a part of the debentures prior to June 1, 1965, pursuant to the foregoing provisions, shall include the finding that such redemption is not made in violation of the above restriction.

The debentures may also be redeemed for the purposes of the sinking fund hereinafter referred to, upon at least 30 days' published notice, at their principal amount plus accrued interest to the date fixed for redemption.

SINKING FUND—The company will annually, on or before May 31, in each year, beginning in 1961, pay to the Trustee a sum sufficient to redeem on the following day (June 1) \$480,000 principal amount of debentures. Any sinking fund payments may be made, at the option of the company, either in cash or through advance delivery to the Trustee of debentures, or partly in cash and partly through such delivery of debentures, and to the extent of the principal amount of the debentures so deposited in advance the principal amount of debentures required to be redeemed through payment of cash will be reduced. The company shall also have the right to anticipate sinking fund requirements but only through the advance delivery of debentures to the Trustee and/or through the redemption by the company of debentures at the "regular redemption price" set forth above under the subcaption "Redemption Provisions."

PROCEEDS—The net proceeds to the company from the debentures offered will initially be added to the general funds of the company and applied as hereinafter indicated.

\$4,000,000 thereof will be applied to the discharge of term bank loans incurred by the company during the last quarter of 1959. Such bank loans constituted a portion of the financing required to carry on the company's program of additions, betterments and extension to its plant, property and equipment. Such program in 1959 involved gross expenditures by the company of approximately \$13,400,000.

The original budget of the company for its similar program in 1960 aggregated \$14,008,107. Such 1960 budget has been subsequently revised and reduced to an estimated total of \$10,874,307. Gross expenditures contemplated by such revised budget are estimated in the following general classifications:

Transmission facilities		\$50,519	
Distribution facilities		3,374,932	
Production and gathering	facilities	2,033,221	
Well drilling and explora		3,026,000	
Acquisition of oil and ga			
General property		1,492,635	
Total		\$10,874,307	

The revision in the company's 1960 budget involved the postponement into subsequent years of a number of projects which, in the opinion of the company, could be so deferred without a material adverse effect on its general service. Contributing to the company's determination to reduce its 1960 budget, as described above, were the current level of interest rates in the financial markets and a decision in the company's New Mexico rate case.

pany's New Mexico rate case.

Remaining net proceeds from the debentures to the company will be applied as needed to permit completion of the 1960 capital expenditure budget of the company as revised. Additional financing may be needed to complete the company's revised 1960 program, which additional financing the company presently contemplates securing from new term bank loans. No arrangements for such loans have been

BUSINESS—Southern Unron Gas Co., is a corporation organized under Delaware laws in 1932. Its primary business is that of a public utility, rendering natural gas service in Texas, New Mexico, Arizona and Colorado. Of the 340,340 consumers being served by the company at Dec. 31, 1859, 180,146 (or 53%) were served through local gas distribution operations and facilities for which the supply of natural gas was purchased near the respective city limits from non-affiliated pipe line systems. En serving 135,865 (or 40%) of its consumers, the company operated facilities for the gathering and/or transmission of all or a substantial portion of the gas supply, in addition to the local distribution systems. Service rendered to the remaining 24,329 consumers (7%) was indirect, in that the company delivered gas to non-affiliated concerns which in turn performed the distribution operations in the respective local areas. In 1959 the company and its subsidiaries produced from their own wells approximately 10% of the gas required to supply such consumers, the remainder, being purchased by the company from others.

The économic support of the communities served by the company is widely diversified. In general, the territory is not heavily industrialized. Agriculture, livestock raising, production of oil and gas, and the accommodation of a substantial tourist trade contribute variously to the respective economies. Illustrative of industrial consumers served by the company are electric generating plants, potass mines and plants, oil refineries and miscellaneous manufacturing or processing concerns. In addition, the company serves several military establishments and the atomic energy project at Los Alamos, New Mexico.

UNDERWRITERS—Each of the underwriters named below has severally agreed, subject to the terms and conditions of the purchase agreement, to purchase from the company, in the respective amounts set forth below, an aggregate of \$12,000,000 principal amount of the contractions.

