*Whenever you want a report
on anyone anywhere - - -*

FIND the town, select one of the advertising banks, write your letter, enclose the fee 25c or 50c, mail the letter and your part is done—the bank will do the rest. I say “advertising banks” because those banks specialize in this service. You can depend upon their being prompt, intelligent and efficient. Always enclose the fee in advance, as you expect them to do with you.

Number under Name of Bank is the Transit Number given to each bank in U. S. exclusively by The Rand-McNally Bankers' Directory, under the authority of The American Bankers Ass'n.

Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Rand McNally Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

Throughout the coming months we plan to give our readers—among other articles of interest—these seven monthly features:

- a banking article of national interest
- a successful plan of vital interest to the loan officer
- a report of teamwork in a bank and what it accomplished

—a better banking house article telling of the installation of some new equipment or service that pleased customers and increased profits

—a new business feature showing how some bank developed a plan to secure deposits, sell its services or increase its loans

—spot news—pertinent items of interest to alert bankers

—all the banking changes of the previous month.

Successful bankers are attentive readers of Bankers Monthly! If your officers and key employees are not already on our roster, write immediately for special group discounts.

Yardsticks of Progress

Deposits Important as a reflection of the public's confidence, as well as being an acknowledged yardstick of growth, is the steady, consistent increase in our deposits from \$6,700,000 less than four years ago (December 1932), to its present figure of over \$35,850,000.

Customers Our substantial increase in deposits during the past four years has not been brought about by a few (nor a few dozen) large depositors, but by the 24,000 more persons now banking here than in 1932. Today, more than 38,000 people have their accounts with us.

Loans Being a storehouse for deposits is not enough. We believe these funds can be safely, profitably loaned to worthy Arizona business firms and individuals. Consequently, our loans have increased from less than \$3,000,000 in 1932, to more than \$12,000,000 today.

Personnel Friendly, conscientious men and women, using modern methods and equipment, daily serve the needs of our thousands of customers. In 1932 it took only 87 employees, while today, 285 people devote their efforts to handling your banking requirements.

Organization Geographical expansion during the past four years has given added meaning to our slogan, "Complete, Statewide Banking Facilities." Eight new offices, bringing the total to 19, now give us greater opportunity than ever before to better serve ALL of Arizona.

Blue Book Attorneys Cover the World

Dunedin is a small town on the east coast of the southern island of New Zealand, the last post of civilization visited by Admiral Byrd in 1928 before leaving on the final lap of his first trip to the south pole.

