FIND the town, select one of the advertising banks, write your letter, enclose the fee 25c or 50c, mail the letter and your part is done—the bank will do the rest. I say “advertising banks” because those banks specialize in this service. You can depend upon their being prompt, intelligent and efficient. Always enclose the fee in advance, as you expect them to do with us.

Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Rand McNally Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

Throughout the coming months we plan to give our readers—among other articles of interest—these seven monthly features:

- a banking article of national interest
- a successful plan of vital interest to the loan officer
- a report of teamwork in a bank and what it accomplished

—a better banking house article telling of the installation of some new equipment or service that pleased customers and increased profits

—a new business feature showing how some bank developed a plan to secure deposits, sell its services or increase its loans

—spot news—pertinent items of interest to alert bankers

—all the banking changes of the previous month.

Successful bankers are attentive readers of Bankers Monthly! If your officers and key employees are not already on our roster, write immediately for special group discounts.

These three volumes qualify any reader for an AB* degree

HERE is a complete course in banking compressed into three short, highly readable books. Placed at your elbow, you will find them constantly helpful in solving everyday problems.

Their authors have had the approval respectively of the Federal Deposit Insurance Corporation, the National Conference of Bank Auditors and Comptrollers and the Financial Advertisers Association. There is no other place you can find such an array of talent as this!

Send for these three volumes in an attractive desk stand and read them through at our expense. Then, if you wish to keep them, you may do so by simply sending your check for \$10. (The desk holder is yours with our compliments!) If you do not wish to keep the books after reading them, we will gladly take them back and you will not owe us a cent for the privilege of reading them.

MAKING PROFITS

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank. It shows how to handle every type of loan from the three-fold standpoint of yield, liquidity and safety—how to judge a credit risk—how to utilize outside credit information—how to handle the investment account and the ten commandments of loan administration. It is a handy guide for all profit-making activities.

PRESERVING ECONOMIES

Bank Cost Control, by Benjamin E. Young, 299 pages. This volume shows how to coordinate the auditing and accounting functions in a bank to establish a control that will eliminate waste and risks. By means of this audit and control system you can determine and allocate your various operating costs and figure a finished cost per transaction. It is a handy guide for control of all inside operations.

BUILDING BUSINESS

Advertising for Banks, by Don Knowlton, 533 pages. The author of this book shows how a bank of any size can decide upon an advertising budget—how it can make that budget cover all of the necessary forms of publicity—how the person in charge of publicity can write and produce the various forms of advertisements—how he can build effective interior and window displays—how to handle branch bank promotion—in short, how to build new business and maintain favorable customer and community relations. It is a handy guide for all publicity and deposit building.

—READ THEM FREE!