Spencer Chemical Co.—Acquisition—

Spencer Chemical Co. added extensive coal mining operations to its corporate activities on June 30 with the formal closing of the acquisition of the business and assets of The Pittsburg and Midway Coal Mining Co.

The agreement and plan of reorganization by which the acquisition was effected was approved by Pittsburg and Midway shareholders on June 8 and by Spencer shareholders on June 28, 1960. In accordance with the plan, the authorized Spencer common stock was increased from 2,000,000 to 5,000,000 shares and a two for one stock split-up in the form of a 100% stock dividend was approved.

J. C. Denton, President, indicated that this acquisition should provide sound diversification and should assist in reducting the fluctuations in Spencer sales and net income which in the past have resulted from the strongly seasonal nature of a large portion of its husiness. During its fiscal year ended March 31, 1960, Pittsburg and Midway had sales in excess of \$16,000,000 and net income of approximately \$1,750,000. Mr. Denton further pointed out that the mining skills which Pittsburg brings to the Spencer organization might well serve as a basis for further expansion into other chemically related mining fields.

Mr. Denton indicated that the coal operations would be carried on as a wholly-owned subsidiary of Spencer under the corporate name of The Pittsburg & Midway Coal Mining Co.—V. 191, p. 2248.

Storm Mountain Ski Corp.—Financing Proposal—

Storm Mountain Ski Corp.—Financing Proposal—
This corporation, of Steamboat Springs, Colo. filed a registration statement with the SEO on June 30, 1960, covering \$500,000 of 8% subordinated debentures due 1975 and 100,000 shares of common stock to be offered for public sale in units consisting of a \$50,000 ebenture and 10 shares of stock at \$75.00 per unit. The company will pay a 7% commission to officers and directors, employees, and appears of employee to sell the securities.

The company was organized under Colorado law in April, 1959 for the p-rpose of developing and operating a ski and summer resort on Stemboat Springs, and 162 miles from Denver. The company does not own the land to be used for its contemplated operation. Of approximately 727 acres of privately-held land needed, 200 acres have been leased from James W. Temple, president and one of the promoters of the company. The rental to Temple is 20% of the company set income per year. About 527 acres are under option to purchase by the company. According to the prospectus, the company has only nominal amounts of capital funds at the present time; and, assuming the sale of the units, the investing public will have furnished substantially all of the company's capital funds at the present time; and, assuming the sale of the units, the investing public will have furnished substantially all of the company's capital funds and will thus bear most of the financial risk of the venture. The net proceeds from the proposal will be used to pursue the development of the resort. Part of the expenses for such development are estimated at \$160,000 for a restaurant and ski shop building and \$40,000 for land, \$70,000 for a restaurant and ski shop building and \$40,000 for land, \$70,000 for a restaurant and ski shop building and \$40,000 for land, \$70,000 for a restaurant and ski shop building and \$40,000 for land, \$70,000 shares (65.65%) are owned by Temple, 11,825 shares (11.10%) by Willis Nash; and 75,000 shares (73.05%) by the company's officers and directors as a grou

Tamarack Country Club, Inc.—Registers Debentures-

Tamarack Country Club, Inc., 2813 Peregoy Drive, Kensington Height, Md., filed a registration statement with the SEC on July 5, 1960, covering \$3,067,500 of 30 year non-interest bearing subordinated debentires, due June 1, 1990, to be offered for sale in \$100 units. The debentures are to be offered to persons approved for membership in the Club in the principal amounts equal to the initiation fee for the particular class and group of membership for which the approved applicant has applied. Initiation fees vary from \$500 to \$2,500; thus, debentures may be offered in amounts between these limits. No underwitting is involved, the offering to be made by officers and directors of the Club to those approved for membership. They will receive 10 commission on each membersnip application which is ultimately approved by the Club.

