**YOUR** new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers'

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

Gentlemen:

In looking over the advertisements in your banker's magazine I have noticed the enclosed out of books which I believe will be very useful to me, and you may send them in accordance with the inspection coupon which I have signed.

I take this opportunity to congratulate you on the excellent articles in your bank magazine, I find them very interesting and informative.

Yours very truly,

**H**ARDLY a day passes that we do not receive at least one unsolicited word of praise for the practical editorial content of **RAND McNALLY BANKERS MONTHLY**.

Many banks, realizing there is no other publication specializing in the current practices of successful banks, subscribe to the **Bankers Monthly** for groups of their employees.

For complete particulars as to special group rates for your key employees, address one of the offices below. There will be no obligation, of course, and you will be surprised to learn how small the investment will be.

# Practical Usefulness!

## New Jersey Bank Uses Bankers Monthly Article In Its Advertising

**A**N EXAMPLE of the practical use of articles published in *Rand McNally Bankers Monthly* comes to hand from the Fidelity Union Trust Company of Newark, N. J. The officers of this Trust Company reading the article by J. V. Tuttle, which appeared several months ago in the pages of this magazine, saw in its title "Runaway Loans" a thought that could be more easily put over by reprinting the article itself than in any other way.

Reproduced on this page is the folder in which the article was printed. On the front is a notation:

"The article reproduced here is taken from a story written by J. V. Tuttle, which appeared in the March issue of *Rand McNally Bankers Monthly*. While the story may seem fictitious, it illustrates the trend of thought among bankers today and we bring it to your attention because this bank is also seeking good commercial loans."

You may remember that the article tells of several specific cases in which bankers discovered that some of their customers were either borrowing money outside of their own city or accepting long terms on goods purchased at a higher price, which was actually the same thing, and cost more than if the money had been borrowed locally.

*Every issue of Bankers Monthly contains many practical ideas that are being used daily by bankers throughout the nation.*

# Your Most Important Customers Need World-Wide Banking Data

**YOUR** most important customers now require complete national and international banking information. For example: the Manufacturer, who is developing his markets; the Importer, who is concerned with international shipping and foreign exchange; the Globe-Trotter, who wants foreign as well as domestic financial information—all of these people naturally look to their bank for authentic, up-to-date World-wide banking facts.

These are the types of accounts you wish to keep, and with the new Blue Book handy, you are fully equipped to extend complete service to them.

For greater efficiency, every officer serving this type of depositor should have the latest Blue Book at his elbow.

## Complete Foreign Banking Data

Your new Blue Book lists banks in all parts of the globe, giving their statements together with their official personnel and principal correspondents.

Its Bank-Recommended Attorney Section lists properly qualified lawyers all over the World. When internationally-minded customers need confidential legal service, refer them to

the most select law list in print—your Blue Book Attorney list.

Another section shows the rates for postage and parcel post to any country in the World. As an added help, the foreign bank section contains up-to-date maps of Europe, Africa, Asia, England, Mexico, South America and the West Indies.

# Obsolete Information is Costly . .

And if you are using *any* but the *very latest* A. B. A. Key Book, you are depending on information that is obsolete.

Do not use an old Key Book. Every year there are many changes to record—mergers, consolidations, reopened and new banks; numbers vacated because of failure, liquidation, absorptions—all closed banks with their cancelled numbers. As Official Numbering Agents for the American Bankers Association we publish annually (in May) the Key to Numerical System of the A. B. A., with a Supplement each October—the Supplement being sent free to subscribers of the current edition.

Every Bank should use only the latest revised edition containing a complete Numerical and Alphabetical list of banks in the United States . . . a handsome, cloth-bound book of over 400 pages . . . compiled exclusively by Rand McNally Bankers Directory for the American Bankers Association . . . Sent, charges paid, for the price of \$2.50 per copy.

# Refer Your Out-of-town Legal Matters to Bank Recommended Attorneys

**They Will Serve You  
Efficiently**

Every attorney listed in the Blue Book comes to us through the voluntary recommendation of some banker who has first hand knowledge of that attorney's integrity and ability.

These attorneys are recommended because they have handled satisfactorily the business of one or more banks . . . . . because they are competent and reliable . . . . . because of their demonstrated efficiency in handling bank work . . . . .

In most cases the recommended attorney is the bank's own attorney.

---

## THESE INDEXES WILL SAVE YOU MANY TIMES THE COST OF YOUR BLUE BOOK:

**Attys.** This section contains a Bank Recommended Attorney in every county seat in the U. S., all Canadian provinces, and in the principal cities throughout the world.

**Laws** Digest of banking and commercial laws of every state and Canadian province.

**Acces.** Nearest accessible banking points to every non-bank town.

**Dis'c Titles** Complete 5-year list of U. S. discontinued bank titles.

**Direct.** Complete list of directors of U. S. and Canadian banks.
