¹ \$5,286, charged off by a bank, subsequently restored.

In reviewing the condition of national banks as shown by the periodical returns it is of interest to note the general situation, particularly in respect of the public debt, the interest charge thereon, operations of the clearing houses, prices for money, foreign trade as

represented by imports and exports, including transactions in the precious metals, and the returns to shareholders in dividends on their bank stock.

The indebtedness of the Government, less cash in the Treasury, on June 30, 1913, was \$1,028,344,055, of which \$965,706,610 was interest-bearing, the annual interest charge being \$22,835,330, averaging 2.36 per cent. The circulating medium, consisting of specie, legal tenders, and national-bank notes, was \$3,720,070,016, of which \$356,331,567 is the amount held in the United States Treasury, the remainder, \$3,363,738,449, being in circulation. Based on the estimated population of continental United States on June 30, the per capita of money in circulation was \$34.56. Of the amount in circulation, 46.2 per cent is included in the assets of national, State, and private banks, leaving 53.8 per cent with the public at large.

The transactions of the clearing houses of the United States, as represented by the volume of clearings, reached \$173,765,288,000, exceeding the operations of the prior year by \$5,564,362,000.

Foreign commerce in merchandise aggregated \$4,278,862,383, the exports amounting to \$2,465,884,149, the imports to \$1,812,978,235, or less by \$652,905,915 than the volume of exports. Foreign trade for the year exceeded the volume in 1912 by \$421,275,040. In addition to the trade in merchandise, gold was exported to the amount of \$77,762,622, or \$8,568,597 in excess of the imports. Silver exports amounted to \$71,614,311, or \$30,345,795 in excess of the imports. Thus the exports of gold and silver combined exceeded the imports of these metals for the year by \$38,914,392.

Money has been firm generally and in the New York market rates for both time loans and commercial paper ruled higher than in any year since 1907.

Based on capital and surplus, the gross earnings of national banks during the year were greater by over 2 per cent than during the prior year. While there has been a notable depreciation in the market value of standard and other securities, necessitating a cut in the undivided profit account of the banks, shareholders of national banks received dividends at the average rate of 11.4 per cent as against an average of 11.01 per cent for the prior five years.

In connection with information relative to the operation of national banks, elsewhere in this report are submitted statistics relating to the condition of some 18,500 State and private banks from which returns were received for June last. The capital of national and other banking institutions is shown to amount to \$2,096,800,000, of which slightly more than one-half is the capital of national banks. Of individual deposits aggregating \$17,475,700,000, national banks held approximately one-third, and of the total assets, stated at \$25,712,100,000, approximately two-fifths are those of national banks.

In the introductory table of this report is shown the condition of national banks as represented by their assets and liabilities in detail at date of each return from November 26, 1912, to August 9, 1913. The number of banks reporting increased during the period in question from 7,420 to 7,488. While the aggregate amount of assets reached the maximum—\$11,185,599,266—on February 4, the returns on April 4 show a decline of \$103,624,933, a further decline of \$45,054,576 by June 4, and \$160,067,413 by August 9. Hence

between February 4 and August 9 there was a decrease in assets of \$308,746,922.

Loans and discounts standing at \$6,058,982,029 in November, 1912, increased to \$6,178,096,379 on April 4 of the current year, decreased to \$6,143,028,132 on June 4, but rose to \$6,168,555,525 on August 9.

United States bonds on deposit to secure circulation were lowest at the beginning of the year, viz, \$728,482,810, and at the maximum, \$735,809,330 at the close of the year, a net increase of \$7,326,520. Including with bonds to secure circulation, those pledged as security for public deposits and those held in bank, the investment of national banks in United States bonds increased from \$782,385,270 in November, 1912, to \$790,023,283 at the close of the year, the total investment in securities of this character showing an increase of \$7,638,013. These amounts are exclusive of the premiums on the bonds, which at the beginning of the year were stated at \$7,059,551, and at the close of the year at \$6,605,248.

Investments in bonds and securities other than those issued by the Government amounted in November, 1912, to \$1,069,971,558, a slight increase being shown at the date of each subsequent call to August 9, when the amount reported was \$1,095,906,346, an increase during the period of \$25,934,788.

Specie and other lawful money in bank was at the minimum in November, 1912, amounting on that date to \$859,098,737, with an increase to the high point of \$933,417,231 on February 4. Between this date and the April call there was a drop of some \$45,000,000, or to \$888,283,735. The banks recovered in lawful money between the last-named date and June 4 over \$25,000,000, the amount held on the latter date being \$913,982,640. On August 9 the cash holdings had fallen to \$899,169,374, or \$34,300,000 less than in February, but \$4,000,000 more than at the date of the corresponding returns in 1912.

Paid-in capital stock increased from \$1,045,092,580 in November, 1912, to \$1,056,919,792 in June, 1913, but on the August call had declined to \$1,056,345,786, but the net increase for the year was \$11,253,206. Capital and surplus combined showed a steady increase from \$1,747,092,413 to \$1,781,679,415, the increase, roundly stated, being \$34,600,000. Combining net undivided profits with capital and surplus, funds representing shareholders' interest in the banks, it is noted that these funds increased during the year approximately \$26,000,000, or from \$2,015,099,668 in November, 1912, to \$2,041,228,571 at the close of the current year.

Individual deposits reached the maximum on February 4, amounting on that date to \$5,985,432,295, but declined at the close of the year to \$5,761,338,731, a decrease of \$224,093,564.

United States deposits, including disbursing officers' accounts and postal savings deposits, showed an increase at date of each report during the year, beginning at \$61,935,937 and closing with \$77,094,619, the net increase being approximately \$15,000,000.

Rediscounts and bills payable, amounting to \$71,881,568 in November, 1912, declined to \$51,447,598 on February 4, the low point during the year; increased to \$56,532,538 in April, to \$72,906,775 in June, and to \$109,106,570 in August.

What is characterized as banking power, that is capital, surplus, and other profits, deposits and circulation of national banks, based on the periodical reports for the year, averaged \$8,748,026,626, or \$1,177,234 per bank.

LOANS AND DISCOUNTS OF NATIONAL BANKS.

In connection with periodical statements relating to the assets and liabilities of national banks, each report states in detail the amount and character of loans. The variations in proportions are not notable. Statistics herewith presented are based upon returns for comparable dates in June during the past three years. As will be noted, the paper is divided into two general classes, demand and time, and the former subdivided into paper with one or more individual or firm names, and paper secured by stocks, bonds, and other collateral. Time paper is shown in three classes: first, that with two or more individual or firm names; single name (one person or firm), without other security; and third, paper secured by stocks and bonds and other personal security, including liens on real estate. From June 7, 1911, to June 4, 1913, the volume of loans increased from \$5,610,838,787 to \$6,143,028,133. On June 4 last 25.8 per cent of the banks' loans was demand, and 74.2 per cent time paper. Of this class 33.1 per cent represents time paper with two or more individual or firm names, the single name time paper being 20.5 per cent, and time paper secured by stocks, bonds, etc., 20.6 per cent.

In the following table are shown the changes in amounts and percentages of the various classes of paper in June 1911, 1912, and 1913:

Class.	June 7, 1911.		June 14, 1912.		June 4, 1913.	
	Amount.	Per cent.	Amount.	Per cent.	Amount.	Per cent.
On demand, paper with one or more individual or firm names.....	\$529,732,999	9.4	\$571,345,681	9.6	\$603,735,269	9.8
On demand, secured by stocks, bonds, and other personal securities.....	953,751,600	17.0	985,421,576	16.6	980,989,427	16.0
On time, paper with two or more individual or firm names.....	1,885,135,321	33.6	1,973,453,245	33.1	2,032,569,547	33.1
On time, single-name paper (one person or firm) without other security.....	1,124,716,389	20.0	1,198,505,689	20.1	1,261,484,534	20.5
On time, secured by stocks, bonds, and other personal securities, or on mortgages or other real-estate security.....	1,117,502,478	20.0	1,225,178,240	20.6	\$1,264,249,356	20.6
Total.....	5,610,838,787	100.0	5,953,904,431	100.0	6,143,028,133	100.0

The distribution and proportion of loans and discounts in the banks of New York, in all central reserve cities, other reserve cities, and in country banks are shown in the accompanying table:

Banks in—	Loans.					
	June 7, 1911.		June 14, 1912.		June 4, 1913.	
	Amount.	Per cent.	Amount.	Per cent.	Amount.	Per cent.
New York.....	\$903,566,433	16.1	\$959,068,755	16.1	\$886,966,804	14.4
New York.....	1,338,814,875	23.8	1,409,950,769	23.6	1,315,735,177	21.4
Chicago.....						
St. Louis.....						
Other reserve cities.....	1,496,311,535	26.7	1,589,419,537	26.5	1,640,317,608	26.7
All reserve cities.....	2,835,126,410	50.5	2,990,370,306	50.1	2,956,052,785	48.1
Country.....	2,775,712,377	49.5	2,963,534,125	49.9	3,186,975,348	51.9
Total.....	5,610,838,787	100.0	5,953,904,431	100.0	6,143,028,133	100.0

As about 15 per cent of the loans of all national banks are made by banks located in the city of New York, the following statement is of interest as showing the amount and character of loans by banks in that city on comparable dates in 1908 to 1910, and also in 1911, 1912, and 1913.

Loans and discounts.	Sept. 23, 1908, 37 banks.	Sept. 1, 1909, 38 banks.	Sept. 1, 1910, 39 banks.	June 7, 1911, 40 banks.	June 14, 1912, 37 banks.	June 4, 1913, 36 banks.
On demand, paper with one or more individual or firm names.....	\$6,800,529	\$7,708,853	\$9,948,094	\$9,356,484	\$17,796,847	\$13,486,717
On demand, secured by stocks, bonds, and other personal securities.....	374,548,964	385,430,495	328,145,065	331,736,688	326,897,301	302,904,035
On time, paper with two or more individual or firm names....	146,194,094	145,989,671	176,608,890	177,331,562	171,791,524	178,030,288
On time, single-name paper (one person or firm), without other securities.....	132,737,553	163,098,915	170,708,005	197,030,419	219,172,889	189,754,147
On time, secured by stocks, bonds, and other personal securities, or on real-estate mortgages or other liens on realty.....	245,372,335	223,425,689	188,470,806	188,111,280	223,410,194	202,791,617
Total.....	905,653,475	925,653,623	873,880,860	903,566,433	959,068,755	886,966,804

The amount and class of loans of all national banks on approximate dates in 1902 to 1910 and 1911 to 1913 are shown in the following table:

Date.	Number of banks.	On demand, paper with one or more individual or firm names.	On demand, secured by stocks, bonds, and other personal securities.	On time, paper with two or more individual or firm names.	On time, single-name paper (one person or firm), without other security.	On time, secured by stocks, bonds, and other personal securities, or on mortgages or other real-estate security.	Total.
		<i>Millions.</i>	<i>Millions.</i>	<i>Millions.</i>	<i>Millions.</i>	<i>Millions.</i>	<i>Millions.</i>

LOANS MATURING IN 90 DAYS OR LESS.

In addition to the usual information submitted by national banks in relation to the amount and character of their loans, national banks were requested to segregate and report the amount of their loans maturing in 90 days or less, from August 9, 1913. The information desired was given by 7,096 of the 7,488 banks in operation on that date. Of the total volume of loans of the reporting banks, stated at \$6,022,406,597, the paper running for 90 days or less aggregated \$3,428,055,157, or 56.92 per cent. Of this short-time paper, 18½ per cent is on demand.

In the following statement is shown the amount of demand paper, together with time paper of each class maturing in 90 days from the date in question:

Classes.	Loans maturing in 90 days or less.
A. On demand (one or more names).....	\$252,144,881
B. On demand, secured by stocks, bonds, etc.....	334,583,183
C. On time (two or more names).....	1,294,695,469
D. On time, single name, without other security.....	773,791,174
E. On time, secured by stocks, bonds, etc.....	701,409,087
F. Secured by real-estate mortgages, etc.....	21,431,413
Total.....	3,428,055,157
Maturing in over 90 days.....	2,594,351,440
Total.....	6,022,406,597

For the purposes of comparison with the foregoing general statement, there is submitted herewith information relating to the amount of each character of paper maturing in 90 days from August 9, and the aggregate of all other paper reported by national banks in each of

the three central reserve cities, in other reserve cities, and by country banks:

Loans maturing in 90 days or less from August 9, 1913.

	New York, 36 banks.	Chicago, 9 banks.	St. Louis, 7 banks.	Central re- serve cities, 52 banks.
A. On demand (one or more names).....	\$7,004,989	\$6,196,249	\$2,412,125	\$15,613,363
B. On demand, secured by stocks, bonds, etc....	128,361,990	19,759,293	5,276,533	153,397,816
C. On time (two or more names).....	125,527,742	73,754,071	23,814,102	223,095,915
D. On time, single name, without other security.....	116,680,948	52,386,018	11,096,501	180,163,467
E. On time, secured by stocks, bonds, etc.....	121,086,821	44,740,103	20,025,680	185,852,604
F. Secured by real-estate mortgages, etc.....	303,812	208,864	12,951	525,627
Maturing in 90 days or less.....	498,966,302	197,044,598	62,637,892	758,648,792
Maturing in over 90 days.....	437,942,142	131,979,772	46,524,081	616,445,995

RESERVES OF NATIONAL BANKS.

Under the provisions of the act of May 30, 1908, national banks are exempted from maintaining a reserve against United States deposits, which are held to include not only deposits made by direction of the Secretary of the Treasury, but deposits of United States disbursing officers and postal savings funds, that is, all Government accounts upon which interest is paid. In computing the reserve required and held, to the net amount due to national and other banks is added dividends unpaid and individual deposits, and from the gross amount so obtained the following deductions are made: Checks on other banks in the same place, exchanges for clearing houses, and national-bank notes. The remainder is the amount upon which the required 25 or 15 per cent reserve is determined. The 5 per cent redemption fund is then deducted, leaving the net reserve required to be held. Under the law, national banks located in the central reserve cities are required to maintain a reserve of 25 per cent, all of which must be held in bank. The same percentage of reserve is required for other reserve city banks, but one-half of the amount required may be deposited with correspondents, in the central reserve cities. The country bank requirement is 15 per cent, of which two-fifths must be in bank, and three-fifths may be with correspondents in central or other reserve city banks.

On November 26, 1912, against deposits subject to reserve requirements aggregating \$7,034,844,399, banks held reserves of \$1,431,275,-556, or 20.35 per cent, the aggregate reserve held being \$31,000,000 in excess of the legal requirement. Deposits subject to reserve in

the three central reserve city banks were \$1,521,666,703, reserve required \$380,416,675, reserve held \$371,135,255, the average for the three cities being 24.39 per cent. On the same date deposits of other reserve city banks totaled \$1,927,292,934; the reserve required \$481,823,233, and the reserve held \$471,759,700, or 24.48 per cent. The average for central and all other reserve city banks was 24.44 per cent. The country banks' deposits on the same date were \$3,585,884,760; reserve required \$537,882,714, and the amount held \$588,380,600, or 16.41 per cent. On February 4 the central reserve city banks' reserve averaged 25.58 per cent, other reserve city banks 25.09 per cent, making an average for the two classes 25.31 per cent. The reserve for the country banks was 16.45 per cent, and the average for all reporting banks 20.91 per cent. On April 4 the reserve in central reserve city banks averaged 24.33 per cent, that of other reserve city banks 24.75 per cent, with an average for all reserve city banks of 24.56 per cent. On the same date the country banks held reserve at an average rate of 16.42 per cent, and all banks 20.44 per cent. The average reserve of the central reserve city banks was at the maximum, 26.12 per cent, on June 4, while the average for other reserve city banks was 24.83 per cent. The country banks' average rate had increased to 16.62 per cent, while that of all banks was 20.95 per cent. The report for August 9, the last of the year, shows that while the average rate for central reserve cities was 25.41, that of New York was 26.42 per cent, against 22.92 and 22.93 per cent, respectively, for Chicago and St. Louis. In other reserve city banks the average was 25.27 per cent, and the average for all reserve city banks 25.33 per cent. The average rate in country banks dropped to 16.23 per cent. Deposits in all banks on this date were \$7,096,690,068, the reserve required \$1,414,601,768, and the amount held \$1,470,487,279, or 20.72 per cent.

While the law only permits a specific percentage of a bank's reserve to be maintained elsewhere than in its own vaults, the excessive credits, not taken into consideration in computing the reserve held, placed the banks in a better condition to meet liabilities than would appear from the foregoing references to the percentages of reserves held upon the dates indicated. With that condition in view, there is submitted herewith a statement based upon the returns for the five calls, showing the percentage of legal reserve as well as the percentage available at date of each report in each and all classes of banks:

Class of banks.	Nov. 26, 1912.		Feb. 4, 1913.		Apr. 4, 1913.		June 4, 1913.		Aug. 9, 1913.

¹ Deficit.

CHANGES IN LOANS, BONDS, CASH, AND DEPOSITS.

In addition to the general résumé relating to the condition of the banks of the country at date of various returns during the year, it is of interest to note the changes in the principal assets and the individual deposits in banks, and for that purpose there is submitted herewith a statement by geographical divisions, showing the amount of loans, bond investments, cash in bank, and individual deposits, together with the averages for the year.

The table in question follows:

Changes in volume of principal assets and in deposits, by geographical divisions, 1912-13.

[In thousands of dollars.]

Divisions and dates.	Loans.	Bonds, etc.	Cash and cash items.	Individual deposits.

Information comparable with the foregoing but classified to show the fluctuations in banks in central reserve and other reserve cities in the country appears in the table following. It will be noted that the deposits in the central reserve cities were at the maximum on February 4, 1913, and at the low point on August 9, falling from \$1,030,956,000 in February to \$900,260,000 in August. The low point in cash holdings was reached by other reserve city banks in August, while their deposits were at the maximum on June 4. Individual deposits in country banks were at the high point on April 4, and lowest during the period in question on November 26, 1912, while the cash holdings were highest on June 4 and lowest on August 9. The average individual deposits in the central reserve city banks, based on the five reports of the year, were \$982,607,000, and the average amount of cash and cash items \$567,648,000. The average deposits in other reserve city banks were \$1,403,843,000, and the cash and cash items \$331,827,000, while the average deposits in country banks were \$3,536,265,000, and their average holdings of cash and cash items \$324,298,000.

Loans, bonds, cash, and individual deposits of national banks at date of each call from Nov. 26, 1912, to Aug. 9, 1913, inclusive, in central reserve cities, and other reserve cities, and the country, together with the average for each section, 1912-13.

SAVINGS DEPOSITORS AND DEPOSITS IN NATIONAL BANKS.

By reason of the strong competition for deposits and incidentally the payment of higher rates of interest on savings than on other accounts on the part of trust companies and other State banking institutions, the establishment of savings departments or the payment of interest on savings accounts by national banks has notably increased until at the present time about 45 per cent of the banks have taken that action, as shown by the reports relating to the number and volume of savings accounts.

The number of savings depositors or savings deposit accounts increased from 2,773,684 on November 26, 1912, to 3,020,831 on August 9, 1913, and funds to the credit of these depositors from \$776,481,362 in November, 1912, to \$824,476,995 in June last, although by August 9 there was a decline, as in the case of other deposits, when the amount of these accounts had fallen to \$820,639,410. Notwithstanding this decline in volume there was a net increase during the year in savings accounts of \$44,158,049. The average amount of savings deposits, based on the five returns for the year, is shown to have been \$808,964,471, representing approximately 13.66 per cent of the average of all individual deposits. The average savings account is estimated at \$265.

Based on the August 9 returns, the greatest amount, as well as the highest percentage of savings deposits, was held by national banks located in the Eastern States. In this section 17.76 per cent of all deposits are savings. The percentage in the banks in the Southern States is 15.38, Middle Western States 13.20, the New England States 12.21, and the Pacific States, including Hawaii, 11.02.

The number of savings depositors, amount of savings deposits, together with the average savings account based on the reports for the current year, are shown in the following table:

Number of savings depositors and amount of savings deposits in national banks.

Date.	Number of reporting banks.	Number reporting savings deposits.	Number of depositors.	Amount of deposits.	Average deposit.
Nov. 26, 1912.....	7, 420	3, 331	2, 773, 684	\$776, 481, 362. 49	\$280. 00

CLASSIFICATION OF NATIONAL BANKS BY CAPITAL STOCK.

In another part of this report there is a table in which national banks are classified according to capital stock and by States and geographical divisions. The banks are divided into the following classes: Those of \$25,000, over \$25,000 and less than \$50,000, \$50,000 and less than \$100,000, \$100,000 and less than \$250,000, \$250,000 and less than \$1,000,000, \$1,000,000 and less than \$5,000,000, and \$5,000,000 and over. The classification in question is based upon the returns for August 9 and includes 7,488 banks. There are a limited number of banks with capital of over \$25,000 and less than \$50,000, and although all banks with capital of less than \$50,000 represent 32.34 per cent in number, the capital represented is but 6.07 per cent of the aggregate. Banks with capital from \$50,000 and over but less than \$250,000 number 4,383, or 58.54 per cent, while the capital represented by these banks is 36.10 of the aggregate. There are 665 banks with capital ranging from \$250,000 and over but less than \$5,000,000. In number these banks represent 8.88 per cent and in capital 41.26 per cent of the total capital. There are 18 banks with capital of \$5,000,000 or over, less than one-fourth of 1

per cent of the banks in operation, but representing 16.57 per cent of the aggregate capital.

Number of national banks, classified by capital (paid in), on Aug. 9, 1913.

Class.	Number.	Per cent.	Amount.	Per cent.
\$25,000.....	2,037	27.20	\$51,082,061	4.84
Over \$25,000 and less than \$50,000.....	385	5.14	12,978,450	1.23
\$50,000 and less than \$100,000.....	2,339	31.24	125,199,220	11.85
\$100,000 and less than \$250,000.....	2,044	27.30	256,198,125	24.25
\$250,000 and less than \$1,000,000.....	506	6.76	201,882,230	19.11
\$1,000,000 and less than \$5,000,000.....	159	2.12	234,005,700	22.15
\$5,000,000 and over.....	18	.24	175,000,000	16.57
Grand total.....	7,488	100.00	1,056,345,786	100.00

RELATION OF CAPITAL TO DEPOSITS, ETC., OF NATIONAL BANKS.

The capital of the banks in relation to individual deposits, to loans, and to aggregate resources, as well as the relation of capital and other profits to individual deposits, and the amount of specie and legal tenders to individual deposits, are shown in the following tables for comparable dates in the years 1910 to 1913, inclusive. As will be noted the relation of the various items changes but slightly from year to year.

The table in question follows:

Items.	1910	1911	1912	1913
Capital to individual deposits.....	\$1.00 to \$5.13	\$1.00 to \$5.35	\$1.00 to \$5.63	\$1.00 to \$5.45
Capital to loans.....	1.00 to 5.45	1.00 to 5.52	1.00 to 5.77	1.00 to 5.84
Capital to aggregate resources.....	1.00 to 9.80	1.00 to 10.12	1.00 to 10.48	1.00 to 10.30
Capital and surplus and other profits to individual deposits.....	1.00 to 2.74	1.00 to 2.84	1.00 to 2.96	1.00 to 2.82
Specie and legal tenders to individual deposits.....	1.00 to 6.04	1.00 to 6.14	1.00 to 6.58	1.00 to 6.41

BOND AND OTHER SIMILAR INVESTMENTS BY NATIONAL BANKS.

Excluding premium on United States bonds, stated at \$6,876,636, the national banks' investments in United States bonds and other similar securities represented 17 per cent of the aggregate assets as shown by the returns for the call of June 4 last. The total of these investments is \$1,882,812,145, the increase from the amount held on the corresponding date in 1912 being \$1,853,825,171. Investments in United States bonds aggregated \$788,626,560, of which \$735,226,870 was held by the Treasurer of the United States as security for circulation and \$47,061,690 as security for public deposits. In addition the banks hold unpledged United States bonds to the amount of \$6,338,000. The next important investment is in railroad bonds, which amount to \$345,204,195. Other public service corporation bonds are listed in the sum of \$197,459,668, while the investment in State, county, and municipal bonds totals \$175,345,382.

