A COCONUT GROVE IN THE PHILIPPINES

In choosing a banking connection for trade with the Philippine Islands, American bankers and business men are invited to consider two facts:

First—This Bank was primarily established for the economic development of the Philippines and the facilitation of its trade with other countries.

Second—Fifty-two branches and agencies throughout the Islands make its service immediately available.

DECISION 5

Handed down by a well known
Bank in the East:

"Referring to contract renewed with you to-day, we find that we are also under contract with a company in the East. Fortunately, however, four years of this contract have elapsed. It did not take us long after receipt of the initial copy of this Directory to arrive at the conclusion that we had been badly stuck. We have found it to be of no value whatever to us, either as a reference book or as an advertising medium. We have found it to be grossly inaccurate and our customers in coming to in ask the privilege of referring to a Bank Directory invariably ask for the Rand McNally. Needless to say that we will not be interested in renewing their contract when it once expires, for, as stated above, it is not worth to us the paper it is written upon."

Note

Has a paid bank circulation larger than the paid bank circulation of all other bank directories combined.
