ALBUQUERQUE

Largest city in New Mexico

. . . is the commercial and banking center of this 122,634 square-mile state. It is the hub of a great livestock industry, the distribution point for an area as large as New York and Pennsylvania combined, the center of the irrigated farming section of the Rio Grande River which is drained, irrigated, flood-controlled and supplied with stored water by the vast canals and dams of the Middle Rio Grande Conservancy District, just being completed. Located at Albuquerque are 38 offices of agencies of the United States Government, an enormous Veterans' Administration Hospital and a Government Indian Hospital, placed here because of the truly remarkable year-round sunshiny climate which is neither unusually hot in summer or cold in winter. Here, also, is the State University of New Mexico, with archaeological and Spanish departments second to none in the country. Albuquerque is on the main line of the Santa Fe Railway, on the TWA and Varney Speed Lines with either coast accessible in less than a day, on U. S. Highways 66 and 85. We will be glad to supply information about New Mexico, Albuquerque, or banking facilities, to all those interested.

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank. It shows how to handle every type of loan from the threefold standpoint of yield, liquidity and safety—how to judge the credit risk—how to utilize outside credit information—how to handle the investment account and the ten commandments of successful loan administration. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by Benjamin E. Young, 299 pages. This volume shows how to coördinate the auditing and accounting functions in a bank to establish a control that will eliminate waste and risks. By means of this audit and control system you can determine and allocate your various operating costs and figure a finished cost per transaction. It is a handy guide for the control of all inside operations.

Building Business

Advertising For Banks, by Don Knowlton, 533 pages. The author of this book shows how a bank of any size can decide upon an advertising budget—how it can make that budget cover the necessary forms of publicity—how the one in charge of publicity can write and produce the various forms of advertisements—how he can build effective interior and window displays—how to build new business and maintain favorable customer and community relations. It is a handy guide for all publicity and deposit building activities.

the Eyes have it! . . .

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers' questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

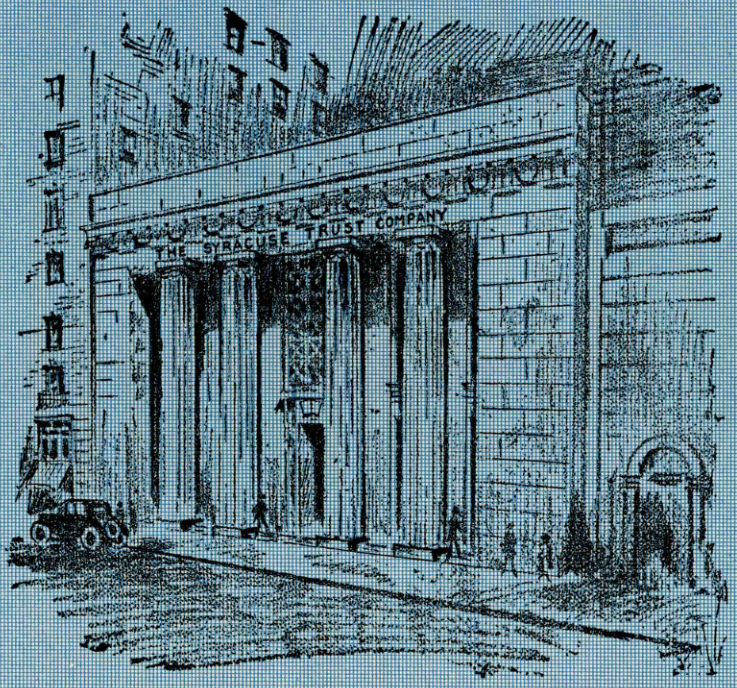

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

The Most Profitable Advertising Expenditure we made!

GUILFORD NATIONAL BANK
GREENSBORO, N. C.

June 11, 1934

Mr. H. F. Wintrol, Advertising Manager
Rand McNally Bankers Directory
536 South Clark Street
Chicago, Illinois

Dear Mr. Wintrol:

Your records will show that during my connection with the Cabarrus Bank & Trust Company, Concord, North Carolina, as Executive Vice President, we favored you with a contract for a page of space, which, incidentally, I regard as the most profitable advertising expenditure that we made. It should be of even more value to us in Greensboro under the circumstances.

Yours very truly,

W. L. BURNS,
President

WLB/bfb

THOUSANDS of other Blue Book advertisers, by renewing their schedules, have acclaimed the Bankers Directory a sound publicity investment.

Rand McNally Bankers Directory has more subscribers than all other bank directories combined. Through its pages you reach all of the directory users among the banks, investment houses and business organizations in America.

If your bank is equipped to handle additional out-of-town business in an efficient manner and does not advertise in the Blue Book now, write for our rates immediately. You will find that, based upon circulation, our rates are lower than any similar publication.

the Eyes have it! . . .

