Credit Department Service in Akron

We have developed a metropolitan Credit Department Service which is available to our out-of-town banking correspondents and others to whom it may be helpful.

Statistics and credit information upon Akron business and industry are compiled and kept up-to-date.

Akron's industry and its relations with the World are becoming increasingly important.

The developing Zeppelin Industry in America has now been added to the already firmly entrenched Rubber Industry in which Akron is now pre-eminent among the cities of the World.
