# COMPILED or COPIED?

**F**act and Figures, alone, are of little value unless they are subject to comparison and analysis. Bank statements (as published in a dozen different forms by the banks themselves) defy either comparison or analysis.

That is why *EVERY* statement is broken down into its basic elements, by our Compilation Staff, analyzed and re-assembled according to a uniform pattern—all before it can be published in the **BLUE BOOK**.

*Only* in the **BLUE BOOK** will you find *Every Statement* **COMPILED**, *not merely* **COPIED**; to insure quick reference and intelligent comparison.

**T**HE thousands of banks advertising in this publication do not advertise in order to grow and become prosperous.

They advertise in the BLUE BOOK because they are already growing and already prosperous.

Such are the type of banks you wish to entrust with your business.

To pick out the growing and prosperous bank in any average city is very easy for the user of a Blue Book.

Which is the best bank in (say) Carthage, Illinois to entrust with a collection?

Which bank in (say) Cambridge, Massachusetts shall I select to act in a trust capacity?

At which bank in any reserve city will my account be welcome, appreciated and deserved?

The Bankers Blue Book

FIND the town, select one of the advertising banks, write your letter, enclose the fee 25c or 50c, mail the letter and your part is done—the bank will do the rest. We say "advertising banks" because those banks specialize in this service. You can depend upon their being prompt, intelligent and efficient. Always enclose the fee in advance, as you expect them to do with you.

## Practical Knowledge for Key Employees

Many of the country's leading banks subscribe to Bankers Monthly for their officers, directors and key employees, because they have learned that only in this magazine can they find the actual current practices of other institutions on administration policies, operating and personnel methods, credits and collections, increasing deposits and selling services, adjustment of portfolios and director cooperation.

Successful bankers are attentive readers of Bankers Monthly! If your officers and key employees are not already on our roster, write immediately for special group discounts.

During the next 12 months we plan to give our readers the following outstanding

features, along with many other articles of interest:

- a series of articles on finding, training, and HOLDING employees.
- at least three articles showing the benefits of closer correspondent bank relationships—and how they may be developed.
- a continuation of the articles demonstrating the bank's opportunities for increased profit by working with local dealers.
- several experience stories each month on tested operation method and workroom technique.
- a monthly article to help the officer in charge of purchasing and stock-keeping.
- first information about new machines and other equipment.
- descriptions of new bank buildings designed for today's operating problems.
- reports of successful advertising, public relations, and personnel programs.
- two issues containing the semi-annual Buyers Guide for purchasing officers.
- all the bank changes of each month.
