SEC REGISTRATIONS

Airway Hotels, Inc.—Common Registered—

The company of 901 Fuhrmann Blvd., Buffalo, N. Y., filed a registration statement with the SEC on April 1 covering 200,000 shares of common stock, to be offered for public sale at \$5 per share. No underwriting is involved. The company is engaged in the ownership and operation of a chain of motor hotels as well as apartment buildings, and a shopping center. Of the \$950,000 estimated net proceeds from the stock sale, \$245,000 will be used to discharge loans payable and a second mortgage of a subsidiary, \$400,000 to finance proposed expansion of one of the company's inns and certain other expansion projects (in the event mortgage financing is not available therefor), and the balance will be added to general funds for expansion of hotel operations. In addition to various indebtedness and preferred stock, the company has outstanding 306,778 shares of common stock, of which George E. Weichmann, President, owns 25.87% and management officials as a group 52.76%.

Alaska Power & Telephone Co.—Units Registered—

The company of Fifth Ave., Skagway, Alaska, filed a registration statement with the SEC on April 1 covering \$600,000 of 6% subordinated debentures due 1978, 240,000 shares of common stock, and 10-year warrants to purchase an additional 180,000 common shares, to be offered for public sale in 600 units, each consisting of a \$1,000 debenture, 400 common shares and 300 warrants. The offering will be made on a best efforts basis by Jay W. Kaufmann & Co., 111 Broadway, New York, which will receive a \$125 per unit selling commission plus 1% of the total price of all units sold for expenses. The statement also includes (1) 60,000 shares underlying five-year warrants to be issued to the underwriter (proportionate to the number of units sold), exercisable at 50 cents per share, (2) 60,000 outstanding common shares, to be offered for public sale for the account of Seaboard American Corp., subsidiary of the underwriter, and (3) 32,500 outstanding common shares, to be offered for the account of the underwriter (acquired from the company's principal stockholder for an aggregate of \$1). Lawrence H. Taylor has received from the company 5,000 shares for advisory services in connection with this financing and other matters. Laid, and Illinois limited partnership and organizer of the company, and the company has agreed to issue 75,000 shares of Life Services upon sale of 500,000 shares being offered.

The company was organized under Michigan law in March, 1963, and proposes to engage in the business of making insurance contracts in Michigan upon issuance of a certificate of authority from the Michigan insurance commissioner. The \$1,337,126 estimated net proceeds from the stock sale will be invested in accordance with the company's investment policies, with about \$47,500 to be used in the operation of business. According to the prospectus, incentive options for insurance agents and solicitors to purchase shares of the company, which options will be issued from time to time depending upon the production of life insurance business by such agents and solicitors will, if fully exercised, result in the issuance of 180,000 additional shares, or approximately 20% of the shares which will be outstanding if all 770,000 of the shares offered hereby are sold. Such shares will be issued at prices ranging from \$2 to \$4, depending on the date the option is earned; and the issuance of such additional shares, at such prices, may have a dilution effect on the stockholders' equity.

American Michigan Life Insurance Co.—Stk. Regis.

The company, of Ferndale, Mich., filed a registration statement with the SEC on April 8, covering 770,000 shares of common capital stock, to be offered at \$2 per share to persons who are insurance agents or solicitors authorized to sell insurance in Michigan, to certain other original investors, to the company's principal organizers and to its incorporators. The offering will be made on a best efforts all or none basis by Life Services, Ltd., and Illinois limited partnership and organizer of the company, and the company has agreed to issue 75,000 shares of Life Services upon sale of 500,000 shares being offered.

The company was organized under Michigan law in March, 1963, and proposes to engage in the business of making insurance contracts in Michigan upon issuance of a certificate of authority from the Michigan insurance commissioner. The \$1,337,126 estimated net proceeds from the stock sale will be invested in accordance with the company's investment policies, with about \$47,500 to be used in the operation of business. According to the prospectus, incentive options for insurance agents and solicitors to purchase shares of the company, which options will be issued from time to time depending upon the production of life insurance business by such agents and solicitors will, if fully exercised, result in the issuance of 180,000 additional shares, or approximately 20% of the shares which will be outstanding if all 770,000 of the shares offered hereby are sold. Such shares will be issued at prices ranging from \$2 to \$4, depending on the date the option is earned; and the issuance of such additional shares, at such prices, may have a dilution effect on the stockholders' equity.

Bank "Adanim" Mortgages & Loans Ltd.—Preferred Registered—

The company, of Tel Aviv, Israel, filed a registration statement with the SEC on April 9, covering 84,303 shares of 8% cumulative preference dividend participating dollar link shares, to be offered for public sale at \$3.33 per share (payable in cash or certain State of Israel bonds). The offering will be made on a best efforts basis by Sakier & Co., Inc., 50 Broad St., New York, which will receive a \$0.183 per share selling commission.

In addition to mortgage loans, the company makes interim loans of one year or less for apartments built on land not yet registered in the Land Registry Office of Israel, which interim loans are collateralized by securities or third-party guarantees. Upon registration of the land, permanent mortgage loans are made by the company. The net proceeds from the stock sale will be used to grant loans to newly arrived immigrants and other persons in need of housing in Israel for the purpose of purchasing or erecting housing units in Israel. In addition to certain indebtedness and preference shares, the company has outstanding 518,734 ordinary shares, of which "Mishab" Hevra Leshikin Binyon Vepitach Ltd., of Tel Aviv, owns about 27% and the Government of Israel about 61%. Josef M. Nass is acting managing director and secretary general of the company.—V. 195, p. 111.

Cetron Electronic Corp.—Common Registered—

The company of 715 Hamilton St., Geneva, Ill., filed a registration statement with the SEC on March 29 covering 283,042 outstanding shares of common stock, to be offered for public sale by

the holders thereof in the over-the-counter market at prices prevailing at the time of sale (maximum \$1.25 per share).

The company is principally engaged in the engineering, development, manufacture and sale of industrial electronic tubes and, through a subsidiary, maintains manufacturing, tooling and engineering facilities for job-order operations. In addition to certain indebtedness, the company has outstanding 957,808 shares of common stock, of which Paul Wallings, President, owns 10.2%, Edward M. Cowett, holds as trustee for the respective shareholders of AE, Inc. (from which the company in 1962 acquired a present subsidiary) an additional 11.6%, and management officials as a group own 11.8%. The prospectus lists 29 selling stockholders, all of whom propose to sell all of their holdings, including Edward M. Cowett (for AE, Inc.) In addition, Jacob D. Waldman proposes to sell 82,761 shares, and others propose to sell amounts ranging from 55 to 24,375 shares.—V. 194, p. 1156.

Charter Oak Life Insurance Co.—Class A Registered

The company of 411 North Central Ave., Phoenix, Ariz., filed a registration statement with the SEC on March 29 covering 500,000 shares of class A common stock, to be offered for public sale at \$2 per share. No underwriting is involved; and any dealers which the company may employ to sell the shares will receive a 30 cents per share selling commission. The statement also includes 176,928 shares of common stock, to be reserved for issuance subject to certain outstanding stock purchase options.

The company is qualified under Arizona law as an unlimited capital stock legal reserve insurer and it is presently licensed in Arizona, Colorado, Nevada and New Mexico. The \$815,000 estimated net proceeds from the stock sale will be initially invested in income producing securities and subsequently to expand business by enlarging agency force and underwriting losses from operations which can be anticipated if a substantial amount of new insurance business is written. The company has outstanding 228,570 shares of common stock, of which management officials as a group own 10.43%. Alfred S. Hanson is President. Book value of stock now outstanding is \$1.44 per share.—V. 190, p. 1520.

Cosmodyne Corp.—Common Registered—

The corporation of 3232 West El Segundo Blvd., Hawthorne, Calif., filed a registration statement with the SEC on April 1 covering 150,000 shares of common stock, to be offered for public sale through underwriters headed by Merrill Lynch, Pierce, Fenner & Smith Inc., 70 Pine St., New York. The public offering price (maximum \$18 per share) and underwriting terms are to be supplied by amendment.

The company designs, develops and manufactures equipment used for pumping, vaporizing, storing and transporting cryogenic (super cold) liquids. Of the net proceeds from the stock sale, \$1,200,000 will be used to pay short-term bank borrowings incurred for working capital, \$122,000 to pay one of the 6% notes issued in connection with the acquisition of the assets and business in

March 1963 (for \$25,000 in cash and \$172,000 in notes) of Turbo-craft, Inc., and the balance will be used for additional working capital. In addition to certain indebtedness, the company has outstanding 483,341 shares of common stock, of which James L. Bartlett, Jr., President, Robert M. Pickard, a Vice-President, and Draper, Gaither & Anderson own 11.6%, 10.3% and 14.4%, respectively.—V. 197, p. 1313.

Eagle's Nest Mountain Estates, Inc.—Debentures, Common Registered—

The company of 2042 S. Atlantic Ave., Daytona Beach, Fla., filed a registration statement with the SEC on April 1 covering \$400,000 of 8% subord. conv. debentures due 1983, to be offered for public sale by the company, and 400,000 shares of common stock, of which 300,000 shares are to be offered by the company and 100,000 shares, being outstanding stock, by the holders thereof. The \$400,000 of debentures and 400,000 common shares are to be offered in units consisting of one \$100 debenture and 100 shares. The offering will be made at \$350 per unit on a best efforts basis by Alpha Investment Securities, Inc., 11 Pryor St., S. W. Atlanta, Ga., which will receive a \$45 per unit selling commission. The statement also includes 600,000 outstanding common shares presently owned by the company's stockholders.

The company was organized in 1959 to engage in the development and improvement of a 781 acre tract in Haywood County, N. C., known as Eagle's Nest Mountain. The company intends to sub-divide and develop the land, build houses under contract, or as a speculative venture for sales to purchasers. It also intends to construct and operate a motor lodge and restaurant and develop an amusement complex which will include a pool, horse stables, riding ring, tennis courts, ice skating rink, putting green, ski lift, and other facilities which may prove appropriate. Of the \$982,610 estimated net proceeds from this financing, \$450,000 will be used to construct the motor lodge, \$124,975 to retire indebtedness incurred for part of the purchase price of one of the tracts of land included in the general tract and the construction and paving of a road, \$186,500 to construct and develop the amusement complex, \$197,000 for an additional 40 rooms in the lodge, and the balance for working capital and running of the lodge and continued development and improvement of the company's land. The company has outstanding 700,000 shares of common stock, of which William C. Satterthwaite, a Director, F. Lovette West, President, and J. W. Boyd, Vice-President, own 35.18%, 21.8% and 12.95%, respectively. They propose to sell 50,260, 31,240 and 18,500 shares, respectively.

Elk Exploration, Inc.—Offering Suspended—

On April 5 the SEC issued an order temporarily suspending a Regulation A exemption from registration under the Securities Act of 1933 with respect to a stock offering by Elk Exploration, Inc., 111 West Telegraph St., Carson City, Nevada. The order provides an opportunity for hearing, upon request, on the question whether the suspension should be vacated or made permanent.

Regulation A provides a conditional exemption from registration with respect to public offerings of securities not exceeding \$300,000 in amount. In a notification filed on Jan. 7, 1963, Elk Exploration proposed the public offering of 60,000 common shares at \$5 per share. The Commission asserts in its suspension order that it has reasonable cause to believe that the company's offering circular was false and misleading, particularly in respect of certain material facts with regard to the location or legal description and area of the company's oil and gas properties (as well as other properties in the vicinity of its properties), their development and production, the geological reports and maps included in the circular, and the speculative aspects of such oil and gas properties.—V. 197, p. 233.

Englewood Unlimited, Inc.—"Reg. A" Filing—

The corporation on March 29, 1963 filed a "Reg. A" covering 20,000 common shares to be offered at \$10, without underwriting. Proceeds are to be used for debt repayment and expansion. Englewood, of 180 E. Hampden, Englewood, Colo., is engaged in the acquisition and development of property in downtown Englewood.

Equality Plastics, Inc.—"Reg. A" Filing—

The corporation on April 4, 1963, filed a "Reg. A" covering 79,995 common shares to be offered at \$3.75, through J. J. Krieger & Co., Inc., N. Y. Proceeds are to be used for debt repayment, inventory and working capital. Equality, of 286 Fifth Avenue, N. Y., is engaged in importing, manufacturing and distributing general merchandise "notions."

Eureka Silver King Mines Corp.—"Reg. A" Filing—

The corporation on March 25, 1963 filed a "Reg. A" covering 100,000 common shares to be offered at 30 cents, without underwriting. Proceeds are to be used for general corporate purposes. Eureka, of 516 First National Bank Bldg., Boise, is engaged in mining operations.—V. 191, p. 2516.

Farmers' Educational and Co-operative Union of America—Debentures Registered—

The corporation of 1575 Sherman St., Denver, filed a registration statement with the SEC on April 1 covering \$5,500,000 of registered debentures, series E and F, to be offered for public sale at 100% of principal amount through company officers and selected dealers with a 5% selling commission payable to the latter group. The two series of debentures mature serially from 1974 through 1983 and bear an interest rate of from 5½ to 6%.

National Farmers Union is a non-profit, non-stock organization of American farmers and farm families. Its activities are directed toward and devoted to the education and assistance of its members in all matters related to the operation of a farm, ranch, or similar agricultural or livestock enterprises. Of the net proceeds from the

Corporate and Municipal Financing Ahead

By SIDNEY BROWN

Approximately \$293.2 million in corporate and municipal bonds are scheduled for public offering this week. They are almost evenly divided in dollar volume but not in number of issues. The week's offering float comprises five private (\$145.5 million) and 30 state-local issues of \$1 million or larger in size (\$146.7 million). Only two of the 35 fixed interest rate senior debt issues are underwritten—one, a stockholders convertible debenture and, the other, a gas utility first mortgage bond. All the rest are slated for the bidding block. The only larger equity in the week's docket is a secondary.

CORPORATE BACKLOG TABLES MIRROR SOME RISE IN EQUITIES AND THE \$250 MILLION A. T. & T. OFFERING ANNOUNCEMENT, AND MUNICIPALS STAY IN UPPER \$800 MILLIONS.

A detectable turn about in the number of issues registered with the SEC can definitely be reported. The rising stock market has even encouraged a relatively strong showing of equities filed with the SEC—compared to the last ten months. Though the increase is not earth shaking, it is a welcomed sight. Even secondaries are to be found among the issues registered and, like spring, are a cheerful sign that the winter is over (assuming it is not a false one). The bond float has been strengthened by the A. T. & T. announced plan to issue \$250 million debentures in a refunding move set for May 7.

Last week's sale of \$100 million State of California bonds failed to diminish the backlog tables by that amount. Numerous additions have kept that active total float (re-issues of \$1 million and larger) in the \$870 million plus area. The state-local backlog exceeds last year's by slightly over \$50 million and is down only by that sum in the week to week change. The 28-day visible supply of tax-exempts is \$100 million larger than it was this time a year ago; and merely \$40 million below last week's tally of 28-day visibles.

The corporate four-week supply of bonds is \$184 million over last week's total and the bonds' total backlog is up \$235 million—or \$15 million less than the A. T. & T. offering—as against last week's compilation. The year to year change puts the 28-day visible supply of bonds ahead \$261 million, and \$372 million for all bonds slated to be offered with and without sales dates set. The total stock float is still way down—one-sixth of last year's for this time. The 28-day equity-visibles tally is \$48 million greater than last week's figure and one-fourth of the year-ago period.

PACIFIC NORTHWEST BELL TEL., ARKANSAS LOUISIANA GAS, OMAHA, NEB., AND ALABAMA STATE HWY. DEPT. LEAD THIS WEEK'S SLATE OF PUBLIC OFFERINGS

The Treasury returns for the sixth time to the regular weekly bill market to pick up an extra \$100 million in cash. So far this year, the Treasury has raised \$500 million in this manner. Last year approximately \$5.9 billion new cash was raised in 46 trips to the regular weekly bill market. The total of all bills added to our debt in 1962 came to \$7.8 billion. Today's auction will aggregate about \$2.1 billion for cash and in exchange for \$2.0 billion consisting of \$1.3 billion 91-day bills and \$800 million 182-day bills.

Tomorrow, the money market will also be tapped for \$77,128,000 in 88 housing authority temporary notes. None of the money market financing is included in our tabulations of the demand for capital.

Turning to the capital market, the following larger corporate and municipal issues are scheduled to appear:

Today (April 15):

\$15 million UTAH POWER & LIGHT CO. first mortgage bonds to the highest bidder rated A by Moody's with no protection against call; and \$6,575,000 PORT HURON AREA SCHOOL DISTRICT, MICH.

Tomorrow (April 16):

\$50 million PACIFIC NORTHWEST BELL TELEPHONE CO. debentures to the highest bidder rated Moody's-AA, and triple A by S & P's with protection against call for the first five years; secondary 120,000 shares of REYNOLDS & REYNOLDS CO. class A common via Glore, Forgan & Co., and Grant-Brownell & Co. either today or Wednesday; \$25 million OMAHA CITY SCHOOL DISTRICT, NEB.; \$11.5 million DETROIT, MICH.; \$10,741,000 ALBUQUERQUE, NEW MEXICO, general obligations; \$6 million ANCHORAGE TELEPHONE SYSTEM, ALASKA, revenues; and \$6 million SNOHOMISH COUNTY PUBLIC UTILITY DISTRICT #1, WASH.

Wednesday (April 17):

\$45 million ARKANSAS LOUISIANA GAS CO. first mortgage bonds rated A across the board with five-year call protection underwritten by Eastman Dillon, Union Securities & Co.; \$30 million NORTHERN INDIANA PUBLIC SERVICE CO. first mortgage bonds rated AA across the board with no call protection other than inherent casual protection. Also, \$15 million STATE OF LOUISIANA HIGHWAY general obligations; \$4,082,000 YORKTOWN, et al., CENTRAL SCHOOL DISTRICT #1, N. Y.; and \$3,845,000 GALVESTON COUNTY, TEXAS.

Thursday (April 18):

ALABAMA STATE HIGHWAY AUTHORITY \$25 million revenue bonds; and \$3.2 million PONTIAC SCHOOL DISTRICT, MICH.

During the week these two issues may appear: \$5.5 million CROWELL-COLLIER PUBLISHING CO. convertible debentures as a rights offering to stockholders via Carl M. Loeb, Rhoades & Co.; and possibly \$1,908,000 GREAT EASTERN INSURANCE CO. common via Emanuel, Deetjen & Co. and Zuckerman, Smith & Co. may get underway.

MEMBER BANKS' FREE RESERVES EDGE OVER \$300 MILLION FOR WEEK'S AVERAGE BUT WERE \$21 MILLION IN SPOT DEBT TO THE FED ON APRIL 10 FOR AN UNFAMILIAR TASTE OF TIGHT CREDIT

The member banks of the Federal Reserve System racked up a \$27 million gain for their daily average of excess free reserves to \$305 million for the statement week ending April 10. The \$27 million week-to-week hike is based on the prior week's revised figure of \$278 million instead of \$253 million. This return to the \$300 million presumed free credit guidepost followed two weeks of below \$300 million free reserves.

Not all of this, however, was good news to the banking system. The spot figure for April 10 showed that the banks increased their weekly borrowing for the Wednesday by \$192 million over April 3-day and, unwelcomely enough, this left them in net indebtedness to the Federal Reserve in the amount of \$21 million. Its been quite some time since the banking members last experienced this drastic change.

On a daily average basis, member banks' borrowings showed a decline over the previous week. The spot figure will show up in next week's average and

it indicates how tight matters must have been in the latter part of the statement week just passed.

Factors affecting member bank credit adversely were these: Money in circulation on an average basis had increased in a week's time by \$220 million and was up \$286 million for the April 10-day. Average currency and coin reserve credited holdings declined \$185 million. Required reserves declined \$44 million leaving total reserves held \$229 million less than last week's average figure.

The float helped banks on the average by going up \$80 million for the week. The spot figure declined \$70 million compared to April 3. Governments on the average went up on a net basis \$191 million. Thus, the average in the float and in governments-held aided the daily average improvement in the free reserves—more than offsetting the advance in money in circulation. The spot decline in the float, however, and a \$46 million drop in net governments held from April 10-day did not help the drastic turn about in the spot net debt position of the banks.

Throughout all this, in fact since Feb. 27, the gold stock has stayed at \$15,878 million.

ARE YIELDS GOING UP?

Since January, Government yields have been going up with slight persistent slowness, and the competition has had its affect upon corporates to some extent. So far, despite voluminous municipal flotations, the yields of tax-exempts have been relatively unchanged in comparison. Nevertheless, as a glance at the table below should indicate, definite changes are underway if the government yields cited are any barometer.

The April 9 sale of \$300 million May 15, 1989-94 governments was made at a net basis cost to the Treasury of 4.093145% and were reoffered to yield 4.082%. The losing bids were quite close and seemed to reflect the feeling that yields will not be going any higher. However, the winning bidding group of Salomon Brothers and Hutzler, C. J. Devine & Co., Chase Manhattan Bank, First National City Bank of New York, Chemical Bank New York Trust Co., Bankers Trust Co., and The First National Bank of Chicago, and including 67 others, appeared to be having a sticky time of disposing the offering. The group came into the bidding with only \$120 million spoken for.

One doubts that when the issues are released that they will enjoy the premium of two 32nds above issue price as in the case of the first \$250 million U. S. competitive offering made last January of one year younger bonds at an offering yield of 4.0%.

INDETERMINATE BACKLOG

	This Week	Last Week
Corporate stocks and bonds*	\$2,411,113,000	\$2,403,600,000
*Comprise reported financing plans which have not been formally announced or approved for offering as those in the Total Competitive and Negotiable backlog table above. Recent additions to this very tentative float are: HITACHI, LTD. reportedly plans to raise \$10-\$20 million in ADR's in second half of 1963; UPPER PENINSULA POWER CO. plans to sell 34,000 shares.		
Includes, also 37 postponed corporates at estimated \$66,952,000 compared to last week's tally of 41 issues aggregating \$73,675,000. These postponed securities may return with or without changes to the backlog of issues to be offered or be withdrawn.		

April 11, 1963

General Corporation and Investment News

Continued from page 1

debtenture sale, \$1,575,000 will be used to pay notes and debtentures due on or before Dec. 31, 1966, \$395,000 will be retained as working capital, and the balance will be contributed to the surplus of, or loaned to, subsidiaries for certain purposes including payment of notes and debtentures.—V. 191, p. 1433.

Hartford Gas Co.—Proposed Rights Offering—

The company of 233 Pearl St., Hartford, Conn., filed a registration statement with the SEC on April 5 covering 80,000 shares of common stock. It is proposed to offer such stock for subscription by common and preferred stockholders on the basis of one new share for each six common or preferred shares held. No underwriting is involved. The record date and subscription price (maximum \$30 per share) and underwriting terms are to be supplied by amendment.

The company is engaged in the production, purchase, reforming and distribution of natural and manufactured gas for residential, commercial and industrial purposes in Hartford County, Conn. The net proceeds from the stock sale will be used to pay \$1,900,000 of short-term bank loans incurred to finance the company's construction program, and the balance will be applied to its 1963 construction program (estimated at \$1,800,000). In addition to certain indebtedness and preferred stock, the company has outstanding 420,000 shares of common stock. William T. Jebb is President.—V. 196, p. 1659.

Household Finance Corp.—Common Registered—

On April 11, 1963, the company, headquartered in the Prudential Plaza, Chicago, registered with the SEC a 175,000 share secondary offering. The stock is expected to be offered publicly about May 1 through underwriters headed by Lee Higginson Corp., and White, Weld & Co., New York, and William Blair & Co., Chicago. Underwriting terms and the offering price (maximum \$53) will be filed by amendment.

The shares would be sold by stockholders who received them in 1961 when Household Finance issued \$34,000 shares to acquire Coast-to-Coast Stores, Inc.—V. 197, p. 1117.

(Government of) Japan—Bonds Registered—

The Government of Japan has announced that it filed with the Securities and Exchange Commission on April 12, a registration statement covering a proposed public offering of \$25,000,000 of 5½% external loan sinking fund bonds, due May 1, 1980.

The First Boston Corp., New York, is named as the managing underwriter.

It is proposed that the net proceeds from the sale of the bonds will be added to Japan's foreign exchange reserves. Yen equivalent to the amount of the net proceeds will be advanced to the Japan Development Bank, a wholly-owned government agency, to be used to make loans to private electric power companies in connection with the government's fiscal investment and loan program.

The bonds, which will be non-callable for ten years, will have the benefit of a sinking fund calculated to retire 95% of the issue prior to maturity.—V. 197, p. 1215.

(Thomas) Jefferson Insurance Co.—“Reg. A” Filing

The company on March 29, 1963 filed a “Reg. A” covering 6,840 common shares to be offered at a price to be supplied by amendment, through Stein Bros. & Boyce, Louisville.

Proceeds will go to the selling stockholders. Jefferson, of 457 Starks Building, Louisville, is engaged in the writing of marine, automobile and fire insurance.—V. 194, p. 1384.

(S. R.) Langsam & Co.—“Reg. A” Filing—

The company on March 29, 1963 filed a “Reg. A” covering \$200,000 of 6½% subordinated sinking fund debtentures due March 1, 1978 to be offered at \$1,000, through Bosworth, Sullivan & Co., Inc., Denver. Debtentures are convertible into common at \$3.50 per share, through March 1, 1968 and at \$4 per share thereafter to maturity.

Proceeds are to be used for general corporate purposes. Langsam, of 1321 Bannock Street, Denver, is engaged in general commercial financing, and accounts receivable factoring.—V. 195, p. 1608.

(Kingdom of) Norway—Bonds Registered—

On April 10, the Kingdom of Norway filed with the Securities and Exchange Commission a registration statement relating to a proposed public offering of \$25,000,000 external loan bonds due May 1, 1978. An underwriting group managed by Harriman Ripley & Co., Inc., Kuhn, Loeb & Co., Inc., Lazard Freres & Co., and Smith, Barney & Co., Inc., New York, plan to offer the bonds on or about April 24.

The bonds will be direct, unconditional and general obligations of the Kingdom. Interest and principal will be payable in New York City in United States currency.

