Gentlemen:

I thank you for your letter of congratulations upon the occasion of my fiftieth anniversary with the First National Bank of Princeton.

It is with pleasure that I state that the RAND McNALLY BANKERS DIRECTORY is the "book I was brought up on" and that for over fifty years I have found the BANKERS BLUE BOOK accurate, reliable and complete, and in my opinion IT IS THE BEST BANK DIRECTORY NOW PUBLISHED, or ever published during my half century's experience in the banking business.

Wishing your publication its merited continued success, I am

Yours very truly,

RAND McNALLY
BANKERS
DIRECTORY
BLUE BOOK

UP-TO-DATE, progressive banks throughout the United States use the RAND McNALLY BANKERS DIRECTORY as a daily help to efficient service. For a half century it has been the standard book of its kind—complete, accurate and comprehensive.

Practically all of our subscribers show their appreciation by renewing from year to year, proving the BLUE BOOK to be entirely satisfactory, and we certainly are trying to make it more so with every issue.

The next issue—July 1923—is now being compiled. If your subscription has not been sent to us see to it that you are recorded as a subscriber, as only sufficient books are published to fill orders received prior to printing.

The BLUE BOOK is in constant service in eighty per cent of the banks of the United States. It has four times the circulation of any similar publication—the largest bank circulation in the world.

Interesting Figures on Banking

THE growth of the banking business in the United States in the past forty-two years is almost beyond belief. If one takes a copy of the Rand McNally Bankers Directory, Blue Book, of the year 1880 and lays alongside of it a copy of the 1922 book, he will find the following interesting comparisons:

Banks in Book:	1880	1922
United States.....	6,131	31,549
Canada	402	4,768
Total	6,532	36,317

The figures for 1922 do not include corporations, firms, and individuals whose business is limited to the buying and selling of investments. Those for 1880 do include Private Bankers, of which there was a great number.

Carrying this comparison still further, one gets the following information:

	1880	1922
Number of Banks in United States ..	6,131	31,549
Number of Banks in Canada	402	4,768
Number of Pages in Directory	420	2,364
Number of Maps	0	100
Weight of Book	2 lbs.	9 lbs.

In 1880 the Directory gave only the names of the President, the Cashier, Capital, Surplus, and two correspondents.

In 1922, one finds the names of all officers and correspondents and the Capital, Surplus and Profits, Deposits, Loans, and Investments, and Cash and Exchange.

To make a copy of the Directory in 1922 required **five times** as much paper, and owing to increased cost of paper, about **eleven times** as much money to buy the paper as it did in 1880 (and about the same proportion holds good on type, binding materials, ink, etc.)

If one based his figures entirely upon the above comparisons, there would be from **five to six** times more hours of labor required to set the type, print and bind a copy of the directory in 1922 than in 1880, and the increase in the **cost** of this labor **per copy** would be over **twelve times** what it was in 1880. However, labor-saving devices and increased circulation have offset some of this increase so that instead of the labor costing **twelve times** as much **per copy** in 1922 as it did in 1880, it is in reality only about **six times** as much **per copy**.

An increase in the number of banks from 6,000 in 1880 to 36,000 in 1922 should require over **five times** as large a force of clerks to collect the information, compile, and edit the statistics. In fact, it does actually require **five times** as large a force, but at over **twelve times** the **total cost**, owing to increased wages. Here again, however, increased circulation has cut down the clerical **cost per copy** from **twelve times** to about **four times** what it was in 1880.

It costs over six times as much in postage to collect information from 36,000 banks as it does from 6000. In 1880 the book weighed two pounds. It now weighs nine pounds. During all these forty years and in spite of the conditions which we have enumerated, there have been only two increases in the price of the Bankers Directory.

Remember

The Rand McNally Bankers Directory has a larger paid circulation than all other bank directories combined.

Three times larger than its nearest competitor.

First in accuracy and reliability.

The publishers are constantly adding new and exclusive features at great expense.

For example we mention the following data no similar publication gives.

