Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

Throughout the coming months we plan to give our readers—among other articles of interest—these seven monthly features:

- a banking article of national interest
- a successful plan of vital interest to the loan officer

—a report of teamwork in a bank and what it accomplished

—a better banking house article telling of the installation of some new equipment or service that pleased customers and increased profits

—a new business feature showing how some bank developed a plan to secure deposits, sell its services or increase its loans.

—spot news—pertinent items of interest to alert bankers

—all the banking changes of the previous month.

Successful bankers are attentive readers of Bankers Monthly! If your officers and key employees are not already on our roster, write immediately for special group discounts.

The Matson liner Malolo (Flying Fish) entering Honolulu Harbor. Natives in outrigger canoes are escorting her, as is the custom with all incoming steamers.

Is Your Bank's Horizon World Wide?

The customers you care the most about keeping are the very ones who would be most interested in seeing international banking services offered by your bank: the manufacturer interested in establishing world markets; the importer who helps settle international debts; the inexperienced or the seasoned globe-trotter—they all look to you for *international* information.

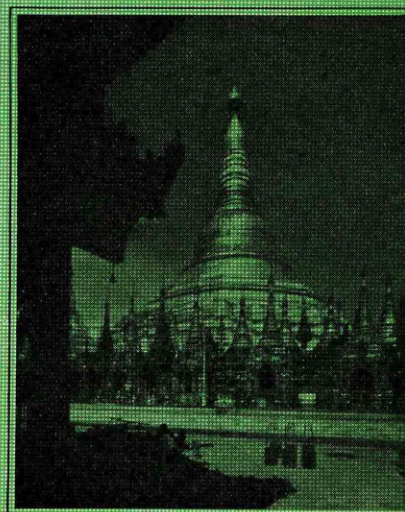

Their accounts are valuable. And, with a BLUE BOOK at your elbow, you are fully equipped to extend your bank's service throughout the world.

The Foreign Banks Section of your BLUE BOOK contains a complete and accurate list of all banks in the world. It shows the statement of condition of the chief foreign banks, together with officers and principal correspondents.

The BLUE BOOK also contains a table of postal and parcel post rates to any section of the globe.

Your BLUE BOOK contains maps of Europe, Asia, Africa, England, Philippine Islands, South America, Mexico, West Indies and Alaska.

Every officer who serves depositors should have a BLUE BOOK—an up-to-date copy—for his personal use. Especially those who serve importers, exporters and travellers.

FIND the town, select one of the advertising banks, write your letter, enclose the fee 25c or 50c, mail the letter and your part is done—the bank will do the rest. I say “advertising banks” because those banks specialize in this service. You can depend upon their being prompt, intelligent and efficient. Always enclose the fee in advance, as you expect them to do with you.

Number under Name of Bank is the Transit Number given to each bank in U. S. exclusively by The Rand-McNally Bankers' Directory, under the authority of The American Bankers Ass'n.

Yardsticks of Progress

Deposits Important as a reflection of the public's confidence, as well as being an acknowledged yardstick of growth, is the steady, consistent increase in our deposits from \$6,700,000 five years ago (December 1932), to its present figure of over \$37,000,000.

Customers Our substantial increase in deposits during the past five years has not been brought about by a few (nor a few dozen) large depositors, but by the many thousands of men and women now banking here who were not customers in 1932. Today, more than 60,000 Arizonans use the statewide facilities of this bank.

Loans Being a storehouse for deposits is not enough. We believe these funds can be safely, profitably loaned to worthy Arizona business firms and individuals. Consequently, our loans have increased from less than \$3,000,000 in 1932, to more than \$14,000,000 today.

Personnel Friendly, conscientious men and women, using modern methods and equipment, daily serve the needs of our thousands of customers. In 1932 it took only 87 employees, while today, 300 people devote their efforts to handling your banking requirements.

Organization Geographical expansion during the past five years has given added meaning to our slogan, "Complete, Statewide Banking Facilities." Nine new offices, bringing the total to 19, now give us greater opportunity than ever before to better serve ALL of Arizona.

Keep Abreast of the Times

MR. BANKER . . . Be alert to modern day banking by reading the Blue Book Library. By authorities in their respective fields . . . written from the standpoint of actual practices and not general theories . . . giving the experiences of hundreds of banks and bankers in meeting every major type problem that confronts the banker.

