An Almert Valuation Report

The Best Form of

INVESTMENT INSURANCE

for Bankers and Investors are

ALMERT REPORTS

Our service is based on twenty-five years of experience in the organization, financing, design, construction, operation and management of properties, and covers new projects as well as consolidations, re-organizations and extensions.

The service covers examinations, reports, appraisals, rate investigations, accounting and efficiency work, practice before Courts and Commissions in connection with rate investigations, condemnations, arbitration cases, etc.

A complete staff of Engineers, Accountants and Statisticians, who by their training and long experience are experts in their several lines, expedite work and render most efficient service at reasonable cost.

SOME COMMENTS ON OUR WORK

A Banker's Views

"From the standpoint of the Banker and for the purpose of selling securities, this is the best written Engineer's Report I have ever seen in all my years of experience in this business."

Thinks and Writes in the Language of the Banker

"In your brief Summary and Conclusions at the beginning of your report you have covered fully every point of interest to the Banker. It will not be necessary for me personally to wade through the 200 pages of detail following. I appreciate more than ever the value of selecting an Engineer that not only knows how, but who thinks and writes in the language of the Banker."

A Client says

In connection with valuation and rate case: "I look back to the splendid work that you did for us here, and it has always been a pleasant recollection that our interests were in the hands of one so competent as yourself."

In Connection with Expert Testimony in Court Case

"We regard your testimony as very valuable and the fact that the attorneys for the opposition did not dare cross examine you showed that the positions taken by you were impregnable and that they believed a cross examination would strengthen rather than weaken your testimony."

OUR RECORD The approval of the issuance of over half a billion dollars par value of securities without a single default in the payment of either principal or interest is a record worthy of your serious consideration when contemplating the issue or purchase of securities.
