TEN DOLLARS NOW BUYS THIS COMPLETE BANKING REFERENCE LIBRARY! . . .

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank. It shows how to handle every type of loan from the three-fold standpoint of yield, liquidity and safety—how to judge the credit risk—how to utilize outside credit information—how to handle the investment account and the ten commandments of successful loan administration. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by Benjamin E. Young, 299 pages. This volume shows how to coordinate the auditing and accounting functions in a bank to establish a control that will eliminate waste and risks. By means of this audit and control system you can determine and allocate your various operating costs and figure a finished cost per transaction. It is a handy guide for the control of all inside operations.

Building Business

Advertising For Banks, by Don Knowlton, 533 pages. The author of this book shows how a bank of any size can

decide upon an advertising budget—how it can make that budget cover the necessary forms of publicity—how the one in charge of publicity can write and produce the various forms of advertisements—how he can build effective interior and window displays—how to build new business and maintain favorable customer and community relations. It is a handy guide for all publicity and deposit building activities.

The Bankers Secretary is a free service, but a necessary one. We run it for three reasons. In the first place, we are in a better position to keep track of manufacturers of bank equipment and supplies than any other organization in the banking field. Second, we can render a distinctive service to our subscribers through the Bankers Secretary. And third, Bankers Secretary inquiries tell us the basic interests of banking and in that way help us to mould our editorial policies.

100% use the Blue Book

Every one of the 85 largest advertising banks (50 million or over in deposits) is a large user of Blue Book space.

In the East there are 45 of these banks which are constant Blue Book advertisers, in the Middle West 22 are represented by big space listings or display advertisements, on the Pacific Coast there are 12, in the South 4, in the Southwest 2. In the next bracket (25 million or over in deposits) practically every bank uses Rand McNally Bankers Directory to reach all of the other worthwhile banks, investment houses and leading business organizations throughout the United States.

If *your* bank is equipped to handle more out-of-town business and is not represented now, write for complete particulars. No obligation, of course, and you will find the cost surprisingly small—the advantages surprisingly great.

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers'

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

KEEP YOUR TRANSIT COSTS AT ROCK BOTTOM
WITH THE KEY TO THE NUMERICAL SYSTEM
OF THE AMERICAN BANKERS ASSOCIATION

"It has been demonstrated by a large number of banks in all sections of the country that the Numerical System of registering transit items has already saved in time and labor many thousands of dollars as compared with the method of registering by writing the names. *Any bank, no matter how small, can save time and labor by the adoption of the system.*

The Valuable "Indirect Publicity" Obtained by 5,500 Banks Advertising in the Rand McNally Bankers Blue Book Actually Costs the Bank NOTHING

THOUSANDS of Commercial Houses, Security Dealers, Lawyers, Banks and other users of the Bankers Directory send their business to Blue Book advertisers. This results in the advertising banks making more in profits on bill of lading drafts, collections and other items sent them than the advertising itself costs And the resultant Prestige and Indirect Publicity actually costs the bank nothing.

For 58 years, America's leading Financial Institutions—*Country Banks* as well as Reserve City Banks—have advertised regularly and consistently in the Blue Book, and the number of advertisers increases each year.

Your Bank should be prominently displayed among the banks of your city in the Blue Book. Your prospective customers outside of your own locality must necessarily judge and form their opinion of your bank by the way you "show up" in the Blue Book. They naturally do not know you personally and are not able to see your attractive Banking Room and Building, which things attract your local patronage.

There will be no obligation on your part if you write us about a "Bold-faced Type" listing for your bank in the next edition of the Blue Book. Neither is it necessary to subscribe to the Book in order to advertise in it.

Discontinued Titles

YOUR BLUE BOOK now makes it possible for you to find in one separate section a complete geographical listing of all of the bank titles which have been changed or discontinued within the past five years.

In this section, indexed as above, you can trace any title which has been changed or discontinued as a result of consolidation, liquidation, or absorption and find the exact year of the change together with the old title and the new one (if any).

Every officer should have this and the other indispensable information the latest Blue Book contains at his instant command.

Keep Abreast of the Times

MR. BANKER . . . Be alert to modern day banking by reading the Blue Book Library. By authorities in their respective fields . . . written from the standpoint of actual practices and not general theories . . . giving the experiences of hundreds of banks and bankers in meeting every major type problem that confronts the banker.

THE BLUE BOOK LIBRARY

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank from the three-fold standpoint of yield, liquidity and safety. It shows how other banks are handling every type of loan—how they are judging their credit risks—utilizing outside credit information—and how they are handling their investment accounts. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by B. E. Young, 299 pages. This volume shows how a bank can coordinate

its auditing and accounting functions to establish a control that will eliminate all waste and risks. By means of this control system the bank can determine and allocate its true costs and strengthen its earnings position. It is a handy guide for all internal control operations.

Building Business

Advertising for Banks, by Don Knowlton, 533 pages. The author of this volume shows how a bank of any size can decide upon an advertising appropriation and then how it can make that appropriation cover the necessary forms of publicity. He shows how the officer in charge of publicity can write all the forms of adver-

tisements—how he can build effective interior and window displays—how he can build new business and maintain satisfactory customer and community relations. It is a handy guide for all publicity and deposit building activities.

READ THEM FREE—We have told you what we think of these books and we could tell you what hundreds of others think of them, too. But we would rather have you judge for yourself how they will fit into your own institution, so send for them now. There will be no charge unless you decide to keep them.
