Allegheny Pepsi Cola Bottling Co.—Securities Offered Allegheny Pepsi Cola Bottling Co.—Securities Offered —Pursuant to an Aug. 30 prospectus an underwriting group headed by Weil & Co., of Washington 5, D. C., and Suplee, Yeatman, Mosley Co., of Philadelphia 2, Pa., offered publicly 200,000 shares of this firm's 50¢ par common stock and \$500,000 of its first mortgage serial bonds. The bonds, which are due Jan. 1, 1963 through July 1, 1972, were offered at par, plus accrued interest from July 1, 1960, in denominations of \$500 or multiples thereof. The stock was offered at \$50 per share.

PROCEEDS—Allegheny has entered into a contract to purchase

Thereof. The stock was offered at \$50 per share.

PROCEEDS—Allegheny has entered into a contract to purchase all of the outstanding securities of Cloverdale for \$1,600,000. The net proceeds to be received by the company from the sale of the stock and bonds will be approximately \$1,315,000 after deducting underwriting costs and other expenses to be borne by the company. Approximately \$1,257,000 of this will be used, with other funds of the company, supplied by Mr. and Mrs. Lapides as set forth below, to purchase the outstanding shares of Cloverdale. Approximately \$49,000 will be used to retire Cloverdale's note payable to the bank. Any excess proceeds (approximately \$9,000) will become part of the company's general funds and as such may be applied to any corporate purpose.

company's general funds and as such may be applied to any corporate purpose.

The price for the Cloverdale securities was reached after lengthy negotiations between Mr. Morton M. Lapides, now President of Allegheny, and Mr. Pannilli Martin, President and principal stock-holder of Cloverdale, and their legal advisers. Consideration was given to the fact that the purchase price was approximately 20 times earnings for the fiscal year ended Dec. 31, 1959 and approximately 31 times average earnings for the past five fiscal years.

Mr. Morton M. Lapides, the President and Chairman of the Board of Directors of Allegheny, and his wife, Mrs. Joan E. Lapides, have purchased 85.715 shares of the common stock at \$4 per share or a total of \$342,860. For this investment, they have received approximately 30% of the common stock. None of the shares purchased by Mr. and Mrs. Lapides are covered by the Registration Statement. The company has employed \$200,000 of these funds as a deposit on the contract of purchase of Cloverdale. The terms of that contract are such that if it is not consummated this sum will be forfeited to Pannill Martin, President of Cloverdale, as liquidated damages. Settlement under the contract must be made on or before Sept. 15, 1960. Should forfeiture under the contract occur the entire loss will be borne by Mr. and Mrs. Lapides, Attention is invited to the fact that Mr. and Mrs. Lapides have acquired these shares at a price \$1 per share below the public offering price.

BUSINESS—Allegheny Pepsi Cola Bottling Company, a Delaware Corporation was inconverted annil 21, 1966 (with certain amand.

shares at a price \$1 per share below the public offering price.

BUSINESS—Allegheny Pepsi Cola Bottling Company, a Delaware Corporation, was incorporated April 12, 1960 (with certain amendments to the corporate charter on May 25, 1960). The company was incorporated to acquire all of the outstanding securities of the Cloverdale Spring Company, a Maryland corporation which has been engaged in the busines of manufacturing and distributing Pepsi Cola and Pepsi Cola syrup in certain counties in Pennsylvania, Maryland, Virginia and West Virginia since 1934 under a franchise from the Pepsi Cola Company, Cloverdale also manufactures and distributes a complete line of non-cola soft drinks in the same area.

The securities to be acquired by the company are:

All of the issued and outstanding common stock preferred stock

All of the issued and outstanding common stock, preferred stock and prior preferred stock of Cloverdale, which comprises all of the outstanding securities of that company.

UNDERWRITERS — The several underwriters named below have entered into an underwriting contract with the company pursuant to which they have agreed severally to purchase from the company the following respective numbers of shares of common stock and principal amount of bonds:

#### America Corp.—Acquires Stock—

America Corp.—Acquires Stock—
America Corp., formerly Chesapeake Industries, Inc., announced on Sept. 1 purchase of 403,932 outstanding shares of Universal American Corp. common stock, for an undisclosed amount of cash.

In addition to other industries, the diversification move puts America Corp. into a basic phase of the guided missile field, according to Gordon K. Greenfield, President. He said that Paul Hardeman, Inc., a wholly-owned subsidiary of Universal American, is a pioneer desinger and prime contractor of guided missile launching sites.

Acquisition of the 403,932-share block makes America Corp. one of the largest holders of Universal American stock, with 12½% of the 3,254,283 presently outstanding shares, Mr. Greenfield said.

Universal American reported sales of \$16,857,000 for the first six months of 1960, up 40% over a year ago, and earnings after taxes of \$54,800 equal to 17 cents a share, up 18% from the first half of 1959.

Universal American's subsidiaries, in addition to the Hardeman Co. of Stanton, Calif., include Norma-Hoffman Bearings Corp., Stamford, Conn., maker of precision anti-friction ball and roller bearings; Hardie Manufacturing Co., Wilkes-Barre, Pa., producer of agricultural spraying equipment; Amron Corp., Waukesha, Wis., defense contractor; and Universal, American Realty Corp., Miami, Fla., which ownslarge residential, industrial and commercial acreage south of Miami, America Corp. is a diversified company with subsidiaries in the motion picture and TV film processing, metal products and gas utility fields. The companies are Pathe Laboratories, Inc., New York City and Los Angeles; Virginia Metal Products, Inc., Orange, Va. and Belmont, Calif., and Portsmouth Gas Co., Portsmouth, Ohio.—V. 192, p. 697.

#### American Israeli Paper Mills, Ltd.—Annual Report-

Net income from operations of American Israel Paper Mills Ltd. for the fiscal year ended March 31, 1960, exceeded the previous year despite a three-month shutdown for the expansion of its paper making facilities, Joseph M. Mazer, Chairman of the Board, announced as the company's annual report was distributed to holders of American shares.

shares.

This was the first annual report to holders of American shares since the stock was listed for trading on the American Stock Exchange in August 1959.

He reported that net income from operations amounted to \$1,476,636 compared with \$1,470,968 the previous year. Sales were \$5,951,918 against \$6,813,514.

Because of the company's decision to charge off shut-down start-up expenses of \$751,195 to income as a non-recurring loss, stead of amortizing the cost, net income after taxes amounted

\$594,807, equal to 27 cents per share on American shares, against \$735,591, or 33 cents a share in the previous year.

Mr. Mazer noted that the company's progress "has allowed this sound financial policy (of charging off the non-recurring expenses) to be adopted, which is in contrast to the position when the company first started operations." At that time, he explained, \$278,500 start-up and running-in expenses were capitalized, of which more than 50% have already been amortized.

"Based on results of operations so far in the current fiscal year." he said, "we hope this year to be the best ever for both sales and net earnings. Completion of the major part of our expansion program means more than doubling of our productive capacity, and we expect to make full use of this capacity during the remainder of the year.

"While first quarter sales were somewhat slowed by the unexpected delays in resuming production after the shut-down, they nonetheless ran ahead of the year-ago period, and the remaining months of the year will show still greater year-to-year gains as American Israeli Paper Mills experiences the most successful year in its history."

The annual report noted that stockholders will vote at the annual general meeting in New York City on Sept. 28 on the board's recommendation of a 3% stock dividend to holders of record on that date.

-V. 191, p. 2410.

Amphenol-Borg Electronics Corp.—Building Program

Amphenol-Borg Electronics Corp.—Building Program
The corporation has announced a \$4,175,000 building program to
expand facilities at several of its plant sites.

Matthew L. Devine, President, said that directors have authorized
the immediate construction of a 125,000 square foot addition to the
Amphenol Connector Division plant in Broadview. The addition will
be erected at a cost of \$1,035,000 and will house the Punch Press
department now located in Cicero, Ill., and the assembly operations
now housed in Chicago. Present plans call for completion in mid-1961.
Authorization was also given for the immediate construction of a
new 60,000 square foot building for the Amphenol Distributor Division
adjacent to the main plant in Broadview. The building will be used
primarily for a warehousing and national distribution center. The
building is scheduled to be ready for occupancy in May 1961 at a cost
estimated at \$580,000.

A 47,500 square foot addition to the Borg Fabric Division plant in
Jefferson, Wis, has also been authorized Immediate construction will
start on this new \$345,000 addition, which will be used for expansion
of knitting operations.

The Amphenol-Western Division has also broken ground for a
45,000 square foot addition to its present plant in Chatsworth, Calif.,
near Los Angeles. The new addition and the purchase of an additional
2½ acres adjoining the present plant will cost \$475,000.

Amphenol (Great Britain) Limited, a wholly owned subsidiary, has
begun construction of a 33,000 square foot building at Whitstable
in Kent, 54 miles from London. The building, land, machinery and
equipment will amount to \$500,000.

Construction is already underway on a second factory of 32,000
square feet—also at Whitstable—for the manufacture of Borgana and
other deep pile fabrics. The building, land, equipment and machinery
will cost \$1,260,000.

The Board of Directors also authorized the company to acquire facilities in the New York City area to house
the newly created Amphenol-Eastern Connector Division.

The Board of

Arizona Consolidated Industries, Inc.—Offering Susp'd

Arizona Consolidated Industries, Inc.—Offering Susp'd The Securities and Exchange Commission has issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a proposed public offering of stock of Arizona Consolidated Industries, Inc., of Phoenix, in part by the issuer and in part by Arthur Spitz, a selling stockholder.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding \$300,000 in amount. The notification filed by Artzona Consolidated proposed the public offering of 100,000 common shares at \$3 per share. The Commission's order asserts that a Regulation A exemption is not available due to the fact that Milton Mende, an affiliate and promoter of the issuer, was convicted of mail fraud in April 1959 by a Los Angeles Federal District Court; that certain terms and conditions of Regulation A were not compiled with by reason of the failure to disclose in the notification the interest of Mende; that the company's offering circular is false and misleading in not disclosing the identity, background and iterest of Mende; and that the stock offering would violate Section 17 (the anti-fraud provision) of the Securities Act.

The order provides an opportunity for hearing, upon request, on the

The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

—V. 192, p. 698.

#### Arkansas Fuel Oil Corp.—Plan Approved—

Arkansas Fuel Oil Corp.—Plan Approved—
The U. S. District Court in Wilmington, Del., issued an order on Sept. 2, 1960, approving the plan for the elimination of the 1.843,346 common shares (48.49%) held by some 20.000 public stockholders of Arkansas Fuel, a subsidiary of Cities Service Co., a registered holding company, by the cash payment to them of \$41 per share, or a total of \$75,577,186. The court appointed Wilmington Trust Company as trustee to make the cash distribution to the said stockholders. The objections of certain Arkansas Fuel Oil stockholders who claimed the plan was unfair were overruled by the court.—V. 192, p. 206.

Arkansas Valley Industries, Inc.—Securities Offered—Pursuant to an Aug. 29 prospectus, a group headed by A. G. Edwards & Sons, St. Louis 1, Mo., publicly offered \$400,000 of this firm's 6% convertible subordinated debentures, due June 1, 1970, and 30,000 shares of its \$3 par capital stock. The debentures were priced at par, plus accrued interest from June 1, 1960, and the stock at \$7 per share.

CONVERSION—The debentures will be convertible, unless previously deemed, into capital stock at the following conversion prices per

share: If converted on or prior to June 1, 1962, \$7.75; and if converted thereafter and on or prior to June 1, 1964, \$8.50; and if converted thereafter and on or prior to June 1, 1966, \$9.50; and if converted thereafter and on or prior to June 1, 1968, \$11.00; and if converted thereafter and on or prior to June 1, 1970, \$12.50.

onverted therester and on or prior to June 1, 1970, \$12.50.

PROCEEDS—Of the net proceeds of approximately \$524,000 to be eccived by the company from the sele of the securities after deduction of expenses, \$450,000 will be used to retire current bank loans and the salance of approximately \$74,000 to increase the company's working apital. Most of the bank loans have been made within the last year, and the proceeds of these loans were used as working capital.

and the proceeds of these loans were used as working capital.

BUSINESS—The company was incorporated under the laws of Arkarsas on Dez. 1, 1958. Its executive offices are located at Dardanelle, Ark. The company was organized for the purpose of acquiring other companies, and thus creating an integrated poultry business including hatching, growing, feeding and processing and marketing operations. At the present time the company has 12 subsidiaries.

No established market for any securities of the company has here-tofore existed.

## Corporate and Municipal Financing Ahead

#### By SIDNEY BROWN

The corporate backlog is continuing the increasing trend reported here last week and, following suit, the municipal visible supply is beginning its seasonal growth. This week, commencing September 12, corporate equities are expected to exceed bonds by almost two-to-one in total value of financing involved providing, of course, the tentitively scheduled offering dates are level. the tentatively scheduled offering dates are kept.

Municipal financing set for this week involves a not inconsiderable sum of \$181,555,-000 which is about \$39 million more than the week's scheduled corporate offerings. The four-week financing table and the highlights of this financing are depicted at the end of this column.

Immediately below is a quick recapitulation of the amount of capital expected to be raised for those issues with tentatively scheduled offering dates. Figures for last week are within the parentheses.

	—28-Day Visible Supply—			—Total From Sept. 12 On—			
	Corporates*	\$651,616,820	(596,793,420)	\$1,189,467,000	(1,173,993,820)		
	Municipals	390,199,500	(365,331,000)	536,200,000	( 502,028,000)		
e	Total	\$1 041 816 320	(953 321 420)	\$1 725 667 000	(1.676.021.820)		

<sup>\*</sup> See footnotes in table below.

By adding to the above corporate total about \$320 million in estimated corporate issues without target dates but filed, however, similarly with the SEC and the ICC, the aggregate backlog of dated and undated corporate stocks and bonds would approximate \$1.5 billion financing from now to the end of the year. Within this figure, for example, is the recent \$60 million filing of the Youngstown Sheet & Tube Co.'s 1st mortgage sinking fund bonds, series H, managed by Kuhn, Loeb & Co., and Smith, Barney & Co., both New York City investment bankers. Further, to this one can speculatively add roughly \$685 million of possible corporate financing which may be filed and offered before the end of this year. The latter figure, then, should it materialize, would bring the anticipated gross corporate backlog to about \$2,185,000,000. This includes the \$40 million Natural Gas Pipeline Co. of America (\$25 million of 1st mortgage pipeline bonds and \$15 million cumulative preferred stock) issues which must first await FPC approval of merger plans to acquire the Peoples Gulf Coast Natural Gas Pipeline Co. It also includes \$100 million public offering part of the Trans World Airline financing plans held up, so far, by the Board of Directors at successive meetings. The next meeting will be September 28.

All in all, the estimated corporate and municipal financing, when added to that

All in all, the estimated corporate and municipal financing, when added to that which has taken place this year, does not portend a greater financing year in 1960 as compared to 1959. When one takes into consideration the fact that the recession year of 1958 was markedly a higher year for corporate offerings than 1959, it can be concluded that this year's disappointment in the economy's performance has had a greater impact on business optimism than was the case in the last recession.

### A CLOSER LOOK AT CAPITAL SPENDING REPORTS

The September 6 joint SEC and Department of Commerce report shows a 2% downand bepartment of Commerce report shows a 2% down-ward revision over last March's estimate of plant and equipment expenditures, or a leveling off during the second half of this year at around an annual rate of \$37 billion. Unfortunately (or is it politically) this reveals 1960 in a favorable comparison to 1959 and, in turn, 1959 is favorably compared to 1958 but a better comparison should have included the plant-equipment expenditures for 1957—our last cyclical peak. In that year the figure was \$36.96 billion or, if adjustments are made for price changes, the same if not better than that projected for this year.

Even though tapping the capital market for capital growth shows a declining trend, in view of the swollen working capital of corporations one could have expected a better plant-equipment performance based on internal, undistributed funds. Arguments for liberalized depreciation treatment are bound to be affected by this, if the Democrats adopt a more radical approach in their search for campaign arguments and seek to justify the need for greater governmental intervention to assure faster economic growth economic growth.

#### PRIVATE PLACEMENTS

In addition to the proposed TWA's private placement plan of \$190 million, besides the proposed \$100 million public offering, there is the report that Venezuela is expecting to float in this country \$63 million in bonds; Alberta Gas Trunk Line may shortly seek \$65 million (October 4); and New Jersey Bell Telephone plans to issue \$60 million in capital stock to A.T.&T.—besides \$20 million public offering of 40-year

#### CHANGES IN THE PAST WEEK

Additions to the Chronicle's corporate calendar of September 8 totaled \$31,648,000 which consisted of \$11,048,000 in stocks and \$20,600,000 in bonds. Corporate sales in the week of September 1 through 7 comprised \$24,584,160 in equities, of which \$5,540,000 were secondaries, and \$158,225,000 in bonds, of which \$25 million were privately placed. privately placed.

State and local government additions to the Chronicle's calendar of issues of \$1 milfion and more came to \$125,528.500 and do not include the \$68 million in PHA notes, Municipal sales in the September 1 through 7 week amounted to \$72,198,000. The two largest sales were \$15 million Alabama Highway Authority and \$16.5 million Alameda Contra Costa.

#### VISIBLE SUPPLY IN THE NEXT FOUR WEEKS

The table below summarizes anticipated corporate and municipal financing activity coming up in the next four weeks by weeks and type of issue in terms of dollar amounts involved. Where stock offering prices are not given they are conservatively estimated and are based on private information.

### FOUR-WEEK CORPORATE AND MUNICIPAL TABLE

September 12, 1960

<sup>\*\$1</sup> million or more.
† Add to these corporate totals \$25 million Commonwealth of Australia 20-year bond offering set for September 28 under the aegis of Morgan Stanley & Co.; \$42 million European Coal & Steel Community; and \$75 million Consolidated Edison Co. of N. Y. first and refunding bonds (Nov. 22).

Atlantic Bowling Corp.—Common Stock Offered-Sutro Bros. & Co. and associates offered on Sept. 3, 250,000 shares of this corporation's common stock at a price of \$8 per share. The offering marks the first public sale of the company's common stock. The offering was oversubscribed and the books closed.

PROCEEDS—Net proceeds from the financing will be used by the company to repay temporary bank loans incurred primarily for the purpose of furnishing and equipping bowling centers in Warwick and East Providence, R. I., and to meet similar expenses in connection with five additional bowling centers to be opened shortly. Proceeds may also be used for equipping, purchasing and opening additional centers.

additional centers.

BUSINESS—The corporation is engaged in operating modern, airconditioned tenpin bowling centers. It is currently operating three such centers in Rhode Island with a total of 168 lanes, and plans to open five additional centers in Massachusetts with a total of 208 lanes. In Rhode Island, the company operates a 64-lane bowling center in the Providence, Cranston area; a 44-lane center in Warwick and a 60-lane facility in East Providence. In Massachusetts, a 44-lane center in Holyoke is planned for completion in September, 1960; 44-lane facilities in Fairhaven and Lowell are scheduled for completion in September, 1960; a 22-lane center in Northampton is slated to be finished in October, 1960, and a 44-lane facility now building in Roslindale in the City of Boston is planned for completion in November, 1960.

EARNINGS—For the six months ended April 2, 1960, the corporation and its subsidiaries had total income of \$317,021.

CAPITALIZATION—Upon completion of the current financing, out-standing capitalization of the company will consist of \$1,909,000 of sundry debt and 500,000 shares of common stock

UNDERWRITERS—The underwriters named below have severally agreed to purchase from Atlantic, subject to the terms and conditions of the Underwriting Agreement filed as an Exhibit to the Registration Statement, the following numbers of shares of common stock. Each underwriter contracted for one-tenth as many warrants:

Sutro Bros. & Co	Shares 125,000 R. P. & R. A. Miller	Shares
McDowell, Dimond & Co.	70,000 & Co., Inc	15,000
Ross, Lyon & Co., Inc —V. 192, p. 2.	30,000 Kay, Richards & Co	10,000

## Automatic Canteen Co. of America — Registers With Securities and Exchange Commission—

Securities and Exchange Commission—

The Chicago company on Sept. 1 filed with the SEC a registration statement in connection with its proposal to offer approximately 524,000 shares of its common stock.

The company proposes to give stockholders the right to purchase the additional shares on the basis of one additional share for each 10 shares, held, with the subscription price to be determined at a later date. It is contemplated that the offer will be made to stockholders in early October, contingent upon stockholders approval of a proposal to increase the company's authorized shares to be voted on at a meeting to be held on Oct. 4, 1960.

