## LEDGER AND RECORD PAPER,

Which has received the highest premium and medal over all others from

Its principal advantages are as follows :

1. It contains more Linen than any other Ledger Paper, has a longer fibre, and is consequently tougher.
2. Having a harder and better body, and being more thoroughly sized, the ink spreads less after making an erasure.
3. It is more uniform in Weight, Color and Finish, thus avoiding the necessity of making remnants.
4. It never cockles if properly bound.
5. Its non-chemical action upon Ink is such that it both writes and rules up better.

For proof of the above, refer to a large number of Stationers, Bookbinders, Bookkeepers, and Recorders, who have given it, after a severe test, the preference over all others.

This paper is Double-Sized, and will stand any climate, or the most acid of fluid inks.

Each sheet is water marked, "Byron Weston Co. Linen Record," and date. Try this sheet ; TEST FOR QUALITY.
In ordering Books, specify this brand of Paper to be used.
