ANNOUNCEMENT OF MERGER

WE take pleasure in announcing the absorption of the Bankers Register (Blue Book) (for many years published by The Credit Company of Chicago) by the Rand McNally Bankers Directory, and the combining of these two well-known publications, beginning with the January 1919 Edition, which is the eighty-sixth of the Rand McNally Bankers Directory.

Some years ago, the Bankers Register absorbed the Bankers Directory, Homan's and Sharp & Alleman's Edition, so that the present Directory is a consolidation of the three best known Bankers Directories published in this country.

We believe that this consolidation is for the best interests of all concerned and we feel sure that the banks throughout the country will welcome this move on the part of the publishers of the Rand McNally Bankers Directory.

We assure our patrons that, as in the past, nothing will be left undone by us in our effort to give them a Directory as nearly perfect as experience, continued vigilance, time and money will make it and we welcome suggestions for the betterment of this service.

We wish to impress our constantly increasing number of friends and patrons that the claims of this publication for your patronage are: 1.—It is honestly revised twice a year. 2.—It is complete, up-to-date and is published nearer to the date of the information it contains than is any other similar publication. 3.—It is printed in tabulated form, all similar items being placed in the same column for the purpose of comparison—more expensive for us, more satisfactory for your purpose. 4.—It is beautifully printed in clear readable type. 5.—It gives to advertisers a country-wide circulation three times that of any other publication in the same field and larger than that of any other bank or financial publication in America.

We hope that the results of our efforts may meet with your continued approval and we thank you for your patronage.

VERY early indeed in its career, the Bank of the Manhattan Company was chosen as New York representative for prominent Banks in other cities; and this service has progressed for 121 years, extending today to Banks in every part of the United States.

The Bank of the Manhattan Company invites your inquiries—acting as your personally selected representative over and above the services rendered by the Federal Reserve System.

It offers not only the experience gained by sound, constructive banking; but also the greatly increased facilities in every department resulting from the recent merger of the Bank of the Metropolis, the Bank of Long Island and the Merchant's National Bank into this Institution.

THIS DOESN'T SHOW ON THE COVER

"Send us your directory at once. We have just received another publication and in the course of a few minutes examination we have found the following errors in cashiers in banks in our own state. We know these men personally, and none of them have been in these positions for from two to five years. We cannot correct errors regarding persons we do not know but we presume there are some of those."

"We are under a five-year contract for directories and display advertising with the of New York . . . about two years of such contract having expired. *It has proven very unsatisfactory by reason of innumerable inaccuracies, and we are practically compelled to buy some other book, as a work of reference.* As soon as your next directory is issued, we would like to have you forward it to us immediately."

"In the latest issue of another book we have been subscribing to, the information is given that in this state there are 'no special laws relating to banks,' although a special banking law has passed and has been in operation since 1914. We want your directory."

DECISION 4

Did anyone ever try to sell you any other bank directory without telling of "its great superiority" over the Rand McNally Bankers' Directory, the Original Bankers' Blue Book?

There is an old saying:—*"The most clubs are always found under the tree that bears the best apples."*

They know that the Rand McNally Directory is acknowledged by bankers everywhere as the standard and the leader, and that it is purchased by more banks than are all other bankers' directories combined.

Their statements in most instances are an insult to your intelligence and usually catch only the unwary.

Note

Buy what you *know* is best. Substitution never proves satisfactory. The Best is still the Cheapest in the End.