As will be noted by reference to the table following, showing in detail the investments of the banks in bonds and other securities, \$1,094,185,585 is the total of these securities, exclusive of United States bonds.

The table follows:

Class.	June 14, 1912.	June 4, 1913.
State, county, and municipal bonds.....	\$179,322,004	\$175,345,382
Railroad bonds.....	354,321,271	345,204,195
Other public service corporation bonds.....	195,452,530	197,459,668
All other bonds.....	223,500,814	220,120,541
Stocks (presumably taken for debt).....	43,097,143	52,085,149
Warrants, claims, judgments, etc.....	37,884,505	38,902,358
Various securities with the Treasury as security for public deposits.....	31,163,415	43,597,930
Foreign Government bonds.....	8,615,102	17,960,704
Other foreign bonds and securities.....	4,426,217	3,509,658
Total bonds other than United States.....	1,077,733,001	1,094,185,585
United States bonds to secure circulation.....	721,395,970	735,226,870
United States bonds to secure United States deposits.....	46,273,660	47,061,690
United States bonds on hand.....	8,372,540	6,338,000
Total United States bonds.....	776,042,170	788,626,560
Total bonds of all classes ¹	1,853,825,171	1,882,812,145

¹ Premium on United States bonds amounting to \$6,876,636.89 not included.

PRODUCTIVITY OF LOANS AND BOND INVESTMENTS.

As the income of banks is obtained almost wholly from interest on loans and the return upon bonds and other securities, a statement is submitted herewith indicating the percentage of gross earnings of the banks as reported for the year ended June 30 to the volume of loans and investments reported by the banks on August 9, the next succeeding call. As will be noted, computations are made for each geographical division of the country. The total amount representing loans and investments is shown to be \$8,061,090,393, and the gross earnings of the banks \$499,252,336, or 6.19 per cent. The highest percentage returned is that obtained by the banks in the western division, viz, 8.33, and the lowest the Eastern States, 5.62. The rate in the New England States is 5.88.

In the accompanying table is shown the amount of loans, other investments, gross earnings of the banks, and the percentage of gross earnings to total investments for each geographical division:

Divisions.	Loans.	Bonds, etc.	Total investment.	Gross earnings.	Per cent of gross earnings to total investment.
New England States.....	\$496,139,607	\$169,419,358	\$665,558,965	\$39,167,912	5.88
Eastern States.....	2,276,923,907	830,234,713	3,107,158,620	174,578,785	5.62
Southern States.....	812,345,233	201,756,237	1,014,101,470	70,878,537	6.99
Middle Western States.....	1,745,709,787	447,345,080	2,193,054,867	133,234,332	6.08
Western States.....	406,426,525	100,777,797	507,204,322	42,236,192	8.33
Pacific States.....	429,232,861	142,009,779	571,242,640	38,977,549	6.82
Hawaii.....	1,777,605	991,904	2,769,509	179,029	6.46
Total.....	6,168,555,525	1,892,534,868	8,061,090,393	499,252,336	6.19

PERCENTAGE OF PRINCIPAL ITEMS OF ASSETS AND LIABILITIES OF NATIONAL BANKS.

Based upon conditions for a series of years it appears that approximately 70 per cent of the banks' assets are represented by loans and discounts, United States bonds, and lawful money, and a like percentage of liabilities by capital, surplus and other profits, and individual

deposits. As will be noted by reference to the table following, loans and discounts represent 56.9 per cent, United States bonds 7.3 per cent, lawful money in bank 8.3 per cent of the total assets, and that the capital represents 9.7 per cent, surplus and profit 9.1 per cent, and individual deposits 53 per cent of the liabilities, as shown by the returns on August 9:

Items.	1904	1905	1906	1907	1908	1909	1910	1911	1912	1913
	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>	<i>Per ct.</i>

DEVELOPMENT IN NATIONAL BANKING.

The development of national banking is graphically portrayed in the accompanying table relating to the combined capital and surplus, the individual deposits, deposits of every character, circulation reported outstanding, loans and discounts, and lawful money in bank. The table in question covers the years beginning February 6, 1903, and closing August 9, 1913. Without an exception, the combined capital and surplus of the banks steadily increased from call to call during this period, the net increase being \$699,300,000, or from \$1,082,400,000 to \$1,781,700,000. The increase in capital and surplus was attended by a notable increase in circulation from \$335,200,000 in February, 1903, to \$627,600,000 in February, 1908. It will be noted that between May, 1907, and February, 1908, circulation increased approximately \$80,000,000, a material portion of which was issued as a result of the efforts of the Treasury Department to meet extraordinary demands for currency during the panic by increasing public deposits with the banks, contingent upon their increasing their note issues. By November, 1908, however, the banks retired a portion of their issues, the reduction during that period amounting to \$28,300,000. Early in 1909 2 per cent consols declined to 101½, and at the close of that year were held at from par to 102. This same range prevailed during 1911 and 1912. The market price of these bonds was at or above par up to July, 1913, when there was a drop to 97.09. The average net price in October last was 96.63. As the price of bonds declines the profit on the issue of circulation secured thereby increases. It was thus inevitable that the banks would increase their circulating-note issues, and the returns show that between the fall of 1908 and August, 1913, the increase was, roundly, \$25,200,000.

Normal increases are shown with seasonal fluctuations in the volume of individual deposits and of aggregate deposits upon which the reserve required is determined. The increase of individual deposits in this ten-year period was from \$3,159,500,000 to \$5,761,300,000, and aggregate deposits from \$4,580,900,000 to \$7,948,600,000.

Loans and discounts approximating in volume individual deposits, while indicating seasonal fluctuations as in the case of deposits, show

generally increases from report to report, the increase during this period being from \$3,386,600,000 to \$6,186,900,000. While, as stated, the volume of individual deposits and loans and discounts generally bear the same relative proportion to aggregate liabilities and assets, respectively, a notable exception appears in the returns for August last, on which date the loans and discounts exceeded the deposits by \$425,600,000, and while the proportion of individual deposits to aggregate liabilities is about normal, the proportion of loans and discounts to assets was greater than at any other time during this ten-year period, the percentage being 56.9, against the previous high point of 56.1, in 1907.

This over-expanded condition, however, was relieved by the action of the Secretary of the Treasury in increasing the deposits of public moneys with depositary banks to the extent of about \$34,000,000, mainly in the aid of crop movements. Between August 9 and October 31 the banks' liabilities to the Government increased from \$57,304,000 to \$98,069,000.

As will be noted, the proportion of specie and legal tenders to individual deposits under normal conditions fluctuates between 15 and 19 per cent. In the fall of 1906 the proportion fell to 14.43 per cent, but was above that point at every subsequent report, although the percentage in November, 1912, was but 14.45, and in April, 1913, 14.88. In June and August, 1913, the percentages were 15.35 and 15.61, respectively. The percentage of lawful money to aggregate deposits ranged generally from 11 per cent to about 13 per cent, but it will be noted that there was a drop to ten and a fraction in the fall of 1906 and spring of 1907, and again in November, 1912, and April, 1913. In June and August of the last-named year the proportions were 11.22 per cent and 11.31 per cent, respectively. With the exception of the returns for September, 1906, when the percentage dropped to 13.99, the proportion of lawful money to loans and discounts exceeded 14 per cent, occasionally but rarely reaching 18 per cent.

The table referred to is submitted herewith.

Capital and surplus, individual deposits, aggregate deposits, amount of circulation outstanding, loans and discounts (including overdrafts), specie and legal tenders, together with the percentage of specie and legal tenders to individual deposits, all deposits, and to loans and discounts of national banks, as shown by their returns for each call from February, 1903, to August, 1913.

[Amounts in millions of dollars.]

Aggregate deposits include: Due to other national banks, due to State banks and bankers, due to trust companies and savings banks, due to approved reserve agents, dividends unpaid, individual deposits, United States deposits, postal savings deposits, deposits of United States disbursing officers.

BONDED DEBT OF THE UNITED STATES AND NATIONAL-BANK HOLDINGS.

At the close of the year ended October 31, 1913, the bonded debt of the United States available as security for national-bank circulation was as follows: Consols of 1930 (twos) \$646,250,150, loan of 1908 (threes) \$63,945,460, loan of 1925 (fours) \$118,489,900, Panama Canal loans of 1906 and 1908 (twos) \$84,631,980. The bonds unavailable as security for circulation are the Panama Canal loan (threes) issued to the amount of \$50,000,000 and postal savings bond (two-and-a-halves), of which five series have been issued aggregating \$3,506,000. Of the bonds available as security for circulation, there are on deposit \$743,513,990. In addition to the bonds deposited as security for circulation the Treasury holds like securities to the amount of \$23,604,100 as security for public deposits. As the Treasury holds in the aggregate \$113,218,833 in bonds of various classes and commercial paper as security for public deposits, it appears that \$89,614,733 is the amount of securities held in addition to United States bonds. The latest returns show that the national banks' investments in United States bonds represent 80 per cent of the bonded debt of the United States.

The Government bonded debt in detail, together with the amount and kinds of Government bonds on deposit to secure circulation and Government deposits, the issues of postal savings bonds, and various other bonds, etc., held as security for public deposits, are shown in the following table:

Interest-bearing bonded debt of the United States and bonds on deposit to secure national-bank circulation and Government deposits, Oct. 31, 1913.

Class.	Bonded debt.	Bonds on deposit to secure circulation.	Bonds on deposit to secure Government deposits.
Consols of 1930 (twos).....	\$646,250,150	\$604,264,950	\$13,510,700
Loan, 1908-1913 (threes).....	63,945,460	22,245,100	4,146,200

Total.....	966,823,490	743,513,990	113,218,833

DEPOSITS AND WITHDRAWALS OF BONDS DURING THE YEAR.

The aggregate amount of bonds received for deposit as security for circulation, exclusive of deposits in substitution for a like amount withdrawn, was \$40,241,510, of which \$2,748,840 was deposited by banks chartered in the year and \$37,492,670 by other banks for the purpose of increasing their circulation. Bonds to the amount of \$20,767,990 were withdrawn by banks upon the deposit of lawful money

for the purpose of retiring a corresponding amount of circulation. The withdrawal of bonds by reason of liquidations amounted to \$6,104,330, and of the bonds on deposit by insolvent banks \$120,000 were withdrawn and disposed of as provided by law, thus making the total withdrawals \$26,992,320, or an excess of deposit over withdrawal of bonds of \$13,249,190.

The transactions during each month of the year are shown in the accompanying table:

Statement relative to the amount of United States bonds deposited as security for circulation by banks chartered and by those increasing their circulation, together with amount of bonds withdrawn by banks reducing circulation and by those closed, during each month ended Oct. 31, 1913.

Date.	Bonds deposited by banks chartered during the year.	Bonds deposited by banks increasing circulation.	Bonds withdrawn by banks reducing circulation.	Bonds withdrawn by banks in liquidation.	Bonds withdrawn, banks in insolvency.
1912.

EARNINGS AND DIVIDENDS OF NATIONAL BANKS.

To the shareholders of national banks from a dividend standpoint the year ended June 30, 1913, was quite satisfactory, as from net earnings totaling \$160,980,084 dividends were paid to the amount of \$119,906,050, or at the rate of 11.4 per cent, as against an average rate of 11.01 per cent for the prior five years, and only twenty-six hundredths of 1 per cent less than the average for 1912. The net earnings exceeded those for 1912 by \$11,923,481, although the amount of dividends paid was less by \$394,822. Dividends based on capital and surplus averaged 6.75 per cent for the year, while the net earnings to capital and surplus were 9.06 per cent.

On capital of \$1,051,720,675 and on capital and surplus combined of \$1,776,992,857, the banks' gross earnings were \$499,252,336, against which losses and premiums were written off to the amount of \$53,756,372, together with expenses and taxes of \$284,515,880. Upon comparison with corresponding returns for 1912 it is seen that the gross earnings, based on capital and surplus, have increased a fraction in excess of 2 per cent, and the net earnings approximately one-half of 1 per cent.

In the accompanying table will be found data relating to the amount and per cent of dividends paid by national banks in each geographical division, together with the amount of capital and surplus of banks

reporting their earnings, and the relative proportion of surplus to capital. As will be noted, the highest dividend rate (15.08 per cent) was paid by the banks in the western division, and that the lowest, exclusive of Hawaii, was paid by banks in the New England States, viz, 8.61 per cent. The surplus of the banks approximated 70 per cent of their capital, ranging in continental divisions from the minimum of 47.77 per cent in the western division to the maximum of 103.61 per cent in the eastern.

The table in question follows:

Capital, surplus, amount and per cent of dividends paid by national banks in each geographical division for the year ended June, 1913.

Divisions.	Number of banks.	Capital stock.	Surplus.	Per cent of surplus to capital.	Amount of dividends paid.	Per cent of dividends to capital.
New England States.....	453	\$101,436,700	\$63,282,552	62.39	\$8,730,919	8.61
Eastern States.....	1,650	338,349,675	350,561,370	103.61	41,135,784	12.16
Southern States.....	1,486	171,029,900	89,683,676	52.44	19,172,007	11.21
Middle Western States.....	2,048	281,753,100	145,424,562	51.61	29,647,178	10.52
Western States.....	1,259	71,582,500	34,195,228	47.77	10,793,546	15.08
Pacific States.....	504	86,958,800	41,859,372	48.14	10,381,416	11.94
Hawaii.....	4	610,000	265,422	43.51	45,200	7.41
Total.....	7,404	1,051,720,675	725,272,182	68.96	119,906,050	11.40

Following the abstracts of reports of earnings and dividends of national banks for the current year, appearing in the appendix is a condensed statement relating to the capital, surplus, and earnings and dividends for each year from 1869 to 1913, inclusive, together with the amount of aggregate earnings and dividends for the 44 years, from which it will be noted that upon the average capital and surplus of \$633,132,322 and \$265,033,657, respectively, the annual earnings averaged \$76,664,139 and the dividends \$58,568,695. The percentage of earnings to capital and surplus was 8.65, dividends, 6.52, and dividends to capital alone, 9.25. The entire net earnings as reported were \$3,417,222,128 and the dividends \$2,577,022,602, the latter amount being equivalent to 245 per cent of the capital as reported on June 30, 1913.

NATIONAL-BANK SHAREHOLDERS.

The number of national banks, the amount of capital, the number of shareholders and the average number of shares owned by each shareholder on July 7, 1913, are shown in the following table. A very few National banks converted from State banks have shares of stock of a par value of less or more than \$100, but in preparing this table all shares of stock are regarded as having a par value of \$100; that is, a shareholder owning two shares of stock in a national bank, the par value being \$50, is assumed to be the owner of one share of the par value of \$100.

It will be observed that the average number of shares held by each shareholder is greater in the Western States than in the Eastern and greater in the reserve cities than in the country banks, the lowest average being in the State of Delaware, where it is 8.6 and the highest average in the city of St. Paul, where it is 164.3.

The average number of shares owned by each shareholder in New York City is 63.4, and in Chicago is 112.7. The total number of shareholders is 432,920 and the average holding 24.4 shares.

Number of national banks, capital, number of shareholders, and average number of shares owned by each shareholder in the various States and reserve cities on July 7, 1913.

NATIONAL BANK NOTES IN CIRCULATION.

Monthly statements issued by the Treasury Department relating to the volume of national-bank circulation outstanding include not only the issues to active national banks on the security of Government bonds, but also the amount outstanding for which lawful money has been deposited to provide for its redemption by banks closed either by voluntary liquidation or insolvency, and banks that have deposited lawful money for the retirement of a portion of their cir-

ulation and withdrawn the corresponding amount of bonds. The amount so reported is necessarily materially in excess of the amount shown in the periodical returns from the national banks, and as a matter of fact the latter is less than the amount which they are entitled to issue as security on bonds deposited by reason of the fact that an appreciable percentage of the notes received from the department by the banks is not paid out. Notes so retained do not appear as a liability of the banks, and to the extent held reduce the tax on circulation to which they are liable under law. In the bank reports for August last bonds on deposit as security for circulation were listed to the amount of \$735,809,330, against which notes had been issued to the amount of \$735,589,870, of which \$11,130,021 were held in bank, leaving \$724,459,849 as the amount outstanding.

In the appendix of this report appears a table relating to the reported capital, aggregate assets, circulation outstanding at date of each return made by the banks from 1863 to 1913, together with the stock of money in the United States on or about June 30 of each year, these figures being supplemented by computations with respect to the percentage of circulation to capital, assets, and money in the United States. The low point with respect to the percentage of circulation to capital since 1888, when it averaged about 25 per cent, was reached in 1891, in the midsummer of that year standing at 18.4. There was a gradual rise from this low point to approximately 33 per cent just prior to the passage of the act of 1900 authorizing the issue of circulation to the par value of bonds deposited and reducing the tax on notes secured by bonds bearing interest at the rate of 2 per cent. The act in question stimulated investments in Government bonds and the circulation outstanding gradually increased until at the present time it approximates 70 per cent of the amount issuable, the latter being limited to the paid-in capital stock of the banks on security of the corresponding amount of United States bonds.

The issue of currency by national banks located in the reserve cities and elsewhere, as shown by the periodical returns made during the current year, is shown in the following table:

CAPITAL STOCK, BONDS, AND CIRCULATION.

At the close of the report year, October 31, 1913, there were in existence 7,514 national banks with authorized capital of \$1,068,-534,175; bonds on deposit as security for circulation, \$743,513,990; circulation issued to the banks secured by bonds, \$740,063,776. In addition to circulation issued on security of bonds, there is outstanding

\$18,835,933 secured by deposits of lawful money by banks that have been liquidated or failed and by banks reducing their circulation, hence the total national-bank circulation outstanding is \$758,899,709. As will be noted from the table following, there was a net increase during the year of 88 in the number of reporting banks, \$15,478,750 in the amount of paid-in capital stock, of \$12,147,310 in bonds on deposit to secure circulation, of \$11,548,491 in circulation secured by bonds, and \$8,713,933 in the total amount of circulation outstanding.

In the following table information appears relating to the number of banks, their capital, bonds on deposit, circulation outstanding secured by bonds and by lawful money, together with the average price of 2-per cent consols of 1930 at the end of each month from November, 1912, to October, 1913.

¹ Includes \$74,339 gold bank notes.

CIRCULATION ISSUED, REDEEMED, AND OUTSTANDING.

Subsequent to the resumption of specie payments no circulating notes were authorized to be issued by banks of less denominations than \$5, although prior thereto \$1 notes to the amount of \$23,169,677 and \$2 notes to the amount of \$15,495,038 had been issued. Of these two denominations, however, all have been redeemed with the exception of \$343,587 of \$1 notes and \$164,312 of \$2 notes. All notes issued since 1879 were of the denominations of \$5, \$10, \$20, \$50, \$100, \$500, and \$1,000, but no \$500 notes have been issued since 1885 and no \$1,000 notes since 1884. The total amount of \$500 notes issued was \$11,947,000, of which \$87,000 has not been returned for redemption. The issue of \$1,000 notes was \$7,379,000, and of this denomination 23 of the notes are still outstanding. The total amount of all denominations issued from 1863 to 1913 was \$6,385,153,375 and the redemptions \$5,624,828,976. During the current year the amount of currency issued to newly organized banks, to those increasing their issues, and on account of redemptions was \$462,578,550.

At the close of the year ended October 31, 1912, national-bank currency in the vaults of this office amounted to \$539,164,590 and

during the current year \$522,031,400 was received from the Bureau of Engraving and Printing. In addition to the \$462,578,550 issued to banks during the year, notes of liquidating and insolvent banks to the amount of \$17,831,330 were withdrawn from the vaults and canceled, leaving the vault balance October 31, 1913, \$580,786,110, which is approximately \$50,000,000 in excess of the amount required to be maintained under the act of May 30, 1908.

While the legislation of 1900 and the general progress of the country since that date resulted in the increase in the number of reporting national banks from 3,631 to 7,488, and their capital stock from \$617,051,000 to \$1,056,000,000, there was a more notable increase in the volume of national-bank circulation. On March 14, 1900, the outstanding circulation secured by bonds was \$216,022,075 and the amount secured by deposit of lawful money \$38,044,155, making the aggregate \$254,026,230. At the close of the current report year the outstanding issues secured by bonds amounted to \$740,063,880, secured by deposits of lawful money \$18,761,594, or a total, exclusive of gold bank notes to the amount of \$74,339, of \$758,825,474.

In the following table is shown the amount of circulation of each denomination outstanding on March 14, 1900, and October 31, 1913:

Denominations.	Mar. 14, 1900.	Oct. 31, 1913.

¹ Exclusive of \$74,339 gold bank notes.

NATIONAL-BANK REDEMPTION AGENCY RECEIPTS AND REDEMPTIONS.

While the law does not exempt a national bank from the redemption of its own notes when presented at the counter, by reason of the legislation contained in the act of June 20, 1874, requiring every bank to maintain a redemption fund equal to 5 per cent of its outstanding issues with the Treasurer of the United States, practically all national-bank circulation is redeemed at the Treasury Department through the National Bank Redemption Agency.

By reason of the nonavailability of national-bank notes as reserve a material proportion of receipts at the National Bank Redemption Agency is in nearly as good condition as when originally placed in circulation. Under the law notes in that condition, while redeemed by being charged to the issuing bank's redemption fund, are immediately returned to the bank of issue, and only notes worn and mutilated are delivered to the Comptroller of the Currency for destruction and subsequent issue of a corresponding amount of new notes.

In the year ended October 31 last the receipts of the national-bank redemption agency aggregated \$683,431,000, the monthly average being \$56,952,583 and the average for each secular day \$2,183,500. Of the total receipts, notes to the amount of \$218,275,150 were fit for circulation and return to the banks of issue, leaving \$465,155,850 as the amount turned over to the Comptroller of the Currency for destruction.

Of the total receipts for redemption \$578,759,400 were received from eight of the principal cities of the country, the amount received from New York alone being nearly one-half of the total receipts.

The law provides that the expenses incident to the redemption of national-bank notes shall be borne by the issuing banks, and the expense for the current year is shown to have been \$517,842.93, an average cost per \$1,000 of \$0.773.

In the following statement is shown the volume of redemptions per month from November, 1912, to October, 1913:

November, 1912.....	\$46, 030, 678
December, 1912.....	52, 532, 627
January, 1913.....	79, 753, 664
February, 1913.....	51, 790, 011

EXPENSES OF BANKS INCIDENT TO THE ISSUE OF CIRCULATION AND
EXPENSES OF THE CURRENCY BUREAU.

Expenses of national banks in connection with the issue of circulation during the year ended June 30, 1913, were \$4,377,945.22, of which the semiannual tax on circulation was \$3,804,762.29, cost of redemption of notes \$517,842.93, plates for new banks and those extending their charters and duplicates of original plates \$55,340. (Assessments for the examination of national banks during the year were paid to the amount of \$556,210.) By reason of the fact that collections of the corporation tax from national banks are not separated from the tax paid by State banks and other financial institutions, it is impossible to state with exactitude the amount paid by national banks, but, based on the reported net earnings, the tax paid is estimated for the calendar year 1912 at \$1,283,000. Assuming the

approximate correctness of this estimate, the taxes paid to the Government by national banks during the past year were \$5,087,762.29.

Expenses of the Currency Bureau for the year ended June 30 last for special dies, plates, printing, etc., and for salaries, excluding salaries reimbursed by national banks, were \$692,192.64. Expenses of the bureau from the date of organization in 1863, excluding contingent expenses not paid by the comptroller but from the general appropriation for contingent expenses of the Treasury Department, no separate account of which is kept, totaled \$14,736,080.97.