The bonds will not be redeemable prior to May 1, 1973, except through the operation of a sinking fund which will commence in 1966. Semi-annual sinking fund payments beginning in November, 1966, together with a final payment on May 1, 1978, will retire 100% of the issue by maturity.

Net proceeds from the offering will be added initially to Norway's foreign exchange reserves and subsequently applied to the acquisition and importation of capital equipment required for the development of the Norwegian economy.

Application will be made to list the bonds on the New York Stock Exchange.—V. 197, p. 1016.

PMA Insurance Fund, Inc.—Common Registered—

The company, Plankinton Building, Milwaukee, filed a registration statement with the SEC on April 8, covering 200,000 shares of common stock to be offered for public sale at net asset value plus a sales charge of from 4% to 1%. The Fund is an open-end diversified management investment company organized under Delaware law in December, 1962. It specializes in the securities of insurance companies with special emphasis on stock of life insurance companies. Fund Management, Inc., of the Plankinton Building address, is the Fund's manager, investment adviser and principal underwriter. James R. Modrall is President of the Fund.

Pall Corp.—Proposed Rights Offering—

The company of 30 Sea Cliff Ave., Glen Cove, L. I., New York, filed a registration statement with the SEC on April 4 covering 61,584 shares of class A stock. It is proposed to offer such stock for subscription by class A and class B stockholders at the rate of new class A share for each nine class A and class B shares held of record on the effective date of this statement. L. F. Rothschild & Co., 120 Broadway, New York, heads the list of underwriters. The subscription price (maximum \$34 per share) and underwriting terms are to be supplied by amendment.

The company produces high-quality metal and disposable filters and equipment for the dehumidification of compressed gases. It also manufactures products for the sensing and control of flow and temperature, for the detection of gases, and for the treatment and pumping of water. Of the net proceeds from the stock sale, \$1,100,000 will be used to repay short-term bank loans incurred for working capital and for capital expenditures, \$250,000 for

the replacement and improvement of plant and equipment for the company, and the balance to relocate a division, for equipment for subsidiaries and for working capital. In addition to certain indebtedness, the company has outstanding 288,014 class A and 266,200 class B shares, of which David B. Pall, President and Board Chairman, and Canmont Investment Corp., of Montreal, Quebec, own 42.1% and 45.5% respectively, of the class B shares. Messrs. Pall and Abraham Krasnoff, Executive Vice-President, hold as voting trustees 92.2% of the outstanding class B stock. Management officials as a group own 6% of the outstanding class A shares. According to the prospectus, the two principal stockholders have advised the company that they do not intend to exercise their rights to purchase new class A shares.—V. 197, p. 1318.

Polaris Corp.—Proposed Rights Offering—

The corporation of 111 East Wisconsin Ave., Milwaukee, filed a registration statement with the SEC on April 1 covering 90,122 shares of common stock. It is proposed to offer such stock for subscription by common stockholders (except former shareholders of two companies acquired by the company), at the rate of one new share for each seven shares held. The Marshall Co., of the Wisconsin Ave. address, heads the list of underwriters. The record date, subscription price (maximum \$17 per share) and underwriting terms are to be supplied by amendment.

The company, either directly or through the acquisition of subsidiaries, has become active in several diverse operations and presently owns or has interests in various commercial properties and is engaged in advertising, building construction, television and radio operations, data processing, warehousing, equipment leasing, and river terminal operations. The net proceeds from the stock sale will be added to general funds for use as working capital and initially may be used to reduce short-term bank indebtedness. In addition to certain indebtedness, the company has outstanding 807,459 shares of common stock, of which the trustee of five trusts for the benefit of the family of Ferris E. Traylor, a director, holds 15.95%, and management officials as a group 10.86%. Elliot G. Fitch is President.

Putnam Income Fund—Shares Registered—

The Fund of 60 Congress St., Boston, filed a registration statement with the SEC on April 3 covering 2,000,000 shares of beneficial interest in the Fund, to be offered for public sale at net asset value plus a sales charge of 8½% of the offering price. The Fund is a diversified open-end mutual investment fund organized under Massachusetts law in March 1963. Its primary purpose is to seek for its shareholders maximum income with long-term growth of principal also as an objective. The Putnam Management Co., Inc., will act as manager for the Fund, and Putnam Fund Distributors, Inc., is principal underwriter of its shares. Charles M. Werly is Board Chairman, George Putnam, Jr. is President, and Horace S. Nichols is a Vice-President, and they are all Directors and principal stockholders of the manager (which owns the underwriter).

Realty Equities Corp. of New York — Proposed Rights Offering—

The company, Time & Life Bldg., New York, filed a registration statement with the SEC on April 3 covering 117,853 shares of common stock. It is proposed to offer such stock for subscription by common stockholders at the rate of one new share for each three shares held. No underwriting is involved. The record date and subscription price (maximum \$7 per share) are to be supplied by amendment.

The business of the company and its subsidiaries consists principally of the purchase and sale, the development (including building construction) and management of, and the making of investments in real estate. The net proceeds from the stock sale will be added to general funds and used for general corporate purposes, including increased working capital and for the purchase or improvement of additional properties. In addition to certain indebtedness, the company has outstanding 353,558 shares of common stock, of which Morris Karp, President, owns 18.3% and management officials as a group 32.7%.—V. 197, p. 1461.

Retirement Foundation, Inc.—Securities Registered

The company of 235 Lockerman St., Dover, Del., filed a registration statement with the SEC on April 8 covering 100,000 memberships in the Foundation, to be offered for public sale at \$10 per membership. The offering will be made on a best efforts basis by John D. Ferguson, 1147 Woodside Road, Dover, which will receive a \$1.25 per membership selling commission. The contracts underlying the memberships require additional payments by the member over a period of ten to forty years, the aggregate amount and duration of such payments varying from \$2,102.40 to \$4,000 depending upon the age of the member at the time of the acceptance of his membership application.

The Foundation was organized as a membership corporation (not organized for profit and having no authority to issue capital stock) under Delaware law in 1961. It will not begin operation until at least 10,000 contract membership applications have been received. The operations of the Foundation will consist of the construction, operation and maintenance of a Retirement Center or Centers providing the use of rent-free private homes and apartments to Foundation members upon their retirement from work. The cost to the individual member for such benefits will be based upon a rate schedule graduated according to his age. The net proceeds from sale of the membership will be used as working capital in the commencement of operations; and the amounts received as monthly payments from members will be applied to the acquisition of land, development and construction of Retirement Centers, architectural, engineering and utility planning therefor, and for general operating expenses. John R. Steelman is Chairman.

San Diego Western Corp. — Preferred, Common Registered—

The company, of 3737 Fifth Ave., San Diego, filed a registration statement with the SEC on March 29, covering 1,459,597 shares of common stock and 603,050 shares of preferred stock (\$1 par). All but 500,000 of the common shares have been issued or will be issued in exchange for the assets of a partnership and interests in certain joint ventures; and the 500,000 common shares are to be offered by the company from time to time in the acquisition of additional properties or businesses. No underwriting is involved.

The company was organized in 1961 for the initial purpose of offering to acquire, in exchange for capital shares, the business and properties of San Diego Western Associates, Ltd., the partnership, and of four joint ventures, and to engage in the general real estate business. As of March, 1963, the company owned 157 acres of unimproved land, two shopping centers, a sixteen unit apartment house, a gasoline service station, thirty-one single family residences and 326 promissory notes secured by second deeds of trust on single family residences. The properties were acquired from the partnership (according to the prospectus, the combined properties of the company are presently being operated at a loss). If the exchange offers are consummated, the company will acquire three promissory notes and three parcels of unimproved land (the notes are secured by deeds of trust on the unimproved land now owned by the company).

In addition to certain indebtedness and preferred stock, the company has outstanding 746,419 shares of common stock, of which Jack H. Storey, President and Board Chairman, and Norman A. Gale, Executive Vice-President, own about 20.2% and 11.6%, respectively (after giving effect to consummation of the exchanges). Mr. Storey has direct and indirect interests in the partnership (which now owns all of the outstanding capital stock of the

company) aggregating 11.2% and he is the manager of, and has interests in, each of the joint ventures and intends to accept the exchange offers.

Teaching Machines, Inc.—Common Registered—

The company of 221 San Pedro, N.E., Albuquerque, New Mexico, filed a registration statement with the SEC on April 1 covering 165,000 shares of common stock, of which 120,000 shares are to be offered for public sale by the company and 45,000 shares, being outstanding stock, by the holders thereof. The public offering price (maximum \$9 per share), names of the underwriters and underwriting terms are to be supplied by amendment.

The company is engaged in the business of developing and selling teaching programs and teaching machines which are sold under an exclusive marketing arrangement with Grolier Incorporated. Of the net proceeds from the company's sale of additional stock, \$400,000 will be used to redeem notes held by Grolier, the proceeds of which were used for operating expenses, and the balance will be available for general corporate purposes including development costs of custom programming and programmer training services. In addition to certain indebtedness, the company has outstanding 750,000 shares of common stock, of which Grolier owns 12.2%, Lloyd E. Homme, Board Chairman and President, 7%, and management officials as a group 40%.—V. 191, p. 2565.

Proposed Registrations

American Telephone & Telegraph Co. — To Sell Debtentures—

The company has announced the authorization of a new debtenture issue of \$250,000,000 to be offered for sale at competitive bidding. The company also announced that it has authorized the call for redemption on or about June 10, 1963 of the \$250,000,000 issue of 5% debtentures, due Nov. 1, 1983, which was sold at competitive bidding in October 1957.

It is expected that bids for the new issue will be opened on May 7, 1963. The new debtentures will mature on May 1, 1999 and will not be redeemable prior to May 1, 1968. The trustee will be Chemical Bank New York Trust Co., which is trustee of the issue proposed to be redeemed.

A debtenture issue of \$250,000,000 was sold by the company on Oct. 23, 1962.—V. 197, pp. 913 and 814.

Hitachi, Ltd.—May Sell ADR's in United States—

On April 10, 1963 it was reported that this Japanese firm plans to raise between \$10-\$20,000,000 in the U. S. by the sale of ADR's in the second half of 1963. Proceeds would be used for expansion.

Headquartered in Tokyo, Hitachi is Japan's largest manufacturer of electrical equipment and appliances turning out over 10,000 different products ranging from locomotives to transistor radios. Dillon, Read & Co., Inc., New York, is expected to underwrite the offering.—V. 196, p. 1146.

Pennsylvania Power Co.—Bidding Date For Bond Sale—

The company will receive bids June 12 (11 a.m. EDT) at the office of Commonwealth Services, 300 Park Ave., New York covering the proposed sale of \$9,000,000 of first mortgage bonds due 1993. An information meeting will be held June 10 (3:45 p.m. EDT) at the offices of The New York Society of Security Analysts, 15 William St., New York.—V. 197, p. 1161.

Upper Peninsula Power Co.—Plans Sale of Common Stock—

The company has announced plans for the public offering of 34,000 common shares. Proceeds will be used for construction.—V. 197, p. 1463.

News of Business and Finance

Altamil Corp.—Sales Up 46%; Net 21.5%—

Results of operations for the first six months of fiscal 1963, ended Feb. 28, 1963, extended the pattern of increased sales and earnings, indicated in the previous fiscal year period, according to G. L. Canfield, President. Sales for the first half, he said, increased 46% over those for the comparable period of a year earlier and was accompanied by a 21.5% gain in earnings.

Mr. Canfield also announced recent developments in the company's pending listing on the American Stock Exchange. “Altamil's new corporate charter is expected to be placed on file in the State of Delaware shortly,” he said, “and a special meeting of the stockholders will probably be scheduled for mid April to act upon the matter. It is anticipated that the listing application will be on file at the American Stock Exchange before the end of April.”

Net sales for the six months of fiscal 1963 were \$3,467,438 as against \$6,482,467 for the first half of a year earlier. Profit before taxes amounted to \$1,070,137 against \$884,964 for the same period of fiscal 1962.

Net income, after taxes, for the six months was \$519,137, or 33 cents per common share on the 1,538,993 shares of common stock outstanding during the period. This compares with 1962 after-tax earnings of \$426,964, equivalent to 27 cents per share calculated on the basis of 1,552,693 shares outstanding at that time.—V. 197, p. 44.

Amerada Petroleum Corp.—Proposed Stock Split—

Directors have proposed an amendment to the Certificate of Incorporation, to be voted on by stockholders May 6, 1963, which would increase the authorized no par capital stock from 8,000,000 to 16,000,000 shares, and effect a two for one split of outstanding stock.

If approved, certificates representing the new shares will be mailed May 29, 1963 to stockholders of record May 9, 1963.—V. 190, p. 1290.

American Brake Shoe Co.—Acquisition —

The company has contracted to acquire S. K. Wellman Co., it was jointly announced by Kempton Dunn, Chairman of Brake Shoe and S. K. Wellman, Chairman of Wellman. Brake Shoe common stock will be exchanged for the assets of Wellman.

Wellman manufactures heavy duty friction material. The company employs approximately 700 people at its plant in Bedford, Ohio.

The S. K. Wellman name will be retained and the company will operate as a subsidiary of American Brake Shoe. All of the present management and personnel will remain with the company.—V. 197, p. 913.

American Broadcasting-Paramount Theatres, Inc.—Secondary Planned—

Bache & Co., New York, and associates have announced plans to offer 426,974 shares of this firm's outstanding common stock in the week April 15-19. The offering is subject to market conditions and would have a gross market value of about \$14,500,000.—V. 197, p. 1216.

American Hardware Corp.—Appointment—

Bankers Trust Co., New York, has been appointed registrar for the common stock of the corporation.—V. 197, p. 1216.

American Safety Equipment Corp.—Sales, Net Higher—

The company manufacturers of auto seat belts under the Hickok label, has reported net sales for 1962 of \$4,931,606, against \$2,177,914 in 1961.

The profit after taxes for 1962 were reported as \$191,368, as compared to \$144,436 in 1961. The 1961 figure included \$26,000 additional income resulting from tax savings on loss carry-over from prior years.—V. 195, p. 2488.

American Title Insurance Co.—Net Higher—

The company has reported that consolidated operating income in 1962 was \$3,576,892, an increase of \$574,176 over the previous year.

President Jay R. Schwartz attributed the higher income primarily to "a significant increase in title insurance premiums" resulting from a continued program of national expansion and development.

The company added \$160,705 to its statutory reserve for title insurance, and had net profit, after income taxes, of \$321,077. Earnings per share, adjusted to reflect increased equity in statutory title insurance reserves, were 52 cents a share on the 723,409 shares of common outstanding.

At the year-end, Mr. Schwartz reported, total consolidated capital funds, including statutory title insurance reserves, stood at \$8,316,540, highest in the company's history.

Mr. Schwartz also reported to stockholders on the acquisition, after close of the fiscal year, of 97% interest in Guaranteed Title Co., one of the largest title insurance companies domiciled in New York State. That company, he said, had gross income exceeding \$3,300,000 in 1962, derived primarily from operations of its home office in New York City, and eight branches in Greater New York, Newark, N. J. and Norwalk, Conn.—V. 197, p. 44.

American Water Works Co.—To Sell Pfd. Privately

The company has announced that it plans to sell 240,000 shares of 4.90% cumulative preferred stock (\$25 par) privately to institutional investors.

Proceeds would be used primarily to redeem the company's 225,000 outstanding shares of 6% preferred (par \$25) at a price of \$25.25 per share.—V. 197, p. 913.

Anglo-Canadian Telephone Co.—Appointment—

Bankers Trust Co., New York, has been appointed co-transfer agent and co-registrar for the class A stock of the company.—V. 196, p. 2276.

Antenna Systems, Inc.—Additional Financing Details—Our April 8, 1963 issue reported the sale on April 5 of 100,000 shares of this firm's common stock at \$5.50 per share. Additional financing details follow:

UNDERWRITERS—The names of the underwriters who have entered into an underwriting agreement with the company, wherein and whereby the company has agreed to sell and the underwriters have agreed, subject to the terms and conditions of the underwriting agreement, to buy the 100,000 shares of common stock offered, are as follows:

	Shares
Emanuel, Deetjen & Co.	57,000
Draper, Scars & Co.	20,000
Westheimer & Co.	10,000
Arthur, Lestrang & Co.	5,000
Childs, Jeffries & Thorndike, Inc.	5,000
Zuckerman, Smith & Co.	3,000

—V. 197, p. 1417.

Anthony Pools, Inc.—Net Down Sharply—

The company has reported that 1962 earnings dropped sharply because of a decline in pool sales during heavy rains in the first six months, combined with reduced per-unit profits during the same period, increased cost of sales and a special item writedown of earnings.

Despite a last-half upsurge, total sales for the year declined marginally. President Phil Anthony said the year-end sales upswing has continued at a rapid pace into 1963, with 617 pool orders for the first three months against 425 in the same period last year, a 41% increase.

Net sales for the calendar year ended Dec. 31, 1962, were \$7,249,359 down from \$7,317,220 for calendar 1961. Earnings before taxes and the write-off were \$117,071 in 1962 compared with \$517,046 before taxes in 1961. Earnings after taxes and the write-off were \$25,993 or three cents per share on 788,600 shares of outstanding common stock against \$253,883 or 32 cents per share in 1961 on the same number of shares.—V. 196, p. 742.

Arizona Bank (Phoenix)—Stock Subscriptions—

The bank has announced that stockholders subscribed for 93.4% of the 51,834 shares offered to them at \$29.50 per share through rights which expired March 29. The remaining 3,413 shares were purchased by the underwriter, William R. Staats & Co., Los Angeles, and reoffered publicly.—V. 197, p. 1312.

Astrodata, Inc.—Secondary Placed Privately—On April 8, 1963 it was reported that 96,293 shares of this firm's outstanding capital stock had been sold privately at \$7 per share through Granbery, Marache & Co., Inc., New York.—V. 194, p. 2329.

Atico Financial Corp.—First Annual Report—

This Miami, Fla., company, engaged in commercial banking, mortgage banking and title insurance operations after starting in business on June 16, 1962, has reported consolidated net profit of \$261,879 for the six and one-half months ended Dec. 31, 1962.

In their first annual report to stockholders, Chairman Joseph Weintraub and President John J. Scully described the results as "highly satisfactory, particularly when consideration is given to the fact that substantial non-recurring expenses were incurred during the period in connection with organization of the corporation, registration with the Securities and Exchange Commission, application and admission for trading of the stock of the company on the American Stock Exchange, and other expenses normally incurred in such undertakings."

ATICO became operational after acquiring more than 97% of the stock of Mercantile National Bank of Miami Beach and American Title Insurance Co., and reported gross consolidated income of \$2,412,407 for the six and one-half months of operation.

The net profit, the officers reported, was derived after income taxes and "after providing for substantial increase in the title insurance reserves of the company's title insurance subsidiaries and reserve for losses of its banking subsidiary."—V. 197, p. 44.

Atlantic Acceptance Corp. Ltd.—Notes Sold Privately—On April 9, 1963 it was reported that \$7,500,000 of this firm's 5 3/4% notes due Feb. 1, 1983 had been sold privately through Kuhn, Loeb & Co. Inc., New York.—V. 193, p. 1223.

Atlantic Refining Co.—Acquires Balance of Minority Stock in Subsidiary—

On April 9, 1963 the company announced that it had acquired the remaining outstanding shares of J. P. Frank Chemical & Plastic Corp., a subsidiary, giving Atlantic 100% ownership of the New York City manufacturer of polyvinyl chloride film, sheeting and laminates.

Atlantic acquired a majority interest in the company, which has a plant in Brooklyn, in September 1961.

Thornton P. Bradshaw, Executive Vice-President of Atlantic, said that the minority interest was acquired from Morton Frank and Henry Hilsenroth, who recently resigned as Directors and Officers of the Frank Co. He said that the company would continue to be operated as a subsidiary of Atlantic.—V. 197, p. 520.

Audio Devices Inc.—Sales Up 11%; Net 50%—

William T. Hack, President has reported that net sales for the year ending Dec. 31, 1962 were \$8,177,588, or an increase of 11% over the sales total of \$7,350,710 for 1961. Net income was \$457,587 as against \$308,456 in 1961 resulting in earnings of 54 cents per share. This represents an increase of 50% over the 36-cent earnings figure for 1961.

This sales high, according to Mr. Hack, was due primarily to the company's ability to produce in satisfactory volume the extra precision tapes required for computer and instrumentation use. Peak earnings are explained not only by increased sales but also by improved production methods.

"Our heavy-duty tape, perfected and marketed late in the year, and new tapes for telemetering and other instrumentation purposes, promise to contribute to increased sales in 1963.—V. 197, p. 1012.

Aurora Plastics Corp.—Sales, Net Up Sharply—

The company in 1962 reported a 117% increase in earnings on a 58% increase in sales. This was announced by Abe Shikes, President, who said that both sales and earnings were at record highs.

Sales for the year ended Dec. 31, 1962 were \$13,717,326 against \$8,734,810 achieved in 1961. Net income in 1962 advanced to \$826,522 or \$1.36 a share from \$382,594 or 63 cents a share a year earlier. Per share figures are based on the 605,786 shares outstanding at the end of 1962. Taxes amounted to \$994,877 and \$383,424 in the respective periods.

The company manufactures a line of plastic hobby kits, ready to fly planes and miniature car racing sets. Its common stock is listed on the American Stock Exchange.—V. 196, p. 2176.

(Commonwealth of) Australia—Bonds Offered—On April 11, 1963, Morgan Stanley & Co., New York, as manager of an underwriting group, announced the public offering of \$30,000,000 Commonwealth of Australia 5% bonds due April 1, 1983, priced at 97 1/2% and accrued interest to yield approximately 5.20% to maturity. The issue was oversubscribed.

REDEMPTION FEATURES—The bonds are not redeemable prior to April 1, 1973 except through operation of a sinking fund, which provides for semi-annual payments of \$833,000 before Oct. 1, 1965 and before each April 1 and Oct. 1 thereafter to and including Oct. 1, 1982, together with a payment of \$845,000 on April 1, 1983. These payments are calculated to retire 100% of the issue. The sinking fund redemption price is 100%.

Regular redemption prices for the bonds on and after April 1, 1973 range from 101% to the principal amount. The bonds are to be direct obligations of the Commonwealth of Australia. Principal and interest will be payable in U. S. currency.

PROCEEDS—The Australian currency equivalent of the proceeds will be applied toward capital expenditures being financed under the 1962-1963 borrowing program approved by the Australian Loan Council for the Governments of the Commonwealth and the States.

UNDERWRITERS—Under the terms and subject to the conditions contained in an underwriting agreement dated April 10, 1963, the underwriters named below have severally agreed to purchase, and the Commonwealth has agreed to sell to them severally, in the respective amounts set forth below, an aggregate of \$30,000,000 principal amount of bonds.

Avemco Finance Corp.—Proposed Asset Sale—

See Aviation Employees Corp., this issue.—V. 194, p. 2547.

Aviation Employees Corp.—Proposed Acquisition—

Purchase of the assets of AVEMCO Finance Corp. by Aviation Employees Corp. has been recommended by the directors of both organizations, according to an announcement by S. J. Solomon, President of both companies.

A special stockholders meeting of AVEMCO Finance to approve the proposal will be held May 16 in Washington. Action by stockholders of Aviation Employees is not required.

Purchase price agreed upon by both groups of directors is three and one-half shares of Aviation Employees stock for each outstanding share in AVEMCO.

With affirmative action by the stockholders, the capital structure of Aviation Employees will consist of 2,184,940 shares distributed

nationally among more than 4,000 stockholders with capital funds exceeding \$4,250,000.

"Directors of both companies were enthusiastic in their endorsement of the proposed purchase," Mr. Solomon said. "They are positive that when consummated it will benefit all stockholders through providing the consolidated company with sufficient capital to develop the many excellent opportunities available to the corporation and thus achieve its full potential."

AVEMCO specializes in the financing and leasing of aircraft and the financing of aircraft insurance premiums. It is experiencing a continuing growth in the volume of loans made.—V. 192, p. 397.

Babcock & Wilcox Co.—Acquires New Product Line

The company has reported that a subsidiary, Bailey Meter Co., acquired the nuclear instrumentation product line of General Dynamics/Electronics, of Rochester, N. Y.

An announcement by Paul S. Dickey, Bailey president, said that the product line, formerly known as Stromberg-Carlson nuclear instrument and safety systems, will be renamed Bailey 780 systems.

Financial details of the transaction were not reported. According to Mr. Dickey, the acquisition extends Bailey's line of instruments and automatic control systems for power generation. At the same time, he said, it enables the company to serve the industry with a complete line of instruments and control for power plants using either nuclear or fossil fuels.

The product line will also permit Babcock & Wilcox, a major supplier of nuclear systems and components, to offer integrated instrumentation and control for nuclear reactors, the report stated.

Employing solid-state techniques, the acquired line has been applied to a number of nuclear reactors, including Power Reactor Development Corp.'s Enrico Fermi plant, which awarded the prime instrument contract to Bailey.

Bailey, which has its headquarters in Cleveland, Ohio, will offer the new equipment line in the United States and Canada. Through its overseas associates in England, France and Japan, Bailey will be able to supply nuclear instruments and safety systems, plus its present line of instruments and control, for power and process to all free world customers, Mr. Dickey stated.—V. 197, p. 616.

Barber-Greene Co.—Six Months' Report—

Period Ended Feb. 28—	1963	1962
Net sales	\$16,647,251	\$14,747,131
Earnings before income taxes	157,456	406,423
Provision for Federal & state income taxes	119,829	249,750
Net earnings	37,627	156,673
Earnings per share	\$0.04	\$0.17

—V. 197, p. 140.

Barton Instrument Corp.—Acquisition—

Barton Jones, President of Barton Instrument, and Lloyd Bills, President of Flow Equipment Co., have announced the acquisition by Barton of all of the stock of Flow Equipment. The acquisition was made for an undisclosed amount of cash.

Flow Equipment, located in Santa Fe Springs, Calif., had net sales of \$1,356,832 and net income of \$102,619 in the fiscal year ended June 30, 1962. The product line of Flow Equipment consists of flow meters and related control equipment, all of which complement the flow measurement and control instruments of Barton. Flow Equipment will operate as a subsidiary and Lloyd Bills will continue as President.—V. 197, p. 1113.