The subscription offering will be underwritten by an investment banking group hended by Glore, Forgan & Co.

Approximately \$9,500,000 of the proceeds of the financing is to cover the cost of acquisition of Commercial Discount Corp., and the balance will be added to the general corporate funds of the company.

V. 192, p. 494.

Automatic Merchandising, Inc. — Offering to Stockholders—The corporation is offering to holders of its outstanding common stock the right to purchase at par a total of \$250,000 of its 10-year 7% subordinated convertible registered debentures carrying warrants for the purchase of shares of its common stock. These debentures will be sold only to stockholders of record in a face amount which is a multiple of \$10. They will be issued only in denominations of \$10, \$100, \$500, and \$1,000. Each stockholder will be entitled initially to purchase debentures in the face amount of \$10 for each 12 shares of stock he owns, except that any stockholder owning less than 12 shares will be entitled to purchase one \$10 debenture. Any debentures not sold within 30 days of the initial offering will be reoffered without limit in a second offering on a first-come, first-served basis to the stockholders who purchased debentures on the initial offering. The first offering commenced on Sept. 1 and will expire on Sept. 30, 1960. The second will begin on that date and terminate on Dec. 31, 1960, or when all of the debentures have been subscribed for, if that occurs during that period. Any debentures remaining unsold at the termination of the second offering period will be withdrawn.—V. 191, p. 2411.

Babcock & Wilcox Co.—AEC Contract—

### Babcock & Wilcox Co.-AEC Contract-

Babcock & Wilcox Co.—AEC Contract—
The company announced on Sept. 2 that it has been awarded a \$1,223,500 contract by the Atomic Energy Commission for the study of the physics aspects of a new method of nuclear reactor control originated by the company.

Called the 'spectral shift' method of control, it will use a mixture of heavy and light water to act both as a reactor system coolant and as a moderator to control pressurized water reactors. Its use is expected to increase the life of water reactor cores, increase the efficiency of fuel consumption, and replace portions of the costly and intricate control rod systems now in use, company spokesmen said.

Work on the new reactor control concept has been going on since 1957 in the company's Atomic Energy division in Lynchburg, Va. The AEC contract for an expanded physics program to develop the concept further will continue through October of 1961.—V. 192, p. 595.

#### Barnes Engineering Co.-Record Year-

At a meeting held Aug. 3 before the New York Society of Security Analysts, Dr. R. Bowling Barnes, President of Barnes Engineering Co. (American Stock Exchange), Stamford, Conn., designer, developer and manufacturer of infrared and electro-optical components, instruments and systems, announced that net profit for the fiscal year ending June 30, 1960 increased 23% to a record high of \$219,942, as compared with \$178,961 for 1959.

Dr. Barnes pointed out that earnings per share based on 352,520 shares outstanding at June 30, 1960 amounted to 62 cents as compared with 55 cents based on the 324,670 shares outstanding on June 30, 1959.

1959.
Total sales, Dr. Barnes stated, were the highest in the company's history increasing 40% to \$3,853,889 as compared with \$2,754,523 for the previous year. This increase follows the consecutive growth pattern which has been established by the company over the past five years.

years.

Dr. Barnes pointed out, "The current fiscal year should be very successful with sales and earnings both rising to higher levels."—
V. 191, p. 1319.

### Booth Fisheries Corp.—Net Holds-

This Chicago-based corporation, producer and distributor of fresh and frozen fish foods reports sales for the first quarter of this fiscal year ending July 30, 1960 were \$10,648,000, up. 3% over sales of \$10,-327,000 for the same period last year.

Net earnings for this first quarter were \$212,000 compared to \$213.

000 for the first period last year. Earnings per share for both periods were equal to 60 cents based on 339,392 shares of common stock outstanding on July 30, 1960.

Booth plans to issue 16,945 shares of authorized common stock to be used to pay a 5% stock dividend Oct. 1, to stockholders of record Sept. 9.—V. 192, p. 303.

### Boston & Maine RR.—Earnings-

### Bradco 1961 Associates, Inc.—Proposes Offering-

Bradco 1961 Associates, Inc.—Proposes Offering—
Bradco 1961 Associates, Inc., Bank of the Southwest Building,
Houston, filed a registration statement with the SEC on Sept. 2
covering \$2,500,000 of participation agreements in its 1961 Oil and
Gas Exploration Program, to be offered for sale in units of \$10,000.
Proceeds will be used for the acquisition and exploration of undeveloped oil and gas properties, either alone or in conjunction with
others, in properties within the United States, including offshore
or tideland areas. The sponsors of bradco, who acquired all of its
outstanding stock through an affiliate for \$5,000, will receive through
Bradco and affiliated companies, a one-fourth interest in all properties, 9.5% of the aggregate commitments for certain administrative
expenses, a fee of \$50 per month per completed well, and nominal
compensation for services as nominee in holding title to the properties
acquired. The prospectus, lists William H. Hendrickson as Board
Chairman and Patrick W. Brady as President.

### Bridgeport Gas Co.—Rights Offering-

The company, of 815 Main St., Bridgeport, Conn. filed a registration statement with the SEC on Sept. 2, 1960, covering 50,000 shares of common stock, to be offered for subscription at \$27.50 per share by common stockholders at the rate of one new share for each six shares held. The record date is to be supplied by amendment. No underwriting is involved.

Net proceeds of the stock sale will be applied to the payment of bank loans incurred for property auditions, which are expected.

is involved.

Net proceeds of the stock sale will be applied to the payment of bank loans incurred for property auditions, which are expected to approximate \$1,800,000 in 1960.—V. 190, p. 1067.

### Broad Street Investing Corp.—Purchase Approved-

The SEC has issued an exemption order under the Investment Company Act permitting Broad Street Investing Corporation, New York, to issue its shares at their net asset value for substantially all of the cash and securities of Linden Associates, which approximated \$2,981,418 as of June 30, 1960. Linden Associates is an investment company with 16 shareholders.—V. 192, p. 595.

#### Brunswick Corp.-Orders-

Brunswick Corp.—Orders—

The corporation has announced the signing of \$3.5 million in orders to equip 264 tenpin bowling lanes in eight New England recreation centers for the General Drive-In Copp, of Boston.

Further plans by General Drive-In call for expanding operations to a total of 500 lanes in 15 centers to create one of the largest chains of bowling establishments in the area. The firm also is considering expansion elsewhere in the nation.

Saul Jacobson, Brunswick bowling division Executive Vice-President, said, "The chain will provide an exciting new extension of tenpin bowling facilities in New England. We are happy to be associated with General Drive-In Corp. in its program to provide this sports-minded section of the country with bright new family recreation centers."

Mr. Jacobson met with members of the Boston area press and financial community at Holiday Lanes in suburban Medford, the first of General Drive-In's establishments to open. The 40-lane center is equipped with Brunswick's new Gold Crown line of customized bowling equipment including Automatic Pinsetters and features an Amy Joy Pancake House, children's nursery, meeting room and adjacent parking space for 500 cars.

Two more centers, totalling 64 lanes, are due for completion in November at Westerly, R. I. and West Roxbury, Mass. The 12 additional establishments are scheduled to open during 1961 at various lécations in Massachusetts, New Hampshire and Maine.

Philip Smith, General Drive-In President, called his firm's entry into the bowling field, "a most promising expansion of our historic interest in family entertainment for an ever-growing leisure time market."

General Drive-In Corp. is an outgrowth of a theater business organized by Mr. Smith in 1922. Today the company, together with its

General Drive-In Corp. is an outgrowth of a theater business organized by Mr. Smith in 1922. Today the company, together with its subsidiaries, operates 26 drive-in theaters located principally in the Midwestern, Atlantic and New England states and 21 indoor theaters located principally in New England and Florida.

Mr. Smith said, "Tenpin bowling, the national version of the game, has been received with enthusiasm since its recent introduction to the New England area. By expanding facilities for the game, we hope to help generate wide participation at both the competitive and recreation levels. We want to help boost New England into the national bowling spotlight."—V. 192, p. 207.

Bryn Mawr Trust Co.—Capital Stock Offered—Stroud Bryn Mawr Trust Co.—Capital Stock Offered—Stroud & Co., Inc., is underwriting 7,360 shares of capital stock for The Bryn Mawr Trust Co. The shares were exempt from SEC filing. Rights to subscribe to these shares at the rate of one new share for each 15 shares held of record on Aug. 30, 1960, are being issued to stockholders of the bank. The price is \$36 per share. Transferable warrants evidencing these rights will expire at 3 p.m. on Sept. 27, 1960. Stroud & Co., Inc., has agreed to purchase any unsubscribed shares.

FROCEEDS—Net proceeds will enable the Bryn Mawr Trust Co. to

PROCEEDS—Net proceeds will enable the Bryn Mawr Trust Co. to increase its capital funds in order to provide facilities for future progress and broaden its field of banking services.

BUSINESS—The Bryn Mawr Trust Co., incorporated in 1889, is headquartered in Bryn Mawr, Pa., a suburb of Philadelphia. It operates a branch office in Haverford, Pa. and will open another branch office, presently under construction, in Wayne, Pa.

### Callery Chemical Co.—Agreement—

Callery Chemical Co.—Agreement—

An agreement between Imperial Chemical Industries Ltd. of the United Kingdom and Callery Chemical Co. was announced on Sept. 1 by the board of I.C.I. and Callery's chairman of the board John T. Ryan, Jr.

The agreement provides for an exchange of assessment information in certain aspects of the field of boron compounds with a view to the acquisition by either party of non-exclusive royalty bearing licenses under the other party's patents as requested. Related technical information may also be made available for use on terms to be agreed. Imperial has over 115,000 employees in its world-wide operations, with activities in Africa, Canada, United States, South America, Caribbean Zone, Australiasia, Europe, India, Pakistan, and the Near, Middle and Far East. Products manufactured include alkalis, general chemicals, heavy organic chemicals, dyestuffs, pharmaceuticals, metals, explosives, paints, plastics, and fibres.

Callery, with headquarters in Pittsburgh, Pa., is a pioneer in the field of boron chemistry applied to high energy fuels and is a leader in development of many commercial and industrial applications for boron compounds. Callery is currently modifying the high energy fuel plant in Muskogee, Okla, to produce Pentaborane for the Air Force. Modification is progressing on schedule with the first deliveries of Pentaborane to be made in late summer. Callery's commercial production is currently centered at Callery, Pa. Callery Chemical Co. is jointly owned by Mine Safety Appliances Co. and Gulf Oil Corp.—V. 191, p. 2199.

#### Carlisle Corp.—Predictions—News—

Sales are expected to reach a new high of about \$25 million in 1960, George F. Dixon, Jr., President of the company, told the New York Society of Security Analysts on Sept. 2. Sales in 1959 amounted to \$22,651,000.

Society of Security Analysis on Sept. 2. Sales in 1959 amounted to \$22,651,000.

"Earnings are more difficult to predict but they should be near the record level reached last year," Mr. Dixon said. Net earnings for 1959 amounted to \$1,424,000, equal to \$1.22 per share after adjusting for the 2 for 1 stock split earlier this year.

The corporation is presently in the midst of preliminary negotiations with "several promising companies which appear to have excellent growth potential," he said.

Carlisic manufactures rubber and plastics products and high temperature miniature wire and cable for the electronics industry.

"We are, relatively speaking, newcomers to the plastics and miniature wire fields, but if the first six months of this year have shown us anything, it is that diversification in this direction has been quite effective," Mr. Dixon stated, "Although we were hurt by the general business decline and competitive conditions in the rubber industry, we nevertheless made excellent gains in the plastics and minature wire and cable side of our business. To be more specific while profits on manufactured rubber products decreased 40%, plastics and wire and cable showed an increase of 85%. In fact for the first six months of 1960 these newer areas contributed 57% of our total earnings.

"I should like to emphasize this decided shift in the composition of our earnings. While we expect rubber earnings to recover and to increase, there is no doubt that the shift will continue. Of course, we do not intend to neglect our strong position in certain areas in the rubber industry, but we fully realize accelerated growth is more likely to come from our non-rubber activities."—V. 191, p. 2200.

#### Carrier Corp.—Forecast—News—

Carrier Corp.—Forecast—News—

Record sales for 1960 in pratically all lines of unitary equipment and further substantial sales gains in 1961 were forecast for Carrier Air Conditioning Co. by Russell Gray, President.

"The gains have been achieved in spite of two serious work stoppages at Carrier's Syracuse plants in fiscal 1960: a two-week shutdown caused by the steel strike last fall, and a four-week strike in March," Mr. Gray pointed out.

"In spite of our high production rate, we have been unable to catch up with demand in some lines of equipment," Mr. Gray said. "We expect to turn the corner' in a few weeks."

The message from Mr. Gray was read to Carrier dealers of the New Zork district here Sept. 9 by William A. Lake, sales manager for unitary equipment.

The message from Mr. Gray was read to Carrier dealers of the New York district here Sept. 9 by William A, Lake, sales manager for unitary equipment.

Packaged units in both small residential and larger commercial lines are running 20% ahead of 1959. Engineered or applied equipment sales will be 25% ahead by Oct. 31, the close of the fiscal year, Mr. Gray added. Room air conditioners are holding about even with 1959. Delay in delivery due to the strikes was especially harmful to sales in this line, he pointed out.

"The year 1959 with which we are comparing sales was, in turn, the best year yet for unitary equipment," he said.

"Our very high shipments this spring and summer were made possible by several steps: First, we delayed introduction of several new products in favor of concentrating production on existing items. This meant a minimum of disruption of production lines. Employee cooperation was also an important factor.

"In fiscal 1961 we expect our over-all sales of unitary equipment to be 20% ahead of the 1960 figure. Practically every line of equipment is expected to contribute to this sales advance. Distribution changes will strengthen sales in market areas which up to now have not been well developed.

"Dealer response to our Carrier Automatic Air Purifier, which we started to ship in May, has been excellent. We expect sales to climb steeply as we increase the number of models available and further acquaint the public with its advantages.

"We have just introduced a number of new packaged units for residential and commercial use, including three new models of heat pumps. We will soon be producting new designs of several existing products to give better performance and, in several cases, lower prices," Mr. Gray concluded.—V. 192, p. 495.

#### Celotex Corp.-Net, Sales Down-

The corporation on Sept. 2 reported sales of \$49,304,130 and net income of \$1,130,090 after taxes in the nine months ended July 31, 1960. These results compare with sales of \$55,211,148 and earnings of \$2,898,467 for the corresponding period a year ago.

After preferred dividend requirements, earnings for the latest nine months amounted to 91 cents per share against \$2.63 per share a year ago, both based on 1,028,651 shares of common stock outstanding.—V. 191, p. 2516.

Central Charge Service, Inc.—Securities Offered—Public offering of \$2,000,000 Central Charge Service, Inc. 6% subordinated sinking fund debentures, due Aug. 31, 1975, with warrants to purchase common stock was made on Sept. 8 at a price of \$1,000 per unit. A simultaneous offering of 60,000 shares of common stock is being made at a price of \$13 per share. Auchincloss, Parker & Redpath head the underwriting group.

PRIVILEGE—Each unit consists of a \$1,000 debenture and a warrant entitling the holder to purchase 30 shares of common stock at \$16% through Aug. 31, 1965; 25 shares at \$20 per share through Aug. 31, 1968; and 20 shares at \$25 per share thereafter. Warrants expire Aug. 31, 1971. Warrants are non-detachable, except for purposes of exercising the warrants, until after Aug. 31, 1962.

PROCEDS—Net proceeds from the sale of the securities will be used by the company to call for redemption the company's outstanding \$300,000 6% subordinated participating debentures, and to increase working capital which will be applied initially to reduce current bank borrowings.

REDEMPTION—The debentures will be redeemable at optional redemption prices ranging from 106% on or before Aug. 31, 1961, to par after Aug. 31, 1972. A mandatory sinking fund provides for the retirement of \$10,000 principal amount of debentures annually to Aug. 31, 1974, commencing on Aug. 31, 1963.

BUSINESS—Central Charge Service, Inc., furnishes to about 930 Member Merchants, operating approximately 1185 stores in the greater

Aug. 31, 1974, commencing on Aug. 31, 1963.

BUSINESS—Central Charge Service, Inc., furnishes to about 930
Member Merchants, operating approximately 1185 stores in the greater
Washington, D. C. area, an accounts receivable and credit department,
and to their retail customers a charge account service. The company
presently has about 158,000 active and 60,000 inactive charge accounts.
The company derives the major portion of its gross revenues
(about 73%) from discounts on charge sales purchased from member
merchants. The remainder comes from service charges to customers,
member merchants memberships fees and charges to merchants for
including advertising literature with customer statements.

CAPITALIZATION—Upon completion of the current financing outs

including advertising literature with customer statements.

CAPITALIZATION—Upon completion of the current financing, outstanding capitalization of the company will consist of \$2,000,000-6% subordinated sinking fund debentures due Aug. 31, 1975 with warrants attached; \$478,500 of 5½% convertible capital debentures due Aug. 31, 1969; \$114,700 subordinated debentures, due Feb. 28, 1977; 41,005 shares of 70 cents noncumulative preferred stock; and 279,930 shares of common.

EARNINGS—For the nine months ended May 31, 1960, Central Charge Service purchased total net receivables of \$12,640,005 and had net income of \$132,133, equal to 50 cents per share of common stock.—V. 192, p. 303.

## Charleston Realty Associates, New York, N. Y. -With Securities and Exchange Commission—

The organization on Aug. 25, 1960 filed a letter of notification with the SEC covering \$290,000 of participations of partnerships to be offered in units at \$10,000 per unit. No underwriting is involved. The proceeds are to be used for expenses incidental to operating and developing a bowling alley.

#### Chemetron Corp.—Acquires—

Chemetron Corp.—Acquires—

The Chicago corporation has announced completion of negotiations for the acquisition of Charles J. Weigel, Inc., Detroit, a leading producer of specialty products for the printing ink industry. The transaction is being made by an exchange of stock, the company announced. The Detroit firm will operate under its present management and will become a part of Chemetron's Chemical Products Division. Among the units of this division is the Holland Color and Chemical Co., Holland, Mich., which produces dry and flushed colors and color intermediates for the printing ink and other industries.

Charles J. Weigel, Inc., manufactures varnishes, compounds, driers and dispersed backs, Its 1960 sales are expected to be in excess of \$1,000,000, the announcement said.—V. 192, p. 700.

#### Chemtronic Corp.—Proposes Offering—

Chemtronic Corp.—Proposes Offering—

This corporation, of 309 Eleventh Ave., South, Nashville. Tenn., filed a registration statement with the SEC on Sept. 2, 1960, covering 200,000 shares of common stock, to be offered for public sale at \$2 per share. The offering is to be made on a best efforts, all or none basis by Jay W. Kauimann & Co., for which it will receive a selling commission of 30c per share. Of all 200,000 shares are sold, the company will issue to te underwriter as additional compensation 40,000 five year warrants to purchase common shares at an initial exercise price of \$2.50 per share. The underwriter has acquired 50,000 shares at 1c per share from four stockholders.

The company was organized under the name Electronic Components, Inc., in February 1958, and changed its name to The Chemtronic Corp. in September 1958 and to Chemtronic Corp. on Aug. 12, 1960. It is engaged in the business of developing, manufacturing and selling miniature electrolytic capicators. Of the net proceeds of the stock sale, \$52,225 will be used to repay bank loans and \$70,000 over a two year period to add two engineers and one technician to the present research staff of the company. The balance will be used for general corporate purposes.

The company now has outstanding 300,000 common shares and warrants for 50,000 shares, all owned by management officials. The largest block of stock, 160,000 shares, is owned by Fred D. Wright, President. The prospectus states that the 300,000 outstanding shares were acquired originally for the sum of \$25,000.

#### Cherry-Burrell Corp.—Completes System-

The Cedar Rapids, Iowa corporation has completed the final link in the largest fully automated pasteuriz.ng system ever installed by one manufacturer, it was announced by Howard H. Cherry, Jr., Presi-

The unit—an AVC-5H 50,000 pound per hour Aro-Vac Flavorizer—is twice as large as any previously built by Cherry-Burrell, and will be the largess operating flavorizer in the country, Cherry said.