Taxes paid by national banks to the United States on capital and deposits to July 1, 1883, on capital and surplus under act of 1898, and on circulation to June 30, 1913, amounted to \$198,188,278.69. Adding to this amount the estimated amount of collections under the corporation-tax act for the years 1909 to 1912, inclusive, estimated at \$4,951,000, it appears that the total taxes paid to the Government by national banks aggregate \$203,139,278.69.

Tables showing in detail the taxes paid by national banks under each tax act will be found in the appendix.

PROFIT ON NATIONAL-BANK CIRCULATION.

By reason of the depreciation in the market price of Government bonds the profit on the issue of national-bank circulation was materially greater at the close than at the beginning of the current year. In the computation of profit made by the actuary of the department money is assumed to be worth 6 per cent, hence the gross receipts include the interest on the bonds and interest at 6 per cent on circulation issued on the security of the bonds. From the gross receipts are deducted taxes, expenses, and the amount necessary to be set aside to create a sinking fund to offset the premiums paid for the bonds, to determine the net receipts, and from the latter amount is deducted interest at the rate of 6 per cent on the cost of the bonds, which indicates the measure of profit on the issue of circulation in excess of interest on the bond cost at 6 per cent. In November, 1912, the net price of 2 per cent consols of 1930 was \$101.22, and the profit on circulation 1.308 per cent. In October, 1913, the price of these bonds was \$96.635 and the profit on circulation 1.821 per cent. Panama Canal bonds of 1916-1936 in November, 1912, were priced at \$101.201, and the profit on circulation secured by these bonds, 1.326 per cent. In October, 1913, the price of these bonds was \$96.606 and the profit on circulation 1.772 per cent. The 4 per cent bonds of 1925 were priced at 114 in November, 1912, and the profit on circulation was at the rate of 1.154. In October, 1913, the price was 109.877 and the percentage of profit on circulation 1.575.

In the appendix of this report will be found the actuary's computations of the profit on circulation based on a deposit of \$100,000 consols of 1930, bonds of 1925, and Panama Canal bonds of 1916-1936 at the average net price monthly for bonds during the year ended October 31, 1913.

ORGANIZATION OF NATIONAL BANKS.

Within the year ended October 31, 1913, 243 applications for authority to organize national banks were received, of which 190 were approved, 4 rejected, and the remainder either abandoned or held pending the submission of further information.

Of the 10,457 banks chartered during the existence of the national banking system, 172, with authorized capital of \$10,175,000, were chartered during the current year. There are in existence, of the total number chartered, 7,514 banks, 2,437 having been placed in voluntary liquidation and 506 in the charge of receivers. State banks to the number of 1,729, with capital at date of change of \$339,955,928, were converted into national banks from 1863 to 1913.

In addition to the capital of banks organized during the year, there was an increase in capital of banks organized prior thereto of \$20,260,000, making the gross increase for the year \$30,435,000, but by reason of reductions of capital, voluntary liquidations, and failures the net increase was but \$14,838,740, the authorized capital stock of all banks at the close of the year standing at \$1,068,534,175.

Since March 14, 1900, charters have been granted to 5,193 associations, with authorized capital of \$330,938,300, of which 3,304, with aggregate capital of \$86,110,500, were organized under the act of that date with individual capital of \$25,000 generally, although a limited number of banks were organized with capital in excess of \$25,000 but less than \$50,000. The average capital, however, of banks of this class was slightly in excess of \$26,000. During the same period 1,889 were organized under the act of 1864, the aggregate capitalization being \$244,827,800 and the individual capital \$50,000 or over. Further classifying these banks, it appears that 810 were conversions of State banks, capital \$60,735,800; 1,568 reorganizations of State or private banks, capital \$109,892,000; and 2,815, with capital of \$160,310,500 primary organizations.

In the following table will be found a classification of banks organized from March 14, 1900, to October 31, 1913, based upon capital stock, together with the number of banks and their reported capital on August 9, 1913, by States and geographical divisions.

Summary, by States, geographical divisions, and classes, of national banks organized from Mar. 14, 1900, to Oct. 31, 1913, and the paid-in capital stock of all reporting national banks on Aug. 9, 1913.

EXTENSIONS AND EXPIRATIONS OF CHARTERS.

Charters are granted to national banks for a period of 20 years from the date of the execution of the organization certificate. In the year ended October 31 last 80 banks reached the termination of their existence, and their charters were extended for an additional period of 20 years under authority of the act of July 12, 1882. In the same year charters of 26 banks extended under the act of 1882 were extended for a further period of 20 years under the act of April 12,

1902. The total number of extensions of charters under the act of 1882 was 3,268 and under the act of 1902, 1,167. In the coming year the charters of 39 banks will expire for the first time and 36 for the second. A list of banks interested in the extensions during the year ending October 31, 1914, will be found in the appendix.

CHANGES OF TITLE OF NATIONAL BANKS.

Under the law any national bank, upon authorization by shareholders representing two-thirds of the stock, and with the approval of the Comptroller of the Currency, may change its corporate title. Sixteen changes of this character occurred during the past year, a list of the banks interested being submitted herewith.

Changes of corporate title.

No.	Title and location.	Date.
4348	The Guthrie National Bank, Guthrie, Okla., to "The First National Bank of Guthrie".....	1912. Dec. 9
1413	The National Mechanics Bank of Baltimore, Md., to "The Merchants-Mechanics National Bank of Baltimore".....	Dec. 28 1913.

8230	The Lidgerwood National Bank, Lidgerwood, N. Dak., to "The Farmers National Bank of Lidgerwood".....	Sept. 6

VOLUNTARY LIQUIDATION OF NATIONAL BANKS.

Section 5220 of the Revised Statutes provides that any national bank may be placed in voluntary liquidation by shareholders representing at least two-thirds of the stock. Meetings of shareholders for this purpose are called in conformity with the requirements of the articles of association, at which meeting, in addition to adopting a resolution for the liquidation of the bank, provisions are made either for immediate liquidation of the assets where practicable, settlement with creditors and shareholders, or the appointment of a liquidating agent to settle the affairs of the bank as speedily as possible in the interest of both creditors and shareholders.

The liquidations during the past year numbered 81, the capital involved \$14,571,010. Of these banks 9, with capital of \$3,350,000, were absorbed by other national banks; 17, with capital of \$5,625,000, consolidated with other national banks; 17, with capital of \$2,115,010, were absorbed by State banks and trust companies; 27, with capital of \$1,901,000, liquidated and reorganized as State banks; 3, with capi-

tal of \$280,000, for the purpose of reorganizing as national banks; 1, with capital of \$50,000, the corporate existence of which expired by limitation, was succeeded by a new national bank; and 2, with capital of \$125,000, the corporate existence of which expired by limitation, were succeeded by State banks. Five banks, with combined capital of \$1,125,000, liquidated for the purpose of discontinuing business.

Elsewhere in this report will be found a list of national banks liquidated from November 1, 1912, to October 31, 1913, showing date of liquidation, capital, circulation issued, and the amount of circulation still outstanding.

NATIONAL CURRENCY ASSOCIATIONS ORGANIZED.

Notwithstanding the fact that the act of May 30, 1908, relating in part to the establishment of national currency associations, will expire by limitation on June 30, 1914, two associations were formed in the past year, viz, the National Currency Association of Louisville, with 15 bank members, the capital and surplus being \$6,795,000 and \$3,178,000, respectively; and the National Currency Association of San Francisco, with 10 members, capital of \$28,500,000 and surplus of \$16,670,000. Up to the close of the report year there had been formed 20 associations, representing 339 banks, \$365,084,710 capital, and \$311,300,510 surplus.

While the number of banks forming these associations is but 4½ per cent of the number reporting on August 9, their capital represents nearly 35 per cent of the capital of all banks.

While, as stated elsewhere, the comptroller's vaults contain the stock of bank notes required by the act of 1908, no notes have been issued on security other than United States bonds.

The title, membership, capital, and surplus of each association are shown in the following table:

National currency associations.

Associations.	Number of banks.	Capital.	Surplus.
National Currency Association of Washington, D. C.	12	\$6,602,000	\$5,067,000
National Currency Association of the city of New York, N. Y.	33	117,052,000	129,025,000

² Organized Aug. 22, 1913.

CLEARING-HOUSE EXCHANGES.

Through the courtesy of the manager of the New York Clearing House Association statistics and general information have been secured relating to the transactions of 162 clearing houses of the country for the year ending September 30, 1913. The volume of exchanges cleared created a new record, and reached \$173,765,288,000, an increase of \$5,564,362,000 over the prior year. Of the aggregate, the New York association cleared \$98,121,520,000, or nearly 56½ per cent of the total. In only three years of its existence have the clearings in New York exceeded this sum, viz, in 1906, when they amounted to \$103,754,900,000, in 1909 to \$99,257,662,000, and in 1910 to \$102,553,959,000.

Second to New York in 1913 was Chicago, with clearings of \$16,018,176,000; Philadelphia and Boston following with \$8,543,472,000 and \$8,326,228,000, respectively. St. Louis cleared \$4,122,115,000. In Baltimore, San Francisco, Kansas City, and Pittsburgh the clearings were less than three billions of dollars, ranging from \$2,011,447,000 in Baltimore to \$2,951,861,000 in Pittsburgh. In the cities clearing over one billion and less than two billion are Cincinnati, Minneapolis, Cleveland, New Orleans, Detroit, and Los Angeles. The transactions of all other houses range downward from approximately \$895,000,000.

With the exception of Boston, Cincinnati, and New Orleans the associations clearing over one billion show a larger volume of transactions during the prior year.

Sixty-four banks, with capital of \$179,900,000, compose the New York Clearing House Association, a reduction for the year of one member, but an increase in capital of \$5,625,000. In the New York association are 31 national banks, 17 State banks, and 15 trust companies. There are 25 banks and trust companies in the city and vicinity not members of the association which make their exchanges through banks which are members, in accordance with constitutional provisions.

The clearings for the year for the New York association required the payment of balances in cash to the amount of \$5,144,130,385, or 5.24 per cent of the total transactions, gold being used to the extent of 52 per cent and other currency to the extent of 48 per cent. The average daily clearings amounted to \$323,833,400, and the balances to \$16,977,328. This association has been in existence 60 years, and during that period its transactions aggregated \$2,419,273,696,082; balances paid, \$112,668,492,956; average daily clearings, \$131,948,388; balances, \$6,144,996. The average balance to clearings during the life of the New York association was 4.65 per cent.

In the year ended September 30 last the clearing house transactions of the Assistant Treasurer of the United States at New York were as follows: Exchanges received from the clearing houses, \$679,617,548.61; exchanges delivered to the clearing houses, \$746,383,010.84. The balances received from and paid to the clearing houses were \$139,021,273.95 and \$72,255,811.72, respectively, or an excess of credit balances of \$66,765,462.23.

The volume of transactions of each of the 15 associations of the country with clearings in excess of \$1,000,000,000, and the aggregate

clearings of all other associations for the last two years are shown in the following table:

Comparative statement, in millions of dollars, of clearings of the United States for the years ended Sept. 30, 1913 and 1912.

	Exchanges for year ending Sept. 30, 1913.	Exchanges for year ending Sept. 30, 1912.	Increase.

RATES FOR MONEY.

Through the courtesy of the William B. Dana Co. information has been obtained in relation to the range and average rates for money in the New York market monthly from November, 1912, to October, 1913. The range and average monthly rates on call loans, as well as the range for time loans and commercial paper, were materially higher than during the corresponding prior 12 months, as will be noted by reference to the table following and corresponding data appearing in the comptroller's report of 1912.

The report in question follows:

Range and average rates for money in the New York market, year ended Oct. 31, 1913.

Character of loans.	1912		1913			
	November.	December.	January.	February.	March.	April.

REPORTS OF CONDITION OF BANKS IN THE UNITED STATES.

The Comptroller of the Currency is required, under the provisions of section 333 of the Revised Statutes of the United States, to incorporate in his annual report to Congress a statement exhibiting under

appropriate heads the resources and liabilities and condition of the banks, banking companies, and savings banks organized under the laws of the several States and Territories, the statute providing that the information shall be obtained from reports made to legislatures or officers of the different States and Territories or from such authentic sources as may be available.

Beginning with 1909, the annual statements received from banks outside of the national system have conformed in general as to details of assets and liabilities with the reports made by the national banks. Individual statements for a date concurrent with the June call on national banks, beginning with that year, have been furnished by State and private banks through the courtesy and assistance of the State bank superintendents. Prior to 1909 statements for State banks were furnished to the comptroller for varying dates and without uniformity in the form of the reports, many valuable details, such as classification of cash, bonds, and deposits, being wanting.

The statements used in this compilation are of date June 4, 1913, with the exception of State banks for Pennsylvania, May 1; Alabama, June 9; Tennessee, June 30; Iowa, June 28; and the island possessions, June 30.

Abstracts of reports of condition for each class of banks, arranged by States, will be found in the appendix. The summary referred to follows.

Summary of reports of condition from 25,993 banks in the United States and island possessions (including national, State, savings, and private banks and loan and trust companies), showing their condition at the close of business June 4, 1913.

Other liabilities.....	318,777,158.61
Total liabilities.....	25,712,163,599.48

The foregoing summary of reports shows resources aggregating \$25,712,163,599. Loans and discounts aggregated \$14,626,772,664; bonds, securities, etc., \$5,407,219,379; cash in bank, \$1,560,709,447; capital, \$2,096,849,861; surplus, \$1,676,625,895; undivided profits, \$573,213,465; individual deposits, \$17,475,764,134. The banks reported postal savings deposits aggregating \$25,242,015; and the United States deposits, including disbursing officers' accounts, reported by national banks were \$49,725,039.

While there has been a marked increase in capital stock during the year, the increase being 4 per cent, against 3 per cent shown for the prior year, the statistics indicate that the volume of business has increased in much less proportion, resources showing an increase of 2.9 per cent against 6 per cent, and deposits 2.6 per cent against 7 per cent. During the year there has been a reduction of over \$12,200,000 in the cash holdings of the banks.

The increase or decrease during the year is shown in the following table exhibiting loans, aggregate resources, capital, deposits, etc., of national and other reporting banks on June 4, 1913, and on June 14, 1912.

Items.	1913			1912	Increase, 1913 over 1912 (798 banks).
	7,473 national banks.	18,520 State, etc., banks.	Total, 25,993 banks.	Total, 25,195 banks.

¹ Includes mortgages owned.

The foregoing statistics show that the aggregate resources of the banks have increased from \$21,095,054,420 in 1909, to \$25,712,163,599 for the present year; a gain of \$4,617,109,179, or about 22 per cent. The increase in aggregate bank resources during the past year has been \$725,520,825, or 2.90 per cent. The statistics for 1912 showed an increase in resources over the prior year, in round amounts, of \$1,355,000,000; in 1911 the increase was \$1,181,000,000; in 1910, \$1,355,000,000; in 1909, \$1,512,000,000. Individual deposits since 1909 have increased from \$14,035,523,165 to \$17,475,764,134, a gain

of \$3,440,240,969, or 24 per cent. The increase in deposits during the past year has been \$451,696,528, or 2.65 per cent.

For the purpose of comparison the number of reporting banks, aggregate loans, resources, capital and deposits for the fiscal years 1907 to 1913, inclusive, are shown in the following table:

[In millions of dollars.]

Year.	Num- ber of banks.	Loans.	Resources.	Capital.	Individual deposits.
1907.....	19,746	\$10,763.9	\$19,645.0	\$1,690.8	\$13,099.6
1908.....	21,346	10,437.9	19,583.4	1,757.1	12,784.5
1909.....	22,491	11,373.1	21,095.0	1,800.0	14,035.5
1910.....	23,095	12,521.7	22,450.3	1,879.9	15,283.3
1911.....	24,392	13,046.4	23,631.0	1,952.4	15,906.3
1912.....	25,195	13,953.6	24,986.6	2,010.8	17,024.0
1913.....	25,993	14,626.7	25,712.1	2,096.8	17,475.7

THE GROWTH OF BANKING IN THE UNITED STATES.

The first bank of any importance ever organized in this country was the Bank of North America, organized in Philadelphia with a capital of \$400,000, which was chartered by Congress December 31, 1781. This bank operated under a national charter for a few years only and then became a State bank by obtaining a charter from the Commonwealth of Pennsylvania. In 1791 the Bank of the United States was incorporated by Congress for a period of 20 years with a capital of \$10,000,000. The charter of this bank expired in 1811. A statement of its condition for January, 1809, and January, 1811, follows:

Resources and liabilities of the first Bank of the United States.

[In millions of dollars.]

	January.	
	1809	1811
RESOURCES.		
Loans and discounts.....	15.0	14.6
United States 6 per cent and other United States stock.....	2.2	2.8
Due from other banks.....	.8	.9
Real estate.....	.5	.5
Notes of other banks.....		.4
Specie.....	5.0	5.0
Total.....	23.5	24.2
LIABILITIES.		
Capital.....	10.0	10.0
Surplus.....	.5	.5
Circulation.....	4.5	5.0
Individual deposits.....	8.5	5.9
United States deposits.....		1.9
Due to other banks.....		.6
Unpaid drafts outstanding.....		.2
Total.....	23.5	24.2

In 1816 the second Bank of the United States was chartered by Congress for a period of 20 years. This bank began operations in the midst of the panic of 1817. Its charter was not renewed by Congress, but a reorganization was effected by means of the authority of the Legislature of the State of Pennsylvania. In 1841 the bank assigned, but its affairs were not finally liquidated until 1856. Liabilities to depositors and note holders were paid in full with interest; the shareholders, however, received nothing on their investment in the stock. The following is a statement of the principal items of resources and liabilities for 1817, five-year periods to 1837, for 1839, and 1840:

Resources and liabilities, second Bank of the United States.

[In millions.]

Year.	Loans.	Stocks.	Notes and specie.	Capital.	Circulation.	Individual deposits.
1817.....	\$32.2	\$4.8	\$2.3	\$35.0	\$1.9	\$11.2
1822.....	28.1	13.3	5.7	35.0	5.6	8.1
1827.....	30.9	17.8	7.6	35.0	8.5	14.3
1832.....	66.3	9.2	35.0	21.4	22.8
1837.....	57.4	3.8	35.0	11.4	2.3
1839.....	41.6	18.0	6.0	35.0	6.0	6.8
1840.....	36.8	16.3	2.9	35.0	6.7	3.3

Information relating to banking in the earliest days of the country is very meager, but some interesting data gathered from reliable sources are published in the annual reports of the Comptroller of the Currency. In the appendix is a table which gives the number of colonial and State banks, together with the principal items of resources and liabilities, in the United States, from 1784 to 1833. In 1784 the 3 banks from which reports have been compiled had capital of about \$2,100,000, circulation \$2,000,000, and specie \$10,000,000. In 1800 reports from 28 banks showed capital of \$21,300,000, circulation \$10,500,000, and specie \$17,500,000. In 1820 there were 307 banks with capital of \$102,100,000, circulation \$40,600,000, deposits \$31,200,000, and specie \$16,700,000. In 1830, 329 banks had \$110,100,000 capital, \$48,400,000 circulation, \$39,500,000 deposits, \$14,500,000 specie, and \$159,800,000 in loans.

A statement of the resources and liabilities of the banks of the country in detail, from 1834 to 1863, will also be found in the appendix. From the table in question it appears that in 1834 there were 506 State banks in operation in the country with capital of \$200,000,000, circulation \$94,800,000, and deposits \$75,600,000. In 1840 the number of State banks had increased to 901 with capital of \$358,400,000, circulation \$106,900,000, and deposits \$75,600,000. In 1850 reports show only 824 banks with capital of \$217,300,000, circulation \$131,300,000, and deposits \$109,500,000. In 1862, the year prior to the inauguration of the national banking system, there appears to have been 1,492 banks in operation, the capital of these banks being \$418,100,000, circulation \$183,700,000, and deposits \$296,300,000; the loans aggregated \$646,600,000, investments in stocks \$99,000,000, specie funds \$27,800,000, and notes of other banks \$25,200,000.

While banking statistics for years prior to 1863 are more or less incomplete and the data relating to State banks between 1863 and 1873 not official, a statement showing the growth of banking since the establishment of the Government, with respect to the number of banks, capital, circulation, and deposits, will be of interest. The following statement shows the number of banks, their capital, circulation, and deposits from 1784 to 1860 (for years showing the most complete data), and for five-year periods from 1863 to 1913:

Number of banks, their capital, circulation, and deposits, 1784, 1794, 1804, 1815, 1820 to 1860 (10-year periods), 1863 to 1913 (5-year periods).

[In millions of dollars.]

Year.	Number of banks.	Capital.	Circulation.	Deposits.
1784.....	3	\$2.1	\$2.0
1794.....	17	18.0	11.6
1804.....	59	39.5	14.0
1815.....	208	82.2	45.5

¹ Includes State bank circulation.

² Includes deposits of United States disbursing officers.

NOTE.—Since 1873 the Comptroller of the Currency has collected and published statistics of State banks but complete data for compiling these statistics for a number of years thereafter were available only for those States in which the banks were required to report to some State official. For recent years the statistics are practically complete.

GROWTH OF BANKING IN RECENT YEARS.

The table following shows the growth of banks in the United States, including the island possessions, as indicated by the number of banks, capital stock, and individual deposits for four-year periods from 1900, the number of nonreporting banks, their capital and deposits being estimated from data obtained from reliable sources:

Bank.	Number.	Capital.		Individual deposits.	
		Amount.	Per cent.	Amount.	Per cent.
1900.					
National.....	3,732	\$621,536,461	54.00	\$2,458,092,758	31.97
State, etc.....	6,650	403,192,214	46.00	{ 4,780,893,692 }	68.03
Reporting capital only.....	3,595	126,000,000			
Total.....	13,977	1,150,728,675	100.00	7,688,986,450	100.00
1904.

Nonreporting.....	3,261	65,000,000			
Total.....	29,254	2,161,849,861	100.00	17,935,764,134	100.00

¹ Exclusive of postal savings deposits.

Since 1900 the number of banks in operation in the country has increased by over 109 per cent, and their volume of business, as indicated by their deposits, shows an increase of over 133 per cent. In 1900 the total number of banks in operation (data for nonreporting banks being estimated) was stated at 13,977, with capital of \$1,150,728,675, individual deposits \$7,688,986,450. The nonreporting banks in 1900 were estimated at 3,595, in 1904 at 3,994, in 1908 at 3,654, in 1912 at 3,800, and in 1913 at 3,261.

For the current year (again estimating nonreporting banks) the number has increased to 29,254, with aggregate capital of \$2,161,849,861 and individual deposits of \$17,935,764,134. In 1900 the capital of the 3,732 national banks was 54 per cent of the capital of all reporting banks and their individual deposits were about 32 per cent of the total. In June, 1913, the capital of 7,473 national banks was only 48.89 per cent of that of all banks, but their individual de-

posits had increased to 33.2 per cent. In 1900 the capital stock of national banks in round amounts aggregated \$621,000,000, and of all other banks \$529,000,000. For the current year the capital stock of national banks aggregates \$1,056,900,000, and that of all other reporting and nonreporting banks \$1,104,900,000. The figures show that national banks during the last 13 years have increased their capital by 70 per cent, while that of all other banks increased 109 per cent, but it further appears that national banks increased their volume of business, as measured by individual deposits, by a much larger percentage than did the other banks, the gain during this period being 142 per cent for nationals and 129 per cent for other banks.

BANKING POWER OF THE UNITED STATES.

The banking power of the United States in 1913, as represented by capital, surplus and other profits, deposits and circulation of national and other reporting banks, together with the estimated amount of funds of this character in nonreporting banks, is \$23,181,545,433, against \$22,548,706,835 in 1912. The increase for the year was \$632,838,598, or 2.8 per cent, or about one-half of the percentage of increase in 1912 over 1911, when it was stated at 5.69 per cent. Since 1900, when it was reported at \$10,685,000,000, the banking power has increased over 117 per cent. The details are set forth in the following table:

Banking power of the United States.

