Banks Advertising give Prompt Attention to Collections and Correspondence

Nine Out of Ten Two Out of Three

Nine Out of Ten

Unless you advertise your bank in the BLUE BOOK you are running counter to the judgment of NINE OUT OF TEN of the American banks which advertise in bank directories.

Two Out of Three

of such banks set the example of using the BLUE BOOK *EXCLUSIVELY* and treating any other bank directory advertising as useless duplication.

These are not claims but facts. No research is necessary to check them—simply compare the BLUE BOOK with its nearest competitor. You'll find as follows:

BANK ATTORNEYS

BANKERS and other conservative business men prefer to refer their collections and other legal business to Bank attorneys.

You will find a specially selected list of Bank attorneys indexed in the back section of this publication.

Please mention the Bankers' Blue Book when sending collections to banks and attorneys listed therein.

The publishers will appreciate it, and such mention is an incentive to the receiver of your business to exert his best efforts to give you a prompt, careful and economical service.

FOR COLLECTIONS
Use the Rand McNally BANKERS DIRECTORY

COMMON SENSE THE LAW AND THE BANKER

WILLIAM McCHESNEY MARTIN, Chairman of the St. Louis Federal Reserve Bank once said that banking took more common sense and more knowledge of law than any other business. He also said that the banker who is a banker, takes a risk every time he breathes, and that ordinary banking risks should not be too much complicated by legal uncertainties.

Every law of the National Government and the State Legislatures which seems likely to affect your business as a banker is digested in this Directory. Learned counsel in the various states keep this information abreast of legislative enactments. You will find it helpful to study the Laws section of this Directory every now and then and to refer out-of-town legal matters to the bonded attorneys listed herein.

OFFICIAL NUMBERING AGENT FOR THE AMERICAN BANKERS ASSOCIATION

COMMON SENSE THE LAW AND THE BANKER

WILLIAM McCHESNEY MARTIN, Chairman of the St. Louis Federal Reserve Bank once said that banking took more common sense and more knowledge of law than any other business. He also said that the banker who is a banker, takes a risk every time he breathes, and that ordinary banking risks should not be too much complicated by legal uncertainties.

Every law of the National Government and the State Legislatures which seems likely to affect your business as a banker is digested in this Directory. Learned counsel in the various states keep this information abreast of legislative enactments. You will find it helpful to study the Laws section of this Directory every now and then and to refer out-of-town legal matters to the bonded attorneys listed herein.

KNOWLEDGE and skill in handling bonds for himself and his customer is a more important part of a banker's equipment than ever. It becomes still more important every day. No one man can hope to collect or remember all the facts about all of today's standard securities, but the banker, the bond man, or the business man who uses this Directory can always avail himself of this information because he always knows where to go for it.

See list of Investment Houses following banks of each metropolitan city.