The complete automatic processing system is being installed at the Pevely, Dairy Co., St. Louis. Cherry-Burrell engineers, say each unit was designed for synchronized production from a single control panel with a "thruput" of 50,000 pounds per hour for the entire system.

The big flavorizer operates with a Cherry-Burrell VHT (Very High Temperature) steam injection heater and plate condenser. This pasteurizing system gives instantaneous exposure to high temperature, followed by instantaneous cooling in the vacuum chamber which not only results in maximum destruction of bacteria, but also maintains year-round uniform flavor control regardless of changes in the cows' diet.

Other units in the \$75.000 system shinned to Pevely Dairy includes.

diet.

Other units in the \$75,000 system shipped to Pevely Dairy include: Superplate Shortime Pasteurizer and Superhomo Homogenizer, and complete push-button control panel for centralized automatic control, plus auxiliary equipment.

The corporation is a manufacturer of automated processing systems for the dairy, food and beverage industries.—V. 191, p. 503.

#### Connellsville Corp.—New Name-

One of the oldest names in mining equipment design was changed for during the 1960 Labor Day weekend. The Connellsville Manufac-ring & Mine Supply Co. became Connellsville Corp., according to ussell L. Lepley, Executive Vice-President and General Manager of here during turing & Mi Russell L. Le the company.

#### Consolidated Edison Co. of New York, Inc. - Plans Bond Sale-

Bond Sale—
This utility on Sept. 8 announced plans to raise \$75,000,000 through sale of first and refunding mortgage bonds.

A spokesman said the company will apply to the New York State Public Service Commission early in October for authorization to issue the securities. The company expects to offer the bonds for competitive bidding on Nov. 22.

Consolidated Edison would use the funds to help finance its expansion program. On June 15 the New York utility sold a \$50 million issue of double-A rated 30-year 434% bonds. Those securities which are ncn-refundable for five years, went to a group led by Halsey, Stuart & Co, Inc., at an annual net interest cost of 4.74% —V. 192, p. 796.

### (G. & W. H.) Corson, Inc .- Acquires-

G. & W. H. Corson, Inc. announced the acquisition of Livingston Electronic Corp. of Essex Fells, N. J., which will be operated as a wholly-owned subsidiary of Corson. The transaction involved an exhange of 6,000 shares of Corson stock for all outstanding shares of Livingston.

Livingston Electronic Corp. have been pioneers in high altitude packaging and hermetic sealing techniques and currently supply the electronics industry with a line of hermetically sealed tube sockets used in several missile programs as well as other related applications. Livingston also manufacturees full wave synchronous welding timers, time delay relays and associated equipment, and has manufactured Corson's new ammonia activitated battery on a subcontract basis.

Corson officials stated that the operations of the new subcidiary will be continued at Essex Fells and no personnel changes are contemplated. Livingston officers, Charles E. Smiley, President; Charles L. Nolte, Vice-President; and Benjamin Hart, Secretary, will continue as top officials of the new subsidiary, Mr. K. Raymond Haller of the Corson company, will become Treasurer.—V. 190, p. 1876

Cubic Corp.—Capital Stock Offered—Hayden, Stone & Co. and associates offered for public sale on Sept. 3, 50,000 shares of this corporation's capital stock priced at \$54.50 per share. Of the offering 25,000 shares are being sold for the account of the company and the remainder for two selling stockholders.

PROCEEDS—The company will see the proceeds from the 25,000 shares to provide additional working capital, to build up inventories and to acquire additional equipment. The company designs, develops and produces electronic devices and systems, primarily for the precision tracking of missiles, satellites and aircraft.

EARNINGS—For the three months ended March 31, 1960 the company reported operating revenues of \$1,703,936 and net income of \$57,999 compared with \$1,062,644 and \$35,520 in the corresponding reriod last year.

CAPITALIZATION—Capitalization of the company adjusted to give offect to this financing consisted of 529,800 shares of capital stock without par value

UNDERWRITERS—The names of the principal underwriters of the 50,000 shares of capital stock being sold to the underwriters by the company and the selling stockholders, and the aggregate number of shares which each has severally agreed to purchase are as follows:

## Cyclomatics Inc., Long Island City, N. Y.—Files With Securities and Exchange Commission—

The corporation on Aug. 31, 1960 filed a letter of notification with the SEC covering 250,000 shares of common stock (par 10 cents) to be offered at \$1 per share, through General Securities Co., Inc., 101 W. 57th St., New York 19, New York.

The proceeds are to be used for general corporate purposes.

#### Davega Stores Corp.—Cuts Loss-

Mr. Joseph Axler, President, announced on Aug. 31 that for the first four months of the present fiscal year, the corporation showed a loss of only \$37,837, compared to a loss of \$329,880 for the corresponding four months of the previous year.

Mr. Axler pointed out that the company incurred over \$100,000 in nonrecurring expenses during the period ended June 30, 1960, in connection with the opening of, the two new Davega Discount Centers in Syosset and Manhasset, Long Island.

According to Mr. Axler, the company's over-all sales continue on a very strong upward trend and that during the month of July and for the first 27 days of August, sales showed an increase of approximately 50% as compared to July and August of 1959.—V. 191, p. 1564.

#### Dennison Manufacturing Co.-Forms Subsidiary

The company, of Framingham, Mass., announced on Aug. 29 the formation of a wholly-owned subsidiary, Howard Plastics Co., Inc. The officers of this company are H. C. Weeks, President; R. H. Dowd, Vice-President; and F. E. Swisher, Treasurer, who will constitute the Board of Directors. C. E. Josselyn has been elected Assistant Treasurer and Clerk of the corporation.

Howard Plastics Co. has purchased the land, buildings, and injection molding equipment of D & D Industries, Inc., at 251 Florence Street, Leonington Mass.

molding equipment of D & D Industries, Inc., at 201 Florence Leominster, Mass.

D. C. Huntington, president of Dennison, announced that the new subsidiary will engage in the manufacture and distribution of injection and blow molded products including decorating by the Dennison Therimage process. This company will specialize in packaging items allied to Dennison's established set-up paper box business.

The new company, will also continue to carry on the contract plastic molding business formerly handled by D & D Industries, Inc. D & D will continue in the manufacture and distribution of plastic specialties in the baby toy field. Temporarily they will occupy rented space at the 251 Florence Street address in Leominster.—V. 188, p. 1822.

### Dorsey Corp.—Financing Proposal—

This corporation, of 485 Lexington Ave., New York, filed a registration statement with the SEC on Sept. 1, 1960, seeking registration of \$3,500,000 of 6½% sinking fund debentures due October 1975 with warrants to purchase common stock at the rate of 40 shares at \$12 per share, for each \$1,000 debenture, together with 350,000 shares of common stock. The public offering price and underwriting terms for both issues are to be supplied by amendment. Blair & Co., Inc., is named as the principal underwriter.

Inc., is named as the principal underwriter.

Dorsey Corp. is engaged through its subsidiary, Dorsey Trailers, Inc., a Delaware Corporation, in the design, manufacture and distribution of all types of highway trailers except those carrying liquids. It has entered into an agreement to purchase all the outstanding capital stock of Chattanooga Glass Co., which is engaged in the manufacture, sale and distribution of Coca-Cola bottles, bottles for other carbonated beverages and other glass containers. The purchase price of the Glass Company stock is \$7,000,000 plus the assumption of some \$75,000 of expenses. The Glass Company in April 1959 acquired substantially all the assets of Dorsey Trailers, Inc., an Alabama corporation, for \$4,018,150, and has continued to conduct the business formerly conducted by the Alabama corporation in Elba, Ala. The Delaware corporation's manufacturing plant and home office are located in Elba.

Of the net proceeds of this financing, together with \$3,000,000

office are located in Elba.

Of the net proceeds of this financing, together with \$3,000,000 of borrowings from institutional lenders, \$7,000,000 will be applied to the purchase of Glass Company stock; \$800,000 for construction of an electric glass-melting furnance at Chattanoga; \$1,000,000 for the formation of a wholly-owned finance company; \$300,000 to establish western United States plant facilities for the Delaware corporation; \$100,000 to finance a joint venture with a German and a French corporation of a Swiss sales corporation for the purpose of selling Dorsey trailers in Western Europe and of a second Swiss corporation for the purpose of licensing the use of engineering skills, drawings, etc., of the Delaware corporation and the trade-name "Dorsey." In addition to certain indebtedness and 32,500 shares

of \$50 par preferred stock, the company now has outstanding 406,790 shares of common stock and 90,000 warrants. The prospectus lists Reginald Armour as President and Emmons Bryant as Board Chairman. —V. 191, p. 2304.

## Dow Chemical Co.—Files Stock Plan-

The company of Midland, Mich. filed a registration statement with the SEC on Sept. 1 covering 160,000 shares of common stock. This stock is to be offered to employees of the company and certain of its subsidiaries and associated companies. The offering price is to be supplied by amendment. Net proceeds will be added to the cash funds of the company and used for general corporate purposes.—V. 192, p. 796.

Dynex Inc.—Name Changed—

See Dynex Industries, Inc., below.—V. 191, p. 2744.

### Dynex Industries Inc .- New Name-May Acquire-

Dynex Industries Inc.—New Name—May Acquire—
Dynex Industries Inc. the new corporate name for Dynex Inc.—
of 170 Elleen Way, Syosset, Long Island, N. Y., is negotiating for the acquisition of Mico Products Inc., according to Max Kotler, executive vice-president of Dynex and president of the Optics Manufacturing Corp. of Philadelphia, a wholly-owned Dynex subsidiary. Mico Products, e Chicago manufacturing concern, produces photographic slide viewers, slide files and other photographic accessories. Kotler stated that pending consummation of the acquisition, Mico Products would continue to operate under its own name, with operation and distribution to operate under its own name, with operation and distribution to Optics photographic consumer products would complement the present Optics photographic consumer product line of OPTA-VUE viewers, projectors and accessories ranging from hand and table viewers to 35mm slide files, slide projectors and flash attachments.

### Electro-Tec Corp.—Transfer Agent—

The First National City Bank of New York has been appointed ansfer agent and registrar for 1,000,000 shares of the common stock 0c par value) of the corporation.—V. 192, p. 897.

#### Electronic Assistance Corp.—Semi-Annual Report—

Robert Edwards, President of this manufacturer of communica-tions, radar, and ultrasonic equipment, announced in a report to stockholders results of operations for the first six months of the current fiscal year (Feb. 1, 1960 through July 31, 1960). Sales totaled \$2,139,942, compared to \$132,592 for the same period the previous year. Net profits after taxes were \$138,068, equivalent to 23.7 cents a share on 583,764 shares outstanding at the end of the period.

period.
In a letter to stockholders, Mr. Edwards highlighted the following developments:

developments:

(1) Electronic Assistance Corp. has formed an advanced research center in Ann Arbor, Mich., to "assure our company of a well integrated development program in advanced electronics."

(2) The success of the beer foamer, which removes air Irom the beer bottle or can before sealing and hence solved one of the brewers most vexing problems, is leading the company into "perhaps a more lucracive allied field—soft drinks."

"Now we are out of the laboratory stage," Mr. Edwards stated. "Our equipment is being tested by a leading manufacturer of carbonated beverages, long plagued by outlets who want 'Longer shelf life."

"There is every it dication that at least one major company will start using our equipment (for which Electronic Assistance Corp. has the exclusive patent) within the next few months. Sales potential for this new equipment is extremely interesting. We understand there are now in the U.S. alone, more than 13,000 soft-drink botting lines."

The company recently received a \$1,300,000 military contract to facture communications receivers.—V. 191, p. 2305.

#### Electronic Communications, Inc.—Marketing News-

This A. S. E. listed firm announced on Aug. 31 an arrangement with Western Union Telegraph Co. whereby Western Union will market on an experimental basis "Electronic Messenger" facsimile equipment manufactured by E. C. I.

Electronic Communications, Inc. makes the "only letter-size facsimile transceiver available today." This new unit can be used alternately as a receiver or a transmitter, and utilizes humidified paper. It will supplement Western Union's present line of facsimile equipment.

ment.

"Western Union will initially purchase 100 'Electronic Messenger' units, and handle the leasing and servicing of units now being performed by Electronic Communications, Inc. for its customers in a number of industries," F. W. Godsey, Jr., President of E. C. I. stated. "The type of units to be purchased, whether transceivers, transmitters or recorders, is to be determined later in accordance with demand."—V. 191, p. 2637.

Electronic Specialty Co.—Acquires—
The acquisition of Electric Specialty Corp. of Stamford, Conn., by Electronic Specialty Co. of Los Angeles, Calif., was announced on Sept. 1 by William H. Burgess, President of Electronic Specialty Co.
The acquisition was made for an undisclosed amount of cash and creates no dilution of the 547,440 shares of Electronic Specialty Co. ommon stock now outstanding. The effective date of acquisition was Sept. 1, 1960.

The newly acquired company designs and manufactures special motors, generators and motor generator sets. Approximately 65% of its present production is used in the defense program particularly in the radar and sonar communications field. Commercially it supplies telephone ringing motor generator sets to the communications industry and manufactures large power units used in micro-wave transmission. In addition it has developed a line of, precise power systems which provide the closely regulated power necessary for computers, data processing and missile guidance ground systems. Regulators, Inc. of Wycoff, N. J., a subsidiary of Electric Specialty Co., designs and manufactures special semi-conductor and magnetic amplifier devices used by many of the leading manufacturers of rotary power equipment to solve complex control and regulation problems.

Sales of the 30-year-old newly acquired company currently exceed \$4 million per year. Its current backlog is approximately \$3 million. The company employs some 250 people and no changes in personnel or plant locations are planned. William Straub, President of the company, will continue as chief executive officer of Electric Specialty Co. Products will be identified by the registered trade name of "ESCO," an appropriate abbreviation of the very similar corporate names, Mr. Eugers and actuators for aircraft, missile and space vehicles.

Combined sales of the two companies are running at a current annuartate of approximately \$15,000,000 which will exceed Electronic Specialty Co. shipments of the past fiscal year by 40%. The curren

Electronic Wholesalers, Inc.—Private Placement—Allen & Co. has arranged the private placement of \$1,000,000 Electronic Wholesalers, Inc. five-year 6% subordinated convertible debentures, due Sept. 1, 1965, it was announced on Sept. 6.

was announced on Sept. 6.

PROCEEDS—Proceeds from the financing will be used by Electronic Wholesalers, Inc. to lease facilities and to carry inventory in Baltimore, Md.; Huntsville, Ala.; Winston-Salem, N. C., and Atlanta, Ga.

BUSINESS—Electronic Wholesalers, Inc. is a major franchise distributor of important electronic components, radio, hi-fidelity and sound equipment, operating in Washington, D. C.; Baltimore, Md.; Miami, St. Petersburg and Melbourne (Cape Canaveral), Fla. In addition, it services many important sales areas including Huntsville, Winston-Salem, and Atlanta. Company sales are currently running at the annual rate of approximately \$10,000,000.

## Electronics International Capital Ltd.—Seeks Order-

This Hamilton, Bernuda, firm has applied to the SEC under the vestment Company Act for permission to register as an investment mpany and to make a public offering of its securities in the United

States; and the Commission has issued an order giving interested persons until Sept. 15, 1960, to request a hearing thereon.

According to the application, the applicant company was incorporated by a special act of the Bermuda Parliament entitled, "The Electronics International Capital Company Act, 1960." It was organized for the purpose of engaging in business as a closed-end non-diversified management investment company investing in securities of foreign electronic companies, among others, those traded on the stock exchanges of Toronto, Montreal, London, Amsterdam, Frankfurt, Paris or Johannesburg. It contemplates a public offering of shares through an underwriting group managed by Bear, Stearns & Co., to obtain at least \$22,500,000 for its investment purposes. Charles E. Saik is listed as president and board chairman. He owns \$1% of the stock of Electronics Investment Management Corp., which owns all of the stock of Electronics International Management Ltd., which will serve as investment adviser of the applicant company.

#### Ferrodynamics Corp.—Record Highs-

Sales and earnings of this Lodi, N. J. magnetic tape manufacturer reached new highs for the company in the six months ended June 30, according to Frederick I. Kantor, President.

Mr. Kantor reported sales for the lirst half of 1960 of \$524,880 compared with \$380,778 in the first six months of 1959.

Earnings for the period amounted to \$29,857 or 10 cents per share of common stock, before provision for Federal income tax, compared with a loss of \$10,344 in the 1959 first half. After taxes, net income for the six months of this year amounted to \$19,533 or seven cents a share.

the six months of this year amounted to resistance.

Mr. Kantor said that the sales of the year should approximate \$1,250,000. For all of 1959 Ferrodynamics reported sales of \$815,000. A 20% increase in the overall magnetic tape market, an expanded sales organization, increased recognition of the company's products and the entrance of Ferrodynamics into the pre-recorded tape field are factors contributing to the sales gains, he said.—V. 188, p. 2641.

Fidelity Electronics Corp.—Common Stock Offered—Metropolitan Securities, Inc. offered publicly on Sept. 1 a new issue of 150,000 shares of 10¢ par value common stock of Fidelity Electronics Corp. at a price of \$2 per

BUSINESS—The company was incorporated under the laws of the State of New Jersey on April 11, 1960, for the purpose of producing electronic equipment for private, commercial and governmental con-sumption.

sumption.

PROCEEDS—The net proceeds of the shares of common stock offered are estimated at \$245,000 if all the shares are sold. It is anticipated that \$15,000, the aggregate par value, will be considered to be paid in capital and the balance to be paid in surplus. In view of the arrangements pursuant to which the offering is being made, there being no firm commitment for the purchase of any of the shares, no representation is made that the shares offered will be sold or the amount of net proceeds realized. In the event the shares of common stock offered are sold, it is intended that the funds derived from the sale of this offering will be used as indicated below except that the amounts show present estimates which may be reduced in proportion to the amount of securities offered which are sold.

#### First Financial Investment Co.—Proposes Offering-

First Financial Investment Co.—Proposes Offering—
This company, of 716 North Federal Highway, Ft. Lauderdale, Fla., filed a registration statement with the SEC on Aug. 31, 1960, covering 39,000 shares of 85 par common stock and 150,000 shares of 66 cumulative preferred stock, \$10 par. According to the prospectus, the common stock is to be offered for public sale at an initial offering price of \$10 per share; and the preferred stock will be offered for sale at \$10 per share.

The company was organized in June 1960 under Florida law as a closed-end investment company, for the purpose of permitting employees of Coral Ridge Properties, Inc., and its affiliates to invest indirectly in such employing corporations. The common and preferred shares will be offered for sale only to regular employees of such corporations, which are controlled by James S. Hunt, Jack P. Hunt, James S. Hunt, Jase P. Hunt, James S. Hunt, Jase very a president of the investment company and the other Hunts and Taravella as officers and directors. All the 11,000 outstanding shares of common stock of the company is owned by Coral Ridge Properties and four other companies.

First Investors Corp.—Class A Common Offered—Bache & Co. and associated underwriters offered on Sept. 8, 270,000 shares of class A common stock (nonvoting) of this corporation at a price of \$11 per share, representing the first public offering of securities of the company. The underwriters are purchasing the shares from the present two stockholders of the company. The

from the present two stockholders of the company. The offering was oversubscribed and the books closed.

\*BUSINESS—The corporation is one of the oldest and largest companies engaged in distributing shares of open-end mutual funds through the sale of Periodic Payment Plans (common called contractual plans) and Single Payment Plans. It has been the exclusive distributors of such plans for the purchase of shares of Wellington Fund, Inc. since 1935, of Mutual Investment Fund, Inc. since 1950 and of Fundamental Investors, Inc. since 1958. The company is also a substantial distributor of mutual fund shares sold directly as such.—V. 192, p. 597.

#### Fischbach & Moore, Inc.—Registrar Appointed—

The Irving Turst Co. has been appointed registrar of the common stock of the corporation.—V. 192, p. 796.

## Flatirons Investment Co., Boulder, Colo. - Files With

Securities and Exchange Commission—

The company on Aug. 29, 1960 filed a letter of notification with the SEC covering 2,450 shares of common stock to be offered at par (\$100 per share), without underwriting.

The proceeds are to be used for working capital.

Fritzi of California Mfg. Corp.—Additional Financing Details—Our Sept. 5 issue reported the Sept. 1 offering of 100,000 shares of this firm's common stock at \$9 per share. Additional financing details follow:

UNDERWRITERS—The underwriters, severally, have made a firm commitment, subject to certain conditions, to purchase from the company and the selling stockholders the total numbers of shares of common stock set forth below. Under certain circumstances involving default of one or more underwriters, less than all of said shares may be purchased. The managing underwriters are Bear, Stearns & Co. and Schwacher & Co.