	Num- ber.	Capital.	Surplus and profits.	Deposits.	Circulation.	Total.
National banks.....	7,473	\$1,056,919,792	\$988,747,755	\$6,021,848,465	\$722,125,024	\$8,789,641,036
State, etc., banks.....	18,520	1,039,930,069	1,261,091,605	11,528,882,723	13,829,904,397
Nonreporting banks..	3,261	65,000,000	37,000,000	460,000,000	562,000,000
Total.....	29,254	2,161,849,861	2,286,839,360	18,010,731,188	722,125,024	23,181,545,433

¹ Includes United States deposits.

² Includes postal savings deposits.

RESOURCES AND LIABILITIES OF THE BANKS, BY STATES.

The table following is a condensed statement of the resources and liabilities of all reporting banks of the United States as of June 4, 1913, arranged by States and geographical divisions:

Condensed statement of resources and liabilities of all reporting banks of the United States on June 4, 1913.

[Includes national, State, savings, and private banks and loan and trust companies.]

States.	Population (estimated by Gov- ernment actuary).	Number of banks.	Loans and dis- counts, includ- ing overdrafts.	Investments, bonds, securities, etc.	Due from banks and bankers.	Cash on hand.	All other resources.	Total.

^a Other liabilities include: National bank circulation, \$722,125,024; dividends unpaid, \$3,590,839.76; bills payable, \$157,401,457.90; notes and bills rediscounted, \$28,617,628.20; and miscellaneous, \$318,777,158.61.

In the foregoing table is shown the distribution of banks among the geographical sections in the following order: 8,696 in the Middle Western States, 6,341 in the Southern States, 5,112 in the Western States, 2,921 in the Eastern States, 1,812 in the Pacific States, 1,081 in the New England States, and 30 in the island possessions. From the Middle Western States 313 more banks reported than in 1912, from the Southern States 272 more, from the Western States 109, from the Pacific States 91, and from the Eastern States 20. A decrease of 2 banks is shown in the number reporting from the New England States and of 5 from the island possessions. Comparing the aggregate resources of the banks in the several sections, the Eastern States are first with \$10,425,000,000, Middle Western States second with \$6,438,000,000, the New England States third with \$3,158,000,000, the Southern States fourth with \$2,520,000,000, the Pacific States fifth with \$1,823,000,000, and the Western States sixth with \$1,281,000,000, the resources of the island possessions being reported at \$65,000,000. The increase in bank resources during the year was most marked in the Middle Western States, amounting to \$287,000,000, or 4.7 per cent. The increase in the Southern States was \$184,000,000, or 7.9 per cent; in the Western States, \$101,000,000, or 8.7 per cent; in the Pacific States, \$96,000,000, or 5.6 per cent; in the New England States, \$81,000,000, or 2.6 per cent; while in the Eastern States there was a decrease of \$16,000,000 and in the island possessions, \$10,000,000. The large decrease indicated in the island possessions is chiefly due to the fact that returns from the Hawaiian Islands are incomplete.

CLASSIFICATION OF LOANS AND DISCOUNTS IN ALL BANKS.

Loans and discounts in the banks of the United States, as shown by reports of condition for 1913, aggregate roundly \$14,626,700,000. Of this amount \$6,162,000,000 is in national banks and \$8,464,700,000 in banks other than national. Of the total loans the sum of \$3,547,700,000 is reported as secured by real estate; \$4,512,700,000 by collateral other than real estate; \$6,507,800,000 are unclassified loans, and \$58,500,000 overdrafts.

The classification of loans of banks other than national and of national banks compiled from reports of condition as of June 4, 1913, is set forth in the following table:

Loans and discounts.

Classification.	Number of banks.	Secured by real estate (including mortgages owned).	Secured by collateral other than real estate.	All other loans.	Overdrafts.	Total.
		<i>Millions.</i>	<i>Millions.</i>	<i>Millions.</i>	<i>Millions.</i>	<i>Millions.</i>
State banks.....	14,011	\$555.6	\$692.1	\$1,467.4	\$31.5	\$2,746.7
Mutual savings banks.....	623	1,815.6	149.5	73.8		2,038.9
Stock savings banks.....	1,355	488.2	113.5	184.0	1.9	787.5
Loan and trust companies.....	1,515	576.3	1,374.3	813.0	3.7	2,767.3
Private banks.....	1,016	35.2	14.9	71.8	2.4	124.3
Total.....	18,520	3,470.9	2,344.3	2,610.0	39.5	8,464.7
National banks.....	7,473	76.8	2,168.4	3,897.8	19.0	6,162.0
Grand total.....	25,993	3,547.7	4,512.7	6,507.8	58.5	14,626.7

From the foregoing statement it appears that about 24 per cent of the total loans are secured by real estate or other liens on realty, the proportion of loans secured by real estate for each class of banks being as follows: 89 per cent for mutual savings banks; 62 per cent for stock savings banks; 28 per cent for private banks; 20 per cent for State banks; 21 per cent for loan and trust companies; and slightly less than 1¼ per cent for national banks.

INVESTMENTS OF ALL BANKS IN BONDS AND OTHER SECURITIES.

Investments in bonds, securities, etc., of all banks, as shown by reports of condition for June 4, 1913, aggregated \$5,407,200,000, against \$5,358,900,000 in 1912, the increase being \$48,300,000. The classification by amounts and percentages of investments held in 1912 and 1913 is as follows:

Classification.	1912		1913	
	Amount.	Per cent.	Amount.	Per cent.
	<i>Millions.</i>		<i>Millions.</i>	
United States bonds.....	\$823.3	15.4	\$825.2	15.2
State, county, and municipal bonds.....	1,273.5	23.8	1,240.0	22.9
Railroad bonds.....	1,631.6	30.4	1,530.2	28.3
Bonds of other public-service corporations.....	603.5	11.3	721.3	13.4
Other bonds, stocks, and securities.....	1,027.0	19.1	1,090.5	20.2
Total.....	5,358.9	100.0	5,407.2	100.0

From the foregoing table it will be noted that 28.3 per cent of the investments of banks reporting in 1913 is in railroad bonds, against 30.4 per cent in 1912; 13.4 per cent in bonds of other public-service corporations, against 11.3 per cent in 1912; 15.2 per cent in United States bonds, against 15.4 per cent in 1912. The percentage of State, county, and municipal bonds is 22.9 per cent, against 23.8 per cent in 1912; and the unclassified bonds, stocks, and securities is 20.2 per cent, as against 19.1 per cent in 1912.

In the following table is shown the various classes of bonds, stocks, and other securities held by the several classes of banks on June 4, 1913:

Classification of investments in bonds, etc., held by banks of the United States on June 4, 1913.

[Expressed in millions.]

Classification.	State banks.	Mutual savings banks.	Stock savings banks.	Private banks.	Loan and trust companies.	National banks.	All banks.
United States bonds.....	\$3.3	\$18.1	\$5.1	\$0.3	\$2.8	\$795.5	\$825.2
State, county, and municipal bonds.....	89.0	809.4	50.7	1.9	113.5	175.3	1,239.9
Railroad bonds.....	65.5	796.2	25.3	.6	297.3	345.2	1,530.2
Bonds of other public-service corporations.....	52.9	99.5	35.8	1.5	334.3	197.2	721.4
Other bonds, stocks, etc.....	140.8	95.4	29.6	5.5	443.1	376.2	1,090.5
Total.....	351.5	1,818.6	146.5	9.8	1,191.0	1,889.6	5,407.2

¹ Includes premium.

It thus appears that of the \$825,200,000 United States bonds owned by the banks, \$795,500,000 are held by national and \$29,700,000 by all other banks—\$18,100,000 of the latter amount being owned by mutual savings banks. It will also be noted that during the year there has been a net gain of \$1,900,000 in United States bonds held by the banks. The national banks during the year have increased their holdings of United States bonds by \$12,000,000, while there has been a decrease in the holdings of all other banks of \$10,100,000. State banks held \$1,100,000 less United States bonds than in 1912; mutual savings banks \$1,800,000 less; stock savings banks \$4,000,000 less; loan and trust companies, \$3,200,000 less. Of the total investments in bonds, stocks, etc., 35 per cent is held by national banks, 33 per cent by mutual savings banks, and 22 per cent by loan and trust companies, the balance, 10 per cent, being the combined holdings of State banks, stock savings banks, and private banks. Fifty-three per cent of the investments of loan and trust companies consists of railroad and other public-service corporation bonds, and 49 per cent of the bonds held by mutual savings banks are of the same character, as also 41 per cent of the investments of stock savings banks, 33 per cent of State bank investments, 29 per cent of national bank investments, and 21 per cent of private bank investments. Forty-four per cent of the investments of mutual savings banks consists of State, county, and municipal bonds, the proportion of investments in this class of bonds by the other banks being 34 per cent for stock savings banks, 25 per cent for State banks, 9 per cent for loan and trust companies, 9 per cent for national banks, and 19 per cent for private banks.

MONEY IN BANKS.

During the current year there has been a decrease of \$12,244,032.38 in the cash holdings of all reporting banks. On June 14, 1912, the cash held by the banks aggregated \$1,572,953,479.43; on June 4, 1913, it was reported at \$1,560,709,447.05. There was a decrease, roundly, of \$27,000,000 in the cash holdings of the national banks, but an increase of \$14,800,000 in the holdings of all other banks. Of the total amount held by the banks on June 4, 1913, \$969,100,000 was in national and \$591,600,000 in other reporting banks. The proportion of cash to individual deposits in national banks was therefore shown to be 16.3 per cent, that for all other commercial banks, 7.4 per cent, and including the mutual savings banks, 5.1 per cent.

Owing to the difference in the reserve requirement of national banks and those operating under State laws it is not practicable to make a satisfactory comparable statement of the reserve held by national and by State banks, but it may be of interest to show here the percentage of cash holdings to demand liabilities held by national and by other commercial banks. The national banks held individual deposits subject to check together with demand certificates of deposit on June 4, 1913, aggregating \$4,603,400,000, and the cash held (including legal tender, specie, and bills of other banks) was 21 per cent of this amount. All other commercial banks held cash aggregating \$574,500,000 and their individual deposits subject to check, together with the estimated amount of demand certificates of deposit (which are not separately stated) were \$4,560,000,000,

the cash holdings therefore being 12.6 per cent. If the amount due to banks is included with other demand deposits, the percentage of cash holdings for national banks will be 14.4, and for all other commercial banks 11.4.

Coin and other money held by national banks, by other reporting banks, and by all reporting banks, are shown in the following table:

Classification of cash in banks June 4, 1913.

Classification.	7,473 national banks.	18,520 State, etc., banks.	25,993 reporting banks.

¹ Public money in national-bank depositaries to the credit of the Treasurer of the United States not included.

² Money in banks of island possessions not included.

The general stock of money in the United States at the close of the fiscal year ended June 30, 1913, was \$3,720,000,000, or \$71,200,000 more than was reported in 1912. Of the total stock of money, \$356,300,000,

or 9.58 per cent, was in the Treasury as assets, \$1,552,300,000, or 41.73 per cent, in reporting banks in the United States, and \$1,811,400,000, or 48.69, outside the Treasury and banks; that is, in circulation among the people. The amount reported in circulation, exclusive of coin and other money in the Treasury as assets, is \$3,363,700,000, or \$34.56 per capita, being \$79,200,000 more than the amount reported in 1912.

INDIVIDUAL DEPOSITS IN ALL BANKS IN THE UNITED STATES.

Individual deposits in all reporting banks on June 14, 1912, aggregated \$17,024,000,000; for the current year these deposits aggregate \$17,475,700,000, being an increase of \$451,700,000, or 2.6 per cent. The percentage of increase in 1912 over 1911 was 7 per cent. Of the aggregate deposits in all reporting banks on June 4 last, national banks held 34.1 per cent; savings banks, 27.1 per cent; loan and trust companies, 20.4 per cent; state banks, 17.6 per cent; and private banks, 0.8 per cent. The following table shows the amount and per cent of individual deposits held by the several classes of banks in 1911, 1912, and 1913:

Classification.	1911		1912		1913	
	Amount.	Per cent.	Amount.	Per cent.	Amount.	Per cent.

Islands.....	28.9	42.3	34.0	¹ 8.3	¹ 19.62	5.1	17.65
Total.....	14,035.5	17,024.0	17,475.7	451.7	2.65	3,440.2	24.51

¹ Decrease.

It will be noted that the highest percentage of increase in deposits during the past year, 10.79, is shown for the Western States. In 1912 the highest percentage of increase was 10.22 for the Pacific States. The percentage of increase in deposits during the current year for the other sections is as follows: Southern States 7.50, Pacific States 5.99, Middle Western States 5.58, New England States 2.78. In the Eastern States there is shown to have been a decrease of 1.35 per cent and also a decrease of 19.62 per cent for the island possessions, partly due to incomplete returns from Hawaii and Porto Rico. The largest volume of increase was in the Middle Western States, or \$228,200,000, followed by the Southern States with \$103,100,000, the Western States with \$84,900,000, the Pacific States with \$71,400,000, and the New England States \$68,000,000. For the Eastern States a decrease of \$95,600,000 is shown, and for the island possessions a decrease of \$8,300,000.

Since 1909 individual deposits held by the banks have increased 24.51 per cent. The highest percentage of increase for the four years is shown for the Pacific States, the gain in deposits for that section being 40.82 per cent; next in order are the Southern States with an increase of 39.47 per cent, the Middle Western States with 35.03 per cent, the Western States with 24.46 per cent, the New England States with 19.38 per cent, the island possessions with 17.65 per cent, and the Eastern States with 15.73 per cent. In the following table is shown the classification of individual deposits in national banks, in banks other than national, and in all reporting banks on June 4, 1913:

Classification of individual deposits in national and other banks.

Classification.	7,473 national banks.	18,520 State, etc., banks.	Total, 25,993 banks.
Individual deposits subject to check.....	\$4,041,704,403.21	\$4,199,237,605.68	\$8,240,942,008.89
Savings deposits.....	824,476,095.42	6,147,592,232.21	6,972,069,227.63
Certificates of deposits.....	944,170,542.35	1,093,044,496.11	2,037,215,038.46
Certified checks.....	80,823,835.00	48,574,397.75	129,398,232.75
Cashiers' checks outstanding.....	62,285,775.14	33,853,851.04	96,139,627.08
Total.....	5,953,461,551.12	11,522,302,583.69	17,475,764,134.81

It will be noted that of the \$17,475,700,000 on deposit in all reporting banks, \$6,972,000,000, or nearly 40 per cent, consists of savings deposits, \$2,037,200,000 are certificates of deposits (time and demand), and \$8,240,900,000 are commercial deposits that are subject to check without notice.

SAVINGS DEPOSITS IN ALL BANKS.

Savings deposits are supposed to represent chiefly the accumulations of wage earners and other people of moderate means, and by reason of this fact statistics relating to such deposits are of special interest. Savings deposits in all banks of the country increased from \$6,496,-192,707 in June, 1912, to \$6,972,069,227 in June last, the increase during the year being \$475,876,520, or over 7 per cent. The aggregate deposits in all banks on June 4, 1913, roundly stated, were \$17,475,700,000; of this amount \$6,972,000,000, as stated, was savings deposits, exclusive of \$211,445,687 held by savings banks

subject to check without notice. Statistics showing the number of savings depositors in all banks for the current year are not available, but the information obtained upon this subject in 1911 showed that there were on June 7 of that year over 17,600,000 savings accounts on the books of the various banks of the country. For the purpose of comparison the following table is presented relative to the classification of deposits in each class of banks as shown by reports of condition as of June 4, 1913:

Classification of deposits in each class of banks as of June 4, 1913.

Classification.	Number of banks.	Individual deposits subject to check without notice.	Savings deposits or deposits in interest or savings department.	Certificates of deposit.
State banks.....	14,011	\$1,740,122,513.11	\$636,910,746.06	\$656,792,526.71
Mutual savings banks.....	623	439,374.04	3,768,895,176.30	51,544.51
Stock savings banks.....	1,355	138,425,887.58	744,532,754.43	71,487,626.96

National banks.....	80,823,835.00	62,285,775.14	15,953,461,551.12
Grand total.....	129,398,232.75	96,139,627.08	17,475,764,134.81

¹ United States deposits not included.

A statement showing the aggregate amount of savings deposits held by banks in each State and geographical division, with the per capita, will be found incorporated with the table of resources and liabilities on another page.

By referring to the table in question it will be noted that the largest amount of savings deposits are held by banks in the State of New York, \$1,910,600,000, followed by Massachusetts with \$877,300,000, Pennsylvania with \$669,800,000, and California with \$453,500,000. Other large amounts are \$346,800,000 in the savings department of the banks of Illinois, \$324,400,000 in the Ohio banks, and \$318,900,000 in the Connecticut banks. The total savings deposits in the banks of Massachusetts are more than one-third of the total individual deposits of the banks of the New England States, and the savings deposits in the banks of New York represent over 27 per cent of the individual deposits in all banks of the Eastern States. In the Southern States the Virginia banks hold the largest amount of savings deposits, or \$47,000,000, Louisiana being next with \$31,400,000, Georgia third with \$30,800,000, and South Carolina fourth with \$26,900,000. In the Middle-Western States, as before indicated, Illinois is first with \$346,800,000, Ohio second with

\$324,400,000, and Michigan third with \$250,100,000. In the Western States Colorado is first with \$23,600,000 savings deposits, Nebraska is second with \$18,900 000, and Montana third with \$13,400,000. In the Pacific States, California, as before indicated, is first with \$453,500,000, Washington second with \$51,200,000, and Utah third with \$21,800,000. The amount of savings deposits per capita for the United States is \$71 and for each geographical section is as follows: New England States, \$245; Eastern States, \$134; Pacific States, \$91; Middle Western States, \$50; Southern States, \$10; Western States, \$9. The gain during the year in the per capita amount of savings deposits was as follows: \$7 for the New England States, \$5 for the Eastern States, \$9 for the Pacific States, \$4 for the Middle Western States, 69 cents for the Southern States, and 75 cents for the Western States, or \$3 for the United States.

STATE, SAVINGS, AND PRIVATE BANKS AND LOAN AND TRUST COMPANIES.

Summaries of the reports received for the current year from State, savings, and private banks, and loan and trust companies show the condition on June 4, 1913, of 18,520 banks other than national, or 697 more than reported in 1912. The aggregate resources of these banks are \$14,675,243,842.44. In 1912, 17,823 banks other than national made reports showing aggregate resources of \$14,124,878,897.03. The increase in resources for the year is therefore shown to be \$550,364,945.41. The returns for the current year include 14,011 commercial banks, 623 mutual savings banks, 1,355 stock savings banks, 1,016 private banks, and 1,515 loan and trust companies. The returns for each class of banks, with the exception of private banks, are practically complete.

The statistics for 38 States have been prepared from official returns as of June 4, 1913, with the exception, as to date, of those from Pennsylvania, May 1; Alabama, June 9; Tennessee, June 30; Iowa, June 28; and the island possessions, June 30. These returns were supplemented as to details of resources and liabilities by reports submitted by individual banks.

A summary of the reports of condition of the banks other than national is submitted herewith:

Summary of reports of condition of 18,520 State, savings, and private banks and loan and trust companies in the United States on June 4, 1913.

STATE BANKS.

Reports from State banks (commercial banks) to the number of 14,011 have been received, showing capital of \$483,103,779.15 and aggregate resources of \$4,143,052,802.86. In 1912 reports were received from 13,381 State banks with capital of \$459,067,206.81 and aggregate resources of \$3,897,770,826.71. The increase during the year is shown to be 630 in the number of banks, \$24,036,572.34 in capital, and \$245,281,976.15 in aggregate resources. A summary of the reports submitted by the State banks shows in round amounts loans aggregating \$2,746,600,000, investments in bonds, securities, etc., \$351,400,000, cash on hand \$246,200,000, capital \$483,100,000, surplus and undivided profits \$285,100,000, and individual deposits \$3,081,000,000. Of the loans, \$555,100,000 are reported as secured by real estate, including mortgages owned, and \$692,000,000 as secured by collateral other than real estate, \$1,467,400,000 being unclassified loans and \$31,500,000 overdrafts. The investments in bonds, securities, etc., consist of \$3,350,000 United States bonds, \$88,973,000 State, county, and municipal bonds, \$65,501,000 railroad bonds, \$52,854,000 bonds of other public-service corporations, while \$140,817,000 are unclassified. The individual deposits were classified as follows: Deposits subject to check without notice \$1,740,100,000, savings deposits \$636,900,000, certificates of deposit \$656,700,000, certified checks and cashiers' checks outstanding \$47,100,000, and postal savings deposits \$1,800,000.

SAVINGS BANKS.

There has been a marked increase in deposit balances of savings banks during the past year as well as in the number of depositors, the increase being largely in excess of the gain in 1912 over 1911.

In 1912 reports were received from 1,922 savings banks; for the present year reports to the number of 1,978 have been tabulated, 623 being from mutual institutions and 1,355 from stock savings banks—the latter class transacting both a savings and a commercial bank business. Deposits in these banks aggregate \$4,727,403,950.79 and the depositors number 10,766,936, the average deposit account being

\$439.07. The 1,922 savings banks reporting in June, 1912, had deposits aggregating \$4,451,818,522.88 to the credit of 10,010,304 depositors, the average deposit account being \$444.72. It is therefore shown that there has been an increase during the year of 56 in the number of banks reporting, 756,632 in the number of depositors, and \$275,585,427.91 in the amount of deposits, while the average deposit account has decreased by \$5.65. In 1912 the increase in deposits over 1911 was \$239,234,924; the increase in the number of depositors was 215,657. The percentage of increase in deposits in 1913 was 6.2, and in depositors 7.5; the increase in 1912 over 1911 was 5.6 per cent in deposits and 2.2 per cent in depositors. The average deposit account, however, has fallen from \$444.72 in 1912 to \$439.07 in 1913.

The following table shows the number of savings depositors, aggregate savings deposits, and average amount due depositors in savings banks in each State on June 14, 1912, and June 4, 1913. These figures do not include the amount of savings deposits in savings departments of the State banks of Illinois, as this information is shown in the statement for commercial banks in another table.

Number of savings depositors, aggregate savings deposits, and average amount due to each depositor in savings banks (mutual and stock savings) in each State on June 4, 1913.

NOTE 1.—The compilation for 1912 includes statements, as of June 14, from 630 mutual savings banks and 1,292 stock savings banks. Many of the stock savings banks receive commercial deposits, and included with the figures for such banks for 1912 are \$178,127,748.36 reported as subject to check without notice to the credit of 412,512 depositors. Savings bank reports from Maryland, as of June 29, Georgia, May 29, and Kentucky, May 18. Depositors in the following number of banks for the States named have been estimated: 1 in North Carolina, 1 in Nebraska, 2 in Mississippi, 2 in Tennessee, 4 in Georgia, 6 in Kentucky, and 131 in Iowa. Deposits include \$262,835.16 as "dividends unpaid" by stock savings banks.

NOTE 2.—The compilation for 1913 includes statements, as of June 4, from 623 mutual savings banks and 1,355 stock savings banks. Many of the stock savings banks receive commercial deposits and included with the figures for such banks for 1913 are \$139,357,070.69 reported as subject to check without notice to the credit of 494,377 depositors. Savings bank reports from Virginia include 5 trust and savings banks; from Georgia 3 savings and trust companies; from Kentucky 6 trust and savings banks. Figures for Iowa are from official statement, as of June 28; statistics for California include figures for savings departments for commercial banks, but not the number of such departmental banks. Depositors for the following number of banks for the States named have been estimated: 1 in North Carolina, 1 in Nebraska, 1 in Colorado, 1 in New Mexico, 1 in Nevada, 2 in Maryland, 2 in Virginia, 2 in Michigan, 3 in Alabama, 3 in Louisiana, 3 in Kansas, 3 in Washington, 4 in West Virginia, 6 in Mississippi, and 76 in Iowa. Statistics for Michigan include those banks which transact chiefly a savings bank business, there being over 150 so-called savings banks in Michigan which are in fact commercial banks.

