A contract for bank directory service, give careful consideration to the following facts:

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for more than 50 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 90% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. More than 8,000 Commercial Banks, Savings, Trust and Investment Banking Houses advertise regularly in each edition.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

Banking Service developed from 69 years' experience

IN 1862, the founders of this institution recognized that, to be represented among the world's great banks, a bank must possess a combination of age, resources, experienced personnel and facilities.

During the 69 years of steady growth to banking prominence this bank has acquired gradually and soundly each one of these important attributes of a great banking institution.

The offerings of A. G. Becker & Co. include bonds, short term notes and commercial paper, thus embracing practically every type of investment for secondary reserve requirements.

The bonds and short term notes on our list are the carefully selected obligations of American and foreign municipalities and of railroad, public utility and industrial corporations of strong credit. Commercial paper offerings include the names of some of the leading industrial concerns in the country, with whose financing we have been identified for many years.

It has been our privilege to serve several thousand banks during the past 37 years. We welcome the opportunity of placing this extensive experience and the facilities of this national organization at your disposal. We are always glad to supply credit and investment information and analyses without obligation of any kind, or to submit offerings to meet specific investment requirements.

Over Sixty Years of Service

PRACTICALLY FREE

The Valuable "Indirect Publicity" Obtained by 6,000 Banks Advertising in
the Rand McNally Bankers Blue Book Actually Costs the Bank NOTHING

THE BANKERS DIRECTORY is used by thousands of Commercial Houses, Security Dealers, Lawyers and Banks to send their business directly to these advertisers, with the results that the advertising banks actually make in profits on the Bill of Lading Drafts, Notes, Collections, etc., etc., sent to them more than they pay for the space itself—the resultant unequaled Prestige, "Indirect Publicity" actually costing nothing.

For 57 years, America's leading Financial Institutions, *Country Banks*, as well as Reserve City Banks, have advertised regularly and consistently in the Blue Book and the number of advertisers increases each year.

Your Bank should be prominently displayed and "stand out" among the banks of your city in the Blue Book. Your prospective customers outside of your own locality must necessarily judge and form their opinion of your bank by the way you "show up" in the Blue Book. They naturally do not know you personally or are able to see your attractive Banking Room and Building, which things attract your local patronage.

No obligation on your part if you write us today about "Bold-faced Type" for your bank in the next edition of the Blue Book. Neither is it necessary to subscribe to the Book in order to advertise in same.