Bastian-Blessing Co.—Quarterly Report—

Period Ended Feb. 28—	1963	1962
Sales	\$5,306,097	\$5,555,703
Net income before income taxes	409,568	714,712
Provision for income tax	203,363	354,038
Estimated net income for three months	206,205	360,674
Estimated earnings per share	\$0.28	\$0.48

—V. 197, p. 713.

Berry Industries, Inc. (& Subs.) — Net, Sales Up Sharply—

The company had net earnings, after provisions for taxes, of \$184,194 in the year ended Dec. 31, 1962. Glenn Berry, President, reported. These earnings compare with \$103,218 for the same period in 1961. The consolidated sales increased to a new high of slightly over \$7 million, up 12.8% over the 1961 figure. Earnings per share during the year were 54 cents against 33 cents per share in 1961.

Mr. Berry reported, "Profits were up as a result of increased sales, reduced sales costs and an increase in manufacturing efficiency at the Birmingham Plant." Mr. Berry also reported the establishment of an Electronics Division laboratory at Ann Arbor, Michigan for the development, among other projects, of electronic control designs for automatic garage door operators.

In commenting on the new year, Mr. Berry remarked, "It appears now that substantial improvements in sales volume and particularly in profit margins will materialize in 1963. It should be added that still further improvements in operating efficiency will be made in order to realize increased profit margins."

The company is a manufacturer of residential steel garage doors. In the past two years they have added fiberglass garage doors, wood garage doors, an automatic garage door operator, and pneumatic nailing and stapling devices for their line of products.—V. 196, p. 2579.

Bon Ami Co.—Annual Report—

Year Ended Dec. 31—	1962	1961
Net sales	\$15,417,403	\$5,702,140
Income after taxes	874,831	335,097
Earnings per share	\$1.63	\$0.91
Number of shares outstanding	536,636	366,535

—V. 196, p. 2076.

Brentwood Financial Corp.—Net Up 55%—

This Los Angeles based savings and loan holding company has reported a 55% increase in net earnings for the first quarter ended March 31, 1963.

Net earnings, after allowing for Federal income taxes effective Jan. 1, 1963, amounted to \$367,418, or 32 cents a share on the 1,230,000 shares of capital stock outstanding. This compares with combined net earnings of \$236,780, or 19 cents a share (pro forma), for predecessor companies in the equivalent quarter last year.

Total assets of the corporation rose to \$70,016,281 at March 31. This is 51% greater than the predecessor companies' combined assets of \$46,248,019 at the close of the corresponding three months a year earlier.—V. 197, p. 616.

California Electric Power Co.—Proposed Merger—

See Southern California Edison Co., this issue.—V. 197, p. 1114.

California Oregon Power Co.—To Redeem Bonds—

The company has called for redemption on May 2, 1963 all of its outstanding first mortgage bonds, 3 1/4% series due Nov. 1, 1974 at 102 1/4%; 3 1/4% series due April 1, 1978 at 101.94%; 2 3/4% series due Aug. 1, 1979 at 102.21%; 3 1/4% series due June 1, 1981 at 103.30%; 3 1/4% series due Oct. 1, 1982 at 103.12%; 3 1/4% series due March 1, 1984 at 104.08%; 3 1/4% series due May 1, 1986 at 104.05%; and 5 1/4% series due Oct. 1, 1987 at 106.15%; in each case plus accrued interest.

Payment will be made at the Wells Fargo Bank, 464 California St., San Francisco, or at the Continental Illinois National Bank & Trust Co. of Chicago, 231 S. La Salle St., Chicago, or for the series due 1974, 1978 and 1979, at the Chemical Bank New York Trust Co., 20 Pine St., N. Y.; or for the series due 1981, 1982, 1984, 1986 and 1987, at The Chase Manhattan Bank, 80 Pine St., N. Y.—V. 194, p. 4.

Canadian Industrial Gas Ltd.—Record Sales, Net—

The company has reported record 1962 sales and earnings. For the year ended Dec. 31, 1962 gross sales were \$3,052,398, up 36% from 1961 sales of \$2,238,754. Net earnings after tax were \$231,225 and compare with 1961 net earnings of \$231,924, which included

\$66,685 non-recurring profit. Based on the 1,121,095 common shares outstanding at the 1962 year-end, net earnings were equivalent to 21 cents a share in both 1962 and 1961.

Record gross was due to increased industrial sales of natural gas and a 75% increase in liquefied petroleum gas sales, Maurice F. Strong, President, told stockholders.

Acquisition—

The company has been successful in its offer of March 6, 1963, to acquire control of Pamoil Ltd., Calgary-based independent oil and gas producer, Maurice F. Strong, President, announced. Under the terms of the offer approximately 75% of the 8,325,000 outstanding shares of Pamoil have been acquired, thus giving C.I.G. effective control of Pamoil and its wholly-owned Edmonton pipeline, the announcement stated.

Canadian Industrial Gas owns and operates a natural gas distributing system serving industrial customers in the Edmonton area and is a leading marketer of liquefied petroleum gases in western Canada.—V. 197, p. 1114.

Central Foundry Co.—Net, Sales Lower—

The company has reported that net income for 1962 was \$880,382, or \$1.35 per share, on sales of \$25,051,710.

This compared with 1961 earnings of \$1,085,277, or \$1.61 per share, on sales of \$25,445,626.

Tonnage shipments of the company, which manufactures cast iron pipe and fittings, reached an all-time high in 1962.

Sidney Gondelman, Chairman and President, pointed out that the soft price structure in the cast iron soil pipe industry most of the year and the continuing upward pressure of labor costs resulted in lower net earnings. He added that the price structure firmed considerably in the last quarter of 1962 and that there is every reason to believe that this recovery will be sustained.—V. 196, p. 2077.

Central Louisiana Electric Co., Inc.—Net Up 13%—

F. Hugh Coughlin, President, told shareholders in the annual report that net income for the year was \$4,569,514, an increase of \$541,804 or 13% over 1961, and earnings on common stock increased to \$1.47 per share from \$1.30 in 1961.

The excellent operating results for the year reflect favorable weather, improved business conditions generally and intensive new business activities. New records included annual operating revenues in excess of \$26 million, electric output of more than one billion kilowatt-hours and a system peak of 237,000 kilowatts.

The company spent \$8,994,146 on new construction in 1962 and expects to spend an additional \$9,971,000 for the purpose in 1963. In all, Cleco's expenditures for plant additions and improvements will total \$57,000,000 in the five years ending in 1967.

The company already has raised the major portion of the funds to finance its construction through 1963. Most of this money was provided by sale to four institutional investors last October of \$6,000,000 of 30-year 4.70% first mortgage bonds at par. Half of the proceeds from this sale was received on Oct. 23, 1962, and the remaining half is to be obtained late in April, 1963. The small remaining balance of 1962 financing comprised the sale of 9,677 common shares locally in the service area and borrowing by the Louisiana Rural Electric Co. (LREC) subsidiary of an additional \$710,250 from the Rural Electrification Administration. This brought to \$6,094,523 at the 1962 year-end LREC's total borrowings from the REA.

The only remaining financing planned for 1963 is local sale of an additional \$300,000 of common stock and borrowing by LREC from REA and/or bank loans under Cleco's line of credit.

During 1962 the Louisiana Intrastate Gas Corp. subsidiary made substantial further progress in augmenting its gas reserves. Gas purchase contracts negotiated during the year added to dedicated reserves an estimated 160 billion cubic feet, which was approximately six times the year's gas sales.

The South Louisiana Production Co., Inc., subsidiary, although still in the development stage, is now on an earning basis and its prospects for 1963 and for future years are considered bright.

"The outlook for the year 1963 is promising," Mr. Coughlin told shareholders, "but it will be difficult to duplicate the increases in output and earnings recorded for 1962, unless weather conditions are equally favorable. The economy of the service area is good, and industrial prospects are favorable."—V. 197, p. 1012.

Cerro Corp.—Net Up 7%; Sales 9%—

Robert P. Koenig, President, has announced that the company's earnings for 1962 were \$6.4 million, 7% above those of the previous year. Sales for 1962 reached a record level of \$210 million, an increase of 9% over the 1961 figure.

Consolidated net income of \$6,412,965 before depletion amounted to \$1.79 per share, against \$5,995,834, or \$1.68 per share, on a corresponding number of common shares in 1961. Mr. Koenig reported that in addition to these consolidated earnings the company's equity in undistributed earnings of affiliates during 1962 totaled \$1.01 per share against \$1.46 per share the previous year.

Sales volume figures for the major nonferrous metal producer and fabricator were \$210,913,503 in 1962 and \$192,460,563 in 1961.

In the 1962 annual report to stockholders, Cerro's President noted that shipments of metals and fabricated metal products reached new highs in 1962. "However," he said, "because of continued price weakness in most product lines together with strikes and increased labor costs, the benefits from greater sales were largely unrealized." Mr. Koenig attributed the improved earnings largely to reductions in administrative expenses and the suspension of oil and gas exploration in Peru.—V. 196, p. 2077.

Chattanooga Medicine Co.—Repurchases Own Stock

The company has announced that it has acquired 54,781 shares of its own outstanding capital stock which has been added to its treasury shares. F. Eberstadt & Co. and Shearson, Hammill & Co., New York, acted on behalf of the company in this transaction.

The company of Chattanooga, Tenn., has been engaged in the production and sale of proprietary medicines since 1879. In recent years, it has developed and marketed numerous other products, including fine chemicals, pharmaceutical drugs, skin creams, other cosmetics, and athletic medicines.—V. 192, p. 2219.

Chester Litho, Inc.—Name Change Approved—

On April 9, stockholders of Chester Litho, approved the change of their company's name to Kellogg-American, Inc., it was announced by Martin Mack, newly elected Chairman and President.

Mr. Mack stated that the company's primary business has become the manufacture of air compressors and pumps since it acquired the Kellogg-American Division of Scaife Co. in December, 1961. Kellogg-American operates plants in Oakmont, Pa., and Los Angeles, and has sales offices in major cities in the United States and Europe. The company's original color lithography business will be operated by a subsidiary in Chester, N. Y.—V. 193, p. 2776.

Chicago South Shore & South Bend RR. — Bus Routes Sold—

In a joint announcement the company has reported the sale of its motor coach operating certificates to the Indiana Motor Bus Co. Approval of the transaction was granted by the Interstate Commerce Commission and the Michigan Public Service Commission. The bus routes involved serve as a feeder line to the railroad between Michigan City, Ind., and Benton Harbor, Mich.

Indiana Motor Bus, with headquarters in South Bend, was founded in 1921 and is one of the oldest intercity bus carriers in the country. It operates 856 route miles throughout central and northern Indiana and into Michigan and Chicago.

E. F. Furry, President, indicated that a six round trip schedule would be maintained for the time being between Michigan City and St. Joseph-Benton Harbor with two of the schedules extending south beyond Michigan City to LaPorte, Logansport, and Indianapolis. Good connections will be maintained at Michigan City with the South Shore to Hammond, Gary, Chicago and other stops, he said. Mr. Furry added that, although the Michigan City-Benton Harbor route has been operated by South Shore with substantial losses during the last few years, it was hoped that through more efficient utilization of equipment and drivers due to the enlarged

territory, along with newer diesel intercity type buses, the line would support its planned service profitably.

Package express service will be expanded along with extensive charter activities throughout the country from the Michigan City-Benton Harbor area. Indiana Motor Bus will take over the operation on April 28, according to the joint announcement.—V. 197, p. 405.

Cohu Electronics, Inc.—Sales, Net Down Sharply—

The company has reported 1962 sales of \$6,141,093 and net income after taxes of \$31,191, or two cents a share.

LaMotte T. Cohu, Chairman, said more than \$3,250,000 in new business was booked in the first quarter of 1963, against \$1,549,000 in 1962's first quarter.

Cohu sales for 1961 were \$9,203,250, with net income after taxes of \$527,911 or 37 cents a share. Fourth quarter sales for 1962 amounted to \$1,371,958. Net income after taxes was \$22,492 or one and a half cents a share, compared to 1961's fourth quarter sales of \$1,964,889, net income of \$114,109 or eight cents a share.—V. 196, p. 1977.

Colonial Corp. of America—N. Y. S. E. Listing—

On April 4, the company's common stock was listed on the New York Stock Exchange. Its ticker symbol was CLA.

Sol Berger, President of the national diversified apparel producer, purchased the first 100 shares of Colonial stock at a listing ceremony with Keith Funston, President of the Exchange, which marked the start of trading.

Listed on the Exchange were 2,792,263 shares of the company's common stock which was formerly traded on the American Stock Exchange. There are currently 2,626,252 shares outstanding.

One of the nation's leading producers of popular-priced sportswear and related apparel for the entire family, Colonial's sales have increased from \$14.5 million in 1958 to \$56 million in 1962. Earnings have climbed from \$0.5 million to \$2.7 million during the same period, or from 25 cents to \$1.06 per share.

Founded in 1947, the company currently operates 25 plants in Tennessee, North and South Carolina, Puerto Rico and Jamaica, W. I., with a total manufacturing capacity exceeding one million square feet. Colonial employs 6,800 persons and produces 52 million garments annually for men and boys and in women's ready-to-wear, or an average of one million garments a week.—V. 197, p. 1115.

Colonial Sand & Stone Co., Inc.—Record Sales, Net

Sales and earnings for 1962 were the highest in the company's 51-year history, it was announced by Anthony Pope, President.

Mr. Pope also announced that a multi-million dollar expansion of cement capacity at Colonial's Kingston plant has been started and will be completed by Spring, 1964. "Capacity of this facility, opened in 1958 and more than doubled in 1960," he said, "will be stepped up from the present 2,300,000 barrels of cement a year to more than 4,000,000 barrels annually."

In the 1962 annual report to shareholders, Mr. Pope reported that consolidated sales in the year ended Dec. 31, 1962, climbed to a record \$57,145,549 from \$50,010,989 in 1961. Total net income, after taxes, reached an all-time high of \$3,792,825, against \$2,960,480 in 1961.

Per share earnings amounted to \$1.53 on the 2,480,719 shares of common stock outstanding on Dec. 31, 1962, against \$1.25 per common share on the 2,363,397 shares outstanding a year earlier.

Mr. Pope pointed out that "if the company had not adopted the new depreciation procedures permitted by the Internal Revenue Service in 1962, net income after taxes for 1962 would have been approximately \$4,300,000, or \$1.73 per share, instead of \$1.53 per share; depreciation, depletion and amortization would have been approximately \$3,307,000, or \$1.33 per share instead of \$4,378,423, or \$1.76 per share, and net assets would have been \$9.16 per share instead of \$8.96 per share." In 1961, net assets per share totaled \$8.10.—V. 194, p. 845.

Columbia Savings & Loan Association—Net Up 94%

Net income after taxes for the 1963 first quarter, ended March 31, increased 94% to a record \$311,242, equal to 8.7 cents per share on 3,576,786 shares outstanding, it was announced by Nathan Kates, President. Comparable year-ago net income was \$160,782 or 4.5 cents per share based on the same number of shares then outstanding.

Keeping pace with these record results, total assets at the March 31 close rose to a new high of \$73,105,656 which compares with \$54,415,126 a year earlier. Total savings also climbed to a new record, reaching \$58,353,624 on March 31, up 37% from \$42,693,954 at the same time last year. Loans outstanding at the end of the quarter increased 38% to \$64,451,891, as against a level of \$46,559,596 for the same date last year.

Mr. Kates attributed the strong gains of the 1963 first quarter to continuing increases in service capabilities and operating efficiency stemming from the merger early last year of Columbia Savings, Superior Savings and Loan Association and Pyramid Savings and Loan Association. As a result of this consolidation, Columbia now operates a principal office in Los Angeles and two branch offices in the San Fernando Valley.

Consolidated Edison Co. of New York, Inc.—Stock

Subscriptions — The company has announced that stockholders had subscribed for 98% of the 1,343,117 common shares offered to them at \$80 per share through rights which expired April 5. The remaining shares were taken up by underwriters headed by Morgan Stanley & Co., and First Boston Corp., New York.—V. 197, p. 1217.

Consolidated Foods Corp.—Nine Months' Report—

Period Ended March 10—	1963	1962

Common shares outstanding	4,827,111	4,820,480

—V. 197, p. 141.

Copenhagen Telephone Co., Inc.—Debentures Offered—

On April 9, 1963, a public offering of \$15,000,000 Copenhagen Telephone 5% sinking fund dollar debentures due 1978 was made by an underwriting group managed by Smith, Barney & Co., Inc., Kuhn, Loeb & Co., Inc., Harriman Ripley & Co., Inc., and Lazard Freres & Co., New York. The debentures were priced at 98% plus accrued interest, to yield approximately 5.57% to maturity. They were oversubscribed.

The financing represented the second public offering of the company's securities in the United States since 1929; the first offering, of \$15,000,000 principal amount of 5% sinking fund dollar debentures due 1977, was made in May 1962 through the same underwriters.

In 1961 the company placed \$10,000,000 of notes privately with several institutions in this country.

PROCEEDS—Net proceeds from the sale of the debentures will be converted into Danish kroner and applied to the company's construction program which is designed to meet the demands of new telephone subscribers and to accelerate the conversion of the telephone system to automatic operation.

REDEMPTION FEATURES—The debentures are not redeemable prior to April 15, 1973 except through operation of the sinking fund which commences in 1969. Sinking fund payments, together

with the payment of an equal installment at maturity, will retire the entire issue.

The issue will be optionally redeemable on and after April 15, 1973 at prices ranging from 101% to 100%, plus accrued interest. For the sinking fund they will be redeemable at 100%, plus accrued interest.

Principal of and interest on the debentures are payable in U. S. currency in New York City.

BUSINESS—The company, located in Copenhagen, Denmark, is 50.65% owned by the Danish Government, and is the sole supplier of telephone service on the Danish Islands of Zealand, on which Copenhagen is located, Lolland-Falster and Bornholm under a concession granted to it by the Government.

Application will be made to list the debentures on the New York Stock Exchange.

UNDERWRITERS—The underwriters named below have severally agreed to purchase from the company the following respective principal amounts of debentures:

Amount	Amount
000s Omitted	000s Omitted
Smith, Barney & Co. Inc. 1,750	Dominick & Dominick 300
Kuhn, Loeb & Co. Inc. 1,750	The Dominion Securities Corp. 600
Harriman Ripley & Co., Inc. 1,750	Eastman Dillon, Union Securities & Co. 600
Lazard Freres & Co. 1,750	The First Boston Corp. 800
Arnold and S. Bleichroeder, Inc. 300	Goldman, Sachs & Co. 600
Baker, Weeks & Co. 200	Hallgarten & Co. 300
William Blair & Co. 300	Kidder, Peabody & Co. Inc. 600
Blyth & Co., Inc. 600	Swiss American Corp. 200
Burnham & Co. 300	White, Weld & Co. 600
Clark, Dodge & Co. Inc. 300	Dean Witter & Co. 600
Dillon, Read & Co. Inc. 800	

—V. 197, p. 1213.

Cowles Magazines & Broadcasting, Inc.—Net Up 33%

The company has reported that earnings in 1962 rose to \$3,447,000, or \$1.16 per share, against \$2,355,000, or 87 cents a share, in 1961. This represents an increase of 33% in per share earnings. Computations are based on 2,950,501 common shares outstanding in 1962 and 2,670,619 shares in 1961.

The company's annual report shows that revenues of the Cowles firm rose in 1962 by \$14,771,000, going to \$118,510,000 as compared with \$103,739,000 in the previous year.

Figures for both years have been reconstituted to include the operations of Family Circle Magazine, which the company acquired in December, 1962.—V. 196, p. 2481.

Crown Aluminum Industries Corp.—Shows Profit for Year—

The company has reported net income of \$92,339 for fiscal year ended Jan. 31, 1963. These earnings were equal to 12 cents a share and compare with a net loss in the prior year of \$160,148, or the equivalent of 20 cents a share.

Sales of \$10,097,178 were up 9% over the prior year volume of \$9,255,724.—V. 197, p. 1115.

Dart Drug Corp.—Sales Up 14.8%—

Sales for the fiscal year ended March 31, 1963 reached a new all time record high of \$8,058,111, an increase of 14.8% over sales for the prior fiscal year of \$7,020,312. It was announced by Herbert H. Haft, President.—V. 196, p. 5

Denver Chemical Manufacturing Co.—Sales, Net Higher—

The company has reported that 1962 was its eighth consecutive year of sales gains and that 1962 profits increased substantially over 1961.

In the annual report to stockholders, Howard S. Tierney, Jr., President, said world-wide sales of Denver and its prescription drug division, Wampole Laboratories, increased from \$5,155,186 in 1961 to \$5,694,762 while profits after taxes amounted to \$256,143 as against \$141,108 in 1961. He noted that domestic ethical drug sales maintained their rate of growth by again increasing 20% over 1961.

Earnings of 60 cents per share on the 430,000 shares outstanding compare with 48 cents per share for the previous year on 293,300 shares outstanding. The company declared dividends of 20 cents per share in 1962. Denver has paid dividends every year since its founding 69 years ago.—V. 196, p. 1874.

Dorr-Oliver Inc.—Annual Report—

Year Ended Dec. 31—	1962	1961
Net sales billed and other revenue	\$57,952,052	\$52,835,706
Income from operations of the year before income taxes	2,343,525	2,181,247
Federal and foreign income taxes	1,273,080	1,171,221
Net income from operations of the year	1,070,445	1,010,026
Gain on sale of investment less applicable Federal income tax	833,487	248,860
Net income and gain on sale of investment	1,903,932	1,258,886
Earnings per com. share after pfd. dividends	\$1.61	\$1.02

—V. 196, p. 2377.

Dynamics Corp. of America—Acquisition—

The company has announced that it has completed the purchase of International Electronic Research Corp., electronic instrument and component manufacturer, of Burbank, Calif., for 100,000 shares of DCA preference stock and 331,700 shares of DCA common stock, valued together, at current market prices, at approximately \$7 million.

The IERC assets have been transferred to a new wholly-owned Dynamics Corp. in California, "which will give DCA a strong base in the important West Coast electronics market," DCA President and Chairman R. F. Kelley announced. Through its eleven other manufacturing subsidiaries and divisions in the U. S. and overseas, Dynamics is a large producer (1962 sales: \$75,014,106) of aerospace systems and equipment, communications equipment and devices, and industrial and consumer products.

IERC, with headquarters plant at Burbank and approximately 500 employees, had annual sales for the year ended Sept. 30, 1962 of \$7,674,644 and profits of \$583,145, or \$1.02 per share. It is the country's largest manufacturer of heat dissipating devices for electronic tubes and transistors and also produces a variety of other instruments and devices, including high precision parts for rocket engines, missiles and other aerospace systems, and precision electronic testing and measuring instruments.

The acquisition was completed through purchase by DCA of the assets of IERC, including its three manufacturing divisions and the majority interest in two subsidiaries, Riggs Nuclear Corp. (97%) and High Reliability Circuit Systems (80%).

DCA expects that the newly-formed subsidiary which will operate the IERC business "will make its full contribution to corporate sales and earnings," Mr. Kelley stated. Combined sales of DCA and IERC, on a pro forma pooling-of-interest basis would have totaled \$82,336,111 in the year ended Dec. 31, 1962 and net profits would have been \$4,071,676.

Dynamics alone reported net earnings for the year of \$3,572,778, on sales of \$75,014,106.—V. 197, p. 1419.

Eastern Freight Ways, Inc. (& Subs.)—Ann. Report

Revenues for the year ended Dec. 31, 1962, amounted to \$12,452,086, Louis Kletter, President, reported.

Volume for the year, Mr. Kletter stated, reflected significant improvement in the quality of traffic carried without any material change in total mileage operated, as well as the contributions of the company's wholly-owned Victor Lynn subsidiary, whose acquisitions received final ICC approval in the spring of 1962.

Net income, before taxes on income and extraordinary charges, was \$507,263. Net earnings, after taxes and extraordinary charges, totaled \$295,954 and was equivalent to 59 cents per share on the 500,000 shares of common stock outstanding at the year-end.

The extraordinary charges, Mr. Kletter reported, aggregated \$114,489, or approximately 25 cents per share, the major portion of which arose from an ICC ruling issued in the fourth quarter

requiring motor common carriers subject to its jurisdiction to accrue vacation salary expense in the period during which the employee becomes entitled to this benefit. This resulted in an approximate doubling of vacation pay expenses charged against 1962 earnings. In addition, earnings for the year reflected a provision for deferred income taxes in the amount of \$53,500, or roughly 11 cents per share, caused by the use of accelerated depreciation for tax purposes.

Although Vivtor Lynn has been operated by Eastern Freight Ways as an affiliate under temporary authority of the ICC granted in May, 1961, operations could not be consolidated into overall results until final approval in March, 1962. Therefore, results of operations for 1961 are not comparable. However, excluding Vivtor Lynn for that year, combined revenues were \$8,994,417; pre-tax earnings were \$170,701; and net income, after taxes and allowing for \$53,227 for provision for deferred income taxes, was \$127,134, or 25 cents per share on the currently outstanding common stock.

Mr. Kletter pointed out that the New York dock strike and the exceptionally severe weather in upper New York State—one of the company's important territories—would have an effect on results for the current year's first quarter.—V. 196, p. 1658.

Electronic Assistance Corp.—Proposed Acquisition

Robert Edwards, President of Electronic Assistance, and Bert A. Quinn, President of Ideal Brass Works, Inc., St. Paul, Minn., have announced that the Directors of both companies had agreed upon the acquisition of Ideal's assets by Electronic Assistance.

The announcement said that the purchase price of slightly less than \$3,000,000 would be partially in cash and partially in stock of Electronic Assistance.

The acquisition is subject to final details of a written agreement, now in preparation, and to approval by the stockholders of both companies.

Ideal, a manufacturer of a wide range of door and window hardware, had sales during its fiscal year, ended Feb. 28, 1963, of approximately \$5,000,000.