The growth of savings banks in the United States from 1820 to 1913, as evidenced by the amount of deposits, number of depositors, average deposit account, and the average per capita in census years from 1820 to 1890, and annually thereafter, is shown in the table following.

Number of savings banks in the United States, number of depositors, amount of savings deposits, average amount due each depositor in the years 1820, 1825, 1830, 1835, 1840, and 1845 to 1913, and average per capita in the United States in the years given.

Year.	Number of banks.	Number of depositors.	Deposits.	Average due each depositor.	Average per capita in the United States.
1820.	10	8,635	\$1,138,576	\$131.86	\$0.12

¹ Population estimated at 97,337,000.

In the figures for 1896 to 1908, inclusive, but not subsequently, are the number of depositors and amount of deposits in the State banks of Illinois having savings departments, but not the number of such banks, by reason of the fact that general returns from these institutions are incorporated in State bank returns. The savings deposits in savings departments of Illinois State banks and trust companies were reported officially on June 4 last at \$292,933,683.

The increase in aggregate deposits in savings banks since 1909, has been \$1,014,000,000, or over 27 per cent, the deposits in 1909 stated roundly being \$3,713,000,000 and for the present year \$4,727,000,000. During the same period the number of depositors has increased 1,935,073, or 22 per cent. The percentage of increase in the deposits during the past year was 6.2 and in depositors 7.5. The percentage of increase during each of four years preceding 1913 has been as follows: In 1909, 1.4 per cent in deposits and 1.4 per cent in depositors; 1910, 9.6 per cent in deposits and 3.5 per cent in depositors; 1911, 3.5 per cent in deposits and 7.1 per cent in depositors; 1912, 5.7 per cent in deposits and 2.2 per cent in depositors.

MUTUAL SAVINGS BANKS.

Reports were received as of June 4, 1913, from 623 mutual savings banks with \$3,769,555,330.59 deposits credited to 8,101,238 depositors, the average deposit account being \$465.31. In June, 1912, reports were received from 630 mutual savings banks with deposits of \$3,608,657,828.11 credited to 7,851,377 depositors, the average deposit account being \$459.62. There has been a decrease of 7 in the number of banks reporting but an increase in deposits during the year aggregating \$160,897,502.48, and an increase of 249,861 in the number of depositors. In 1912 the increase over 1911 was \$148,082,756 in deposits and 160,404 in the number of depositors.

Mutual savings banks are confined chiefly to the manufacturing centers of the New England and Eastern States, there being only 23 institutions of this character reporting from other sections of the country, namely, 1 in West Virginia, 4 in Ohio, 5 in Indiana, 4 in Wisconsin, 8 in Minnesota, and 1 in California. The increase in deposits in mutual savings banks during the past year has been most marked in the Middle Western States where the percentage of increase was nearly 9 per cent, the increase in the New England States and the Eastern States being but 4 per cent.

The resources of the mutual savings banks aggregated \$4,104,639,-651 invested, as follows: Loans, \$2,038,915,500, of which \$1,815,-585,610 are secured by real estate and \$149,547,486 by other collateral security. The investments in bonds, securities, etc., aggregate \$1,818,633,823 and include, in round amounts, United States bonds, \$18,100,000; State, county, and municipal bonds, \$809,400,000; railroad bonds, \$796,200,000; bonds of other public-service corporations, \$99,500,000; and unclassified bonds, etc., \$95,400,000. The amount invested in banking house, furniture, and fixtures is \$39,200,000, and in other real estate \$11,800,000. The amount due from banks is reported at \$155,600,000, and checks, cash items, etc., amount to \$900,000. Cash in banks was reported at \$17,100,000 and resources not classified \$22,300,000. The surplus of mutual savings banks aggregates \$269,700,000, undivided profits \$60,400,000, individual deposits \$3,769,500,000, and unclassified liabilities \$4,800,000. The total num-

ber of savings depositors is 8,098,967 and all other depositors 2,271. Of the 623 mutual savings banks, 404 are located in the New England States. These banks have deposits aggregating \$1,483,127,489 and 3,554,537 depositors. In the Eastern States there are 196 mutual savings banks with deposits of \$2,128,458,093 and 4,197,425 depositors; 140 of these banks with deposits of \$1,700,063,766 and 3,114,240 depositors are located in the State of New York. There is but one mutual savings bank in the Southern States, that being located in West Virginia, with deposits of \$1,491,968 and 5,817 depositors. The Middle Western States have 21 mutual savings banks in operation with deposits aggregating \$102,724,681 and 258,180 depositors. California has one mutual savings bank with deposits aggregating \$53,753,098 and 85,279 depositors. Depositors in the California mutual savings bank have the largest average deposit account, namely, \$630.32; in New York the average is \$545.90, followed by Rhode Island with \$544.93, Ohio with \$526.59, and Connecticut with \$497.02.

The following table shows the number of depositors in mutual savings banks with aggregate savings deposits and the average amount due depositors in the States indicated on June 14, 1912, and June 4, 1913:

Number of mutual savings banks, number of depositors, aggregate deposits, and average deposit account, by States, June 14, 1912, and June 4, 1913.

¹ Reports from 2 banks received Dec. 3, too late to include in this table.

² Reports as of June 29.

³ July 5.

The average rate of interest paid depositors in mutual savings banks in 1913 was 3.94 per cent, against 3.90 per cent in 1912 and 3.95 per cent in 1911. The highest rate is paid by the West Virginia bank, 4.5 per cent, and the lowest average by the banks in Minnesota, 3.57 per cent. An average rate of 4 per cent is paid depositors in mutual savings banks in Rhode Island, Delaware, and Indiana. The average rate paid by the mutual savings banks in the New England States is 3.90 per cent, in the Eastern States 3.71 per cent, in the Middle Western States 3.84 per cent, and by the one bank in California 3.75 per cent.

STOCK SAVINGS BANKS.

Stock savings banks to the number of 1,355 furnished reports as of June 4, 1913. A large number of so-called savings banks transact chiefly a commercial business and carry very few savings accounts. In those States where savings-bank reports are not separately compiled by the State banking departments but classified with commercial banks, care has been exercised in eliminating from the classification made by this office all so-called savings banks which are chiefly banks of discount and deposit, transacting only a minimum of savings-bank business. Some difficulty is experienced in making the classification uniform throughout, but this difficulty can not be entirely overcome until the State banking department of every State shall make a separate classification of the reports for this class of banks.

The reporting stock savings banks are located as follows: Nine in New Hampshire, known as guaranty savings banks; 47 in the Eastern States, 192 in the Southern States, 870 in the Middle Western States, 58 in the Western States, and 179 in the Pacific States. There are a large number of so-called savings banks in Michigan, but only 27, indicating by their reports that they transact a minimum amount of commercial bank business, are included in this classification; and while a large number of commercial banks in Ohio use the word "savings" in their title, for the same reason only 63 in that State have been classified with savings banks. In California a large number of banks are known as departmental banks, which make separate reports to the banking department of that State for each class of business; that is, for their commercial, trust, and savings bank departments. The figures for California therefore include the resources and liabilities of savings banks and savings departments of other banks.

The capital stock of the 1,355 reporting stock savings banks amounts to \$84,837,733.59, against \$76,871,811.79 for 1,292 banks reporting last year. The increase is therefore shown to be 63 in the number of banks and \$7,965,921.80 in capital. Their loans aggregate \$787,543,252.98 and are classified in round amounts as follows: Secured by real estate, \$488,100,000; secured by collateral other than real estate, \$113,400,000; all other loans, including overdrafts, \$185,900,000. Investments in bonds, securities, etc., including premiums, are as follows: United States bonds, \$5,100,000; State, county, and municipal bonds, \$50,700,000; railroad bonds, \$25,300,000; bonds of other public service corporations, \$35,700,000; and unclassified stocks, bonds, etc., \$29,600,000.

In addition to the foregoing summary, the reports show cash in bank amounting to \$35,600,000, and amount due from banks

\$103,600,000. Banking house, furniture and fixtures, and other real estate owned aggregate \$36,900,000, and the surplus and undivided profits \$60,100,000.

The depositors in stock savings banks number 2,665,698, of which 2,171,321 are savings depositors and 494,377 have commercial accounts. In arriving at the number of depositors, those in 88 banks have been estimated. The average rate of interest paid to depositors in stock savings banks ranges from 3.12 per cent to 3.70 per cent, the lower rate being for deposits not subject to restrictions as to withdrawal. In 1912 the percentages were 3.03 to 3.64. The average rate paid on savings deposits by the stock savings banks (guaranty) reporting from the New England States is 3.44 per cent, for the Eastern States the average is 3.52 per cent, for the Southern States 3.84 per cent, for the Middle Western States 3.46 per cent, for the Western States 3.95 per cent, and for the Pacific States 4.02 per cent. The highest average rate of interest paid on savings deposits is 4.50 per cent, by the banks in North Dakota and Wyoming; the lowest average rate, 3.04 per cent, is paid by stock savings banks in Wisconsin.

PRIVATE BANKS.

There are over 3,500 private banking concerns and brokerage houses in the country, but less than one-half of this number furnished reports for statistical purposes. Private banks appear to be most numerous in the Middle Western States, and over 76 per cent of those reporting are located in that section. Reports were received from 777 private banks in the Middle Western States, 77 from the Southern States, 75 from the Western States, 58 from the Eastern States, and 29 from the Pacific States. States from which the largest number reported were: Illinois, 235; Indiana, 197; and Ohio, 152.

In regard to the private banks of Ohio, the department of banks and banking of that State compiled for the first time, but too late to include in this report, a statement from 213 private banks with aggregate resources of \$45,615,930.07. The resources of the 152 private banks of Ohio, which furnished reports to this office, aggregated \$29,809,368.61. The reports from the private banks of New York are also incomplete, only 21 banks with aggregate resources of \$4,625,734 reported this year, against 50 banks with aggregate resources of \$14,799,754 reporting last year.

The capital of the 1,016 private banks from which reports were obtained aggregates \$19,601,717.94. For 1912 reports were obtained from 1,110 private banks with capital of \$22,348,040.33.

The principal items of resources and liabilities of the reporting private banks were as follows: Loans and discounts, \$124,282,694.59; bonds, securities, etc., \$9,845,121.57; due from banks, \$26,763,368.40; cash on hand, \$7,238,552.87; total resources, \$182,785,398.17. The capital stock was reported at \$19,601,717.94, surplus \$7,925,570.48, undivided profits \$3,362,365.36, and individual deposits \$143,457,229.32.

LOAN AND TRUST COMPANIES.

In compiling the statistics for loan and trust companies, as far as possible, those concerns which are trust companies in name only—banks transacting no trust business—have been excluded from the

summary which follows, but are included with the statistics for commercial banks. From these figures it appears that loan and trust companies have acquired banking resources amounting to over \$5,100,000,000, or about one-half the resources of national banks.

Reports as of June 4, 1913, with the exception of those from Maine as of April 26, Pennsylvania May 1, and Nevada November 26 (1912), were received from 1,515 loan and trust companies with aggregate resources of \$5,123,920,197.46. In 1912 reports were received from 1,410 loan and trust companies, with aggregate resources of \$5,107,444,382.27; the increase therefore has been 105 in the number of companies reporting and \$16,475,815.19 in aggregate resources. The capital stock is reported at \$452,386,839.07, against \$418,985,771.77 in 1912.

The number of loan and trust companies with aggregate capital stock, stated in round amounts, are located as follows: In the Eastern States 513, with capital of \$220,300,000; Middle Western States 352, with capital of \$108,000,000; Southern States 318, with capital of \$57,700,000; New England States 195, with capital of \$44,500,000; Western States 69, with capital of \$6,700,000; and Pacific States 68, with capital of \$14,900,000. The loans and discounts of loan and trust companies aggregate \$2,767,346,174.33, classified in round amounts as follows: Secured by real estate, \$576,300,000; by collateral other than real estate, \$1,374,300,000; all other loans, including overdrafts, \$816,600,000. Investments in bonds, securities, etc., including premiums aggregating \$1,191,000,000 are classified as follows: United States bonds, \$2,770,000; State, county, and municipal bonds, \$113,500,000; railroad bonds, \$297,300,000; bonds of other public-service corporations, \$334,200,000; other bonds, stocks, etc., \$443,000,000. The amount reported as due from banks was \$553,000,000; invested in banking house, furniture, and fixtures, \$133,000,000; other real estate owned, \$33,000,000; and cash on hand, \$285,000,000. Loan and trust companies had surplus amounting to \$445,200,000 and undivided profits of \$129,000,000. Individual deposits subject to check were reported at \$2,244,000,000, savings deposits \$970,000,000, certificates of deposit \$323,000,000, and certified and cashiers' checks \$32,000,000.

Comparing the foregoing statistics with those submitted in 1912 loans show an increase of \$56,100,000, cash on hand \$3,233,000, capital \$33,401,000, surplus and profits \$13,628,000, while investments in bonds and securities show a decrease of \$21,100,000, and individual deposits a decrease of \$103,200,000.

BANKS AND BANKING IN THE DISTRICT OF COLUMBIA.

The act of June 25, 1906, places under the supervision of the Comptroller of the Currency, in addition to national banks and the loan and trust companies organized under authority of the act of 1890, all other banking institutions organized under authority of any act of Congress to do business in the District of Columbia or organized by virtue of the laws of any of the States of the Union and having an office or banking house located within the District of Columbia where deposits or savings are received. The supervision in question extends to the requirements applicable to national banks with respect to

reports of condition, earnings and dividends, and examinations. It is further provided that the comptroller shall have the power, when in his opinion it is necessary, to take possession of any such banking institution for the reason and in the manner and to the same extent as is provided in the laws of the United States with respect to national banks.

There are 56 banking institutions in the District of Columbia, consisting of 12 national banks, 7 trust companies, 17 savings banks, and 20 building and loan associations. The aggregate capital of all these institutions on August 9, 1913, was \$19,268,851; an increase during the year of \$3,246,975. The total individual deposits were \$86,514,014 and the aggregate resources \$142,517,552. The increase in individual deposits during the year was \$4,296,554 and in aggregate resources \$13,079,643.

The number, capital, individual deposits, and aggregate resources of each class of financial institutions doing business in the District of Columbia on August 9, 1913, are shown in the following table:

Classification.	Num-ber.	Capital.	Individual deposits.	Aggregate resources.
National banks.....	12	\$6,602,000	\$27,378,249	\$60,331,889
Loan and trust companies.....	7	11,250,000	32,422,023	50,891,044
Savings banks.....	17	1,416,851	10,260,698	12,856,325

Total.....	56	19,268,851	86,514,014	142,517,552

¹ Share payments.

BANKS AND BANKING IN THE ISLAND POSSESSIONS.

Banking institutions reporting from the island possessions numbered 30, 4 of which are national associations located in Hawaii. The number of reports received from banks other than national from Hawaii was 9, from Porto Rico 6, and from the Philippines 11. A number of banks in Hawaii and Porto Rico which reported in 1912 failed to furnish a report of condition for this compilation. The bank resources of Porto Rico, Hawaii, and the Philippines aggregate \$65,483,060.74. The capital of the 30 banks from which reports were received aggregates \$6,539,968.40, loans \$33,863,229.21, investments in bonds, securities, etc., \$5,385,121.56, amount due from other banks and branches \$10,155,267.51, cash on hand \$8,363,080.17. Surplus and undivided profits amount to \$2,753,131.75, amount due to other banks and branches \$12,599,307.27, individual deposits \$33,994,355.33, United States deposits \$419,664.71, and postal savings deposits \$17,500.

PHILIPPINES.

Through the courtesy of the Bureau of Insular Affairs, United States War Department, reports of condition as of June 30, 1913, have been received from the following-named banks in operation in the Philippine Islands: Hongkong & Shanghai Banking Corporation, at Manila; Hongkong & Shanghai Banking Corporation, at Iloilo; Chartered Bank of India, Australia, and China, at Manila; Chartered

Bank of India, Australia, and China, at Iloilo; Chartered Bank of India, Australia, and China, at Cebu; Bank of the Philippine Islands, at Manila; Bank of the Philippine Islands (branch), at Zamboanga; Bank of the Philippine Islands (special branch), at Jolo; Bank of Philippine Islands, at Iloilo; International Banking Corporation, at Manila; and International Banking Corporation, at Cebu.

The principal items of resources of these 11 banking institutions are as follows: Loans and discounts, \$18,125,662.09; bonds, securities, etc., \$689,390.49; due from banks and bankers, \$3,710,812.98; cash on hand, \$3,607,236.30; all other resources, \$5,903,301.01; total resources, \$32,036,402.87. The liabilities are as follows: Capital stock, \$2,750,000; surplus and undivided profits, \$1,283,079.92; individual deposits, \$11,741,536.30; postal saving deposits, \$17,500; due to banks and bankers, \$8,572,814.59; all other liabilities, \$7,671,472.06.

HAWAII.

Returns as of June 30 have been received from nine banking institutions other than national banks in operation in the island Territory of Hawaii, namely: First Bank of Hilo; Bank of Honolulu; Bishop Trust Co., of Honolulu; First Trust Co., of Hilo; Guardian Trust Co., of Honolulu; Trent Trust Co., of Honolulu; Bishop & Co., of Honolulu; Bank of Hawaii, Lihue branch; Yokohama Specie Bank, Honolulu branch. A summary of the principal items of resources and liabilities as of June 30, 1913, for the nine banks above named is as follows: Loans and discounts, \$6,917,101.08; bonds, securities, etc., \$1,881,206.08; banking house, furniture, and fixtures, \$135,764.08; other real estate owned, \$82,936.62; due from banks, \$790,167.12; checks and cash items, \$155,074.44; cash on hand, \$1,995,472; other resources, \$325,974.39; total resources, \$12,283,695.81. Liabilities: Capital stock, \$2,132,500; surplus, \$125,790.77; undivided profits, \$251,429.45; due to banks, \$283,798.84; individual deposits, \$9,437,273.50; bills payable, \$15,190.21; other liabilities, \$37,713.04; total liabilities, \$12,283,695.81. In 1912 the total resources and liabilities of the banks other than national reporting from Hawaii aggregated \$19,579,365.85. The decrease for the present year is caused by the failure of one or more territorial banks to furnish reports to this office.

The principal items of resources and liabilities as of June 30, 1913, for the nine reporting territorial banks combined with statistics as of June 4, 1913, for the four national banks show an aggregate banking power for Hawaii as follows: Loans, \$8,729,657.16; bonds, securities, etc., \$2,873,364.22; due from banks, \$1,069,606.99; cash on hand, \$2,535,261.19; capital, \$2,742,500; surplus and undivided profits, \$700,179.46; due to banks, \$479,289.79; individual deposits, \$11,313,718.56; aggregate resources, \$16,015,313.27.

PORTO RICO.

In 1912 reports were received from 11 banking institutions in operation in the island of Porto Rico. For the present year only six banks furnished reports of condition for the use of this office. These

banks were: Agency of the Bank of Nova Scotia, at San Juan; American Colonial Bank of Porto Rico at San Juan; Banco Commercial de Puerto Rico, at San Juan; Banco Popular de Economias y Prestamos, San Juan; Banco Territorial y Agricola de Puerto Rico, San Juan; and Royal Bank of Canada, San Juan.

A summary of the resources and liabilities of these banking institutions as of June 30, 1913, is as follows: Loans, \$7,007,909.96; bonds, securities, etc., \$1,822,366.85; due from banks and bankers, \$5,374,-847.54; cash on hand, \$2,220,582.68; other resources, \$1,005,637.57; total resources, \$17,431,344.60. Liabilities: Capital stock, \$1,047,-468.40; surplus and undivided profits, \$769,872.37; individual deposits, \$10,939,100.47; due to banks and bankers, \$3,547,202.89; all other liabilities, \$1,127,700.47; total liabilities, \$17,431,344.60.

Banks which furnished reports in 1912 but failed to forward a report for the current year are: Caja de Economias y Prestamos, San Juan; Credito y Ahorra Ponceno, at Ponce; Caja Popular de Ahorros y Prestamos, at San German; Caja de Economias y Prestamos at Cabo Roja; and Credito y Ahorro Popular, at Yauco.

STATE AND PRIVATE BANK FAILURES.

Through the courtesy of the Bradstreet Commercial Agency information is obtainable with respect to the number of banks of each class closed and the amount of assets and liabilities at the date of closing, but no statistics are at command in relation to the settlement of the affairs of insolvent State and private banks.

In the year ended June 30, 1913, 40 banks of this character were closed, the nominal assets at the date of failure being \$6,182,295 and the liabilities \$7,520,527. Included in the list of failures are 18 State banks with assets of \$1,362,983 and liabilities of \$1,866,480, 4 savings banks with assets of \$564,000 and liabilities of \$680,000, 3 trust companies with assets of \$3,409,300 and liabilities of \$3,419,860, and 15 private banks with assets of \$846,012 and liabilities of \$1,554,187.

For the period beginning with 1864 and terminating in 1896 as a result of special efforts information was obtained in relation to the settlement of the affairs of State and private banks closed during that time, from which it would appear that creditors received on an average of approximately 45 per cent on their claims. Since 1896 no statistics have been secured relating to the settlement of the affairs of banks of this character, but there have been reported from year to year the number of failures with assets and liabilities at the date of failure, which are summarized in the following table:

Number of failures, capital, assets, liabilities, and dividends paid by State and private banks that failed in each year from 1864 to 1913.

Year.	Number of failures.	Capital.	Nominal assets.	Liabilities.	Dividend's paid.
1864.	2				
1865.	5	\$125,000.00	\$245,401.97	\$225,662.14	\$145,592.25

BUILDING AND LOAN ASSOCIATIONS IN THE DISTRICT OF COLUMBIA.

Building and loan associations in operation in the District of Columbia, which were placed under the supervision of the Comptroller of the Currency by the act of March 4, 1909, have shown a steady increase in business from that date as indicated by the volume of loans, installment payments on shares, and aggregate resources, as shown in the following table:

Years.	Number of associations.	Loans.	Installments on shares.	Aggregate resources.
June 30, 1909.....	22	\$13,511,587	\$11,996,357	\$14,393,927
June 30, 1910.....	19	14,415,832	13,213,644	15,250,731
June 30, 1911.....	19	14,965,220	13,324,217	16,017,465
June 30, 1912.....	20	16,004,760	14,529,977	17,160,293
June 30, 1913.....	20	17,398,010	16,453,044	18,438,294

These institutions are required to make semiannual reports and are subject to periodical examinations. The total number of shares issued by these associations is stated at 367,407, of which 142,368 were in force on June 30, 1913. The membership is reported at 33,756, of whom 8,537 are borrowing and 25,219 nonborrowing members. Installment payments are for one association \$2.50 per month, two \$2, one \$1.50, and the remaining \$1 per share.

BUILDING AND LOAN ASSOCIATIONS IN THE UNITED STATES.

Statistics relating to the building and loan associations in the United States for the year 1912 have been obtained through the courtesy of Mr. H. F. Cellarius, secretary of the United States League of Local Building and Loan Associations.

There were in 1912 in the United States 6,273 associations, with a total membership of 2,516,936, and having assets amounting to \$1,137,600,648. The total resources increased \$106,913,617, or a little over 10 per cent for the year, and the membership increased 184,107, or a little less than 8 per cent, during the same period. The average amount due each member is \$451.98, an increase of \$10.17 per member for the year.

The following table shows, by States, the number of associations, total membership, and total assets for States in which accurate statistics are compiled by the State authorities. The data for other States are consolidated under the heading, "Other States," and the figures given are estimated.

