Making a Profit from Collections and Credit Reports

Thousands of banks decline to render free service on Collections and for Credit Reports. They have adopted the "Fee-in-Advance" system. We are daily in receipt of letters like that below endorsing the system.

Get Your Fee-In-Advance!

The Rand McNally Bankers Directory furnishes, without cost to advertisers, a supply of cards mentioned above. These cards are sent by the banks to those forwarders who send in collections or requests for credit reports without a fee, and generally the fee for the service is forthcoming. These fees generally more than pay for the cost of the Directory and the advertising lines.

**This System is in General Use and is
Universally Approved**

THE NUMERICAL SYSTEM

THE A.B.A. NUMERICAL SYSTEM has been of definite value to business and banking in the United States and we are proud of our part in that system as official numbering agents of American Bankers Association. Each bank listed in this Directory has its transit number shown next to its name.

The entire system is explained and mapped in the first part of the Directory.

We devote a special publication to this numerical system which lists by numbers and by banks and your bank should have a copy of the latest number. Write for the Key to the Numerical System, A.B.A., Volume XII, Published September 1, 1930. Price \$2.50.

WHO'S WHO?

IN banking, more than in any other business, personality is the controlling factor. Banking plants are very much alike. Banking practices are pretty well standardized. One check is very much like another. All \$10.00 bills are essentially the same. The difference between banks is the difference between bankers. The more you know about the officers and directors of a bank, the more distinctive and useful information you have about the bank itself. All this information appears in the pages of this Directory. Study it before you write and before you travel. Use it to inform your associates, to develop your subordinates, to widen the horizon of your business
