THIS SECTION MAKES YOUR BLUE BOOK DOUBLY USEFUL

YOUR Blue Book makes it possible for you to find in one separate section a complete geographical listing of All Bank Titles changed or discontinued within the past five years.

In this NEW section you can trace any Bank Title which has been changed or

discontinued as a result of Merger, Consolidation, Absorption, or Suspension and find the exact year of the change with the new title, if any.

Always a necessary part of any Bank's operating equipment, now your Blue Book is doubly useful.

For'gn

Your Blue Book Includes a Complete World Atlas

•

There is a complete 136 page World Atlas in your BLUE BOOK, showing colored maps of the World, of every state in the United States, of all the Continents, and of all Territories and principal Islands.

A group of maps as accurate and complete as this, if bound in a separate book, would command a place in any Bank's library. Yet this is but one of the many features which go to make Rand McNally Bankers Directory not a directory alone, but the most complete and useful reference book a Bank can possess.

BANK ATTORNEYS

Y

OUR BLUE BOOK contains the most select, the highest-class law list published today. Every attorney is listed because he has been recommended by his local banker as competent, reliable and thoroughly seasoned in bank work. Refer *your* collections and other legal business only to Bank Recommended Attorneys. Then, you may be sure of complete satisfaction.

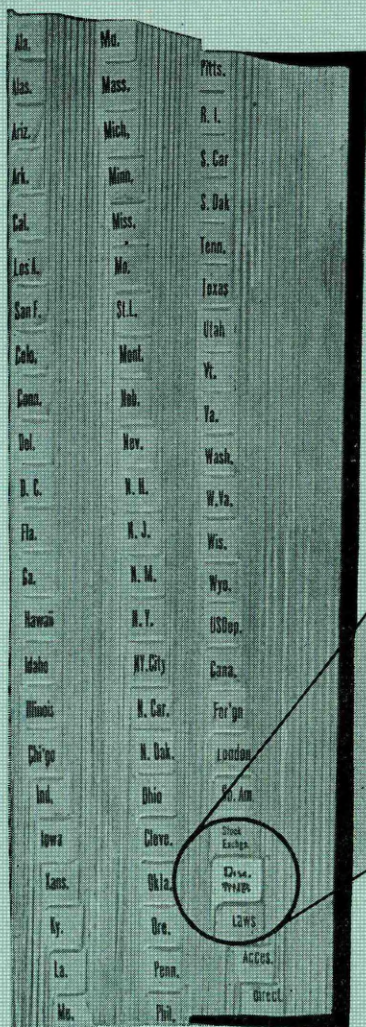

Because of the high character of The Blue Book's Bank Recommended Attorneys, several thousand commercial firms use no other list in their credit work. Some of *your* commercial customers would be definitely helped by your suggestion that they do the same.

A copy of the Rand McNally list of Bank Recommended Attorneys, bound separately, will be sent free of charge to any of your customers you indicate. Send the names to Rand McNally & Company, 536 S. Clark Street, Chicago, Ill.

This Special Feature

Doubles Your Blue Book's Usefulness!

**Disc.
Titles**

YOUR BLUE BOOK now makes it possible for you to find in one separate section a complete geographical listing of all Bank titles changed or discontinued within the past 5 years.

In this new section you can trace any Bank title which has been changed or discontinued as a result of Merger, Consolidation, Absorption, or Suspension and find the exact year of change, the old title, and the new one, if any.

Always a necessary part of any Bank's operating equipment, your BLUE BOOK is doubly useful to you in these changing times.

The Blue Book is Banking's Indispensable Counter Book

● The Blue Book's counter book style of opening permits the publishers to list all information about every bank in the United States in convenient columns. This counter book

form is superior for any volume too heavy for hand reading—it is indispensable for bank data.

How much easier it is to follow the columns with the right index finger and compare *instantly* the relative items of all banks in a community!

This style, which gives 18 columns of data (11 columns of figures on financial statements alone) on every American bank is more costly to the publishers, but much more valuable to the user. It requires a specialized type of mechanical composition, causes an added problem of makeup and necessitates a more detailed breakdown of information. But, these are the things that make Rand McNally Bankers Directory what it is—the most complete, accurate and usable bank directory in print.

The first 1934 Blue Book's 18 columns of data on every U.S. bank replaced 15 in former editions. This new style was so enthusiastically received that we exhausted an enlarged edition just three weeks after publication!

Non-Bank Towns . . .

Acces

In the third from last section of the BLUE BOOK you will find over 100 pages, indexed as above, listing all of the towns in the United States that are without Banking facilities.

After each town listed you will find its nearest accessible Banking point. Behind each name is information as to whether or not the town is a county seat, has a money order office, or a telegraph station.

Conscientiously revised every six months, this is the most accurate and up-to-date list of non-Bank towns and their nearest accessible Banking points that it is possible to obtain.