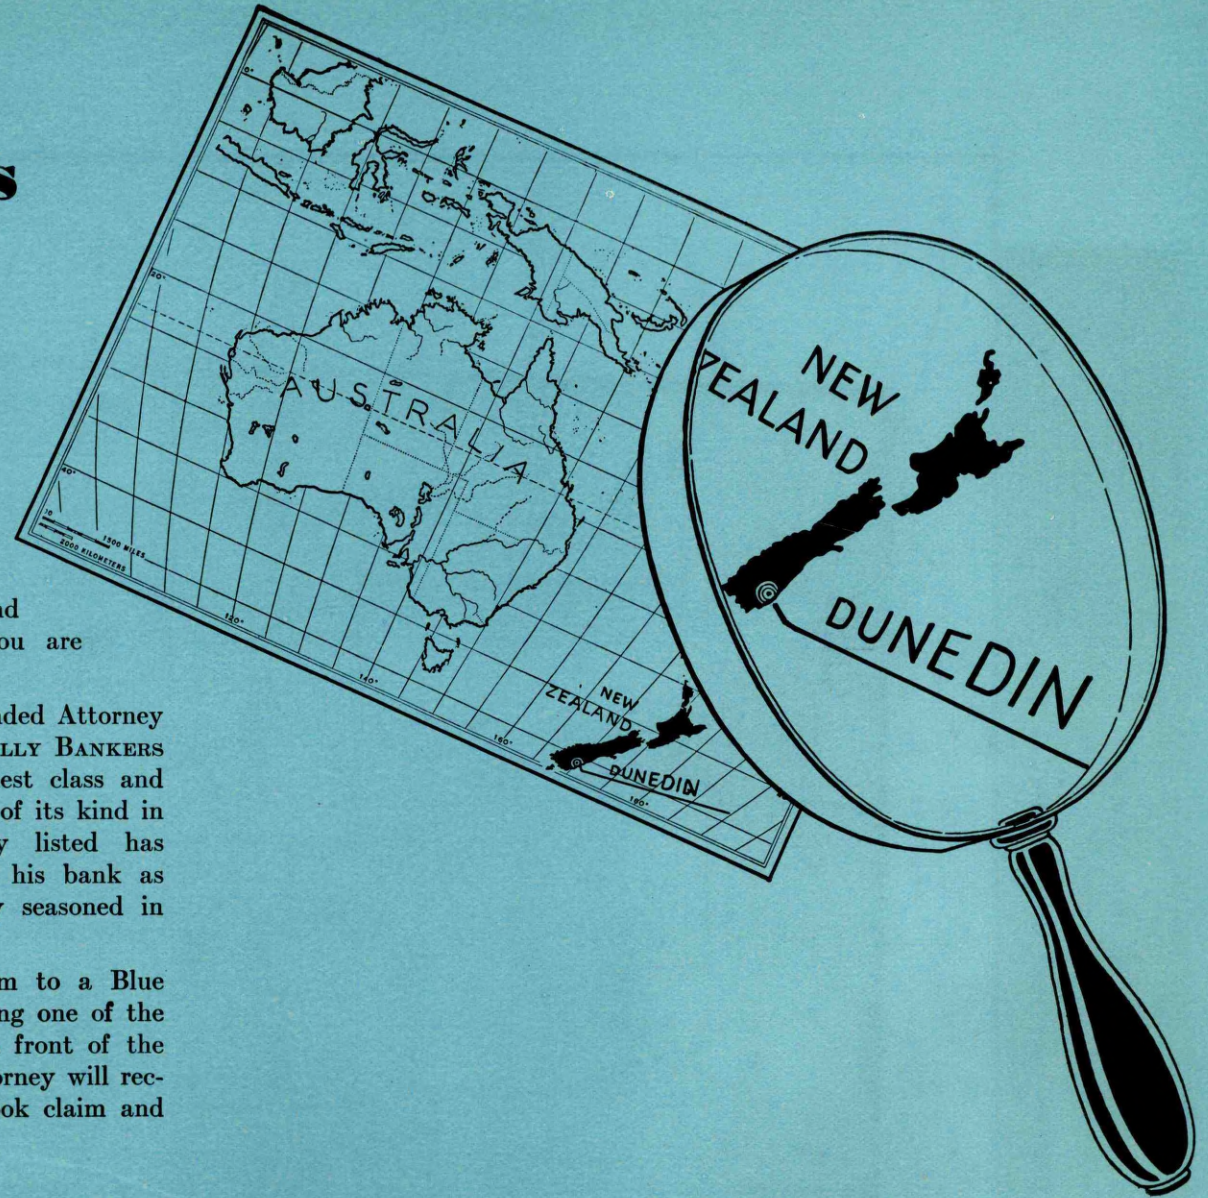

It is an out-of-the-way place to have a collection. But, if you have one there, Messrs. Duncan and MacGregor, Blue Book Attorneys recommended as competent to handle all legal-financial matters referred to that territory, will serve you promptly and efficiently.

In fact, there are Blue Book Attorneys all over the world. No matter whether you have pending legal business in Dunedin, New Zealand, Dunedin, Fla., or any other place, look for the town in the Bank Recommended Attorney section of your new Blue

Book and you will find the name of a reliable Attorney who will give you the same kind of service to which you are accustomed at home.

The Bank Recommended Attorney section of **RAND McNALLY BANKERS DIRECTORY** is the highest class and most complete law list of its kind in print. Every Attorney listed has been recommended by his bank as reliable and thoroughly seasoned in bank work.

Send your next claim to a Blue Book Attorney, attaching one of the blue coupons bound in front of the section. Then the Attorney will recognize it as a Blue Book claim and give it preference.

A match for any Banking Books in print! . . .

WE'LL accept your judgment of these three volumes as against any current books on banking.

Each of them gives successful experiences of hundreds of bankers in meeting every major problem that confronts you every day. **BANK LOAN MANAGEMENT** covers the entire financial administration of a bank from the three-fold standpoint of yield, liquidity and safety. **BANK COST CONTROL** shows how you can coordinate your accounting and auditing functions to eliminate internal waste and risks. **ADVERTISING FOR BANKS** is a complete manual of approved methods for creating and

maintaining public confidence and building new business. With these three books on your desk, you will be well armed for the daily job of making and preserving bank profits.