The Club was organized under Maryland law on May 4, 1960, and proposes to construce, develop and operate a private country club on River Road, Seneca, Md. It's only operations to date have consisted of negotiations and arrangements directed toward achievement of that purpose. It has contracted to purchase a 250-acre tract some ten miles north of Potomac, Md., and working plans for the clubhouse are now being completed. Of the net proceeds of the debenture sale, \$139,000 will be applied to the purchase of land; \$1,716,150 for the clubhouse; \$140,000 for decorations and furnishings; \$220,000 for golf courses; and other lesser amounts for various other related purposes.

courses; and other lesser amounts for various other related purposes. According to the prospectus, John J. Bender, President, and James M. Spittel, Treasurer, are promoters of the Club. Mr. Bender owns 750 shares (23.8%) and Mr. Spittel 500 shares (15.4%) of the outstanding stock, and Paul S. Shanholtz, Vice-President, also owns 500 shares. Prior to organization of the Club, another corporation, Tamarack Estates, Inc., was organized by the same persons; and the two companies have identical directors, officers and stockholders. Mr. Bender and Mr. Spittel purchased their combined total of 1,250 shares of Estates for 10 cents per share and the other stockholders purchased the remaining 2,000 shares at \$1 per share. Estates has contracted to purchase a 531-acre tract for a total purchase price of \$550,000; and it has contracted to sell about 250 acres to the Club for the erection of its facilities and construction of the golf course. The remaining land is to be subdivided into lots of two acres or more for sale by Estates only to members of, the Club or to persons approved for membership in the Club.

Tractor Supply Co.—Sales Up—Acquires—

Sales volume in June of Tractor Supply Co., Chicago-based retailer of farm equipment parts, exceeded that of any preceding month of the firm's 21 year hictory by a substantial margin, Charles E. Schmidt, Chairman, announced on July 4. Frelirinary figures show last month's mark, up 24% over the June, 1959 figure, was 10% greater than September, 1959, the Dreyloss best month on record.

With the clause of two third cost the firm's operating year ending

With the elapse of two-thirds of the firm's operating year ending Oct. 31, Mr. Schmidt predicted Tractor Supply should earn "at least" st.55 a share in fiscal 1960, compared with \$1.51 in the previous 12 months. "Sales should total close to \$12 million, up 15% from the

\$10,404,000' reached last year," he added "These totals would mark new all-time highs for Tractor Supply in both earnings and sales, "The opening of six new stores during the current fiscal year and addition of new items to our stock of merchandise are primarily 1e.pons.be 10r the expansion." Mr. Schmidt said.

Tractor Supply will enter an important new segment of the agricultural machinery parts market with acquisition of America's leading independent supplier of spindles for cotton pickers, Mr. Schmidt said.

The acquisition of Spindle Specialty Co. of Bakersfield, Calif., became effective on July 6 through payment of an undisclosed sum of cash.

The acquisition of Ephanical December of the became effective on July 6 through payment of an unusual became effective on July 6 through payment of an unusual became a particle of the patentee Linsey hi-Be. b Spindle will serve Tractor Supply in an advisory engineering capacity. "We are extremely fortunate to add a man of Mr. Lindsay's creativity and ability to our staff," Mr. Schmidt emphasized.

For the year ending Dec. 31, 1959, Spindle's sales were about

For the year ending Dec. 31, 1959, Spindle's sales were about \$400,000. Volume this year is expected to double, and could approach the \$1 million level. The firm's line of spindles is designed for service on all three American makes of cotton pickers.—V. 191, p. 1479.

Underwood Corp.—Deb. Conversion Priced Lowered-

The price at which Underwood Corp. 5½% convertible sub-ordinated debentures may be converted into common stock has been adjusted from \$22.65 to \$21.70 per share according to a certificate of Price, Waterhouse & Co., Underwood's independent auditors, filed with First National City Trust Company, the indenture trustee for the debentures, on July 5.

The adjustment was made to reflect the issuance of 1,200,000 shares of Underwood common stock to Olivetti Corp. of America on July 1, 1960, in consideration for the acquisition by Underwood of the assets of Olivetti, pursuant to an agreement approved by the Underwood stockholders at a special meeting held June 29, 1960.—V. 192,

United States Bowling Corp., St. Paul, Minn. — Files With Securities and Exchange Commission—

The corporation on June 22 filed a letter of notification with the SEC covering 112,500 shares of common stock (par 25 cents) and \$112,500 of 10-y:ar 64% subordinated convertible debentures to be offered at \$200 per unit, in units of one debenture (\$100 principal amount) and 100 shares of common stock. The offering will be underwritten by Irving J. Rice & Co., St. Paul, Minn.