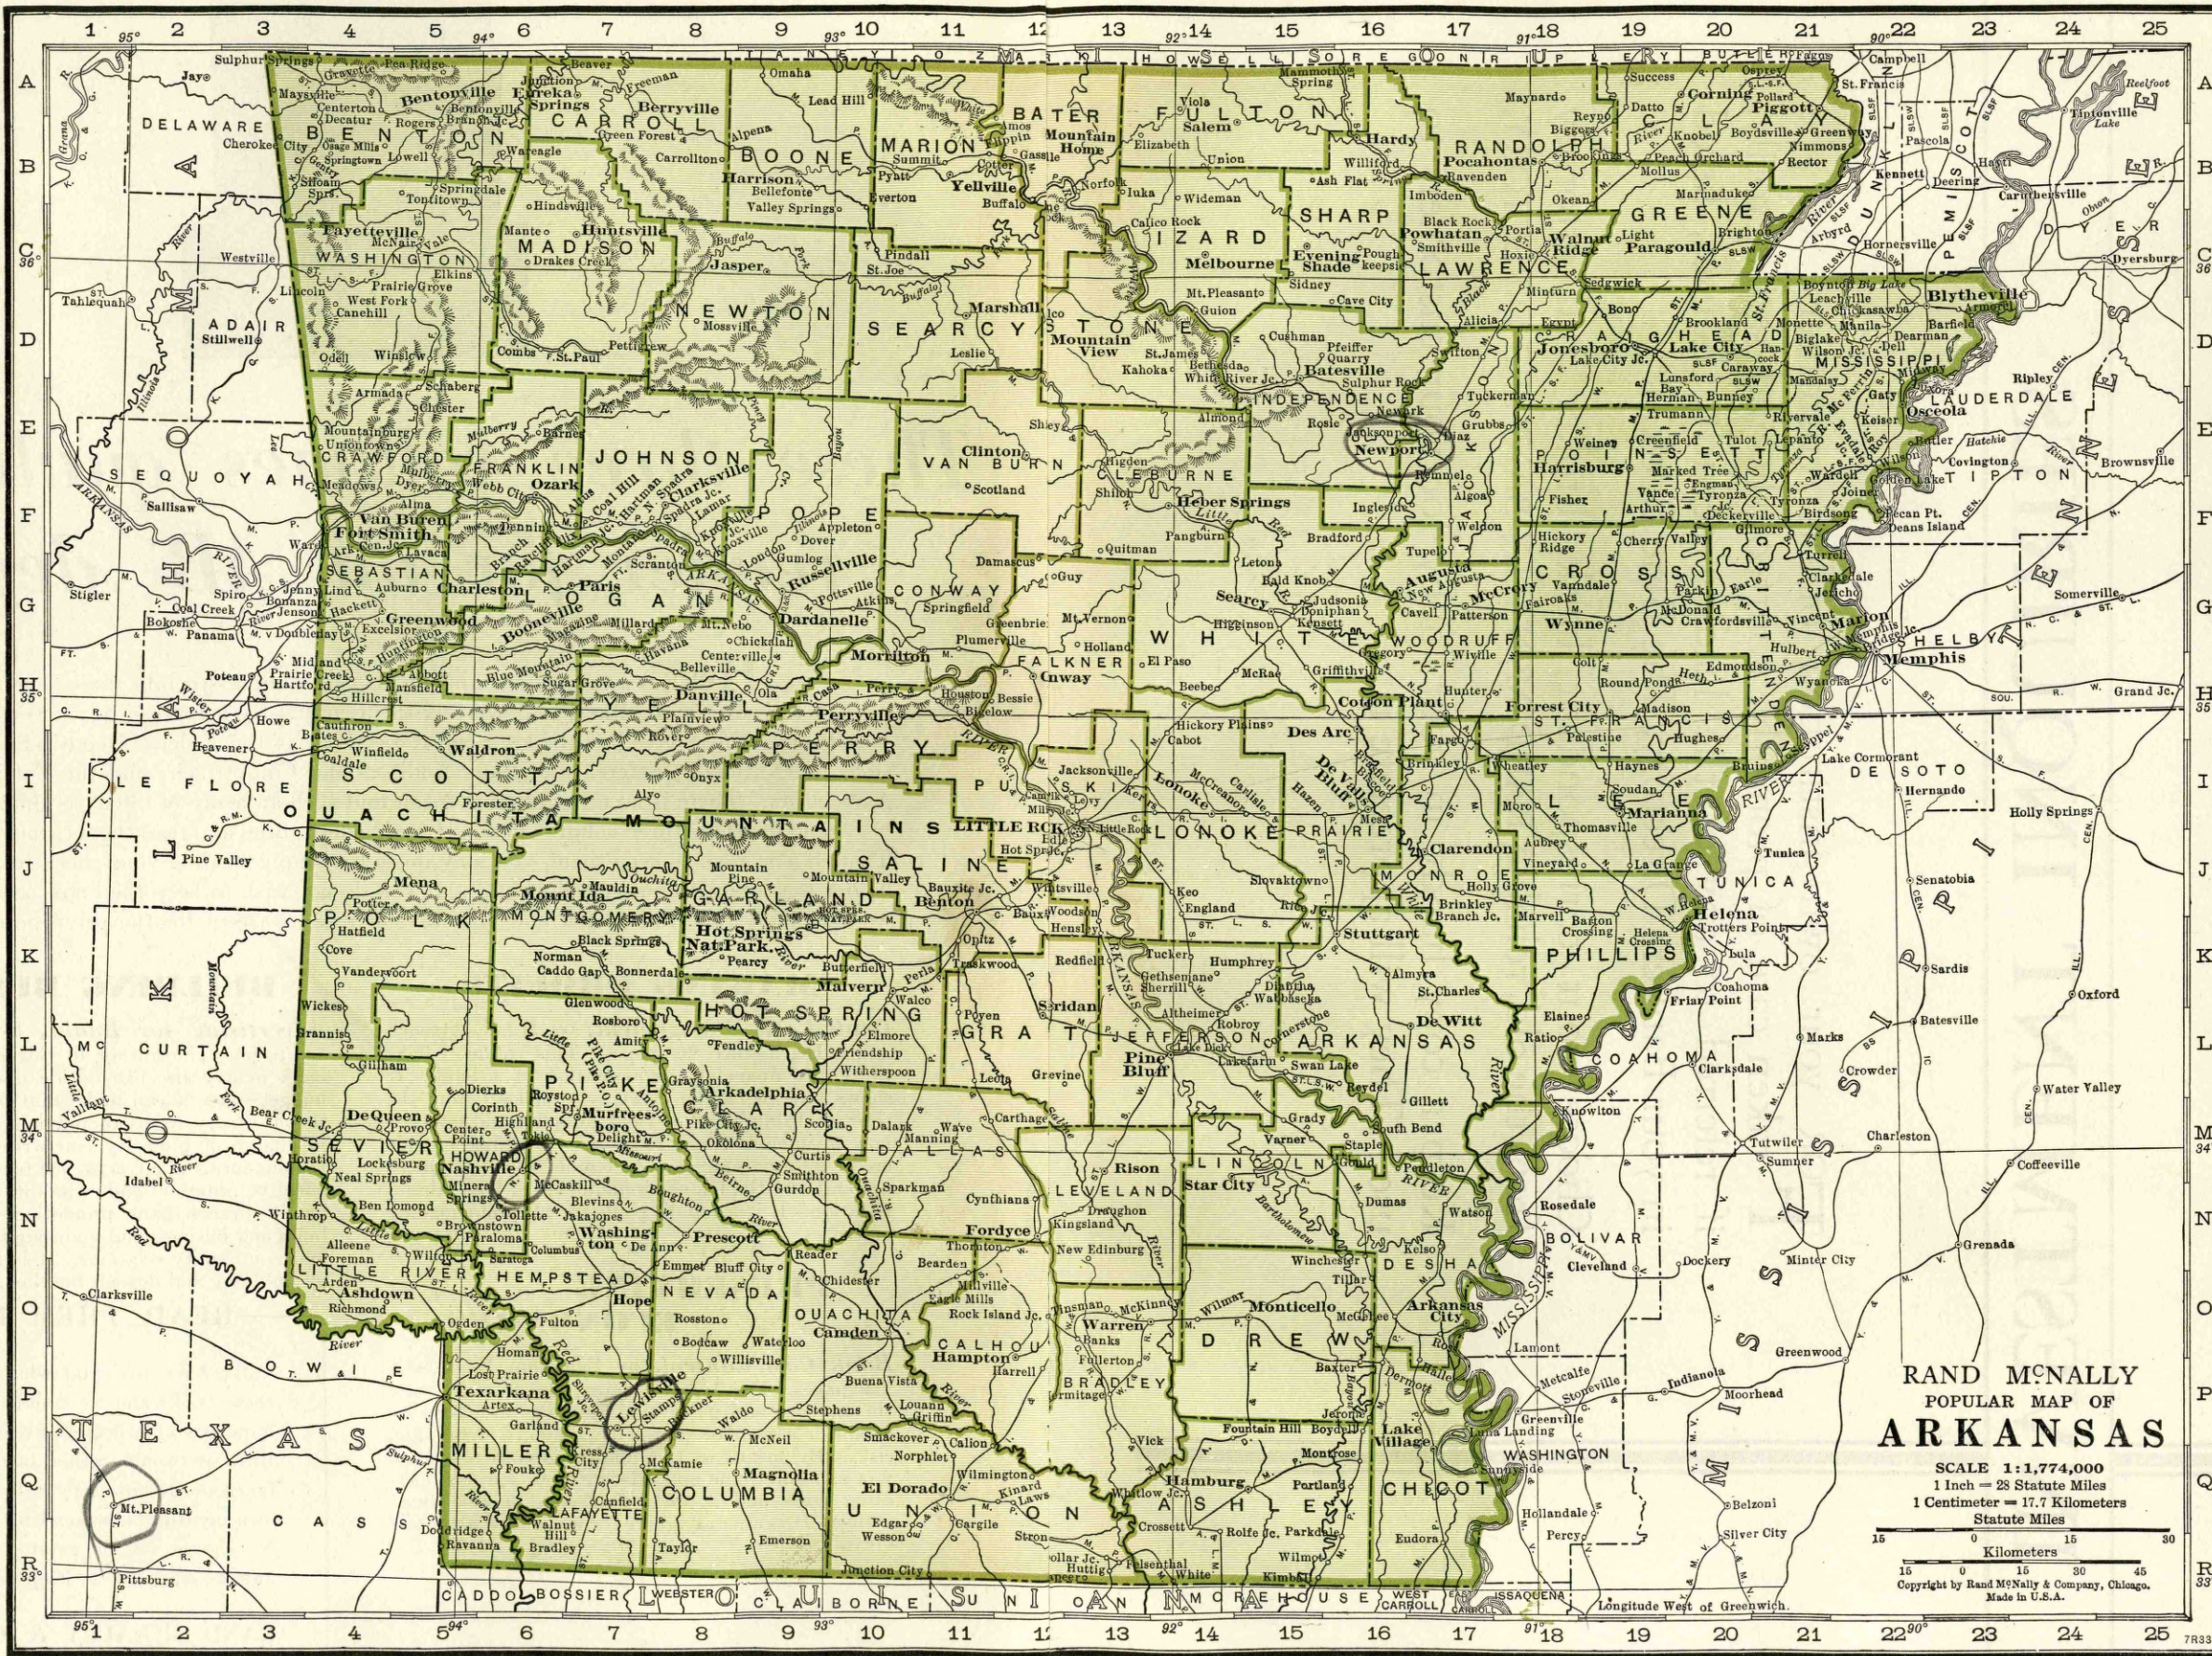

We have told you what we think of these books and we could tell you what hundreds of others think of them, too. But, we would rather have you judge for yourself how they will fit into your own institution, so send for them today. No charge will be entered against you unless you decide to keep them.