#### Georgia-Pacific Corp.—Sub. Acquires-Merger-

Georgia-Pacific Pine Mills Co., Inc., a wholly-owned subsidiary of corgia-Pacific Corp., has purchased the Pilot Rock Lumber Co.,

Georgia-Pacific Corp., has purchased the Pilot Rock Lumber Co., Pilot Rock, Ore.

Included in the purchase are approximately 100,000 acres of timber and timberlands, largely Ponderosa pine, located in Grant, Morrow, Umstilla, and Union Counties, in eastern Oregon. In addition, the properties include a modern lumber plant and planing mills, dry kilns, and related logging and mill manufacturing equipment with an annual production of approximately 50 million board feet.

The purchase price amounted to approximately \$11½ million of which \$10½ million is payable over varying periods up to 20 years on a self-liquidating basis geared to the harvest of the timber. Pilot Rock produces principally Ponderosa pine lumber, which is used in the manufacture of millwork, moldings, furniture, store fixtures, and a wide variety of industrial uses.

In commenting on the purchase, Robert B. Pamplin, President of Georgia-Pacific, stated: "This is Georgia-Pacific's first ownership in the pine region of eastern Oregon. It is a valuable addition to our timber resource and will enable to further diversify our product line. As in our other operations, we will work toward obtaining maximum utilization of each tree harvested and to accomplish through research greater yield from each acre of this western pine timber reserve. The timber will be scientifically managed, and we expect to operate the properties on a perpetual yield basis."

Georgia-Pacific Corp. has called a special stockholders meeting to

Georgia-Pacific Corp. has called a special stockholders meeting to vote on the merger of W. M. Ritter Lumber Company into Georgia-Pacific. The meeting is scheduled for Sept. 30, 1960, and a proxy statement containing pertinent information on the merger has been mailed to all shareholders. W. M. Ritter Lumber Co. has called a meeting of its stockholders for the same date.

TERMS—Under the agreement of merger, each share of Ritter stock will be exchanged for one and six-tenths shares of Georgia-Pacific common stock. There are 246,921 Ritter shares outstanding. Accordingly, 355,074 shares of Georgia-Pacific will be issued for all the Ritter shares. The book value of Ritter common stock on June 30, 1960 was \$73.82 per share with the assets stated at cost less depreciation. The natural gas is carried on the books at no cost and it is considered that the timber, timberlands, and coal are stated at conservative values.—V. 192, p. 702.

#### Glasco Corp.—Acquisition Terms-

The special meeting of Glasco Corp. stockholders to vote on the coposed acquisition of the company by Universal Match Corp. will be held on Sept. 17, 1960, at the Glasco headquarters offices in uncie. Ind., according to the notice of meeting mailed to the catholders.

stockholders.

If they approve the transaction, Glasco stockholders will receive two (2) shares of Universal common stock for each three (3) shares of Glasco common stock they hold. A total of 211,667 shares of Universal stock will be required to effect the transaction, increasing the total number of Universal common shares outstanding to 4,508,610. Glasco stockholders of record at the close of business Aug. 26, 1960, will be entitled to vote at the special meeting.—V. 192, p. 702.

#### Great Western Oil Co.-SEC Hearing-

CIPCAL WESTERN OIL UO.—SEC HEARING—At the request of Great Western Oil Co., of Las Vegas, Nev., the Commission nas scheduled a hearing for Sept. 21, 1960, in the United States Attorney's Office in Las Vegas, for the purpose of taking evidence on the question whether the Commission's June 29, 1960, order temporarily suspending a Regulation A exemption from Securities Act registration with respect to a public offering of stock by that company. The suspension order asserted, among other things, that the company's offering circular is false and misleading in respect of certain material facts.—V. 192, p. 113.

#### Gulf Resources, Inc .- Proposes Offering-

Gulf, of 20 Broad St. New York, filed a registration statement with the SEC on Sept. 2, 1960, covering 140,000 shares of common stock, to be offered for public sale at \$8 per share through underwriters headed

by Amos Treat & Co., Inc., who will receive a 75c per share commission. Amos Treat, President of the underwriter, has received an option from a company officer to purchase 3,500 common shares owned by said officer at 10c per share.

Organized in 1957, the company maintains offices in San Antonio and Dallas. It and Natural Gas Gathering Co., Inc., a subsidiary of Delhi-Taylor Oil Corp., have entered into an agreement dated Feb. 5, 1960, under which they have agreed jointly to participate in the construction and operation of a natural gas gathering system in Zapata and Starr Counties, Texas. The Federal Power Commission is said to have granted a temporary authorization to construct and operate such system. Tennessee Gas Transmission Co. has contracted with five producers in Zapata County for the purchase of their gas at central lease delivery points; and the company and the said Gathering Company have contracted with Tennessee Gas to gather such gas at such points and deliver the gas to Tennessee Gas at a point in the Zim Field in Starr County. The company has entered into a contract with Jonnell Gas Co. under which the company has the right to purchase the gas which Jonnell Gas presently owns or controls in Zapata and Starr Counties. Part of such gas is included in the gas contracted to Tennessee Gas. Net proceeds of this financing, estimated at \$980,000, will be used in part (\$\$55,000) as the company's one-half share of the money requirements for construction of the initial gathering system; and the balance of the funds will be used as additional working capital.

The company now has outstanding 140,000 common shares and 2,000 shares of \$100 par preferred. Another 2,000 preferred shares are to be instantiant.

capital.

The company now has outstanding 140,000 common shares and 2,000 shares of \$100 par preferred. Another 2,000 preferred shares are to be issued. Of the outstanding common stock, 23.2% is owned by Jonnell. Gas; 22.9% by John R. Less, Vice-President; 8.6% by C. Leslie Rice, President; and 6.4% by William I. Less.

### Harman-Kardon, Inc .- To Be Acquired-

See Jerrold Electronics Corp., below.-V. 190, p. 2341.

Hawaiian Electric Co., Ltd.—Common Stock Offered—Pursuant to a Sept. 6 prospectus this company is offering to its common stockholders of record Aug. 23 rights to subscribe to 116,463 shares of its \$20 par common stock at \$49 a share, on the basis of one new share for each eight shares then held. Rights expire at noon on Sept. 27.

PUBLIC AUCTION—Full shares of common stock representing fractional interests resulting from the initial subscription offering to stockholders, and also shares not subscribed for by warrant holders, will be sold by the company at public auction in Honolulu, Hawaii. The proceeds from the auction sale of full shares representing fractional interests in excess of \$49 per share, after deducting the expenses of such sale allocable to such shares, will be distributed prorata to the holders of the outstanding common stock whose fractional interests are disposed of. The proceeds from the auction sale of shares not subscribed for will remain the property of the company.

PROCEEDS—The net proceeds to be received from the sale of the common stock offered hereby will become part of the general funds of the company and will be applied toward the cost of the capital expenditure program referred to below. Following the sale of the stock the company proposes to retire short-term bank loans obtained for temporary financing of the construction program and expected. The company anticipates raising additional funds for the capital expenditure program through a pivate sale in the near future of not in excess of 250,000 shares of its proposed series H (cumulative) preferred stock of the par value of \$20 per share, which issue has been authorized by the Public Utilities Commission of the State of Hawaii. No representation is made that any of such shares of preferred stock will be issued. The sale of the common stock is, not being underwritten. It is anticipated that additional funds for the capital expenditure program will be obteined from depreciation and other accruals, consumers' contributions, sundry rea

extermined.

EXPENDITURES—The company's planned capital expenditure program for the period 1960-1964 calls for total estimated expenditures of \$86,173,000. This estimate is subject to change in case of increased costs of labor, materials and equipment and in case of modification of plans. To meet the cost of this program it is estimated that \$23,289,000 will be available from depreciation reserve accruals, consumers' contributions, deferred Federal income taxes, sale of a sets and unexpended capital funds derived from previous financing, leaving \$62,884,000 to be provided from the sale of securities and retained earnings.—V. 192, p. 402.

### (H. J.) Heinz Co.-Acquires-

(H. J.) Heinz Co.—Acquires—

The H. J. Heinz Co. has bought Reymer & Bros. Inc., 114-year-old ploneer Pittsburgh firm which now manufactures fruit-base drinks, for an undisclosed amount of Heinz stock.

Announcing the purchase, Frank Armour, Jr., President of Heinz, said it was the first acquisition by Heinz of a going American concern for the purpose of diversification. "We regard this method of adding new products," he said, "as being complementary to our new-products efforts in the International Heinz Research Center here in Pittsburgh." Mr. Armour said that present plans are for Reymer's to continue to operate under its own name, and also to market its "Blennd" line of fruit fuice concentrates and drinks as an autonomous division of the Heinz Company. However, he said, national distribution will replace the existing distribution, which is mainly in Pennsylvania, Ohio and New York. Marketing activities will be conducted through brokers, as previously; they will be intensified in present Reymer areas, and will be extended elsewhere in the country as rapidly as possible.—V. 191, p. 5.

### Home Oil Co., Ltd .- Partial Redemption-

The corporation has called for redemption on Nov. 1, next, through operation of the sinking fund, \$101,000 of its 6½% secured pipe line bonds, due Nov. 1, 1977 at 100%. Payment will be made at any branch in Canada of the Canadian Bank of Commerce.—V. 191,

### Hotel Corp. of America (& Subs.)-Net Up-

Hotel Corp. of America (& Subs.)—Net Up—

For the six months ending June 30, 1960, the corporation reports earnings per share on common stock outstanding of 15 cents compared with 13 cents in the same period of 1959.

Net income after provision for Federal income taxes was \$465.421 for the first half of this year and \$414.566 in the like period of 1959. First half provision for Federal income taxes amounted to \$585,000 in 1960 and \$494.000 in 1959.

Consolidated operating revenue totaled \$39.610.123 in the first six months of this year and \$41.683,25 in 1959. Consolidated income teares was \$1.050.421 at the end of 1960's first half and for the same period in 1959, this amounted to \$909.566, including a net gain on sale of assets of \$111,000.

There were 2.694,795 shares of common stock outstanding on June 30 of each year.—V. 192, p. 209.

Honey Dew Food Stores, Inc.—Debentures Offered—Pursuant to an Aug. 31 prospectus, Vickers, Christy & Co., Inc., and First City Securities Corp., both of New York 5, N. Y., offered publicly \$300,000 of this corporation's 7½% convertible subordinated debentures, due July 1, 1970. The debentures were offered in units of \$100 and \$500 and were priced at par, plus accrued interest from July 1, 1960.

interest from July 1, 1960.

BUSINESS—Honey Dew Food Stores, Inc. was incorporated under the laws of the State of Delaware on Dec. 21, 1955. On April 24, 1956, it qualified to do business in the State of New Jersey. Its principal office is at 811 Grange Road, Teaneck, N. J., where its executive and administrative offices are maintained.

Honey Dew Food Stores, Inc. began its business on Jan. 7, 1956 when it acquired all of the assets and properties, subject to all of the debts and liabilities, of a sole proprietorship conducted by Abraham Adelman, the present President and Treasurer and controlling stockholder of the company.

The company is engaged in the operation of nine retail food super-

markets in New Jersey, New York and Connecticut for the sale and distribution of food and other products. At these supermarkets, customers are oftered the advantages of a wide choice of merchandise and rapid service. Parking iacilities are available at or near each of the supermarkets for the convenience of customers who shop by automobile. All of the supermarkets have warehouse space on the premises including refrigeration facilities for meat, sea 100d, dairy products and other perishable food items.

The company's supermarkets consist of departments which may be classified into four general categories:

(1) Groceries including frozen foods, baked goods, dairy products,

(1) Groceries, including frozen foods, baked goods, dairy products, andy and tobacco, constituting approximately 60% of total volume. (2) Meats and fish, constituting approximately 25% of total volume. (3) Fruits and produce, constituting approximately 9% of total

### Howard Plastics Co.-Formed-Acquires-

See Dennison Manufacturing Co., above.

I. D. Precision Components Corp. — Common Stock Sold—Pursuant to an offering circular dated Aug. 16, R. A. Holman & Co., Inc., 54 Wall St., New York 5, N. Y., publicly offered and sold 200,000 shares of this firm's 10¢ par common stock at \$1 per share.

10¢ par common stock at \$1 per share.

BUSINESS—The company was incorporated under the laws of the State of New York on Oct. 17, 1949, under the name of Dinson Clock Corp. The name was changed to I. D. Manufacturing Corp. in October 1952 and was further changed to I. D. Precision Components Corp. in May 1960. The company's executive offices, sales office, and manufacturing plant are located at 89-25 Van Wyck Expressway. Jamaica 35, New York.

The company specializes in the manufacture and sale of highly engineered miniature precision control components of the type used in the instrumentation of aircraft, guided missiles, computers, satellites, fuses, inertial guidance systems, and recording mechanisms.

The company also manufactures special application clocks for defense purposes, individual gears, pinions, clusters and gear plates, and miscellaneous screw machine items in addition to complete precision gear mechanisms for the electronics industry. The major portion of the company's business has been the manufacture of sub-contract items.

the company's products consist either of proprietary items which the company has developed and sells to others and sub-contract items either developed by the company on commission for customers, or made according to the customer's specifications. Its principal proprietary products are known to the trade as miniature precision gear mechanisms for the electronics industry. The products manufactured by the company require a high degree of precision and high standards of quality and reliability.

of quality and reliability.

PROCEEDS—In the event that all the shares of common stock are sold, the estimated proceeds to the company will be approximately \$154,000 after payment of the underwriter's commission and expenses, and the company's expenses of the offering, estimated not to exceed \$6,000. It is anticipated that such proceeds will be utilized substantially as follows, in order of priority, as listed:

	(a) Advertising and entering trade shows\$20,000
	(b) Additional equipment for new product lines 25,000
	(c) To set up an electronic testing laboratory 25,000
	(d) Repayment of current bank indebtedness 25,000

### I-T-E Circuit Breaker Co .- Acquires-

I-T-E Circuit Breaker Co.—Acquires—

This company, of Philadelphia, has acquired all the outstanding capital stock of Standard Electric Manufacturing Co. of Dallas, Texas. The firm was purchased from R. Porter Lindsley, Jr., sole owner who has functioned for a number of years as a Director, President, Assistant Treasurer and General Manager. He will remain as President and General Manager and other officers will continue in their former positions.

Standard is an assembler of lighting and power switchboards which are used in residential, commercial and industrial applications. Sales approximate \$1 million annually.

It has been for some time a sales representative in northern Texas, northwest Arkanasa and Oklahoma for the products of I-T-E's BullDog division. This activity will continue, thereby enhancing the company's distribution of products in this area.

Standard, which was founded in 1912, will operate as a whollyowned susbidiary of I-T-E.

turing plants in Philadelphia and Greensburg, Pa.; Detroit, Mich.; Belleiontaine, Ohio; Los Angeles, Calif.; Atlanta, Ga.; Newburyport, Mass.; Victor, New York; Houston, Texas; Port Credit, Toronto and Hamilton, Ontario.

Its products include air and oil circuit breakers, air break disconnect switches, power transformers, assembled switchgear and high voltage porcelain insulators for use in the transmission and distribution of electric power. It also produces jet engine components and radar antenna systems for defense purposes.—V. 191, p. 5.

#### Inland Credit Corp.—Net Up—News—

Inland Credit Corp.—Net Up—News—

A 36% rise in the earnings of the corporation in the quarter ended July 31 brought the company's net income for the first nine months of its current fiscal year to \$351,384, it was announced on Aug. 31 by Oscar Dane, President. Inland and its wholly-owned subsidiary, Ardisco Financial Corp., provide commercial financing for 150 firms engaged in 28 different industries.

The volume of business done, represented by collateral purchased, was \$46 million in the July quarter, bringing the total for the nine months to \$123 million. Comparable combined figures for 1959 were \$43 million, and \$121 million, respectively.

Consolidated net earnings after taxes for the quarter ended July were \$131,253, compared with the pro forma combined income of \$96,000 shown in the like period a year ago by Inland and Ardisco, then an affiliated operation, whose business was acquired by Inland in April of this year.

Earnings for the 1960 period represent 23 cents a share on the 575,000 shares of class A and class B stock outstanding at July 31. Related to the same number of shares, the 1959 figure is equal to 17 cents a share.

Consolidated net income for the nine months to July 31, 1960 was \$351,384, or 61 cents a share on the 575,000 class A and class B shares. This is over 33% above the comparable combined figure of \$263,000 in the same nine months of 1959, equal to 46 cents a share on the same number of shares.—V. 192, p, 402.

## Iron Fireman Manufacturing Co. (& Subs.)—Sales Up.

Iron Fireman Manufacturing Co. (& Subs.)—Sales Up, Net Down—

The Cleveland company, which has operations in the fields of heating equipment, aircraft assemblies and electronic components, has reported record peacetime sales for the six months ended June 30. President Lewis J. Cox sald that consolidated net sales of \$11,497,407 were the highest for any first half in the company's peacetime history. Previous first half record for any peacetime year occurred in 1957 when sales hit \$11,471,000.

Iron Fireman sales in the first half of 1959 came to \$11,377,296. Much of the impetus behind the new sales peak, Cox noted, came from the Electronics Division in Portland, Ore., which produced heating controls, thermostats and such components as gyros and relays for aircraft, missiles and outer space craft.

Another major factor cited by Cox—the growing popularity of the company's Custom Mark II oil furnace, which is produced in the Cleveland and Canadian facilities of Iron Fireman's Heating & Air Conditioning Division. "Without indulging in any overstatement," Cox commented, "I can state that this furnace has spurred new interest in residential and commercial oil heating through its 100% clean flame and its economy of operation."

Consolidated net income of the company came to \$12,867, or three cents per share on 396,871 shares outstanding, in the first half this year, Cox reported. This compares with \$39,790, or 11 cents a share on 373,486 shares, in the first six months of 1959.

Commenting on the earnings and sales for the first half of 1960, Cox noted that Iron Fireman usually has a loss or a modest profit in the first half of each year as contrasted with substantial profits in the last half. He observed that last year's first half net income of \$39,790, for example, swelled to \$749,305 for the entire year and that a net loss of \$424,953 in the first half of 1958 was translated into a net profit of \$504,111 for all of that year.

This seasonal trend, Cox explained, is an inherent factor in the heating industry—which i

sealed and cirven by the same small motor that operates the fan in the unit.

Directors of Iron Foreman recently voted a quarterly dividend of 20 cents a share, an increase of five cents from previous payments. Iron Fireman, organized in Portland in 1923 and later the nation's largest manufacturer of coal stokers, now makes a diversified line of products that includes: Gas, oil, dual-fuel and coal-firing equipment for home, commerce and industry; air conditioning units; temperature and combustion controls; aircraft and missile parts and assemblies; electronic components, and controls of many types.

With general headquarters in Cleveland, the company has offices and plants in Cleveland, Portland and Toronto, Canada.—V. 188, p. 2247.

#### Jerrold Electronics Corp.—To Acquire-

The boards of directors of Jerrold Electronics Corp., Philadelphia, Pa., and Harman-Kardon, Inc., Westbury, New York, have approved in principle a consolidation of the two electronic companies. In making the announcement, Milton J. Shapp, President of Jerrold and Sidney Harman, president of Harman-Kardon, said the transaction contemplates that Harman-Kardon shareholders will receive one share of Jerrold stock for approximately 1.8 shares of Harman-Kardon stock.

share of Jerrold stock for approximately 1.8 shares of Harman-Kardon stock.

Officials of the two companies have been authorized by their respective boards to implement this decision and to resolve other specific details. Consummation of the transaction is contingent upon approval by Harman-Kardon shareholders.

It is contemplated that the two companies will continue to operate as heretofore with no change in management, program or location. Jerrold is a leading manufacturer of electronic amplification equipment for closed circuit television distribution systems, electronic test instruments and electronic consumer products.

Several weeks ago, Jerrold sold nine community antenna systems and two microwave companies for approximately \$5,000,000. It then was stated that the company contemplates further acquisitions of community antenna systems and expansion in (1) industrial test and instrumentation equipment (2) audio and video communication systems and (3) advanced electronic research.

Jerrold has approximately 1,700,000 shares of common stock outstanding.