The proceeds are to be used for working capital to lease and operate additional bowling centers.

U. S. Photo Supply Co., Inc., Washington, D. C.—Files With Securities and Exchange Commission—

The corporation on June 23, 1960 filed a letter of notification with the SEC covering 120,000 shares of common stock (par 50 cents) to be offered at \$2.50 per share, through Balogh & Co., Washington, D. C. The proceeds are to be used to pay debts and increase line of credit

Victoreen Instrument Co.-Acquired-

The Cleveland company has transferred its Standard Felt Division its recently-acquired subsidiary, Federal Manufacturing & Engineerge Corp. in a move giving Federal new working capital and a commend backlog of orders totalling \$6,000,000.

This was announced by David H. Cogan, Chairman and President of Victoreen, who also disclosed that Federal has acquired Nuclear-Flectronics Corp., Bronx, N. Y., in an exchange of stock. This acquisition, he said, acids an additional \$500,000 to Federal's working capital.

Mr. Cogan said that Federal already is setting up production lines in connection with the recent initial \$2,000,000 order from BBM Photocopy Manufacturing Corp. for the manufacture of a new electronic photocopy machine.—V. 191, p. 2353.

Transistor Specialties, Inc. — Stock Offered — United Planning Corp.; The James Company and Mutual Fund Sales Co., on June 30 publicly offered 83,000 shares of Transistor Specialties, Inc. common stock (par 10¢) at \$3 per share.

BUSINESS—The company is engaged in the design and manufacture of electronic devices, such as transistor checkers, various transistorized regulated power supplies, and transistorized digital counters in the range of 100 KC, 1 MC and 10 MC.

ADDRESS—The address of the company is Terminal Drive, Plainview, L. I., N. Y.

PROCEEDS—The net proceeds will be used for general corporate purposes.—V. 191, p. 1160.

Tri-Metal Works, Inc.—Stock Split—News

Effective Aug. 1, 1960, the common stock of Tri-Metal Works, Inc., this Fast Riverton, N. J., firm will be split four shares for each share held.

The forthcoming action is the result of a proposal by the firm's Board of Directors and was approved by vote of the common stock-holders.

holders.

Tri-Metal Works, Inc., manufactures Freezer-Fresh soft ice cream mobile units and Oven-Fresh pizza pie vehicles. The company which offered its stock to the public for the first time last November, is one of the largest national manufacturers of mobile refreshment units.

Rowen Stuffer, President of Tri-Metal Works, Inc., also has an-ounced that the firm's sales this year have increased approximately 00% over a corresponding period for last year.

For the first five months of 1960, Tri-Metal's sales reached \$1,816,000.00 as compared to a figure of \$601,000.00 for a similar period in 1959.

Pre-tax profits for the first five months of 1960 were \$162,000 compared to last year's total of \$56,000 for the same time period. This represents an increase of about 290%.

Owners of Tri-Metal, Inc., preferred stock may convert to the common stock. The conversion prior to the split is four shares of common stock for five shares of preferred. After the split, the conversion will be 16 shares of common for five shares of preferred.—V. 190, p. 2289.

Net proceeds of the stock ale will be used by Wachusett Gas for the payment of a like amount for bank indebtedness incurred for property additions and improvements.

Wallson Associates, Inc.—Sells Test Units-

Wallson Associates, Inc.—Sells Test Units—
This Elizebeth, N. J., manufacturer of custom test equipment for electronics, has sold to the Semiconductor Division of Motorola, Inc. 40 Power Panel units to be used for life tests for reliability of rectifiers. With these new Type 154 Power Panels the line tests can be made at power cost less than 3% of that required by former methods, it was stated by Joel P. Wallenstein, Wallson's Founder and President.

These newly developed test sees have also been sold by Wallson to Western Electric, Hoffman Electronics, I. T. & T., and General Instruments among others, Mr. Wallenstein reported. Since the same model can be used to test rectifiers from ¼-amperes to 20-amperes, they provide flexibility of use as well as low initial cost and low operating cost.