States.	Number of associations.	Total membership.	Total assets.	Increase in assets.	Increase in membership.

¹ Including \$4,734,478 State associations now doing business as locals.² Decrease.³ Estimated.

RECEIPTS AND DISBURSEMENTS.

The receipts for the year 1912 aggregated \$779,479,200, an increase over the previous year of \$71,294,068, or 10.6 per cent. The weekly dues increased \$28,461,854, or 12.1 per cent; paid-up stock, \$2,657,922, being 11.2 per cent; deposits, \$3,832,888, being 5.8 per cent; interest, 5,824,868, being 9.5 per cent. Premium receipts were \$169,258 less than in 1911. The mortgage loans made last year were \$15,880,888 in excess of those of the previous year, or 5.6 per cent; stock withdrawals increased \$21,371,168, or 10.9 per cent; paid-up stock withdrawals were \$5,015,546 more than in 1911, being an increase of 26.3 per cent, while deposits increased \$4,490,544, or 7.8 per cent. The ratio of expenses to receipts was a fraction under 1 per cent. In detail the receipts and disbursements for the year were as follows:

Receipts, 1912.	Amount.	Disbursements, 1912.	Amount.
Cash on hand Jan. 1, 1912.....	\$32,434,368	Pass-book loans.....	\$27,626,952

SCHOOL SAVINGS BANKS.

Through the courtesy of Mrs. S. L. Oberholtzer, who has undertaken the work of collecting statistics relating to this class of banks, the Comptroller is enabled to present the latest statistical data showing the growth of the school savings bank system in this country. Much interest is now being manifested in this method of accumulating small savings, and recently the American Bankers' Association provided for a school savings section, in charge of a capable secretary, for the purpose of studying the growth of this movement and compiling statistics relating thereto.

From reports received and compiled it appears that there are about 1,200 schools in 201 cities and towns having school savings banks. The pupils registered at these schools number 1,492,789, and the number of pupils with savings accounts are 210,320. The total amount deposited was \$4,305,018.83, withdrawn \$3,143,551.22, the balance on deposit being \$1,161,467.61.

The following is a summary of reports from school savings banks, arranged by States and geographical divisions:

School savings banks of the United States on or about Jan. 1, 1913.

	Number of cities.	Number of scholars.		Total.		Balance due depositors.
		On register.	Depositors.	Deposited.	Withdrawn.	
New England States.....	54	209,489	36,538	\$334,223.17	\$191,854.33	\$142,368.82
Eastern States.....	80	976,457	77,836	2,560,429.97	2,036,825.26	523,604.71
Southern States.....	4	8,808	597	651.50	212.00	439.50
Middle Western States ¹	44	208,239	78,533	1,030,892.57	661,494.01	369,398.56
Western States.....	4	14,101	1,779	10,425.77	2,395.75	8,030.02
Pacific States.....	15	75,695	15,037	368,395.85	250,769.85	117,626.00
Total United States.....	201	1,492,789	210,320	4,305,018.83	3,143,551.22	1,161,467.61

¹ Figures for 3 cities as of Jan. 1, 1912.

The statistics in detail relating to school savings banks will be found in the appendix; while incomplete, only about 75 per cent of the number in operation reporting, they show the extent to which the savings of school children has grown.

SAVINGS BANKS IN FOREIGN COUNTRIES.

The Comptroller is indebted to the Bureau of Foreign and Domestic Commerce, Department of Commerce, for the latest available statistics in relation to the number of depositors and the volume of deposits in the various classes of savings banks in foreign countries.

The first table following is a consolidated statement relating to all foreign savings banks and the second is confined to postal savings banks, showing the returns for the current year and 10 years prior. As will be noted, the United Kingdom, the country in which the postal savings bank system had its first practical origin, leads all other countries in the volume of deposits and the number of depositors.

The tables in question follow.

[Compiled by the Bureau of Foreign and Domestic Commerce, Department of Commerce, from the official reports of the respective countries.]

¹ The figures of population are for the nearest date to which the statistics of savings banks relate.

² Exclusive of 1,892 deposits of \$194,893 in savings banks in Faroe Islands, and of data for savings departments of ordinary banks, which comprised 160,127 accounts, credited with \$33,027,713 on Mar. 31, 1911.

³ Exclusive of Brunswick.

⁴ No separate data available for private and communal savings banks since 1909. The ordinary banks, savings banks, and land-credit banks of Hungary held 1,896,654 savings accounts credited with \$781,477,529 on Dec. 31, 1911.

⁵ Figures for the Casa d'Economie.

⁶ Includes 38,958 depositors in school savings depositories, credited with \$105,060. The above total is exclusive of \$162,185,345 worth of securities held by the savings banks to the credit of depositors.

⁷ The peseta has been converted at the rate of 18.1 cents. Data taken from "España Económica y Financiera," May 31, 1913. Exclusive of data for savings departments of commercial banks, which comprised 136,648 accounts credited with \$30,500,114 on Dec. 31, 1912.

⁸ Exclusive of Government stock held for depositors, which, at the end of the year, amounted to \$126,907,896 in the postal savings banks and to \$13,163,196 in the trustee savings banks.

⁹ Exclusive of the population of the feudatory States.

¹⁰ Exclusive of data for special private savings banks which, on June 30, 1913, held deposits amounting to \$39,440,559. The above total does not include the savings deposits in chartered banks ("Deposits payable after notice or on a fixed day"), which, on June 30, 1913, amounted to \$622,928,969.

Comparative statement relative to number of depositors, amount of deposits, and average deposit in postal savings banks.

¹ Earlier reports not available.

² It has been thought proper to include among the postal savings banks also those savings banks in the Australian States which prior to the transfer of the State post offices to the Federal Government were operated by the respective State post offices. All these banks continue at present to be operated as Government savings banks.

INSOLVENT NATIONAL BANKS.

During the year ended October 31, 1913, six national banks, with an aggregate capital stock of \$4,350,000, were placed in the charge of receivers appointed by the comptroller. The First-Second National Bank of Pittsburgh, Pa., which was closed on July 7, 1913, had a capital stock of \$3,400,000, and in point of gross assets is the largest national bank placed in the charge of a receiver in the history of the national banking system.

In the accompanying table will be found a list of the banks closed during the year ended October 31, 1913, showing date that each bank was authorized to commence business, date of the appointment of the receiver, the capital stock and the circulation issued, redeemed, and outstanding of each bank listed.

Name and location of bank.	Charter No.	Date of authority to commence business.	Date of appointment of receiver.	Capital stock.	Circulation.		
					Issued.	Re-deemed.	Out-standing.
Atlantic National Bank, Providence, R. I.	2913	Apr. 3, 1883	Apr. 16, 1913	\$300,000	\$899,810	\$719,710	\$180,100
First National Bank, Oneonta, N. Y.	420	May 9, 1864	Apr. 17, 1913	100,000	274,950	274,950
First National Bank, Norwich, Conn.	458	June 6, 1864	May 7, 1913	300,000	1,313,410	1,129,410	184,000
First-Second National Bank, Pittsburgh, Pa.	252	Feb. 13, 1864	July 7, 1913	3,400,000	10,604,900	8,739,802	1,865,098
First National Bank, La Fayette, Ga.	7247	May 7, 1904	July 19, 1913	50,000	89,100	69,100	20,000
Traders' National Bank, Lowell, Mass.	4753	June 10, 1892	Oct. 20, 1913	200,000	2,222,940	2,032,743	190,197
Total (6 banks).....				4,350,000	15,405,110	12,965,715	2,439,395

¹ Formerly in voluntary liquidation.

From 1865, the date of the first failure of a national bank, to October 31, 1913, 531 national banks have been placed in the charge of receivers. Twenty-five of these were, however, restored to solvency and permitted to reopen.

The capital of such failed banks aggregates \$90,950,920. The book or nominal value of assets administered by receivers under the supervision of this office was \$391,063,051. The total cash realized from the liquidation of these assets aggregates \$190,098,517. In addition to this amount there has been realized from assessments of \$46,194,540 levied against stockholders the sum of \$22,322,747, making total cash collections from all sources \$212,421,264, which has been distributed as follows:

In dividends to creditors on claims proved amounting to \$203,414,650 the sum of.....	\$141,990,760
In payment of loans and other disbursements discharging liabilities of the bank other than those of the general creditors.....	40,808,647
In payment of legal expenses incurred in the administration of such receiverships.....	5,187,764
In payment of receivers' salaries and other expenses of receiverships...	9,247,875
There has been returned to shareholders in rebates on assessments levied.	3,444,256
Leaving a balance in the hands of the comptroller and the receivers of..	11,741,955
Total.....	212,421,264

There are still in the charge of the receivers 45 insolvent national banks, the assets of which have a book or nominal value of \$82,124,646. In process of liquidation up to October 31, 1913, the receivers have realized from these assets in cash \$36,287,270 and have collected from the shareholders on account of assessments levied against them to cover deficiencies in assets the sum of \$1,923,583, making total collections from all sources in the liquidation of current or active receiverships the sum of \$38,210,853, which amount has been distributed as follows:

Dividends to creditors.....	\$18, 660, 176
Loans paid and other disbursements discharging liabilities of the bank other than those of the general creditors.....	5, 748, 907
Legal expenses.....	569, 279
Receivers' salaries and all other expenses of administration.....	989, 046
Returned to shareholders on account of rebates on assessments.....	531, 512
Leaving a balance in the hands of the comptroller and with the receivers of.....	11, 711, 933
Total.....	38, 210, 853

This large undistributed balance consists primarily of the amount in the hands of the comptroller to the credit of the First-Second National Bank of Pittsburgh, Pa. The distribution of this amount is being arranged for as heretofore stated.

Collections from assets of the 486 national banks, the affairs of which have been finally closed, were \$153,811,247 and from assessments levied against shareholders, \$20,399,164, making total collections of \$174,210,411, from which on claims proved aggregating \$161,168,878 dividends were paid to the amount of \$123,330,591. The average rate of dividends paid on claims proved was 76.52 per cent, but including offsets allowed, loans paid, and other disbursements with dividends creditors received on an average 82.87 per cent. Expenses of administration of these 486 trusts—that is, receivers' salaries, legal and other incidental expenses—amounted to \$12,877,314, a sum equal to 4.17 per cent of the nominal value of assets and 7.39 per cent of the total collections from assets and from shareholders. The outstanding circulation of these banks at the date of failure was \$23,731,707, secured by bonds on deposit in the Treasury of the face value of \$25,855,400. Assessments against shareholders averaged 53.1 per cent of their holdings, the collections therefrom being 48.4 per cent of the assessments levied.

In the current year 25 dividends were paid to creditors of 19 insolvent banks, the total distribution being \$1,468,448.83.

In the table following is summarized the condition of all insolvent national banks, the condition of the closed and active receiverships being shown separately.

	Closed receiverships, 486. ¹	Active receiverships, 45.	Total, 531.
Total assets taken charge of by receivers.....	\$308,938,405	\$82,124,646	\$391,063,051
Disposition of assets:			
Offsets allowed and settled.....	24,618,260	7,307,904	31,926,164
Loss on assets compounded or sold under order of court.....	112,416,213	5,338,663	117,754,876
Nominal value of assets returned to stockholders.....	14,056,227	14,056,227
Nominal value of remaining assets.....	4,036,458	33,190,809	37,227,267
Collected from assets.....	153,811,247	36,287,270	190,098,517
Total.....	308,938,405	82,124,646	391,063,051
Collected from assets as above.....	153,811,247	36,287,270	190,098,517
Collected from assessment upon shareholders.....	20,399,164	1,923,583	22,322,747
Total collections.....	174,210,411	38,210,853	212,421,264
Disposition of collections:			
Loans paid and other disbursements.....	35,059,740	5,748,907	40,808,647
Dividends paid.....	123,330,591	18,660,176	141,990,767
Legal expenses.....	4,618,485	569,279	5,187,764
Receivers' salary and other expenses.....	8,258,829	989,046	9,247,875
Balance in hands of comptroller or receivers.....	30,022	11,711,933	11,741,955
Amount returned to shareholders in cash.....	2,912,744	531,512	3,444,256
Total.....	174,210,411	38,210,853	212,421,264
Capital stock at date of failure.....	{ ² 6,460,000 72,925,920 }	10,710,000	90,095,920
Bonds at failure.....	25,855,400	5,352,750	31,208,150
Amount realized from sale of bonds.....	26,669,029	2,116,961	28,785,990
Circulation outstanding at failure.....	23,731,707	5,601,610	29,333,317

¹ And interest in full.² Formerly in voluntary liquidation.

In view of the currency legislation now pending in Congress and the contemplated revision of the national banking laws in the immediate future, it is not deemed advisable to submit any suggestions or recommendations in this report on these subjects.

THOMAS P. KANE,
Acting Comptroller of the Currency.

The SPEAKER OF THE HOUSE OF REPRESENTATIVES.

APPENDIX.

DIGEST OF DECISIONS RELATING TO NATIONAL BANKS.

[The following decisions relating to national banks are reported in volumes 225-228, U. S. R., and volumes 198-206, Fed. Rep., with the exception of one case taken from the Kentucky reports, one from the N. Y. reports, and one from those of Oregon.]

CHECKS.

Cashier's check—Consideration (U. S. C. C. A., 1912).—Checks of a contractor, employed to construct city waterworks, drawn on defendant bank, having been protested, the bank offered to pay plaintiff, from whom the contractor had purchased supplies, \$5,870.74 in cash if plaintiff would wait for the balance until bonds of the city issued to pay for the waterworks, in the hands of the bank for sale, had been sold. A cashier's check for such sum was issued by defendant bank and delivered to plaintiff; but the bonds not having been sold, and the bank never having received anything therefor, payment was refused. Plaintiff's assistant secretary testified that there was no consideration for the cashier's check, except the bank's promise to pay the contractor's checks, and that he did not know of his own knowledge, except what certain correspondence showed, as to whether any of the materials which had been stopped in transit were released on the delivery of the check. *Held*, that the check was without consideration and unenforceable. (*Mine & Smelter Supply Co. v. Stockgrowers' Bank*, 200 Fed. Rep., 245.)

Cashier's check—Action—Evidence (U. S. C. C. A., 1912).—In an action against a bank on a cashier's check, evidence of a prior telegram, sent by the bank to plaintiff, advising it of the payment of a draft for certain cement sold by plaintiff to the contractor, and promising to pay another during the current week, was immaterial. (*Ib.*)

COLLECTIONS.

Collection of drafts—Mode of payment (U. S. C. C. A., 1913).—A bank, holding a draft for collection, is not authorized to accept anything but money in payment thereof. (*Bradley Lumber Co. v. Bradley County Bank et al.*, 206 Fed. Rep., 41.)

Money received—Nature and elements of action (U. S. C. C. A., 1913).—An action for money received will only lie where the defendants have received money, the property of plaintiff, under such circumstances as to be obliged by natural justice, good conscience, right, and equity to refund. (*Ib.*)

Money paid on false voucher (U. S. C. C. A., 1913).—In an action to recover money which plaintiff had been induced to pay out on a false voucher drawn by its agent, defendants, having changed their position to their prejudice by reason of such payment and without knowledge that the money had been obtained on a false voucher, held not liable to refund in an action for money received. (*Ib.*)

Collection of drafts—Special verdict—Sufficiency of evidence (U. S. C. C. A., 1913).—Plaintiff bank sued defendant bank to recover back money paid defendant during the Russo-Japanese War as the proceeds of a draft sent by defendant to plaintiff's Port Arthur branch for collection, on defendant's assertion that it had been collected, during or just prior to the investment of Port Arthur, and not remitted, which plaintiff alleged was not the fact, as was ascertained after the close of the war. Defendant alleged in the answer as an affirmative defense that the draft had been collected by plaintiff's Port Arthur branch, and such issue was submitted to the jury for a special verdict, which was returned in favor of defendant. *Held*, that there was sufficient evidence in the record to support such verdict. (*Russo-Chinese Bank v. National Bank of Commerce of Seattle*, 206 Fed. Rep., 646.)

Competency—Course of dealing (U. S. C. C. A., 1913).—On such issue, evidence of the course of dealing between plaintiff's Port Arthur branch and the drawees of the draft, with respect to the manner of payment of similar previous drafts, held competent. (*Ib.*)

DEPOSITS.

DEPOSITS OF TRUST FUNDS.

Corporations—Officers—Breaches of trust (U. S. C. C. A., 1913).—Rules for following trust funds apply for the protection of corporations against breaches of trust by their officers. (*Havana Central Railroad Co. v. Central Trust Co. of New York*, 204 Fed. Rep., 546.)

Corporations—Officers—Misuse of corporate funds (U. S. C. C. A., 1913).—One who receives from an officer of a corporation corporate obligations for his individual use, drawn by himself in his own favor, or who receives from such an officer money or securities of the corporation in payment of the officer's personal debts, does so at his peril, and is put on inquiry to determine whether the officer had authority to make such use of the corporation's property. (Ib.)

Deposits—Relation of bank with corporate depositor (U. S. C. C. A., 1913).—A bank in which corporate funds are deposited is not a trustee, quasi trustee, factor, or agent of the corporation, but its debtor only, and, though the bank is bound to satisfy itself that the officer of the corporation signing checks is authorized to do so, it is not the corporation's agent to determine whether a check drawn conforms to the contract between them, but determines the question at its peril. (Ib.)

Corporations—Corporate deposits—Misuse by corporate officers—Duty to inquire (U. S. C. C. A., 1913).—The treasurer of a corporation having an active deposit account in defendant bank drew checks against the deposit, signed by himself as treasurer, payable to himself or another, and, having indorsed them, deposited them to his individual account in another trust company, which presented them to defendant, which paid them without question. The treasurer had no right to the checks, and his action in drawing them amounted to a criminal appropriation of the corporation's funds. So far as defendant is concerned, however, there was nothing suspicious about the checks, except that they were drawn by the corporation's general fiscal officer to his own order and indorsed by him, and other similar checks had been drawn and paid before, and defendant had no knowledge that the checks were being used for the treasurer's personal benefit. *Held*, that defendant was not charged with notice, from the mere fact that the checks were drawn to the treasurer's own order, that they were being improperly used, and hence was not liable to repay the amount to the corporation. (Ib.)

Corporations—Corporation depositor—Misuse of funds by corporation officer—Bank's liability (U. S. C. C. A., 1913).—Where a bank has knowledge that an officer of a corporation depositor is using a check on the corporation's funds for his personal benefit, e. g., to pay his own debt to the bank, or to deposit it to his personal credit, the bank is then put on inquiry, and, if it fails to make it pays at its peril, not because it is agent of the corporation, but because the bank can not discharge its debts to its depositor, except on the depositor's authorized order. (Ib.)

Corporations—By-laws—Notice (U. S. C. C. A., 1913).—While a bank in which a corporation had a deposit account is charged with notice of the provisions of the corporation's charter with reference to the authority of its officers to withdraw moneys, it is not charged with notice of a by-law requiring a counter-signature on all checks drawn against the corporation's deposit account, not brought to the bank's notice by the corporation; especially where for a considerable period checks had been issued, and paid without question, bearing only the signature of the corporation's general fiscal officer. (Ib.)

APPLICATION OF DEPOSIT ON CLAIM.

(U. S. C. C. A., 1913).—In the absence of fraud or collusion a bank has the right to apply a balance of a regular deposit standing to the credit of a bankrupt on the date of the bankruptcy to the payment of notes due it from the bankrupt. (*Walsh v. First National Bank of Maysville*, 201 Fed. Rep., 522.)

POWER OF BANK TO GIVE SECURITY FOR DEPOSIT.

Organization and powers of banks (Ky. Appeals, 1913).—Banks can lawfully be organized and authorized to conduct business in this State only upon the terms and conditions and subject to the limitations prescribed by the banking laws. (*Commercial Banking & Trust Company, et al, v. Citizens Trust and Guaranty Company of West Virginia*, 153 Ky. Rep., 566.)

Construction of charter and banking laws (Ky. Appeals, 1913).—The enumeration in the banking laws of the powers of banks excludes all other methods of banking. (Ib.)

Implied powers—Public Policy—Deposits (Ky. Appeals, 1913).—A bank has no implied power to secure by pledge of its assets the deposits of one of its depositors to the exclusion and detriment of the others. Public policy will not tolerate such practice which in the event of financial trouble would enable a bank to protect the favored few at the expense of the equally deserving many. (Ib.)

Banking laws—Construction—Intent (Ky. Appeals, 1913).—The banking laws were contemplated and framed to insure fair and uniform dealings by banks with all of their depositors. (Ib.)

Implicit powers (Ky. Appeals, 1913).—To enable a bank to exercise a power, not expressly given it by charter or statute, it should be clearly established that such power is necessary to enable it properly to enjoy, use, and carry out its express powers. (Ib.)

Statutes—Construction (Ky. Appeals, 1913).—Where a statute is susceptible of a dual construction, one of which secures equality and equity and the other lead to fraud, that construction insuring fair dealing will be adopted. (Ib.)

Deposits—Guaranty (Ky. Appeals, 1913).—Where by statute a bank is required to secure a public or other deposit before it can receive it, the bank may give such security for its safekeeping and repayment as does not involve a pledge of its assets. (Ib.)

Securities—Pledge—Ultra vires acts (Ky. Appeals, 1913).—Under a statute conferring on banks "such powers as may be necessary to carry on the business of banking by discounting and negotiating notes, drafts, bills of exchange, and other evidences of debt," the act of a bank in pledging its liquid assets to secure the deposits of a county treasurer was ultra vires and void. (Ib.)

ESCHEAT OF BANK DEPOSITS TO STATE.

Escheat—Property subject—Bank deposits (Oreg., 1912).—Since proceedings under sections 7378, 7379, 7380, L. O. L., for the escheat of bank deposits to the State do not assume the death of a depositor whose deposit is sought to be recovered, nor attempt to administer upon his estate, section 7378, providing that the act shall not affect the deposit of any person known to be living, but shall apply to a deposit of an insane person or person under a legal disability, the statutes do not invade the jurisdiction of the probate courts to administer upon the estates of decedents. (*State of Oregon v. First National Bank of Portland*, 61 Oreg. Rep., 551; 123 Pac., 712.)

Escheat—Nature of proceedings (Oreg., 1912).—Section 7378, L. O. L., provides that the cashier, etc., of every bank shall return to the secretary of state a statement showing the amount to the credit of every depositor who has not made or withdrawn a deposit for more than seven years, the last known place of residence of such depositor, and the fact of his death, if known, and publish copies of such statements in a newspaper, but provides that the act shall not apply to the deposit of any person known to be living, but shall apply to that of an insane person or person under a legal disability, whose relative or guardian shall not have knowledge of such deposit. Section 7379 provides that such deposits shall be deemed to have escheated to the State, and the attorney general shall demand their payment. Section 7380 authorizes the attorney general to commence proceedings against any bank which refuses payment in the same manner as escheat proceedings for the State to recover the property of intestates without heirs; and such deposits, when collected, shall be treated as those of deceased persons which have escheated to the State and may be reclaimed by the original depositors, heirs, or representatives in the same manner. Section 7380 also permits any person claiming the money to intervene and have his claim established and requires notice by publication of escheat proceedings to be given for four successive weeks. *Held*, that the proceeding was quasi in rem, so that no precedent seizure of the escheated property was necessary; and the judgment of escheat discharged the bank from liability to the depositor. (Ib.)

Escheat—Validity of statutes—Escheat of bank deposits (Oreg., 1912).—The statutes were authorized under the power of the legislature to escheat and hold the property of absentee depositors. (Ib.)

