"Thank heaven for good forgetters"

"IF WE were not able, daily, to forget great masses of details, our minds would be so cluttered by facts as to be useless for constructive thinking.

"The acid test of an educated man is not 'Does he know?' but 'Does he know where to find out?'" said an eminent Doctor of Philosophy to his class.

With an up-to-date file of RAND McNALLY bank publications before him, the banker knows *where to find out*, instantly and accurately.

More than fifty devoted years of RAND McNALLY experience in this service has made it safe and sensible for the banker *to forget*.

MAPS FOR BANKERS

THESE three long shelves of books—RAND McNALLY Bankers Directories from 1872 to 1923—represent the evolution of financial America through over half a century.

They picture not only the growth of banks in size and numbers, but symbolize a service which has been contemporaneous with fifty-two years of banking progress.

Back of every RAND McNALLY bank publication lies the accumulated experience gained in rendering this service. When the first Bankers Directory was compiled in 1872, certain unchanging truths in the bank field were learned. Year by year this knowledge has expanded.

Your subscription for any RAND McNALLY bank publication is a draft on unmatched resources of bank information.

Not an Error in 14 Years

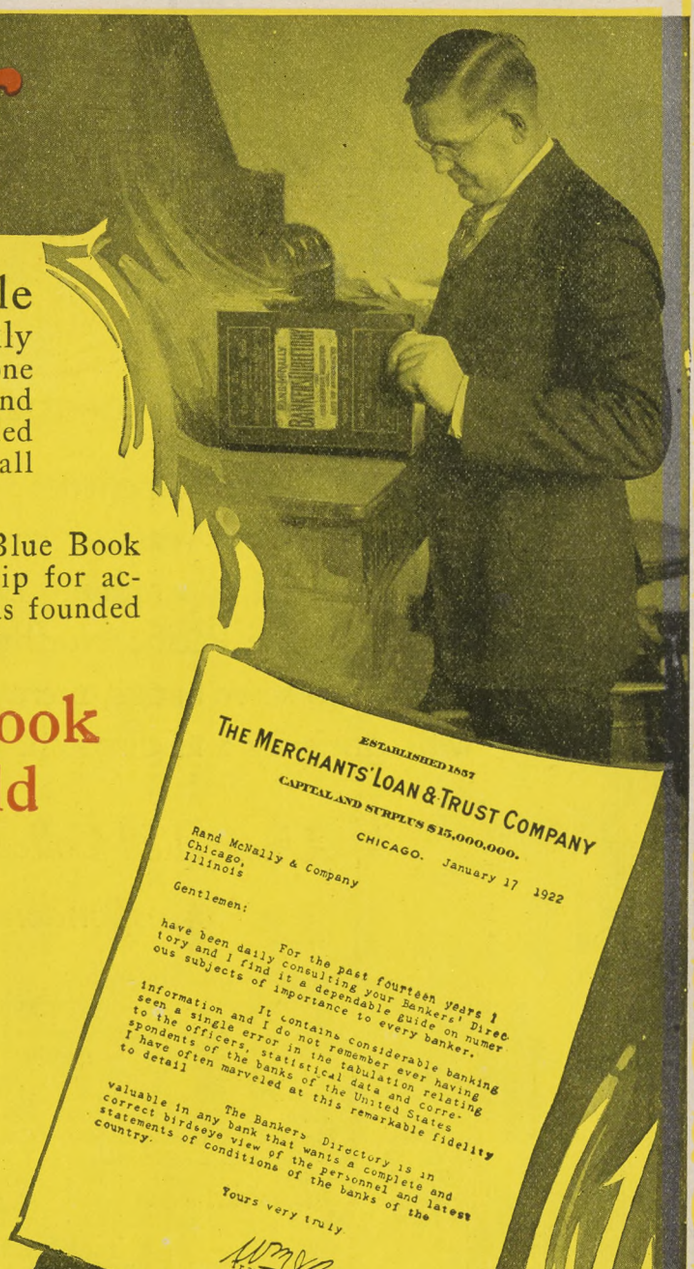
THIS is the remarkable record of the Rand McNally Blue Book in the experience of one banker who has consulted it daily, and to this individual record can be added similar recognition from bankers all over the United States.

Honestly revised twice a year, the Blue Book has maintained undisputed leadership for accuracy and dependability since it was founded over 50 years ago.

Why the Blue Book Leads the Field

The Blue Book is invaluable in every bank because

—it speeds up collection service
—it simplifies the routing of items
—it gives the latest statements of condition of all banks
—it contains an up-to-date list of executive officers
—it furnishes a correct list of all the correspondents of every bank
—it facilitates the making of the most direct connections at the least cost
—it has four times the circulation of any similar publication
—it contains maps of every state in the country in county outline
—it contains a complete showing of all banks, national, state, savings and trust companies in the United States as well as Canadian banks; together with a selected list of foreign banks and American investment bankers



MR. BRUEBACH is manager of the transit department of the Merchants Loan & Trust Company of Chicago and directs the handling of more than three million items a year. He finds that this big task is greatly simplified by the Rand McNally Blue Book.

