

# Obsolete Information is Costly . .

And if you are using *any* but the *very latest* A. B. A. Key Book, you are depending on information that is obsolete.

Do not use an old Key Book. Every year there are many changes to record—mergers, consolidations, reopened and new banks; numbers vacated because of failure, liquidation, absorptions—all closed banks with their cancelled numbers. As Official Numbering Agents for the American Bankers Association we publish annually (in May) the Key to Numerical System of the A. B. A., with a Supplement each October—the Supplement being sent free to subscribers of the current edition.

Every Bank should use only the latest revised edition containing a complete Numerical and Alphabetical list of banks in the United States . . . compiled exclusively by Rand McNally Bankers Directory for the American Bankers Association . . . \$2.50 per copy.

*A contract for bank directory service, give careful consideration to the following facts:*

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for 66 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 95% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. Thousands of Commercial Banks, Savings, Trust and Investment Banking Houses advertise only in THE BANKERS DIRECTORY.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

*Your next bank directory should be*

# Refer Your Out-of-town Legal Matters to Bank Recommended Attorneys

**They Will Serve You  
Efficiently**

Every attorney listed in the Blue Book comes to us through the voluntary recommendation of some banker who has first hand knowledge of that attorney's integrity and ability.

These attorneys are recommended because they have handled satisfactorily the business of one or more banks . . . . . because they are competent and reliable . . . . . because of their demonstrated efficiency in handling bank work . . . . .

In most cases the recommended attorney is the bank's own attorney.

THESE INDEXES WILL SAVE YOU MANY TIMES THE COST OF YOUR BLUE BOOK:

**I.B.A.** Complete list of members of the Investment Bankers Association, followed by a list of members of the stock exchanges of the U. S.

**Attys.** This section contains a Bank Recommended Attorney in every county seat in the U.S., all Canadian Provinces, and in the principal cities throughout the world.

**Laws** Digest of banking and commercial laws of every state and Canadian province.

**Acces.** Nearest accessible banking points to every non-bank town.

**Dis'c Titles** Complete 5-year list of U. S. discontinued bank titles.

**Direct.** Complete list of directors of U. S. and Canadian banks.

**Y**OUR new Blue Book gives you the latest and most complete bank information available—arranged in 18 convenient columns—condensed to thousands of dollars—stripped of insignificant figure digits—accessible at a glance.

With this columnar arrangement of data there is no time lost in trying to segregate the particular item you are seeking from a jumbled mass of facts. There is no time lost in comparing a given figure with a similar one in another institution, for you simply “run your eye” down the column and locate the corresponding item instantly.

Bankers tell us this style helps them answer their own and customers’

questions more promptly with less effort. Business executives say it is a money saver, because their clerks can check a greater number of banks in less time.

Provide a copy of the new Blue Book for every officer. Also, keep one on the counter for customers’ use—it will not only save your time, but your customers will appreciate this extra service.
