“Safe to tie to.” You want your reserve agent and collection correspondent just that, and it may be of interest to the reader, as it is gratifying to us, to know that during the past year no bank keeping its account with us has failed. This speaks well both for the care we have afforded our customers, for the character of these customers, or for both. We are inclined to the last view of the matter.

Correspondence or personal interview relative to business relations always welcomed.
