Before YOU SIGN ~

A contract for bank directory service, give careful consideration to the following facts:

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for 68 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 95% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. Thousands of Commercial Banks, Savings, Trust and Investment Banking Houses advertise only in THE BANKERS DIRECTORY.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

The RAND McNALLY BANKERS DIRECTORY

UNLOCK *the* DOOR to Your Transit Problems

Copies of the 1940 edition Key to the Numerical System of the American Bankers Association available May 15.

Compiled and published under authority of the American Bankers Association, as their OFFICIAL NUMBERING AGENT.

The Key Book is a record of transit numbers assigned to every bank in the U. S., arranged in alphabetical and numerical order.

Using the Transit number of a bank eliminates the need of writing out the full name of a bank, etc., speeds up work and minimizes the possibility of error.

Detailed instructions for its efficient use appear in the front part of each Key Book.

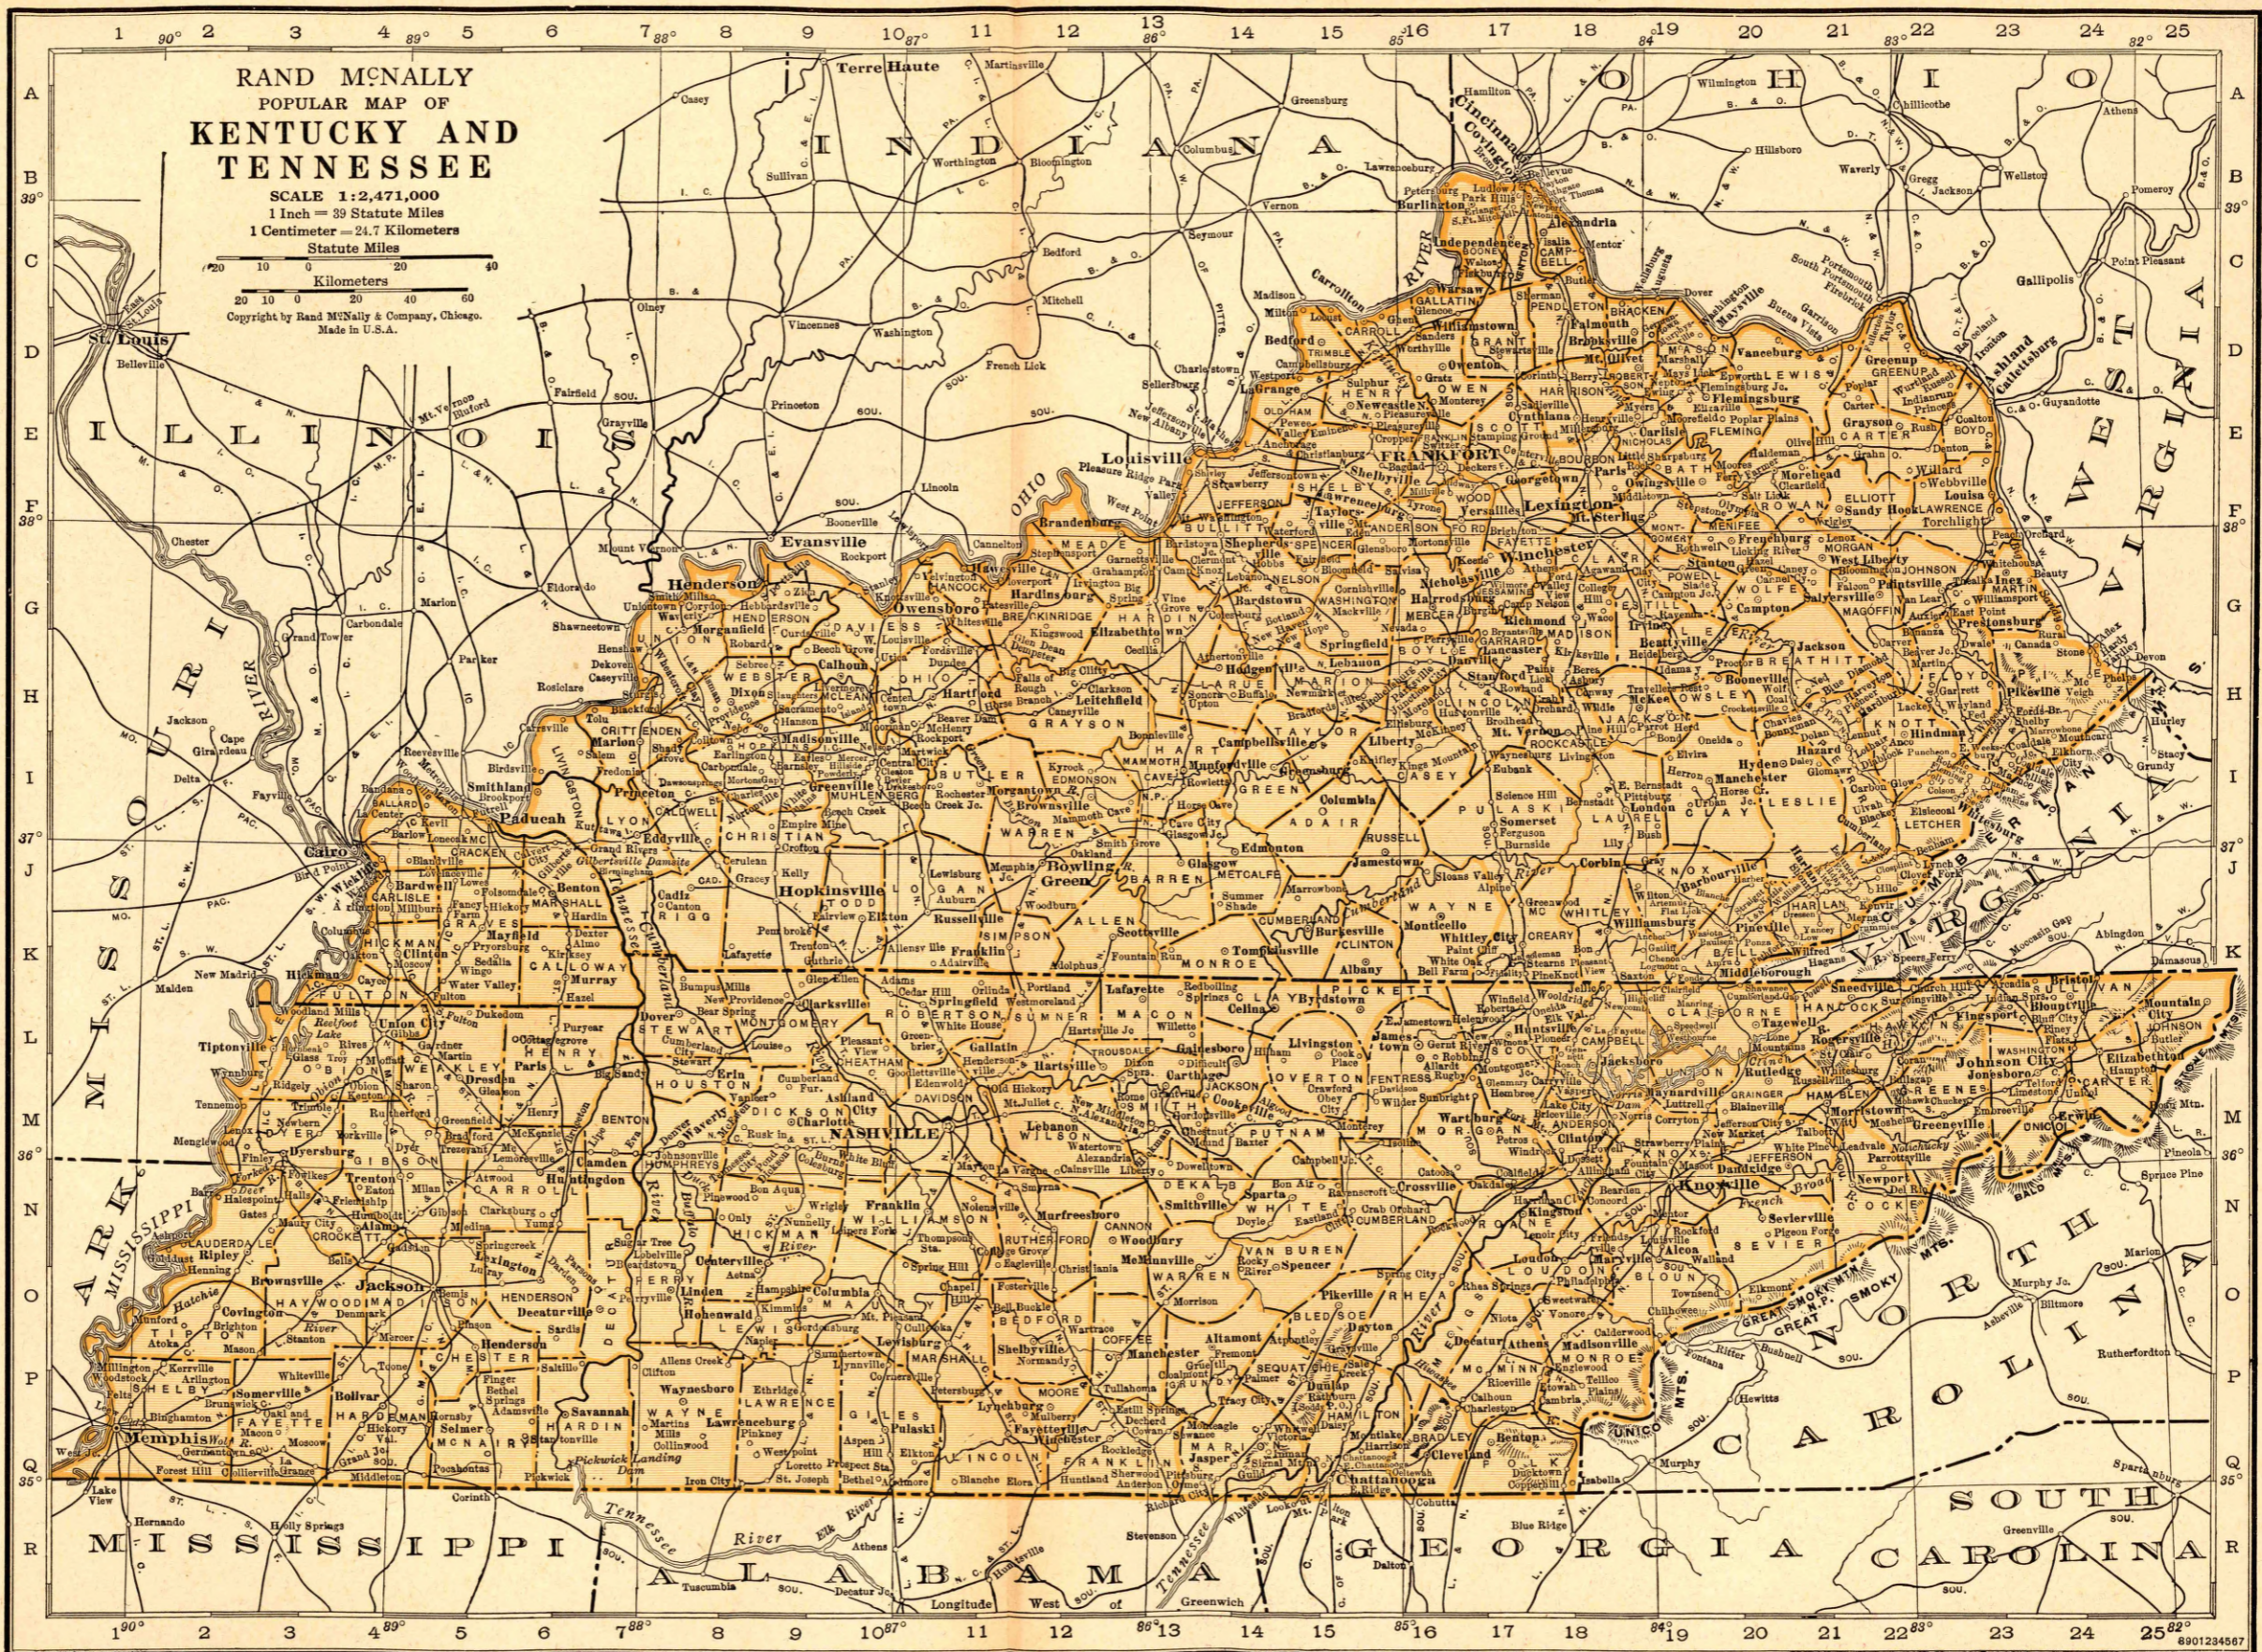

\$2.50 a copy, includes SUPPLEMENT issued in October.

Rand McNally & Company offer banks
a proved service that

SIMPLIFIES COLLECTIONS of PERSONAL LOANS • TIME PAYMENTS • MORTGAGES

Banks everywhere are installing this tried and proved economic system for collecting personal loans, mortgage payments, time payments on automobiles, equipment and appliance loans, and similar types of consumer credit collections.

This system enables you to set up, in less than half a minute, the entire coupon schedule of payments at the time the loan is made. Each coupon in the customer's book represents a payment due and shows amount, month, and day of month it is due.

No advance mailing of payment due

notices—no mailing back of customer's record books—no necessity for getting ledger card from the file for each transaction—effective discouragement of partial payments—greater speed at the teller's window—accounts filed by control number for quick positive handling—these are but some of the money-saving features of this efficient, practical system.

Investigate this modern collection system for banks, both large and small. Write today for further information, or to have our sales representative in your banking district call on you.
