The Sony Answer Box.

It's a little box with a lot of answers:
Answers to simple things like finding 6.7% of \$280,000.
Answers to humdingers like

$$\frac{\sum x^2 - \frac{(\sum x)^2}{N}}{N}$$

It lets you figure out everything from payroll and cost analysis to share-of-market.

It goes all the way up to 9999999999999999, has 3 accumulating registers and 2 memory banks (for things like invoicing without re-entry).

And since it weighs just 14 lbs., and runs on AC or a rechargeable battery pack, you can take it anywhere.
