KNOWLEDGE and skill in handling bonds for himself and his customer is a more important part of a banker's equipment than ever. It becomes still more important every day. No one man can hope to collect or remember all the facts about all of today's standard securities, but the banker, the bond man, or the business man who uses this Directory can always avail himself of this information because he always knows where to go for it.

See list of Investment Houses following banks of each metropolitan city.

THE BANKS

AND THE

GOVERNMENT

IN the first part of this Directory you will find all State bank officers and examiners, all National Bank examiners, complete personnel of the Federal Reserve Board and of the Federal Reserve banks, dates of comptroller's calls for the past forty years. Make full use of this personal and statistical information.

HOW BIG IS ANY BANK?

THIS Directory shows the money size of every bank in the United States.

Certain banks are big in service and readiness to serve, in addition to their size in money. One good test of this kind of bigness is "Do they advertise in the Bankers Directory?"

BANK SUPPLIES

KEEPING up customer service and keeping down unnecessary operating costs—this is, perhaps, the most acute problem of today in bank operation. It demands of the purchasing executive a wide acquaintance with sources of dependable and economical bank supplies. The best is generally the cheapest in the long run. You can broaden your market for quality products by studying the supply announcements in this Directory.

KNOWLEDGE and skill in handling bonds for himself and his customer is a more important part of a banker's equipment than ever. It becomes still more important every day. No one man can hope to collect or remember all the facts about all of today's standard securities, but the banker, the bond man, or the business man who uses this Directory can always avail himself of this information because he always knows where to go for it.