For the fiscal year ended Feb. 29, 1960, Jerrold had net earnings after taxes of \$810,251, including special non-recurring gain of \$283,656, on net sales and services revenues of \$8,416,750. Operating data for the Harman-Kardon fiscal year ended June 30, 1960 is not yet available but sales are reported to have been approximately \$3,500,000.—V. 192, p. 3.

## Kavanagh-Smith & Co., Greensboro, N. C.—Files With Securities and Exchange Commission—

The company on Aug. 29, 1960 filed a registration statement with the SEC covering 145,000 shares of common stock (par \$1) to be offered at \$5 per share, of which 30,000 shares are to be offered by the stockholders. The offering will be underwritten by United Securities Co. and Allied Securities Corp., Greensboro, N. C.; McCarley & Co., Inc., Asheville, N. C.; J. Sturgis May & Co., High Point, N. C. and Vaughan & Co., Wilmington, N. C.

The proceeds are to be used for working capital.—V. 191, p. 103.

## Kentucky Power Co.—Bank Borrowings—Accounting

The proceeds are to be used for working capital.—V. 191, p. 103.

Kentucky Power Co.—Bank Borrowings—Accounting This Ashland, Ky. subsidiary of American Electric Power Company, Inc., New York, has applied to the SEC for an order authorizing bank borrowings from time to time prior to Dec. 31, 1962, in amounts not to exceed \$40,000,000 in the aggregate and the Commission has issued an order scheduling the proposal for hearing on Oct. 3, 1960. The Commission also has authorized a proceeding, consolidated with the hearing on the proposed bank borrowings, with respect to the question whether the accounting for "Earned Surplus Restricted for Future Federal Income Taxes," reflected in the consolidated balance sheet of American and its subsidiaries and the corporate balance sheet of Kentucky, as contained in the present filling, conforms to the Commission's "Statement of Administrative Policy Regarding Balance Sheet Treatment of Credit Equivalent to Reduction of Income Taxes," issued Feb. 29, 1960.

The borrowings by Kentucky are to be made in equal amounts from four lending banks. Of the proceeds, \$5,100,000 will be used to pay a like amount of outstanding bank notes; and the balance will be applied to the costs, estimated at \$41,000,000, of a new 265,000-kilowatt generating plant and related transmission facilities expected to be placed in service in 1962. According to the application, American intends to supply capital funds to Kentucky in 1962, either by a capital contribution or the purchase of additional common shares, to the extent, not exceeding \$7,000,000 in the aggregate, required to enable Kentucky to complete the proposed bank financing and permitted by regulatory authorities.

With respect to the accounting question, the Commission's order recites that the consolidated balance sheet of American and its subsidiaries, as of March 31, 1960, filed as a part of said amendment contains an amount of \$86,976,332 identified as "Earned Surplus Restricted for Future Federal Income Taxes," and that the corporate balan

#### Kerr-McGee Oil Industries, Inc.—Record Highs-

The fiscal year just concluded was the best in the history of Kerr-McGee Oil Industries, Inc., Dean A. McGee, President, announced Sept. 6. Both net income and earnings per common share reached all-time highs. Net income for the year ended June 30, 1960, was \$7,287,457 as compared with \$5,873,330 for the preceding fiscal year, an increase of 24%. Earnings per common share were \$2.71 as compared with \$2.13 for fiscal 1959.—V. 190, p. 1524.

#### Keves Fibre Co.—New Plant—

This maker of molded pulp products announced on Sept. 8 plans r a new manufacturing plant in Sacramento, Calif., with a \$1,000,000 mual payroll.

annual payroll.

The announcement was made at the company's headquarters as Ralph H. Cutting, President, met with Sacramento officials and civic leaders in California, Plans for the new plant are subject to stockholder approval. The new plant is not expected to have any extended effect on the volume of products made in the company's Waterville and Hammond, Ind. plants, officials revealed.

Keyes has taken an option on a manufacturing site of approximately 30 acres in Sacramento and plans have been developed for a new pulp molding plant there. Anticipated cost of the new facility was not announced pending the completion of engineering and architectural plans and cost estimates plans and cost estimates

Keyes has plants in Waterville and Shawmut, Me., and in Hammond,

Reyes has plants in Waterville and Shawmut, Me., and in Hammond. This expansion will provide better service to present customers in the west coast area and afford Keyes a greater opportunity to take part in the rapidly growing economy of this section of the country, the announcement said. It revealed that the feasibility of such an undertaking has been the subject of study by Keyes over a number of years.—V. 192, p. 499.

# Keystone Steel & Wire Co. (& Subs.)-Annual Report Sales and earnings of this company and its subsidiaries for the fiscal year ended June 30, 1960 compared favorably with previous years, although operations in the last six months of the fiscal year were affected by the market distortions caused by the 116-day steel strike, R. E. Sommer, president, told stockholders in the annual report issued on Sept. 7. Operations in this period also reflected the loss of farm fence and construction material sales due to the unusually severe weather in the early months of 1960, he said. Net profit of \$8,320,490 and \$4.44 a share, already reported, compares with \$9,075,374 and \$4.84 a share for the previous year. Keystone's plants operated without interruption during the entire

compares with \$9,075,374 and \$4.84 a share for the previous year, Keystone's plants operated without interruption during the entire fiscal year. The steel mills operated durig the years at an average rate of 91% of capacity. The company's production of industrial wire products was maintained during the period at a rate that now appears to have been beyond customers' actual needs, Mr. Sommer said. This rate reflected the fears of industrial wire users as to the availability of supplies following the strike, as well as the going rate of consumption. The consequence was an accumulation of inventories in customers' hands that is still plaguing the entire industry and is retarding current production.

Operations are presently proceeding at levels that permit a con-

industry and is retarding current production.

Operations are presently proceding at levels that permit a continuing reduction in inventories, particularly farm fence, which were accumulated in anticipation of a seasonal demand for these products that did not materialize. Sales of farm fence in the June quarter were only 73% of average sales for the June quarter of preceding year.

were only 73% of average sales for the June quarter of preceding year. The Keystone companies are combatting the steadily rising imports of wire products by increasing the manufacture of products less subject to foreign competition. Products made on very large automatic machine installations are relatively immune in this respect. Such an installation is the mammoth automatic welding reinforcing fabric machine Keystone recently put into operation. The welded reinforcing fabric of various sizes being made by this machine is presently going for the most part into concrete road construction. The machine is flexible enough, however, to produce welded fabric for many other uses, Mr. Sommer said.

The line of building products made by Keystone, which now contributes 21% of Keystone's sales volume, is also relatively free from foreign competition.

Farm Fence and other merchant trade products distributed for the most part in rural markets now account for only 13% of total sales against 40% only 20 years ago.—V. 191, p. 2090.

### Kimberly-Clark Corp.—Net Up-News-

First quarter sales were \$95,695,523, up 5% from \$90,812,353 in the like period last year, John R. Kimberly, board chairman, announced on Aug. 30 at the company's annual meeting of shareholders.

Net earnings after taxes in the three-months ended July 31 were \$6,746,858 as against \$5,875,87, an increase of 14.8%. On the basis of 8,928,699 shares currently outstanding, per share earnings were 76 cents as against 66 cents. Earnings in last year's first quarter

had been adversely affected by manufacturing cost problems and a major production facility changeover, Kimberly pointed out.

Income tax provisions were \$7,411,371, compared with \$6,519,969 a

Income tax provisions were \$7,411,371, compared with \$6,519,969 a year ago.

"We anticipate that the year will continue highly competitive in our industry," Kimberly said. "However, demand seems to be holding up well in most of our product lines and we look forward to maintaining the sales and earnings pace set in the first quarter."

All directors of the company were re-elected at the shareholder meeting.—V. 192, p. 499.

### Lerner Stores Corp.—Sales Higher—

#### Lionel Corp.—Files Debentures

Lionel Corp.—Files Debentures—

The corporation, of 28 Sager Place, Irvington, N. J., filed a registration statement with the SEC on Sept. 2, 1960, covering \$4,500,000 of convertible subordinated debentures due Oct. 1, 1980. The company proposes to offer the debentures for subscription by common stockholders. The record date, subscription price, interest rate and underwriting terms are to be supplied by amendment. Granbery, Marache & Co. is listed as the principal underwriter.

The company is engaged in the business of manufacturing of model or toy electric trains and accessories; and it also manufactures electronic and electro-mechanical devices for government and industry. Through a subsidiary it designs and distributes fishing tackle and selis other sporting goods items. It has a 50% interest in two companies engaged in the general exporting business, including the products of Lionel and Essex Wire Corp., which owns the other 50% interest in each company. In addition, the company has contracted to purchase the net assets of Anton-Imco Electronics Corp. for 278,455 shares of its common stock. Anton-Imco Electronics Corp. for 278,455 shares of its common stock. Anton-Imco Electronics, Inc., which makes electronic and nuclear detecting instruments at Brooklyn, N. Y., and Intercontinental Manufacturing Co., Inc., which manufactures missile parts and air fran sections at Garland, Texas. Prior to execution of the purchase agreement, the company purchased 40,000 shares, or about 16% of the outstanding stock of Anton-Imco or \$1,300,000 upon consummation of the transaction, the 278,455 common shares issued to Aton-Imco are to be distributed on a pro-rata basis to the latter's stockholders other than Lionel.

The net proceeds of the sale of the debentures will, to the extent of \$2,500,000, be used to reduce existing bank loans (which at Aug. 31 aggregated \$8,300,000 and included the \$1,300,000 paid for Anton-Imco stock). About \$500,000 will be used to expand the company's research and development program, and the bala

Metal & Thermit Corp.—Acquires—

Metal & Thermit has expanded its activities in the minerals field with the acquisition of the resources and facilities of Orefraction Minerals, Inc., according to H. E. Martin, President. The purchase involved approximately \$1,000,000 in cash.

The 44-year-old Orefraction Minerals, Inc., with facilities in Andrews, S. C., supplies granular and dry milled zircon for the foundry, refractory, ceramic and glass industries.

Metal & Thermit, which has diversified interests in chemicals, metals, alloys, minerals, and welding supplies and equipment, owns or operates mineral mining and ore processing facilities in Australia; Monterrey, Mexico; Carteret, N. J., and Beaverdam, Va.—V. 191, p. 202.

#### Metcom. Inc .- Files for Offering-

Metcom, Inc.—Files for Oriering—
Metcom, Inc., 76 Lafayette St., Salem, Mass., filed a registration statement with the SEC on Sept. 2, 1960, covering 100,000 shares of common stock, to be offered for public sale through Hayden, Stone & Co. The public offering price and underwriting terms are to be supplied by amendment. The underwriter will obtain a two-year option

from the company for the purchase of 10,000 additional shares at the public offering price. The registration statement includes an additional 550,998 common shares, referred to below.

The company was organized under Delaware law in April 1959 for the purpose of engaging in the production of existing types of microwave tubes and devices, the improvement of existing tube types and of the methods of producing tubes and devices, the development of new types of tubes and electronic devices and the undertaking of research and development programs for others. Of the net proceeds of the proposed stock sale, \$41,600 will be used to retire a mortgage loan and \$50,000 to purchase certain machinery and capital equipment now rented; \$60,000 will be used for the purchase of additional machinery and equipment, \$100,000 for independent prototype development of a radiation detector, and \$150,000 for independent research and development in connection with the company's program for commercial production of Klystrons, magnetrons and microwave devices for use in products for the civilian consumer market. The balance of the proceeds will be used for working capital.

As indicated, the registration statement includes an additional \$50,998 common shares which were issued on conversion of debentures or notes, or otherwise, and which may be offered for sale from time to time in the over-the-counter market by the holders thereof at the current market then prevailing. The prospectus lists H. M. Byllesby & Co., Inc., as the owner of 30,000 shares of outstanding stock (26.03%) and Cominol Industries, Inc., as the owner of 135,000 shares. Management officials have a full or partial beneficial interest in 393,668 shares (not including the shares owned by Byllesby & Co., whose board chairman is a director of the company). Richard J. Broderick is President of the company. The prospectus further indicates that Broderick and other officers, organizers and employees of the company a squired 420,000 shares shortly after organization of the company

#### Minneapolis-Moline Co.-Net Off-News-

The company's program of building financial strength and simplifying its capital structure has brought the company "closer to the me when consideration can seriously be given to the possibility of essuming dividends on the common stock," J. Russell Duncan, presient, said on Sept. 6 reporting on results for the third quarter of the company's fiscal year.

Mr. Duncan reported to stockholders that net profit for the three months ended July 29, 1960, amounted to \$600,862, equal to 63 cents per common share on 954,097 shares outstanding. Net profit for the nine months ended July 29 totaled \$1,606,599, equal to \$1.68 a common share

In the previous year, the third quarter net profit was \$1,209,640, or \$1.27 a common share on 921,262 shares after allowing for dividends on preferred shares. For the nine months there was a net profit of \$2,622,691, or \$2.72 per comomn share.

No provision for federal income tax was required in either because of a tax loss carry-forward which amounted to \$900,094 cents per common share on July 29, 1960.—V. 192, p. 403.

### National Distillers & Chemical Corp.-Merger-

A merger of Federal Chemical Corp.—Merger—
A merger of Federal Chemical Company, Inc., a 76-year-old, sixplant manufacturer of mixed fertilizers, with National Distillers and
Chemical Corporation has been approved in principle by the boards
of both companies, according to an announcement by John E,
Bierwirth, Chairman, and Roy F. Coppedge, Jr., President, of National
Distillers and Jefferson D. Stewart, Jr., president of Federal Chemical,
National Distillers will offer approximately eight shares of its
common stock for each outstanding share of Federal Chemical common
stock and four common shares for each Federal preferred share.
Federal has 20,000 common shares and 21,494 preferred shares
currently outstanding.

Mr. Conpedge stead that About the American State of State of

Federal has 20,000 common shares and 21,494 preferred shares currently outstanding.

Mr. Coppedge stated that the merger with Federal will be an important forward step in the integration of National Distillers' fertilizer chemicals operation. Since 1950 the company has been increasingly active in the manufacture of a wide variety of industrial chemicals, including such fertilizer raw materials as phosphoric acid, sulphuric acid, ammonia and nitrogen solutions.

After completion of the merger, Federal will be operated under its present name by its present management, officers and staff as a division of National Distillers. Headquarters will continue at Louisville, Ky. Federal's plants are located in Louisville; Humboldt and Nashville, Tenn.; Danville, Ill.; Butler, Ind.; and Columbus, Ohio.

—V. 192, p. 404.

#### Navigation Computer Corp.—Facilities-

Navigation Computer Corp.—Facilities—
Contracts for construction of a new office building and manufacturing plant for the Philadelphia corporation in the Valley Forge Industrial Park have been awarded and construction is to start immediately, according to an announcement by Joseph A. Teti, Jr., Chairman of the Board.

The new plant will contain approximately 25,000 square feet of floor space. Mr. Teti stated that it is anticipated that the plant, to cost approximately \$315,000, will be completed late in 1960 and manufacturing operations will start early in 1961.

J. Paul Jones, Jr., President of NAVCOR, stated that the new plant will enable the company to take care of its rapidly expanding business and to carry out plans for expansion of NAVCOR's engineering and development program.

The corporation, incorporated in September, 1955 is engaged in the manufacture of special purpose digital computers and a catalogued line of transistorized digital systems modules for industrial, commercial and military applications.—V. 192, p. 211.

### New England Fund-Acquisition Proposed-

New England Fund—Acquisition Proposed—
This Boston investment company has applied to SEC for exemption order under the Ivestment Company Act with respect to its proposed acquisition of Seaboard Transportation Co.; and the Commission has issued an order giving interested persons until Sept. 16, 1960, to request a hearing thereon.

Seaboard is a personal holding company with nine stockholders. Its cash and securities approximated \$2.024,500 as of May 16, 1960. It is proposed to transfer substantially all of these assets to New England Fund in exchange for Fund shares at their net asset value, which will be distributed immediately to Seaboard's shareholders.—V. 190, p. 1526.

#### New York Telephone Co .- Proposes Bond Offering-

New York Telephone Co.—Proposes Bond Offering—
The company, of 140 West St., New York, on Sept. 2 filed a registration statement with the SEO seeking registration of \$60,-000,000 of refunding mortgage bonds, series L, due October 1997, to be offered for public sale at competitive bidding. Net proceeds of the sale of the bonds, together with the proceeds of the expected sale, about Oct. 1, 1960, of 6,000,000 shares of common stock to American Telephone & Telegraph Co. (parent), will be used to repay borrowings from banks which are expected to amount to about \$180,000,000 on Sept. 30, 1960. By reason of its large construction expenditures to meet the demand for communication services and to improve such services, it has been necessary for the company to obtain large amounts of new capital from the sale of securities.

—V. 192, p. 900.

#### Normandy Oil & Gas, Inc.—Proposes Stock Offering-

Normandy Oil & Gas, Inc.—Proposes Stock Offering—Normandy Oil & Gas, Inc., 620 Oil & Gas Bldg., Wichita Falls, Texas, filed a registration statement with the SEO on Aug. 31, 1960, covering 750,000 shares of common stock, to be offered for public sale at \$1 per share. The offering will be made directly by the company with payment of commissions to selling brokers, if any, in stock at the rate of 15 shares for each 100 shares sold. Thus, a maximum of 102,500 of the 750,000 shares are reserved for such purpose.

The company was organized under Delaware law in July 1959 for the purpose of engaging in oil and gas exploration and oil and gas production. It now has outstanding 200,000 common shares, issued for cash or services rendered. The largest block, 60,000 shares, were issued to Norman K. Ransom for services prior to his death in August 1960. Net proceeds of the stock sale will be used for exploration, development and other purposes. The prospectus lists Maynard M. Stephens as president and chairman.—V. 191, p. 1220.

#### Nuclear Materials & Equipment Corp.—AEC Contract

This corporation (NUMEC) of Apollo, Pa. has been awarded a \$550,-000 contract by the U.S. Atomic Energy Commission to produce ultrapure hafnium metal, it was announced by Dr. Zalman M. Shapiro, the president of NUMEC.

Dr. Shapiro stated that the hafnium would be used as a control material in connection with the AEC's naval reactors program.

While the material is a new product for NUMEC, Dr. Shapiro was responsible for much of the pioneer development work on the production of hafnium, which was carried out near Pittsburgh in 1950-51 at

the AEC's Bettis Atomic Power Laboratory (operated by Westinghouse Electric Corp.)

Electric Corp.).

The new contract was placed by the Pittsburgh Naval Reactors Operations Office of the AEC. It provides for two phases of work, the first covering the performance of trial evaluation runs and the second tovering production of tounage quantities of hafnium metal in the form of crystal bar.—V. 191, p. 1987.

#### Obele Oil Co.-SEC Complaint-

The SEC Denver Regional Office announced Aug. 31 the filing of Federal Court action (USDC, Colo.) seeking to enjoin Edward M. Obele, Sr., doing business as Obele Oil Co., T. Roy Wadkins, doing business as Wadkins Producing Co., and Warren Hackman from further violating the Securities Act registration and anti-fraud provisions in the sale of mineral interests and other securities.

Ocean Drilling & Exploration Co.—Annual Report-

Ocean Drilling & Exploration Co.—Annual Report—
The company registered a sharp gain in earnings in the fiscal year ended May 31, 1960, according to the annual report to stock-holders. Net income was \$522,302 as compared with a net loss of \$430,754 for the previous year.

Total revenues of the company were \$7,702,916, a new record and an increase of 20% over the \$6,428,066 recorded in the prior year.

Total revenues of the company were \$7,702,916, a new record and an increase of \$868,683 in revenue from contract drilling and the first significant income from oil and gas production yielded a gross of \$405,408, whereas there was no income from this source in the previous year.

Alden J. LaBorde, President, describes the year as one of the most significant in the history of the company. "Contract drilling at over \$98% of capacity showed gratifying improvement over lows of the previous year, the first important production was achieved with the commencement of gas deliveries from two properties, promising new reserves were discovered and partially developed, substantial additional offshore exploration acreage was acquired, commercial bank debt was reduced, and a net profit from over-all operations was recorded for the first time in three years." he said.

Capital expenditures amounted to \$2,389,000 compared to \$2,493,000 in 1959. Expenditures in both years were directed toward the finding of oil and gas reserves or the equipping of properties for production. Facilities for the Block 110 field are being completed and "it is anticipated that deliveries of about 800 barrels of production per day, net to ODECO, will begin soon from leases in this sait dome field," the report says.