1. Shows Federal Reserve District each town is in.
2. Shows what banks are members of Federal Reserve System.
3. Show all banks that have gone out of existence within the past twelve months—tells you whether they closed, merged with another bank or changed their name
4. Shows you what banks have trust departments.
5. Shows you what banks have savings departments.

Number under Name of Bank is the New Transit Number given to each bank in U. S. exclusively by The Rand-McNally Bankers' Directory, under the authority of The American Bankers Ass'n.

TWO IMPORTANT CHANGES

in this Edition

For the Betterment of the Service

1. THE FEDERAL RESERVE DISTRICT in which each town or city is located, is designated by bold faced figure under name of each city or town, when State is in two or more districts—and by notice at head of column over names of towns, when entire State is in same district.
2. LAWYERS (indexed in back part of Directory) are all bonded by the American Surety Co. of New York for benefit of users of this Directory to the amount of two thousand dollars on each lawyer. (This does not include those under heading "Foreign Attorneys.")

The First National Bank of Chicago and First Trust and Savings Bank invite the business of banks and bankers, firms and corporations, offering complete, convenient and satisfactory financial service.

The First-Trust Joint Stock Land Banks, affiliated with both banks, afford bankers in Illinois, Iowa, Oklahoma and Texas facilities for placing farm loans under the government plan. Write for interesting information.

See opposite page for officers
and statements of both banks

Rand McNally Bankers Directory,
Chicago,
Ill.

Gentlemen:

I thank you for your letter of congratulations upon the occasion of my fiftieth anniversary with the First National Bank of Princeton.

It is with pleasure that I state that the RAND McNALLY BANKERS DIRECTORY is the "book I was brought up on" and that for over fifty years I have found the BANKERS BLUE BOOK accurate, reliable and complete, and in my opinion IT IS THE BEST BANK DIRECTORY NOW PUBLISHED, or ever published during my half century's experience in the banking business.

Wishing your publication its merited continued success, I am

Yours very truly,

H. C. Roberts
H.C.

UP-TO-DATE, progressive banks throughout the United States use the RAND McNALLY BANKERS DIRECTORY as a daily help to efficient service. For a half century it has been the standard book of its kind—complete, accurate and comprehensive.

Practically all of our subscribers show their appreciation by renewing from year to year, proving the BLUE BOOK to be entirely satisfactory, and we certainly are trying to make it more so with every issue.

The next issue—July 1923—is now being compiled. If your subscription has not been sent to us see to it that you are recorded as a subscriber, as only sufficient books are published to fill orders received prior to printing.

The BLUE BOOK is in constant service in eighty per cent of the banks of the United States. It has four times the circulation of any similar publication—the largest bank circulation in the world.

H. C. ROBERTS WITH NATIONAL BANK 50 YEARS AS OFFICER

Golden Anniversary of Princeton
Bank President to Be Celebrated
Saturday Night with Banquet.

STARTS AS BOOKKEEPER

Devotion to Duty and Tireless
Energy Win Place for Mr.
Roberts as Head of One of
County's Leading Financial
Enterprises—Dean
of Bankers' Federation.

In celebration of the 50th anniversary of the connection of President Harry C. Roberts with the First National bank, the directors of that institution have arranged for a banquet at the First Methodist church on Saturday evening, to which the presidents, vice presidents, cashiers and assistant cashiers of every bank in the county have been invited. It is given to few men to serve one institution for half a century, particularly with such honor and credit to himself as well as to the institution served, and the directors of the First National feel that they want to show their appreciation to Mr. Roberts of an able record.

Mr. Roberts entered the First National bank and bookkeeping. He was prominent cashier and was president of the bank.

Bankers' Blanket Bonds

FREQUENTLY a bank desires to have fidelity, robbery, burglary, and protection against similar hazards under one policy. A Banker's Blanket Bond issued by this Company gives this protection. It covers against loss of money or securities through:

- (a) the dishonesty of an employee wherever committed.
- (b) robbery, burglary, larceny, theft, hold-up, destruction or misplacement on the bank's premises.
- (c) robbery, larceny, hold-up, theft or negligence while in transit.

This is a popular form of protection with bankers.
