MAPS FOR BANKERS

The exchange of opinion and of information between neighboring bankers is of the utmost value as a basis for business decisions. That is why there are bankers' conventions.

But such neighborly intercourse is obviously impossible in thousands of cases. One bank may be in a city on the Atlantic coast; another in a western town.

The RAND MCNALLY Bankers Directory makes neighbors of all banks. It gives you the cold, definite facts concerning any bank. It gives them to you in the absence of the influence of any personality. It gives you a complete check on the standing of any bank you have in mind. It shows you at a glance prevailing conditions; the prosperity of any community as reflected in the bank's figures.

Among the banks of America the name RAND MCNALLY stands for over fifty-two years of service and experience. Our prestige gives us access to unlimited sources of information. That is why the RAND MCNALLY Bankers Directory is the most complete and most accurate bankers' directory ever published. That is why it is accepted by all bankers as the standard book of banking reference.

Alas,

The Wall Street of BANK INFORMATION

As all threads of the financial fabric lead to Wall Street, so do the questions which arise hourly in the banker's business lead to RAND McNALLY—the bank information center of the continent.

Through over fifty years the RAND McNALLY & COMPANY publications for bankers have answered the queries, Where? Who? What?—instantly, accurately and completely.

The RAND McNALLY service to bankers is older than five-sixths of the banks of America. The growth of this service has anticipated, step by step, the evolution of the need which prompted its inception.

As the bed-rock foundations and aspiring marble columns of Wall Street symbolize the integrity and vision of the financial world, so the name RAND McNALLY guarantees fidelity to the trust with which it is so closely associated.

Advertising That Pays The Hustling Bank.

HUNDREDS of letters from bankers throughout the United States prove that the use of "Small Caps" in black type is the best money-making advertising in the bank field.

BANK OF RUSHVILLE
Capital $120,000

Rushville, Ill., March 11, 1920

Rand McNally & Co.
Chicago, Ill.

Gentlemen:-

Please supply us with about three hundred (300) cards like specimen enclosed, which we have been sending out in reply to requests for ratings.

It might interest you to know that we have sent these out with our replies in every case where we have answered requests for ratings and believe that without a single exception we have received proper compensation for our services by stamps sent in return. Many of the firms that we have served have commented favorably on the system which we use, and only recently a card came back with this notation. "We enclose 25c for report and assure you that we are glad to do it. Wish all banks would use the same system". We are so pleased with them that we are glad to give you this information.

Yours very truly,
J. H. YOUNG, Asst. Cashier.

If you are not using a ***bold*** type for your name in our list, you should write for terms.

The Wall Street of BANK INFORMATION

As all threads of the financial fabric lead to Wall Street, so do the questions which arise hourly in the banker's business lead to RAND McNALLY—the bank information center of the continent.

Through over fifty years the RAND McNALLY & COMPANY publications for bankers have answered the queries, Where? Who? What?—instantly, accurately and completely.

The RAND McNALLY service to bankers is older than five-sixths of the banks of America. The growth of this service has anticipated, step by step, the evolution of the need which prompted its inception.

As the bed-rock foundations and aspiring marble columns of Wall Street symbolize the integrity and vision of the financial world, so the name RAND McNALLY guarantees fidelity to the trust with which it is so closely associated.

The Wall Street *of* BANK INFORMATION

As all threads of the financial fabric lead to Wall Street, so do the questions which arise hourly in the banker's business lead to RAND McNALLY—the bank information center of the continent.

Through over fifty years the RAND McNALLY & COMPANY publications for bankers have answered the queries, Where? Who? What?—instantly, accurately and completely.

The RAND McNALLY service to bankers is older than five-sixths of the banks of America. The growth of this service has anticipated, step by step, the evolution of the need which prompted its inception.

As the bed-rock foundations and aspiring marble columns of Wall Street symbolize the integrity and vision of the financial world, so the name RAND McNALLY guarantees fidelity to the trust with which it is so closely associated.

$97,000,000 from Collections Exchange, Etc.

Remember

The Rand McNally Bankers Directory has a larger paid circulation than all other bank directories combined.

Three times larger than its nearest competitor.

First in accuracy and reliability.

The publishers are constantly adding new and exclusive features at great expense.

For example we mention the following data no similar publication gives.

1. Shows Federal Reserve District in which each town is located.
2. Shows what banks are members of Federal Reserve System.
3. Shows all banks that have gone out of existence within the past six months—tells you whether they closed, merged with another bank or changed their name.
4. Shows new banks by a special emblem, when first appearing in the Directory.
5. Shows you what banks have trust departments.
6. Shows you what banks have savings departments.

The Wall Street of BANK INFORMATION

As all threads of the financial fabric lead to Wall Street, so do the questions which arise hourly in the banker's business lead to RAND McNALLY—the bank information center of the continent.

Through over fifty years the RAND McNALLY & COMPANY publications for bankers have answered the queries, Where? Who? What?—instantly, accurately and completely.

The RAND McNALLY service to bankers is older than five-sixths of the banks of America. The growth of this service has anticipated, step by step, the evolution of the need which prompted its inception.

As the bed-rock foundations and aspiring marble columns of Wall Street symbolize the integrity and vision of the financial world, so the name RAND McNALLY guarantees fidelity to the trust with which it is so closely associated.