Mr. Edwards also stated that the audit of Electronic Assistance for the fiscal year, ended Jan. 31, 1963, is nearly completed and, although final figures are not yet available, the annual report is expected to show a net loss in excess of \$1,000,000, including substantial write-offs of research and development work and other non-recurring items.

Mr. Edwards added that the company is now operating profitably, and that first quarter figures, which should be available for release when the annual report is mailed, are expected to show a substantial profit on sales well in excess of \$1,000,000.—V. 196, p. 1241.

Electronic Specialty Co.—Acquisition

William H. Burgess, President, has announced the acquisition of H & S Metal Products Co. of Los Angeles for an undisclosed number of shares of Electronic Specialty common stock.

H & S is a pioneer and leading supplier of intricate, high-performance mechanical components for the aerospace industry. Included in the company's many cast products are guidance and control system components for the Minuteman, Talos, Pershing and Bullpup programs; modular cases and electronic equipment mounting chassis for Titan, Minuteman, Sergeant, and Pershing missiles; airframe, camera and radar components for the McDonnell Phantom II aircraft and a line of electronic components in exotic magnesium alloys with improved service life.—V. 197, p. 916.

Empire Savings, Building & Loan Association—Stock Offered—Pursuant to an April 5, 1963 offering circular, Boettcher & Co., Denver, offered publicly 115,000 shares of this firm's permanent stock at \$9.75 per share.

Net proceeds will go to selling stockholders.

BUSINESS—The company, organized under the Savings and Loan Act of the State of Colorado on April 3, 1931, is an operating company, as distinguished from a holding company. Empire's headquarters is located at 1654 California Street, Denver, Colo.

The principal business of the association is the acceptance of savings from, and making loans secured by real property to, its members. Empire has savings accounts in excess of \$80 million, and, based on total assets is the third largest savings and loan association operating in the State of Colorado.

CAPITALIZATION AS OF DECEMBER 31, 1962

	Authorized	Outstanding
Permanent stock (\$1 par)	2,000,000 shs.	625,000 shs.

Endevco Corp.—Sales Forecast

Sales are expected to increase between 15 and 20% this year over the record 1962 sales volume of \$4.8 million, H. Dudley Wright, President, told a meeting of Los Angeles security analysts.

The earnings of this specialized electronic components manufacturer dipped in 1962 to \$191,000, or 26 cents per share, as a result of heavy non-recurring expansion costs. "Earnings should return to normal profit margins in 1963," Mr. Wright said. He noted that the company has historically achieved profit margins on sales of between 8 and 9.7%.

An extensive expansion program was completed last year that substantially broadens Endevco's manufacturing and marketing capabilities in the U. S. and overseas, the company president noted.

Consolidation of manufacturing operations into new facilities in Pasadena, integration of Video Instruments Co., Inc., a producer of direct current power supplies and amplifiers acquired by Endevco last year, and stepped-up research and development programs are now contributing to the company's increased sales and earnings, Mr. Wright told the analysts.—V. 197, p. 1419.

Ennis Business Forms, Inc.—Record Sales, Net

The company has reported that sales for the year ended Feb. 28, 1963, were \$13,863,364 as against \$12,728,122 for 1962.

Net earnings amounted to \$856,628 or \$1.56 per share compared with \$774,217 or \$1.41 per share for 1962.

Results of last year's operations are gratifying, according to Garner Dunkerley, Jr., President, since both sales and earnings reached new record levels.—V. 196, p. 2673.

Financial Federation, Inc.—Capital Stock Offered—On April 11, Kidder, Peabody & Co. and McDonnell & Co., Inc., New York, announced the public offering of 100,000 shares of Financial Federation capital stock at \$62.50 per share. All of the shares offered were sold by certain stockholders, and none of the proceeds will accrue to the company. The issue was oversubscribed.

BUSINESS—Financial Federation, of 615 South Flower St., Los Angeles, renders management and consultant services to 11 California savings and loan associations, of which it owns more than 80% of their issued and outstanding guarantee stock. The company also operates an insurance agency business, assists in the purchase and sale of real estate loans and serves as trustee under deeds of trust.

CAPITALIZATION AS OF DEC. 31, 1962

—V. 197, p. 1109.

General American Investors Co.—Qtrly. Report

Arthur G. Altschul, Chairman and Malcolm B. Smith, President stated that as of March 31, 1963 net assets were \$60,708,018, equal, after deducting \$3,715,000 preferred stock, to \$29.17 per share on 1,953,989 shares. Giving effect to the payment of the 1962 year-end

dividends in February 1963, net assets applicable to the common stock equalled \$26.86 per share on Dec. 31, 1962.

The increase during the period in net assets per share, as adjusted, was 8.6%. Purchases during the period totalled \$1,374,623 and sales \$1,631,986.

Net profit from the sale of securities for the three months, substantially all from long-term capital gains, was \$704,852. Net income from dividends and interest, after expenses and state and municipal taxes, was \$199,038. Dividends for the period were \$42,131 on the preferred stock and \$195,398 (10 cents per share) on the common stock.—V. 196, p. 217.

General Real Estate Shares—Stock Offered—On April 11, 1963, a public offering of 132,000 shares of this firm's capital stock was made at \$10 per share by Baker, Simonds & Co., Inc., Detroit, and Alex. Brown & Sons, Baltimore.

Net proceeds will be used for investment.

BUSINESS—The company, headquartered at 2034 First National Bldg., Detroit, is a business trust organized under Michigan law in April, 1962, for the purpose of providing investors with the opportunity of owning, through transferable shares, an interest in diversified properties consisting principally of income producing real estate in the United States and Canada. The company is designed to qualify as a "real estate investment trust" under the Internal Revenue Code.

Mackall & Coe	5,000
Collin, Norton & Co.	3,000

General Reinsurance Corp.—Net Higher

The company had profitable operations in 1962. James A. Cathcart, Jr., Chairman stated. Per share net income was \$9.86, up from \$8.88 in 1961.

The company's loss and expense ratio of 96.5% makes 1962 the 15th consecutive year in which an underwriting trade profit has been realized.

Net premiums written rose 18% to \$86,669,000 due in part to abnormal demand for temporary reinsurance at the year-end. An increase of \$11,153,000 in unearned premium reserve accounted for a statutory underwriting loss of \$1,840,000.

The company's experience during the year was not affected by any major catastrophe. Net investment income increased by more than 12% to \$4,880,000. Reflecting the decline in common stock prices, capital and surplus funds at year-end stood at \$66,620,000 or \$3,300,000 less than a year earlier.

During the year, significant steps were taken toward the development of a worldwide reinsurance business. A subsidiary, Inter-Reinsurance Corp., began operations in Zurich. A 90% interest in Swedish Atlas Reinsurance Co. was acquired.

The company also participated in the organization of the Reinsurance Co. of Australasia, Ltd., in Sydney, taking a 40% stock interest and will lend technical assistance in its organization and development.

These overseas ventures, the company stated, are not likely to augment earnings for some years to come.—V. 196, p. 2581.

General Time Corp.—Net Up Sharply

The company has reported that first quarter operations resulted in net income of \$138,000, equal to 7 cents per share, against \$11,000 in the corresponding period last year.

Sales for the first 12 weeks ended March 23, 1963, increased to \$15,510,000, a gain of 4% compared with \$14,865,000 for the first 12 weeks ended March 24, 1962.

D. J. Hawthorne, Chairman, said that since the first of this year the company's defense backlog has increased to approximately \$11,000,000, up from \$8,000,000 at the year-end.—V. 197, p. 715.

General Tire & Rubber Co.—Record Sales, Net

The company has reported that consolidated net sales for the first three months of fiscal 1963 set a new all-time first quarter record.

The consolidated net sales for the quarter ended Feb. 28, 1963 were \$214,377,602 up from \$196,872,350 for the same 1962 fiscal period. T. F. O'Neill, Chairman, and M. G. O'Neill, President, reported.

The sales increase, it was pointed out, was 8.9%.

Estimated net earnings for the first 1963 quarter were reported at \$5,569,000, or a per-share earnings, after deducting dividends paid on preference stock, of 32 cents on 16,614,513 shares of common stock outstanding. This compares with \$4,653,000 for last year when the per share earnings were 27 cents.

The increase in estimated earnings was 19.7% over a year ago. RKO General, Inc., wholly-owned entertainment subsidiary, had first-quarter earnings of \$2,147,488 against \$1,226,074 for the same period a year ago.

"The net income of Aerojet-General, our rocket propulsion and space age subsidiary, showed an increase of \$263,000, or approximately 10% over the same 1962 period. The earnings of our tire division continued to be adversely affected by competitive conditions prevailing in the industry," the report said.—V. 197, p. 1315.

General Waterworks Corp.—Acquisition—Certain Subsidiaries Sold

Acquisition of two utility properties and sale of six subsidiary companies was announced by Howard Butcher, III, President.

The acquired properties are the Lawrence Park Heat, Light & Power Co. of Bronxville, N. Y., and the West Lafayette water Co. of West Lafayette, Ind.

Mr. Butcher estimated that non-recurring profits from the sales of the six subsidiaries and certain securities will amount to about \$3,500,000 after reserves for losses, or around \$2.50 per common share for the first six months of 1963. He noted that such record profits will be in addition to recurring earnings from operations for this period. He added that the General's construction expenditures for 1963 will exceed \$12,000,000.—V. 196, p. 2674.

Glickman Corp.—Annual Report

Rental income for this, national real estate investment company, increased in 1962 and further gains are anticipated this year, it was announced in the annual report.

Rental income from properties in the company's investment portfolio for the year was \$17,640,079 against \$11,709,705 reported for 1961. The two years are not strictly comparable since results have been stated on different bases, but new properties acquired during the year and the new John Adam apartment building where occupancy started last August contributed to increased income, the report stated.

Sales and syndications of properties declined during the year because of general conditions in real estate markets and earnings from this source dropped to \$684,964 from \$2,482,260 in 1961. This decrease as well as the deduction of \$5,345,978 for depreciation and leasehold amortization contributed to a net loss of \$1,283,955 for the year, after cancellation of \$793,567 in deferred income taxes. Net income was reported at \$871,982 for 1961 when the deduction for depreciation was \$4,408,407 or \$937,531 less than that for 1962.

Cash flow income for the year, after mortgage amortization payments, was \$2,267,686. Before mortgage amortization payments, it was \$3,454,240, equal to 59 cents a share on the 5,889,389 shares of class A stock outstanding at Dec. 31, 1962, compared with \$6,217,361 or \$1.09 a share in 1961, the difference again reflecting to a large extent the decline in sales and syndications as well as a decrease in income from certain properties and higher administrative costs.

The 1962 figure also takes into account reductions by year-end adjustments of \$203,820 for items not treated as cash deductions in 1961. Mortgage amortization payments were 19 cents a share in 1962, against 17 cents in 1961.

The company's present management—headed by Louis A. Siegel, President and Chief Executive Officer since the resignation of Louis J. Glickman on Dec. 3, 1962—has instituted tighter control on expenditures throughout the organization, including an estimated \$400,000 cut-back in annual administrative expenses. These economies should be reflected in future cash flow income.

A further increase in rental income also is projected in 1963, partly because of the expected impact of a more aggressive leasing program and partly because the properties brought into the portfolio in 1962 will be contributing for the full year. Also, the new apartment house being completed by the company at 75th Street and Lexington Ave., New York, will start occupancy early in May.

Shareowners' equity at Dec. 31, 1962 was \$24,008,004 against \$27,670,969 a year earlier. On a per share basis, the 1962 figure is equal to \$4.08 a share, compared with \$4.82 in 1961.—V. 196, p. 2674.

Gorham Corp.—Net Higher; Sales Down Slightly

The company has reported that profits increased in 1962 to \$937,227 from the \$913,594 earned in 1961. Earnings per share for 1962 were \$1.81 on 517,034 shares against \$1.73 per share on 627,037 shares in 1961. Sales in 1962 amounted to \$33,010,133 declined slightly from last year's record sales of \$33,636,278.

In addition to credits to retained earnings resulting from operations, the sale of the corporation's interest in Black, Starr & Gorham, Inc. on April 9, 1962, increased Gorham shareholders' equity by \$1,542,908. Cash from this sale amounted to approximately \$2,700,000.

Fourth quarter sales totaled \$9,266,067 down from \$9,754,242 for the same period in 1961. Quarterly earnings of \$543,264 in 1962 compared to \$289,015 in the preceding year. The marked increase in fourth quarter earnings reflects (1) strength in Gorham Silver, Paper and Bronze divisions (2) a reduction of operation losses in the Electronics divisions, and (3) partial recovery of the loss on one major electronics contract which amounted to nearly \$100,000.

In the President's message of the corporation's annual report, Mr. Wilbur H. Norton stated the principal objective for 1963 will be a continuation of the corporation's program of diversification which involves developing established growth products with the acquisition of new products or facilities.—V. 196, p. 537.

Great Atlantic & Pacific Tea Co.—Management Changes

On April 11, 1963, Ralph W. Berger resigned as Chairman of the Board. He was replaced immediately by the A & P President, John D. Ehrigott, who will serve as Chairman and Chief Executive Officer.

Directors of the nation's foremost retail firm also created the new executive position of Vice-Chairman and elected Frank H. Bucher, an Executive Vice-President, to that office. Another Executive Vice-President, Melvin W. Alldredge, was elected President to succeed Mr. Ehrigott.

The board action caps a series of top management changes that started at A & P last January when Mr. Burger relinquished the Presidency but retained his position as Chairman and Chief Executive Officer. It was at that time that Mr. Ehrigott, then Vice-President and Treasurer, was elected President.

Three new posts of executive vice-president also were created at the January meeting. Subsequently, at the regular meeting in March, the board membership was increased to 25 with the selection of five additional directors, none of them connected with the active management of A & P.

Mr. Eurger has agreed to remain as a member of the board, but plans to devote most of his attention to his philanthropic interests with The John A. Hartford Foundation, of which he is Chairman.—V. 197, p. 523.

Great Southwest Corp.—Bonds Sold Privately—On April 9, 1963 it was reported that \$2,500,000 of this firm's general mortgage bonds due March 1, 1977 had been sold privately through Glore, Forgan & Co., New York.—V. 193, p. 2666.

Heartland Development Corp. — SEC Registration Withdrawn—

On April 4, 1963, the company withdrew its registration statement originally filed with the SEC on March 28, 1962, which covered 23,000 shares of 5% convertible preference stock, to have been offered for subscription by stockholders, at \$12 per share, on the basis of one new preferred share for each 10 common shares held. No underwriting was involved.—V. 195, p. 1656.

Henderson's Portion Pak, Inc.—Annual Report—

Year Ended Jan. 31—	1963	1962
Sales	\$14,803,392	\$10,428,333
Before tax earnings	1,803,205	1,384,597
Provision for income taxes	924,482	705,346
Net income	878,723	679,251
Shares outstanding at year-end	1,035,750	1,035,750
Earnings per share	\$0.85	\$0.66

—V. 196, p. 2582.

Hotel Corp. of America—Shows Profit For Year—

The company has reported improved operating results for 1962, compared with 1961.

Income before U. S. Federal and foreign income taxes amounted to \$172,791 in 1962, compared with a loss of \$1,737,457 before Federal income tax carry-back credit in 1961.

Net income in 1962 was \$120,722 against a net loss of \$1,338,457 in 1961.

In addition, during 1962 the company realized non-recurring capital gains of \$480,000 after taxes. This resulted from the sale of the Childs Restaurant and Louis Sherry divisions and the Palm Beach Lillmore Hotel in Palm Beach, Fla.

Consolidated gross revenues were \$85,785,710 in 1962, down from \$88,223,588 in 1961. The decrease in revenues was caused by the loss of revenue from properties sold during 1962.

The improvement in Hotel Corporation's net income is due largely to the stabilizing of operations of several hotels and motor hotels opened in 1960 and 1961 and the increased profitability of the company's Food Products Division.—V. 196, p. 2179.

Icoa Life Insurance Co.—Rights Offered to Stockholders—Pursuant to a Feb. 4, 1963 prospectus, the company offered its stockholders the right to subscribe for an additional 1,130,000 common shares at \$2.75 per share, on the basis of one new share for each share held of record same date. Of the total, 230,000 shares were subscribed for under the rights offering, which expired Feb. 25.

The remaining 900,000 shares were offered to the public at the same price. No underwriting was involved.

Net proceeds, estimated at \$2,641,375, will be added to capital and surplus, and used to expand the company's operations.

BUSINESS—The company of 250 Liberty St., S. E. Salem, Ore., originally known as Insurance Company of America, was incorporated as a Legal Reserve Stock Life Insurance Company on June 9, 1959, under the laws of the State of Oregon, and was licensed to do a Life and Disability business in the State of Oregon on Sept. 16, 1959.

Because of the similarity of the original name of the company to the names of existing companies doing business in other states in which the company desired to transact business, the name of the company was changed to ICOA Life Insurance Company, effective March 27, 1962.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

	Authorized	Outstanding
ICOA Life Insurance Company capital stock (25 cent par)	5,000,000 shs.	2,260,000 shs.
Security National Life Insurance Company capital stock (\$1 par)	110,000 shs.	53,341½ shs.

—V. 193, p. 1871.

Independent Telephone Corp.—Annual Report—

Year Ended Dec. 31—	1962	1961
Revenues	\$7,569,339	\$4,965,429
Net operating income	1,346,705	871,430
Consolidated net income	401,947	241,831
Net to common stock	351,588	191,818
Average shares outstanding	1,225,567	794,731
Net income per share	\$0.29	\$0.24

—V. 197, p. 1420.

Inland Homes Corp.—Net Lower—

The company has reported that total income was \$5,439,828 in the fiscal year ended Jan. 31, 1963, against \$5,813,051 the previous year.

Net earnings for the year totaled \$284,322, or 90 cents per share, compared with \$346,774, or \$1.10 per share, a year earlier. Per share figures for both years are based on 315,480 shares outstanding Jan. 31, 1963.

"Important factors in the decline were start-up expenses in connection with our new plant in Cedartown, Ga., a low-level of activity in the single-family home market, and larger-than-usual expenditures aimed at expanding our distribution and increasing our efficiency," E. E. Kurtz, President, said.—V. 196, p. 855.

Inter-American Development Bank—Makes Loan to Central American Bank—

The Bank has announced a loan of \$6,000,000 from its Fund for Special Operations to the Central American Bank for Economic Integration to help finance an industrial and infrastructure development program in Central America. The 4% 20-year loan will be repaid in 32 equal semi-annual installments.

The Central American Bank, created to provide financing for industrial, agricultural and other projects on a regional basis, was established by the Central American countries in 1960 under the General Treaty for Economic Integration subscribed to by El Salvador, Guatemala, Honduras and Nicaragua. Subsequently, in 1962, Costa Rica ratified the treaty and joined the Central American Bank.

The total cost of the industrial and infrastructure program is \$10,000,000. At least 75% of the funds will be used to finance so-called regional industries. They are characterized by the production capacity exceeding national market requirements, by the use of raw materials from more than one country in the area, or by being complementary to other industries in the region. The remaining 25% will finance investments in infrastructure works which also will have a regional impact.

The resources of the Inter-American Bank loan will be used to finance projects amounting to between \$100,000 and \$1,000,000. Credits of up to \$300,000 may be approved directly by the Central American Bank and those exceeding that amount will be submitted to the Bank for consideration.

Up to Nov. 30, 1962, the Central American Bank had granted 16 loans for the equivalent of \$4.2 million for the establishment or expansion of various regional industries and for agricultural and infrastructure projects.

At present that institution has under study many regional projects, among them the expansion of a detergents plant and the installation of facilities for the production of rayon, steel pipe, paper and cardboard, textiles and wood products. It also has under study loan applications for infrastructure projects, particularly in the road construction field.

The present program, which will make possible the execution of many of these projects, will contribute to the diversification of economic activity in the region within the framework of integration.

The five Central American countries had a total population of about 11 million persons and a gross domestic product of about \$2.3 billion in 1960, 40% of which originated in the agricultural

sector, mainly from coffee and banana cultivation and, to a lesser extent, cotton and cacao.

The drop in the world prices of these export products, reflected in a fall of 35% in the region's export price index between 1955 and 1961, has proved an additional incentive in speeding up economic integration and diversifying production.—V. 197, p. 46.

International Business Machines Corp. — Net Up 12.1% for Quarter—

For the three months ended March 31, 1963, net earnings were \$63,087,363 after estimated Federal income taxes, Thomas J. Watson, Jr., Chairman reported. This is an increase of 12.1% over the \$56,264,982 reported for the same period last year. Earnings per share were \$2.28 on the 27,706,205 shares outstanding at the end of the period. This compares with \$2.04 a share on the 27,578,943 shares outstanding March 31, 1962.

Net earnings for the three months ended March 31, 1963, before Federal income taxes, amounted to \$127,787,363 against \$114,114,982 in the corresponding 1962 period.

Gross income for the three months ended March 31, 1963, from sales, service and rentals in the United States amounted to \$436,657,085 up from \$453,226,278 in the corresponding 1962 period, an increase of 7.4%. Gross income from IBM regular products showed an increase of 10.3%. Military products gross income showed a 14.9% decrease compared with the first three months of 1962. This decrease reflects a reduction in supply or production type contracts and a greater emphasis toward research and development contracts. This trend is expected to continue throughout the year.—V. 197, p. 239.

International Electronic Research Corp. — Assets Sold—

See Dynamics Corp. of America, this issue.—V. 197, p. 1420.

International Stretch Products, Inc.—Sales, Net At New Highs—

Record high sales and earnings for the six months ended Feb. 28, 1963 were reported by Martin Cohen, President. Sales for the period amounted to \$3,818,030, or 10.8% above the previous record high sales of \$3,444,130 for the like six months a year earlier. Net income, after a \$148,168 provision for income taxes, was \$292,512. This is equal to 33 cents a share on 891,300 shares of common stock outstanding on Feb. 28, 1963, which include 291,300 shares publicly marketed in March, 1962. The shares are listed on the American Stock Exchange.

Comparable net income for the six months ended Feb. 28, 1962 was \$200,240 after a \$160,753 provision for income taxes. The figures for the first half of the current fiscal year include operations of an elastic weaving company, acquired in April, 1962, as well as those of a lace fabric operation, acquired in November, 1962.

Mr. Cohen stated that sales and earnings are continuing their upward trend in the current quarter and further gains are being budgeted for the balance of the fiscal year which ends Aug. 31, 1963. The management expects continued growth of the company, through internal development as well as through acquisitions which are being carefully explored.—V. 196, p. 2483.

Ionics, Inc.—Report on Arizona Water Conversion—

Six months' successful operation of the 650,000 gallon per day saline water conversion plant which produces fresh water from brackish well water for the Town of Buckeye, Arizona, was reported at the 144th National Meeting of the American Chemical Society by Thomas A. Kirkham, Vice-President-Engineering of Ionics, Inc., Cambridge, Mass., builders of the plant.

The Buckeye plant, which employs the electrodesalting process of water desalting and is the first saline water converter of any type to demineralize the entire water supply of a U. S. municipality, is the lowest-cost saline water conversion plant currently in operation. Total actual costs, according to Kirkham, including all operating and maintenance items, labor and bond amortization, are about 52 cents per 1,000 gallons for the actual load currently demanded of the plant and, under full-load operation, would be reduced to less than 32 cents per 1,000 gallons.

There are hundreds of millions of gallons of waste water discharged from the sewage systems and irrigation drains of Southern California each day which have total salt contents in the same range as the 2,200 parts per million found in Buckeye's brackish wells. Mr. Kirkham commented. Organic pollution can be removed from these waters by conventional methods and Mr. Kirkham predicted that electrodesalting would be used on a very large scale to reduce their mineral content to the point where they could be used safely for recharge of the ground water level or even for direct beneficial use. He stated that the total costs of using the process on Southern California waste waters at the 100-million-gallon-per-day level would be reduced from the current, full-load Buckeye figure of \$107 per acre foot to \$30-65 per acre foot. At this cost level fresh water reclaimed from the hundreds of thousands of acre feet of once-used water currently wasted to the Pacific Ocean and Salton Sea constitutes an attractive and economical source of local fresh water. The cost information presented on the Buckeye plant is the first detailed actual operating information made available on a major municipal saline water project.

The Buckeye plant has been meeting major design criteria, specifications, and goals both with regard to performance and total costs. Seven months elapsed between the awarding of the contract in February of 1962 and first delivery of fresh water to the Town in September. Since that time, the plant has met all of the Town's water needs. Mr. Kirkham noted that the operating labor requirement for the plant is supplied by a single man and that there are substantial periods of completely unattended operation.

In the electrodesalting process, salts and minerals are removed by electric current through plastic membranes.—V. 195, p. 2035.

Jefferson Lake Petrochemicals of Canada Ltd.—Partial Redemption—

The corporation has called for redemption on May 1, 1963, through operation of the sinking fund, \$60,000 of its 6½% secured debentures due May 1, 1981 at 100%. Payment will be made at any branch in Canada (far north excepted) of the Royal Bank of Canada.—V. 193, p. 1690.

Jonathan Logan, Inc.—Private Financing Arranged—

On April 8, the company reported that it had arranged for the borrowing of \$10,000,000 from The Prudential Insurance Co. of America under its 5½% promissory note due April 1, 1978. The company, in arranging for the loan, was assisted by Goldman, Sachs & Co., New York.

Of the proceeds, approximately \$3,200,000 will be used to prepay mortgages and notes outstanding in that principal amount and the balance will be applied against short-term borrowings.

For the year ended Dec. 31, 1962, Jonathan Logan, Inc., one of the nation's largest dress manufacturers, reported total net sales of \$81,092,238 and net income after taxes of \$3,152,488.—V. 194, p. 1056.

Kane-Miller Corp.—Sales Up 54%; Net 47%—

This Yonkers, N. Y., distributor of institutional food products, experienced gains in both sales and earnings in 1962, Daniel Kane, President, announced.

Sales for the year ended Dec. 31, 1962, amounted to \$7,451,166, an increase of 54% over \$4,336,759 reported for the prior year. Net income after taxes rose 47% to \$135,578, equal to 45 cents per share based on 300,000 shares outstanding. This compares with \$92,173 or 31 cents per share reported for 1961.