Banks, like all other lines of business, have undergone sharp readjustments during the past year, and the next Blue Book coming off the press will be especially valuable because it will give in detail the scope of these changes. The latest statements of condition, every change in executive personnel, every recent merger will be shown.

The Blue Book is sold on subscription only. The edition is limited and we suggest that you place your order now to make sure of a copy.

A Trust Service for Financial Institutions

IN addition to the usual banking facilities offered to its clients, this Company as correspondent for financial institutions places at their disposal the assistance of its Trust Department.

Due to the large amount of trusts in care of the Company and by virtue of the wide and varied trust experience built upon nearly a century of trust service, the personnel of the Trust Department is well qualified to assist banking clients with their trust problems.

It follows that a trust company or bank maintaining a trust department to which we may be of service may profitably consider this institution as a reserve depositary for its funds.

Rand McNally Bankers Directory,
Chicago,
Ill.

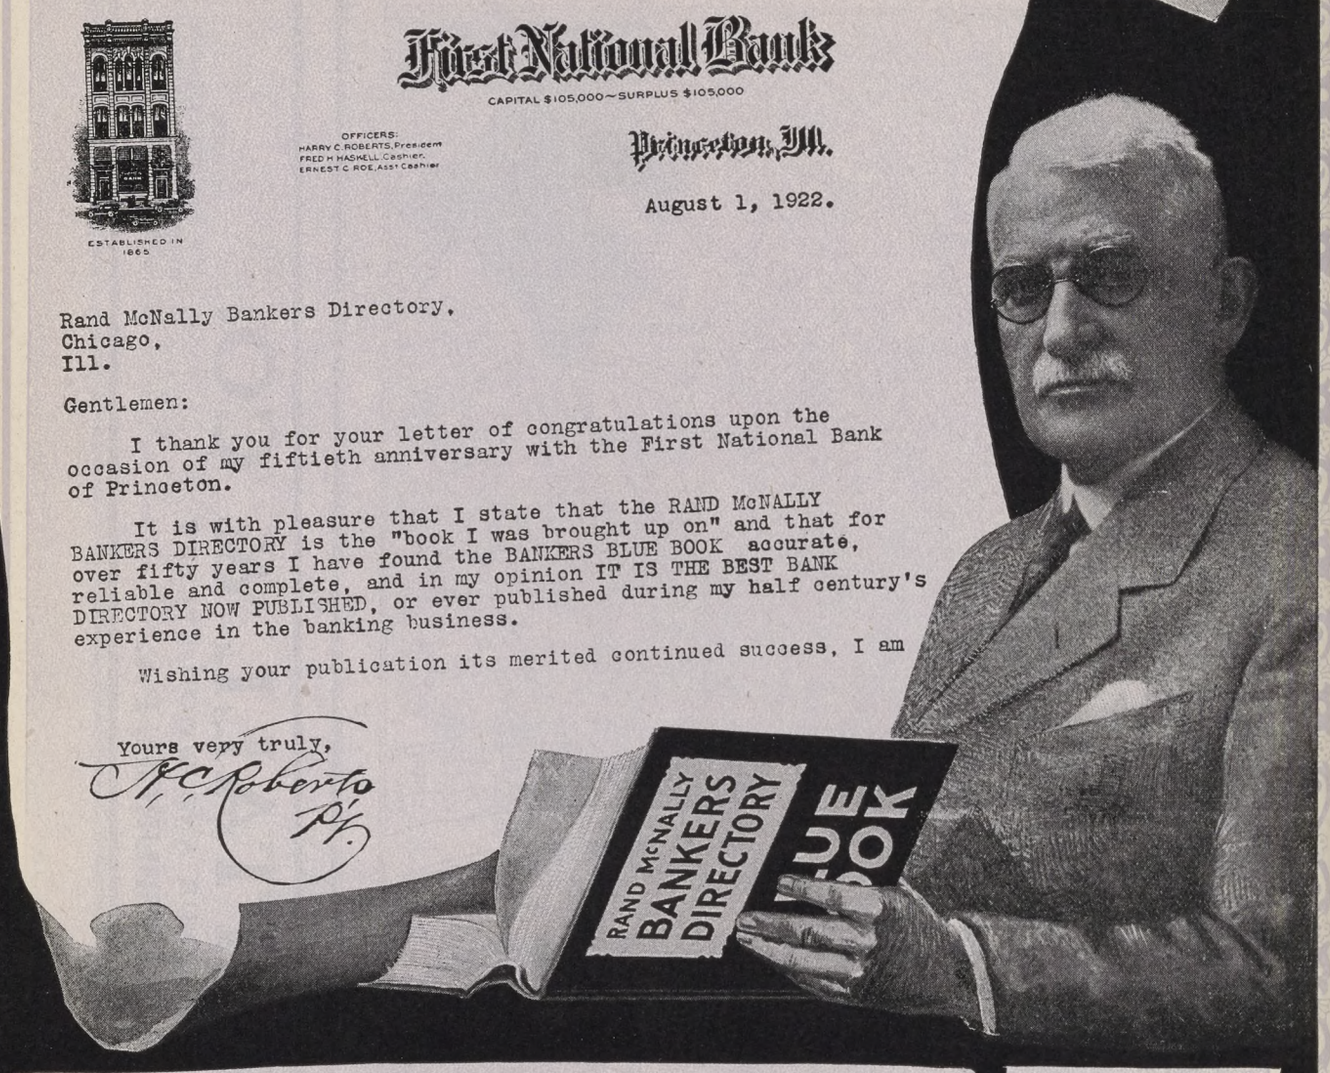
Gentlemen:

