Are Your Out-Of-Town Legal Matters Handled By Bank Attorneys?

YOU will get the same service on legal matters in other cities that you do in your own if you use BLUE BOOK attorneys *exclusively*. For every attorney listed comes to us through the voluntary recommendation of his local banker who has first hand knowledge of that attorney's integrity and ability.

In most cases, the attorney recommended is the bank's own attorney. In all cases, the attorney is recommended because he is competent and reliable, and because he has demonstrated efficiency in handling bank work.

At the right are samples of the attorneys and law firms listed in the BLUE BOOK. These were picked at random to show the character of our Bank Recommended Attorneys.

We invite anyone having a competent confidential attorney rating book to examine the character of our list. It will be found *at least* as high as any in the country.

The BLUE BOOK with its valuable list of Bank Recommended Attorneys should be on the desk of every bank executive.

The cost of BLUE BOOK service is less than 60c a week. The list of Bank Recommended Attorneys alone is worth that to you, yet it is only 4% of the vital information your BLUE BOOK contains.

Any bank officer is too highly paid an executive to be without such assistance constantly at his command.

The Only Book of Transit Numbers Published

—

Accurate

Indispensable

★

Obsolete Information is Costly . .

And if you are using *any* but the *very latest* A. B. A. Key Book, you are depending on information that *is* obsolete.

Do not use an old Key Book. Every year there are many changes to record—mergers, consolidations, reopened and new banks; numbers vacated because of failure, liquidation, absorptions—all closed banks with their cancelled numbers. As Official Numbering Agents for the American Bankers Association we publish annually (in May) the Key to Numerical System of the A. B. A., with a Supplement each October—the Supplement being sent free to subscribers of the current edition.

Every Bank should use only the latest revised edition containing a complete Numerical and Alphabetical list of banks in the United States . . . a handsome, cloth-bound book of over 400 pages . . . compiled exclusively by Rand McNally Bankers Directory for the American Bankers Association . . . Sent, charges paid, for the price of $2.50 per copy.

Non-Bank Towns . . .

In the third from last section of the BLUE BOOK you will find over 100 pages, indexed as above, listing all of the towns in the United States that are without Banking facilities.

After each town listed you will find its nearest accessible Banking point. Behind each name is information as to whether or not the town is a county seat, has a money order office, or a telegraph station.

Conscientiously revised every six months, this is the most accurate and up-to-date list of non-Bank towns and their nearest accessible Banking points that it is possible to obtain.

the Eyes *have it!* . . .

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers' questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

Before YOU SIGN

A contract for bank directory service, give careful consideration to the following facts:

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for more than 60 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 95% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. Thousands of Commercial Banks, Savings, Trust and Investment Banking Houses advertise only in THE BANKERS DIRECTORY.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

Your next bank directory should be the

TEN DOLLARS NOW BUYS THIS COMPLETE BANKING REFERENCE LIBRARY! . . .

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank. It shows how to handle every type of loan from the threefold standpoint of yield, liquidity and safety—how to judge the credit risk—how to utilize outside credit information—how to handle the investment account and the ten commandments of successful loan administration. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by Benjamin E. Young, 299 pages. This volume shows how to coördinate the auditing and accounting functions in a bank to establish a control that will eliminate waste and risks. By means of this audit and control system you can determine and allocate your various operating costs and figure a finished cost per transaction. It is a handy guide for the control of all inside operations.

Building Business

Advertising For Banks, by Don Knowlton, 533 pages. The author of this book shows how a bank of any size can decide upon an advertising budget—how it can make that budget cover the necessary forms of publicity—how the one in charge of publicity can write and produce the various forms of advertisements—how he can build effective interior and window displays—how to build new business and maintain favorable customer and community relations. It is a handy guide for all publicity and deposit building activities.

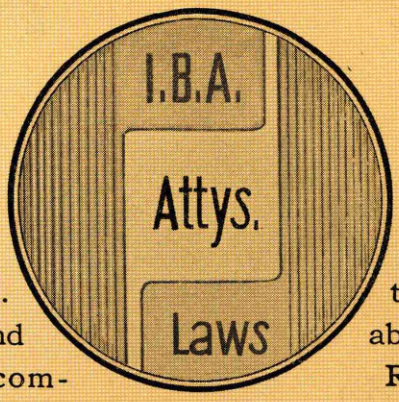
Send Your Legal Matters to Blue Book Attorneys



This index is your guide to the most select law list published. In it you will find one Bank-recommended Attorney in every county seat of the United States and one or more in the larger metropolitan centers. Every Attorney in this list has been voluntarily recommended by his Bank as the lawyer in his community most competent to handle out-of-town legal financial matters. The local Bank's recommendation is your guarantee as to his integrity.

This list shows every Banking town, and in cases where there is no Attorney listed, it refers you to the nearest available one.

Refer your collections and other legal matters to these Attorneys, then you will be sure of getting the same grade of service you are accustomed to in your own community.

Because of its proven high quality thousands of Banks and Commercial organizations will use no other list for their credit and collection work. Invaluable as it is, this is only one of the 17 distinct features which your BLUE BOOK gives you.