Escheat—Property subject—Regulation of bank deposits—"Visitorial power" (Oreg., 1912).—The statutes are not an exercise of the "visitorial powers" prohibited by United States Revised Statutes 5241 (U. S. Comp. St., 1901, p. 3517), providing that no association shall be subject to any visitorial powers other than such as are authorized by the title on national banks or are vested in the courts; the term "visitorial power," as there used, meaning power to control and arrest abuses and enforce due observance of the statutes, under section 5240 (U. S. Comp. St., 1901, p. 3516), providing for the employment of bank examiners, authorized to examine the affairs of every banking association and make a report of the bank's condition to the Comptroller. (Ib.)

SPECIAL DEPOSITS.

Special deposits—Relation of parties (U. S. C. C. A., 1912).—Balance of a bank deposit made to pay certain outstanding checks held a special deposit, which the bank was not entitled to apply to general indebtedness to it. (*Continental and Commercial Trust & Savings Bank v. Chicago Title & Trust Co.*, 199 Fed. Rep., 704.)

(U. S. C. C. A., 1912).—While ordinarily the relation between banker and depositor is that of debtor and creditor, yet if the deposit is made for a specified purpose the bank becomes a bailee of the depositor. (Ib.)

STATE GUARANTY LAWS.

KANSAS.

Equal protection of the law—Impairment of contract obligation—Due process of law—Validity of Kansas bank depositors' guaranty act (U. S. Sup., 1913).—The Kansas bank depositors' guaranty act is not unconstitutional as against national banks either because it discriminates against them in favor of State banks, impairs the obligation of existing contracts, or deprives them of their property without due process of law. (*Abilene National Bank v. Dolley*, 228 U. S. Rep., 1.)

Equal protection of the law—Validity of Kansas bank guaranty act (U. S. Sup., 1913).—The constitutionality of this statute has already been upheld as to State banks in *Assaria State Bank v. Dolley*, 219 U. S., 121. (Ib.)

Competition with—Effect of laws of United States to forbid (U. S. Sup., 1913).—The statutes of the United States where they do not prohibit competition with national banks do not forbid competitors to succeed. (Ib.)

FORGED OR ALTERED PAPER.

United States depositories—Forged checks (U. S. C. C. A., 1913).—Where a national bank which was a United States depository paid certain forged checks drawn by a disbursing agent of the Government and on demand by the Government for repayment unconditionally refused to return the money, and made no demand for the checks nor offer to pay on condition that the checks be returned, a tender of the checks to the bank was not a condition precedent to the right of the Government to recover the money. (*United States v. National Bank of Commerce of Seattle*, 205 Fed. Rep., 433.)

Limitation of actions—Checks—Forged indorsements—Payment—Recovery of money (U. S. C. C. A., 1913).—Where a bank on which certain checks with forged indorsements were drawn paid the same, relying on the validity of such indorsements, the bank's right of action against the banks through which it received the checks arose immediately on payment thereof. (Ib.)

Forged checks—Payment—Negligence—Estoppel (U. S. C. C. A., 1913).—Where a defendant bank which was a United States depository paid certain checks drawn by a Government disbursing agent on which indorsements by fictitious payees had been forged, but defendant and the banks through which it received the checks were both negligent in failing to discover the forgery and in not requiring identification of the payees, defendant could not urge in defense of its liability to refund the money to the Government that it was negligent in failing promptly to discover the fraud. (Ib.)

Checks—Duty to pay—Forgeries (U. S. C. C. A., 1913).—Where a bank holds money of a depositor subject to check, it is bound to pay any valid check of the depositor, but it can not charge against the depositor's account money paid on a forged check or on a check to which the bank has obtained title by a forged indorsement. (Ib.)

Bills and notes—Checks—Indorsement—Forged signature of payee (U. S. C. C. A., 1913).—Where checks were drawn by a Government disbursing agent, the Government was not chargeable with knowledge of the signatures of the payees of the checks; so as to charge it with notice that they were forgeries. (Ib.)

Checks—Payment—Duty of bank (U. S. C. C. A., 1913).—Where Government checks drawn by a disbursing agent are presented to the drawee bank for payment, it is the bank's duty to ascertain whether there is such a person as the payee named in the checks and to know that the person presenting the checks is entitled to receive payment; and if payment is made without investigation, identification, or other precaution, it is at the bank's risk. (Ib.)

Government money—Federal depositories—United States disbursing agents—Authority—Notice to bank (U. S. C. C. A., 1913).—Revised Statutes, section 5153, provides that all national banking associations designated for that purpose shall be depositories of public money under such regulations as may be prescribed by the Secretary of the Treasury, and Treasury Department Circular No. 49, section 6, provides that if the object or purpose for which a check of a public disbursing officer is drawn is not stated thereon, or if any reason exists for suspecting fraud, the officer or bank on which the check is drawn shall refuse payment. Department Circular No. 102 declares that any check drawn by a disbursing officer on moneys thus deposited must be in favor of the party by name to whom payment is to be made and payable to order with certain exceptions. *Held* that, where a national bank was a Federal depository and checks of a disbursing agent were drawn on it, the bank was chargeable with notice of the limitations of the agent's authority to check out the money deposited, and that checks drawn by him on such fund payable to the fictitious payee could not be regarded as

valid checks on the fund payable to the bearer. (*United States v. National Bank of Commerce of Seattle*, 205 Fed. Rep., 433.)

United States—Expenditure of funds—Disbursing agent—Fraud—Notice to Government (U. S. C. C. A., 1913).—Where a Federal disbursing agent having authority to draw checks on a Government deposit for a specified purpose drew checks to fictitious payees, and then by forged indorsements procured the proceeds by depositing the checks in other banks, such agent acted in fraud of his principal, and the United States was therefore not charged with his knowledge. (*Ib.*)

INSOLVENCY AND RECEIVERS.

TRACING TRUST FUNDS.

Insolvency—Claims—Trust funds—Conversion of securities (U. S. C. C. A., 1913).—A bank of which complainant was a customer while insolvent wrongfully sold certain of complainant's stock deposited with it as collateral, receiving \$3,558.75 which it deposited in another bank to its credit in a preexisting open account, May 1, 1909. From May 1 to 8, inclusive, the bank drew drafts on this account in favor of an express company for amounts aggregating \$2,807.32, receiving from the express company over its counter the amount of the drafts in cash, and at all times from May 1 to 10, inclusive, the open account, after crediting all deposits and deducting drafts, showed a balance in favor of the insolvent bank always in excess of the proceeds of the stock so sold. On May 11 the account was overdrawn, however, but at all times from February 1 until the bank closed there was more than \$3,500 of cash on hand in the bank's vaults, and \$15,652.23 in cash came into the hands of a receiver. *Held*, that the proceeds of the stock constituted a trust fund which did not lose its character when mingled with the other moneys of the bank, and, when the deposit was drawn down by the express company drafts, the trust attached to the amount paid by the express company for the drafts pro tanto, and hence there was a sufficient following of the fund to entitle complainant to a preferred claim therefor. (*Brennan v. Tillinghast, Tillinghast v. Brennan*, 201 Fed. Rep., 609.)

Trust funds—Loss of trust character—Mingling with other funds (U. S. C. C. A., 1913).—Where the proceeds of stocks wrongfully sold by an insolvent bank constituted a trust fund for the benefit of the owner, they did not lose their trust character by being mingled with other moneys of the bank, provided the owner could trace the money either in its original shape or in substituted form into assets which came into the hands of the bank's receiver. (*Ib.*)

Trust funds—Mingling with other moneys (U. S. C. C. A., 1913).—Proof that a tort-feasor has mingled trust funds with his own and made payments thereafter out of the common fund, in the absence of anything else appearing, is a sufficient identification of the remainder of that fund coming into the hands of the receiver not exceeding the smallest amount the fund contained subsequent to the commingling as trust property, under the presumption that the trust moneys had not been paid out. (*Ib.*)

Trust funds—Blending with other funds—Presumptions (U. S. C. C. A., 1913).—Where trust funds are blended with other moneys in a bank account from which there had been drawings from time to time, the presumption that the sums first drawn out were from the moneys which the tort-feasor had a right to expend in his own business, and that the balance which remained included the trust fund, will not stand against evidence to the contrary. (*Ib.*)

Trusts—Trust funds—Mingling—Transfers (U. S. C. C. A., 1913).—The presumption that a tort-feasor, having mingled trust funds with his own, paid out his own funds, and that the remaining balance included those of the trust, has no application where the evidence shows that the first moneys drawn from the mingled fund by the tort-feasor were not in fact dissipated by him, but merely transferred in a substituted form to another fund retained in his own possession. (*Ib.*)

Deposits—Reclamation—Insolvency (U. S. C. C. A., 1913).—Where a bank, being hopelessly insolvent, receives a deposit with knowledge that it can not pay its debts and must fail in business, the depositor may rescind for fraud and reclaim the deposit or its proceeds, if traced into the assets of the bank coming into the hands of the receiver. (*Ib.*)

Insolvency—Deposits—Receipt (U. S. C. C. A., 1913).—Where the officers of a bank at the time they received a deposit from complainant had known for 10 years that the bank was insolvent, but it did not appear but that the officers had reason to believe that by a continuing business the bank might retrieve its fortunes, and that it would be necessary to close, the receipt of the deposit did not constitute such fraud as would

entitle the depositor to rescind and recover the deposit from the bank's receiver for fraud. (Ib.)

Receipt of deposits—Fraud (U. S. C. C. A., 1913).—Complainant, being indebted to a bank which was insolvent for money borrowed, deposited \$1,000 with the bank, with the understanding that it would be used in payment of defendant's note at maturity. *Held*, that such deposit was taken by the bank as quasi security for the payment of its debt, and hence a receipt of the deposit, notwithstanding the bank's insolvency, was not fraudulent. (Ib.)

Assignments of error—Scope—Review (U. S. C. C. A., 1913).—Where, in a proceeding to recover certain claims against the receiver of an insolvent bank, complainant's \$1,000 note in favor of the bank was allowed as an offset against his preferred claim arising out of the bank's wrongful sale of his collateral consistently with the prayer of the bill, and complainant assigned no error on appeal because the offset was not allowed against his claim as a general creditor under a certificate of deposit, error, if any, in that regard, will not be reviewed. (Ib.)

PROOF AND PAYMENT OF CLAIMS—CLAIMS PROVABLE.

Drafts—Checks—Obligation to pay—Loans (U. S. C. C. A., 1913).—The M. Bank having suffered an impairment of capital, it was arranged that a draft should be drawn on defendant, who was president of plaintiff's bank, individually, to cover the impairment until the danger of governmental examination was over, and that the draft should be made good by the check of a corporation drawn on the M. Bank. The draft was drawn, accepted, and paid through plaintiff's bank; the amount being charged to defendant's individual account, and offset by a credit deposit of the corporation's check for the same amount, which, when presented to the M. Bank for payment, was protested for lack of funds, and on its return defendant directed that it be carried as a cash item of plaintiff's bank, instead of being charged back to his account. *Held*, that the effect of such transaction being to withdraw the amount of the draft from the assets of plaintiff's bank, the credit of the check should have been canceled and the draft charged against defendant's account (Elliott v. Peet, 202 Fed. Rep., 434.)

Insolvency—Claims—Reimbursement—Burden of proof (U. S. C. C. A., 1913).—Where the president of a bank, in order to tide over a bank's difficulties, borrowed \$50,000, giving both the bank's and his own securities as collateral, the burden was on him to clearly establish the nature and character of his outlays and expenses in securing such loan, in order to recover the same from the bank's receiver. (Ib.)

Set-off and counterclaim—Withdrawal (U. S. C. C. A., 1913).—Where, in an action by a receiver of a bank against its former president to recover an overdraft, defendant claimed as an offset misappropriation of a certificate of deposit by the receiver, but there was no sufficient evidence that the certificate belonged to defendant, he, having submitted his claim to the court, was not entitled as of right to withdraw the same in order that he might relitigate the matter in another case. (Ib.)

PREFERENCES OF INSOLVENCY—PRIORITY OF CLAIMS OF STATE.

States—Prerogatives of sovereignty—Priority of public debts (U. S. D. C., 1913).—Montana in adopting, by Revised Codes, Montana, sections 3552, 8060, the common law of England, where not excluded by or inconsistent with constitutional or statutory enactments, adopted the crown's prerogative with respect to public debts, and the State as sovereign is entitled to priority of payment over private creditors of the same debtor. (American Bonding Co. v. Reynolds, 203 Fed. Rep., 356.)

States—Priority of claims—Receivership (U. S. D. C., 1913).—The prerogative right of a State as a creditor to priority of payment from the assets of a banking corporation is not affected by the fact that a receiver has been appointed for the corporation in a suit brought by the State under statutory authority, since the receivership does not change the title to the property, but merely places it in the custody of the law for the protection of all interested parties. (Ib.)

Subrogation—Surety—Payment of debt to State (U. S. D. C., 1913).—A surety who has paid a debt due to a State for which the State as sovereign was entitled to priority of payment from the property of the principal debtor is subrogated to such right. (Ib.)

LIQUIDATION.

Distribution of surplus—Rights of shareholder (N. Y. Sup., 1912).—Under national banking act (Rev. Stat., sec. 5139), a retention of shares of stock without a transfer on the books delivered to a purchaser contrary to his agreement held not to charge

him as a stockholder and subject him to any liability for unpaid amount for surplus and organization on the shares. (*Jones v. Beaver Nat. Bank*, 134 N. Y. Sup., 776.)

Distribution of surplus—Rights of shareholder (*N. Y. Sup.*, 1912).—Knowledge by a purchaser of bank stock that shares wrongfully issued to him were for the purpose of deceiving the Comptroller of the Currency would not preclude him from recovering the amount of a return dividend on capital, declared in voluntary liquidation on the stock which should have been issued to him. (*Ib.*)

OFFSETS.

Partial failure of consideration—Set-off (*U. S. C. C. A.*, 1912).—A national bank owning an equity in certain real estate, a corporation was organized to take over the same, which executed bonds to the amount of \$85,000 and delivered the same to the bank to represent such equity. The Comptroller of the Currency required that the investment be reduced by a sale of \$40,000 of the bonds, whereupon the bank's cashier sold \$6,000 par value to defendant for \$5,000, taking his note, secured by the bonds, as collateral therefor. This was objected to as a makeshift by the bank examiner, who then insisted that the transaction be rescinded, that the bonds be restored to the assets of the bank, and that the directors guarantee payment of \$20,000 of the sum represented by them. This was carried out, and defendant's note withdrawn from the bank's assets by the cashier and placed in his personal desk, but was never surrendered to defendant, and on failure of the bank it passed into the hands of plaintiff, its receiver, who brought suit thereon, after having sold the equity in the real estate represented by the bonds held by the bank, without notice to defendant, and without recognizing his interest therein. *Held* that, since it was not within the power of the Comptroller, his receiver, the directors, or all of them, to have deprived the bank of any advantage it had fairly obtained by a sale of the bonds, especially as it affected their own liability, the rescission was invalid, and that the most that defendant was entitled to in an action at law was a set-off of an amount equal to the value of his interest in the equity, on the theory of partial failure of consideration for the note. (*Clark v. Tillinghast*, 201 Fed. Rep., 77.)

OFFICERS.

BONDS OF OFFICERS.

Sureties only liable for term for which bond was given (*U. S. C. C. A.*, 1912).—When the term of the president has been fixed, sureties on the bond to answer for the breaches of duty of a president during his legal term are not liable for his breaches under a subsequent appointment after the expiration of his term current when their bond was given. (*Rankin v. Tygard*, 198 Fed. Rep., 795.)

Principal and surety—National bank—Officers—Release of sureties (*U. S. C. C. A.*, 1912).—An immaterial alteration of the contract of sureties without their knowledge after they have signed, an alteration which neither changes the legal identity of the contract nor the liabilities of the parties to it, does not release the sureties.

After a bond to indemnify a national bank against the delinquencies of its president, which recited in its first line that he was the principal, had been signed by the president over the word "principal" and by the first surety below that word, and over the word "securities," the principal inserted the name of the surety before the word "principal" in the first line of the bond. While it was in that condition, two other sureties signed below the signature of the first surety and above the word "securities," and thereafter the name of the first surety was erased where it had been inserted in the first line of the bond before the word "principal." *Held*, these alterations were immaterial and did not release the sureties. (*Ib.*)

Alteration of instruments—Materiality—Presumption and burden of proof (*U. S. C. C. A.*, 1912).—The legal presumption is that an alteration apparent on the face of a written instrument was made before its execution, and is therefore immaterial, and the burden is not on the party who offers the instrument in evidence to explain the alteration, but it is on him who assails the instrument to prove that the alteration was made after its execution, and that it is material. (*Ib.*)

Liabilities on bonds (*U. S. C. C. A.*, 1912).—A bond to a bank was conditioned to take effect commencing on the date of its approval by proper authority.

Held, its approval by all the directors of the bank, though not by a majority thereof at a meeting of the board, its receipt, and preservation by an officer of the bank was sufficient to put it in operation. (*Ib.*)

Election of remedies—Finality of election—Mistake as to remedies (U. S. C. C. A., 1912).—Where a wrong has been inflicted, and the victim is doubtful which of two inconsistent remedies is the right one, he may pursue both until he recovers through one. His prosecution of the wrong remedy to a judgment of defeat will not, in the absence of facts creating an equitable estoppel, bar him from subsequently pursuing the right remedy to victory. It was no defense to the action on the bond on the theory that the principal had made a note of \$3,000, without authority from the H. Company that the receiver sued the H. Company on the note on the theory that the principal had authority to make it. He could lawfully pursue each remedy until the loss of the bank was restored. (Ib.)

POWERS OF AND REPRESENTATION OF BANK BY OFFICERS.

Term of president (U. S. C. C. A., 1912).—Subject to the free exercise by its board of directors of its power to remove him at its pleasure, a national bank may fix the term of office of its president or other officer, though during that term he is subject to recall by the board under section 5136, United States Revised Statutes. (Rankin v. Tygard, 198 Fed. Rep., 795.)

Provision requiring two-thirds vote of board to remove ultra vires (U. S. C. C. A., 1912).—A national bank provided by its articles of association and by-laws that its board of directors should elect one of its members president of the association who should hold his office, unless sooner removed by a two-thirds vote of all the members of the board, for the term for which he was elected a director. Held, if the restriction of the power of removal to a two-thirds vote was ultra vires and void under section 5136, United States Revised Statutes, the other terms of the provision were valid. (Ib.)

Act of president—Breach of duty (U. S. C. C. A., 1912).—The act of the president of a national bank in making a note of a corporation by himself as treasurer, crediting the corporation with the amount, paying the corporation and another sums of money thereon, was his act as its president and a breach of his official duty. (Rankin v. Tygard, 198 Fed. Rep., 795.)

Authority of president (U. S. C. C. A., 1912).—Where the board of directors of a national bank expressly authorized, or for a reasonable time permitted, the president to participate in the actual management of its daily business affairs, his authority to discount commercial paper and to do other acts within the authority of ministerial officers is ample. (Rankin v. Tygard, 198 Fed. Rep., 795.)

Purchase of stock in national bank—False representations—Rescission—Bill (U. S. C. C. A., 1913).—Complainant alleged that in May, 1908, he bought certain shares in a national bank on representations made to him by its officers with reference to its financial condition, and that the representations were known to be false by such officers when made, and that they were made with intent to deceive complainant and induce him to purchase, that he was ignorant of the bank's affairs, and bought the shares because he believed the representations and relied on them, and that the stock was represented to be stock not yet originally issued, but was in fact stock then owned by the vice president of the bank. The bank suspended in March, 1911, and an assessment of \$100 a share having been levied by the Comptroller of the Currency, the receiver sued complainant for his proportion of the assessment, which action complainant sought to have perpetually enjoined. Held, that the bank's failure before complainant discovered the fraud was no reason why the suit to rescind could not be brought against the bank, though it made it necessary to add the receiver as a party defendant, and that the bill was not demurrable. (Ryan v. Mt. Vernon National Bank et al., 206 Fed. Rep., 452.)

When bank estopped to deny liability for president's action (U. S. D. C., 1913).—A bank having received the entire benefit of a loan obtained for it by its president on his personal responsibility, Held, estopped to deny the president's authority so to act. (Kendrick State Bank v. First National Bank, 206 Fed. Rep., 940.)

Right of creditor bank to set off note given by bank's creditor against debtor bank's deposit (U. S. D. C., 1913).—A note executed by a bank president individually to defendant bank to obtain funds, which were used entirely for the benefit of the president's institution, Held, an indebtedness of the bank, and not of the president, so that, on the bank's insolvency, the creditor bank was entitled to set off the note against the debtor bank's deposit and recover the balance. (Ib.)

(U. S. D. C., 1913).—That a loan by defendant bank to the K. bank was evidenced by a note of the K. bank's president to withhold a full statement of the latter's bank liabilities from the bank commissioner was no objection to the right of defendant bank to set off the indebtedness against the K. bank's deposit at the time of its failure. (Ib.)

OFFICERS, CRIMINAL LIABILITY OF.

FALSE ENTRIES.

False entries in reports to Comptroller—Unfilled blanks (U. S. D. C., 1913). The term "false entries," as used in Revised Statutes, section 5209 (U. S. Comp. St., 1901, p. 3497), making it an offense for an officer of a national banking association to make false entries in reports to the Comptroller of the Currency, means untrue statements of items of account by written words, figures, or marks made therein, and was not satisfied by a mere unfilled blank in such report, viz., "Notes and bills rediscounted, ———," when in fact the bank had rediscounted \$5,000 worth of its paper. (United States v. Herrig, 204 Fed. Rep., 124.)

False entries—Only those persons who knowingly make false entries chargeable and not an officer of the bank who verifies the report (U. S. D. C., 1913).—Under Revised Statutes, section 5209 (U. S. Comp. St. 1901, p. 3497), making it an offense for a person knowingly to make false entries in reports of the condition of national banks to the Comptroller of the Currency, only those persons who knowingly make the false entries are chargeable, and not an officer of the bank, who verifies the bank's report containing a false entry for which he was not responsible. (Ib.)

Aiding and abetting—"Every person" (U. S. C. C. A., 1913).—Revised Statutes, section 5209 (U. S. Comp. St. 1901, p. 3407), denounces a penalty against every president, cashier, teller, clerk, or agent of a national bank who shall falsify reports to the Comptroller of the Currency and every person who, with like intent, aids or abets any officer, clerk, or agent in any violation of such action. *Held*, that the words "any person" as so used were not limited to persons not connected with the banking association, but included officers and agents of the bank itself, so that the president of a national bank could be properly convicted of aiding the cashier in committing the offense described. (Kettenbach et al. v. United States, 202 Fed. Rep., 377.)

INDICTMENT.

Indictment—Presentment—Sufficiency of (U. S. Sup., 1912).—An indictment duly found by the Federal grand jury, while in session in a room adjoining the court room with a door opening into the court room, and which is presented in the manner prescribed by the law of the State to the presiding judge in open court while the jurors are still in session and able to see the actions of the foreman, is not void because the grand jury did not in a body accompany the foreman into the court room. (Breese v. United States, 226 U. S. Rep., 1.)

Indictment—Presentment—Objection to sufficiency of (U. S. Sup., 1912).—An objection that an indictment was not, under such circumstances, duly presented and publicly delivered, should be taken at the first opportunity and is lost by failure to do so; nor is it saved by permission given, when pleading not guilty, to take advantage upon motion in arrest of judgment of all matters that can be availed of on motion to quash or demur. (Ib.)

Indictment—Objections to—Effect of 1025 Revised Statutes (U. S. Sup., 1912).—Section 1025, Revised Statutes, indicates a policy that technical objections to an indictment not presented at the first opportunity are waived and should be construed as extending to the objection raised in this case, the same not being based on a constitutional right. (Ib.)

Pleading—Effect of order saving rights (U. S. Sup., 1912).—An order of the court saving rights to one pleading to an indictment does not create new rights. (Ib.)

