LEDGER AND RECORD PAPER,

Which has received *the highest premium and medal* over all others from

Mass. Charitable, Improvement	Franklin Institute,		Silver	Sydney, Australia,	Silver
Paris,	Gold	Louisville,	Silver	Southern Exposition,	Bronze
		Calcutta Exposition,	Silver		

Its principal advantages are as follows:

1. It contains more LINEN than any other Ledger Paper, has a longer fibre, and is consequently tougher.
2. Having a harder and better body, it frays less in erasure, so that by simply using the rubber after the erasure, the ink is prevented from spreading.
3. It is more uniform in Weight, Color and Finish.
4. It never cockles if properly bound.
5. Its non-chemical action upon Ink is such that it both writes and rules up better.

For proof of the above, refer to a large number of Stationers, Bookbinders, Bookkeepers and Recorders, who have given it, after a severe test, the preference over all others.

This paper is DOUBLE-SIZED, and will stand any climate, or the most acid of fluid inks.

Each sheet is water-marked with name and date, "WESTON'S LINEN RECORD, 1887."

Try this sheet; *TEST FOR QUALITY.*

This paper is sensitive to the action of all acids and alkalies, and writing placed upon it can not be changed by the use of either, or by erasure, without changing the color of the paper, thus rendering detection certain.

It is made from Bond Stock, and by same process as our Bond Papers are made, and is therefore very strong and will not break or tear in handling.

It is used by the Post-Office Department for its issue of Postal Notes, which are required to be printed upon Safety Paper.