Mr. Kane pointed out that his company's achievements for the year included contributions from K & S Wholesale Produce Co. and Sachs Wholesale Produce Co., both of Liberty, N. Y., and acquired during 1962. He emphasized, however, that these figures

excluded returns from the company's two recent acquisitions in Danbury, Conn., and from his company's newly instituted Export Division. "These developments and possible future acquisitions now in negotiation could add substantially to our volume and earnings in the current year," Mr. Kane added.—V. 197, p. 610.

Kellogg-American, Inc.—New Name—

See Chester Litho, Inc., this issue.

Kleer-Vu Industries, Inc.—Record Sales; Net Down

The company has reported that sales in all divisions were up for the year. Total sales amounted to \$3,620,406 against \$2,728,532 in 1961. Consolidated net earnings after taxes were \$81,461 or 25 cents per share for the year, down from \$97,434 or 30 cents per share for the previous year.

The investment in the company's newly formed molding division caused this division to show a considerable loss for the year thus affecting overall earnings. Benjamin Osher, President and Chairman, told shareholders. He reported that the new Ultra Sonic Seal Division, as well as the divisions manufacturing plastic page protectors and transparent wallet accessories all operated at a profit for the year.—V. 196, p. 1876.

Kroger Co.—Net Up 18%; Sales 6%—

This Cincinnati, Ohio, company has reported increased sales and profits for the first quarter of 1963.

Net income after taxes for the 12 weeks ended March 23, 1963, was \$4,159,599, an 18% increase over the like weeks in 1962. Provision for Federal income taxes totaled \$4,950,708.

Net earnings for the quarter were equal to 3 cents per common share against 28 cents per share earned in the corresponding weeks of 1962.

Sales for the 1963 first quarter totaled \$462,565,878. This represents an increase of \$25,449,927 or 6% over sales during the 1962 first quarter.

"Aggressive merchandising and cost reduction programs have produced improved sales and earnings," Kroger Chairman Joseph B. Hall and President Jacob E. Davis said, adding that they expect the favorable trend to continue.—V. 197, p. 239.

Kulka Smith Electronics Corp.—Sales, Net Higher—

In its first annual report to stockholders since it joined with Herman H. Smith, Inc., through an exchange of stock, the company showed sales in 1962 of \$6,988,000 and earnings of \$577,079 after taxes.

This is 41 cents a share against 28 cents a share for 1961, which did not include Smith earnings. In that year on a pro forma basis, including Smith, but, eliminating inter-company sales, net earnings were \$405,009.

Kulka Smith, which conducts its operations through three subsidiaries, Kulka Electric Corp., Mount Vernon, New York; Herman H. Smith, Inc., Brooklyn, New York; and Nelson Screw Machine Products, Inc., Plantsville, Connecticut, reports that all three went well ahead of 1961 sales and earnings.

Ira L. Landis, President since 1962 of Kulka Smith stated "since the joining together of the three companies the forecast of management of the business to be achieved has been fulfilled. Next year the even closer cooperation among the subsidiaries with continued aggressive management should bring about a continuing rise in sales and earnings."—V. 196, p. 1051.

Lane Bryant, Inc. (& Subs.) — Record Sales, Net Lower—

The company has reported that net income was \$2,527,573 for the year ended Jan. 31, 1963, against \$2,786,079 for the preceding year. Sales for the period were \$103,682,327 a record high as against \$87,327,162.

Earnings for the current period were \$1.97 per share on 1,281,075 shares outstanding. This compares with \$2.17 last year on the same number of shares. The companies' inventories (with the exception of Town and County) are determined under the LIFO method.

This year's earnings have been adversely affected by heavy "start-up" expenses incurred with the opening of 11 new Town and County discount stores. The company also reported additional expenses in moving its mail order plant to new quarters.—V. 196, p. 2583.

Laurentide Financial Corp. Ltd.—Partial Redemption—

The corporation (formerly Imperial Investment Corp. Ltd.) has called for redemption on May 1, 1963, through operation of the sinking fund, \$49,000 of its 6½% series 2 debentures due Aug. 15, 1966 at 101½%. Payment will be made at any branch in Canada of the Canadian Imperial Bank of Commerce.

Buys French Company—

President Peter Paul Saunders has announced that Laurentide Financial has expanded its operations to Europe with the acquisition of more than 67% of the shares of Sofrance (Société Française de Financement de Ventes à Credit), a French finance company with headquarters in Paris and four other offices throughout France.

Laurentide is now in operation in four countries and is the first in the Canadian finance industry to establish operations in continental Europe. The new acquisition will boost the company's assets to more than \$246 million.

Mr. Saunders, an enthusiastic advocate of the opportunities for Canadian business in the European Common Market, said the move was made to meet the needs of a rapidly expanding consumer credit market in France.—V. 197, p. 1316.

Lawter Chemicals, Inc.—Stock Split Approved—

Directors of the company have authorized a 5 for 4 split of the capital stock, payable May 10, 1963 to shareholders of record at the close of business April 23, 1963. Lawter presently has 390,044 shares outstanding.

Directors also authorized an increase of the quarterly cash dividend to seven cents per share on the new shares, which represents an increase of 45% over the previous rate. Before the split the company paid quarterly cash dividends of six cents per share. The first quarterly cash dividend of seven cents per share on the new shares is payable June 1, 1963 to shareholders of record at the close of business May 15, 1963.—V. 197, p. 1118.

Lehman Corp.—Quarterly Report—

A total net asset value of \$316,571,465, equal to \$26.69 per share, was reported by Robert Lehman, President, and Monroe C. Gutman, Chairman of the Executive Committee, in the interim report for the three months ended March 31, 1963. This compared with a net asset value of \$294,923,379, or \$25.48 per share, at the end of 1962.

Common stock investments at March 31, 1963 accounted for 92.4% of total assets, the same percentage which was invested in these stocks three months earlier. Investments in the public utility industry continued to be the largest single category of common stock investment, amounting to 18.7% of total net assets. Other large common stock investments were oil and gas 17.3%, office equipment 8.4% and drug 7.3%.

The capital gain dividend of \$1.08 was distributed to stockholders during the quarter. Of the \$12,499,925 total dividend, 59.9% or \$7,485,170, was paid by the issuance of 285,258 shares of the corporation's stock.—V. 197, p. 239.

Levitt and Sons, Inc.—Plans New L. I. Development

President William J. Levitt has announced that he is now developing preliminary plans for a self-contained community of approximately 1,300 deluxe, single-family homes on a 650-acre site in the village of Stony Brook in Suffolk County, Long Island.

It will be named Strathmore at Stony Brook, Mr. Levitt said.

The announcement signals a double return to Long Island by the Levitt firm, which was started and earned its early fame in Nassau county. Last month the company announced plans to

re-establish its executive offices there "as near the New York City line as possible." The choice of a new headquarters site "has now narrowed down to three locations handy to LaGuardia and Idlewild airports," Mr. Levitt said.

An "impressive" new building will be constructed at the selected site, Mr. Levitt said. The move of headquarters, located here in Levittown, N. J., is scheduled for September, 1964.

At Stony Brook, Mr. Levitt said, the first houses in the new Levitt community will be ready for occupancy "just about a year from now." Exhibit houses will be opened this fall, he added.

The Levitt president said his firm's Stony Brook houses are being designed and will be priced for middle-income families. They will be on large lots, he said, and "definitely in keeping with the quality nature of Stony Brook."—V. 195, p. 2822.

Liberty Mutual Insurance Co.—Annual Report—

Record totals in premiums and assets for 1962 were reported by Frank L. Farwell, President.

Premiums earned rose to \$426,046,909 against \$404,682,198 for 1961, while assets hit a new high of \$844,023,523. Assets were \$789,081,665 in 1961. After providing for losses, expenses, taxes and dividends for policyholders, unassigned surplus was increased by \$17,902,727 during the year. Total surplus and special reserves for the protection of policyholders reached an all-time high of \$173,762,050 by the end of 1962.

Mr. Farwell reported that dividends paid Liberty policyholders totaled \$47,750,548 and claims paid by the company during 1962 came to \$224,431,316, while the total of accidents reported was over 1,300,000. (All figures reported are for combined totals of Liberty Mutual Insurance Co. and Liberty Mutual Fire Insurance Co., separate corporate entities which operate together as multiple line insurers.)

"With substantial gains in insurance premium volume, Liberty Mutual maintained its rank as the nation's largest writer of workmen's compensation insurance and as a leader in automobile insurance," Mr. Farwell said.

Workmen's compensation premiums earned came to \$158,236,341; automobile premiums earned totaled \$136,046,717. In connection with automobile insurance, Mr. Farwell noted that Liberty Mutual now offers merit rating plans, which permit policyholders to earn cash savings for safe driving, in over 40 states.

During 1962, the 50th anniversary year of Liberty Mutual, eight new offices were opened, bringing to 163 the number of Liberty offices in United States and Canada.—V. 185, p. 2333.

Life & Casualty Insurance Co. of Tennessee—Common Offered—On April 9, 1963, Goldman, Sachs & Co., New York, and Equitable Securities Corp., Nashville, as joint managers of an underwriting group, offered publicly 600,000 shares of this firm's common stock at \$32.25 per share.

The shares were sold by John D. Murchison, a Director of the company, and Clint W. Murchison, Jr., who together will retain approximately 13% of the company's outstanding stock. None of the proceeds from the financing will accrue to the company.

BUSINESS—The company, headquartered in the Life & Casualty Tower, Nashville, writes life and accident and health insurance on an ordinary, weekly premium (industrial) and group basis in 19 states and the District of Columbia.

At Dec. 31, 1962, the company had total insurance in force of \$2,199,097,000 and admitted assets of \$350,903,000.

Lytton Financial Corp.—Earnings Forecast—

Bart Lytton, President and Chairman of Lytton Financial told stockholders at the annual meeting on April 8, that: "We topped our own forecast rate at the annual meeting last year, a prediction that was then called ebullient and cocky in some reports. Since 1959 we have a proud record of amply fulfilling our own soundly assessed and carefully projected predictions of asset growth and earnings gains, just as we have consistently recorded the No. 1 track record for total performance."

Lytton Financial in 1963 should achieve, after all applicable taxes and before appropriations to reserves, an increase of 40%

over the \$2.71 per share earned with full tax shelter in 1962, a year in which the corporation set new national records in savings, mortgage loans and asset growth. The \$3.75 per share for 1963 will be another new high for Lytton.

The corporation will continue its phenomenal growth with assets increasing from the year-end total of one-third billion dollars to the neighborhood of \$500 million.

Management will recommend to directors the establishment of a policy of semi-annual cash distributions of 75 cents as non-taxable return of capital in addition to an annual stock dividend tied to earnings. On Dec. 27, 1962, Lytton Financial paid a 75-cents per share distribution as a non-taxable event and a 7½% stock dividend.

Preliminary, unaudited figures for the first quarter of 1963 indicate earnings of 64 cents a share, up 56% over the 41 cents per share of the 1962 first quarter, based on 1,445,194 shares outstanding and keeping Lytton Financial on the pace-setting trend which has resulted in the Wall Street characterization of Lytton Financial as "the fastest growing major American corporation of any kind with assets over \$250 million."

Lytton Financial has taken a 43,137 share position in First Financial Corp. of the West, another financial holding company at a price of \$544,996.75 or \$12.63 a share.

"This purchase represents about 6% ownership of First Financial," Lytton said. "We may continue purchase up to 10% of that company's outstanding stock, the limit we may own under the Holding Company Act. First Financial is a soundly managed, medium-sized company in one of the nation's best growth industries, the savings and loan field. It is operated by knowledgeable people with whom we are friends, and we expect our participation in this enterprise will be profitable both for First Financial and for Lytton Financial shareholders."—V. 197, p. 1015.

Macmillan Ring-Free Oil Co.—Sales Up 11.5%, net 12%—

Sales rose 11.5% in 1962 and gross profits increased by 12%. It was announced in the company's annual report.

Sales for the year reached \$15,674,902, up from \$14,054,379 in 1961. The 1962 volume was the highest since 1953 and represented the first year-to-year gain since 1958. Sales for the December quarter were more than 35% above the corresponding months of 1961.

Gross profit for 1962 was \$2,146,723, up from \$1,916,980 in the preceding year. Cash flow from operations also was higher, totaling \$323,618 against \$296,533 in 1961. Net earnings for 1962 were charged with \$72,000 to provide for possible future tax liability. Earnings before this charge were \$223,977 or 22 cents a share. In 1961 earnings were \$200,544 or 19 cents a share.

The report attributed the improvement in the company's operations to the present management's revitalization program which began to have its impact during the third quarter. New packaging and new products introduced in 1962 are meeting with good customer and trade acceptance, distribution for branded products has been strengthened and an aggressive advertising and promotion program, the company's first in five years, instituted. An International Division, formed late in 1961, made progress in world-wide markets and another new division developed and is now test-marketing industrial products and specialty oils.—V. 196, p. 2583.

Marsh & McLennan, Inc.—Reports Record Earnings

Stockholders of Marsh & McLennan were told that 1962 was "a year of further progress and record earnings" for the international insurance brokerage firm.

President Hermon Dunlap Smith, in his first annual statement to new stockholders since the firm's public issuance of stock, said that commissions, fees and other income in 1962 totaled \$51,969,272, compared with \$48,777,559 in 1961, an increase of 6.5%. Net income from operations, after taxes totaled \$5,021,254, compared with \$4,896,355 for the previous year. These earnings were equal to \$1.95 per share in 1962, compared with \$1.90 in 1961, both based on 2,575,022 shares outstanding.

Mr. Smith said "From an operating point of view, the most important accomplishments of 1962 were the further expansion of our own business, and the acquisition of several major brokerage firms."

In a reference to the firm's activities abroad, he told stockholders of an arrangement with J. Henrijean & Ses Pils, a leading insurance brokerage firm of Brussels, under which Marsh & McLennan will be able to provide a single coordinated brokerage service throughout the common market area.

"We believe we are now in a unique position to provide unequalled service to any American firm operating or contemplating operation in the common market countries," Mr. Smith said.

Secondary Offering—

On April 2, 1963, it was reported that a secondary offering of 100,000 shares of this firm's common stock was made at \$41.25 per share through First Boston Corp., New York.—V. 197, p. 1118.

Max Factor & Co.—Profits Up 16%—

Consolidated net profits increased 16% to a new record \$5,570,249 for the year ended Dec. 31, 1962 over the \$4,810,505 of the previous year, it was reported by Max Factor, Jr., President, in the annual report. Total consolidated sales and royalties, up 8% over the previous year, also reached a new high of \$68,213,992, against \$62,988,499 for 1961.

Net operating earnings per share were \$1.45 up from \$1.29 for the year before, an increase of 12%, based on the average number of shares outstanding in each year as adjusted for all stock dividends. In addition, unconsolidated net operating earnings (all attributable to earnings in Japan) were 56 cents, as compared with 48 cents for 1961, an increase of 17%.

Max Factor said that the company has recently completed a new 175,000 square foot mid-western distribution center in Des Plaines, Illinois, as well as a 30,000 square foot branch manufacturing plant in Guatemala, and that it expects to occupy a new branch manufacturing plant in Toronto, Canada, providing 65,000 square feet of space, by June of this year. Also nearing completion, he stated, is a new warehouse and shipping addition to the firm's branch in Tokyo.

He pointed out that several new products and special promotions are scheduled to be brought out during the current year, both in the United States and abroad.

Mr. Factor expressed confidence that the outlook appears favorable for the balance of the current year, judging by the results achieved thus far in 1963.—V. 197, p. 1015.

Maxam, Inc.—Sales Up 34%; Net Down—

This Boston based discount chain achieved record volume in the fiscal year ended Jan. 26, 1963, according to a preliminary statement of operating results issued by Paul D. Dichter, President. Total sales of \$34,045,345 were 34% ahead of \$25,337,187 recorded for fiscal 1961. Sales in Maxam owned departments in the latest fiscal year were \$23,690,560, up 49% from \$15,831,319 the year before. Sales in leased departments were \$10,354,785 against \$9,505,868 in the 12 months ended Jan. 27, 1962.

Mr. Dichter said the opening of 10 new stores during fiscal 1962, bringing total Maxam outlets to 18 contributed to the increased volume. At the same time, he noted that the store openings resulted in a sharp increase in general overhead costs which is not related to sales in fiscal 1962 because of a normal lag between the time these expenses were incurred and the period in which revenues began to absorb them. Mr. Dichter stated that the company had chosen to write off pre-opening expenses during the 12 months following each store opening.

Consequently, net profits after taxes for the year ended Jan. 26, 1963 amounted to \$334,461 or 67 cents per share, down from \$434,716, or 87 cents per share for fiscal 1961, both based on 502,000 shares now outstanding.

Mr. Dichter commented that the heavy store expansion program had put Maxam in an advantageous position to achieve improved operating results in fiscal 1963.—V. 196, p. 1770.

McCrary Corp.—Net Up 15%; Sales 3.1%—

Operating earnings last year increased 15% on a sales gain of 3.1% to establish a new volume peak, Meshulam Riklis, Chairman, announced.

The company earned \$5,373,000 on \$554,042,205 of net sales for the year ended Dec. 31, 1962, after deducting minority interests of

\$150,000. The earnings include \$1,561,000 of special gain arising from the sale of real estate.

Based on 5,279,082 shares of common stock outstanding at the year end (after \$1,380,000 of preferred and preference dividends) earnings per share of common stock amounted to 76 cents.

Comparison of 1962 results with 1961 results are reconstructed to include all major units for the full year of 1961 and are exclusive of special gains.

It shows sales of \$554,000,000 in 1962, against \$537,600,000 in 1961, an increase of 3.1%; and an increase in operating income of 15%, to \$3,820,000 in 1962 from \$3,340,000 the previous year.

Cash fund or cash earnings generated from operations during 1962 were \$13,984,000, or \$2.40 per common share, exclusive of capital gains and after preferred dividends. Included therein is depreciation and amortization of approximately \$10,000,000.—V. 195, p. 2597.

McCulloch Oil Corp. of California—Reports Record Earnings—

Earnings for the year ended Dec. 31, 1962, increased to a new high of \$501,839, up 105% from the \$244,904 earned in 1961, it was announced by Robert P. McCulloch, President.

Based on the approximately 2,425,000 common shares which would be outstanding following the currently proposed 1-for-5 reverse split of the company's common shares, 1962 earnings would amount to 21 cents a share. Similarly adjusted, 1961 net income would have been 10 cents a share on about 2,395,000 shares. Computed on the 12,126,226 common shares actually outstanding at the close of 1962, per-share earnings for the year were four cents, which compares with two cents the preceding year on 11,975,226 shares then outstanding.

Total income for the Los Angeles-based oil and gas producer also rose in 1962 from the previous year, reaching a record \$2,387,841, up from \$2,113,975 in 1961. The past year's increased sales, coupled with a decrease in operating costs, resulted in a 1962 cash flow of over \$1.5 million, 25% greater than the preceding year.

Mr. McCulloch attributed the sharp gain in 1962 earnings primarily to increased gas production. Net gas sales during the past year totaled 5.5 billion cubic feet, against 3.7 billion cubic feet in 1961. Net oil sales in 1962 amounted to 496,673 barrels, as against 489,575 barrels the preceding year.

Last year, McCulloch Oil spent about \$2 million on its oil and gas exploration program, up from \$1.7 million in 1961. The 1962 total should be about equal in 1963, the company president said. This year's program will test approximately 20 prospective producing properties, compared with 17 last year.

The 1962 exploration program resulted in three new gas field discoveries and extended the company's activities into new geographical areas including the important Appalachian area of West Virginia, Mr. McCulloch noted.—V. 197, p. 1220.

Midland-Ross Corp.—Net Up 48%—

With sales establishing a new high in 1962, the company experienced an increase of 48% in net income from operations as compared with the preceding year.

Wade N. Harris, President of the large diversified manufacturer of consumer and capital goods, aerospace components and automotive parts, announced in the annual report to shareholders that sales for 1962 amounted to \$166,322,807, a gain of 21% over the previous year's \$137,633,446.

Net income from operations, Mr. Harris said, amounted to \$5,889,774. After dividend payments on the preferred stock, this was equivalent to \$4.42 per share on the 1,162,029 common shares outstanding at the year-end.

Net income in 1961 was \$3,975,642. A special income tax credit increased that figure to \$5,465,642 which, on the basis of the 1,384,028 common shares outstanding at the end of 1961, was equal to \$3.40 a share. Based on the total shares outstanding at the close of 1962, the 1961 net income amounts to \$4.05 a share.

Mr. Harris said the company anticipates that sales in 1963 "will continue to reflect the forward steps we have taken in recent years, and that earnings will show further improvement over 1962."

The performance for 1962 benefited from the inclusion of two companies acquired early last year and from the substantial improvement in sales of the majority of other Midland-Ross divisions, Mr. Harris stated. This improvement resulted largely from increased market penetration of existing lines and from new and improved products.—V. 197, p. 1460.

Milgray Electronics, Inc.—Appointment—

The Chase Manhattan Bank has been appointed registrar for the common stock of the corporation.—V. 195, p. 910.

Mississippi River Transmission Corp.—Partial Redemption—

The corporation has called for redemption on May 15, 1963, through operation of the sinking fund, \$140,000 of its 5% 20-year debentures due 1981 at 100% plus accrued interest. Payment will be made at The First National City Bank of New York, 55 Wall St., N. Y., or at the St. Louis Union Trust Co., 510 Locust St., St. Louis.—V. 193, p. 2437.

Missouri Pacific RR.—Equipment Trust Certificates Offered—

Salomon Brothers & Hutzler, New York, and associates announce that they were awarded at competitive sale on April 9 an issue of \$3,750,000 Missouri Pacific Railroad 4% equipment trust certificates, series S, on a bid of 98.147% for the 4% coupon. A competing bid of 98.74 for a 4½% coupon came from Halsey, Stuart & Co.

The certificates, which are non-callable, were re-offered for public sale, April 10, at prices to yield from 3.35% for the Nov. 1, 1963 maturity to 4.35% for the maturities from May 1, 1975 to May 1, 1978.

The certificates are rated A by both Moody's and Standard & Poor's. They are to be secured by new equipment estimated to cost \$9,126,400 and are guaranteed as to principal and dividends by Missouri Pacific Railroad Co.

The certificates will mature in 30 semi-annual instalments of \$125,000 on each May 1 and Nov. 1 from Nov. 1, 1963 to May 1, 1978, inclusive.—V. 197, p. 1220

Modern Pioneers' Life Insurance Co.—Common Offered—On April 1, 1963, Associated General Agents of North America, Inc., 811 North Third St., Phoenix, offered publicly 31,661 shares of this firm's common stock at \$2 per share.

Net proceeds will be used to increase the company's capital and surplus.

BUSINESS—The company of 811 North Third St., Phoenix, on July 29, 1959, secured authorization from the Arizona State Department of Insurance to commence business, and it is now authorized to issue all forms of life insurance, including annuities and endowments, without limitation or restriction as to amounts.

American Stock Exchange

WEEKLY AND YEARLY RECORD

In the following extensive list we furnish a complete report of the transactions on the American Stock Exchange for the week beginning Monday, April 8, and ending Thursday, April 11 (Friday, April 12, being Good Friday, and a Holiday on the Exchange). It is compiled by the report of the American

Stock Exchange itself and is intended to include every security whether stock or bond in which any dealings have occurred during the current year. Range for Week Ending April 12.

National and Eastern List of Over-The-Counter Securities (Quotations for Thursday, April 11)

The following bid and asked quotations are obtained from the National Association of Securities Dealers, Inc., and other selected sources. They do not represent actual transactions. They are intended as a guide to the range within which these securities could have been sold (indicated by the "bid") or bought (indicated by the "asked") at the time of compilation. Origin of any

quotation furnished on request. The "National" list is composed of securities which have a wide national distribution. The "Eastern" list comprises securities which have a wide distribution primarily in the Eastern region.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, April 13, clearings for all cities of the United States for which it is possible to obtain weekly clearings will be 2.6% above those of the corresponding week last year. Our preliminary totals stand at \$31,153,295,613 against \$30,360,102,397 for the same week in 1962. At this center there is a gain for the week ending Friday of 7.5%. Our comparative summary for this week follows:

CLEARINGS—RETURNS BY TELEGRAPH

Week Ended April 13—	1963	1962	%
New York	\$18,498,398,836	\$17,200,391,869	+ 7.5
Chicago	a1,038,734,000	1,361,126,536	-23.7
Philadelphia	a899,000,000	1,139,000,000	-21.1
Boston	824,746,260	810,565,322	+ 1.7
Kansas City	514,508,724	518,128,060	- 0.7
St. Louis	409,100,000	417,500,000	- 2.0
San Francisco	935,502,000	915,814,278	+ 2.1
Pittsburgh	a342,969,618	430,912,750	-20.4
Cleveland	631,400,313	640,775,569	- 1.5
Baltimore	a327,574,522	405,596,099	-19.2
Ten cities, five days	\$24,421,934,273	\$23,839,810,483	+ 2.4
Other cities, five days	5,626,134,450	5,433,576,595	+ 3.5
Total all cities, five days	\$30,048,068,723	\$29,273,387,078	+ 2.6
All cities, one day	1,105,226,890	1,086,715,319	+ 1.7
Total all cities for week	\$31,153,295,613	\$30,360,102,397	+ 2.6

a Four days only, Good Friday a holiday.

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below, we are able to give final and complete results of the previous week—the week ended April 6. For that week there was an increase of 6.8%; the aggregate clearings for the whole country having amounted to \$33,512,185,418 against \$31,374,266,730 in the same week in 1962. Outside of this city there was a gain of 3.9%; the bank clearings at this center showing an increase of 9.1%. We group the cities according to the Federal Reserve Districts in which they are located and from this we note that in the New York Reserve District the totals are larger by 8.9% and in the Boston Reserve District by 4.5% but in the Philadelphia Reserve District the totals are smaller by 3.0%. In the Cleveland Reserve District the totals record an increase of 2.3%, in the Richmond Reserve District of 5.6%, and in the Atlanta Reserve District of 7.8%. The Chicago Reserve District has to its credit a gain of 1.7%, the St. Louis Reserve District of 5.7% and the Minneapolis Reserve District of 8.0%. In the Kansas City Reserve District the totals show an improvement of 3.1%, in the Dallas Reserve District of 5.0% and in the San Francisco Reserve District of 6.0%.