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers' questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

THIS SECTION

Doubles your Blue Book's usefulness!

YOUR BLUE BOOK now makes it possible for you to find in one separate section a complete geographical listing of all of the bank titles which have been changed or discontinued within the past five years.

In this section, indexed as above, you can trace any title which has been changed or discontinued as a result of consolidation, liquidation, or absorption and find the exact year of the change together with the old title and the new one (if any).

Every officer should have this and the other indispensable information the latest Blue Book contains at his instant command.

Blue Book Attorneys Cover the World

Dunedin is a small town on the east coast of the southern island of New Zealand, the last post of civilization visited by Admiral Byrd in 1928 before leaving on the final lap of his first trip to the south pole.

It is an out-of-the-way place to have a collection. But, if you have one there, Messrs. Duncan and MacGregor, Blue Book Attorneys recommended as competent to handle all legal-financial matters referred to that territory, will serve you promptly and efficiently.

In fact, there are Blue Book Attorneys all over the world. No matter whether you have pending legal business in Dunedin, New Zealand, Dunedin, Fla., or any other place, look for the town in the Bank Recommended Attorney section of your new Blue Book and you will find the name of a reliable Attorney who will give you the same kind of service to which you are accustomed at home.

The Bank Recommended Attorney section of RAND McNALLY BANKERS DIRECTORY is the highest class and most complete law list of its kind in print. Every Attorney listed has been recommended by his bank as reliable and thoroughly seasoned in bank work.

Send your next claim to a Blue Book Attorney, attaching one of the blue coupons bound in front of the section. Then the Attorney will recognize it as a Blue Book claim and give it preference.

WHO'S WHO?

IN banking, more than in any other business, personality is the controlling factor. Banking plants are very much alike. Banking practices are pretty well standardized. One check is very much like another. All $10.00 bills are essentially the same. The difference between banks is the difference between bankers. The more you know about the officers and directors of a bank, the more distinctive and useful information you have about the bank itself. All this information appears in the pages of this Directory. Study it before you write and before you travel. Use it to inform your associates, to develop your subordinates, to widen the horizon of your business

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers' questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

the Eyes *have it!* . . .

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers' questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

Discontinued Titles . . . . .

YOUR BLUE BOOK now makes it possible for you to find in one separate section a complete geographical listing of all of the bank titles which have been changed or discontinued within the past five years.

In this section, indexed as above, you can trace any title which has been changed or discontinued as a result of consolidation, liquidation, or absorption and find the exact year of the change together with the old title and the new one (if any).

Every officer should have this and the other indispensable information the latest Blue Book contains at his instant command.

the Eyes have it! . . .

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers' questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

THE BROAD STREET NATIONAL BANK OF TRENTON
TRENTON, NEW JERSEY
January 17, 1935.

Rand, McNally Co.,
536 S. Clark Street,
Chicago, Ill.
Gentlemen:

We are interested in having our employees read the "Bankers Monthly" magazine and ask you to quote us your group rates. Also, please send us about twenty sample copies of your last issue.

Thanking you, we are

Very truly yours,

Purchasing Agent.

Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Rand McNally Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

Throughout this coming year we plan to give our readers —among other articles of interest—these seven monthly features:

—a banking article of national interest

—a successful plan of vital interest to the loan officer

—a report of teamwork in a bank and what it accomplished

—a better banking house article telling of the installation of some new equipment or service that pleased customers and increased profits

—a new business feature showing how some bank developed a plan to secure deposits, sell its services or increase its loans

—spot news—pertinent items of interest to alert bankers

—all the banking changes of the previous month.

THE BROAD STREET NATIONAL BANK OF TRENTON
TRENTON, NEW JERSEY
January 17, 1935.

Rand, McNally Co.,
536 S. Clark Street,
Chicago, Ill.
Gentlemen:

We are interested in having our employees read the "Bankers Monthly" magazine and ask you to quote us your group rates. Also, please send us about twenty sample copies of your last issue.

Thanking you, we are

Very truly yours,

Purchasing Agent.

Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Rand McNally Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

Throughout this coming year we plan to give our readers —among other articles of interest—these seven monthly features:

—a banking article of national interest

—a successful plan of vital interest to the loan officer

—a report of teamwork in a bank and what it accomplished

—a better banking house article telling of the installation of some new equipment or service that pleased customers and increased profits

—a new business feature showing how some bank developed a plan to secure deposits, sell its services or increase its loans

—spot news—pertinent items of interest to alert bankers

—all the banking changes of the previous month.

Successful bankers will be attentive readers during 1935! If your officers and key employees are not already on our roster, write immediately for special group discounts.

THE PHILADELPHIA NATIONAL BANK—Transit Department in continuous operation under careful supervision

the Eyes have it! . . .

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers' questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.