THE BLUE BOOK LIBRARY

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelbner, 268 pages. This volume covers the entire financial administration of a bank from the three-fold standpoint of yield, liquidity and safety. It shows how other banks are handling every type of loan—how they are judging their credit risks—utilizing outside credit information—and how they are handling their investment accounts. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by B. E. Young, 299 pages. This volume shows how a bank can coordinate

its auditing and accounting functions to establish a control that will eliminate all waste and risks. By means of this control system the bank can determine and allocate its true costs and strengthen its earnings position. It is a handy guide for all internal control operations.

Building Business

Advertising for Banks, by Don Knowlton, 533 pages. The author of this volume shows how a bank of any size can decide upon an advertising appropriation and then how it can make that appropriation cover the necessary forms of publicity. He shows how the officer in charge of publicity can write all the forms of adver-

tisements—how he can build effective interior and window displays—how he can build new business and maintain satisfactory customer and community relations. It is a handy guide for all publicity and deposit building activities.

SPECIAL OFFER

The large demand for these books has enabled us to reduce the price in half—formerly selling for \$10 the set, we can now offer them to you for \$5. If sold singly, \$2 ea. **ACT NOW—get your set while the supply lasts.**

by **Bankers and Business Executives**

RAND MCNALLY BANKERS DIRECTORY has more subscribers than all other bank directories combined.

Seven good reasons for this are:

- 1**—It gives an 11 item breakdown of all U. S. banks' latest statements
- 2**—It lists corresponding items of different banks in the same column for quicker location and easier comparison
- 3**—It gives all discontinued U. S. bank titles (1932-37 inclusive) in one separately indexed section

- 4**—Its bank recommended attorney section is the third oldest law list in America and the most select
- 5**—Its side opening style permits more banks to the page, making more complete information on each page and making the book less bulky than any other complete bank directory
- 6**—It is published nearer the date of its information than any similar work

Send Your Legal Matters to Blue Book Attorneys

This index is your guide to the most select law list published.

In it you will find one Bank-recommended Attorney in every county seat of the United States and one or more in the larger metropolitan centers. Every Attorney in this list has been voluntarily recommended by his Bank as the lawyer in his community most competent to handle out-of-town legal financial matters. The local Bank's recommendation is your guarantee as to his integrity.

This list shows every Banking town, and in cases

where there is no Attorney listed, it refers you to the nearest available one.

Refer your collections and other legal matters to these Attorneys, then you will be sure of getting the same grade of service you are accustomed to in your own community.

Because of its proven high quality thousands of Banks and Commercial organizations will use no other list for their credit and collection work. Invaluable as it is, this is only one of the 17 distinct features which your BLUE BOOK gives you.

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.

Federal Reserve Bank of St. Louis

The Matson liner Malolo (Flying Fish) entering Honolulu Harbor. Natives in outrigger canoes are escorting her, as is the custom with all incoming steamers.

Dusk at Honaunau, Kona district of the island of Hawaii. The ruins of the ancient city of refuge shows in the background.

Is Your Bank's Horizon World Wide?

The customers you care the most about keeping are the very ones who would be most interested in seeing international banking services offered by your bank: the manufacturer interested in establishing world markets; the importer who helps settle international debts; the inexperienced or the seasoned globe-trotter—they all look to you for *international* information.

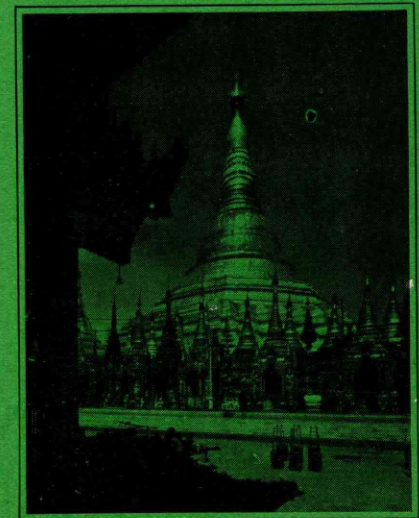

Their accounts are valuable. And, with a BLUE BOOK at your elbow, you are fully equipped to extend your bank's service throughout the world.

Every officer who serves depositors likely to need foreign banking service should have a BLUE BOOK—an up-to-date copy—for his personal use.

The Foreign Banks Section of your BLUE BOOK contains a complete and accurate list of all banks in the world. It shows the statement of condition of the chief foreign banks, together with officers and principal correspondents.

The BLUE BOOK also contains a table of postal and parcel post rates to any section of the globe.