But, we will not ask you to buy these books until they themselves convince you. Send for them today and look them over at our expense.

READ THEM FREE

Send for these volumes and read them through at our expense. Then, if you decide you want to keep them on your desk for daily reference, you may do so by simply sending us your check for \$10. Otherwise, you may return them and you will owe us nothing for the privilege of reading them. We will pay the return charges.

Keep Abreast of the Times

MR. BANKER . . . Be alert to modern day banking by reading the Blue Book Library. By authorities in their respective fields . . . written from the standpoint of actual practices and not general theories . . . giving the experiences of hundreds of banks and bankers in meeting every major type problem that confronts the banker.

THE BLUE BOOK LIBRARY

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank from the three-fold standpoint of yield, liquidity and safety. It shows how other banks are handling every type of loan—how they are judging their credit risks—utilizing outside credit information—and how they are handling their investment accounts. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by B. E. Young, 299 pages. This volume shows how a bank can coordinate

its auditing and accounting functions to establish a control that will eliminate all waste and risks. By means of this control system the bank can determine and allocate its true costs and strengthen its earnings position. It is a handy guide for all internal control operations.

Building Business

Advertising for Banks, by Don Knowlton, 533 pages. The author of this volume shows how a bank of any size can decide upon an advertising appropriation and then how it can make that appropriation cover the necessary forms of publicity. He shows how the officer in charge of publicity can write all the forms of adver-

tisements—how he can build effective interior and window displays—how he can build new business and maintain satisfactory customer and community relations. It is a handy guide for all publicity and deposit building activities.

READ THEM FREE—We have told you what we think of these books and we could tell you what hundreds of others think of them, too. But we would rather have you judge for yourself how they will fit into your own institution, so send for them now. There will be no charge unless you decide to keep them.

Is Your Bank's Horizon World Wide?

The customers you care the most about keeping are the very ones who would be most interested in seeing international banking services offered by your bank: the manufacturer interested in establishing world markets; the importer who helps settle international debts; the inexperienced or the seasoned globe-trotter—they all look to you for *international* information.

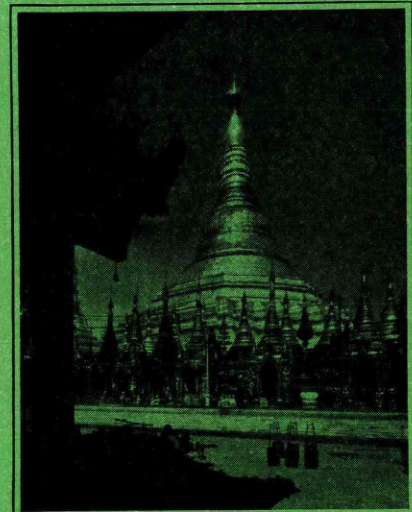

Their accounts are valuable. And, with a BLUE BOOK at your elbow, you are fully equipped to extend your bank's service throughout the world.

The Foreign Banks Section of your BLUE BOOK contains a complete and accurate list of all banks in the world. It shows the statement of condition of the chief foreign banks, together with officers and principal correspondents.

The BLUE BOOK also contains a table of postal and parcel post rates to any section of the globe. It gives a list of common commercial terms in ten languages.

Your BLUE BOOK contains maps of Europe, Asia, Africa, England, Philippine Islands, South America, Mexico, West Indies and Alaska.

Every officer who serves depositors should have a BLUE BOOK—an up-to-date copy—for his personal use. Especially those who serve importers, exporters and travellers.

THE thousands of banks advertising in this publication do not advertise in order to grow and become prosperous.

They advertise in the BLUE BOOK because they are already growing and already prosperous.

Such are the type of banks you wish to entrust with your business.

To pick out the growing and prosperous bank in any average city is very easy for the user of a Blue Book.

Which is the best bank in (Say) Des Moines, Iowa to entrust with a collection?

Which bank in (Say) Belleville, Illinois shall I select to act in a trust capacity?

At which bank in any reserve city will my account be welcome, appreciated and deserved?