In the following we furnish a summary by Federal Reserve Districts:

SUMMARY OF BANK CLEARINGS

Week Ended April 6—	1963	1962	Inc. or Dec. %	1961	1960
1st Boston	1,104,187,517	1,056,136,154	+ 4.5	1,002,006,840	964,779,350
2nd New York	19,897,766,242	18,277,863,178	+ 8.9	13,912,030,379	14,275,648,333
3rd Philadelphia	1,275,193,934	1,314,079,664	- 3.0	1,322,916,213	1,111,846,745
4th Cleveland	1,665,037,813	1,627,007,871	+ 2.3	1,399,110,532	1,410,696,488
5th Richmond	931,685,058	882,682,026	+ 5.6	844,957,237	786,230,154
6th Atlanta	1,701,103,123	1,577,453,736	+ 7.8	1,428,392,448	1,401,875,476
7th Chicago	1,961,224,291	1,928,222,207	+ 1.7	1,940,233,553	1,665,878,356
8th St. Louis	863,042,763	816,185,360	+ 5.7	712,615,676	711,240,065
9th Minneapolis	801,875,908	742,248,936	+ 8.0	663,095,034	630,650,066
10th Kansas City	794,759,251	771,128,992	+ 3.1	704,746,857	664,367,712
11th Dallas	741,667,416	706,324,512	+ 5.0	615,302,155	584,798,537
12th San Francisco	1,774,642,102	1,674,934,094	+ 6.0	1,421,617,853	1,390,479,144
Total	33,512,185,418	31,374,267,730	+ 6.8	25,967,024,777	25,598,490,426
Outside New York City	14,271,440,684	13,740,636,239	+ 3.9	12,647,117,601	11,809,277,260

We now add our detailed statement showing the figures for each city for the week ended April 6 for four years:

Clearings at—	1963	1962	Inc. or Dec. %	1961	1960

Condition Statement of Member Banks

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended April 3: Decreases of \$276 million in loans adjusted, \$542 million in holdings of U. S. Government securities, \$501 million in demand deposits adjusted, and \$1,350 million in U. S. Government demand deposits; and an increase of \$1,241 million in demand deposits credited to domestic commercial banks.

Commercial and industrial loans increased in six districts for a net gain of \$40 million; during the comparable week a year ago these loans increased \$50 million. Loans to brokers and dealers for purchasing or carrying U. S. Government securities decreased \$220 million, and their loans for purchasing or carrying "other" securities increased \$15 million. Loans to sales and personal financing institutions decreased \$122 million and loans to "other" nonbank financial institutions decreased \$41 million, as compared with decreases of \$42 million and \$16 million, respectively, during the similar week in 1962.

All categories of U. S. Government securities held by weekly reporting member banks decreased; Holdings of

Treasury bills decreased by \$264 million; Treasury certificates decreased by \$3 million; and the combined total of Treasury notes and U. S. Government bonds decreased by \$275 million. "Other" securities increased \$77 million.

Demand deposits adjusted decreased \$391 million in the New York District, \$160 million in the Chicago District, \$99 million in the Kansas City District, and \$71 million in the Dallas District, but they increased \$200 million in the San Francisco District. Savings deposits increased \$82 million and "other" time deposits of individuals, partnerships, and corporations increased \$75 million.

Borrowings of weekly reporting member banks from Federal Reserve Banks decreased \$117 million and borrowings from others decreased \$207 million. Loans to domestic commercial banks decreased \$87 million.

General Corporation and Investment News

Continued from page 8

Montgomery Ward & Co.—Record Sales; Net Up 29%

The company has reported an increase in earnings from \$1.13 per common share to \$1.51 per share for the fiscal year ended Jan. 30, 1963.

Record sales of \$1,425,187,840, an increase of 7.5% over those of last year, were reported. Earnings of \$20,415,681, an increase of 23% over those of last year, also were reported.
John A. Barry, Chairman, and Robert E. Brooker, President, stated: "The strengthening of the management staff and the improvement of the organization of operations has made it possible to accelerate our expansion and facilities modernization program with greater assurance that current earnings will sustain the program."—V. 195, p. 1851.

Moore-McCormack Lines, Inc.—Partial Redemption

The corporation has called for redemption on May 1, 1963, through operation of the sinking fund, \$290,000 of its United States Government Insured Merchant Marine Bonds 5% SS Argentina series due Nov. 1, 1978 at par, plus accrued interest. Payment will be made at the Chase Manhattan Bank, 80 Pine St., New York 15, N. Y.—V. 197, p. 819.

Earnings after taxes-----	542,644	431,710
Earnings per share-----	\$1.04	\$0.83

—V. 190, p. 567.

Mountain Fuel Supply Co.—Net Higher—

The company experienced another successful year of growth in 1962, and established new highs for natural gas sales and net income, according to the annual report.

Net income was \$4,564,706, or \$2.09 a share, for 1962, against \$4,352,862, or \$1.99 a share, for 1961, the report said. Gas sales for 1962 amounted to 93.2 billion cubic feet, up from the 1961 figure of 89.1 billion cubic feet. Customers numbered 192,461 at the end of the year, an increase of 9,851 over last year.

"Population growth and the demand for natural gas are continuing unabated in the area the company serves," said W. T. Nightingale, Chairman and M. M. Fidler, President, in their letter to shareholders. "The area experienced a good year from an economic standpoint in 1962, and there is every indication that this favorable situation will prevail in 1963."

"The combination of continued population growth and favorable economic activity means the demand for and sale of natural gas should continue to increase."

"Meeting this demand has made it necessary for the company to step up its acquisition of gas supplies and to strengthen and enlarge its facilities. In 1962, the company contracted to purchase 30 million cubic feet of gas a day from Mesa Pipeline Co.," the company officials wrote.—V. 197, p. 819.

Napco Industries, Inc.—Net Up 21.5%; Sales 7.6%

The company has reported that net earnings for the year ended Dec. 31, 1962, amounted to \$1,669,733, a gain of more than 21.5% over the 1961 profit of \$1,373,541. This is the equivalent to \$1.46 per share on the 1,126,569 shares of common stock outstanding at year-end 1962. For the year 1961 per share earnings were \$1.26 on 1,051,014 shares of common stock then outstanding. Net sales for the year ended Dec. 31, 1962, amounted to \$11,029,820, an increase of 7.6% over the \$10,253,822 reported in 1961.

Max E. Rappaport, President, said that actual orders were up sharply and shipments were limited only by the capacity of the present facility. "Before midyear a further consolidation and move to our newly acquired plant in suburban Minneapolis will more than double our productive capacity," he said. The company has substantially strengthened its financial position during the past year. Net working capital is now at an all-time high of \$8,398,000 compared with \$4,507,000 for Dec. 31, 1961. Book value of the common stock increased during the year from \$5.78 per share to \$7.43, a gain of over 28%.

He added that he expected sales to continue their present upward trend in 1963 and that the backlog of business at the year-end had reached a new peak.—V. 195, p. 2279.

National Aviation Corp.—Rights Offering—The corporation has placed a \$21 per share subscription price on its offering of 253,478 shares of its capital stock to stockholders.

Holders will get transferable warrants to subscribe on the basis of one new share for each five shares held of record April 11, 1963. Rights will expire April 26. Manufacturers Hanover Trust Co., New York, is the subscription agent. No underwriting is involved.—V. 197, p. 1111.

National Security Life Insurance Co., Inc.—Rights Offering to Stockholders—The company is offering its stockholders the right to subscribe for 590,075 additional common shares at \$1.80 per share, on the basis of one new share for each share held of record Jan. 31, 1963. Rights will expire May 6, 1963. Unsubscribed shares will be offered to the public at the same price. No underwriting is involved.

Net proceeds will be used for investment, and expansion.

BUSINESS—The company of 6225 University Ave., Madison, Wis., writes participating and non-participating ordinary life insurance, accepting sub-standard risks with special premiums determined

by its reinsurer. It does not write group life, credit life, accident & health or industrial life insurance policies.

CAPITALIZATION GIVING EFFECT TO PRESENT FINANCING

Common stock (40 cent par)----- 1,500,000 shs. 1,180,150 shs.
—V. 196, p. 2279.

Nevada Power Co.—Net Higher—

Reld Gardner, President, told shareholders in the annual report that aided by a 22% increase in number of customers and by a 13.7% overall gain in revenues, the company in 1962 earned net income of \$2,338,059. This was equal to \$1.80 per common share, compared with net of \$2,256,731—\$1.77 per common share—reported for 1961.

The improvement in earnings was greater than anticipated, and it was attained despite a decrease of \$281,946—24 cents a common share—in the amount of interest charged to construction.

"In view of the improved earnings and the continued growth of revenues," Mr. Gardner said, "we foresee no immediate need to file for a rate increase. Our application for a modest rate increase of 5.8%, made in December 1961, was denied by the Nevada Public Service Commission on May 9, 1962. We applied on the assumption that mounting expenses would make a rate increase necessary; as it was, our unexpectedly large revenues kept earnings at a higher level than anticipated. A recent small reduction in the cost of natural gas used as boiler fuel and somewhat lower taxes will tend to offset otherwise higher costs."

The company has steadily maintained its upward trend into 1963. Colder than normal weather in January created the highest peak demand in Las Vegas history—350,000 kilowatts.—V. 197, p. 1416.

Norfolk & Western Ry.—To Sell Equipment Trust Certificates—

The company has announced plans to sell about \$4,300,000 of 1-15 year equipment trust certificates in June. Bids will be received June 24 (12 noon EDT) at the company's office, 8 North Jefferson St., Roanoke, Va.—V. 197, p. 1318.

Novo Industrial Corp.—Shows Profit for Year—

The company has reported that net sales rose to \$25,761,923 in 1962, an increase of 13% over the \$22,850,834 of 1961, and that pre-tax earnings amounted to \$755,700. In 1961, Novo had a loss of \$53,877 before tax credit.

After taxes, net income in 1962 amounted to \$340,800, equal to 53 cents per share, after provision for preferred dividends. The net loss in 1961 (\$42,877) equaled 16 cents a share, adjusted to reflect a 5% common stock dividend paid in 1962.

The company, listed on the American Stock Exchange, operates through six divisions and two wholly owned subsidiaries. Early in 1962, it acquired the QXR FM Network from the New York Times.

In the report, Walter E. Bronston, Chairman, and William A. Rodwin, President, told shareholders: "This was the year Novo returned to profitability after three years of deficit operations, and a year in which we continued to strengthen our internal structure to increase future profits. We look to 1963 with increasing enthusiasm and confidence at Novo, and expect that the favorable trend of the past year will continue."—V. 196, p. 2279.

Ormont Drug & Chemical Co., Inc.—Merger Effective—

Panray-Parlam Corp., Englewood, N. J., a leader in the development and marketing of anti-tuberculosis drugs as well as other drug specialties in the human and veterinary fields, has been merged into Ormont Drug & Chemical, Long Island City, N. Y., a leading firm in the proprietary end of the pharmaceutical industry. The merger of the two companies was accomplished through an exchange of stock, and Panray-Parlam will now operate as a wholly-owned division of Ormont Drug.

"With the acquisition of Panray, Ormont is now a fully integrated organization in the drug industry with its own complete manufacturing facilities and chains of distribution and products represented in the American and foreign markets in the human, veterinary, prescription and proprietary drug fields," it was noted by Leonard A. Friedman, President of Ormont. "We believe that the merger will afford excellent opportunities for expansion in all phases of the combined businesses," he further stated.

Two of Ormont's other subsidiaries are the Clarke-Whitney Co., Inc. and the Lee Colbert Co.—V. 196, p. 2380.

Otterbein College (Westerville, Ohio)—Debentures Offered—On April 11, 1963, The Ohio Co., Columbus, offered publicly \$1,250,000 of this firm's series A debentures dated March 1, 1963 and due March 1, 1965-92. The issue was priced at par and accrued interest to yield from 4.75% to 5.50%.

Net proceeds will be used by the college to purchase additional equipment, retire certain indebtedness, remodel existing facilities and increase working capital.

DESCRIPTION OF COLLEGE—Otterbein College is a liberal arts college located at Westerville, Ohio, a modern community with a 1960 population of 7,011 situated about 12 miles north of downtown Columbus.

Otterbein College opened its doors to the first class of eight students on Sept. 1, 1847. It was the first college in the United States to begin as a co-educational institution, and the first to employ women on its faculty. Its classes have been open from its inception to students of all races, nationalities, and creeds.

Much of this spirit of independent pioneering stems from the association of Otterbein College with the Evangelical United Brethren Church, the first American-born denomination. The college takes its name from Philip William Otterbein, a young missionary from Germany, who arrived in Pennsylvania in 1752 to minister to the German-speaking colonists in America, and remained to become the founding bishop of the United Brethren Church. Independence of thought, combined with simple sincerity and a zeal for personal Christian living has always marked the members of this church as well as those of the Evangelical Church with which it united in 1946.

Oxford Manufacturing Co., Inc.—Net Up 39%; Sales 67%—

Earnings for the fiscal 1963 third quarter, ended Feb. 28, increased 39% over the comparable year-earlier period to \$507,691, equal to 61 cents a share on the 828,249 common shares outstanding at the end of the quarter, it was announced by Sartain Lanier, Chairman.

In the corresponding fiscal 1962 third months, the Atlanta-based apparel manufacturer earned \$363,997, or 44 cents a share based on the shares outstanding for the recent period.

Oxford's net sales also increased sharply in the recent quarter, totaling \$14,377,080, up 67% from \$8,585,184 in the fiscal 1962 third quarter.

Increased sales and earnings for the just-ended three months helped post strong gains for the nine months ended Feb. 28, with net income totaling \$1,783,712, or \$2.15 a share, on net sales of \$43,036,332. Comparable fiscal 1962 first nine months earnings were \$1,178,451, equal to \$1.42 a share, with sales of \$28,031,343.

Based on volume for the year to date, the company expects sales for the full 1963 fiscal year, ending next May 31, to top the \$60 million mark. Mr. Lanier said. This would compare with 1962 sales of \$39,424,236.

The Oxford chief executive attributed this year's gains in sales and earnings to expanded plant operations and product lines,

coupled with increased operating efficiency. The company now operates 20 manufacturing plants in four Southeastern states producing lines of men's, women's, and children's wear marketed in over 10,000 retail outlets throughout the country.—V. 197, p. 408.

P-G Products Mfg. Co., Inc.—Acquisition—

The company has acquired for an undisclosed amount of stock and cash Rapro, Inc., manufacturer of electric range and even parts, it was reported by Aaron Weissman, Vice-President and Director of sales, of P-G.

According to Mr. Weissman, the acquisition is the first since P-G became publicly owned in 1962 and is the initial step in the company's expansion program. It is expected that Rapro will contribute importantly to P-G's product line, which is the largest in the appliance replacement parts field, and its sales, which were about \$4,000,000 in 1962.—V. 195, p. 2382.

Pacific Airmotive Corp. (& Subs.) — Sales, Net Lower—

The company has reported that sales were \$7,610,000 for the three-month period ended Feb. 28, 1963. This compares with sales of \$7,862,000 for the same period in 1962.

Unaudited figures indicate a net profit after taxes of \$4,000. The first quarter of 1962 resulted in a net profit of \$85,000.

President Robert L. Earle, stated that although we were able to maintain sales at levels comparable to the same period a year ago, airline business declined and sales for all divisions of the company were less profitable. In order to cope with this tougher market, steps have been taken to effect substantial reduction in operating costs and overhead.—V. 197, p. 1262.

Pakco Companies, Inc.—Net Up 98%—

This diversified management company with subsidiaries in manufacturing, insurance, financing, leasing and agriculture, has reported 1962 gains of 19% and 98% in gross revenues and profits respectively, according to Lewis L. Colasurdo, President.

Gross revenues for the year ended Dec. 31, 1962 amounted to \$3,416,404, against \$2,886,421 reported for 1961. Net earnings rose to \$301,261 or 40 cents per share on 755,557 shares currently outstanding. In 1961 the company reported \$152,175 or 20 cents per share based on the present capitalization.

No provision for income taxes was required in 1962 because of the utilization of certain tax losses carried forward to that year.—V. 197, p. 1161.

Pantasote Co.—Reports Record Sales—

Sales advanced 33% to a new high in 1962 but earnings increased only moderately as prices in the polyvinyl chloride industry continued under pressure, Charles A. Wyman, chairman, stated in the Annual Report.

Sales last year aggregated \$13,137,134, against \$9,895,676 in 1961, while earnings amounted to \$181,377, against the restated figure of \$175,395 for 1961.

"While sales increased at a most satisfactory rate, earnings remained virtually static," Mr. Wyman stated. He attributed this condition "primarily to continued price erosion, which is plaguing our industry."

Pantasote's Eleonora Chemical Division substantially increased sales of all types of its resins, but "lower selling prices resulted in lower than anticipated profits for this product line," stockholders were told. Vinyl film sales also showed a gain in 1962, but weakness in prices restricted profits.

Sales of copolymer resins used in the manufacture of phonograph records increased sharply as Pantasote made extremely satisfactory progress in this field. The company is now serving a "sizeable segment of this industry and indications are that we will continue to expand our share of this growing market," according to Mr. Wyman.

Significant gains in the marketing of compounds also were scored by Pantasote as the company more than doubled the 1961 volume. Further expansion in this field is expected as the industries now being served discover broader applications for their products.

Mr. Wyman disclosed that Pantasote's Panta-Pak division again recorded a substantial increase in sales, with the profit situation "very encouraging." "We are making every effort to capitalize on the vast potential inherent in the packaging field," he said.

On the outlook for 1963, he reported that operations thus far have been encouraging. "It is our hope that this trend will continue and that your company will show considerable improvement for the remainder of the year," he added.

The company is a major manufacturer of polyvinyl chloride resins and compounds, film, and Panta-Pak trays for interior packaging purposes.—V. 196, p. 2080.

Pathe Equipment Co., Inc.—Quarterly Report—

Period Ended Jan. 31—	1963	1962
Sales-----	\$277,305	\$153,964
Net income before taxes-----	87,899	31,494
Net income after taxes-----	47,485	20,725
Earnings per share (on 255,000 shares outstanding)-----	\$0.186	\$0.08

—V. 197, p. 408.

Peerless Tube Co.—Sales, Net, at New Highs—

The company has reported that its record sales and earnings for 1962 were considerably above levels for the second-best year of 1961. Net earnings of \$300,725 for 1962 compare with the prior year's level of \$254,057. Net sales of \$6,315,150 in 1962 were \$542,088 over volume for 1961.

A five-year comparison shows steady growth in both categories since 1958, when earnings were \$85,670 on sales of \$3,997,563.

Income per share rose to 66 cents for 1962 versus 57 cents per share for 1961 with the average number of shares increasing from 447,688 to 453,857 for 1962.

Stockholders' equity at the close of 1962 amounted to \$2,421,772 for an increase of \$147,216 over the prior year's level of \$2,274,556.

The company's capital investment, after depreciation, rose by \$391,230 to a new high of \$1,482,195 at the end of 1962. This increase included \$310,000 required to complete Peerless' major two-story, 33,000 square-foot plant addition, which added approximately one-third to the company's manufacturing and inside warehousing space.

Peerless' President, Frederic Remington, reported that an additional process to manufacture plastic "squeeze" tubes had been acquired, under a licensing agreement during the last half of 1962. The first production line utilizing the process was placed in operation by Peerless last fall, and the company sold its first commercial quantities of plastic tubes made by this process soon afterwards.

However, Mr. Remington noted, plastic tube shipments in 1962 were of insufficient quantity to have any bearing on that year's sales volume. He added that "considerable development work remains to be accomplished in engineering our plastic tube processes to the automated state of our other production." Peerless is a pioneer producer of collapsible metal tubes, its major product line, and has been the leading manufacturer of one-piece aluminum aerosol containers since 1956.

At this time, Mr. Remington said, the company is "confident of progress" for its new plastic tubes but "cannot accurately forecast 1963 share of market."—V. 195, p. 1926.

Petrolane Gas Service, Inc.—Appointment—

The Chase-Manhattan Bank New York has been appointed transfer agent for all the common stock of the corporation.—V. 197, p. 1262.

(Chas.) Pfizer & Co., Inc.—Acquisition—

The company has completed the acquisition of the outstanding capital stock of Desitin Chemical Co., Inc. of Providence, R. I., manufacturer of baby care products, dermatologicals and antifungal products.

Desitin markets nearly two-dozen medicated products. Its infant care line, including ointments, powders, lotions and soap is recom-

mended by many physicians and nurses for use both in hospitals and at home.

The acquisition marks Pfizer's entry into the growing field of baby care products.—V. 197, p. 960.

Phoenix Mutual Life Insurance Co.—Assets Reach Billion—

The company has reported that assets have passed the \$1 billion mark.

Phoenix Mutual passed the one-half billion asset mark in 1949, its 98th year, and attained the billion mark 14 years later. In this same period, insurance in force has grown from \$1,066,060,504 to \$2,912,964,000—a climb of 173%.

The company's yield on invested assets, which in 1949 was 3.24% before taxes, has climbed steadily each year, reaching 4.37% at the end of 1962.

"Most satisfying to us," said Lyndes B. Stone, President, "is the fact that these assets spell dollars at work expanding and creating economic opportunity and, at the same time, providing protection for the company's more than 200,000 policy holders."

Polycast Corp.—Annual Report—

Sales advanced substantially and losses dropped sharply for the fiscal year ended Jan. 31, 1963, it was reported by John O. Beattie, President.

For fiscal 1962 sales rose over 50% to \$2,493,584 from \$1,580,107 for fiscal 1961, while the net loss was cut over 45% to \$131,867 from \$241,961. Mr. Beattie attributed the improvements to an expanded sales program and increased plant efficiencies. He added that based on first quarter indications, Polycast expects to show a profit for fiscal 1963. The company manufactures cast plastic sheets and optical specialties.—V. 192, p. 1401.

Poly Repro International, Ltd.—Annual Report—

A sharp rise in profits despite major expenditures for research and development of new products was reported by Stanley K. Burton, President.

The company had net sales of \$2,971,610 in the calendar year 1962 with a net income of \$30,970, equivalent to five cents a share on 615,000 shares outstanding as of Dec. 31, 1962. Mr. Burton said that the earnings and the profit were substantially ahead of 1961. Comparative figures are not available, since the company became publicly owned during 1962.

"The showing is all the more remarkable," he said, "because 1962 has been a year of tremendous developments involving a good many unusual expenditures, many of them of a non-recurring nature. We have increased our sales personnel, invested heavily in new tools and dies and allied equipment and we have embarked on a major advertising and sales promotion campaign."

"Further, we have gone in heavily for research and development and we have formed new corporations and acquired patent rights and we have been negotiating new manufacturing affiliations. The principal outcome of the year's effort was the introduction of a completely new product line. Ordinarily the effect of a new line on the balance sheet of a company is not apparent until the line has been out for a while. This is why it is so gratifying to be able to report the gains we have made. The showing means that our product line is a success from the start."

"As for the year ahead, Mr. Burton said that in view of the gains last year and the fact that most of the development costs are non-recurring, it seems most conservative to predict a dramatic rise in profits for 1963 and beyond."—V. 196, p. 2022.

Pontifical College Josephinum (Worthington, Ohio)
—Notes Offered—On April 8, 1963, B. C. Ziegler & Co., West Bend, Wis., offered publicly \$800,000 of this corporation's direct obligation serial notes, series A, dated April 1, 1963 and due April 1, 1964-78. The notes were offered at par and accrued interest and bear interest of from 4 1/4 to 5 1/4%.

Proceeds from the sale will be invested in property to provide regular income for continued student support.

The college is a minor and major seminary established in 1892 to educate young men for the Catholic Priesthood. It is the only seminary in the western hemisphere immediately subject to the Holy See. Priests educated and ordained at the college are assigned to a Diocese by the Apostolic Delegate to the U. S.—

(L. F.) Popell Co.—Record Sales, Net—

This Miami, Fla., based manufacturer and distributor of building materials, has reported record first quarter sales and earnings for the period ended Feb. 28, 1963.

Sales for the quarter were \$561,655 as against sales of \$443,640 during the comparable period of the previous year. Earnings after taxes, for the 1963 fiscal quarter were \$198,319 or 15 cents per share up from net earnings of \$101,132 or nine cents per share during the first quarter of 1962.—V. 192, p. 2124.

Premier Industrial Corp.—Sales, Net Hit New Highs

This Cleveland-based supplier of industrial, building and automotive maintenance products and fire-fighting equipment, has reported record operating revenues, net income and earnings per share for the third quarter and nine months ended Feb. 28, 1963.

In a report to shareholders, Morton L. Mandel, President, said that the company's operating revenues for the first nine months of the current fiscal year climbed to \$12,692,000, an increase of more than 8% over the \$11,711,000 volume for the first three quarters of last year.

Net earnings for the first nine months rose to an all-time high of \$1,491,000, an increase of about 6% over the \$1,409,000 total for the same period last year. Earnings per share for the nine months ended Feb. 28, 1963 amounted to 91 cents on the basis of an average of 1,567,846 shares outstanding, an increase of 7% against 87 cents earned on an average of 1,593,239 shares during the nine-month period last year, with both figures adjusted to reflect a 50% stock dividend last September.

Mr. Mandel said that on the basis of the company's performance during the first nine months, it is expected that the current fiscal year ending next May 31 will be a record one for both revenues and earnings. Premier earned \$1,907,380, or \$1.18 per share on operating revenues of \$15,916,887 last year.

Operating revenues for the third quarter ended Feb. 28, 1963 totalled \$3,993,000 against \$3,912,000 for the comparable three months last year. Net earnings for the quarter this year amounted to \$509,000 or 32 cents a share, compared with \$481,000 or 29 1/2 cents a share for the year-ago period.

