HOW the BANKERS BLUE BOOK can "work" for YOU

If you want to know the general financial condition of any bank, look in the Bankers Blue Book, where all bank statements are arranged identically in 11 columns for easy and quick comparison.

It gives you the Transit number* of all banks.

It shows you the correct spelling and official title of the officers of any bank, anywhere.

It gives you a 5-year list of DISCONTINUED BANKS.

It shows you the name of the nearest bank to a non-bank town.

It supplies a List of Bank Recommended Attorneys covering every city and town in the U. S.

It contains a separate list of commercial banks with total resources of \$25,000,000 and more.

It services your bank with a copy of the BANKERS MONTHLY magazine the "Handbook of Bank Management" each month. In this magazine every May and November is the Buyers Guide—the ONLY buyers guide published for the banking business.

It services your bank with a Bankers Secretary Service—without charge or obligation you can get information about anything used in a bank by writing to Miss Mary Manning, the Bankers Secretary.

It gives you pertinent financial reference information on *all* banks government agencies postal guide service coin valuation etc. etc. etc., including 73 Rand McNally maps U. S. . . . Canada Foreign Countries.

Its 2600 pages are packed with usable, accurate financial information that makes the book a "silent" assistant in bank work.

**Rand McNally Bankers Directory is the Official Numbering Agent of the American Bankers Association*

Published in MARCH and SEPTEMBER annually—\$15 the copy

of **PERSONAL LOANS • TIME PAYMENTS • MORTGAGES**

Banks everywhere are installing this tried and proved economic system for collecting personal loans, mortgage payments, time payments on automobiles, equipment and appliance loans, and similar types of consumer credit collections.

This system enables you to set up, in less than half a minute, the entire coupon schedule of payments at the time the loan is made. Each coupon in the customer's book represents a payment due and shows amount, month, and day of month it is due.

No advance mailing of payment due

notices—no mailing back of customer's record books—no necessity for getting ledger card from the file for each transaction—effective discouragement of partial payments—greater speed at the teller's window—accounts filed by control number for quick positive handling—these are but some of the money-saving features of this efficient, practical system.

Investigate this modern collection system for banks, both large and small. Write today for further information, or to have our sales representative in your banking district call on you.
