Banks Advertising in this Directory give Prompt Attention to Collections and Correspondence

Before YOU SIGN

A contract for bank directory service, give careful consideration to the following facts:

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for more than 60 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 95% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. Thousands of Commercial Banks, Savings, Trust and Investment Banking Houses advertise only in THE BANKERS DIRECTORY.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank. It shows how to handle every type of loan from the three-fold standpoint of yield, liquidity and safety—how to judge the credit risk—how to utilize outside credit information—how to handle the investment account and the ten commandments of successful loan administration. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by Benjamin E. Young, 299 pages. This volume shows how to coordinate the auditing and accounting functions in a bank to establish a control that will eliminate waste and risks. By means of this audit and control system you can determine and allocate your various operating costs and figure a finished cost per transaction. It is a handy guide for the control of all inside operations.

Building Business

Advertising For Banks, by Don Knowlton, 533 pages. The author of this book shows how a bank of any size can

decide upon an advertising budget—how it can make that budget cover the necessary forms of publicity—how the one in charge of publicity can write and produce the various forms of advertisements—how he can build effective interior and window displays—how to build new business and maintain favorable customer and community relations. It is a handy guide for all publicity and deposit building activities.

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers'

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.

Making Profits

Bank Loan Management, by H. N. Stronck and J. Eigelberner, 268 pages. This volume covers the entire financial administration of a bank from the three-fold standpoint of yield, liquidity and safety. It shows how other banks are handling every type of loan—how they are judging their credit risks—utilizing outside credit information—and how they are handling their investment accounts. It is a handy guide for all profit-making activities.

Preserving Economies

Bank Cost Control, by B. E. Young, 299 pages. This volume shows how a bank can coordinate

its auditing and accounting functions to establish a control that will eliminate all waste and risks. By means of this control system the bank can determine and allocate its true costs and strengthen its earnings position. It is a handy guide for all internal control operations.

Building Business

Advertising for Banks, by Don Knowlton, 533 pages. The author of this volume shows how a bank of any size can decide upon an advertising appropriation and then how it can make that appropriation cover the necessary forms of publicity. He shows how the officer in charge of publicity can write all the forms of adver-

tisements—how he can build effective interior and window displays—how he can build new business and maintain satisfactory customer and community relations. It is a handy guide for all publicity and deposit building activities.

RAND MCNALLY BANKERS DIRECTORY has more subscribers than all other bank directories combined.

Seven good reasons for this are:

- 1**—It gives an 11 item breakdown of all U. S. banks' latest statements
- 2**—It lists corresponding items of different banks in the same column for quicker location and easier comparison
- 3**—It gives all discontinued U. S. bank titles (1932-37 inclusive) in one separately indexed section
- 4**—Its bank recommended attorney section is the third oldest law list in America and the most select
- 5**—Its side opening style permits more banks to the page, making more complete information on each page and making the book less bulky than any other complete bank directory
- 6**—It is published nearer the date of its information than any similar work
- 7**—It is the official numbering agent of the American Bankers Association

What's in the Back of Your BLUE BOOK?

In the back of your Directory, following the bank information, are several sections containing important data every banker needs. Familiarize yourself with these and other indexes:

I. B. A.

This section contains a complete list of members of the Investment Bankers Association, followed by a complete list of the local Stock Exchanges of the country. Included are the latest minimum rates of commission, and the commission rules of each exchange. A selected group of investment dealers, brokers, finance companies and acceptance corporations are listed after the bank information under each city of your Blue Book.

Attys.

This index is your guide to the most select law list published. In it you will find one bank-recommended attorney for every county of the United States, each province of Canada, and all principal foreign cities. Every attorney in this list has been voluntarily recommended by his bank as the lawyer in his community most competent to handle out-of-town legal financial matters.

Laws

A digest of the banking and commercial laws of every state in the United States and all provinces in the Dominion of Canada—compiled expressly for each edition of Rand McNally Bankers Directory by eminent attorneys in each state and province. The laws are entered alphabetically according to states, with the laws of Canada following.

YOUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply "run your eye" down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers'

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers' use—it will not only save your time, but your customers will appreciate this extra service.
