# Non-Bank Towns . . .

## Access

In the third from last section of the BLUE BOOK you will find over 100 pages, indexed as above, listing all of the towns in the United States that are without Banking facilities.

After each town listed you will find its nearest accessible Banking point. Behind each name is information as to whether or not the town is a county seat, has a money order office, or a telegraph station.

Conscientiously revised every six months, this is the most accurate and up-to-date list of non-Bank towns and their nearest accessible Banking points that it is possible to obtain.

The Valuable "Indirect Publicity" Obtained by 5,500 Banks Advertising in the Rand McNally Bankers Blue Book Actually Costs the Bank NOTHING

**T**HOUSANDS of Commercial Houses, Security Dealers, Lawyers, Banks and other users of the Bankers Directory send their business to Blue Book advertisers. This results in the advertising banks making more in profits on bill of lading drafts, collections and other items sent them than the advertising costs . . . . . And the resultant prestige and indirect publicity actually costs the bank nothing.

For 70 years, America's leading Financial Institutions—*Country Banks* as well as Reserve City Banks—have advertised regularly and consistently in the Blue Book, and the number of advertisers increases each year.

*Your* Bank should be prominently displayed among the banks of your city in the Blue Book. Your prospective customers outside of your own locality must necessarily judge and form their opinion of your bank by the way you "show up" in the Blue Book. They naturally do not know you personally and are not able to see your attractive Banking Room and Building which attracts your local patronage.

There will be no obligation on your part if you write us about a "Bold-faced Type" listing for your bank in the next edition of the Blue Book. Neither is it necessary to subscribe to the Book in order to advertise in it.

*A contract for bank directory service, give careful consideration to the following facts:*

1. The Rand McNally Bankers Directory (The Bankers Blue Book) for 70 years has been the standard publication of its kind.
2. It has a paid circulation several times larger than its nearest competitor, and larger than all similar directories combined.
3. 95% of the banks subscribing to bank directories buy the Rand McNally Bankers Blue Book.
4. Based on circulation its rates are one-third that of any similar publication.
5. Thousands of Commercial Banks, Savings, Trust and Investment Banking Houses advertise only in THE BANKERS DIRECTORY.
6. The number of advertisers alone greatly exceeds the number of paid subscribers to any similar work.
7. Its greater prestige, circulation and preference is deserved because it is the most reliable and comprehensive reference book of its kind and the publishers spare no expense in keeping it complete, thorough and up-to-date.
8. The Blue Book is the Official Numbering Agent of the American Bankers Association.

*This attorney is competent and reliable  
and I recommend him to the  
bankers of America*

A directory of attorneys . . . one for each banking town in the United States . . . and every attorney recommended by a banker. If no attorney has been recommended for a banking town, it is referred to the county seat.

The only basis for these banker recommendations is satisfactory performance. These attorneys are actually handling bank matters with firmness, discretion and dispatch. We frequently receive enthusiastic letters from bankers who use this directory of Bank Recommended Attorneys regularly.

If you are not using Bank Recommended Attorneys, you are not experiencing the legal service it is possible for a banker to enjoy. And the directory of Bank Recommended Attorneys is right at your elbow . . . it's a valuable part of your BANKERS DIRECTORY (BLUE BOOK) service.

Use this attorney directory for your out-of-town legal business.

☞ It is the duty of every bank officer to use time efficiently.

☞ See that you have a BLUE BOOK always at your elbow. It will more than pay its costs by saving your time—to say nothing of increasing your efficiency.

☞ In your daily work, remember—if what you want to know has anything to do with banking, you will find it in the BANKERS DIRECTORY.