Mr. Mandel told shareholders that a number of new products had been introduced in all the company's divisions and were proving good profit contributors. He said that the company's fire-fighting equipment subsidiary, the Akron Brass Co., presently has the largest order backlog in its history.—V. 197, p. 448.

Publishers Co., Inc.—Annual Report—

The company has reported that net sales for the year ended Dec. 31, 1962 amounted to \$16,316,670. Net income, without adjustment for prospective savings from the combined operations, was \$356,823. Allowing for full year dividend requirements on the new preferred stock, this was equal to 79 cents per share on the 269,502 common shares outstanding on Dec. 31, 1962.

For the twelve months ended May 31, 1962, the company's previous fiscal period, Publishers' net earnings were \$212,948, or 64 cents per share, after a substantial reduction of income taxes from a tax-loss carry-forward to which the company was then entitled.

As a result of the acquisition of Merkle Press, Inc. and Kaufmann Printing, Inc., both of Washington, D. C., sales volume of Publishers has increased from about \$2,700,000 to more than \$16,000,000 an-

nually, Charles W. Lockyer, Publishers' President, said. The acquisitions also established the company as a fully integrated printing and publishing enterprise, one of the very few in the industry.

The company is introducing a new 5,000,000 word-encyclopedia, The New American Encyclopedia, in twelve volumes. "We already have large advance orders for it," Mr. Lockyer said.

It also expects to realize substantial sales and earnings from a lower price encyclopedia, which formerly was published in hard cover and has now been issued in paperback.

Mr. Lockyer stated that the company has been projected into the most modern development in the field of education, through the Teachall machine recently introduced to the trade. He said that the machine has demonstrated ability to accelerate the learning process for school children, and in adult education and industrial training. Reception of the Teachall has been most encouraging, he reported.—V. 197, p. 1461.

Puerto Rican Cement Co., Inc.—Appointment—

The Chase Manhattan Bank has been appointed transfer agent and the First National City Bank New York registrar for the common and class A common stock of the corporation.—V. 197, p. 1318.

Puget Sound Power & Light Co.—Net Higher—

The company has reported that residential customers in 1962 used an average of 9,746 kilowatt-hours of electricity—2 1/4 times the national average—an increase of 456 kilowatt-hours per customer. The greater use of electricity and addition of 12,609 customers to its lines resulted in a 10% increase in kilowatt-hour sales in 1962.

Puget's total operating revenues were \$44,761,047, a gain of 9% over 1961. Net income was \$8,588,701, equal to \$2.14 each on the 3,593,501 common shares outstanding, compared with \$7,746,676 or \$2.05 a common share for 1961. The company's peak load rose from 801,400 kilowatts in 1961 to 834,500 in 1962. To help meet the increasing needs of customers, Puget invested \$22 million in new plant and equipment.

In their annual report message to share owners and employees, Chairman J. H. Clawson and President Ralph M. Davis stated that "Puget's progress in 1962 was in keeping with the general improvement of the Western Washington economy, stimulated by an exceptionally successful Seattle World's Fair." They pointed out, however, that the company will be faced with substantially higher power costs beginning in 1963 as the result of Puget's receipt of 412,000 kilowatts of energy from the Rocky Reach Hydroelectric project on the Columbia River. The new power to meet increasing customer demands will cost Puget about \$9 million annually. To Washington Utilities and Transportation Commission to grant Puget a general rate increase of about 7%, which, if approved, will provide approximately \$3 million in additional gross revenues. "Due to the time required to obtain the rate adjustment, however, the report stated, "1963 net earnings will be lower than those for 1962." In addition, the company expects a much slower rate of growth as indicated currently by the impact of unseasonable weather conditions on sales of energy in the first quarter of 1963.

Puget noted that its operating expenses also edged upward in 1962. Unusually large storm damage repair costs, resulting from hurricane winds which struck in October, accounted for a \$600,000 increase in maintenance expense. Puget's tax bill rose \$491,000 or 7% in 1962 and total taxes amounted to over \$2 a share, or about 25% more than dividends paid to share owners. The company paid local, state and Federal taxes of \$7.6 million in 1962.—V. 196, p. 1662.

Purity Stores, Inc. (& Subs.)—Net Up Sharply—

The company earned \$513,923 or 75 cents per share for the year ended Dec. 29, 1962. This was five cents per share higher than previously estimated. Purity's profits were 76% better than the \$292,051 and 42 cents per share in 1961. Of the \$513,923 earnings, \$302,011 was contributed by the company and its operating subsidiaries. The company's real estate subsidiaries contributed earnings in the form of rentals and capital gains totaling \$190,032.

Sales for the 52 weeks of 1962 were also up over 1961—\$107,052,917 versus \$105,217,358. Nine older stores were closed during the year as they became unprofitable or were replaced by newer facilities in the same trading area. At year end the company was operating seven fewer stores than at the beginning of 1962. The company's cash and working capital position at the end of 1962 was substantially better than 1961 and is adequate to cover the modest 1963 building program. In all respects the year 1963 has an outlook of continued improvement judging from the results and trend of the first two periods of the current year.—V. 196, p. 2181.

Puroator Products, Inc.—Appointment—

Bankers Trust Co., New York, has been appointed co-transfer agent for the common stock of the corporation.—V. 197, p. 1461.

R. C. Can Co.—Record Sales, Net—

President W. F. J. Flenup, has announced an all-time high in both sales and earnings for the year ended Dec. 31, 1962, although the increased earnings were not in proportion to increased sales.

Net sales amounted to \$31,387,011, an increase of \$10,907,470 or 53% over net sales in 1961. Net earnings after taxes for 1962 were \$1,305,568 or \$1.30 per common share, up from \$1.19 per share in 1961 (plus four cents of non-recurring income). Both per share figures are based on the 1,007,850 shares presently outstanding. The 7% investment credit on new machinery acquired during 1962 of \$208,070 was treated as an increase in working capital, and not as income.

Earnings during 1962 did not keep pace with the increase in net sales as result of several factors. The company opened four new plants in 1962 and expanded facilities in two existing plants. Start-up expenses in connection with this expansion amounted to approximately \$800,000, which lowered the 1962 earnings approximately 37 cents per share. Depreciation taken in 1962 exceeded that of the preceding year by \$310,000.

Mr. Flenup further reported most of the major oil companies are now using the new R. C. fibre banded Foil-Kan for their one quart motor oil for all or a portion of their national requirements. Four new oil can production lines have been put into operation since the beginning of 1963 and one more plant is being built.—V. 196, p. 2585.

Radiation Inc.—Sales, Net Higher—

The company has reported that sales for the 28-week period ended March 15, 1963 were \$13,587,600 against \$12,774,100 during the like period in 1962. Earnings for the period were \$313,300 or 30 cents per share up from \$199,300 or 20 cents per share for the like period in 1962. In addition, President Homer R. Denius reported that the company's "backlog has grown to a record \$29.2 million, a portion of which represents contracts to be performed over a period of more than one year."

In his report to stockholders, Denius emphasized that Radiation will continue its policy of "heavy investment in marketing and special technical capabilities . . . to insure the growth and leadership of the company in the technical data handling branch of tele-communications." Currently Radiation's pulse code modulation data handling systems are used in many spacecraft and boosters, including Apollo, Minuteman, Titan, Telstar, Nimbus and Orbital Astronomical Observatory. Business from these programs is expected to remain at a high level for the immediate future.—V. 196, p. 2281.

Resiflex Laboratory, Inc.—Nine Months' Report—

Period Ended Feb. 28—		
	1963	1962
Sales	\$867,224	\$643,608
Net income before taxes	190,386	146,688
Provision for Federal income taxes	86,171	67,470
Net income	104,215	79,219
Net income per share	\$0.37	\$0.28

—V. 196, p. 1287.

(R. J.) Reynolds Tobacco Co.—Diversification Program—

Plans for expanding operations in areas unrelated to its primary tobacco business were outlined to stockholders at the April 10, annual meeting by Bowman Gray, Chairman.

Three specific fields in which the company is diversifying were mentioned by Mr. Gray. They are the beverage and food business which the company has recently entered through acquisition of Pacific Hawaiian Products Co.; the aluminum foil and packaging field where about a dozen new and different items will be introduced this year by the company's Archer Aluminum Division; and the specialty fertilizer field which the company is entering for the first time with a pelletized fertilizer made from tobacco stems.

Mr. Gray told stockholders that the year 1963 was expected to be another good one for the company. Last year was the sixth in a row that sales of cigarettes reached an all-time-high.

First quarter figures for this year are not yet available, but Mr. Gray indicated that sales and profits from tobacco business would be slightly below the same period a year ago. A maritime strike adversely affected export sales, he said, and additionally there was one less shipping day during the first quarter of this year as compared with 1962. Figures of Pacific Hawaiian Products Co., recently acquired, have not yet been made available for consolidation.

Mr. Gray said that the company's export business was greatly increased in 1962 and it appears that the company is now possibly the largest exporter of American-made cigarettes.

During the last six years, Mr. Gray reported, the company has spent over \$163,000,000 in modernizing and expanding its facilities. Expenditures in this area during 1963, he said, will be somewhat less than in 1962. Funds for this expansion have all come out of earnings without resort to any long-term borrowing.

Discussing the reasons for the acquisition of Pacific Hawaiian Products Co., Mr. Gray said that this was done "primarily to extend the company's base of operations to a growing and potentially profitable area which is unrelated to the company's existing business and thus diversify its sources of income into a field or fields that may have better growth opportunities than the single industry in which the company is now almost solely engaged. The acquired business will also furnish a vehicle for the production and marketing of new products in the beverage and food lines which the company is endeavoring to develop through its research department."

Among the exhibits at the annual meeting was a new entry in the soft drink market, "King Stir," which was developed in the company's own research and new product development divisions, and is being tested in several areas at the present time. It will be marketed through the Pacific Hawaiian Products Co.

Mr. Gray reported that plant capacity of the company's Archer Aluminum Division has been practically doubled in the last twelve months and that increased sales and earnings are expected from this division during 1963. During this year the division has plans for the introduction of about a dozen new and different items in the foil and packaging field.

"In another area," Mr. Gray told stockholders, "the company is test marketing an entry into the specialty fertilizer field. This item is an unusual high-analysis fertilizer in pellet form sold through retail stores and garden supply outlets. It is presently being offered in several southeastern states. The base for this unique product is tobacco stems with essential chemical ingredients added. This was developed by the company's new product development division in conjunction with research and other departments."—V. 197, p. 1461.

Robertshaw Controls Co.—New Name—

See Robertshaw-Fulton Controls Co., this issue.

Robertshaw-Fulton Controls Co.—Capital Increase—Name Change Approved—

On April 10, 1963, shareholders voted to change the name of the corporation to Robertshaw Controls Co. and to increase the number of authorized common shares from 2,000,000 to 3,500,000. It was announced by T. T. Arden, President.

The name change, which is effective immediately, had been voted last November by the company's Board of Directors, subject to stockholder approval.

For some years the company has been known generally by customers and the general public as "Robertshaw Controls," and this shorter name has been emphasized in advertising and marketing programs to facilitate company and product identification. The shortened name is expected to enable users and potential customers to locate more easily, in telephone, business and city directories, the steadily increasing number of branches and sales offices throughout the country.

The company has no plans at present to issue any of the newly authorized shares, but the authorization will provide for the company's potential future needs, such as stock dividends or the making of favorable acquisitions without cash drain. A total of 1,815,226 shares, with a par value of \$1 per share, are presently issued and outstanding.

QUARTERLY REPORT

Period Ended March 31—	1963	1962
Net sales	\$20,768,003	\$20,717,291
Income before taxes	1,432,067	2,233,405
Provision for Federal and state taxes	759,000	1,180,002
Net income	673,067	1,053,403
Earnings per common share	\$0.37	\$0.58
Common shares outstanding	1,819,126	1,819,126

—V. 197, p. 761.

Rockwell Manufacturing Co.—Sales Forecast—

W. F. Rockwell, Jr., President, told stockholders at the annual meeting that the company's first quarter 1963 sales are expected to establish a new record for the period.

Based on preliminary financial data, he said, the company expects sales for the first three months to exceed the sales record of \$30,775,000 posted in the comparable 1962 quarter by about \$250,000.

First quarter earnings for the current year, Mr. Rockwell said, are expected to show a slight increase based on these moderately higher sales. In the first quarter of 1962, the company earned \$1,528,000 or 31 cents per share.

Mr. Rockwell told stockholders he was encouraged by the trend indicated by the fact that orders have exceeded shipments for each of the three months of 1963.—V. 197, p. 661.

Rosenau Brothers, Inc.—Sales Up 8.6%—

Gary Rosenau, President, has reported an increase in the sales for the first quarter of 1963 of 8.6% over the corresponding period of 1962—\$5,786,600 against \$5,329,000. He further stated that although the company's earnings report for the first quarter of 1963 has not yet been completed, it was clear that there would be an increase in earnings over last year.—V. 196, p. 1878.

Salada Realty Ltd.—Partial Redemption—

The corporation has called for redemption on April 29, 1963, through operation of the sinking fund, \$64,000 of its 6 1/2% first mortgage bonds series A due Feb. 1, 1981 at 100%. Payment will be made at any branch in Canada of the Bank of Montreal.

Salant & Salant, Inc.—Sales Up 16.9%; Net 20.5%—

The company has reported the highest sales in its 69-year history in 1962 and second highest earnings.

Sales totaled \$36,553,446 last year, a gain of 16.9% over the \$31,274,259 recorded for 1961. Net earnings in 1962 were \$1,373,894, against \$1,140,331 in 1961, up 20.5%.

Per share earnings for 1962 were \$1.76 against \$1.47 in 1961, adjusted for distribution of 3% stock dividends in each year, as well as another 3% stock dividend distribution in Jan., 1963.

In the stockholders' letter, Robert S. Salant, President, attributed the sales increase to a broadening of the product line "within a price range which will attract the greatest number of customers." He added the increase also was the result of a "strengthened retail sales staff as well as to changes in territorial assignments which have permitted more concentrated coverage of central markets."—V. 197, p. 661.

Sangamo Electric Co.—Shows Loss for Year—

The company has reported a net loss of \$901,000 in 1962 after credit for Federal income taxes, but it is expected that "a satisfactory improvement in the earnings picture will occur in 1963," according to the annual report. Earnings were \$1,745,000, or \$1.07 a share, in 1961. Sales totaled \$49,300,000 in 1962, against \$48,400,000 in 1961.

C. H. Lanphier, President, told shareholders the 1962 loss was due "almost in its entirety to the costs of establishing new operations in South Carolina." The company, he noted, anticipated training 1,000 new employees but expansion of business required training twice that many. Abnormal expenses for 1962 were estimated at \$1,775,000 after credit for Federal income taxes.

Instrumentation magnetic tape recording equipment "may very well become one of the principal products of the company in a very short time," according to the report. New sonar systems are being developed for the U. S. Navy and expansion of this program "may take place toward the end of this year." The electric meter business was described as continuing at a fairly constant level with the company's share of the market being maintained.—V. 196, p. 2281.

Scott Paper Co.—Net Up 15.2%; Sales 6.7%—

The company has reported that sales and net income rose to new first quarter records in the three months ended March 31. Sales of the company's nationally-known line of trademarked sanitary paper products provided the main impetus for the encouraging results as they did in the final six months of 1962, according to Thomas B. McCabe, Chairman.

Net income rose 15.2% to \$6,243,882 from \$7,155,856 in the initial quarter of 1962. The 1963 figure is equal after preferred dividends to 31 cents a common share on the 26,269,021 shares outstanding at March 31. First quarter profits last year equalled 27 cents a share on the 26,136,912 shares then outstanding.

Sales in the latest quarter totaled \$90,431,683, up 6.7% from the \$84,784,615 recorded in the like period last year. "The record first quarter sales permitted higher operating rates which, coupled with Scott's continuing programs of cost and expense control, enabled the manufacturing division to record an outstanding performance," Mr. McCabe said. "This more than offset the impact of the introductory costs for new products and was a primary factor in the increase in net income."

The Chief Executive Officer added that some of the company's newer products are showing encouraging progress.

"While further expansion of distribution of new products will continue to be an influence on results, I am confident that 1963 will be another year of significant progress for Scott," he said.—V. 197, p. 448.

Seagrave Corp.—Proposed Stock Split—

Arnold A. Saltzman, President, has announced that directors had approved and recommended to stockholders that the Seagrave common stock be split 2-for-1.

Approval will be requested at the annual stockholders meeting to be held on May 28, 1963. Mr. Saltzman stated that the stock split is being recommended in view of the general favorable results of the company's operations in 1962, and its future prospects. The board also believes, he said, that the proposed stock split would tend to create a broader market and wider distribution for the company's common stock.—V. 197, p. 1461.

Sears Roebuck Acceptance Corp.—Net Up 12.7%—

The company has reported that net income after Federal income taxes was \$4,393,158 for the fiscal year ended Jan. 31, 1963, up from \$3,897,985 for the previous year. The increase of 12.7% was largely the result of an increased investment in the installment contracts and notes of Sears, Roebuck and Co. The average balance of this investment amounted to \$541,849,726 during 1962, and \$432,968,493 during 1961.

Total installment contracts and notes owned on Jan. 31, 1963, amounted to \$538,924,252 compared with \$707,775,410 the year before; a decrease of 23.9%.—V. 196, p. 1052.

Security National Bank of Long Island (Huntington)—Plans Rights Offering—

The bank has announced plans to offer 141,519 common shares to stockholders under subscription rights on the basis of one new share for each nine held.

The proposal will be voted on by stockholders in mid-June and the record date for the offering would be the date of the meeting. M. A. Schapiro & Co., New York, would head the underwriting group.

Preliminary approval of the action has been received from the Comptroller of the Currency. Proceeds would be added to capital and surplus to enable the bank to expand its services to customers in the growing areas of Nassau and Suffolk Counties.—V. 196, p. 362.

Sharon Steel Corp.—Bonds Sold Privately— On April 9, the corporation announced that agreements for the purchase of \$18,000,000 of 5½% first mortgage bonds, due 1983, have been executed by institutional investors. The direct placement was negotiated by The First Boston Corp. and Lehman Brothers, New York, as agents for the company.

Proceeds from the sale of the bonds will be applied to the company's current capital expenditure program and to the prepayment of \$2,600,000 of currently outstanding long-term debt.—V. 197, p. 1359.

Southbridge Plastic Products, Inc.—Sales, net Lower

The company has reported sales of \$9,005,387 for the year ended Dec. 31, 1962. This compares with sales of \$9,678,538 for the year previous.

In the annual report to shareholders, Harry Golding, President, pointed out that the "quantity of material sold, measured in yards, was about the same as in 1961. The difference in dollar volume," he said, "reflects lower sales prices based on lower raw material costs."

After tax earnings of \$370,333, equal to 54 cents a share, compares with \$437,276 or 64 cents a share in the year previous.

Mr. Golding told shareholders that "the company was faced with approximately \$150,000 in extraordinary expenses, including severance pay, caretaking costs, moving costs and start-up costs," in connection with the establishment of a new and modern plant at Corinth, Miss., and the closing of its Southbridge facility.

"These extraordinary expenses," Mr. Golding stated, "were primarily responsible for a decline in earnings before Federal income taxes to \$711,866, from \$902,276 in 1961."—V. 195, p. 447.

Southern California Edison Co.—Proposed Merger

An agreement calling for the merger of Southern California Edison and California Electric Power Co. is expected soon to be submitted to the boards of directors of the two companies. It was announced by Harold Quinton, Edison Chairman, and Fred Oldendorf, Jr., California Electric President.

Plans call for an exchange of common stock in the ratio of 9½ shares of Edison for 10 shares of Cal-Electric. No decision has yet been made on the exchange of Cal-Electric preferred stock, and discussions on this matter still are underway, the companies said.

Formal action recommending the merger to stockholders of the companies will follow completion of a merger agreement. Special meetings of stockholders of the two companies will be called to approve the merger, the announcement said, and it will also be necessary to obtain approvals of the merger by state and Federal regulatory commissions.

Mr. Quinton and Mr. Oldendorf said that a number of advantages to both companies will result from the proposed merger. By combining their physical forces, a number of economies are expected to be effected in those areas where the companies serve

adjacent areas. In due course increased efficiencies from the merged operations would lead to reductions in the cost of supplying electric service, they said.

Edison now serves a territory of 25,500 square miles in central and southern California. Cal-Electric serves a 20,000 square mile territory principally in San Bernardino and Riverside Counties, with some service in Inyo, Eastern Kern and Mono Counties.—V. 197, p. 1215.

Southern Natural Gas Co.—Sales, Net Higher—

Sales of gas from the company's pipeline system increased in 1962, principally in sales for resale made to other companies. Total sales, including direct sales from the pipeline, increased by nearly 20 billion cubic feet—5.4%—over 1961, and were the major factor in the improvement in net earnings for the year. Consolidated net income for 1962 amounted to \$14,790,537 and was equal to \$2.97 per common share. This bettered the consolidated net income of \$13,734,175—\$2.76 per common share—earned in 1961.

Earnings for both years reflect the full amount of the rate reductions ordered by the Federal Power Commission in connection with the company's two rate cases of 1960. The Commission decision limited the company's return on both pipeline and production properties to 6.24%, whereas the company had sought a 7% return on pipeline properties and a higher return on production facilities. The decision disallowed certain other claims.

The company has made refunds of \$7,320,000, including interest, from funds on hand.

During 1962 Southern increased daily delivery capacity of its system from 1,365 to 1,420 million cubic feet and has pending with the Federal Power Commission an application for permission to expand capacity to 1,515 million cubic feet daily, to build a new line into southeast Georgia, and to connect new gas supplies.—V. 196, p. 2281.

Southern Nitrogen Co., Inc.—Appointment—

Chemical Bank New York Trust Co. has been appointed by the corporation to act as trustee, paying agent and registrar for its 5.70% first mortgage bonds due April 1, 1979.—V. 197, p. 1263.

Southwestern Electric Power Co.—Additional Financing Details— Our April 8, 1963 issue reported the sale on April 4 of \$30,000,000 Southwestern Electric Power 4½% bonds due April 1, 1993. Additional financing details follow:

UNDERWRITERS—Each of the purchasers named below have severally agreed to purchase from the company, subject to the terms of the purchase contract, the principal amount of the bonds set forth opposite its name below:

(000's Omitted)	Amount	(000's Omitted)	Amount
Lehman Brothers	\$4,050	Hirsch & Co., Inc.	\$750
Equitable Securities Corp.	4,050	Johnston, Lemon & Co.	1,500
Abbott, Proctor & Paine	250	A. M. Kidder & Co., Inc.	500
Bache & Co.	1,500	Metropolitan Dallas Corp.	100
Bear, Stearns & Co.	1,500	W. H. Morton & Co., Inc.	1,500
A. G. Becker & Co., Inc.	1,500	R. W. Pressprich & Co.	1,500
Boettcher & Co.	200	Rauscher, Pierce & Co., Inc.	400
T. J. Carroll & Sons	150	The Robinson-Humphrey Co., Inc.	500
Craigie & Co., Inc.	200	Rodman & Renshaw	300
Dempsey-Tegeier & Co., Inc.	750	Russ & Co., Inc.	200
Dick & Merle-Smith	1,500	Shields & Co.	1,500
R. S. Dickson	1,000	Stern Brothers & Co.	200
Co. Inc.	1,000	Sutro & Co.	200
Dorsey & Co., Inc.	150	Sweeney, Cartwright & Co.	200
Drexel & Co.	1,500	Robert K. Wallace & Co.	300
Hemphill, Noyes & Co.	1,500		

To Redeem Bonds—

The company has called for redemption on May 3, 1963, all of its outstanding 5½% first mortgage bonds, series H, due May 1, 1989 at 105.29% plus accrued interest. Payment will be made on April 17, 1963 at the Continental Illinois National Bank & Trust Co. of Chicago, 231 S. La Salle St., Chicago.—V. 197, p. 1111.

Standard Oil Co. (New Jersey) — Reports Record Earnings—

A new high of \$841 million in earnings for 1962 was largely the result of record operating levels and improved efficiency, the company stated in a report to its more than 720,000 shareholders. M. J. Rathbone, President and Chief Executive Officer, and Leo D. Welch, Chairman (Mr. Welch retired March 31, 1963), reported that in 1962 Jersey affiliates produced, refined, transported and marketed more oil and oil products than ever before.

As estimated earlier, the report confirmed that Jersey's 1962 earnings rose by 11% over 1961 and nearly 4% over 1956, the company's previous record year. The 1962 earnings do not include a non-recurring gain of \$75 million on Jersey's investment in Ethyl Corp., which was sold in November.

Operations in the United States provided 37% of Jersey's 1962 consolidated earnings, other Western Hemisphere operations 35%, and Eastern Hemisphere operations 28%.

Jersey's 1962 sales average 3,585,000 barrels a day, an increase of almost 9% over 1961.

Gross production of crude oil and natural gas liquids reached a new peak averaging 3,060,000 barrels a day, an increase of 11% over 1961.

In 1962, Esso Standard Libya Inc., a wholly-owned Jersey affiliate, completed its first full year of commercial production. An average of 126,000 barrels of crude oil a day was exported from Port Brega on Libya's Gulf of Sirte. A potentially significant field was discovered at Jebel, about 15 miles south of Esso Libya's principal producing field at Zeltan.

Although production was the highest in Jersey history, company reserves of crude oil and natural gas liquids as well as of natural gas were greater at the end of the year than at the beginning, the report said. Jersey affiliates drilled 1,816 wells during the year compared with 1,880 in 1961.

Refinery runs increased 5% over last year averaging 3,299,000 barrels a day. At the year-end, Jersey affiliates owned or had financial interests in 59 refineries in 26 countries.

Jersey's consolidated revenues from sales and investments increased by \$1,219,895,000 to a total of \$10,576,282,000 in 1962. Almost one-half of the gain resulted from the addition to the financial consolidation of Jersey's 50% share of Standard Vacuum Oil Co. This business is now conducted by Jersey's wholly-owned affiliate, Esso Standard Eastern, Inc.

