CAUSE AND EFFECT

EVERY year for more than half a century, has seen more bankers advertising in this Directory until, with negligible exceptions, every progressive financial institution in the country is using this medium to inform bankers, business men, and financiers in other cities of its progress, its personnel, its departmental services and its readiness for additional business.

Banks do not grow because they advertise in the Directory. They advertise in the Directory because they are equipped for growing.

US Dep

Special Maps to order

Interesting at first sight only because of its age and the fineness of its workmanship, this map by Mercator is a rare and almost forgotten museum piece. Hardly a book mentions it.

Yet in its day it had an influence that few works of the human mind have had in all the history of the world.

It was first to give the name of North America to the continent on which we live. And it indicated a Northwest Passage around this continent through which Europeans might sail to the Indies.

Thus it served to perpetuate a belief that might otherwise soon have died. Directly, therefore, it was largely responsible for a number of important voyages of discovery, notably Drake's, Frobisher's, Hudson's. Indirectly, it was in part responsible for the spread of empire on this continent.

For great indeed is the inspiration of maps for the human imagination.

The maps of today, it is true, have

led to few important discoveries. Our planet has been pretty well explored already. Yet maps today still have the power, as they had in the sixteenth century, to arouse in us a desire to see and to know other parts of the world than our own.

Fascinating, packed with the delights of unexpected finds, rich in historical and literary suggestion, maps and atlases have all the charm and cultural value of the world's best books.

Why not acquire the excellent and stimulating habit of reading them? Study them frequently. Teach your children to enjoy them.

Rand McNally Maps, Globes, and Atlases are always scientific, accurate, up to date. Obtainable at leading booksellers' and stationers', or direct.

The habit of scrupulous accuracy down to the last detail required in the making of maps extends to all Rand McNally & Company's greatly varied activities.

COMMON SENSE THE LAW AND THE BANKER

WILLIAM McCHESNEY MARTIN, Chairman of the St. Louis Federal Reserve Bank once said that banking took more common sense and more knowledge of law than any other business. He also said that the banker who is a banker, takes a risk every time he breathes, and that ordinary banking risks should not be too much complicated by legal uncertainties.

Every law of the National Government and the State Legislatures which seems likely to affect your business as a banker is digested in this Directory. Learned counsel in the various states keep this information abreast of legislative enactments. You will find it helpful to study the Laws section of this Directory every now and then and to refer out-of-town legal matters to the bonded attorneys listed herein.

INVESTMENT BANKERS AND BANKER INVESTORS

INTERCHANGE of service and information between deposit bankers and investment bankers is the outstanding feature of American banking today.

The Bankers Directory, with its complete list of American Banks and its authoritative list of the sort of investment banking houses which deposit bankers deal with and recommend to their customers, is in constant use to facilitate this phase of banking.

In this Directory you will find members of stock exchanges and outstanding investment houses listed with the banks of each city. Give your bank, your directors, and your customers the benefit of this service on all matters affecting securities, either as investments for your own portfolio, collateral on loans, or adjustments of customer holdings.

KNOWLEDGE and skill in handling bonds for himself and his customer is a more important part of a banker's equipment than ever. It becomes still more important every day. No one man can hope to collect or remember all the facts about all of today's standard securities, but the banker, the bond man, or the business man who uses this Directory can always avail himself of this information because he always knows where to go for it.

WHO'S WHO?

IN banking, more than in any other business, personality is the controlling factor. Banking plants are very much alike. Banking practices are pretty well standardized. One check is very much like another. All \$10.00 bills are essentially the same. The difference between banks is the difference between bankers. The more you know about the officers and directors of a bank, the more distinctive and useful information you have about the bank itself. All this information appears in the pages of this Directory. Study it before you write and before you travel. Use it to inform your associates, to develop your subordinates, to widen the horizon of your business

Making a Profit from Collections and Credit Reports

Thousands of banks decline to render free service on Collections and for Credit Reports. They have adopted the "Fee-in-Advance" system. We are daily in receipt of letters like that below endorsing the system.

Get Your Fee-In-Advance!

The Rand McNally Bankers Directory furnishes, without cost to advertisers, a supply of cards mentioned above. These cards are sent by the banks to those forwarders who send in collections or requests for credit reports without a fee, and generally the fee for the service is forthcoming. These fees generally more than pay for the cost of the Directory and the advertising lines.

**This System is in General Use and is
Universally Approved**

COMMON SENSE THE LAW AND THE BANKER

WILLIAM McCHESNEY MARTIN, Chairman of the St. Louis Federal Reserve Bank once said that banking took more common sense and more knowledge of law than any other business. He also said that the banker who is a banker, takes a risk every time he breathes, and that ordinary banking risks should not be too much complicated by legal uncertainties.

Every law of the National Government and the State Legislatures which seems likely to affect your business as a banker is digested in this Directory. Learned counsel in the various states keep this information abreast of legislative enactments. You will find it helpful to study the Laws section of this Directory every now and then and to refer out-of-town legal matters to the bonded attorneys listed herein.
