YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers'

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

Your Most Important Customers Need World-Wide Banking Data

YOUR most important customers now require complete national and international banking information. For example: the Manufacturer, who is developing his markets; the Importer, who is concerned with international shipping and foreign exchange; the Globe-Trotter, who wants foreign as well as domestic financial information—all of these people naturally look to their bank for authentic, up-to-date World-wide banking facts.

These are the types of accounts you wish to keep, and with the new Blue Book handy, you are fully equipped to extend complete service to them.

For greater efficiency, every officer serving this type of depositor should have the latest Blue Book at his elbow.

Complete Foreign Banking Data

Your Blue Book lists banks in all parts of the globe, giving their statements together with their official personnel and principal correspondents.

Its Bank-Recommended Attorney Section lists properly qualified lawyers all over the World. When internationally-minded customers need confidential legal service, refer them to

the most select law list in print—your Blue Book Attorney list.

Another section shows the rates for postage and parcel post to any country in the World. As an added help, the foreign bank section contains up-to-date maps of Europe, Africa, Asia, England, Mexico, South America and the West Indies.

RAND McNALLY BANKERS DIRECTORY

Number under Name of Bank is the Transit Number given to each bank in U. S. exclusively by The Rand-McNally Bankers' Directory, under the authority of The American Bankers Ass'n.

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.

Cut Your Transit Expenses

Cut your Transit Department expenses with a copy of the new *Key to the Numerical System of the American Bankers Association*.

As Official Numbering Agent of the American Bankers Association, we publish each year in May a *Key Book* containing an alphabetical list of every bank in the United States, cross-indexed by the Transit number in numerical order.

In Transit work, instead of writing out the full name of a bank, use of the Transit number saves time, money and labor, cutting your Transit Department expenses to the irreducible minimum.

If you are using an old book it should be discarded. \$2.50 a copy,—sent postpaid—also includes a copy of the Supplement when issued.

VICE-CHAIRMAN OF THE BOARD

ROBERT V. FLEMING
PRESIDENT

GEORGE O. VASS
VICE PRESIDENT AND CASHIER

Acknowledging the receipt of your letter of April 2nd, I am delighted to know that you approve of one of my advertising policies, and that is, to use the Bankers Directory in liberal doses. I am very much pleased with this new contract and believe it is money well invested.

I appreciate the kind expressions in your letter, and remain, with cordial regards,

Very truly yours,

GOV/VL

Vice President and Cashier.

This letter is in response to thanks we sent Mr. Vass for practically doubling his Blue Book business.

THE Rand M^cNally BANKERS DIRECTORY has more *advertisers* than its nearest competitor has *subscribers*. It has more *subscribers* than all other similar publications combined.

The BANKERS DIRECTORY (BLUE BOOK) has the most advertisers because of its overwhelming lead in circulation—maintained for more than half a century by its unyielding policy of absolute accuracy and dependability.

