Are Your Out-Of-Town Legal Matters Handled By Bank Attorneys?

YOU will get the same service on legal matters in other cities that you do in your own if you use the Rand McNally list of bank-recommended attorneys *exclusively*. Every attorney listed comes to us through the voluntary recommendation of his local banker who has first-hand knowledge of that attorney's integrity and ability.

In most cases, the attorney recommended is the bank's own attorney. In all cases, the attorney is recommended because he is competent and reliable, and because he has demonstrated efficiency in handling bank work.

At the right are samples of the attorneys and law firms listed. These were picked at random to show the character of our Bank-Recommended Attorneys.

We invite anyone having a competent confidential attorney rating book to examine the character of our list. It will be found as high as any in the country.

SUPPLEMENT
issued in October

The Key Book is a record of transit numbers assigned to every bank in the U. S., arranged in alphabetical and numerical order.

Using the Transit number of a bank eliminates the need of writing out the full name of a bank, etc., speeds up work and minimizes the possibility of error.

Detailed instructions for its efficient use appear in the front part of each Key Book.

Copies of the 1940 edition Key to the Numerical System of the American Bankers Association are available.

Compiled and published yearly in May under authority of the American Bankers Association, as their OFFICIAL NUMBERING AGENT.

Before YOU SIGN

A contract for bank directory service, give careful consideration to the following facts:

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for almost 70 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 95% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. Thousands of Commercial Banks, Savings, Trust and Investment Banking Houses advertise only in THE BANKERS DIRECTORY.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

**RAND McNALLY
POPULAR MAP OF
OKLAHOMA**

Preferred . . .

by Bankers and Business Executives

RAND McNALLY BANKERS DIRECTORY has more subscribers than all other bank directories combined.

Seven good reasons for this are:

- 1**—It gives an 11 item breakdown of all U. S. banks' latest statements
- 2**—It lists corresponding items of different banks in the same column for quicker location and easier comparison
- 3**—It gives all discontinued U. S. bank titles (1935-40 inclusive) in one separately indexed section

- 4**—It lists all directors of every bank in a special section indexed "Direct."
- 5**—Its side opening style permits more banks to the page, making more complete information on each page and making the book less bulky than any other bank directory
- 6**—It is published nearer the date of its information than any similar work
- 7**—It is the official numbering agent of the American Bankers Association

Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

During the next 12 months we plan to give our readers the following outstanding features, along with many other articles of interest:

- a continuation of H. N. Stronck's valuable series on Bank Management Controls.
- a series of articles on "How to Get More Exact Credit Information."
- At least three articles showing the benefits of closer correspondent bank relationships—and how they may be developed.
- a continuation of the articles demonstrating the bank's opportunities for increased profit by working with local dealers.
- several experience stories each month on tested operation method and workroom technique.
- a monthly article to help the officers in charge of purchasing and stock-keeping.
- first information about new machines and other equipment.

- reports of successful advertising, public relations, and personnel programs.
- two issues containing the semi-annual Buyers Guide for purchasing officers.
- all the bank changes of each month.

Successful bankers are attentive readers of Bankers Monthly! If your officers and key employees are not already on our roster, write immediately for special group discounts.