Expenditures of \$1,061,614,000 for new plant and equipment in 1962 were about one-third more than in 1961. More than one-half of this increase was represented by the acquisition of Olin Oil & Gas Corp. and substantial leasehold interests off the Louisiana coast by Humble Oil & Refining Co., Jersey's principal domestic affiliate. In addition to these capital expenditures, \$209,406,000 was spent in the search for crude oil and gas reserves and charged against current income.—V. 196, p. 2718.

Sterling Drug Inc. (& Subs.)—Record Net, Sales—

Profits and sales attained record levels in 1962, according to J. Mark Hiebert, Chairman and President.

Net earnings for the year were \$24,785,000, or \$3.11 per share, marking the tenth consecutive year of record profits. Net profit for 1961 was \$23,464,000, or \$2.95 per share.

Consolidated sales were \$239,301,000, an increase of \$10,102,000, or 4.4% over the \$229,199,000 shown in 1961. Total sales—including both those reflected in the consolidated financial statements and those of non-consolidated units—were \$272,049,000, up from \$258,898,000 in 1961.

Of the company's total sales throughout the world, those in the United States amounted to \$164,840,000 in 1962, and \$156,870,000 in the previous year. Foreign sales in 1962 were \$107,209,000, or 40% of total sales, compared with \$102,028,000, or 39%, in 1961. Total sales of medicinal preparations were \$224,248,000, against \$213,058,000 in 1961.—V. 197, p. 662.

Stone Container Corp.—Record Sales, Net—

The company has reported that sales and earnings in 1962 were the highest in its 36-year history.

Sales amounted to \$53,877,326, a gain of 14.3% over the previous record of \$47,135,905 in 1961. Net income was \$2,322,414 or \$1.43 per share, up from \$2,014,075 or \$1.24 per share in 1961.

Sustained high demand for the company's products, increased productive facilities and continuing programs to improve plant efficiency were factors responsible for the new high records.

It is anticipated that the Leeson Corrugated Box Co. of St. Louis, Missouri, acquired in September, 1962, will add \$3,000,000 to annual sales volume. It also will be another user of corrugated medium from the company's Coshocton mill and kraft linerboard from the new 65% plant now under construction in Florence, S. C.

Leeson Corrugated contributed to 1962 sales only in the final quarter of the year.—V. 197, p. 1162.

Taft Broadcasting Co.—Proposed Acquisition—

President Hulbert Taft, Jr., has announced that with the approval of the principal stockholders of Transcontinent Television Corp., it has entered into negotiations, whereby Taft would acquire Transcontinent's outstanding stock. Transcontinent shareholders would receive approximately \$21.20 per share in cash and would retain their interest in radio stations WDOX-AM and FM (Cleveland) valued at approximately 80 cents per Transcontinent share.

Any agreement negotiated will be subject, among other conditions, to obtaining certain rulings from the Internal Revenue Service, and final approval by the Federal Communications Commission of all necessary transfers or assignments of licenses of the broadcasting stations involved.

Taft Broadcasting presently owns three AM-FM stations and four TV stations. Transcontinent owns four AM or FM stations, and five TV stations. As the multiple ownership rules of the FCC preclude Taft from operating all of the stations presently operated by Transcontinent in addition to Taft's present stations, the negotiations to be entered into between Taft and Transcontinent will include a determination of which stations will ultimately be retained by Taft.—V. 197, p. 565.

Tampa Electric Co.—Stock Split Approved—

On April 9, 1963 stockholders voted to split the authorized shares of common stock. This split, effective April 11, will result in the authorization of 12,000,000 shares of common and 250,000 shares of preferred stock instead of the current 6,000,000 common and 250,000 preferred shares.—V. 197, p. 813.

Tastee Freez Industries, Inc.—Annual Report—

The company has announced that it has changed the accounting method used in reporting profits of its real estate subsidiary. Estimated earnings of the company, on the basis of the accounting method used in prior years, would have been approximately \$1.45 per share for the year ended Jan. 31, 1963. This compares with approximately 90 cents per share under the new method, with the balance being deferred and reported in the ensuing years.

The change in accounting method relates to certain profits of our consolidated real estate subsidiary, Drive-In Development Corp. This subsidiary acquires property suitable for drive-ins, develops it, and ultimately sells it under 20-year contracts to franchise holders.—V. 197, p. 1162.

Tex-Star Oil & Gas Corp.—Six Months' Report—

Period Ended Feb. 28—	1963	1962
Total revenues	\$1,748,234	\$1,358,308
Cash earnings	1,021,039	765,796
Cash earnings per share	\$0.67	\$0.50
Net income	713,832	517,481
Net income per share	\$0.47	\$0.34
Common shares outstanding	1,527,366	1,525,766

—V. 197, p. 1264.

Texas Electric Service Co.—Appointment—

Bankers Trust Co., New York, has been appointed co-paying agent and co-registrar for the company's first mortgage bonds 4½% series due April 1, 1983.—V. 197, p. 1360.

Texas Industries, Inc. (& Subs.)—Reports Record Net

Net income more than doubled during the nine months ended Feb. 28, 1963, President Ralph B. Rogers announced.

Net income of \$1,644,932 set a record for the company for any nine-month period, and compares with \$730,809 for the like period last year, Mr. Rogers said.

Earnings were equal to \$1.20 a share, after preferred dividends, compared with 52 cents last year. In both years the per share figures are based on the 1,345,827 common shares presently outstanding.

Total revenues also set a company record and reached \$19,658,888, as against \$17,742,485 for the period last year (revised to compare with 1963).

Favorable construction weather this winter contributed to higher-than-average sales volume in the third quarter, Mr. Rogers said. He noted that normally the third quarter of the company's fiscal year is the poorest because of bad weather.—V. 197, p. 1360.

Thomas & Betts Co.—Annual Report—

Year Ended December 31—	1962	1961
Net sales	\$28,283,165	\$26,059,410
Income before Federal income taxes	5,580,966	4,978,407
Federal income taxes	2,849,245	2,461,308
Net income	2,732,721	2,517,099
Per common share	\$1.80	\$1.65
Common shares outstanding	1,482,808	1,482,808

—V. 196, p. 2325.

Thompson-Starrett Co., Inc. — Sales Up 26.9%; Net 40%—

The company has reported that consolidated net sales for 1962 amounted to \$29,887,631, up 26.9% over sales of \$23,539,992 in 1961. Last year's net income of \$800,580, or 26 cents per common share, was 40% higher than the \$570,689, or 18 cents per common share, recorded in 1961. Results for both years were based on 2,820,145 outstanding common shares and were after preferred dividend payments and write-offs of \$81,600 in amortization of good will.

The company's activities in the architectural, engineering and construction fields accounted for \$15,920,747 of its 1962 total volume—an increase of 18.3% over the 1961 level of \$13,452,172. Sales contributed by the Delmonico International Division in the distribution of radios, television sets and stereophonic combinations last year rose to an all-time high of \$13,966,884, or 38.5% more than the previous peak of \$10,087,820 reached in 1961.

During 1962, the Delmonico International Division broadened its product line to include compact color television sets, fully transistorized portable television sets with 4½-inch and 5½-inch screens, and UHF reception on all television sets.—V. 194, p. 2710.

Tidewater Oil Co.—Acquires Mexican Company—

The company has acquired 49% ownership in Minera Galaviz, S.A., a newly formed Mexican corporation with base metal mining and milling operations in the state of Sonora, Mexico. Concurrently it made a number of company mining management appointments. Tidewater initially diversified into minerals development as operator and partner of Petrotomics Co. which conducts uranium mining and milling operations in Wyoming's Shirley Basin.—V. 197, p. 1264.

Transcontinent Television Corp. — Proposed Asset Sale—

See Taft Broadcasting Co., this issue.—V. 197, p. 663.

Uni-Serv Corp.—Expansion—

The company has taken over all E. J. Korvette charge plan operations in four northeastern states in what is the largest contract of its kind in the country.

The 20 Korvette stores under the contract do an annual business of well over \$300 million.

Announcement of the record agreement between the Queens-based credit concern and the giant discount chain was made by Jos. P. Williams, President of Uni-Serv.

The announcement comes in Uni-Serv's 11th month of business. Uni-Serv, operators of the Uni-Card credit plan, was formed last year. It has over 350,000 cardholders.

Uni-Serv has in the past handled charge services for nine Korvette stores in New York and Connecticut. The credit corporation now adds 11 more Korvette stores in New Jersey and Pennsylvania to its roster of over 9,000 merchant members in four states.

Uni-Serv is the largest independent credit concern in the nation. Its operations now stretch from Philadelphia and Harrisburg, Pa. in the south and Hartford, Connecticut to the north.

Mr. Williams pointed out that before Uni-Serv's first anniversary on April 30 he expected to boost the number of Uni-card holders to nearly one half million. By the end of 1963 he anticipated that this figure would exceed 600,000.—V. 196, p. 476.

United Industrial Corp.—Shows Profit for Year—

Sales and earnings for the fiscal year ended Dec. 31, 1962, were the best in the company's history, Bernard Fein, Chairman and President, stated in a report to stockholders. This was the first full year of operations under the present management.

Sales rose 41% to an all-time record high of \$46,690,733, compared to sales of \$33,074,828 in 1961.

Earnings rose to \$3,127,030. This is equal to \$1.26 per common share after preferred dividend requirements of \$440,381. This compares with a net loss of \$675,339 in 1961.

Net income on 1962 sales was 6.7% against a loss of 2% in 1961. Return on invested capital was 30.5% compared to a loss of 7.3% in 1961.

"The steady progress, begun in the middle of 1961 in reorganizing the company's operations on a rational basis, was continued throughout 1962," Mr. Fein stated. "By April, all divisions and subsidiaries were operating profitably. This pattern continued throughout the year."—V. 195, p. 1366.

U. S. Industries, Inc.—Sales Higher, Net Down—

Sales in 1962 increased but earnings were below a year ago, John I. Snyder, Jr., Chairman and President, stated in the company's annual report.

Profits before taxes amounted to \$3,426,678 against a pretax profit of \$4,325,687 in 1961. The company's earnings after taxes in 1962 were \$2,596,869 compared with a net income, after taxes, in 1961 of \$3,066,643.

The company reported net sales in 1962 of \$114,686,967, an increase of \$20,336,366 over the previous year's volume of \$94,350,601.

Mr. Snyder reported that throughout 1962 "the company continued its cost reduction programs and its concentrated effort to increase production efficiencies, as well as intensifying selling and merchandising efforts at all divisions."

He added that the company's established businesses continued to account for most of its sales and earnings. "In addition," he said, "activities in the consumer goods field were greatly enlarged and strengthened through several moves which will benefit the company in 1963 and ensuing years. Our newer products in the vitally important and growing automation field and in the field of programmed instruction gained a larger measure of acceptance in 1962 and, as predicted, are now just beginning to contribute to sales and earnings."

Mr. Snyder said that in the last three months of 1962 "the company experienced unexpected and simultaneous setbacks in several sectors of its operations." He singled out an intensely competitive price situation in the welded pipe business in California which affected the financial results of the Tubular Products Division. The Farm Products Division, he said, also encountered a depressed market combined with intensified competition in the dairy equipment industry, and "the hardest hit of its products was the refrigerated bulk milk holding tank, previously this division's largest profit producer." Finally, he said that the extended International Longshoremen's Association strike adversely affected several of U. S. Industries' larger divisions.—V. 196, p. 2225.

United States Lines—Revenues Up 12.3%—

The company grossed \$145,664,000 from passenger and cargo vessel operations in 1962, a 12.3% rise above the 1961 revenues of \$129,659,000, it was announced by Gen. John M. Franklin, Chairman.

Gen. Franklin said that the net operating earnings in 1962 amounted to \$8,507,693 after payment of almost \$7,000,000 in Federal income tax. The net operating earnings, after provision for dividends on preferred stock, are equivalent to \$4.69 per share on the 1,799,270 shares of common stock outstanding at Dec. 31, 1962.

In addition to the net operating earnings, there were capital gains of \$1,011,904, after adjustments for prior years, resulting from the trade-in of four vessels on a new vessel construction contract, the General said.—V. 197, p. 282.

United States Testing Co., Inc.—Net Higher—

Substantial financial gains and service expansions were accomplished in 1962 according to the annual report released by A. L. Brassell, President.

In the financial area, the report indicated that gross income reached \$4,285,829, a gain of 4.4% over 1961. Earned surplus advanced 7.3% to \$658,226, and net working capital increased by 22.9% to \$702,591.

With substantial earnings being plowed into expansion of services in many areas, net profit on the year's operations was \$71,108. That represented a gain of 26.8% over 1961.

The report described formation of Nationwide Consumer Testing Institute, Inc., a wholly-owned subsidiary devoted to the scientific evaluation of consumer products for the marketplace, as the most significant expansion of corporate services during the year. The subsidiary specializes in testing technology as applied to marketing, product development, and quality control, and its Seal of Quality indicates to the public that client products have met rigid specifications.

Another note of progress in the report was the extension during 1962 of the corporation's petroleum testing services to the West Coast, through establishment of laboratory facilities in San Pedro, California. The company previously had restricted to the Atlantic Seaboard its work in petroleum products inspection under license of the New York Produce Exchange.

During the year, the corporation entered the field of spectro-analyzed chemicals, after a period of market and technical evaluation, and as a result can now supply industry with a number of important organic solvents to specifications of the American Chemical Society.—V. 197, p. 1463.

U. S. Vitamin & Pharmaceutical Corp.—Quarterly Report—

Period Ended Feb. 28—	1963	1962
Net sales	\$4,675,804	\$3,373,725
Net profit	402,525	337,441
Per share	\$0.20	\$0.175
Shares outstanding	2,009,465	1,909,910

—V. 197, p. 1061.

United Utilities, Inc.—NYSE Listing—

On April 10, United Utilities, Inc., second largest of the nation's independent telephone systems, was listed on the New York Stock Exchange. It was assigned ticker symbol UT.

C. A. Scupin, President, purchased the first shares of United Utilities stock at a listing ceremony with Keith Funston, President of the exchange, to mark the start of trading.

Listed on the exchange were 5,364,238 shares of the company's common stock which previously was traded over-the-counter. There currently are 5,250,136 shares outstanding.

United Utilities, is a Kansas-chartered holding company, owning,

with minor exceptions, the common stocks of 14 operating telephone companies, a gas and electric concern, and a merchandising firm. Its property, plant and equipment are valued at nearly \$210 million. Total revenues for 1962, over 90% of which were derived from telephone operations, were \$55,673,486.

On March 30 the company paid its 72nd consecutive cash dividend to more than 19,000 shareholders, the latest disbursement setting an annual indicated rate of \$1.12 a share.

Earnings for the year 1962 totaled \$8,373,531 as compared to \$7,053,213 for the previous 12 months. Equal to \$1.61 a share, the 1962 earnings were 18% higher than those of the preceding year.

Appointment—

Bankers Trust Co., New York, has been appointed co-transfer agent for the common stock of the corporation.—V. 197, p. 1162.

Universal Match Corp.—Proposed Acquisition—

The company will acquire the business and assets of Winsmith, Inc., Springfield, N. Y., a major manufacturer of speed reduction gears, in a cash transaction, it was announced by Thomas B. Donahue, President of Universal Match, and James F. Murray, President and Treasurer of Winsmith.

"With this acquisition, we have achieved another goal in our efforts to build our industrial products group," Mr. Donahue said. "The Winsmith speed reduction gears will substantially enhance our position in the expanding field of power transmission drives."

Winsmith will complement the Ferguson Machine Division of Universal Match which produces machines and parts for automation, including power transmission equipment for driving conveyor lines, machine tools, and other types of automated production units.

Mr. Donahue also announced that Universal Match will purchase for cash the business and assets of Black Tool Co., Denver, Colo. Black Tool is a small producer of a unique "hi range" speed reducer.

"These acquisitions are sound developments for our company," Mr. Donahue said. "They will add over \$3,500,000 in annual sales volume and will make good contributions to earnings. In addition, they have growth potential in both sales and earnings."

Winsmith and Black Tool are privately held. Winsmith will be acquired by Universal Match as of April 15, 1963, and Black Tool as of April 10, 1963. The amounts involved in the two transactions were not reported.—V. 197, p. 1264.

Von's Grocery Co.—Sales, Net Higher—

The 1963 sales and earnings of the company should set new highs, T. A. Von der Ahe, President, told the annual meeting of stockholders.

Sales during the first 12-week period of this year (ended March 24, 1963) totaled \$50,942,096, against \$46,464,800 for the same period last year, an increase of 9.6%.

Net income for the first 12 weeks of the current fiscal year was \$1,020,015, the equivalent of 33 cents a share, up from \$918,567 or 29 cents a share for the first 12 weeks of 1962. This represents an increase of 11%.

Von's presently has 81 stores in operation. Ten more are slated for opening during the remainder of the year, seven in new locations, and three replacing existing units.—V. 197, p. 963.

Western Light & Telephone Co., Inc.—Rights Offering to Stockholders—The company is offering its common stockholders the right to subscribe for 113,811 additional shares at \$32 per share, on the basis of one new share for each 10 held of record April 5, 1963. Rights will expire April 23. Dean Witter & Co., San Francisco is the principal underwriter.

Net proceeds will be used for construction.

BUSINESS—The company of 2015 Forest Ave., Great Bend, Kansas is a public utility engaged principally in generating, purchasing, transmitting, distributing and selling electrical energy, in furnishing telephone service and, to a lesser extent, in distributing and selling natural gas and water.

As of Dec. 31, 1962, the company supplied electric service at retail to 52,674 customers in 144 communities and adjoining rural territory in Kansas. The four largest cities served are Great Bend, Dodge City, Liberal and Concordia. Electric energy was also supplied at wholesale to 13 municipalities in Kansas. As of the same date, the company also supplied telephone service to 4,925 subscribers in 42 communities and adjacent rural territory in Iowa, Kansas and Missouri, as well as natural gas to 5,424 customers in 11 communities and water to 6,863 customers in five communities, all located in Kansas.

Western Reserve Life Assurance Co. of Ohio—Annual Report—

The company has reported record gains for the year ended Dec. 31, 1962, in premium income, total assets and life insurance in force.

In the annual report to shareholders, W. Scane Bowler, Chairman, said that the company's life insurance in force at year-end amounted to \$83,295,847, an increase of 226% over the \$25,551,675 total on Dec. 31, 1961.

Premium income for the year climbed to \$1,697,338, against \$729,360 in 1961. Total assets of the Cleveland-based company rose to \$7,215,000, and increase of \$4,800,000 over assets of \$2,415,000 at 1961 year-end. All 1962 figures include the operations of the Pilgrim National Life Insurance Co., which Western Reserve acquired.

Mr. Bowler said that the company, with a year-end surplus of \$3,997,000, was continuing its search for acquisitions as a major aspect of its growth program. The 1962 surplus represents an increase of 157% over the \$1,554,000 surplus on Dec. 31, 1961.

"Our interest in acquisitions," he explained, "continues because by obtaining the business of older companies, we can add volume and premium income at considerably less cost than we could put a like amount of insurance on the books ourselves due to the high early-year expenses connected with each policy written."—V. 196, p. 2024.

Wheeling Steel Corp.—Private Financing Arranged—The corporation has completed arrangements to provide financing for its major expansion and improvement program which was announced last fall. The program, which is expected to cost an aggregate of \$145,000,000, is scheduled to be completed by the end of 1965. A recent announcement indicated that approximately \$60,000,000 in contracts with outside suppliers have already been awarded.

The company announced on April 8 that it has arranged for the sale through Kuhn, Loeb & Co. Inc. and The First Boston Corp., New York, of \$120,000,000 principal amount of 5.45% first mortgage bonds due Dec. 1, 1985 to a group of insurance companies. In addition, Wheeling Steel has established a revolving credit of \$20,000,000 with a group of banks. Of the funds to be received from issuance of the first mortgage bonds, approximately \$10,000,000 will be applied to retirement of all the company's outstanding mortgage indebtedness.

Under agreements negotiated by the investment banking firms, Wheeling will sell to the insurance companies \$105,000,000 of first mortgage bonds in installments on or before Dec. 31, 1964, and has the right to sell the balance of \$15,000,000 on or before Dec. 31, 1965.

The modernization and expansion program contemplates construction of a two-unit basic oxygen steel shop which will increase steel making capacity, a new 80-inch hot strip mill, a third continuous galvanizing line and other important improvements to production flexibility and quality. The program will consolidate and improve Wheeling's competitive position in the steel industry as well as its basic earning power, the company said.—V. 197, p. 762.

White Sewing Machine Corp.—Shows Profit for Yr.

The company has reported a turn-around from its 1961 loss to a 1962 profit with gains in both sales and earnings.

In its annual report, Chairman Vollmer W. Fries and President Edward S. Reddig stated that sales increased by approximately six per cent.

Nineteen sixty-two sales rose to \$26,509,913 from \$25,040,411 in 1961. Earnings during the past year reached \$105,240—despite a write-off of nearly \$100,000 due to devaluation of the Canadian dollar, and the continued existence of excess plants—compared to a loss of \$197,179 for the previous year. Total common shares of stock outstanding at the end of 1961 were 696,687; for the period ending Dec. 31, 1962—696,767.

Messrs. Fries and Reddig voiced optimism on the basic results of the past year and their related effect upon the current and succeeding years.

They stated that "overall, 1962 was the period in which the corporation reached a sound operating basis in all four of its divisions. Thus, each division as it is now constituted, is in a better position to take advantage of its inherent profit potential."

"We feel 1963 will reflect this improvement in both sales and earnings and that future years will substantially benefit from the growth patterns that have now been established."—V. 196, p. 2423.

Wilshire Oil Co. of Texas—Annual Report—

The company had gross income from all sources of \$1,830,356 in 1962, the highest in the company's history and an increase of \$631,392 over gross income of \$1,199,464 in the previous year. Robert L. Reed, President, stated in the annual report. Oil production during 1962 totaled 285,973 barrels, more than double the 112,358 barrels produced in 1961 and over four times oil production in 1960. Natural gas production amounted to 1,451,954 MCF, also more than double the 1961 volume of 663,048 MCF.

"The course of the company's principal development over the next several years was determined in December when, jointly with Cameron Petroleum Corp., approximately 90,000 net acres of oil, gas and mineral leases in the Arkoma Basin of Southeastern Oklahoma were purchased at a price of \$3,175,000," Mr. Reed told shareholders. "Rapid development of the company's Arkoma leases will be its major objective during 1963," he stated. Wilshire plans to initiate or participate in the drilling of over forty prospective gas wells on its Arkoma Basin acreage, on locations offsetting existing producing wells. An immediate market is expected to be available from gas produced at these locations. It is anticipated that this drilling program will extend into 1964."

After non-cash write-offs of \$592,495, Wilshire reported a loss for 1962 of \$573,799, compared with a loss of \$635,114 in 1961.—V. 196, p. 1705.

Wisconsin Michigan Power Co.—Bonds Offered—

On April 9, 1963, Equitable Securities Corp., Nashville; Francis I. duPont & Co. and Paribas Corp., New York, as joint managers of an underwriting group, offered publicly \$6,000,000 Wisconsin Michigan Power Co. first mortgage bonds, 4 1/2% series due April 1, 1993. The bonds were priced at 102.50% and accrued interest to yield 4.35% to maturity.

The group was awarded the bonds at competitive sale April 8 on its bid of 101.911% which named the 4 1/2% coupon. Other bids for the bonds, all as 4 1/2%, came from Kidder, Peabody & Co. and White, Weld & Co., jointly, 101.78; Salomon Brothers & Hutzler and Merrill Lynch, Pierce, Fenner & Smith Inc., jointly, 101.714, and Halsey, Stuart & Co., 101.50.

REDEMPTION FEATURES—The new bonds are redeemable at regular redemption prices ranging from 107% to par; and at sinking fund redemption prices ranging from 102.50% to par.

PROCEEDS—Of the proceeds \$3,000,000 will be used for the redemption and retirement of its presently outstanding first mortgage bonds, 5 3/4% series due 1989, and \$2,500,000 will be used to retire outstanding short-term bank loans. The balance will be used to reimburse the treasury for capital expenditures previously made and to finance in part the cost of additions and improvements to the company's utility property.

BUSINESS—The company of 231 West Michigan St., Milwaukee is an electric and gas utility company operating in the east-central and northern portions of Wisconsin and in the Northern Peninsula of Michigan.—V. 197, p. 1111.

(Alan) Wood Steel Co.—Shows Profit for Quarter

The company has reported that net sales and operating revenues amounted to \$14,545,000 for the first quarter of 1963. Net income for the period was \$218,000 after income taxes. This is the first quarter of profitable operations the company has had since it started up its new mills in August, 1961. Earnings per common share amounted to 23 cents after preferred dividend requirements.

According to Harleston R. Wood, President and Chairman, the profit "reflects a continuing improvement in the performance of the company's new Blooming Mill and Plate Mill and a steadily improving order situation." He further commented that "although the net sales and operating revenues were \$3,349,000 less than the \$17,894,000 for the first quarter of 1962, the improvement in performance is clearly demonstrated by the fact that in the first quarter of last year, the company lost \$209,000 after income taxes in spite of the higher volume of sales."—V. 197, p. 566.

STATE AND CITY DEPARTMENT

BOND PROPOSALS AND NEGOTIATIONS

ALABAMA

Bessemer, Ala.

Bond Offering—Francis C. Jones, City Clerk, will receive sealed bids until 10 a.m. (CST) on April 23 for the purchase of \$800,000 hospital bonds. Dated Feb. 1, 1963. Due on Feb. 1 from 1964 to 1993 inclusive. The bonds are callable. Interest F-A. Legality approved by White, Bradley, Arant, All & Rose.

Decatur, Ala.

Bond Sale—The \$900,000 improvement bonds offered April 9 were awarded to the Citizens & Southern National Bank, Atlanta, at a net interest cost of about 2.59%.

Enterprise, Ala.

Bond Sale—The \$127,000 improvement bonds were sold to the First National Bank, Memphis.

Etowah County School District (P. O. Gadsden), Ala.