The current increase in demand for reliability in electronic equipment, stated Mr. Wallenstein, has stimulated a sharp rise in orders for Wallson's line of custom test equipment including Thermal Impedance Measuring Sets, Surge Test Adapters, Power Panels and other special devices. This equipment is used for incoming inspection tests and use tests for reliability of transistors, rectifiers and diodes.—V. 191, p. 1818.

Western Factors, Inc.—Files for Offering-

Western Factors, Inc.—Files for Offering—
This firm, of Suite 1201, Continental Bank Building, Salt Lake City, Utah, filed a registration statement with the SEC on June 29, 1860, covering 700,000 shares of common stock, to be offered for public sale at \$1.50 per share on a best efforts basis through Elmer K. Aagaard. The underwriter will receive a 25% selling commission on all consummated sales, plus expenses to the extent of \$25,000 payable progressively on the basis of 10c per share for each share sold up to 250,000 shares. In addition, the underwriter will receive a one year warrant to purchase an aggregate of not to exceed 25,000 shares at \$1.50 per share.

The company is engaged in the factoring of mercentile accounts a

at \$1.50 per share.

The company is engaged in the factoring of mercantile accounts, a financial service that consists of the sale of current accounts receivable to the factor accompanied by an assignment of the accounts reprincipally to purchase additional accounts receivable and also may be used to liquidate current and long-term liabilities. The company has outstanding 218,684 shares of common stock, of which, 30,000 shares (13.71%) are owned by Cleve P. Johnson, president: 33,340 shares (15.345%) by Evan M. and Mildred Johnson; and 67,500 shares (30,866%) by the company's officers and directors as a group.—V. 189, p. 1840.

Western Land Corp.—Proposes Offering-

This corporation, of 2205 First National Eank Building, Minneapolis, filed a registration statement on July 5 covering 1,500,000 common shares, to be offered for public sale at \$2 per share. The offering is to be made on a best efforts basis by First Western Corp. of Minneapolis, for which it will receive a 30c per share selling commission. The underwriter's president is an officer of the company.

underwriter's president is an officer of the company.

The company was organized under Delaware law in January, 1960, and proposes to engage in the real estate business, including the purchase and sale of real property and the purchase or construction and development of industrial and other properties, including shopping centers and department and office buildings. Initially, it will concentrate on stores and shopping centers. Net proceeds of the stock sale will be applied to these purposes.

The company now has outstanding 70,000 shares held in equal amounts by Leslie F. Crews, of Edina, Minn., Board Chairman, Charles, N. Schieb of Mt. Prospect, Ill., President, and five other officers and promoters. Each has ten-year warrants to rurchase an additional 10,000 shares, exercisable initially at \$2 per share.

Win-Chek Industries, Inc.—Class A Stock Offered—Michael G. Kletz & Co., Inc. is manager of an underwriting group which offered on July 8, 150,000 shares of Win-Chek Industries, Inc., class A stock at a price of \$3 per share. The offering marks the first public sale of the company's class A stock.

PROCEEDS—Net proceeds from the sale of the stock will be used by the company for various corporate purposes, including purchase of additional aluminum siding inventory; to expand and develop its sales territories, to purchase additional van trucks, tractors and trailers. The balance of the proceeds will be used to reduce outstanding accounts payable, payments of indebtedness and to improve the working crpital position of the company for its expansion and improvement program.

BUSINESS—WIN-Chek Industries, Inc., which was incorporated in 1950 under the laws of the State of New Jersey and which changed its name from Jersey Screen & Storm Window Co., Inc. on April 11, 1960, to conform more accurately to the name by which its operations are known to the public, is engaged in manufacturing and distributing aluminum combination storm and screen windows, aluminum combination storm and screen doors, aluminum jalousie windows and doors, and more recently, aluminum clapboard siding. The company's plants and warehouses are located in Moonachie and Hackensack, N. J.; Elk Grove, Ill.; Waltham, Mass.; Rochester, N. Y. and Spring-field, Va. Its main offices are in Moonachie, N. J.