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.

The Bankers Secretary is a free service, but a necessary one. We run it for three reasons. In the first place, we are in a better position to keep track of manufacturers of bank equipment and supplies than any other organization in the banking field. Second, we can render a distinctive service to our subscribers through the Bankers Secretary. And third, Bankers Secretary inquiries tell us the basic interests of banking and in that way help us to mould our editorial policies.

1. Because it will save you time and money by giving you complete, up-to-date buying information on any article of equipment and supplies—or service—a bank needs . . . All you have to do is check the list below and write your needs to the Bankers Secretary. If the article you want is not included in the list, tell us what it is and we will gladly supply the information.

2. It gives you information about which you probably have nothing in your files and could not locate yourself. Every week we receive inquiries of this nature. It is a simple matter for us to locate the manufacturers of such items, but sometimes it is a near impossibility for a banker to locate certain ones.

3. The Bankers Secretary is a service offered free of charge to the subscribers of Rand McNally Banking Publications. It is the whole-hearted desire on our part to fill a place in the banking field which we know no other person or organization is so well qualified to take . . . Call on the Bankers Secretary . . . YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.

Discontinued Titles

YOUR BLUE BOOK now makes it possible for you to find in one separate section a complete geographical listing of all of the bank titles which have been changed or discontinued within the past five years.

In this section, indexed as above, you can trace any title which has been changed or discontinued as a result of consolidation, liquidation, or absorption and find the exact year of the change together with the old title and the new one (if any).

Every officer should have this and the other indispensable information the latest Blue Book contains at his instant command.

Is Your Bank's Horizon World Wide?

The customers you care the most about keeping are the very ones who would be most interested in seeing international banking services offered by your bank: the manufacturer interested in establishing world markets; the importer who helps settle international debts; the inexperienced or the seasoned globe-trotter—they all look to you for *international* information.

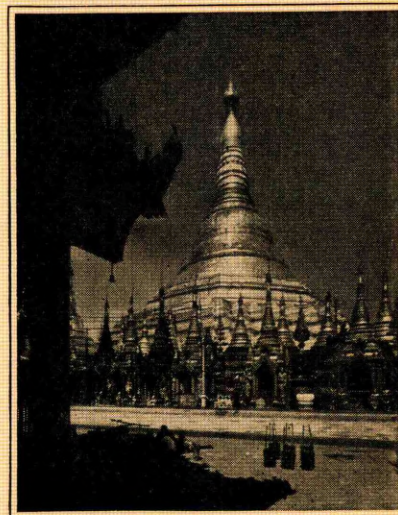

Their accounts are valuable. And, with a BLUE BOOK at your elbow, you are fully equipped to extend your bank's service throughout the world.

The Foreign Banks Section of your BLUE BOOK contains a complete and accurate list of all banks in the world. It shows the statement of condition of the chief foreign banks, together with officers and principal correspondents.

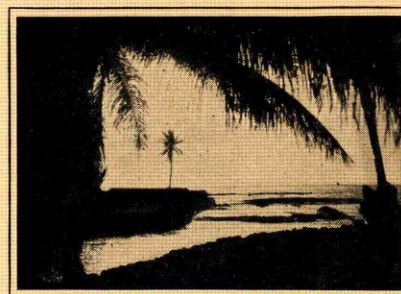

The BLUE BOOK also contains a table of postal and parcel post rates to any section of the globe. It gives a list of common commercial terms in ten languages.

Your BLUE BOOK contains maps of Europe, Asia, Africa, England, Philippine Islands, South America, Mexico, West Indies and Alaska.

Every officer who serves depositors should have a BLUE BOOK—an up-to-date copy—for his personal use. Especially those who serve importers, exporters and travellers.

The Shiva Dragon Pagoda at Rangoon in Burma. This is the country Kipling wrote about in his poem "The Road to Mandalay."

Dusk at Honaunau, Kona district of the island of Hawaii. The ruins of the ancient city of refuge shows in the background.

6a.

THE thousands of banks advertising in this publication do not advertise in order to grow and become prosperous.

They advertise in the BLUE BOOK because they are already growing and already prosperous.

Such are the type of banks you wish to entrust with your business.

To pick out the growing and prosperous bank in any average city is very easy for the user of a Blue Book.

Which is the best bank in (Say) Des Moines, Iowa to entrust with a collection?

Which bank in (Say) Belleville, Illinois shall I select to act in a trust capacity?

At which bank in any reserve city will my account be welcome, appreciated and deserved?