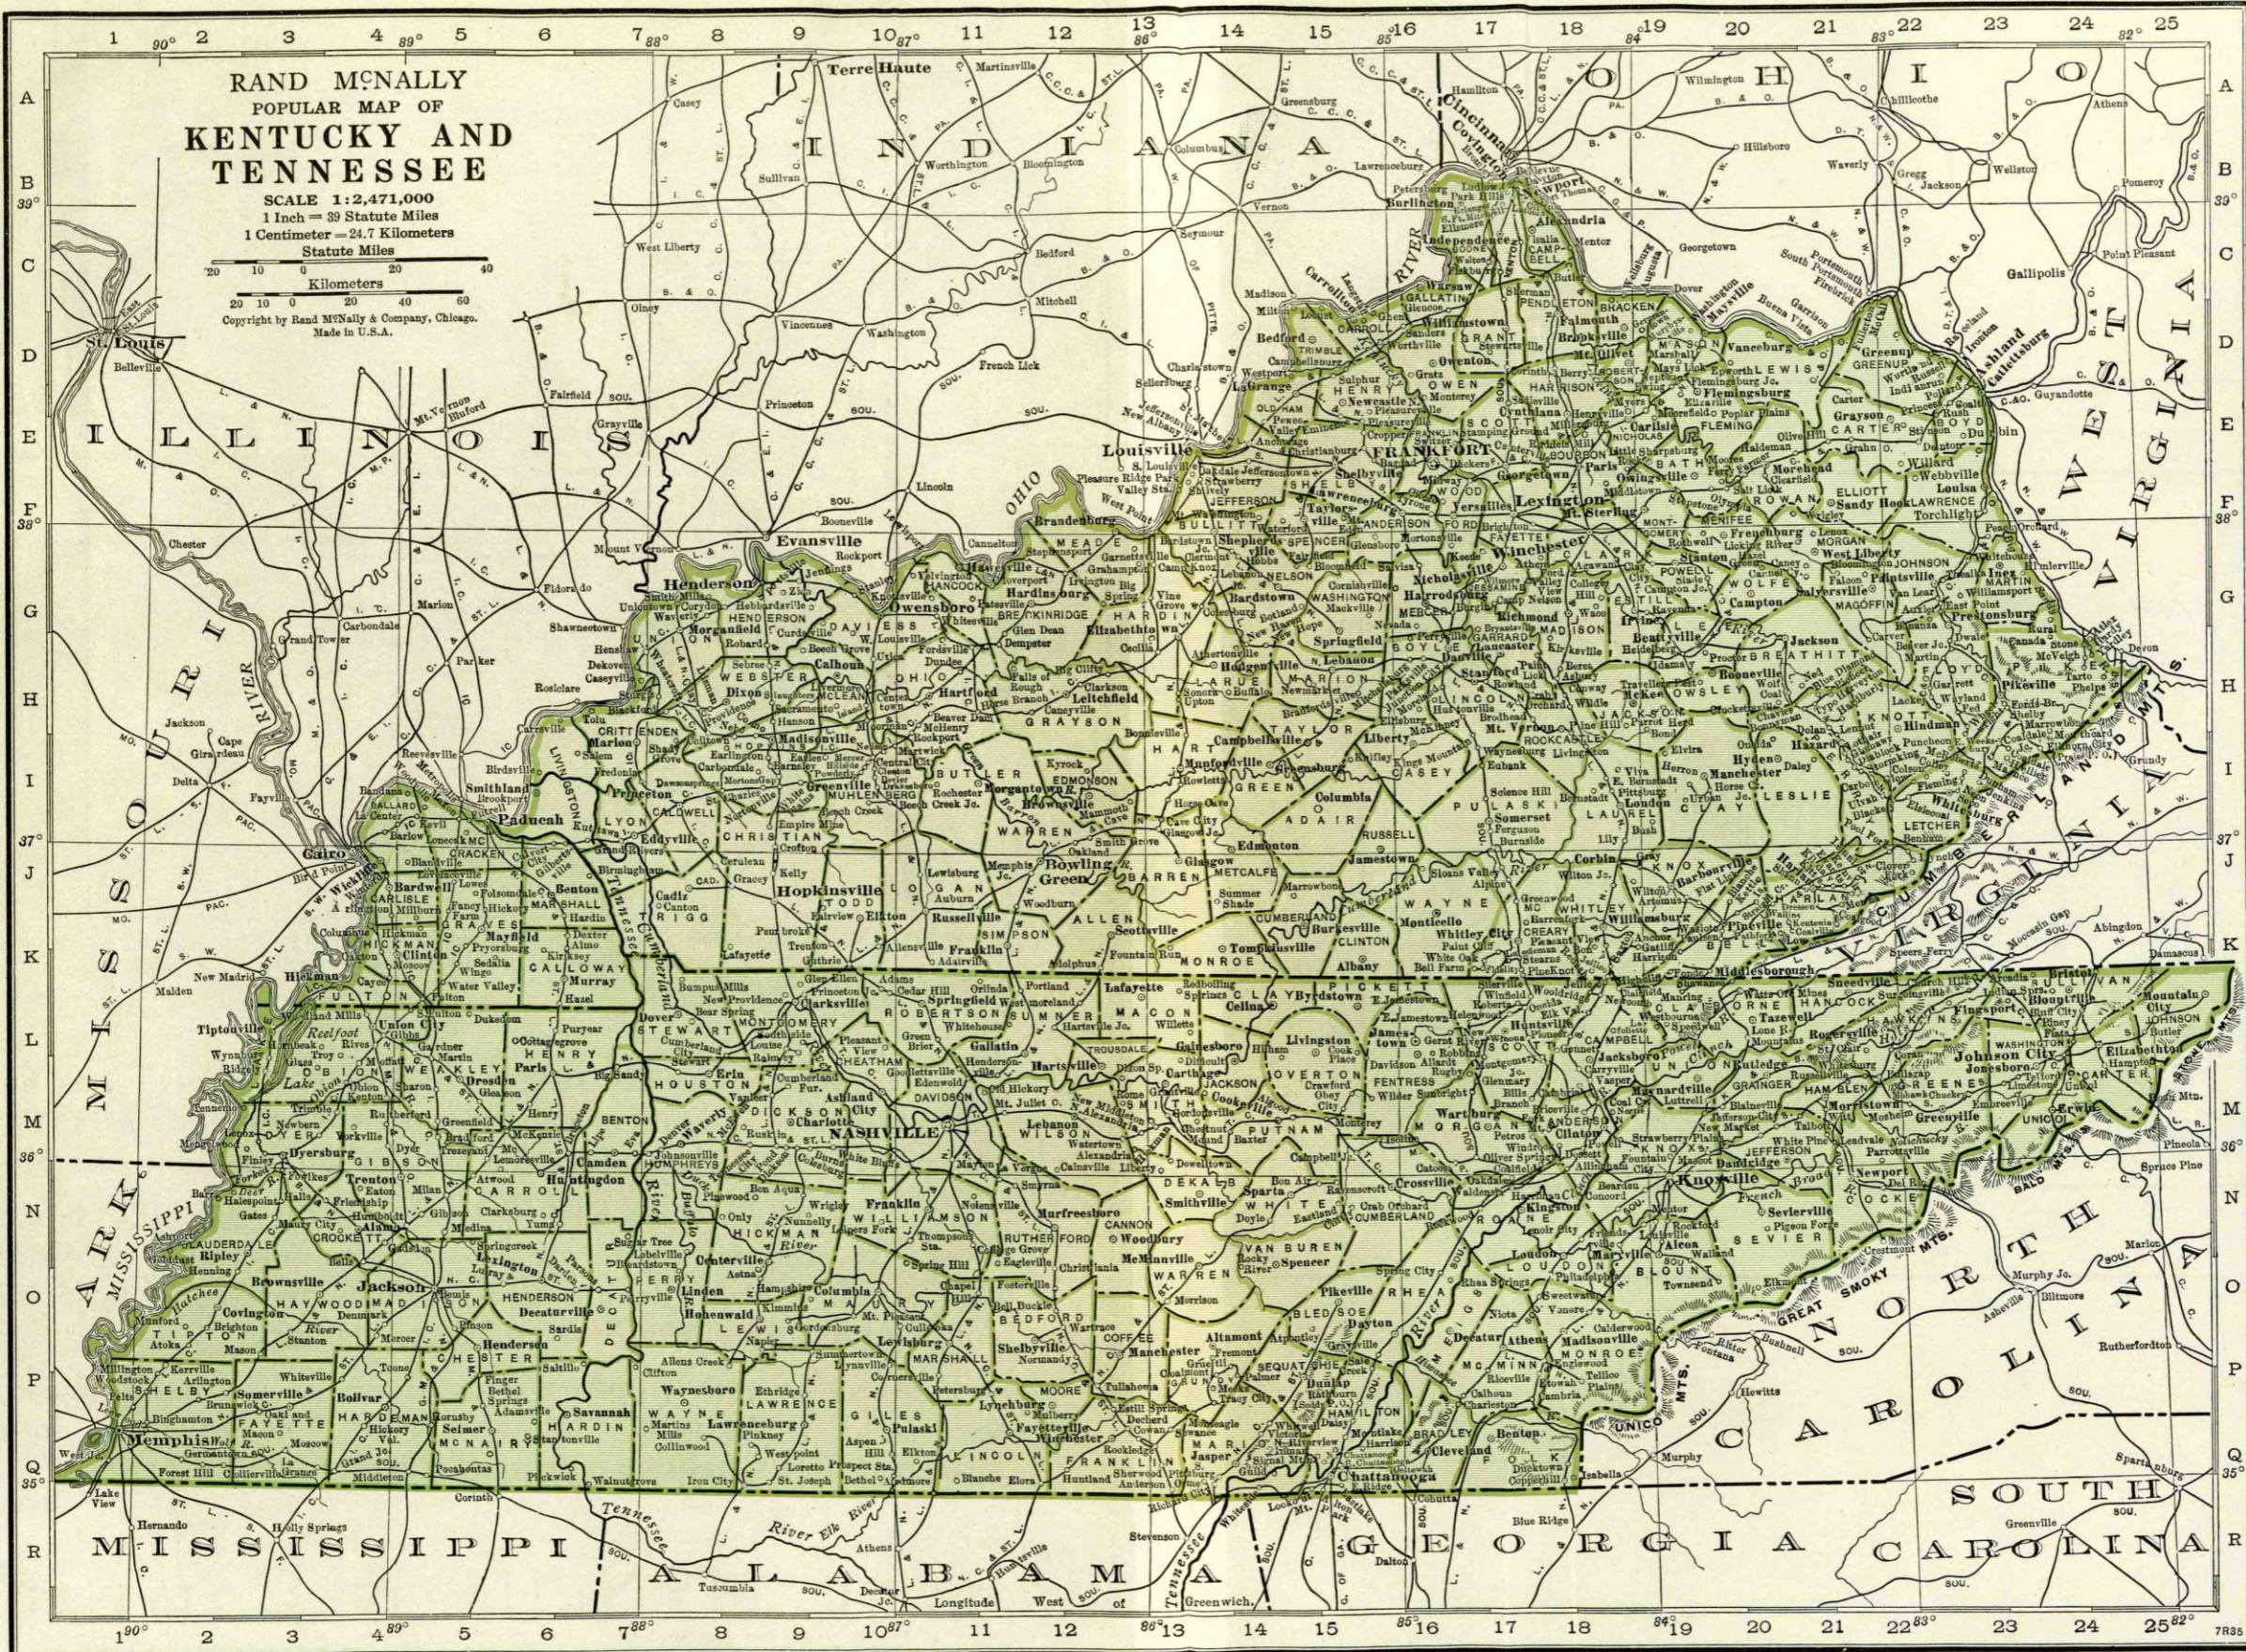

That is why *nine out of ten* who advertise in a bank directory use Rand M^cNally's. And why those who advertise in the BLUE BOOK "believe it is money well invested."
