# Cut Your Transit Expenses

Cut your Trust Department expenses with a copy of the new *Key to the Numerical System of the American Bankers Association*.

As Official Numbering Agent of the American Bankers Association, we publish each year in May a *Key Book* containing an alphabetical list of every bank in the United States, cross-indexed by the Transit number in numerical order.

In Transit work, instead of writing out the full name of a bank, use of the Transit number saves time, money and labor, cutting your Transit Department expenses to the irreducible minimum.

If you are using an old book it should be discarded. \$2.50 a copy,—sent postpaid—also includes a copy of the Supplement when issued.

**YOUR** new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers'

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

# *Your Most Important Customers Need World-Wide Banking Data*

**YOUR** most important customers now require complete national and international banking information. For example: the Manufacturer, who is developing his markets; the Importer, who is concerned with international shipping and foreign exchange; the Globe-Trotter, who wants foreign as well as domestic financial information—all of these people naturally look to their bank for authentic, up-to-date World-wide banking facts.

These are the types of accounts you wish to keep, and with the new Blue Book handy, you are fully equipped to extend complete service to them.

For greater efficiency, every officer serving this type of depositor should have the latest Blue Book at his elbow.

## *Complete Foreign Banking Data*

Your new Blue Book lists banks in all parts of the globe, giving their statements together with their official personnel and principal correspondents.

Its Bank-Recommended Attorney Section lists properly qualified lawyers all over the World. When internationally-minded customers need confidential legal service, refer them to

the most select law list in print—your Blue Book Attorney list.

Another section shows the rates for postage and parcel post to any country in the World. As an added help, the foreign bank section contains up-to-date maps of Europe, Africa, Asia, England, Mexico, South America and the West Indies.

**R**AND MCNALLY BANKERS DIRECTORY has more subscribers than all other bank directories combined.

Seven good reasons for this are:

- 1**—It gives an 11 item breakdown of all U. S. banks' latest statements
- 2**—It lists corresponding items of different banks in the same column for quicker location and easier comparison
- 3**—It gives all discontinued U. S. bank titles (1932-37 inclusive) in one separately indexed section

**4**—Its bank recommended attorney section is the third oldest law list in America and the most select

**5**—Its side opening style permits more banks to the page, making more complete information on each page and making the book less bulky than any other complete bank directory

**6**—It is published nearer the date of its information than any similar work

**7**—It is the official numbering agent of the American Bankers Association

THOROUGHNESS

No question can arise in regard to banking that Rand McNally Bankers Directory fails to answer. This fact is true not alone of commercial banks, but of the Federal Reserve banks, Federal Land banks, Federal Home Loan banks, Federal Intermediate Credit banks, Joint Stock Land banks, Regional Agricultural Credit corporations, Canadian and foreign banks.

ACCURACY

The undeviating accuracy of the Blue Book makes it the standard work of reference throughout the banking world.

# Selected . . . . .

By ambitious bankers throughout the nation as a short-cut to advancement and to the greater opportunities that lie ahead.

THESE THREE BOOKS, by authorities in their respective fields, offer a complete course in banking for the exceedingly low cost of only \$10.00 . . . Send for your copies today and look them over at our expense.

## Making Profits

**Bank Loan Management**, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank from the three-fold standpoint of yield, liquidity and safety. It shows how other banks are handling every type of loan—how they are judging their credit risks—utilizing outside credit information—and how they are handling their investment accounts. It is a handy guide for all profit-making activities.

## Preserving Economies

**Bank Cost Control**, by B. E. Young, 299 pages. This volume shows how a bank can coordinate

its auditing and accounting functions to establish a control that will eliminate all waste and risks. By means of this control system the bank can determine and allocate its true costs and strengthen its earnings position. It is a handy guide for all internal control operations.

## Building Business

**Advertising for Banks**, by Don Knowlton, 533 pages. The author of this volume shows how a bank of any size can decide upon an advertising appropriation and then how it can make that appropriation cover the necessary forms of publicity. He shows how the officer in charge of publicity can write all the forms of adver-

tisements—how he can build effective interior and window displays—how he can build new business and maintain satisfactory customer and community relations. It is a handy guide for all publicity and deposit building activities.

**READ THEM FREE**—We have told you what we think of these books and we could tell you what hundreds of others think of them, too. But we would rather have you judge for yourself how they will fit into your own institution, so send for them now. There will be no charge unless you decide to keep them.
