Averages are complied daily by using the following divisors: Industrials, 3.09; Rails, 5.34; Utilities, 6.55; 65 stocks, 15.75.

\*The averages for the 15 utility stocks and for the 65-stock composite average give effect to both Pacific Gas & Electric Co. and Southern California Edison Co. distributions of two additional shares of common stock for each share held. The two stock splits changed the divisor for the 15 utilities to 6.55 from 7.53 and for that for the 65 stocks to 15.75 from 16.26.