In exploration and development, a highlight was the joint Louisiana offshore lease acquisition, exploration, and development program undertaken by ODECO, its parent company, Murphy Corp., and The Burmah Oil Western Co., a subsidiary of The Burmah Oil Co., Limited of London and Glasgow." Several successful wells have been drilled by the group.

Old Ocean Fuel Co.—Private Placement—This wholly-owned subsidiary of Texas Electric Service Co. has bor-rowed \$23,000,000 through the direct placement with institutional investors of first mortgage bonds, 5% series, due 1981. The transaction was negotiated by Eastman Dillon, Union Securities & Co.

Old Ocean Fuel Co. will use the proceeds to finance construction of a 340-mile pipeline between the Old Ocean field, in Texas, and the vicinity of Fort Worth.

Texas Electric Service Co. is a subsidiary of Texas Utilities Co.

#### Olin Mathieson Chemical Corp.—New Plant-

Olin Mathieson Chemical, Corp.—New Plant—
The corporation will begin construction immediately on a \$13,-000,000 chlorine and caustic soda plant at Charleston, Tenn., Stanley de J. Osborne, President and chief executive officer, has announced. Production is scheduled for the end of 1961.

The new facility, using the Mathieson electrolytic cell for the production of chlorine and caustic, represents another step in the corporation's internal expansion program, Mr. Osborne said.

The new unit will have a capacity of 180 tons a day, and be located on about 600 acres on the Hiwassee River, a navigable tributary of the Tennessee River. Power for operations will be supplied by TVA. Olin Mathieson now produces chlorine and caustic soda at Niagara Falls, N. Y., McIntosh, Ala, and Saltville, Va.

The corporation developed the Mathieson Stationary Mercury Cell process in which brine is broken into its component elements, sodium and chlorine, by passing a direct current through it in the specially designed electrolytic cell.

The new facility will allow Olin Mathieson to add to its ability to

designed electrolytic cell.

The new facility will allow Olin Mathieson to add to its ability to supply Southern markets and will serve as a source of chlorine and caustic soda for its manufacturing operations at Doe Run (Brandenburg, Ky.) and other points. The Chemicals Division of the corporation is now a major supplier of chemicals to such Southern industries as textiles, rayon, pulp and paper.

Mr. Osborne seld about 125 persons will be required to operate the plant, most of whom will come from the Charleston area. This plant will be financed entirely from company funds.

It is anticipated that other industries supplying Southern producers and using Olin Mathieson raw materials will locate in this key market area, he added.

This new construction is in addition to the construction is in addition to the construction is in addition to the construction.

ea, he added.

This new construction is in addition to the \$30,000,000 chemicals

This new construction is in addition to the \$30,000,000 chemicals expansion program announced by the corporation a year ago. That announcement included improved chlorine production facilities at Niagara Falls as well as new facilities for petrochemicals at Brandenburg, Ky, and for the production of sulfamic acid at Joilet, Ill. Long range plans for the expansion of the McIntosh plant are not The Chemicals Division now has under construction a hydrazine affected by this move. plant at Saltville, Va. This plant will supply fuel for the Titan missile.—V. 191, p. 1882.

#### Pacific Northwest Power Co.-Construction-

Pacific Northwest Power Co.—Construction—

The company told the FPC in Washington on Sept. 2 it is ready and willing to launch immediate construction of its \$257,100,000. High Mountain Sheep Dam project on the Snake River.

PNP said the multi-purpose High Mountain Sheep plan of development in the Middle Snake would give the region more and cheaper power than any rival plan while still keeping the Salmon River open for important fish production until passage problems are solved. The company said the region would suifer by 1980 an economic loss of \$371,000,000 in water power wasted to the sea if High Mountain Sheep was not promptly licensed and in service by 1966.

In establishing superiority of the High Mountain Sheep plan of development, PNP listed cost of printe energy from that plan at \$293 per kilowatt, \$30 less than the Nez Perce plan proposed by government power groups. Benefit to cost ratio of the High Mountain Sheep plan was set at 3.22 to 1 against 3.11 to 1 for Nez Perce.

The testimony of eight witnesses for PNP—engineers, executives, financial experts and biologists—is being formally filed with the FPC in support of the company's application for a license to build the 670-foot dam. PNP is sponsored by Portland General Electric, Pacific Power & Light. Washington Water Power and The Montana Power companies.

The Commission was also to receive testimony of the Washington Public Power Supply System for the competing Nez Perce project below the mouth of the Salmon.

In ultimate capability, the company compared an output of 3.900.000 for the Nez Perce plan, an advantage of 115,000 kilowatts from the High Mountain Sheep plan against 3.785.000 for the Nez Perce plan, an advantage of 115,000 kilowatts for the High Mountain Sheep plan against 3.785.000 for the Nez Perce plan, an advantage of 115,000 kilowatts for the High Mountain Sheep plan washick to the High Mountain Sheep plan washick for the High Mountain Sheep plan washick of average prime energy than Nez Perce.

PNP said the High Mountain Sheep plocet w

#### Pantasote Co.-Net Down-

Pantasote Co.—Net Down—

The company, of Passaic, N. J., and New York City (over-the-counter) announced yesterday a profit of \$82,229 (or \$74,960 after taxes) for the six months ended of 1959, when there were no taxes paid because of a loss carry forward.

The results of the first six months of 1960 reflect the less favorable economic conditions in the industry, and certain non-recurring pre-operation expenses incurred in connection with the construction of new facilities which will more than triple the company's output of polyvinyl chloride resin.

It is anticipated, that the operation of the new facilities, which will be completed in September, should result in increased earnings during the last four months of the current year.—V. 191, p. 607.

## Pantex Manufacturing Corp.—Subsidiary Gets Interest

Pantex Manufacturing (Canada) Ltd. of Montreal has acquired a substantial interest in Tel-A-Sign, Inc., according to a joint announcement by A. A. "Bill" Steiger, President of Tel-A-Sign, Inc., and Gaston Albright, President of Pantex Manufacturing (Canada) Ltd.

and Gaston Albright, President of Pantex Manufacturing (Canada) Ltd.

Pantex Manufacturing (Canada) Ltd. is a wholly owned subsidiary of Pantex Manufacturing Corp. of Pawtucket, R. I.

Tel-A-Sign is among the "big three" in the mass production of plastic illuminated point-of-purenase advertising signs. Pantex Manufacturing Corp. is one of the leading producers of commercial launary and diy cleaning equipment.

Mr. Steiger stated that 1959 Tel-A-Sign sales were \$2.5 million, and that sign sales are expected to substantially increase in 1960. Tel-A-Sign's sales for the first quarter of 1960 were \$1,111,975 versus \$700.424 a year ago.

Tel-A-Sign recently moved from its old 65,000 foot plant into a modern, one-story plant of 130,000 square feet.—V. 190, p. 874.

Perkin-Elmer Corp.—Common Stock Offered—Blyth & Co., Inc., and associates offered publicly on Sept. 8 an issue of 100,000 shares of the corporation's common stock \$1 par value, at \$44 a share.

stock \$1 par value, at \$44 a share.

PROCEEDS—The company, a designer and producer of precision scientific instruments for the petro-chemical industry and electro-optical systems for the government's space and missile 'programs, will use \$1,400,000 of the proceeds of the stock sale to help finance construction of an additional plant near Norwalk, Conn. Another \$500,000 will be applied toward purchase of machinery and equipment, with the balance added to general funds.

BUSINESS—For the fiscal year ended July 31, 1960, it is estimated that 55% of sales resulted from government orders and 45% from a wide range of institutions and industries, of which more than half came from the chemical, petroleum and petro-chemical industries. The company's electro-optical systems are used primarily for missile range instrumentation, reconnalssance and celestial studies.

EARNINGS—For the 11 months ended June 24, 1960, Perkin-Elmer reported unaudited total revenues of \$19,116,000 and net income of \$528,000 equal to \$1 cents a share, compaged with revenues of \$15,491,000, net income of \$679,000 or 62 cents a share for the same period of 1959.

Total revenues for the fiscal year ended July 31, 1959 were \$17,669,000 with net income of \$901,000 compared with revenues of \$15,400,000 and a net of \$751,000 for a year earlier. Giving effect to the 2-for-1 stock split in August, 1959, earnings per common share were 80 cents in 1959 and 72 cents in 1958.

DIVIDENDS—The company was incorporated in 1939. Except for payment of cash dividends in 1942 and 1954, the company has followed a policy of retaining all earnings to finance growth and development, It is expected this policy will be continued.

CAPITALIZATION—Giving effect to the sale of the new common stock, capitalization of the company will consist of \$3,000,000 in

ment. It is expected this policy will be continued.

CAPITALIZATION—Giving effect to the sale of the new common stock, capitalization of the company will consist of \$3,000,000 in iong-term debt, and 1,246,436 shares of \$1 par value common stock. Retained income amounted to \$5,444,542.

UNDERWRITERS—The several underwriters named below, acting through Blyth & Co., Inc. as Representative, have entered into an underwriting agreement with the company whereby they have severally agreed to purchase the common stock from the company subject to the terms and conditions of the underwriting agreement, a copy of which is filled as an exhibit to the Registration Statement and is incorporated herein by reference. #### Philadelphia Electric Co.-Files Stock Plan-

This company, of 1000 Chestnut St., Philadelphia, Pa., filed a registration statement with the SEC on Sept. 2, 1960, covering 62,620 shares of common stock, to be offered pursuant to the company's 1960 Employee Stock Purchase Plan.—V. 191, p. 1264.

## Phillips Petroleum Co.—Exchange—

Phillips Petroleum Co.—Exchange—
The following joint announcement was made on Aug. 31 by Frank M. McMahon, Chairman and chief executive officer of Pacific Petroleum, Ltd. of Calgary and Vancouver; K. S. Adams, Chairman and chief executive officer of Phillips Petroleum Co. of Bartlesville, Okla.; and C. H. Wright, Director of Suntay Oil Co., wholly owned subsidiary of Sunray Mid-Continent Oil Co., of Tulsa.
On July 15, 1960, Phillips and Sunray agreed upon an exchange of all their oil and gas properties and other holdings in Canada for common shares of Pacific Petroleums Ltd. This agreement was approved on Aug. 30, by Pacific's board of directors subject to approval by Pacific's stockholders.

McMahon stated, "in my opinion following the consolidation of Canadian operations of the three companies a conservative valuation of Pacific's assets, including its Venezuelan properties and other holdings, will exceed \$315,000,000."

The exchange will be on the basis of a mutual evaluation which has been made of the Canadian properties of the three companies and will bring Pacific's total share issue to \$14,775,773 shares. Pacific's stock will be owned 39% by Phillips and 5.8% by Sunray.

stock will be owned 39% by Philips and 5.8% by Sunray.

"The addition of Phillips and Sunray's properties to the operations of Pacific will materially increase Pacific's income with very little increase in its cost," McMahon said. "This consolidation will make Pacific one of the stronger fully integrated Canadian oil companies and add significantly to its already substantial proven reserves of oil

Motor fuels, distillates, burning oil and asphalt from the company's refineries at Dawson Creek and Fort St. John will continue to be markesed, in the Peace River area and along the Alaska Highway under the Phillips 66 brand.

under the Phillips 66 brand.

McMahon also said, "we anticipate expanding our marketing area extensively and are considering the addition of aviation gasoline facilities to our plant at Fort St. John, which is already one of Canada's newest and most modern refineries."

The actual take-over of operations of Phillips and Sunray's proper-

ties by Pacific is expected to be completed before the end of the year. —V. 192, p. 404.

#### Piasecki Aircraft Corp.—Triples Earnings-

Piasecki Aircraft Corp.—Triples Earnings—

This corporation reported earnings of \$523,660, equal to \$1.15 per share, for the fiscal year ended June 30, 1960, in the company's fitth annual report to stockholders. Sales amounted to \$2,362,996, and were 35% above the \$1,767,147 in sales reported in fiscal 1959. This represents the fifth consecutive year sales increases have been reported since the company was founded in 1955.

Frank N. Plasecki, President of the company, stated the continued growth is a result of aggressive sales and management policies the company has maintained during its five year history.

The report highlighted the success of the Plasecki Sky-Car I, the world's first aerial jeep designed and built under Army contract. The successful completion of comprehensive flight test programs by Sky-Car I led to an additional Army contract for Sky-Car II is well under way, and upon completion, the second unique air-ground vehicle will be delivered to the Army for extensive field tests.

A 131% increase in sub-contract work during fiscal 1960 represented another important contracts in the missile field, including the critical responsibility for manufacture of the airframe and nose cone for three types of re-entry vehicles, one of which is used in the Air Force Discoverer program, and the booster section airframe for a new Army missile. These sub-contracts which are continuing into fiscal 1961, represent a substantial source of incorontinuing into fiscal 1961, represent a substantial source of incorontinuing into fiscal 1961, represent a substantial source of incorontinuing into Fiscal 1961, represent a substantial source of incorontinuing into Fiscal 1961, represent a substantial source of incorontinuing into Fiscal 1961, represent a substantial source of incoron and missile program.

The Mayfield Electronics Division, acquired by Piasecki in 1959,

continuing into fiscal 1961, represent a substantial source of income to Piasecki, as well as a major contribution to America's space and missile program.

The Mayfield Electronics Division, acquired by Piasecki in 1959, also added importantly to the company's favorable year-end report. The complete and modern production facilities at Mayfield, capable of producing nucleonic, electronic and electrochemical components using the latest manufacturing methods played a major role in securing new, diversified electronics contracts. Most recently, anouncement was made of an award to Mayfield of a U. S. Signal Corps contract in the amount of \$250,000.

The company continued expansion of its international affiliations, which include active work with Ateliers d'Aviation Louis Breguet of Paris on the Breguet 941, a large STOL transport, (Short Take-Off and Landing), and continuation of a prime contract to supply engineering to a prominent Italian manufacturer for a new helicopter. As part of the company's diversification program, work was advanced on a line of proprietary products, including radiation detection instruments for both home and industrial use, and an electronic sanitary device that is currently undergoing consumer tests. In addition, the company is continuing development work on a V-STOL aircraft for both military and commercial sales.—V. 190, p. 1341.

Pilot Rock Lumber Co.—Acquired—

See Georgia-Pacific Corp., above.—V. 178, p. 299.

#### Pittsburgh, Cincinnati, Chicago & St. Louis Ry .-Tender for Bonds-

W. R. Gerstnecker, Treasurer of Pennsylvania RR., 380 Seventh Avenuc, New York, N. Y. will before 3 p.m. (EDT) on Sept. 30 1960, receive tenders for the sale to the company as of Oct. 1, 1960, of consolidated 4½% series I and J bonds aue 1963 and 1964, to an amount sufficient to exhaust the sum of \$377,691, at prices not to exceed 100% plus accrued interest.

#### Pittsburgh Plate Glass Co.—Licensing Agreements—

Licensing agreements with six international paint manufacturers for e production and distribution of its Duracron thermosetting and uracryl thermaplastic resins in the world market were announced in Sept. 7 by this company. The arrangements were made by the impany's international division, Pittsburgh Plate Glass International

. A.
The foreign licensees are: Badische & Anllin Soda Fabrik (BASF),
termany; Styrene Co-Polymers, Ltd., and Lewis Berger, Ltd., both of
treat Britain; Lewis Berger and Sons Proprietary, Ltd., Australia;
ewis Berger and Sons, Ltd., of New Zealand; and United Paints, Ltd.,
outh Africa.

South Africa.

All of the firms, except Lewis Berger, Britain, have licensing rights for PPG's thermosetting acrylic resins, marketed in the U. S. as Duracron. The Berger firms in Australia and New Zealand have the rights on PPG's thermoplastic acrylic, Duracryl, used principally for automotive finishes, but the British Berger license is for Duracryl only. The agreements cover patents, technology, and rights to produce and market the products in Great Britain, the European Common Market, Australia, New Zealand, South Africa and certain other countries.

countries.

The Duracron resins were invented and developed by the company's paint division as a new resin family, the pioneer series of thermosetting acrylics. The company now has five patents.

Used in PPG's industrial finishes, trade-marked thermosetting acrylics have imparted qualities never before possible in an organic coating. Principal uses are for steel and aluminum siding, household appliances, air conditioners and can coatings.

PPG has increased production of the resins, which have already passed the multi-million pound mark, this year.

A greatly expanded production in a new plant site is now under consideration by the company.—V. 190, p. 1341.

### Producing Properties, Inc.—Acquires-

Acquisition by Producing Properties, Inc. of various properties in nine Texas counties was announced in Dallas recently by Robert J. Bradley, PPI board chairman and chief executive officer. The seller's interests in the properties were sold for a total consideration of \$2,-250,000, and have estimated net reserves of 3,000,000 barrels of oil and 4,700,000 MCF of gas. PPI's part of the total consideration was approximately \$570,000. This purchase will increase PPI's reserves by an equivalent of approximately 2,250,000 barrels of oil.

an equivalent of approximately 2,250,000 barrels of oil.

The principal properties are located in the Sacroc Unit of Scurry County, the East Texas Field in Gregg County, the Webster Field of Harris County, the Mungerville Field of Dawson County, the KMA Field of Wichita County, the Slower Field of Anderson County, and the Sandusky Oil Creek Field of Grayson County.

Interests in the properties acquired by PPI were formerly owned by W. A. and F. A. McMillan, Earle B. Mayfield, Jr., J. Robert Phillips, Jr., E. G. Allen and M. C. Kramer, all of Dallas, Other Texas sellers were Snowden Petroleum Company of Fort Worth, Roy H. Smith, Wichita Falls, Mrs. Richard Blume, Kerrville, E. G. Burke, Jr., San Antonio, Grover Scott, Snyder, and W. H. Wren of Hamilton. Other sellers were Ray Ryan of Los Angeles, the Estate of George A. Scott of Oakland, Calif., and the South Texas Development Co. of Albany, New York.

Christiana Oil Corp. has sold substantially all of its interests in

New York.

Christiana Oil Corp. has sold substantially all of its interests in domestic producing oil, gas and LPG (liquid petroleum gas) properties to Producing Properties, Inc. for \$2,900,000, it was announced Sept. 1 by L. W. Douglas, Jr., president of Christiana. These properties are located principally in Texas and Kansas and were purchased by Christiana in recent years for \$920,000.—V. 192, p. 116.

### Radio Shack Corp.-Shares in Registration-

Radio Shack Corp.—Shares in Registration—
This corporation, 730 Commonwealth Ave., Boston, Mass, filed a registration statement with the SEC on Sept. 2, 1960, covering 110,062 shares of common stock and warrants for 44,400 shares. Of this stock, 57,142 shares are issuable upon conversion of the company's 6¼% convertible subordinated notes due 1974; and 44,400 and 8,520 shares, respectively, are issuable upon exercise of an outstanding stock subscription warrant and an outstanding option, expiring in 1971 and 1274. The said subordinated notes are outstanding in the amount of \$350,000. The warrant was issued to the purchaser of a \$450,000 senior note and the option to Granbery, Marache & Co., in connection with its placement of the senior note and the subordinated notes; and the shares are purchaseable upon exercise of the warrant and option at \$6.75 per share. The company now has outstanding 434,551 common shares. It distributes a wide line of electronic products.—V. 192, p. 745.

# THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, Sept. 10, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 10.7% above those of the corresponding week last year. Our preliminary totals stand at \$21,569,773,705 against \$19,477,679,677 for the same week in 1959. At this center there is a gain for the week ending Friday of 17.4%. Our comparative summary for the week follows:

#### CLEARINGS-RETURNS BY TELEGRAPH

Week Ended Sept. 10—	1960	1959	%
New York	\$11 789 013 292	\$10,078,110,079	+17.1
Chicago	1,081,048,696	969,448,598	+11.5
Philadelphia	797,000,000	826,000,000	- 3.5
Boston	589,805,980	540,638,702	+ 9.1
Kansas City	*375,000,000	369,164,171	+ 1.6
St. Louis	299,300,000	296,900,000	+ 0.8
San Francisco	446,330,000	509,846,515	-12.5
Pittsburgh	331,431,956	314,688,597	+ 5.3
Cleveland		432,764,980	+ 3.7
Baltimore	305,682,824	281,819,179	+ 8.5
Ten cities, five days	\$16,472,206,017	\$14,619,380,821	+12.7
Other cities, five days	4,252,555,381	4,048,582,380	+ 5.0
Total all cities, five days	\$20,724,761,398	\$18,667,963,201	+ 11.0
All cities, one day	845,012,307	809,716,476	+ 4.4
Total all cities for week	\$121,569,773,705	\$19,477,679,677	+10.7

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended Sept. 3. For that week there was an increase of 7.3%, the aggregate clearings for the whole country having amounted to \$25,259,683,576 against \$23,549,199,152 in the same week in 1959. Outside of this city there was a gain of 0.5%, the bank clearings at this center showing an increase of 13.9%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals register a gain of 13.5% and in the Boston Reserve District of 4.8% but in the Philadelphia Reserve District the totals register a loss of 5.4%. In the Cleveland Reserve District the totals show a falling off of 0.1%, in the Richmond Reserve District of 2.4% and in the Atlanta Reserve District of 0.3%. The Chicago Reserve District has to its credit a gain of 6.6%, the St. Louis Reserve District of 6.3% and the Minneapolis Reserve District of 2.3%. In the Kansas City Reserve District there is a decline of 1.2%, in the Dallas Reserve District of 6.0% and in the San Francisco Reserve District of 3.0%.

In the following we furnish a summary by Federal Reserve Districts:

### SUMMARY OF BANK CLEARINGS

#### Reinsurance Investment Corp.—Registers Common-

Reinsurance Investment Corp.—Registers Common—
This corporation, of 15 Exchange Place, Jersey City, N. J., filed a registration statement with the SEC on Sept. 1, 1960, covering 350,000 shares of common sock. Of this stock, 200,000 shares will be issued at an agreed value of \$3 per share to four "selling stock-holders" in payment of a promisory note in the amount of \$600,000 issued by the company for \$600,000 in cash in May 1960. Of the 200,000 shares, 100,000 will be issued to Richard Weininger and the balance in about equal amounts to three others, including T. J. Stevenson, Jr., a director. Under the arrangement pursuant to which such notes were sold, the selling stockholders have an option to buy an additional 50,000 shares at \$3 per share within two years; and they are further obligated to purchase, at the company's option, upon 60 days notes, an additional 100,000 shares at \$3 per share. Of this additional stock, Mr. Weininger has an option on 25,000 shares, and is obligated to buy 50,000; and the other three have an option on and are obligated to purchase the balance of 25,000 and 50,000 shares, respectively. It is indicated that the selling stock-holders may, upon receipt of the shares, sell same from time to time over the American Stock Exchange at prices prevailing at the time of such sale.

The company is an operating holding company which has been seed the expected in the business of seeking acquiring and holding

time of such sale.

The company is an operating holding company which has been and is engaged in the business of seeking, acquiring and holding controlling, substantial, or entire interest in other companies, primarily those engaged in the field of life and health & accident insurance. It has acquired majority ownership of two insurance companies; and recently it acquired a 39.4% stock interest in American Income Life Insurance Co. and by arrangements with Bernard Rapoport the right to vote 12.4% of additional stock owned by him.

The company now has custanding 1.344 055 common shares of

The company now has outstanding 1,344,050 common shares, of which some 21,63% is owned by management officials. The prospectus lists Otto Marx, Jr., as Board Chairman and Chief Executive Officer and Clement R. McCormack as President.—V. 192, p. 942.

#### Reliance Manufacturing Co.-Acquires-

This manufacturer of men's, women's and boy's apparel announced on Sept. 7 that it had contracted to acquire the assets and business of Puritan Skirt and Dress Company of Boston, Mass., a manufacturer of popular-priced women's dresses and sportswear. The acquisition

will involve 52,000 shares of Reliance's common stock plus an undisclosed amount of cash, and will increase Reliance's yearly volume to about \$85 million.

Negotiations have been in progress for several weeks and the announcement of the conclusion of an agreement between the two companies was made in New York City jointly by Timothy R. Stearns, Reliance President and Carl Rosen, President of Puritan.—V. 191, p. 2522.

Rez-Tile Industries, Inc.—Common Stock Offered—Pursuant to an Aug. 18 offering circular, Vickers, Christy & Co., Inc., and First City Securities, Inc., both of New York 5, N. Y., publicly offered 150,000 shares of this company's \$1 par common stock.

PROCEEDS—If the company's entire offering of 150,000 shares is sold, the proceeds to the company will be \$240,000, after paying Underwriter's Commissions, less a maximum of \$15,000 to the Underwriters for expenses incurred. After paying a Finder's Fee of \$7,000, and allowing up to \$15,000 for the company's own expenses the company will net not less than \$203,000 which it will apply, in the order of priority shown, as follows:

2.	torrey brional, ac acremen	
	Inventory	\$60,000

Authorized Outstanding 1,000,000 shs. 228,869 shs Common stock (par value \$1) \_\_\_\_

Common stock (par value \$1)\_\_\_\_\_\_\_\_\_\_\_1,000,000 shs. 228,869 shs. BUSINESS—Rex-Tile Industries, Inc. was organized under the laws of the State of Florida on May 9, 1960, with an authorized capitalization of 1,000,000 shares of common stock with a par value of \$1 per share. Since its organization the company has been in its formative stages, to which status its activities have been limited.

The company has adopted the term "Rez-Tile" as a trade name for its product. Rez-Tile is a particle board block floor tile which is manufactured from dry sized Douglas Fir plainer chips formed with the addition of certain resins and paracol and subjected to extreme heat and pressure, thereby forming a fused material giving the advantages of wood but eliminating the disadvantages by natural wood fibre.—V. 192, p. 212.

#### Richardson-Merrell Inc.-New Name for VIK-See Vick Chemical Co., below

Rimak Electronics, Inc.—Common Stock Offered—Pursuant to a Sept. 7 offering circular, Holton, Henderson & Co., 210 West 7th St., Los Angeles, Calif., publicly offered 150,000 shares of this firm's \$1 par common stock at \$2 per share.

licly offered 150,000 shares of this firm's \$1 par common stock at \$2 per share.

APPOINTMENTS—Transfer Agent: Union Bank, 760 South Hill Street, Los Angeles, Calif. Registrar: Bank of America National Trust & Savings Association, 660 South Spring Street, Los Angeles, Calif. PROCEDS—After payment of commissions and other expenses the net proceeds to the company from the sale of the shares offered will be approximately \$247,000. Approximately \$40,000 of the proceeds will be utilized to pay Engineering & Manufacturing Corporation of Texas to liquidate an obligation evidenced by a promissory note; approximately \$8,000 will be used for advertising; approximately \$30,000 will be used for product development; \$15,000 will be used for increased production facilities; and the balance of \$154,000 will be used for payment of taxes and as working capital in an effort to eliminate the necessity of factoring accounts receivable.

BUSINESS—The company is engaged in contract manufacturing for the electronics, guided missile and aircraft industries. Among the many items manufacture are precision sheet metal assemblies, electronic cabinets, electronic consoles, deep draw cans and housings. The company also manufactures a line of proprietary items for the electronics, guided missile and aircraft industries, including circuit assemblers, expandable chassis and presto terminals, etc. Further, Rimak is manufacturing and/or has contracts to manufacture additional proprietary items in the commercial field, including construction bartricades—and warning lights and devices; a trading stamp dispening machine, and motor carts.

Rimak was incorporated on May 1, 1958, under the laws of the State of California. The manufacturing business operated by Rimak, however, was initiated in October of 1950, and operated as a partnership and in other corporate forms from such date until the Incorporation and succession to the business by Rimak Electronics, Inc. CAPITALIZATION—Prior to this offering there were 2,310 shares of \$100 par common stock of

CAPITALIZATION—Prior to this offering there were 2,310 shares of \$100 par common stock of the company outstanding which were reclassified into 200,000 shares of \$1 par common stock. There now are 500,000 shares of \$1 par common sock authorized with 200,000 shares outstanding. shares outstanding.

Capital stock is all of one class, without series, and without preferences. There are no pre-emptive, conversion or redemption rights. All of the 150,000 new shares offered when sold will be fully paid non-assessable and will increase the total outstanding shares to 50,000.—V. 192, p. 600.

# (W. M.) Ritter Lumber Co.-GXP Merger Terms-

#### Roliton Corp.-Offering Suspended-

The SEC has issued orders temporarily suspending Regulation A exemptions from registration under the Securities Act of 1933 with respect to public offerings of securities by the following:

(a) Great Lakes Natural Gas Co., Inc. ("Natural Gas"), Erie, Pa.
In a notification filed in February 1959, Natural Gas proposed
the public offering of 150,000 common shares at \$2 per share.
(b) Roliton Corporation, Denver, Colo. A notification filed in June
1960 by Roliton proposed the public offering of 175,000 common
shares at \$1 per share.

1960 by Roliton proposed the public offering of 175,000 common shares at \$1 per share.

Regulation A provides a conditional exemption from registration under the Securities Act of 1933 with respect to public offering of securities not exceeding \$300,000 in amount. In its order with respect to Natural Gas, the Commission states that a permanent injunction was issued on July 14, 1960, in the Supreme Court of the State of New York for New York County permanently enjoining the said company from engaging in any business relating to the purchase and sale of securities, which under Regulation A is a bar to the sale of securities pursuant to a Regulation A exemption.

With respect to Roliton, the Commission's order asserts that certain terms and conditions of Regulation A were not complied with, that Roliton's offering circular is false and misleading by reason of its failure to disclose certain material facts, and that the offering of Roliton stock would violate Section 17 (the anti-fraud provision) of the Act. The alleged misrepresentations relate to the failure to disclose the interests of management officials in affiliated companies; to make adequate disclosure of agreements between Roliton and affiliated company; to disclose all direct and indirect interests of management officials, controlling persons and promoters in affiliates; to disclose material transactions between Roliton and its affiliates within the past two years; to disclose adequately agreements between Roliton and other companies; and to disclose a proposed merger with an affiliate.

Each of the orders provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.—V. 191, p. 155.

#### Roulette Records, Inc., New York, N. Y. - Files With Securities and Exchange Commission-

The corporation on Aug. 29, 1960 filed a letter of notification with the SEC covering 100,000 shares of common stock (par one cent) be offered at \$3 per share, without underwriting.

The proceeds are to be used for general corporate purposes.—V. 190, 1017

p. 1017.

#### Siegler Corp.—Record Highs—

The Siegler Corp.,—Record flights—
The Siegler Corp., of Los Angeles, experienced its most successful year in history during the fiscal period ended June 30, 1960, John G. Brooks, company president, announced on Sept. 7 in the annual report malled to shareholders. New record highs were achieved in both net earnings and sales. As previously reported, net income amounted to \$3,201,023, an increase of 45% over 1959. This was equal to \$1.71 per share on the 1,871,595 common shares outstanding. In fiscal 1959, net profits amounted to \$2,203,022, or \$1.35 per share on the 1,624,815 shares then outstanding.

Brooks pointed out that the 15% increase in common shares was due to the increase of 139 30 above.

amounted to \$2,203,022, or \$1.36 per share on the 1,624,815 shares then outstanding.

Brooks pointed out that the 15% increase in common shares was due to the issuance of 122,343 shares in merging Magnetic Ampliffers, Inc., the declaration of a 4% stock dividend and the conversion of remaining outstanding debentures assumed in the 1957 merger with Unitronics Corp.

Sales for the year ended June 30, 1960 rose to \$84,095,002, a new record and 9% above the 1959 total.

In his letter to shareholders, Brooks said Siegler continues to be in "excellent financial condition." Net worth increased to \$25,521,982 from \$20,535,196 in 1959 and working capital rose to \$21,464,965 from \$19.587,543.

The sum of \$2,800,000 received by Siegler from the Coleman Co., Inc., of Wichita, Kansas in settlement of a patent infringement suit was not included in the earnings for the year. "Because this was an unusual and non-recurring type transaction," Brooks explained, "the net amount after provision for federal income taxes, legal fees and other corollary expenses, was credited directly to our earned surplus account."

An extra 1% stock dividend was declared during the year to enable shareholders to participate in the benefits from the Coleman payment, the president added.

The report noted that The Olympic Radio and Television Division registered substantial sales increases for the fifth consecutive year. In the consumer products field, Olympic continued to outpace the industry average by a considerable margin, Olympic's unit volume was up by 25.7% for the fiscal year compared to an industry gain of 12.7% —V. 191, p. 2522.

#### Sperry Rand Corp.—Expansion—

Sperry Rand Corp.—Expansion—

Flans for expanding its overseas production facilities were announced today by New Holland Machine Co., farm equipment manufacturing division of Sperry Rand Corp.

New Holland President George C. Delp said the company will build a new home office and factory at Aylesbury, England, near the present headquarters and plant of New Holland Machine Co. Limited.

With the new plant and the older one in operation, Mr. Delp said, New Holland will be able to step up production of automatic hay balers and other grassland farming machines. According to Victor R. Despard, Jr., International Division Director for New Holland, products of the Aylesbury operation are sold mainly in England and other parts of the United Kingdom. Export sales account for about one-fourth of production, he said.

New Holland, which also has companies in France and Australia and five factories in the United States, started manufacturing operations in England in 1954. Growing acceptance of grassland farming—the production of hay and silage crops for livestock feed—has doubled and redoubled New Holland sales in England and other countries overseas. Production will begin soon on an expanded line of grassland equipment, including two baler models, a hay crimper and a multi-purpose harvesting machine, the Crop Chopper 33.

In 1954, New Holland had 50 employees and one distributor in England. Today, there are 200 employees and 160 dealers producing and macketing New Holland equipment. Another 50 to 100 people will be added when the new plant goes into full operation, New Holland says.

The new building, with 10,000 square feet of office and 48,000

says.

The new building, with 10,000 square feet of office and 48,000

square feet of manufacturing space, will be built by John Laing and Son Limited, a large building contractor in England. Work will begin in September and be completed next May.—V. 192, p. 348.

#### Tampa Bay Citrus Group-Registers-

Tampa Bay Citrus Group—Registers—

The Tampa Bay Citrus Group, Suite 508-1401 Peachtree Street, N. E., Atlanta, Ga., filed a registration statement with the SEC on Sept. 6, 1960, covering registration of \$2,200,000 of partnership interests "in the financing, development, operation and ownership of a proposed citrus grove" to be offered in units of \$22,000. Each limited partnership interest will require an initial payment of \$5,600 with a deposit of at least 15% of that amount, or \$840, accompanying the application. The remainder of the initial payment (\$4,760) must be made upon demand as soon as the entire 97 limited partnerships which are offered have been subscribed. The remaining \$16,400 of the subscription will be paid in 82 consecutive monthly installments of \$200 each. The units are to be offered for sale by the general partners on an all or none basis, and they will be paid \$97,000 as underwriting commissions if the offering is fully subscribed. Net proceeds of the sale of partnership interests will be used for land purchases and other purposes.

The said Citrus Group is a limited partnership organized under Georgia law in July 1960 for the purpose of acquiring and developing an approximately 1,174 acre tract of land in Hillsborough County, Fla., for the total purchase price of \$498,950. The initial net proceeds from the sale of partnership interests, estimated at \$548,800, will be used toward the purchase of said tract of land and for other expenses. The partnership has outstanding one limited and two general partnerships, subscribed for at the time of the group's formation. The prospectus lists the general partners as D. D. Covington, Jr. of Dade City, Fla. and Frank C. Lewis of Brandon, Fla., and the limited partner as James B. Sanders of Atlanta, Ga. The tract to be purchased in August 1959, for \$750,540 by a joint venture doing business as Dade City Agricultural Enterprises. Dade City is composed of five corporations including Lewis Associates, Inc., which has 51 outstanding capital shares, all of w

D. D. Covington, Jr. and members of his immediate family.

The partnership has entered into a contract with Diversified Investment and Management Company, Inc., for necessary services and for immediate development of th citrus grove. Diversified also will be responsible for the sale of citrus developed. An agreement also has been entered into with Commercial & Financial Consultants, Inc., to provide assistance in the management of the partnership's administrative affairs. Mr. Covington and Mr. Lewis each owns 48% of Diversified. Mr. Sanders is President and majority stockholder of Commercial.

Technology Instrument Corp.—Annual Report—
Raymond W. Searle, president of this corporation, of Acton, Mass., manufaccurer of precision electronic components, laboratory test and space instrumentation equipment, has announced that sales for the year ended June 30, 1960 grew to \$7.714.477 from \$6,393,275 in 1959. This is a 20% increase in volume over the previous year and is the highest sales figure in the corporation's 14-year history. Earnings for the year were 31 cents per share, compared to 41 cents per share for fiscal 1959-59, according to the company's annual report just released. The company has introduced 23 new products and entered several fields completely new this year. To accommodate increases in current business and to provide for future growth, plant capacity was increased by one-third during the fiscal year just ended. Many costs of this intensive product diversification program were beyond normal development and engineering costs. Since many of these expenses were of a non-recurring nature, Mr. Searle looks forward to an improving profit margin on a greater sales volume from present and new products in the 1960-61 fiscal year.

The developments of the past year are said to considerably broaden the corporation's future earnings base. According to Mr. Searle, the company's backlog of customers' orders on June 30, 1960 was approximately \$2,400,000. A high volume of requests to bid, as well as an improving flow of orders during July and August, leads management to expect business volume to increase during the coming year.

#### Tidewater Oil Co.-Joint Venture-

Tidewater Oil Co.—Joint Venture—
Robert T. Collier, President of Collier Carbon & Chemical Corp., and George F. Getty, II, President of Tidewater Oil Co., announced on Sept. 6 that Collier and Tidewater are considering plans to build and operate a petroleum naphthalene plant as a joint venture at Collier's Los Angeles plant.

The proposed multi-million dollar facility is scheduled for completion late in 1961, and will have an initial capacity in excess of 50 million pounds per year. It will utilize raw material from both Tidewater and Union Oil Co. of Calif., parent company of Collier.

Collier and Tidewater are also building a petroleum naphthalene plant at Tidewater's Delaware Refinery south of Wilmington, Del.

The new plants will utilize a patented process, developed by Union Oil Company of California, which converts an aromatic by-product of refineries into high purity naphthalene.—V. 191, p. 2793.

#### Time Finance Corp.—Partial Redemption—

operation of the sinking fund, \$39,000 of its convertible debenture 6½%, series A, due Oct. 1, 1969 at 103½%. Payment will be made at the Old Colony Trust Co., Boston, Mass.

The debentures are convertible into class A common stock to Sept. 27, 1960, inclusive at the rate of 67 shares per \$500 of debentures due Oct. 1, 1960.

### Topic Electronics, Inc., Natick, Mass.—Files With SEC

The corporation on Aug. 17, 1960 filed a letter of notification with the SEC covering 85,000 shares of common stock (no par) to be offered at \$3.40 per share, through DuPont, Homsey & Co., Boston,

Massachusetts.

The proceeds are to be used to pay promissory notes, general obligations and for working capital.

#### Tractor Supply Co .- Record Highs-

Both sales and earnings of this company in the third quarter ending July 31 were the highest for any quarter in the company's history, Chairman Charles E. Schmidt told the New York Society of Security Analysts on Aug. 26.

"Figures for the third quarter are being finalized now," the chief executive of the Chicago-headquartered merchandiser of farm machinery parts, tools and small equipment items said, "and they should show sales for the quarter up 22% over the same period a year ago, with earnings for the quarter up to 60 cents per share from 49 cents a year ago."

a year ago."

Nine-month earnings of the company, whose stock is listed on the New York Stock Exchange, will total \$1.13 per share, a new record, compared to \$1.03 a year ago. "Based on performance to date. I predict that sales will slightly exceed the \$12,00,000 level and that earnings will be near \$1.70 for the year." Schmidt declared. In the 1959 fiscal year, Tractor Supply had sales of \$10,404,000, with net income per share of \$1.51.—V. 192, p. 157.

United Aero Products Corp.—Common Stock Offered United Aero Products Corp.—Common Stock Offered—Pursuant to a Sept. 2 offering circular, an underwriting group headed by L. C. Wegard & Co. and Street & Co., Inc., publicly offered 100,000 shares of this firm's 10¢ par common stock at \$3 per share.