I thank you for your letter of congratulations upon the occasion of my fiftieth anniversary with the First National Bank of Princeton.

It is with pleasure that I state that the RAND McNALLY BANKERS DIRECTORY is the "book I was brought up on" and that for over fifty years I have found the BANKERS BLUE BOOK accurate, reliable and complete, and in my opinion IT IS THE BEST BANK DIRECTORY NOW PUBLISHED, or ever published during my half century's experience in the banking business.

Wishing your publication its merited continued success, I am

Yours very truly,
H. C. Roberts
Pr.



UP-TO-DATE, progressive banks throughout the United States use the RAND McNALLY BANKERS DIRECTORY as a daily help to efficient service. For a half century it has been the standard book of its kind—complete, accurate and comprehensive.

Practically all of our subscribers show their appreciation by renewing from year to year, proving the BLUE BOOK to be entirely satisfactory, and we certainly are trying to make it more so with every issue.

The next issue—January 1925—is now being compiled. If your subscription has not been sent to us see to it that you are recorded as a subscriber, as only sufficient books are published to fill orders received prior to printing.

The BLUE BOOK is in constant service in eighty per cent of the banks of the United States. It has four times the circulation of any similar publication—the largest bank circulation in the world.

In celebration of the 50th anniversary of the connection of President Harry C. Roberts with the First National bank, the directors of that institution have arranged for a banquet at the First Methodist church on Saturday evening, to which the presidents, vice presidents, cashiers and assistant cashiers of every bank in the county have been invited. It is given to few men to serve one institution for half a century, particularly with such honor and credit to himself as well as to the institution served, and the directors of the First National feel that they want to show appreciation to Mr. Roberts o able record.

RAND McNALLY BANKERS DIRECTORY—BLUE BOOK

THE BANKERS MONTHLY

KEY TO THE NUMERICAL SYSTEM OF THE A. B. A.

BANKERS EQUIPMENT-SERVICE GUIDE

BANKERS EQUIPMENT BULLETIN

BANKING AND BUSINESS ETHICS

MAPS FOR BANKERS

The exchange of opinion and of information between neighboring bankers is of the utmost value as a basis for business decisions. That is why there are bankers' conventions.

But such neighborly intercourse is obviously impossible in thousands of cases. One bank may be in a city on the Atlantic coast; another in a western town.

The RAND McNALLY Bankers Directory makes neighbors of all banks. It gives you the cold, definite facts concerning any bank. It gives them to you in the absence of the influence of any personality. It gives you a complete check on the standing of any bank you have in mind. It shows you at a glance prevailing conditions; the prosperity of any community as reflected in the bank's figures.

Among the banks of America the name RAND McNALLY stands for over fifty-two years of service and experience. Our prestige gives us access to unlimited sources of information. That is why the RAND McNALLY Bankers Directory is the most complete and most accurate bankers' directory ever published. That is why it is accepted by all bankers as the standard book of banking reference.

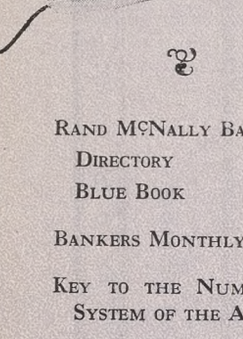
The outline of
BANK HISTORY



THESE three long shelves of books—RAND McNALLY Bankers Directories from 1872 to 1923—represent the evolution of financial America through over half a century.

They picture not only the growth of banks in size and numbers, but symbolize a service which has been contemporaneous with fifty-two years of banking progress.

Back of every RAND McNALLY bank publication lies the accumulated experience gained in rendering this service. When the first Bankers Directory was compiled in 1872, certain unchanging truths in the bank field were learned. Year by year this knowledge has expanded.

Your subscription for any RAND McNALLY bank publication is a draft on unmatched resources of bank information.
