# The Atlanta Trust and Banking Co.

ATLANTA, GEORGIA.

Transacts a Regular Banking Business, as well as a Trust and Investment Business. All Trust and Investment Funds kept separate and apart from the assets of the Company.

FIRST MORTGAGE LOANS ON CITY AND IMPROVED FARM PROPERTY.

NET TO LENDERS 6%, 7%, AND 8%.

The Farm Loan Business in the West is generally conceded to be overdone. With but little competition here, we have built up a business of over One Million Dollars a year and at the same time take only the pick of loans offered. The MORAL RISK as well as property given as security being subjected to the closest scrutiny. The tide of immigration is turning this way. A steady stream of Northern capital is pouring into the State for permanent investment in Mining, Manufacturing, and other enterprises. Real Estate, on which our loans are based, is reasonably certain to advance in value at least 50% within the period which loans have to run. We recommend no loan, however, that would require the lender to rely in any wise on the future prospects of the section, but value lands in every instance as though in a locality that had reached its maximum of development. ATLANTA is situated in very nearly the center of the territory in which we place our loans, with railroads in every direction, which render possible at all times a prompt and careful investigation of securities by competent men in our employ. Loans can be furnished to suit investors in any amount from \$250.00 upward.

We invite investigation as to our standing and method of doing business.

Correspondence with a view to business relations respectfully requested.
