**F**IND the town, select one of the advertising banks, write your letter, enclose the fee 25c or 50c, mail the letter and your part is done—the bank will do the rest. I say “advertising banks” because those banks specialize in this service. You can depend upon their being prompt, intelligent and efficient. Always enclose the fee in advance, as you expect them to do with you.

Number under Name of Bank is the Transit Number given to each bank in U. S. exclusively by The Rand-McNally Bankers' Directory, under the authority of The American Bankers Ass'n.

## Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Rand McNally Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

- Throughout the coming months we plan to give our readers—among other articles of interest—these seven monthly features:
- a banking article of national interest
  - a successful plan of vital interest to the loan officer
  - a report of teamwork in a bank and what it accomplished

—a better banking house article telling of the installation of some new equipment or service that pleased customers and increased profits

- a new business feature showing how some bank developed a plan to secure deposits, sell its services or increase its loans
- spot news—pertinent items of interest to alert bankers
- all the banking changes of the previous month.

Successful bankers are attentive readers of Bankers Monthly! If your officers and key employees are not already on our roster, write immediately for special group discounts.

## These three volumes qualify any reader for an AB\* degree

**H**ERE is a complete course in banking compressed into three short, highly readable books. Placed at your elbow, you will find them constantly helpful in solving everyday problems.

Their authors have had the approval respectively of the Federal Deposit Insurance Corporation, the National Conference of Bank Auditors and Comptrollers and the Financial Advertisers Association. There is no other place you can find such an array of talent as this!

Send for these three volumes in an attractive desk stand and read them through at our expense. Then, if you wish to keep them, you may do so by simply sending your check for \$10. (The desk holder is yours with our compliments!) If you do not wish to keep the books after reading them, we will gladly take them back and you will not owe us a cent for the privilege of reading them.

### MAKING PROFITS

**Bank Loan Management**, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank. It shows how to handle every type of loan from the three-fold standpoint of yield, liquidity and safety—how to judge a credit risk—how to utilize outside credit information—how to handle the investment account and the ten commandments of loan administration. It is a handy guide for all profit-making activities.

### PRESERVING ECONOMIES

**Bank Cost Control**, by Benjamin E. Young, 299 pages. This volume shows how to coordinate the auditing and accounting functions in a bank to establish a control that will eliminate waste and risks. By means of this audit and control system you can determine and allocate your various operating costs and figure a finished cost per transaction. It is a handy guide for control of all inside operations.

### BUILDING BUSINESS

**Advertising for Banks**, by Don Knowlton, 533 pages. The author of this book shows how a bank of any size can decide upon an advertising budget—how it can make that budget cover all of the necessary forms of publicity—how the person in charge of publicity can write and produce the various forms of advertisements—how he can build effective interior and window displays—how to handle branch bank promotion—in short, how to build new business and maintain favorable customer and community relations. It is a handy guide for all publicity and deposit building.

### —READ THEM FREE!

**YOUR** new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.

# Blue Book Attorneys Cover the World

Dunedin is a small town on the east coast of the southern island of New Zealand, the last post of civilization visited by Admiral Byrd in 1928 before leaving on the final lap of his first trip to the south pole.

It is an out-of-the-way place to have a collection. But, if you have one there, Messrs. Duncan and MacGregor, Blue Book Attorneys recommended as competent to handle all legal-financial matters referred to that territory, will serve you promptly and efficiently.

In fact, there are Blue Book Attorneys all over the world. No matter whether you have pending legal business in Dunedin, New Zealand, Dunedin, Fla., or any other place, look for the town in the Bank Recommended Attorney section of your new Blue

Book and you will find the name of a reliable Attorney who will give you the same kind of service to which you are accustomed at home.

The Bank Recommended Attorney section of RAND McNALLY BANKERS DIRECTORY is the highest class and most complete law list of its kind in print. Every Attorney listed has been recommended by his bank as reliable and thoroughly seasoned in bank work.

Send your next claim to a Blue Book Attorney, attaching one of the blue coupons bound in front of the section. Then the Attorney will recognize it as a Blue Book claim and give it preference.

**YOUR** new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.

The Bankers Secretary is a free service, but a necessary one. We run it for three reasons. In the first place, we are in a better position to keep track of manufacturers of bank equipment and supplies than any other organization in the banking field. Second, we can render a distinctive service to our subscribers through the Bankers Secretary. And third, Bankers Secretary inquiries tell us the basic interests of banking and in that way help us to mould our editorial policies.

## Is Your Bank's Horizon World Wide?

The customers you care the most about keeping are the very ones who would be most interested in seeing international banking services offered by your bank: the manufacturer interested in establishing world markets; the importer who helps settle international debts; the inexperienced or the seasoned globe-trotter—they all look to you for *international* information.

Their accounts are valuable. And, with a BLUE BOOK at your elbow, you are fully equipped to extend your bank's service throughout the world.

The Foreign Banks Section of your BLUE BOOK contains a complete and accurate list of all banks in the world. It shows the statement of condition of the chief foreign banks, together with officers and principal correspondents.

The BLUE BOOK also contains a table of postal and parcel post rates to any section of the globe. It gives a list of common commercial terms in ten languages.

Your BLUE BOOK contains maps of Europe, Asia, Africa, England, Philippine Islands, South America, Mexico, West Indies and Alaska.

Every officer who serves depositors should have a BLUE BOOK—an up-to-date copy—for his personal use. Especially those who serve importers, exporters and travellers.

**T**HE thousands of banks advertising in this publication do not advertise in order to grow and become prosperous.

They advertise in the BLUE BOOK because they are already growing and already prosperous.

Such are the type of banks you wish to entrust with your business.

To pick out the growing and prosperous bank in any average city is very easy for the user of a Blue Book.

Which is the best bank in (Say) Des Moines, Iowa to entrust with a collection?

Which bank in (Say) Belleville, Illinois shall I select to act in a trust capacity?

At which bank in any reserve city will my account be welcome, appreciated and deserved?

# Are Your Out-Of-Town Legal Matters Handled By Bank Attorneys?

**Y**OU will get the same service on legal matters in other cities that you do in your own if you use BLUE BOOK attorneys *exclusively*. For every attorney listed comes to us through the voluntary recommendation of his local banker who has first hand knowledge of that attorney's integrity and ability.

In most cases, the attorney recommended is the bank's own attorney. In all cases, the attorney is recommended because he is competent and reliable, and because he has demonstrated efficiency in handling bank work.

At the right are samples of the attorneys and law firms listed in the BLUE BOOK. These were picked at random to show the character of our Bank Recommended Attorneys.

We invite anyone having a competent confidential attorney rating book to examine the character of our list. It will be found *at least* as high as any in the country.

The BLUE BOOK with its valuable list of Bank Recommended Attorneys should be on the desk of every bank executive.

The cost of BLUE BOOK service is less than 60c a week. The list of Bank Recommended Attorneys alone is worth that to you, yet it is only 4% of the vital information your BLUE BOOK contains.

Any bank officer is too highly paid an executive to be without such assistance constantly at his command.

**YOUR** new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.