EARNINGS—For the fiscal year ended Jan. 31, 1960, the company and its affiliates had consolidated sales and income of \$8.890,379 and net income of \$224,461, equal to 36 cents per share of class A and class B stock.

CAPITALIZATION—Upon completion of the current financing, outstanding capitalization of the company and its subsidieries will consist of \$481,775 of sundry debt; 325,000 shares of class A stock and 450,000 shares of class B stock.—V. 191, p 1924.

Yuba Consolidated Industries, Inc.—Acquisition-

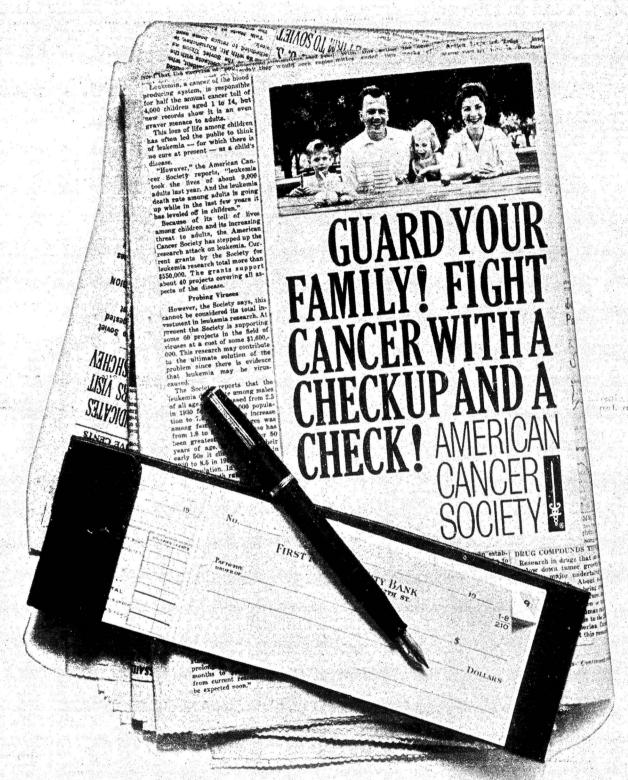

The San Francisco firm has purchased the K. W. Anderson Co. of Tulsa, Okla., manufacturers of high temperature furnaces for processing industries, it was announced on July 6 by John L. McGara, President of Yuba.

Anderson is being consolidated with the Petro-Chem Development Division of Yuba because their products and markets are compatible. Sales activities of the combinel organizations will headquarter out of Tulsa, Okla. Due to order backlogs, Petro-Chem Development Division for the time being will maintoin design, engineering and manufacturing activities in both its Houston, Texas, plant and the Anderson facility in Tulsa.

The company said that Yuba is now in a position to offer its customers both the Anderson horizontal UNI-RAD furnace and the Petro-Chem vertical ISOFLOW furnace, both types being used by the petroleum, chemical, petrochemical, and pulp and raper industries.

Kenneth W. Anderson, formerly President of the K. W. Anderson Co., Tulsa, will be Vice-President and General Manager of the Petro-Chem Development Division of Yuba, McGara said.

The Anderson facility is located on a 4½-acre site in Tulsa and is fully equipped for the manufacture of heater assemblies.—V. 191,

fic on the parkway in May showed an increase of 21% over the same month a year ago, Thomas B. Manuel, Chairman of the Authority, said on June 30.

Gross income, too, recorded a substantial rise of 14.6%, Manuel

added.

He pointed out the increases marked the 20th consecutive month in which gains were marked up over the same months in the preceding years.

In May 349,768 vehicles used

the turnpike for a gain of 60,931 over May, 1959. The daily average of 11,282 vehicles was 1,965 more than the daily average of May,

Gross income of \$435,299.13 was \$55,398.13 ahead and net income of \$313,915.94 was up \$23,899.21.

For the first two months of the fiscal period which began April 1, gross income of \$952,665.02 was up \$132,304.81 or 16% above 1959 figures. Net income for the period was \$715,867.71 and \$81,-465.49 above the year ago figures.
Chairman Manuel said that the

Authority has retired a total of \$7,900,000 of its original issue of \$74,000,000 in revenue bonds, leaving \$66,100,000 now outstand-
