Your Most Important Customers Need World-Wide Banking Data

YOUR most important customers now require complete national and international banking information. For example: the Manufacturer, who is developing his markets; the Importer, who is concerned with international shipping and foreign exchange; the Globe-Trotter, who wants foreign as well as domestic financial information—all of these people naturally look to their bank for authentic, up-to-date World-wide banking facts.

These are the types of accounts you wish to keep, and with the new Blue Book handy, you are fully equipped to extend complete service to them.

For greater efficiency, every officer serving this type of depositor should have the latest Blue Book at his elbow.

Complete Foreign Banking Data

Your new Blue Book lists banks in all parts of the globe, giving their statements together with their official personnel and principal correspondents.

Its Bank-Recommended Attorney Section lists properly qualified lawyers all over the World. When internationally-minded customers need confidential legal service, refer them to

the most select law list in print—your Blue Book Attorney list.

Another section shows the rates for postage and parcel post to any country in the World. As an added help, the foreign bank section contains up-to-date maps of Europe, Africa, Asia, England, Mexico, South America and the West Indies.

RAND McNALLY BANKERS DIRECTORY

Number under Name of Bank is the Transit Number given to each bank in U. S. exclusively by The Rand-McNally Bankers' Directory, under the authority of The American Bankers Ass'n.

Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Rand McNally Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

Throughout the coming months we plan to give our readers—among other articles of interest—these seven monthly features:

- a banking article of national interest
- a successful plan of vital interest to the loan officer
- a report of teamwork in a bank and what it accomplished

—a better banking house article telling of the installation of some new equipment or service that pleased customers and increased profits

—a new business feature showing how some bank developed a plan to secure deposits, sell its services or increase its loans

- spot news—pertinent items of interest to alert bankers
- all the banking changes of the previous month.

Successful bankers are attentive readers of Bankers Monthly! If your officers and key employees are not already on our roster, write immediately for special group discounts.

The Valuable "Indirect Publicity" Obtained by 5,500 Banks Advertising in
the Rand McNally Bankers Blue Book Actually Costs the Bank NOTHING

THOUSANDS of Commercial Houses, Security Dealers, Lawyers, Banks and other users of the Bankers Directory send their business to Blue Book advertisers. This results in the advertising banks making more in profits on bill of lading drafts, collections and other items sent them than the advertising itself costs And the resultant Prestige and Indirect Publicity actually costs the bank nothing.

For 64 years, America's leading Financial Institutions—*Country Banks* as well as Reserve City Banks—have advertised regularly and consistently in the Blue Book, and the number of advertisers increases each year.

Your Bank should be prominently displayed among the banks of your city in the Blue Book. Your prospective customers outside of your own locality must necessarily judge and form their opinion of your bank by the way you "show up" in the Blue Book. They naturally do not know you personally and are not able to see your attractive Banking Room and Building, which things attract your local patronage.

There will be no obligation on your part if you write us about a "Bold-faced Type" listing for your bank in the next edition of the Blue Book. Neither is it necessary to subscribe to the Book in order to advertise in it.

Are Your Out-Of-Town Legal Matters Handled By Bank Attorneys?

YOU will get the same service on legal matters in other cities that you do in your own if you use BLUE BOOK attorneys *exclusively*. For every attorney listed comes to us through the voluntary recommendation of his local banker who has first hand knowledge of that attorney's integrity and ability.

In most cases, the attorney recommended is the bank's own attorney. In all cases, the attorney is recommended because he is competent and reliable, and because he has demonstrated efficiency in handling bank work.

At the right are samples of the attorneys and law firms listed in the BLUE BOOK. These were picked at random to show the character of our Bank Recommended Attorneys.

We invite anyone having a competent confidential attorney rating book to examine the character of our list. It will be found *at least* as high as any in the country.

The BLUE BOOK with its valuable list of Bank Recommended Attorneys should be on the desk of every bank executive.

The cost of BLUE BOOK service is less than 60c a week. The list of Bank Recommended Attorneys alone is worth that to you, yet it is only 4% of the vital information your BLUE BOOK contains.

Any bank officer is too highly paid an executive to be without such assistance constantly at his command.

ROBERT V. FLEMING
PRESIDENT

GEORGE O. VASS
VICE PRESIDENT AND CASHIER

Acknowledging the receipt of your letter of April 2nd, I am delighted to know that you approve of one of my advertising policies, and that is, to use the Bankers Directory in liberal doses. I am very much pleased with this new contract and believe it is money well invested.

I appreciate the kind expressions in your letter, and remain, with cordial regards,

Very truly yours,

GOV/VL

Vice President and Cashier.

This letter is in response to thanks we sent Mr. Vass for practically doubling his Blue Book business.

THE Rand McNally BANKERS DIRECTORY has more *advertisers* than its nearest competitor has *subscribers*. It has more *subscribers* than all other similar publications combined.

The BANKERS DIRECTORY (BLUE BOOK) has the most advertisers because of its overwhelming lead in circulation—maintained for more than half a century by its unyielding policy of absolute accuracy and dependability.

That is why *nine out of ten* who advertise in a bank directory use Rand McNally's. And why those who advertise in the BLUE BOOK "believe it is money well invested."

Blue Book Attorneys Cover the World

Dunedin is a small town on the east coast of the southern island of New Zealand, the last post of civilization visited by Admiral Byrd in 1928 before leaving on the final lap of his first trip to the south pole.

It is an out-of-the-way place to have a collection. But, if you have one there, Messrs. Duncan and MacGregor, Blue Book Attorneys recommended as competent to handle all legal-financial matters referred to that territory, will serve you promptly and efficiently.

In fact, there are Blue Book Attorneys all over the world. No matter whether you have pending legal business in Dunedin, New Zealand, Dunedin, Fla., or any other place, look for the town in the Bank Recommended Attorney section of your new Blue

Book and you will find the name of a reliable Attorney who will give you the same kind of service to which you are accustomed at home.

The Bank Recommended Attorney section of RAND McNALLY BANKERS DIRECTORY is the highest class and most complete law list of its kind in print. Every Attorney listed has been recommended by his bank as reliable and thoroughly seasoned in bank work.

Send your next claim to a Blue Book Attorney, attaching one of the blue coupons bound in front of the section. Then the Attorney will recognize it as a Blue Book claim and give it preference.

ALBUQUERQUE

Largest city in New Mexico

... is the commercial and banking center of this 122,634 square-mile state. It is the hub of a great livestock industry, the distribution point for an area as large as New York and Pennsylvania combined, the center of the irrigated farming section of the Rio Grande River which is drained, irrigated, flood-controlled and supplied with stored water by the vast canals and dams of the Middle Rio Grande Conservancy District, just being completed. Located at Albuquerque are 38 offices of agencies of the United States Government, an enormous Veterans' Administration Hospital and a Government

Indian Hospital, placed here because of the truly remarkable year-round sunshiny climate which is neither unusually hot in summer or cold in winter. Here, also, is the State University of New Mexico, with archaeological and Spanish departments second to none in the country. Albuquerque is on the main line of the Santa Fe Railway, on the TWA and Varney Speed Lines with either coast accessible in less than a day, on U. S. Highways 66 and 85. We will be glad to supply information about New Mexico, Albuquerque, or banking facilities, to all those interested.