The Blue Book is Banking's Indispensable Counter Book

● The Blue Book's counter book style of opening permits the publishers to list all information about every bank in the United States in convenient columns. This counter book

form is superior for any volume too heavy for hand reading—it is indispensable for bank data.

How much easier it is to follow the columns with the right index finger and compare *instantly* the relative items of all banks in a community!

This style, which gives 18 columns of data (11 columns of figures on financial statements alone) on every American bank is more costly to the publishers, but much more valuable to the user. It requires a specialized type of mechanical composition, causes an added problem of makeup and necessitates a more detailed breakdown of information. But, these are the things that make Rand McNally Bankers Directory what it is—the most complete, accurate and usable bank directory in print.

The first 1934 Blue Book's 18 columns of data on every U.S. bank replaced 15 in former editions. This new style was so enthusiastically received that we exhausted an enlarged edition just three weeks after publication!

BANK SUPPLIES

KEEPING up customer service and keeping down unnecessary operating costs—this is, perhaps, the most acute problem of today in bank operation. It demands of the purchasing executive a wide acquaintance with sources of dependable and economical bank supplies. The best is generally the cheapest in the long run. You can broaden your market for quality products by studying the supply announcements in this Directory.

Federal Reserve Bank Information

FOLLOWING the calendar in the front of the BLUE BOOK, you will find complete Federal Reserve Bank information.

A two-page map shows the boundary lines and numbers of the various Federal Reserve districts, branch districts, and the location of Federal Reserve Banks, branches and agencies.

After the map there is a list of reserve cities, list of members of the Federal Reserve Board, members of the Federal Reserve Advisory Council and a combined statement of the 12 Federal Reserve districts.

Complete information is given in regard to each district including territory covered, list of directors, list of officers, latest statement and check collection time schedule.

Published in condensed form, this information is painstakingly accurate and up to date.

Look for the Advertising Banks in your Blue Book

Certain Banks are especially adapted for handling out-of-town transactions. With scarcely an exception, such Banks are BLUE BOOK advertisers. Their advertisements pay them. They will pay you.

Not only do they list their facilities for handling such transactions as requests for credit reports, bill of lading drafts, sight drafts, real estate transactions, estate settlements and selection of territorial depositories, but they also state which of these types they specialize in.

If you want to know what Bank in Berryville, Ark. to entrust with a collection, or what Bank in Portland, Ore. to select in a trust capacity, turn to these cities in your BLUE BOOK and pick the Banks advertising as specializing in this type of business.

Sec. 6. No payment shall be made to customers of the proceeds from the sale of securities on the day of the sale and before the money is received by the broker, unless interest is charged. When securities purchased for a customer are not paid for by him on the day they are received and paid for by the broker, interest must be charged from that date to the date of payment. Where a material or more than nominal loss is sustained, either through bank exchange charges or interest, the same must be charged to the customer.

Sec. 7. Any member violating this Article, directly or indirectly, of which the Governing Committee shall be the judge, shall, upon conviction, for the first offense, be fined five hundred dollars, and shall be suspended for a period of not less than three months; and for the second offense shall be expelled, and his membership disposed of by the Committee on Admissions.

COMMISSION RULES:

For the minimum commission on stocks listed on the New York Stock Exchange and/or formally listed on the New York Curb Exchange, and such stocks traded on the unlisted division of the New York Curb Exchange as are specifically approved by the Board of Governors, see Schedules "B" and "C."*

All stocks traded on the unlisted section of the New York Curb Exchange take the rates under Schedule "A" as above, excepting such stocks as are approved by the Board of Governors.

On all transactions where the total amount of money involved is \$10.00 or less, the commission charge shall be optional and where the total amount of money involved is in excess of \$10.00 but less than \$50.00 the commission charge shall be discretionary with a member subject to a minimum charge of \$2.50 for each transaction.

In billing less than board lots the commission shall in no case be greater than that which is designated for the transaction involving a board lot.

Commission charges on orders in excess of Board Lots shall be as follows: When an order is executed for a number of shares involving a round lot of 100 shares and an odd lot of, say 30 shares, the commission to be charged is the usual rate for the round lot and pro rata for the odd lot, provided the order is executed in its entirety. However, when a customer enters an order to sell 130 shares at a limit and the broker executes the order within the limit for 100 shares and there remain 30 shares which is thereafter converted by the customer into a market order, members are required to treat the 30 shares as an odd lot and charge the odd lot commission and may not charge pro rata of the round lot rate. In any case when a customer changes his limit the unfilled balance of the order must be treated as a new order.

Members shall charge customers insurance and postage in connection with ALL transaction OUTSIDE of Los Angeles.

PENALTY for violation of the above rates is suspension and fine, or expulsion from the Exchange.

NOTE:

Special rates are allowed on Stocks listed on both New York and Los Angeles Exchanges. These rates may be had on application to the Los Angeles Stock Exchange.
