KNOWLEDGE and skill in handling bonds for himself and his customer is a more important part of a banker's equipment than ever. It becomes still more important every day. No one man can hope to collect or remember all the facts about all of today's standard securities, but the banker, the bond man, or the business man who uses this Directory can always avail himself of this information because he always knows where to go for it.

See list of Investment Houses following banks of each metropolitan city.

THE BANKS

AND THE

GOVERNMENT

IN the first part of this Directory you will find all State bank officers and examiners, all National Bank examiners, complete personnel of the Federal Reserve Board and of the Federal Reserve banks, dates of comptroller's calls for the past forty years. Make full use of this personal and statistical information.

HOW BIG IS ANY BANK?

THIS Directory shows the money size of every bank in the United States.

Certain banks are big in service and readiness to serve, in addition to their size in money. One good test of this kind of bigness is "Do they advertise in the Bankers Directory?"

Is Your Bank's Horizon World Wide?

The customers you care the most about keeping are the very ones who would be most interested in seeing international banking services offered by your bank: the manufacturer interested in establishing world markets; the importer who helps settle international debts; the inexperienced or the seasoned globe-trotter—they all look to you for *international* information.

Their accounts are valuable. And, with a BLUE BOOK at your elbow, you are fully equipped to extend your bank's service throughout the world.

The Foreign Banks Section of your BLUE BOOK contains a complete and accurate list of all banks in the world. It shows the statement of condition of the chief foreign banks, together with officers and principal correspondents.

The BLUE BOOK also contains a table of postal and parcel post rates to any section of the globe. It gives a list of common commercial terms in ten languages.

Your BLUE BOOK contains maps of Europe, Asia, Africa, England, Philippine Islands, South America, Mexico, West Indies and Alaska.

Every officer who serves depositors likely to need foreign banking service should have a BLUE BOOK—an up-to-date copy—for his personal use.

Correspondent Banks

Nearly a century's accumulated experience and conservative progress have qualified the Westminster Bank to offer its characteristic services as a London correspondent to foreign and colonial business establishments. It functions through a system of over a thousand of its own branches in England and representation in every banking town in the world, and is amply equipped (as are the Paris and Brussels offices of the Westminster Foreign Bank) for specialized service in credits, collections, exchange, and all the ramifications of modern banking. Banks or merchant bankers wishing to establish a London connexion are invited to communicate with the Manager

BANK SUPPLIES

KEEPING up customer service and keeping down unnecessary operating costs—this is, perhaps, the most acute problem of today in bank operation. It demands of the purchasing executive a wide acquaintance with sources of dependable and economical bank supplies. The best is generally the cheapest in the long run. You can broaden your market for quality products by studying the supply announcements in this Directory.

STATE BANKERS ASSOCIATION

OFFICERS of State Bankers Associations are all listed in this Directory and this information, like all other contents of the book, is kept scrupulously accurate and up to date.

We find these association officers are always ready to be of cordial assistance to us in matters of mutual interest. Our Directory subscribers will doubtless have the same experience.

COMMISSION RULES:

For the minimum commission on stocks listed on the New York Stock Exchange and/or formally listed on the New York Curb Exchange, and such stocks traded on the unlisted division of the New York Curb Exchange as are specifically approved by the Board of Governors, see Schedules "B" and "C."

All stocks traded on the unlisted section of the New York Curb Exchange take the rates under Schedule "A" as above, excepting such stocks as are approved by the Board of Governors.

On transactions where the money involved is \$10.00 or less, the commission charge shall be optional.

In billing less than board lots the commission shall in no case be greater than that which is designated for the transaction involving a board lot.

Commission charges on orders in excess of Board Lots shall be as follows: When an order is executed for a number of shares involving a round lot of 100 shares and an odd lot of, say 30 shares, the commission to be charged is the usual rate for the round lot and pro rata for the odd lot, provided the order is executed in its entirety. However, when a customer enters an order to sell 130 shares at a limit and the broker executes the order within the limit for 100 shares and there remain 30 shares which is thereafter converted by the customer into a market order, members are required to treat the 30 shares as an odd lot and charge the odd lot commission and may not charge pro rata of the round lot rate. In any case when a customer changes his limit the unfilled balance of the order must be treated as a new order.

For all transactions in New York a charge must be made for insurance, postage, exchange or any other expenses.

PENALTY for violation of the above rates is suspension and fine, or expulsion from the Exchange.

NOTE:

Special rates are allowed on Stocks listed on both New York and Los Angeles Exchanges. These rates may be had on application to the Los Angeles Stock Exchange.