PROCEEDS—It is estimated that the net proceeds to the company from the sale of the shares offered hereby will aggregate approximately \$237,000 after deducting underwriting commissions and expenses of the issue, if all such shares are sold. The company proposes to utilize such proceeds for the following purposes in the priority listed:

Additional machinery and equipment	\$70,000

BUSINESS—United Aero Froducts Corp. was incorporated on Jan. 27, 1958; under the laws of the State of New Jersey. The company is a contract manufacturer of precision metal products for use in the aircraft, missile, electronic and nuclear industries. Its plant and executive offices are located at Columbus Road, Burlington, N. J. It has four wholly-owned subsidiaries, United Aero Products, Inc., United Aero Products, Inc., United Aero Products, Inc., United Aero Products, Inc., which was incorporated on Aug. 20, 1942, by James Matarese, Er. and his son Broge. United Aero Products, Inc. initially performed metal working for prime government contractors and subsequently expanded into the manufacturing of precision components and inechanical assemblies.

Frank and Joseph Matarese, also sons of James Matarese, Sr., became officers of United Aero Products, Inc. as its business expanded. In August, 1953, a partnership, United Aero Products Co. was formed to conduct the manufacturing operations of United Aero Products, Inc., the corporation retaining ownership of the property and equipment and leasing it to the partnership. At the time of the formation of the partnership the other sons of James Matarese, Sr., Isadore, and James, Jr., became partners.

United Aero Products, Inc., was assigned to United Aero Products Corp. CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING Common stock (10c par).

#### United States Lines-Contract-

United States Lines—Contract—

The huge \$450,000,000 cargo vessel replacement program of the United States Lines got under way on Sept. 7 with the formal signing in Washington D. C., of construction subsidy contracts for the first five ships of its projected new fleet.

In a ceremony at 1:30 p.m. in the offices of the Maritime Administration, Department of Commerce, John M. Franklin, Chairman of the Board of the United States Lines and C. David Gibbons, President, affixed their signatures to documents which mark the start of a program calling for replacement of up to 46 cargo vessels over the next 10 to 12 years. Admiral Ralph E. Wilson, Chairman of the Federal Maritime Board and Maritime Administrator signed on behalf of the government, and William E. Blewett, Jr., President of the Newport News Shipbuilding & Dry Dock Co. on behalf of the building yard.

The five vessels will be built for a total fixed price of \$52,866,275. The first ship is to be delivered in 690 days and the remaining four at 60-day intervals, thereafter.

The new ships will be the fastest group of freighters ever constructed for the North Atlantic trades. At a service speed of 20 knots, they will be able to cut two full days from the normal 10-day crossing of the C-2 type vessels now employed by the company on itis direct express service to Bremen and Hamburg, Germany.

In addition, the greatly-advanced cargo-handling gear and quick-access hatches of the new vessels will permit faster loading and discharge at ports of call, saving another full day on the overall voyage schedule.

At the close of the signing ceremony, Mr. Franklin, Mr. Gibbons and the Maritime Administrator disclosed that bids had been invited Sept. 2 for the second group of six vessels under the replacement program.

Sept. 2 for the second group of six vessels under the replacement program.

These will be similar in design to the first five, with a 20-knot service speed, and are slated for operation in the company's direct service to London and Le Havre.

The United States Lines executives noted that the new vessels would enable the company to offer the fastest cargo service in the North Atlantic trades as well as in the Pacific, where it operates nine, 20-knot, Mariner-class cargoships—now the fastest freighters in the world—on a Hawaii, Far East express service.

To be built to Design 52-D, developed by Gibbs & Cox, Inc., navai architects, the new ships will be 550 feet, six inches in overall length—or 100 feet longer than the C-2 type they will replace, and just three feet shorter than the highly successful Mariner-class freighters operated by the company.

They will have a beam of 75 feet, a deadweight of 10,714 tons and displace approximately 18,493 tons at full-load draft of 28 feet, six inches.

displace approximately 18,493 tons at 1011-10ad draft of 20 1000, and inches.

The new ships will be steam-turbine, single-screw vessels with a main propulsion plant capable of developing 16,500 shaft horsepower and a sustained speed of 20 knots under normal load conditions.

Designed after long experience in the trades they will serve and careful study of potential changes in types of cargo offerings, the five vessels will have ample space to handle diverse types of dry, liquid and bulk cargo.

They will have a dry cargo capacity of 650,986 culbc feet; a refrigerated cargo capacity of 26,000 cubic feet, which can be increased another 20,000 cubic feet if necessary through utilization of convertible dry cargo space, and a deep tank capacity of 1,035 tons. The deep tanks may be used for stowage of either liquid or dry cargo.—V. 192; p. 447.

#### United States Radium Corp.—Canadian Line

United States Radium Corp.—Canadian Line—
U. S. Radium Corporation announced on Aug. 30 plans to sell in the United States a line of Geiger tubes produced by Electronic Associates Limited of Canada.
According to C. W. Wallhausen, vice president of U. S. Radium, this is a step to augment his company's expanding scope of service to the nuclear field, "We feel certain the Geiger tubes of Electronic Associates will find ready acceptance in our existing nuclear markets and will enable us to develop new markets for these products where the potential has not been fully realized," he said.
Electronic Associates developed its first Geiger tube in 1946. Since that time, EA tubes have been used in a variety of industrial and research applications.
The Morristown, N. J., corporation is a supplier of radiation sources and related nuclear products, as well as a complete line of dials, panels and nameplates.—V. 190, p. 1119.

#### United Utilities, Inc.—Files Stock Plan-

This firm, of 304 North Cedar St., Abilene, Kan., filed a registration statement with the SEC on Sept. 2 covering 100,000 shares of common stock, to be offered pursuant to the company's 1959 Restricted Stock Option Plan.—V. 190, p. 1778.

#### Universal American Corp.—Stock Acquired-See America Corp., above.-V. 191, p. 649.

Universal Match Corp.—Merger Terms-See Glasco Corp., above.-V. 192, p. 748.

### Utah Power & Light Co.—Financing Approved—

The SEC has issued an order under the Public Utility Holding Company Act authorizing Utah to issue and sell, at competitive bidding, \$16,000,000 of first mortgage bonds due 1990 and 400,000 shares of \$25 par preferred stock. Proceeds of this financing will be used I mpart to pay \$19,000,000 of bank notes; and the balance, together with cash generated in the business, will be applied to the company's 1960 construction program, estimated at \$16,000,000.—V. 192, p. 845.

#### Valley Dale Investment Co., Toccoa, Ga. - Files With Securities and Exchange Commission-

The company on Aug. 29, 1960 filed a letter of notification with SEC covering \$50,000 of 8% debentures due 1966 to be offered face value, without underwriting.

The proceeds are to be used for working capital.

· Vendo Co.—Rights to Stockholders—Vendo is offering the holders of its outstanding common stock of record Sept. 7, 1960, rights to subscribe at 100% for \$5,225,000 of 4½% convertible subordinated debentures due 1980, in the ratio of \$100 principal amount of debentures for each 50 shares of common stock then held. The subscription offer, which will expire Sept. 21, will be underwritten by a group headed by Kidder, Peabody & Co. Inc. & Co., Inc.

CONVERSION—The new debentures will be convertible into common stock at a conversion price of \$47.50 a share until maturity, unless previously redeemed. The issue is entitled to a sinking fund starting Sept. 1, 1971, sufficient to retire about 82% of the debentures prior to maturity.

PROCEEDS—Proceeds will be used to retire short-term bank loans and to provide working capital.

BUSINESS—Vendo is reportedly the nation's largest producer in dollar volume of coin-operated vending machines for sale of bottled and pre-mix soft drinks, packaged milk, ice cream, instant coffee, candy, pastries, food and cigarettes.

EARNINGS—For six months ended June 30, 1960, the company reported unaudited sales of \$34,273,261, net income of \$1,947,174 equal to 75 cents a share. This compared with sales of \$20,946,818, net income of \$1,280,342 or 52 cents a share for the first half of 1959. The earnings per snare were adjusted to reflect a 2-for-1 stock split, effective Aug. 11, 1960.

effective Aug. 11, 1960.

CAPITALIZATION—Giving effect to the sale of the new debentures, consolidated capitalization of the company as of June 30, 1960, adjusted to reflect the stock-split, consisted of \$5,000,000 in short-term bank loans, \$5,225,000 in debentures, 7,930 shares of \$50 par value preferred stock and 2,583,326 shares of \$1.25 par value common stock.

UNDERWRITERS—The underwriters named below, for whom Kidder, Peabody & Co. Incorporated is acting as Representative, have severally agreed, subject to certain conditions precedent, including approval of certain legal matters by counsel, to purchase from Vendo at the subscription price, in the respective percentages set forth below, such of the debentures as are unsubscribed for pursuant to the subscription offer.

#### Vick Chemical Co,-Name Change-

Fifty-five year old Vick Chemical Co. has outgrown its corporate name and will become "Richardson-Merrell Inc," in October, upon stockholder approval of a Board of Directors proposal, Smith Richardson, Jr., company President, announced on Sept. 6—V. 191, p. 1160.

#### Virginia Capital Corp.—Proposes Offering—

Virginia Capital Corp.—Proposes Offering—
This corporation, 907 State-Planters Bank Bidg., Richmond, Va., filed a registration statement with the SEC on Aug. 31, 1960, covering 60,000 shares of common stock, to be offered for public sale through an underwriting group headed by J. C. Wheat & Co. The public offering price and underwriting terms are to be supplied by amendment. The company was organized under Virginia law in July 1959 under the name "Small Business Investment Company of Virginia," its name being changed to Virginia Capital Corp. on Aug. 18, 1960. It is licensed by the Small Business Administration to operate throughout Virginia under the Small Business Investment Act of 1958. Net proceeds of this offering will be added to the company's general funds and used to finance the company's business of furnishing capital, long-term loans, and consulting and advisory services to selected small business concerns. The company now has outstanding 40,000 common shares, the largest block, 11,760 shares, being held by Dover Corp. Management officials as a group, including corporations represented by the director on the board, own 39,480 shares. The prospectus lists Robert H. Pratt as president and James C. Wheat, Jr., as board chairman.

#### Volkswagenwerk, G m b H-Annual Report-

Volkswagenwerk, G m b H—Annual Report—

The annual report of Volkswagenwerk, G m b H, fourth largest automobile producer in the world, showed that the company's 1959 gross sales in 119 countries increased 30.4% to \$835 million.

This sales record was accompanied by a 25.9% increase in vehicle production which, during 1959, averaged 2,839 vehicles per working day. At the present in mid-1960, production is at a rate of 3,600 vehicles per day, company officials in the United States disclosed. "These daily production figures," said C. H. Hahn, general manager of Volkswagen of America, "are most striking when we recall that four years ago production was only 1,247 vehicles per day. Yet, despite this threefold increase we cannot yet meet the world's demands for Volkswagen cars and trucks. At the end of 1960 we expect the factory to level off at a production rate of 4,000 units per day."

The annual report, released in West Germany on Sept. 1, discloses a total 1959 production of 696,860 vehicles (575,407 passenger cars, 121,435 trucks and station wagons). This total represents 40.5% of all automobile production in West Germany, up from 37.0% in 1958. As of Dec. 31, 1959 the company's capital was \$72 million and surplus from operations for 1959 amounted to \$16,382,000, after allocations to and from reserves and adjustments incident to the upward revaluation of fixed assets and investments.

Of the company's total capitalization of \$384,069,895 more than half is in equity and reserve. Fixed assets of the company are up sharply from 1958 and now make up 62.5% of the total.

Increases in expenditures for raw materials and supplies generally matched the increase in production as did wages and salaries which rose 27% to \$87 million. The increase was due to an expansion of the work force as well as to wage increases. The company's additional expenditures for social benefits and social insurance were approximately \$14.5 million for the year, bringing the total wages, direct and fringe, to \$105,500,000.

Flant and production

nationals.

In disclosing the company's growth, Mr. Hahn pointed out that it has been achieved without the investment of a single dollar of capital from any source except sales of its product. The company has received no economic assistance of any kind, all growth has come from income

ceived no economic assistance of any kind, all growth has come from income.

Volkswagen of America, Inc. has been growing with the parent company and its national headquarters employs 157 people. Hahn pointed out that Volkswagen's increasing participation in the American economy is indicated by the fact that hundreds of independent American businessmen have invested more than \$100 million to distribute, sell and service VW's in the United States. In addition, these enterprises now have annual payrolls of more than \$52 million.

Volkswagen of America, he said, has already paid the Treasury of the United States ver \$100 million in customs duties and excise taxes. "Altogether," he said, "we figure that each Volkswagen sold in the United States and \$1,000 to the American economy. This includes VW's expenditures in the United States for raw materials and tools, trucking and stevedoring, plus the investment in dealer and distributor properties, wages and salaries to over 10,000 employees and taxes and duties paid to Federal, state and local governments."

Wadkins Producing Co .- SEC Complaint-See Obele Oil Co., above.-V. 191, p. 2140.

#### Welded Tube Co. of America-Registers Common-

Welded Tube Co. of America—Registers Common—
This firm, of 2001 S. Water St., Philadelphia, Pa., filed a registration statement with the SEC on Aug. 31, 1960, covering 140,000 shares of class A common stock. The stock is to be offered for public sale at \$6 per share by a group of underwriters headed by H. Hentz & Co. on an all or none basis, for which a 60c per share commission is payable. The company has agreed to sell, at 5c each, to Hentz & Co., elive-year options to purchase 5,000 class A shares at an initial exercise price of \$6.60 per share; and to sell similar options for 5,000 shares each to Gerstley, Sunstein & Co. and Philadelphia Securities Co., Inc., the finders.

The company is engaged in the manufacture and sale of electric resistance welded steel tubing. Of the net proceeds of the sale of the class A stock, \$100,000 will be applied in reduction of a \$600,000 revolving bank credit; \$200,000 will be expended for installation costs of new equipment and for tools and dies incident, thereto; and the

balance will be available for various corporate purposes, including increased working capital.

In addition to various indebtedness, the company has outstanding 230,000 shares of class B common stock, of which 51.8% is owned by Louis Bailts, president, and 48.2% by Philip Bailts, executive vice-president.

#### Western Development Co. of Delaware-Net Up-News-

News—

Net income of this independent oil and gas producer rose sharply to \$1,026,456, or 50 cents a share, for the fiscal year ended June 30, 1960, compared to a net loss of \$422,350 in fiscal 1959, President W. B. Macey announced on Aug. 31.

Mr. Macey attributed this market increase in earnings on the 2,-066,370 shares of common stock outstanding to an extraordinary lease bonus of \$488,000. Western received this bonus in farm-out agreement providing for development of gas reserves in the San Juan Basin of New Mexico.

The company anticipates no liability for Federal income taxes this

New Mexico.

The company anticipates no liability for Federal income taxes this year because of a substantial loss carry-forward, Mr. Macey said.

Including the extraordinary lease bonus, the company's cash flow or net income from operations before non-cash deductions, totaled \$1,633,222—more than five times the \$351,126 cash flow in the previous year.

or net income from operations before non-cash deductions, versus, \$1,653,222—more than five times the \$351,126 cash flow in the previous year.

Western's crude oil sales rose to \$1,108,364 from \$717,659, an increase of \$4%, Mr. Macey reported. Gas sales of \$126,248 were 25% above the \$101,400 for fiscal 1959. Adverse marketing conditions in the San Juan Basin continued to restrict full potential of the company's gas properties there, Mr. Macey added.

Royalty income accounted for an additional \$110,038 in revenues, up from \$97,762 the preceding year.

Western eliminated all long-term debt in May, 1960, by redeeming its outstanding 6% convertible debentures due 1970. Most debentures were converted into common stock, broadening the ownership base, and the balance were picked up by the company.

Stepped-up development program of Western's properties, notably in the Empire Abo field, Eddy County, New Mexico, substantially increased oil and gas reserves. Net oil reserves rose to more than 8 million barrels, compared to 4,308,000 barrels for fiscal 1959.

In May, 1960, the company entered into a farm-out agreement with Man Drilling Co., Inc., of Wichita Falls, Texas, to develop gas reserves in the Dakota formation of the San Juan Basin.

"These arrangements have been beneficial to Western," Mr. Macey said "Important revenues, in addition to the substantial lease bonus received in fiscal 1960, will accrue to the company without the necessity of substantial cash outlays on our part for development."

Current assets of the company as of June 30, 1960, totaled \$2,-243,021 and current liabilities, \$280,515, leaving net working capital of \$1,962,506 and earned surplus of \$503,061. At the close of the previous fiscal year, current assets were \$1,504,428 and current liabilities, \$213,552.—V. 191, p. 1818.

Western Land Corp.—Formed—

#### Western Land Corp.—Formed—

A new multi-million dollar commerciail real estate development company, Western Land Corp., with headquarters in Minneapolis, has been

onunced on Sept. 3.

Crews, also Senior Vice-Presidentof Gamble-Skogmo, Inc., Minneapolis, said that the primary purpose of the newly organized company will be to acquire sites and construct retail stores and shopping centers for qualified merchants and retail chain organizations to be rented under long term leases. He explained that in the initial phase of its operation the company intends to concentrate its investments in the Midwest, the Southwest, and Western parts of the country.

President and a Director of the new company is Charles N. Schieb, who resigned as regional real estate manager of Montgomery Ward and Co., Chicago, to become head of Western Land.—V. 192, p. 157.

#### Western Tool & Stamping Co.-Expansion-News

This company, of Des Moines, Iowa, manufacturers of power lawn mowers and lawn equipment, announced on Sept, 2 the start of a 43,000-foot addition to their East Douglas Street plant.

The new plant area will permit additional production of units necessary to cover the currently expanding sales of all models. It also represents another step in the long range program of bringing together all of Western Tool's facilities in one location.

The new 43,000-foot structure brings the total footage in the East Douglas Street location up to 107,000 square feet.

The company has two other Des Moines plant locations—one at 2724 Second Avenue occupying 104,000 square feet, and the New

Monarch Machine & Stamping Co. on S. W. 9th Street, consisting of 177,000 square feet.

Western Tool also operates a wholly owned subsidiary, Tev, Inc., at Gainesville, Ga. This Southern production plant is 77,000 square feet in size and is one of the most efficiently designed operations in the power mower industry.

Construction of the new Des Moines addition is expected to be completed by Nov. 1, 1960 according to a statement issued jointly by J. E. Kolls, President, and E. W. Kolls, Chairman of the Board, of Western Tool.—V. 187, p. 617.

#### Woolfoam Corp .- Acquires -- News --

Woolfoam Corp.—Acquires—News—

The corporation, of 36 West 37th Street, New York, N. Y., has completed its acquisition of Goodman Eros, of Meriden, Conn. for \$150,000. Goodman Bros, has been in the business of manufacturing food products for nearly a quarter century under various well-known labels, and it is anticipated by Stanley Roberts, Vice-President of Woolfoam, that the acquisition will add about \$500,000 to total sales volume. According to the management, Goodman Bros, will be held as a wholly-owned subsidiary of Woolfoam and there has been no change in the capitalization or publicly-held shares of Woolfoam.

Woolfoam is engaged in the business of manufacturing and distributing detergent products through super-markets nationally and it is anticipated that the various Goodman food products will be expanded to more widespread distribution.

The company has outstanding 374,999 shares of its capital stock, all one class of common and last year paid its stockholders a dividend of 11 cents per Share.

According to company officials, it is anticipated, at the current rate, that sales during 1960 will approximately triple the 1959 volume.

According to company officials, it is anticipated, at the current rate, that sales during 1960 will approximately triple the 1959 volume.—V. 188, p. 2511.

#### Youngstown Sheet & Tube Co.—Registers Bonds-

Youngstown Sheet & Tube Co.—Registers Bonds—
The company filed on Sept. 7 with the Securities and Exchange Commission a registration statement covering a proposed offering of \$60,000,000 first mortgage sinking fund bonds, series H, due 1990. The bonds will be offered to the public probably in early October by an underwriting group headed by Kuhn, Loeb & Co. and Smith, Barney & Co. This will be the company's first public financing since 1940.

The bonds will be secured by a first mortgage on substantially all of the iron and steel producing properties of the company. A sinking fund beginning Oct. 1, 1965, is calculated to retire 93.33% of the issue prior to maturity. The bonds will also be redeemable at the company's option at any time but may not be refunded prior to Oct. 1, 1965, at an interest cost to the company lower than the interest cost of this issue. Offering price and interest rate will be determined at the time of the offering.

The company will apply the proceeds from this issue in part to capital expenditures presently authorized and in part to restore working capital used for previous capital expenditures.

Application will be made to list the bonds on the New York Stock Exchange.—V. 192, p. 345.