Trial—Indictments—Consolidation (U. S. C. C. A., 1913).—Where indictments and all the counts thereof charged accused as president of a specified national bank with acts of the same character and degree of offense, constituting an alleged violation of the national banking act, an order consolidating the indictments for trial and the trial of the same as one case was authorized by Revised Statutes, section 1024. (Norton v. United States, 205 Fed. Rep., 593.)

National banks—Officers—Offenses—Misappropriation—Indictment (U. S. C. C. A., 1913).—A count in an indictment against the president of a national bank charged him with misappropriating the property of the bank, to wit, a draft drawn by H. on a specified trust company of the value of \$27,125. *Held*, that since the test of the offense is whether the misappropriation was made by accused with intent to injure the bank, the count was not defective for failure to charge that the bank sustained a loss by the transaction. (Ib.)

Indictment and information—Duplicity (U. S. C. C. A., 1913).—Where a count in an indictment against the president of a national bank charged misappropriation of the property of the bank, to wit, a specified draft of the value of \$27,125, it was not ren-

dered duplicitous because when the draft was drawn there was substituted in its place three separate notes aggregating the same amount, alleged to be fictitious and worthless, on the theory that because the notes were used as substitutes for the draft three offenses were committed. (Ib.)

Indictment and information—Bank officers—Duplicity (U. S. C. C. A., 1913).—A count in an indictment against a national bank president charged misapplication of the funds by means of moneys and credits withdrawn in the form of cash exchange in the sum and value of \$9,000, by means of a check drawn by the B. State bank on the national bank in the sum of \$9,000, the State bank having no credit with the national bank, which gave therefor four drafts payable to the customers of the State bank, one for \$3,000 and three for \$2,000 each. *Held*, that the misapplication charged was the payment of the draft for \$9,000 by means of the national bank's drafts and not the ultimate payment of the latter drafts; and hence the count was not duplicitous. (Ib.)

Officers—Offenses—False entries (U. S. C. C. A., 1913).—An indictment against a national bank president charged the making of a false entry in the ledger of the bank by debiting the account of the F. bank with \$25,000. It further charged that, by such transaction, the account of the F. bank was reduced by such amount. *Held*, that such indictment was not demurrable in that an entry of \$25,000 on the debit side of the account did not indicate that that amount had been received by the national bank as alleged, since, if the sum had been received, the entry would have been in the credit column, for as the sum was taken from the F. bank's credit, it constituted a false entry unless it was paid out on a check or draft of the F. bank. (Ib.)

False entry in report to Comptroller of Currency—Indictment—Sufficiency (U. S. C. C. A., 1912).—An indictment alleging that accused made a false entry in a report to the Comptroller of the Currency of the condition of a national bank at the close of business on a designated date, and that the report showed that the balance due to the bank from another bank on that date was \$21,007.97, when in truth and in fact the balance was only \$14,895.97, sufficiently charges a violation of Revised Statutes, section 5209, punishing the making of false reports, when attacked by motion in arrest. (Phillips v. United States, 201 Fed. Rep., 259.)

"False entry" in report to Comptroller of Currency—Indictment—Issues, proof, and variance (U. S. C. C. A., 1912).—The variance between an indictment alleging that accused made a false entry in a report to the Comptroller of the Currency of the condition of a national bank, so as to show the balance due the bank from another bank as \$21,007.97, when in truth and in fact the balance was only \$14,895.97, and the proof that the true balance due was \$14,947.68, is immaterial; the gist of the offense being the making of a "false entry" knowingly and with intent to deceive, and the exact amount of the balance stated to be due not being material. (Ib.)

GRAND JURY.

Grand jury—Jurors—Qualifications—Taxpayers (U. S. C. C. A., 1913).—Code N. C., section 1722, provides that the commissioners for the several counties, at their regular meeting on the first Monday of June in each year, shall cause their clerks to lay before them the tax returns for the preceding year for their county, from which the commissioners shall select the names of such persons only as have paid tax for the preceding year and are of good moral character and of sufficient intelligence to act as jurors. *Held*, that the absence from the list of taxpayers of the name of a grand juror, and the consequent nonpayment of taxes, did not, of itself, disqualify the juror if it did not appear that his name should have been on the list. (Breesee et al v. United States, 203 Fed. Rep., 824.)

Grand jury—Qualification of jurors—Taxpayer—Evidence—Findings (U. S. C. C. A., 1913).—On an issue as to whether the name of a grand juror should have been on the tax list, evidence held to warrant a finding that he had no property subject to taxation in the preceding year. (Ib.)

Indictment and information—Drawing grand jury—Venire facias—Issuance (U. S. C. C. A., 1913).—Revised Statutes, section 810 (U. S. Comp. St. 1901, p. 627), providing that no grand jury shall be summoned unless the judge orders a venire to issue therefor, was intended only to prevent the expense of having a grand jury unnecessarily summoned; and hence, where an order is entered requiring the clerk and jury commissioner to draw jurors for service at the succeeding term, an indictment found by a grand jury at such succeeding term was not defective because there was no order of the court in terms directing that a writ of venire facias issue therefor. (Ib.)

Indictment and information—Return—Entry (U. S. C. C. A., 1913).—An entry of the return of an indictment properly entitled, and reciting that an indictment for conspiracy to embezzle was returned at the October, 1897, term, and indorsed "A

true bill," with the name of the foreman of the grand jury, and that the cause was ordered transferred to another city, to be tried at the next term of court to be held on the first Monday of November next, etc., while incomplete and informal the defect was one of form only, and the indictment was therefore not fatally defective on the ground that no record entry was made of its return. (Ib.)

EVIDENCE.

Offenses of officers—False entries (U. S. C. C. A., 1913).—In a prosecution of a national bank president for making a false entry in the bank's books relative to the alleged withdrawal of \$25,000, charged against the account of another bank, evidence held to justify the jury in finding that the entry was false and that it had not been authorized by the president of the bank against the account of which the amount was charged. (Norton v. United States, 205 Fed. Rep., 593.)

Weight of evidence—Duty to credit (U. S. C. C. A., 1913).—The rule that positive, uncontradicted testimony as to a particular fact should control the decision does not apply if the testimony is inherently improbable or the witness is contradicted by physical facts or omissions, or his manner of testifying raises doubts as to his sincerity. (Ib.)

Funds—Misappropriation—Loss (U. S. C. C. A., 1913).—Where a national bank president misappropriated funds of the bank, the criminal character of the transactions was to be determined from the facts existing when they occurred, and if they were then criminal they did not lose their criminal character by the fact that he subsequently made good to the bank the amount so misappropriated. (Ib.)

False entry in report to Comptroller of Currency of condition of national bank—Criminal prosecution—Evidence—Admissibility (U. S. C. C. A., 1912).—On a trial for having made on September 4, 1906, a false entry in a report to the Comptroller of the Currency of the condition of a national bank at the close of business on that date, so as to falsely show the balance due it from another bank, the admission of evidence that accused in October following admitted a shortage in his accounts, and that he thought that most of it was in the account of such bank, to throw light on the question as to whether accused knowingly made the false entry, was not erroneous. (Phillips v. United States, 201 Fed. Rep., 259.)

Evidence—Private records (U. S. C. C. A., 1912).—On a trial for making a false entry in a report to the Comptroller of the Currency of the condition of a national bank by showing a false balance due the bank from another bank, the books of the latter bank are inadmissible in evidence, in absence of the testimony of some person who either has some knowledge of the correctness of the entries made in the books, or some knowledge of the original transaction on which the entries were founded; and the mere fact that the laws of the United States make it a crime to make false entries in the books of a national bank does not make the books prima facie evidence of their contents, simply on their being identified as bank books, but their admissibility is determined by the rule governing the admission of entries in private books of account. (Ib.)

Evidence—Condition of books of account—Expert testimony (U. S. C. C. A., 1912).—Expert testimony of a summary of books of account and documents is admissible, where the items are multifarious and voluminous, and of a character to render it difficult for the jury to comprehend material facts; but, before such expert testimony may be given, the books or documents must be public records, or if private books of account or documents, sufficient evidence must first be given to admit the books or documents themselves in evidence, unless the books or documents are admitted to be correct. (Ib.)

Evidence—Other offenses—Similar transactions—Intent (U. S. C. C. A., 1913).—In a prosecution of national bank officers for falsifying reports to the comptroller, etc., evidence of the making of a series of false reports as to the bank's condition to the Comptroller of the Currency, beginning seven years prior to the dates of the reports which were counted on in the indictments, showing a uniform system of falsification similar to the falsification of the reports charged in the indictment, was admissible to show motive or intent. (Kettenbach et al. v. United States, 202 Fed. Rep., 377.)

Evidence—Other offenses—Time (U. S. C. C. A., 1913).—No limit is placed on the court's power to admit evidence of a series of prior similar transactions committed by the accused in the ordinary course of his business to show motive or intent, but the period of time within which such matter may be competent is a matter largely within the discretion of the trial court. (Ib.)

Evidence—Other offenses—Limitations—Request (U. S. C. C. A., 1913).—Where alleged evidence of an offense other than that charged in the indictment in part related directly to and tended to support the offense charged, defendants were, at

most, entitled to the granting of an instruction, if requested, limiting the effect of the evidence. (*Breese et al. v. United States*, 203 Fed. Rep., 824.)

Evidence—Other offenses—Intent (U. S. C. C. A., 1913).—In a prosecution of defendants for conspiracy to embezzle and misapply the funds and credits of a national bank, evidence that defendant D., who was treasurer of a church, procured two notes, for \$5,000 each, of a series representing a loan secured by a deed of trust (which in fact had not been made), and after placing the notes in the possession of the bank used them as collateral for a discount for the benefit of the bank, was admissible to show fraudulent intent, though it was separate and apart from the offense charged in the indictment. (*Ib.*)

LIMITATIONS.

Criminal law—Limitations—Overt acts—Conspiracy (U. S. C. C. A., 1913).—Where a conspiracy was formed to embezzle and misapply the funds and credits of a national bank more than three years prior to the indictment, but the offense charged involved overt acts committed within the three-year period, the offense was not barred by limitations. (*Breese et al. v. United States*, 203 Fed. Rep., 824.)

TRIAL.

CONSOLIDATION OF INDICTMENTS.

Trial—Consolidation of indictments—Right to object (U. S. C. C. A., 1913).—Where defendants, charged with falsifying reports to the Comptroller of the Currency, applied for a severance as to them from charges against other defendants, and that all of the indictments involving the applicants be consolidated and tried at the same time, as authorized by Revised Statutes, section 1024, they could not object after conviction that the court erred in consolidating their indictments for trial. (*Kettenbach et al. v. United States*, 202 Fed. Rep., 377.)

Jury—Indictments—Consolidation—Peremptory challenges (U. S. C. C. A., 1913).—Where indictments against two defendants for violating the National Bank Act were consolidated on their application, the consolidated indictments became in legal effect separate counts of a single indictment, and the defendants were therefore only entitled to 10 peremptory challenges, as in the case of a trial under a single indictment. (*Ib.*)

Indictment and information—Requisites—Certainty—Bill of particulars (U. S. C. C. A., 1913).—Where an indictment against national-bank officers for falsifying reports to the Comptroller of the Currency specifically referred to the entries which were alleged to be false, it was not an abuse of the trial court's discretion to deny an application for a bill of particulars calling for the production of practically all the Government's evidence to sustain the charge and for items from the bank's books; no affidavit or other showing being made to support the application or show that defendants could not have access to the books, etc. (*Ib.*)

STATEMENTS BY JUDGE.

Appeal—Objections and exceptions—Necessity (U. S. C. C. A., 1913).—Improper remarks, alleged to have been made by the trial judge during the progress of the trial in the presence of the jury can not be reviewed where no objection or exception was taken thereto at the trial. (*Kettenbach et al. v. United States*, 202 U. S., 377.)

Trial—Statements by court (U. S. C. C. A., 1913).—Where, on the trial of bank officers for falsifying reports to the Comptroller of the Currency, the report was blank as to an item of indebtedness to trust companies and savings banks, it was not error for the court to remark, "The report shows blank, and that is reporting nothing as a matter of fact;" it being the court's duty to state the legal effect of leaving a blank unfilled in such a report. (*Ib.*)

Witnesses—Federal court—Practice (U. S. C. C. A., 1913).—A trial judge in a Federal court is not a mere presiding officer, it being his function to conduct the trial in an orderly way, with a view to elicit the truth and attain justice between the parties, and he being authorized to interrogate witnesses, and to express his opinion on the weight of the evidence and on the credibility of the witnesses. (*Ib.*)

Witnesses—Cross-examination—Scope (U. S. C. C. A., 1913).—It was not error to exclude questions asked of a witness on cross-examination which were not within the scope of his direct examination, and which were not relevant to the issues in the case. (*Ib.*)

EXAMINATION OF WITNESSES.

Witnesses—Cross-examination of accused (U. S. C. C. A., 1913).—Where, in a prosecution of a national-bank president for violation of the national banking act, accused had testified in his direct examination that certain notes executed to a trust company had been paid in full with interest, and one of the indictments charged that the notes had never been paid, it was proper to permit the Government to cross-examine accused fully as to the transaction by which a credit was obtained with the trust company to take up the notes. (*Norton v. United States*, 205 Fed. Rep., 593.)

INSTRUCTIONS TO JURY.

Trial—Request to charge—Instructions given (U. S. C. C. A., 1913).—It is not error to refuse requests to charge substantially covered by instructions given. (*Kettenbach et al. v. United States*, 202 U. S., 377.)

(U. S. C. C. A., 1913).—In a prosecution of national-bank officers for making false reports to the Comptroller of the Currency, the court properly charged that defendants might be convicted on proof that the false reports were made in pursuance of a previous arrangement between the clerk who made them and the defendants who instigated them, the statute being applicable to counseling and procuring in advance of the act, and refused to charge that in order to convict it must be proved beyond a reasonable doubt that defendants directed the specific reports complained of in the indictment or made such reports themselves as such request assumed that defendants could be convicted only on proof that they made the reports, or stood by and directed that the specific reports be made by another. (*Ib.*)

SENTENCE.

Conviction—Sentence—Different offenses—Operation concurrently (U. S. C. C. A., 1913).—A national-bank president, having been convicted under three indictments, was sentenced on one of the counts to a term of imprisonment without the imposition of a fine, to run concurrently with the sentence on the counts of the other two indictments. *Held*, that such sentence was in legal effect a single judgment and sentence, and being supported by the other two indictments, it was immaterial that the evidence did not support a conviction on the third. (*Norton v. United States*, 205 Fed. Rep., 593.)

APPEAL.

Conspiracy—Persons liable—Conviction of less than all (U. S. C. C. A., 1913).—Where three persons were charged with conspiracy to embezzle and misapply the funds and credits of a national bank, and the proof was sufficient to convict two of them, but not the third, the charges against him would be treated as surplusage, and the conviction of the others sustained. (*Breese et al. v. United States*, 203 Fed. Rep., 824.)

Appeal—Findings—Review (U. S. C. C. A., 1913).—A finding of fact by the trial judge will not be reversed on appeal, unless it is plainly wrong. (*Ib.* *Breese et al. v. United States*, 203 Fed. Rep., 824.)

New trial—Denial—Review (U. S. C. C. A., 1913).—Denial of a motion for a new trial in a criminal case is not reviewable on writ of error. (*Kettenbach et al. v. United States*, 202 Fed. Rep., 377.)

POWERS.

Loans on security of bank's own stock—Validity (U. S. C. C. A., 1913).—The acceptance by a national bank of a pledge of its own stock to secure a loan, although in violation of Revised Statutes, section 5201 (U. S. Comp. St., 1901, p. 3494), is valid, except as against the United States, after the pledge has been executed by a sale. (*First National Bank of Lake Charles v. Lanz*, 202 Fed. Rep., 117.)

TABLES ACCOMPANYING THE REPORT.

TABLE NO. 1.—*Comptrollers and Deputy Comptrollers of the Currency, dates of appointment and resignation, and States whence appointed.*

No.	Name.	Date of appointment.	Date of resignation.	State.
COMPTROLLERS OF THE CURRENCY.				
1	Hugh McCulloch.....	May 9, 1863	Mar. 8, 1865	Indiana.
2	Fresman Clarke.....	Mar. 21, 1865	July 24, 1866	New York.
3	Hiland R. Hulburt.....	Feb. 1, 1867	Apr. 3, 1872	Ohio.
4	John Jay Knox.....	Apr. 25, 1872	Apr. 30, 1884	Minnesota.
5	Henry W. Cannon.....	May 12, 1884	Mar. 1, 1886	Do.
6	William L. Trenholm.....	Apr. 20, 1886	Apr. 30, 1889	South Carolina.
7	Edward S. Lacey.....	May 1, 1889	June 30, 1892	Michigan.
8	A. Barton Hepburn.....	Aug. 2, 1892	Apr. 25, 1893	New York.
9	James H. Eckels.....	Apr. 26, 1893	Dec. 31, 1897	Illinois.
10	Charles G. Dawes.....	Jan. 1, 1898	Sept. 30, 1901	Do.
11	William Barret Ridgely.....	Oct. 1, 1901	Mar. 28, 1908	Do.
12	Lawrence O. Murray.....	Apr. 28, 1908	Apr. 27, 1913	New York.
DEPUTY COMPTROLLERS OF THE CURRENCY.				
1	Samuel T. Howard.....	May 9, 1863	Aug. 1, 1865	New York.
2	Hiland R. Hulburt.....	Aug. 1, 1865	Jan. 31, 1867	Ohio.
3	John Jay Knox.....	Mar. 12, 1867	Apr. 24, 1872	Minnesota.
4	John S. Langworthy.....	Aug. 8, 1872	Jan. 3, 1886	New York.
5	V. P. Snyder.....	Jan. 5, 1886	Jan. 3, 1887	Do.
6	J. D. Abrahams.....	Jan. 27, 1887	May 25, 1890	Virginia.
7	R. M. Nixon.....	Aug. 11, 1890	Mar. 16, 1893	Indiana.
8	Oliver P. Tucker.....	Apr. 7, 1893	Mar. 11, 1896	Kentucky.
9	George M. Coffin.....	Mar. 12, 1896	Aug. 31, 1898	South Carolina.
10	Lawrence O. Murray.....	Sept. 1, 1898	June 27, 1899	New York.
11	Thomas P. Kane.....	June 29, 1899	District of Columbia.
12	Willis J. Fowler.....	July 1, 1908	Indiana.

¹ Term expired.

TABLE NO. 2.—*Names and compensation of officers and clerks in the office of the Comptroller of the Currency, Oct. 31, 1913.*

Name.	Grade.	Salary.
Thomas P. Kane.....	Deputy comptroller.....	\$3,500
Willis J. Fowler.....	do.....	3,000
Charles A. Stewart.....	Chief clerk.....	2,500
Edmund E. Schreiner.....	Superintendent.....	2,500
Edmund F. Quinn.....	Chief of division.....	2,500
Watson W. Eldridge.....	do.....	2,200
Stephen L. Newnham.....	do.....	2,200
Willard E. Buell.....	Teller.....	2,000
William A. Nestler.....	Bookkeeper.....	2,000
Frederick R. Steffens.....	Assistant bookkeeper.....	2,000
Oliver W. Birkhead.....	Clerk, class 4.....	1,800
Oscar A. Carlson.....	do.....	1,800
William S. Davenport.....	do.....	1,800
Frank T. Israel.....	do.....	1,800
Willis B. Speare.....	do.....	1,800
Adelia M. Stewart.....	do.....	1,800
Ephraim S. Wilcox.....	do.....	1,800
Arthur M. Wheeler.....	do.....	1,800
Carrie L. Pennock.....	Clerk, class 3 and bond clerk.....	¹ 1,800
Antoinette Avery.....	Stenographer.....	1,600
Harriett M. Black.....	Clerk, class 3.....	1,600
Henry B. Davenport.....	do.....	1,600
Susan N. Dutrow.....	do.....	1,600

¹ Includes \$200 additional as bond clerk.

TABLE NO. 3.—*Expenses of the Office of Comptroller of the Currency for the year ended June 30, 1913.*

For special dies, plates, printing, etc.....	\$552,279.20
For salaries.....	139,913.44
For salaries reimbursed by national banks.....	41,623.72
Total expenses of the Office of the Comptroller of the Currency from its organization, May, 1863, to June 30, 1913.....	14,736,080.97

The contingent expenses of the bureau are not paid by the comptroller, but from the general appropriation for contingent expenses of the Treasury Department, no separate account of them being kept.

TABLE NO. 4.—*Number of national banks organized since Feb. 25, 1863, number passed out of the system, and number in operation Oct. 31, 1913.*

Total number organized.....	10,457
Number passed into voluntary liquidation.....	2,249
Number passed into liquidation upon expiration of corporate existence.....	188
Number placed in charge of receivers ¹	506
Number passed out of the system.....	2,943
Number now in operation.....	7,514

¹ Exclusive of those restored to solvency.

TABLE NO. 5.—Number and authorized capital of national banks organized and the number and capital of banks closed in each year ended Oct. 31 since the establishment of the national banking system, with the yearly increase or decrease.

Year.	Organized.		Closed.				Net yearly increase.		Net yearly decrease.	
			In voluntary liquidation.		Insolvent.

NOTE 1.—Specie payments were suspended from Jan. 1, 1862, to Jan. 1, 1879. During the greater part of that period gold and silver coins were not in circulation except on the Pacific coast, where it is estimated the specie circulation was generally about \$25,000,000. This estimated amount is the only coin included in the above statement from 1862 to 1875, inclusive.

NOTE 2.—In 1876 subsidiary silver again came into use, and is included in this statement, beginning with that year.

NOTE 3.—The coinage of standard silver dollars began in 1878, under the act of Feb. 28, 1878.

NOTE 4.—Specie payments were resumed Jan. 1, 1879, and all gold and silver coins, as well as gold and silver bullion in the Treasury, are included in this statement from and after that date.

NOTE 5.—The Director of the Mint recently made a revised estimate of the stock of gold coin, and as a consequence of such revision the estimated stock of gold in the United States and of gold coin in circulation has been reduced \$135,000,000 in the figures for 1907.

NOTE 6.—There was a reduction as of June 30, 1910, of \$9,700,000 of subsidiary silver coin as a result of the revision of stock by the Mint Bureau.

NOTE 7.—This table has been revised and shows slight changes from previous figures in many of the items.

TABLE No. 31.—*State-bank notes outstanding, total money in United States, and percentage of bank notes to total money, from 1800 to 1863, inclusive.*

Year.	Total money in United States.	Estimated bank notes outstanding.	Per cent bank notes to total money.	Year.	Total money in United States.	Estimated bank notes outstanding.	Per cent bank notes to total money.

TABLE NO. 92.—*Resources and liabilities of the second Bank of the United States.*

[Chartered by Congress in 1816, for 20 years; renewal of charter denied; in consequence, reorganization was effected by means of authority of the Legislature of the State of Pennsylvania. The bank assigned in 1841, the affairs being finally liquidated in 1856, and resulted in the payment in full, interest and principal, of liabilities to depositors and note holders; the shareholders, however, received nothing on their investment in stock of the bank.]

NOTE.—The figures for the years 1834 to 1840 are taken from Ex. Doc. No. 111, Twenty-sixth Congress, second session. Those for 1841 to 1850 are from Ex. Doc. No. 68, Thirty-first Congress, first session. For the years 1851 to 1863 (with the exception of the year 1853) they are taken from the report on the condition of the banks for 1863. Those for 1853 are from Ex. Doc. No. 66, Thirty-second Congress, second session, and are incomplete.

13420°—CUR 1913—50

TABLE NO. 95.—Comparative statement of the transactions of the New York Clearing House for 60 years, and for each year, number of banks, aggregate capital, clearings, balances, average of daily clearings and balances, and the percentage of balances to clearings.

Year ended Sept. 30—	Number of members.	Capital. ¹	Clearings.	Balances paid in money.	Average daily clearings.	Average daily balances paid in money.	Balances to clearings.
