To Banks and Bankers having more or less Live Stock Business, this Bank offers exceptional advantages, and solicits correspondence as to terms and facilities

RUDYARD KIPLING has given the
world these immortal lines:

And they asked us how we did it,
And we gave 'em the Scripture text,
"You keep your light so shining
A little in front o' the next!"
They copied all they could follow,
But they couldn't copy our mind,
And we left 'em sweating and stealing,
A year and a half behind.

THE FIRST NATIONAL BANK OF CHICAGO

organized in 1863, was the eighth national bank to receive the approval of the Federal Government. During more than half a century its growth has been coincident with that of Chicago and the vast area of which this city is the commercial center. The bank's capital in 1863 was \$205,000: today the bank has capital and surplus of \$22,000,000. In 1863 the first published statement showed deposits of \$273,000: deposits at the end of 1919 were over \$217,000,000. The bank's business is international in scope and under its divisional organization customers come into close personal contact with officers familiar with financial requirements in their specific lines. Relations with banks and bankers are under the supervision of John F. Hagey, Vice-President; R. Frank Newhall, Cashier; George H. Dunscomb and J. P. McManus, Assistant Cashiers.

THE FIRST TRUST AND SAVINGS BANK

was organized in December 1903, with a capital of \$1,000,000. The success and growth of this bank have been marked. Its capital and surplus now amount to \$10,500,000, and its deposits to more than \$80,000,000. The savings department allows three per cent interest on savings accounts. Interest-bearing certificates of deposit are also issued. Special and reserve accounts are given particular attention. The Bond Department offers for sale only such securities as have been purchased primarily for the bank's own investment, while the Trust Department acts as trustee, administrator, custodian of securities, and in other fiduciary capacities, both for individuals and corporations, under the authority of the law.

THE First National Bank of Chicago, the First Trust and Savings Bank, and the National Safe Deposit Company are governed by the same board of directors, and invite the business of responsible people, offering complete, convenient, and satisfactory financial service in every conservative form. These institutions are located in the First National Bank Building, at the Northwest corner of Dearborn and Monroe streets.

"We Recommend These Bonds for Investment"

—a statement found on the circulars of all bond houses and somewhat trite from over-use. Yet, do you fully appreciate what it means to you as an investor, when made by a reliable bond house?

When made by
Halsey, Stuart
& Co.,
this statement means
protection
to you

It means the bonds recommended have been investigated from every angle; that they have been found to measure up to our exacting standards; that we have purchased them outright with our own funds

The value of our recommendation is best evidenced by the satisfactory record of the numerous bond issues originated and sponsored by our organization, and by the increasing number of satisfied customers who intrust to us the safe investment of their surplus funds

As a further statement of the importance attached to the selection of the investment banker by whose recommendations you are to be guided, and the basis for our own claim to your confidence, may we send you our booklet, "Choosing Your Investment Banker"?
